NOTHING complicated about this formula. Just get yourself some Prince Albert and some makin's papers. Then go ahead and roll the best little cigarette that ever took form in your fingers. "Never did a home-rolled cigarette taste so good," you'll say.

You get an idea in advance that it's going to taste mighty good when you get your first whiff of P.A. Such fragrance! Like a breath of pine forest. Then you roll one and light up. Here's the big thrill: that wonderful, class-by-itself taste of Prince Albert.

Cool as a cucumber right off the ice. Sweet as a melon from the same place. Mild as a sisterly kiss. Mild, but with that full cigarette body that satisfies to the limit in every marvelous puff. If you've never rolled 'em with P.A., you've been holding out on yourself.

Do you like a pipe? You will, with P. A. for packing. The most contented bunch of pipe-smokers in the world will tell you that pipes were born for just such tobacco. Men who were pipe-shy for years have found that they can smoke a pipe now-and enjoy it. You try it.

P. A. is sold everywhere. And always with every bit of bite and parch te-moved by the Prince Albert process.

#### What did she spell?

They were sitting. The sun was setting. He said, "You are the only one I ever loved." She was a pretzeleer. She grabbed a handful of O-So-Guds from the lunch basket, She bit rapidly and laid each completed letter on the green grass. The first three letters were:

Can you supply the other seven letters of this compound word and tell what her answer was?

You, too, can pretzeleer, but you'd better eat about seven before you start making letters. The O-So-Guds are so good it's hard to stop eating to spell-unless you eat first.

Uneeda Bakers bake pretzels brown, bake them brittle, bake them crisp, bake them crunchy. That's what makes O-So-Guds so good to eat and so easy to digest. And they're salty.

Pretzeleers eat pretzels with hors d'oeuvres, with soup, with salad, with dessert, with cheese, with iced drinks, with tea, on picnics, between meals and all the other times there are to eat.

Good for children.
