### School Boards Told Not To Delay Purchases

TALLAHASSEE (UPI) — The State Milk Commission notified county school boards today that by delaying purchases of school milk as long as possible in coming months they might save some money. The commission has appealed a circuit court ruling throwing out the commission's set minimum prices on milk used in school contracts.

A circuit court judge ruled the commission could not force distributors to base their bid prices on the purchase of Class One fluid milk, which sells for 61 cents a gallon. Normally, milk purchased from producers for school contracts is paid for at considerable less than the 61 cent price.

Producers, who seek to keep their school contract milk prices up, have been urging the boards to take immediate steps to call for milk bids, which would assure them Class One prices.

But the commission said it was the agency's duty to inform the various county boards that a delay of some months in calling for milk bids could save money. The case has been appealed to the appellate court, and if the commission loses the appeal, distributors will be able to pay lower prices than the 61 cent a gallon minimum.

The commission said it did not recommend that the boards delay in calling for bids.

"That's their the board's business," said Chairman Charles O. Andrews. But it said it wanted the boards to know the status of the case to enable them to make their own decisions concerning new milk purchases.

### Central Florida Square Dancers Meet Saturday

The annual election dance meeting of the Central Florida Square Dancers Assn. is scheduled to take place in Sanford Saturday night. Association President Harold Jenkins announced today. The association is composed of 26 square dance clubs in nine counties and between 300 and 400 persons are expected to join the dance at the Civic Center at 8 p.m. They will be welcomed by Sanford Mayor J. H. Crapps and master of ceremonies for the occasion will be Caller Joe Curtis.

Jenkins also announced the National Square Dance convention which is slated for June 14 through 16 in Miami, with registrations already in from all over the United States, Europe, Alaska and Japan. More than 20,000 square dancers are expected and there will be a delegation from the Central Florida group.

First winter Olympic games ever held were staged at Chamonix, France, in 1924.

# Carpenter Makes It; Overshoots Recovery

## Osteen Bridge Beam Breaks; Again Repaired

### Control Trouble Plagues Entry

CAPE CANAVERAL (UPI) — Scott Carpenter rode three times in orbit around the earth today but overshoot his planned Atlantic landing area and gave recovery forces an anxious 40 minutes before they found him.

### Fire Towers Approved At Two Schools

The County School Board today voted to accept the recommendations of Nelson Biles, Safety and Insurance representative of the State Department of Education to build enclosed outside fire towers and install fire doors at Grammar School and Sanford Junior High School.

Biles, working with Fire Chief Mack Cleveland and City Building Inspector M. H. Yelvington Wednesday completed a survey of the safety conditions of the two schools at the request of the school board, and made his report to the school board today.

The board approved and turned to school board architect John Burton IV to prepare plans to be submitted to the state school safety department for their approval.

School Supt. R. T. Milwee stated that work on the safety measures will begin just as soon as the state returns the approved plans and will be completed before the beginning of the next school year.

Recommendations for Grammar School call for fire doors to be installed just inside the front entrance of the school at the foot of the front stairs leading up to the auditorium and four classrooms.

Also recommended is an enclosed fireproof outside "firetower" which will provide escape at the back of the school from the second floor.

The window which now opens onto the present fire escape and the old slatted metal fire escape itself will be done away with and an opening to the fire tower provided.

At the Sanford Junior High School, fire doors will be installed at the foot of the stairs leading up from the cafeteria, at the foot of the stairs near the auditorium which lead to the second floor and at the foot of the stairs in the southwest corner of the building, with the stair wells to be enclosed with fireproof material.

The stair well in the southeast corner of the building, being situated in a heavy traffic area will be done away with and an outside fire tower, with access from the second floor only will be built there.

This area was considered long congested to install the enclosed stair wells and fire doors, because they would impede the flow of traffic through the halls.

The fire doors which are to be installed are built to withstand heat, smoke and gases for at least one hour, giving ample time for all children to be evacuated from the schools, Biles said.

Speaking of next Tuesday's election, although the big race is the District 4 County Commission session between Pitt Varnes and Lee Gary there will be seven contested races for committeemen and women.

Rumor has it that a suit will be filed against the First Baptist Church of Altamonte Springs to permit C. W. Mullins, the "only legal trustee," recently expelled from the church, to gain control of church property.

Space officials lost radio contact with the 37-year-old astronaut shortly after 12:30 p.m. and said it appeared he had overshoot by 200 miles the scheduled landing area 800 miles southeast of here.

But a Navy search aircraft subsequently picked up the spacecraft's radio landing beacon and followed it to find Carpenter perched in a life raft.

The plane's discovery was reported to reporters here at 1:22 p.m. The spacecraft, Aurora-7, was riding the waves near the raft.

At 1:32 p.m., the Navy plane reported after a close look that Carpenter was "apparently sitting comfortably in his raft."

Carpenter rose into the sky at 7:45 a.m. after the smoothest countdown in the history of the Mercury man-in-space program.

There was a moment during his second orbit when ground monitors feared it might be necessary to limit his flight to two orbits.

This fear was caused by indications that the fuel supply for the spacecraft's jet controls was being used up too rapidly. Officials ordered Carpenter by radio to switch to hand control of the jets to conserve the supply.

They decided after looking at the information transmitted from spacecraft instruments that enough fuel was left to keep the cabin pointed right for another and final orbit.

Carpenter, flying at 17,532 miles an hour, completed his first orbit at about 8:10 a.m. and his second at about 10:47 a.m.

Throughout both orbits, Carpenter performed experiments designed to pile up information of use to astronauts in lunar and planetary missions of the future.

For the first time in the history of manned space flight, he ate solid food—bite-sized snacks which, he said, went down all right despite the space condition of weightlessness which tends to make objects float. He said they were a little crumbly.

On both of the first two orbits, the temperature rose somewhat over Australia when the Aurora-7 spacecraft was at its apogee of 164 miles—the highest altitude of his orbit. At one point the cabin temperature hit 102 degrees.

Asked whether he was comfortable, he said, "I don't know. I'm feeling warm and perspiring, but I'm not really uncomfortable."

The schedule for three orbits called for Carpenter to descend by parachute into the Atlantic about 800 miles southeast of the cape. After recovery he was to be flown to Grand Turk Island in the Bahamas for examination and a 48-hour rest.

If his flight had been ended after two orbits he would have landed about 450 miles south of Bermuda.

## Half Million In Assessment Loss To Sanford On Vacant Property

### Knowles Urges Reappraisal

The City of Sanford loses over a half million dollars annually in valuations because of inequitable vacant property assessments, City Manager W. E. Knowles said today.

Knowles, in a comprehensive report, estimated that concerning some 633 parcels of property the city suffers a severe tax loss of over \$10,000 and \$593,915 in vacant property valuations alone.

At the same time, the city manager urged the commission to "undertake immediate steps" to reappraise this property to eliminate the tax revenue loss.

In his report, Knowles said that the finance director has been investigating the present city assessed value of vacant lots. This study, according to the city manager included 638 separate parcels. However, Carpenter added, this number does not represent the total number of such parcels within the city limits.

The study included a listing of known sales prices since 1958 on 78 parcels of vacant land that had been sold.

The purpose of the tabulation is to learn the relation of assessment values to the market values of the property. This study of 78 parcels indicated that the city assessed value is at 62 percent of the market value, Knowles added.

The city manager stated that the same parcels indicate the county has an average assessment of vacant property at 92.088 percent of the market value.

Knowles explained that the total market value of the 638 parcels would be \$2,140,260.87 but the city assesses them for only \$733,020. By applying the 62 percent rule to the market value, it can be seen that the city assessed value should be \$1,326,963.46.

This indicates a loss of valuation of \$593,915 to the city. Transposing this loss into tax revenue, it means that these 638 parcels alone contain an annual loss to the city of \$1,326,963.46.

The schedule for three orbits called for Carpenter to descend by parachute into the Atlantic about 800 miles southeast of the cape. After recovery he was to be flown to Grand Turk Island in the Bahamas for examination and a 48-hour rest.

If his flight had been ended after two orbits he would have landed about 450 miles south of Bermuda.

## Altamonte Schedules Water Meet Tonight

A public meeting will be held tonight at the Altamonte Springs Community House for purposes of informing the people about the proposed municipal water system, which has been under discussion by the council for over a year.

According to Mayor W. L. Swafford, "the time has come when the people have to take action, one way or another, and decide whether or not they want municipal water, and the consequent benefits, like lowered insurance rates, improved fire protection and others, or whether they want to remain a little town."

The new system, which will be financed by revenue bonds based on the system's income, will call for a minimum monthly charge of \$3.60 for the first 4,000 gallons of water used for single family residential installations, and a minimum of \$4.50 for commercial installation for the same minimum.

A decreasing scale of charges will be used for consumption over the minimum. There will be a \$10.00 deposit, which will include the minimum payment for the first month, and in consideration of the payment there will be no connection charge for persons filing the original applications, which will be passed out to every house in town, and to all attending the meeting tonight.

If a freeholder decides at a later date there will be a connection charge of \$40.00. The town will ask for an easement from the main to every house requesting a connection and all the connection pipe and the meter will be the property of the municipality.

Commissioner James P. Avery, reached Wednesday afternoon declared, "My personal opinion is the cooperation shown by the state in projects requested by Seminole County leave much to be desired. It is so consistent and so deliberate that I am led to believe it is a matter of personalities."

He pointed out that the bridge and road are the responsibility of the State Road Department and the County road department can do nothing to keep the situation under control.

Contacted at his office this morning, newly appointed County Engineer William Bush, said he wasn't conversant enough with the situation yet to be able to speak as an authority, but it was his understanding the replacement of the Osteen Bridge was entirely dependent on what decisions are reached with regard to the Sanford-Titusville or Cape Canaveral canal.

State Road Department District Engineer Ritchie Green, reached at his Deland office, said there is nothing provided for in the new SRD budget to do any more than keep the Osteen Bridge usable.

There is no allotment for building a new bridge and there won't be any funds allocated until "final decisions are made on the Cape canal, and then we will have to go into the design of the bridge itself and decide on the height and span."

### No Funds Available, Says Green

The Osteen Bridge is in the news again.

Wednesday morning the beam at the east end of the rickety structure gave way and a state road crew from Cocoa was brought over and spent the better part of five hours effecting a repair, that, in the words of SRD District Engineer Ritchie Green, "Will at least keep the thing usable."

Traffic was piled up at each end of the bridge while the men from the State Road Prison Camp at Cocoa, sweltered in the hundred degree heat to remove the broken support and replace it with a new beam.

The east end of the bridge was raised on jacks and the broken beam removed and then a derrick truck backed up and lowered the new support into place.

It was also observed that beams resting on several pilings supporting other parts of the structure were only half resting on their supports.

Residents of the area were out in force to watch the repair, and one, L. E. Leeper, who lives a short distance east of the bridge, said, "We have been isolated a number of times in the past six years because this bridge isn't usable completely. There ought to be some way to force the State Road people to replace this thing with a bridge we can use."

Commissioner James P. Avery, reached Wednesday afternoon declared, "My personal opinion is the cooperation shown by the state in projects requested by Seminole County leave much to be desired. It is so consistent and so deliberate that I am led to believe it is a matter of personalities."

He pointed out that the bridge and road are the responsibility of the State Road Department and the County road department can do nothing to keep the situation under control.

## Take A Little....

Acting on the recommendations of teachers that more and shorter breaks make for improved work on the part of both students and teachers, the County Board of Public Instruction today submitted a new school calendar to the school board for their approval.

Pinching four days off Christmas vacations, to make it ten days instead of two weeks, the board added two days to Easter vacation and gave teachers and pupils two

days off in March for teachers to attend the state FEA convention.

As approved by the board, the new schedule for next year begins on Sept. 4th, with a Parent-Teacher Conference Day (holiday for students but not teachers) on Oct. 26th, Thanksgiving holidays Nov. 22, 23, 24 and 25th, and Christmas vacation commencing on Dec. 21st.

Schools will reopen on Jan. 2nd and another Teacher-Parent Conference Day is slated for Feb. 1. A two day holiday for teachers convention is set for March 14 and 15th, with Easter Spring Vacation enlarged giving April 11, 12, 13 and 14th.

Another Parent-Teacher Conference Day is set for May 3 and the last day of school for students is June 6, 1963.

Teachers attend two extra weeks, in one pre-school and one post-school planning period, and students will attend the usual 180 day period.

## Fire Auxiliary Celebrates At Dance

Members and friends of the Auxiliary to Lake Mary's Volunteer Fire Dept. gathered at the Fire Hall last Saturday night to help the ladies celebrate the third birthday anniversary of their organization.

The hall was transformed into a ballroom for the occasion with decorations in colors of yellow and white and a buffet table held an abundance of party sandwiches, pickles, potato chips, and the large punch bowl. Centering the table was the auxiliary's birthday cake decorated with miniature fire engines and the anniversary greeting.

During the evening those attending danced to recorded music and played a novel marble game. The door prize, a combination two-piece steak broiling and serving platter, went to Joe Smathers. Officers of the auxiliary, speaking briefly, expressed their gratitude and appreciation for cooperation received on numerous projects held their past three years of activity.

## Center Building Costs Lower Than Estimate

By Mrs. Adam Muller  
James Duffy, president of the DeBary Civic Assn., gave a financial report at the last meeting of the group on costs to date of the new addition to the Community Center.

Pointing out that estimated costs were set at an approximate \$11,000 for construction completed thus far, Duffy reported that the building has been achieved for \$9,047.75 as a result of the manner in which operations were conducted.

Except in two or three phases of the work, the association bought materials and supplies and let the actual work on an hourly basis. One important exception was the installation of the steel roof trusses which was done under contract for \$2,310 plus a few extras.

An important factor in achieving the building in its present stages of progress at such surprisingly low costs was the fact that free service, materials and labor were donated by many local members and businesses.

Work still to be done on the addition before it reaches the desired completion include installing a ceiling, finishing the dressing rooms, painting and landscaping the grounds.

## Landscaping Added For New Fire Hall

By Mrs. Adam Muller  
The DeBary Garden Club, in cooperation with the local Volunteer Fire Dept. and Dave Bride Nurseries of DeLand, has landscaped grounds around the new Fire Hall building on Colombar Road using a number of plants taken from in front of the DeBary Post Office.

Other improvements in the new building include a large exhaust fan mounted over the stage and progress on the kitchen which is being furnished with all yellow equipment. Ceiling and walls have been insulated and ovens and stoves are ready for installation.

A powder bench and chair have been provided for the ladies dressing room and running water has been piped to both dressing rooms. Too, the thistle-colored stage curtain has been fire proofed.

When the Auxiliary members resume meetings in the fall, most of the painting and kitchen work will be completed and a patio roof over the front door will be in place. DeBary residents and friends of the community who have not yet visited the new building are urged to do so.

## Fort Myers Man To Meet Men's Garden Club

Special guest of the group which will meet today to begin organization of a Men's Garden Club in Sanford will be Charles Guernsey of Fort Myers, former president of the men's garden club there.

Interested men will meet at the home of Ralph Jarvis at 1710 Sanford Ave. at 8 p. m. for an organizational meeting and election of officers. Also present will be assistant county agent Ernest Lundberg and organizational members Dr. J. F. Darby, Ben Wiggins, Cecil Tucker, Homer Osborne, W. T. Scudder and Ralph Jarvis.

## \$160 Netted For Center

By Mrs. Adam Muller  
The DeBary Duplicate Bridge Club has reported a profit of \$160 which will be turned over towards the Community Center Building Fund from its recent benefit bridge game and silent auction.

Howard Middleton, spokesman for the club, expressed appreciation to members and players in helping to make the event a successful one.

## Dear Abby:

By Abigail Van Buren

DEAR ABBY: I have been married three years and I am still picking up after my husband. He leaves a trail of clothes from the kitchen to the bathroom. He never puts the cap on a tube of toothpaste or shaving cream. He never hangs up anything or puts his soiled clothes in the hamper. Honestly, you would think he was a little boy. Why are men so lazy and what can a wife do about this? EXHAUSTED

DEAR EXHAUSTED: Your husband's sloppiness has nothing to do with laziness. His mother never finished "raising" him. Finish the job.

DEAR ABBY: I am a daughter-in-law who is stuck with my husband's mother 24 hours a day. She has three daughters, all of them married, and much better off financially than we are. But they refuse to keep her or give us a penny toward her expenses. She is 66 and in poor health. Her mind is going, too, and I can't trust her alone in the house. I didn't marry my husband to be a 24-hour nurse for his mother, yet I can't put her out on the street. I told her daughters what I thought of them and now they aren't speaking to me. I am only 37 and look like 50. What should I do? STUCK

DEAR STUCK: You are address-

ing your complaints to the wrong department. Your husband should take the matter up with his sisters. If they don't want to keep their mother, they should each contribute toward her care in a good nursing home. The squeaking wheel gets the grease. Squeak!

DEAR ABBY: Our only son (22) is marrying a girl who is not speaking to us. A few months ago she found out something about us that happened years ago, which is nobody's business but ours.

The wedding will be a big affair. Isn't her mother supposed to ask me for a guest list? And aren't we automatically invited to the wedding or must we have an invitation, too? This is very embarrassing.

MOTHER OF THE GROOM

DEAR MOTHER: Although the bride isn't speaking to you, I presume the groom is. Ask him about the wedding plans and straighten it out with the parents of the bride immediately.

How's the world treating you? For a personal, unpublished reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

## Jacoby On Bridge By Oswald Jacoby

In today's hand, sent me by my old correspondent, Mr. J. P. Guertin of Montreal, I have shown only 12 cards in the East and West hands. The reason is that I want you readers to be faced with the same problem that Mr. Guertin and his partner presented South.

South won the opening club with his king and led the deuce of hearts. West played the jack. This play marked him with the king.

South cashed dummy's ace of clubs and ran the diamond suit. His own discards were four spades and the queen of hearts so that he was left with the ace, king and jack of spades.

East discarded five clubs so that he was left with two small spades and one mys-

tery card, which South knew would have to be either the seven of hearts or the queen of spades. West discarded the four-eight-nine and five of hearts and three of spades in that exact order.

He was clearly left with a small spade, the king of hearts and one mystery card. If West's mystery card were the queen of spades South could make the rest of the tricks by dropping it. If it were the seven of hearts a spade finesse would be the winning play.

Actually, West's mystery card was the queen of spades and south tried the finesse and went down two tricks.

What would you have done?

## We The Women: By Ruth Millet

"The language of women differs extensively from the language of men," says a professor of linguistics. Any husband will agree with the professor on that.

When a woman says she "found" the most perfect dress, or hat, or sofa she certainly doesn't mean what a man means by "found." What a woman really means is she bought the article mentioned—as any husband soon learns.

When a woman uses the word "darling," it may be an endearment as it is when a man uses it. But just as likely "darling" is used to describe a hat, a dish, a house or any-

thing else that strikes a woman's fancy.

A woman uses the word "save" in ways that would never occur to a man, too. A woman can, for instance, find all sorts of ways to use "save" for "spend." She "saves" her husband money (or so she tells him) when she "finds" a "darling" dress at half price.

And that brings up the word "bargain." To a woman, almost anything she buys is automatically described to her husband as a "bargain," either because it was on sale, was cheaper at one store than at another or just because she hopes if she calls it a "bar-

gain" her husband won't call it an extravagance.

To a man a minute is 60 seconds. But to a woman a minute may mean half an hour, especially when she says she'll be ready in a minute, or dinner will be ready in a minute or she'll only be a minute in a store.

And there's that word "charming." Men reserve it for women. But women use it to describe things—a house, a restaurant, a room, a garden, or just about anything else that can't be described as interesting, cute or darling.

Men and women even use the word "relax" in a different sort of way, too. When a wife tells her husband to relax, she means for him to take to an easy chair because she has noticed that he looks tired and she is concerned about him. The word, when a woman uses it has a solicitous sound. But when a husband tells his wife to relax he is usually irritated with her and what he really means is "For heaven's sake, quit nagging or quit worrying or quit rushing around tidying up."

Formulae for bliss: read Ruth Millet's booklet, "Happier Wives (Hints for husbands)." Just send 25 cents to Ruth Millet Reader Service, c/o The Sanford Herald, P. O. Box 489, Dept. A, Radio City Station, New York 19, N. Y.

## Highlights

TV Time Previews

7:30-8 p.m. (CBS.) Oh, Those Bells. Another improbable half hour of slapstick humor, this time using the dizzy heights of a skyscraper under construction as a backdrop. After denting the fender of a car, the Bells go to the structure thinking the car's owner is a construction worker. Harry, Herbert and Sylvester Wiers are starred.

8:30-9:30 p.m. (NBC.) Dr. Kildare. "Operation: Lazarus." Mary Astor and Sidney Blackmer grace this absorbing story. Blackmer plays a psychotic who may be brought back to reality, possibly resuming his medical practice, through administration of an experimental drug.

Miss Astor plays his doubly tormented wife, since a return to sanity for her husband will bring him realization that she is in love with another man. In his Dr. Gillespie role, Ray-

mond Massey shines, and there are some good bits by Joaquin Tomic, Stephen Frank and Jean Allison as mental patients.

9:30 p.m. (CBS.) Tell It To Groucho. This is the final episode of Groucho Marx's short-lived series and he goes out in a blaze of glory, particularly in a chat with a young married couple on the secret of happiness. Individually, the couple is recognizable as Jackie Joseph, femme foil on the Dr. Kildare show, and Ken Berry, a "Dr. Kildare" interne. For added laughs there's a female football player. Not so funny is Groucho's interview with a diamond merchant.

9:30-10 p.m. (NBC.) The Untouchables. "The Untouchables." A young married couple on the secret of happiness. Individually, the couple is recognizable as Jackie Joseph, femme foil on the Dr. Kildare show, and Ken Berry, a "Dr. Kildare" interne. For added laughs there's a female football player. Not so funny is Groucho's interview with a diamond merchant.

# USO Celebrates Birthday

The Sanford USO Club celebrated its 21st anniversary Tuesday at a dinner-dance meeting, attended by service men and representatives of all the agencies and organizations which contribute time and service to the USO.

Guests were entertained by the singing of the boys of the Ivy Three trio, Jack Ivey, Mike Champion and Doug Stenstrom and by the nine Seminole High School cheerleaders of the Triple Trio.

A buffet style dinner of ham and turkey with all the trimmings was served to 80 guests. Rev. Ernest Bullock of the Good Shepherd Lutheran Church served as the god-blessed emcee of the program and the introduction of guests.

Certificates of recognition for cooperation and assistance were presented by the Chairman of the USO Committee

Rev. James Barnett and Capt. Robert Ware of the Naval Air Station. The following organizations received certificates: YWCA Business Girls Club of Daytona Beach; Sanford Pilot Club; Womens Auxiliary of the First Presbyterian Church; Womens Auxiliary of Holy Cross Episcopal Church; Seminole County Home Demonstration Club; Seminole County Chamber of Commerce; Womens Club of the Lake Mary Church of the Nativity; Florida Power and Light Co.; Sanford Herald; Radio Station WTRR; Radio Station WSRF, NAS Transportation Dept., and the Sanford Garden Club.

Individuals receiving special recognition were Mrs. Edna Strigoni, Miss Carolyn Michels, Junior Volunteer; Marine Color Guard of the Naval Air Station; T. R. Sommer, Editor of the SANFLY; Chaplain Paul Antos, Chaplain Robert Deal; Lt. Kyle Prew and Lt. Eugene Rogeto of Navy Special Services.

Guests of honor included Capt. and Mrs. Robert Ware; Capt. and Mrs. Joseph Tully Jr., Major and Mrs. Ernest Bowen, Capt. and Mrs. A. L. Mullins, Mr. and Mrs. Warren Knowles, Major and Mrs. J. H. Crapps, and Gen. and Mrs. J. C. Hutchison.

## Memorial Services Set In DeBary

By Mrs. Adam Muller

World War I Barracks 1197 of DeBary, meeting for the May meeting at the Community Center, planned to participate in the combined Memorial Services at the DeBary Baptist Church next Sunday beginning at 10:45. Services will be sponsored by various veterans' organizations of the community.

A citation for recognition as one of the leading organizations in the state by the Florida Dept. Chief Adjutant was presented to the DeBary group. Commander Ralph Combs expressed his appreciation for excellent attendance at the District 6 convention held earlier this month in DeLand. DeBary's 33 members made up the largest delegation from any barracks in the district.

Plans were made for a trip to the Lake City Veterans Hospital when the local barracks will present a TV set to be installed in the hospital's new wing expected to open next month.

Announcement was made that the June 9 meeting will be held at Burt's Park in DeLeon Springs for a picnic. Cars will leave DeBary at 9 a. m.

## Fourth Graders Tour Springs

The fourth grade class of Mrs. Edna Humphrey of the Lake Mary School recently took a trip to Silver Springs, as an educational tour.

The students, parents and teacher rode on the glass-bottomed boats, saw the Seminole Indian village, the aquarium, the bird of prey show, the Ross Allen Reptile Farm and took a jungle cruise.

Later they enjoyed a picnic lunch and throughout the day took many pictures and movies.

Adults who drove the 38 children and accompanied them were Mrs. John Williams, Rev. Herbert Goetz, Mrs. Leonard Elingwood, Mrs. H. B. Lyon, Mrs. R. H. Kennedy and Mrs. Humphrey.

LONGWOOD P-TO OFFICERS, installed at Tuesday night's meeting by retiring president, Mrs. Arthur Rhodes, are, from left, John Strong, treasurer; Mrs. Pauline Stevens, secretary; Mrs. Edna Scott, vice president and Wayne Joiner, president. Introduced at this meeting was Louis Kosky, at right, new principal of the school. (Herald Photo)

## Boy Scouts Plan Barbecue

Boy Scouts of Lake Mary Troop 242 will stage a chicken barbecue Saturday afternoon at the Fire Hall with serving and takeout lines scheduled to be operated from 5 p. m. until 7 p. m.

Ed Zimmerman, chief for many such barbecues held in Lake Mary, again will supervise cooking activities and mothers of the scouts will supply baked beans, cole slaw, iced tea, rolls and baked desserts to go with the meal.

For entertainment, the Troop's ever-popular Indian Dance Teams will perform with assistance from several guest "Indian Maidens."

Scoutmaster for Troop 242 is David Scott of Little Venice and Dance Team instructor and supervisor is Richard Scott of Lake Mary.

The troop is made up of boys from Lake Mary, Little Venice, Loch Arbor and Ravenna Park areas and is one of the largest in the St. John's District. Proceeds from the barbecue will go towards the purchase of needed equipment and supplies.

## Sets New Dates

MELBOURNE (UPI)—The Australian Lawn Tennis Association has released new dates for this year's Davis Cup tennis challenge round at Brisbane. The association scheduled Dec. 26, 27, and 28 to avoid playing on Sunday.

The program will be a variety show of dancing, singing and speaking in a demonstration of the outgrowth of the year's work.

The program will be entitled "The Four Seasons."

## Westside First Graders Plan Musical Show

Students of the first grades at Westside School will present their spring musical program Monday at 1:30 p. m. at the school under the direction of Mrs. M. Kelly, music teacher, and Mrs. Sue Torres and Mrs. Frances Rivera, first grade teachers.

The program will be a variety show of dancing, singing and speaking in a demonstration of the outgrowth of the year's work.

The program will be entitled "The Four Seasons."

## Girl Scout Day Camp Set In July

Plans are being formulated for the Girl Scout Day Camp to be held July 23 to 27 at Silver Lake Camp near Onora Rd., Mrs. M. J. Sorokowsky, camp director, announced today.

## Intent To Annex Gets ACL Okay In Casselberry

An intent to annex for properties in Casselberry's Reddington Woods residential area including Atlantic Coast Line Railroad rights of way will be presented at the next meeting of the Board of Aldermen.

Approval of the request has been pending clarification of exact ownership of the railroad property and an ACL okay for its inclusion in the annexation since February.

Without the rights of way, Reddington Woods properties would lose their contiguous nature and, according to Kenneth McIntosh the town's attorney, could not be properly annexed under existing laws.

Agreement from the railroad company was announced at this month's meeting of the aldermen who authorized the continuation of necessary legal steps.

The original request for annexation, made at the February meeting by developer Hubbard Casselberry who owns most of the land involved, came under fire from Alderman Robin Lady who said he recognized a "hidden threat to oust the entire Reddington Woods section unless the action was approved."

Lady went on to point out the possibility of industry moving in on the first class residential area and cited the many problems which could be incurred through road upkeep.

Legal work for the annexation at that time was approved by a split vote of the board.

day through Friday and it is expected that bus service will be provided.

For a nominal fee per girl, Scouts will receive milk daily, insurance and materials for arts and crafts. Second, third and fourth graders are eligible or those who wish to become Brownie Scouts.

"However," Mrs. Sorokowsky pointed out, "registered scouts will be accepted first." Registration should be made with Girl Scout leaders or by calling no later than June 1. Swimming will be under supervision of Red Cross swimming instructors.

Anyone interested in helping or needing further information is asked to call Mrs. Sorokowsky at 303 Vinewood Drive.

## Rev. Barnett To Take New Church In August

Rev. James N. Barnett, pastor of the First Christian Church in Winter Haven, has submitted his resignation to the church in Sanford in order to accept a position as pastor of the First Christian Church in Winter Haven.

The popular young minister has been active in civic affairs since coming here in July 1959 and is president of the Seminole County Ministerial Assn. He serves on the board of directors of the Kiwanis Club and the Salvation Army and is chairman of the USO Advisory Board.

It was recently elected to the office of vice president of the Central District Convention of Christian Churches (Disciples of Christ) and serves on the state committee on evangelism.

A graduate of Eureka College in Eureka, Ill., and a native of Illinois, he did his graduate work toward a BD degree at the College of the Bible in Lexington, Ky. With him are his wife Delores and his three children, David, Mike and Melissa.

Rev. Barnett stated that he will not be leaving Sanford until the latter part of July to take over his new duties in Winter Haven in August.

## Old Glory Unit Sets Poppy Sale

Old Glory American Legion Unit 183 will conduct its Poppy Day Sales on Friday and Saturday of this week, mandatory dates set by the national organization of the American Legion Auxiliary.

Mrs. Mary Kollman, Altamonte Springs chairman, is asking for volunteers to work with the sales which aid rehabilitation of hospitalized veterans and to care for the disabled and veterans children of the community.

# Williams Hurls No-Hitter; Fans 15

By Ronnie Broadway  
Herald Sports Editor

Larry Williams pitched a perfect no-hitter against Perfection Dairies as George's collected six hits off losing pitcher Glen Valet to score an easy 4-1 victory.

Williams also led the hitting attack for George's with a pair of safeties.

Williams was really hot on the mound as he struck out 15 batters in the only American League action.

In National League action, Tommy Hickox pitched First Federal to a close 8-7 win over Monroe Harbor. The score was knotted for five innings but First Federal came up with a single tally in the final stanza to pull the game out of the bag. Wilson was the

## Open Warfare Flares On Pro Basketball Front

SAN FRANCISCO (UPI) — Open warfare flared on the professional basketball front today following the announcement that the Philadelphia Warriors would be moved to San Francisco for the 1962-63 season to campaign against the Saints of the American Basketball League.

A syndicate composed mostly of San Francisco men put up \$850,000 to purchase the Warriors, including the fabulous Wilt (The Stilt) Chamberlain, and the team will open here in the fall.

Along with the announcement from the National Basketball Association of the move came a flat statement from the owners of the Saints that they would be ready to do battle.

"We already are negotiating to get Chamberlain away from them," said Kevin O'Shea, general manager of the Saints. "He has his 1962-63 contract to play out, but we hope to get him for the following season."

The Saints had announced earlier they would file a \$3 million dollar suit against the NBA on an antitrust basis.

## DeBary Spareribbers Present Annual Awards

By Mrs. Adam Muller

The annual dinner and awards program of the Spareribbers Friday Afternoon Bowling Club of DeBary, held at Morrison's Imperial House in Winter Park, was attended by 88 members and guests.

Frank Stoney, president of the club, was master of ceremonies.

Trophies awarded included seven donated by Mrs. Stoney (Hoops), six by John Spolski of Jet Lane in Sanford and five by President Stoney.

Officers elected at the banquet meeting included Stoney, re-elected president; Col. Harry Fritts, first vice president; Herbert Richards, second vice president and Orville Jones, re-elected as secretary-treasurer.

The committee in charge of the event included Ed Conley, chairman and Mrs. Conley, Mr. and Mrs. Fred Dominick, Mr. and Mrs. Arnold Hooper, Mr. and Mrs. Jones and Mrs. Stoney.

Handsome inscribed compacts were presented to four lucky ladies and almost \$300 in cash was refunded to players as their share of the season profits. Many other prizes also were awarded during the event.

The club voted to form eight five-man teams for the 1962-63 season and to play at Jet Lane.

Individual trophies presented went to Ellsworth Ogden, high individual average; Orville Jones, second high individual average; Herbert Richards, high three game series; Hugo Long, high individual game; David Rothchild, second high three game series; Charles L. Starks, second high individual game; Frank C. Stoney, third high individual average.

## Lyman Preps For Grid Show On June 1

losing pitcher for Monroe Harbor.

Hemphill Motors continued

Coach Buck Metts is steadily making improvements in the Lyman High School spring football schedule in preparation for the spring tilt June 1. Metts reports about 47 boys still out in uniform each day.

Outstanding members of the squad who have been showing up very well in practice thus far are: In the backfield, David Haines, LaRue Balmer, Dick Balmer, Phil Perrault and Frank Hundley; on the line, Gene Winkelman, Alan Berkenmire, Bill Burkhardt, son of major league umpire, Johnny Criswell, Bill Toonk, Carl Stevens, George Crab, Dennis Flutter, Marvin Fellows and Richard McCanna.

Metts has several outstanding ninth grade prospects. These boys will be sophomores next year and there are some fine prospects for next year's varsity. Metts lists the boys as Charles Wagner and Ailie Buesse at center, Steve Gregg and Ronnie Donn at guard, Bob Seagar at tackle, and Jack Blanton and Dick Avina in the backfield.

The boys have had two scrimmage games thus far and plan another today. The games were an attempt to divide the boys into two groups, the blue and the white, for the June 1 contest. The two probable teams met in a scrimmage tilt Tuesday and the score ended in a 6-6 deadlock, so the inter-squad game should prove to be quite interesting.

## NFL Plans Honors; Rozelle Gels New Pact

NEW YORK (UPI) — The National Football League moved today to honor its own with the announcement of grounds rules for membership in the Professional Football Hall of Fame.

In its next to last session of the annual spring meetings, the circuit's club owners also handed Commissioner Pete Rozelle a new five-year contract calling for a \$10,000 raise.

Earlier, the club owners voted the youthful Rozelle a \$10,000 bonus for the 1961 season, one of the greatest in the league's long history, when its expansion to 14 teams resulted in new interest, added patronage and a lucrative television package. The owners also voted a \$3,000 raise to league treasurer Austin Gunzel.

"Rozelle demonstrated to us the kind of leadership we needed last year," said one club owner. "He more than deserves the raise we gave him."

In order to evaluate properly and fairly the performance of players throughout the years during which conditions and playing rules underwent radical changes, the history of the game must be divided into distinct eras and the memorable men of each period must be judged in separate groups, reads the preamble to membership into the Hall of Fame.

## THAT AIN'T NO PEACE PIPE

## Allen, Callen Pace Keglers

It wasn't the Bobsey twins, but it does sound like it, as Betty Allen and Betty Callen led the women's scratch league in high scoring this past Monday night. Mrs. Allen had a 202-539 set, and Mrs. Callen rolled a 531 scratch series.

This league, sponsored by David Smith's Used Cars, has a line-up of team names that are purely for laughs, with The New Dealer leading at present with 15 wins, 5 losses. The Flat Tires, after repairs, took over second slot with 14 wins, and The Peanut Vendors hold third with 12½.

Helen Price of The Hot Rodders had high single game, a 205, and Jane Bollinger rolled her first sanctioned 200 with two pins to spare.

The Nuts 'N Bolts team had high series with a whopping 1888, and The Flat Tires took high team game with 850.

## Bums Close In On Lead

By United Press International

Disenchanted Casey Stengel is getting up bright and early today to track down that smart aleck who would have everyone believe there is no place like home.

Casey thinks that's just a lot of sentimental pap. In a way, you can't blame him.

He came home Wednesday night to Glendale, Calif., for the first time since last winter and among those who were delighted to see him were the Los Angeles Dodgers, who promptly hung a 3-1 shiner on his New York Mets to climb within 1½ games of the National League lead.

Fine way to welcome a fella home, wasn't it? The inhospitable Dodgers did the job up brown. First they let Casey sample some of that good home cooking. They even sat back quietly while many of his Glendale neighbors among the crowd of 19,983 at Chavez Ravine greeted him and cheered him before the game.

Then they went out and gave him the works, coming up with a pair of runs in the eighth off ex-teenmate Roger Craig to break a 1-1 tie. Ron Fairly's sacrifice fly with the bases full scored the tie-breaking run and another run came over when Frank Howard hit into a fielder's choice. Don Drysdale stopped the

Mets on four hits, striking out seven and walking only one for his sixth victory compared with three defeats.

A sidelight on the game was Craig's valiant efforts to keep the fleet Dodgers from running wild on the bases. After Maury Wills singled in the third inning, Craig threw over to first baseman Ed Bouchee nine times to keep Wills from getting any ideas.

The Met pitcher finally balked Wills to second from where he scored the Dodgers' first run on Jim Gilliam's double.

In other National League games, the Pittsburgh Pirates snapped the St. Louis Cardinals' six-game winning streak, 6-3; the Philadelphia Phillies handed the first-place San Francisco Giants their third straight defeat, 10-7; the Houston Colts blanked the Cincinnati Reds, 2-0, and the Milwaukee Braves beat the Chicago Cubs, 4-2.

The Cleveland Indians defeated the Chicago White Sox, 5-4, in the American League. The New York Yankees overpowered the Kansas City A's, 13-7; the Boston Red Sox knocked over the Minnesota Twins, 6-1, and the Washington Senators downed the Los Angeles Angels, 7-2. Rain

washed out the Detroit-Baltimore game.

Bob Skinner's triple with two men on base highlighted a four-run first-inning rally that started the Pirates on their way against the Cards. Harvey Haddix, the first of three Pittsburgh pitchers, was the winner and Larry Jackson the loser.

Mr. and Mrs. George A. Stine are enjoying a visit with their three year old grandson, Steve Hughes, of Waukegan, Ill. His father, John L. Hughes is taking a Navy Reserve law refresher course in Jacksonville and brought Steve with him. The Stines met them there and the young guest accompanied them home. His parents plan to join him here, later in the summer.

## Mrs. Scott Honored With Surprise Party

By Shirley Wentworth

A surprise birthday party was given Sunday afternoon by Mr. and Mrs. Bud Webb at their home on Shirley Drive, Bear Lake Manor, honoring Mrs. Richard Scott, a neighbor.

A group of neighbors and friends and their children assembled, brought many lovely gifts and enjoyed visiting and games during the afternoon.

The children enjoyed playing together as much as the grown ups at their party.

A barbecue chicken supper with all the trimmings was served about 6 p.m. Those joining the honoree and hosts were, Mrs. Scott's husband and two sons, Jerry and Terry; Mr. and Mrs. Joseph Seaton, parents of the hostess; the three Webb boys, Tommy, Billy and Mike, and Mr. and Mrs. William Leavell and sons, Steven and Terry.

SENIOR GIRL FRIENDS of Miss Bonnie Gielow (in the rickshaw) enjoyed a gala luncheon at the Riksha Inn Saturday given by Mrs. Kyle Shoemaker and Mrs. Evelyn Cushing. The girls received favors of coolie hats and helium filled balloons, and corsages were presented to each. Miss Gielow received a gift of a scrapbook in which to keep remembrances of this party and others. Debbie Scott, Rose Kratzert, Cheryl Chandler, Vida Sue Smith, Loretta Fore, Frankie Ballard and Jean Robson, (pretending to pull rickshaw) enjoyed the luncheon with the honoree and hostesses. OFF TO YOUR LANGUAGE LESSON, SARGE? YEAH, SEE YOU JERKS LATER. IS HE STUDYING A FOREIGN LANGUAGE? I'LL SAY. THE CHAPLAIN HEARD HIM CHIEVING US OUT AND DECIDED TO TEACH HIM ENGLISH.

**MORTY MEERLE**

I GUESS I'M GOING THROUGH MY SCIENTIFIC RESEARCH PHASE. COME AND SEE MY LATEST EXPERIMENT! DID YOU KNOW THAT ONE JAR OF NUTRO-MALT WILL MAKE SEVENTY-THREE GLASSES OF CHOCOLATE MILK? I BELIEVE THAT'S ABOUT THE SHORTEST PHASE I EVER WENT THROUGH.

**FRILLIA'S POP**

YOU MEAN YOU PAID \$100 FOR THIS LITTLE BOTTLE? BUT DEAR! YOU'RE THE ONE WHO WANTS ME TO USE PERFUME. HURRY, HAZEL, I KNOW... BUT MUST IT ALWAYS BE THE EXPENSIVE KIND?

**BLONDIE**

DASWOOD—DO YOU WANT FRENCH DRESSING OR MAYONNAISE ON YOUR SALAD? WOULD YOU JUST AS SOON HAVE FRENCH DRESSING? SURE. THEN WHY DID YOU SAY YOU WANTED MAYONNAISE? HONESTLY, HUSBANDS CAN BE SO EXASPERATING WHEN THEY WANT TO BE!

**CAPTAIN EASY**

NO, MESS OUT, POP SAYS IT'S HIS TURN TO PITCH TONIGHT. I MAY SEE HIM AT THE BALL PARK. I'LL BE ON HAND AFTER THAT OPERATION, SON! HAVE YOU SEEN RONNIE, YET? I'LL BE MIGHTY PROUD TO HAVE A SCIENTIST IN MY FAMILY. ONE BALLPLAYER IS ENOUGH! DUNNO HOW TWO BROTHERS CAN BE SO ALIKE IN SOME WAYS, AN' DIFFERENT IN OTHERS. RONNIE NO SCHOLAR, BUT HE'S PROUD OF YOU AN' LOVAL! IF ONLY HE'D SETTLE DOWN AN' STAY OUTTA TROUBLE, SOME OF HIS CROWNS. IT'S NEVER SERIOUS TROUBLE, MOM! DON'T WORRY ABOUT RONNIE.

**FRECKLES AND FRIENDS**

YOU GOIN' TO FRESHY'S PARTY? KID STUFF! WHO WANTS TO MIX WITH A BUNCH OF IMMATURE FRESHMEN? WELL, HIS SISTER IS HOME FROM COLLEGE! SHE'LL BE THERE SERVING PUNCH! A REAL BLAST, ISN'T IT?

**ALLEY OOP**

YOU DIDN'T PUT TH' ELEPHANT'S BRAIN IN TH' MOUSE'S HEAD? OF COURSE NOT! MY INTEREST WAS IN THE REACTION OF A ROCKET'S INTELLECT WITH AN ELEPHANT'S BODY TO DO IT'S BIDDING... NOT WHAT TH' BRAIN OF AN ELEPHANT WOULD DO WITH ONLY THE PHYSICAL APPARATUS OF A MOUSE TO DIRECT. VEZZIE, IS THAT IT SURE CLEAR? IS, DOC... YOU'RE JUST NOT INTERESTED IN DOING THE IMPOSSIBLE!

GOOD MORNING. I'D LIKE TO SEE THE HEAD OF YOUR FIRM. HERE'S MY CARD. I'M QUITE IMPRESSED, NOW IF I CAN FIND A CARD OF YOURS, HERE'S MINE.

**THE PHANTOM**

STUNNED—SHE STARES AT HER SWEETHEART SINCE CHILDHOOD... YOU WANT ME TO... IT MUST BE DONE. HE IS LIKE A STRANGER—STONY AND COLD... AND HE PRESSES SOMETHING INTO HER HAND. DO NOT BE AFRAID, IF YOU ARE INNOCENT MOOGSDO WILL FIND YOU SO.

### Business Briefs

The nation's natural gas reserves have increased nearly 13 per cent in the past five years despite steadily increasing production, according to the American Gas Association.

In 1956, the estimated proved recoverable reserves of natural gas totaled 237.8 trillion cubic feet, compared with 207.7 trillion in 1951.

During the same period, annual production of gas jumped from 10.9 trillion cubic feet to 13.5 trillion as additional numbers of the nation's homeowners and industries turned to natural gas for fuel. These customers totaled 32.3 million at the beginning of 1962.

Last year, both production and reserves set new records. Nearly four trillion cubic feet were added to proved recoverable reserves, despite an increase in production of 400 billion cubic feet in 1961 over the previous year.

A.G.A. noted that during the past decade, discoveries, extensions and revisions have added 72 trillion cubic feet more gas than the 110.3 trillion taken out of the ground.

# Club Awards Prizes To Contest Winners

By Ginny Skisak  
The North Orlando Garden Club presented awards in its April Beautification Month Contest late last week. First prize, \$50 donated by the North Orlando Co. and Horizon Homes, went to Mr. and Mrs. W. W. Anderson, 20 S. Edgemon; second prize, \$25 donated by the Garden Club and the North Orlando Civic Assn., to Mr. and Mrs. Jakob Harich, 31 S. Cortez; third prize, \$15, donated by Mr. and Mrs. Joseph Hage of the North Orlando General Store, to Mr. and Mrs. William MacKintosh, 51 N. Devon; fourth prize, a merchandise certificate from Paul Smith's Amoco Station, to Mr. and Mrs. Louis Robinson, N. Devon and fifth prize, merchandise certificate from Wagon Wheel Nursery, to Mr. and

Mrs. Jack Sutton, N. Third St. Judges for the contest were County Agent Cecil Tucker, Mrs. Grace Flanders, owner of the Wagon Wheel Nursery and Mrs. D. K. Dorman, new president of the Sanford Garden Club. The gardens were judged on the effort involved by the individual, not necessarily on the landscaping and getting the yards neat and clean. Final points were based on general appearance and neatness and the major element of landscaping design emphasizing points of interest and corner planting. Tucker said the Beautification Month should be made an annual affair to keep up and create community pride and spirit and that he realized that it was a community-wide project on improvement and

that all residents should be commended for their participation. He advised that most of the work will reap the benefits probably next Spring and that if work is continued, North Orlando will be the prettiest and neatest spot in the county. Honorable mentions went to gardens of the Donald Nalls, W. M. Stricklands, David G. Tilson, Henry E. Fairburns, Gene Geldings, George Bradfords, Harry Nella, Billy Ryans, Robert L. Ferrells, W. G. Harris, E. W. Peters, S. D. Wrights, E. G. Haucka, Ginny Elkins, W. C. Westburys, J. G. Kellers, Ed Fergusons and C. Trealers. Judges were escorted by Mrs. Mary Rowell, beautification chairman of the club, who presented the awards.

**BEAUTIFICATION MONTH AWARDS** in the contest staged by the North Orlando Garden Club were presented late last week by Mrs. Mary Rowell, club beautification chairman at left, top photo, to Mrs. Vera Anderson, first; Mrs. Jakob Harich, second; Mrs. William MacKintosh, third; Mrs. Virginia Robinson, fourth and Mrs. Jack Sutton, fifth. The first prize winning W. W. Anderson home, bottom photo, also took the club's May Garden of the Month Award. Flowering shrubs and tropical palms, surrounded by flamboyant petunia beds and side borders of colorful glads, gloriosa lilies and thriving azaleas, in addition to the excellent condition of the lawn, all played a part in capturing both awards. ## South Seminole Faculty, Pupils Plan Program

By Jane Casselberry  
Faculty members and students of South Seminole Elementary School at Casselberry will stage a special benefit performance in the school auditorium beginning at 8 p. m. Friday. Funds realized from the entertainment will be used to purchase furniture for the teacher's lounge. The same admission has been set for adults and children alike at an extremely low figure with "babes in arms" admitted free.

## Pirate Auxiliary To Meet Monday

The Women's Auxiliary of Little League Bear Lake Pirates will meet at 8 p. m. Monday at the home of Mr. and Mrs. Richard Scott on Shirley Dr. in Bear Lake Manor. On the agenda will be further planning of a bake sale which will be sponsored by the group to help raise funds for the team.

## South Seminole Garden Club Officers Installed By Director

By Donna Estes  
Mrs. Daniel Bishop of Mt. Dora, Garden Club director for district seven, installed new officers of the South Seminole Garden Club at its final meeting of the current year held Monday at the Civic League Building in Longwood. Installed were Mrs. E. P. Richards, president; Mrs. Ralph Newcomer, vice president; Mrs. L. E. Swope, recording secretary; Miss Ella Cummings, corresponding secretary and Mrs. H. A. Stenzel, treasurer. Prior to the early afternoon ceremonies members of the club sponsored a luncheon in conjunction with the Longwood Civic League with 61 ladies in attendance. Proceeds from the luncheon, which had 61 reservations, will be used to lay a sidewalk from Church St. to the entrance of the building used also to house the Longwood Library. Special guests at the affair,

in addition to Mrs. Bishop, were Mrs. Volie Williams of Sanford, state book chairman and district chairman of childrens work and Mrs. A. W. Epps Sr., founder of the Sanford Garden Club who also gave much assistance in forming the South Seminole Club. **X-Ray Unit Sets Visit To Enterprise** By Helen Snodgrass The importance of chest x-ray will be discussed by Dr. Luther Tarbell of DeBary after today's 6:30 p. m. covered dish fellowship supper at the Barnett Memorial Methodist Church in Enterprise. The annual visit of the Mobile X-Ray Unit sponsored by the Tuberculosis and Health Assn. has been scheduled here for June 8 from 5 p. m. until 7 p. m. at Ryans' Store. Also under discussion will be the church budget for the coming year.

MR. MAGIC

## Mr. Magic To Appear In Show For Oviedo Athletic Field

By Jean Lyles  
The Oviedo Athletic Assn. will sponsor a show featuring Mr. Magic, TV and stage performer, Friday at 8 p. m. in the Oviedo School Auditorium. Proceeds from the show will go towards the building fund for completion of Oviedo's first football field with less than \$1,000 needed to reach the construction goal. Mr. Magic (Harry Wise) was born and reared in San-

ford and attended Sanford schools. He appears regularly on Uncle Walt's WDBO half-hour TV show and has entertained many times for charitable organizations. He also works theater dates, orphanages, hotels, civic clubs and many private parties. Among the feature effects he will use for the Oviedo Show will be guillotine, suspension of a girl in mid-air, the dangerous rope through neck illusion, the enchanted rainbow, cylinders and a dissecto wherein a spectators hand is chopped off at the wrist.

Advance ticket sales are being handled by the Oviedo High Student Council and tickets also are on sale at the Oviedo Drug Store and Olliff's Barber Shop.

## Girl Scouts Complete Skating Course

By Jane Casselberry  
Twenty-five members of Girl Scout Troop 247 who completed a 12-week skating course at Skate City Saturday morning received certificates and merit badges from their troop leader, Mrs. Quentin Bittle.

These same girls will receive their Girl Scout Skaters Badges at a Court of Awards this week. Mrs. John W. Peppers is co-leader of the troop and skating instructor for the course was Kenny Perkins.

Scouts participating were Susan Paine, Kathryn McGehee, Susan Anderson, Kristen Luby, Lynn Hudson, Linda Fisher, Linda Hughes, Lydia Hollands, Penny Sawyer, Suzanne Hunter, Sandra Sloan, Cheryl Lawrence, Valerie Koch, Geory Clanton, Suzanne Munklet, Peggy Peppers, Pam Anderson, Roberta Hewitt, Gail Petersen, Linda Gustavson, Gwen Petersen, Jennifer Boyce, Jennifer Bittle and Carolyn Johnston.

The entire troop is from Lakemont School in Winter Park.

## Benefit Organ Recital Given In DeBary

By Mrs. Adam Muller  
A benefit organ recital was given in DeBary last Friday evening by Freda Hilton at the Community Center with the free will offering going towards the building fund for the center. A lesson in playing the Lowery organ was given with Rev. A. C. Summer receiving his first lesson. The organist included many old favorites, some popular and some classical music on her program for the evening.

## Circle Y Sets Car Wash

By Helen Snodgrass  
Circle Y of the Barnett Memorial Methodist WSCS of Enterprise will sponsor a car wash at the Shell Station in DeBary from 9:30 a. m. until 2:30 p. m. Saturday. Proceeds from the project will be used to redecorate the church parlors.

**REBA HALL**, Forest Lake Academy freshman, left, receives the Crisco Trophy for outstanding work in home economics from her teacher, Miss LaRue Landers. Reba, daughter of Mrs. Marjorie Hall of Orlando, plans to continue studies at the Academy next year. Miss Landers, head of the Home Economics Dept., says the award is to become an annual event at the school.

## Lake Monroe P-TO To Give Variety Show

By Mrs. H. L. Johnson  
The Lake Monroe Parent-Teacher Organization will sponsor a benefit variety and operetta beginning at 7:30 p. m. Friday in the school auditorium. Ticket sales profits will be used towards completion of the Community Hall which the P-TO bought and moved to its present location back of the school last year with proceeds from its well-received Minstrel Show.

Friday night's program will feature the school's fifth and sixth grades in a western operetta entitled "45 Minutes On 'The Range.'" Special variety acts will be performed by parents and young people of the community. After show snacks will be on sale in the school lunchroom. Tickets are available from school children and also will be sold at the door.

## Forest Lake Eighth Graders To Get Exams

By Shirley Wentworth  
Statewide final exams will be given eighth grade pupils at the Forest Lake Academy Church School on Friday of this week and on Monday and Tuesday of next week. These tests, culminating eight years study, are given annually in preparation of the school's graduation exercises which this year have been scheduled for 8 p. m. next Wednesday in the Academy Chapel.

All friends and relatives of the graduating class are invited to attend the exercise for which Pastor Forrest DeTamore will be guest speaker. In connection with graduation activities the eighth graders went to Alexander Springs in the Ocala National Forest on Wednesday of the week for a picnic and outing. Accompanying the students were Mr. and Mrs. James Duke and a group of parents.

## Boy Scouts To Stage Sales In Casselberry

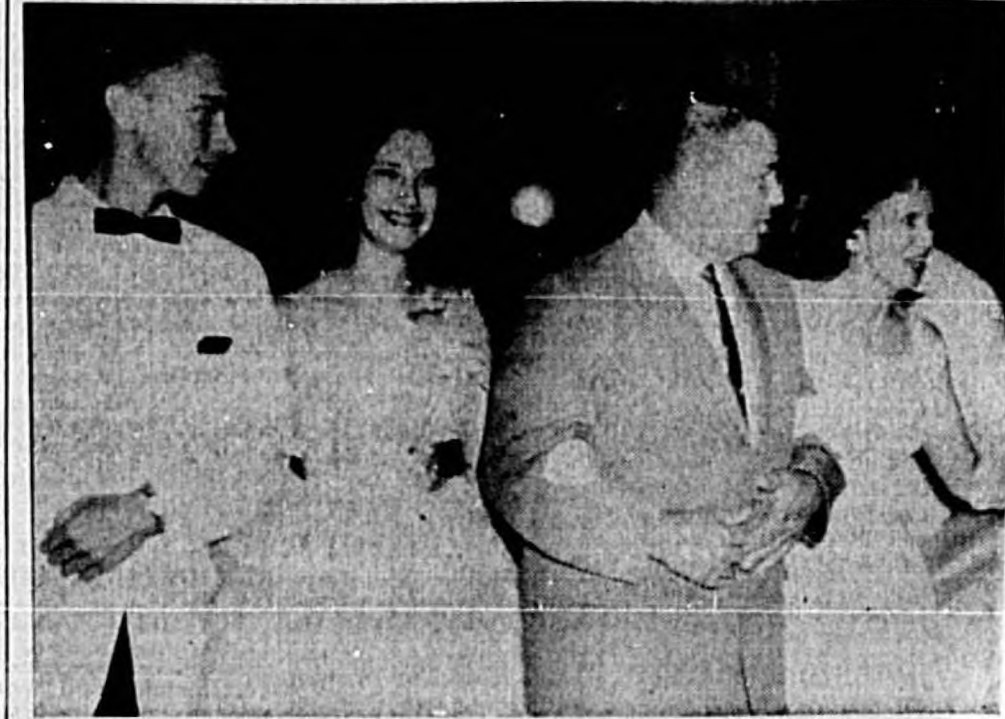

By Jane Casselberry  
Boy Scout Troop 341 of Casselberry, sponsored by the local Lions Club, will hold a combination fresh produce and runnagae sale June 2 at Kish's Fruit and Vegetable Stand on Hwy. 17-92 across from Seminole Trailer Park. Proceeds from the sale will go to buy needed equipment for the troop.

The scouts hope to have a variety of top quality fresh citrus, bananas, watermelons, tomatoes, eggs and corn as well as loads of bread for sale and there also will be used clothing, furniture, and odds and ends priced to appeal to the bargain hunters.

Those persons wishing to help the troop by donating items for the sale should contact Scoutmaster Ted Daniel.

## Wayfarers Hear Judge Williams

By Mrs. Adam Muller  
DeBary Wayfarers, meeting last week at the Community Center, heard Judge Al Williams of DeBary who gave a resume of his duties as Justice of the Peace and conducted a question and answer period on safe driving. Thomas Armao, president of the DeBary Chamber of Commerce, also addressed the group. A games and refreshment period concluded the meeting.

**LEADING** the Grand March at last Friday night's Oviedo High Junior - Senior Prom were Mr. and Mrs. Jim Partin, couple at right in top photo. With them are Don Corton and Gail Mathis. Pictured dancing later in the evening to music of The Midnighters in the Angebill's Sky room, where the Prom was held, are Carl Fabry and Eleanor Duda, bottom photo. (Herald Photos)

## Oviedo High Holds Junior - Senior Prom

By Jean Lyles  
Oviedo High's Junior-Senior Prom was held at 8 p. m. Friday in the Sky Room of Orlando's Angebill Hotel. Upon arrival students, guests and faculty members were announced by Wes Swenson and greeted by school principal Beryl Holder and Mrs. Holder, junior class sponsor Arch Hosick Jr. and Mrs. Hosick, Jimmy DeShazo, junior class president, and Johnny Courier, senior class president.

Master of ceremonies for the evening was John Jakubcin. Decorations, carrying out the Moonlight and Roses theme, included a star-studded ceiling, roses added to the curtains and table centerpieces of roses interspersed with fern. Lighted table candles also were effectively used to further carry out the theme.

Guests were served a full course country fried steak dinner with background music furnished by the Midnighters.

Invocation for the event was given by Mike Tesinsky. The welcome was given by the junior class president and the response by the senior class president. Other student speakers included Dorothy Duda, Ralph Johnson, Suzanne Partin, Carolyn Jacobs and Wes Swenson. Addresses also were given by Principal Holder and R. T. Milwee, superintendent of schools. During their talks, Wes and Carolyn brought to light some humorous characteristics of numerous seniors, much to their dismay, and asked Suzanne Partin to play her version of "Chop Sticks" and Naomi Tuby to play "Around the World in Eighty Days."

To close the student program, Jimmy DeShazo, representing the entire junior class, made a surprise presentation of a gold cup to Hosick in appreciation for time and effort spent as the class sponsor.

Dancing for the evening began with The Grand March led by Mr. and Mrs. James Partin.

## Dog Ordinance Poses Problem In Casselberry

Adopting a new dog ordinance in Casselberry is going to be a long, drawn out business from all indications at the last meeting of the town's Board of Aldermen.

After the board came upon a \$9 bill for humane disposal of just two dogs, which brought on about 30 minutes discussion during the monthly bill paying session, and heard a complaint about the high fine carried by the ordinance, the whole thing was given back to Attorney Kenneth McIntosh for reworking.

The ordinance was similar to one routinely adopted late last year in Altamonte Springs and to the one just approved in Longwood after some four months of consideration and study by the City Council to pass a "fair and workable" law.

Casselberry's ordinance, presented at the April meeting and publicly posted for a month, will have to start anew towards board approval after it is rewritten and questionable parts either deleted or readjusted by the attorney.

## Three Speak For GOP Club

By Mrs. Adam Muller  
The DeBary Republican Club heard Dr. Joseph Connally of Daytona Beach, Eugene Hodges of Ormond Beach and Ethel Bertsch, candidate for the Volusia County School Board, at its monthly meeting held last Thursday in the Community Center.

In view of the fact that Congressman Judd in Washington has announced his plans to retire, Horace Demerest, first vice president of the DeBary Club, presented a resolution to be sent to the Congressman asking that he reconsider and remain in office.

The meeting, preceded by a musical program, closed with a social and refreshment period.

The club's annual picnic was announced for July 10 at Burt's Park in DeLeon Springs.

## EDITORIAL COMMENT

### A Beginning?

Although it's a rare occurrence in these days of almost too rapid growth and development, one thing that seems to continuously receive unanimous support of a town and its people is a program to benefit its children.

Casselberry, for example, has been wholeheartedly working for some time now to provide its youngsters with adequate facilities for participation in a full scale summer recreation program.

A volunteer committee of capable and energetic men has worked tirelessly with representatives of the town and with various civic leaders and benefactors to insure that the area will be included in the upcoming countywide summer enrichment activities.

Property, buildings, mailing permits, money, time and labor, to name only a few, all have been included in the freely given contributions towards a single effort. Such actions, because of their very nature, can only bring full and abundant rewards and could very well mark the beginning of that long dreamed of Municipal Recreation Center in Casselberry.

# Demos Swap 'Hot' Words

Seminole County Democratic Executive Committee member Robert Billhimer today took sharp issue with Gov. Farris Bryant's criticism of the Democratic party leadership in the state.

Bryant today was critical of party leadership which he said had drawn more financial support from candidates for office in the past than it has provided by its own efforts.

Billhimer today rapped Bryant saying his support in the last presidential election was "very lacking." The local democratic committeemen also felt the state committee was doing a good job.

Bryant said the committee which he headed that put on the recent Democratic fund raising dinner at which President Kennedy was speaker, raised more money for the party than the executive committee had raised by its own efforts in its entire history.

Bryant has been the target of criticism in the past week from two party officials who charged him with trying to take control of party machinery in the state. There are indications Bryant is strongly opposed to executive committee chairman James Milligan of Orlando, who has drawn opposition in next Tuesday's primary from Ben Griffin of Ocoee.

The governor told his news conference the executive committee, Bryant said. He said raising group, that it had not paid past campaign debts and had not paid two past national party assessments. But he said it had spent thousands of dollars on party administration.

"Whereas the Democratic executive committee should be supporting the candidates, the fact of the matter is the candidates support the committee," Bryant said. He said in 1959 the committee raised \$668 in funds and spent \$2,000 for administration. The next year the committee raised \$1,500, he said, and spent \$5,000. In 1961, the committee raised \$151 and spent \$4,500.

"I submit to you that the function of the Democratic Party is to put good men in office," he said, "not for good men to support functionaries in office."

Bryant made no direct reference to Milligan and refused to comment on the Griffin-Milligan race. He said he would not attend a testimonial luncheon for Milligan next Saturday in Orlando because it was his policy not to get involved in a local party fight.

Bryant called for stronger leadership to unite the party to win the state back into the Democratic fold in the presidential races. Florida has voted Republican in the presidential races every year since 1952. "I think it's time we won one," he said.

Robbins: There are a number of wells contaminated. Don't know the exact source but some from septic tanks.

Robbins: More than nine? Robbins: Yes, more than nine.

Robbins: What do you do about it? Robbins: If they are public we treat them... if they are private we warn the owners.

Robbins: What about these drainage wells in Orange County coming this way? What do we do about them? Robbins: What can we do about them?

Look for the Seminole Transit Co. to apply for another franchise with the city in the fall. "Cooling off" period now.

Tax war brewing in Sanford. Did you know there are 20 taxi companies and some have started to undercut prices. City Manager W. E. Knowles sent a memo to the police to look into the matter.

Anyone know where we can get a right-of-way map for Interstate 4... None at the county engineer's office?

# Compromise Franchise Sought

A new "compromise" franchise directive, one that will apparently make everyone happy is the goal of County Commission Chairman J. C. Hutchison today.

Hutchison made the statement after a lengthy meeting in City Hall Thursday night between various factions on the merits of the proposed new directive.

Attending the meeting were engineers William Leffler, Bill Kratsert and W. E. Knowles; opponents of the directive who drew up their own "ideas" on the subject; Clarence Atchley, Paul Bissell, George Bobrow, Archie Hunsell and Jack F. Syme and County Commissioner Vernon Dunn, John Fitzpatrick and Hutchison.

When questioned by the Herald after the informal meeting, Hutchison denied the directive drawn up by the engineers would be "dumped" but emphasized he would like something "new" and a sort of compromise to keep everyone happy.

The opponents of the directive called for a countywide survey concerning water and drainage conditions while Leffler and Knowles cited the need for work toward area by area surveys calling a countywide project "unfeasible and uneconomical."

Leffler, said "Yes, we should work toward a survey but some regulation of public utilities is a must now."

Rissell wanted to know on what grounds Leffler made that statement and the engineer stated that the "public is entitled to some regulations."

Bissell, in explaining why the opponents committee stressed a survey first said "where do we dump the effluent? Shouldn't that come first?"

Knowles said countywide planning may look and sound nice but "it just isn't the answer." He called for area surveys and emphasized that unless the county wants to remain stagnant it must have a plan for water and sewage.

The opponents kept hammering away that they felt there was no emergency for any directive now, while Hutchison said "we must plan for the future."

There was talk over rates, mandatory connections, rights of the franchise holder and the possibility of asking the Florida Public Utilities Commission to take over connections and controls.

However, County Attorney Harold Johnson reported that the FPUC has complained over lack of funds and said they were overloaded now.

# 'The Iceman Cometh' . . .

Here is 30,000 pounds of ice that never got to Bel Glade, but stayed to provide Sanford with its first snow drift since the memory of man runneth not to the contrary.

Sixty 500 pound blocks of the cold white stuff slid out the back end of a semi-trailer into the middle of the First St. and French Ave. Intersection Thursday, shortly after noon.

The disconsolate truck driver, embarrassed by wisecracks about "the iceman cometh", wonders where to get a snow shovel to clean up the mess. He refused to be identified.

# Red Ships Spying On US Tests Gather Top Nuclear Secrets

WASHINGTON (UPI)—Three Russian ships loaded with electronic gear are spying in the U. S. nuclear test

area of the Pacific and are gathering valuable military information, the Defense Department said today.

But a Pentagon spokesman said the vessels are outside the restricted zone surrounding Christmas Island, and are within their rights. No action is planned except to warn them

of possible danger from the explosions, he said.

The ships are only 10 to 15 miles outside the restricted area about 400 miles west of Christmas Island, he said, and have ignored efforts by American vessels to warn them of danger.

The largest of the vessels

was identified as the 3,600-ton hydro-meteorological ship Shokalskiy. It was said to have a great variety of electronic devices, 16 laboratories and a pad for launching rockets capable of reaching ionosphere.

It is accompanied by two smaller ships, which are con-

verted trawlers equipped to obtain auxiliary electronic data.

The Pentagon spokesman said the ships can obtain information on weapons design through "radio-chemical" analysis. They can measure the size of the nuclear test explosions as well as determine their exact time and position.

In answer to a question, he said that even within the restricted area the United States has no power except to warn of danger.

# Rugged Exam For Scott

GRAND TURK ISLAND, Bahamas (UPI)—Astronaut Scott Carpenter underwent a rugged physical examination today and will tell scientists about his three-orbit flight which ended in a three-hour wait in a life raft in the Atlantic Ocean.

The smiling Carpenter went to bed late Thursday night, apparently less perturbed by his hazardous experience than many of the thousands who

spent an agonizing 40 minutes before they learned he had survived his capsule-scorching return to earth.

The 37-year-old spaceman appeared in good shape and seemed impressed by what he had seen.

"Boy! the beauty of the sunrises and the sunsets," he exclaimed. "They are more beautiful than anything I've ever seen on this earth."

Carpenter made this statement in the small tracking station hospital on Grand Turk Island where he conferred with Lt. Col. John (Shorty) Powers who had given a play-by-play account of the flight and then worried with the rest of the world about the courageous Navy lieutenant commander's fate.

In this hospital Carpenter will describe his flight to doctors and scientists and his findings may determine whether the United States must undertake another three-orbit flight before attempting to surpass the endurance record of 17 orbits reported by the Russians.

Carpenter followed the path in space blazed by astronaut John Glenn last Feb. 20 but he was beset by troubles that started shortly after the mighty Atlas rocket hurled him into orbit.

He had trouble maintaining the temperature of his space suit, the balloon which he released to study depth and perception failed to inflate fully, his altitude fuel almost was depleted and his retro-rockets fired too late. The delayed action by the retro-rockets helped to throw Carpenter off-course during reentry.

After Carpenter's radio went silent, there were fears that the Aurora-7 capsule might have been consumed by heat on its speeding entry into the atmosphere.

## Suit Filed Against Church

The First Baptist Church of Altamonte Springs was named defendant in a suit filed Thursday afternoon in the Circuit Court, seeking an injunction to prevent the church from interfering with C. W. Mullins, of Altamonte Springs, acting as the legal trustee of the church.

A letter was sent to the temporary trustees of the church, named by the Rev. Mr. Lewis D. Haines, pastor, demanding that they turn over the church property, funds and keys to Mullins on the grounds that the present officials of the organization were elected illegally under the charter of the church and the Florida statutes. If the request was not fulfilled by May 24, the letter said, suit would be filed. The church failed to act and the suit resulted.

The hearing will be held in the Circuit Court on June 2. Atty. Joseph Murasko, Fern Park, filed the suit on behalf of Mullins.

## Living Costs At New High

WASHINGTON (UPI)—Living costs climbed to an all-time peak in April for the third consecutive month and probably will rise higher in May, the Labor Department reported today.

Increases in prices of used cars, gasoline, medical care and fresh fruits and vegetables pushed up the department's consumer price index by two-tenths of one per cent last month.

## State Opens Welfare Battle

JACKSONVILLE (UPI)—The Florida Board of Welfare opened a battle Thursday with the Welfare Department over income exemption of dependent children who support their families.

The department charged in a letter to the State Board that the board's policy does not conform to federal regulations but the board replied with quotes from a statement by Abraham Ribicoff, U. S. Secretary of Health, Education and Welfare, to back up his policy.

Although the board stands to lose federal aid in its welfare program, it said the purpose of exempting the income of a dependent child who is working to support the family is to "encourage individual initiative and strength of the family."

## Sportsmen Seek Increased Effort

The Seminole Sportsman's Assn. has called a meeting June 18 to decide whether it can increase membership activity, reorganize completely or disband.

Annual election of officers was scheduled this week, but the group voted to postpone the voting until a larger representation of members could be present.

Each member now on the association rolls will be contacted between now and June 18 and urged to attend the meeting to attempt revitalization of the group, Secretary Guy Bishop said.

# No Plans For Medicare, Bryant

TALLAHASSEE (UPI)—Gov. Farris Bryant said today he has no immediate plans to seek 1963 legislation concerning medical care for the aged because he didn't know what the status of congressional action on the proposal would be then.

The governor told his news conference he had not formed any plans for implementing legislation as yet.

# Altamonte Talks Water, Water

No decision was reached Thursday night at the water meeting in Altamonte Springs, but there was a lot of information passed out to the 60 property owners that assembled at the town's little community house.

The freeholders listened to engineer Harold Ratcliffe, St. Petersburg, detail the present situation that brought about the meeting.

The continuing, accelerated growth of the town made the installation of a municipal water system a high priority item now, in addition to making the proposal a highly feasible one from a financial point of view. Ratcliffe said money can be had now at the lowest interest rate since 1958.

It was pointed out by the engineer that there is one bond buyer ready to purchase up to the extent of \$350,000 in revenue bonds at 4 per cent interest for 25 years, for the city's water system.

These bonds would be secured by the revenue from the system, and, according to Sylvan J. Davis, town counsel, under Florida statutes, there can be no lien placed against the municipality or the users of the system when a loan is secured by revenue bonds.

Under the plan presented Thursday night, the connection charge would be the deposit of \$10 for original subscribers, and would take the water line to the house. The property owner would have to

# U. S. And Soviets Call For Peace

GENEVA (UPI)—The United States and the Soviet Union called on the 17-nation disarmament conference today to condemn war propaganda and the idea that international disputes can be settled by force.

In a rare show of unity the two nations, in their capacity as co-chairmen of the conference, presented a declaration condemning war propaganda.

# Ghost Town At The Springs

OCALA (UPI)—Silver Springs, known throughout the nation for its flashy water shows and tourist attractions, will get a new multi-million dollar enterprise — this one musty, dusty and just as run down as possible.

Construction of a ghost town, complete with has-been bars, hardware store and actors will begin in September at a cost of "millions of dollars," R. B. Coburn announced Thursday.

# Final Vote Set

WASHINGTON (UPI)—The Senate was scheduled for a final vote today on the administration's farm bill, a measure designed to cut the government's huge surplus through stiff production controls.

After the system was installed there would be a connection charge of \$60 to new users to bring the line to the house and install the meter.

Mayor Lawrence Swafford declared at the close of the meeting that the council would like to have a fair sampling of the interest indicated by deposits within 30 days, but will wait for two months if it seems worth the town's while to do so.

# Argument Set

WASHINGTON (UPI)—The Civil Aeronautics Board has given Imperial Airlines, operator of a plane in which 77 persons were killed in Richmond last fall, 15 days to argue that its certificate should not be revoked permanently.

# Forest Lake Academy Graduation Set

The big weekend has arrived for the Senior Class at Forest Lake Academy with the graduation exercises starting this evening at 7:45 p. m. with a Consecration Service, and running through the commencement exercises at 10:00 a. m. Sunday.

At the service tonight Pastor Walter Magat, Home Missionary for the Florida Conference of Seventh Day Adventists, will be the officiating

clergyman and will give the sermon.

The commencement exercises will be held on Sunday morning in the school's huge gymnasium with Pastor Kenneth Davis, Dean of Men, at Southern Missionary College, Collegedale, Tenn., as the principal speaker. Davis is a former pastor of Forest Lake Academy.

Saturday's events will start with Senior Sabbath services

at 9:30 a. m., followed by the Baccalaureate Service conducted by Evangelist Fordyce Detamore. At this service Gail True, class valedictorian, Kathryn Stearns, salutatorian and Mark Ends, class president, will also take part.

The school was organized in 1915, and until 1925 was located on the grounds of the Florida Sanitarium and Hospital, in Orlando. During the latter year it was moved to its present

location in Forest City and additions to the plant have been made steadily since 1925.

Ground was broken last Sunday for the latest addition to the campus, a new cafeteria and Home Economics building to be completed for use in the fall term. A new publishing house and book bindery are next on the five year re-development program for the southwest Seminole institution.
