

Seminoles Rally In Ninth To Defeat Nashville 5-3

4 Vol Hurlers Give Up 11 Hits Opponents Garner Only Nine Safeties Off Pinder, Jeter

Sanford's Seminoles won their first exhibition game of the season yesterday afternoon when they defeated the Nashville Vols 5 to 3 at the local ball park in a game characterized by clever base running and flash fielding.

The game was tied at 3-all at the ninth inning. Ralph Hyder, a new comer to the Sanford Club, drew a walk from Myers, the fourth Vol pitcher, and advanced to second on a passed ball. Dick Gillespie, playing second in place of Whitey Campbell who had replaced himself at the end of the sixth, slammed out a single to right field to score Hyder. Willie Steen singled to left to score Gillespie for the final run of the game.

Nashville failed to score in its half of the ninth when Duncan, batting for Meer, walked and was out on a double play as Collier hit to short and was out short to second and Duman was out second to first. Mihalic flew out to second base.

Leading the Sanford batters at the plate was Willie Steen with three hits in three times up. Collier, Rockett, and Boken had two hits each for Nashville.

Joe Jeter worked six innings for Sanford and Joe Pinder took over and did a creditable job. Hurling for Nashville were four pitchers, Paffenberger, Patterson, Harris and Meers.

Nashville gathered nine hits and Sanford made good on 11 safeties.

Thomas J. Lieb Is Named Gator Football Mentor

GAINESVILLE, Apr. 1.—(AP)—Thomas J. Lieb of Venice, Calif., a former Notre Dame football star and grid mentor, was named head football coach at the University of Florida yesterday.

His appointment was announced by Chairman H. P. Adair after an all-day session of the State Board of Control with the University Committee on Athletics. Lieb, a unanimous choice of the board, confirmed his selection shortly after he had been notified at his California home.

The athletics committee settled on Lieb at a meeting here Saturday night but no information was given out pending consideration by the board of control yesterday.

Lieb, whose appointment is effective Apr. 15, 1940, and runs through Dec. 31, 1942, will succeed Josh Cody, who resigned Mar. 4 to become line coach and assistant to Ray Morrison at Temple University.

A statement issued by Adair said Lieb would be paid \$7,500 a year; \$3,000 which will come from university funds and the remainder from football gate receipts. The contract may be terminated at the option of the university on Dec. 31, 1941, or after the second season of Lieb's services, upon payment to him of half a year's salary.

The board also said the present coaching staff would be retained through next season. They include: Harold Williams, and Mike Milligan, who were chief assistants to Cody last season; Sam McAllister, freshman grid coach and varsity basketball and baseball mentor and Jack Daniel.

Lieb's appointment ended a lively speculation concerning a successor to Cody, Williams, Bobby Dodd of Georgia Tech, George Tragon of London High School, Herb McQuillan of Texas A. and M. and Brady Cowell of Stetson were among those mentioned for the job.

No mention was made in the

hurling corps, have been given the mound assignments for this afternoon's game. Frank Hudson, star left hander from last year's staff, was scheduled for action in this afternoon's game but was replaced because of a minor ailment.

Manager Whitey Campbell said he will put a lineup on the field that will be plenty fast and speedy, and not altogether lacking in power.

The Seminoles' lineup will be as follows: Red Marion in left field, Willie Steen in center, Ralph Hyder, rookie in right field, Bill Rowan, rookie on third, Charlie "Red" Roberts, rookie, on short; Manager Whitey Campbell will be at his old post at second; another new comer, Joe Landrum, will handle first. Two catchers, Tony Kestel and Al Kimbrell, will take turns behind the plate.

of the local post, said today.

H. I. Hampton of Leesburg was elected vice-commander and Anubien Benn, secretary, during the business session at which a program of activities for the ensuing year were mapped out, Holly said.

At the afternoon session the veterans heard a debate at Croom's Academy between Claudia Baldwin of Eatonville High School and Edna Barnes of Croom's Academy, the latter was adjudged the winner.

WOMEN GET 'BUILD-UP'

A good way to relieve periodic discomfort from functional dysmenorrhea due to malnutrition, such as headaches, nervousness, cramp-like pain, many women find is by using CARDUI. It usually sharpens appetite, increases flow of gastric juices and so aids digestion, helps build resistance to periodic distress. Another way CARDUI may help you: Take it a few days before and during "the time." CARDUI has been popular for 50 years.

Azaleas For Sale

We are indebted to the Orlando Sentinel for the three thousand azalea plants together with 250 dogwood trees which the Sanford Garden Club is offering for sale here Friday.

For the past week we have been writing and telephoning all over the state trying to find some azaleas which we could sell for 15 cents a piece, without any luck whatever. It seems the Sentinel in its zeal to beautify Orlando had cornered the two-year-old azalea market in Florida, but when we called Martin Andersen and told him our plight, he very generously consented to let us have 3,000 of his plants.

So the sale will go on Friday of this week in one of the vacant stores in the Meriwether Building on Magnolia Avenue. It will be handled by the Sanford Garden Club whose members are donating their services for the good of the cause. The City Commission is also pledged to cooperate to the fullest extent and The Sanford Herald intends to make sure that the public is well informed regarding the sale.

These plants are being placed on sale at absolute cost to the nursery. There is no one making any profit on it in any way, shape, or form, and it is being done solely for the purpose of making Sanford a more beautiful city in which to live or in which tourists may spend their winter vacations. The azaleas which you will buy here Friday for 15 cents a piece ordinarily retail at 35 cents each.

They are good hardy azaleas and while they are not as big as some you might buy in the nurseries for a dollar a piece, they will grow into plants of that size in two or three years if you treat them right and take care of them properly. A dozen azaleas purchased now for \$1.80 should in a few years be worth \$12 or \$15, and they will add considerably more than that to the value of your property, besides giving you a good deal of enjoyment yourself in the years to come.

So save your pennies, folks. Get ready for the grandest bargain sale in Sanford's history. Do your part to help Sanford keep pace with Orlando. Let's beautify our city.

Better Accommodations

Miami had a very splendid season this winter with probably more visitors than ever before but there were still plenty of hotel accommodations for all. But when one of the hotels suddenly jumped its rate up from \$18 a day to \$22 a day, just as the thermometer dropped to the lower forties, two gentlemen from Indiana began to make inquiries elsewhere.

As told by the Miami News, one guest complained to the other, "And why should we pay \$22 a day for shivering, I ask you?" While they mulled the matter over, fate led them to the hotel's bulletin board listing churches, hospitals, etc.

"Do you see what I see?" one asked. "Steam heat! It says so, right here." They dashed to their room, and one called a Greater Miami hospital. His companion gave ear to the conversation, which went something like this:

"You have steam heat, you say—and if I'm not able to get around, you will furnish me transportation to any place I want to go—and three meals a day—all for \$8 a day. Say, lady, what are you waiting for? Reserve me two rooms quick!" That's how one \$22-a-day hotel lost two guests this season, right in the middle of the "cold spell."

THE "GOOD NEIGHBOR" policy fostered among New World nations, in which President Roosevelt and Secretary of State Hull have been extremely active, was "fathered" back in 1820 by Simon Bolivar, who called the first meeting of nations comprising the Americas, according to Pedro de Alba, assistant director of the Pan American Union, writing in the Rotarian Magazine. To Bolivar's first meeting of American nations go the beginnings of the Pan American Union, which will celebrate its 50th anniversary on April 14. The fact that this birthday can be celebrated is a hope for the future, de Alba asserts. He points to the Union as an instrument of co-operation and goodwill, and says: "The governing board of the Pan American Union presents a vibrant and healthy example of the way in which problems facing an international order might be met. An atmosphere of understanding and tolerance has sterile controversies, but at the same time a sense of responsibility makes each representative a devoted spokesman for his own country."

WASHINGTON DAYBOOK

By JACK STINNETT

WASHINGTON, Apr. 2.—(AP)—Notes of a newcomer: In the capital, that epidemic of Chinese colic, Confucius Bay, is at its worst. . . It took a literary taxi driver, warping through sodden traffic in a downpour, to put Washington weather in a peanut shell. . . claimed he was quoting Mark Twain: "If you don't like Washington weather, wait a minute."

Both the President and Mrs. Roosevelt have coats of tan that make the stay-at-home look anemic. Secretary of State Hull is (at the moment) the most accessible of the cabinet members. . . Postmaster Farley the most accessible.

There are two schools of thought here: (1) FDR will run again; (2) FDR won't run again. That provides the chief topic of conversation. The consensus seems to be this week that if the President doesn't run, the Democratic nominee will be Clegg Hill. Next week FDR let you know.

Platinum Blonde—Today's history lesson: The first woman, Elizabeth Cady Stanton, to be elected to the senate of the United States. . . 23 congresses and congressmen, attending a dinner at the Press Club. . . that night, Elizabeth Cady Stanton was elected to the senate of the United States.

most legislative districts are either in the city or the country. There are times, too, when the division of interest that they overrides party lines. (One thing they seem to be in perfect agreement on, though, is the quality of the house restaurant's bean soup. It's the best in the land (recipe on request) and I'll vote with the house any time they want to declare it so publicly.)

Capital Crime
There's a battle going on now against a District of Columbia crime wave. Seems funny, doesn't it, there should be a crime wave in the city that houses national headquarters of the Federal Bureau of Investigation, the Secret Service, the postoffice inspectors, the Department of Justice, and probably more private investigators than any other city in the world.

Wonder if the politicians' favorite dance is the pork-barrel polka. The National Zoo's latest acquisition is Emperor Dugan, an Antarctic penguin, and I'll vote first of his breed to be brought north of the equator. Dugan's favorite pastime is strutting in front of a mirror, but that's not what makes the Emperor the strangest bird heretofore.

Note to Senator Tobey of New Hampshire: Within a few hours after you let loose your radio blast on the Census Bureau questions, the Census Bureau prepared for a flood of demands with 5,000 mimeographed allibi letters, explaining why those two questions were being asked. When only 200 requests came in for the letters, Census Bureau officials began asking, "Weren't the folks listening or didn't they care?" Don't ask me.

Doctor Townsend Says
WE HAVE only ourselves to blame when unscrupulous individuals are elected to public office. The patch of American citizenship is highlighted by a recent study carried out by Prof. James K. Pollock, University of Michigan, on the voting behavior of citizens in Ann Arbor, Michigan. It discloses that "only 25.3 of registered voters. . . take their civic responsibilities seriously enough to exercise the franchise regularly." It is evident, as Dr. Pollock observes, that the fault lies in the lack of basic training in school years. Must we wait until our whole structure of government is undermined before we awaken to the realization that schooling and education in citizenship must be more thorough and must awaken civic interest!

Club Presents Gifts To Bagwell, C Of C

The Tourist Club presented the Chamber of Commerce building with six Samson card tables and Ralph Bagwell with the many courtesies shown to them throughout the winter at the final meeting of the year last night. The presentations were made by Mrs. Ida Baldwin in behalf of the club.

Mayor Walter Coleman was the principal speaker on the program and in describing Sanford's appreciation of the tourists invited each of them to return to Sanford next winter when an enlarged tourist program would be arranged for the club. The work of Ralph Bagwell with the Tourist Club was highly praised by the mayor, who also announced that like several other Florida cities Sanford will begin a sale of azaleas and dogwood Friday in the vacant store next to his.

The meeting was presided over by Mrs. Earl, president, and a report on the financial standing which showed that the club has a small balance, was given by Miss Fenwick, secretary and treasurer.

An enjoyable negro dialect reading was given by Mrs. Baldwin and Mr. Portman told the group of Elmira, O., his home town. An original poem was read by C. H. Swartz.

The entire club gave a yell for Mr. Bagwell and Sanford. Songs were sung by the club and this being the last meeting of the year, members joined hands and sang "Auld Lang Syne" and "God Be With You 'Til We Meet Again."

Mrs. Chapman announced that the last boat trip of the year will be held on Friday and invited the members to attend. At the conclusion of the meeting, refreshments were served to those present.

Miss Anne Gasz Weds Talton R. Phillips

Miss Anne Gasz, daughter of Mr. and Mrs. John Gasz of Jacksonville, became the bride of Talton R. Phillips, son of Mrs. R. Phillips of this city, at a lovely ceremony performed at 4:00 o'clock Saturday afternoon, Mar. 23, in the home of Mrs. Burke Steele, 2909 West Beaver Street in Jacksonville. Justice of the Peace Francis Warren, officiated.

The interior of the home was decorated beautifully with azaleas and baskets of Spring flowers.

Miss Emogene Shure, of Jacksonville, acting as maid of honor, was the bride's only attendant. Her dress was a costume suit of tulle and white accessories.

Raymond Parrish of Jacksonville was the best man for the bridegroom, and the usher was H. D. Giddens, also of Jacksonville.

Little Connie Webb of Waycross, Ga., acted as flower girl and carried a basket of flowers and an orchid and lilies of the valley. The bride's mother, Mrs. Gasz, wore a black tailored suit. Her accessories were black and her corsage was of pink carnations.

Immediately following the ceremony a reception was held. The bride's table was lace covered and centered with a large bowl of Spring flowers and an arrangement of white tapers. The three-tiered bride's cake was decorated with sprays of lilies of the valley and topped with a miniature bride and bridegroom. Assisting in serving at the reception were Miss Barbara Reisz and Mrs. W. L. Webb.

After spending some time with their guests, Mr. and Mrs. Phillips left for Sanford where they will reside. Mr. Phillips is connected with Chase and Company.

Out of town guests included Mr. and Mrs. W. L. Webb and daughter, Connie, of Waycross, Ga., and Creston Phillips of Sanford.

Miss Virginia Moore To Speak At Meeting

Miss Virginia P. Moore, state extension specialist in home improvement work, will be the feature of the program for the monthly luncheon meeting of the club house on Oak Avenue at 12:30 o'clock.

Miss Moore, speaking on "The American Home of Yesterday and Today" will further the theme being emphasized by the club for Golden Jubilee Year by contrasting the past with the present.

Mrs. Reva D. Andrews, county demonstration agent, will introduce the afternoon's speaker.

Gardens Will Pay 3-Way Dividends

GAINESVILLE, Apr. 2. (AP)—Florida farm families this year have an opportunity to collect triple benefits on their home gardens, says H. G. Clayton, state AAA administrative officer. First is the saving in food provided by the garden, second the dividend of health which a good diet and adequate nutrition will build, and third is the \$150 soil building payment provided by the AAA.

Clayton says that credit will be given under the Triple A for each home garden grown on the farm by landlord, tenant or subtenant per family. The only requirement is that each garden must consist of at least one-fourth acre of ground in one piece, must be adequately protected from livestock, and should be in production throughout the year, producing at least eight different vegetables.

Home gardeners who prepare their soils well, cultivate well, plant a succession of crops to have something fresh every month, and who control insects have gained in two ways each year. Clayton says they have an opportunity to make a cash collection as well this year, since the Agricultural Adjustment has given recognition and encouragement to the home garden.

Heart Ailment Is Cause Of Death To Mayor Of Miami

MIAMI, Apr. 2. (AP)—Mayor Everet George Sewell, 65, a major figure in Miami's development as world renowned winter resorts died this morning of a heart ailment.

He was in his fourth term as mayor, and had served seven years as city commissioner.

He and a brother came to the tiny community on the edge of the Everglades in 1896, the year Miami was incorporated, and opened its first store. He became publicity manager of the Chamber of Commerce in 1916, when the population was 7,500. Intensi-

fied publicity campaign, and 10 years later the population was 125,000.

During his second term as mayor he instituted legal action resulting several years later in a refund of almost \$4,000,000 to electricity users.

He had no children.

3,000 AZALEAS
 AT **15^c** EACH

And
250 Dogwood Trees
 At **25^c** Each
FRIDAY MORNING Beginning At 10:00 O'clock
116 MAGNOLIA AVENUE

These plants have been secured from the Florida Nursery and Landscape Co. with branch office and nursery in Sanford, through the courtesy of the Orlando Sentinel.

DIRECTIONS FOR PLANTING DOGWOOD

1. Dig hole 24" wide, 18" deep.
2. Add 50% good compost, peat, rotted leaves, or well rotted raw bone-meal.
3. Place tree in center of hole, one to two inches deeper than it grew originally.
4. Spread roots to natural position.
5. Use plenty of water and settle in the prepared soil, making sure that there are no air pockets left around the roots.
6. Water with one gallon.
7. Water once each week until plants are established.

The LEGEND Of The DOGWOODS

At the time of the crucifixion, the dogwood attained the size of the oak and other forest trees. So strong and straight was the wood of it that it was chosen for the timber for the Cross. To be thus used for such a cruel purpose greatly distressed the tree, and Jesus smiled upon it, sensed this, and in His gentle pity for sorrow, said to it: "Because of your regret and pity for My suffering I make you this promise:

"Never again shall the dogwood tree grow large enough to be used for a cross. Henceforth it shall be slender and bent and twisted, and its blossoms shall be in the form of a cross—two long petals and two short petals, and in the center of the outer edge of each petal there will be nail prints, brown with rust and stained with blood. And to the number of the screws there shall be an image of a cross, of those used on all who are crucified. And if you see a dogwood tree I was crucified, and this tree shall not be cut down or destroyed, but preserved as a reminder of My Death upon the Cross."

DIRECTIONS FOR PLANTING AZALEAS

1. PREPARE beds carefully, making sure no water from neighboring shrubs or trees is excluded.
2. SOILS—Any soil will do satisfactory if it has good drainage. Light sandy soils may be improved by adding 50 percent good manure or oak leaves.
3. FERTILIZERS—Using commercial ones in the amount of those of planting is helpful.
4. WATERING OF AZALEAS—Shrubs from home where they have been raised by hand-picking, the main thing to get them to well before planting around foundations. Water in shade to water.
5. PLANTING—Set plants in shade until they are well established. Do not set them in full sun until they are well established. Water in shade to water.
6. CARE—The shrubs of the Azalea are not to be cut down or destroyed, but preserved as a reminder of My Death upon the Cross.

Washington Defeats Sanford's Seminoles 15 To 0

Jimmy Dean And Ken Chase Limit Seminoles To Five Scratch Hits

Waddell And Bloodworth Stage Field Day At Bat, Former Getting 2 Hits, Latter Five

Washington's Senators fell on Sanford's Seminoles yesterday for 15 hits and a 15-0 victory over the Florida State Leagueers who put up a good stand for 6 innings when the Senators were leading but 4-0.

However, a rookie pitcher, Rantlin, went to the mound for Sanford and the hungry Senators tore into him for a gala of hits. Only one member of Sanford's regular pitching staff saw action against the Senators, and that was Al Nixon who showed plenty of promise of becoming one of Sanford's best hurlers this season. Lefty Frank Hudson who was scheduled to pitch also could not because of a pulled ligament in his back.

After the Nats had looked none too well against Colonel Charles Bradshaw's Seminoles for six innings, leading only 4-0 at the start of the seventh, Manager Whitey Campbell sent the ill-fated Rantlin to the mound for Sanford.

Rantlin, wild as a rumor, walked the first three batters to face him. Waddell solved his problems of clearing the bases by floating a fast ball over the 350-foot right-field wall for a four-run stand. The Nats continued to bat around in that frame, adding one more run.

In the eighth, with Jake Enry and Johnny Waelj on base, Waddell poked another and longer drive over the rightfield barrier to account for three more runs. Then Gerald Walker tapped a single into left to set the stage for Jimmy Bloodworth's crowning gesture of a perfect five-for-five day at bat. Bloodworth caught on to account for three more runs and dropped it into the clubhouse yard beyond leftfield to conclude the afternoon's run-making.

Ken Chase worked the first six innings during his attack. James "Doney" Dean finishing the stretch with a two hit performance.

Semi-Finals To Be Held In Preparation For Yearly Derby

ORLANDO, Apr. 2.—With the completion of the first round of eliminations, semi-final heats will be staged on tomorrow and Friday nights at the Sanford-Orlando-Kennel Club in preparation for the running of the fifth annual Central Florida Greyhound Derby.

Lucky Dot, Extra Speed, Happy Career, Lady at Arms, Pleasant Sue and Fair Blood comprise will wage this first semi-final battle with six contestants who fought tomorrow night. Out of this contest of spectators, four dogs will survive as qualifiers for the Derby finals. Drawings for post positions for these six dogs will be announced today.

The preliminary and semi-final elimination races are being staged over the 5-10th mile race, while Monday night's Derby race will be waged over the 33 1/2 mile course. The Derby consolation race, to be waged Wednesday night week as the feature of the season's final night of racing, will be run over the 3-5 1/2 mile distance, too.

In the feature race tonight, eight dogs who placed just outside the first-round Derby qualifiers will go to the post for a future heat. Grand Sis, Indian Roll, D. Satan, Black Son, Lucky Toe, Jappy, Ripper Corn, and Moremoney, are those ninth race entrants tonight.

ROLLINS TO PLAY SANFORD SEMINOLES

WINTER PRAK, Apr. 2.—The Rollins College baseball team, named out on Saturday's scheduled game with Ocala, hopes to make the Sanford Seminoles their first victim of the current season, when the two meet tomorrow afternoon on Harper-Bell Field at 4:00 o'clock.

Melwood will call on Jim Lewis, Sanford's right hander, a speed ball artist with plenty of dip dyed curves, will be pitching his best college game.

Saturday and Sunday, April 6 and 7, the fans will march into the big time when they take on the Orlando Senators at Tanker Field.

Flooded Rivers Drive Thousands From Their Homes

(Continued from Page One)

Several farm buildings were destroyed before they burned out. The flood situation state by state:

Pennsylvania—Dikes burst along the rising Susquehanna threatening evacuation of Wilkes-Barre, Kingston, Sunbury and Plymouth. At least nine dead. Area of 200 miles flooded, extending from New York state line to southern Pennsylvania. Fire threat forces shutting out of gas, furnaces closed and smoking forbidden in some sections.

New York—Flood waters recede upstate after worst inundation in five years. Roads and bridges washed out. Traffic re-routed or blocked altogether. Four believed dead.

Connecticut—Housatonic river valley under acute flood conditions, with evacuation of New Milford, Lewlana areas threatened if an ice jam breaks.

New Jersey—Deaware river rising to 16 feet above normal at Trenton. Rural roads closed.

West Virginia—The Ohio river created at 4:00 P. M., at Wheeling, reaching 23 feet, two feet above the flood stage. Wheeling Downs, the race track on Wheeling island, was covered with water. About 800 residents of the island were prepared to flee, but returned to their homes when water flooded only basements. Route 2 at Benwood, south of here, was inundated, and traffic was delayed.

Ohio—Entire southern strip expects floods. Empire and Stratton families ready for evacuation. Jefferson county Red Cross disaster committee prepared at Steubenville and neighboring towns on the upper Ohio.

California—More than 1000 families evacuated but clearing weather breaks flood danger. Two dead.

Joel S. Field Is Made Commander Of Legion Post

(Continued from Page One)

Those named as members of the executive committee were Mr. Field, George Weinstein, L. F. Boyle, Victor M. Greene, and Percy A. Mero.

The delegates to the state convention are as follows: George Weinstein, L. F. Boyle, and William H. Shepherd. Alternates are J. J. Rocco, Sidney M. Richardson, and K. G. Soderblom.

As commander of the local post, Mr. Field succeeds George Weinstein who was recently made vice commander of the Seventh District of the Florida Department, receiving this promotion after serving two years as commander of the local post.

The officers elected at last night's meeting will be installed at the first meeting of the legionnaires in May.

Further plans for sending the Sons of the Legion Drum and Bugle Corps to the state convention to be held in St. Petersburg were discussed at last night's meeting, and Commander Weinstein, who presided, announced that through arrangements with the management of the Ritz Theatre, the Corps will present a review on the stage of the Ritz Theatre the nights of Apr. 17-18, the proceeds from which will be applied on the costs of sending the group to the convention. Tickets, he said, will be placed on sale this week.

The large number of legionnaires present for the meeting also voted to defray the expenses of fitting glasses for two boys from the Methodist Orphanage at Enterprise.

Farmers' Help Is Sought With Land Use Plans

The success of the Florida land-use program for improving the lot of rural people and conserving and enriching the State's soil and other resources depends upon a maximum of all concerned, particularly the farmers themselves, according to information received today from A. P. Spencer, vice director of the State Agricultural Extension Service.

A survey to determine the needs of Seminole County in the matter of rural development was made several months ago by experts of the Extension Service and from this survey a program will be inaugurated for the betterment of the farmer's condition. It will be under the auspices of the Extension Service with other state and federal agencies co-operating.

"The program," Mr. Spencer said, "is based on investigation of rural needs and conditions and a carefully planned procedure for satisfying these needs and improving unfavorable conditions. Trained workers of the agencies involved in the program may investigate and make recommendations, but satisfactory results must come through the co-operation of the farmer and his family."

Every phase of rural life—the farm, home, health, food, and economic condition of the people—is included in the program. Conferences between farmers themselves and between farmers and representatives of the federal and state agencies will be necessary from time to time to study problems and work out ways of solving them, the Extension official explained.

Soil technicians, crop and livestock specialists, foresters, marketing and farm management specialists, home economics agents and supervisors, health workers, and other types of trained workers will take part in the program to cover all phases of farming and assist in solving rural problems.

"Investigation and study will reveal the things that need to be done, the changes that should be made, and the ways in which all around adjustments and improvements can be effected, but whether these changes and improvements are carried out successfully depends, in the final analysis, on the co-operation of the people who will benefit from them—the farm family," Mr. Spencer said.

WPA To Certify Persons Who Are First At Office

(Continued from Page One)

promptly at intake offices," the commissioner said. "It is only fair that those who applied first should be investigated first. Any other plan, in fact, would lead to untold confusion and unnecessary friction."

WPA social staff will certify those who have previously been certified, including persons who have been dropped from the rolls because of the 18-month rule, the commissioner explained.

HOLLAND

VOTED RIGHT ON THE TEN MAJOR LABOR QUESTIONS

- WORKMEN'S COMPENSATION**—Holland actively supported the proposed Workmen's Compensation Law in the 1933 session. In 1936 he actively supported the law, not only voting for the measure in its final form, but voting against unfriendly amendments.
- MECHANIC'S LIEN ACT**—Holland actively supported enactment of this bill, working and voting for passage of the measure.
- REPEAL OF POLL TAX**—Holland actively supported and voted for abatement of payment of poll tax as a prerequisite to voting.
- UNEMPLOYMENT INSURANCE**—Holland actively supported and worked for the Unemployment Insurance Act in 1932 and actively supported the strengthening of the measure in the 1935 session.
- TEACHERS' RETIREMENT**—Holland sponsored and supported the bill providing for the paid retirement of teachers in the public schools. He is for more and certain pay for teachers.
- CHILD LABOR**—Holland supported and voted for the proposed Child Labor Act in the 1935 session. He also was sponsor of the act providing for free text books for aid to dependent children.
- PRISON MADE GOODS**—Holland actively supported the bill to prohibit the sale of prison made goods in competition with goods manufactured by private industry.
- R. R. LEAVE**—Holland voted for and supported this law to require railroads to grant a leave of absence to employees appointed or elected to public office.
- INCORPORATED LABOR UNIONS**—Holland voted for and supported this bill regulating the issuance of union charters under state laws.

The best gauge of what a man will do in the future is the RECORD of what he has done in the past

Labor, if it expects to advance its program over any period of time, should reward a friend of Labor by giving him a promotion to a larger field where he can be of further service. Despite glowing promises made by others, Holland has been tried and found true. He is the only man in the governor's race who has a record which undeniably stamps him as a friend of Labor and a friend of the people.
