SUPREME ALLIED COUNCIL SIGNED ULTIMATUM SENT TO GERMANY AT ONCE

Embodies Definite Re- parations Terms of Entente

GIVES ALL DETAILS

OF GUARANTEES TO BE EXACT- ED AND DEMANDS ANSWER- ED BEFORE MAY 12TH

(By The Associated Press)
LONDON, May 5.—A formal invitation to appoint representatives to the Supreme Allied Council, Council of Ambassadors and Allied Reparations Commission was cabled to American State Department by Supreme Council last night.

LONDON, May 5.—Members of the Supreme Allied Council shortly after 10 o'clock this morning signed an ultimatum to be sent to Germany which embodies definite reparations terms of the Entente and gave details of guarantees to be exacted and demanded Germany accept or reject Allied terms before May 12th.

LONDON, May 5.—The allied governments' financial plan for Germany, which seemed to be a complete document yesterday, was being separated today by members of the reparations commission into two parts. One of these is the purely legal side formulated at the meeting at Versailles, while the other treats of guarantee bonds which it is planned to issue as security for the German payment and the rates of interest on these securities, these questions being outside the treaty.

It is not possible to determine yet precisely what specifications will be presented to Germany, but according to present intentions the reparations commission will send to the German government Friday a bill of liabilities strictly in compliance with the peace treaty, while simultaneously the allied governments will send another part of the plan, as modification of the treaty favorable to Germany and which she can accept or not.

It was explained yesterday that what was now being studied were questions of form rather than essentials.

Fitzmaurice Film Was Adapted From A French Original

The photoplay attraction at the Star theatre Friday and Saturday will be "The Right to Love," produced by George Fitzmaurice and featuring Mae Murray and David Powell. Ouida Berger adapted the story from a popular French play. It is a Paramount picture.

Miss Murray has the role of an American girl, who leads a wretched life with her husband, Sir Archibald Falkland, English director of the Ottoman Diet at Constantinople. In an effort to compromise his wife so he may marry another woman, Sir Archibald installs a Prince Stanislaus in his home. A Colonel Richard Loring, played by David Powell, arrives in time to rescue her from the clutches of the resulting mix-up. Loring shoots Falkland dead. He is acquitted in the trial that follows, and he and Lady Falkland seek happiness together.

"The Right to Love" is declared to abound in beautiful scenes, most of them made in Florida. Besides Mae Murray and Mr. Powell, Alma Tell, Holmes E. Herbert, Macey Harlam and Frank Losee are also in the cast.

U. S. STEEL SLICES \$150,000,000 OFF ANNUAL PAYROLL

(By The Associated Press)
NEW YORK, May 4.—A reduction of about 20 per cent in wages for day laborers, effective May 16th, and an equitable adjustment of other rates, including salaries, at the plants of the United States Steel Corporation, was announced today by Elbert H. Gary, chairman of the corporations' board of directors. It is estimated that between 150,000 and 175,000 employees of the corporation will be affected by the cut.

POLAND IN POSSESSION UPPER SILESIA

HAVE REACHED ODER RIVER AND GOING NORTH- WEST

(By The Associated Press)
LONDON, May 5.—Polish elements in Upper Silesia have forcibly taken possession of the wedge shaped region, the base of which was the former German-Polish frontier and apex of which has reached Gross Strehlitz, according to advices received here from the cities of Tarnowitz, Koenigschutte, Kattowitz, Rybnik, Ratibor Beuthen and Ubinitz, said to be in the hands of the Poles who have reached Oder river and are marching Northwest in the direction of Oppeln.

Charles Morse, Wealthy Resident, Dies at Winter Park

(By The Associated Press)
ORLANDO, May 5.—Charles H. Morse, of Fairbanks, Morse Company of Chicago, died at his winter home at Winter Park today after a two months illness.

Marine Workers Fail to Connect With Sec. Davis

(By The Associated Press)
WASHINGTON, May 5.—Representatives of the Marine workers failed to meet today with Secretary Davis to continue conferences looking to the settlement of shipping wage controversy which has resulted in crews from some American merchant crafts walking out. Davis said a conference would not be held and he did not know whether the meetings will be resumed or not.

SLACKER LISTS WILL BE PUBLISHED IN CONG. RECORD

(By The Associated Press)
WASHINGTON, May 5.—War Department slacker lists as issued from time to time will be published in the Congressional Record. Request for such publication made in house today by Representative Johnson, South Dakota, former service man, and there was no objection.

INCREASING DEFLATION PRICES ON COMMODITIES BRINGS BETTER TIMES

Reduction in the Paper Rate to 6½% Helps Business

(By The Associated Press)
NEW YORK, May 5.—Indications of increasing deflation of prices in commodity markets imparted a buoyant tone to the stock market today. The dealings for the first two hours exceeded in volume and extent of gains any similar period so far this year. Reduction of commercial paper rate from seven to six and one-half per cent by local Federal Reserve Bank was accepted as a prelude to better business conditions. Trading in the first hour on the exchange exceeded 350,000 shares. Gains of one to two points ruled in lower priced rails, also oils, motors, steels and shipping. United States steel rose fractionally to above 86 to highest quotation this year.

RIGHT REV. BISHOP CURLEY WILL SPEAK IN SANFORD AT CONFIRMATION SERVICE

The Right Rev. Bishop Michael J. Curley of the St. Augustine Diocese will be in Sanford next Sunday and will deliver two sermons, one at the 10 o'clock mass and one at 4 o'clock in the afternoon at which time a large class will be confirmed. The ladies and men of the church have arranged for a reception for Bishop Curley in the evening.

Bishop Curley enjoys the distinction of being the youngest bishop of any diocese in America and is at this time in charge of the St. Augustine Diocese which includes all of Florida with the exception of West Florida. He was at one time located at DeLand and many people in this section of Florida know him and will be pleased to have him here Sunday.

BE NO FIGHT OVER BRADFORD BUT WILL DIVIDE

TALLAHASSEE, May 5.—There is to be no fight over the division of Bradford county, yet the county is to be divided, with Lake Butler as the temporary county seat of the new county of New River.

This is the information given out by Representative Johns of Bradford county, who has been at home for several days, returning to the capital last night. At this morning's session of the house he introduced a bill providing for the creation of the new county.

New River will be the dividing line between the new county and the present county of Bradford, and the name of the new county will be New River county.

Mr. Register of Bradford county, joins with Mr. Johns in introducing the bill for the creation of the new county, thus shutting out any possibility of a controversy, unless the customary practice shall be abandoned and that is not likely.

The bill introduced yesterday by them took the unusual course of going to the calendar of bills on their second reading without being referred to a committee, and will very likely come up in a few days and go through without any fuss or controversy.

DYNAMITE EXPLODES IN CITY OF MIAMI KILLED ONE NEGRO

(By The Associated Press)
MIAMI, May 5.—One negro was killed and three others seriously injured at noon today when a box of dynamite on a wagon near business section of the city exploded from undetermined cause.

JOSEPH HAYDEN CROSBY, PROMINENT CITIZEN OF JACKSONVILLE, DEAD

JACKSONVILLE, May 5.—Joseph Hayden Crosby, president of the Greenleaf & Crosby Company here, died shortly after midnight. Sixty-five years old.

PHILLIPS WILL BUILD ON SANFORD PROPERTY AS SOON AS POSSIBLE

Says Building Costs Have Delayed Him Up to Present Time

There is much delapidated property in Sanford that is disgraceful to the city. We have it on the principal corners of the city and we have it on corners that are not so principal but where it looks like the breaking up of a hard winter. Visitors to the city ask why it is allowed to stand year after year without the city commissioners having it condemned and torn down. There is not an owner of such property but that could afford to tear the wooden buildings down and build more substantial structures now that the building material is down. There are resident owners of such property and there are non-resident owners of such property the latter predominating and it was an account of I. W. Phillips of Orlando buying a business block down there that caused a comment in the Herald asking him why he did not fix up his property. Mr. Phillips is one of the greatest boosters in Orlando and has done a wonderful work in that city. When he came to Sanford several years ago and purchased considerable property we congratulated ourselves on securing Mr. Phillips and his sons who are all live wires. He purchased the Hand property on the corner of Park avenue and Second street among other properties and said he intended to start building an apartment house that would be the pride of all Florida. He did not. He had a perfect excuse when the price of building material went up for it would not have paid him at that time. Maybe it will not pay him now. Maybe he has a right to do as he pleased about his own property and he can sit down on it for years to come—but Mr. Phillips and other owners of property in Sanford came to the Herald office, and gave us that information and we intend to make those assertions printed in the Herald good or worry the owners of property in this city to death until they do make good. This is one reason.

Another reason is that a man who owns valuable property in Sanford can afford to build on it should build on it and if he does not he should be taxed on the vacant property, and if the buildings are unsightly they should be condemned and torn down. This is done in every up-to-date city in the world and it is high time that Sanford took a start in the right direction and began doing things. Mr. Phillips comes from a city where they condemn unsightly buildings and he knows what we are talking about. We spoke about Mr. Phillips first. We intend to speak about the others from time to time regardless of who they are or where they came from unless they get busy meantime.

I. W. Phillips, of Orlando intends to build on his property and he will build later on. We believe that when he says so but he no doubt forgot all about Sanford when he was busy with his Orlando interests. It is natural. It is also natural for the Herald to call his attention to this fact. He writes us in the following letter that he will build and we believe him:

Orlando, May 4, 1921.
The Sanford Herald,
Sanford, Florida.
Dear Brother Holly:

We notice in this morning's "Slouch Column" of the Sentinel, a clipping from your paper wherein you take a whack at us for not improving the Hand corner, which we own in Sanford. We know it is an "eye-sore," and you can rest assured that we are going to get to the improvement of this, just as quick as building conditions will permit, and we are rather hopeful now that this time is not very far off.

We appreciate our business in Sanford, and you can rest assured that we are always ready to co-operate with you in any movement which you may start for improvements, and that not only means that we are going to improve our property just as soon as possible, but that we will also stand our share of cash contributions for any public movement gotten up by the representative business houses of Sanford.

Yours very truly,
I. W. PHILLIPS' SONS,
By I. W. PHILLIPS.

CAPITAL REMOVAL STUMPED CANNOT UNDERSTAND IDEA CONVEYED BY SENATE

HEADS OF FACTIONS IN OLD IRELAND HAVE A MEETING

(By The Associated Press)
BELFAST, May 5.—The Belfast Telegram says today Sir James Craig, Ulster Unionist leader, and Eamonn DeValera, Irish Republican leader, had interview today in Dublin and discussed Irish affairs. Sir James has called special meeting of Ulster party in Belfast tomorrow to discuss situation, newspaper adds.

Shooting Scrape Over Boozie Hounds In North Carolina

(By The Associated Press)
GREENSBORO, N. C., May 5.—Carl Talley, alleged member of a trio of whiskey runners who yesterday shot Policeman Thomas McCulston to death when he stepped upon the running board of their automobile in the heart of this city, was captured today at Reidsville, near here. Tom Robertson, of Spray, another member of the party was shot to death by officers late yesterday after a forty-mile chase, and Lewis Edwards, of Danville, Va., was arrested.

New Hotel for St. Petersburg Eleven Stories

(By The Associated Press)
ST. PETERSBURG, May 5.—A permit was issued here today for the construction of the Hotel Pheil, to be 11 stories in height. The skeleton of the building now up seven stories of concrete and steel. Work was stopped last fall on orders of the building inspector but changes will be made to strengthen the frame and revised plans are satisfactory.

Appropriation for Old Building Seems About to Pass

REMOVAL QUESTION

SEEMS TO BE SIDETRACKED BY EVERY TIME IT COMES UP FOR ACTION

TALLAHASSEE, May 5.—The generals in the capital removal and the capitol extension contest are engaged in a maneuver the public does not seem to understand, and the appropriations bill now in the house is a special order for Friday. First, the public hearing on the question of moving the capital was set for last Monday, then it was suddenly changed, being postponed for a week.

Then the greatest interest in this matter was transferred to the senate bill before the house, appropriating the sum of \$250,000 for the extension of the present capitol building.

It was on its third reading, and the public expected it to be settled yesterday while the house was considering senate bills. This was evidenced by the fact that all the available space in the gallery was packed to its capacity when the bill was reached on the calendar.

Mr. Phillips, of Columbia county, when the clerk was directed by the speaker to read the bill, moved that it be made a special order for next Friday at 12 o'clock. Mr. Williams, of Leon, simply stated that action would be satisfactory to him, and the motion prevailed.

The large audience was keyed up for a great fight over this bill, and the disappointment was so great that it was plainly perceptible. In a few minutes the galleries were almost deserted.

Ten Mills Allowed for Sub-School Districts

TALLAHASSEE, May 5.—It looked for a while in the house yesterday afternoon as if there was to be a big fight staged against the passage of an amendment (by Mr. Lindsay) to the constitution, making it possible for school sub-district trustees in this state to levy a ten-mill tax.

Motion by Mr. Scales of Taylor to reduce the maximum amount from ten to five mills, was tabled.

No other amendments were offered. The odds in favor of the passage of the resolution were so heavy in favor of it that the opponents submitted to the inevitable and it went through by a vote of 60 to 14.

In support of the measure, Mr. Harris, of Pinellas county, declared that he was in favor of removing all constitutional restrictions and permit the trustees to go as far as the voters of the respective sub-districts would permit them. The increase to ten mills was needed in his county, he declared.

Mr. Futch declared the legislature was not levying any tax millage. It was only permitting the people to express themselves on the question as to whether they wanted the privilege of assessing ten mills if it became necessary, and it was hedged about with more safeguards, he declared than anything he had ever heard of.

Mr. Phillips, of Columbia county, opposed the measure. He pointed out the fact that the provision had already been made whereby the general school fund for the counties may be fixed at ten mills.

T. J. Piers of Holyoke, Mass., was in the city today making a special trip to Sanford to see the Herald Printing Company and give them the exclusive sale of the Whiting & Cook, Inc., line of fine stationery. The Herald Printing Company will handle this line in the future and the local trade can depend upon this firm to supply them with the very latest and the very finest stationery at very low prices. This line has been handled heretofore only in the larger cities but the Herald Printing Company, while not as large as some of them, believes in selling the proper goods and are building up a big business in this part of Florida in the stationery line and expect to wholesale stationery, ink, etc., as soon as more room can be secured.

Spring and Summer Suits for Men

Made-to-Measure
—By—

Schaefer-Weedon
Tailoring & Company

¶ A special representative from the house will be with us **FRIDAY and SATURDAY, April 29th and 30th.**

¶ He will have a wonderful line of samples in many weaves and becoming tones. If you want a suit made up real snappy, and made right, it will pay you to see this line.

¶ We consider it the best made-to-measure line on the market, barring none.

¶ Come in and have your measure taken for that new suit. Select a pattern of your own taste, have it made to suit your own notion.

Sanford Shoe and Clothing Co.

FLORIDA, A GREAT STATE DESPITE WHAT PEARL SAID

FORMER SANFORD RESIDENT WRITES THE CLINTON
(MO.) EYE ABOUT IT

C. O. McLaughlin, formerly of Sanford but now connected with the Seaboard Air Line land-department, takes exception to what Pearl Smith said about Florida or the editorial joy ride and tells her a few in the following letter:

It is a mighty fine thing to be happy in your own town, and it will not be held against her that she is satisfied with Henry county, Mo. It must be a fine place, and a big place too, but it is my misfortune that I have not heard of it before. She is a little unfortunate, because it seems there are many things in Florida that escaped her.

Florida is not quite as large as Missouri—we have only 58,666 square miles, while Missouri has 69,420, but Florida is larger than Maine, New Hampshire, Vermont, Rhode Island and Connecticut. One county in Florida is larger than Rhode Island and Delaware. The eastern states named have 15,000,000 people, Missouri has 3,400,000, but Florida has only 966,000, yet the last census shows that Florida gained 214,000 people and Missouri gained only 110,000. We show a 28.4 per cent increase against Missouri's 3.3 per cent. So, by measurement and by increase in population we are some little state after all.

She seems to be worried about the little mosquitoes around Leesburg. As a matter of fact mosquitoes are everywhere they should be, and during my travels in various parts of the United States, over a period of about 30 years, I have found mosquitoes all around. It is really not anything against Florida, or New Jersey or some western state that the mosquito exists. The important thing, however, is the harm he does. The latest obtainable records show the Florida death rate to be less than that of other registration states, as the mosquito is charged with carrying diseases he certainly is not doing much harm in Florida.

In another space she shows some apparent disgust, because the people were spraying for rust. As Florida produces and ships about 12,000,000 boxes of citrus fruit annually, it is about as natural for some of the trees to be attacked by mites and diseases, as it is for some people to become sick in communities where they are housed as thickly as trees grow in

groves. It is not peculiar to the state that spraying is necessary. Peach trees, apple trees, other fruit trees and vegetables are sprayed in places where they grow. Anybody should know that food-bearing trees must be as well taken care of as domestic animals are, and in places we find it also necessary to paint a house occasionally.

Why, Florida is a garden from one end to the other. Practically all the staples grown in other states are grown in Florida, and many kinds of things grow there that do not grow elsewhere. Most of the other states produce nine-tenths of the time and market one-tenth, while we have something to send to market every hour in the year. Our average selling is one carload of perishable goods every eight minutes; when we add the staple products and live stock to the sales, it is found that we must sell ten carloads of what we produce every hour in the year, or to better describe it, eight train-loads daily. We produce and sell \$60,000,000 worth of products that must be made and shipped immediately,—things that can not be dried and hung up in a barn or thrown into a corn crib. Notwithstanding what her friend from Pennsylvania told her about having owned a grove seven years at a loss. It must be plain to everyone who will take the time to read the daily market reports and look over recent figures published by the Census Bureau, that many people do make money in Florida, if they did not they would long since have abandoned the orange groves and the vegetable farms. Some people do make two crops and more annually. Because she has made reference to one person is my excuse for doing the same thing, although I am prepared to furnish the names of lots who make more than one crop, and I admit that I have not heard of any reasonably intelligent planter in Florida who will admit not having made a single crop in four years, as stated in the next to the last paragraph of her letter, but I have read during the past two weeks twelve or fifteen letters from people who are now living in a wheat-growing county (not in Florida) that they have not made a crop in four years, and further than that, as late as April 5th of the present year they were not able to

do anything else, because snow was about four feet above the ground. As late as March 26th a planter at Plant City, Fla., sold \$2400 worth of strawberries from one and one-half acres—his first picking was sold for \$250, which paid for the entire crop, leaving him a profit of the difference between \$250 and \$2400—the berries were planted in August, 1920, and before he finished gathering them he planted Irish potatoes between the rows and the plants are at present in good condition. The same man sold enough squash at \$4.50 per crate from two gatherings to pay the entire cost of his crop, the balance of the sale will be profit—they also sold their first peppers at \$5 per crate. Near Bartow a farmer has cut 275 crates of cabbage from one place, and on the same ground he will plant corn.

The first car of tomatoes left Palmetto, Fla., April 8th for Philadelphia and sold for \$5 per crate at shipping point. The first car of tomatoes from Plant City, 23 miles north of Tampa, sold for approximately the same price and was shipped on April 15th; 3830 cars of fruits and vegetables have been shipped from one county in Florida during the present season and 772 cars have been shipped from a single station, about 6 miles away in another county. As late as April 15th the record is that 1,347,309 quarts of strawberries left Plant City for which the shippers received \$470,000. Most of the celery and lettuce from Florida are shipped from Seminole county, and they still have 600 cars of celery to ship from Sanford.

Miss Smith saw a few white Leghorn chickens and one old hen with a few baby chicks. In 1919 Florida produced 6,530,563 dozen eggs, and raised 2,145,766 chickens—on January 1, 1920, there were 1,554,896 chickens on farms in Florida. The most well-known authority on poultry raising we have heard of is Dr. N. W. Sanborn, formerly of Holding, Mass., he is a writer on the subject, and was at one time associate editor of the American Poultry Advocate of Holding, Mass.—he is now living in Florida and owns an 80-acre poultry place near Dade City. There are other successful poultry raisers in the state, but it is not necessary to go further into details on that subject.

And she takes a slap on the poor little razorback hogs, as she says ran wild. I presume there are some razorback hogs in Florida, and there may be a few somewhere else too, but there are also some other hogs. On January 1, 1920, the Census Bureau states in Florida that 40,063 farms reported having hogs with a total of 765,481. On September 16, 1920, a baby pig, three weeks old, sold at Live

Oak, Fla., for \$725. When this little pig was put up for sale, the first offer was \$300 made by Mr. Harper, a member of the firm of Wallace & Harper of Missouri, of course, I suppose Mr. Harper did not know anything about Henry county pigs, or he never would have offered that much money for Florida pure-bred. On September 30, 1920, a Poland China boar raised in Micanopy, Fla., was sold at Jacksonville, Fla., for \$15,000. The man that sold this hog carried off the grand championship prize with one of his Poland China sows at the International Live Stock Show held at Chicago in December, 1919. July 30, 1920, a live stock owner at Pierce, Fla., refused \$10,000 for a hog. A newspaper article of July 23, 1920, made the statement that Armour & Co. at Jacksonville, Fla., killed during 1919, 68,734 hogs averaging 165 pounds in weight. Bulletin No. 157 shows some hogs were sold to Armour & Co. at Jacksonville, and reported by them as the best having been handled at that point, they dressed 80 per cent while hogs in other places had an average dressing of 70 per cent to 74 per cent.

Then the poor grass in Florida comes in for its share. During a few weeks prior to August 27, 1920, between 25,000 and 30,000 ranch cattle moved from Florida to Texas to replenish the ranches that lost so heavily on account of the dry weather of 1917 and 1918—on the 15th of July a solid train of beef cattle left South Florida. A farmer moved to Florida from New Zealand in 1919, and is now milking 47 cows, making money, he says he is able to make money because of the low cost of feeding. This should be a fair answer to the matter of grass.

Now she talks of alligators. There are some alligators in Florida, and some in other states, if they don't live down there they can not live—it is too cold in other places, but comparatively speaking alligators are few in numbers—perhaps, many years ago they were there in large numbers. At one time many people took the boat trip on the St. Johns river from Jacksonville to Sanford just to see alligators, during the last ten years I have been up and down the river a dozen times without seeing one; there is a friendly old alligator near Dead river bridge, between Eustis and Leesburg, but he rolls in the water and swims away when a small boat comes near.

She was afraid to go surf bathing on account of the porpoise. Who ever heard of a porpoise annoying swimmers? He would not trouble you if

A GOOD PRESCRIPTION

Have you Business Blues, Dyspepsia, Depression or Reaction
It is sapping your business vitality, push and ginger?

Well Then
WORK, you son-of-a-gun, WORK
Create something Get busy Do something
If you can't find anything else to do
Well Then
BOOST

Boost your city, county and state,
Boost your business early and late,
Boost with vim, energy and pep,
Shoulder to shoulder and in step,
Keep on boosting and never cry,
When you can't boost, lay down and die.
—G. R. H.

you were out in deep water, and that is where he lives, so if you ever go to Florida don't worry about the porpoise. If you leave it to him to bother you, you will get back home all right.

And land is worth \$3 per acre and up, it certainly is—it is worth and sells for exactly what it should bring according to its improvements and its productiveness—it is worth just as much based on what you can get out of it as a printing office is.

I have written you this long letter because I think you should know at least a part of some of the actually good conditions of the state, and for fear you might think people have a hard time living down there, I will send you in this mail a photograph of an avocado pear tree, which has been hearing for more than twenty years, last year the fruit from this one tree sold for \$400. I suppose you have heard of John Wanamaker, most everybody has, this is what he says about the state, as to its attractiveness:

"Florida is most beautiful and interesting. Nowhere, except in Italy, are there to be seen such sunrises and sunsets, and nowhere else in this country, so far as known, can one see the fruits and flowers growing outdoors or breathe the soft balmy air of June in January."

WASHINGTON, April 27.—Republican political appointments were discussed here today when D. T. Gerow of Jacksonville, former postmaster at that city, talked over matters with officials in touch with Federal patronage. He will be named to succeed J. M. Cathcart as collector of internal revenue, at the end of the present fiscal year, June 30th, it is learned.

Average Prices Paid For Truck Crops in Florida

WASHINGTON, April 27.—Averages of prices paid to producers of truck crops in Florida for the month of February 15th to March 15th as reported to the Department of Agriculture were:

Cabbage, 86 cents a crate; celery, \$1.81 a crate; lettuce, \$1.71 a crate; early Irish potatoes, \$2.99; strawberries, 38 cents a quart; tomatoes, \$3.57 a crate; cauliflower, \$2.42 a crate; egg plant, \$3.2 a crate; green peas, \$2.90 a crate; peppers, \$3.26 a crate.

NOTICE TO THE PUBLIC

April 27, 1921.

To The Public:
The mayor of this city as well as every other incorporated municipal town has received urgent requests from the State Board of Health that we inaugurate a vigorous clean-up campaign, particularly at this time with reference to breeding places for flies and the strict adherence to sanitary regulations pertaining to the screening of fruits and vegetables displayed for sale.

We take this method of soliciting your co-operation in the enforcement of our numerous sanitary ordinances and will appreciate your advising the office of any sanitary nuisance, though it may be your neighbor. You may rest assured that the source of information will be considered confidential.
331-11daw C. J. RYAN, Manager

Made by the Mill that is Helping Make SANFORD THE CITY SUBSTANTIAL

Pepper Crates

We are making the same grade Pepper Crates that we did Celery Crates. If you used our Celery Crates you know that we made the best one on the market. If you did not use them, ask your neighbor. We can make all of the Crates needed in this section if you will anticipate your wants and bring or send us your orders. You can get them from us or you will find them at both warehouses of the Sanford Truck Growers, Inc.

Zachary-Tyler Veneer Co.

ALBERT DORNER FOUND DEAD THIS MORNING

INDICATIONS ARE THAT HE WENT TO FEED ROOM AND SHOT HIMSELF

(From Saturday's Daily) News was brought to the Herald office this morning of the death of Albert Dorner and the indications are that some time during the night he went into the corn crib near his home on Celery avenue and shot himself or an accidental discharge of the pistol killed him and his body was found early this morning by his wife who went in search of him.

The news saddened his many friends for Albert Dorner had friends by the score who knew the pure gold in his heart and overlooked his many eccentricities. He was the greatest friend of the poor and the needy in the city and county and gave his money lavishly to the cause of charity everywhere even to the extent of stinting his own family. He was known everywhere and liked for his many kindly traits and the big heart that beat for humanity has been stilled forever.

Albert Dorner came to this country with his parents from Hungary, settling in New York where for many years he was engaged in the produce business. He was an ardent lover of sports and when aviation came in he was among the first devotees of flying, being a friend and pupil of the late John Moissant and many other noted flyers and spent a year or more on the fields on Long Island and other places near New York as a mechanic and afterward as a flyer.

He came to Sanford several years ago to visit his brothers here, the late Aurel Dorner and Fred Dorner, who is still residing here and became so imbued with the possibilities of farming that he bought a place near his brothers on Celery avenue and with his wife worked to improve the place. He was more or less successful but turned aside from the beaten path of ordinary growing of vegetables and experimented with new varieties of plants and plant growing and like all pioneers in this field spent much of his time and money in the endeavor to raise celery seed here and to raise new varieties of lettuce and celery.

Mr. Dorner was also interested in aviation here and helped many of the aviators coming to Sanford from time to time clearing up the aviation field on the Sanford-Orlando road and offering a prize for the name of the field and looking ahead saw the time when Sanford would be a station on the aerial mail routes that will be established in Florida some time in the future.

Deceased leaves a wife and two brothers, Fred Dorner, of this city, and Joe Dorner, of Montain, to mourn his loss.

The remains are at the undertaking parlors of T. J. Miller & Son and will be sent to Long Island tomorrow for burial.

The sympathy of the many friends goes out to the family in their loss.

A. P. CONNELLY TO TALK ON MOOSEHEART LODGE NEXT FRIDAY EVENING

At the last meeting of Sanford Lodge, No. 1253, it was decided to invite the people of Sanford to be present at an informal meeting for the purpose of hearing Mr. A. P. Connelly tell of his recent trip to Mooseheart and give his impressions not only to the members of the lodge, but also to the citizens. Mr. Connelly recently returned from a trip to Mooseheart, Ill., as a special representative of the Sanford Chamber of Commerce, which organization is working to secure the location of the proposed Southern Mooseheart in Sanford. Mr. Connelly had the opportunity at this time to inspect the workings of this wonderful child welfare organization, and in order that the members and people of Sanford may know what the Loyol Order of Moose means and what the order is doing for the conservation of orphan children, Dictator Frank I. Miller has made arrangements to have Mr. Connelly convey his impressions of what this order means, not only to the individuals who have children depending upon them, but also what it would mean to Sanford if the Loyol Order of Moose decides to locate the Southern Mooseheart here.

The meeting has been called for 8 and the ladies of Sanford are also invited to be present. Refreshments will be served, and a full membership is expected, as well as those who are not members.

FIRE DESTROYS SEVERAL HANGARS

(By The Associated Press) MIAMI, May 2.—Fire today destroyed L. B. Boyd's seaplane hangar and seven planes. Loss \$25,000, partly covered by insurance.

GOV. HARDEE IN FAVOR OF FULL PUBLICITY

With reference to the movement for the greater publicity for the acts of state and county officials and especially all tax expending bodies of the state, Governor Hardee has expressed himself as being a thorough believer in the fullest publicity that can be given public affairs. While the Governor has not expressed himself as to the bill now before the legislature, requiring the publication of a synopsis of the proceedings of all tax expending bodies, he has approved the principles involved, and has indicated his hope that a proper bill securing the objects above referred to, will receive the approval of the legislature.

TROUBLE OVER WOMAN RESULTS IN SHOOTING THAT MAY PROVE FATAL

Floyd Cowart Shot By Jim Goolsby Yesterday

(From Monday's Daily) Jim Goolsby, of this city, shot Floyd Cowart, of Ft. Florida, yesterday during an altercation at the home of Lonnie Oglesby on the Couch place, west of the city. Cowart was shot through the shoulder and the bullet must have reached his spinal cord as he is paralyzed from the waist down and is at the Fernald-Laughton Hospital where he was rushed shortly after the shooting. It seems that Cowart called at the Oglesby home asking for a certain woman and Goolsby said she was not there and upon Cowart arguing the question Goolsby struck him with a stick knocking him out of the door and then both men pulled their guns and began shooting. Goolsby was not touched but one shot from his gun struck Cowart in the shoulder and he fell in the dooryard. Oglesby summoned the officers and Sheriff Hand and his deputies responded, bringing the wounded man to the hospital and putting Goolsby in jail to await the extent of Cowart's injuries before obtaining bail.

Cowart resides in Volusia county, near Ft. Florida, where he works upon the Padgett place. Goolsby is a former resident of the Osteen section.

GIVING OUT

The Struggle Discourages Many a Citizen of Sanford

Around all day with an aching back, Can't rest at night; Enough to make any one "give out." Doan's Kidney Pills are helping thousands.

They are for kidney backache; And other kidney ills. Here is Sanford proof of their merit:

Mrs. A. Smith, 409 Palmetto Ave., says: "Doan's Kidney Pills have been our standard kidney remedy for years. At times I had a steady ache in the small of my back and it gave me a played out feeling. I lacked ambition and couldn't even do my housework. I had severe pains in the back of my head and dizzy spells, too. I used Doan's Kidney Pills and they brought relief. I gladly give this endorsement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Smith had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

HERALD ADVERTISEMENTS ALWAYS GET RESULTS

Advertisements get results and more and more the shoppers of Sanford are shopping by using the advertisements in the Daily Herald. They keep up with the times by reading the ads and they save money thereby. For instance last Saturday Yowell & Co. had an advertisement on their dollar sale. Promptly at noon Saturday they were sold out of all the articles advertised. Thirty pieces of organdie were sold by 10 o'clock, showing that the people read the ad and bought the goods. They will have another sale Saturday and will announce it in the Daily Herald. The Surprise Shoe Store by judicious advertising in the Daily Herald one day last week sold out entirely of gingham and certain other lines and had to order from Jacksonville in order to have the goods in the store next day and have them as advertised.

Other business houses report a like story. This is the day of sales and the day of advertising and no merchant can move his goods without newspaper advertising. Try it on your piano.

"Better-Get-Better." Do it Now. If

AN INSIDE BATH MAKES YOU LOOK AND FEEL FRESH

Says a glass of hot water with phosphate before breakfast keeps illness away.

Says a glass of hot water with phosphate before breakfast keeps illness away.

Physicians the world over recommend the inside bath, declaring this is of vastly more importance than outside cleanliness, because the skin pores do not absorb impurities into the blood, causing ill health, while the pores in the ten yards of bowels do.

Men and women are urged to drink each morning, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate. In it, as a harmless means of helping to wash from the stomach, liver, kidneys and bowels the previous day's indigestible materials, poisons, sour bile and toxins; thus cleansing, sweetening and purifying the alimentary canal before eating more food.

Those who wake up with bad breath, coated tongue, nasty taste or have a dull, aching head, sallow complexion, acid stomach; others who have bilious attack or constipation, should obtain a quarter pound of limestone phosphate at the drug store. This will cost very little but is sufficient to show the value of inside bathing.—Adv.

FIFTY-SIX THOUSAND CARS

By the time this article is read Florida will have to its credit, since the 15th of last September, over 40,000 cars of fruit and vegetables shipped by "all rail" through Jacksonville, High Springs and Hampton, the three principal railroad gateways of the state. It is impossible to get the number of express shipments that have gone out, or the thousands of individual small lot shipments that have left the state.

Grapefruit 11,659, oranges 19,775, lettuce 2657, vegetables 2363, tomatoes 2622, celery 3806, potatoes 1442, cabbage 1405, strawberries 185, watermelons 2, and pineapples 1. Total, 45,837.

What has this been worth to Florida? It is difficult to put it down in actual figures because so little of anything shipped and sold is reported back to any authoritative person or body for compiling and record. But remembering that oranges and grapefruit go about 250 boxes to the car and the price for them has run between three and five dollars a box delivered, and that about the same number of crates of vegetables and other farm truck goes to the car, one may figure for himself, taking the report of the Federal department of agriculture, on the prices paid Florida producers for the month of February 15, to March 15, which is a fair average for the season, we believe. The department of agriculture finds the following prices were the average for that time.

"Cabbage, 86 cents a crate; celery, \$1.81 a crate; lettuce, \$1.71 a crate; early Irish potatoes, \$2.09; strawberries, 38 cents a quart; tomatoes, \$3.57 a crate; cauliflower, \$2.42 a crate; eggplant, \$3.42 a crate; green peas, \$2.90 a crate; peppers, \$3.26 a crate."

Some hundreds of miles of train loaded with some millions of dollars worth of fine Florida fruits and vegetables! That is a seven-month record and the staple crops of Florida and much of its real spring truck have yet to be marketed, to say nothing of the watermelons, which are just beginning to move.—Tampa Tribune.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more yawning, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed up with a cold or nasty catarrh—Relief comes so quickly.—Adv.

Bring your printing problems to the Herald office. It is our business to take away your worries in this line. We have everything in the printing and office supply line.

"Better-Get-Better." Do it Now. If

VELPO TUCKER JAILED ON CHARGE OF ASSAULT TO MURDER HIS WIFE

DADE CITY, May 4.—Velpo C. Tucker, who it is claimed hacked his wife about the face, throat and arms yesterday at Richland after she had refused his plea for a reconciliation, was arrested yesterday at a dipping vat near Richland. He had camped by the vat during the night. He says that members of his wife's family assaulted him first and he acted in self defense.

Tucker was brought here and is being held on a charge of assault to murder his wife.

LAKELAND, May 4.—Mrs. Velpo C. Tucker, badly cut at Richland yesterday in an altercation with her husband, is resting easier tonight at the hospital here and is some improved. Doctors say she is still in a precarious condition, though, the loss of blood having been a severe drain on her.

BUTCHART IS KEEN FOR FLORIDA LINKS SAYS N. Y. PAPERS

The following from the New York Times regarding Cuthbert Butchart, the great golf expert, will be interesting to Sanford people as he recently laid out the golf course here for the new tourist hotel:

Cuthbert S. Butchart, one of the best known golf club makers of Europe, who has been selected as the golf professional and instructor for the new Westchester-Biltmore Country Club, and who has been spending the winter months on Florida golf courses, returned to the city during the last week and is now supervising the work on the Westchester course. According to Butchart, excellent progress is being made, and the No. 2 course is practically ready for play at the present time. The other two courses will be ready by Autumn.

Florida, according to Mr. Butchart, is rapidly becoming dotted with golf courses, and, in spite of the number of links already completed, new ones are springing up almost overnight. During his stay in the Palmetto state he laid out two courses, on which work has already begun. One of these at Eustis, will, according to Mr. Butchart, doubtless become one of the greatest courses in America, by reason of its wonderful location on the crest of the ridge that runs through the state.

"The Eustis course location is one of the finest pieces of golf grounds that I ever saw," said Mr. Butchart yesterday. "Whereas most of the courses in Florida are located on ground which is flat, this one is in the center of the lake country, on high, undulating ground which adapts itself wonderfully to golf architecture. One of the peculiar things about the course is that there are two lakes on it, one at an elevation of 67 feet and the other at a 148-foot level. The course will cover about 160 acres of land, and there is plenty of freedom for the construction of fairways and greens which will in no way overlap."

Mr. Butchart also laid out plans for a course which is being built by Philadelphia and Jacksonville sportsmen at Sanford.

During his stay in the South Mr. Butchart played on fourteen courses—practically every course in the state with the exception of those at Palm Beach, Miami and St. Augustine. The Westchester-Biltmore professional comes here with an interesting record. When he was 21 years old he was a professional at the Pollok Golf Club in Glasgow, and a year later went to Newcastle, County Down, Ireland. During his stay in the Emerald Isles Butchart planned and reconstructed a number of courses. In 1901 he went to the Highgate Club of Scotland where he reconstructed the course. Later he went to Germany, where he constructed links for

Count Oppersdorf, and then accepted a position as professional at the Berlin Golf Course. Here he instructed several of the members of the Imperial family, and was preparing several new courses in and around Berlin when war was declared, and he was thrown into a German prison camp where he was interned for the duration of the war. Before his internment, however, he won the German professional championship at Oberhof in 1913, with a record of 138 for thirty-six holes. Among his pupils have been Lord Clerawley, South of Ireland champion; Harold Reade, Irish champion; Frank R. Novitt, Irish champion; Miss Rhona Arair, Irish and open ladies' champion. Previous to coming to America to take up his work he was professional and instructor at Slain's Castle, Aberdeenshire, Scotland.

GENEVA FLASHES

Ruth McClain spent a few days last week with her sister, Mrs. Siggs in Chuluota.

Mr. P. N. Stover spent Monday in Orlando.

Mrs. Mary Taylor spent last Thursday with Mrs. G. Nicholson.

Mr. and Mrs. Will Hand of Sanford spent last Sunday with Mr. and Mrs. A. A. Moran.

Chuluota school picnic was held last Friday at Lake Horney.

Mrs. McFarland and Mrs. F. W. Prevatt spent last Tuesday at Osceola and took dinner with Mrs. Stephens and also called on Miss Scott, who lives along the St. Johns river.

Mrs. McFarland and two children spent Sunday evening with Miss Jennie and Lucy Flynn.

John Alderman was seriously hurt last Friday by his horse.

Mr. Oscar Nicholson and wife from Daytona are spending a few days with his mother.

Mrs. Bertha David and two children of Brunswick, Ga., are spending a few days with Mr. and Mrs. Clifford Proctor.

Mrs. G. Nicholson is home after spending a few days in Osteen with her son.

The first of May picnic was held Saturday at Lake Horney. All having a fine time. It was well attended.

Fred Ballard came home last Friday after spending a few days in Palmetto and reported that the tomatoes were all killed.

Mr. and Mrs. Clifford Proctor, Mrs. David and Mrs. Wicks spent Sunday evening with Mr. and Mrs. Griger.

Bryant and Wife On Way to Orlando

ORLANDO, May 4.—John R. Bryant, charged with the murder of his father here, is now enroute from New Jersey to Florida with his wife, according to a telegram received today by Sheriff Karel.

Woman's Club

THE BUSINESS AND PROFESSIONAL WOMEN'S CLUB

The Business and Professional Women's Club held its monthly meeting at the Women's Club on Monday evening. A large number of the members were in attendance and the program was voted the most interesting one of the year.

The program was in charge of the research committee of which Miss Moll Whitner is the efficient chairman. After the business, which was interesting and important, the club was delighted by an informal talk by Mrs. Wakefield telling of the beginning of her preserving business, which has grown in a few years from a very small beginning to one of the biggest things in Florida. As a climax to her talk Mrs. Wakefield presented to each member a jar of her famous marmalade. Mrs. Wakefield's talk was an inspiration to all who heard her.

Mrs. Brownlee next gave an entertaining and instructive talk on Madam Curie and radium, showing a slide of the woman scientist which is often overlooked.

After the program delicious sandwiches, cocoa and whipped cream were served most informally and everyone had an enjoyable social hour.

One of the most important things that will be undertaken by the Business and Professional Women's Club will be the establishment of an employment register for the working girls of Sanford so that they may get in touch with the business men and thus both will be mutually benefited. This will mean much to employers and employees.

CIVIC WORK OF THE WOMEN'S CLUB

The civic committee of the welfare department of the Women's Club of Sanford submits the following report:

Through the work of the committee on supplementing the school fund of our county the schools have been enabled to continue through the full term of eight months. Mrs. A. P. Connelly and her committee rendered valuable assistance to the county in their valuable work. Through our state similar efforts are now being put forth, but it is gratifying to know that the "City Substantial" took the situation in hand early in the fall.

The White Way speaks for the splendid work done by that committee Mrs. B. W. Herndon, Mrs. W. L. Morgan and Mrs. E. P. Morse. The department wishes to thank the merchants, the city manager, the Southern Utilities Company and the Sanford Herald for making illumination of our city a reality.

We believe that no more gratifying piece of work has been done this year than that done by the cemetery committee. Largely through the efforts of Mrs. W. M. McKinnon and Mrs. R.

C. Bower our "City of the Dead" has been changed from a wilderness to a place of beauty. The welfare department made a contribution of \$50 to get this movement started. This committee desires to express its thanks for the response made to their appeal and hope that the work so successfully started will continue.

The city adornment committee reports a general interest aroused in beautifying the streets of Sanford and environs. Many of the farmers are now lining their farms with hibiscus, polonettias, flame vine, petunias and other flowers and shrubs. In town about 150 palms have been set out. Union avenue, with Mrs. Aylette Fitts as chairman, and Magnolia avenue, with Mrs. Claude Herndon as chairman, show marked results as do other sections of our city.

The improvement of the grounds near the station has been started through the leadership of Mrs. F. B. Langley and Mrs. B. W. Herndon. Friendship Square will soon be a spot of beauty to delight the eyes of our winter visitors. Hibiscus, cannas and palms have been planted in pleasing design. The committee wishes to thank Mr. Dumas, the Union News Company and all others who have been interested and helpful in this work.

In submitting this report your committee realizes that much of our work has been in beginning things. The real permanent success of any civic work depends ultimately on the interest and co-operation of the community as a whole.

MRS. E. D. BROWNLEE,
Chair, Civic Com.
MRS. B. W. HERNDON,
Chair, Welfare Dept.

WILL BUILD NEW UNDERTAKING PARLORS

T. J. Miller & Son have purchased the lot and uncompleted building of the Cook Auto Company on Park avenue between First and Second streets and will complete the building. It is probable that the building will be made a two-story one instead of one as was contemplated by the Cook company, who started the building for a garage.

Miller & Son have not completed their plans as yet but are contemplating a fine undertaking establishment with second floor for supplies, but may change the plan and make the building into a business block. The location is very desirable, being close to the business center of the city.

This latest purchase by T. J. Miller & Son demonstrates the faith of Sanford people in their home city as the Millers are also making improvements in the Imperial Theatre building on Magnolia avenue that will make it one of the finest furniture stores in this part of Florida.

Edward Lane, the real estate man, made the sale of the Cook building to the Miller interests.

EAST SANFORD

Rev. E. D. Brownlee will be at Moore's Station church to preach this Sunday, Mother's day. There will be a special service arranged. Come everybody.

They say wedding bells will ring for a popular Celery, avenue girl about June 1st.

Mr. and Mrs. R. J. Holly were dinner guests at the Ellsworth home on Beardall avenue Sunday.

Mr. and Mrs. Christ Bucurel entertained a number of friends at a christening party Sunday May 1st for their little son, it being the Roumanian Easter Sunday.

Alton and Alice Morris arrived here Saturday from Palatka. Alton left for Gainesville on Monday to enter school. He is preparing himself for a teacher and has been teaching the 4th and 5th grades in Palatka this winter.

The friends out here of Mrs. Susie Squire will be sorry to learn she had a bad fall and is suffering from injuries received.

Mrs. Ferguson, of Richmond ave., has been very ill for several weeks, and Mr. and Mrs. Elwood Irish have both been ill and had the services of a doctor.

F. F. Dorner accompanied Mrs. Albert Dorner to New York with the remains of the late Albert Dorner, leaving here Sunday. The family have the sympathy of every one.

Mr. Frazier has purchased the five acres of land and house just west of his home, the former D. B. Brisson place. Now he has 20 acres of the finest kind of improved land on Celery avenue. Mr. and Mrs. Brown Miller from whom he bought, will invest in another place on Celery avenue, so we are informed.

Mr. and Mrs. Brown Miller expect to go to Charlotte, N. C., for a month's visit, leaving here next week.

Miss Pearl Lee Bell is expected home from Queen's College in Charlotte, N. C., the 17th and will bring her cousin with her as a house guest for several weeks.

There were two solid cars of peppers shipped from East Sanford last week, picked by several growers, including Charlie Merriwether, Graham Hunter, George Pezall and others and shipped by the firm F. F. Dutton represents under the "Blue Goose" label. There will no doubt be several cars this week and several train loads later if it would only rain and then rain some more.

AUTHORIZED FORD DEALER

**SANFORD ROTARY CLUB
WILL BE DULY INSTALLED
NEXT TUESDAY NIGHT, MAY 10**

**Orlando Club Will Be
In Charge of the
Special Stunts**

The Sanford Rotary Club, officially known as No. 873 of the International Association of Rotary Clubs, will be duly installed next Tuesday night at the Valdez Hotel under the auspices of the Orlando Club and assisted by the Rotary clubs of Tampa, St. Petersburg, Lakeland, Ocala, Palatka and several other cities. The real work will be given by the Orlando Club and they are said to have several bunches of the real thing up their sleeves and the Baby Rotas of Sanford will be kept "in a stew" the greater part of the evening.

The charter has been received by the Sanford Club and it will be duly presented by District Governor John Turner of Tampa, who will be present in person to see that the new club starts off right. The program for the evening will be furnished by the Orlando Club and all the Rotas who visited Orlando last week are in fear and trembling for they realize that Orlando has something rich in store for them. This meeting will include the "Rotari-Anns" also and all the ladies will be present to hear the Rotas tell all they know about their husbands. Sanford has a membership of twenty-four and as soon as the club is duly installed they will probably be called upon to install the new Daytona Club and in this way they will get their innings. Rotarians believe in enjoying themselves and they take the lighter things of life as well as the more serious and these installation meetings bring the bunch together from many Florida cities into a great brotherhood of men who are doing things in their communities. It is a great step forward in Sanford to have the Rotary Club organized and Tuesday night will be a time for enjoyment and the meeting of kindred spirits who are the builders of the cities in which they live. The lady Rotarians will meet tonight at the Palm Room of the Valdez Hotel to make arrangements for entertaining the lady visitors on Tuesday night and perhaps the ladies will also pull some special stunts, one can never tell what is going to happen in Rotary and it is conceded that Tuesday night will be a big night and all are looking forward with the idea of entertaining about 100 guests.

**APRIL TEMPERATURE
REGISTERS A TRIFLE
COOLER THAN MARCH**

TAMPA, May 3.—Although the month of April was slightly cool and very much so at times, the average temperature for last month was .9 of a degree above normal, according to a compilation of figures given out at the weather bureau yesterday by Meteorologist Walter Bennett, but an unusual condition was reported, in that the average temperature was .7 of a degree below the average for March this year, which means that March was unusually warm. The average for April this year is exactly the same as for the same month last year.

The highest temperature recorded for last month is 89 degrees, which point the thermometer reached on April 25. The lowest was 44 degrees, recorded on April 12. Here, however, is a record, the coldest ever recorded that late in the month in the history of the local bureau, a story of which the Tribune carried at the time. Although no frost was recorded in Tampa on that date, reports from suburban vicinities was to the effect that light frost was seen. The temperature was above normal for the first ten days of April and above at the end of the month, after the cool snap on April 12.

The rainfall for the month was 2.08 inches, or an excess for the month of .23 of an inch. Of the total rainfall for the month 1.96 inches fell in two hours on April 23. Rain fell upon four different dates.

The sunshine for the month was 80 per cent of a possible total. Thirteen days were clear, nine partly cloudy and eight cloudy.

Prevailing winds were from the northeast with an average velocity of 7.6 miles an hour. The highest rate of velocity for Egmont key was 21 miles on April 23, and was from the south.

In the vicinity of Palmetto there are 2500 acres planted to tomatoes, and it is estimated that the yield will be 1000 carloads. The News reports that the average price is \$1800 per car, which, if maintained, would make the crop net \$1,800,000.

HERALD ADS get results.

**CLEARWATER
MAN SUICIDES
AT JAXVILLE**

**HARRY SNYDER TRIED FOUR
TIMES AND FINALLY
MADE IT**

(By The Associated Press)
JACKSONVILLE, May 4.—The body of Harry Snyder, 30, of Clearwater, who killed himself here late yesterday after numerous unsuccessful attempts, will be sent to Clearwater for burial. Snyder, in an insane condition, was brought here a week ago and placed in a sanitarium. While there he jumped from the second story window. He later escaped and attempted to jump in the river, then slashed artery in wrist. Aid arrived and the wound was dressed. He then crushed a drinking glass in one hand and slashed bandages on the wounded wrist. Physicians then put him in jail for his own safety. He planned to hang himself with a small rope on cot in cell when the jailer removed the rope. He finally hanged self with a rope made from shirt and piece of mattress cover.

**QUIT MEAT WHEN
KIDNEYS BOTHER**

**Take a Glass of Salts if Your
Back Hurts or Bladder
Troubles You**

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.—Adv.

**HARDING
LAUNCHES
NEW DRIVE**

**IS AGAINST GOVERNMENT DE-
PARTMENTS GOING BE-
YOND MEANS**

WASHINGTON, May 3.—President Harding launched drive today against what he termed dangerous tendency of government departments to live beyond means provided for them by congress and submit requests for deficiency appropriations to cover deficits. In identical letters to cabinet members the President called attention to fact that calls for approximately \$216,000,000 in deficiency, appropriations now pending "and that estimated deficiencies will run very much beyond that sum."

Let Mrs. Mary Graves Tell You Her Poultry Raising Experience
"Three years ago I bought an incubator, this year I've made money. Rats stole my baby chicks. Didn't know until a friend gave me a cake of RAT-SNAP. Next morning found two dead rats in hennery. Kept finding them. Suddenly they disappeared altogether. It's the only sure rat killer." Take Mrs. Graves' advice. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

Happy thought! Why not persuade all the Irish to move to England, and people Ireland with Britains?

The Daily Herald—15c a week, delivered anywhere in Sanford.

B. OF L. E. BANQUET

(From Wednesday's Daily)

A delightful event in railroad circles on Monday evening, May 2d, was the banquet with which the local Brotherhood of Locomotive Engineers of Division 769, entertained at the Grand International Auxillary in appreciation of the charming affair with which the ladies entertained the B. of L. E. a few weeks ago. Nothing that could contribute to the happiness of the occasion was left undone. Each detail being carried out with perfection, whereby the men proved themselves wonderful hosts.

An interesting program, which began just before the banquet was served, was opened by Mr. F. L. Crosby, who gave a humorous reading, entitled: "The Fast White Mail," and was followed by Mrs. Mammie Cameron whose eloquent and charming address on "Brotherhood" was one of the most agreeable features of an altogether pleasing program. Messrs. F. W. Graham and M. W. Helston delighted with popular solos.

When the guests were seated at the banquet board, Mr. W. F. Shelly delivered an address of welcome to the ladies as only Billy Shelly can do. The response was made by Mrs. Fannie E. McConnell, president of the G. I. A. The welcome to the officials of the A. C. L. present, who were Supt. T. L. Dumas and Master Mechanic H. R. Stevens, was given by Mr. Crosby. Both gentlemen responded with pleasing remarks. Mr. G. W. Laughlin, the general chairman of the Brotherhood, concluded the program with a talk on the relations between the two orders, which was very much enjoyed.

The remainder of the evening was given over to dancing. The music being furnished by Mrs. Earl Burdick, Mr. Al Witherington and Mr. Jim Schall, and was exceedingly harmonious and good. Punch was served throughout the evening. The punch bowl was presided over by Miss Louise Wells and Emily Griffin.

The hall was most attractive in the unique and lovely decorations of palms, oleanders and other flowers typical of the Florida spring, which included over the entrance a charming conceit, the letters "B. of L. E." beautifully done in pink and white oleanders and against a background of greenery, the sentence, "Welcome G. I. A."

One hundred and fifty were present to enjoy the happy occasion, who will cherish a delightful memory of one of the most enjoyable affairs in the history of B. of L. E. and G. I. A.

Committee on arrangement were: F. L. Crosby, chairman; E. E. Krupp, J. E. Courier, H. Lyles, R. A. Howell, F. W. Graham and J. B. Anderson. Reception committee, W. F. Shelly, chief engineer, and N. B. Leonard.

The menu consisted of:
Chicken Salad Potato Salad
Olives Pickles
Ham Sandwiches
Assorted Cake Ice Cream
Coffee

**"We Picked Up Seven Large Dead
Rats First Morning Using Rat-Snap"**

So writes Mr. B. E. Carpenter, Woodbridge, N. J. "We lost 18 small chicks one night, killed by rats. Bought some RAT-SNAP and picked up 7 large dead rats next morning and in 2 weeks didn't see a single rat. RAT-SNAP is good and sure." Comes in cake ready for use. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

Torpid Liver

Black-Draught "has no equal for headache, sour stomach, torpid liver and feverish colds..." declares Mrs. Annie Whitmore, of Gate City, Va. "It is easy to take and does not gripe, as a lot of medicines do," she adds. "It is good to take in a hot tea for colds, or can be taken in a dry powder. I can't say enough for Black-Draught and the sickness it has saved us."

**Theford's
BLACK-DRAUGHT**

has been found a valuable liver medicine, in thousands of homes. "I do not use any other liver medicine," says Mrs. Mary O. Brown, of Europa, Miss. "It is splendid for sour stomach, a bad taste in the mouth or torpid liver. I keep it all the time, use it with the children and feel it has saved us many dollars in doctor bills and many days in bed." Insist on the genuine—Theford's.

**Murphy Feared a Breakdown But
Says Health Was Restored
By Taking Tanlac**

"Tanlac has done more for me than I thought any medicine could possibly do, for it has built me up sixteen pounds in weight and put me in fine shape again," said Tim Murphy, who is employed at Daniel's shipyards and living at Seminole Heights, Tampa, Fla.

"For more than two years before I took Tanlac I was troubled with indigestion. If I ate anything except the very lightest of food I would have a heavy, depressed feeling in my stomach, my heart would palpitate terribly and I would have awful attacks of shortness of breath. My nerves were in such bad shape that the least little excitement would upset me and I thought I was going to have a complete breakdown. I started taking Tanlac on the advice of a friend, and the way the medicine fixed me up was nothing less than marvelous. I have taken five bottles now, have a splendid appetite and my stomach seems to be in perfect condition, for it never troubles me a bit. I'm no longer worried with palpitation or shortness of breath, and my nerves are as steady as steel. Why, I'm simply feeling fine, and don't hesitate to give Tanlac credit for what it's done for me."—Adv.

**Had Hand Cut Off
In Crate Factory**

Lonnie Curington, who had his left hand cut off just below the elbow at the Zachary-Tyler mill, is resting easier at the Fernald-Laughton hospital and will recover. His hand was drawn into a band saw where he was working and cut off before he could extricate it. He is a former resident of Osteen and his friends are sorry to learn of the accident that deprives him of his left hand.

MANY COMMODITIES HIGH, SOME ABOVE PREWAR LEVEL, WAGES DO NOT MEET

Transportation Big Factor in Adjustment

TRANSPORTATION IS A BIG FACTOR IN ADJUSTMENT

WASHINGTON, May 2.—Retail prices appear to be the sticking point in the country's readjustment process, the Federal Reserve Bank said last night in a general review of business and financial conditions for April. Other factors retarding readjustment were said to be high transportation charges, wages and coal and steel prices.

Complete business recovery, the board continued, has been slower than was predicted generally at the close of the past year and expectations that this spring would see economic and business readjustment fairly completed have not been realized. Nevertheless, it added the month of April has given evidence of an improved feeling developing with regard to business and the outlook generally.

Prices, the review continued, had been the pivotal point in the business situation since the recession movement began last autumn. The fall in wholesale prices, which has been continuous and at times precipitate, it declared, appears to be in a process of arrest, they having shown a greater degree of stability during April.

Extreme unevenness in price reductions, the board said, is one of the striking features in the present industrial situation. While in many important lines of wholesale trade prewar prices exist, in other lines commodities are being sold at twice or even more than twice the 1913 value. The same unevenness exists the board explained, between raw materials and the finished products in the same industry.

Raw cotton, the board declared, is lower than the 1913 level and wool is about a third higher than before the war, but cotton goods are at least 20 per cent higher than in 1913 and woolen cloth is approximately twice as high as the pre-war level. In the hide and leather industry, the discrepancy is even greater, the board asserted. The present price of skins being one-third under pre-war levels, while the prices of shoes is twice as high as in 1913.

While labor has been participating in the readjustment process, the board continued, the participation has been uneven as between different industries, as well as different sections of the country and different groups of labor.

The agricultural situation during the month was characterized as generally favorable, although the fruit growing sections suffered from cold waves. Good progress has been made in planting a crop in the cotton states, the board said, while grain movement has increased.

Little demand for coal is reported, the board said, but petroleum production has gained. The influence which the recent reduction in steel prices will exert is still uncertain, the board declared. Cotton consumption figures for April were unavailable, but for March in the country as a whole, amounted to 437,933 bales, or less than 25 per cent below the total for March of last year. A continued increase in the manufacturing activity of the silk mills was reported.

While the earlier reports indicated a very large reduction in cotton acreage reduction is now generally understood to be not so great as had previously been indicated, the board's April business and financial review says.

In the southwest the announcement says it is reported the decrease will be at least 25 per cent and as much as 50 per cent in some sections. In the southeast, it says, conservative estimates place the reduction at 10 to 20 per cent from last year's acreage. In California and Arizona the acreage this season will be reduced as much as 50 per cent in some sections as much of it will be volunteer cotton grown from last year's plantings.

The use of fertilizer for cotton has been considerably less than during previous years, being estimated at about one-fourth to one-third as much as used a year ago, the report says.

There is more building going on in Sanford just now and more of it contemplated than ever before. Keep it going good.

Unrest: A yearning, almost universal, to shift the fiddler's bill to some mythical third person.

CASWELL-HUFF NUPTIALS

ATLANTA, Ga., April 27.—An event of interest to many throughout Georgia and Florida, was the marriage of Miss Clara Belle Huff, eldest daughter of Mr. and Mrs. J. B. Huff of this city, to Dr. B. D. Caswell of Sanford, which took place Tuesday evening at 8 o'clock in St. John's M. E. church, in the presence of a large assemblage of friends and relatives.

Dr. C. M. Meeks, pastor of the church, was the officiating clergyman.

The church was beautifully decorated, the chancel being a mass of palms and cut flowers. The chancel railing was concealed by draperies of white satin, over which hung artistically garlands of Southern smilax. Easter lilies and white hydrangeas were artistically intermingled, and on the altar burned tapers in seven branched candelabra.

Immediately before the entrance of the bridal party, Mr. Clifford Durham sang "I Love You Truly," and "At Dawning." Mrs. H. A. Manning rendered the accompaniment.

At the first notes of Mendelssohn's Wedding March, the bridal party entered.

Leading the procession were the ushers, Mr. Frank Huff with Mr. E. C. Lunsford, entering by one aisle, and Mr. Wallis Caswell, with Mr. Chester McLendon, entering by the other.

The junior attendants, Miss Kathryn Huff and Miss Margaret Bostwick came next by opposite aisles, and wore ruffled frocks of yellow taffeta with large tulle butterfly bows on the shoulder. They carried gold shepherd creels tied with bows of tulle in rainbow colors.

The matron of honor and bridesmaids wore gowns fashioned with long waisted bodices, puff sleeves and wide skirts, with scalloped hem. Each carried an arm bouquet of pink Columbia rosebuds, valley lilies, snapdragons, sweetpeas and swansonia.

The matron, Mrs. Andrew Thompson, Jr. of Gainesville, Ga., entered alone, and was beautifully gowned in taffeta in blue and gold. Miss Wynette Manning wore a Nile green and gold changeable taffeta frock, and Miss Etta Mae McWhorter was becomingly attired in a gown of orchid and silver changeable taffeta.

The groomsmen were Mr. Virgil Caswell of Alachua, Fla., brother of the bridegroom, and Mr. Henry Jordan of Belmont, N. C.

The maid of honor, Miss Anna Lou Huff, sister of the bride, wore a gown of pink and silver changeable taffeta, fashioned with circulant skirt, scalloped at the hem. The long waisted bodice softly wrinkled at the waistline, and had a deep scalloped peplum. A sash of pink and orchid tulle was tied at the left side, the ends reaching the floor and forming a side train. She wore a handsome coronet, a family heirloom, and carried Columbia roses and swansonia.

The flower girls, Misses Elizabeth Craig and Dorothy Durden, wore white crepe de chine and lace frocks, with shower bows of ribbon in pastel shadows. They wore wreaths of flowers and their flowers were sweetheart roses, carried in French ivory baskets.

The bride was given in marriage by her father, and was lovely in her bridal robe of white Duchess satin, fashioned with georgette crepe and real lace, and trimmed with crystal beads and pearls. The tulle, surplice fashion, ended in a broad girde, and the bodice was made of rare lace, beaded in pearls. Her tulle veil was fastened to her coiffure with an up-standing ruffle of tulle, held in place with a wreath of orange blossom, and she carried brides roses and valley lilies.

At the altar they were met by the bridegroom and his best man, Dr. E. W. Shepherd of Spartansburg, S. C., and here the ceremony took place. During the ceremony Angels Voices and Ever Near, was softly rendered.

The bridegroom's gift to the bride was a pin of platinum and diamonds.

Following the ceremony a brilliant reception was held at the home of the bride, which was decorated with cut palms, ferns and a profusion of cut flowers. The verandah was enclosed with canvas, hung with vines. Southern smilax predominated.

Punch was served on the verandah by Miss Kathryn Everett and Miss Mildred Stewart.

Miss Inez Pirkle presided over the bride's book.

Mrs. Huff, mother of the bride, wore a handsome gown of black lace over black charmeuse, with corsage of red roses and valley lilies.

Assisting in entertaining were Mrs. John Robble, Mrs. W. H. Lonsdale.

FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using
Recipes of Sage Tea and
Sulphur

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture improved by the addition of other ingredients by asking at any drug store for a bottle of "Wyeth's Sage and Sulphur Compound," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur Compound is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Adv.

VOICE OF PEOPLE

SELLING CIGARETTES
TO MINORS

Editor of the Sanford Herald:

Dear Sir: Will you please publish the enclosed in your next paper and oblige the writer?

Just a few words about cigarettes. It seems an abomination to the world regardless of talk. The little boys—all smoke them. I'll say not one out of every hundred of school age that are not smoking and why? Because they can be bought at many junk and candy shops in Sanford by any little boy. Then men will give them one to see the little fellow smoke for fun. Lots of fun regarding the welfare of our little boys—whom are the hope of the future. Now, what or where is the foundation on which we can build our hopes upon. Are we compelled to suffer the consequences of our dear little boys smoking cigarettes which is poisoning and making them diseased and unhealthy and bringing them to an early grave.

Now the question is how are we parents going to put a stop to this existing evil? If our officers fail to do their duty in making a diligent search for and punishing the dealers who are violating the law to the extent of selling cigarettes to minors. So if our officers will do their duty and we, as parents, will co-operate with them we will put a stop to the sale of them and we will have more pleasant homes and healthy and better boys—better men and better feeling towards our officers.

Yours truly,
Parents of Children and Citizens
of Sanford.

ABOUT HOLDING PROPERTY

Editor of the Sanford Herald:

Dear Sir: I was struck with your article about holding vacant property the other day and want to say that you are absolutely right.

I have been trying to buy some lots here and had the sale about closed when the owner raised the price and I quit. These same lots are taxed for

one-tenth of the sum asked by the owner and he will hold them higher and higher as long as he does not have to pay taxes on the vacant property.

Also your idea of the home owner paying less taxes than the speculator is on the right track and is appreciated by the men of moderate means. I am here working for wages and do not know how long I will be here, but if it was as long as one year I would prefer to own my own home, providing I did not have to pay an exorbitant price for the lot.

Now, after thinking it all over, I will go to the city officials and tell them just what the man wants for his lots and will find out what taxes he pays and I say and all my friends say that hereafter the city and the county will charge the taxes to the fellow who is holding up this town and not to the little fellow who wants a home or we will know the reason why.

This is what makes the working men feel like he is not getting a square deal and I ask you if he is?
Citizen.

Don't Always Blame Hens When Eggs Are Scarce

Rats may be getting them—U. S. Government Bulletins prove they know how to get them. Break a cake of RAT-SNAP into small pieces and place where rats travel. If there, RAT-SNAP will get them—positively. Three sizes, 35c, 65c, \$1.25. Sold and guaranteed by Ball Hardware Co.—Adv.

The merchants of Sanford will not have any dull summer here. They are organizing sales for every week this summer and they will bring the people to Sanford.

Some FACTS About

THE UNIVERSAL CAR

Here are authentic figures from the Ford Factory at Detroit. They show you just how many Ford cars and trucks have been built each month since January 1, 1921, and how many have been sold to retail customers, in the United States.

	Produced	Deliv. to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total Production.....	127,074	Tot. Ret. Sales 208,032

showing that actual sales for the first three months of 1921 exceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and trucks and the estimated April output of the factory and assembly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products is growing much faster than manufacturing facilities to produce and were it not for the dealers' limited stocks, which are now being rapidly depleted, many more customers would have been compelled to wait for their cars. It will be only a matter of weeks, therefore, until a big surplus of orders will prevent anything like prompt deliveries.

If you would be sure of having your Ford car or truck when you want it, you should place your order now. Don't delay. Phone us or drop us a card.

SOUTHERN COLLEGE LOCATED AT LAKE LAND YESTERDAY WON OVER OTHER CITIES

Trustees in Session at Tampa All Monday Night

MADE FINE OFFER

METHODIST COLLEGE BURNED OUT AT SUTHERLAND, WILL HAVE NEW HOME

(By The Associated Press)
LAKE LAND, May 4.—This city awoke today to learn that the trustees of Southern College had selected Lakeland as the site for that institution. The decision was reached early today at Tampa where the trustees were in session nearly all night. The buildings of the school at Sutherland were burned several months ago and the institution is now occupying temporary quarters at Clearwater.

Lakeland offered the college \$50,000 in light, water and power privileges, \$110,000 in cash and three sites comprising seventy-eight acres, valued at \$85,000, but producing an income equivalent to 6% on \$35,000 annually.

MORE REVENUE FOR EDUCATION

IS THE ONLY REMEDY IN SIGHT FOR THE SCHOOL SITUATION

TALLAHASSEE, May 3.—Dr. R. L. Goodbred, of Lafayette county, who introduced the two bills designed to cure the bad situation existing in the state as regards the indebtedness of school boards, is hopeful that they will pass the senate all right when they come up for consideration in that body, which is likely to be this week on at least one of the bills. This is the one which validates all notes, time warrants or other evidences of indebtedness issued by school boards. These are now in the hands of many banks throughout the state and as they are not validated the banks find it hard to dispose of them. They are "frozen" credits, in other words, until the bill sponsored by Dr. Goodbred and brought to Tallahassee by the school superintendents of the state, represented here by Messrs. Sheppard, of Volusia, and Knight of Hillsborough, become laws.

The second bill provides for means of repaying these debts by provision for a sinking fund which it is hoped will extinguish the debts in 20 years. It is admitted generally that these measures are temporary and it is agreed on all hands that the state must soon face the problem of providing greater revenue for its schools.

There is great hope in the administration bill introduced Friday that calls for a state tax equalizer. It is felt that this officer if properly supported, will put great blocks of property, not now paying the average rate of taxation and in a great many cases not paying at all, on the tax rolls. Such a step would of course produce more revenue for the schools as well as for other purposes.

PUBLIC MORALS IN DRINK AND DRESS ARE NOW GUARDED

By J. E. Worthington

TALLAHASSEE, May 3.—Mr. Riddles of Holmes county, is fast becoming known as the "Watch Dog of the Morals" of the people of the state. He would make a second violation of certain prohibition laws punishable by a five years' imprisonment or \$5,000 fine, or both such fine and imprisonment at the discretion of the court. He has a bill in the house for that purpose, besides a number of other bills of a like nature. But the one which promises to bring him the most notoriety is one to prohibit the indecent exposure of the person of any man or woman. Whether the gentleman has had his sensibilities shocked by the low neck and high skirt costumes of the Tallahassee angels is not set forth, but in that event it is likely he will be lonesome for assistance if it is his purpose to make a change in either of these abbreviations. They have been the admiration of hundreds of legislators and visitors who have no thought of being shocked by them—in fact can not see any indecency in them.

Babe Ruth was recently arrested and fined for speeding in his automobile. Was he making a "home" run?

BIG MEN OF THE COUNTRY

Mr. Wade of Clay (by request) is the greatest bill-passer in the legislature.

Mr. Bryant of Orange county is the greatest man in Associated Press dispatches.

GROWERS MAY LOOK FOR A LOWER RATE

Florida growers may look forward with reasonable confidence to lower freight rates before the next citrus crop is ready to move. This is the belief of Dr. J. H. Ross, president of the Florida Citrus Exchange, as expressed in Tampa yesterday. Just back from Washington, New York and Atlantic City, at the last place having participated in the sessions of the United States Chamber of Commerce, Dr. Ross has had unusual opportunities for contact with government officials, representatives of transportation interests, and big business men. Concerning the situation, and his reasons for believing relief is almost in sight, he said:

"The readjustment of freight rates in such manner as to give absolutely necessary relief for the country's real producers while preserving all our essential transportation facilities is a big problem. It is one which the growers of the Florida Citrus Exchange, through those of us who actively represent them, have been following up closely for some months in an endeavor to get relief. I am glad to say I find attention now is so focused upon it, that it is not too optimistic to believe we will have a new basis of rates on which to handle next season's citrus crop.

"Since the time we first voiced our protest against the existing rates the situation has grown more acute, affecting more and more lines of business until it may be said that almost every well informed man has become aware of the necessity of a rate readjustment, or else intolerable business conditions over the country. As a result, the movement we helped to start has grown apace, and the pressure which is being exerted for action in the matter is so great from every quarter of the country that we may look forward to early action. The coming conference in Washington between railroads, shippers and government representatives doubtless will find a way to bring this about with a minimum of disturbance and with early results. As for ourselves, I feel we have already done all it is practicable to do in the matter, and just now I am content to rest our case with a confidence that recognition of our necessities will get us the relief we require, and before our next crop is ready to move."—Tampa Tribune.

SAYS COUNTRY NEEDS INLAND WATERWAYS

(By The Associated Press)

NEW ORLEANS, May 3.—Prominent in the list of subjects to be discussed at the third annual convention here of the Mississippi Valley Association, yesterday, today and Wednesday, is "Inland Waterway Transportation," according to W. M. Hough, general freight agent of the Mississippi-Warrior Rivers Barge line.

With 65 per cent of the population of the United States in the twenty states that will be represented at the convention, the district also boasts, according to statistics issued by the association, 64 per cent of the area of the country; 69 per cent of the agricultural acreage; 52 per cent of the lumber production; 70 per cent of the mineral production and 43 per cent of the manufacturers. That the question of cheaper transportation will be a leading question is therefore argued.

According to Mr. Hough the growth of rail transportation has not kept pace with the growth of the valley section. He stated that figures compiled by the Federal government showed that from 1900 to 1918 there was an increase of 166 per cent in tonnage handled by railroads while there was an increase of 33 per cent in mileage; 77 per cent in number of freight cars handled and 71 per cent in number of locomotives. The only possible way to meet this shortage in facilities, according to Mr. Hough, is utilization of the inland waterways to their capacity.

LOYAL ORDER OF MOOSE AND THE KIDDIES

MR. A. P. CONNELLY WILL TELL WHAT THIS ORDER IS ACTUALLY DOING

Accepting the invitation of Dictator Frank L. Miller of Sanford Lodge No. 1253, Loyal Order of Moose, Mr. A. P. Connelly has arranged to give an informal talk at the next meeting of the lodge, which will be held tonight at 8 o'clock in the Masonic hall.

Mr. Connelly had the privilege of personally observing the workings of this great order and during his recent visit to Mooseheart, (inspected the development which has been brought about by the Loyal Order of Moose in Illinois. These accomplishments can be attributed to the efforts of James J. Davis, recently appointed Secretary of Labor in President Harding's cabinet.

Quoting from an interview appearing in the Nation's Business for May, Mr. Davis stated that he joined the Loyal Order of Moose in 1906, and that "The society, purely beneficial in its objects, was organized in Louisville, Ky., in 1888. It paid \$7 a week to members who were ill and gave the family of each member who died \$100 for funeral expenses. Yet the order had not prospered. It had fallen away to 246 members at the time that I joined it, which was 1906—246 members in all of the states of the United States.

"The purpose of the order and its possibilities took my imagination by storm. Here, I thought, is a great work to be done, a work that is worthy of any man's time and ability. I grew so enthusiastic that I asked the following year to become director general of the order.

"I held that office from 1907 to 1921 and was holding it when President Harding invited me to enter his cabinet. There are 600,000 Moose today in the United States and lodges in every American city and large town, and a number in foreign countries.

"We do more than pay sick benefits and funeral costs. Members die and leave children in poverty. I thought there should be some provision made for the orphans, saying 'Every child is entitled to at least a high school education and trade.' That sentence has been adopted as a Moose slogan.

"We laid a tax of four cents a week on our members and purchased 1025 acres of land 37 miles west of Chicago, on Fox river. We made roads, planted trees and erected beautiful buildings and called our colony Mooseheart. The home and school, and it is both, was opened in 1913. 'Preparation for life,' is its keynote.

The Family is Preserved

"Today there are 1025 orphans at Mooseheart, 115 destitute mothers of children, and a number of old men. Ordinarily, children over 14 years old are not admitted to the school. We are opposed to the breaking up of families, and mothers without means are permitted to enter the home with their children. There is always work for them to do.

"We have 22 vocational training courses. Our children live in cottages. They are dressed like other children, and not in uniform. Fifty of our boys are fine musicians, and have been organized into a brass band. We have baseball, football and track teams and a company of cadets. Our machine shop, dairy barn, school house, hospital, entertainment hall, hot-houses and cottages are modern in all respects.

"So far, we have spent \$2,500,000 at Mooseheart and are spending \$500,000 a year in its further development. Our revenue for Mooseheart amounts to \$1,200,000 annually. And when I am through being Secretary of Labor I mean to return to Mooseheart and the order that established it.

"It is the work that I live. I have given it fourteen years of my life and all of the energy and enthusiasm with which God has blessed me. Therefore, I have got to succeed as Secretary of Labor. If I do not, I am ruined and I shall have brought discredit to the 600,000 men who have trusted me and to Mooseheart."

Principally, it was Mr. Davis' creative genius as director general of the Moose and his ability as the financier of Mooseheart that brought him into President Harding's cabinet.

Mr. Connelly will tell at this meeting how Mr. Davis has successfully materialized the great vision he had in 1906. All members of Sanford Lodge No. 1253, Loyal Order of Moose, are requested to be present on this occasion, bring their wives with them, bring their friends, and have their friends bring their wives. Members of the various labor unions in town are particularly invited to be present, as this lodge was organized for the benefit of being enjoyed primarily by the working men of the United States.

AGRICULTURAL NEWS OF THE GREAT STATE OF FLORIDA

(From Florida Agriculture Bureau) WHY HAVE AGRICULTURAL STATISTICS?

(By Sam T. Fleming)
Agricultural statistics are dry reading to the average man who is not particularly interested in them. So is the dictionary, and, like the dictionary, statistics are prepared for use instead of entertainment.

The United States government realized the need of agricultural statistics way back in 1839, some years even before the Department of Agriculture was created, and congress made an appropriation of one thousand dollars at that time for the collection of agricultural statistics and the collection and distribution of seed under the Commissioner of Patents.

The collection and publication of crop and live stock estimates and statistics since that time has grown by leaps and bounds and although not yet as perfect as it should be and can be made, the system under which our government operates its crop estimating Service is being studied and copied by other nations and is considered the most perfect and reliable in existence.

The grower often loses sight of the fact that regular and approximately accurate knowledge of agricultural production is just as necessary to him, individually and collectively, as the stock of goods on hand and being manufactured is to the merchant, or the supply of money and condition of finances are to the banker.

The more any individual knows about his business, the world's supply and demand for what he is producing and selling, the location and extent of competition and the other problems which effect him locally or abroad, the greater chance he has of succeeding in that business and the less is the danger of being robbed by speculators, or thieves, of that success when he has attained it.

Supplying this information is, broadly, the work of the Bureau of Crop Estimates in connection with the other bureaus of the Department of Agriculture and it should receive the enthusiastic support of every agricultural producer in its work.

GOOD MILKERS IN POLK BARTOW, Fla.—There are at least

two Jersey cows of this county giving splendid accounts of themselves. Helena of Panola, owned by Colonel Milton Wilson, of Meadow Oaks farm, Bartow, is giving 61.2 pounds of milk a day. Another, Comassie Princess Girl, gave 1398 pounds of milk and 11.8 pounds of butter in March. County Agent Wm. Gomme is the authority for these reports.

DEMAND FOR MILK GROWS IN DUVAL

JACKSONVILLE.—Dairymen of this county are finding themselves unable to keep up with the local demands for milk, according to the reports of County Agent W. L. Watson. The drink-more-milk campaign, which was recently put on in Duval, has materially increased the number of people who use milk in their daily diets. Mr. Watson attributes the increased demand to this campaign.

DeFUNIAC SPRINGS.—A proposition has just been closed with a new settler whereby he will plant 120 acres to tree blueberries within two miles of this place. This will be the largest blueberry farm in the United States. County Agent J. W. Mathison says that Walton county must continue to lead, especially in blueberry culture. Plants of this small fruit are still being shipped from the county commercially.

FLORIDA SENATOR SHOWS FACTS IN FREIGHT RATE CONTROVERSY IN SENATE

JACKSONVILLE, May 5.—The following article appeared in the Jacksonville Metropolis of Saturday, April 30, 1921:

"Senator Fletcher astonished the senate yesterday by reading to it a statement from Chase & Co. of Jacksonville, showing the increase in freight charges paid railroads during the past four seasons based on the haul from Orlando, Fla., to New York. "The statement shows that the freight charges paid in the 1920-21 season were an increase of \$10,365,401.51 or 304 per cent over the freight charges for the 1917-18 season. Other figures submitted by Chase & Co. were equally startling and made the senate sit up and take notice."

MAY DAY WAS QUIET WITH REDS

IN AMERICA BUT TOSSED A FEW BOMBS LOWER DOWN

WASHINGTON, May 2.—Reports to the department of justice last night said that May day had passed quietly in the country as a whole. A few radical meetings were reported but they were said to be nothing out of the ordinary. Department agents, however, will maintain vigilance today because the day will be observed then considerably since yesterday was Sunday.

NEW YORK, May 2.—Tranquility marked May day here. There were several large patriotic gatherings where the speakers stressed Americanism and pleading for the quelling of elements dissatisfied with our constitutional form of government.

BUENOS AIRES, May 2.—May Day here was marked by the throwing of two bombs, an attempt to blow up the railway bridge and a parade by socialists and workmen who carried red flags. No one was injured by the explosions and little material damage was done by them.

PARIS, May 2.—The first of May, with its traditional revolutionary demonstrations, passed yesterday with probably less excitement than the ordinary Sunday. There were fewer than the usual number of arrests for minor infringements of the law in the city and not one single case of disorder was reported throughout the other portions of France.

MACDONALD-DAVIS

The following announcement has been received by several Sanford people. Miss Dorothy Davis resided here several years and will be remembered by the younger society set: Mrs. Fannie Deare Ackerman requests the honor of your presence at the marriage of her granddaughter, Dorothy Ann Davis to Mr. Ralph Everett Macdonald on Thursday afternoon, May 12th, 1921, at 4 o'clock at the Presbyterian church, Palatka, Fla.

Seminole County's Wonderful Resources

We, of Seminole County, are too apt to think of our agricultural possibilities in the terms of Celery and Lettuce, more or less exclusively, because these crops have been scientifically and continuously developed for many years with every known cultural care and attention suggested by experts and practical farmers.

It is true that the sub-irrigable districts of this county offer unusual opportunities for the growing of all winter vegetables, because our artesian wells furnish us unending and unlimited supplies of water to apply through our tiling systems for watering plants in case of drought, and the character and "lay of the land" is such that perfect drainage is secured through the same tile in case of flood. Such a combination along with our favorable climatic conditions places Seminole County in a class by itself in the growing of all of the profitable truck crops.

The time is rapidly approaching, however, when attention to the development of other lands and the growing of other crops will receive much more serious consideration than has been the case in past years. Sugar-cane, corn, velvet beans, sweet potatoes and general forage crops are going to come in for their full share of attention and the new pasture and hay grasses that have been successfully introduced from Australia, Africa, South America and elsewhere are going to prove of great stimulus to dairy and beef cattle raising and, naturally, also to dairy products, hog-raising, poultry and bee-keeping.

We need and will attain to a broader agricultural development than we enjoy at the present time and perhaps no greater work confronts us than the preparation of market-

ing facilities for safeguarding the buying and selling ends of the farming business

through the co-operative effort of farmers and the assistance of our town people in the conservation and use of the products of our

county. At present we do not, as a county, use enough of our own, home-grown, products. We have not given attention to fostering trade relations between the different crop-producing parts of our county. As an example, I know of many barrels of fine Florida syrup made by a progressive farmer in the Longwood district in an effort to stimulate interest in sugar-cane growing in that section. The syrup is of as fine quality as is made in the state, yet no sale has been found for it and the people of our county are eating syrup that is shipped from a distance.

Until we learn to encourage and promote our own home industries and home-grown products we will not progress as we should agriculturally. Seminole County should in the near future produce its own beef, pork, mutton, poultry, eggs and dairy products. Cold storage, pre-cooling and good packing house facilities will soon be available for the proper care of these products as well as for our celery, lettuce and other winter vegetable crops for the time is ripe in this great period of re-adjustment for our county to take advantage of every opportunity to promote home industries and prevent waste and lost effort in those things that are so vital to our economic growth as an agricultural community.

What we have, let us be proud of, but what we SHOULD have let us measure only by the limit of human endeavor to make as absolutely perfect as possible our facilities and methods for taking care of our great winter vegetable crops and our other products for home consumption.

C. M. BERRY,
County Agent.

RE-APPORTIONMENT SETTLED, SENATE CONCURRENCE NOW PUTS IT UP TO THE PEOPLE

Will Vote on Question at General Election in 1922

TALLAHASSEE, April 29. — The reapportionment matter has at last been settled in the senate, that body, by viva-voce vote of 15 to 13 yesterday morning concurring in the house amendments to the senate joint resolution for a constitutional amendment allowing the people to vote in 1922 on reapportionment.

The matter has lain on the table in the senate since Tuesday morning when the Phillips amendment to the Campbell resolution, allowing ninety-nine members of the house instead of seventy-two as the Campbell plan originally put it, came over from the house where it passed Monday night. Senator Campbell was a little afraid to bring it up, knowing there was some objection to the resolution.

Yesterday morning, however, he was willing to chance the passage of the amendment, and Senator Lindsay moved that the senate concur in the house amendments, urging that the house should be granted the right to fix its own membership without objection from the senate, and saying that if this bill did not pass it would be extremely difficult to put another through.

Senator Taylor of Hillsborough and Pinellas spoke briefly against concurrence, saying the amendment placed the house membership too high, in his opinion. He felt that the matter was up to the senate as well as to the house. Senator Bradshaw of Hamilton county, whose county is the only one in the state losing a representative, tried to offer an amendment but the motion was on concurrence and his amendment was not received. He wanted Hamilton county left with its two representatives. Senator Maples also spoke briefly in favor of concurrence.

When the vote was taken the president could not determine the preponderance and called for the yeas and nays, which was announced by the clerk as 15 for concurrence to 13 against it, so the amendments made in the house were accepted.

The resolution provides that the matter of reapportionment on the lines indicated, ninety-nine representatives, and not exceed thirty-eight senators, shall be submitted to the people in the 1922 election. If they vote for it, then this resolution becomes a part of the constitution. It calls for a reapportionment by the legislature of 1923. If it fails, then the governor may call the legislature in special session for this purpose. Reapportionments shall be made every ten years on the Federal census in the years ending in three. So that this reapportionment, bearing any changes, will hold until 1933.

Under the proposed reapportionment, Duval county, largest in population, would have four representatives. Hillsborough would have three for its 87,901 population, while Escambia, Gadsden, Jackson and Alachua, ranging in population of 49,386 in Escambia to 30,115 in Alachua, would each have as many representatives as Hillsborough, which has more than as much population as any two of these counties combined. Pinellas, Marion, Volusia, Gadsden, Orange, Monroe, Suwannee, Manatee, Palm Beach, Leon, Madison, Putnam, Jefferson, Columbia, Santa Rosa, St. Johns, Holmes, Lake, Bradford, Walton, Washington, Bay, Nassau, Taylor and Seminole, with populations ranging from Pinellas' 28,263, to Seminole's 10,986, would have two representatives each, and the remaining counties one each. There will be rearrangement of the senatorial districts created, and in this Hillsborough will benefit, being given a whole senator instead of dividing with Pinellas, as now.

CHRISTIAN ENDEAVOR DEBATE

"Resolved that America is a Christian Nation." This was the subject of a little debate at the Christian Endeavor of the Presbyterian church last night. Only time prevented this little discussion from ending in a very hotly contested issue, for the teams were very evenly balanced. The debate was decided in favor of the affirmative, the negative, we admitted, had the best preparation and presentation. Regardless of the outcome of this debate, we all were forcibly impressed by the facts and statistics offered by the negatives, which pointed out the large field for improvements in politics, business and our amusements. Look for our notice next Saturday announcing the subject and leader for the following Sunday.

O. E. REPORTER.

UPSALA AND GRAPEVILLE

Mr. and Mrs. Venable and little niece of Sanford were the guests of Mr. and Mrs. Meall on Sunday.

Mrs. Volie Williams entertained the ladies of the Pipe Organ Club at her pleasant country home, Monday afternoon.

Mr. and Mrs. Charlie Arrens and baby spent Tuesday afternoon at the home of Mrs. Westerdick, the ladies calling on the writer.

Mr. and Mrs. Reed had at last succeeded in getting a cottage in town near his work and are moving in on Thursday, though we understand Mr. Krells would have liked them to stay.

Mrs. Alfred Ericson and little Esther, Mrs. Ebba Lee, little Lenora and baby Carl spent Friday afternoon with us, walking all the way down, calling afterwards to see Mrs. W. A. Tyner.

Mrs. Stedt returned home Saturday from Tampa after spending a week at the bedside of her sister, Mrs. A. Norton, who is very ill and not expected to recover. She is also the aunt of Walfred and Carl Pierson.

Mr. and Mrs. Reid left on the 17th to make their home with one of their sons in Georgia after spending a pleasant winter at the home of their daughter, Mrs. A. Bertelson.

A. F. Westerdick has traded off his auto to Charlie Chestnut in part payment for the homestead of the latter at Osteen.

Mr. and Mrs. Noah Fry and Mrs. Bengston came up from Windermere Saturday evening, bringing home Miss Eunice Tyner and also spent Sunday at the home of Mr. and Mrs. T. O. Tyner, while Mr. and Mrs. Will Robinson and children with Mrs. J. A. Vaughn were also visitors there on Sunday.

Mr. and Mrs. Dunnie Arrens came over with Mr. and Mrs. Beck, calling at the home of Mr. and Mrs. Westerdick. Dunnie has been planting velvet beans for the stock cattle of Messrs. Peck and Hand.

Just now the men folks are tearing down an old land mark, the old Ford Reed school building, from which they will build a cottage on the place owned by Barney Beck opposite the home place in which Mr. and Mrs. Arrens expect to live.

We are glad to hear that Andrew Bertelson is doing well. His wife and friends go in daily to see him. We understand the toes, though badly crushed, were saved after all. On Thursday, his birthday, his sisters, Mrs. Magnuson, Mrs. Ericson and Mrs. Borell, were all in to see him.

Mrs. Bertelson, who has been carrying the nights with Mrs. Alfred Ericson, was over Sunday guest of Mr. and Mrs. Fred Krell, who took her in to see her husband a number of times.

Mrs. Edna Butler and baby left for her home late last week after a pleasant visit at the home of her brother, Volie and father, C. M. Williams. Volie was kept at home a few days last week by a touch of malaria.

Miss Underwood, who has been the guest of her friend, Miss Icehour at Twin Lakes, left on Thursday, the 11th, for her Pennsylvania home.

Mr. and Mrs. Edwin Peterson and two daughters and Mr. and Mrs. Edgar Sjoblom came over from Holly Hill on the 20th to visit their Grapeville relatives. The ladies and young folks of the party, which also included Mrs. J. E. Lundquist and Mr. and Mrs. E. W. Lundquist, also called on us.

On the 24th they repeated the visit to bring over another sister, Mrs. Mrs. Emma Sjoblom of Nashville, Tenn., and Mr. and Mrs. Knap of Holly Hill, the mother and sister of Mrs. Edgar Sjoblom.

We were pleased to have with us at Sunday school two extra visitors, Miss Gladys Robinson and a niece of Mr. Venable.

We suppose there will be preaching next Sunday, but have not heard for sure.

Quite a number of Upsala folks joined in the Congregational effort to improve the road to the lake and a good beginning was made. Tiles being laid in lowest places and ditching done after which a picnic supper was held.

Crystal Lake is the popular place for ten months for the poor folks who have most need of healthful recreation.

CARD OF THANKS

To the many friends who were so kind to us in the recent illness and death of our little daughter we wish to express our heartfelt thanks and especially the donors of the beautiful floral offerings.

MR. and Mrs. M. T. CASSADY.

NOTICE

Notice is hereby given that the following described lands or so much thereof as will be necessary to pay the amount due for taxes herein set opposite to the same together with costs of such land and advertising will be sold at public auction on the 6th day of June, 1921, at the Office of the City Tax Collector, in the City Hall, City of Sanford, Seminole County, Florida.

Table with columns: DESCRIPTION, Block, Tax Owner, Taxes & Costs. Lists various land parcels and their owners, including items like 'BULKHEAD PROPERTY', 'MILLS AND BOUNDS DESCRIPTIONS', and 'CUTE LITTLE STILL'.

DESCRIPTION

MILLS AND BOUNDS DESCRIPTIONS

Table with columns: Description of Land, Sec. 29, Twp. 29 S., R. 20 E., Acres, and Tax Owner. Lists various land parcels and their owners, including items like 'Run 120° N of SE cor of SW 1/4 of NW 1/4', 'Run 100° W of NE 1/4 of NW 1/4', and 'Run 120° N of SE cor of SW 1/4 of NW 1/4'.

CUTE LITTLE STILL

FOUND BY THE SHERIFF FITS ON OIL STOVE

A cute little still, that was made to go on the top of an oil stove and make real liquor, was captured by Sheriff Hand last week and is on exhibition in the window of Perkins & Britt. There is also a sign on the still that says: "The owner of this still can get a new suit of clothes by calling for the still," but the sign does not say just what kind of suit or whether the stripes will go round or up and down. The still is of copper and would hold about five gallons of mash and is made to go on the kitchen stove although at the time of the capture was sitting contentedly on an oil stove but the owner was not present to greet the sheriff or invite him to have something. Several have taken a pattern from the still and will no doubt profit by the model as shown in the window.

The wastage of war didn't reduce Europe's visible supply of ore spots.

Bryant, Longwood, Fla.; Wright Grocery Co., and all leading druggists and grocery stores.'

K. C. CARNIVAL GREAT SUCCESS

Despite the rain and stormy weather the Knights of Columbus Carnival came to a close last night in a blaze of glory. The heavy rain last night held the crowd back for about an hour but every one and his friend came after the rain and again for the third night the Minstrel Show and the grounds were packed and when staked was taken last night it was found that everything had been sold out and a nice sum netted for the Catholic Church.

The Knights of Columbus want the public and those that helped to make this the big success that it was to be thanked for their kind efforts thru the columns of this paper and especially do they thank the young men to take part in the Minstrel show. The ladies, too, that worked hard in order that there might be plenty of home made cakes for all come in for a large share of thanks and praise for there were a plenty and every last one of the cakes were the best yet.

The Knights of Columbus worked hard that the Sanford public would have a large time on these three nights and any one looking on could see that they were successful as every one from Pa down could be seen enjoying themselves to the utmost.

The music box that was raffled off was won by Peter Schaal at a drawing that took place towards the close of the Carnival. Mr. and Mrs. Davidson are to be thanked for this nice box and the sum realized was a neat one, going far towards swelling the funds derived from the carnival.

The Knights of Columbus expect to have a Carnival annually and expect to improve each year and suffice to say that if they can improve on the one just closed, next year is bound to be a hummer.

Mr. Morris, of the Southern Utilities Co., was responsible for the pretty lighting effect, both on the grounds and in the hall, and the Knights of Columbus thank him for his assistance as the beautiful red, white and blue lights went far towards bringing the crowds to Sanford's best home talent.

Crowds from Orlando, DeLand and other nearby towns were here for the occasion and every one went home well pleased and satisfied that in Sanford they know how to do things in the proper manner and all voted that next time there was doings in this town of ours they would bring other with them.

Again, the Knights of Columbus thanks all that took part in this and assure them all that should they need the K. C.'s help they are ready to do and will help if called upon.

United Daughters Of the Confederacy Form Chapter Here

On Thursday afternoon the members of the new Chapter of the U. D. C. met at the residence of Dr. Howard, to receive and welcome Mrs. Ezell, the vice-president of the State Society, who came to present them their charter and put the final touches to their organization.

Mrs. Ezell's address was a masterpiece, bristling with facts and figures relative to the growth and development of their organization; framed in delicate imagery and luminous in its exposition of the noble principles and lofty aims of the society, interspersed by the paths of deep feeling, and delivered, with all the force and magnetism of a brilliant and beautiful woman.

The passage should be quoted in full, but, unfortunately I recall only its sentiment: that there was no desire on the part of the society to draw a line between the North and the South; that the members scattered their flowers on the graves of the blue as well as those who wore the gray.

Mrs. Ezell then announced that the terms of the temporary officers, appointed by Dr. Howard, had expired, but that courtesy required that she

TOO LATE

Death only a matter of short time. Don't wait until pains and aches become incurable diseases. Avoid painful consequences by taking

GOLD MEDAL BAARLEN OIL

want of self-confidence became manifest. First, Mrs. Holly declined, in spite of the pleadings of her friends.

Mrs. Connelly resisted all attempts to make her change her decision. Then several others were nominated and seconded, without avail; among them Mrs. DeCottes, Miss Brinda Morrison and Mrs. Puleston.

Mrs. J. Nolle Tolar was finally prevailed upon to accept the responsible position, one she will fill with credit and honor. Dr. Howard having stated that he had prepared a list of ladies who were eligible for admission, but who had been unavoidably passed over, it was ordered that these names be presented at the next meeting of the society, should re-appoint them if the society approved.

The question having been put, the Society showed its approval by a rising vote, and the old officers were restored to their respective positions.

At this point, two of them, the president and recording secretary, tendered their resignations. Mrs. Connelly on the ground that the state of her health and numerous responsibilities prevented her retaining office; while Mrs. Leonardi was probably of the opinion that the presidency of the Woman's Club was enough for any one woman at one time.

The vacancy thus created was filled by the election of Mrs. E. A. Douglas. But when nominations for president were called for the most amazing

PERSONAL NOTES

(From Monday's Daily)
Miss Ruby Roy and Miss Bazell spent the day in Orlando today.

D. L. Thrasher returned Saturday afternoon from a business trip to Tampa.

Mrs. Dean Turner and party attended the water meet at Winter Park Saturday.

Mr. and Mrs. Carl Schultz motored to Winter Park Saturday to attend the water meet of Rollins' College.

Mr. Edward Rumph has been ill at his home for several days with a threatened attack of appendicitis.

Rev. A. S. Peck, Robert Deaton and Robert Holly were among those attending the "Water Meet" of Rollins' College at Winter Park, Saturday.

A. S. Persons and Thomas Self of Georgia are in the city the guests of C. A. Betts and are thinking of locating here in the vegetable business.

Mrs. Walter Morgan left yesterday for Jacksonville, where she will spend a week with her parents, Mr. and Mrs. J. K. Mettinger.

Hugh Carter Pollard, whose marriage to Miss Pansy Wimbish took place today, arrived here Sunday afternoon from Winston-Salem, S. C.

Mrs. Thomas F. East and attractive little daughter, Yvonne, have returned from Okoloma, Miss., where they were the guests of her mother, Mrs. Walter Smith.

Dr. J. N. Tolar is having his house on Tenth street raised and will build a second story on it making the home one of the best and most comfortable in the city.

Mr. T. J. Miller in company with Mr. Chas. J. Rumph motored to Orlando Sunday afternoon to visit Mr. Miller's grand-daughter, Miss Theodora Miller, who is a scholar at the Cathedral school.

Forest Gatchel has purchased the Doyle house on Oak avenue and will make several changes in the house and occupy it for his future home. The sale was made through Ed Lane, the real estate man.

E. M. Wilson has accepted a position with Byran-Wheeler Motor Company. He comes from Tampa where he was with the Tampa Motor Company and is one of the best in the business. He will have full charge of the repair work on the Byran-Wheeler Company.

Mr. and Mrs. R. J. Holly were the dinner guests of Mr. and Mrs. J. E. Ellsworth at their home, Wildwood Nook on Beardsall avenue yesterday. Mr. and Mrs. Ellsworth have a fine place on the avenue and aside from having a nice farm believe in flowers, trees and shrubs and the Nook is among the show places of the east side.

Hon. Forest Lake is not only a banker but he is a grower as well and with F. F. Dutton of this place and N. A. Colbert of Moorehaven has about one hundred acres in tomatoes in the Moorehaven section and they are just beginning to ship them now. We had a basket of these tomatoes today and if they are all like these Messrs. Lake, Dutton and Colbert ought to make a billion.

Among Uncle Sam's navy boys home on a furlough are Jim Dandelake and Harry Terwilliger, who are making good records in the navy. Harry is on the Nevada and has just been down to Panama and expects to take a cruise on the Pacific later on. Jim has also been at Panama and may take a course on shore at one of the training schools before treading the deck again.

Henry McLaulin, Jr., has arrived home from Chicago where he has been for some time finishing up his course in optometrics and he is now a full fledged optometrist and will hang out his shingle in this city as soon as he can get a suitable office. Henry is one of Sanford's most popular young men, a graduate of Sanford High and one that will make his mark in the world.

Mr. and Mrs. Bradley and their son, Lester, Jr., who have been spending the winter at the Shirley Apts., have gone to their summer home at Douglas, Mich. They made many friends while here, who regret to have them leave, but hope that they will return again this fall.

Mr. and Mrs. M. S. Wiggins and their attractive daughter, Dorothy, arrived Saturday to visit their mother, Mrs. Ella Laffar. Mr. Wiggins spent the week-end, but Mrs. Wiggins and baby will spend the week here, much to the delight of her numerous friends.

Leslie Hill spent the week-end with his parents, Mr. and Mrs. E. Krupp. Mr. Hill was among the Sanford people attending the dance at Winter Park Saturday night.

Mrs. John Leonard entertained the Junior Chapter of the G. F. S. with a supper and picnic at Silver Lake Friday.

Mrs. Byron Ward of the West Side suffered a bad fall last week, sustaining among the injuries a broken wrist. It is reported that she is getting along very nicely and will soon be out.

Among those attending the water meet at Rollins' College at Winter Park were Misses Pansy and Daphne Wimbish, Kitty and Anna DuBose; Messrs. Harry Wimbish, Curtis Barber, Hamlin DuBose and Miss Virginia Palmer.

Mr. and Mrs. Joseph Hutchinson, Dr. and Mrs. McCaslin and Miss Mell Whitner motored to Ocala, where they spent the week-end as the guests of Mrs. Elton Moughton.

S. O. Chase took Frank Chase and Albert Connelly to Winter Park Saturday to witness the water sports at Rollins' College.

Frank Britt of St. Augustine spent Sunday with his brother and sister Mr. and Mrs. Charles L. Britt at their home on Palmetto avenue.

Mr. and Mrs. A. W. Smith and daughter, Juanita, returned yesterday from Jacksonville, where Mrs. Smith and Juanita have been visiting her sister, Mrs. Rousseau. Mr. Smith going up Friday to accompany them home.

Dr. and Mrs. Caswell, whose wedding was a brilliant social event Tuesday at Atlanta, Ga., arrived here Sunday evening. Among those from Sanford attending this marriage were Alfred Robson and John Meisch. Dr. and Mrs. Caswell are pleasantly located at 218 Magnolia avenue.

B. of L. E. (Brotherhood of Locomotive Engineers) give a big entertainment in the Holy Cross Parish House Monday night, May 24, in compliment to their wives and the G. I. A. This is a return for the entertainment and dance given by the G. I. A. to the B. of L. E.

Mr. and Mrs. Clifford Penbody, who have been at the Welaka Apts., are now at the home of Mrs. D. A. Kelly on Oak avenue, opposite the Library.

Mrs. John Sauls of Enterprise, who is well known in Sanford, leaves Tuesday for Atlanta, Ga., where she will visit her son, Mr. Ralph Sauls, formerly of the First National Bank and Dutton Company of Sanford. Later Mrs. Sauls will go to the northern part of New York State, where she will spend the summer with her sister.

(From Tuesday's Daily)
Rev. A. S. Peck was in Orlando yesterday on business.

John Russell of Sanford is in Tampa for a short stay. He is stopping at the DeSota.—Tampa Tribune.

Miss Nita Moore, one of the teachers at Cathedral school at Orlando, was the guest of Mr. and Mrs. K. R. Murrell, Sunday.

Miss Lois Warren spent Sunday afternoon in Orlando as the guest of friends.

Mr. Jerome of Winston-Salem, N. C., was here Monday to attend the wedding of his brother-in-law, Hugh Carter Pollard, to Miss Pansy Wimbish.

Miss Adelaide Higgins returned home last night from Atlanta, where she attended grand opera.

George Laughlin of Florence, S. C., general chairman of B. of L. E., is in town visiting his friends, Ned Harrison and J. R. Lyles. Mr. Laughlin came down to attend the banquet given last night by the B. of L. E.

Mr. and Mrs. E. A. Douglas and daughter, Virginia McDaniel, motored to Bunnelle, where they were the guests of their son and his wife, Mr. and Mrs. Martin McDaniel, for the week-end.

Mr. and Mrs. C. W. Stokes and daughter, Dorothy, and Mr. and Mrs. C. L. Millitzer and family formed a congenial party motoring to Orlando Sunday.

Mr. and Mrs. Froy Rousseau and family of Miami are in the city visiting Mrs. Rousseau's parents, Mr. and Mrs. J. E. Vincent. They are on their way to Seattle, Wash., in their car and expect to be gone all summer.

Mr. Rousseau is a former employe of the Herald Printing Company, but is now a linotype operator on the Miami Daily Herald.

Rev. S. R. Walker and R. J. Thrasher left yesterday morning in Rev. Walker's car for Tampa, where Dr. Walker goes to attend the meeting of Southern College trustees. Mr. Thrasher going to Tampa to see his sister, Mrs. F. S. Dalger, Sr..

Mrs. Geo. DeCottes left yesterday for Jacksonville, where she will be joined by Mrs. Ezell, V. P. U. D. C. From this point they will journey together to Pensacola to attend the state convention of the U. D. C., to which Mrs. DeCottes has been appointed a delegate.

Assistant talent for the Students' Piano Recital at the High School Auditorium Friday evening, May 20th, will be Mrs. Irene Halle, soprano, accompanied by Mrs. R. R. Deas. There will also be a selection from the High School Quartette under the direction of Prof. Harold Bache.

Miss Ada Wagener of Kissimmee will render several numbers at the Cecilia Club at the studio of Mrs. Fannie S. Munson, Saturday afternoon, May 7th.

Mr. and Mrs. Hugh Carter Pollard (nee Miss Pansy Wimbish) passed through Sanford today en route to Jacksonville. They will stop over in Charleston and Summerville, S. C., before going to their home at Winston-Salem, N. C.

Messrs. Gaines, Shaw, Franklin and Graus from North, Ga., en route to Avon Park, old friends of S. W. Bradford, are visitors to the city. They said they liked Sanford better than any town visited on this trip.

Frank L. Miller is attending the state meeting of the Florida Entomologists at Jacksonville this week. Frank is the efficient secretary of the association and much of the success of the annual meeting depends upon his work in the behalf of the association.

Annual commencement week of Students' Piano Recital, under the direction of Mrs. Fannie S. Munson, will be given at the High School Auditorium, Friday night, May 20th. The nominal fee of 15 cents admission will be charged for program expenses. Seats may be reserved in rows at the same price. Rows of eight seats will be \$1.20. Rows of nine seats will be \$1.35. For reservations phone 262.

The tale of a dog— with a moral

THERE'S AN old gag. THEY USED to pull. SO OLD that nowadays. PEOPLE THINK it's new. ABOUT THE man who had. TO SHOOT his dog. AND A friend asks. "WAS THE dog mad?" AND THE first guy. SAYS, "WELL, he wasn't. SO DANG well pleased." AND A chap told me. THAT THIS described. SOME SMOKES he'd tried. THEY DIDN'T exactly. MAKE HIM mad. BUT HE WAN'T. SO VERY well pleased. OF COURSE that was.

MY CUE to slip him. A REAL cigarette. AND AFTER he'd taken. A GOOD pull or two. INTO HIS constitution. HE GRINNED and said. "THE ONLY way these. WILL EVER make you mad. IS THE way. YOUR FRIENDS eat 'em up. I ONLY hope you've got. A COUPLE of packs. FOR THEY sure. DO SATISFY."

YOU'LL enjoy Chesterfields. There's something in their mild smoothness that goes right to the spot. Choice tobaccos, Turkish and Domestic—a blend that literally can't be copied—a special moisture-proof wrapper for their extra protection on every count, Chesterfields "satisfy."

Air-Tight Tins of 50
Ask your dealer to show you the new vacuum-sealed tins of 50 Chesterfields. A compact, convenient and absolutely AIR-TIGHT packing—the cigarettes keep fresh indefinitely.

Chesterfield
CIGARETTES
LIGGETT & MYERS TOBACCO CO.

TO ENTERPRISE
(From Monday's Daily)
A party motoring to Enterprise yesterday afternoon to attend the Vesper services at All Saints church were Messdames A. E. Hill, A. T. Rossiter, J. N. Robson, Miss Hume, Messrs. B. F. Whitner, Harold Bache, Billy Holden, Lyle Tapp, Roger Edwards and Rev. A. S. Peck. They were met by a large party from Deland, among them were F. A. Storei and H. J. Wilmshurst. The offertory was a tenor solo by Mr. Wilmshurst.

SWIMMING PARTY
(From Monday's Daily)
A jolly crowd enjoyed a delightful swimming party out at Palm Springs today and Misses Agnes Dumas, Daphne Wimbish, Pansy Wimbish, Marie Teague, Florence Heary and Merrie Frances Ball. Messrs. Robert Deane, Hudson Ball, Hawkins Connelly, Ned Chittenden, Harry Wimbish, Tom Martin and Hugh Carter Pollard of Winston-Salem, S. C.

There is some fear that cutting the cotton acreage in the south will reduce the wool clip this year.

Psychological note: "We" won the war; "they" levy taxes.

IN FOND REMEMBRANCE OF LITTLE FRANK CRENSHAW
We'll lay them away stained by a mother's tears, Precious keepsakes through the coming years. Lay them away with heartstrings wrenched and torn But through the gloom of coming years His little things will open the fount of tears.

Lay them away, and sacred memory Will cluster round them till his face we see— Until in robes of purest white, With harp swept by his little fingers blest, His smile will banish all the gloom of night And call us to the Father's endless rest.

Lay them away. No more will his little feet Run to the door with smile so sweet. Upon the shores of brighter, endless day He stands. He smiles and waves his little hands, And after we have quit life's weary way We'll greet our baby in that better land. —Written by one who knew and loved him.

WIMBISH-POLLARD
(From Tuesday's Daily)
An event of interest to many throughout Florida and North Carolina was the marriage of Miss Pansy Wimbish, eldest daughter of Capt. and Mrs. Wimbish of this city, to Hugh Carter Pollard of Winston-Salem, N. C., which took place yesterday morning at 11 o'clock at the home of the bride's parents. Only the immediate family and a few close friends witnessed the ceremony.

Dr. S. R. Walker, pastor of the Methodist church, was the officiating clergyman.

The lovely home was beautifully decorated with Easter lilies, ferns and palms.

The bride wore a dark blue tulle suit, with a becoming hat of blue to match.

Immediately after the ceremony Mr. and Mrs. Pollard left for Orlando where they were guests at a wedding breakfast, given by the bride's parents.

Mrs. Pollard is a beautiful and accomplished young lady, who has made friends by the score since her arrival here a short time ago with her parents from Winston-Salem, N. C. It is with deep regret that her marriage takes her away from Sanford.

More Price Reductions by Harvester Company

Entire Line of Implements Now at LOWER PRICES

In view of the recent reduction in the price of steel, we now announce lower prices for our entire line of farm machines and implements not covered by reductions previously announced.

All lower prices take effect at once

The reduction in the price of steel comes after all the material for the machines and implements we will sell this year has been provided, and will therefore have no bearing on the manufacturing costs of such machines. However, it does enable the Company to buy materials at lower prices for future manufacture, and in accordance with our announced policy we now quote those prices, the Company taking the loss on machines already finished and materials on hand.

Full information regarding our lower prices on binders, mowers, and all other harvesting, haying and corn machines, tillage implements, tractors, engines, and all other I H C farm machines can be obtained from any International Dealer.

INTERNATIONAL HARVESTER COMPANY
CHICAGO OF AMERICA USA
92 Branch Houses and 15,000 Dealers in the United States

Salmagundi, this season will outclass any school publication in the state and the High School pupils are making it should feel proud of "Sally" this year.

NOTICE

Notice is hereby given that the following described lands, or so much thereof as will be necessary to pay the amount due for taxes herein set opposite to the same, together with cost of advertising, will be sold at public auction on Monday, the 6th day of June, A. D. 1921, at the Court House Door, in the City of Sanford, the County of Seminole, and State of Florida.

Table with columns: Description of Land, Amount of Taxes and Costs, and Owner. Includes entries for 'THE TOWN OF SANFORD', 'M. M. SMITH'S SUBDIVISION', and 'THE TOWN OF SYLVAN LAKE'.

Table with columns: Description of Land, Amount of Taxes and Costs, and Owner. Includes entries for 'M. H. GARNER'S ADDITION TO MARSHAM PARK HEIGHTS', 'THE TOWN OF SANFORD as Recorded in Flat Book No. 1, Pages 84 to 86 and 118, 119, 120, 121, 122', and 'M. M. SMITH'S THIRD SUBDIVISION'.

The table is organized into multiple columns and includes various sub-sections like 'VILLAGE OF CLAY SPRINGS' and 'THE GENEVA TRACT'.

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian head on the orange label. Then forget about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods. And now remember, you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use

CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You never have to re-bake.

Contains only such ingredients as have been officially approved by U. S. Food Authorities, in the product of the largest, most modern and sanitary Baking Powder Factories in existence.

Gluten gives flour a good part of its food value—the element that nourishes the body. To be sure of getting it, use only pure baking powder with plain flour, (not self-rising flour).

Calumet Columbian Recipe—4 cups sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups of sweet milk. Then mix in the regular way.

COMMENCEMENT EXERCISES LAKE MONROE SCHOOLS CLOSE SPLNDID YEAR

One of Finest Schools in County Closed Last Friday Night

(From Friday's Daily) An event of great interest to the Monroe community and one which always proves a success is the graduation exercises of the Lake Monroe Grammar School, which took place Friday evening at 8 o'clock at the auditorium of the school building.

Ten graduates graced the stage upon this occasion, and a fairer or more charming group of young people would be hard to find. This class chose as their motto, "Work to Win," and their final examinations and good department throughout the school term fully justified their selection.

The color scheme was carried out in the dainty decorations, the evergreens and cut flowers were well chosen and tastefully placed while the motto "Work to Win" in large letters at the rear gave tone to the whole effect.

The opening song, "Hail to the Flag," was followed by an invocation by Mr. Johnson, of Monroe. Next a violin solo by Miss Mertice Osteen, was beautifully rendered. The dialogue "A Stupid Witness" and the "Lover's Lament" were very humorous, but were exceeded in mirth by "At the Photographers" which proved a scream in its success. This little drama took us back to other days. We won't say how long ago, when we sat stiff and upright in the little side tent at the circus or the county fair and had our picture made, one of those little old tintypes, such a joy forever and a thing of beauty as we sincerely believed.

The patriotic pantomime, "Columbia" was beautiful and the audience could only be satisfied after an answer to the encores. But the chief feature of the entertainment was the Indian play, "Only a Dream."

The setting for this scene was perfect, the wigwam, campfire, different Indian trophies, all were represented and the class in their splendid costumes completed the scene.

The grammar school acted their parts well and all went off in perfect order and satisfaction and the large crowd that attended from other towns were equally as proud and well pleased with the boys and girls as the Monroe people were themselves.

The class song, "Let the Rest of the World Go By" was followed by a few, well chosen remarks of Supt. T. W. Lawton, then Hon. J. D. Jinkins delivered the closing address and complimented the class and the school very highly upon the progress and

splendid improvements. A few remarks were then said by our trustees, J. W. Bell and Albert Hawkins, when the whole school stood and sang the benediction song, "Good Night."

HONOR ROLL OF CITY SCHOOLS

Fifth Grade—Florence Houston, Harvey Hodges, Pearl Robson, Harvice Howard, Helen Jenkins, Eric Lundquist, Nezzie Stone, Nedy Kasaroff, Stephen Shinholser, John Edward Higgins, Blanche Wynn, Mary Kinlaw and Henry Russell.

WOMAN DIES FROM BURNS RECEIVED IN MOORE HAVEN FIRE

MOORE HAVEN, April 28.—Mrs. A. C. Coleman, in whose home—the DeSoto apartments—yesterday's disastrous fire had its start, died today of injuries she received at the time. She was severely burned by the gasoline iron which exploded while she was using it, and which started the fire, and by jumping from the second-story window of the building.

The townspeople arose this morning not merely to survey the devastated block of business buildings and homes leveled by yesterday's blaze, the loss from which is placed at \$130,000, with about half of it covered by

Table with columns: Description of Land, Section, Township E., Range E., Acres, Owner, Amount of Taxes and Costs. Includes entries for NW 1/4 of SW 1/4, NE 1/4 of SW 1/4, etc., and names like O. L. Martin, H. M. Dalton, etc.

insurance, but to prepare to replace the burned structures by bigger and better buildings of fireproof construction. There was no "letting down" of spirit, but a determination to rebuild, and that at once. Several have already ordered building materials and construction will be well underway in the course of a week.

With but one grocery store surviving the flames there would have been a shortage of ordinary staple articles of food had it not been for prompt ordering and arrival of supplies from outside sources, principally Tampa wholesale houses.

CREAMERY FOR MARION CO.

OCALA.—County Agent K. C. Moore is making a survey with a view to determining the number of producing dairy cattle in the county and to inducing the establishment of a creamery here.

Mr. Moore says that Marion county offers splendid opportunities to the dairyman. He believes that, with the natural advantages of soil and climate which we have, this state, and particularly this county, can out-rival the great dairy states of the North and East.

Control—White Fly and Scale Produce—Bright, Fancy Fruit. USE Niagara SOLUBLE Compound WITH Schnarrs Spray Formula. This Economical Combination Spray for White Fly, Scale Insects and Rust Mites controls these destructive pests—protects your trees against their ravages. J. SCHNARR & CO. Specialists in Sprays, Sprayers & Spraying ORLANDO, FLORIDA. Established 1906.
