**Blues In The News**  
By ROB ANTHONY

The color green predominated last night as a large number of people turned out for the St. Patrick's Day dance held at the Navy Center. The Center was appropriately decorated with green paper "bamrocks" amidst a background of greens and white trimmings.

Paul Kraham and his orchestra provided the music and as the couples began to dance, the wear-in of the green was seen in green shirts, green neckties, green blouses, green skirts, and green dresses. George "Red" Gallagher especially stood out with his flaming red hair and his bright green shirt.

The dancing was halted temporarily for a grand march and a drawing in which prizes were awarded to Linda Hofstetter, Mildred Avasi and Nell Brouer. Refreshments served included green punch and white cake with green frosting.

All in all, a fine time was had by everyone in celebrating the feast day of dear old St. Patrick, who is said to have driven all the snakes out of Ireland, although Patrick himself was born in Scotland.

Chief Howard H. Haynes' wife, Mabel, has done it again! She entered six projects in the recent Women's Home Demonstration in Orange City and brought home six blue ribbons to prove her ability in the fine arts of homemaking.

Although a definite date has not

been set as yet, plans are progressing smoothly for a dance to be held in the near future by FASRON 51. The Sanford Armory has been chosen as the site and there will be a band, orchestra and refreshments. The proceeds from the local USO will also be invited. Chief T. D. Huntley, AOC of FASRON 51 is in charge of plans.

I'm sure you will be glad to learn that Ralph Gasman, PI2Z of FASRON 51 has agreed to become a co-writer of this column again. Many of you will remember the fine columns of news Ralph used to bring you before he was transferred from Sanford to Pensacola where he was enrolled in the Class "B" Photographer's School. Now that he is back in Sanford, you will be able to enjoy his columns once again. Ralph and I will alternate writing "Blues in the News" and if you have anything you would like to see appear in this column, you can contact me at Extension 215 aboard the station or you can get in touch with Ralph at Extension 289 aboard the station.

Mr. and Mrs. William Stevens and Mr. and Mrs. Howard Bagley of Amesbury, Mass. and St. Petersburg were the guests of Mr. and Mrs. L. Q. Pickering Thursday.

Mr. and Mrs. Charles Kosch who have been occupying Mrs. J. H. Cowan's apartment, left Wednesday for their home in Maumee, Ohio.

C. E. Millsted is home again following a recent heart attack which hospitalized him for several days.

Mr. and Mrs. Walter I. Piper visited friends in Lake Alfred and Volusia several days last week.

Mr. and Mrs. W. H. Smith have rented the Shuman house. He is currently attending to NAAS, Sanford.

**Rural Common Sense**  
By SPUDS JOHNSON

In this centennial year of the University of Florida, the farm people of the state may take pride in the role that this institution has played in the development of Florida's great agriculture. They have a right to be proud for two reasons: The University of Florida is their institution, built and supported by them and other Floridians, and, second, the institution has made notable contributions to Florida agriculture.

Since 1888, when the Agricultural Experiment Station was established in connection with the Florida Agricultural College in Lake City, scientists of the Agricultural Experiment Station system have been making discoveries and solving problems of great benefit and significance to farmers in every phase of Florida agriculture.

The results of Agricultural Experiment Station research has meant untold millions of dollars in added income to Florida's farmers. Agricultural College was one of the forerunners of the University of Florida.

Since its beginning, the University of Florida has been teaching farm boys how to be better farmers than their fathers, how to teach others to be better farmers, and how to go into agricultural research if they are so inclined.

This is the forty-fourth year of Agricultural Extension Service work in Florida, and the Golden Anniversary of Agricultural Extension Service work in the nation.

The Agricultural Extension Service, with its county and home demonstration agents and specialists, is the University of Florida's direct connection with the farm people of the state. Florida's notable agricultural progress during the past 44 years would not have been possible without the

Natchez, Miss. made with her cousin, Mr. and Mrs. Sidney Newell of Orlando. While in Natchez they attended the Annual Pilgrimage to the ante-bellum homes and gardens.

# Lyman 8th Boys, Lake Mary Girls Win County Titles

## Jr. Flight Crown

By KENT CHELTAIN  
The Lyman 8th Grade boys overcame a 4-1 deficit in the first period to crush tiny Lake Mary Junior High, 27-15, to win this year's Seminole County Junior High School Basketball Championship at the 8118 gym last night.

Earlier in the evening, the defending champion Lake Mary girls repeated their success of last year by throttling the Ocala girls, 14-10, in the girls' championship finals.

The title finals culminated two days of tournament grid that saw 16 boys' and girls' teams from seven counties compete in 11 continuous games all-day yesterday and in three games today at the Seminole High School gymnasium.

Over 700 fans watched all 14 games. The Lake Mary boys narrowly defeated the Sanford 7th Grade from the Junior High School for the Junior boys' bracket title yesterday afternoon, 20-18.

The Lyman 8th Grade champions earned the right to play Lake Mary in the championship finals by thumping the Sanford Junior High 8th Graders, 25-21, yesterday for the senior boys' title.

Two Lake Mary players were named the individual girls' and boys' stars of the two-day tournament, husky Jean Ann Nelson and tiny 4-foot-11 Chuck Weiderhold.

Playing four games in two days, Weiderhold scored a tourney high of 45 points, 23 points in the Lake Monroe opener and 16 against the Geneva boys. Nelson of Lake Mary had no peer on the court among the girls averaging 12 points per game.

# Crack Junior Legion Vets Boister Seminole Baseball Outlook

## S-H-S Opens In New Smyrna Next Week

By KENT CHELTAIN  
Bolstered by the return of the 10 crack Junior American Legion veterans of last year's state final at Campbell's Field No. 23, Seminole High School baseball has a chance to make good on its long-standing dream of winning the East Florida Conference and 1933 state high school championship aspirations are being of so all time peak.

In addition to the return of the Legion starters, two left-hander and one right-hander are currently working out with the Seminole squad for regular berths. Outfielders Ed McCall and Joe Hutchison are returning from last year's squad, though they were not able to play on the Legion team last year.

The five other players are outfielders Gerald Jones, Gene Estridge, James Davis, and lumbering Johnny Jones, the latter who played briefly last summer with the Legion side.

Coach Bill Fleming announced that he has scheduled eight games so far with prospects for slating four more on a home and away basis with Ocala, and Edgewater of Orlando.

The Celery Fed diamond representatives will don the field in the season's inaugural match Wednesday afternoon at New Smyrna Beach. Fleming will have a time trying to weed out his nine outfielders, as well as the numerous flycatchers including Legion vets, Larry Bates, Frank Stafford and Russ Hammann; left-tyemen Hutchison and McCall; and others. Backfield Jones, Johnny Jones and Gene Estridge.

The infield problem will be less difficult. Third baseman Junior Metts, first sacker Bubba Bishop and shortstop Ed Sheffield have all but nailed down their positions. Handball Farrell from the Legion team will be in the fight for second base with Russell "Wop" Mann, starting Celery Fed gridiron flash.

Terry Cordell, another Legion vet, is "the" catcher. "Mighty" Ed Fletcher, who has a foot on the mound, will be hurler No. 1 again this year and Junior Joe Krider is an able No. 2 flinger.

The Seminoles have been practicing for the last week. Only time will tell how far HHS can go with this loaded team of Legion vets.

SANFORD'S CRACK JUNIOR LEGION team of last summer, which carried the Campbell-Lanning Post No. 53 into the state finals at Starks, returns intact to bolster Seminole High School's championship aspirations. In addition, returning lefty Joe Hutchison and Ed McCall, both outfielders, are working out currently with the seminoles diamond squad daily for regular berths. The Celery Fed will invade New Smyrna Beach a week from today in the season's opener. Pictured above are top row, left to right, Joe Krider, and outfielder Larry Bates. Bottom row, left to right, infielder Randall Farrell, third baseman Junior Metts, catcher Terry Cordell, and flycatcher Russ Hammann, Frank Stafford and Jimmy Wade. Missing from the picture was infielder Bill Sheffield.

# Rep. Syd Herlong Cites Need For Tax Relief In Minor League Clubs

By JACK WALSH  
Reprint From The Sporting News  
WASHINGTON (Special) — Florida Congressman Albert S. Herlong, organized Baseball's anti-monopoly fight in Congress, today declared he is anxious to help George Trautman, president of the National Association, attempt to obtain substantial tax relief for distressed minor league clubs.

Backing a plea from Trautman for reduction or abolition of the 20 per cent federal amusement tax, Herlong revealed that he has suggested that the minor league loss appeal before Congress to explain baseball's plight.

Herlong displayed a copy of the letter sent by Trautman to Chairman Dan Reed (R., N. Y.) of the House Ways and Means Committee.

Reed's group will write the tax bill and it could cut or throw out the 20 per cent tax on baseball admissions.

In his letter, Trautman pointed out that there were 29 minor league clubs absorbed the tax rate when it went from ten to 20 per cent during World War II. Trautman added that a reduction now "would prove to be the difference between survival and liquidation of many of our clubs."

Trautman drew attention to the fact that the decline from 42 million in 1940 to only 20 million last year.

Congressman Herlong, former minor league club president and ex-president of the Florida State League, said: "The situation is getting more and more acute. I think something will have to be done to keep minor league ball alive."

Herlong said he recently received a letter from a constituent, Randall Chase, Mayor of Sanford who wrote: "Hard taxes are throttling minor league ball. One third of our gross went to city, state and federal taxes."

Herlong commented: "I don't have to be told what that means. In my own town of Leesburg, I ran our Florida State League team. In 1940, we had 45,000 paid spectators—the best year we ever had. Paying about \$4,500 in admission taxes alone, we lost about \$3,000."

"Right there was the difference between a winning and losing season. And just about all clubs of this type are operated as civic enterprises. Nobody is trying to make any money."

Herlong conceded that major league clubs also would benefit from any tax reduction. "Nothing wrong with that," he commented. "With the exception of one or two, I don't think anybody is making big money in the major leagues, either."

The Treasury Department official said he expected hearings to be held on the admission tax question, but he refused to hazard a guess as to the date.

The Treasury Department revealed that \$330,782,000 in revenue was derived from the 20 per cent amusement tax in the last fiscal year. It was estimated that baseball's contribution to this amount was \$85,000,000.

Movie people are fighting strenuously for a reduction, too. High school athletic proceeds became exempt last year and in 1931 Congressmen excused symphonies, operas and ballets which are not operated for profit.

### Cubs Beat Red Sox, 11-7, To Keep Lead

The Lions top leading Cubs maintained their top position yesterday by defeating the Red Sox, 11-7, at the lakefront diamond, Husky hurled for the winner while Shitney Vilhen twirled for the losers.

The loss dropped the Red Sox into fourth place and kept the Cubs unbroken victory skid going. The Cubs will tangle with the Giants Thursday afternoon at the lakefront diamond at 4:00 p.m. in the next Lions clash.

Cubs 11-7  
Red Sox 7-11

### Basketball Star Is Not Ill In Hospital

Johnny Jones, Ocala's 16-year-old prep cage wonder who led all county scorers setting an all-time mark with 399 points in this season, is not ill in the Orange Memorial Hospital as had been reported earlier. Mrs. Marian Jones, Johnny's mother, declared today, it is J. R. Jones, Johnny's father, who is ill in the hospital.

### Archie Moore Wins Over Al Spaulding

SPokane, Wash. — Archie Moore stepped six-pounded Al Spaulding in three rounds last night and then clamored again for Harry Matthews, pride of the Northwest, or Rocky MacLean, king of the heavyweights.

The light heavyweight champion said he'll continue his once-a-week fight schedule for the next two months or get the big guy.

Spaulding, a bulky heavyweight from Oakland, Calif., was flustered by a stiff right second before the bell sounding round one, and barely got up in time.

Moore, who at 155 gave away 35 pounds, stalemated his man in the next round. Spaulding, however, and Moore, who had a history of being all over each other three times in that round, he was counted out in 1:54 of the third. In the previous two rounds, Moore got off 57 punches, while Spaulding got off 34.

# Kansas State To Defend Title In Indiana Contest

KANSAS CITY — Plug Allen's Kansas Jayhawks will defend their National Collegiate (NCAA) basketball championship against Indiana's Hoosiers tonight in the national title game.

Council Bluffs, Iowa's McKinstry team, which won the national title in 1950, will defend their title against the Hoosiers in the second game of the tournament.

The Hoosiers' All-American Don Schindt matched Pettit's scoring total and teammate Bob Leonard came close to a hat-trick.

# Kluszewski Of Reds Might Be Heading For His Greatest Year

By BEN GLAN  
Associated Press Sports Writer  
This may be the year big Ted Kluszewski of Cincinnati will blossom out as one of major league baseball's greatest hitters. At least, all signs point in that direction.

Kluszewski pounded out two homers and a single, good for five runs, yesterday at Cincinnati's home, the Philadelphia Phillies, 7-6 at Clearwater, Fla.

The 28-year-old Red Hot first baseman finished third among National League hitters in 1952 with a .360 average. But veteran observers, among them Cincinnati Manager Rogers Hornsby, believe Ted can do a lot better.

"Potentially, Kluszewski is a great hitter," Hornsby said earlier this spring. "If he just would apply himself a little more he might lead the league."

Up to now, there's no doubt that Ted has been heading down.

The former Indiana University football star hit his home runs yesterday in the first and third innings, each time with Gus Bell on base. In the fifth, he safely delivered Grady Hatton.

In other games, old-fashioned slugfests were the order of the day. At Orlando, the Brooklyn Dodgers outscored the Washington Senators, 11-9, in the first game. The Dodgers collected 17 hits, among them a home run by Pee Wee Reese, and the Senators 15, including doubles by Jim Busby, Mickey Vernon and Harry Simpson.

Bob Milliken received credit for the victory and the veteran Sam Coons was charged with the loss.

Los Angeles' home run with two men aboard eliminated a two-out six run rally in the ninth inning and gave the St. Louis Browns a 9-6 win over the Reds.

The Cleveland Indians tallied in the home run game. Jim Lemon and Bob Kennedy hit home runs in the first and second innings, respectively. The Indians sent the game into overtime by tying the score in the ninth on Harry Simpson's triple and Larry Troy's single. Lemon also hit for the circuit while Jim Rivers connected for the Chicks.

In another extra-inning game, the Boston Red Sox went to frames before edging the St. Louis Cardinals, 6-5. Second baseman Johnny Merson's double drove home Al Zarilla with the winning run.

At Bradenton, a two-run double by rookie infielder Harry Chase broke in the eighth inning gave the Boston Braves a 3-2 triumph over the world champions, New York Yankees. Young Al Cicotte was the victim of Boston's three-run uprising. Warren Spahn, the Braves' southpaw ace, limited the Yankees to only two hits in the five innings he worked.

In a night game, the Pittsburgh Pirates defeated the Cuban All-Stars, 9-0. Benny Geremba's three-run homer in the sixth inning accounted for all of the Pirates' runs. Jim Waugh was the winning pitcher.

The Chicago Cubs got only six hits off two San Diego hurlers and dropped a 3-1 decision to the Pacific Coast League club. Johnny Ellenson and Fred Sacasawi divided Chicago's mound chores.

The Cubs were dealt a damaging blow when it was announced that Hank Bauer would be in for most, if not all, of the rotation.

# Minor League Tax Relief Is Not In Immediate Offing

By JACK WALSH  
Reprint From Sporting News  
WASHINGTON (Special) — Rep. Albert S. Herlong (D., Fla.), who introduced a bill in the last Congress to exempt baseball and other sports from anti-trust laws, in writing, said today that he is not going to do anything in view of the Court of Appeals decision out of Cincinnati reaffirming the old decision that baseball is not interstate commerce," said Herlong.

Herlong now says he introduced his old bill after the House Subcommittee on Study of Monopoly Power started its investigation of baseball in 1951.

This group, headed by Chairman Emanuel Celler (D., N. Y.), finally issued a 1,544-page report and a 232-page summary last year that declared "professional baseball could not operate successfully and profitably without some form of a reserve clause."

After that deduction following weeks of hearings and research, the report's punch line—and last line—was "to recommend no legislative action at this time."

With the new administration, the Celler subcommittee has been abolished. Now monopoly or anti-trust matters come under the attention of a subcommittee that is headed by Chairman Kenneth B. Keating (R., N. Y.).

Herlong took a big part in the baseball investigation, says, "I can assure you there will be no more baseball hearings. I think you know I never believed in interfering with baseball or any other sport."

"Unless something highly unprecedented comes up, there will be our position."

# U. Of F. Centennial Awards Scheduled For 173 Floridians

PINEHURST, N. C. — This may be the year that Mary Lena Faulk, the slim Thomasville, Ga. mix, shakes off her medalist jinx and wins the North and South Invitation golf tournament.

The 51st annual Mid-South classic qualifying round was held today, with the Georgia girls rated at least even with the other big amateur names on hand.

In addition to Barbara Hornack, defending champion from Sacramento, Calif., Pat O'Sullivan of nearby Southern Pines, whom Miss Romack defeated on a last minute hole-in-one at the former National Champion; Mary Murray, also of Mid Pines, a Curtis Cup team member last year and former National runner-up; and Mary Ann Villars of New Orleans, National Intercollegiate champion.

Today's 32 qualifiers for the No. 3 course of the Pinehurst National Club will move into match play tomorrow. Par has been set at 74 for the women, with the yardage trimmed to about 6,000 yards. One 18-hole round will be played daily through Monday.

Miss Faulk was medalist last year and the year before, but never won a title in her 11-year career, despite her last start.

In recent weeks she has been playing some of her best golf. She won the Florida East Coast title at St. Augustine for the third year in a row. She also took the Doherty Memorial Dorothy Kirby at Miami with a 5 and 4 final rout of Miss Romack. In several other Florida events she played particularly well and she was low amateur in the recent Augusta Titleholders tournament.

Miss Romack still a bit shaky after a bout with the flu, won the South Atlantic tournament at Orono Beach, Fla., for the second time.

# Sports Roundup

### BASEBALL

LOS ANGELES — With three weeks of the training season gone, the probable opening day lineup of the Los Angeles Dodgers is expected to be right up there again fighting for a pennant. Maybe Leo knows exactly how he plans to unscramble his forces at the proposition, but he does his best saying. The experts attendant to this stage have given their readers all the answers, are talking to themselves.

When the official news finally came through that the great Willy Mays would have to serve out his hitch in the Army despite multiple dependencies, there was a noticeable brightening among the press corps. Not because the cheery young Negro would not be available to play center field, but because the knowledge would force Durocher to make at least one decision.

He has been playing Bobby Thompson, the hero of '51, at third base steadily, and the assumption was that the dandy little manager was doing this because he had inside information that Mays would be sprung. Without Mays, it was again agreed, he would be forced to shoot Bobby back to his old post in center. You don't win without a fine center fielder.

"No," said Leo when cornered. "It won't make a bit of difference. Bobby will stay on third. That broke some in his hand will soon him out for a little while, but he'll be back at third."

He said that leaves Hank Thompson, who loves to play third and had one great season at that position, which doesn't like doing at all. It is strange going on for a ball team which expects to beat out Brooklyn.

The second major mystery came over Daryl Spencer, the star rookie from Minneapolis who was, according to the original blueprint, going to take over shortstop from Glynis Alvin Dark and shove the Giants' long-time field leader over to second base. At the moment, this has developed into the favorite guessing game in West Coast baseball circles.

Something has to give between now and mid-April. Dark has said quietly, that he expects to play short. The Giants brass has said the Spencer will not be permitted to ride the bench. One suggested to ride for Spencer to take over third base, but Durocher didn't assent it.

"An awful problem Leo's got," said Manager Al Lopez of Cleveland. "Two shortstops, each better than the other. Which I had it."

## New Route For Toll Highway In State Seen

### Turnpike Would Split Center Of Florida

MIAMI (AP)—The Miami Herald said today that the State Road Department has a new route for the proposed Florida toll turnpike that would link Jacksonville and Miami through the center of the state.

The proposed route, the Herald said, would pass through central Florida to east of Ocala and southwest of Orlando, paralleling U. S. 1 only from a point west of Jupiter to the outskirts of Miami.

In a story detailed New York by John H. McMurtry, the Herald said: "This development was the high light of an on-the-spot inspection by the Pennsylvania, New York and Garden State turnpike made by the Board in the past three days."

"W. Howard Frankland, Tampa, made the proposal and drew immediate support from Chairman Richard Simpson, Monticello."

The Herald said an expert for the engineering firm of Parsons, Brinckerhoff, Hall and MacDonaid, who has made an extensive study of the Florida turnpike situation, predicted the central route would be more practical and probably cost less than the originally proposed East Coast route.

The story added Simpson gave an immediate and extensive study of the central route would be made by the Board. It continued:

"The board plans to make its recommendation to Gov. Dan Carty before the Legislature meets in April or at least in time to get legislative action before the 90-day session ends."

"The Central Florida turnpike would be able to serve as a thru way between north and south Florida, would be easily accessible to Jacksonville, Starke, Gainesville, Palatka, Ocala, Silver Springs, Orlando and all municipalities on the Southeast Coast."

"In addition, a relatively short 'loop' could be added into the Tampa-St. Petersburg area."

"Frankland noted that the central route would give farmers, cattle-men and citrus growers in the rich agricultural district north and west of Lake Okechobee a fast and inexpensive speedway for shipping their perishable produce north."

## Lemon Emphasizes Regulation On Use Of City's Vehicles

City Manager Tom Lemon was "cracking the whip" around City Hall today.

Four memorandums addressed to department heads covered a variety of subjects.

One governed the use of city-owned equipment and stated: "City-owned equipment must not be used for any purpose except city work. Trucks and cars must not be used for private purposes and must not be used on city streets in private places or on off duty. Please advise employees in your department that this rule must be adhered to."

Another memo referred to rules in city-owned equipment: "Only authorized personnel may drive in city-owned equipment. This includes relatives, friends, and members of city employees' families. Several instances of this nature have been reported in the past. Please do not permit this practice to continue."

A third memorandum dealt with traffic regulations in which corporation Mr. Lemon wrote: "All city cars, trucks, and city employees must know and obey traffic regulations in effect in the city. Infractions have been noted in all departments. Observe; stop streets, correct signaling, driving and parking on right side of street, traffic courtesy, speed, etc."

The final instruction concerned injuries received while working for the city. That one pointed out: "All injuries must be reported in detail to E. H. Johnson, Report time, date, nature of injury, and Dr. J. N. Tolar's report."

## KILLED BY SPLINTER

ST. PETERSBURG (AP)—A strip of lumber flew off a power saw and killed Paul Henderson, 36, Wednesday night at his home, employer of the Pinellas Lumber Co. Local police were operating the saw when the piece of wood flew off and hit Henderson, 15 feet away, piercing his heart.

## GIVE

One person in every family trained to care for the sick at home is the ultimate goal of Red Cross Nursing Services through its course in home nursing. Last year, 285,000 certificates for completion of Red Cross home nursing courses were awarded. This instruction program is important to the health of the nation. Help support it by contributing generously to the 1953 Red Cross fund campaign.

## ZONING BOARD MEETING

The City's Zoning Board of Adjustment will hold a regular meeting in the commissioner's room at City Hall tomorrow night at 8:00 o'clock. Chairman E. P. Lane announced today.

## Master Of Ceremonies

Frank Evans, master of ceremonies of the 29th annual Pioneer Night to be held in the Lake Mary Community building tomorrow night beginning at 7:30 o'clock. The program will consist of talks by Mrs. Roland Dean and Ernest Herckenridge, a song and dance number by Cindy May of the Southside Primary School, and a novelty number by Bobby Lord, Tampa radio entertainer.

## Industries Body Picks Permanent List Of Officers

A newly formed permanent Board of Directors for Sanford Industries, Inc. last night named its permanent officers of the corporation. Three men who have been serving in a temporary capacity were elected.

William Steiner was elected president, William Steiner vice president, and George H. Williams secretary-treasurer.

At the evening stockholders meeting the following were elected as directors of the organization: Mr. C. Cowan, W. H. Steiner, Forest Brockenridge, W. C. Hutchison, Jr., J. J. Houston, Herlan Jackson, Mr. Williams, J. Brailley Odham, and John Kader. All own at least one share of stock in the corporation.

With but one minor change, stockholders approved the bylaws as previously submitted to the Florida Securities Commission. At least temporarily, the directors voted to make no change in the personnel comprising four major committees of the organization.

Mr. Brockenridge is chairman of the welcoming committee which J. J. VanHooy is the top member of the prospect committee. Acting under authority granted by the bylaws, a fifth committee comprised of Mr. Brockenridge, Mr. Cowan, and Gordon Sweeney was formed. No chairman was designated.

Article IV, Section 8 states: "The directors shall appoint a standing committee of not less than three members to administer any money donated from any source for specific purposes as designated by the donor, such as promotion, etc. Such funds received shall be kept separate from the regular stock subscriptions, and shall be fully accounted for to the board of directors by such committee at stated periods as required by the board."

Following the election and adoption of the bylaws, the directors considered work which has been accomplished up to now and made additional overall plans for future activities.

## Two Cars Collide At Ninth Street Corner

Wesley Allman, 1019 West Geneva Avenue, was charged with careless and negligent driving, and driving without a license following a two-car collision yesterday afternoon at the corner of Ninth Street and Oak Avenue.

A collision with another vehicle operated by E. C. McClain, a taxi driver. Total damage to the two vehicles was \$140. Patrolman Joe Hixson investigated.

## ZONING BOARD MEETING

The City's Zoning Board of Adjustment will hold a regular meeting in the commissioner's room at City Hall tomorrow night at 8:00 o'clock. Chairman E. P. Lane announced today.

## Germans Told To Re-arm As Danger Rises

### Leader Sees Menace Of War As Greater

BONN, Germany (AP)—Chancellor Konrad Adenauer declared today that West Germany must re-arm because the death of Joseph Stalin has increased the danger of war.

"The Germans and the rest of the world are in great danger rather than diminished, this danger," he said in appealing to the lower house of Parliament for approval of two treaties which would make Germany an armed ally of the West.

As he spoke, hundreds of police surrounded the Parliament building to keep off crowds of Communist demonstrators seeking to march on Parliament and block the vote. One load of tear gas screaming, chanting demonstrators was beaten off by police using fire hoses. There also was an outbreak of fist fighting. All several demonstrators were arrested.

Adenauer declared that if the German people realized the full extent of their danger they would delay no longer in putting into effect the European Defense Community, which is backed by the United States and Britain. Germany is slated to provide 500,000 men for this six-nation force.

He said Russia had threatened East Germany and the rest of Europe satellite states, and that nobody knew what Stalin's successors in the Kremlin would do with them.

Fighting off repeated heckling from his leftist opposition, the 77-year-old chancellor pleaded with the German people to "face the facts."

Nearly ten square blocks around the Parliament building were cordoned off from the Parliament plinths. Communist demonstrators were stationed to prevent infiltration of Red demonstrators.

Police said they had received reports that Communist demonstrators planned to import demonstrators from wide areas of West Germany, especially from the industrial Ruhr to stage disorders.

Speaking the fight against these opponents was 77-year-old Chancellor Konrad Adenauer, who stands the lower house before he goes to the United States for a state visit April 9.

In the first parliamentary session of the year, the house voted down a Communist motion to bring the United States to the aid of the German people.

## Pilot Club Helps Easter Seal Sale

Members of the local pilot club executive board of the Pilot Club and committee chairman for the year 1951 and and the Executive Committee of the club, Mrs. R. E. True, St. Petersburg, will be in charge of the sale.

The group will be in charge of the sale of the Seal Sale in the city of St. Petersburg. The sale will be held in the city of St. Petersburg. The sale will be held in the city of St. Petersburg.

The group will be in charge of the sale of the Seal Sale in the city of St. Petersburg. The sale will be held in the city of St. Petersburg. The sale will be held in the city of St. Petersburg.

## Ms. True Elected B & PW President

Mrs. R. E. True was elected president of the Business and Professional Women's Club at its Wednesday night meeting. Elected president were Mrs. E. H. Carter, second vice president; Mrs. O. T. Pearson, treasurer; Mrs. J. E. Hodge, recording secretary; and Mrs. Porter H. Lanning, corresponding secretary.

The group met at the Yacht Club and the business was led by the president, Mrs. Marguerite Graham. Announcement was made that an important board meeting is scheduled for April 1 at the home of Mrs. Egan Price at 7:00 p.m. Plans for the district meeting and program to be held April 13 in Sanford will be made.

At the conclusion of business a program based on "Health and Safety" was presented by State Trooper R. D. Harrison who was introduced by Mrs. M. L. Tilla. Mr. Harrison asked for the support of all civic clubs in emphasizing the need for following traffic rules and laws.

He stated that the mothers and women of the community have the responsibility of stressing the necessity of safety at home especially in training their children to look out for danger. Ninety five per cent of the accidents are caused by carelessness, he stressed.

## Eisenhower Tells Newsmen Russia Will Always Be Met Half Way In Cause Of Peace

### President Also Sees No Change In Reds

WASHINGTON (AP)—President Eisenhower today said that he would meet Russia half way in the cause of peace, but that he would not meet the Communists half way.

Asked if he would meet the Communists half way, the President said he would meet Russia half way in the cause of peace, but that he would not meet the Communists half way.

The President also said that he would meet Russia half way in the cause of peace, but that he would not meet the Communists half way.

## New Route For Toll Highway In State Seen

### Turnpike Would Split Center Of Florida

MIAMI (AP)—The Miami Herald said today that the State Road Department has a new route for the proposed Florida toll turnpike that would link Jacksonville and Miami through the center of the state.

The proposed route, the Herald said, would pass through central Florida, passing through Ocala and southwest of Orlando, paralleling U. S. 1 only from a point west of Jupiter to the outskirts of Miami.

In a story detailed New York by John B. McDermod, the Herald said:

"This development was the high light of an on-the-spot inspection of the Pennsylvania Turnpike and Garden State Turnpike made by the Board in the past three days.

"Howard Frankland, Tampa, made the proposal and drew immediate support from Chairman Richard Simpson, Monticello."

The Herald said an expert for the engineering firm of Parsons, Brinckerhoff, Hall and Macdonald, who has made an extensive study of the Florida turnpike situation, predicted the central route would be more practical and probably cost less than the originally proposed East Coast route.

The story added Simpson was an immediate and extensive study of the central route would be made by the Board. It continued:

"The board plans to make its recommendation to Gov. Dan Carey before the Legislature meets in April or at least in time to get legislative action before the 90-day session ends."

"The Central Florida turnpike would be able to serve as a thru way between north and south Florida, would be easily accessible to Palatka, Ocala, Silver Springs, Orlando and all municipalities on the Southeast Coast.

"In addition, a relatively short haul could be added into the Tampa-Petersburg area.

"Frankland noted that the central route would give farmers, fishermen and citrus growers in the rich agricultural district north and west of Lake Okechobee a fast and inexpensive highway for shipping their perishable produce north."

## Lemon Emphasizes Regulation On Use Of City's Vehicles

City Manager Tom Lemon was "cracking the whip" around City Hall today.

Four memorandums addressed to department heads covered a variety of subjects.

One governed the use of city-owned equipment and stated "City-owned equipment must not be used for any purpose except city work. Trucks and cars must not be used for private purposes and must not be used on or off duty. Please advise employees in your department that this rule must be adhered to."

Another memo referred to rules in city-owned equipment: "Only authorized personnel may drive in cars, trucks, or any city-owned equipment. This includes relatives, friends, and members of city employees' families. Several instances of this violation have been noted in home places. Do not permit this practice to continue."

A third memorandum dealt with traffic regulations in which concerned Mr. Lemon wrote: "All city cars, trucks, and city equipment drivers must know and obey traffic regulations in effect in the city. Infractions have been noted in all departments. Observe; stop streets, correct signaling, driving and parking on right side of street, traffic courtesy, speed, etc."

The final instruction concerned injuries received while working for the city. That one pointed out: "All injuries must be reported in detail to E. H. Johnson, Report time, date, nature of injury, and Dr. J. N. Toar's report."

**KILLED BY SPLINTER**  
ST. PETERSBURG (AP)—A strip of lumber flew off a power saw and killed Paul Henderson, 36, Wednesday night. W. Lopez, employe of the Pinellas Lumber Co., told police he was operating the saw when the piece of wood flew off and hit Henderson, 15 feet away, piercing his heart.

## Industries Body Picks Permanent List Of Officers

A newly formed permanent Board of Directors for Sanford Industries, Inc. last night named as permanent officers of the corporation three men who have been serving in a temporary capacity since that time.

Rolph T. Cowan was elected president, William Steamer vice president and George H. Williams secretary-treasurer.

Earlier in the evening stock holders had named the following as directors of the organization: Mr. Cowan, W. H. Steamer, Forest Breckenridge, W. C. Hutchison, Jr., J. J. Humann, Herman Jacobson, Mr. Williams, J. Bralley Odham, and John Kuder. All own at least one share of stock in the corporation.

With but one minor change, stockholders approved the bylaws as previously submitted to the Florida Securities Commission. At least temporarily, the directors voted to make no change in the personnel comprising four major committees of the organization.

Mr. Cowan is chairman of the executive committee. D. K. McNab heads the screening committee. Mr. Breckenridge is chairman of the auditing committee. J. J. VanHoy is the top member of the prospect committee.

Acting under authority granted by the bylaws, a fifth committee comprised of Mr. Breckenridge, Mr. Cowan, and Gordon Sweeney was formed. No chairman was designated.

Article IV, Section 8 states: "The directors shall appoint a standing committee of not less than three members to administer any money donated from any source for specific purposes as designated by the donor, such as promotion, etc. Such funds shall be held separately from the regular stock subscriptions, and shall be fully accounted for to the board of directors by such committee at stated periods as required by the board."

Following the elections and adoption of the bylaws, the directors considered work which has been accomplished up to now and made additional overall plans for future activities.

The session which commenced at 8:00 p.m. broke up at 12:30 a.m.

## Two Cars Collide At Ninth Street Corner

Wesley Allman, 1019 West Geneva Avenue, was charged with careless and negligent driving, and driving without a license following a two-car collision yesterday afternoon at the corner of Ninth Street and Oak Avenue.

A collision with another vehicle operated by Ellen C. McClain, a taxi driver. Total damage to the two vehicles was \$140.

Patrolman Joe Hilsman investigated.

## Jaycees Plan To Conduct Novelty "Kids' County"

In the absence of Bradley Odham, who was slated to speak today, but was unable to because of illness, the Junior Chamber of Commerce held a business session at 8:00 a.m. at the lunchroom at the Yacht Club.

William Hutchison Jr., chairman of the novel "Kids' County" project, revealed plans to orient the County's high school students in political customs, and later, after they held a typical political convention and a subsequent election, permit the winning candidate of the various county offices to run the county for one day.

Starting next week, the "Kids' County" project would begin its three-week course. The first week will consist of orientation of the students, followed by actual mock conventions and culminating with the elections and installation in the Court House.

"As far as we know this is the first time a Jaycee group has undertaken this type of program," President Douglas Stinson said.

"If it works out, we will submit it to the state Jaycees for use all over the state." (Continued On Page Four)

## Mrs. True Elected B & PW President

Mrs. R. E. True was elected president of the Business and Professional Women's Club at its Wednesday night meeting. Elected to serve with her were Mrs. E. E. Carter, second vice president; Mrs. O. T. Pearson, treasurer; Mrs. J. E. Hodge, recording secretary; Mrs. M. H. Smith, at large; and Mrs. Porter H. Lanning, corresponding secretary.

The group met at the Yacht Club and the business was led by the president, Mrs. Margaret Graham. Announcement was made that an important board meeting is scheduled for April 1 at the home of Mrs. Eggar Price at 7:00 p.m. Plans for the district meeting and program to be held April 13 in Sanford will be made.

At the conclusion of business a program based on "Health and Safety" was presented by State Trooper R. D. Harrison who was introduced by Mrs. M. L. Tills. Mr. Harrison asked for the support of all civic clubs in emphasizing the need for following traffic rules and laws.

He stated that the mothers and women of the community have the responsibility of stressing the necessity of safety at home especially in training their children to look out for danger. Ninety five per cent of the accidents are caused by carelessness, he stressed.

A round-table discussion followed his talk and films were shown.

Those present were Mrs. E. J. Routh, Mrs. Eleanor Ravensel, Mrs. O. T. Pearson, Mrs. J. E. Hodge, Mrs. M. L. Tills, Mrs. E. Carter, Mrs. W. E. Baker, Mrs. R. W. Graham, Mrs. R. E. True, Mrs. Anderson, Mrs. R. M. Hall, Mrs. Lillian Carhart, Mrs. C. E. Hunter and Mrs. V. H. Grant.

Hostesses were Mrs. M. L. Tills and Mrs. Virginia Anderson.

## Germans Told To Re-arm As Danger Rises

### Leader Sees Menace Of War As Greater

BONN, Germany (AP)—Chancellor Konrad Adenauer declared today that West Germany must re-arm because of the danger of war.

"The Germans and the rest of the world are in great danger rather than diminished this danger," he said in appealing to the lower house of Parliament for approval of two treaties which would make Germany an armed ally of the West.

As he spoke, hundreds of police surrounded the Parliament building to keep off crowds of Communist demonstrators seeking to march on Parliament and block the vote. One band of nearly 1,000 screaming, chanting demonstrators was beaten off by police using fire hoses. There also was an outbreak of fist fighting. All several demonstrators were arrested.

Adenauer declared that if the German people realized the full extent of their danger they would delay no longer in passing the vote. One band of nearly 1,000 screaming, chanting demonstrators was beaten off by police using fire hoses. There also was an outbreak of fist fighting. All several demonstrators were arrested.

One band of nearly 1,000 screaming, chanting demonstrators was beaten off by police using fire hoses. There also was an outbreak of fist fighting. All several demonstrators were arrested.

He said Russia had 1,400 divisions in East Germany and the East European satellite states, and that nobody knew what Stalin's successors in the Kremlin would do with them.

Fighting off repeated heckling from his leftist opposition, the 72-year-old chancellor pleaded with the German people to "face the facts."

Nearly ten square blocks around the Parliament building were cordoned off to keep Communist demonstrators and plunkhoesmen were stationed to prevent infiltration of the demonstrators.

Police said they had reported Communist demonstrators planned to import demonstrators from wide areas of West Germany, especially from the industrial Ruhr to stage disorders.

Speaking the fight against these opponents was 77-year-old Chancellor Konrad Adenauer, who stands the lower House of Parliament, the Bundestag, before he goes to the United States for a state visit April 15.

In the first parliamentary session of the year, the Bundestag will discuss the proposal to re-arm Germany.

The house voted down a motion to bring the Bundestag's agenda.

Members of the Bundestag are the Allied Forces, and the Western Bloc, which have been near sovereignty, and the situation under Western protection.

Adenauer said that he would not be certain to back the proposal for a 300,000-man rearmament.

Other groups have had their say on the subject.

Members of the next cabinet's executive board of the Pilot and committee chairman for the year 1953 is and at the Bundestag.

## Injunction Is Issued Restraining Winter Park Group Guarding Tree

ORLANDO (AP)—Circuit Judge Frank A. Smith today issued a temporary injunction restraining a group of men and women in neighboring Winter Park from interfering with Orange County crews in the removal of trees lining fashionable East Winter Park Road.

The injunction was issued in a suit brought by the county commissioners against Mrs. Virginia Craig, Mrs. James Varner, "Mazie Roe" and others in the Winter Park area allegedly interfering with removal of the oaks.

The injunction was turned over to Orange County Sheriff Dave Starr's office for immediate service on the men and women who have been forming a human blockade.

The suit charged that the defendants have been attempting to keep the county machinery from functioning at "great expense and irreparable damage" to the county in its construction program.

If the tree defenders persist in their stand under the oaks, they were told, they are subject to citation for contempt of court and liable to a fine and prison terms.

## Two Local Men Will Be On Garden Forum

Two agricultural experts of the Sanford Experimental Station will be among the speakers at the first Lawn and Garden Forum Sunday afternoon in Municipal Auditorium in Orlando.

Dr. John W. Wilson will speak on "New Insecticides for Home Gardens." Dr. Phillip J. Westgate will also appear on the program which lasts from 1:00 to 7:00 p.m.

Tomorrow will be the last opportunity to enroll for credit in a class in economic entomology, according to J. C. Russell, instructor, who announced a session will be held tomorrow night at 7:30 o'clock in the architectural building on the Seminole High School farm.

Emphasis will be placed on local insect problems and their control.

University of Florida credit of three semester hours will be given to those successfully completing the course.

## New Acrotter Will Be Started Officially

The new 23,000 city water plant at the corner of Thirteenth Street and French Avenue was slated to begin official operation this afternoon, with City Manager Tom Lemon and Mayor Randall Chase expected to head a large delegation of city officials present.

Also expected to be on hand are Robert Angus, consulting engineer from Jacksonville, and F. A. Hyson, contractor.

The new machine made a test run yesterday which was pronounced a great success.
