TROOPS WILL BE NEEDED PROTECT STATE WITNESSES IN HIGGINBOTHAM TRIAL

KENNERLY SEES STRUCTURE OF LAW FALLING DOWN IN DIXIE

MOBS RULE COUNTY

And Witnesses in Tabert Inquiry Are Intimidated and Will Be in that Part of State

(By The Associated Press) TALLAHASSEE, April 27.—Troops should be sent to Dixie county to protect the lives of state witnesses when the trial of Walter Higginbotham, charged with first degree murder in connection with the death of Martin Tabert, of North Dakota, is called on May 16, declared Representative C. H. Kennerly, in reporting today to the joint committee of his trip to Clara yesterday.

"If the prosecution brings any witnesses down there for the trial, their lives won't be safe," Mr. Kennerly told the committee. "And if members of this committee are obliged to go there, again, troops should be sent with them," he added. The representative related in detail how he and Representative John Clay Smith, comprising a sub-committee, were greeted yesterday at Clara, by a committee of armed men, when it arrived to inspect Tabert's grave.

The committee which concluded its inquiry into Tabert's death this afternoon unanimously adopted a resolution calling the attention of the State Board of Medical Examiners to the conduct of Dr. T. Capers Jones, physician employed by the Putnam Lumber Company, and asked that an investigation be immediately made to the end that the medical profession be purged of a seemingly unworthy member.

The resolution was introduced by Representative Kennerly at the conclusion of his address. Before the committee would vote it was amended. The original measure characterized Dr. Jones as a disgrace to the profession and should be ejected from it. Senator W. A. MacWilliams drew up the revised resolution, calling on the State Board of Medical Examiners to investigate the record of the physician.

A general discussion took place while Senator MacWilliams was working the amendment, and Senator John P. Stokes, chairman of the committee, declared, "So far as I am concerned, I believe every word that has been said about him, (the physician) and I believe he ought to be kicked out of the profession."

"He seems to have been owned body and soul by the Putnam Lumber Company," continued Senator Stokes. "Further, I want every crook that has had anything to do with this to be cleaned out. But, in this doctor's case, I believe it would be outside the scope of the committee's powers to do more than bring the testimony to the attention of the Board of Medical Examiners."

It was brought out today before the committee that efforts had been made by Dr. Jones to prove he had fled the point, but the records of the department show, according to the Health Officer, that all permits are issued in serial numbers, and there were no breaks in the serial numbers in the district in which Tabert permit could have been issued.

Dr. Jones told the committee he made a thorough examination of the body, and it revealed no sign of the strap. Other witnesses declared they saw the physician come in and look at Tabert just before he died; that they were detailed to take the body to the stockade where prisoners were kept, and that the sheet and mattress stuck to the body, from the blood of the boy's wound. Others related how they were forced to sleep on bunks and on the floor in the room next to the dying boy's bunk, and how they pleaded that something should be done for him.

The physician related how he saw to it that the convicts were amply provided with clothing, and were well fed. He illustrated to the committee that whenever he found the convicts without socks he would go to the company's commissary, the Clara Mercantile Company, and buy as many as 70 pairs of socks at one time. After Dr. Jones concluded his (Continued on Page Two)

SIX PRISONERS WERE KILLED IN WORK HOUSE

AT ST. LOUIS EARLY TODAY
WHEN WHOLESALER JAIL DELIVERY WAS ATTEMPTED

(By The Associated Press) ST. LOUIS, April 27.—Six prisoners were shot and several beaten severely when guards frustrated a wholesale escape at the city work house early today. About fifteen prisoners sawed through bars in cell room and let themselves into the prison yard by means of a rope according to guards who said one of the prisoners with a clever imitation of a pistol carved of wood attempted to hold up Fred Giese, 50-year-old guard and obtain keys. Giese opened fire and two of the prisoners fell. The shots attracted five other guards who fired a volley wounding four more. The prisoners were then quickly subdued.

Burke Goes to Jail While the Bulldogs Beat Highlanders

LAKELAND, April 27.—One umpire says one thing, the other umpire reverses that decision, arguments, "fusin'", scraps, arrests, and general big hallabaloos results, Manager Burke goes to jail and then the Bulldogs and Highlanders battle for ten innings, the Burkemen taking the game by the score of 3 to 2. The charges preferred against Burke were for profanity and later the case was dismissed. The score by innings: Orlando 100 010 000 1-9 1 Lakeland 000 002 000 0-2 8 3 Palmer and Francis; Ery and Smith

DAYTONA, April 27.—Daytona won from Bradentown here yesterday, 9 to 8, in a see-saw affair. The winning run was made in the ninth with the score tied. Thomas hit safely for the sixteenth consecutive game.

Score by innings: Daytona 200 010 321-9 18 5 Bradentown 100 002 311-8 13 3 Cusack and Mun; Lariscy and Kerns.

TAMPA, April 27.—Caesar Alvarez and Charles Ollinger staged a pitchers' duel here yesterday but the mates of the former came through with some timely hits, and the Smokers blanked the Saints, 2 to 0. Alvarez gave up four hits, two of these being of the scratch variety. Score by innings: St. Pte 000 000 000-0 4 1 Tampa 100 000 010-2 5 0 Ollinger and Murphy; Alvarez and Nance.

BUSINESS AND RESIDENCE SECTION OF SANFORD WILL BE DECORATED FOR SPANISH WAR VETERANS

When They Hold Their Encampment Here on May First

Both the business and residential sections of Sanford will be profusely decorated during the 13th Annual Reunion of the United Spanish War Veterans, which will take place in Sanford May 7th to 9th.

The official decorator, G. W. Stewart, is now in the city, and all individuals and concerns desirous of securing decorations can get in touch with him at the Valdez Hotel.

The parade, which is considered one of the features of the Reunion, will take place Tuesday, May 8th, and will be one of the largest ever held in Sanford. There are a large number of U. S. W. V. Posts in Florida and each one will send a large representation.

Each one of these posts has a Woman's Auxillary, who will also be represented at the Reunion. It is estimated that there will be over 400 veterans of '08 and their wives in Sanford during the three days reunion, representing, practically every branch of the service that engaged in the war with Spain.

Committees from the local camp report that practically all arrangements are complete for the entertainment of their visiting comrades.

The Tourist and Convention Committee of the Chamber of Commerce will arrange for cars to take the veterans and their wives on the trip to various points of interest in Sanford. This trip will be made immediately after the parade. The local camp has also planned a big barbecue for their guests.

Everyone in Sanford is asked to display the national colors during the time the veterans are in Sanford. The line of march will pass through the residential section of the city and a generous display of the colors is a fitting tribute to the heroes of '08.

Five Bomb Explosions on Ruhr Railroads Cut All Communication

(By The Associated Press) DUESSELDORF, April 27.—Five separate bomb explosions on the Ruhr railroad during the night cut railway, telegraph and telephone communications, temporarily disorganized traffic. The French headquarters said the explosions caused most serious damage since the beginning of occupation.

During the confusion the Germans made a series of efforts to run customs barrier into interior of Germany, but large quantities of goods which the Germans were trying to get through were seized by the French.

Chamber of Commerce Election of Officers

The annual election of the Chamber of Commerce will be held the latter part of April. Those not in good standing will be unable to vote. Richmond Girl Assaulted at Night Returning from Show

(By The Associated Press) RICHMOND, April 27.—After all night search by relatives started when she failed to return from a motion picture show which she attended with a girl companion early last evening, girl of 16, was found unconscious this morning under a railroad viaduct within a few blocks of her home. Her skull had been crushed and police believe she was criminally attacked. She was rushed to a hospital where efforts to restore her to consciousness were without result several hours afterward. Physicians have little hope for her recovery.

George Baker Hanged at Lafayette, Georgia, for Murder Today

(By The Associated Press) LAFAYETTE, GA., April 27.—George Baker, was hanged here for the murder of Deputy Sheriff Morton at Durham, this county, March last year. The trap was sprung at 11:53 and thirteen minutes later the body was cut down. A crowd of two hundred people surrounded the gallows. To them Baker said through the bars of his cell just before going to the gallows, "I am not guilty of murder. I advise you to keep out of trouble. I'm going boys, good-bye."

Who is the head of this state, Governor Harder or the Putnam Lumber Company?

Memorial Day Fittingly Observed at Central Park

United Daughters of the Confederacy Had Charge of the Ceremonies

The N. DeV. Howard Chapter, United Daughters of the Confederacy, arranged a fine program for the observance of Memorial Day at Central Park yesterday. The threatening weather kept many at home but there were many of the devoted ones assembled at four o'clock when R. J. Holly called the meeting to order and announced the program which was as follows:

Hymn—"Nearer My God to Thee," Grammar School Orchestra.
Prayer—Rev. Arthur Searing Peck. Address—Dr. King.
Presentation of Crosses—Mrs. Geo. Fox.
Hymn—"Blest Be the Tie That Binds," Orchestra.
Placing of Wreath on Monument by the Daughters.
Taps, John Schirard.
Benediction—Dr. E. D. Brownlee.
"Dixie"—Grammar School Orchestra.

The address by Dr. King was a beautiful tribute to the memory of the Confederate Veterans and the veterans of all wars. He also stressed the fact that America was now a united country and there was no north or south, east or west and the sectional feeling had been eliminated and the blue and the gray could affiliate in the memorial exercises and the great spirit of brotherhood eternal abided with them and would abide with them forever and ever. Dr. King also made an earnest plea of the perpetuation of Memorial Day and its observance and told of a recent trip through the Southern battlefields and the spirit of the men who had fallen fighting for what they believed was right even though it was the Lost Cause.

The presentation of the Cross of Honor to John Lord and A. C. Martin, two old veterans, was a beautiful ceremonial performed most gracefully by Mrs. George Fox, president of N. DeV. Howard Chapter, United Daughters of the Confederacy.

At the monument in the park Mrs. Wiggins placed the memorial wreath on the marble shaft dedicated to the World War veterans while John Schirard sounded "Taps."

The Daughters and veterans and their families and many others then went to the Evans cemetery on Sanford Heights and then to Lakeview cemetery where the graves of Confederate Veterans and G. A. R. members were decorated.

There were only four Confederate Veterans present yesterday, C. H. Leffler, A. C. Martin, John Lord and L. G. Stringfellow. Mr. Leffler carried the Confederate flag and they were accompanied by M. F. Robinson and H. F. Haskins and several other Grand Army members and the most inspiring sight at these memorial exercises each year is the spirit of fraternity with the members of the Blue and Gray armies.

The Grammar School Orchestra furnished the music and their efforts are greatly appreciated by the Daughters and all who were present.

What the Los Angeles Critics Said About Picture Play "Adam's Rib"

Cecil B. DeMille's latest production for Paramount, "Adam's Rib," by Jeanie MacPherson, had its world premiere at Grauman's Rialto Theatre in Los Angeles, and registered the greatest triumph of the producer's career, according to the Los Angeles newspapers, all of which gave high praise to the picture.

Guy Price, in the Evening Herald said: "For novel daring in the production of forest and cave-man sequences in the midst of a portrayal of twentieth century life it is doubtful if this picture has ever been equalled. Cecil B. DeMille deserves great commendation as a director. The excellence of the photography cannot be gainsaid. Milton Sills wins the unrestricted approval of all spectators, Elliott Dexter made the most of his part, Theodore Kosloff is a success and Anna Q. Nilsson and Pauline Garon are well suited to their roles."

TWELVE PERSONS PERISHED IN TENEMENT HOUSE FIRE IN NEW YORK CITY TODAY

WHOLE FAMILY KILLED TODAY IN OKLAHOMA

(By The Associated Press)

HAWORTH, Okla., April 27.—Thomas Hamill, a planter and his wife and daughter, Mrs. Tope, and the latter's ten-year-old son, were shot to death when they were called to the door of the Hamill home near here early today and fired on by two men who rode up to the house on horseback. The five-year-old daughter of Mrs. Tope was probably fatally wounded and the identity of the men has not been determined.

DEATH OF MRS. J. H. HUDDLESTON AT GENEVA

Mrs. J. H. Huddleston died at her home in Geneva last night about 9 o'clock after an illness of the past twelve months. Mrs. Huddleston had been in ill health for some time but had shown signs of improvement giving such hopes to the family that she might eventually recover but she was called from her earthly home and all her sufferings were ended in the peaceful calm that is given to one who is ready when the great summons come.

Mrs. Huddleston was Miss Fletcher in the old home near Forsyth, Georgia, and is a sister of U. S. Senator Duncan U. Fletcher, and came to Florida some twenty years ago settling at Geneva where she and Mr. Huddleston raised their family and where they have resided ever since. Though almost an invalid for many years Mrs. Huddleston was well beloved by many friends who knew her for the many graces and sweet traits of real womanhood, ever ready and willing to help those around her and a true southern woman with all the attributes and traditions of hospitality and a love for the home.

She leaves a husband, one son John Huddleston who is a paymaster in the U. S. Navy, residing in Washington and two daughters, Mrs. Baxter of Gainesville and Mrs. Velsor of Jacksonville to mourn the loss of wife and mother.

The funeral will occur from the residence in Geneva Sunday afternoon at 3:30. The sympathy of their many friends here and elsewhere is extended to the family in their bereavement.

Sixteen Thousand Cases Liquor Seized on Yacht Today

(By The Associated Press) HIGHLANDS, N. J., April 27.—Coast guardsmen seized motor lighter, Napague, with an estimated cargo of nearly 16,000 cases of liquor. The lighter was en route from the rum fleet to New Jersey shore when captured off Sandy Hook.

New Representations on Rum Running Have Been Made

(By The Associated Press) WASHINGTON, April 27.—New representations on the subject of rum smuggling has been made by the State Department to British government, which is requested in friendly terms to co-operate in preventing the vessels flying the British flag from engaging in the liquor traffic between American and foreign ports.

There's a reason, says Stemper & Company and they show you the reason why they are enjoying such a phenomenal business in the meat and grocery line. The chief reason is that they have, the finest line of meats at prices that cannot be beat and then they believe in advertising to the world their prices. They are not afraid of competition for they are lower than the lowest and their meats are always fresh and they have just what you want. Read their advertisement and see Stemper. FIRE SWEEPED THROUGH TENEMENT IN EAST NINTH STREET

MANY ESCAPED

Others Were Cut Off From Fire Escapes and Could Not Reach Safety Zone

(By The Associated Press) NEW YORK, April 27.—Twelve persons perished in a fire which swept through a tenement in East Hundred and Ninth street early today. A family of five were among the victims dying in fifth floor apartment. Scores fled from the flame filled structure by way of fire escapes while dozens of others were spectacularly rescued by police and firemen. Several injured and many seriously. Twenty policemen and firemen were burned effecting rescues.

Ten of the dead perished in the building. The other two had been removed to hospital where they died of shock and burns. Many tenants clung only in night clothes fled down the rear fire escape which ended at the first floor twenty-five feet above ground. A taxi driver drove his car beneath that safety platform for fire victims dropping to the roof of the car from there to the ground. Many injured taken to hospitals in same cab. Many more persons would have been trapped by flames according to the police had it not been for Michael Kaufman, city employe living across from the burned tenement who discovered the fire and gave the alarm.

Brotherhood Class of Presbyterian Church, Had Big Gathering

Members and Guests Called Together for Fine Time

The Brotherhood Class of the Presbyterian Church held one of their regular big get together meetings at the church last night and about fifty were present at the long tables spread in the social rooms of the church. The ladies of the Auxillary were present to attend to the wants of the guests and a bounteous spread was the result of their efforts. Delicious baked ham which is one of the specialties of the Presbyterian ladies was the piece de resistance flanked by excellent salads, green beans, macaroni, yams topped with marshmallows, pickles, rolls, hot coffee and apple pie a la mode, celery and other good things.

After the luncheon Henry Lehman, acting as toastmaster, called upon the following gentlemen to speak and they all responded telling of the many good things the Brotherhood Class had accomplished and asking for a larger attendance each Sunday morning: F. P. Forster, R. J. Holly, E. T. Woodruff, D. L. Thrasher, H. C. DuBois and Dr. Brownlee.

Miss Mabel Bowler sang a group of songs accompanied by Dr. McCallin and Mrs. R. C. Maxwell and Miss Geraldine Muriel gave several humorous selections that were greatly enjoyed. There was a great spirit of cordiality and loyalty, two things stressed by Messrs. Forster and Woodruff and the Brotherhood Class enjoyed having the visitors and the visitors enjoyed being there.

A rising vote of thanks was tendered Mrs. Mero, chairman of the Woman's Auxillary for the elegant repast served and at a late hour the members and guests departed with the feeling that the Presbyterian Brotherhood was one of the best and liveliest institutions in the city.

F. P. Forster has generously decided to pay for new furnishings for the Brotherhood room and they will be installed in a few weeks adding greatly to the comfort of the members and all who attend and a standing invitation is extended to all the visitors to the city to attend the Presbyterian Brotherhood every Sunday morning.

EUSTIS ROTARIANS TO ATTEND CONVENTION

100 PER CENT STRONG

EUSTIS, April 26—The Eustis Rotary Club, the baby organization in Florida, a spry youngster which came into being last winter and has made a reputation for its activities, is now planning to go to the convention of Rotary International in St. Louis in June with 100 per cent attendance.

If the local organization accomplishes this fact, it will unquestionably capture the handsome trophy offered for the Rotary Club traveling the greater distance with the greatest percentage of attendance of its members. If this fact is accomplished it will bring to Eustis the attention of the people of the entire nation and many foreign countries in which Rotary clubs have been organized.

Representative men and women from many countries will be present at the convention and it is stated the attendance at the coming gathering of Rotary will far exceed all former International conventions.

Norma Talmadge
"THE ETERNAL FLAME"

From Honore de Balzac's "La Duchesse de Langeais"—Flame of love, to be snuffed by a breath, or fanned to a blast—to consume her with a passion of sacrifice. His warm lips to her forehead like the brand from the smithy's forge. Never—never—never before has Norma Talmadge created a role so magnetic, so radiant as the Duchesse de Langeais, gorgeous to behold yet never to be held. In scenes of splendor and suspense she unfolds this confession of love from the heart of a wilful beauty in France's gayest courts. Better than "Smiling Thru."

RANGE burners often get a baptism of grease from the skillet. Burned to a crisp it means endless scraping and scouring to remove it. A better and easier way is to clean them with Giant Lye. It's a quick job and leaves the burners clean and restores the blue flame. Skillets and pans can be quickly cleared of soot and encrusted grease in the same way. Then you know they're clean and scoured.

DIRECTIONS: Boil the burner 5 minutes in a solution of 3 teaspoonfuls of Giant Lye and a quart of water. Rinse, boil pots and skillets in a like solution or boil the solution in them. Never use lye on aluminum.

vict, who accompanied the committee.
"When I arrived at Clara," said Mr. Kennerly, "the car the negro was in, was surrounded by a crowd of from 15 to 20 men, highly excited. It seemed to me that every one of them had a gun. I was told that as soon as the automobile in which Johnson and Representative J. Clay Smith of the sub-committee were in, drew up to the Clara Mercantile establishment, William Fisher, Superintendent of the Lumber Company stuck his finger in the negro's face, and said: 'Now, you point out that grave and be d—n sure you point out the right place.'"

Representatively Kennerly told of how Johnson became frightened and as they were proceeding to where Johnson had said the grave was located, "an automobile containing Putnam Lumber Company employees closed in ahead of the machine in which Johnson was riding. Another machine, containing armed men squeezed in front of my car. As it passed me, I heard one of the men in it say 'get in there and stick to the negro, and don't let him get away,'" continued the representative.

Mr. Kennerly said the negro took the party by the spot, and the automobiles had to be turned around. "Well, the negro looked around the place for half an hour," Mr. Kennerly continued. "And you could see he was afraid to point it out. So I said to him, 'Arthur, can't you find the place?' and he said, 'Mr. Kennerly, there's two men standing over there that will kill me if I does.' So we saw there was no use waiting around any longer and we went on out to the grave where the Lumber Company says Tabert was buried. The grave was opened but the body was not taken out, because G. Grimson, Assistant Attorney General of North Dakota said he wanted to wait for proper identification papers, and because I saw that the only witness we had there at the time was Arthur Johnson.

"I want to add that good responsible men of Perry, told me after we got there, that if we let that darkey get out of sight, the crowd would kill him sure. Just to show you how the sentiment was running, I'll say that when the crowd started to climb over the cemetery fence, while the grave was being opened, and Fisher said 'Oh, don't bother to do that, just tear it down—we're in our country now, and we'll do as we please.'"

"At least ten or twelve men at the cemetery wot told me that Tabert was buried just where Arthur Johnson said he was buried—the first time, that is, not at Mingo Cemetery—but they just didn't dare to testify. "Well, we put the negro back in the car and got him away from there for fear they'd kill him. And I believe they would have," he declared.

The committee discussed informally further action pending the receipt of means of identification of Tabert's body.
"I don't believe our committee ought to waste any more time on them," said Senator Stokes, addressing Representative Kennerly. "The Lumber Company's attorney invited you down there, and when they got you there, they tried to intimidate you. The Lumber Company apparently controls the county officials and the court, and everybody and seems to have everybody on its payroll. I think the committee has taken all the action it can, and that we ought to drop this right here."

"I am firmly convinced," Mr. Kennerly added, "that Tabert's body was originally buried just where the negro said it was. That crowd claimed the body had been in Mingo cemetery since February, 1922. Why, to all appearances, it hadn't been there more than two or three months, at most! No roots had grown through the sand except the small 'feeder' roots that grow in a few weeks. The sand was not packed tight at all. It was as loose as a child's sandpile. The paper label on the coffin, bearing the undertaker's name, was hardly discolored.

"I give it as my firm conviction that it wouldn't be possible for a grave in Florida sand to be in that condition after a year. All the circumstances taken together point in every way to exactly what has been said by the witnesses for the prosecution."

The committee announced before taking a recess until Tuesday, when the charges of mistreatment to prisoners confined in the convict camps of State Senator Knabb in Baker county will be taken up, it would make its report after the completion of all its inquiry.

It has been declared by members of the committee in the course of the Tabert hearing that they stood unanimously in favor of the abolition of the convict lease system, and corporal punishment. The committee will also take up for consideration the house resolution seeking to have Tabert's body disinterred and sent to North Dakota, if the Tabert family so desires.

TALLAHASSEE, April 27.—The legislature advanced another step

toward abolishing the practice of leasing convicts to private individuals and firms today, when the house passed in amended form senate bill to that end by a vote of 61 to 5. The house, in order to get in provision its bill covering treatment of prisoners not covered in the senate bill attached its measure to the senate bill as amended. The measure now goes back to the senate for concurrence.

Senate passed bill giving Judicial Circuit, embracing Duval county an additional judge. The bill now goes to the governor.

WATSON'S BUICK FOUND
WRECKED IN SANFORD WOODS

Paul Watkins is happy again and was able to attend the K. of P. convention yesterday. The cause is that his ne wBuick car which was stolen last Thursday night from his residence has been located and it was all through the blunder of those Florida wild cows and a raving maniac at the steering wheel. Cow and automobile came together four miles north of Sanford after the auto thief had made pretty good headway in getting to the East Coast with the stolen car. The cow took to the ditch and is still there while the thief took the car to the woods and there left it but not until it had been pretty well stripped of everything that was movable.

also and when Paul was notified yesterday by Chief Perryman that his car might be in the Sanford woods he jumped out of the second story of his Five Points and with the chief hid himself to the scene of action. It proved to be the right animal alright but the engine number had been changed; the engine repainted and a real neat job done on the beast but by being just a little too anxious to get away the deal was called off.

Paul hopes to find the neck of the driver some place and so does Chief Perryman. He left the car at Sanpany that it was theirs.—Lakeland Star-Telegram.

LAKE MONROE

With smiling faces and happy hearts the children of Lake Monroe greeted one of the largest crowds Friday evening ever assembled at the school auditorium, the occasion being the exhibition of the Primary and Intermediate grades. From the opening march to the closing song all went merrily as a Christmas ball not a break in the well ordered children or the well rendered parts. Some of the interesting features were "Catch for Yourself," a pretty drill and a dolly recitation by the little tots, "Train to Podunk" which was received with screams of laughter, and a negro farce by the fifth and sixth grades. The speaking was gaily interspersed by songs and by instrumental selections by the music pupils. The packed house represented many different points in the county. Folks came from Sanford, Oviedo, Chuluota, Geneva and other places. Everybody is most cordially invited this Friday, when the higher grades will give their commencement exercises.

The Seminole Athletic Club is still holding interesting meetings each

Monday evening at the Lake Monroe school auditorium. The public is cordially invited to attend. The meeting was called to order Monday by Prof. Jacobs, president, and Clint Shelly, secretary read the minutes of the last meeting. Other business details were arranged and several new members enrolled, among them Mrs. Jessie Clark, our county nurse. Mrs. Clark made an address and suggested a coach for the baseball team. Other members advised more advertising and suggested the feasibility of a bus to be run from Sanford to Monroe on Monday evenings for the benefit of guests. After the business of the day was satisfactorily transacted a musical program was delightfully rendered by the following: Henry Miles, pianist, Albert Withington, violinist, Harry and Oscar DuBois, vocalists. An ice cream supper will be given Monday evening at the school auditorium by the Seminole Athletic club.

Pepper season is on in this section. Some have sold patches, others refused offers, trusting to own luck. The peppers are large and fine and as yet unaffected by the drouth.

We would ask Senator John P. Stokes to run for governor now only we know he does not intend to stay in west Florida and will some day be a citizen of real Florida—South Florida.

Some of the local grouches should read Harold Summer's talk in this issue about "Smiles." There can be much improvement along this line with many people. A smile costs nothing and does a lot of good.

We would like to see something commencing on that boat basin. It is stated that the plans are ready and bids will be opened but see nothing about it in the City Hall and summer will soon be over. Let us have something interesting about that boat basin and let us have it right away.

Hon. Braxton Beacham of Orlando is being touted by his friends to make the race for Congress. He was a candidate for congressman at large but had to cover the entire state and lost. He has many firm friends in the Fourth District and if he decides to run will have their undivided support. He would make a good congressman and Sanford people have always liked him.

The Chamber of Commerce is growing every day and more and more the people of this city and county are beginning to see that they cannot get anything constructive without concerted action through the Chamber of Commerce. It is the central dynamo, the power house for all activities to radiate and stretch out throughout the city and county. Join the Chamber of Commerce and take a part in your city and county. Don't be a "hold back."

WALK AND KEEP WELL.

Medical men, even if they do not take very much exercise themselves, are heartily in favor of it for their patients, and they say there is nothing like the good old-fashioned walk. Now where does the owner of an automobile stand, for if there was ever anyone who hated to walk around the block, it is the man or woman who owns anything that will run on wheels? Dr. Royal S. Copeland, former commissioner of health, of New York City, whose health talks are syndicated and appear in various papers of the country, had a recent one on "Why Walking Means Much to Health and Long Living," and his concluding paragraph was as follows:

"I know a lovely woman past middle life. She is miserable in body and unhappy in mind, because she never walks. Elevators and limousines are the curse of her life. I have tried to make her see it, but she won't. You cannot be healthy in body or active in mind unless you use your body and mind. Exercise of the muscles by much walking and exercise of the mind by using it to help solve the problems of the world will make you strong physically and alert mentally."

GIVE ME A SMILE.

A smile is the exercise God gave man to develop his countenance and mould it in shape to harmonize with the nodding flowers, the beaming sun and other expressions of Divine Happiness. Smiles are the wonder-workers of the age. Go out into the world with a smile and you have it conquered. Smiles break down barriers of restraint, open doors of gloom and drive folks on to better things.

The glorious thing about a smile is that it not only helps those beamed upon but stimulates happiness within the smiler. I wish I knew how many lives smiles have saved. Statistics often convince folks who don't believe in intangible assets.

And the funny thing about smiles is that they cost you nothing and bring you much. Much health, wealth and prosperity. Mostly wealth, for I discovered long ago that the only real wealth is happiness generated with a smile.

If I were to have to go into the world having to choose between money, power, education, a pleasant smile, or even health, I'd take the smile. Give me a smile so I may give it out and the rest of the propositions mentioned above will be mine before very long.

I can't understand why those not born with a smiling countenance don't acquire one. It is an easy matter to learn to smile. It is true that it may crack a grouch's face at first, but even a hard-boiled gloom complexion will soften in time.

A smile relaxes a wrinkled forehead and releases the cords which tie down the corners of the mouth. Smiles send wireless reports of health over the body and make red blood circulate.

Some people smile as if it hurt. I had rather have a person ignore me absolutely than tighten up his jaw and force a grin. If you can't come clean with a pleasant look don't be insincere with God's reflections of happiness. I have had people slip me a look that would make an ice rink out of the Panama canal. And they twisted up their cheeks and tried to make me think it was a smile.

Shame on the person who would try to deceive me thusly. If I hadn't been passing out smiles and receiving thousands in return for several years they might be able to put something over on me. But don't slander the grouch. No, no! Extend constructive sympathy—honest smiles.

Beam upon the grouch until through sheer force of your joy he laughs at you. I had rather have a person laugh at me than not laugh at all. I am not so interested in whether a person laughs at me or with me. I simply want to bring out the laugh to help them.

Laughing is infectious. Smiles are catching. Oh, good Lord, please expose me to a few more happiness germs. There is too much sadness in this old world anyway. Pray let me smile myself to sleep, and if I may have my way, laugh myself to death. —J. Harold Summers in Tourist News.

FLORIDA DID IT.

The Miami Herald speaks the truth when it says that the people of Florida, led by the press of the state, have agitated the investigation into the death of Martin Tabert and have brought about the prospects of the removal forever of the leasing and lashing system.

Among others the News has repeatedly written in its columns the belief that this sort of thing must be banished forever. The other papers of the state have written in similar vein. To attribute to the New York World or the Globe or any other paper is to distort the facts. Says the Herald:

"Life," which besides being a journal of humor, occasionally prints a serious editorial on current subjects, gives the New York World great credit for having brought about the investigation into the death of Martin Tabert, the North Dakota boy who was flogged to death in a convict camp in this state. It infers that the World was solely responsible for the sentiment aroused in this country against the remnants of Florida's convict system.

Far be it from the Herald to detract one iota from the credit due any of the great newspapers of the country that honestly helps in bringing about a moral reform anywhere.

But the truth is the truth. The facts that when it was brought to the notice of the Tabert family that the death of their son might have been caused by unlawful punishment, they communicated with members of the North Dakota legislature and that body took the matter publicly shortly before the assembling of our own legislature.

Immediately the papers in this state learned of the outrageous conditions in convict camps, they denounced the practice of leasing convicts, and were especially severe in their criticisms in this case, and, by the time the legislature made it about its first business to respond

to public sentiment and to take the preliminary steps toward a thorough investigation.

About the same time the whipping boss, directly charged with having caused the death of young Tabert, was indicted. The legislature is proceeding in an orderly and effective manner and the courts will in due time deal with the whipping boss.

But it was not until these things had all been done in this state that the New York World began its great campaign, which has been of material assistance in clearing the situation in Florida.

The people of this state may be grateful to the World but "Life" is mistaken when it tells the country that the New York World was first to begin the campaign against convict camps in Florida.

FROM OTHER SANCTUMS

SEND THE STATE MILITIA TO CLARA.

The representatives of the Putnam Lumber Company have placed another stigma upon Florida. This morning's Associated Press carry reports of the attempt made to frighten the former convict who gave the information as to the location of the grave of Martin Tabert, by banishing firearms like a bunch of cowards and wild Indians, is one of the most infamous displays of cowardice and fear of the truth that we have seen in the state of Florida. It was made in such a bold manner—right in the face of the legislators; representatives of the Associated Press and led by the very man who represented the lumber company in the contract to pay the sheriff \$20 per man for herding vagrants into that hell hole which they have been keeping—and in the very county where Sheriff Jones and the judge evidently passed and approved all such lawlessness—and so brazen were they in the face of efforts to get at the truth, that in their futility as to what step to take broke the law again and would have committed murder had they been given the least opportunity, that it seems to all law abiding, sensible citizens that the State of Florida has been disgraced enough and the militia or anything else that is needed should be sent to that county and every last one of those slave drivers, every member of the Putnam Lumber Company, and all its property, every officer in Leon county or any other county that had anything to do with the hiding of the information or with the beating of young Tabert or any other man, should be banished from civilization forever and made to walk every foot of the way and beaten with every step with the same sized strap that was used upon Tabert.

When it comes to men, who call themselves citizens, defying the legislature, defying the law, which is less than nothing in Leon county; defying the laws of God and man for which there is no recognition among them—that is the lowest degree to which men can stoop and the State of Florida certainly doesn't intend to stand for it. By the State of Florida we mean the people of Florida who believe in a square deal; who demand that justice be meted out in this instance, just as you would demand were you the father or mother of Martin Tabert. It is a serious state of affairs when incidents like this related this morning are perpetuated and that section of Florida needs to be cleaned out and if they can't be have, completely separated from the state because we don't want and will not claim men as officials or lawmakers from any section that will meekly allow things of this character to transpire without resentment.

With their guns they defied the informant to show where the grave was located and this convict knew that it meant death. The information is there and it should be brought to light at once. Every statement thus far claimed by the prosecution has practically been proven and the joke that the lumber company and the whipping boss has tried to make of the affair is serving as a boomerang for the sentiment is that not one of them is telling the truth—mainly for the same reason that they met the investigators yesterday with their guns—they fear prosecution—they fear the light of the truth and publicity—they fear their jobs and their bosses and they are serving money—every official and every doctor and every last one connected with the whole deal.

This last incident is the most disgraceful thing that has happened in Florida in the last decade in the way of trying to prevent the securing of facts and have the law take its regular course. And no one but degenerated cowards of the lowest type would approve such tactics or attempt them. —Lakeland Telegram.

Trap Shooters at it in Earnest Yesterday

Although there was a drizzling rain throughout the afternoon it was not enough to dampen the ardor of the local trap shooters and neither did it keep away the many visitors that are coming to Sanford every Thursday to join the locals in their weekly shoots. Sanford had two squads there while Messrs. Evans and McGibben of Orlando and Mr. Harold representing the U. S. Cartledge Co., also took part and showed the locals a few points in the art of "knocking them over."

Some exceptionally good scores were made yesterday by the local shooters and by the time the state shoot comes off next month, with hundreds of visitors here to take part in the match, the locals will be found right up amongst the best of them.

The State Shoot, which starts on May 17th and lasts for three days will be one of the biggest events ever staged in Sanford and is attracting attention, not only throughout the state but will have representation from all points south of Memphis. During those three days there will be hundreds of these shooters in Sanford to compete for the honors and prizes and the local Rod and Gun Club are making large plans to put this thing across in a manner that will leave a good impression of Sanford in the minds of the visitors for years to come.

At the same time, it behooves every member of the local club to get into these Thursday afternoon shoots in order that they will find their bearings in plenty of time to be amongst the best when the big day arrives. A detailed account of yesterday's scores is published below:

Interest is again running high at the traps of the Sanford Rod and Gun Club and many of the regulars are out each Thursday afternoon getting in shape for the big shoot that will be held here on May 17, 18, 19. Thirteen were out yesterday, including visitors from other places and while the rain interfered with the shooting and the crowd there were several good scores made. The top score goes to Ben Coleman with an average of 96 for the day with Wight a close second with 95. On account of the weather many did not have time to fill out their program but the score for yesterday is as follows:

Perfect baking is the art of producing fine foods. Our master bakers construct a loaf of bread that appeals to every family's sense of food value. Our pastries will make you wonder why meal-times don't come closer together. When you write out your next grocery order write the name of our bread upon it and insist that you get it.

Sanford High Plays in Orlando This Afternoon

The teams representing the Sanford and Orlando High Schools will battle to a finish this afternoon at Exposition Park in Orlando, the Sanford team taking along many Sanford fans with them. Coach Wilkinson has not announced his line up for this afternoon as yet, but will in all probability be the same as the one that beat Orlando in Sanford on the 13th of this month.

Orlando is all set and waiting, according to the following from the Orlando Sentinel:

"Battles of history will be revived at Exposition Park this afternoon when Memorial High School plays Sanford High on the diamond. The game promises to be one of the best high school matches ever seen here. It will begin at four o'clock.

Memorial's line up will be something like this: Vandergrift, 1b; Roland Tinker, 2b; Joe Tinker, ss; Poague, 3b; Dennis, c; Elliott, p; Thompson, lf; Helms, rf; Mole, cf.

gram but the score for yesterday is as follows:

Coleman	48-50
Wight	71-75
Lloyd	93-100
Hutchison	69-75
Evans	91-100
Knight	45-50
Puleston	65-75
McKibben	86-100
Whitner	64-75
Brumley	78-100
Harrell	34-50
Stokes	17-25
Ammon	17-25

Mr. L. A. Brumley was one of the regulars of last year that was seen at the shoot yesterday, and from the way those birds disappeared every time he pulled the trigger, leads one to believe he has been doing some secret practice on the side.

Charley West was in from Oviedo to give the gang the once over, and while he did not take part in yesterday's shoot he was going over the ground with the intention of bringing in the Oviedo squad next week to show these local boys up.

Doc Puleston was at the shoot yesterday also, and that makes it look like old times when the Doctor is there. Doc was some of last year's best and he has made the boast that he is going to make himself hard to catch this year.

Next week should find not less than four squads at the weekly shoot. All these guys what play golf every day should not forget that the state shoot is just a short distance off and if they are going to do anything worth while at that time they should be getting in some practice now.

And where the deuce is Bob Newman and Col. Knight. Them's two good 'uns, and they are needed at the lot every Thursday afternoon. But we'll betcha ten cents they will be there next week.

Just you wait until the program, that one Charley Whitner is working day and night on now, is published. If you want to see the program for a sure enough big event, yourself. Them three days are going down in history as the biggest of their kind in Sanford.

Boston Takes one From Yanks, Browns Win, and Indians Win

DETROIT, April 27.—Detroit was vanquished yesterday by the Siskier Browns, 4 to 3. Ken Williams' third home run of the season came in the sixth, Gerber's second double of the day, followed by Robertson's single, brought in the deciding run in the ninth. The score:

St. Louis	000 021 001—1 8 1
Detroit	003 000 000—3 11 0

Shoemaker and Severeid; Collins, Francis and Bassler.

BOSTON, April 27.—Boston opened its home season yesterday by defeating New York 5 to 4, the winning run coming in the 9th, on a double by Harris and a single by Burns, after New York had tied the score in the final inning. The score:

New York	100 001 002—4 11 2
Boston	200 110 001—5 12 0

Joyt, Mays, Bush and Schaig; Elmke, O'Doul and Pienich.

WASHINGTON, April 27.—Twenty-two thousand fans saw Washington cop the opening game of the season here yesterday, from Philadelphia, 2 to 1. With the score tied in the 7th, Sea Zachary, who pitched the Nationals to victory, hit for three bases, only to be put out later at the plate. Evans, however, scored during the inning on a single by Goslin. From a box President Harding tossed out the first ball. The score:

Philadelphia	000 100 000—1 9 0
Washington	000 010 10x—2 7 1

B. Hafis and Perkins; Zachary and Gharitty.

CHICAGO, April 27.—Stanley Coveleskie pitched airtight ball in the pinches yesterday, while Cleveland hit Faber opportunely and shut out Chicago, three to nothing, before an opening day crowd of approximately 39,000. The score:

Cleveland	100 000 020—3 6 0
Chicago	000 000 000—0 8 0

Coveleskie and O'Neill; Faber, T. Blankenship and Schalk.

HEAVY SHIPMENT OF TOMATOES GO FORWARD FROM MANATEE SECTION

BRADENTOWN, April 26.—Tomatoes are moving to market in increasing quantity from this section now, the movement gathering impetus daily. It is estimated by Manager L. T. Williams of the Manatee County Vegetable Growers' Association that this week's movement of tomatoes will not fall much short of forty cars a day and may average higher than that.

Carload movement of tomatoes for the season which has just opened up to Monday night of this week—was close to one hundred cars for the period. Of course, that is only the beginning of the movement. Prices are good—fancies were quoted Tuesday at \$3.25 to \$3.50; choice at \$2.50 to \$2.75, and ordinary at \$2 to \$2.25.

If no heavy rains occur to blight the fruit the car movement out of Manatee this season should figure in about fourteen to fifteen hundred carloads of tomatoes. That means a money return to this section of around a million and a half dollars on the tomato crop alone.

Can't Stop the Giants, Reds Lose to Cards, Pirates and Dodgers Win

ST. LOUIS, April 27.—After going hitless for three innings, Couch was found for six safeties, including two doubles, and St. Louis defeated Cincinnati yesterday in the second game of the series, 8 to 4. Roush got four hits out of 5 times to the plate, two being doubles. The score:

Cincinnati	200 010 010—4 14 1
St. Louis	000 600 11x—8 13 2

Couch, Abrams, Benton and Hargraves; Shardell and Clemons.

NEW YORK, April 27.—The New York Nationals opened their home season here yesterday, with a hard fought 7 to 3 victory over the Boston club. The game was a freakish affair and full of unusual incidents. Boston made only one fluke hit off Nehf and Ryan, a bouncer by Bockel thru Booth's legs in the fifth inning. All three Boston runs resulted from errors. Christy Mathewson, new Boston president, was given a tremendous ovation. With two out in the eighth, New York started a rally in which the Giants bunched six hits for ten bases and scored 6 runs. The score:

Boston	000 011 001—3 1 0
New York	000 001 06x—7 13 4

Marquard, Oeschger and Gawdy; Nehf, Ryan and Snyder.

PITTSBURGH, April 27.—Pittsburgh made it two straights from Chicago by winning yesterday's game, 7 to 2. The Pirates knocked Osborne out of the box in the second inning. After four runs had been scored and with the bases full, he was relieved by Dumovich, who retired the side. Stauffer, a Pittsburgh boy on the Chicago

team, pitched the two last innings. The score:

Chicago	000 100 010—2 10 1
Pittsburgh	010 000 21x—7 13 2

Osborne, Dumovich, Stauffer and O'Farrell; Adams and Gooch.

PHILADELPHIA, April 27.—Brooklyn spoiled the National League opening here yesterday by beating Philadelphia, 14 to 4, in a hard hitting contest. In the first inning Williams hit a home run, scoring Holke ahead of him and putting the Phillies in the lead for a short time. In the 6th, High hit a circuit blow for Brooklyn. The score:

Brooklyn	122 015 001—14 15 1
Philadelphia	200 000 020—4 8 1

SERVES NEEDS OF YOUTH

The needs of youth are charmingly served in this frock of changeable apricot and old-rose taffeta. The oval-shaped neck is bound with a bias fold of self-material, and the sleeves of flowing design, are finished in the same way. If preferred, the deep flowing sections which lengthen the sleeves may be omitted, giving the dress a more formal air. Medium size requires 4 1/2 yards 36-inch material. Pictorial Review Dress No. 1431. Sizes, 34 to 46 inches bust. Price, 35 cents.

ACHIEVES ELEGANT SIMPLICITY

An interesting frock is this because it makes one look just as one wants to look—elegant and conservative. For the model, dark brown crepe is used. If the deep collar is not preferred, the slashed front may be rolled back to form revers, surmounted by a collar. This design lends itself to development in a variety of materials. Medium size requires 4 1/2 yards of 36-inch crepe. Pictorial Review Dress No. 1426. Sizes, 34 to 52 inches bust. Price, 35 cents.

UPSALLA AND GRAPEVILLE

Mrs. Westerdick spent the day Tuesday with Mrs. Wm. Swayne. On Sunday Mr. and Mrs. Jesse Lee and children of the Westside and Mrs. Katie Thompson and son Ralph, and little granddaughter from DeLand were callers at the home of Mr. Mrs. Stedt.

Rev. Wahlberg was also a guest there, having called on Saturday at a number of Grapeville homes.

Mr. and Mrs. Nelson and two daughters of Silver Lake came over Sunday morning to hear the sermon by Rev. Wahlberg.

Mr. and Mrs. Edwin Lundquist and children and Mr. and Mrs. Hilmer Lundquist and little daughter spent Sunday at Palm Springs.

Mr. and Mrs. Neil Swanson had the pleasure of a little outing last week motoring with their son Norman, Saturday to Tampa and returning Tuesday. He met Mrs. McDougal to see a brother there.

Mrs. P. J. Peterson and daughter, Helen, of Osteen, were dinner guests of Mrs. Westerdick on Saturday. They came over to attend the services at the home of Mr. Forrest West, Elder Shuller and wife also came from Orlando.

Mrs. August Swanson is spending a few days with Mrs. Harold Haskins this week.

Mrs. Beck and mother, Mrs. Westerdick, attended the arbor day exercises at the school on Wednesday.

Mr. and Mrs. Collier stopped to see Mr. and Mrs. Cramer on Sunday. His nephew, Will, who has been spending the winter with them went back last week to his home in New York state, but as he has had Florida sand in his shoes, it may draw him here again. "Anyway he liked it."

Ben Swanson after spending the winter here with his brothers, Neil and August and other friends left on Wednesday for his home at Denver, Colorado. August was down to see him off and on Sunday, Neil and wife visited at the home of Mrs. Nelson where he has been stopping for some time. Neil had not seen him for forty years.

Rev. O. Eckhart of Pierson will preach tonight, Thursday and again on Sunday evening at the Lutheran church.

We hear that Bro. Clark preached at Lake Mary on Thursday evening. Saturday morning occurred the funeral of David Henry Thompson, the nine year old son of Mrs. Emma Bryant of Longwood. He had been an invalid all of his life, being unable to walk until seven years old. Malaria also affected his heart. Late-ly his mother had moved to Mrs. Jack Vaughn's who kindly helped to care for him calling the county doctor who did all he could. Father Hennessy of the Catholic church held services at the grave. His uncle, Axel Lundquist and sisters, Mrs. Nylund and Mrs. Dan Ferry and son and daughters, Mrs. Joe Fortier and Columbus Farin of Soldiers Creek attended the funeral. Mrs. McWaters kindly took the mother to their home. She moved her things back to Longwood Monday.

Mr. and Mrs. T. O. Tyner and family of this place and Mr. and Mrs. Noah Fry, Mrs. Bengston, Miss Eunice Tyner, Mr. and Mrs. Maines all of Windermer and Emil Magnuson pic nicked on Sunday at Crystal Lake.

Mr. and Mrs. Bert Smith and two children and Mr. and Mrs. Henderson of near Monroe were Sunday afternoon visitors at the home of Mr. and Mrs. Wm. Henderson.

Mr. and Mrs. Will Robinson had a pleasant time fishing on the St. Johns on Friday.

Mrs. Volle Williams and children took a trip to Orlando on Wednesday.

Mrs. Ballinger spent a day with Mrs. Albert Cruse at her home near the pre-cooling plant on Wednesday. Albert is the day electric engineer

there. We enjoyed seeing the celery on its trip from the trucks to the big washing tubs, the bunching and crating and on the carrier which takes it to the place where streams of ice water chills it, then on the carrier again right to the feed car ready for its trip north. We also enjoyed a pleasant drive through the truck section and down by the little church.

Saturday Special, 80c 1-lb. assortment of Chocolates, 49c. Saturday only.—R. C. Bower. 25-2tc

"It Pays to Swim With the Current"

This is about two spark plugs. At the moment they are lying on the sales manager's desk in the establishment of a large middle-western hardware jobber.

One spark plug bears a name known wherever automobiles are used, the other a name seldom heard.

Both, says the sales manager, are good plugs. On the score of quality they run neck and neck.

"But," he adds, "we are discontinuing this line"—and he holds up the plug of unfamiliar name. "Yes, and our discount on it is larger, too."

"What's wrong with it? Not a thing. It's a good plug—mighty good plug, but—no one knows about it. It isn't advertised—the other one is. The demand is for the advertised make. And we've learned it pays to swim with the current, not against it."

More and more jobbers in every line of business are learning every day that

it pays to swim with the current of popular demand.

"Our job," said one jobber, "is to supply markets, not create them. Let the manufacturer make a market for his goods, and we will handle it."

Said another—"Our salesmen carry a catalog with thousands of items in it. They haven't the time to push unadvertized goods. Their work is principally taking orders."

If you go among these wholesalers today to introduce a new product in competition with merchandise nationally advertised, unless the article is exceptional, you will be met everywhere by the injunction: "First go out and get a reputation for your goods through advertising."

The wholesaler knows by actual contact with dealers how they value speed of turnover, goods which move with a minimum of effort, goods people know about and ask for.
