

Will People Has Figured It Out: It's Either Taft Or Eisenhower

(Editor's note: Wilbur Peeble, the average American, is getting close to the key problem of the Republican convention, as he tells himself in this letter to his brave wife at home, Trellis Mae.)

By HAL BOYLE
CHICAGO (U.S.)—Well, honey, you can quit worrying about who is going to be the Republican candidate for President.

I've got it all figured out. It's going to be Taft—or Eisenhower. I can tell you—and it is no secret at that—the delegates are relieved to have that problem out of the way. Up until now they had been worrying about it. Like the rest of the country, it is a relief to have it solved.

All that is left now is to pick a vice presidential candidate and a platform the party can stand on without a guilty conscience. Of course, dear, there are some cynics who say you can't take any political platform seriously.

Their standard gag is: "A platform is just something a fellow stands on until he catches the train that will take him away to something finer."

So far as I can figure, the Republican platform is against Democratic corruption. It is for an honest dollar, food four times a day, a happy life for everybody, and work for all if a fellow can't find a better way to earn a living. It is also in favor of big crops for the farmer and a man marrying the girl of his choice, though not at the price of divorce or too much bad weather in the cities.

The platform is also for labor—but it doesn't go too far into the question of who is going to have to perform it. Naturally, a platform can't be too definite in times like these.

The delegates have been considerably cheered by the appeals by Gen. MacArthur and former President Hoover for a moral revival. They feel that the Republicans are 4 square behind this crying need, and are cheerfully awaiting the moment when Bob Taft and Ike Eisenhower toss coins to see which will lead this great crusade against entrenched corruption.

I would say that the most heartening thing that has come out of this great decision to attack sin in the all-around agreement among Republicans here that it is a necessary move. But as to the leadership—neither Taft nor Eisenhower seems to want to lead his coin until he can cry "heads" and win either way it lands. They are both dedicated men, and neither wants to gamble.

The only other problem now left in the Republican convention is who is going to be vice president. Well, Trellis Mae, believe it or not that is the 504 question—as people used to say in the old days before television started paying \$5,000 for an average quiz show answer. There are at least 15 politicians who want to be vice president, and the trouble is that the U. S. government only elects one, although even an ordinary restaurant has at least five.

Some cynics here feel that, in their earnest eagerness to head the great moral crusade, either Taft or Ike may make a delegate deal on the question of who is to be vice president, and maybe accept a person who is otherwise socially unacceptable to him.

The Republicans to resume national responsibility after 20 years, no matter what the price may be. The odd thing about the GOP quarrel to pick its top political evangelist is the raucous laughter it is stirring among local Democrats. One of them said: "You think the average man is excited about corruption? When did a fellow ever vote against the butter on his bread?"

I reported this remark to a Republican delegate and he looked depressed. "We are going to face that head on," he said. "That is Taft is—or Eisenhower is. We are going to provide morality and butter both, I'm sure—I hope."

Well, dear, goodbye for now from your loving husband, Wilbur. P. S. Please send more money. It costs 49 cents to get a shirt laundered here.

Louisiana Delegation
(Continued From Page One)
Its Credentials Committee vote to make it 23-22.

In its Louisiana decision, the Credentials Committee, working in the downtown Congress Hotel, took up the 38 disputed Texas seats. The 20-member California delegation voted 37 to 8 to support the pro Eisenhower position on the contest over the Georgia delegation.

The action at an open caucus came as the first possible indication of the leanings of the big bloc toward Gen. Dwight D. Eisenhower in the event that its pledged choice, Gov. Earl Warren, drops out of the running for the presidential nomination.

However, Sen. William F. Knowland, the delegation chairman, urged reporters not to construe the vote on a political basis. He said the issue was being decided on the facts and had no connection with the battle over contested delegates between Eisenhower and Taft.

But in the New Jersey delegation there was an indication of the possible effect of the Taft-Louisiana move.

Three Eisenhower supporters announced they will vote for the Credentials Committee report "unless a real fraud has been perpetrated."

The delegates are Robert A. Crane, publisher of the Elizabeth Journal, State Sen. David Young and Warren Webster, Camden. By the maneuver on Louisiana, Taft forces evidently hoped (1) to put themselves in the favored position of supporting the traditional Eisenhower acceptance by GOP conventions of Credentials Committees' reports and (2) to counter "atomroller" charges made by the Eisenhower faction.

Blues In The News

By BOB ANTONY

Confirming the statement in yesterday's column about the month of July being "Reserve Month," we find that FASHION will be retaining nine of their naval reservists this month. Three FASHION reservists that have already returned to civilian life this month are V. Angrisano, J. C. Wheeler and W. J. Sagerhorn.

This Friday FASHION will lose five more naval reservists to the rank of civilian. They are C. A. Abbott, M. A. Boudlifier, C. P. Gomez, J. R. Perry, and E. F. Bourne.

Completing the list of departing FASHION "short-timers" in the month of July is R. B. Swelin who will leave his tour of active duty the 22nd of this month.

L. A. B. Echols checked aboard Monday to take over the duties of NAAS Dental Officer. Lt. Wendell Whetstone, who was released to inactive duty, had been the station Dental Officer since shortly after the reactivation of the base. He will retain his rank of Lieutenant as a member of the inactive naval reserve while retaining his dental practice in Miami. Lt. Echols comes to Sanford after a tour of duty aboard the USS Rockwell.

Those of you who have been keeping up with the excitement of the GOP National Convention in Chicago may have decided by now that your vote will do some good in the coming general election. It is interesting to note that in the July 7 issue of Quick magazine under the title "Quick Predicts" is the statement "Fewer than 1 million servicemen will vote this year, out of 2.8 million eligible."

Presently that is only a prediction. If it becomes a reality in November, it certainly will be a discredit to the serviceman, the uniform he wears and the Armed Forces as a whole. When a serviceman votes in a general election, he not only votes to elect a President, he also votes to elect a Commander-in-Chief of the Armed Forces in which he serves.

Voting by absentee ballot has been made much easier in the past few months and, regardless of your political leanings, you should consider it your duty as a member of the Armed Forces to vote in the coming election.

If you are unsure of the procedures of your state for absentee voting, contact your Voting Officer. He will be glad to give you all the details about how you may vote in November to help elect the President of the United States and the Commander-in-Chief of the Armed Forces.

that they had made no deal with the Taft people.

Wesley Roberts, one of the chief Eisenhower strategists, told a reporter the anticipated floor fight later today over either contested delegates will go on as scheduled. "Our guns are loaded and we are ready to go," Roberts said. Sen. Henry Cabot Lodge Jr., Eisenhower's campaign manager, shipped out a statement expressing pleasure over the committee action. But Lodge added: "Just so there can be no misunderstanding, however, I want to make it perfectly clear that the Eisenhower forces will not accept any 'deals' or compromises on the contested delegates."

Credentials

(Continued From Page One)

ing of the Foster faction in Georgia. "This is a bare-faced attempt to steal 17 votes to which we are entitled," Taft said. Taft expressed satisfaction with the vote of the Credentials Committee that cut his delegate total by 11, saying it was a matter of rightful decision by the Credentials Committee members.

He also maintained he had a first-ballot nomination potential of "around 600 votes" despite the Louisiana loss. Gov. Theodore R. McKeldin of Maryland, Taft said, has released Maryland delegates from their favor-it-on-pledge and that he (Taft) would pick up 11 Maryland votes on the first ballot. Taft then said his present strength is 607 or 608. He needs 647 convention votes to be nominated.

Two Gunman Abduct, Rob Miami Druggist

MIAMI (U.S.)—Two nervous gunmen abducted a druggist Tuesday night and forced him to give them narcotics and cash from his store at Little River, a Northern Miami suburb.

The incident took place in the same area where Dr. Clifton C. Springmeyer, a naturopath, was shot and killed in his clinic by two masked young men June 24. James D. Booth, owner of the Miami Apothecary, told police the robbers escaped with about \$500 worth of narcotics and \$105 cash. He said they injured him when he had closed the store for the night and was getting into his car in a parking lot. Both had guns and they made him drive around while they questioned him about where he kept his money and narcotics.

Then they forced him to open the store, he told Officer W. E. McCann, bound him with string and adhesive tape, grabbed the cash and drugs and escaped. He worked free and called police.

MEDIATORS ON TAP

LAKELAND (U.S.)—C. A. Williams, Atlanta, chairman of a 3-man federal team of mediators who Tuesday adjourned a meeting which tried to negotiate a compromise while they questioned him about his striking phosphate workers, said the meeting would be resumed at the call of management, the union or the mediators themselves if any solution appeared likely.

Williams said wages are a minor issue in the dispute and that among the 37 points at issue are demands for a closed shop, job transfer without penalty in November to help elect the President of the United States and the Commander-in-Chief of the Armed Forces.

Pipeline Break Lights Up Pennsylvania Sky

YORK, Pa. (U.S.)—A break in the Little Inch pipeline in a country-side barley field set off a fire fed by natural gas that lit up the South-eastern Pennsylvania sky and burned some three hours early today.

The Texas Eastern Transmission Co. which operates the line reported that gas being fed into the line was turned off at two nearby points an hour and a half after a terrific concussion rocked the surrounding area during a rain storm. No one was injured and there was no report of extensive property damage.

Company work crews on the scene said a 30-foot section of the pipe had been torn apart. The pipe was buried 30 inches underground at the spot.

The Little Inch, a 20-inch line from the Texas gas field to New York, runs parallel to the famous Big Inch, also operated by Texas Eastern.

The work crews indicated that the break may have been caused by a weakness in a section. Pressure on the weakened part could have caused friction which may have generated a spark and set off the fire, they believed.

The theory that lightning had something to do with the break was considered.

Kiwanis Meet

(Continued From Page One)
use, said Mr. Harrison. He told of other recreation programs including fishing and gold rush day, and of cowboy singers.

Lester Thrapp asked Kiwanians as individuals to donate toward the purchase of the Nativity scene to be shown during the Christmas holidays at the Band Shell, Judge Douglas Stanstrom asked support for the Salvation Army drive.

Guests introduced included Lieut. and Mrs. B. C. George, the latter, the former Doris Quinlan, Duke Plesman of Orlando, Lloyd Knight, Jennings Hurt, E. M. Westbrooke and Warren Stone, McDonnell of the Sanford Naval Auxiliary Air Station.

Free Methodists To Hold Annual Meeting

The Free Methodist annual camp meeting and conference will be held in Klammsville July 17-20. A Youth Camp and Junior Troop School will be held prior to the conference July 10-16.

The camp evangelist this year will be Dr. Claude A. Watson of Los Angeles. He was the nominee of the Prohibition Party for vice president of the United States in 1944 and 1948. According to M. C. Ballew, superintendent of the Lakeland and Miami districts, Dr. Watson polled one of the largest number of votes ever cast for the Prohibition candidate for that office. Mr. Ballew stated that Dr. Watson is an author, traveler, lecturer, and an eloquent speaker. He will speak each morning at 10:45 a.m. and in the evening at 7:30 p.m. Other speakers will preach at the 2:15 services.

Special youth workers are the Rev. and Mrs. Howard Rose of Tyrone, Pa. Mr. Rose is the executive director of the Young People's Missionary Society. The youth program will feature Bible study, chorus practice, leather craft, plaster craft, recreation and crusade activities and evangelistic rallies at the Klammsville camp ground.

Bishop Mark D. Ormston in presiding bishop at the annual conference and serves as special speaker at the Sunday afternoon service at 8:30 p.m. Bishop Ormston presides over the Central-Southeastern Region of the Free Methodist Church and is president of the Commission on Missions.

IF YOU WANT BIGGER PAYLOADS, YOU WANT A DODGE

"We solved our hauling problems with Dodge 'Job-Rated' trucks"

By BERNARD J. CARNEY, Manager, Weyahoeuser & Dentmann Lumber Yard, Rock Island Lumber Co., Rock Island, Ill.

"Our business calls for trucks that can haul big loads day in and day out—and we like our trucks to last, too! That's why we prefer Dodge trucks that are 'Job-Rated' to fit our particular hauling job."

"We recently put in service two Dodge 'Job-Rated' 1 1/2-ton models, and they sure haul big loads the way we want them to! For instance, the 170-inch wheelbase models allow for a 14-foot body, which is ideal for our business. And Dodge easy-handling advantages enable us to maneuver these trucks in the same space as some other trucks with 12-foot bodies."

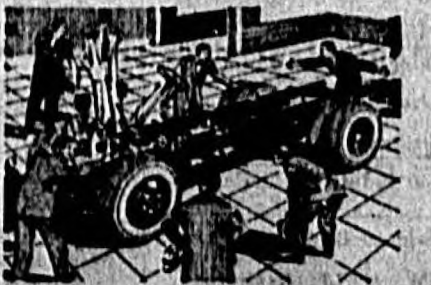

► For bigger payloads, choose from many Dodge "Job-Rated" trucks—1/2 through 4-ton.

► "Job-Rated" engineering makes it possible for you to haul more with the right Dodge truck for your needs.

► You haul more economically, because of advantages like lightweight aluminum-alloy pistons and others.

► For smoother power and extra load protection, gear Fluid Drive is available on 1/2, 3/4, 1-ton and Revo-Van models.

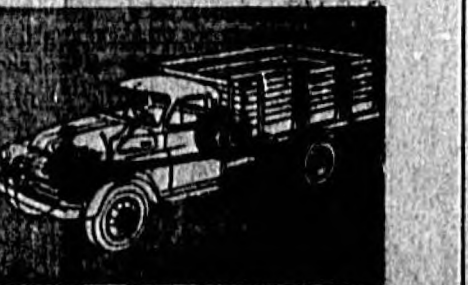

► Come in for a demonstration—and an extra good deal!

The right load-carrying units. The frame, axles, springs, and other units that carry the load are "Job-Rated" on Dodge trucks. Each is engineered to provide the strength and capacity needed to support your load. And all are "Job-Rated" to work together!

Better weight distribution. The short wheelbase design of Dodge trucks allows more weight to be carried on the front axle. Because the engine is located further forward and the front axle is moved back, you can haul bigger payloads without overloading.

The right load-moving units. You get an engine that's "Job-Rated" with plenty of power to pull bigger loads at low cost. In fact, all load-moving units—such as clutch, transmission, rear axle—are engineered to move bigger loads.

See us today for the best buy in low-cost transportation...

Truman Signs Big Military Expansion Bill

Measure Supplies Finances To Raise Air Arm To Formidable 143 Wings by Mid'55

WASHINGTON (AP) — President Truman signed today a bill providing \$4.5 billion dollars for the nation's military build-up for the year that ends next June 30. The measure supplies the money to raise this country's Air Force to a formidable 143 wings by mid-1955.

The total sum given the Defense Department was about five billions under what the President had asked. He told Congress the Defense Department would need nearly \$1.5 billion as a bare minimum for its "stretch-out" preparedness program.

The bill also provides for: 1. Payment of \$45 a month in extra combat pay for servicemen on duty under fire since the Korean War began. A minimum of six days in the combat area is required for each month's eligibility.

2. Authorization for the Navy to build a second 65,000-ton super aircraft carrier. The bill did not, however, supply any new funds for building the giant carrier.

In the new adjustment such Congress agreed on a total of \$46,019,638,912. Mr. Truman asked \$51,390,708,770 for the year beginning July 1.

The breakdowns by services shows: Army — \$12,230,269,000; Navy — \$12,842,459,642; Air Force — \$21,118,360,770.

WASHINGTON (AP) — William S. Cox had his commission in the Navy taken away from him 139 years ago. President Truman signed a bill today that gives him the authority to return Cox's commission to him.

The unusual action was contained in legislation brought up by Rep. Edward E. Cox (D-Ga.) — no relative of the other Cox — who was the nephew of the Cox who was made a seaman in a naval battle of the War of 1812.

Boys' State Trip Told To Jaycees By 5 Delegates

The Junior Chamber of Commerce meeting at the Yacht Club heard reports today from the five Boys' State in Tallahassee last month.

Joe Hutchison, whose trip was sponsored by his appreciation to the group by saying, "It was the largest honor I have ever received and I learned more about the actual function and operation of government in these six days than I have in school."

"The world today would be better off if the youth of yesterday had been given the same opportunity to attend a Boys' State session," he added.

The delegates from Sanford were Sammy Jacobson, Wesley Hamil, Terry Cordell and Tommy Evers who covered various phases of the trip and activities punctuating the routine details with anecdotes. Volle Williams Jr., introduced the Douglas Stenstrom announced that the baseball committee had dispatched letters inviting George Barr and the New York Giants back to Sanford.

Judge Stenstrom also reported that next week's program would feature a speech by Dr. A. W. Epps Jr., on "Flourishing in Our Drinking Water."

The suggestion of Bralley Odham, Mr. Stenstrom designated the July 31 meeting for a report by the two Jaycees members of the City Commission on the progress of sewage disposal in Sanford.

Cliff Ables said that 153 names have been entered in the Junior Chamber's Deer Naming Contest. The first out-of-state letter was received from a child in California submitting the names of "Ray and Rayon."

Sanford Herald Vacation-Pack
No matter how far away from home you may go on vacation you can readily catch up on the home town news by buying the Sanford Herald when you return. You can arrange with your carrier boy, or through Charlie Morrison, circulation manager, by telephoning 144, to have your regular issue of the Herald saved for you while you are away, to be delivered to your home in one package upon your return.

There is no extra charge. The regular weekly subscription will still entitle all regular subscribers to this additional service. Before leaving on your vacation simply notify your carrier or contact the Herald circulation department.

Rotary Officers

Bob Harris, manager of the Ritz Theater, presided for the first time as president of the Rotary Club last Monday. Recently elected officers are, left to right, Walter H. Warren, treasurer; Mr. Harris, Dr. W. Rupprecht, secretary. Both Mr. Harris and Dr. Rupprecht were re-elected.

Huge Balance in State Treasury Faces McCarty

TALLAHASSEE (AP) — Dan McCarty probably will find the biggest State General Fund balance of any governor in Florida's history when he takes over the office from Fuller Warren.

State financial experts estimate the fund will stand somewhere between 15 and 18 million dollars when the gubernatorial changes Jan. 6.

Gov. Warren found an unencumbered balance of \$5,243,000 when he took office in January, 1949. His predecessor, Millard Caldwell, will leave a balance of nearly 10 million by Spessard L. Holland, and Holland inherited a deficit of nearly two million from Fred P. O'Connell. That state financial figures didn't approach the size they do today.

When Comptroller C. M. Gray's staff closed the books on the 1951-52 business year, Wednesday there was a General Fund cash balance of \$14,715,000 and only \$8,350,000 in released but unspent appropriations against it.

There have been bigger year-end balances. Four years ago the balance stood at \$16,860,000; but nearly 4 million dollars of it was encumbered by unspent appropriations — mostly for the big Caldwell administration construction program.

Gray's figures show the General Fund received a record \$14,643,000 during the 12 months ended June 30 that was left over from receipts during the previous year. Nearly all major tax sources in increased their yields.

There were receipts were going up \$14,350,000. General Fund disbursements were increasing only \$4,778,000 — from \$123,755,000 to \$128,534,000.

The year-end balance of \$14,715,000 compared with a balance of \$18,598,000 at the beginning. The General Fund supports the major administrative agencies of government, the courts, sanitation, health and welfare functions, penal and custodial institutions and most conservation services.

Balances in the four big special state funds also increased during fiscal 1951-52.

The Road Fund balance moved up from \$9,496,000 to \$15,499,000; State Revenue Fund from \$2,987,000 to \$5,143,000; the Trust Fund from \$11,874,000 to \$13,172,000; and the General Inspection Fund from \$514,000 to \$958,000.

POLIO CASES REPORTED
WASHINGTON (AP) — There were 621 new cases of infantile paralysis reported over the nation last week, an increase of 8 per cent over the 567 in the previous week.

In reporting this today, the Public Health Service said 2,678 cases of poliomyelitis have been listed since the "disease" season began with the week ended April 5, compared with 3,323 cases in the similar 1951 period.

Texas, with 2,206 cases, and California, with 227, have accounted for more than half of that total.

LOS ANGELES QUAKE
LOS ANGELES (AP) — Many sleeping residents in the Los Angeles area and adjoining communities were roused by a short, sharp earthquake early today but there was apparently little damage.

The quake was felt at 1:13 a. m. EST and lasted for a second or two.

Russell And Truman Talk Over Politics

Democratic Candidate Declares That He And Chief "Understand Each Other"

WASHINGTON (AP) — Sen. Richard B. Russell conferred with President Truman today and said afterward, "I'm sure the President and I understand each other."

Russell, the Georgia senator seeking the Democratic presidential nomination, would not elaborate on this comment as he left the White House.

A reporter asked Russell, "Last time he said he understood the President, when you say you and the President understand each other, does that denote any endorsement of your candidacy?"

"If you will quote me as I said it, I believe I stand on what I said," Russell replied. "I don't believe I'll elaborate on that."

He repeated earlier statements that he would not "walk out of the party" if adopted a civil rights program he does not like and said he is not interested in the vice-presidential nomination.

Russell spoke optimistically of his chances for the presidential nomination, asserting: "I would not exchange places this morning with any other candidate for the Democratic nomination."

He said he thought he would have "eight around 80 votes on the first ballot."

As the tall Georgian came out of Mr. Truman's office, he told reporters he asked for the appointment to "discuss politics" with the President.

"I think the President and I understand each other," he said, and then after a moment's pause, he added, "I'm sure the President and I understand each other."

The interview was interrupted when Sen. Lyndon Johnson (D-Tex.) walked into the lobby on his way to Mr. Truman's office. He (Continued on Page Three)

15 New Homes Are Being Constructed In Miller Acres

Fifteen new homes have been built this year in the Miller Acres development on the Deland high way in Deland, and 15 more are planned before the year is over.

The Miller Acres, a 100-acre tract with kitchen, bath, living room and car port.

Mr. Miller, a Navy veteran of World War II and member of the American Legion and Port Terminal Planning Committee, is building homes in Loch Aher.

Miller Acres is a thriving community of 76 white cottages sprawling over 150 acres of land. Laid in a rustic setting, the Acres, though so close to the highway and so accessible to the centers of population in the Central Florida area, creates an atmosphere of country living for which it would be hard to find an equal.

One of the particular attractions of the community is the modern construction office, just completed at a cost of \$30,000. From a reception porch paneled in spruce, the visitor or prospective buyer goes on to a large main hall furnished in walnut and finally to an office in oak.

The homes, beautifully laid out along winding rural drives, shaded by pine groves, are nevertheless of the most modern construction, combining in small scale the latest signs all the latest features making for comfortable and leisurely living.

The wild life which moves in the nearby woods and brush country and sometimes lets itself be seen in a fleeting glimpse as it makes rapidly across the roads is another fascinating factor in the scene. Rabbits, quail and all manner of small wild life add to the enjoyment of the village.

Contract Awarded For School Project

Bids on equipment and materials for schools were reviewed this morning by the County School Board at the office of Supt. T. W. Lawton.

W. J. King was awarded the contract for plumbing for the Hookerton Negro school at Lake Monroe. His bid was \$1,100. The \$250 bid of the Sherman Concrete Pipe Co. for lumber for the school improvements was accepted.

The Hill Lumber Co. was awarded a \$245 contract for lumber for the school for the South Side Primary School auditorium. A total of 70 desks at \$9.06 each were ordered for the school from the Newton School Equipment Co.

Eisenhower Captures Texas And Georgia Delegations; Trumanites Called Traitors

Slashing Attacks On Democratic Administration Made At G.O.P. Convention

Ike Takes The Lead

By EDWIN H. BRANKIN, CHICAGO (AP) — Republicans today captured the presidential Democratic nomination in a surprise rout at the GOP National convention for expected approval during the day.

Slashing attacks on the "present administration" and record of corruption, overshadowed hard fought compromise on the foreign policy, national defense and civil rights planks.

Only the "civil rights" plank dealt with the touchy issues of racial discrimination, caused some tears of a possible floor fight.

Even so, this plank was shaped to favor Southern differences. It is based upon reflecting a still somewhat light from the 1948 statement which lacked whatever law needed to end job discrimination against Negroes and other minorities.

This time the promise was for federal legislation to deal with racial discrimination in states which failed to do so. Whether this would be compulsory or voluntary was not stated.

Sen. Everett D. Mitchell of Colorado, chairman of the group that shaped the campaign document, told a reporter he expected quick approval.

In general, the related foreign policy and defense planks had been approved in advance by Sen. Robert A. Taft of Ohio and Gen. Dwight D. Eisenhower, candidates for the party's presidential nomination.

These planks, however, the Democrats on foreign policy, saying "they were originally from timid appearance to reckless blunder."

The GOP document promised "something new" Taft has stressed.

Waterways Group Meets Tomorrow

The Waterways Committee of the Seminole County Chamber of Commerce will meet tomorrow afternoon at 3:30 o'clock at the office of A. W. Spencey, in the Sanford Atlantic National Bank Building to make plans for a conference of community leaders here within the next two weeks to discuss the Sanford Hillsville canal project.

Communities represented at the meeting will include those located on the St. Johns River and throughout Central Florida, said Forrest Hockentree, C. of C. manager, in making the announcement.

Al Lee is chairman of the Waterways Committee which includes Mr. Spencey, H. R. Coleman, R. L. Dean, Gus Schuch and W. G. Kilbee.

Boy Scouts of Troop 345 recently enjoyed a five day outing ending July 5 under the direction of Scoutmaster Sidney Vihlen at Camp Lanchester on Lake Norris near Paisley in Lake County. Seated left to right in front are Al Collins, Curtis Hughes, George Paris and Richard Phogan. Second row standing are Richard Fowle, Maurice Phillips, Berry E. John and Dickie Rountree. Third row, left to right, are Teddy Walker, Randall Lavender, Randall Robbins, Sidney Vihlen, Jr., Joe Andrews, Allan Maffett, Jimmie Blyth and Robert Mitchell. Top row, James Pearson and Scoutmaster Vihlen.

Republican National convention may lead down to the most important business, nominating a candidate for President tonight. The GOP National committee has an office which normally announces party nominations and details in advance. A spokesman reported late this morning that bidding on the nomination was still open.

But it is in the lap of the gods that will make the difference. It will make the difference that will make the difference.

By JACK BELL, CHICAGO (AP) — The Republican National convention today elected Dwight D. Eisenhower as its presidential nominee, and Dwight D. Eisenhower as its presidential nominee.

General Dwight D. Eisenhower, candidate for Republican presidential nomination, arrived in the town today as he captured the Louisiana, Georgia, and Texas delegations going into the balloting for Taft.

Republicans Rip Each Other With Tooth And Claw Over Delegations

Bandwagon For Eisenhower Is Gaining Speed

By JACK BELL, CHICAGO (AP) — The Republican National convention today elected Dwight D. Eisenhower as its presidential nominee, and Dwight D. Eisenhower as its presidential nominee.

The delegates, however, the Republican National convention today elected Dwight D. Eisenhower as its presidential nominee, and Dwight D. Eisenhower as its presidential nominee.

What happened was probably inevitable. The four and a half days between the first and second sessions of the convention were filled with a steady stream of delegates from all over the country.

It had been an intense campaign of door-to-door work, and the preliminary bandwagon for Eisenhower was stretching into the early morning.

What it all meant when the balloting started was obvious. The air was thick with a feeling of triumph.

Sanford Men Die In Navy Plane Crash

All five men who died in the amphibious plane crash Monday in Albemarle, N. C., were from Sanford. They were: Alvin Davis, 34, of 1414 E. 1st St.; Alvin Davis, 34, of 1414 E. 1st St.; Alvin Davis, 34, of 1414 E. 1st St.

At the time of the crash, the plane was en route to Kirtland Air Force Base, N. M., from Wichita Falls, Tex.

Miss Cleo Davis, widow of Alvin Davis, was recently stationed at Sanford, N. C. He is survived by his wife, Mrs. Nancy Hynes Davidson, Fairview Point, Md.

Clerical Drudgery Seen Giving Way To Mechanical Brains

By SAM DAWSON
NEW YORK (AP)—Pencil-pushing drudgery—the making and keeping of business records and reports—may yield soon to smaller and cheaper mechanical brains. Electronic computers can figure in a few hours what a battery of clerks takes months to compute. But engineers say these machines soon may come into more general use in business due to new developments: Electronic tubes only one-third the size of those now used; and a new substitute, the transistor—like the larger tube, your finger nail—which can do many of the tasks the tube now performs, without overheating as the tube often does.

These developments could bring the mechanical brain down to size and cost practical for businesses staggering under a mounting load of clerical work. The number of pencil pushers and typists has increased in the past 25 years out of proportion to the increase in factory workers. The expense is terrific.

Some companies see the mechanical brain as the answer. At least some 100 companies, large and small, are developing electronic computers. Walter Mitchell Jr., managing director of the Control Institute, says the machines may bring about a "major revolution" in office work.

Controllers are the men who do the maddening figuring and keep the records for business. Mitchell foresees the day when "we shall need supervisors and management accountants adequately trained to understand these machines, their potentials and their application."

Other machines can produce through electronics in eight hours financial reports which consume 50 man-days to prepare by pencil pushing. Daniel M. Sheehan, vice president of Monsanto Chemical

Blues In The News
By BOB ANTHONY

Richard T. Moore, first class laundry ship's Serviceman, reported aboard NAAS yesterday from duty in Naples, Italy. His home is in St. Augustine so he's happy to be spending a normal tour of shore duty in the state of Florida.

While in Naples, Dick met Chaplain M. J. Bouters. Many of you will remember Chaplain Bouters from his tour of duty here at NAAS. Dick says the Chaplain is getting along fine in Naples and sends his regards to all his friends here on the station and in the city of Sanford.

The Fourth of July was more than just a holiday for NAAS's Wayne B. Nelson. It was on the Fourth that Wayne exchanged wedding vows with Marie Hardy of 212 West Fifth Street. Wayne and Marie became Mr. and Mrs. in a beautiful ceremony at the Sanford Congregational Church, being united in marriage by Dr. Root. Wayne is now back on duty at NAAS and the newlyweds are living at the Sanford Trailer Park.

Fred H. Wood has returned here after a 30 day re-enlistment leave in Piedmont, R. C. Fred had been called back to active duty as a naval reservist and, unlike the many "short-timers" being released this month, he decided he liked the navy too much to return to civilian life. With this decision, he "ship-ped over" into the regular navy and is planning on making it his career. Fred is married and has two children, a daughter and a son.

Ronald Wilby left the station and Sanford today for Fort Slocum, N. Y. where he will attend the six week course in Information and Education at the Armed Forces Information School. Upon completion of the course, Ron is scheduled for a new duty assignment by the Bureau of Personnel which means he will not be returning to Sanford. Before beginning classes at AFIS, he will spend ten days with his family and friends at his home in Syracuse, N. Y.

Malcolm Journeay, Ed Witwicki, Bill Armontrout and Omer (the all returned to duty recently from leaves spent at their homes. Wallace Jones, instructor of Caspary, Arizona, Bill in Madison, Missouri and Omer in Emmetsburg, Iowa.

Square dancing is gaining more and more popularity around Central Florida and Sanford's Navy Center is going along with the trend. A big night of square dancing is on tap at the Center tomorrow starting at 8:00 p.m. Jimmie Closson, the Central Florida Navy Center's instructor of Caspary, will be on hand to do the square dancing. An evening full of fun and excitement will be sponsored by the Business and Professional Women's Club of Sanford. Special invitation is extended to Navy men. Bring your wife, if you have one, or come stag but be sure to be at the Navy Center at 8:00 for an evening of square dancing.

Wilbur Peeble Thinks He Sees Five Stars Over The White House

(Editor's note: Wilbur Peeble, America's most average citizen, goes to the heart of the gop problem in the following letter to his wife, Trellis Mae, from the Republican National Convention.)

By HAL BOYLE
CHICAGO (AP)—Well, honey, it looks like five stars over the White House—according to a waitress who sold me a hot dog at Convention Hall.

"Ike's in!" she told me happily, and generously passed out free troutard to the crest fallen Taft supporters.

The story now is that Gen. Eisenhower is doing so well that he is offering to deed the Texas delegates to Gen. MacArthur in a package labeled: "don't open until 1952."

Bob Taft is still in there pitching with both vocal chords, but most of the bystanders now seem to feel that the steam in his steamroller is only going "fizzzzzzz."

Co. St. Louis, thinks "future electronic equipment may produce them in one hour."

If business turns to these machines, one of the first results would seem to be a reduction in clerical workers, since reports now being made manually could be made with fewer clerks and less expensively, but machines also produce new jobs.

Paul G. Drescher, vice president and controller of Associated Hospital Service of New York, points out that no mechanical brain can work unless it is fed material. And this is prepared by men and women.

The lightning like speed of the electronic computer also must be geared to the comparatively slow speed of the electric typewriters and punched tapes which prepare and feed the data to the computers and electronic memory units.

The really important thing the electronic machine will do for business, Drescher holds, is not the saving in clerical help, but the chance it gives businessmen to develop data once considered too hard and too expensive to get. For example: Financial reports could be prepared once a month instead of once every three months, and the businessman could keep closer tabs on how he stands.

Some of these machines already do remarkably good jobs for business, one is particularly appreciated in making up payrolls which involve large numbers of employees with a variety of unit rates and different kinds of work with complicated deductions and overtime.

Electronic engineers, however, say you haven't seen anything yet, compared with what the machines they are developing will do for business.

They believe Ike has romanced the electorate. Taft taught him to salute. Ike's backers are so sure he'll be nominated and elected—that they are already picking his Cabinet. I overheard one fellow at a bar say:

"Our problem now is unity—to heal the party's wounds. Ike ought to name Thomas E. Dewey secretary of state, Warren secretary of the interior, Stassen postmaster general, and MacArthur secretary of agriculture. Taft could be vice president."

"In that case we might as well make it a coalition Cabinet and appoint Harry S. Truman secretary of the Treasury," a bitter Taft man said.

The question then arose about what to do with John Foster Dulles, and a fellow said:

"Why not appoint John Foster Dulles secretary to John Foster Dulles so that he'll be no doubt about his policy?"

Well, honey, as you can see from this kind of talk the Republicans are kind of lickered out. They have had a rough week. They are not used to fighting among themselves like Democrats. A donkey can relax acting like a jackass, but it makes a dignified elephant nervous.

It may be a bit early for the Ike fans to count Sen. Taft out. Personally I know of only one man who has turned in his Taft button and he explained it was only because he was having his suit pressed—and didn't want it back right away if Taft is nominated.

The increasing likelihood that Ike will be the Republican nominee is very annoying to some members of the Old Guard GOP who refer to him as "the 5-star cinderella from Aboloney, Kansas."

"Drat it, we are always falling for glamor boys," one said. "I would rather run Herb Hoover again—if we can't have Taft. Let's be real Republicans."

Well, Trellis Mae, I am no surgeon. But if I had to sew up the wounds in the Republican Party at this moment I wouldn't use thread. I'd call for rope.

However, an old-time observer of conventions told me: "Son, there is nothing in this world shorter than a politician's memory. The promise of future patronage can cure a lot of present name calling."

Another veteran Republican had this to say about the convention—and he shook his head as he said it: "The trouble with us Republicans is that we've got too many leaders, and the Democrats—they've got too many people."

Well, Trellis Mae, more tomorrow from your homesick husband Wilbur.

James Mason and Jessica Tandy who are co-starred with Sir Cedric Hardwicke and Luther Adler in the stirring drama "The Desert Fox" showing Thursday and Friday at Movieland Ride-In Theater.

PANAMA CITY (AP)— Circuit Judge E. Clay Lewis refused Wednesday to dismiss the suits of a defeated candidate for sheriff and a defeated candidate for the Florida Legislature, who charged irregularities at several Jackson County polling places.

The suits change election officials gave "unsolicited ballot marking assistance to at least 75 persons" in one precinct and improper ballot marking and counting in several others.

W. R. Gause, who sought the sheriff's post, and Wankard Pooler, legislative candidate, brought the suits against incumbent Sheriff Ernest Barnes, Rep-Elect Hugh Dukes and the Jackson County Canvassing Board.

Housework Easy Without Nagging Backache

Nagging backache, loss of pep and energy, headache and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday conditions, such as stress and strain, cause this important function to slow down, many folks suffer nagging backache—bad, unbearable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent urination. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's Pills have relieved from these discomforts—help the kidneys, kidney tubes and filters flush out waste. Get Doan's Pills today!

THURSDAY, JULY 10, 1953

TODAY'S BIBLE VERSE

We are apt to overestimate our
own importance in the universe.
We are important only as we
play a part in a majestic plan.
Art thou the first man that was
born.—Job, 15:7.

The President has just signed a
bill authorizing ten reclamation
projects. We wonder if one of them
is intended to reclaim the Demo-
cratic party.

We have often wondered listen-
ing to Democratic conventions in
past years, and we wondered last
night listening to the Republicans,
whether they all don't get together
in some secret meeting before hand
and plan it all out. It couldn't be
a better show, anyway, if it was
written out on a script.

There may still be some doubt
over whether the Republican con-
vention is going to nominate Taft,
Eisenhower, or maybe MacArthur,
but there's one thing up there in
Chicago about which there isn't
any doubt, at least after the noise
the delegates made last night. They
sure aren't going to nominate
Thomas E. Dewey.

The United States is ready to use
atomic bombs in Korea if needed.
That may come as so shocking a
statement to some that they will
think we don't know what we are
talking about. Maybe we don't. But
that is what General J. Lawton Col-
lins, Army Chief of Staff, is quoted
as saying the other day, and if he
doesn't know we don't know who
does.

A good many tears are being
shed for the federal employees who
are losing their jobs as a result of
the economy axe, mild as it is,
wielded by Congress. More than
17,000, mostly in the price, wage
and rent control agencies, are re-
ported on the way out within 30
days. It is too bad we can't have
our cake and eat it too. It is too
bad we can't put everybody on the
government payroll and still reduce
taxes. It is too bad we can't have
socialized medicine and federal aid
to education without increasing out-
let tax burdens but the inexorable
conclusions of mathematics are against
us.

A practical means of assisting in
the transfer of political power from
the central government back to the
states was suggested by the govern-
ment convention when they urged
that certain federal taxes be relinqu-
ished to the states. One of the
great difficulties in expanding the
area of state activity to include
some of the many functions recent-
ly assumed by federal authority is
that high federal taxation has so
dried up local tax sources that local
government can't get the money to
do anything. The authority with
money is going to be the authority
which gets things done, and if we
want our local governments to take
a bigger part in our affairs, we are
going to have to give them the
funds with which to do it with.

Former President Hoover at the
age of 77 probably attending his
last convention received a greater
ovation and made perhaps an even
greater impression than General
MacArthur. Strangely enough, Mr.
Hoover still has many bitter ene-
mies among certain groups of peo-
ple in this country who continue to
blame him for the depression just
as if he had caused it all on pur-
pose in order to get even with some
people he didn't like, but an even
stronger segment is coming to realize
that Hoover has been one of the
best men of our time. The
country has been the better for
having him. He has shown us the
way to a better future. He has
shown us that a man can be a
leader and a patriot. He has
shown us that a man can be a
man of integrity. He has shown
us that a man can be a man of
courage. He has shown us that
a man can be a man of honor.
He has shown us that a man can
be a man of God.

Flight To Mars

Within the next half-century a trip to Mars will come to be as commonplace as a flight today from London to New York. This is the amazing prediction about space travel by Major Alexander P. de Seversky, famous American authority on air power, in the current issue of Pageant Magazine.

"We have the know-how and the scientific tools for interplanetary travel," says Major de Seversky in Pageant. "We stand now with reference to space travel about where the physicists stood between the World Wars regarding atomic energy."

What bars the road to immediate space travel? Only one factor, according to de Seversky. We must have an atomic power plant beyond what is now available. We must find a way to get power directly from nuclear fission; we must obtain a continuous, controllable rate of explosion of atomic energy, not the slow chain reaction of the atomic piles or the instantaneous explosion of the bombs.

"Once we have developed a reactive atomic engine that gives us direct thrust without the transformation of heat into power that comes from the conventional turbines," asserts Major de Seversky in Pageant, "then interplanetary travel will be feasible. What we lack is a power plant of sufficient magnitude to enable us to defy gravitation and to cruise protractedly in space."

With this atomic jet propulsion, claims de Seversky, there will be no limit to the size of the space ship or its speed. It won't leave the earth, as do present-day rockets, like shells fired from cannon. It will be able to rise slowly with no discomfort to passengers. Once the ship has wrested free of the earth's atmosphere, it will not travel at a constant speed but ever faster and faster or slower and slower in order to provide synthetic gravity for earth travelers who are bound to earth's gravity.

Before you scoff at the idea of taking a vacation on Mars, remember that less than 60 years ago, when the Wright Brothers made the first powered flight of 120 feet, any speculation about the comfort and luxuries of present day airliners would have seemed fantastic. Yet today such comfort and luxuries are realities we take for granted.

Double Thinks

The late George Orwell in his novel of a police state, "Nineteen Eighty-Four," describes an insidious technique of dictatorship which he calls "double think". In the novel the true history of the people was never recorded. Only those events favorable to the dictator "Big Brother" were set down and the books were altered from time to time at the tyrant's will. After a time people forgot what had happened in the past and accepted the published lies as authentic history.

Recently Czechoslovakia decided for the third time in three years to alter the textbooks used in its schools to conform to present Stalinist doctrines. Since the first changes were made there have been purges among those who were Communist leaders in Czechoslovakia. The present leaders want their own way in the books as well as elsewhere.

There are still many in Czechoslovakia who remember the days of freedom and the heroes who helped to make the dream of Czech independence a reality. The memories of the Masaryks, father and son, who played such important roles in the history of the nation, are still honored. But what will happen when all those who remember the earlier days have passed on? Apparently the Communists reason that those who have known no life but slavery will believe that there is no other condition under which men can live.

That Communist logic is false. The ideals of freedom may not be printed in books or taught in the schools; but men who knew and loved liberty will pass the ideals along to their children. No dark age lasts forever nor can an Iron Curtain completely shut out light.

Story Of La Prensa

The editors of La Prensa, the great Argentine newspaper murdered by dictator Juan Peron, have compiled a history of the paper from its founding in 1869 until Peron stopped the presses in 1951. Defense of Freedom is the story of a newspaper with a policy of truth, objectivity and fearlessness that could not be allowed to survive in a country where all other freedom was suppressed.

It has been 19 months since Dr. Alberto Gainza Paz was forced to flee his country and leave his paper in the hands of Peron and his henchmen. The dictator has taken over the paper and dares to call it La Prensa. But the world knows well that it is but a hollow shell echoing Peron's voice. Those who once edited La Prensa do not despair, however. In the dedication they say:

"These ideals will never perish; as long as man exists they will be the banner of the peoples of the world. The newspaper La Prensa which so long defended them will not perish either! Its spirit lives on, and one day it will reappear in the pages of that newspaper, which was always a proud and faithful expression of the Argentine people."

Crate Co-operative Of Growers Buys Manatee Crate Co.

Waverly, Fla. — The Highland Crate Co-operative, operated by several citrus packing firms, announced today purchase of the giant Manatee-Nocatee Crate Co. for one million dollars.

The announcement was made by W. C. Pedersen, Waverly, president of the crate co-operative. He also is president of one of its major members, Waverly (Citrus) Growers Co-operative.

The Manatee-Nocatee Crate Co. has mills at Bradenton, Noeetee and Calhoun, capable of turning out about 64 million standard citrus boxes a year. It has been producing both citrus and vegetable crates, but hereafter will manufacture only citrus containers, Pedersen said.

Included in the deal are about 20 million feet of standing timber near Calhoun and Jacksonville. The crate co-operative already has veneer mills at Woodbine, Ga., and Lake City, and a box mill at Jacksonville. These plants also have a capacity of about 64 million standard boxes annually.

Pedersen said operations of Manatee-Nocatee firm would be taken over immediately. The crate co-operative includes Waverly, Citrus, and other firms. The deal was announced in a meeting here today. The deal was announced in a meeting here today. The deal was announced in a meeting here today.

Pulling no punches, former President Herbert Hoover rakes the Democratic administration as he addresses the delegates at the GOP Convention in Chicago. Hoover came out for a strong U. S. air force in contrast to those who believe that the safety of the nation lies in building up heavy ground forces. (International Soundphoto)

Slashing Attack

(Continued From Page One) ably at suggestions from the Eisenhower camp, with a pledge for "simultaneous readiness of coordinated air, land and sea lanes, with all the necessary installations, bases, supplies and munitions, including atomic energy weapons."

All through the unusually long (6,000 word) platform, the Republicans promised to clean house in government, cut costs and reduce waste, overlapping and bureaucracy.

But the really blistering words came in the section titled "corruption." The present administration's sordid record of corruption has shocked and sickened the American people," it began. "Its leaders have forfeited any right to public office by the way they transact the government's business."

The platform said Republicans have exposed instances of "fraud, bribery, graft, favoritism and influence peddling" in the present administration. "There have been disclosures of close alliances between the present government and underworld characters," it said, and it protested a "double standard" in enforcing tax laws.

"Political favorites including even some gangsters and crooks" were treated leniently, the platform draft said, while honest taxpayers were harassed over minor discrepancies.

A special plank on Communism said the Democrats had "permitted Communists and their fellow travelers to serve in many key agencies and to infiltrate our American life."

The platform said the administration's softness on Communism resulted in "the needless sacrifice of American lives, a crushing cost in dollars for defense, possession by Russia of the atomic bomb, the lowering of the Iron Curtain, and the present threats to world peace."

The platform hit hard at "federal compulsory health insurance," as often urged by President Truman, saying it involved "crushing cost, wasteful inefficiency, bureaucratic deadweight, and debased standards of medical care."

It put Republicans on record for support of scientific research and "encouragement of improved methods of assuring health protection."

On education, it said responsibility has and should rest "upon the local communities and the states."

It pledged "immediate statehood" for Hawaii and the same for Alaska. "Eventual statehood" was listed for Puerto Rico.

The platform favors retention of

Pennsylvania Red Leader Sentenced For Seditious Act

PITTSBURGH (AP) — Judge Harry M. Montgomery sentenced Steve Nelson, former Western Pennsylvania Communist Party chairman, to 20 years in jail today.

Nelson was convicted in February on a charge of violating the state's anti-sedition law. The law forbids measures designed to overthrow the government.

Nelson also faces a federal charge of conspiring to overthrow the government of the United States.

Judge Montgomery also fined him \$10,000 and ordered him to pay court costs. It was the maximum penalty and the stiffest sentence ever given a Communist in Western Pennsylvania.

The House Un-American Activities Committee accused Nelson in 1948 of passing atomic secrets he obtained from an American scientist to the Russian vice consul in San Francisco. Nelson and the scientist have denied the charge.

The scientist, Prof. Joseph W. Weinberg, was indicted last May charged with lying under oath when he told the committee three years ago he was never a member of the Communist Party.

BOON TO CITRUS
NEW YORK (AP) — The Birds Eye Division of General Foods Corp., a major producer of frozen orange juice concentrate, announced it has found a way to keep the reconstituted orange juice from separating into watery-appearing liquid and citrus pulp.

As a result, the company said, the new concentrate can be reconstituted with the proper amount of water, and then kept in the home refrigerator as long as 72 hours without separation and without loss of vitamin content and flavor.

PATROL CHECK
TALLAHASSEE (AP) — The Florida Highway Patrol checked 12,592 trucks last month and found 377 of them were over-weight or over-loaded.

The truck owners paid \$14,337 in penalties for exceeding the legal limits.

FATALLY INJURED
JACKSONVILLE (AP) — Charlie Andrew Mims, 32, was fatally injured early today when his automobile rammed into the rear of a truck-trailer unit at a highway intersection.

Ike Wins Texas

(Continued From Page One) elected not to oppose the seating of a Texas delegation favoring the general. Previously the committee had approved a pro-Taft group.

This made the new lineup in the Associated Press tabulation of delegates: Eisenhower 614, Taft 486, others 110, uncommitted 88.

This picture could shift quickly on the first nomination ballot, when the uncommitted must join the ranks of those publicly tabbed for one candidate or another.

But this slow-moving convention seemed unlikely to get around to any such showdown until Friday. Delegates faced action today on the party platform, followed by the tedious business of nominating candidates.

Gov. John S. Fine of Pennsylvania cut down the uncommitted list sharply by a belated and widely forecast announcement that he is supporting Eisenhower.

The 52 to 10 poll of his delegation in favor of seating the Georgia Eisenhower group seemed to reflect equal support there for the general in the nomination battle.

Although Taft's strategists conceded he had suffered a setback, they promised grimly to continue the fight.

There was no suggestion they might give way for another candidate, although there was growing talk on the fringes about Gen. Douglas MacArthur as a possible runner.

Taft himself reiterated he expects to be nominated "on an early ballot." He said that "a number" of delegates who voted Eisenhower's way on the delegate contests "have assured me they will vote for me on the rollcall."

Eisenhower, who slept through the convention's midnight vote on the Georgia test, earlier had declared he would win the nomination.

In the Georgia contest, the convention's action seated a delegation listed as 14 for Eisenhower, two for Taft and one undecided. The Credentials Committee approved Taft group would have given Taft all 17 votes.

Eisenhower's Texas victory gave him 25 votes, Taft five. The Credentials Committee had voted for 22 Taft and 16 Eisenhower delegates from the Lone Star State.

Taft contended he had made a gain of 35 votes over a previous rule change test, when backers of all the other candidates went against him.

On that test, the margin of his loss was 110 votes. Wednesday night it was 76.

In the Georgia contest, Taft showed he has rock bottom support of about 531 delegates toward the 604 votes needed for the nomination.

Eisenhower's strength was more difficult to pinpoint. Although his side polled 607 votes on Georgia, these included 101 publicly committed to Gov. Earl Warren of California and former Gov. Harold E. Stassen of Minnesota.

Sen. William Knowland held a reporter California will keep its 70 votes behind Warren through as many ballots as it seems likely that the Californian might emerge as a compromise candidate.

Stassen, whose 25 votes might be critical under some circumstances, scheduled conferences with Taft and Eisenhower today. He denied that he plans to withdraw from the nomination contest.

It was evident, however, that Stassen and Warren could provide the winning margin to Eisenhower if they chose.

The California delegation may have tipped its leanings by voting 62 to 8 for Eisenhower's Georgia delegation. Minnesota put all its 25 votes in the Eisenhower column on that test.

Michigan, which National Committee man Arthur Summerfield has kept publicly neutral, listed 32 for the Eisenhower side, 14 for the Taft men.

The pro-Taft Tennessee delegation was reported by members as ready to swing to MacArthur if a deadlock develops. Sen. Malone of Nevada said if Taft loses strength, it will go to MacArthur.

Sen. Case (R-S.D.), who has urged that former Pacific commander be nominated, visited Taft. Sen. Joseph McCarthy, who has talked of MacArthur as a candi-

Radio Operator At Foreign Office Is Convicted As Spy

LONDON (AP) — William Martin Marshall, 24-year-old radio operator for the British Foreign Office, was convicted today on four charges of spying for Russia.

The jury asked for the "utmost leniency" for Marshall, who could be sentenced to a maximum of 14 years on each count. "We feel he has been led astray," Judge Sir Patrick Barry said.

Marshall swayed slightly in the prisoner's dock as the verdict was read. He showed no other sign of emotion. He waved to his parents as he left the dock, and his mother shouted to him: "Chin up!" Then she burst into tears, saying "There is no British justice."

The charges stemmed from meetings that Marshall had in London suburbs last April with Pavel Kusnetsov, second secretary of the Soviet embassy.

The jurors in London's famous Old Bailey—where Klaus Fuchs got 14 years for betraying atomic secrets to Russia—were out 63 minutes.

Marshall was convicted on three counts of passing secret information on Britain's diplomatic radio service to Kusnetsov, and on another count of "recording" secret information which might be used by an enemy.

Marshall had admitted that an 11-month stay in Moscow, while working for the British embassy in 1951 had told him on the Soviet way of life, but he denied passing any secrets to Kusnetsov.

date, won cheers from the convention when he urged the Republicans to make a rough fight on Communism.

"There is a common sense limit to gentleness and decency," the Wisconsin senator declared. "That limit is where dignity and treason begin, where organized deceit and Godlessness begin."

The convention was expected to give speedy approval of a platform which promised in a foreign policy plank to "wage the peace and win it."

The platform demanded greater emphasis on the Far East which it said Stalin long had recognized as "the road to victory over the West." This followed Taft's views more closely than Eisenhower's.

A compromise civil rights plank proposed that the federal government take "supplementary" action within its "constitutional jurisdiction to oppose discrimination against race, religion or national origin."

Social Calendar

THURSDAY
The Seminole County Museum and Historical Association will meet at the Women's Club building at 7:30 p. m.

FRIDAY
Sanford Townsend Club will hold its regular meeting in the City Commissioner's room at 7:30 p. m. Budgets.

A square dance will be held at the Navy Center with Mrs. E. B. Carter in charge. All junior hostesses are urged to be present.

MONDAY
The Elsie Knight Circle of the First Baptist Church will meet with Mrs. V. C. Musenger, 300 West Third Street at 8:00 p. m. A Hospital shower will be held. Articles needed include linens, towels, wash cloths, glasses, vases, silver, etc.

TUESDAY
The Seminole High School Band will hold summer practice in the school band hall at 7:30 p. m. All alumni and interested persons are cordially invited to be present.

WEDNESDAY
The Prayer Meeting Service at the First Baptist Church will be held in the Memorial Educational Building at 8:00 p. m.

HOLLYWOOD

By JAMES BACON
(For Bob Thomas)

HOLLYWOOD—Hollywood is such a crazy place, where else would it be news when the boss assistant takes over when the boss gets sick.

Herbert recently promoted an assistant director to director in such an instance. And the news is looked upon as revolutionary in the trade. However logical it looks to the outsider, here such a jump can be compared only with the spot promotion of an Army top sergeant to commanding general.

It was not always so. The practice was common enough in the silent movies and the results more than justified its continuance. Such top men as Lou McCarey and John Ford started as assistant directors. But in recent years, the new directors came from but three sources—Broadway stage, writers and nephews of studio executives.

A fellow by the name of Alvin Ganzer is the current hero of the director's. Until a few days ago, he was the guy who yelled, "Quiet, everybody, we're rolling." On the picture, "Pleasure Island," the director was Playwright F. Hugh Herbert, who had also scripted the movie.

Herbert's doctor ordered him to make a South Pacific island his first meet when, 2,000 marines were sent, "with nary a nod from them."

Herbert, at the same time, was writing a new play for spring opening, readying a novel for full publication and overseeing the production of his current play, "The Moon is Blue," in nine different companies here and abroad. It was inevitable that he should collapse of overwork.

Herbert's doctor ordered him to make a South Pacific island his first meet when, 2,000 marines were sent, "with nary a nod from them."

IN A SURPRISE VISIT to the Republican convention in Chicago, Mrs. Mamie Eisenhower, wife of the GOP Presidential aspirant, poses with Wisconsin delegates pledged to Gov. Earl Warren of California. They are (l. to r.): Richard Rice, John Mulich and Bernhard Gettelman.

Supper Meet Held By Salvation Army

A number of families attended the supper and meeting of the Salvation Army Home League at the local headquarters Tuesday night. Capt. William White presided and led in devotions.

B & PW to Sponsor Navy Square Dance

Mrs. Escar Price, vice president of the Business and Professional Women's Club, announced today that the club will sponsor a square dance at the Navy Center for Navy personnel on Friday night. Jimmy Clinch, well known square dance impresario, will call the dances beginning at 8:30 p. m. Refreshments will be served.

Mrs. E. B. Carter is in charge of arrangements for the dance and all junior hostesses are urged to attend.

let him direct whole scenes of "My Son, John."

Ganzer said the most amazing thing to him about the promotion is the big increase among agents who now speak to him.

"I've been seeing some of these same guys around here for years," he said, "with nary a nod from them."

"Now they come up and smack me on the back like old pals. I guess I now look like a meal ticket to the 10 percenters."

Will he move out of his Los Angeles apartment into a Bel Air mansion with attached swimming pool and butler?

"No, sir," he answers. "Don't forget I've seen a lot in my 20 years in this business."

As he talked, he must have noted a lonely figure sitting over in the corner of the Paramount commissary. A few years ago, this man was one of the top director-writers in the business. He never dined alone until he committed that gravest of Hollywood mortal sins—a couple of his pictures lost money.

Mrs. Harvey Honors Miss Betty Cagle

Mrs. L. H. Harvey entertained recently with a miscellaneous shower honoring Miss Betty Cagle who will be married on July 17. Guests gathered at the Harvey home on West Sixteenth Street at 8:00 o'clock and enjoyed a talk by Mrs. Gretchen Crowell and a musical game.

Mixed summer flower arrangements were used in decorating the rooms for the occasion. Following the games refreshments were served by Mrs. Harvey assisted by Mrs. Rosine Carnes.

Those invited to be with Miss Cagle were Mrs. W. A. Lavin, Mrs. Robert Swinner, Mrs. Freddie Williams, Mrs. R. E. Penfroy, Mrs. C. C. Beasley, Mrs. Max Loring, Mrs. Carnes, Mrs. J. G. Haderer, Mrs. C. E. Harker, Mrs. Crowell, Mrs. Edward F. Lane, Mrs. A. J. Peterson, Miss Peggy Best and Miss Mildred Awalt.

Mrs. Hunt, Peterson Entertain Gleaners

Mrs. R. T. Hunt and Mrs. A. J. Peterson were co-hostesses for the regular meeting of the Gleaner's Class of the First Baptist Church held on Tuesday night at the Hunt home. After a short business session, Mrs. Peterson led the devotional which was followed with a social hour.

The following members were present: Mrs. W. P. Brooks Jr., Mrs. J. F. Lewis, Mrs. R. E. Penfroy, Mrs. Kendall, Mrs. J. A. Strange, Mrs. Hunt, Mrs. Peterson and Mrs. Hal Hunter, daughter of Mrs. Strange.

Personals

Mr. and Mrs. Buddy Angel have returned from a vacation spent in Tennessee and Kentucky.

Mrs. J. D. Dossey Jr. of Statesboro, Ga. is visiting her parents, Mr. and Mrs. L. M. Leinhardt.

Mrs. S. L. Lramon of Greenwood, S. C. is the guest of Mrs. F. L. Woodruff and Mr. and Mrs. E. L. Woodruff Jr.

Miss Elizabeth Woodruff, daughter of Dr. and Mrs. Harry Woodruff, left today for Asheville, N. C. to visit relatives.

Mr. and Mrs. F. L. Woodruff III and son "Tex" left today for Hendersonville, N. C. to visit Mrs. Woodruff's mother, Mrs. George Harris.

C. H. Shepherd left for his home in Gainesville yesterday after spending a week's visit with his sister and brother-in-law, Mr. and Mrs. L. M. Leinhardt.

Friends of Mr. and Mrs. M. T. Haynes will regret to learn of the death of Mrs. Haynes' brother, J. A. Benson, of South Carolina.

Mr. and Mrs. L. Catell Tally and three children have returned to their home in Jacksonville after spending a few days with Mrs. Tally's parents, Mr. and Mrs. E. H. Laney.

Mr. and Mrs. Ford Russell and Mrs. Amelia Noble recently had as their guests the following party from Carbonate, Fla.: Mrs. Alma York, sister of Mrs. Noble and mother of Mrs. Russell; Mrs. York's daughter and son-in-law, Mr. and Mrs. E. C. Haulens, and their daughter Judy Haulens. With the party was Mrs. C. L. Irwin of Jacksonville, another daughter of Mrs. York.

Mr. and Mrs. H. A. Morland and daughter, Miss Shirley Morland returned on Monday from Thomasville, Ga. where they spent a vacation and attended the wedding of Mr. Morland's niece, Miss Joanne Morland, on Sunday at the First Methodist Church in Thomasville. Miss Shirley Morland served as her cousin's maid of honor.

Leprosy is far more prevalent in hot, damp climates than in dry areas.

Hints to Housewives

Mud is a familiar spring problem in many households—mud-stained clothes, muddy shoes, mud tracked in on rugs and floors.

Experts advise that the U. S. Department of Agriculture offer some suggestions on removing mud: CLOTHES. Brush off all loose dry mud first. Then rinse muddy stained fabric several times in cold water to take out all particles of soil lodged in the yarns. Don't plunge mud-stained fabrics into hot soap suds because some of the yellow clay makes a stain like iron rust that may be set by hot soapsuds. When no more mud can be rinsed out in cold water, wash in warm soap suds, using several washings if necessary.

SHOES. Even though dry mud comes off more easily than wet mud, the specialists advise against the familiar practice of letting it dry on before brushing it off. Mud stains leather, and the longer it stays on, the worse the stain may be. Scrub off moist mud as promptly as possible and then wipe leather clean with a soft moist cloth. Stuff shoes with paper to help hold their shape, dry slowly and then polish.

RUGS. Scrub off as much mud as possible with the dull side of a knife. Allow the rest to dry and then brush off. If a stain remains, sponge with a damp mixture provided the rug can take moisture without removing the twist from the pile. Do this in an inconspicuous place, if in doubt.

MASSAGE REMOVES HEAT—MIAMI BEACH, Fla.—Benjamin Weissman, 60, was reported in good condition at Mt. Sinai Hospital today, thanks to sharp-eyed operating room attendants. Weissman underwent a thyroid

CLIFFS HELD SAFE—TAMPA, Fla.—Mr. and Mrs. John Cliffe, accused in the torture slaying of her 4-year-old son Wayne Dolham, Wednesday were certified by a Circuit Court judge to be legally sane and able to stand trial.

The Cliffes are charged with starving and beating the boy and hanging him by a rope for three nights with his feet barely touching the floor.

Judge Henry C. Tillman set July 31 for their first degree murder trial.

The three winners of the Miss Snow White Beauty search contest are from left to right, Miss Nancy Davenport, first prize, Miss E. M. Melick, second prize, and Miss Betty Cullum, third prize. The contest was held on June 10 at the stage of the Ritz Theatre, and was sponsored by the Randall Electric Company. Miss Davenport's picture, as winner, has been entered in the State contest with winners from 18 other Northern Florida towns. The winner in the state contest will be awarded a three-day plane trip to New Orleans with all expenses paid for two fares for the local contest were donated by Randall Electric, Sanford Jewelry and Luggage Company, Hollywood and Ernest Drug Store.

Childhood Hints
By DAVID TAYLOR MARKE
AP News-Feature Writer

When your child has been ill and is convalescing, you are in a position to help him as they are when he is well.

Youngsters of five or six years of age are especially susceptible to bed bugs. They are found in the folds of the mattress and under the sheets. They are small, brown, and bite. They are especially annoying to children who are recovering from illness.

Carleen Hollenbeck Tells Wedding Plans

Miss Carleen Hollenbeck announced today plans for her marriage to Bobby Franklin which will take place on July 10. The ceremony will be performed by Rev. J. E. McKinley at 5:00 o'clock in the garden of the Hollenbeck home at 298 Sanford Avenue.

Miss Hollenbeck has chosen for her maid of honor Mrs. Darrell Grieme and her bridesmaids will be Miss Kathryn Callum and Mrs. Leland Ruhl. Serving as best man for Mr. Franklin will be Morris Metts of Sanford and Waveross and ushers will be Darrell Grieme and Leland Ruhl. Little Kathy Braun and Terry Phelps, both of Orlando will serve as flower girl and ring bearer.

A reception will follow the ceremony. All friends of the young couple are invited to attend the wedding and reception.

Republicans

heavy with tension. The people were restless and anxious, like a herd of longhorns before a storm.

The climax as those churning thousands knew was at hand over the delegate contest in Texas and Georgia.

It was Sen. Everett Dirksen of Illinois, a heavy-bodied man with a smooth, persuasive, platform manner who brought about the first great rout. Dirksen was addressing the 100,000 men in Chicago.

He is an effective man in a speech and he was at his best Wednesday night. He was saying that huge crowd as easily as if he had it in a hammock.

With a dramatic pause he looked down from the speaker's platform directly at Gov. Thomas F. Dewey of New York, said he had campaigned for Dewey in 1944 and 1948 and then let his hand fall.

It brought thousands of people to their feet, yelling, a cheering, a hurraing, with excitement, cheer or approval. They were not content with the cheering, they were shouting. They were shouting, they were shouting.

Every eye on the hall turned to him. He was speaking, he was speaking, he was speaking.

Every eye on the hall turned to him. He was speaking, he was speaking, he was speaking.

Every eye on the hall turned to him. He was speaking, he was speaking, he was speaking.

Every eye on the hall turned to him. He was speaking, he was speaking, he was speaking.

Bills Signed

Continued from Page One
evidence indicated the outageport story was right.

It seems they said that Cox was temporarily promoted from midshipman to third lieutenant while he was serving aboard the Chesapeake, which was under the command of Capt. James D. Don't Give Up the Ship's Enterprise.

Then during a battle with the British frigate Shannon on June 1, 1814, all the Chesapeake's officers save Lawrence and Cox were killed or wounded.

They were fighting on the deck together when Lawrence was killed. He asked Cox to take the ship's Enterprise for him and to give up the ship.

A court martial found that Cox was in fact a midshipman of the ship as the only officer left during the engagement and a stripped line of his commission and discharged him.

The General court-martial had wanted to court-martial Cox and asked authority for the President to issue an order clearing Cox's name and an order for a full honors commission. The House and Senate adopted the plan and the President signed the official order by which the bill passed.

It seemed that the bill had passed. The bill had passed. The bill had passed.

Legal Notice
IN COURT OF THE COUNTY OF SEMINOLE, FLORIDA.
IN RE: THE ESTATE OF MARY M. KING (deceased)
M. M. KING (deceased)

TO ALL WHOM IT MAY CONCERN: Notice is hereby given that the final report as Administrator of the estate of Mary M. King, late known as M. M. King, deceased, and filed in this court for final discharge, and that he will apply to the Honorable JUDGE STANTON, County Judge of Seminole County, Florida, on the 15th day of August 1952, for approval of same and for final discharge.

Legal Notice
charge as Administrator of the estate of Mary M. King (deceased) known as M. M. King, deceased, George W. Morgan, Administrator of the estate of Mary M. King (deceased) known as M. M. King, deceased.

LEGAL NOTICE
The Board of Public Instruction for Seminole County, Florida, will receive sealed bids for the water proofing of the exterior walls of the Lake Monroe School until 11:00 a.m. on Thursday, July 17, 1952, at the County Office, Court House, Sanford, Florida.

Legal Notices
IN THE CIRCUIT COURT, NINTH JUDICIAL CIRCUIT OF FLORIDA, IN AND FOR SEMINOLE COUNTY, IN CHANCERY.

FLORIDA HOME GAS COMPANY, Plaintiff, vs. ELLIARD H. V. VAIN, Defendant.

heirs, if alive, and his unknown heirs, if married, and if dead, the known heirs, devisees, legatees or grantees of said John Ross, and to any and all persons claiming or claiming any right, title or interest in and to the following described tract of land, to-wit: Lot 20, Block 12, Sanford, Florida.

It is ordered that the said John Ross, his heirs, devisees, legatees or grantees, and all persons claiming or claiming any right, title or interest in and to the above described tract of land, do appear in this court on Friday, July 18, 1952, at 10:00 o'clock in the forenoon, at the Court House in Sanford, Florida, to answer the petition of the Plaintiff and to show cause why the same should not be granted.

In early Christian times the period of Lent seems to have been very short, but the fasting seems to have been quite severe.

to the practice of Lent, it is to be noted that the period of Lent seems to have been very short, but the fasting seems to have been quite severe.
