NEW YORK (UPI) — Johnny Keane, who quit as manager of the St. Louis Cardinals the day after they defeated the New York Yankees in the World Series, today signed a one-year contract to manage the Yankees. The move was unprecedented in baseball history.

The new Seminole County Humane Society will meet Thursday at 7 p.m. at 308 East First St., R. T. Johnson, chairman, has announced. If you are concerned about animals you are invited to join them.

Sales of memberships in the Seminole County Mutual Concert Series is lagging and co-chairmen Mrs. Bart Bartholomew and Mrs. Troy Ray are concerned. If no one has contacted you yet, please get your name in the pot by calling one of these ladies, or Judge Vernon Mixe. Don't let the series be wiped out by lack of interest.

We hear one of the city postmen had to deliver the mail in a child's little red wagon Monday when his bike got a flat tire. Seems the post office department is a little short on delivery vehicles.

Attention, candy lovers! The South Seminole Junior High Band and Athletic Departments are holding a candy sale with prizes to the students selling the most boxes. Chocolate covered mints, turtles and assorted chocolates are being offered.

The Seminole County Chamber of Commerce today advised homeowners to use care and discrimination in hiring a firm to prevent or control termite infestation. John Krider, executive manager of the Chamber, said many responsible companies offer effective termite control but warned that panic buying and a general lack of awareness on the part of homeowners have led to the rise of an unscrupulous or incompetent fringe element in the field.

Noting that termite damage runs into millions of dollars each year, he said these unethical operators employ scare tactics to prey on the gullible and seldom provide the termite control or protection that they promise.

According to the National Better Business Bureau, with which the Chamber is affiliated through membership, the National Pest Control Association has set forth the following guidelines for homeowners:

1. Don't panic if you find that termites have invaded your house. Termite damage usually develops slowly so there is no need to rush to purchase termite control services.
2. Deal with a reliable firm and check its references. Also, seek the advice of the Better Business Bureau, Chamber of Commerce, County Agricultural Agent or State College of Agriculture.
3. Be wary of the firm that quotes a price based on the amount of chemicals used, or a price far below the bids of other termite control services contacted.

Dail To Speak Here Oct. 28

G. E. Dail of West Palm Beach, executive director of Central and South Florida Flood Control District, will be in Sanford, Oct. 28, to speak. Dail will be the principal speaker at 9:30 a.m. that day at the Civic Center in connection with Conservation Week which starts Oct. 28 and continues through the week.

U. S. Facing Period Of Uncertainty

WASHINGTON (UPI)—The view of the international scene from the State Department's antiseptically modern headquarters in the "foggy bottom" section of Washington is murkier than usual.

The impression is that the United States faces a prolonged period of uncertainty in dealing with friend and foe alike after the ouster of Nikita Khrushchev, China's nuclear blast and Britain's indecisive election.

Most officials seem to feel they are dealing with "stop-gap" regimes in Russia and Britain. And they are not at all certain of the ultimate effect of Red China's nuclear success on the shifting world scene.

Authorities are inclined to believe that the team selected by the Kremlin hierarchy to fill Khrushchev's shoes is transitional. Premier Alexei N. Kosygin and party chief Leonid I. Brezhnev are expected to follow present policy lines while the collective leadership reviews strategy to cope with Russia's mounting foreign and domestic problems.

Some officials believe Nikolai Podgorny, a powerful secretary in the Presidium, eventually will emerge as the single leader. Others are inclined to believe it will be Mikhail Suslov, the party's chief theoretician who survived both Stalin and Khrushchev.

The thin majority held by British Prime Minister Harold Wilson's new Labor government is considered here to indicate it will have a relatively short life expectancy.

Arrangements are being made for Wilson to confer in Washington shortly after the Nov. 3 election with the President. This is being done in the first place because Wilson is anxious to make the trip and, secondly, to reaffirm the basic Anglo-American solidarity which exists no matter which party is in power.

Officials acknowledge, however, that Wilson will be in no position to make any decisions on the nuclear strategy differences dividing the two countries. The assumption here is that he knows the Conservatives will give him a few months in which to become bogged down in Britain's financial problems before forcing a showdown vote which most probably will bring new elections.

Johnson naturally welcomed the assurance by the new Soviet leaders that they would continue Khrushchev's policy of seeking to lower tensions.

However, it is recognized that this can only be a Soviet effort to avoid rocking the boat on East-West affairs while deciding what to do about the two problems which apparently caused Khrushchev's fall—domestic economic dislocation and the growing chaos in world communism stemming from Moscow's dispute with Peking.

Lloyd T. Brown To Be Sworn In

Lloyd T. Brown will be sworn in as a member of the Village Council of North Orlando Wednesday evening during a special meeting of the board which has been called for 7:30 p.m.

Brown will replace Councilman Arthur Ferrin who recently moved from North Orlando. Brown was selected to complete Ferrin's unexpired term by unanimous action of the remaining Council members.

During the special session, the Council will also discuss gas rates and plans for a general clean-up of the area.

No Information
WASHINGTON (UPI) — President Johnson says he never received "any information" or report of any kind questioning the personal conduct of Walter W. Jenkins before his longtime aide's arrest on moral charges was disclosed Wednesday night.

Herbert Hoover Dies

HERBERT HOOVER, 90, died today. He was 90. The former Republican chief executive who occupied the White House from 1929 to 1933 succumbed to the last of a long series of grave ailments at 11:35 a. m., EDT. Death came at his Waldorf Towers apartment. He was stricken last Saturday with bleeding in his upper gastro-intestinal tract and failed to rally. Physicians said the bleeding had caused an accumulation of toxic products in Hoover's bloodstream which the elder statesman could not overcome. This morning his heart began to fail. At his bedside were his two children, Herbert Hoover Jr., former under secretary of state, and Allan Hoover. Hoover's wife, Lou Henry Hoover, died in 1944. Hoover, one of the great humanitarianists of World War I and the post war period, lived for years in the shadow of the disastrous economic depression which occurred during his administration. But he emerged again in World War II and its aftermath as a revered participant in domestic and world affairs. Hoover, who was 90 last August 10, had the distinction of living longer as an ex-president than any other chief executive, although John Adams lived six months longer in his 90th year than Hoover. His death left only two former presidents—Harry S. Truman and Dwight D. Eisenhower.

LBJ Tends To Nation's Business

By United Press International
President Johnson left the campaign to the other three major candidates today, sticking close to his White House desk for a series of meetings on next year's budget. Johnson temporarily stepped off the campaign trail last weekend following the ouster of Soviet Premier Nikita S. Khrushchev and Communist China's detonation of a nuclear device. But he announced that he would head back to the hustings Wednesday, starting with a mid-day appearance at Akron, Ohio.

The Chief Executive's opponent, GOP presidential nominee Barry M. Goldwater, resumes his campaign after a weekend of rest with a speech scheduled tonight at Pikesville, Md., near Baltimore.

Goldwater's supporters also sought \$500,000 in contributions to buy television time on the three major networks to answer President Johnson's speech on world affairs Sunday night. GOP National Chairman Dean Rusk said Goldwater would be urged to speak to the nation Wednesday night if enough money could be raised by then. The Republicans also planned to appeal the Federal Communications Commission decision denying them equal time to reply to Johnson's speech. White Goldwater rested and held strategy meetings Monday; his running mate, Representative William E. Miller, campaigned in California. He told a crowd at San Diego that the basic difference between the Republican and Democratic presidential candidates was "character versus corruption." He also attacked the administration's foreign policy from the Bay of Pigs to South Vietnam.

Referring to the Walter Jenkins case, Miller said: "This man went to the White House with Lyndon Johnson and he was given access to classified information in the White House on which might depend the fate of all mankind. Can we afford four more years of this?" Democratic vice-presidential candidate Hubert H. Humphrey, in a speech prepared for delivery at Tulsa, Okla., said that President Johnson "stands as the one man qualified to preserve the peace of the world—to insure the national security of the United States."

3 Indictments Handed Down

Three indictments were handed up by a local grand jury which was convened here yesterday. Indicted on charges of statutory rape were returned against Jimmy Lee Drumright, 17, and Robert L. Beasley, also 17. The charge involved a 14-year-old girl. Arthur Will Jones, 34, was indicted on a charge of second degree murder involving the shooting of Nathan Victor on June 5. The jurors were recessed but will remain intact through Nov. 3, court authorities said, in the event other matters requiring their attention should arise.

Woman Bilked In Termite Racket

A Sanford woman told police yesterday she was bilked out of \$600 by two men posing as state inspectors and who said her home was "about to fall down" due to termites. She said she agreed to let them treat the home. When the two men had finished, she was told not to enter the home for several minutes due to the lingering poison gas. She waited, then went inside and discovered no odor. The local resident then called Jacksonville authorities to see if they had such inspectors in the area. She was told they did not. She then called her bank only to learn the check had been cashed; the men had disappeared. Police received a description of the two men. One was listed as six feet tall, slender build, with a black mustache and wearing a gray suit. The other was five-foot, six inches tall, fat and was wearing a striped shirt and dark trousers, the woman reported.

Rally Tonight At Longdale

By Donna Estes
A Democratic Rally will be held tonight from 7-9 p.m. on Hunt Road and Lormann Circle in Longdale Subdivision at Longwood. Mayor A. R. Lormann will be master of ceremonies at the event and candidates scheduled to appear are Rep. Joe Davis, candidate for re-election to the state legislature; Lawrence Swafford, candidate for the county commission; Mary Earle Walker, tax assessor; Jim Birkenmeyer, school board, and Al Davis, constable. All interested persons are invited to attend by Bill Tanner, Seminole County campaign chairman and coordinator.

Bulb Sale To Begin Monday

Howard Hood, president of the Sanford Lions Club, announced today that the organization's annual light bulb sale will begin in Sanford Monday. Hood said that members of the club will sell the bulbs on a house-to-house basis during evening hours next week and make a plea today for residents to support the sale. Proceeds from the sale are used to help defray the cost of the club's program of assistance to the blind.

LAKELAND (UPI) — The Florida Southern College student body gave Sen. Barry Goldwater a slim edge (517-508) in a presidential preference straw vote released Monday.

Peking: It's Soviet Move

MOSCOW (UPI) — The Soviet Union's new leadership apparently is opening a back door for talks with Communist China, Western diplomats said today.

They said the firing of Premier Nikita S. Khrushchev makes a renewal of talks with Peking possible, because the Chinese had called openly for his dismissal as a condition for better relations. But the diplomats saw little chance that Khrushchev's successors, Communist party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin, could easily solve the differences between the two Communist powers.

In London, qualified Chinese sources indicated Monday night that Peking is in no hurry to come to terms with the Soviets and wants them to make the first move. They said the explosion of a Chinese nuclear device has reinforced Peking's prestige and may have hardened its position. Diplomats in London said the most to be expected from Moscow-Peking talks at this time would be a propaganda truce.

Moscow-Peking talks at this time would be a propaganda truce.

Despite the poor prospects of success, diplomats in Moscow feel a resumption of the talks would bring Brezhnev and Kosygin at least two advantages. One is that they would win time to map new tactics against Peking's bid for world Communist leadership. The other is the favorable reaction that could be expected from some of the Communist leaders in Eastern Europe, who felt Khrushchev went too far too fast in his quarrel with the Chinese.

Both Moscow and Peking were talking unity. Chinese Communist Chief Mao Tse-tung Monday expressed the wish that the two parties would unite "on the basis of Marxism-Leninism." Brezhnev made a similar appeal at a rally for the three new Soviet spacemen. But the diplomats said that the ideological differences between the two parties are now so great that there is no easy way to achieve unity.

Red Forces Routed In South Viet Nam

SAIGON (UPI)—South Vietnamese government troops chased down and killed 35 Communist guerrillas in a running battle ending this afternoon 70 miles southwest of Saigon, a U. S. military spokesman reported.

One of the first casualties of the action that began Monday was a U. S. free lance photographer, James H. Pickrell of Wilmington, Ohio. Pickrell was wounded in the leg. Successful conclusion of the battle was reported shortly after disclosure that a clothing plant making camouflage battle dress for Communist guerrillas had been found operating in Saigon's Chinatown. Police promptly closed the plant.

A U. S. spokesman said American helicopters played a key role in the running fight in which only one government soldier was reported killed and 13 wounded. Four Communist weapons were captured. Government reinforcements were flown into the fighting area aboard U. S. Army helicopters.

were flown into the fighting area aboard U. S. Army helicopters.

"It was an excellent operation, one of the best I've seen in this province," said Capt. Charles T. Brown, 30, of Easton, Pa., who flew the first helicopter. Brown's copilot was Capt. John E. Laughlinhouse, 32, of Jonesboro, Ark. The American helicopter pilots were commanded by Maj. George L. Young, 32, of Colorado Springs, Colo.

Canal Directors Meet Thursday

Directors of the St. Johns-Indian River Canal District are scheduled to meet in Titusville at noon Thursday, according to an announcement today by Chairman John Krider. The session will be held at the Chanticleer Restaurant, south of Titusville on U. S. 1. Krider said the purpose of the meeting will be to adopt a budget, elect officers and transact any other business which may come before the Board.

Holley Promises New 'Bombshell'

TALLAHASSEE (UPI) — Republican candidate Charles Holley, lashing at opponent Hayden Burns, called a press conference here today saying he had another "bombshell" to drop in Florida's hot gubernatorial race.

Holley said he would fly to the capital from his home in St. Petersburg for a 2:30 p.m. news conference at which he would make the new announcement.

Last week, Holley charged that Burns had \$1.2 million in cash in a Nassau bank and although Burns refuted this with solid evidence, Holley attacked the Jacksonville mayor on a side issue Monday. In a statement released at Holley's headquarters in St. Petersburg, the GOP candidate charged that, in effect, his opponent had said that anyone who can't write a check for \$12,000 on any given day is a failure.

Try Instant Sweet Potatoes For Variety

Looking for something different and delicious to serve your family?

Try instant sweet potatoes, say nutritionists with the Florida Agricultural Extension Service. Tests show that the new sweet potato product has the same quality of flavor, texture and appearance as mashed fresh potatoes.

Besides, they have the added advantage of being a lot more convenient to prepare. Conserve time and energy by using this convenient food.

Serve them as plain mashed sweet potatoes, if you like. For extra appetite appeal convert them into casseroles and potato pies with marshmallows, butter, pecans, orange or pineapple to lend flair and flavor.

Sweet potatoes are a good source of Vitamin A, according to Myrtle Wilson, Home Demonstration Agent.

Garden Club Holds General Meeting

Members of the Garden Club of Sanford held their first general business meeting of the year at the Civic Center Friday.

Mrs. Alburn Rector, president, announced that a highlight of the recent district meeting held in Sanford was the presentation by Mrs. Frank W. Mrs. J. M. Moye Entertains Club With Cake Decorating

Azalea Club met Thursday evening at the home of Mrs. J. M. Moye on 16th Street.

A dramatic all white grouping near the entrance caught the pleased attention of the guests. Beneath a large oil painting of Magnolia blossoms, framed in white pecky cypress, was a small white table. Upon this table was placed a St. Francis, a milk glass composite holding white blossoms and white grape clusters, and two small ceramic doves. The figure of St. Francis dominated the entire grouping, giving it the mood of purity and serenity.

The party table, overlaid in ivory linen cut work cloth, was centered with an antique silver bowl of moss roses. Mrs. Henry Russell presided at a brief meeting and heard reports of treasurer, Mrs. Porter Lansing, and garden therapy chairman, Miss Ella Lee Kirchhoff. Miss Kirchhoff described her recent visit to the Little Red School House and told her plans for future projects.

Mrs. Moye invited her guests into her charming kitchen where she gave a demonstration in cake decoration. Placing a cake she had laid in aqua frosting on a lazy Susan type turntable she proceeded to adorn it with white tulle and pink roses with beautiful effect. As she worked she answered questions and referred to cook books on a nearby shelf. This cake completed and looking like a lovely old fashioned Valentine, was set aside and a white cake placed on the turntable. Quickly this cake was frosted in fluffy cooked white frosting. Quality Foods Are Economical For Consumer

A few suggestions from home economists with the Florida Agricultural Extension Service may save you some money on your grocery bill.

This cooler weather may bring out the soup kettle, so look for best beef values on ground beef, short ribs and arm and blade pot roasts. Shoulder and round steaks are the most economical.

Values in pork include smoked hams and picnic, shoulder roasts and pork liver. Fryers continue to be a first-rate bargain in retail meat departments. Buy Grade A large size eggs for both economy and quality.

Jonathan and golden and red delicious apples, bananas, prune plums, Tokay grapes, Bartlett pears, sweet potatoes, cabbage, lettuce, tomatoes, green peppers, squash, dry onions, carrots, radishes, mustard and turnip greens are plentiful and reasonable in price. Top-quality green beans, broccoli and eggplant are moderately priced.

Unless studied carefully, the second of 15 constitutional amendments awaiting the public's vote Nov. 3, could give rise to confusion in the minds of most of Florida's electors.

The proposed amendment would permit the Legislature to establish nine-year terms of office for members of the Board of Regents — a council which oversees the state colleges and universities in Florida.

Present constitutional provisions prohibit the creation of any office having a term of membership longer than four years.

Initially, voters should realize that at present the state does not have a Board of Regents.

The proposed amendment would create a Board of Regents primarily by changing the name of the present council which oversees colleges and universities and which is known as the Board of Control.

Secondly, the constitution now provides that members of the Board of Control may serve for terms of four years.

If the new measure is adopted by the people of Florida the Board of Control would become known as the Board of Regents and terms of office for members would be nine instead of four.

The Sanford Herald today goes on record as favoring this amendment and recommending its adoption by the electors.

Here are our reasons: The proposed measure would take a giant step in removing the Board of Control, or Regents, from the political arena. For example, if a member is permitted to serve a nine year

term he would do so under the administrations of no less than three governors.

And since governors appoint members to seats on the Board the measure would ensure that no governor could, under any circumstances, "pack" the board to carry out any of his specific programs.

Further, a governor would be able to promise "spoils system" appointments to only a limited number of campaign supporters.

The Herald is convinced that higher education in Florida is a matter much too important to the future of the state's economy and the welfare — as well as the cause of national freedom — to risk even the slightest chance of the Board of Regents becoming a political football.

We, of course, do not mean to say or even intimate that the present State Board of Control has suffered from political involvement.

The Herald, however, does believe this measure would prevent the possibility of the Board of Regents being subjected to undue pressures of a political nature.

Thought For Today

I made great words; I built houses and planted vineyards for myself.—Ecc. 5:4.

I want to be thoroughly used up when I die, for the harder I work, the more I live. Life is no brief candle for me. It is a sort of splendid torch which I have got hold of for the moment, and I want to make it burn as brightly as possible before handing it on to future generations.—George Bernard Shaw.

Political Notebook

WASHINGTON — (NEA) Leonid Ilyich Brezhnev will be no easier to deal with than Nikita Khrushchev.

The new Russian boss is smoother, more dignified and reserved. He knows how to cut his losses, jump out of situations that no longer are profitable.

But for the past 26 years he's been the man Khrushchev has called on every time he's had a job calling for a tough, ruthless administrator.

Brezhnev didn't become a Communist until he was 25. He made little progress until Khrushchev discovered him at the age of 32. In the Ukrainian purges of the late 1930s he was Khrushchev's eager lieutenant. Those purges were so drastic and the Red rule over the Ukraine was so oppressive that in World War II many Ukrainians welcomed the advancing German armies.

When Khrushchev became a military commissar in the war, he took Brezhnev along. Brezhnev made major general at 37 and was chief of the political board of the southern front. He racked up a reputation for ruthlessness even among the tough army men.

After the war, Brezhnev joined Khrushchev's struggle for Stalin's seat. Mr. K had him made a secretary of the Central Committee and a candidate member of the ruling Presidium.

During Khrushchev's temporary eclipse in the Malenkov-Beria-Molotov takeover at Stalin's death, Brezhnev lost his Presidium post. But when Khrushchev worked his way back up to party first secretary, Brezhnev became chief political commissar of the Defense Ministry.

In 1954 Khrushchev stated his political survival on his proposal to create a new grain bowl in Kazakhstan. Experts said the result would

be a mammoth dust bowl. Khrushchev sent Brezhnev. In two years, with luck, good rainfall and able organization, Brezhnev produced large crops that astounded the experts. Khrushchev used this success to put Brezhnev back on the Presidium. Kazakhstan later became a dust bowl, as predicted, but the blame fell on Brezhnev's successor after a Moscow investigation. (The investigator who passed judgment was Brezhnev, himself.)

In 1960, when Khrushchev set out to wreck the proposed summit conference, blaming the U-2 flights, he sold the Presidium on the need for a young, tough man—Brezhnev—to replace the aging (80-year-old) Voroshilov at this time of crisis.

Again, when the Soviet space program showed signs of lagging, Brezhnev pulled Khrushchev's chestnuts out of the fire by helping with a series of man-in-orbit successes (for which he received the title of Hero of Socialist Labor). His contribution: excellent organization and banging heads together.

Of late, Khrushchev's enemies have been growing in strength. Agriculture continues in a slump. Russia's position in international communism is slipping. Many overseas "noviet-backed" Com-

munist parties are not doing well. The Soviet position is weakening in Africa and Latin America.

Therefore, Khrushchev took Brezhnev out as president of the Soviet Union, put him full time in the Communist party secretariat (organization and patronage) so that he could build his party following. The estimate here was that within six months Brezhnev would be strong enough to take over.

He did, with or without Khrushchev's concurrence.

Cracker Fuller Warren Says:

Barry Changes Hats Fast

EDITOR'S NOTE: For the benefit of very recent Florida arrivals, Fuller Warren is the former Florida governor generally regarded as it's most silver-tongued orator. His flights of rhetoric are widely quoted.

By Fuller Warren
As a longtime Florida political figure possessed of actual figure possessed of actual political oratory, I have a quarrel all my own with the two men now heading the GOP ticket.

Their speeches are so terrible. Like many others who listened to their television acceptance of their nomination, I believe nothing quite like this has happened since a new

forgetting Edward Everett bore a Gettysburg address with two hours of high-flown verbiage before they were permitted to hear Abe Lincoln briefly.

Perhaps never before the Cow Palace acceptance speeches have so many wondered what two speakers meant by what they were saying. I say "never before so many" because there was no TV hook-up at Gettysburg.

The Cow Palace speeches were an exercise in obfuscation.

(Editor's note: Webster says this means "bewilderment". Several times the speakers themselves seemed not to understand what they were saying. The main speaker, while

obscure and hard to understand on most matters he touched came out clearly and courageously for "freedom". He declared himself four-square for freedom.

His forthright stand for freedom makes it reasonable to assume he is against slavery—although he didn't come right out and say so. His bold declaration in favor of freedom may have been just a roundabout way of rousing himself against a return of involuntary servitude.

This courageous crusade for "freedom" also took a solid stand for "the whole man" with the ringing declaration that "we will go forward together, dedicated to the ultimate and undeniable greatness of the whole man."

"I challenge any student of political oratory—Republican, Democrat, or Bull Moose—to tell me what that means. I do not believe the speaker knows what it means.

What on earth is the "whole man" isn't every man whole, unless he has been in an accident so terrible he would not be interested in "going forward" with any politician? His running mate almost matched the leader in raw courage. He unflinchingly proclaimed to the people and to the countless millions tuned in to television, "I love this country with all my heart."

Such intrepidity should not be ignored! Almost apotheosizing his leader, the rapt orator rasped, "He devotes himself to keeping America free."

(Editor's note: Webster says "apotheosize" means "to exalt to the rank of a god.") Now that these two political padans have taken up the cudgels for freedom, I suppose all of us should stop worrying about losing it.

So I will stop worrying about that. But I may gnaw my fingernails to the elbows worrying about what is happening to political oratory in these United States.

Dr. Crane's Worry Clinic

CASE U-2: Edna B., aged 24, is a frustrated personality. "Oh, Dr. Crane," she began, "I grow so discouraged! "For I have three babies, the oldest of whom is just four. "And I never seem able to get all my house work done or the evening meal ready by the time my husband arrives. "He scolds me for being inefficient, and then we quarrel. "But I am up at 6 a. m. looking after the baby and seldom get to bed before 11. "And I don't spend 30 minutes looking at the TV. So where can I increase my efficiency?"

"Efficiency engineering" was one of the subjects I taught in psychology, and it is based on a few basic rules.

First, organize tomorrow's tasks BEFORE tomorrow comes!

This means you should write down a list the night before and include therein the various chores for the morning.

Then pin this list over the sink so you can be looking ahead toward future tasks even while washing the dishes.

Second, efficiency depends on eliminating wasted motion. A written agenda helps do this, but you can also rearrange your kitchen or furniture so you can also save

steps or carry two items where you formerly handled only one.

For example, many wives have no clothes chest in the laundry in the basement. So they placed soiled clothing near the basement door.

And they may then run downstairs several times per day to carry clothing, or old newspapers, etc.

A clothes chest would save most of those trips.

You wives also need to teach your family to be more helpful around the house.

Establish a rule that everybody makes his own bed! And carries his own dirty dishes to the sink!

"Many hands make light work," says the proverb which wives should put into practice.

And if your family eats in dining room, then serve them emergesboard style.

Why waste your valuable time carrying plates and silverware for each diner, when they can easily do that for themselves.

"Self-serve" is not used enough in private homes! Wives, take note!

Also, cut some small cardboard slips on which you have written a few standard chores that the other members of the family should assume.

For instance, "Take out the garbage." Polish shoes." "Burn the trash." "Wash the dog." "Feed the parakeet or cat," etc., are samples.

Then, at dinner, have a family "drawing." Let each one reach into your "chore box" for a cardboard slip to find which task is his.

Oviedo Garden Club Sees Demonstrations

By Evelyn Lundy
Mrs. Fred Ganas of Sanford, spoke before the Oviedo Garden Club Tuesday morning at the Oviedo Woman's Club. Mrs. Ganas demonstrated several striking flower arrangements using different themes for the various types of flowers used.

She said that the principals of flower arranging could be applied to those of any other type of art, namely: balance, proportion, rhythm, scale, and form.

Anything at all goes together that looks well together, she said. Use of rock, wood, feathers, and anything one wishes to use so long as they coordinate the theme and type of flowers. Use figurines only when they tie in with the

theme when displaying an arrangement, however when making them for your home use anything that looks well to you.

Any arrangement usually looks better if it has a background. Mrs. Ganas did a very attractive arrangement using sage palm fronds, yellow mums and casia blossoms,

also croton leaves which she curled and placed at the base of the crescent arrangement. Another outstanding arrangement was made with peacock feathers, permanent pussywillow and permanent flowers.

The container should not be the focal point of interest, so it is well to use one of white, grey or black, often times the container may be covered with a large leaf such as a caladium hanging over it, or a large cluster of grapes, which adds balance and beauty to the arrangement.

DeBary 4-H'ers To Organize

By Mrs. Frank White
There will be an organizational meeting of the DeBary 4-H Club at the DeBary Civic Center on Thursday at 7 p.m.

All boys and girls in the DeBary-Enterprise area between the ages of ten and 18 who are interested in participating in 4-H activities are asked to attend this meeting.

Officers will be elected and projects selected for the coming year. Meetings will be held in the DeBary Civic Center the second and fourth Thursdays of each month at 7:00 p.m.

A special meeting for all leaders and parents of the DeBary 4-H Club was held October 14 at the home of Janet Potter. The purpose of the meeting was to discuss plans and activities for the club during the year.

Mr. L. L. Loadholt and Miss Joan Stewart representing the Volusia County Agricultural Extension office explained the projects available and the activities and achievements accomplished by 4-H Clubs.

Attending the meeting in addition to the 4-H representatives were Mrs. Fred Perwick Jr., Mrs. Potter and Mrs. Hank Thursam.

In Florida... at a picnic, beer is a natural

When you're relaxing at your favorite outdoor beauty spot with friends or family, and your thirst's whetted by fresh air and exercise—that's the ideal time for a cool, refreshing glass of beer. In fact, you can name your recreation—swimming, hiking, or just watching TV—and chances are nothing in the world fits it quite as well as beer.

Your familiar glass of beer is also a pleasurable reminder that we live in a land of personal freedom—and that our right to enjoy beer and ale, if we so desire, is just one, but an important one, of those personal freedoms.

National Air Profits Jump

NEW YORK (UPI) — National Airlines reports a 143 per cent rise in profits on a 21 per cent rise in operating revenues during the first fiscal quarter ended Sept. 30.

National earned \$1,972,000, or \$1.05 per share, on operating revenues of \$31.6 million, compared with the \$811,000, or 46 cents per share, earned on operating revenues totaling \$26.2 million in the first quarter of fiscal 1964.

The airline said the profits rise reflected the combined effects of jet fleet expansion, vice, and increasing demand improved scheduling and service, and increasing demand for air travel.

National said its seat-mile capacity during the quarter just ended was 29 per cent higher than the similar year-ago period because it operated four more DC8 jets.

The airline's net income for the month of September rose to 16 cents from five cents to September 1963.

SALVATION ARMY Captain Harry Foden (right) accepts the final quarterly allotment from United Fund Treasurer Bert Hollingsworth (left) Thursday to close out the books on the 1963 UF drive. Eight other agencies, the Boys Scouts, Girl Scouts, Children's Home Society, Family Counseling Service, Good Samaritan Home, Mental Health Assn., Red Cross and USO also received checks totaling \$8,050.

Childrens Home In UF

The Children's Home Society of Florida is one of the nine agencies approved by the Seminole County United Fund and participates in the financial support made possible by the once a year drive.

Mrs. Ruth Lantz is Central Florida Division Director of the Society which serves Seminole, Lake, Orange, Osceola and Sumter counties. Sixty babies have been taken into care in 1964, with service given to 61 natural parents as of September 30.

CIS is a 62 year old adoption agency and is Florida's largest and only private, non-sectarian statewide adoption agency. Over the years the agency has served "more children than could be packed into the Gator Bowl in Jacksonville," according to Mrs. Lantz.

The Society is a member of the Child Welfare League of America and meets the high standards set by the league for services to children. Primary function is adoptive replacement and related services such as counseling unmarried mothers or natural parents who plan to place a child for adoption.

Local board members are George Touhy of Sanford, second vice president and Joe Pawelchak of Fern Park. Headquarters is in Jacksonville.

Bowling

Strikes and Spires

When a fellow starts poundin' pins around that 300-average mark, I think it's about that time when special space should be donated for his heroics.

Our Bowler's Salute of the Week goes to Bob Guthrie of Cook's Corner in the Wednesday evening City League.

Although he started-out a little slow this fall, Bob's been battering the one-three pocket so consistently that for the past two weeks he's been over the 600-pistons for serious. Last week it was a 636 and this week again, a 606 net which included a 244 high league single.

You can betcha this one reason why Cook's Corner is in a three-way tie for first place along with Lake Meador Inn and Jet Lanes.

And while we're handing out bouquets, a special to Eleanor Anderson, president of the Sanford Women's Bowling Association. As far as I'm concerned she has to be the most active and productive 'first lady' which this organization has ever had. You gals don't realize what a spark-plug you have in Mrs. A.

Another product of her imaginative mind is the 'League Salute', now on display in the locker area at the lanes.

This week, it's featuring the officers of the Tuesday A.M. Bill Romphill Memorials League. If you want to see a neat piece of art which Eleanor and Fran Morton have put together, then give your attention the next time you're visiting the lanes.

Must be the week for those who've not ever bowled a sanctioned 200 league game, cause we have three more names to add to this important list.

On Tuesday afternoon in the Women's Scratch League, Lis Klein turned the trick with a 201.

Switching to Friday AM in the Heller Motor/Navv Wives League, we interrupted the girls twice to announce that two from their league had accomplished this feat.

On lanes 18 and 19 it was 'that time' for Marian Tice to shine cause of her 216 game. And not 10 minutes later we were informed that on lanes five and six, Shirley Owens just made it in the 10th frame with a 201 game. Seems like I'm gonna insist on bowling on that pair this coming week.

The Saturday A.M. Junior Bowling League had a real treat offered to them as Jerry Smith 'exploded' with a gigantic 230 high single game. His other games were mighty respectable, too, cause young Mr. Smith finished over the 190-average-mark with his 579 series.

In the Bantam Division (those between the ages of seven and 13), port Penny Bernal lead the Impatient Bowlers to a sweep over the first-place Beatles with a high individual game of 164. This is the highest that Penny's rolled since starting less than a year ago.

One of the happiest 'Mrs.' around our town would be Jane Parks as she and her husband tore-up the 'Spitt-shis' Friday night in the popular Mr. and Mrs. League. Jane bounced the pins around to finished with her highest in this league, a 175.

In the Jet Bowlerettes League, Evan Builders, with a record of 18 wins and five losses is leading the pack in position standings. Bowling real well again this week was Elaine Kostival with a high game of 211 and a 529 series.

On Thursday night in the Jet Lanes Keglers League, Ken Martin was the strike-maker for his Tee-Totallers team as he rolled nothing but strikes to total a 216 high game for the league.

Eight County Grid Teams To See Action This Week

SHS, Lyman And Crooms Travel; Oviedo At Home

Eight scholastic football games are on tap this week for Seminole County's high school and junior high grid teams.

All four of the county's high school teams will see action Friday night with Seminole, Lyman and Crooms taking to the road and Oviedo will entertain visitors at home.

Seminole travels to Winter Park Friday night for a Metro Conference engagement with the Wildcats and Lyman goes to DeLand for an Orange Belt Conference contest with the Bulldogs.

Also on Friday night, the Oviedo Lions remain at home to host a strong Clermont team and the Panthers of Crooms goes to Jacksonville to take on Matthew Gilbert High in a Florida Big Nine North affair.

Action, however, gets under way Thursday night with two Jayvee tilts and a junior high game on the menu. South Seminole Junior High goes to St. Cloud, Lyman High's Jayvees host the Baby Blue Darters from Apopka and Seminole High's junior varsity eleven entertains the Baby Trojans of Evans here at Memorial Stadium.

The eighth and final contest will be played away from home Saturday night when Sanford Junior High's Braves go to Palatka to tangle with Palatka Junior High.

To date Seminole has a record of two wins two ties and a loss in five tilts, and a record of one win against three losses. Oviedo had four wins and a tie to be the only undefeated high school eleven in the county, and Crooms has four wins and one loss.

Seminole's Jayvees have a record of three wins and one loss, Lyman's Baby Greyhounds boast a record of a win and a tie in two outings, Sanford Junior High has two wins, a tie and a loss, South Seminole has two wins and a tie, and Oviedo's Baby Lions have yet to break into the victory column in three tilts.

Florida Cagers Open Drills

GAINESVILLE — Florida basketball coach Norm Sloan opened practice for the 1964-65 season Monday, searching for consistency from his veterans and a good big man.

"We've got a bunch of boys back," says Sloan, "But what have they accomplished? An occasional big victory, an upset over a ranking opponent but not that consistent, game-in, game-out play which makes the difference between being up among the better teams or one of the also-rans."

While Sloan believes this Gator team has potential and could well be a good one, he feels there are many parts which have to be fitted together at this point.

Play The Game Girls — It Pays

HOUSTON, Tex (NEA)— All right girls, cheer up. The next football game won't be as bad. Not if you listen to June Renefeld, who admits to being "the world's greatest female authority on the game of football."

"If you want to make the big impression on your husband," June says, "you must at all costs act as if THE GAME were important."

"Arrange your face in a state of high animation. Sparkle your eyes and yell 'rah rah while you dress. This clears the masculine conscience of the guilt he is suffering because the game is costing \$15 to \$20 of your joint recreational dollars."

"Look upon these mood pieces as advantage points. They will come in handy later when you want to see a certain movie or stage play."

Come now, June, that's almost blackmail.

AMONG THE FIRST GOLFERS to play the nine holes of the new Deltona Golf and Country Club were (from left) Deltona Pro Dave Wallace, Seminole Memorial Hospital Administrator Bob Hesserer, Sanford City Commissioner Earl Higginbotham plus Frank Mackie and his brother Elliott, developers of the Deltona Corporation.

Sunshine And Breezes Mark Course Opening

By Mildred Haney

Bright sunshine and cool breezes accompanied the formal opening of the new Deltona Golf and Country Club last Thursday and attended by many prominent area officials.

A cocktail hour and buffet were enjoyed prior to the dedication of the nine-hole course and newly completed clubhouse.

Frank Mackie, president of the Mackie Brothers Company, welcomed the residents and guests in a short address. He gave credit to Dave Wallace of the Deltona Corp. for the work he has done in connection with this part of Deltona's progress.

He introduced Elliot Mackie, another executive of the company, who dedicated the first round of golf to Harris Saxon, Volusia county commissioner, who could not be present because of illness.

In the dedication he brought out the fact that only the finest hybrid Bermuda grasses were used on the greens.

The first foursome to tee off included Frank Mackie, Congressman A. Syd Herlong, Leesburg, State Senator Mack Cleveland, Sanford, and State Representative James Sweney of Deland.

Playing in the second foursome were Mayor Louis Skillman of Deland, Sanford City Commissioner Earl Higginbotham, Dr. John Johns of Stetson University and Billy Vessels of Deltona Corp.

Professionals from Central Florida country clubs making up the third foursome were Marvin Harvey, New Smyrna Beach; Bill Marcum, Gainesville; Grover Todd, Mayfair Inn, Sanford, and Bill Meyers of the Riviera, Daytona Beach.

Exhibition matches were played by Pro Pete Cooper and son, Gary, of Orange Hill, Salerno; Todd and Wallace. Members of the DeLand High School Golf Team acted as caddies for the exhibition matches with the permission of their coach, Spec Martin.

The new course is located at the north end of Normandy Boulevard in Deltona.

North Orlando Man Buys Racing Colts

By Margaret Cooby

Keith Mahar, who makes his home with wife Lillie at 171 Lombardy Road, North Orlando, flew in for a few days from the horse auction at Lexington, Ky., where he recently purchased two yearling pacers. The colts are sons of the famous sire Good Time. Pete Smith went for \$15,000 and Cocktail Time for \$21,000.

Mahar has been in the business of racing most of his life, spending his early career with the Marks Stable in Buffalo, N. Y. He now has his own string of 12 trotters and pacers, including the recent purchase, running under his colors of blue and white.

Mahar does his own training and has only the assistance of some half dozen grooms.

One of the biggest thrills of his life came this year when he drove Pine Hills Star in the record breaking time of 1:58.8 for the mile at Lexington, claiming a purse of \$23,000. Keith is very proud of his Pine Hills Star and stated that he has won six out of seven races entered at Roosevelt Raceway this past summer.

Although wife Lillie does not enter into the details of the Mahar Stable, she is their most enthusiastic supporter.

The Mahar horses are now at Yonkers but will soon be moving down to race at Pompano. Last year they were at the famous Ten White Raceway here in Orlando.

Powell's Office Supply kept its two-game lead in the Mixed Bowling League because of a three-game romp over the Tortoises. Dot Powell sparked her team with a 160/470 series but she had help in every game as Erma Anderson rolled a 175 game, Carolyn Betts a 160/453 series and Jimmy Anderson bombed a big 107 game. For the Tortoises Walele Domying shot a 184 game and Pete Duggan came through with a 194/533.

The Eight Balls won a three point decision over the Lead Pins to take over second place. Teena Armao paced the Eight Balls with a 163/449 and Helen Kaslin with a 163 game and Sue Jackson shooting a 183 game lead the Lead Pins.

The Dependables won three from the Goo Offs to grab a hold on third place as Walt Bohannon won high game honors with his 224/538 and Big Vergil Anderson bombed a 202/552 high series. For the Goo Offs it was Verna Bolton with a 167 game and Fran Morton rolling a 168 game while Bob Workman paced them series-wise with 193/537.

Yanks Expect To Sign Keane As Pilot Today

NEW YORK (UPI)—Johnny Keane, who quit the St. Louis Cardinals only hours after the big moment of his career, is expected to sign today when he signs to manage the New York Yankees.

It will mark the first time in baseball history that the manager of a world championship team left it to pilot the team he beat in the World Series.

Official announcement of the "open secret" is anticipated at a press conference called by the Yankees for 1:30 p.m. EST.

The final details of one of the most startling changeovers in baseball history were believed to have been worked out Monday when the 52-year-old Keane discussed terms with General Manager Ralph Houk of the Yankees in Houston, Tex. It is believed that the financial terms were long since worked out but that Keane and Houk still had to decide the length of the contract.

Neither Houk nor Keane would admit in Houston Monday that a deal already had made but the straightforward Keane admitted: "I don't think Houk would come all the way down here just to talk. I look forward to working with the Yankees, if we work things out. It looks pretty good."

HOLIDAY FAIRINGS SET
NEW YORK (UPI)—First-round pairings in the 13th annual Holiday Basketball Festival in Madison Square Garden Dec. 28-Jan. 2 pit LaSalle against St. John's, Princeton against Syracuse, Manhattan against Michigan and Cincinnati against Temple.

Team Six Paces Shootin' Stars

Team Six won three points from Sheppard Oil to hold the first-place lead in the Shootin' Stars League at Jet Lanes.

Nancy Conway rolled 178/494 and Mardell Gonterman shot a 165 while pacing Team Six. Gladys Edwards shot a 165 for high game for the Oilers.

Gassman Studio won three this week from Harold's Spar Service as Dot Kirkley hit a 177/448 and June Gassman rolled 160/454. Dot Johnson bowled 179/468 to lead Harold's.

Dennis and Martindale won 2 1/2 points from Team Four to hold onto second place. Sue Pruitt shot 163 for the winners.

Rolling Hills Winners Named
Estelle Ferdinansen and Marian Hines won the Rolling Hills Women's two-best ball, full handicap tourney last week with a low net of 60.

With a low net of 70, Sally Kuenz and Vivian Quirk were second and Thelma Darland and June Dressel were third with 71. Fourth place went to Betty Cooper and Virginia Stockman with 72.

In the D Flight, Adelaide Caslo and Emily Sluggs took first place.

Mrs. Quirk, president, said a handicap tourney will be held Thursday.

Tribe's Defensive Statistics Improve

By David Higginbotham
Seminole High's defensive work in last Friday night's contest with Boone of Orlando raised the club's defensive records but the offense displayed by the locals did little to keep pace with the rest of the Metro circuit's outfits.

SHS has racked up 47 first downs and limited their opponents to 39. They have posted 875 yards on 177 rushing plays with the opposition being limited to 454 yards on 160 carries.

By the same yardstick, Sanford has lost only 35 yards rushing while they've setback the five opponents 109 yards. This is certainly to the credit of the Seminole's defensive tactics. The squad made a good showing in holding the tough Boone offense.

One place where the Tribe needs more work is on the passing phase. Offensively, the Tribe has racked up 204 in the air. But their opponents have 307. The squad has allowed two touchdowns against them by passes and made three themselves.

All told, the Seminoles' offense shows 1,179 yards while opponents have registered 761, giving the Seminoles a 411-yard lead.

Individually, Lee Sparkman is still high man in the ground gaining attack with 285. Buddy Burton has picked up 183 and Ron Hinson is third with 168. Sonny Messer has 93, Chuck Scott 47, Bernie Barbour five, Rick Walstrom four and Al Boniface three.

In the pass receiving department, Larry Watson has latched onto seven aerials for 62 yards, Scott has four for 84 yards and three touchdowns. Mike Gray has five for 33 yards and Messer has eight yards on two completions. Eric Kuykendall caught one for eight and Walstrom nabbed one for the same yardage.

On kickoff returns, Al Boniface has returned five for 88 yards, Hinson three for 53 yards and Burton one for five.

The Sanford defense played one of its best games with Sonny Messer, Joe Purdy, David Noel and Joe Farless leading on the number of tackles.

Rickey Poovey Grabs Herald Grid Contest

Rickey Poovey, 2116 Sumner Ave., picked a perfect ballot in last week's edition of The Herald's Sixth Annual Pick-the-Winner Football Contest.

That is, Poovey picked all of them right if you discount the tie between the Pitt Panthers and Miami's Hurricanes which ended 20-20.

The next best 15 entries had only one error each, mainly the Arkansas win over Texas and the Navy game.

"Therefore," said Contest Director Roy Green, "the second and third prize winners were determined by the 'most points' selected by the entrants."

Second prize winner, Janet Martin, Rt. 2, Box 546-A, hit it right "on the nose" when she picked 40 as the most

points to be scored.

Five contestants shared the tie between the Pitt Panthers and Miami's Hurricanes which ended 20-20.

Green said that 10 other entrants qualified for third prize consideration but miss out of the money on the most points guess.

Another edition of The Herald's football contest appears in today's edition. Fans are invited to join the fun and parade picked 40 as the most

Atlanta Awaits Brave Decision To Move South

By United Press International ATLANTA (UPI) — Milwaukee Braves Board Chairman William C. Bartholomay said yesterday the National League Club would decide within two weeks if Atlanta's new \$10 million sports stadium will be the home of the Braves.

Bartholomay said he has received a "firm contract" offer to move the team to Atlanta in 1965. But his carefully worded statement stopped just short of confirming persistent reports that the club will be shifted here next year.

Bartholomay made his statement after an inspection of the new stadium, which he called "impressive."

He said he would take the Atlanta offer back to Chicago "as part of the evaluation I am making regarding the Braves' future."

While not confirming a move to this deep south city, Bartholomay said "we can no longer ignore" areas of the national without major league baseball.

He said Atlanta's stadium, now under construction, has the "facilities for the inevitable introduction of major league sports to the southeastern area of the United States."

Bartholomay said he promised Atlanta Mayor Ivan Allen Jr. an answer on moving here "in short order." He explained that this probably meant between 10 days and two weeks.

He complimented the city on its "imagination" in building the stadium and said the city now has something "concrete" to talk about in getting major league sports here.

Bartholomay said the Braves' board of directors will meet within the next 10 days to make a decision about the club's future.

He said the Braves' main problem in Milwaukee involves the talent and support necessary to produce a winning team.

"One of the things we are trying to evaluate now is whether Milwaukee is the right place," he said.

Atlanta officials have declined to name the major league team they say is committed to moving here prior to next season.

"The commitments made to me are still there," Allen said, declining to elaborate.

Hoople Dream Says Badgers Over OSU

By Major Amos B. Hoople **Kenneth Hoekes's Tutor**

Egad, friends, this weekend promises to be a very trying one on the nerves of the football forecasters. With the so-called "breather" games behind them, the collegiate powers will meet head-on from now through Thanksgiving Day.

Seldom has the Hoopie System been called upon to select the winners in such evenly matched contests.

However, the more difficult the assignment the more a Hoopie likes it, so I could barely wait to get started on this week's selections. Utilizing my secret formula, 18-12-12-7 equals 7. I have prepared a card which will astonish you, dear readers. (Ed. Note: The formula is so secret even the Major can't explain it.)

In Columbus, the terrain will rumble and roll as the underdog Wisconsin Badgers turn back the rugged Buckeyes of Ohio State, 27-24! Meanwhile, in Atlanta, an equally amazing event will occur as off-defeated Tulane rises to new heights to vanquish host Georgia Tech in a 17-16 squeaker-hak-hak!

For those among you who would scoff at these predictions, remember it was Hoopie who so far this year has given

you such colossal upsets as Michigan State over Southern California, Kentucky over CU, and Stanford to shock Rice, to name just a few—bar-rumph!

Now on with the forecast.

Kostival's 501 Is Series High

In the last session of the Jet Bowlerettes, identical 501's were rolled by Nancy Conway and Elaine Kostival. In addition, Inland Materials Elaine Kostival capped high series with her 501.

Rolling one of her highest league games and series for Johnny Walker Realty Nancy Conway started her first game with a turkey, much to the delight of her sponsor who was visiting the lanes and offering vocal support for his club.

Conway's 497 series was one pin over that of Dot Schablon's 181-196 set.

Two other respectable series were Evan's Builders' Jane Spolski with a 177-183 and mate Suzy Reno who had a 179-184.

Clipping the pins above the 170-game mark were Kay

Shoemaker (173) of the Lil' Buggers; Teena Parker (173) of Play Girl Fashions and Shirley Owens (170) of Inland Materials.

In split conversions, Lou Meeks made the 3-10 baby split Esther Plapp the 5-7, Elaine Kostival the difficult 5-6-10, Bernice Smith the 5-10 and the 6-7-10 by Jo Brown and Kay Shoemaker.

Entering into the turkey category, three Bowlerettes made this elite group: Lou Meeks, Teena Parker and Nancy Conway. Doing it twice was Suzy Reno.

Current league leaders are Evans Builders with 12 and four; Cut 'n Curl with 11 and five; Lil' Buggers and Warner Realty both have 9 and 7; Walker Realty averaging 800 with eight wins and defeats; Senkarik Glass and Paint, Inland Materials and Karns Insurance are tied with 7 and 6; Play Girl Fashions have six and 10; and Austin Beauty has four wins against 12 losses.

Horoscope Forecast

Wednesday, Oct. 22, 1964

GENERAL TENDENCIES:

The past two days found you overflowing with the ideas under which you could easily and wisely operate in the days ahead. And now you have just the right day to put into motion and effect the practical phase of such plans. So, forget the visionary and do the material work and bring home the bacon—now!

ARIES (March 21 to April 19) Better sit down and figure out seriously how to increase your present abundance. Look into securities, property, etc. Experts in such matters can be most helpful now.

TAURUS (April 20 to May 20) Use all that magnetic quality to get the favors from higher-ups you now desire. Stop procrastinating and analyzing. Be specific in stating your aims, positive in your actions.

GEMINI (May 21 to June 21) Getting everything nicely organized is fine now, since the days ahead can be very busy and active. Take the time to assist those who are in need. Help where it is needed the most.

MOON CHILDREN (June 22 to July 31) Many worthwhile new persons are desirous of becoming your friends. You have to take the initiative now. Get out socially and be friendly, charming. Don't be niggardly with favors.

LEO (July 22 to August 21) Look to associates who have position and power to assist you in credit and other important matters. You must be the one to show you have great ambition. Make the world your oyster.

VIRGO (August 22 to September 22) Look into your paper, magazines, etc. for the data that can give you much assistance in almost every sphere of your life. Make new contacts. They can be very informative, too.

LIBRA (September 23 to October 22) Getting things in order comes easy to you and this is a good day for such. Make the right sort of impression upon others. Reach greater understanding with closest tie.

SCORPIO (October 23 to November 21) You will be able to make faster progress if you are cognizant of what associates expect from you. Be honest with those who can help you to advance. Show you have real ability.

SAGITTARIUS (November 22 to December 21) Being verbose is a waste of time now, and getting right into work at hand can accomplish a great deal easily. Make abode more charming. Gain inner satisfaction.

CAPRICORN (December 22 to January 20) It's all right to relax some as you are inclined to do, but don't neglect putting that fine skill to work, as well. It is one you seldom use, but at which you are very adept. Please others.

AQUARIUS (January 21 to February 19) Take enough time to get home duties attended to properly during AM. Please home ties. Buy some new mechanisms on the market that make your labors lighter.

PISCES (February 20 to March 20) Showing appreciation for the help associates give you adds to harmony, and also be sure you are loyal to them. Keep appointments promptly. Then all works to your benefit.

IF YOUR CHILD IS BORN TODAY, the desire to become financially independent will become manifest early in life, and much prosperity is indicated here, particularly by forming a good partnership, but you must early point out that life is not complete simply because there is much money earned. Give a good spiritual foundation early—teach that love only is lasting.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

SIXTH GRADERS of Mrs. Kathleen Lee's social studies class at Longwood Elementary School climaxed their study of Japan with a Japanese style party. Some of those dressing up in costumes for the occasion were left to right, Mrs. Hixon Eldridge, a parent; petite Jeanette Weaver, a native Korean; and Patsy Ruth Grant and Ann McElreath, students.

Registration Lag Reported In Longwood

By Donna Estes
Longwood City Clerk Mrs. Onnie Shomate reported today that approximately half the residents of the city are not registered to vote in the municipal election scheduled for Dec. 1.

Registration books are open daily at the city hall during the regular office hours and will remain open until Nov. 25. To register a person must be a citizen of the United States, 21 years old, and a resident of the state for one year and of Longwood for six months.

Officers up for re-election this year are the posts of mayor, presently held by Allen R. Lormano; city clerk, held by Mrs. Onnie B. Shomate; tax collector, held by Roy Shomate, and council seats, filled by R. C. Carlson and John Reams.

Candidates qualifying to date are David Wentworth for the office of Mayor, and Donald Smith, for councilman. Deadline for candidates to qualify is Nov. 15.

Cancer Society Elects Updike

ORLANDO—Two hundred and twenty board and committee members, representing some 60,000 volunteers of the Florida Division of the American Cancer Society, named Edwin H. Updike, M.D., Ocala, as the organization's president for the coming year. The assembly also passed resolutions to intensify state-wide cancer control programs of public education, cancer research and patient services in further efforts to help curb Florida's 10,000 annual cancer death rate.

Milwee of Longwood, (right), receive a check for \$100 in lieu of the trip to Nassau for two awarded at the Church of Nativity Parish Festival held by the Catholic Women's Club earlier this month from Mrs. Lennox Fay. Luck apparently runs in their family, for as a girl on the farm, Mrs. Milwee once won a box of celery and as a lad Milwee won both a calf and a guitar, both of which he sold for a healthy profit.

Musical Program Presented By Altamonte Second Grade

By Julia Bartos
A musical program was presented by the second graders of Altamonte Springs Elementary School at a meeting of the PTA last week in the school auditorium under the direction of their teachers, Mrs. Pat Olsen, Mrs. Vada Gunther, Mrs. Rita Edwards and Miss Marlene Sherrod.

Also as part of the program an interesting film strip on Hawaii was shown. Mrs. Louise Kershner, president, presided at the meeting and the devotional was given by Mrs. Millicent Pattishall, Chairman of the Audio-visual Committee, Mrs. Irene King, and members of her committee, Mrs. Vada Gunther, Mrs. Betty Abernathy and Mrs. Shirley Stuart, presented a discussion on audio-visual equipment, with several machines on display, and the need for shades of some kind for each classroom so that the equipment can be used to proper advantage.

Bids are being received on pull-down shades, blinds and draw-back shades. Many film strips are now on file at the school, but can not be shown because of lack of shades. Principal Frank Gore explained the marking system for report cards. Mrs. Missouri Belle Swof-

New Club Plans Flower Show

By Julia Bartos
The newly organized Oaks Garden Club of Maitland and Altamonte Springs held its second regular meeting Thursday at the home of Mrs. Jack Irwin, 114 Vanderberg St. This new club has members in Oakland Estates, Oakland Shores, Druid Hills, and Dom-

merich Estates, and meets the third Thursday of each month. Officers of the club are Mrs. Earl Donaldson, president; Mrs. Berl Chapman, first vice president; Mrs. James Guthrie, second vice president; Mrs. Jack Irwin, recording secretary; Mrs. Alton Kling, corresponding secretary; and Mrs. Gordon Lofgren, treasurer.

Plans were discussed for the flower show to be held in March. The flower arrangement for the meeting was made by the co-hostess, Mrs. Lofgren, and refreshments were served by Mrs. Irwin.

Better Deal For Russians?

MOSCOW (UPI)—The Soviet Union's new leaders moved today to give the nation's consumers a better deal in availability and choice of goods. They were continuing the policies of Nikita S. Khrushchev, who said a few weeks before his ouster as premier that consumer goods production would be given higher priority.

He said the reason was that earlier emphasis on heavy industry had brought the nation's defense strength to adequate levels. Khrushchev's successors, Communist party chief Leonid I. Brezhnev and Premier Alexei N. Kosygin, made it clear in their first pronouncements that efforts would be continued to improve the standard of living.

Mourners File Past Bier Of Herbert Hoover

NEW YORK (UPI)—Mourners from every walk of life filed today past the flag-draped, candle-lit bier of former President Herbert Hoover in St. Bartholomew's Episcopal Church. Hoover, 31st president of the United States and a humanitarian of world renown, died at his Waldorf Towers apartment across the street from the church Tuesday at the age of 90. The lying-in-state began this morning and will terminate with a memorial service Thursday afternoon. New Yorkers have two days to pay their respects to Hoover before his body is flown to Washington for honors reserved for departed presidents, statesmen and heroes. A line of 100 mourners had formed outside St. Bartholomew's before the doors were thrown open. President Johnson and GOP presidential candidate Sen. Barry Goldwater will come to St. Bartholomew's Thursday to attend the brief Episcopal Memorial service. Hoover was of Quaker stock on both sides of his family but considered St. Bartholomew's his neighborhood church. The funeral of his wife, Lou Henry Hoover, was held there in 1944.

It's Just About That Time--Tax Roll Ready

By Julian Stenstrom
The 1964 Seminole County tax roll has been turned over to John L. Galloway, county tax collector, according to an announcement today by Seminole's tax assessor, Mrs. Mary Earle Walker. Galloway is now in the process of getting billings ready for mailing. He anticipates having the bills in the mails prior to Nov. 1. "The base rate for 1964," according to Mrs. Walker, "is 15.32 mills which is a tax of \$15.32 per \$1,000 of taxable valuation, as compared to \$14.25 per \$1,000 of valuation for 1963." She explained, "The increase is due to the 1.07 mill increase in the rate levied by the Seminole County Board of Public Instruction." Mrs. Walker added that properties in the Lake Mary Fire District and the Central and Southern Florida Flood Control District each carry a small additional tax as levied by the two districts. The tax assessor also explained the breakdown of the funds levied on the 1964 roll: "Six mills as levied by the County Commission totaling \$1,243,661.56 will be distributed to: —General Fund \$230,063.24, Road and Bridge Fund \$449,752.82, Fine and Forfeiture Fund \$113,992.65, Interest and Sinking Fund \$118,137.84, Hospital Fund \$290,103.11 and the State Board of Health \$41,451.89. —The Board of Public Instruction levied 0.32 mills totaling \$1,931,657.27 will be distributed to: —General School \$901,578.21, Special School Maintenance No. 1 \$569,963.24, Bus and Building \$207,250.37 and Bond Interest and Sinking No. 1 \$252,855.42. Mrs. Walker said that 15-100ths of a mill, amounting to \$1,426.68, is levied by the Lake Mary Fire District and three-fourths of a mill, totaling \$5,116.97, is levied by the Central and Southern Florida Flood Control District.

Burns, Holley In Angry Exchange

TALLAHASSEE (UPI)—\$60,000 in income taxes. Republican candidate for governor Charles Holley hammered at Democrat Haydon Burns Wednesday, claiming an unnamed Washington source told him Burns might be having income tax troubles. Burns called this report, and also Holley's claim last week that he had information about \$1.2 million Burns bank account in Nassau, as equally "concocted." He denied both. Each candidate called the other a liar, and Burns added "cheat and fraud" to his volley at the Republican. Holley made his charges at a news conference he called here Tuesday, hinting beforehand he had a "new bombshell." The St. Petersburg candidate said he had talked by telephone with a man in Washington who claimed to be with the Justice Department and that the man told him there had been a federal investigation of Burns' financial affairs and that possible civil fraud charges were considered. Holley said the man told him Burns owed the government in the neighborhood of

Curtis Suggests TV Program

Offices, Shops And Hangars Are Included

By Harry I. Johnson Managing Editor

A major construction project, estimated to cost \$300,000, is being planned at Sanford Naval Air Station.

The work involves construction of a hangar, shops and offices and is believed to be part of a multimillion dollar expansion at the base.

Bids have been invited for the work and they will be opened Nov. 25 at the Bureau of Yards and Docks, U. S. Naval Base, Charleston, S. C.

The project includes providing one rigid frame prefabricated steel hangar with dimensions of approximately 80 by 180 feet; one rigid frame prefabricated steel building, approximately 40 by 200 feet and to be used as office space.

Also sought are bids on concrete ramps and aprons, storm drainage and sanitary sewer systems, water distribution and plumbing systems, heating and air conditioning, electrical work, and field painting.

It also includes the installation of government furnished equipment.

Base officials said they expect to get date for completion of the office building in March 1965 and for the hangar next July.

The entire complex will be a complete unit capable of housing a base squadron. Another such squadron is expected here from the West Coast some time next year.

Boy, 13, Seized By City Police

A 13-year-old boy is in juvenile court custody, his crime spree bid halted last night by police.

They said he was caught last night after firing blank cartridges at Celery and Sanford Avenues. Questioning police said, led to the boy admitting entering the Pinecrest School Oct. 4, trying to jimmy a soft drink machine.

He also admitted, according to police, taking a bicycle and transistor radio from a home on Sanford Avenue and selling the bike for \$5 and the radio for \$4.

The boy implicated a 14-year-old youth in the Pinecrest burglary and both were ordered held by Children's Court Judge C. Vernon Mize.

Goldwater Hits At 'Immorality'

PHILADELPHIA (UPI)—Republican presidential nominee Barry Goldwater renewed his attack on "immorality" in government today and cited former President Herbert Hoover as a great national leader who "never had the slightest hint of a scandal around him in his entire life."

Goldwater began using the recently deceased former President as a model of political morality in a speech before several hundred people who met him at the airport here.

Goldwater planned a day of campaigning in the Philadelphia area with a couple of suburban stops and a nationally televised speech this evening.

"There is just too much immorality in the country today from the top to the bottom," Goldwater said.

Adams To Kick Off Conservation Fete

Secretary of State Tom Adams will officially launch the Florida Conservation Week observance here Monday at 1 p.m. following a luncheon at the Civic Center.

Adams will present a number of conservation awards to state figures and will discuss conservation and its many aspects.

The Sanford Chamber of Commerce started this project to bring together various private and governmental conservationist groups for an exchange of ideas and to give the organizations a chance to present information to the public. Various exhibits and demonstrations have been arranged.

Gov. Farris Bryant has proclaimed the week as official Florida Conservation Week.

Two of the nation's outstanding wildlife artists will display some of their paintings at the Civic Center auditorium. They are Ray Harm of Cox's Creek, Ky., and Lee Adams of Jacksonville.

Among the demonstrations will be fish tagging, animal tagging, tree planting and forest fire fighting.

A seminar on conservation will be held at the auditorium Wednesday starting at 9 a.m.

Among those participating will be the Florida Audubon Society, the American Forestry Association, Florida Nature Conservancy, The Inase

Walton League of America, The Society for Conservation, Florida Department of Agriculture, Game and Fresh Water Fish Commission, Florida Board of Conservation, Suwannee River Authority, Florida Forestry Service.

Also, Seminole County Soil Conservation Service, Seminole County Agriculture Service, Central and Southern Florida Flood Control District, Florida Development Commission, the International Oceanographic Foundation, and Container Corporation of America.

Also planning an exhibit is the Sierra Club of California, one of the out-of-state organizations.

3 Stores Open Thursday In New Shopping Center

The city will have three new retail stores Thursday morning when the Public Market, Ecker's Drugs and the BF Card and Gift Shop open their doors in the new Sanford Shopping Center.

These three will be the first units to occupy quarters in what will be Seminole County's

largest retail complex outside of the Sanford downtown shopping area.

In addition to a host of smaller stores, the J. C. Penney Company and the McCrory Company plan to open stores in the new center early in 1965.

At 8:45 a.m. tomorrow officials of the city, county, Seminole Chamber of Commerce and the stores will participate in a ribbon cutting ceremony at the doorway of the Public Market. Minutes later they will officially open the Ecker's Store. At 9 a.m. another ceremony will take place at the UF Card and Gift Shop.

The largest of the three stores opening tomorrow will be the Public Market with 21,000 feet of floor space and will be managed by James E. Woodward. The store will be the 103th in the system of markets founded in the 1930's by George W. Jenkins.

Next is the Ecker's store with 11,000 square feet of retail floor space. It will be managed by John Bishop and will have a total of 30 employees. Fourteen of them will be connected with the main store and another 16 associated with the adjacent coffee shop and fountain. This will be the 36th store in the Ecker's chain.

Miss Iva Spaulding will be the owner and manager of the BF Card and Gift Shop which will be the first franchised outlet in a new system of shops being established by City Products Corp., parent corporation of the well known Ben Franklin Stores. The new chain of shops resulted from a suggestion by Miss Spaulding who also designed the signs which will adorn shops throughout the nation as the system expands.

First UF Report Meeting Friday

The 1964 Seminole County United Fund drive is off to a good start and the first report luncheon Friday noon at the U.S.O. clubhouse is expected to show encouraging results.

Pre-campaign organization work under the direction of G. Troy Ray, Jr., is paying off. Gold Award certificates already have been earned by the Sanford City Police, the Sanford Fire Department and the Sanford Chamber of Commerce and the First Federal Bank and Loan Association.

Total for the office is \$91 with an average contribution of \$3.80; the telephone company personnel averaged \$13.33 per capita with a total of \$120, and the savings and loan staff total was \$197, an average of \$17.91.

Residents who may not be reached by volunteer workers may mail their contributions to the United Fund, Box 114, said Mrs. B. F. Ganas, executive secretary. Or they may bring contributions in to the office in the Sanford Atlantic Bank Building or phone 323-0535 and a volunteer worker will call.

This 1964 drive is county-wide Mr. Ray emphasizes. And to this Mrs. Ganas can add proof. There is the instance of Otto Baumgartner of Altamonte Springs, chairman of the UF drive in that area. He has found his team so eager to make their calls, collect their contributions and get the job done that he called at the UF office twice on Tuesday to get more supplies.

Fleming said, however, Johnson will land in Fort Lauderdale Sunday and travel by helicopter to Boca Raton for the dedication of Florida Atlantic University 14 p. m. EST. The school will award Johnson an honorary degree at that time, Fleming said.

Johnson will stay overnight in Orlando and join in what Fleming said would be a "big motorcade" to the Colonial Plaza Hotel in Orlando.

The President is scheduled to deliver a "major" campaign address at the hotel (9:45 a. m.) Fleming said. He will be introduced by Sen. Spearard Holland.

LBJ Asks Views Of Consultants

WASHINGTON (UPI)—President Johnson today asked a blue ribbon panel of consultants to provide him with views for dealing with the problems of relations with Communist countries, the Atlantic community and the need to limit the spread of nuclear weapons.

After meeting for nearly an hour with the bipartisan citizen's panel, Johnson said in a statement that he expressed to them "my own strong sense of urgent purpose in all three of these areas."

He said that at today's meeting a part of the discussion centered on the international events including the change in Soviet leadership and the explosion of the first Red Chinese atomic bomb.

But he added his main purpose "was to ask their help in thinking ahead to the great problems which this country will have to face after the coming election, whoever is chosen to go on."

Johnson State Schedule Set

MIAMI (UPI)—State Democratic officials reconvened Wednesday President Johnson will dedicate a new university at Boca Raton Sunday and speak at Orlando the following day.

Tom Fleming Jr., state Democratic campaign chairman, said Johnson may be forced to curtail some of his planned Florida tour "out of respect for the late President Hoover."

Fleming said, however, Johnson will land in Fort Lauderdale Sunday and travel by helicopter to Boca Raton for the dedication of Florida Atlantic University 14 p. m. EST. The school will award Johnson an honorary degree at that time, Fleming said.

Johnson will stay overnight in Orlando and join in what Fleming said would be a "big motorcade" to the Colonial Plaza Hotel in Orlando.

The President is scheduled to deliver a "major" campaign address at the hotel (9:45 a. m.) Fleming said. He will be introduced by Sen. Spearard Holland.
