

## WRO FLED LAW, IS IN N. Y.

Lucky Mine Miner Arrested on Charge Return to U.S. Officers He Tired of Trying Create New Life

YORK, Oct. 16.—(AP)—Fled from Germany to Kentucky, where he was arrested on a charge of returning to the United States, the miner said he was tired of trying to create a new life and was glad to return to his home.

Turner, a 42-year-old miner, was arrested at New York City on the charge of returning to the United States after having been deported from Germany in 1925. He had been living in Kentucky for several months.

STON, Oct. 16.—(AP)—"I give a damn for the ship that sinks the boys," Captain H. D. Stone said yesterday when he was asked by the St. Louis Post-Dispatch if he would give a damn for the ship that sinks the boys.

## Airship Probe Practically Finished Thursday Hearing; Court Decision Is Delayed

**STORY OF BRYSON SHOOTING IS TOLD BY ACCUSED MAN**

HENDERSONVILLE, N. C., Oct. 16.—(AP)—Declaring he had carried three pistols for months, Bonnie L. Brooks, on trial here for the murder of former Mayor Samuel Y. Bryson, told the jury Thursday he himself and the slain man would mean that one of them would be killed.

Brooks, taking the witness stand, in his own behalf, recounted incidents leading up to his meeting with Bryson last Aug. 6, when the two engaged in a pistol duel which resulted in Bryson's death. The defendant told of surprising the former mayor in the Brooks home and the discovery of alleged improper conduct between Bryson and Mrs. Brooks. He made an agreement with Bryson, he said, in which the latter consented to leave Hendersonville and remain away for two years.

Brooks was on the witness stand more than three hours. He was grilled by prosecuting counsel but made no changes in his testimony. The defense had not concluded its case when court adjourned late yesterday.

## London Extends Wales Rousing Welcome On Return From Long Trip

PORTSMOUTH, England, Oct. 16.—(AP)—The Prince of Wales, heir to the British throne, came home today after a six months' jaunt which took him through a large part of the British possessions in South Africa and to the capitals of South America.

## Croydon Airport Gets Expansion Program

CROYDON, Oct. 16.—(AP)—A scheme, which it is stated will make the London terminal airport the finest commercial station in the world and which will cost nearly a quarter of a million pounds, has now been begun in earnest.

## DIVORCED WIFE OF DUKE PLANS TO FIGHT WILL

**Florida-Tech Game Published In Detail**

Because of the unusual local interest in the annual football game tomorrow between the University of Florida and Georgia Tech, The Sanford Herald has made arrangement with the Associated Press whereby a play by play account of the grid classic will be received and published in a sports extra that will be issued about 7 o'clock Saturday evening.

## Funeral Services For Mrs. Leonard Held This Morning

Funeral services for Mrs. Mary Leonard, aged resident of Sanford, who passed away at her home here Wednesday afternoon after a long illness, were held this morning at 10 o'clock from the All Souls Catholic Church with Rev. W. Humphries in charge.

## Revision Of Tax Laws Demanded By Business Men, Says Chamber Head

NEW YORK, Oct. 16.—(AP)—In order to make the United States independent of foreign rubber producers, Harvey S. Firestone, president of the Firestone Tire and Rubber Company, is preparing to spend \$100,000,000 in remodeling a whole country.

## Campaign To Change Senate Filibuster Rules Renewed By Dawes In Atlanta

**CITIES FORCE BILL AS UNJUST LEGISLATION**

ATLANTA, Oct. 16.—(AP)—Vice President Charles C. Dawes, in a speech here last night, deplored the revival of sectional issues by public men opposed to a change in United States senate rules.

The vice president was discussing particularly the filibuster, which, he contends, should be prevented in senate procedure. He mentioned the Force bill, which he says, was an example of unjust legislation.

He pointed out that while the total amount shown in the proposed budget does not reach the total of funds which have been credited to the Chamber of Commerce during the past few months, and which are now on hand, it is the opinion of the members of the finance committee that a proportionate part should be withheld from any estimate prepared to govern the expenditure of these funds, saying that untoward contingencies, likely to occur during the year for which no provision had been made, would cause embarrassment.

**238 VESSELS CAPTURED AND 400 ARE ARRESTED BY DRY NAVY OFFICIALS**

WASHINGTON, Oct. 16.—(AP)—The coast guard of the dry navy has captured 238 seagoing vessels and approximately 400 prisoners since its concentration against rum smugglers which was started about seven months ago. This result has been obtained with a loss of four government ships and about three members of their crew.

## Man Dies of Injuries When Auto Hits Him

STAMI, Oct. 16.—(AP)—George Herman, 53, local cabinet maker was fatally injured when struck by an auto last night while attempting to cross the street. He died early this morning in a hospital.

## FRENCH ACTION APPROVED

PARIS, Oct. 16.—(AP)—The council of ministers today gave unanimous approval to the Franco-British pact drawn up at Locarno.

**Outdoor Service Opens Episcopal Convention**

A grand open-air service opened the Forty-eighth Triennial convention of the Episcopal church at Audobon Park, New Orleans. More than 10,000 attended the service and a choir of 250 voices led the singing. It was this convention which upheld the convention of Bishop William Montgomery Brown on charges of heresy.

**State Records Show 90 Convicts Escape During 9 Months**

TALLAHASSEE, Fla., Oct. 15.—(AP)—Ninety prisoners escaped from road camps of Florida and seventeen from the state farm during the period of January 1 to October 1, this year, the records in the office of Chief Prison Clerk T. E. Andrews show.

Of the 90 fugitives from the road camps, 54 recaptures were effected for 1925, up to September 30. Of that number, 26 were 1925 escapes, and 28 were returned who had fled during previous years.

Eleven recaptures were made at the state farm. Three of them were escapes for 1925, and eight were those who had left in previous years.

Five escapes for September and two for August were reported for the road camps by S. L. Walters, auditor. One recapture was made for September when Sam Johnson, negro, who made an unsuccessful dash for liberty, was returned.

**Fascist Secretary Publishes Report of Party Increase Data**

ROME, Oct. 15.—(AP)—When Benito Mussolini stretches his right arm forward in Roman salute and calls: "Fascists, attention!", the answer "Present!" is a chorus of voices of about 3,000,000 men, women and children.

Fascism, only a handful of men some ten years ago, is now a formidable army, according to an official report made by Roberto Farinacci, secretary general of the Fascist Party. Here are his figures:

- 68 Provincial Federations;
- 6,317 National Trade Unions;
- 317 National Trade Unions;
- 18 Children's Organizations;
- 16 Vanguard Organizations;
- 590 Women's Groups;
- 9,000 Men's Groups.

Frostproof—City to vote soon on \$355,000 bond issue, for municipal improvements.

Dunedin—Water mains being extended; new type of fire plugs installing in down town section.

**WEAF "Story Lady" New Faculty Member At Woman's College**

TALLAHASSEE, Oct. 15.—(AP)—Mrs. Aida Gordon, well known to the children radio fans as the "Story Lady" from Station WEAF, New York City, is a member of the faculty of spoken English department, at the Florida State College for Women. Mrs. Gordon is a graduate of the Milwaukee State College and the Curry School of Expression, Boston. She has had special work in "story telling" at the Columbia School of Expression, Chicago, and was a member of the Washington Story Players, and a student of Shakespeare under Louis Calvert, at New York University. She was a pupil of William Tilly, Columbia University.

Before coming to Florida State College, Mrs. Gordon was instructor in diction at Windsor P. Duggett's School of Expression of Spoken Word, New York, and assistant director at the Triangle Theatre.

Tampa—\$2,000,000 hotel to be constructed on Davis Islands.

**Jewelry Salesman Who Was Robbed In Orlando Charged With Embezzlement**

ORLANDO, Oct. 15.—A. S. Wagner, jewelry salesman for I. Press and Sons of Philadelphia, was arrested and placed in the Orange county jail late Tuesday afternoon, upon a warrant sworn out by Abraham Press, president of the jewelry firm charging embezzlement of \$383.

The salesman, last night, had not made bond which was fixed at \$1,250.

Wagner is charged with misappropriating the \$382 from a sale of a diamond, for \$1,132 to a resident of Winter Park. Wagner, it is charged, reported the sale, at \$750 to his company and as having been made to a man of Orlando.

**Theft Is Reported**

On Monday night, Oct. 5, the salesman reported to his firm and to the local police and the Orange County Sheriff Karel, that he had been robbed of \$135,000 of jewelry mostly diamonds, by a man who had carried him out on the Fair villa road for the supposed purpose of selling a diamond to his uncle. He related how he had been tied to a tree at the point of a pistol by the man and the jewelry taken from him.

It was while investigating this case that Mr. Press and private detectives working with the sheriff and city detectives discovered the alleged discrepancy.

According to detectives, Wagner

when first questioned stated that he gave H. A. Wyche, formerly a clerk at a local hotel, \$350 commission for giving him the name of the Winter Park prospect, but later said that he gave only \$50 to the former clerk. Wyche, the detectives say, maintains that he was given \$350 by the salesman.

**Won't Make Statement**

Wyche last night declined to state whether or not he had received any amount of money from Wagner.

When questioned at the sheriff's office yesterday, Wyche declined to tell where he was between the hours of five p. m. and 10 p. m. on Oct. 5, the night on which Wagner reported that he had been robbed. He also refused to say whether he knew anything about the man who is said to have carried Wagner out to make the sale.

Newspaper men were told by Wagner, when he first reported that he had been robbed, that he had been employed by I. Press and Sons for several years.

**Have Retained Counsel**

Officials of the firm stated that the salesman had been employed by them for about eight months, though they had known his father for thirty years. They have retained counsel.

Detectives declare that the cord with which Wagner says he was tied loosely to the tree was so tight that a man's arms could not be thrust under it.

The sheriff would not permit newspaper men to see Wagner last night.

**1000 Descendants Attend Reunion Of Family In Finland**

HELSINGFORS, Oct. 15.—(AP)—At a recent family reunion in Central Finland there assembled 1,000 descendants of the family, whose records date back to 1412. A number of those present came from distant countries, including the United States and Canada. A remarkable feature of the large gathering was that approximately 70 percent were peasants as were their progenitors.

The event aroused so much interest in Finland that the government sent Premier Tulenheimo and Archbishop Gummerus as its representatives.

**Whale Station Closed As Big Fish Diappear**

SEATTLE, Oct. 15.—(AP)—The Bay City whale station of the American-Pacific Whaling Company, one of a few remaining in the United States, is being dismantled. Lack of whales in the ocean tributary to Grays Harbor necessitated the shut-down. Only 21 whales have been brought into the station since the opening of the season last April. In previous years the catch averaged from 200 to 300 whales a season.

Radical changes in ocean currents along the north and south Pacific coast have made new feeding zones.

Panama City—Plans under way for erection of \$450,000 hotel.

Mascotte—City to install twenty additional street lights.

**STEWART'S WASHINGTON LETTER**  
By CHARLES P. STEWART

WASHINGTON, Oct. 15.—(AP)—Although the council of the Interparliamentary Union refused even to consider the plea of Carl Lindhagen, mayor of Stockholm, that the union adopt a common language for the whole world, yet comment among his fellow delegates indicated that Lindhagen's proposal would have had many supporters, provided they had considered it possible of realization.

They didn't so consider it, however, and felt it would have been a waste of time to discuss it.

Some of the English-speaking delegates at the interparliamentary gathering did seem to think their languages spread promises to make of it, ultimately, a medium which may prove serviceable for the transaction of all business a polygot assemblages, but it was noteworthy that the non-English-speakers almost all thought otherwise.

In short, as perhaps might have been expected, each nationality at the interparliamentary meeting seemed to feel that its idiom was the one which, for beauty, simplicity, clarity and all other good qualities, ought to be chosen if there were to be an agreement on any single one out of the entire collection.

Made-to-order languages had few advocates, most of the opposition to them being based on the ground that they must inevitably be based largely upon the older tongues, or perhaps some group of tongues, and can only be popular with those to whom the latter come naturally.

Even Lindhagen addressed the interparliamentary sessions in French, not Volapuk or Esperanto.

As Brisbane Sees It

Study His Ways. Impertinent Rate. Old Excommunication. Respectable Real Estate. BY ARTHUR BRISBANE (Copyright 1925)

GO TO THE ANT, thou sluggard, consider her ways and be wise. O' young men and old men, do you have any industry? an ant at hand, go to Walter Johnson, pitcher for the Senators, and consider HIS ways and be wise.

JOHNSON DIDN'T blow up. He pitched two games, allowing only 11 hits and he struck out 12 men. That means something in professional baseball of the highest class.

TRULY, MCGRAW said of the wonderful Johnson, 'HE HAD EVERYTHING.'

HE TRAINED for something much better than a fight. He trained to demonstrate that so-called 'old age' in baseball is not important.

RATS IN Britain do \$350,000,000 damage every year. Here they do more damage. There is more for them to damage.

A SMALL part of the money that men recently spent in the big war killing other MEN, would exterminate all the rats all the mosquitoes, wipe out all plagues and clean up all plague spots on earth.

BISHOP BROWN, of Ohio, has at last been expelled by the House of Bishops. The good bishop, who insisted on doing his own thinking, applied for an injunction to restrain other bishops from putting him out.

THE EXPELLED bishop, however, can go on living about as usual. Friends will eat with him, restaurants will entertain him, tailors will make clothes for him, people will sell him goods, servants will wait on him. That's a change.

REAL ESTATE is a respectable and considerable business. August Hecksher, who says he is like the old cab horse in Dickens, that would fall down if its driver allowed it to stop, goes on working and occasionally buys something.

COMMERCIAL NEWS from Japan is cheerful—for Japan and for us. Japanese exports of raw silk to the United States in the first half of 1925 were nearly double what they were in 1924.

It's All Over Now

Another World Series has passed into history. Down, and practically ground into the dust by the overwhelming onslaught of a perfect Washington team, the gallant Pirates, with the games standing three to one against them Sunday night, looked out into a new week with confidence, and straightforward won three games in a row.

Even that last game, fought to break the tie, showed the stuff of the team which now holds the championship. Giving the Senators a lead of four runs in the first inning, the Pirates came from behind twice to tie the score and finally to win the game by a score of seven to nine.

Walter Johnson, hardy noble fighter that he is, was not himself yesterday. The elements conspired against him and he found it a difficult task to throw a wet ball with customary speed.

The Pirates have taken the pennant to Pittsburgh and it is reasonable to believe that it will be safe with them for another year. In the meantime let's turn our sporting eye to football and...

Penrose By the Potomac

Some place in North Carolina called Washington is up in arms because it is continually being confused with Washington, D. C. It seems that no mail ever reaches Washington, N. C. without 'missent to Washington, D. C.' being stamped on it.

Penrose, thinks the World, would be a fit name for the capital of our country. 'Here was a man who scaled the loftiest heights of job-holding; he was the very flower, acme and pinnacle of jobbery.'

THE citizens of Washington, N. C., will no doubt be very thankful to the World for its generous support of their movement and the recommendation of a new name for the capital.

THERE IS NO harm in being stupid, so long as a man does not think himself clever; no good in being clever, if a man thinks himself so, for that is a short way to the worst stupidity.—MacDonald.

BEFORE PHILOSOPHY can teach by experience, the philosophy has to be in readiness, the experience must be gathered and intelligently recorded.—Carlyle.

MY FAVORITE STORIES

By IRVIN S. COBB

A youth in southeastern Missouri became involved in legal proceedings as the result of the mysterious disappearance of a neighbor's mare and the upshot was that a jury went so far as to find him guilty of horse-stealing and the Judge gave him a sentence of five years at hard labor.

FRANCE MARKS TIME LOUISVILLE COURIER-JOURNAL Domestic politics for the moment is standing in the way of France's acceptance of America's proposed stop gap to the debt negotiations.

### LITERATURE DEPARTMENT HOLDS INTERESTING MEET WEDNESDAY

The first meeting of the Literature Department of the Woman's Club was held on Wednesday afternoon with an unusual attendance. Mrs. C. C. Woodruff, chairman, disposed briefly of a few matters of business, and the remainder of the afternoon was taken up with papers and interesting discussions of "Some Important Biographies," illustrated in this instance by the three recent autobiographies of Edward N. Bok, for a long time editor of the "Ladies' Home Journal."

Thursday Evening Post," and the "Country Gentleman."

Prefacing Bok's own story, Mrs. F. F. Dutton read an illuminating resume of the contributions of the Netherlands to modern life and manners as recounted in "Twice Thirty," the latest book from this enthusiastic Dutch-American's pen—a book which in many ways seems designed to meet and reply to the many criticisms mingled with admiration for "The Americanization of Edward Bok."

This autobiography was brilliantly reviewed by Mrs. R. A. Terhoun in a paper which was all the more enjoyed in that it brought about the lovely discussion, which is the one important characterization of any real interesting meeting dealing with authors and their works.

The next coming together of the department will begin with a little more debate on Bok, and then the first play reading of the season will be managed by Mrs. Richard Maxwell.

### Personal Mention

C. B. Crenshaw of Atlanta is in the city today.

G. L. Cook returned today to his home in Miami.

H. Spitzer of Tampa is in the city on business.

Wm. A. Cook, Bradenton, was in the city on Thursday.

J. D. Hoody of Jacksonville is in the city on business.

J. O. Gill motored from Orlando Wednesday on business.

G. W. Carter of Jacksonville was in the city on Thursday.

Mrs. J. B. Crawford spent Tuesday in Orlando shopping.

J. J. Clifford of Atlanta is in the city today on business.

J. J. Pamron of Wilmington was in the city Thursday on business.

Homer Stark of Lakeland, was in the city Wednesday and Thursday.

J. E. Hart of Palatka was in Sanford Thursday on a business trip.

Miss Bobbie Chapman attended the Teachers' meeting in Orlando Friday.

L. R. Reynolds of Jacksonville was a business visitor in the city Thursday.

Geo. Berman of New York City is registered at the Valdez for a short time.

I. H. Silverman of Jacksonville is a business visitor in the city for a few days.

Mr. and Mrs. A. J. Amin of Jacksonville are visiting here for a few days.

R. P. Dexter of Galva, Ill., is spending a few days in the "City Substantial."

Frank Masters of Daytona motored over on Wednesday to transact business.

C. Hancock and W. H. Robster of Cairo, Ga., stopped in Sanford Thursday night.

Frank McNeill left Wednesday for Atlanta. He will be gone about ten days.

Logan Eisele of Nashville, Tenn., is stopping at the Seminole Hotel for a few days.

Geo. L. Haynes of DeLand, arrived Thursday and will be here for a short time.

Mr. and Mrs. Edward F. Lane attended the theatre in Orlando Wednesday night.

C. C. Dabney returned Thursday from Atlanta, where he spent the past few days.

J. Will Booth of St. Petersburg is registered at the Seminole Hotel for a few days.

H. C. Lorch of Augusta, Ga., arrived Wednesday and will be here for a short while.

W. Hartsack of Lafayette, Ind., stopped in Sanford on Thursday enroute further south.

Mrs. J. K. Vaughn expects to spend the coming week-end with her mother in DeLand.

Miss Mina Howard is spending today in Orlando, attending the teacher's meeting there.

Mrs. R. F. Wilson of Orlando is the guest of her mother, Mrs. Aycock on Myrtle Avenue.

W. C. Cowan, Jr., of Miami, is stopping at the Valdez while attending to business here.

W. W. Howell and wife of Orlando, drove up on Thursday and will spend a few days here.

Alfred Riddle of Washington stopped at the Seminole Thursday enroute to points further south.

Frank S. Roach of Athens, Ohio, a winter resident of Sanford for many years, is stopping a few days at the Montezuma.

Mr. and Mrs. W. C. Leonard of Orlando arrived in Sanford. They were called here by the death of Mr. Leonard's mother.

Mrs. R. J. Holly has returned to her home after visiting her daughters, the Misses Mildred and Mary Holly in Tallahassee.

Dr. and Mrs. R. E. Stevens returned last night from Washington, New York and Detroit. They drove from Detroit in their new car.

Charles D. Paine, of New Haven, Conn., proprietor of the famous Clark House at Derby, Conn., is stopping at the Montezuma.

Mrs. Lena Peucker and Miss Lucrea York of Carbondale, Pa., are spending the winter in Sanford with Mrs. Amelia Noble.

Mrs. C. H. Perry, of Bowling Green, Ky., is visiting her daughter, Mrs. Christenbury. She intends to spend the winter here.

R. S. Worthington, of Wichita, Kansas, a noted geologist, has arrived in Sanford. He has accepted a position with the Hub Realty Co.

Mr. and Mrs. C. A. Bowen and daughters, Louisa and Elizabeth of Fall River, Mass., were in Sanford on Thursday looking over the city.

The Misses Alberta Aycock, Nanette McDonald, Drane Roberts, Maude Lyre, and Robert McDougal motored to Orlando Thursday to see "Honey Bunch."

Mr. and Mrs. R. R. Eldridge and daughter, accompanied by Mrs. Cobb of Richmond, Va., have returned from Richmond, where they spent the past two months.

Mr. and Mrs. C. A. Kersey and son, G. A. Kersey, of Kathleen, Ga., will arrive today to be the guests of Mr. and Mrs. J. E. Laing at their home on Oak Avenue.

Mr. and Mrs. George W. Stewart of St. Petersburg arrived Thursday to spend some time in Sanford. Mr. Stewart is in charge of the decorations for the Shrine Circus.

Mr. and Mrs. Victor Check and Collie Biggers motored to Winter Garden Wednesday. Mr. Check and Mrs. Biggers leave Friday for several days' fishing at Naples, Florida.

Max Stewart, Joe Caldwell, Hope Huff and the Misses Claire Zachary, Emily Griffin, and Lenabelle Hagan motored to Orlando Thursday evening to witness the "Honey Bunch" production.

John Clepp of Atlantic Highlands, N. J., has been spending several days in Sanford enroute to the East Coast. He will return later and spend several months in the "City Substantial."

Among those attending the District Teachers' meeting in Orlando Friday were Mrs. J. C. Mitchell, Miss Ruth Gillon, Miss Edna Chittenden, Miss Olive Johnson, Miss Laura Chittenden, and Mrs. D. S. Babbitt.

Henry Kaften of New York is in Sanford in the interests of Korn Bros. Mr. Kaften says this is his last trip selling goods after 20 years. He intends to locate in Florida and is very favorably impressed with Sanford.

### American Hospital Association To Open Louisville Conference Today

LOUISVILLE, Ky., Oct. 16.—(AP)—Representatives from practically every country in the world are expected to be here for the twenty-seventh national conference of the American Hospital Association, Oct. 19 to 23. Dr. W. H. Walsh, of Chicago, secretary of the association, said here today.

Invitations have been extended to every European nation and to Japan, China and all South American countries. Approximately six thousand delegates from the states of the Union and Canada will be in attendance, it was announced.

Dr. T. Dwight Sloan, of Peking, China, and superintendent of the Peking Union Medical School in New York, will address the delegates on the medical work in China and New York under modern methods.

Dr. E. S. Gilmore, of Chicago, president of the association, will preside over the sessions, while Dr. Asa S. Bacon, treasurer of the association, will preside over the round table discussions. The outpatient section will be supervised by Dr. Boris Fingerhood, of Brooklyn. Dr. Sherman Conrad, director of the New Orleans community chest, will discuss this question from the viewpoint of welfare agencies.

Other organizations that programs in connection with the convention are: American Occupational Therapy Association, Protestant Hospital Association, American Association of Hospital Social Workers, Hospital Distate Council and American Conference of Hospital Service.

Never before in their history have hospitals had to defend themselves with such vigor against "half baked legislative measures," the invasions of cults and other attempts to break down the standards for hospital service gained by many years of patient toil, said Dr. E. T. Olsen, of Chicago, in outlining a legislative program to be submitted to the convention.

"It is planned to develop the legislative committee into a permanent bureau for the more effective follow-up of this activity," Dr. Olsen said.

Experts from 6,000 institutes will be at the exhibit of hospital equipment, valued at \$3,000,000 which will be held in the Jefferson county armory.

According to Dr. Gilmore, recent surveys show that about fifty per cent of the counties of the United States have no hospitals but this need will be supplied soon.

### Colorful Angora Yarn Embroidery To Add a Furry Touch of Warmth

SOMETHING really new for your child's dresses this Autumn is English Angora yarn in the loveliest of colors. Little children are adorable in knitted suits made from it and older children look charming in dresses trimmed with it. These new yarns are especially desirable for children's clothes because they wash beautifully. In fact, they become furrier with each washing. They never mat. They are made from the fur of Angora rabbits, fluffy, white animals that grow fur six inches long. The fur is spun into yarn and dyed in the newest French shades. It can be worked in various cross-stitch designs on net or any loosely woven washable material. The range of colors is large and includes all the delicate pastel shades so suited to children, as well as the deeper shades and black. In making a child's dress it is well to do the major part of the embroidery in delicate shades and use but a small amount of the deeper shades for contrast. The yarn is extremely light so it can be employed in complicated designs without making a garment too heavy for a child. While these Angora yarns give the effect of fur, it is rather nice to know that it is obtained without in any way harming the winsome rabbits that furnish the fur from which it is spun.

### Under Classes Join In Sophomore Day At Woman's College

TALLAHASSEE, Oct. 14.—(AP)—Sophomores and Freshmen alike joined in at the Florida State College for Women in observing Sophomore Day. Unlike previous years there was no "rattling" for the Freshmen.

Sophomore Day was observed Oct. 10. All lights on the campus were extinguished. A stately procession about the Administration Building took place. Fiery torches lent illumination to the evening's program. The torches were then tossed together, making a huge bonfire. Several skits were presented, principally among which the "Geographical Representation." Students from other states told why the Florida State College was preferred. Testimonials were heard from Georgia, Alabama, Kansas, New York, Ohio, Indiana, Minnesota and Kentucky.

A dance in the new dining hall was held later, during which refreshments were served. Each girl was given a program in maroon and gold, with decorations in the same colors.

JACKSONVILLE, The Florida Development Board said it had learned that salesmen peddling land in South Florida are spreading the report in New York that Governor Martin is calling a special session of the legislature to enact a law permitting a landowner to have six wives for each 40 acres of land.

Dr. and Mrs. C. A. Bowen and daughters, Louisa and Elizabeth of Fall River, Mass., were in Sanford on Thursday looking over the city.

The Misses Alberta Aycock, Nanette McDonald, Drane Roberts, Maude Lyre, and Robert McDougal motored to Orlando Thursday to see "Honey Bunch."

Mr. and Mrs. R. R. Eldridge and daughter, accompanied by Mrs. Cobb of Richmond, Va., have returned from Richmond, where they spent the past two months.

Mr. and Mrs. C. A. Kersey and son, G. A. Kersey, of Kathleen, Ga., will arrive today to be the guests of Mr. and Mrs. J. E. Laing at their home on Oak Avenue.

Mr. and Mrs. George W. Stewart of St. Petersburg arrived Thursday to spend some time in Sanford. Mr. Stewart is in charge of the decorations for the Shrine Circus.

Mr. and Mrs. Victor Check and Collie Biggers motored to Winter Garden Wednesday. Mr. Check and Mrs. Biggers leave Friday for several days' fishing at Naples, Florida.

Max Stewart, Joe Caldwell, Hope Huff and the Misses Claire Zachary, Emily Griffin, and Lenabelle Hagan motored to Orlando Thursday evening to witness the "Honey Bunch" production.

**State Development Board Publishes Report Of Work On Spanish Trail Highway**

**JACKSONVILLE, Oct. 16.**—(AP)—Contractors building State Highway No. 1, the Old Spanish Trail, in West Florida, are almost daily turning up records that surpass anything ever seen in road construction in Florida. So rapidly are they working that authorities in West Florida believe a perfect highway will be open all the way from Jacksonville to Panama within the next three months, except for a few sections where contracts have not yet been awarded.

Motorists now are using the completed road from Jacksonville to the city limits of Tallahassee. It has been finished to within a quarter mile of the capital and the State Road Department, which is constructing this part of the road, now is cutting through the last bit on the outskirts of the city. Traffic already is using the cut.

The Road Department only recently selected the route for the new road between Tallahassee and Quincy; but those sections of the old highway, which will be utilized, already are being widened and improved preparatory to surfacing.

Between Quincy and River Junction the contractor working on this section has completed the bed nearly the full distance. Upon entering River Junction the plan calls for a deep cut through two high hills, and hill fill across a creek bottom. This work is nearing completion. The builder of the Quincy-River Junction section is working two immense crews of men and when the surfacing gets under way it will be accomplished in rapid time order because unlimited quantities of surfacing material are available and all within short hauling distance.

Between River Junction and Marianna the road has been completed from the Victory Bridge almost into the town of Victory, while a crew is pushing eastward from Marianna. Miles of the highway have been completed east of Marianna and motorists familiar with the woods roads are leaving the old county highway at various points and running over the new one into Marianna. On the eastern outskirts of that place probably the greatest job of excavating and filling in Florida is under way to run the road through a veritable moun-

**CAWTHON WANTS CLOSE HARMONY IN STATE BOARDS**

**Returns From Jacksonville Institute With Advice For State Boards; Advocates Full Attendance of Teachers**

**TALLAHASSEE, Fla., Oct. 16.**—“I should like to see all county school boards of Florida co-operate to the fullest extent in the teachers' institute meetings now being held over the state.”

This was the statement of Superintendent W. S. Cawthon, of the Department of Public Instruction, who returned recently from the institute of Jacksonville.

The county boards, Mr. Cawthon said, would do well to pay the teachers for the time lost, allowing the latter to defray their own expenses in attending the gatherings.

The institute meets, Mr. Cawthon said, take the place of state gatherings, and in many respects, are as good for class room work.

Many of the teachers, the education head declared, cannot find an opportunity to go across the state to the annual conventions of their co-workers, but it would be a simple matter for them to discuss betterment of the educational conditions of Florida at the county meetings, if the board will see that their salaries go on during their absence.

The Jacksonville meeting, Mr. Cawthon said, was not so well attended, because the Duval board had not made arrangements to pay the teachers for their time they would have lost. The afternoon and evening sessions, he said, were a great success in point of attendance, because the teachers found an opportunity to join the meetings after school hours.

**Legion Gets \$375 From Wire Service**

The revenue derived by the Campbell-Losing Post, American Legion of this city from the play by play service supplied during the World Series at the Army here amounted to \$375 after expense of the hall and wire, and other incidental accounts had been settled, officers of the post announced this morning.

The report the venture as being more successful this year than heretofore. Larger attendance, together with local interest in the classic and prompt wire service, are said to be the chief reasons for making a larger sum than in past years.

**FORT MYERS**—Charles Brandenburg, 12, built himself a little home for himself and his dog in the back yard of his home. It was erected out of discarded orange crates and dry goods boxes. A man came along and offered Charles \$10 rent on the place. Charlie and the dog leased the house to him.

**IN THE CIRCUIT COURT OF THE SEVENTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY.**  
Bill to Quiet Title.  
W. V. WHEELER and VIOLA H. BRYAN, Complainants.  
ANNIE L. WALKER, et al., Defendants.

Dougherty, and wife, and other defendants, whose Christian names are unknown; William A. Dougherty, and wife, whose Christian name is unknown; Arthur Dougherty and wife, whose Christian name is unknown; Lucille Ballinger and husband, whose Christian name is unknown; and every one claiming or interested in and to the lands hereinafter described; to all persons and parties claiming interests under James A. Walker, deceased, as heirs, devisees, grantees, or as other claimants, or otherwise, in and to the lands hereinafter described: to any and all other persons whose names are unknown claiming any right, title or interest in and to that certain parcel of land, situate, lying and being in Seminole County, and State of Florida, more particularly described as follows, to-wit:

Being 1.50 chs. West of the SW Corner of Section 35, Township 19, North Range 30 East, run North 15.50 chains, East 4 chains, South 12.50 chains, West 3 chains to point of beginning, reserving a strip 15 feet wide along North side for part of Public road, or any part or parcel thereof, under the above named defendants or otherwise.

**NOTICE OF PAYING CONTRACTORS**  
Sealed proposals will be received by the County Commissioners of the County of Seminole, State of Florida, at the office of the Clerk of the Circuit Court of the County of Seminole, at Sanford, Florida, at or before 10 a. m. on the 18th day of November, 1925, for the grading, paving and building of bridges and culverts approximately the following: 23150 cu. yds. grading, 30000 cu. yds. hydraulic fill, 10000 cu. yds. drag fine fill, 30000 cu. yds. macadam base, 20000 cu. yds. surface treatment, 15000 sq. yds. sheet asphalt, 604 lin. ft. crosscut trestle bridges, 2 concrete bridges 21 ft. span, 2 concrete bridges 16 ft. span, 2 concrete culverts.

Each proposal shall be accompanied with a certified check, made payable to V. E. Douglas, Clerk of the Circuit Court of Seminole County, in the sum of 25% of the amount of the bid.

**WITNESSES** my hand and the seal of the Circuit Court of the Seventh Judicial Circuit of the State of Florida, in and for Seminole County, on this 16th day of October, A. D. 1925.  
V. E. DOUGLASS, Clerk of the Circuit Court of the Seventh Judicial Circuit of Florida, in and for Seminole County, (SEAL).  
A. M. WEEKS, Deputy Clerk, Decotter & Spencer, Solicitors and of Counsel for the Complainants.  
Oct. 16-23-30, Nov. 6-13.

**1926 BUDGET OF TRADE BODY IS PRESENTED**

(Continued from Page 1.)  
According to the plans of the body selected to govern the affairs of the municipal band, the tentative schedule for the year calls for a total of 80 concerts during a seven month season, distributed as follows, eight in November, 12 in December, 16 in January and February, 12 in March and eight each in April and May. All contingencies are provided for which are likely to be encountered during the year, according to Mr. Thrasher, but he stated that such a program as has been outlined will require an appropriation of \$10,000, an increase of \$2,000 over the amount allotted by the budget.

**Girl Athletes Under Strict Training Rule**

**BERKELEY, Cal., Oct. 10.**—(AP)—Training rules for women students at the University of California who are going in for athletics, which the Women's Athletic Association says will be enforced rigidly, are: Eight hours of sleep five nights a week. Three regular meals a day, with green vegetables on the menu at least once. A pint of milk at least once a day. No candy between meals; and not more than one cup of coffee or tea a day.

**Grand Jury Indicts Gobel in Miami Case**

**MIAMI, Oct. 16.**—(AP)—John Gobel, Daytona reality operator who has been in jail here, charged with the poisoning of Mrs. H. D. Hutton on the night of Aug. 18, was indicted for first degree murder by a grand jury recalled to investigate this case. 21 other homicides and jail conditions.

**London Girl Tires Of Secretarial Job, Takes Man's Office**

**LONDON, Oct. 15.**—(AP)—Kathleen Britter has become London's first woman conveyancer. And she does not see why any capable woman could not do her sort of work if she was interested in it.

**Returns Wallet; Gets Free Barber For Wife**

**YAKIMA, Wash., Oct. 16.**—(AP)—Because La Roy Poole hunted up the owner of a wallet containing \$300 which he had found, he can sport a clean shaven face and a trim cut the rest of his life, without cost.

**Brooksville—Fifty new dwellings to be constructed.**

Tallahassee—Putnam County in planning to build fine system of roads.

**Development Briefs**  
(By A. P.)

**OCALA**—Coincided with a press report regarding a recent operation upon a child at Jacksonville recently for the removal of a splinter from its throat, was a similar delicate surgical achievement here. Emma Charles, negro girl, tried to remove a splinter from her hand with her mouth. She sucked the splinter into her windpipe. An operation at a local hospital followed. It was successful.

**TAMPA**—Jennie, maid in a hotel, sought the advice of a fortune teller when she lost \$25. She was told that a "dark brown" man had taken it. Accusations ensued and trouble followed. The proprietor pleaded with the fortune teller to say that someone else had taken it. The teller did not end until a clothing merchant advised that a "dark brown" man had purchased clothing with \$25.

**BROOKSVILLE**—A black snake and a rattler fought to the death here. Captain Edward A. Salisbury, agricultural community developer, witnessed the battle. The two clashed in the middle of a road. The rattler struck, but the black snake dodged the blow. The latter then sank his fangs into the rattler's neck. Eventually the black snake killed the rattler, after a desperate conflict.

**TALLAHASSEE**—Two hundred and five cars of grapefruit, or 23,063 boxes, and 5,122 cars of oranges, 1,409 boxes, was shipped from the citrus belt of Florida up to and including Oct. 6, according to a report sent to the Department of Immigration.

**TALLAHASSEE**—John Sutton, of Washington, D. C., who is working out of Miami on reclamation for the board of internal improvement, was a visitor to the Capitol. Mr. Sutton came to Tallahassee to report on the work he has engaged in for the making available of certain lands for state use.

**TALLAHASSEE**—O. J. King, publicity director for the Department of Immigration, is being swamped by inquiries from over the country regarding dairy and poultry prospects in Florida. The inquiries are the result of a series of advertisements prepared for a number of periodicals devoted to the farming industry. Thirty five requests for information came from the North and East in one morning mail. Some of them told of plans being made to come to Florida. Others asked for help in getting located in the state.

**LAW EXAMINERS COMPLETE FINAL PLANS FOR QUIZ**

Applications of Would-Be Members of Bar Inspected This Week as Last Work Before Hearing Oct. 19

**TALLAHASSEE, Fla., Oct. 16.**—(AP)—Applications for examination before the State Board of Law Examiners, which will meet here October 19, were being inspected by members of the board during the past week as a final step towards the completion of all preliminary details.

The inspection was begun following a meeting of the board, held recently at Jacksonville. Those who have submitted applications will be notified from time to time prior to the examination, if for any reason they cannot be heard.

The board of examiners, it was stated here by G. T. Whitfield the secretary, is impressed with the importance of having ample time in which to make a thorough investigation of the moral character and professional standing of those who apply for admission to the Florida bar.

An amendment to the rules was adopted at the Jacksonville meeting making it obligatory for all applicants desiring to take future examinations to have their applications on file with the secretary of the board at least 60 days before the semi-annual meeting, in order to permit a thorough investigation of the character and standing of the applicant. This amendment has made it necessary to have the literature sent out to applicants re-printed. The secretary, Mr. Whitfield said, is receiving daily requests for this literature, and it will be sent out as soon as the revisions are made.

### Jefferson County Produces More Pecan Nursery Stock Than Any Part Of Country

MONTICELLO, Fla., Oct. 16.—(AP)—Jefferson county of which this city is the county seat, has the distinction of producing more pecan nursery stock than any other county in the state of Florida. This statement is contained in a resume of the resources of the county given by the county agent for Jefferson.

A government report, says the resume, shows that eighty two per cent of the world's supply of wadmellon seed are given in this county.

Geographically, the county is keystone shaped and extends from the Georgia line to the Gulf of Mexico. It is bounded on the east by the counties of Madison and Taylor and on the west by the counties of Gadsden and Wakulla.

A large percentage of the Satsuma orange nursery stock for Florida and contiguous territory is grown in Jefferson county, it is explained in the review, while there are numerous other products now in the various stages of development that have a promising future.

The resume gives satsuma oranges, grapes, Japanese persimmons, blackberries, dewberries, blueberries and strawberries as among the products that the county is pushing forward by the farmers of the county. This program is said to fit well into the work of the farms as well as with the culture of the respective crops being intermittedly and according to the agriculturists in this section.

"Dairying and poultry raising are showing rapid progress," says the county agent, "one dairyman producing all his feed for his herd and is selling at wholesale more than \$100 worth of milk daily."

"One of the dairymen of the county was offered a contract for the production of three thousand gallons of milk daily for a period of five years. The prevailing price for wholesale milk is 50 and 62 cents per gallon. When the fact becomes known that it is not only possible but practical to grow all the necessary feed for dairy herds (and grow it without the use of commercial fertilizer) Jefferson county will take her place among the leaders in the production of milk and cream and dairy products."

Cotton at one time was a large crop in this county, there being shipped more than twenty thousand bales annually. Only about 1500 to 1800 bales will be sent this year.

Beside producing corn for its own use the county ships about 50 car loads annually. Kudzu, a forage hay, yields three to five tons to the acre and sells for around \$30 per ton. This crop is perennial and the hay analysis equals that of alfalfa and is improving popular in the county. The agents say that it is possible to pasture cattle eleven months in the year in this county.

There are millions of feet of pine and hard wood timber and pulp-wood abounds in the Jefferson county, says the resume, while there are seven saw mills and two planing mills operating throughout the year. This furnishes employment for a large number of people is the source of large revenue for the county. As the land is cleared it turned into agricultural grounds.

Jefferson county has a road program totaling \$1,280,000 calling for a surface of sand clay of the entire system of county roads while 111 miles of the system are designated as state roads and will be hard surfaced.

The county is served by two lines of the Atlantic Coast Line and two lines of the Seaboard Air Line, the latter including the main line from Jacksonville to New Orleans.

"The price of farm lands are in keeping with the productivity of the soil," asserts the agent, "and almost anything can be grown."

### Require Insurance Companies To Get New State License

TALLAHASSEE, Fla., Oct. 16.—(AP)—All insurance companies or associations, firms or individuals doing business in Florida, beginning October 1, will be required to a license tax of \$6 for each agent or solicitor, according to a letter sent out by Insurance Commissioner J. C. Luning to all county tax collectors.

Counties, cities and towns may require a license tax of any such agent not to exceed 50 per cent of the state license tax, the letter adds.

Mutual insurance companies, organized and doing business in the state, are excepted from the provisions of the new tax law, which is an amendment to Section 911 of the Revised General Statutes of 1920.

All insurance companies must furnish the state treasurer with the name and address of each agent or solicitor authorized to write insurance in Florida.

The license tax after April 1, it was stated, will be one-half the yearly amount.

The remittance, the fund has been swelled by interest; and by the time the hospitals are completed, more than 500,000 yen will have accrued in this way.

Cocoa—60-room addition to be built to Hotel Brevard.

Panama City—Bay Harbor Point to be developed as suburb of Panama City.

### Chicago University Prints Translation Of Ancient Sanskrit

CHICAGO, Oct. 16.—(AP)—A new translation from the ancient Sanskrit by Arthur W. Ryder has just been published by the University of Chicago Press.

Under the name "The Panchnatantra," the book contains some of the world's oldest tales, first gathered more than 1500 years ago in the Vale of Kashmir and now presented in English. Without footnotes and glossaries, the volume is rich in epigrams and verse from which the Oriental flavor has not been lost.

Weird legends of lions who hold court like kings, scheming jackals and birds which talk with fishes are told in the five books of the volume. The opening yarns tell of the broken friendship of Bull Lively and Lion Rusty and inserted therein are numerous stories which dovetail into one another.

Every paragraph or so is broken with a bit of sprightly verse, many of which are introductory to a separate legend or allegory. The reader is sent wandering from the original plot for a time but eventually another rhyme brings him back to the main thread of the story.

### Iowa Tries Wind As Rural Yower Source

AMES, Ia., Oct. 16.—(AP)—The possibility of using wind as a source of farm power is being experimented with by the agricultural engineering faculty at Iowa State College.

A windmill on the top of a 100-foot steel tower with the generator attached, generated 200 kilowatt hours in three days. The average farm home does not use more than 25 kilowatt hours a month.

The velocity and distribution of the wind will be the determining factor, said Fred C. Fenton. Power generated by the windmill can be used for almost any activity on the farm.

### You can almost feel RHEUMATISM disappear!

That miserable ache from flamed, swollen muscles—GONE! Rheumatism conquered! Driven right out of the system—simply by building rich, red blood!

Sounds almost incredible, but it's true! You see, rheumatism, as it is called, that cripples you up and tortures you night and day, is caused by impurities in the system. Weak, impoverished blood can't throw off these impurities—so rheumatism remains.

S. S. S. helps Nature rebuild your blood to fighting strength—builds red-blood-cells by the millions! Red blood purifies the system—rheumatism is driven right out!

Get this wonderful relief for yourself! Thousands are doing it! S. S. S. has been stopping rheumatism by building up red cells in the blood for generations. It will do the same for you. S. S. S. cleanses your skin of blemishes—increases your appetite—puts power and strength and energy in your body. Get S. S. S. today from any druggist. The larger bottle is more economical.

Here is a new wrinkle. You have always seen pictures of a horse holding a man, but here we give you one of a man holding a horse. The diminutive little animal is "Denver," one of the trained ponies with John Robinson's Circus, coming to Sanford for afternoon and night performances on Friday, Oct. 23. And "Denver" is resting safely in the arms of Carlos Carreon, one of the noted cowboys with the earth's oldest circus.

John Robinson's Circus comes this year with an entirely new performance, from start to finish, and is offering the greatest array of trained wild animals ever exhibited by any circus. One of the extraordinary features will be the appearance of "Kittie," the only wrestling tiger in the universe, which will be battled in a regulation wrestling feature.

### Tale Shows Wales Had Little Taste For Oatmeal Brew

OXFORD, Oct. 16.—(AP)—The Prince of Wales did not like porridge any better than thousands of other children who make wry faces over their oatmeal in spite of all the Scotch manufacturers can do to popularize it in the British Isles.

In an address before the Industrial Welfare Society, Mrs. M. A. Cloudeley Breton told an anecdote of the prince's youth. On his last morning at home before he was going into the naval service, when the porridge was set before him he said: "Well thank goodness, there is one thing about go-

ing into the navy. I won't have to eat this beastly stuff every morning of my life!"

But to the surprise of the prince his first breakfast in the navy began with stiff porridge handed about in wooden bowls. He knew what his duty was when he saw the knowing look exchanged by two senior officers, and swallowed the inevitable oatmeal.

### Prominent Men Held As Robbery Suspects

TAMPA, Oct. 16.—(AP)—Charles Wall, well known character here, and Edward Vestel, former Orlando Chief of police, were released on \$10,000 bonds each today, being charged with being accessories to have-a-Tampa robbery here more than a year ago, in which \$24,000 was secured.

### How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calobals, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calobals at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 25 cents. At any drug store. (adv)

### Cuts in Cake-Baking

In ways in which bakers can simplify their burdens of herculean tasks are many of them necessary and valuable aids. Life's beck and call, the necessity, so much consumed in the substantial parts, there is little time for the supplementing of salads and dressings and this cannot be a luxury in a busy day. For example, used with care, a very little of the "one" after a busy day of evening or cooking, when the three go into the making, to be used in a... no one minds in the middle-noon, a desert for dinner, or tea when unexpected happens to be short. Is it not to send the housewife a one who keeps a record of the powdered milk on her pantry shelves? powdered milk is dehydrated milk. It requires merely a touch of water, to use in its regular and when used in cake, the latter much more children or invalids to the pasteurization process, carrying bacteria, water was removed.

A good, standard cake may be made by creaming together  $\frac{1}{2}$  cup butter and  $\frac{1}{2}$  cup sugar; adding beaten yolks of 3 eggs; sifting 1 cup flour with 3 teaspoons baking powder, and stirring these in alternately with  $\frac{1}{2}$  cup of reconstituted powdered milk. Add 1 teaspoon vanilla, and fold in the egg whites beaten very stiff. Bake in moderate oven, in layer or loaf-cake tin. Or, evaporated milk may be used. This, also, is pure whole milk from which a large part of the water has been removed in such a way as to retain its purity. It needs only to be diluted with an equal part of water to have a milk equal in richness to fluid milk of standard quality.

The powdered milk may be used to make a good chocolate fudge frosting, thus:  $\frac{1}{2}$  cups brown sugar, 2 tablespoons syrup, 1 tablespoon butter,  $\frac{1}{2}$  cup reconstituted powdered milk, 1 square chocolate. Cook slowly for fifteen minutes, or until it forms a soft ball when dropped in cold water. Cool for ten minutes and beat until creamy.

Whipped cream may be made from evaporated milk and poured over a plain cake. This is done by cooking the milk in a double-boiler for five minutes, stirring constantly; then cool (also stirring), and set on ice until ready for whipping. Canned pineapple may be used in either the filling, or in the cake, itself. Coconut, moist or dry, comes ready to mix with boiled icing, or to use in the cake batter itself. A ready-made marshmallow filling also comes in cans.

## Formidable Eleven To Face Plant City Team On Saturday

Coach Welchel Whips Charges Into Fine Shape For Tilt With Old Rivals; Injured Players to Return to Game

Big Crowd Expected To Witness Contest

Backfield and Line Will Be Aided Materially By Many Reserves, Ready For Fray

(By HARLAN W. KELLEY)

Judging from the spirit and determination with which the high school football team is attacking its practice program this week, it would seem to be the earnest desire of each member on the squad to personally avenge the humiliating defeat which Sanford suffered at the hands of the Plant City team last year, when the home boys took the low end of a 60-0 score. They are insisting that it is going to be an entirely different story this year.

However, it is no easy task which the local grid warriors are facing. It is reported that Plant City will be represented by just as powerful an outfit this year as it had last. It will take the best efforts of every man on the squad and the undivided support of the students and townspeople to bring home a victory. The boys have shown that they intend to put forth their utmost effort and it remains to the loyal backers of the team to do the rest.

One of the largest crowds that ever witnessed a football game in Sanford was in attendance last Saturday, and it is confidently hoped that the Plant City contest will surpass even that crowd. The game is scheduled to start at 4 o'clock. As the team shapes up now, it is in much better condition to counter stiff opposition than at any time so far this season. There is not a single man absent from the squad and unless something unforeseen occurs between now and Saturday, Coach Welchel will be able to put his full strength upon the field.

Barber has recovered from his injury and is sure to make his presence felt in the coming clash. Sanford has a wealth of excellent back field material in Entzinger, Barber, Thompson, King, Leavitt, Turner and Maxwell. It lacks a leader with competent field generalship, but makes up for that deficiency with aggressiveness and speed. Zachary, a newcomer, also appears as a welcome adjunct to Sanford's "Four Horsemen."

In the line the team is favored with several hard fighting, spirited huskies, who lack only experience to make them outstanding stars on a high school eleven. Whitfield, with more experience than his running mates, stands out as a rock in the forward wall. He is heavy, but he uses his weight to advantage and is far from being slow in the line play.

Grier, who was unable to play last Saturday, is a very capable tackle and can be relied upon to open up wide holes for his backfield men. Yancey and Dutton need more experience before they will be able to make the most from their efforts, but their determination and aggressiveness will soon provide that. The center position is the big problem of the line. Pope

will probably be supplanted by Clyde Booth in the next game. He is capable in general line play, but needs more practice in passing. The Plant City game will be good experience for him.

The ends are well taken care of by Booth and Gillon, two exceptionally fast wingmen who are adept at receiving and blocking the forward pass. Capt. Russell is a star at any position in the line at which he is placed. He can fill capably the positions of end, tackle or guard. He will undoubtedly start Saturday as end, the running mate of Charles Booth. Coach Welchel is also blessed with a capable squad of reserves, who can be relied upon in an emergency.

In fact it is hardly fair to term some of them as "reserves." Cottingham, for example, is one of the best all around linemen on the team. With the strenuous week of training which the local gridders have undergone, the prospects of a hard fought game and probably a victory next Saturday appear quite rosy.

### 'Member Him?

Enthusiasts who know their football will recall Wilbur "Fat" Henry as an all American lineman while at Washington and Jefferson. That was a few years back. Well, here's how he looks today in the uniform of the Canton Bulldogs, one of the best professional elevens in the country. The big boy is reputed to be as good as ever, too.

### Soviet Sends Artists To Paint Life of Russ

MOSCOW, Oct. 15.—(AP)—Soviet educational authorities have decided to send to various places in the Soviet Union 72 artists to paint pictures of local revolutionary events, portraits of local leaders, scenes of labor processes and other social features of present day life. The expedition will include a number of noted artists. They will visit the Crimea, the Urals, the Ukraine and the northern provinces. A number of artists are to be sent abroad for the same purpose.

Winning pitcher, Kremer. Losing pitcher, Johnson. Umpires, McCormick (N) plate, Miriarity (A) first, Rigler (N) second, Owens (A) third. Time of game, 2:31.

### High Mortality Rate Of Japanese Infants Alarms Government

TOKYO, Oct. 15.—(AP)—The death rate of infants in Japan is on the increase, principally because of the deficiency of relief and sanitary measures. Official statistics disclose that more than 1,300,000 babies die in the Empire every year. In the light of these facts the Home Ministry has decided on the establishment of sanitary stations in every city throughout the country in which the population is more than 50,000. It is expected that more than 3,000,000 yen will be expended in this work. Physicians and nurses will be on duty at each of these stations.

### Bigger Business Body Interested In Boom

NEW YORK, Oct. 16.—(AP)—The National Better Business Commission today announced that it will send a special investigating committee to Florida to study the land boom in that state in cooperation with the Better Business Bureau in St. Petersburg and Miami. The inquiry was said to be the result of numerous inquiries concerning land projects in Florida received in more than forty states.

Escambia—Plans proposed for constructing bridge across Perdido River.

### Fearful Bolsheviki Choose Commission To Guard Treaties

MOSCOW, Oct. 16.—(AP)—By a special decree the Council of Commissars has ordered the chief concession committee to organize a permanent commission to watch the carrying out of the concessionary agreements entered into by foreign concessionaries with the Soviet government and to provide for the removal of any possible obstacles which might hinder the normal work of the concessionary enterprise. The decree is prompted by the growing number of concessions

granted by the Soviet government and the commencement of actual operations, it is stated. The new commission is also charged to watch the carrying out by the respective state organizations and institutions of all obligations undertaken by them in regard to the concessionary contracts, to discuss all questions arising in connection with the carrying out of the terms of the contracts which cannot be regulated independently by the individual organizations and periodically to draw up reports and supply reviews of the working of the concessionary concerns to the central authorities.

### WANT TAX REVISION

LOUISVILLE, Oct. 16.—(AP)—A revision of both federal and state taxation laws, as demanded by American business men, is the basic principle of the taxation program presented the American Life Convention here today by John W. O'Leary, president of the Chamber of Commerce of U. S.

### Germany To Adhere To Rhine Agreement

LOCARNO, Switzerland, Oct. 16.—(AP)—Germany today officially announced her adherence to the Rhine pact of mutual guarantee, formed at the security conference here with the object of outlawing war. The pact will be signed by Germany, France and Belgium as principal parties and by Great Britain and Italy as guarantors.

After the announcement of Germany's adherence, the conference at its eighth plenary meeting, adopted the text of the draft security pact.

# America's LAST Empire

In India, near the Taj Mahal, there is inscribed in upon the tomb of Shah Zehan in Arabic the following inscription:

"If there be Heaven Let it be here."

## Guaranteed Groves Eternally Blooming

Behind Orlando's beauty lies the strength and beauty of the hills. Mightier than mountains many times their size, their power lies in their productiveness, in the rare value of their soil.

Preeminent above all citrus lands in all the world this vast domain spreads its rare beauty over eighty thousand acres—rich in soil, fair in lakes, ravishing in the luxury of Nature's thoughtless generosity. Here the breezes always cool; here the hills are far-away.

Here there is Peace.

The government has laid a gentle hand on this Last Empire. A little more dredging will complete the work already quietly accomplished and Lake Harris and Lake Griffin become as one and HOWEY becomes the origin of Florida's inland waterway from the heart of the citrus country.

What the Great Lakes are to Chicago, Lakes Harris and Griffin, the Ocklawaha and the St. John's rivers will be to Howey.

Here is Prosperity.
