Bridges wins District 4

New commissioner defeats Dean Ray by a vote of 292 to 83

From Staff Reports

SANFORD — Taking the District 4 seat for the city commission will be Sanford attorney Jack Bridges.

He won the special election against opponent businessman Dean Ray Tuesday by a vote of 292 to 83 in low voter turnout.

The election was necessary to replace former Commissioner Kevin Hipes, who stepped down from his position for undisclosed medical reasons Aug. 24.

Bridges admitted when he filed to run that he had never had political aspirations until now.

"When Hipes resigned, I thought, that's a shame, because that's my district commissioner," Bridges said in September.

Bridges is 58 and moved to Sanford in 1951. He said he has grown to love the city by the river.

During his campaign he said Sanford was on the brink of breaking out of its

shell. He noted escalating property values and the interest in the city shown by developers.

He has served on the city's planning and zoning commission in the late 1970s and early 1980s.

Bridges is married to Elizabeth, who is a financial analyst for the Seminole County Sheriff's Office. Bridges graduated from Seminole High School and was once an usher for the Ritz Theatre, now the Helen Stairs Theatre in downtown Sanford.

With only District 4 voting in the special election to replace Hipes, Bridges received 78 percent of the vote to Ray's 22 percent. Only 375 people voted in the election.

In other area races, incumbent Lake Mary Deputy Mayor Janet Jernigan defeated challenger Realtor Jeff Bales.

This is the second election in a row that Bales has lost to an incumbent commissioner as he lost to Michael McLean in 2004.

Jernigan received 376 votes to Bales' 156. Only 532 people voted in Lake Mary in an election open to the whole city for Commission Seat 4.

Longwood had a higher voter turnout for two races and two charter amendments.

Incumbent Mayor H.G. "Butch" Bundy defeated opponent Rosa M. Figueroa for the Longwood District 4 seat. Bundy received 948 eight votes, and Figueroa won 390 votes with 1,338 people casting ballots.

In Longwood's District 2 race, incumbent Commissioner Dan Anderson won against challenger Lori LaVasseur by a vote of 906 to 423. Also in Longwood, Charter Amendment 1 allowing a city commissioner to request information from city personnel was approved overwhelmingly 1,007 to 291.

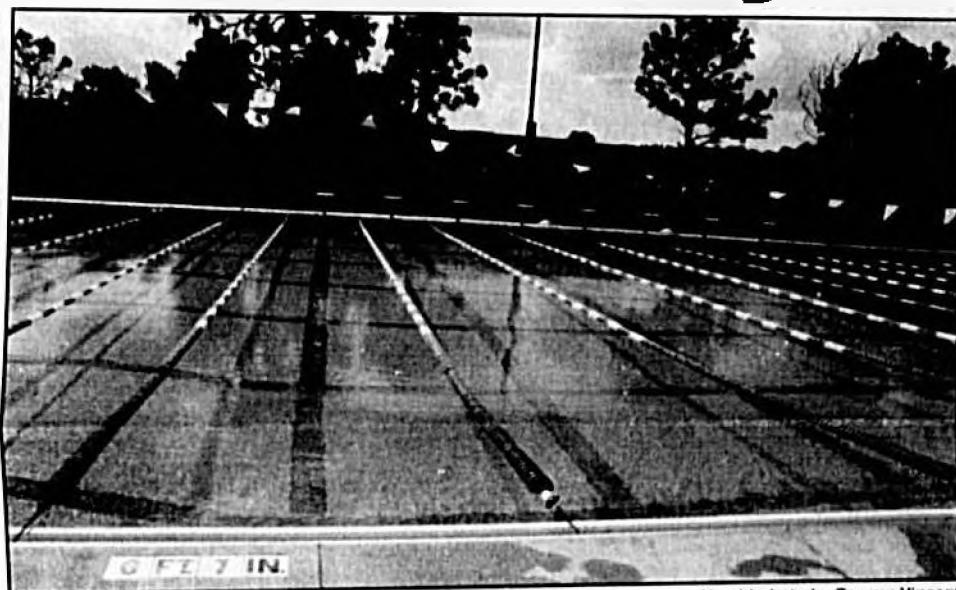

Amendment 2 to appoint a charter Advisory Committee every seven years rather than every three years was defeated by just 27 votes, 640 yes and 667 no.

Parent: Pool shuts out competition

By Liane Edixon

SANFORD — The city has limited the Larry A. Dale Aquatic Center to a single club team and that has rankled at least one parent whose daughter's team wants to rent lanes for practice.

David Lundberg charges that the city of Sanford just won't allow competition at the public facility. His daughter Lauren's team wanted to rent six lanes at the Sanford pool

for its Junior Olympic-class athletes.

City officials said the notion that Sanford won't allow access to the aquatic center for Lundberg's team is misconstrued.

Mayor Linda Kuhn said the city has not denied access to anyone.

"We welcomed Lauren [Lundberg] to join the existing team here," Kuhn said. "They declined to do so."

Furthermore, Kuhn said, the policy of the

Mom asks for help in finding son's murderer

MIDWAY — Alfreda Walker-Tarver feels sure someone knows who murdered her son, Eric, in March 2004, but with little progress in the investigation, she decided last week to take action.

The Midway mom, who works for Seminole County Public Schools, contacted every media outlet she could to try and find her son's killer.

"I know there are people who know what happened," she said Monday. "They don't have to give their name. With my Eric, this will not be swept under the carpet."

Eric, 31, was also a school district employee. He worked in security at South Seminole Middle School in Casselberry.

On March 11, 2004, Eric drove his mother's blue Mercury to visit a girlfriend in Enterprise. The woman, who has not been identified, worked with Eric, according to Alfreda. Eric never made it to the girlfriend's home.

The Volusia County Sheriff's Office responded to an accident with an unresponsive driver at 2170 Enterprise-Osteen Road that night. The car had struck a utility pole and crashed into nearby woods, according to a sheriff's incident report.

Eric was pronounced dead at 9:46 p.m. Volusia Sheriff's Office investigators do not want to release the cause of death, according to spokesman Gary Davidson.

Committee mulls plans for middle school rezoning

By Steve Paradis
Herald Staff

SANFORD — The Core Committee working on middle school rezoning in Lake Mary and Sanford narrowed 25 plans down to three Monday, but also had five more plans submitted for consideration.

The committee meeting Monday evening was facilitated by Ron Pinnell, executive director secondary education — middle schools, and held at Sanford Middle School.

Sanford, Greenwood Lakes Middle in Lake Mary and Millennium Middle in Sanford

are all under rezoning because the district plans to open Markham Woods Middle School in August 2006.

"This area has been relatively stable when it comes to middle schools," Pinnell said, pointing out that the area has not be rezoned since Greenwood Lakes opened in 1986.

The Core Committee has met six times, including a public input session, and was expected to be on hand Tuesday night for a work session with the School Board.

Resident wants city to correct cemetery mess

By Steve Paradis
Herald Staff

SANFORD — Betty Giles placed "Do Not Mow" signs on her family's plot in the Sanford cemetery about 15 years ago just in case something happens like the situation there this past week.

The contractor that mows and maintains the grass in the cemetery applied grass killer a little too liberally and many plots have unsightly dead grass surrounding memorials and gravestones.

Some stones have also been scratched and damaged by mowers, and small plastic American flags were chewed up by blades as the grass was cut.

"They run up and down with a great big commercial mower," Giles said. "I try to keep it like a little garden because you know what I appreciate my family."

Giles said this kind of thing has happened before and she has complained. She added that she doesn't fault the city, but someone has to stay on top of the contractors.

Marc Hultin, manager for parks and grounds for the city of Sanford, said he is aware of the problem. He said the city has always allowed the contractors to spray Roundup grass killer around the grave markers so they don't have to get close with the large mowers.

"When you first put that out, it looks bad," he admitted.

"They were definitely overzealous with the Roundup. They are going to re-sod those areas. We have already called them on the carpet for that."

The contractors are Bonne Terre of Ormond Beach, Hultin said. They will pay for the damage, he added.

Hultin wanted residents to know that they have some more trimming to do. Soon new signs will replace old section markers.

"I have a somewhat limited budget to do this with," he said. "Mrs. Giles at times has been our eyes and ears." They listen when Giles talks.

After the contractors finished with the mowing last week, Giles said the cemetery was littered with pieces of flags and flowers. They even hit a spicket and water was running and flooded some of the cemetery, she said.

"I'm just upset about my cemetery now," Giles said. Her parents and nephew are buried on the family plot, as well as her brother who was killed in the Korean War. That is when the family purchased the plot, she said.

Her own son is also buried there. Pepper Yoast died just eight days after his 17th birthday from a blood disease.

"They are not going to run over my son," Giles said.

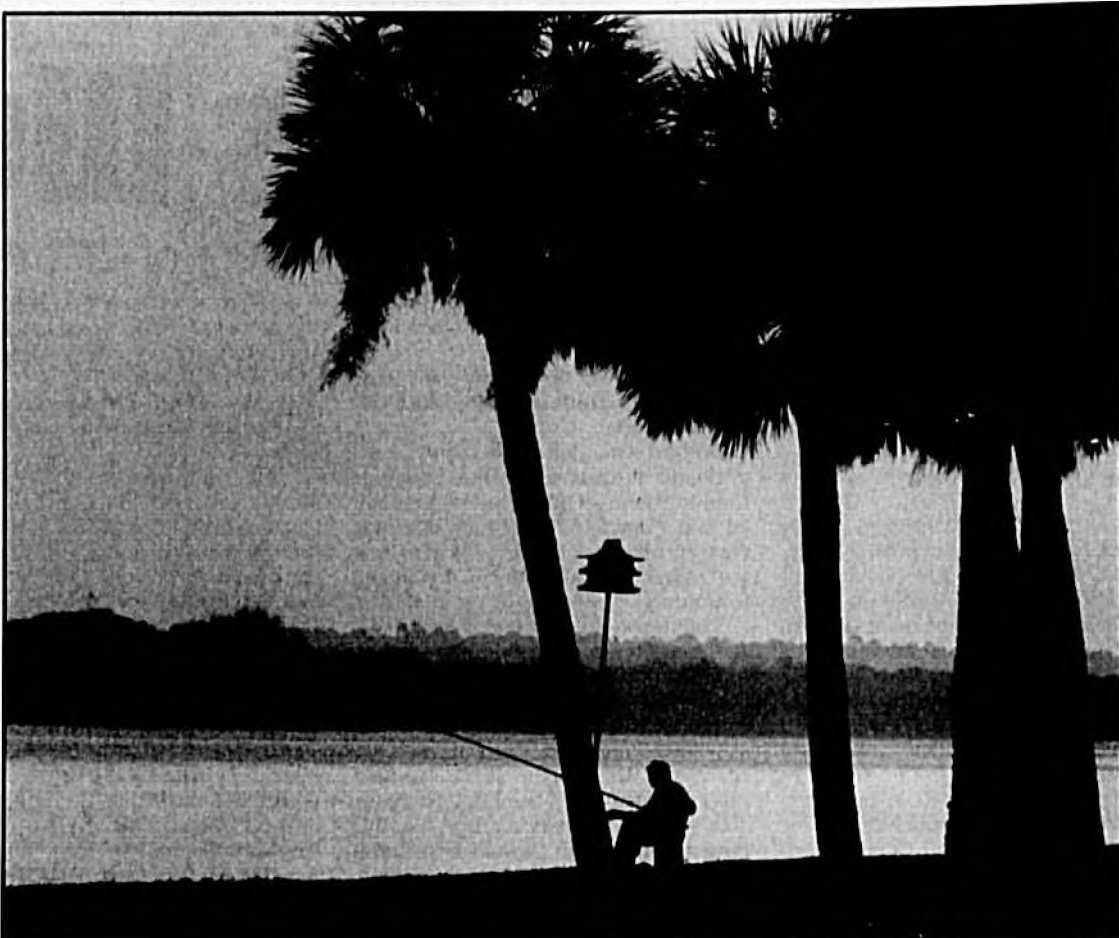

The city has always been good about fixing problems, she added, and this is another instance where the city has to step in and correct the situation.

city is to only have one club team at their facility.

Oviedo High School head swimming coach and Blue Dolphins club coach, Charlie Rose, responded to the recent news in an e-mail to Kuhn.

He echoed sentiments that in his professional opinion it was counter-productive to have two teams at one facility and ultimately leads to the failure of both.

"Two teams, competing for the same clients, at the same pool is an accident waiting to happen and is a poor business practice," Rose wrote.

David Lundberg said they offered to sign a non-compete agreement.

"The reality is at the end of the day, they don't want a competitive, successful, club team in their water," Lundberg said.

According to Lundberg, for young swimmers the pinnacle of their athletic career is making it to the Junior Olympics. He said his daughter's team had all 40 young team members qualify last year for the Junior Olympics.

Numerous e-mail testimony from parents of swimmers who belong to Seminole Aquatics, who call the Larry Dale Aquatic Center home, said coach Tony Ackerson is a coach who welcomes all levels of swimming.

"Tony has illustrated dozens of times to our kids what character is about," Tom Hutchison, who has two daughters that were led by Ackerson, said.

"I don't know where to send my daughters to become Olympic caliber swimmers, I do know I can put them in an environment where they become world class kids and adults...with Tony," Hutchison wrote in an e-mail to Kuhn.

For the past five months, Lundberg has been pushing for the use of Sanford's facility for FastLane Aquatics, who currently divides their time at a pool in Clermont

and a pool in Oviedo.

Lundberg said he received several different reasons for why his daughter's team couldn't rent the facility. He said he was first told that his daughter's coach, Alec Rukosuev, had interviewed with another team. Then he said he was told that they heard that if the Rukosuev left to another team, his swimmers would go with him.

Lundberg's response to those claims were simple, he said. He asked what person hasn't interviewed for another position to better their career? And, he also said that if a child was with a coach that they were comfortable with and was a high caliber coach, then why not move to another club team with that coach?

According to Lundberg, when he continued to ask for space at the facility, the city claimed they didn't have room for another club team. Then, Lundberg said, they told him it was USA Swimming policy to have only one club team per facility.

The city lastly told Lundberg that it was their own policy and preference to have just one club team at their facility, he said.

"They wish I went away," Lundberg said in an interview at his home last week.

But Kuhn is sticking by the city's policy. She said that FastLane Aquatics is not the first club team that has been told no.

"We intend to adhere to that policy," Kuhn said. But, she also added that, "No one's being denied a tax payer's pool."

She said anybody who wants to come and use the facility individually, is more than welcome to.

Ackerson said that at virtually any other pool there is only a single, registered club team calling that facility its home pool.

Pat Hogan, Club Development Director, for USA Swimming, said

Tuesday that having two teams at the same facility can cause problems with water time.

He also said that especially in a community pool, having two competitive club teams, can limit other aquatic activities.

Hogan also said there could also become a difference in philosophy, which can create a situation where one team tries to take athletes from the other.

Hogan said that although there are some instances in the country where two club teams share facilities, he always sees the same set of problems arise from those situations.

"I don't encourage facilities to have more than one competitive swim team at a time," Hogan said.

Ackerson also pointed out that FastLane Aquatics already has space to swim at a facility in Oviedo and in Clermont.

"They have, locally, a beautiful pool and training space," Ackerson said.

But some members of FastLane Aquatics live closer to the Sanford pool. Such as Lauren, who lives in Alauqua Lakes.

David Lundberg said he feels that since the city of Sanford pool was built with part of Seminole County tax payer's dollars, his daughter's team should be able to swim there.

"It should be about the kids," Lundberg said.

Lundberg also said that because of the caliber of FastLane Aquatics team members, their team could potentially bring in additional revenue from having swim meets at the Sanford facility.

Stephanie O'Malley, a mother of a team member of Seminole Aquatics club team, said her son chose Ackerson as his coach, so she drives him from Winter Springs to Sanford for swim practice all the time.

She also said that 50 percent of the team lives in

Sanford, but the other 50 percent travel to practice with Ackerson.

"Many of the swimmers on Seminole Aquatics team drive many miles to get to Sanford, even though there are closer pools. We choose to drive, because Coach Ackerson's fine coaching is worth it," O'Malley wrote in an e-mail.

Many more e-mails flooded into Mayor Kuhn's inbox last week and this week from concerned parents and swimmers. Many echoed praises of Ackerson, his coaching ability, and his program.

Others supported Lundberg's claims, saying they were parents of team members who also had to drive a great distance to Clermont.

They accused the city of protecting a "good ole boy" coach, Ackerson, instead of letting in a "successful, level 4 certified swimming coach".

Robert Lord, who is a parent of a FastLane Aquatics swimmer, asked Kuhn to look deeper into the issue asking what would it hurt if their team practiced at Sanford's facility.

Lord wrote in his e-mail that it was indeed common practice for swim teams to share water in order to fully utilize a facility.

Lord further claimed in his e-mail that FastLane's coach is being punished for "rocking the boat and starting his own swim team."

Lundberg said his next step, if the city of Sanford continues to deny his daughter's team use of the Sanford facility, would be to issue a complaint with a tax advocacy group.

Lundberg has already arranged sit down meetings with state Rep. David Meador, County Commissioner Brenda Carey, and other heavyweights in the area.

But, Kuhn reiterated during an interview with *The Herald*: "This is our policy."

Airport fest Saturday

SANFORD — The Orlando Sanford International Airport is hosting a unique community open house on Saturday, Nov. 12, according to a Tuesday news release.

Flight Fest 2005 is a fall festival for the public to enjoy free of charge. The festivities kick off in the Terminal B-Domestic Lobby and will include various displays, exhibits, entertainment and vendors.

The community event, from 11 a.m. to 2 p.m., will feature a salute to veterans, and live entertainment along with the airport's domestic air carriers, rental-car companies, public safety agencies, services and tenants of the Airport Commerce Park.

A live animal exhibit from the Central Florida Zoo in Sanford will also be on hand for the festivities.

"The Orlando Sanford International Airport is thrilled to invite our local community to Flight Fest 2005. We are excited to educate the public on the steady growth of the airport and look forward to a fun event for the whole family to enjoy," said Larry Dale, president and CEO of the Sanford Airport Authority.

In addition to the various

displays and exhibits at the Flight Fest, the winner and runners-up of "The Great Airport Alligator Name Hunt" will be announced at 1:30 p.m. and the Grand Prize of two airline tickets will be awarded.

More than 300 entries for an alligator name were submitted.

The public can find more information on the Flight Fest and the Great Alligator Name Hunt at www.FlySanford.com.

The Orlando Sanford International Airport's growth has been tremendous in recent years.

Currently offering 26 destinations in the United States and Caribbean, Sanford's airport provides local travelers the convenience of being located close to home and a stress-free environment.

Airlines and their passengers enjoy convenient parking, new terminal facilities, short walking distances and attractive pricing.

For more information about Flight Fest 2005, the Great Airport Alligator Name Hunt, and the Orlando Sanford International Airport, visit www.FlySanford.com and www.OrlandoSanfordAirport.com.

Altamonte Mall to hold holiday fundraiser

ALTAMONTE SPRINGS — On Sunday, December 4, 2005, Altamonte Mall will stay open late from 6 to 9 p.m. for a private shopping experience. Festival of Giving, sponsored by Real Simple magazine and Cotton.

Now through December 4, area charitable organizations have the opportunity to sell tickets for \$5 for the Festival of Giving event. In turn, ticket holders are invited to a unique shopping program complete with store specials, holiday entertainment, free gift wrapping, prize giveaways and samples from popular retailers at Altamonte Mall.

Additionally, the first 100 shoppers to spend \$100 on cotton merchandise will receive a \$15 Altamonte Mall Gift Card.

One hundred percent of the proceeds from the ticket sales benefit the charitable organization (501c3 status required). Tickets are available for charitable organizations to sell by calling the mall office at 407-215-5100.

"The Festival of Giving program is a favorite among the General Growth Properties across the U.S. and we are pleased to bring this unique shopping experience to Altamonte Mall to benefit local charitable organizations," said Kristen Moore, group marketing manager for Altamonte Mall. "Tis the Season for Giving."

According to the Deloitte Consumer Holiday Survey, Americans will put their hard-earned money to work by giving to charitable causes this holiday season.

Charitable donations ranked fourth in national spending categories, exceeding planned spending for holiday entertaining at home, non-gift clothing and holiday furnishings, which all showed sharp declines from last year. These expected spending levels appear to reflect continued contributions for the victims of Hurricane Katrina and the earthquake in Pakistan, as well as a focus on providing for others rather than for buying for oneself and one's family.

The Deloitte Consumer Holiday Survey, which is designed to measure consumer expectations about the year-end holidays, has been commissioned by Deloitte & Touche USA LLP in the fall of each of the past 20 years. This year's survey polled 17,447 consumers.

It was conducted on the Internet by an independent research company from Oct. 10 through Oct. 18. The poll has a margin of error of +/- 3 percent.

Mid-City offers security and investigation

By Steve Paradis
Herald Staff

LAKE MARY — Even while serving for 20 years with the New York City Police Department, Gregory Quinn dreamed of owning his own business.

When he retired and moved to Central Florida in June 2002, he started Mid-City Special Service in Lake Mary. The state-licensed company specializes in security or protection services and investigative services.

In a search for diversity, he decided to offer both types of services, Quinn said.

"The majority of the business is 75 percent security, but we interweave the two," Quinn said. Many clients take advantage of both services, he added.

For example, if the company performs security for an apartment complex, personnel will follow up on any crimes that happen.

"The police department may not have time to follow up on a stolen bicycle, for example," Quinn explained. "We'll do that follow up and see if there are witnesses."

Mid-City also works with motels, retail stores and even house watches, he said. When people leave for vacation, the company can watch the house, but more common are business owners or managers who feel under some sort of threat from employees who have been fired.

"Believe it or not, that's been very common to hire our firm for personal protection after firing employees," Quinn said.

The company also works on personal protection and matrimonial investigations on spouses who cheat on their husbands or wives.

Quinn said he usually hires current or former law enforcement personnel because he likes their professionalism. Others are corrections officers or retired military police. Florida licenses for his business require certain training, but he sends personnel out for additional training, including CPR and first aid as well as investigative training.

Quinn himself has a background suited for his new business.

He retired as a police sergeant in New York. He commanded a field training unit that trained

new police officers for the first year on the job. He loved the work, but hated the politics of being a New York cop, he said.

"Internal politics, that is the true stress," he said. In 1985, he served in the 30th precinct when crack cocaine first hit the scene. The mile square area topped more than 200 homicides in a year, he said. They sometimes experienced seven to 10 shootings per day, he added.

"You know what amazes me about this work? It's people who steal for absolutely no reason, just for the sake of stealing," he said.

Working for the transit authority police in New York, he said people would jump the turnstile to keep from paying. They often had guns or warrants, and just as often they had plenty of money in their pockets.

"It's in their nature," he said. "That's the mentality."

Knowing the minds of criminals, Quinn tries to gear his clients toward hiring armed security.

"We will abide by their wishes of course," Quinn said.

"But if our officers can't defend themselves, it does make a difference. Officers will have more

confidence knowing they can protect themselves. It's a psychological thing."

Mid-City serves all of the Orlando area, although right now most of the company's clients are in Orlando itself with a few in Sanford and Seminole County.

The company is based in Lake Mary, where Quinn lives with his wife, Leigh, and their three children Samantha, John and Gregory, who all go to Lake Mary schools.

Right now, the company is gearing up for December when there seems to be a hike in burglaries.

"I think our company is a cut above most other security companies because we have the most public service background," Quinn said. Many security firms are in it for the money, he explained.

"We are here to make money, but the public service background brings a commitment to provide protection services for people and their property."

Walker

Continued from Page 1A

"This has not become a cold case," Davidson said Monday. "We have not exhausted all of the leads in this case by any stretch of the imagination."

Investigator Greg Seymour of the Major Case Unit told Alfreda Monday afternoon that several cases had finished, and that Eric's would be a priority.

Investigators did interview a known drug dealer who may have been dating the same girlfriend, according to Alfreda. At this point, however, Davidson said he could not go so far as to say a suspect had been identified.

He wanted to remind the public of a couple of imperative aspects.

Any piece of information, no matter how trivial or insignificant it may seem, can be important in this case.

"We encourage anybody with any information, no matter how small, to certainly call us," he said. Anyone can call Crime Stoppers at 1-888-277-TIPS or 8477. The caller may be eligible for a reward.

Davidson also said there is a general feeling about this case that people know more than they are telling. He urged anyone who has information who may be withholding it for whatever reason, to come forward. People may be fearful or not willing to get involved, but he said their information can be immensely important.

He acknowledged the frustration of the family and the Sheriff's Office. "We take this very personally when one of our citizens are murdered," he said. Investigator Seymour's office referred calls to Davidson.

Davidson could not disclose any specifics about the case. He added that some things are not able to be shared with the family as well.

"I wish we had something more to tell," he said, adding. "This case is very solvable."

Alfreda herself has heard that people know who killed her son. She simply wants to know who did this, but even more important to her is why her son had to die.

"It's about to kill me," she said. Alfreda described how lonely and quiet it can be when she arrives home from work. Her older son, Craig, lives at the house. When he arrives, Craig hollers to his mom so they know each other is home.

The brothers were very close, Alfreda said in an earlier interview. "It's killing him," she said referring to Craig.

She described Eric as a good-hearted person, as any mother would, but she has proof in the form of a scrapbook from the staff and students at South Seminole.

"My eyes filled up with tears as I heard the news ... Why'd you have to leave Mr. Walker," wrote a distraught

“
I'm not going to let it go.”

Alfreda Walker-Tarver, mother of Eric Walker

”

student in a letter contained in the scrapbook.

Alfreda said she has confidence that the Volusia Sheriff's Office is doing what it can.

"I'm not going to let it go," she said. She even said she could forgive the killer because that is what Christian's do. She would also want to know, though, why the murderer took the cowardly way out.

An elderly couple heard the car crash, she said. Eric was not robbed, but he was murdered, she said.

"I believe he knew the people who did this," she said. Alfreda talks to God and Eric, she added.

"Bring something to me," she pleads with her son. "You know who did it to you. I know you know who did this."

Anyone with information, can call investigators at 386-254-1535 or Crime Stoppers, where callers can remain anonymous and qualify for a reward of up to \$1,000 by calling toll-free 1-888-277-TIPS.

Homeowners with money worries may qualify for low-interest loans

"Smart Money" by Kimberly Ross

LOANS: Direct lender loosens its requirements for homeowners who need money now.

Have you been turned down for a loan? Do you need more than \$10,000 for any reason? Are you paying more than 10% interest on any other loans or credit cards?

If you are a homeowner and answered "yes" to any of these questions, they can tell you over the phone and without obligation if you qualify.

High credit card debt? Less-than-perfect credit? Self-employed? Late house payments? Financial Problems? Medical bills? IRS liens? It doesn't matter!

If you are a homeowner with sufficient equity, there's an excellent chance you will qualify for a loan - usually within 24 hours.

You can find out over the phone - and free of charge - if you qualify. Honey Mae Home Loans is licensed by the Florida Department of Financial Services. Open 7 days a week to serve you.

DAR October meeting held inside Lake Mary church

Sallie Harrison Chapter, DAR, met for lunch Friday (Oct. 14) at the Fellowship Hall of Holy Cross Lutheran Church in Lake Mary. Regent Dr. Lois Somerville and acting Chaplain Virginia Powell conducted the opening ritual. Grace Marie Stinecipher led the Pledge of Allegiance to the flag of the United States of America. Elizabeth Nichols led all assembled in reciting The American's Creed.

After lunch Sandra Thomas gave the President General's message. She encouraged members to consider attending a future Continental Congress, held annually in Washington, D.C., at the headquarters of the National Society.

Ann Howland, chairman of the Chapter's National Defense Committee, gave the National Defense report. She stated that, according to the writings of Phyllis Schlafly, president of Eagle Forum, and James Tooley, author of "The Miseducation of Women," that although women have made strides in career opportunities, particularly in science, law, business, athletics, and politics, many believe they have come up short achieving fulfillment, having relinquished one or another of the natural female desires to become a wife, mother and homemaker. Another emphasis in her report encouraged all to have a positive attitude and to get involved in being an American. Every American has a voice and we have the right to use it verbally and with the vote. She concluded by listing October dates of significance in the history of the United States.

Sallie Harrison Chapter has adopted a U. S. service man who is a helicopter pilot. Members wrote individual notes to him and were encouraged to send additional mail, including "Care" packages to him throughout the month.

rebuild, thanks to the interest and donations of area residents.

The Chapter voted to donate three books, compiled by the Museum of Seminole County History, including information about Seminole County cities from 1865-1910, to the national NSDAR Library.

Regent Somerville presented certificates to four members, indicating their length of membership in the National Society. They are: Vanra Decker and Barbara Hall, 40 years, Libby Boyd and Pat Fox, 25 years. She also presented Fran Morton with a Chapter Achievement award.

Sallie Harrison Chapter will host the Flagler, Volusia and Seminole County Regents' meeting Nov. 5 at the LPGA Knicker Bar & Grill in Daytona Beach. State Regent Rebecca Lockhart will be guest speaker.

The Chapter will also host a Naturalization Ceremony at the Sanford Civic Center Nov. 17. The Sanford Garden Club is assisting and The Auxiliary of American Legion Post 53 will present flags to each new citizen.

The program for the day featured "Show and Tell" by members.

Golf tournament benefits Salvation Army's effort to help Katrina victims

By Marva Hawkins
Herald Correspondent

SANFORD — The Gentlemen's Sports Club held its first Charity Golf Tournament to benefit Hurricane Katrina victims on Oct. 29.

Seven teams began shotgun play at 8:30 a.m. The tournament made for a beautiful morning for golf lovers at the Mayfair Country Club.

This group of guys called the Gentlemen's Sports Club is "Striving to Make a Difference" in health, opportunity, finance, sports, commitment, discipline and team-

work.

The winners of the tournament were: First Place Team — Brian Covington, Sean Becton, and Clint Johnson; Second Place Winners were Norris Horton, Jessie Campbell, William Dishman and Willie Hames. They received trophies at the end of the luncheon at an awards ceremony. Many prizes were also awarded to the players and guests who helped make this benefit tournament a great success.

At the end of the awards luncheon, the young men of the Club presented Captain Joseph Knobel of the Sanford Salvation Army a check of the

proceeds raised from the benefit golf tournament held on behalf of the victims of Hurricane Katrina. Thanks to those who came out and enjoyed a fun filled sunny day of golfing, great fellowship and prize opportunities sponsored by many. Thanks to all who helped make this a grand affair. Members of this great community organization are Greg Merthie, Al Holt, Corey Williams, Leroy Young, Jr. and George Gordon, Jr.

Congratulations on the great community work you all are doing to help others in distress.

Rezone

Continued from Page 1A

Plans were rejected mainly because they did not meet rezoning parameters set up by the board and the committee. Free and reduced lunch, percentage of black and Hispanic students as well as projected enrollment figures were all compared to parameters. If one or more varied too much, the plan was put aside.

The school district remains under a federal consent decree meant to balance racial makeup at area schools. The parameters address that decree to try to make the plan acceptable to the U.S. Department of Justice.

According to School Board chairman Jeanne Morris, who attended some of the committee meeting, the district is very close to moving out from under the consent decree.

The three plans that passed muster are known as 19, 20 and 22.

Plan 19 would move 2,052 students, but even this plan was not perfect. One committee member pointed out that students within walking distance of Greenwood Lakes in Cell 37NW, south of Lake Mary Boulevard would be moved.

Plan 20 moves 2,136 students. Some said there were too many islands in the plan, meaning that areas sending students to one school were surrounded by communities sending students to another school.

"There will be some islands," Pinnell said. Others agreed that the isolated communities were not too bad.

Of the three plans that will move forward in the process, Plan 22 moves the least amount of students at 1,970. One committee member shouted her feelings about Plan 22: "That's a good one."

Plan 22 has very few islands. Also areas that will experience the most future growth were divided among the various schools, which was an aspect favored by some committee members.

Another plan, number 21, also met the parameters, but was rejected because it included Sanford Middle School itself. Students surrounding the school would attend another one, which didn't make sense to committee members.

Pinnell was to update the School Board on the committee's process. Public input was also expected from parents who don't want their children moved out of a

school. The committee has looked at the numbers for these plans and will consider the five new ones, but Pinnell said the focus will turn now to the question of whether the plans make sense. A final adoption of the plan is expected in January.

The final day to submit a new plan for rezoning will be Nov. 21. For more information, check out scps.k12.fl.us, scroll down on the right and click on rezone information.

King and Queen

SHS BOOSTER BBQ
The Seminole High School Boosters Club will be holding their annual Boosters BBQ on Saturday, November 12th, at the Seminole High School Courtyard.

Revenues from the BBQ will help support Seminole High School athletic programs as well as many extra-curricular activities. These programs are not financed by the School Board; therefore funds must be raised locally at each individual school.

Donations are being accepted for door prizes and a silent auction as well as needed food and paper products. Contributions given by the community is what makes this BBQ a success.

The event will run from noon to 4 p.m. Tickets are \$10 for a 1/2-chicken dinner, door prizes and the right to bid in the silent auction.

For more information please contact Marilyn Van Winkle, BBQ Chairperson, at 407-320-5014.

FASCAR RACING

The 2005 FASCAR Points Season will end this Saturday night, November 12th, at New Smyrna Speedway. On the program will be the Late Models, Modifieds, Sportman, Super Stock, Mini Stock, Pro Trucks, and Strictly Stocks.

The pit gate will open at 4 p.m. and the grandstands will open at 6 p.m. with racing action starting at 7:30 p.m.

General admission will be \$10 for adults, \$5 for students and seniors, and free for children 11 and under.

For more information, please call 386-427-4129, or visit the website at www.fascar.org.

SOFTBALL TOURNEY

There will be a benefit Softball Tournament held at Pinhurst Park on Saturday, November 19th, with proceeds going to Operation Shoebox to benefit our American fighting men and women.

All teams are welcome, including co-ed teams, but they must conform to MFW rules.

The entry fee is \$125 per team and must be turned in by October 31st.

In case of rain, the tournament will finish on Sunday, Nov. 20.

For more information contact Tom Paladino (407-416-6205), Ann Paladino (407-417-1173), Javier Camacho (407-383-1736) or the Paladino home at 407-324-0587.

To learn more about Operation Shoebox go to www.operationshoobox.com

BABE RUTH TOURNEY

Oviedo Babe Ruth Baseball and Softball will be holding its 7th Annual Holiday Classic, December 8-11.

The entry fee is \$250 per team and each age division (League Age - defined as your age on May 1, 2006), Rookie; Machine Pitch (7-8 year old); Minor (9-10 year old); Major (11-12 year old); and Prep (13-15 year old) is limited to the first eight teams to submit the entrance fee.

The event will be either a Double Elimination or Pool Play Tournament (dependent on the # of teams). Each Team is guaranteed a minimum of three games (and probably more). Champions and Runner-Up teams in each division will receive trophies.

Teams are selected to participate on a first come, first reserved basis. Your entrance fee is what will reserve your place in the tournament. Rosters can be turned in later (12-15 players per team). Deadline for submission

Playoff teams struggle on closing night

Lake Brantley, Winter Springs upset; Lyman, Oviedo lone winners

By Dean Smith
Herald Staff

The final night of the 2005 FHSAA Football regular season proved to be difficult one for the two Class 6A playoff qualifiers in particular and the whole county in general Friday night.

Whether it was a let-down from last Monday's three-team playoff, which also resulted in reduced preparation time, coaches giving their regulars some rest or coaches not trying to show their playoff opponents much, Lake Brantley and Winter Springs will be heading into this week's playoffs with a loss.

The Patriots (6-4) looked awesome in the first quarter against Class 6A No. 1 state-ranked East Ridge, running 25 plays, most on carries by full-back Lance Ault, and taking a 7-0 lead on a 14-yard pass from Bryan Bearden to Rhett

Hamrick.

But the Clermont-based Knights (10-0) kept Lake Brantley in check the rest of the game, rolling to their Central Florida record-tying 31st consecutive regular season victory, 32-7.

The Patriots will be at home this Friday, hosting 6A-District 1 runner-up Jacksonville-Mandarin (5-4) in a Class 6A-Region 1 Quarterfinal starting at 7:30 p.m. at Tom Storey Field.

Lake Brantley may have been holding back some as if the Patriots can defeat Mandarin they will play the winner of this Friday's game between East Ridge and Edgewater in the regional semifinals.

Winter Springs (7-3) put on a whale of a show for the home fans in Friday, but they could not hold off visiting University (3-7), which scored on a late

Seminole starting quarterback-turned-wide receiver Travis Goodine (No. 7) gets past a pair of Lyman defenders on his way to a 45-yard touchdown catch to put the Fighting Seminoles ahead in the second quarter. Lyman on a mission

By Tony DeSormier
Special to the Herald

SANFORD — Having dispatched the Seminole Fighting Seminoles 19-7 to wrap up the regular season Friday night, the 5A-District 3 champion Lyman Greyhounds now can focus on the business at hand.

For the third year in a row, the Greyhounds have won their district and advanced to the state tournament. But this year, that's not enough.

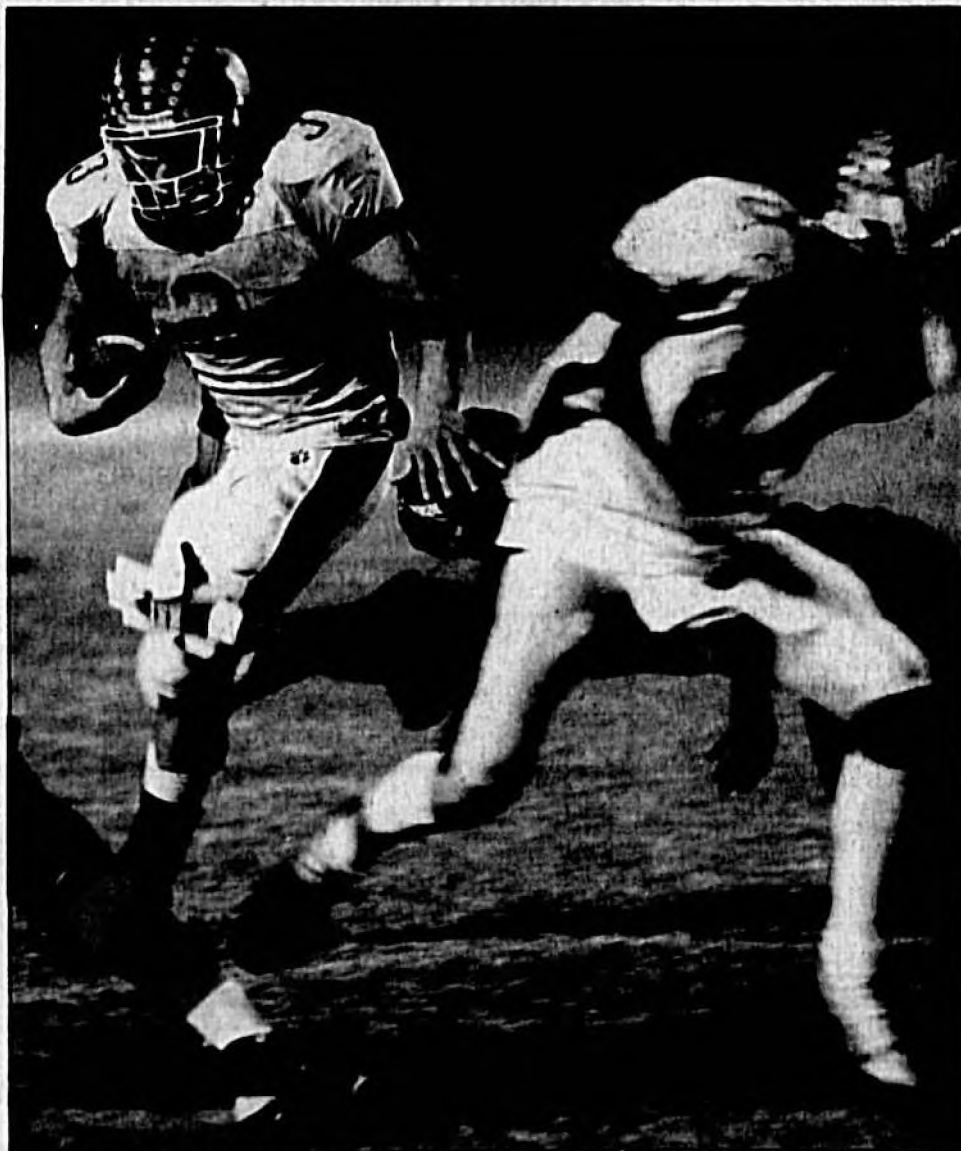

In a year that has seen Lyman do the unthinkable — beating Lake Brantley for the first time in over 20 years — and the unimaginable — ending the 30-game district winning streak of fifth-ranked Mainland (10-7 in overtime) to win the district title — the Greyhounds are now primed to make some more school history.

"This is only the fifth time in school history that Lyman has qualified for the state playoffs," said Lyman coach Bill Caughell. "We're still looking for that first win."

According to the Florida High School Activities Association's on-line football record book, Lyman's playoff history consists of a 40-14 loss to Lakeland-Kathleen in 1968, a 27-6 loss to Vero Beach in 1982, a 20-7 loss to Kissimmee-Osceola in 2003, and last year's 31-7 loss to Palm Bay.

Caughell and the Greyhounds are planning to break that streak against 4-6 Melbourne this Friday night. Last year, Melbourne eliminated Winter Springs (which has since moved to Class 6A), 23-7, before losing to eventual 5A state champion

Senior tailback David Muniz (Looking for running room against Seminole on Friday) has been the workhorse for the Lyman offense all season and will be counted on heavily when the Greyhounds go after their first-ever playoff victory when they host Melbourne at the Carlton D. Henley Sports Complex this Friday night at 7 p.m.

Runners advance to State

By Dean Smith
Herald Staff

Seminole County will be sending a dozen individual runners and seven teams to this week's FHSAA Cross Country Finals after outstanding efforts at regional meets. The Lake Brantley girls, led by a third place finish by junior star Amanda Flintze, earned a spot in state with a fourth place finish in the Class 4A-Region 1 Meet.

The Lyman boys also qualified, finishing third as a team with three runners, juniors Robert Saltman, Jordan Eiserman and Shane Cook, qualifying as individuals with finishes of 4th, 13th and 15th.

Winter Springs senior Andrew Walker also qualified for state as an individual with an eighth place finish.

In the 3A-Region 4 Meet, the Lake Howell girls qualified as a team with a sixth place finish, while the Silver Hawks boys finished an outstanding second, led by a 10th place finish by junior Jonathan Sutter and a 15th place finish by sophomore Phillip Diamond.

In Class 1A-Region 2, the Trinity Prep girls were second with eighth-graders Britney Wotton and Chelsi Woodruff finishing 11th and 13th.

The Saints boys were also second with freshman Ranley Grouse finishing sixth, junior Kevin Lanza ninth and sophomore Thomas Ward 12th.

The Crooms boys team also qualified by running fifth.

The FHSAA Finals will be held this Saturday, November 12, starting at 8 a.m. at Little Everglades Ranch in Dade City. Admission will be \$7.

UCF stops Houston 31-29 to remain in C-USA title

Special to the Herald

ORLANDO — UCF totaled 495 yards of offense — and stopped a Houston drive with the game on the line — to earn a 31-29 Conference USA victory over the Cougars on Saturday evening at the Florida Citrus Bowl. With the victory, the Golden Knights (6-3, 5-1 C-USA) are now bowl eligible.

UCF led 24-10 with 8:40 to go in the third quarter, but the Cougars (4-4, 2-3) rallied, scoring three touchdowns in the game's final 18 minutes. Houston had the ball on its own 45 yard line with 1:29 remaining in the contest, but Kevin Kolb was sacked by senior Paul Carrington and then threw three incomplete passes.

"I am happy for the football team," said UCF head coach George O'Leary. "I am real proud of how they played; going out on the last play and getting the big sack that sort of put the game away. It was a good win and they reached their goal (of becoming bowl eligible)."

Junior Steven Moffett completed 21-of-30 passes

for 275 yards with a pair of touchdowns — a five-yard scoring toss to senior Brandon Marshall at the end of the first quarter and a two-yard strike to junior Mike Walker with 2:16 remaining in the second quarter.

On the Golden Knights' next possession, senior John Brown nailed a 38-yard field goal and the hosts led, 17-3, at halftime.

Marshall, the former Lake Howell High School standout, finished with seven receptions for 120 yards. Fellow senior Darcy Johnson had six catches for 91 yards.

UCF seemed to have the game in control when Moffett scrambled for a 13-yard touchdown run with 8:40 to play in the second quarter to put the Golden Knights ahead, 24-14.

Just over six minutes later, Kolb began the Cougar rally, hitting Anthony Aldrige for a 54-yard scoring strike.

Kolb completed 19-of-30 passes for 313 yards with the two scores. Donnie Avery had three catches for 111 yards, highlighted by a 76-yard

Winter Springs' Al-Terek McBurse, who had 100 yards on six carries for the game, sprints away from the University defense on his way to a 64-yard touchdown run, but the visiting Cougars would come away with a 34-28 upset win with a late touchdown pass at the A.W. Epps Sports Complex Friday night. The Bears open the playoffs this Friday in Bunnell against Flagler Palm Coast High School starting at 7:30 p.m.

45-yard touchdown pass to outscore the Bears, 34-28, at the A.W. Epps Sports Complex.

The hosts got off several big plays for scores as freshman Al Terek McBurse ran for 100 yards and scored on a 64-yard run, senior Tyrone Lewis found paydirt on a 56-yard scamper and junior Tim Boykins scored 14 points, on touchdown runs of 5- and 11-yards and a two-point conversion run.

Boykins, who ran for 111 yards on the evening, gave the Bears a chance when he scored his second touchdown and added the conversion to tie the game at 28-28, but the Cougars got the big bomb to pull off the upset.

Winter Springs hurt itself with turnovers, throwing three interceptions and fumbling the ball away once, which led to 14 University points.

The Bears will go on the road to open the playoffs, traveling to Bunnell to face Flagler Palm Coast (7-2) starting at 7:30 p.m.

The only playoff team to win was Lyman, which spoiled Seminole's Homecoming with a 19-7 victory at Thomas E. Whigham Stadium.

The Greyhounds (7-2) took a 3-0 lead after one quarter on a 20-yard field goal from Nick Basquill-White, but the Fighting Seminoles (1-8) took the lead on the first play of the second quarter when freshman quarterback Ray Ray Armstrong, giving local fans of what could be for the next three years, scrambled to the left and then back to the right before launching a 45-yard touchdown pass to former starting quarterback Travis Goodline.

Armstrong had a good night overall, passing for 76 yards, but Lyman is riding a lot of momentum from making it to the playoffs for the third straight season and quickly regained the lead.

Quarterback Chris Bridgman, who has been playing better and better as the season has progressed, put the visitors ahead to stay with a five-yard touchdown pass to Daniel Hamilton to give the Greyhounds a 10-7 lead at halftime.

Lyman star running back David Muniz put the game out of reach in the third quarter when he caught a four-yard touchdown pass from Bridgman and Basquill-White, who had his extra point attempt following Muniz's score blocked, scored the final points of the game with a 25-yard field goal in the fourth period.

Bridgman had a big night, completing 7-of-9 passes for 76

yards and the two touchdowns and Muniz ran for 57 yards on 21 carries.

The Greyhounds will be at home for the Class 5A-Region 1 Quarterfinals, hosting Melbourne (4-6) at the Carlton D. Henley Sports Complex starting at 7:30 p.m.

Oviedo (8-2) was the only other Seminole County team to record a victory on Friday as the Lions bounced back from their disappointing defeat in last Monday's 6A-District 2 tie-breaker with a 42-14 thrashing of Lake Howell (4-6) at Richard L. Evans Field, ending the Silver Hawks' two-game winning streak.

The first half was a tremendous battle between the neighborhood rivals as Lake Howell star quarterback Taylor Beasley threw a pair of touchdown passes to Nick Guglielmo, of 4- and 54-yards, and Oviedo answered with a 2-yard run by Jordan Dalrymple and a 5-yard pass from Tyler Crockett to Sean Gibbins to leave the score tied at 14-14 at halftime.

But the second half was all Lions, as the offensive line overpowered the smaller Lake Howell defense and the defense sacked Beasley four times.

Dalrymple scored his second touchdown of the game on a 12-yard run early in the third quarter to put Oviedo ahead to stay and Austin Watson scored the next two touchdowns, on a 23-yard run in the third quarter and a 61-yard gallop in the fourth period, before Manfred Julien closed out the scoring with a 69-yard run to paydirt.

Lake Mary Prep (0-10) saw its winless season come to an end at the hands of powerful Pine Castle Christian (8-2), 51-14, but the Griffins did score twice in a game for the first time this year.

The Royals put the game out of reach early, scoring 34 points in the first quarter, but LMP still had a good effort as quarterback Bobby Zinamaster threw touchdown passes of 75- and 22-yards to junior Eric Decharme and also kicked both extra points.

Lake Mary's disappointing season after such a promising start came to crashing end on Friday as Winter Park (9-1) did not suffer any lingering affects from upsetting Edgewater last week, pounding the Rams, 40-14, at Showalter Field.

The Wildcats, whose only loss this season was to Oviedo, took a 27-0 lead before Lake Mary finally scored on a 14-yard pass from Sean Connolly to Sean Brooks right before halftime.

The Rams did not score again until the fourth period when Marcus Kendrick Jr. scored on

as 15-yard run.

Trinity Prep and The Master's Academy were both thumped in their final games as the Saints fell to St. Petersburg-Shorecrest Christian, 26-6, and the Eagles (2-8) were shutout, 22-0, by Person-Taylor.

Orangewood Christian called it a season a week earlier as the Rams' final scheduled game with Melbourne-Brevard Christian was canceled.

I Found My Job in the Classifieds: To list a job opening in the Sanford Herald call 407-322-2611

Herald photos by Jim Wentz Lyman placekicker Nick Basquill-White (above) hit two more field goals against Seminole on Friday, while quarterback Chris Bridgman (right) was 7-for-9 for 78 yards and a pair of touchdown passes in the 19-7 victory over the Tribe. Both will be monumentally important to how far the Greyhounds can advance in the upcoming playoffs.

Lyman

Continued from Page 1B Lakeland in the second round.

The winner of the Lyman-Melbourne game advances to face the survivor of the first-round contest between Niceville and Jacksonville-Ed White in the regional semifinal game on Nov. 18 for a berth in the state quarterfinals on Nov. 25.

Not that he's making excuses, but Caughell said that the emotional state of the Greyhounds as they enter the playoffs is much different than the last two years and should work in Lyman's favor.

"Two years ago, we clinched the district early," recalled Caughell. "We were excited about being in the playoffs for the first time in over 20 years, but then we had some blowout wins down the stretch and we started to relax."

"Last year, there was a 'let's prove last year wasn't a fluke' attitude. When we did win the district again and made the playoffs, there was a sense of accomplishment before we even got to the playoffs."

This year, making the playoffs was no surprise; if anything, Caughell and crew

would have been bitterly disappointed had they not in spite of the fact that they were now in a district with Mainland, which had advanced to the state playoffs for 11 consecutive years.

While only a fool would suggest that losing one of the premier players in Central Florida would actually make a team better, the graduation of C.J. Walker has demanded that the Greyhounds (all 33 of them) find ways to get the job done.

"C.J. is a great athlete, one of the best in school history," said Caughell. "But we never believed internally that we were ever a one-man team. Our team tradition is 'stepping up for your brother'. That's been our key to why we've won three district championships in a row. It's not every man for himself, it's every man for each other."

"This is a hard-working team. We know we have some deficiencies, but it's our job as coaches to put the kids in the right position to do the things they do well so that we have a chance to win."

Over the course of the 2005 campaign, Lyman has developed the offensive balance necessary to be successful in the

playoffs. All season long, David Muniz (726 yards and 10 touchdowns rushing going into the Seminole game) has been the workhorse for Lyman; down the stretch, however, other Greyhounds have stepped up.

Against a very fast and athletic Seminole defense on Friday night, Chris Bridgman - who is not among the top 20 Central Florida quarterbacks in passing yards - completed seven of nine passes for 76 yards and a pair of touchdowns (one to Muniz and the other to Daniel Hamilton).

Also, while Muniz did score a touchdown in regulation against Mainland, it was junior kicker Nick Basquill-White who kicked a game-winning field goal in overtime. Against Seminole, Basquill-White (who has Central Florida's third-best punting yardage average) had field goals of 20 and 25 yards.

Defensively, the Greyhounds have surrendered less than 11 points a game and have given up a total of 20 points in the last five games of the regular season.

"Lyman is a great team," said Seminole coach Mick Harris. "We wish them the best of luck in the playoffs."

UCF

Continued from Page 1B touchdown catch with 6:12 remaining in the game.

On the ground, UCF totaled 220 yards. Freshman Kevin Smith had 28 carries for 99 yards and bulldozed his way in the end zone for a two-yard score in the fourth quarter.

Freshman Corey Hogue led the Golden Knight defense with eight total tackles. In the second quarter, he recorded his first career interception after a Kolb pass was deflected off of two players. Carrington totaled two sacks for a loss of eight yards.

UCF is now bowl eligible for the fifth time in school history.

The Golden Knights return to the field next Saturday, visiting UAB. Kickoff in Birmingham, Ala. is slated for 4 p.m. The game will be televised nationally on CSTV.

The UCF ISP Network and its flagship station 740-The Team AM (WQTM) will broadcast the game live beginning with the pre-game show at 2:30 p.m. Marc Daniels will once again have the call with Gary Parris. Jerry O'Neill will handle the sideline duties. Network affiliates include WMMV-1350 in Cocoa, WDCF-1350 Dade City, WROD-1340 in Daytona Beach and WMWB-1240 Melbourne.

UCF TO HONOR TORCHY CLARK The UCF men's basketball program will honor a former coaching great at halftime of its Nov. 18 game with Rollins when the UCF Arena floor is renamed "Torchy Clark Court." Eugene "Torchy" Clark, who served as the first head coach in UCF history, guided the Golden Knights from 1969-83 and still resides in the Orlando area.

Tip-off for the Rollins game is slated for 8 p.m.

During his 14 seasons at UCF, the Golden Knights posted a 274-89 (.754) mark and the program became a state and national power at the Division II level, making six NCAA Tournament appearances.

"This is a well deserved honor for Torchy Clark," said UCF director of athletics Steve Orsini. "He embodies the spirit and tradition of UCF basketball. Torchy was responsible for starting the program and truly put the school on the college basketball map. He has always been passionate about the program and about UCF and this is a great way to honor him."

Prior to the game, Clark will be recognized at the new FAIRWINDS Alumni Center from 6-7:30 p.m. The event is free to all UCF Alumni Association members and Golden Knights Club donors. Guests can attend the pre-game event for \$5. Fans should call (407) UCF-ALUM for more information on the event.

In 1978, Clark guided UCF to the 1978 Division II Final Four as the team finished the year with a 26-4 record, the best in school history. Under Clark, the Golden Knights won 20 or more games in a year on seven occasions.

His teams won five Sunshine State Conference titles and he earned numerous coach of the year honors. A member of the school's athletics hall of fame, Clark coached his sons Bo and Mike at UCF.

Following his coaching stint, Clark taught at UCF in the College of Education. 2005-06 season tickets are currently on sale. Call (407) UCF-1000 to purchase tickets or for more information.
