

**Florida Tax Receipts Are Up \$2,194,000**

TALLAHASSEE (AP)—Florida General Fund tax receipts for the first two-thirds of the current business year were up \$2,194,000 over the corresponding period a year ago.

The increase would have been much greater, except that receipt of auto license tag money was delayed by a new law fixing a later deadline, and heavy collections are just now coming into the Treasury.

Comptroller C. M. Gay got up the eight months figures for Rep. Farris Bryant, Marion County speaker designate of the 1953

**THE SANFORD HERALD**

Page 8 Fri. Mar. 23, 1953

House of Representatives. They showed total receipts of \$22,178,000 through the end of February this fiscal year, compared with receipts of \$19,984,000 in the corresponding period a year ago.

Sales tax collections were up \$4,352,000 for the period, but auto license tag receipts were down four millions.

However, that book loss of tag receipts is being more than made up in March, ninth month of the fiscal year. Tag receipts for this month total \$7,850,000, against \$2,943,000 in the corresponding period last year.

**Navy Is Preparing To Operate Three Kinds Of Missiles**

WASHINGTON (AP)—The Navy is ready to operate for the first time three kinds of guided missiles that already are coming off production assembly lines.

Disclosure that the missiles will be in service with the fleet in a matter of months was made in testimony on the \$2 billion dollar defense budget made public today by the House Appropriations Committee.

The published testimony of Navy Secretary Kimball, Adm. William M. Fechteler, chief of naval operations, and other officers contains many "off the record" blank spaces. But these statements and disclosures emerged from the printed text.

Kimball said that by next year the Navy will have seven different airplanes "superior" to the Russian MIG-15 jet fighter. All but two of these planes are now flying, principally in the test stage, and some are in production for the fleet.

The Navy has not requested and does not want operating bases in Spain. Adm. Fechteler said the

**HOLLYWOOD**

By BOB THOMAS

HOLLYWOOD (AP)—Lo, the poor Indian on the TV and theater screens.

He is pictured as a howling, war-paint-smeared savage. His vocabulary is limited to "ugh" and he is shown going mad on fire water. He submits cowboys and pioneers to all kinds of torture, and murders for the heck of it. In fact, he is accused of just about everything short of being an enemy alien, or a Communist.

Some Indians don't like the way their race is portrayed in the movies and on television. One of these is Iron Eyes Cody, a Cherokee who is in a position to do something about it. An expert on Indian lore, he has been in the movies as actor and technical advisor since "The Covered Wagon" in 1923.

Recently he has been able to induce producers to lessen their libels of the redskins.

"There have lately been some excellent pictures that show the Indian's side," he remarked, naming such films as "Devil's Doorway," "Broken Arrow," "Comanche Territory" and "Navajo."

But still there are too many pictures which are either inaccurate or put Indians in a bad light. For instance, the studios nearly always paint up the Indians like African savages.

"The truth is that the Indians did not put on paint to look ferocious. They wore a line of color to represent dreams they had before going into battle. Certain lines meant they dreamed they were going to die, and so forth."

As for Indians burning their victims at the stake, Iron Eyes said there is no such instance in modern history. Feather war-bonnets were used by only a few tribes, he added, and each feather symbol-

**Ruling On Police Power Of State Is Made By Tribunal**

TALLAHASSEE (AP)—The need for interference with a citizen's constitutional right to do as he pleases must be clear before the police powers of government can be invoked, the Florida Supreme Court held today.

The court affirmed an order of Dade County Circuit Judge Charles A. Carroll enjoining the Town of Bay Harbor Islands from enforcing sections of an anti-noise ordinance that would restrict construction work on "land less than 75 feet from any existing single or multiple family structure or hotel" during the winter tourist season.

"The exercise of the police power, from its very nature clashes with full enjoyment of property by its owner and it is only because of the welfare of the whole people so far outweighs the importance of the individual that this interference with constitutional guarantees can be justified. But certainly the need for the incursion must be clear," the Supreme Court said in an opinion written by Justice Elwyn Thomas.

"The terms of the Bay Harbor ordinance against noises caused by construction work were so harsh as to make the forbearance forced on the property owner entirely out of proportion to any benefit redounding to the public," the Supreme Court said.

"For an arbitrary period of one third of the year, an owner was prevented from improving his property because to do so might, presumably, create such noises as would annoy others."

"The whole procedure smacks of protection of one person or a relative few without the community's being affected one way or the other."

Navy was self-sustaining in the Mediterranean area, but could use some ammunition and fuel storage dumps in Spain and anchorage rights in Spanish harbors, but no fleet operating bases.

"The Navy will be ready for war, if it should start, in the next 12 months in men and surface ships. The Navy is now ready to conduct initial war operations and to provide a rapid base for expansion. The Navy's air arm will not be fully modernized until after December, 1954, but by that date most of its fighters will be all-jet powered."

Vice Adm. John H. Cassady, deputy chief of naval operations for air, said two of the new guided missiles that will go into operational use this year are for defense against attack planes.

"The other will be used by ships against other ships or against shore targets."

Cassady said the three missiles are "being produced by assembly-line methods" but that production is being held to the bare minimum needed to attach the techniques that would be required for all-out production in the event of full mobilization.

## House Group Approves 3% Cut In Budget

### Agriculture Department Fund Is Cut By \$24,412,000 In Economy Campaign

WASHINGTON (AP)—The Senate today voted extra "pocket pay" of \$10 a month for all men and women who fight in Korea. It was approved by Sen. Hiram Boren, R-Okla., as a "cost-of-living" pay increase to the 2,000,000 persons in the armed services. The Senate approved it by an unrecorded standing vote.

WASHINGTON (AP)—The House Appropriations Committee today cut the budget of the Agriculture Department for the fiscal year starting next July 1 approximately 3 percent.

In a bill sent to the House floor for debate later this week it recommended \$74,000,000, a cut of \$24,412,000, for regular activities of the Agriculture Department.

Another measure sent out by the committee provided \$24,382,700 for the operations of the appropriations group itself, another 3 percent cut amounting to \$11,131,000.

Percentage-wise, the cuts were among the lowest of any recommended by the committee this year in the regular 1952 budget bills.

The committee approved the full request for \$20 million dollars in loan funds for the Rural Electrification Administration and the Farmers Home Administration.

It disallowed the \$182,132,250 in cash requests for the implementation of the International Wheat Agreement but approved a bookkeeping project which, it admitted, will not result in a saving of the amount requested.

The International Wheat Agreement is designed to stabilize the world wheat market, with the Commodity Credit Corporation paying from its funds the difference between the price specified in the agreement and the domestic market price.

For soil conservation and land-use payments, the committee recommended 250 million dollars, a reduction of \$100 million from the budget request. It approved a 250 million dollar program for the 1952-53 year.

For the school lunch program for 1952, the committee recommended the full amount of \$3,397,491 requested.

## Bob Harris Is Named President Of Rotary Club

Chase, Haynes And Touhy Elected To Board of Directors

Bob Harris, manager of the Rita Theater, was elected president of the Rotary Club for the coming year at a meeting of the board of directors which followed immediately after the regular weekly luncheon today at the Yacht Club.

Earlier, Randall Chase, Walter Haynes and George Touhy were elected to the board of directors as the three new members of the board.

The "top brass" of the local baseball community was introduced by H. J. Perkins, Jr., and put on a program which saw John Kridler, president of the Florida State League, Paul Field, president of the Sanford baseball association, Marvin Hazman, public relations director of the Seminole Blues, Chuck Aleno, manager of the Seminole Blues, making short talks. Joe Periss, first base manager, and Johnny Embra, second baseman, also were introduced.

Mr. Field said that the association will come out all right if the attendance for the entire season reaches 50,000. Anything less than that would leave the club in the hole, he said, pointing out that the stadium will seat 3,500 in the bleachers and grandstands.

He thanked the Herald and the Radio Station WTRR for the fine publicity given the new association and Charles Marlow for help in getting the bus and equipment for the club.

Mr. Kridler, who was introduced as the "Mr. Baseball" of Sanford, said that the association is a non-profit organization with 15 stockholders, all of whom are directors and none of whom can make a dollar of profit out of the club.

He said that there will be 10 clubs in the Florida State League this year, and that there will be a split season with the winners in (Continued on Page Eight)

## Big Truck Farmer, Paul B. Dickman, Finds Cattle Best

RUSKIN (AP)—Paul B. Dickman, one of Florida's biggest truck farmers, is turning to cattle raising as a more profitable crop.

Dickman said the risk in vegetable growing is too great for the return these days. With vegetables most of every consumer dollar goes for cost of marketing, while in cattle raising most of it goes back to the producer, he said.

"Last year I had 200,000 invested in my farms," he said. "If I had lost my crops, it would have taken me a lifetime to replace the investment" at present profit margins.

He said the vegetable grower gets only 20 cents of every dollar paid by the consumer for those vegetables, and out of that the farmer must furnish the land, prepare the soil, plant, cultivate and harvest the crop, pay all wages and pay taxes.

He said he would not quit the vegetable business all at once, but would gradually convert his farm acreage into pasture lands.

He also will keep up the pre-packaging operations which he has expanded, buying whatever vegetables he needs from other farmers in this "Salad Bowl" region of Hillsborough County. Dickman is well known for his method of preparing vegetables at the farm and packaging them all ready for immediate use in the home.

## Attentive Is Made To Rob Express Company

The American Express Co., at the Atlantic Coast Line Depot, was broken into Saturday night but thieves failed to crack open the big safe. Acting Chief Roy Tillis stated this morning.

The entry was discovered by the night man at the Express office when he came at midnight. The office, of which C. C. Collins is agent, had been closed at 8:00 o'clock Saturday afternoon. The building was entered by forcing a heavily barred back door.

Thieves were made to break into the safe by drilling, said Capt. Tillis. One drill, three-eighths of an inch thick that had been used on the front of the safe was found. The hole penetrated the door in several places. A hole, three quarters of an inch deep was made in the back of the safe by a one inch drill.

Tillis has several important clues that he is working with the co-operation of the Sheriff's office, and Atlantic Coast Line police.

## Make-Believe War In Texas

PARTICIPATING IN "Operation Longhorn" maneuvers at Fort Hood, Tex., a howitzer crew (top), taking part of the "aggressor," fires on American forces during the make-believe war games. Below, Maj. Gen. Bruce C. Clarke, Commander of the First Armored Division, points out the position of the "enemy" in Secretary of Army Frank Pace Jr.

## Expense Reports In Governor Race Reflect Interest

TALAHASSEE (AP)—The growing intensity of Florida's campaign for governor today was reflected in the weekly financial reports filed by candidates.

Alto Adams listed expenditures of \$11,412 last week. Of that \$6,732 was paid out for radio time and advertising. He said he had received \$310,371 in contributions during the week.

Dan McCarty reported spending \$7,515 and depositing \$9,174 in contributions. Bralley Odham's report was not received in the morning mail.

Dale E. Spencer, who also seeks the Democratic nomination, showed expenses of \$549 and deposits of \$700 of his personal money in his campaign fund. Bill Hendrix said he spent \$45 and put \$200 in his campaign fund.

Bert Acker, who is running for the Republican nomination for governor, reported spending \$24 last week. He listed no contributions. Another GOP hopeful, Elmore Kitzmiller, listed \$24 spent and nothing contributed. The report of the third Republican candidate, Harry S. Swan, was not received this morning.

U. S. Sen. Spessard L. Holland, seeking re-nomination on the Democratic ticket, (Continued on Page Eight)

## Cancer Crusade To Get Started Tonight

A kick-off meeting to open the 1952 Cancer Crusade will be held at the City Hall tonight at 8:15. Miss Margaret Dingfelder, campaign chairman announced today.

Volunteers from the Pilot Club will meet with members of Beta Sigma Phi. Miss Dingfelder stated that other citizens interested in serving as volunteer workers are urged to attend this kick-off meeting.

Volunteers will canvass every neighborhood in the city and will also contact residents of the county. Contributions to the Crusade also can be mailed to CAN-CER, care of the Sanford post office.

At every home visited by the canvassers, an American Cancer Society educational leaflet will be left whether a contribution is made or not. The total goal of \$1500 is part of the national Crusade goal of \$16,000,000. The funds will be used to expand programs of services to patients, research into cancer's causes and cures, and public and professional education.

Fifty cents will buy one mouse specially bred for cancer research by more than 100 generations. A dollar contributed to the Cancer Crusade will print 500 copies of an educational leaflet. Fifteen dollars maintains a hospital bed for one day for a cancer patient unable to provide his own care.

Miss Dingfelder pointed out that 22,000,000 Americans now living will die of cancer unless present mortality rates are altered. There is a cancer death approximately every two and one-half minutes in the United States.

## Program Is Launched To Secure Nativity Scene For Bandshell

By ELVIRA GARNER  
As a citizen or friend of Seminole County you not like to become part owner in a Christmas Nativity scene to be displayed for many future holiday seasons in the Band Shell on Lake Monroe at Sanford?

Such an opportunity is offered to all persons interested in this project to bring beauty and inspiration at Christmas time not only to ourselves but to visitors in our town and travelers along our boulevard.

A number of Sanford people are promoting the idea of securing the Nativity scene for next Christmas. They have tried to contact all churches in the community,

## McGrath Says He Erred In Naming Morris

### Attorney General Admits He Had Answered Questions On Income And May Not

WASHINGTON (AP)—Attorney General J. Howard McGrath said today he wouldn't appoint Newbold Morris, government corruption cleanup man, as a special assistant if he had to do it over again.

Testifying before a House Judiciary subcommittee, McGrath also said he has not filled out the financial questionnaire sent him by Morris and does not know whether he will do so.

Morris, as his first step in a "clean up" of the government, has sent several thousand top officials a questionnaire asking for detailed information on their outside income and net financial worth.

Morris, a prominent New York lawyer and a Republican, was appointed to the job by President Truman but technically is a special assistant to the attorney general.

McGrath was in the witness chair of the House group which is investigating the way he has run the Justice Department.

Rep. Keating (R-N. Y.), who fired the questions about Morris at the attorney general, told McGrath he understood Morris' dealing for answering the questionnaires is April 7.

He asked whether McGrath had filled out his yet.

"No, sir," the attorney general replied.

Keating: "You intend to, of course?"

McGrath: "I am not sure whether I will or not."

McGrath went on to say he hasn't distributed the questionnaires in his department, but he would be willing to decide whether the questions are such that should be asked of government employees.

Morris sent 300 copies of his questionnaire to McGrath with a request that McGrath distribute them to top employees of the Justice Department.

Keating asked whether, in the event McGrath decided to fill out the questionnaire, he would be willing to let the committee have access to the document.

"That's one of the problems I have to face," McGrath replied. "I should like to do so, but confidential—which I undoubtedly would do if we take that course—the information would not be available to this committee except on request of the President."

Keating asked whether McGrath would object to letting the committee examine his income tax returns.

"I have not decided on what I want say yes or no," McGrath replied.

## Wilson Walkout Supreme Court Dims All Hope In Steel Conflict

WASHINGTON (AP)—The steel industry's sudden resignation as a mediator in the steel strike today dimmed all hope of an early settlement of the conflict.

The industry's resigning peace talks in New York with the U. S. Steelworkers' union found itself with no assurance of a price boost to offset a government program mandating 12 cents an hour wage increase.

The future of wage price control itself clouded overnight.

Sen. Maybank (D-S. C.) broke off hearings of his Senate Banking Committee on the extension of the Defense Production Act, which expires June 30, until the air has cleared.

The future of controls, Maybank said, should not be deliberated in "a wave of hysteria and confusion" charges and countercharges.

Some legislators have urged the scrapping of controls.

Maybank praised Wilson former president of General Electric's company and executive vice chairman of the War Production Board in World War II, as a "great American." The committee, he said, definitely will want to know who will administer controls as Wilson's successor.

Truman had no nomination ready for the job, he said, but he designated his assistant, John R. Steelman, to direct the Office of Defense Mobilization (ODM) temporarily.

The President, in accepting Wilson's resignation, declared the wage terms recommended by the Wage Stabilization Board (WSB) were "by no means unreasonable."

He believed the steel workers were "many times higher" than the proposed new wage costs.

Wilson's letter was dated Friday (Continued on Page Three)

## Appeal Is Made To Donate Funds For Crippled Children

The Pastor Sord drive for crippled children is lagging, and although 3,000 letters containing Easter Seals have been mailed, only \$228 has been received so far, it was disclosed this morning by Mrs. Harold Appley, chairman.

The drive, which has a goal of \$3,000, is designed to aid children crippled by cerebral palsy of which there are reported to be more than 60 cases in Seminole County.

Mrs. Appley pointed out that the crippled children in the community need continuing and extensive services in order to help them become self-sustaining adults.

In recent talks before local civic organizations, Earl Kipp, supervisor of schools in Orlando, told the drive should be more than a school in Orlando in providing educational facilities and physical therapy for the 34 Central Florida children now enrolled.

A similar school for crippled colored children is now in the Washington Park area of Orlando. The proceeds of the Easter Seals are much needed in order to provide the expensive equipment needed in the training and development of all crippled children, both white and colored.

HELANOR HONORÉ  
LOS ANGELES (AP)—The 1952 humanitarian award for "outstanding achievement in the betterment of human relations" was awarded to Mrs. Eleanor Roosevelt.

The presentation was made Sunday night at the 48th anniversary dinner of the Denver Sanatorium. Sponsor of the award is the Humanitarian Award Club, a Los Angeles club which helps support the Denver institution.

## Large Fire Damages Home Of Barfield

A large fire of undetermined origin struck the unoccupied residence of W. K. Barfield, 1212 West Third Street, late last night causing "considerable damage," Fire Chief W. N. Cleveland reported today.

Flames scorched and burned the front porch and southeast and southwestern bedrooms, destroying or damaging furniture. At 11:21 p. m. firemen were alerted and raced to the scene to extinguish the blaze before it completely burned the house.

The one-story frame house, owned by Mr. Barfield, was occupied by J. W. Smiths, Montgomery, Ala., who were away visiting in Alabama at the time of the fire, Mr. Barfield said. Mr. Barfield lives at 1114 West Sixth Street.

Mr. Barfield did not discover his home had been burned until the Herald called him to check some information this morning.

"I was at the house yesterday morning," he said. "I'm sure it is a funny thing I didn't hear a thing about it until now."

## Miss Evelyn Jones Is Leading For Queen

Miss Evelyn Jones, Seminole High School student and part time cashier at Faust's Drug Store, is reported to be far ahead in the voting for queen of the Kiwanis Minstrel, according to D. K. Goff, Kiwanian.

Capt. J. L. Chittenden of the Naval Air Station, was maintaining a tight lead in the voting for King this morning. Both he and Miss Jones are entries of the American Legion in the contest. Voting is by dropping pennies in jars placed in three drug stores and two banks. At 1:00 p. m. each day the jars at the Sanford Atlantic National Bank will be taken to McGraw's.

## NO CHARGES ORLANDO (AP)—Clay Griffith, president of the Washington Senators Baseball club, said Sunday he would not press charges against a man held in the attempted robbery of some \$13,000 in jewels and cash from Mrs. Griffith.

Griffith said in view of recommendations by two physicians, who said the suspect had been under medical treatment intermittently since 1946, he would not press charges.

The suspect, William Stanley Loucks, 77, Orlando, was arrested at a hotel here after a purse containing gems and cash was taken from Mrs. Griffith's suite.

## At Height Of Riots Over Trieste

DURING THE RECENT RIOTS in Rome, a couple of demonstrators who disagree the Trieste question fall away at one another. (Inset) has returned to the Italian capital after the U. S. agreed to negotiate an agreement in which Italy will be allowed to join in the administration of Zone A of Trieste along with Britain and the U. S. Internationals.

## Wilson Walkout Supreme Court Dims All Hope In Steel Conflict

WASHINGTON (AP)—The steel industry's sudden resignation as a mediator in the steel strike today dimmed all hope of an early settlement of the conflict.

The industry's resigning peace talks in New York with the U. S. Steelworkers' union found itself with no assurance of a price boost to offset a government program mandating 12 cents an hour wage increase.

The future of wage price control itself clouded overnight.

Sen. Maybank (D-S. C.) broke off hearings of his Senate Banking Committee on the extension of the Defense Production Act, which expires June 30, until the air has cleared.

The future of controls, Maybank said, should not be deliberated in "a wave of hysteria and confusion" charges and countercharges.

Some legislators have urged the scrapping of controls.

Maybank praised Wilson former president of General Electric's company and executive vice chairman of the War Production Board in World War II, as a "great American." The committee, he said, definitely will want to know who will administer controls as Wilson's successor.

Truman had no nomination ready for the job, he said, but he designated his assistant, John R. Steelman, to direct the Office of Defense Mobilization (ODM) temporarily.

The President, in accepting Wilson's resignation, declared the wage terms recommended by the Wage Stabilization Board (WSB) were "by no means unreasonable."

He believed the steel workers were "many times higher" than the proposed new wage costs.

Wilson's letter was dated Friday (Continued on Page Three)

## HST's Refusal To Run Raises Other Queries

### It Is Still Not Indicated Whether He Will Try To Name Successor In Office

WASHINGTON (AP)—House Speaker Sam Rayburn of Texas said today he is not a candidate for the Democratic presidential nomination, but Vice President Barkley declines to say whether he will bid for top place on the party ticket.

By JACK RUTLEDGE  
WASHINGTON (AP)—When President Truman announced Saturday night he will not run again, he answered the jackpot question that has been fired at him almost daily for a year—but in doing so he raised scores of other queries.

Only time itself will answer these new questions, but this is what top officials were saying today.

Will Truman try to name a successor?

Sen. Russell of Georgia, a Democratic presidential candidate, and Richard J. Nelson, aide to Gov. Adlai Stevenson of Illinois who is reported to be Truman's choice for the nomination, said "No" on a television CBS program Sunday.

Sen. Humphrey (D-Minn.) said Truman will not try to debate a successor, but will take "a real interest in the selection." Humphrey was one of several who predicted a wide-open convention in July.

Sen. O'Mahoney (D-Wyo.) predicted Truman will interest himself to the extent of "making sure that his policies are carried on."

Would Gov. Stevenson, the man most often mentioned as Truman's choice to succeed him, accept?

Stevenson himself hedged on NBC's "Meet the Press" television program. He still insisted he was running for governor of Illinois, but would not say he would refuse the Democratic presidential nomination.

Sen. Humphrey said he believed Stevenson would not seek the nomination, but certainly would not be contented in the Peace Fight.

## New Photography Shop Opened Here

By S. P. Bergeres

Mr. and Mrs. S. P. Bergeres, formerly of California, today opened a photographic supply store and studio, combined with a gift shop, at 116 Magnolia Avenue and known as "The Camera and Gift Shop."

During nine and a half years of traveling abroad, Mr. Bergeres, who specializes in color photography, secured more than 8,000 slides, black and white and color, including scenes in Tibet. He intends to give showings of these for a year.

Three years abroad was spent by Mr. Bergeres as a member of the State Department, and it was two years ago that he was married to his wife. His wife was also employed by the State Department.

For more than six years, he developed the traveling extensively through the world for the Columbia Broadcasting Co.

Children from more than 30 countries were collected during his travels. Some of these are not for sale.

Specializing in character and dramatic photography, Mr. Bergeres uses a 35mm Leica camera, with many interchangeable lenses for his work. He has studied advanced photography at Munich and Paris, he declared.

Mr. and Mrs. Bergeres found the country here coming to be most interesting, suitable to Sanford, and liked the look of Sanford as well they decided to settle here, he stated.

### Market Managers To Meet On Apr. 3 In Columbus, S. C.

WINTER HAVEN, (Special)—Florida will be well represented at the sixth annual convention of the National Association of Produce Market Managers, meeting in Columbus, South Carolina, April 3, 4, and 5, said William L. Wilson, Director of State Markets, today. "It is through such organization meetings that market managers and officials can ever hope to iron out their problems, improve markets and facilities. It is essential that we work together to initiate and support desirable legislation, seek workable administrative rulings and work for higher market standards," Wilson said.

Among others attending besides Wilson, are R. B. Alvarez, Assistant Director of Florida State Markets, and Henry Richardson,

**INVITATION FOR BIDS**  
The Housing Authority of the City of Sanford, Florida, will receive bids for the furnishing of items listed below until 1:00 o'clock p.m. Tuesday, April 15, 1953, at Room 204, Hotel Grand Sanford, Florida, at which time and place all bids will be opened.

Item 1. One Heat Engine lawnmower with riding mowing attachment, with the following specifications:

- Cutting width—32" to 36"
- Weight—110 pounds and less
- Gasoline driven engine, 1 1/2 hp.
- Stroke—1 1/2"
- Cutting height—3" to 4"
- Traction—wheels with pneumatic tires
- Riding mowing attachment with tubular steel construction, pneumatic tires, adjustable seat and foot rest

Item 2. Twenty-five hand lawnmowers, 15 cutting width, metal handle, solid wheels, rubber tire, ball bearing.

Item 3. 10 all metal folding chairs, heavy Old English frame for legs, seat and back; rubber feet; seat and back of heavy gauge metal bolted in place; for easy placement; both front and rear reinforced with cross braces, double riveted in each leg.

Items 4 and 5 must be delivered within ten days from time of accepting the bid submitted. Item 3 must be delivered within thirty days from time of accepting bid. No bid shall be withdrawn for a period of ten days subsequent to the opening of bids without the consent of the Housing Authority of the City of Sanford, Florida.

Exemption Certificate, if furnished for all Federal excise taxes and State Sales Tax.

Additional information required can be obtained by contacting George H. Williams, Executive Director, at Room 204, Hotel Grand Sanford, Florida.

The Housing Authority of the City of Sanford, Florida reserves the right to reject any or all bids to waive any informalities in the bids, or to waive minor variations from the above specifications.

### FINANCE YOUR NEW CAR

as carefully as you select it. Before you sign on the dotted line, consider these advantages:

- FINANCE YOUR CAR LOCALLY**  
You save the expense of mailing your payments out of town, and the cost of "investigation charges."
- DO YOUR OWN FINANCING**  
The local banks are in a position to give you quick and prompt financing. You get the money at the lowest interest rate and the friendly personal attention of your local banker.
- INSURE YOUR CAR LOCALLY**  
Your local agent will see that your claims are promptly paid, and your car repaired at a local garage, guaranteeing complete satisfaction. Not to mention the lower rates you don't know.

We will be glad to quote you our rates and assist you in choosing for low-cost financing on most makes of cars.

### 300 Barges, Twoboats Being Constructed

WASHINGTON, (Special)—Three hundred barges and twoboats for operation on the inland waterways will be built if the steel allotment requested by the Defense Transportation Administration for the third quarter of 1953 is allowed by the Defense Production Administration. The third quarter DTA claim for steel for barge and twoboat construction is substantially the same as the claims for the first and second quarters, but the Defense Production Administration authorized less than half of those claims.

The 1951 construction program authorized by DPT included 103 barges, 112 twoboats, 945 cargo barges and 329 tank barges, or a total of 1489 vessels.

"Improved inland waterways is the solution to traffic congestion in some industrial areas," Hjalmar W. Johnson, vice-president of industrial leaders and traffic managers.

The Chicago Industrialist cited the proposed widening of the Calumet-Sag Canal in Chicago as one of the inland waterway improvements which will help industry and solve one of the nation's major transportation problems.

The Calumet-Sag Canal is a link between Lake Michigan and the Illinois Waterway, which joins Chicago by water with the Mississippi River and the Gulf of Mexico.

"Individual market reports for the past week are as follows: At Immokalee 5,005 packages moved with gross returns to the growers of \$36,939.45. Cucumbers lead with 3,391 bushels field crates, field-run, cukes bringing \$31.054.0 and 753 bushels culls grossing \$2,107.75. Young cucumber, tomato, watermelon and cantaloupe crops are looking fine in this area.

105,117 units sold at the Sanford Market last week at a valuation of \$172,938 a drop from the previous week of more than 23,000 units or around \$25,000. Of the more than 38 varieties of vegetables, cabbage led in volume, and prices rose from the 65c of last week to a few sales at \$1.25 per 50 lb. bags. Celery, beans, cucumbers, eggplant, cauliflower, peppers, and corn will be available in good volume this week, with a decreasing supply of cabbage, collards, turnip salad, green onions and iceberg lettuce.

"Beans and corn were in strong demand at the Pompano Market. Corn brought \$2 to \$3.75 per crate and beans sold for \$1.75 to \$4.00 per bushel hamper. Peppers and collards were in good demand bringing \$4 per bushel and \$1.25 per dozen bunches respectively.

"Spring cucumbers, beans, eggplant and squash showed up in larger volume last week at the Pompano Market with cuke shipments for two days showing an

increase of 2,200 units over a like period the week before. Good quality eggplant sold from \$3 to \$4 per bushel hamper. Pepper volume and prices, however, are considerably lower than the previous week. Over-all shipments are decreasing at this Market, although the decline is as yet slight—this past week was about 6% under the previous week. Total shipments for this season to date are 4,325,840 units of all commodities.

### Hints to Housewives

By CLEO M. ARNETT

A common casualty among home kitchen utensils is the strainer. When the wire mesh pulls off the frame, it's "Destiny—Trash Can" for this utensil—a nuisance and a waste.

The fault, household equipment specialists of the U. S. Department of Agriculture believe, is neglect of an important rule for efficiency: Use the right tool for the job. When a recipe says "Force through a sieve," the housewife too often uses a strainer not made for the job. To be sturdy enough to stand forcing or pressing, the wire mesh needs to be supported by cross-wires.

Sub better for this work are the food presses, designed especially for speedy, easy sieving and for easy cleaning.

One type which sieves or purces in a hurry is shaped much like a saucepan and has a handle like a hook to hold it over bowl or pan. A shaped blade operated by a crank handle draws food through the perforated bottom while a sturdy wire underneath scrapes off the food as it comes through. This type sells in different sizes: small—for preparing small quantities for feeding the baby or the elderly member of the family; medium—for general use; and large—for quantity preparation, especially for canning, preserving or freezing.

Another food press is a tall perforated metal cone on a broad-based wire frame. A tapered wood cylinder is used inside it to push food against the sides and through the holes.

Purced food comes ready-canned for babies, but many homemakers prepare it themselves for a variety of dishes from soups souffles to desserts. The utensils that do the job easily are worth considering for saving time, effort, food—and the malterated strainer.

Everyone's talking about the DODGE

"SHOW DOWN" PLAN for proof of CAR VALUE

# Russia Organizes "People's Police" As Basis For Army

BERLIN (AP)—A West Berlin anti-Communist group claimed today the militarized units of the People's Police in East Germany have been reorganized in such a way as to allow the formation of a 300,000-man army on short notice.

The Fighting Group—300,000 in number, which draws its information from underground sources in the Russian Zone and from People's Police deserters, said the militarized Beretschafren (alert units) now number 63,000 men after an increase by 10,000 in recent months.

The Beretschafren are so organized that their 24 regional commands could be transformed into 24 army divisions of 15,000 men each, said Ernst Tillich, leader of the group which gave the information.

The 63,000 members, trained in Soviet Army methods, would provide the officers and non-commissioned officers for a future army, with draftees forming the rank and file.

"This shows what the German national army is to look like with the Soviets proposed in their recent note on Germany," Tillich declared.

## Nativity Scene

(Continued from P. 21 One)

Road in Atlanta by two artists who have become nationally well known for their designs and production of exclusive Christmas displays. These artists, Mr. Kurtis of the Atlanta Historical Society, and Douglas L. Wells, take orders for not more than eight or nine Nativity groups each year. As present they are working on orders for Canada, California and Alaska. Many of the beautiful Christmas displays in Atlanta, over a period of a number of years, were made by these artists.

Mr. Wells has assured the promoters of the Sanford program that an order placed soon will assure us of delivery in the early fall. The figures are created and can be replaced in the crates for storage between seasons and used for many Christmases to come.

Included in the order are all necessary parts for erecting the scene—such as stakes, light shields, poles, crooks etc. The display groups the main characters in the Nativity story in one expressive cluster. The lowly stable, the Christ Child in the manger, Mary in her robe of blue and surplus of white, with a red kerchief over her raised head, Joseph in his brown robe, the innkeeper carrying a lantern, and standing by in the small, patient donkey. (No life-like, are these figures that a little boy, viewing one of the groups, said to his mother, "I won't go until I get a ride on the donkey.")

Also in the scene are three shepherds in brightly colored garments, each carrying a real shepherd's crook. There are seven sheep and three lambs. Three richly robed Wise Men ride camels whose trappings are hand-made

# Wilson Resigns

(Continued from Page One)

but made effective today. It told the President Wilson could not "accept public responsibility for major stabilization actions which I can not control."

The President voiced regret and paid tribute to Wilson's vigor, competence and effectiveness in his post. Both the letters were phrased in friendly and respectful terms. But they disclosed a vast policy conflict.

Originally, Wilson favored neither wage nor price increases in steel. He told associates they would have the widest inflationary repercussions.

When the Wage Stabilization Board this month adopted the 17 1/2 cents-an-hour recommendation, he protested that it was "a serious threat" to economic stability. But he finally conceded that it must be the basis for negotiation between the industry and CIO's 230,000 steel unionists.

When no settlement could be reached unless "part of the cost" were offset by assurance of a steel price ceiling boost, his letter disclosed, Wilson flew to Key West last week-end and obtained what he regarded as an "understanding" to that effect with Truman.

But last Friday, Wilson told the President, "you changed your mind."

That was the day that Truman talked at length with Economic Stabilizer Roger P. Putnam and Price Director Ellis Aronson, both known to oppose any price boosts beyond the existing ceiling formula.

By that time, however, Wilson had indicated to the steel companies the government's willingness to adjust prices if necessary. The figure of a 25-cent increase has been mentioned unofficially. The "Big Six" steel producers promptly invited the union into the New York negotiations today.

Now the price assurance is gone; Truman is on record as strongly supporting the wage board and doubting any need for price compensation.

Officials Sunday night voiced pessimism of early success in the New York talks and some steel companies will start banking their fires on Friday in anticipation of shutdown.

Wilson said his own advocacy of controls was based on his assurance that "both wage and price controls would be administered fairly and without regard to the demands of pressure groups."

"In the present steel case I simply do not believe the WSA's recommendations and the government's suggested plan of action meet the foregoing criteria," he told the President.

"This violates my sense of justice and disregards the principle of equity on which I understand our whole control program was based."

"Further, it still amounts to a serious threat to the stabilization of our nation's economy which involves every American and to the maintenance of defense production."

"I have no desire to ease your embarrassment, yet in all sincerity I feel that as a practical matter I cannot accept public responsibility for major stabilization actions which I can not control."

By STERLING F. GREEN

WASHINGTON (AP)—Indications of a complete reshuffle in the high command among the nation's production officials increased today in the wake of the resignation of Defense Mobilizer Charles E. Wilson in protest over administration steel price policies.

At the same time Congress members, especially those on the Senate Banking Committee which handles control and production legislation, began talking about a public airing of the disagreement which led up to Wilson's retirement.

The mobilization director himself, blankets, fringes and halters. The figures are life-size, made in papier-mache molded in high bas-relief.

After coming out of the mold each figure is sun-dried for a week or more. Next it is covered with a weather-proofing substance. The artist then lays on an extra heavy coat of oil paint.

Treated in this way the figures weather snow, sleet and rain. The colors used in painting this Nativity group are the same as those used by the early Italian artists, brilliant and eye appealing to tell the story to those who could not read. The animals in the scene are coated with a nylon flock, giving the appearance of hair and wool.

It is sincerely hoped that everyone in our community will be interested to feel an ownership in this beautiful Christmas scene, and the message of peace and good will. Any interested persons who have not been contacted by those responsible for this endeavor may phone Miss Martha Fox 600, Mrs. Elvira Garner 26, Mrs. H. C. Hotal 483M, Mrs. Volie Williams 67, 64M, Mrs. W. P. Chapman, 16141 or Mrs. Fred Brown, 727.

self, out of office as of today under the announcement Sunday that he was quitting, set up a news conference for this afternoon (4 p.m. EST).

Both Masly Fleischmann, defense production administrator, and Henry H. Fowler, head of the National Production Authority which is DPA's operating agency, have indicated previously that they planned to step out in June or July.

Reports suggested that the retirement of their chief in the mobilization set-up may have hardened their plans.

At the Capitol Sen. Capahart (R-Ind.), ranking Republican of the banking committee, led the charge for public inquiry into the disagreement over pay and prices.

Chairman Maybank (D-S. C.) said he saw little to be gained by such a move at this time but his words failed to shut down the talk.

The chairman told a reporter he would accept a reporter's proposal to "let things calm down a bit" before resuming work in the committee on a proposed revision of the bill to extend the Defense Production Act, basic law of the emergency program. It expires June 30.

Maybank was clearly angry over administration handling of the steel wage dispute, which revolved around industry's claims that it must have a price boost to offset a government-recommended base wage increase of 17 1/2 cents an hour.

Wilson had taken a stand for the price rise if the wage boost is applied but President Truman, accepting his resignation, had expressed doubt of the need. Company and union wage talks were resumed in New York today.

"The future of" etc., 5th grad.

HIGH COST OF LIVING

LONDON (AP)—The price of admission to the stately homes of England went up a few pennies today. The lords and ladies say times are getting tougher.

Rising costs were blamed for a new boost in prices for the chance to see what Britain's great used to live in. The annual open house season begins Tuesday and a full run of big houses will be available again on a pay-and-look basis, all comers welcome.

GENERAL KILLED

OMAHA (AP)—The deputy director of operations for fighters at Strategic Air Command and one of his assistants were killed today in the crash of a B-25 bomber at Templing to land at Offutt Air Force Base. Three others were injured.

Lt. Wayne Bradley, public information officer, said Brig. Gen. Jesse D. Anton, De Mosville, Ky., deputy director of operations for fighters, and Lt. Col. Edwin R. Bush, Burbank, Calif., who worked for Gen. Anton in the operations office, were killed in the crash.

None of the injured was in serious condition.

# OUR DEMOCRACY

by Mat

**FREEDOM of GROWTH**

WHEREVER OPPORTUNITY beckons, AMERICANS ARE FREE TO GO. SO OUR PIONEERS, IN SEARCH OF WHAT BETTER FORTUNE THEY HOPED TO GAIN, FOUND WEALTH IN THE WILDERNESS—COAL AND GOLD AND OIL AND NEW LAND TO TILL.

TODAY, AS NEW INDUSTRIES OR AREAS OF ACTIVITY DEVELOP WITHIN OUR BORDERS, PEOPLE ARE ON THE MOVE AGAIN. THEIR ADVANTAGE OF THE FREEDOM OF CHOICE, FREEDOM OF OPPORTUNITY AND FREEDOM OF MOVEMENT THAT ARE THE HALLMARKS OF OUR DEMOCRACY.

# 3 Men Are Jailed After Auto Wreck

DELAND (AP)—Three white men were jailed here Sunday and accused of deliberately causing an automobile wreck in which four Negroes were killed.

State Highway Patrolman Jim Tapscott testified at a coroner's inquest that evidence indicated a car driven by Ronald Smith, 21, of Deland, ran the Negroes' car off the road before it crashed into a tree.

Smith was charged with culpable negligence while intoxicated in the deaths of Donald Harper, 23, Palatka, and Charles Monk, 18, of Forest, Miss., were charged as accessories. They were passengers in the Smith car. Bond was set at \$1,000 each.

Smith, Harper and Monk said at the inquest that the Negroes' car sideswiped them earlier. They testified they gave chase to stop the Negroes' car but denied running it off the road.

# MARTIAL LAW

TEHRAN (AP)—Iran's government has declared martial law for this capital to prevent recurrence of such riots as the outbreak Friday in which five persons were killed and more than 200 injured.

The decree in effect for one month, prohibits meetings by more than three persons and sets a dusk-to-dawn curfew.

# Labor Federation To Keep Hands Off Governors' Race

By The Associated Press

The Florida Federation of Labor says it will keep hands off in the governor's race and will support no candidate in any statewide contest.

The action came at the close of a six-day meeting in Orlando by 50 delegates from local central labor groups and political action committees.

The executive board will distribute to all local union groups the voting and public records of all candidates in the governor's race and their stands on labor matters.

Two of the gubernatorial candidates appeared before the meeting and a third sent a telegram saying a prior commitment prevented his attendance.

Alto Adams and Bradley Odham told the labor leaders they favor a law giving school teachers a cost of living raise and endorsed all primary and general election days as holidays.

Adams and Odham said a state department of labor should be created, a stand previously taken by Dan McCarthy, who endorsed this in his telegram to the group.

Adams said the state's compulsory arbitration law should be repealed and Odham said he was co-introducer of the bill and believed it could help straighten out a lot of inequities for both labor and management. Odham promised he would stand for no abuses of the law.

Adams announced he would begin a third marathon radio broadcast at Orlando Thursday. He has not announced a speaking schedule for the first part of the week.

McCarthy will speak in Dade (Miami) County today and Tuesday, moving up the state to Apopka, Winter Park and Orlando Wednesday and into Duval (Jacksonville) County Thursday and Friday. He will campaign in populous Polk County Saturday.

Adams will attend a celebration in his home town of Fort Pierce today, invade Dade County Tuesday and speak in the Tampa area Wednesday, Thursday and Friday and in Plant City Saturday.

**TWO KILLED**

OMAHA (AP)—Two men were killed and three others injured, one seriously, early today when an Air Force B-25 bomber crashed while attempting to land at Offutt Air Force Base.

A Strategic Air Command spokesman said the plane, based at Offutt, was coming in for a landing at the end of a routine flight to Burbank, Calif. Apparently one engine was out.

Names of the Air Force personnel aboard were withheld pending notification of the next of kin.

**AIR RAID ALERT**

BALBOA, Panama Canal Zone, (AP)—An unidentified plane flying over the Panama Canal caused a 37-minute air raid alert in the Canal Zone Sunday night.

There was no information available from U. S. Army headquarters after the alert clear on whether the plane had been identified. It was spotted first by an anti-aircraft post on the Caribbean side of the zone and later flew south, over the vital canal locks at Pedro Miguel and Miraflores.

## Fashion Show Given By B.&P.W. Club

"Evolution of Styles" was the theme of the annual Pre-Easter fashion show and dinner sponsored by the Sanford Business and Professional Women's Club Friday night at the Woman's Club under the supervision of Mrs. R. E. Frue, chairman of finance committee, with Mrs. Escar Price and Mrs. C. E. Hunter in charge of the luncheon.  
The fashion show under the direction of Miss Rose Levy, manager of The Hollywood Shop, was reported to have been one of the "most successful ever to be presented in Sanford."  
Contrasting the old with the new, Miss Mona Jobe as the very young "Grandma" watched the changes of fashion through the eyes of yesterday when trailing skirts were just the thing.  
Between the acts entertainment was provided by Miss Ioni Saunders, accompanied by Mrs. James Blankenship, who presented the ageless ballet, costumed in a pink and white gown that was very in startling contrast to a very modern dance and song offer by Miss Gretchen Kirchhoff crowned in a blue satin costume trimmed in shocking pink and accompanied by Mrs. Elmer Wentzney, concert pianist who studied at the Royal Academy of Music in London.  
Even-year old pianist Allison Lee gave an outstanding performance with her musical contrast of Beethoven's immortal "Für Elise" and her own arrangement of the modern boogie.  
Before each act "Grandma's" lovely voice was heard singing songs of yesterday accompanied by Miss Joan Wilkie and which were followed that not only have there been changes in fashion but in music as well.  
Here are just a few of the newly new fashions that were shown: A sleeveless, gathered checked chambray with bias trim and buttoned front for that quick change "we moderns" must make a model by Mrs. Frue. With this she wore a matching sun visor. Sheer as wisps for summer coolness was a wondrous tissue chambray in that wonderful "water drop" color was worn by Mrs. Ben Smith.  
Sophistication is the word for the teen-timer modeled by Miss Ann Thurston which was fashioned of navy blue cotton, sleeveless and with a splash of gleaming patent at the waist its only trim was rhinestone set buttons. Miss Betty Doris Williams looked as lovely as a rose in a matching suit working in the garden in a coordinated set of black jeans trimmed in checked gingham. Worn with a matching skirt and hat the rather dull dainties were transformed into an eye-appealing sports costume.  
Jonella Lee looked quite the grown-up young lady in a weasel suit of navy blue cotton. Sleeveless and with an elasticated back for perfect fit and boasted clever little pockets and belted back.  
A dream dress destined to cause a "heavenly dance" with all-over bodice tuckling was highlighted by ceramic flowerlike buttons and a full skirt with set-in pockets was attractively modeled by Miss Dorothy Von Herbulis.  
Mrs. D. Laithler looked cool and comfortable in a nylon linen in a navy prima donna model that just spelled spring. Rhinestone clips were featured on the stand up collar as the only trim on a very sophisticated and slenderizing dress.  
A bare topped sun dress of rayon butcher linen with a matching collar and worn by Mrs. Max Fundham was tailored and terrific. Sandra Earle looked just a wee bit old fashioned in a Kate Greenway rock of cotton made with a mix-in organdy petticoat, and only a little velvet ribbon at waist for trim.  
A star checked all wool topper featuring hand piped button holes, split skirt and round collar was shown by Mrs. William Stempert. The flared back was designed to pyramid over your spring styles.  
Delores Kiser looked like a rainbow in a striped nylon, complete with organdy and pearl buttons for that extra touch.  
Miss Rachel Johnson and Don Green were featured in companion swim suits with Miss Johnson capturing the glamor of Tahitian style in a capshell sarong which was elasticated for perfect fit. Delores wore a lovely cloth stole. Don looked as if he was ready to plunge in the pool or waves in a tapishell cabana set.  
Proceeds for the show will go into the Dental Clinic Fund, one of the chief projects of the B. & P. W. Hollywood Shops provided all clothes for the occasion.  
by President Henry Horton with roll and minutes read by Secretary Sandra Lee. The devotional was led by Marilyn McDaniels and gospel was sung by the choir.  
Mrs. H. B. McCall had the honor of acting and the Treasurer reported.

## Personals

W. E. Watson is confined to his home at 607 Oak Avenue because of illness.  
Mrs. L. P. Sauls of Charleston, S. C. arrived Thursday for a visit with her son and daughter-in-law, Mr. and Mrs. John L. Sauls.  
Oren Rudolph Smith, Jr. of Sanford was on the semester honor roll at Stenston University where he is a freshman.  
Mr. and Mrs. James V. Brooks of Baltimore are spending a few days with Mr. and Mrs. A. B. Peterson.  
Mrs. E. E. Anderson has returned to her home after a recent operation at Orange Memorial Hospital.  
Mr. and Mrs. Malcolm Arthur and daughter, Katherine, of Asheville, N. C. were the recent guests of Mr. and Mrs. A. L. Skinner.  
Friends of Mrs. Vivian Speer will regret to learn that she is confined to the Orange Memorial Hospital.  
Friends of Cpl. J. H. Galloway will be interested to learn that he has been promoted to the rank of sergeant.  
Mr. and Mrs. J. L. Hurt left Friday for Tucson, Ariz., to spend six weeks as guests of Mr. and Mrs. J. B. Stryker.  
Dr. and Mrs. C. L. Persons, Jr. and daughter Julie Louise, left Saturday for Miami and Fort Myers to spend several days with relatives.  
Mr. and Mrs. Berner Winn had as their weekend guests Mr. and Mrs. Eustia Peaks and family of Jacksonville. Mr. Peaks is the brother of Mrs. Winn.  
Miss Jean Anderson of Winter Haven is visiting with her mother and father, Mr. and Mrs. E. E. Anderson at their home on Fifteenth Street.  
Mrs. Ralph Tolar and son Gregory of Richmond, Va. are guests of her father-in-law and mother-in-law, Dr. and Mrs. J. N. Tolar.  
Mrs. Roland L. Dean returned to Sanford today from Columbus, Miss. She was accompanied home by her son, Bob, a student at Yale, who met her in Columbus.  
Raymond A. Kader of William E. Kader Jeweler attending the Seventeenth Annual Conclave of the American Gem Society in Chicago.  
Friends of Mr. and Mrs. James F. Young and daughter Donna will be interested to learn that they recently moved into their new home on East Twentieth Street.  
Mr. and Mrs. R. R. Harris, Jr. had as their weekend guest, his father, R. R. Harris, Sr. of Tampa. Also visiting for several days is Mrs. Harris' sister, Mrs. Richard Widmann of Miami.  
Dr. and Mrs. A. W. Epps, Sr. had as their weekend guests his brother-in-law and sister, Mr. and Mrs. J. E. King of Tampa, and mother, Mrs. W. H. Epps, who remained for a visit.  
Mr. and Mrs. James N. Shields had as their guests for the past two weeks Mr. and Mrs. C. A. Riley of Panama City. Mrs. Shields' mother, Mrs. T. R. Means, of St. Petersburg will be visiting with them until Friday.  
Sgt. and Mrs. Franklin Cumming and daughter, Helga, of Denver, Colo. are visiting as the guests of Sgt. Cumming's mother, Mrs. M. Cumming, and brother-in-law and sister, Mr. and Mrs. A. G. Van Ness.  
Pitcher Jack Bruner, Ariens Schlegelhaus and Bill "Doc" Cole, members of the San Antonio Missions baseball club, were entertained recently by Mr. and Mrs. Kent Chellam at their home at 107 1/2 Locust Avenue.  
Mr. and Mrs. V. C. Messinger had as their guests for the weekend Mr. and Mrs. W. E. Messinger of Jacksonville. Mrs. M. E. Messinger, who has been their guest for several weeks, accompanied them to Sanford.

## Nancy Aline Williams Engagement Is Told

The engagement of Miss Nancy Aline Williams, daughter of former Mayor and Mrs. Robert Austin Williams, to Kenneth Leon Berry, son of Mr. and Mrs. Harry George Berry of Reading, Pa., was announced at a lovely tea given by Mrs. Ira E. Southward and her daughter, Mrs. Alfred Doudney, at the Southward home on Hibiscus Drive Saturday afternoon between 4:00 and 6:00 o'clock.  
Miss Jean Southward, wearing a pink taffeta dress, met the guests at the door and presented each with a nosegay fashioned of roses into which was tucked a tiny heart with the names "Nancy and Ken" written on them and tied with white satin ribbons. To announce the engagement.  
The Southward home was beautifully decorated with a profusion of pink roses and white carnations. The dining table was covered with an Italian cut worked cloth and centered with a miniature archway of roses and fern with a tiny bride and groom seated under a canopy. Dainty open faced sandwiches, nuts and individual wedding cakes were also served.  
Those assisting in serving were Mrs. Billy Southward, Mrs. George Andrew Speer, Mrs. William Brumley, Mrs. Wight Kirtley, Mrs. I. E. Estridge, Mrs. Gerald Lansing, Mrs. E. E. Anderson, Misses Jean Sayer, Jane Chapman, Margaret Dingfelder and Bobby Morton.  
Throughout the tea hours Mrs. Evans McCoy played appropriate piano selections.  
Miss Williams was born in Sanford and was graduated from Seminole High School in 1947. She received her certificate for completion of a piano course offered by the Fannie R. Munson Piano School at a senior recital in piano in 1947. She received a Bachelor of Music degree in music education at Stetson University in DeLand in 1951 where she served as president and corresponding secretary and national convention delegate of Pi Beta Phi, social fraternity; vice president of Stetson School of Music, chorister of the Young Women's Auxiliary; served on various student government committees, the Panhellenic Council; freshman advisor and was a key member of the travel squad of the glee club.  
At present Miss Williams is Public School Music Supervisor of Seminole County and president of Pi Beta Phi Alumnae Club; council member of the Young Women's Auxiliary of the First Baptist Church and an officer of the Municipal Concerts of Sanford.  
Mr. Berry was born in Pottstown, Pa. and attended schools in Pennsylvania and Miami and was graduated from Benjamin Franklin High School in Philadelphia. He served for 37 months in the 50th Infantry Division of the U. S. Army during World War II and received the Bronze Star for distinguished service.  
He received a Bachelor of Arts degree at Stetson University in 1951 in economics where he was Junior Marshall of Sigma Phi Epsilon, social fraternity, business manager of the year book, "The Hatter," was a member of "The Mystic Krewe," mentored in the leadership fraternity, and of Sigma Pi Kappa, honorary journalism fraternity; also a member of the "Seaboard and Blue," honorary military society. He served as chairman of Homecoming, Hatter Holiday, and a student library committee, as a liaison advisor

Miss Nancy Aline Williams daughter of Mr. and Mrs. Robert Austin Williams, whose engagement to Kenneth Leon Berry, son of Mr. and Mrs. Harry George Berry of Reading, Pa., was announced at a lovely tea given by Mrs. Ira E. Southward and her daughter, Mrs. Alfred Doudney, at the Southward home Saturday afternoon.

and on the Rules and Procedure program is "Songs Around the Windmills".  
-1100-  
Roy Flynn voices another "Feature Story" from the campus of Florida State University. These unusual stories, heard on Tuesdays at 3:30, are centered around research, happenings, or unusual turns of events on the campus, around the faculty or in studies at FSU.  
-1100-  
Dorothy Holloway and Colleen Engstrom, the two teenage young ladies who voice Saturday morning's "Children's Classic Hour" at 11:00 o'clock, will celebrate their third anniversary on WTRR and on the same program. On Apr. 20 they will do their 15th program, a series that has been broadcast every Saturday without a break during the three years.  
-1100-  
Garnish individual servings of chocolate pudding with fluffs of egg white meringue. To make the meringue beat two egg whites until stiff but not dry; add a quarter cup of sugar gradually, beating well after each addition. Serve the meringue fluff "as is", without tearing or basting.

## Radio Briefs

By MARION HARMAN

This week, on Wednesday at 3:15, there will be another "Report From Europe" on WTRR. Dick Driscoll will bring you a report from Berlin, northern France, from London, and from SHARPE Driscoll calls in Kendall Fox, George Troller, Monsieur Raymond Colmant, Myron Parker and others to complete his on-the-spot report.  
-1100-  
Next Monday at 12:45, WTRR business reporter, Ted Hanna, will have as his guest Joe Bingham, a female poet. Miss Bingham will tell for the first time, and on her radio debut, of her inspiration to write "American Birthright", an outstanding new contribution to Americana.  
-1100-  
Four programs about the Netherlands will be featured on WTRR this week. At 1:15 each day, to coincide with the visit to the United States of Queen Juliana and Prince Bernhard, these programs will be heard. Tomorrow's program is titled "A Royal Fantasy" on Wednesday, a quarter hour called "Dikes Poet the Country", on Thursday it's "Fondly, Folks, and the final

## Officers Are Elected By Catholic Deanery

Mrs. Vincent Roberts of Sanford was re-elected vice president of the Central Florida Deanery of the National Council of Catholic Women which convalesced here last week. Also re-elected to serve to the Deanery were Mrs. Charles Callahan of Orlando, president, and Miss Alice Sawyer of DeLand, secretary.  
The Sanford Catholic Women's Club of which Mrs. J. L. Hurt is president acted as hostess for the group consisting of representatives from all parts of the state. Mass was celebrated at All Souls Catholic Church at 9:00 a.m. by Rev. Father George Cummings of Ocala, Spiritual Director of the organization. Following Mass, the group adjourned to the Women's Club where coffee was served under the direction of Mrs. S. T. Durand and her assistants, Mrs. H. B. Pope was general chairman of registration which included 225 guests.  
The business meeting was opened with prayer by Rt. Rev. Msgr. W. M. Mullally of Daytona Beach and the guests were welcomed by Father Anthony McGowan local pastor and Mrs. J. L. Hurt, Sr.  
On the platform were the following officers: Mrs. Charles Callahan of Orlando, Mrs. Clifford McIntyre of Winter Park, Mrs. Vincent Roberts, Mrs. Julia Morris of Daytona, Mrs. J. L. Hurt and Miss Alice Sawyer of DeLand. The Rt. Rev. Duane G. Hunt, bishop of Salt Lake Diocese, Utah, was the principal speaker. Luncben was served at the Mayfair Inn and a musical program was presented by Donald Dies of the Sanford Auxiliary Naval Station and Fritz Ambrose of the Inn. The Rev. Father Paul Manning, director of Catholic charities reported work and progress done in Florida which includes orphanages in Jacksonville, Tampa and Miami and homes for aged at Jacksonville, St. Petersburg and Miami.  
The Orlando group was the winner of the model layette displayed under Mrs. Sally Paralta of Sanford.  
The meeting closed with solemn benediction of the Blessed Sacrament at All Souls Catholic Church and those clergy present were Rt. Rev. Bishop Duane Hunt, Utah, Rt. Rev. Msgr. William Mullally, Daytona, Father George Cummings, Ocala, Father Paul Manning, St. Augustine, Father J. Bucko, Cocoa, Father R. F. Bush, Melbourne, Father W. O. Farrell, Eustis, Father J. Hegarty, Winter Park, Father F. J. Dunleavy and Father M. Harbinger both of Eustis.

## For a regal setting, a regal china...

## Baronet..in the beautiful LORAINÉ pattern

Ever since the eighteenth century, some of the world's finest china dinnerware has come from Bavaria. The years have not dimmed the skill of the old-time craftsmen. In fact, they have added to it—witness this magnificent BARONET Bavarian china. Look at its fine texture, its smooth, brilliant and long-wearing glaze. The LORAINÉ pattern has a graceful leaf center motif in coin-gold and french gray—colors which are carried out in a gray band with coin-gold lines on the rim. This charming design is on the Princess shape, with large size dinner plates and footed, flared teacups with coin-gold handles.

# Fleischer's 2-Hitter Gives Seminoles 4-1 Win Over Smyrna

## Celery Fed Nine To Oppose Seabreeze High Tomorrow On Municipal Field

By KENT CHETLAIN  
The brilliant two-hit pitching of right hander Mel Fleischer kept the Seminoles High School team from scoring a run in the Smyrna game, 4-1, last Friday afternoon at the Municipal Stadium.

The Celery Fed's earned only two runs but took full advantage of six Smyrna errors to tally four times. Fleischer had a no-hit performance going into the seventh and final frame, but was nicked for an infield single and another base hit all good for one run.

The Fed nine will play its second game tomorrow against Seabreeze here at the Municipal field at 3:30 p.m. Fleischer or Jim "Jack" Kridler is slated to pitch for the Seminoles.

In last Friday's game, the contest was a close affair until the bottom half of the fourth when with two out Jerry Goehli, Fed centerfielder, reached first on a grounder that the first baseman Bunkel bled off to the left. Goehli streaked down to second on the second pitch to right fielder Jimmy Smith. The Seminoles were then able to score on a grounder that the first baseman Bunkel bled off to the left. Goehli streaked down to second on the second pitch to right fielder Jimmy Smith.

In the fifth inning the Fed's used two errors, a walk and a home run to score three runs and no hits. It began when first baseman Bunkel bled off to the left. Goehli streaked down to second on the second pitch to right fielder Jimmy Smith.

In the top half of the seventh, Smyrna's leftfielder Maltry beat out a swinging ball. In the bottom half of the seventh, Maltry walked and Bunkel drove Maltry home with a clean single to left.

Fleischer fanned seven and was a little wild in the first two frames walking a total of six batters. New Smyrna ab r h rbi o

It was the masterful two-hit pitching of Melvin Fleischer that helped the Seminole High School baseball team win their opening game with New Smyrna Beach last Friday afternoon, 4-1, in seven innings.

## Lions Loop First Place Red Sox To Face Hapless Cubs

The Lions league leading Red Sox opposed the last place Cubs this afternoon at 4:00 on the Lakeland Diamond. The Red Sox went into the contest tied for the lead with the Seminoles with two wins and no defeats.

The luckless Cubs entered the game with a no win and four loss record. Head coach manager Buddy Lake said that a shifting of players would be made soon to help the Cubs and balance the league's strength.

Tomorrow the first place Seminoles will face the third place Giants at 4:00 p.m. at the Lakeland Diamond. The Giants have won two and dropped the same number and are only one full game off the pace setting Seminoles and Red Sox.

Rotary Pirates Face Cubs This Afternoon  
The Rotary League's first place Cubs tangled with the second place Pirates this afternoon at 4:00 p.m. on the Ninth Street Diamond. The Pirates went into the contest only one half game behind the Cubs who won the loop opener 6-4 from the Tigers one week ago.

Tomorrow the Giants will play its first game against the cellar dwelling Tigers at the regular Rotary League starting time of 5:00 p.m. on the Ninth Street Diamond.

## Miami Sun Sox Are Classified As Quantity "X" In IFL Race

By HOWARD KLEINBERG  
Miami Daily News Sports Writer  
MIAMI (AP)—The Miami Sun Sox are classified as a quantity "X" in the IFL race.

Headed up in a week-end game with the Brooklyn Dodgers, the Sun Sox had some bad news, especially the one that they would have to play in Brooklyn a day before the season started.

However, new manager Max Baer does have a general knowledge of what's going on and voiced the claim that Miami will have a very good team this season, better than the one that folded in third place at the end of last year.

At the moment, Brooklyn would come in very handy with a hitting second baseman. Eubank has a batting average of .300 and has been working out with them at Vero Beach.

For a third baseman, Mason is up in the air. It might be Gil Torres if he is returned to the Sox or it may be Claude Suppe, a rookie.

In the outfield, Miami appears in good shape. Paul Armstrong and Rocky Roloff are back and Mason has his nick of Bob Sweeney. Hank Henry, Mick Sinner or Joe Kovalowski, all rookies to the team.

The catching chores will be a toss-up between Ed Little of last year's squad or Cecil Dalton. In the pitching department, the Sox have returning from last season, Art Selas, Gene Solis, Dick Jovell, Bob Ludick and Lake Penn, who was just bought from Newport News.

## Weary Patty Berg Wins New Orleans Golf Tournament

NEW ORLEANS (AP)—Weary Patty Berg won the first New Orleans Women's Open Golf Tournament by five strokes although she turned in an eight over par 82 final round.

Patty, who was ahead by ten strokes after 54 holes, saw that margin melt away gradually before finishing the 18-hole round on Sunday with a 290 to take her 180 and \$1,000.

Marilyn Smith, a vivacious 23-year-old blonde from Wichita, Kan., and Betty Jameson, the veteran star from San Antonio, Tex., finished in a tie for second five strokes behind Berg with 295. Finishing fourth with 302 was Louise Suggs, a native of Georgia who now calls Cincinnati, Ohio, home.

Baseball Spring Training Brings \$700,000 To State  
TAMPA (AP)—Florida has a business that lasts only five weeks each year but pours \$700,000 into the state in that brief period.

Just for providing some good weather and sunshine, Florida reaps that much each spring from baseball training. And Bobby Hicks, Tampa Tribune sports editor who adopted the \$700,000 estimate after conferring with many club officials, said it is very conservative.

One hundred and seven ball clubs of every classification helped spend that total this year in nearly every Florida city that has a good diamond and ball park.

Major league clubs usually have 40 players on their roster, plus a manager and at least three coaches. Each has a trainer, a clubhouse man, groundskeepers and an office staff to carry on the club's business while in this state.

## LaSalle Cagers Face Kansas In Olympic Trials

NEW YORK (AP)—LaSalle's youthful explorers are confronted with the Herculean task of stopping Kansas' towering Clyde Lovellette tonight as the Olympic basketball trials hit their high spot — the semi-finals — at Madison Square Garden.

The tournament is perhaps the only one in basketball where the semi-finals are more important than the finals.

For from the winner of the LaSalle-Kansas "dream game" — as well as from the loser, which will be the AAU People's Choice and Phillip Obery — will come the players who will represent the United States in the Olympics this summer in Helsinki.

The Olympic squad will be composed of seven players from each of tonight's winners.

LaSalle would not get a chance to meet the Lovellette-led Kansas.

Allen claimed his team would not have a chance to win with two Eastern officials in Madison Square Garden.

During its 10-game 1951 football season, the University of Florida was penalized 47 times for 485 yards.

Smookey says to keep 'em from burning!

## Annual State Am Golf Tournament Will Start Today

JACKSONVILLE (AP)—Six former champions are in the terrific field of more than 250 who started after the 35th annual State Amateur Golf Championship here today.

Frank Borjovich, Lakeland, is the defending champion. Other former winners on hand are Ward Rogers, Clearwater; Jim Lee Jr., Tallahassee; Carl Dunn Jr., Orlando; Tommy Aycock and Al Ulmer, both of Jacksonville.

Another man to watch is Gardner Dickinson, Panama City, former Southern Amateur champion. Strong threats are posed by Jack Russell, Clearwater, who won the National Amateur Players Golf Tournament at Miami several weeks ago.

A couple of teen-agers capable of top-notch golf are Don Bisplinghoff, Orlando, and Joe Eubanks, Daytona Beach. Bisplinghoff qualified for the National Open last year and has made good showings in junior tournaments.

Today's 18-hole round was devoted to qualifying. The low 64 go into a championship group from which the champion will emerge Sunday. He will have won six matches in as many days, including the 36-hole final.

## Mrs. Marsh Wins Seminole Club's 3rd Flight Title

Women's Championship Tourney to Reach Semi-Final Round Wednesday

By KENT CHETLAIN  
Mrs. A. D. Marsh won the third flight of the Sanford Seminole Country Club's annual golf tournament from Mrs. A. D. Scott 1-up after 18 holes of tightly contested match yesterday.

The tourney, which started last week, reached the quarter-finals Sunday. Dot Powell edged Mrs. H. Wheeler 3-1 in the championship flight. Mrs. Wheeler was defeated by Mrs. C. H. Adams 4-3. Mrs. Harry Bower edged out a 1-up 19 hole victory over Mrs. Roy Hymon, Jr. and Mrs. Howard McLaughlin was by default over Mrs. W. R. Williams.

In the First Flight round Mrs. Fisher McLanahan stopped Mrs. John Ivey 3-1, Miss Maud Wilson beat Mrs. Rose Adams 4-3, Mrs. Harry Bower edged out a 1-up 19 hole victory over Mrs. Roy Hymon, Jr. and Mrs. Howard McLaughlin was by default over Mrs. W. R. Williams.

In the loss Second Flight consolation round Mrs. Schirrad, Jr. stopped Mrs. Woodruff 1-up.

In all 24 women golfers entered the women's club championship tourney last week. Last Wednesday, qualifying rounds were staged.

In last week's Championship Flight First round, Miss Powell dined Mrs. John Ivey, Mrs. Wheeler stopped Mrs. McLanahan, Miss Bette defeated Mrs. Rose Adams, Mrs. Bloom halted Miss Wilson, Mrs. O'Linger whipped Mrs. Bower, Mrs. Caraway won from Mrs. Sweeney, Mrs. Smith over Mrs. McLaughlin and Mrs. Ryan bested Mrs. Williams.

W. J. Pearson will face Mrs. Fleming.

 By BENNETT CERF

WOODROW WILSON was a great reader of books, and the author he admired above all others was Mark Twain. When his presidential train therefore, Mr. Wilson ordered a three-hour wait-over that he might wonder for a bit among the boyhood haunts of the famous humorist. Accosting a native, the President said, "I'm a stranger in these parts. Could you tell me where Tom Sawyer was supposed to live?" "Never heard of him," maintained the native. "Well, how about Huck Finn?" persisted Mr. Wilson. "Never heard of him neither," declared the native. The President made one more try. "How about Paul Henshaw?" he inquired. The native's face brightened. "I heard of him all right," he said cheerfully. "In fact, I even voted for the darn fool."

B. Z. "Cuddler" Sakall, the rotund comedian, asked a pint-sized dancer how much she weighed. "A hundred and one," she told him. Sakall sighed and pointed out, "I ate more than that for lunch."

### Voters Get Ready To Go To Polls In Wisconsin

#### Primary Seen As Of More Importance After HST Decision

MILWAUKEE (U.P.)—The Wisconsin primary, a pivotal election in any presidential year, took on added importance today as a result of President Truman's decision not to seek reelection in November. Voters will cast their ballots Tuesday.

At stake are 20 Republican delegates and 20 Democratic delegates in the presidential nomination convention next July. But more important, observers feel, are the probable effects on the outcome of the three principal Republican candidates battling here, as well as the outlook for Sen. Estes Kefauver of Tennessee, the major Democratic candidate.

Sen. Robert A. Taft of Ohio, Gov. Earl Warren of California, and ex-Governor of Minnesota Harold G. Stassen are competing for the Republican delegates.

Taft said Sunday he did not "see how President Truman's decision" affects the Republican contest, but he said the Democrats might have to draft the President as their candidate.

"They are likely to find that any candidate who can be nominated will be weaker than Truman himself," Taft said.

But the Democratic race, in which Kefauver has been contesting against two separate slates, each claiming to represent the President, may be sharply influenced by the Wisconsin political observers, throughout the campaign, have often expressed the belief that thousands of Democrats in the state may cross party lines and vote for Stassen or Warren in an effort to defeat Sen. Taft. The vote, they said, may shift to the GOP side.

One of Kefauver's campaign lieutenants recently said, "We are more afraid of that than we are of the other two slates."

Charles E. Broughton, leader of one of the two Democratic groups running as a "Hayden team," said in a statement:

### Harry Truman

turn it down if it were offered by the Republican party.

Will Truman's decision help or hurt Republican prospects in the Wisconsin primary? That is the question that is being asked by the three principal Republican candidates battling here, as well as the outlook for Sen. Estes Kefauver of Tennessee, the major Democratic candidate.

Sen. Robert A. Taft of Ohio, another GOP nominee candidate, said someone the Democrats pick will be weaker than Truman himself.

Taft said Sunday he did not "see how President Truman's decision" affects the Republican contest, but he said the Democrats might have to draft the President as their candidate.

"They are likely to find that any candidate who can be nominated will be weaker than Truman himself," Taft said.

But the Democratic race, in which Kefauver has been contesting against two separate slates, each claiming to represent the President, may be sharply influenced by the Wisconsin political observers, throughout the campaign, have often expressed the belief that thousands of Democrats in the state may cross party lines and vote for Stassen or Warren in an effort to defeat Sen. Taft. The vote, they said, may shift to the GOP side.

One of Kefauver's campaign lieutenants recently said, "We are more afraid of that than we are of the other two slates."

### Auto Accidents Kill 14 Persons During Weekend

By The Associated Press  
Automobile accidents killed 14 persons in Florida over the weekend, another man drowned while fishing and the bodies of a man and woman missing since March 21 were found floating in a bay.

Twenty-four were injured. Warnings from Bayshore of seven miles northwest of DeLand where four Negroes died when their automobile was forced off the road and crashed into a tree.

The Negroes were identified as Willie Davis, DeLeon Springs; Eddie Lee Smith, Orange City; Nathan Hollie, DeLeon Springs, and Hattie Hirsch, DeLand.

State Highway Patrolman Jim Tavocci said three white men—Roland Smith, 21; Don Harper, 23, and Charles Monk, 18, were in the car.

Miss Evelyn Whitman, 28, Fort Lauderdale and James H. Edgar, 24, Miami Springs were killed when their convertible and an oil truck crashed into a canal near Dunedin.

Daniel Ray Marcellini, five months old, was killed when a truck crashed into a parked car near Cross City.

State Highway Patrolman Howard Jones and Assistant Park Commissioner W. J. Tompkins, who investigated, said the pickup automobile was not off the chain of collisions and did not hit anything.

### Blues In The News

By ANTHONY

With "fresh haircuts," blazes, and hats squared, the men of N.A.A.S.P. made a very impressive first appearance at the first meeting of the organization for another monthly Capernaean inspection.

After he had finished inspecting the crew, the Captain ordered his personal congratulations and read the names of those men for whom the official recognition for advancement in rating has been received.

The Station baseball team split a two game series with the Dr. Seuss Air Force team Friday and Saturday by one run margin.

Ex-Senator White Dies  
AUBURN, Me.—Former U. S. Sen. Wallace H. White, Jr., 74, an expert on communications and shipping legislation and majority leader in the Republican caucus of the House, died in his sleep early today.

He had seen 41 general elections with a recurrence of a heart ailment that had plagued him for years. He retired early in 1943 after 18 years in the Senate and 14 in the House.

Because of his interest in communications, he was the author of the nation's first radio law—a White top report presented the United States at several international conferences. He was chairman of the American delegation to the International Radio Conference of Cairo, Egypt, in 1938.

As a House member, he helped draft the Jones-White Act of 1926 which placed America's Merchant Marine under federal control.

White leaves a widow, a stepson, a sister and five brothers.

### Task Force 77

#### Pilots Show Off Of Navy Secretary

SEATTLE, Korea (U.P.)—Task Force 77 pilots showed their muscle to Navy Secretary Dan Kimball Sunday and worked over Communist night attacks that blasted off Communist supply trucks trying to move in the front under cover of darkness.

The Air Force said the Semchon Sinuius rail line has been out of operation for five days.

Twenty-five U. S. Sabre jets clashed Sunday with 70 Communist MiG jets in a brief battle over Northwest Korea and downed two MiG fighters.

In the ground, the 135-mile front was quiet except for sporadic enemy mortar attacks which were repelled after short skirmishes.

By SAM HUMERLIN  
MUNSAN, Korea (U.P.)—Communist state officers today proposed that top level negotiations try to break the deadlock over whether Russia should help police a Korean truce.

The Reds suggested the joint Communists on armistice supervision meet for the first time in more than two months at 11 a. m. Tuesday (9 a. m. EST Monday).

Col. Don O. Barrow said the U. S. Command report would be in Communist hands two hours before the meeting would begin.

The Reds nominated Russia as one of their three representatives on a truce inspection commission last Feb. 18.

### New Cancer Drug

#### Is Being Tested At Georgetown U.

WASHINGTON (U.P.)—A brand new kind of cancer drug, that fools cancer cells by being a wolf in sheep's clothing, is being tested at Georgetown University Medical School.

These cancer drugs look like something the cancer cells need—building blocks of proteins. Cancer cells need these bricks in order to keep growing.

But the new drugs are intentionally made just a bit different from ordinary amino acids. The cancer cells often will accept them, and then discover that these new bricks are really mummy wreaths in their life gears.

The new research was described to newsmen, during cancer centers, under sponsorship of the American Cancer Society by Dr. Charles F. Greenberger and Dr. Raymond M. Cline.

The key is altering the chemical makeup of the amino acids to make them look like sheep. The change is slight.

Some are not harmful to healthy, living cells, but they are bad for cancer cells.

About 60 humans have seen gain from the new wolf drug in the last two years. So far, a few cancer patients have responded favorably.

The drug relieved pain and brought some shrinkage of far-advanced cancers, in patients with cancers of the stomach, intestine, breast and urinary tract. Some were improved for several months.

### Giving You

#### A Shop That Is New

For the perfect and most wonderful finishing touches to any room in the house, you will find beautiful hand painted pictures, silk, water color reproductions and etchings from all over the world.

Traveling throughout the world has given us the opportunity to gather a wonderful collection of Curios, that will warm the hearts of the most particular people and the most discriminating collectors.
