

# Seminole Cagers Lambast DeLand Twice, 56-44 55-25

## Fed JVs Score 9th Win In 11 Games; Varsity Now Has 5-7 Season Mark

By KENT CHELAIN  
Coach John Scott's monkey that his varsity Feels would start slow and come fast to become a definite state tournament threat is proceeding right along according to schedule. The Seminole varsity "blitzkrieg" kids roared to their

second straight East Florida Conference victory by stunning the DeLand Bulldogs at the HHS gym last Friday night, 56-44.

Meanwhile, those pesky top rung Junior Varsity Seminoles scored their ninth victory in the last 10 games by subduing the DeLand Bulldogs JV's, 55-25, in the opener last Friday night.

This gave Sanford a clean sweep of their four game home-and-home series with DeLand something local fans may remember the last time a Celery Feels team was able to blank the Bulldogs varsity and jayvees in four games.

Coach Scott who has been promoting his charges for that all important state tournament, which pits Sanford against New River in the opener of the Group II class A tourney in New Smyrna next month, is strictly a non-conference boss, relegating back after the holidays and some victories, the three East Florida Conference games.

However, the then PFC leaders were readily by the mighty Seaboard cagers and regional coach, dropped a nail to St. Augustine while falling to two losses in a non-conference duel 8-6.

The Seminoles were not to be denied as they took up the mantle of the 71-46 to be followed by last Friday night's win which gives the Seminoles 127 points in the last two encounters for an 81.5 point average in the last two tilts.

The Seminoles' erratic crew now boasts of a respectable 5.3 point record and a 5.7 season's count. They are willing to play any challenger, including DeLand or Lyman of Seminole County.

Many local fans and DeLand fans would like to see nothing better than to see their own team clash for the county title. It certainly would provide Sanford basketball a shot in the arm.

# Oviedo Roars On To 11th Straight By Bumping Umatilla, 55-45

## Jones Nets 17 More Points To Raise His Total To 249 In 14 Encounters

OVIEDO (Special) Those high flying Oviedo Lions, probably the best of times Cagers in Florida, pulled on their 11th straight victory by grinding on the once highly touted Umatilla Bulldogs, 55-45, here last Friday night.

It was the swishing attack of Johnny Jones and his 17 points that paled the Mikklermen to their 11th consecutive CFC win and 11th successive win of the season. Backing Jones was the timely rebounding of Harvey Joe Clayton, a junior center who is more than adequately supplanting the hospitalized Walt Duda.

## Lyman Surprises Mount Dora Five In CFC, 44-39

GREYHOUNDS LOOM AS DARK HORSE TEAM IN CFC TOURNEY

Mount Dora (Special) — Coach Tom Payne's hapless Lyman High quintet of Longwood having lost six games by less than six points this year, staged a minor upset in Central Florida Conference play here last Friday night by stunning the Golden Hurricanes, 44-39.

It was the Greyhounds fourth victory of the season and their third CFC in eight encounters this year. Lyman's surprise win over Mount Dora, plus the fact that the Hurricanes have come the closer to beating Oviedo, makes most experts believe the Payne-men will be the dark horse to watch in this week's CFC tourney at Mount Dora.

Lyman will play St. James, a team they have defeated twice handily while losing once to the Panthers by a single point, in the

St. James game. The Greyhounds' victory over Mount Dora, plus the fact that the Hurricanes have come the closer to beating Oviedo, makes most experts believe the Payne-men will be the dark horse to watch in this week's CFC tourney at Mount Dora.

## Fleischer Loses To Bisplinghoff As Edgewater Wins

Despite "Mighty Mel" Fleischer's sterling competition and 75-stroke score, Don Bisplinghoff defeated the able Seminole linkman with a 71 medalist total for 18 holes to pace Edgewater to a shutout, 15-0, victory over Seminole High School in the Mayfair Inn Seminoles Country Club last Friday afternoon.

Don Holler and Mrs. Russell Pearson combined to snare the runner-up job net Laura White, Mrs. C. L. Austin and Col. S. G. Harriman join in scoring the low gross victory.

Dr. Harold King and Mrs. Prie-son for the winners. The state high school golf tournament will be held in Sanford next month at the Mayfair Seminoles course.

NEW YORK — Long shots seldom pay off in baseball, but we have had a sneaking feeling for several days now that Paul Richards and his Chicago White Sox are going to pull one for the books this coming summer.

The feeling didn't quite come when Ferris Fain, the two-time batting leader of the American League, changed into a Sox uniform, though it was obvious that the acquisition of such a fighting, fleet first baseman gave Richards another important weapon. It came when General Manager Frank Lane, using some strange new softening agent, talked the Boston Red Sox out of Junior Stephens.

Giving up Little, Lane now has thrown together an infield which must be rated at least on a par with anything in the American League, both defensively and in potential run production. If the knee which Stephens injured last season has indeed completely healed, neither the Yankees nor the Cleveland Indians can afford to feel complacent.

It is certain that Fain, who was not too happy at Philadelphia because of salary differences, will be in there battling his head off for a hustling job with a pennant claim in its eye. Our hunch is that the Boston Sox, who have been in Boston too long, will experience a similar upsurge of spirit once he is exposed to Rich-

ards. Junior, you should hold onto your hat. The new Sox first baseman lacks the speed of most of the top leaguers, but he can field and, when he feels like attending strictly to baseball, can blast that apple, Lane, who admits frankly he is shooting for a first place finish, but he can't afford to let the Sox have a one-gear shortstop has one more big season in his system— if the three pitchers he sent to the minors will win.

Contributing a little to the lurch about the South Stars is the fact that they have a veteran named Jimmie Lee, who has been in the big league since 1927. He is a comparatively young 32 years old, but he has been in the big league since 1927. He is a comparatively young 32 years old, but he has been in the big league since 1927.

Both failures are, fortunately, subject to treatment, and the general belief is that Chico will come back his old periscope self.

## Leading SEC Scorers, Jarvis, Pettit And Morocco, To Play

By MERCER BAILEY  
Associated Press Sports Writer  
All three of the top scorers in the Southeastern Conference set action tonight in a full slate of basketball activity.

Nine of the 11 SEC teams have games tonight, with Alabama and Mississippi State waiting until the week-end to resume activity. The three scorers leading the league are Mississippi's Robert J. Jarvis, Louisiana State's Bob Pettit and Georgia's J. P. Morrow.

Jarvis and Morrow were idle Saturday night, but Pettit and his Tiger teammates whipped a determined Auburn 63-57. Pettit, however, was far off his scoring form. He got only nine points, bringing his per game average down to 23.1.

The elongated LSU star committed four personal fouls in the first quarter and was pulled from the game until the third quarter when he was rushed in to help stop an Auburn uprising. He made his fifth foul in that period and was forced to leave the game.

Pettit is the SEC's second-best average scorer, trailing Mississippi's fancy forward, who has a 24.3 average. Morrow, whose Georgia team has won only four games in 20 has piled up 410 points, most in the conference, for a third place average of 22.5.

Georgia will be up against the second-best team in the conference tonight when Morocco & Co. tangle with Florida. The Gators have a 6.2 SEC record and an 11.3 overall mark. Georgia is in the cellar with a 0-9 SEC mark.

Mississippi's opponent tonight will be Vanderbilt, whose Dan French is in fourth place in scoring with a 20-point average. Vandy is tied for eighth place and Mississippi is in 10th.

In other games tonight, third place Tulane (3-3) meets Auburn (3-5), Tennessee (4-4) plays Georgia Tech (4-6), and championship-bound LSU (9-0) has a non-conference run-in with Pensacola Naval Air Station.

Other scoring leaders: Jerry Harper, Alabama, 19.3 average; Ed Wiener, Tennessee, 17.4; Prie Sifas, Georgia Tech, 17.3; Gerald Caviness, Mississippi State, 15.6; Curt Cunkle, Florida, 15.4; Hank Bertelamp, Tennessee, 14.5.

In other games Saturday night, Florida State Tech 76-63, Mississippi State defeated Vandy 82-75, and Tulane downed Alabama 69-63.

In other games Saturday night, Florida State Tech 76-63, Mississippi State defeated Vandy 82-75, and Tulane downed Alabama 69-63.

## Stay Granted To Execution Of Atom Spies

### Delay In Effect Will Give Supreme Court Chance To Review Case A Third Time

NEW YORK (AP)—Condemned atom spies Julius and Ethel Rosenberg today won a stay of execution until at least March 31, and probably longer.

The stay will be in effect to permit the Supreme Court of the United States to review the case a third time.

They had been scheduled to die the week of March 9.

A three-member United States Appeals Court granted the stay on motion of Defense Attorney Emanuel H. Bloch to give the condemned couple time to petition the Supreme Court for a review.

Elsewhere in New York a state Supreme Court judge today refused to order (General Sessions Judge) Francis J. Valone to open the Minot deluge case trial to the public and press.

Justice Benjamin F. Schreiber held that the Supreme Court "has no right or power" to decide whether the judge should or should not have ordered the exclusion of the public and press from the trial.

Five newspapers, two wire services and a feature syndicate had filed a petition to open the trial.

In rejecting their applications Schreiber said:

"The fact that possible injury to the rights of the defendant may flow from the exclusion order is not a question to be considered because the defendant makes no complaint to this court."

Judge Valone's order, Schreiber said, violated no statutory or constitutional right of the newspapers and wire services. The news organizations had stated that the closed trial was unconstitutional and unwarranted.

He held that Valone had the power to make such an order and said "these motions for an order of prohibition are denied."

## Oviedo Petition Urges Building Of Southwest Road

### Cowan Solicits Support Of Commission For Industry Group

A petition containing 211 names was presented by a delegation from the Oviedo area this morning to the Board of County Commissioners concerning the desire of the people there for the construction of the Southwest road, a secondary highway through the area to the Orange County line.

This construction recently was presented for approval to the State Road Department by the DeLand Board by the County Commission as a priority project.

The petition reads: "The people of Oviedo have been very anxious for a long time to get this road, the leading road to Orange County and the Cheney Highway. The City Council has made every effort to assist in getting the right-of-way."

"There has been some misunderstanding and a report has gotten out that the people of Oviedo and those on the right-of-way did not want this road to go through. This petition has been drawn for the ones that are in favor of this road to sign as evidence of their wishes and requesting the County Commissioners to use every effort in assisting the people of Oviedo to get this road, and your efforts will be very much appreciated by the following: O. P. Herndon, clerk."

The delegation appeared before the Commission soon after it convened at 9:30 a.m.

The Commission voted to pass the petition and to give the support to the effort of the Sanford Industrial Board in getting Sanford Industries, Inc. established.

Ralph Cowan, chairman of the Industrial Board, who is spearheading the drive for the new corporation, appeared before the Commission and requested representation from the County Commission on the corporation board of directors.

"We wish to invite and urge that either one or two members of your body agree to serve on the board of directors of Sanford Industries, Inc., after all the legal requirements of this organization have been completed with so that its permanent operational set-up can be effected."

The Fish estate trustees declined to contribute \$250,000 at least, toward the project and to recommend to the Florida State Improvement Commission the transfer of an additional \$270,000 to Seminole County which had been allocated to the Fish estate.

Also, Mr. Tucker said, the trustee in effect are transferring the lake front site to the County and are turning over their hospital plans and specifications.

The Commission approved a resolution to request the Fish estate trustees to forward funds, deal to site and plans to the County of Seminole and instructed Benjamine to start proceedings toward acquisition of the funds allocated by the Improvement Commission. (Continued On Page Four)

## Man Is Arrested; Stolen Goods Are Found In His Room

A tip to the police from a woman yesterday led to the arrest of Thomas Lee Hackley, 408 Cypress Avenue, on a charge of petty larceny and the discovery of a considerable amount of stolen goods in his rented room.

According to a police report, a call came in yesterday afternoon concerning a break-in at Jones Street, from Roosevelt Harris, the owner of the place. J. E. Jones has been in the DeLand hospital the past two weeks, the report stated.

Leola Jones, 408 Cypress Avenue, said that someone residing at the same address stole the keys to the store front of the beer garden. The store room had been entered, the report stated, and several bottles of wine and a gun were taken.

Upon searching Hackley's room, according to the report, police found the following articles: a blue coat, valued at \$30; three pairs of pants, valued at \$27; two bed spreads, \$12; five shirts, \$12; 10; two shirts, \$6; two half-pint shirts, \$1; seven bottles of beer, \$8.10; five bottles of soft drinks, \$2.

The pants had been stolen from the car of C. B. Franklin, 415 East Fourth Street, while he was parked at Purple Street and Grand Street, Feb. 3. The car, belonging to Mrs. LeRoy Hickson, was taken from a parked car at Lovett's grocery store on First Street Feb. 3. Hackley was being held in jail today. No bond had been set late this morning.

## Prison Inmate May Claim Wife's Estate

HARTFORD, Conn. (AP)—When James G. Plunkett, 31, gets out of prison, he may claim the \$270,000 estate his wife left him in her will.

He's serving a five to eight-year term because he fatally shot her Nov. 1, 1948.

Plunkett was indicted for second degree murder, but was convicted of manslaughter. Since he was convicted of the lesser charge he is entitled to the inheritance, the Connecticut Supreme Court ruled yesterday.

A Connecticut law prohibits inheritance by homicide but it mentions only first and second degree murder, not manslaughter.

Chief Justice Allyn Brown, who wrote the opinion, said the law "is so clear and free of ambiguity that it can be no mistaking its meaning."

## Queen Elizabeth Returns To Flood Zone

QUEEN ELIZABH II of Great Britain walks across rough planks in the flood-stricken Tilbury area to cheer and encourage the residents who now face a new threat from spring tides in the North Sea. Ten million sandbags from nine nations, including the United States, are being taken to England to help bolster the battered sea walls before the menacing tides reach their peak. (International Radiophoto)

## US "Voice Of America" Seen "Rotten" Deal

### Senator Raises New Questions Whether Broadcast Effort Has Been Subotaged

WASHINGTON (AP)—Sen. McCellan (D-Ark.) today denounced the management of U. S. "Voice of America" overseas propaganda broadcasts as "rotten on the face of it."

He raised new questions whether the broadcasting efforts have been subotaged.

McCellan's outburst marked the second day of public hearings in a Senate investigation of the program, marked already by suspension of a construction of two huge radio transmitters for the "Voice."

The committee has received testimony these facilities, one near Seattle and one near Wilmington, N. C., are costing to times too much.

Dr. Wilson S. Compton, head of the International Information Administration (IIA) which runs the "Voice" for the State Department, testified he ordered the projects halted because of "obviously preposterous" provisions in the contract.

McCellan, senior Democrat on the Senate investigations subcommittee which is conducting the inquiry, interrupted the testimony at one point with a declaration:

"It seems to me there is a whole lot more than plain stupidity or incompetence attached to this deal."

McCellan said the subcommittee should press the investigation to show whether any of the costs being investigated came about by design.

"This thing looks rotten on the face of it."

Lewis J. McKesson, a former radio engineer for the "Voice," denounced its engineering setup last week. He declared:

"I believe sabotage was behind the decision to locate the two big new stations at the present sites."

Waste in the entire program of building broadcasting facilities for the "Voice" was estimated at \$1 million dollars, unless economies are ordered.

The Washington and North Carolina stations are located in areas subject to magnetic interference, and it would cost to times too much in million dollars to move them to better sites.

McKesson testified that experts from the U. S. Bureau of Standards, Massachusetts Institute of Technology and the Radio Corp. of America agree with him that the present sites are bad.

## Papers Are Signed Bringing To Sanford Makers Of DuCraft Boats

### A Meeting Will Be Held At The Court House Tomorrow Night At 8 O'Clock

A meeting will be held at the Court House tomorrow night at 8 o'clock for the purpose of completing the organization of Sanford Industries, Inc. Ralph Cowan, chairman of the Sanford Industrial Board, announced today. If less of the corporation will be adopted at this time. All stockholders are urged to be present and all those interested in bringing new industries to Sanford are invited to attend.

Yesterday afternoon at 5:00 o'clock Ralph Cowan, chairman of the Sanford Industrial Board, executed an agreement with Clem DuPuis and Ben White, owners of DuPuis boats, located at Port Orange, providing that the Sanford Industrial Board will operate the machine shop building owned by the Atlantic Coast Line between Sixth Street and Ninth Street on French Avenue to be occupied by DuPuis as a boat manufacturing plant.

The Board also agreed to negotiate with the Atlantic Coast Line for a continuing lease on the building for DuPuis, DuPuis and White agreed to move their present plant from Port Orange to Sanford just as soon as the above building is ready for occupancy.

This agreement culminated a month of intense effort and 20 hours of voluntary activity on the part of Mr. Cowan. After working all Saturday night because DuPuis did not call him Saturday as he was supposed to, Mr. Cowan said today he called DuPuis at 4:15 a.m. Sunday morning. He then went to Port Orange for a conference, came back to Sanford and called a special meeting of representatives from various groups to request that they donate material and labor to complete the above building.

"After the meeting was over he worked until 11:00 o'clock that night preparing various documents for consideration by DuPuis. Yesterday morning at 6:30 he was knocking on DuPuis' front door in Port Orange. He conferred with DuPuis and White all day trying to reach a working agreement, which was finally completed at 5:00 o'clock yesterday afternoon.

Renovation work will begin just as soon as a lease agreement can be executed with the Atlantic Coast Line. It is planned to have the building ready for occupancy for DuPuis within two weeks. As soon as it is ready DuPuis will move all their operating equipment and materials at Port Orange to Sanford.

They are now employing 20 men at the Port Orange plant and expect to employ at least 60 men just as soon as they have opened their Sanford plant. They are reported to have many orders on hand that they cannot fill because in the present plant they do not have the space to expand any further.

DuPuis also operates a boat and trailer manufacturing plant in Warren, Pa., which is operated by Ben White. However, it is now planned that the general offices and headquarters of the company will be in Sanford. At present DuPuis is marketing its products along the entire Atlantic seaboard. Plans are now being made to increase the distribution to include the entire territory east of the Mississippi River.

DuPuis, a native of New Hampshire, has been in the boat business for approximately 11 years. He came to Port Orange about five years ago because the boating season is too short in New Hampshire. Ben White lives in Warren, Pa. and operates a Drive-In Theatre and Automobile Race Track in Pennsylvania. He first became acquainted with DuPuis when he purchased a boat from DuPuis. Greatly impressed with the capabilities of the DuPuis line, he opened a boat assembly plant in Pennsylvania about a year ago. He and DuPuis together developed a boat trailer, which can be used for transporting boats manufactured by DuPuis and by others. The Pennsylvania plant began manufacturing these trailers in addition to assembling boats manufactured in Port Orange, and has been expanding rapidly.

## Lions Club Told Value Of Faith By M. Harman

During this period of almost unparalleled confusion, fear and uncertainty, one of the most important elements in our country must be a reeducation to and a re-interpretation of the basic beliefs of our forefathers," Martin Harman, program director of the Lions Club, said as he presided at the principal luncheon today at the Lions Club luncheon meeting at the Yacht Club.

"Before we can adequately, successfully and humanely interpret ourselves to others, we must first know and understand what we are and what we represent."

"America's greatest asset and the one which has been most neglected recently is the infinite capacity she has to have faith in God, faith in the moral, national and military strength which God has given to her."

Mr. Harman, introduced by Roy Green, who acted as program chairman, used as the theme of his address, "There must be a turning point, somewhere, back to God's will."

McCall, king lion, conducted the meeting.

The guest speaker pointed out the United States of today is a responsible position today, having the opportunity to control to a great extent the destiny of the world. He also pointed out that greater opportunities than ever before exist for the younger generation, but that care must be taken in their moral and spiritual training.

He brought out that many people have turned away from God as evidenced by empty pews in churches and by numerous arrests. He said we have the properties for moral living, such as churches, schools and recreation, but we have departed from the fundamentals. "We have given physically, intellectually and materially, but spiritually, we have not kept pace."

—He said, "Sin and vice, gambling and drunkenness, Communism and Socialism, all of them come driven out of business within 21 hours in every community in the land where they operate in violation of the law, and in violation of the laws of God, but for the protection which secularism (godlessness) gives them."

"The young people are suffering the greatest from today's faults," he said, and the spirit of parenthood seems to have been superceded by one of secularism.

"The moral fibre of the nation is fastened On Page Four)

## CUB SCOUT MEETING

A meeting of all parents of Cub Scouts is scheduled for Thursday night at 7:30 at the First Methodist Church.

According to Charles Atkinson, cubmaster of Pack 24, the meeting has a threefold purpose. The first is to register all cubs for the new year, the second to reorganize parents and place boys in the nearest practical den, and the third to schedule activities and discuss future plans.

Mr. Atkinson pointed out that parents or guardians must be present at the meeting to register their sons. No cubs will attend the meeting.

## ASKS INTERVENTION JACKSONVILLE

JACKSONVILLE (AP)—The Florida State Chamber of Commerce has petitioned the Federal Trade Commission to intervene in a suit against Florida Circus Mutual, huge circus co-operative accused of illegal price and marketing practices by the government.

## TO DISPLAY LIVESTOCK FT. PIERCE

FT. PIERCE (AP)—Future Farmers of America of the Indian River County Chapter in Ft. Pierce, Fla., will display their livestock today in the annual FFF livestock show and auction.

## President Holds His First Press Parley Since Taking Office

### A Bi-Partisan Handshake

WASHINGTON (AP)—President Dwight D. Eisenhower today held his first press parley since taking office, a bi-partisan handshake between the White House and the news media.

The president's first press conference was held in the White House at 10:30 a.m. today. It was the first time since he took office that he had held a press conference.

The president's first press conference was held in the White House at 10:30 a.m. today. It was the first time since he took office that he had held a press conference.

## Free Trade For World Is Urged By Henry Ford II

WASHINGTON (AP)—Henry Ford II, president of the Ford Motor Company, today urged that the United States take the lead in promoting free world trade by scrapping tariffs and other import restrictions.

He proposed a four-point program including:

1. A new law without loopholes eliminating the most import duties on raw materials.
2. Abandon completely the most a system on imports.
3. Abandon the buy American act, holding government buying of foreign goods, and
4. A workable law for simplifying the custom procedures, thus lifting "a virtually impenetrable barrier of red tape."

Ford set forth his free trade proposals in a speech prepared for the fifty-first meeting of the United Daily Press Association.

"I do not believe that the United States should be a net importer of raw materials," he said. "That's just what I would like to see us get away from. I am convinced that a considerable growth in our foreign trade is possible as well as exports would be a continuing shot in the arm to the whole economy."

Ford said that a bold move by the United States toward free world trade "would be intensely encouraging to" people abroad.

## Sgt. Frank Leads Local Guardsmen In Firing Practice

SANFORD (AP)—Sgt. Frank L. Johnson, Jr., 114, Pvt. Franklin E. Shearon, 140, Pvt. Joseph E. Hart, 140.

A movie was shown at last night's guard drill in the armory on nonmanufacture of the M1 rifle. The last hour of the drill was devoted to cleaning of weapons.

Thomas E. Huntley enlisted in the national guard while a group of several high school students attended the drill to investigate the opportunities offered by the guard.

Visiting officers at the unit drill were Maj. Roy D. Green, Maj. John H. Pope, Maj. Robert M. Baker, all of Sanford, and Capt. LeRoy D. Lawson of DeLand, battalion chaplain.

## FAIR PROGRESSES

J. Denver Corbett reported further progress on the American Legion's forthcoming fair, slated for Sanford the week of Mar. 9-11, at last night's meeting of the Campbell Lumber Post No. 53 in the Legion Hut.

The discussion of the fair project followed a supper served by the women of the Legion Auxiliary. Comdr. R. Z. Johnson presided over the meeting.

## TRUMAN INVITED

KEY WEST (AP)—This southernmost resort city invited former President Harry S. Truman to be the guest for a vacation but the retired chief executive said he cannot accept it now.

Truman wrote the city commission "We may be able to accept the invitation late this fall, but right now we are tied up with unpacking."

## Firemen Called To Extinguish Saucepan

What happened here in a home kitchen today in the home of a Negro woman working here, turned out to be merely a case of an over-heated vegetable steamer, but it did not stop the firemen from being called to extinguish a saucepan.

Flouring the entire kitchen was on fire, she called the fire department. The firemen arrived shortly after 3:00 p.m. to discover the following smoke was coming from the little pan of over-boiled vegetables.

After a thorough inspection the firemen found the only damage was the loss of the vegetables and a burned out saucepan.

## He's Not Personally Considering Package Of Embargo Against Chinese

WASHINGTON (AP)—President Dwight D. Eisenhower today said he is not personally considering a package of embargoes against Red China, but he said he would consider such steps if they were requested by several departments.

The president's statement came in a session for the press in the White House today. He took office, he said, "I am not personally considering a package of embargoes against Red China, but I will consider such steps if they are requested by several departments."

## Record Budget For Two Years Set By Cabinet

WASHINGTON (AP)—The cabinet today set a record budget for two years, a move that would mean a sharp cut in government spending.

The cabinet's decision was announced today. It would mean a sharp cut in government spending.

## Motor Magnate Suggests Scrapping Of All Tariffs

WASHINGTON (AP)—Henry Ford II, president of the Ford Motor Company, today urged that the United States take the lead in promoting free world trade by scrapping tariffs and other import restrictions.

He proposed a four-point program including:

1. A new law without loopholes eliminating the most import duties on raw materials.
2. Abandon completely the most a system on imports.
3. Abandon the buy American act, holding government buying of foreign goods, and
4. A workable law for simplifying the custom procedures, thus lifting "a virtually impenetrable barrier of red tape."

Ford set forth his free trade proposals in a speech prepared for the fifty-first meeting of the United Daily Press Association.

"I do not believe that the United States should be a net importer of raw materials," he said. "That's just what I would like to see us get away from. I am convinced that a considerable growth in our foreign trade is possible as well as exports would be a continuing shot in the arm to the whole economy."

Ford said that a bold move by the United States toward free world trade "would be intensely encouraging to" people abroad.

## Massaging Of Heart Keeps Patient Alive

DENVER (AP)—A Denver girl was kept alive for several hours by massaging of her heart after she was brought to the hospital from her home. No heart beat could be detected and the heart stopped beating.

At the hospital a doctor opened her chest, spread ribs by hand and massaged the heart. Her breathing failed to return to normal and she was put in an iron lung.

The girl's mother, Mrs. Adeline Haddon, said her daughter had been ill for about two weeks, apparently suffering from flu.

## IS ON MAGAZINE

WINTER PARK (AP)—Choral Director Robert Hufstader of New York's Juillard School of Music will contribute to the 20th Rollins College Animated Magazine Sunday. Hufstader will direct the Bach festival at Rollins in the near future.

TUESDAY FEB. 17, 1953

**TODAY'S BIBLE VERSE**  
We are about our thoughts make us,  
so let us think of honest, just,  
pure, lovely things of good report.  
Kindly things, charitable things,  
Think on these things. — Phil. 4:8

The less you think about other  
people's faults, the more time you  
will have to correct your own.

The world seems to have about  
reached the point where it will have  
to choose between a lasting peace  
or being permanently in pieces.

The Mount Plymouth herdson  
of the Sanford Sashlayers got quite  
a spread in the Sunday Orlando  
Sentinel.

It is a great temptation where  
standing in line at a grocery store  
to crowd in ahead of someone else,  
but you don't do it if you are con-  
siderate of other people. You are  
liable to get your neck tromped.

Free-lim of speech is something  
which everyone will fight and die  
for unless some mug comes along  
who always has his say. Then we  
think, "Why doesn't that egotistical  
ass run for president if he knows  
it all?"

The risks of child-bearing are  
steadily being eliminated. Dr. Wil-  
son Bowdler, the state health of-  
ficer, reports that in 1952 only 61  
women died in child birth as com-  
pared with 87 the year before. This  
is a death rate of slightly less than  
one per thousand. Twenty years  
ago the death rate was eleven per  
thousand. If there had been no im-  
provement in medical facilities, if  
there had been no lessening of the  
risks of child bearing, 812 women  
would have died last year instead  
of only 61. Eventually it is hoped,  
such fatalities can be completely  
eliminated.

All the various and sundry drives  
which are being made just now re-  
mind us again that something  
should be done in this city to set  
up a community chest. Maybe not  
all of the drives for funds could be  
lumped into one big drive, but most  
of them could. And if only two of  
them could that would be one less  
drive which busy men would have  
to put on, one less drive which busy  
people would have to interrupt  
their day's work for in order to  
listen to a plea for funds. And ex-  
perience shows that in those com-  
munities where efficient community  
chests have been organized worthy  
charities received more funds from  
the public than formerly, not less.

This is a flying nation. Since  
1928 the number of passenger  
miles flown in this country has in-  
creased from 560,000,000 to 13,  
150,000,000 or about 2,245 per  
cent. We sometimes think of flying  
as dangerous because whenever a  
plane crashes and a number of  
people are killed it is news and  
everybody reads about it all over  
the country. We do not read about  
the thousands of planes which did  
not crash. A regularly scheduled  
passenger plane takes off some-  
where in this country every seven  
seconds, or about 13,000 a day.  
The wonder is not that occasionally  
one of them crashes, but rather  
that so many take off and land  
without a single fatality.

Some folks around here are be-  
ginning to wonder what the new  
hospital should be named now that  
it has been established it will not  
be the "Fish Memorial Hospital",  
but rather a County hospital with  
a "Fish Memorial Wing". The un-  
imaginative thing to do, of course,  
would be to call it the Seminole  
County Hospital, just as we have  
for lack of a better name called it  
the "Municipal Swimming Pool",  
the "Municipal Zoo", the "Municipal  
Stadium". But we would like  
to see the new hospital given a real  
name, and the suggestion has been  
made that it be called the "Union  
Memorial Hospital", since it is in  
effect a union of the Fish Mem-  
orial Hospital and the Fernald  
Laughter Memorial Hospital.

### A Significant Contribution

A long step forward was taken last week in Seminole  
County's historic struggle for a bigger and more modern  
hospital when the trustees of the Bert Fish Estate agreed  
to contribute a minimum of \$250,000 from the assets of the  
estate and to transfer the \$270,000 allocation from the State  
Improvement Commission under the Hill-Burton Act to Sem-  
inole County for the construction of a County Hospital.

There are other considerations involved, not the least of  
which is that the County must agree to name a major wing  
of the new hospital "The Fish Memorial Wing". And the Fish  
trustees also agree to turn over to the County the site which  
they had previously purchased at First Street and Mellon-  
ville Avenue and the plans and specifications which had been  
drawn for the proposed Fish Memorial Hospital here at a  
reputed cost of \$222,000.

Thus the County will have \$520,000 in cash, plus an  
excellent site, as well as plans and specifications with  
which to start work on a County hospital in the near  
future and without delving a single County bond. Further-  
more, it has assurances that it may receive some addi-  
tional contribution from the Fish Estate if, as, and when  
available.

It seems to us that the Fish trustees have made a very  
commendable contribution to the immediate construction  
of a hospital in Seminole County, quite in keeping with  
the charitable spirit and intent of the late Judge Bert  
Fish as expressed in his will. We believe that if the  
Judge were alive today, he would be perfectly satisfied  
with the arrangement.

This action of the Fish trustees does not mean that  
construction of the new hospital can begin tomorrow or  
the day after. A great many minor details still remain  
to be worked out and a number of legal technicalities re-  
moved. But it does mean that most gratifying progress  
has been made and that the long awaited day when Sem-  
inole County can provide for its own sick and injured is  
much nearer a reality.

### Highest Tribunal

On February 21, 1863, the Supreme Court of the United  
States handed down its most historic decision. The case at  
issue was relatively unimportant when other great cases  
tried before that tribunal are considered. But as the result  
of that decision the Supreme Court assumed the position  
as defender and interpreter of the Constitution which it has  
held to this day.

At the end of President Adams' administration he made  
some appointments, among them that of William Marbury  
as Justice of the Peace. President Jefferson took office  
shortly after the appointments were signed and ordered  
Secretary of State James Madison to withhold them. Mar-  
bury asked the Supreme Court for a writ of mandamus  
which would compel Madison to deliver the commission.  
Chief Justice John Marshall denied the writ because he  
maintained that the Ellsworth Judiciary Law, under which  
Marbury sought the writ, was not "warranted by the Con-  
stitution." He maintained that "a law repugnant to the Con-  
stitution is void." This forever established the right of the  
Supreme Court to interpret the Constitution and to invali-  
date legislation considered not in keeping with its provi-  
sions.

No institution is more revered in this country than our  
Supreme Court. A procession of wise and able men who have  
sat on that high tribunal have made it one of the greatest  
safeguards of our freedom. Now here the occasional appoint-  
ment of an unwise or venal member been able appreciably  
to lower its standards. The spirit of the Supreme Court of  
the United States as a whole has always been high, its judg-  
ments wise and thoroughly to be respected.

### Child Safety

The National Safety Council warns parents and teachers  
against the danger of allowing children to play in unau-  
thorized areas. For some reason excavations, empty houses,  
building projects, railroad property and other hazardous  
spots seem to have a peculiar fascination for youngsters.  
The desire to explore and to take "dares" is natural in chil-  
dren and unless it is controlled it can lead to tragedy.

The National Safety Council, in its bulletin on the sub-  
ject, made it clear that teachers, parents and playground  
authorities have the twofold responsibility of teaching  
youngsters the hazards of playing in dangerous places and  
of providing safe play areas which will be outlets for youth-  
ful enthusiasm. Children must be made aware of the dan-  
gers and acquainted with the consequences of taking un-  
necessary chances and should be guided in their choice of re-  
creation.

### TILE WORLD TODAY

By JAMES MERRITT

WASHINGTON — Congress  
may do for President Eisenhower  
what it refused to do for former  
President Truman: make a new  
government department out of the  
Federal Security Agency (FSA).

FS Atouches, directly or indirect-  
ly, the lives of millions. Included  
in it are the Social Security Ad-  
ministration, Public Health Serv-  
ice, U. S. Office of Education,  
Food, Drug and Cosmetics Admin-  
istration, and the Office of Vocational  
Rehabilitation.

Taken together they are a prime  
recognition that the government  
has, or has assumed, some re-  
sponsibility for the welfare of the  
people. Yet the world "welfare" is  
not completely popular. For years  
critics of the Democratic admin-  
istration beat it on the head with  
the charge it was trying to turn  
the country into a "welfare state."

For that reason, if FSA's status  
is changed to that of a department,  
it probably will have a title minus  
the word "welfare," which raises  
a question:

What difference does it make  
whether FSA is an agency or a de-  
partment? Won't it go along pretty  
much the same way? Not neces-  
sarily. President Eisenhower is  
now working on a plan for the  
new department.

He'll offer it to Congress later.  
He may suggest that the new de-  
partment keep all the FSA agen-  
cies and bureaus except the Health  
Service. That, he might suggest,  
should be set up as a separate  
government agency.

And in transforming FSA into a  
department Congress would make  
some administrative changes. That  
is, it would try to lay down some  
rules to make it run better.

The boss of FSA—Mrs. Oveta  
Culp Hobby at the moment—re-  
ports directly to the President. If  
she became secretary of the new  
department, she would still report  
directly to him.

So there wouldn't be any actual  
change there. But FSA, as a de-  
partment, might see into have ad-  
vised status. And the new secre-  
tary would be, in fact, a member  
of the President's Cabinet.

Mrs. Hobby, as head of FSA,  
is in effect a member of the Cab-  
inet now since Eisenhower has  
asked her to sit in on Cabinet  
meetings. Eisenhower seems sure  
to make her secretary of the new  
department. She's a Texas Demo-  
crat who supported him in the pre-  
sidential campaign.

Back in 1923 President Harding  
suggested a welfare department as  
he noticed the government getting  
deeper into the welfare field. Noth-  
ing happened. In 1937 President  
Roosevelt's Committee on Admin-  
istrative Management recommend  
ed creation of a department of  
social welfare.

Finally in 1939 FSA was estab-  
lished as an independent agency  
whose head was directly responsi-  
ble to the President. In 1949 the  
Commission on Organization of the  
Government, headed by former  
President Hoover, urged that Con-  
gress make FSA a department.

But the Hoover commission  
wanted the health activities of  
FSA—that is, the public health  
part of it—separated and set up  
independently. That same year  
Truman asked Congress to make  
FSA a department.

But he wanted the health serv-  
ices included. As a name for it he  
suggested "Department of Wel-  
fare." Congress turned him down.  
He tried again in 1950, suggest-  
ing this time the new department  
be called "Department of Health,  
Education and Security." Again  
Congress said no.

Oscar Ewing, who was then head  
of FSA, was one of the main tar-  
gets for the congressional oppo-  
nents of Truman's plan. Ewing  
had strenuously advocated com-  
pulsory health insurance which these  
same opponents called "socialized  
medicine."

They didn't like Ewing or his  
ideas. They argued that if he be-  
came head of the new department  
he might, with his increased pres-  
ence,

sign, was hard for his health in-  
surance plan.  
Evidently, they said, Truman was  
jumping the health service of FSA  
in with the other FSA agencies in  
the proposed department, contrary  
to the recommendations of the

These recommendations in the  
plan, and drawing up, at least one,  
of a plan. She opposes compulsory  
state health insurance.

### Navy Center Setting For Valentine Dance

The Navy Center will be the setting for a Valentine dance on Friday night. The dance will be held at 8:00 p.m. and will be held in the ballroom of the center. The dance will be held in the ballroom of the center. The dance will be held in the ballroom of the center.

### Sanford To Observe World Day of Prayer

World Day of Prayer will be observed in Sanford on Friday afternoon at 2:00 p.m. at the First Christian Church, 1007 Sanford Avenue. The theme of the day this year is "Walk as Children of Light". This annual event will be observed in more than 100 countries, beginning in the early dawn at the top of the world and ending at midnight at the bottom of the world. The service in Sanford is sponsored by the Sanford Council of Churches in cooperation with the National Council. Every one is invited to attend this service.

### Societa Corelli To Be Presented Tonight

WINTER PARK (Special) Today is the 300th birth anniversary of one of Italy's greatest composers, Arcangelo Corelli, and will be commemorated with a Town Hall concert tonight by one of Italy's most distinguished chamber music groups.  
Miss Dorothy Lockhart will present the Societa Corelli, in this country under the sponsorship of the Italian government, in Winter Park High School Auditorium at 8:15 p.m.  
The 17 string players of the group have been enthusiastically received in this country following a sensational success in Rome similar to that of the Virtuosi di Roma heard here last season.  
Part of the group's success lies in its extensive and varied repertoire. In addition to the 12 concerti grossi of Corelli himself, the Societa Corelli has mastered the orchestral literature of his leading contemporaries: Handel, Vivaldi, Scarlatti, Corelli and others.  
The group has been hailed by American critics for its precision, interpretative depth and stylish-

### Turners Entertain For Bridal Couple

Miss Sue Colton and her fiance, E. C. Harner, Jr., were honored with a family dinner given by Mr. and Mrs. E. W. Turner on Saturday night at 7:00 o'clock. The rooms of the Turner home on Park Avenue were attractively decorated with garlands in lovely shades of rose and pink.  
On the dining table were Paul Pearl analysis and burning pink candles. During the evening the host and hostess presented the couple with a memento of the occasion. Those enjoying the evening with Miss Colton and Mr. Harner were Mr. and Mrs. A. Field Colton, Mr. and Mrs. E. C. Harner and Mr. and Mrs. Turner.  
Soloist will be a leading Italian mezzo-soprano, Tessa Ribacchi, who has performed with distinction in chamber music concerts led by conductors Arturo Toscanini, De-fauw, Errede, De Seta, Katerjan and others. Miss Ribacchi will be heard in the Verdi Cantata for Mezzo-Soprano and Strings.  
Orchestral compositions will include works by Corbelli, Geminiani, Vivaldi and Marcello.  
The bride will wear an on-again with Edna Paul, Jefferson Court Hotel, in Orlando, and at the Hunt Hotel in Winter Park.

Miss Lila Moore Loeffler, bride, and Mr. Robert Dale Roth, groom, at their wedding ceremony at the Holy Cross Episcopal Church. The bride is wearing a gown designed by Edna Paul, and the groom is wearing a tuxedo. The ceremony was officiated by the Rev. H. E. Lott.

### Episcopal Church Is Setting For Marriage Of Miss Lila Loeffler And Lt. Robert Roth

Miss Lila Moore Loeffler and Lt. Robert Dale Roth were united in marriage in a beautiful and dignified ceremony performed last evening at Holy Cross Episcopal Church. The bride is the daughter of Mr. and Mrs. William A. Loeffler, and the groom is the son of Mr. and Mrs. William Frederick Roth of Jacksonville. The double-ring ceremony was performed by the Rev. H. E. Lott, Rector of Holy Cross Episcopal Church. The ceremony was held at 8:00 o'clock with a reception at the home of the bride's parents, Mr. and Mrs. William A. Loeffler, 1007 Park Avenue. The bride wore a gown designed by Edna Paul, and the groom wore a tuxedo. The ceremony was officiated by the Rev. H. E. Lott.

## COMING TO THE RITZ IN PERSON

**RITZ**  
THURS. - FEB. 19th  
ONE OWL SHOW AT 10:30 P. M.  
The Ritz Theatre will be converted into an 'Asylum of Horrors' next Thursday at 10:30 P. M. when Dr. Bilkini, the ghost master presents his weird comedy riot on the stage. This show features the one and only FRANKENSTEIN MONSTER, who is pictured above, direct from the Universal Studios in Hollywood. Critics proclaim FRANKENSTEIN to be more gruesome on the stage than on the screen. Girls! This show will either put new life in your men or new men in your life. Bring your boyfriend and see if you have a MAN or MOUSE. You will be thrilled! Horrified! scared to Death when you see FRANKENSTEIN in person. This show is the scariest stage and screen fright of them all... It's a THRILLER for anyone from 6 to 60, but as Dr. Bilkini says, "It's all in good fun." Many faint away at every performance; so if you want an unusual evening, don't miss the "Asylum of Horrors" on the stage of the Ritz Theatre next Thursday - 10:30, DON'T BE TURNED AWAY - BUY TICKETS NOW!

# Cards To Send Man Here, To Close Deal With Blues

Representatives Slated To Arrive In Sanford Some-time During Week

By KENT CHELAIN  
Negotiations between the Seminole Blues and St. Louis Cardinals headed toward a successful conclusion when the Red Bird Farm Director, Joe Mathes, wrote Blue Presy John D. Callahan that Cardinals' representatives will be dispatched to Sanford this week to complete final arrangements for the proposed working agreement between the two organizations.

John Imbra

Vividly pleased with the progress in consummating the proposed Cardinal alignment, Callahan stated, "We have come to tentative terms with the Cardinals and they are sending a man here to iron out any minor matters, or clarify some questionable points, and submit a contract for our signature."

The latest twist in the revolving series of negotiations came in the form of a letter from Mathes, Cardinal minor league farm director, which informed Callahan that since both parties were in agreement to the terms of the original contract submitted, the Cardinals would close the deal by sending a representative to Sanford for final discussions and signing of the working agreement for 1953.

"The Cardinals have announced that they will field an entire team for Sanford next season," Callahan began. "They will train the players at their Albany, Ga., farm camp, but we will have to carry the training expense for them, which will probably amount to most of \$500 per month allotment from the St. Louis club."

"However, if they recall any of these players, they will pay us for them at the end of the season."

This will leave the door open for the Blues to dispose of such high salary players as John Imbra and Joe Parise, not to mention Jorge Rivera, Murray Byrd, George Kenis and "Chico" Gonzales. If Dominic "Yogi" Petrosino ever returns to organized ball, he too can be sold at a commanding price and Jesus "Chico" Corrales will eventually be out of the Army and might be sold at a later date.

The sale of one or all of these performers would help the Blues to pay off some of last year's debts, which can be settled up for \$4,000.

Callahan expressed confidence in the forthcoming deal with the Cardinals. "We have agreed to their terms almost entirely and they are sending a man down here to complete the deal, so I think that you can almost say the deal is complete. However," he cautioned, "We must not be too overly confident, since the deal is not complete until the contract is signed by both parties."

He could not tell definitely when the St. Louis Red Bird representative would arrive, since no arrival date was given in the letter from Mathes to Callahan.

## Boxing Results

**FIGHTS MONDAY NIGHT**  
By The Associated Press  
**SAN FRANCISCO** — World Light Heavyweight Champion Archie Moore, 17, St. Louis, stopped Leonard Dugan, 20, Oakland, (8 non-title).

**BROOKLYN** — Bob Baker, 21, Pittsburgh, outpointed Cecil Brion, 20, Argentina, (10).  
**CHICAGO** — Joe Ludansk, 16,

## Oviedo "Swish Kid" Holds 101 - Point Bulge Over No. 2 Scorer, Driskill Slated To Arrive

Resuming Johnny Jones' Oviedo's 15-year-old career wonder, now has his sights pointed toward the 300-point mark for the current campaign and it seems reasonable that before the curtain is rung down on the Lions, he will have attained that lofty figure. If not made an unmovable dent in his bid for the 400-point mark.

James paces the Seminole County prep scorers with 219 points this season in 14 games and the Lions have two more regularly scheduled games to go, plus both the Central Florida Conference tournament in Mount Dora beginning tomorrow and the Wierdale state group tourney still to be played.

Figures that Oviedo will play at least 20 games before the season ends Jones with his robust 17.8 average per game can add almost 100 more points to his already

Bobby Driskill

commanding lead. If the Lions advance beyond the Wierdale group tourney, they will go to Gainesville to play in the state Class C championship play-offs, which would mean that the Oviedoans might play 25 or more games before the basketball season ends.

Thus, Driskill is second in the county with 118 markers in 13 contests, or 101 points behind Jones. Driskill's 11.4 average is second to Jones at this juncture in the campaign.

## HIG FIVE

Player	G.	Fg.	Pt.	Tp.	Avg.

## Jax Beach Loses "Chico" Fundora In Leesburg Row

Latshaw Made Deal But Was Fired By Husebo Brothers

JACKSONVILLE BEACH — Second baseman second baseman—who's got the Sea Birds' second baseman?

He could have won the pennant last year with a good double play combination. Manager Red Treadway claims—and the matter is just as important this year.

A short time ago Treadway announced he had traded even with Leesburg in the Class D Florida State League. Second baseman Harold Fundora, coming here and Bill Robertson, the Birds' star catcher, going to Leesburg.

Then the owners of the Leesburg club asked by what authority did Treadway acquire Fundora.

Treadway said he had traded with Leesburg's playing manager Bob Latshaw.

Then Leesburg said they had fired Latshaw for not reporting on time and had acquired the services of Red Dulaney, former catcher for the Gainesville G-Men.

Simultaneously, Dulaney said the Robertson-Fundora deal was off.

Latshaw next said Leesburg eveners were not in their contract privileges when they fired him.

In Baltimore Monday night, he said the difference arose over his refusal to leave an off-season job with an oil company there and return to Florida to sell advertising.

He said George Trautman, president of the National Baseball Association, first told him he would go to Leesburg to iron out the misunderstanding, but later advised him he had changed his mind and said, "You'd better get another job."

Trautman was unavailable for comment.

Meanwhile, Treadway wants to see up a good second baseman

## Oviedo Hopes To Rest On Slayton, McCall And Jones

Having drawn a bye in the first round of the Class C Central Florida Conference tourney, Oviedo will wait until Thursday night to play the winner of the Clermont-Groveland clash in the second round.

The Lions from Oviedo are undoubted favorites to win this year's CFC meet, since they have not been defeated in CFC play, holding a gaudy, 11-0 loop mark.

Besides, the Oviedoans have a

## Moss' 24 Points Is Still Tops For JVs

Those indomitable Seminole High Junior Varsity cagers have now racked up a commanding 9-2 season's winning record with New Smyrna Beach next in line of their cage track.

Big Joel Moss, though he has played his last four games with the varsity, still maintains his scoring domination over the Fed JVs with the 81 points he had racked up before being called up to the varsity by Coach John Scott last month.

Jimmy Butler is second with 67 markers and a 8.4 average, a far cry from Moss' 12-point game average, but still a lofty total for a first year man, Reynolds is third with a 8-point mark and 40 points.

A flashy newcomer, Don Clark is third with a 6 average, having scored 22 points in four encounters.

breaking into his own of late.

## Sanford To Play New Smyrna Five In Group Tourney

Seminole High School's "blitz" cagers will have their chance to demonstrate Coach John Scott's prophecy of a "winner by tournament time" when the Seminole varsity quintet goes to the courts to play New Smyrna Beach on Mar. 5 in the opening game of the Group III Class A section of the state high school basketball championship tournament.

The Group III championship tourney will be played at New Smyrna Beach on Mar. 5 and Saturday night on Mar. 6.

In other pairings, Melbourne got the bye slot which resulted from the Kissimmee team not entering the play.

Sanford faces New Smyrna Beach in the opener at 2:00 p.m. Mar. 5. Two other tilts are slated for the same day at 7:30 p.m. and 9:00 p.m. In the early contest DeLand will face Seabreeze and Cocoa will meet Titusville in the late game.

Xelbourne will play the DeLand-Seabreeze winner at 7:45 p.m. on March 6 and the New Smyrna Beach-Sanford and Cocoa-Titusville winners will meet at 9:15 p.m. Finals are set for 8 p.m. on March 7.

Admission will be 50 cents and 75 cents for children and adults respectively except for the afternoon contest when the charge will be 25 cents and 50 cents.

## Hornsby Was Tame Compared To "Rawmeat" Rodgers, Says Clary

By ARTHUR RICHMAN  
Reprint From  
New York Sunday Mirror

Discussing iron-fisted managers in a recent letter, former American League infielder Ellis Clary insists the present tactics employed by Rogers Hornsby are tame in comparison to the ones used by Rawmeat Rodgers, a colorful baseball figure of bygone days.

"Oh Rawmeat was my skipper at Sanford in the Florida State League," Clary writes, "and he was tougher than Slimee Steve does. He came from the rough and ready West and it wouldn't surprise me a bit if he was one of the original defenders of the Alamo."

"As you might guess, that Sanford outfit was strictly a bunch of red-necked rangers. We won more fights than games, but still managed to finish in second place. Rawmeat taught me everything I know and, if I ever become president of the United States, I'll have to give all the credit to him."

"EARLY WYNN and Mickey Livingston were on that line with me and Rawmeat was solely responsible for Wynn's success. You can quote me, too, because I was there and saw it all. Rawmeat will tell you I was nuttier than a pound of butter pecans. But we put out for him, as tough as he was, and we had a lot of fun at the same time."

"Hornsby was a softie compared to Rawmeat. I played for the Hog at Seattle and we got along fine. He saw I was a better clown than a ball-player, but he never bothered me. Instead, he just shipped my rickety bones to Chattanooga in the Southern Association and that's where I'll be headin' this Spring."

"Just returned from a trip to Chicago. Stopped at a pretty dode hotel, as you can see by the letterhead. I stole all the station-

ery, but left the towels.

"THANKS FOR the picture Mickey Mantle you sent. I posted it in my pool room and the folks down this way really get a big kick out of it. You see, pictures are a novelty here since the camera still hasn't become popular in the desolate wastes of Valdosta, (Ga.). If Mantle ever comes through here, he can shoot a game of pool on the house.

"Won't be long now before I'll be trading my cue-stick for a bat. Spring training is getting tougher and tougher for this old bird. Whoever thought of the idea of scheduling night exhibition games during the Spring should be made to pull a dog sled in his bare feet on Admiral Byrd's next trip to the South Pole.

"Some customers just walked into the joint and I have to whip up an order of grits. So, until next time in there like a side arm. Best regards,

"Your friend,  
ELLIS."

Mostly clear, becoming partly cloudy Thursday. Not quite as cold tonight with lowest temperatures ranging from about 37 extreme south to about 55 interior north portion. Warmer Thursday.

## Controls Are Lifted From Drugs, Butter

### Dairy Products, Cosmetics And Service Charges Affected By OPS Order Today

WASHINGTON (AP)—The government today lifted price controls from milk, butter, ice cream and other dairy products. Drugs, cosmetics, coal and most service charges, such as auto, radio and television repairs, also were freed from controls.

Price Stabilizer Joseph Freehill said the items decontrolled in the new list affect about 10 per cent of the articles used in making up the cost of living index. He said the Office of Price Stabilization still retains full control over about 13 per cent of the items and partial control over about 8.5 per cent.

Missing from the list was cigarettes and other tobacco products which OPS had planned yesterday to lift controls. The agency decided overnight to substitute milk and dairy products and other major commodities.

This was the third major action in stripping off price curbs since President Eisenhower called for ending controls in an orderly manner by April 30.

Freehill estimated that more than 25 billion dollars worth of goods and services based on an annual business volume was affected by today's action.

Freehill predicted a new conference there would be price increases for many of the newly exempt items. He mentioned higher charges for services, some spotted increases on milk and dairy products, and general raises for many types of building materials.

Among major commodities and services decontrolled in the new list, effective at once, are:

Lumber, wood products and related services, including such things as plywood, siding, poles, wallboards and pilings. This industry is estimated as doing six billion dollars of business yearly at the manufacturers level.

Coal, all other solid fuels and related commodities such as coke, bituminous, and coal chemicals such as coal tar, creosote, oil and tar bases. Freehill estimated coal and coal products business at around five billion dollars a year.

Drugs and cosmetics, including all medicines, toilet preparations, dentifrices and pharmaceutical products. Freehill estimated the billion-dollar industry at retail amount, with the cosmetics industry doing one billion dollars.

Consumer-type services except laundry, dry cleaning, linen and diaper supply services. Services affected by the action include parking lots; automobile, radio, and television repairs; dock and terminal fees; rental charges for cars and admission to sports events.

## George Named As Purchasing Agent For County Board

William (Hilly) George, Sanford, was hired yesterday afternoon by the County Board of Commissioners to fill the newly-created position of purchasing agent for the County Board of Management.

In addition to acting as the purchasing agent, Mr. George is to be a general "hilly man," according to the Commission, performing other duties such as bookkeeping and timekeeping.

Salary for the job was set at \$18,000 a year for a trial period of six months. Should Mr. George prove to be satisfactory in the job at the end of this period, he is to be given a raise.

The job was created by the Commission at a recent session. The Commission instructed the County Attorney, Senator Lloyd Davis, to write to the City Commission and inquire about a "deed" in the condemnation suit which is to be filed in connection with acquiring rights-of-way for the French Avenue widening project.

The Commission also instructed that a copy of the letter be sent to Volie Williams Jr., who is acting as rights-of-way agent for the City.

The County has agreed to provide a maximum of \$75,000 for the project. It was said at the meeting yesterday the County has other uses for the money and the Commission couldn't understand the cause for the delay.

The Commission turned down the request for Sheriff J. J. Hobbs for the installation of radio equipment in his office, at a cost of \$2,000. The sheriff wanted transmitting equipment in the sheriff's office to supplement such equipment at the City Police Department.

The County Clerk, O. P. Horn, was instructed to advertise for four, ten-ton dump trucks with three-year capacities. A letter for the office of the Department of Public Instruction was approved.

A contract was ordered for a part on a one-acre tract of land on a lake near the Big Tree. The part is being planned for location of Overlook Hotel.

## Public Invited To Organization Meeting Of Sanford Industries, Inc.

All those interested in seeing Sanford new industries and new payrolls to this community were urged today to attend an organizational meeting of Sanford Industries, Inc., at the Court House tonight at 8:00 o'clock.

Pointing out that Sanford has already virtually secured one new industry employing 50 or more persons, the form of a bond building concern largely through the personal efforts of Ralph Cowan, who has spearheaded the movement so far, George Williams, secretary for the Sanford Industrial Board, commented on how much more we could expect to accomplish if an efficient organization is set up along these lines.

Tonight's meeting, he said, will see the adoption of the by-laws by the stockholders of Sanford Industries, Inc. as well as the election of permanent board of directors and permanent officers, including a president, vice president, and secretary and treasurer.

The new president will also appoint an executive committee of three members which will actually be in charge of running the corporation along lines laid down by the board of directors.

A number of other committees will also be appointed, including a screening committee of five members who will go over all applications for assistance in establishing industries here, analyze them, lift the responsible ones from the unrelenting report back to the executive committee for action.

A promoter committee for the purpose of soliciting prospects, and a welcoming committee for the purpose of greeting and entertaining representatives of industrial organizations while in town, showing them various sites, and informing them of the advantages of this location, are also expected to be named.

A depositor for the funds of Sanford Industries, Inc. will also be selected, Mr. Williams stated.

## Kiwanians Told About Freedoms At Today's Meet

"Democracy to be alive must have roots in God," declared Dr. Roger T. Nove in a talk entitled "Dynamic Democracy" delivered at the regular luncheon meeting of the Kiwanis Club at the Yacht Club today.

Dr. Nove is holding a revival at the First Christian Church tomorrow and is a native of Wilmore, Ky. He holds an A.B. degree from Transylvania College and a D.D. degree from the College of the Bible, Lexington, Ky.

Freedoms of the American people were discussed by the visiting evangelist. He cautioned against permitting freedom of speech to such an extent that it becomes a license to say anything that is not true or others.

He told of being in many countries where the press was censored, and where newspapers that did not print what they were ordered to use were suspended.

In discussing freedom of religion, Dr. Nove said that when he was in Russia he saw many churches being closed to the public, and pointed out for special mention a church in Leningrad which was recognized as being the center of the world for Communists converted that church into a center for non-religious activities.

He said here in the United States we have a condition that is just as bad, Dr. Nove added, "For in our country we all have freedom of religion and yet our churches are seldom filling on Sundays."

The visiting evangelist urged all of the service club members to be workers for a dynamic democracy. "By building citizenship in communities and throughout the nation, you shall build for yourselves a more stately mansion," he concluded.

Dr. Nove was introduced by (Continued on Page Four)

## Cuckoo Clock Needed By Theater Guild

Has anyone a man's rascally clock, a cuckoo clock or a small antique marble-top table they would be interested in lending the Sanford Theater Guild for their current production "Cuckoo on the Hill"? If so, they are requested to contact Mrs. Francis Romillat Jr. at 1750.

Tommy Thomas, president of the Sanford Theater Guild and director of the play, reported today that Act One has been in rehearsal for two weeks and beginning Wednesday evening, work will start on the second act.

There are still two bit parts in the last act which must be filled—only for a man and one woman. Anyone interested in these parts is asked to drop in during rehearsal nights, usually Wednesday and Friday, at the Guild building, Ninth Street and Laurel Avenue. Due to the flu epidemic, rehearsals have been troubled with absences, but since practically the entire cast has been ill at one time or another, it is hoped that the rest will be clear sailing.

The entire membership has worked on the sets under the direction of the Guild's set designer and they are practically complete and all props are lined up except the three items mentioned herein.

TELEPHONE PIONEER The life member club of the Telephone Pioneers of America will hold an all-day meeting tomorrow at the Chamber of Commerce Community Home in Orlando. It was announced today by E. V. Turner, manager of the Sanford branch of the Southern Bell Telephone Co.

All members of the club as well as any telephone pioneers are invited to bring their own basket lunch. Mr. Turner stated, Card games and a business meeting will follow the day-long program of activities.

## Leftist Help By FDR's Wife Told At Quiz

Joe McCarthy States Eleanor Roosevelt Aided In Promotion Of Accused Author

WASHINGTON (AP)—Sen. McCarthy (R-Wis.) told his Senate investigations subcommittee today that Mrs. Eleanor Roosevelt helped to arrange government circulation of some writings by leftist author Howard Fast.

McCarthy then called Fast to the witness stand, and the writer testified, on grounds of possible self-incrimination, to say whether he had been a Communist.

McCarthy also told the subcommittee that Secretary of State Dulles has countermanded an order issued by subordinate last Feb. 3 which the Senator said directed that "special credibility" should be placed on writings of "communist endorsed" authors, including Fast.

McCarthy also told the subcommittee that Secretary of State Dulles has countermanded an order issued by subordinate last Feb. 3 which the Senator said directed that "special credibility" should be placed on writings of "communist endorsed" authors, including Fast.

McCarthy is presiding over the subcommittee's investigation of charges of waste and mismanagement in "Voice" affairs.

He told his colleagues that some of Fast's writings had been given distribution by "Army services" and the State Department. A senator added that Mrs. Roosevelt had "helped" in the investigation.

He did not elaborate and some immediately into the questioning of Fast.

The developments came after a Voice of America official had testified that he suspects, but could not prove, there has been a "pre-arranged, planned attempt" to bring the test to the Communist front propaganda broadcasts to Latin America by the Voice.

The witness was Stuart Ayers, acting chief of the Voice's Latin American division. McCarthy said that Ayers had given the subcommittee in a closed door meeting last week the names of the staff, but all the State names would be kept secret until the subcommittee staff has completed an investigation.

## Mrs. Ray Explains Workings Of State Welfare Program

Mrs. Tracy Day, head of the State Welfare Department, explained the workings of the state welfare program as it affects Seminole County children and youth at the monthly meeting of the County Children's Committee Monday at the Court House.

She emphasized that the state's basic objective is to help the child to become self-supporting. She stressed that grants of financial aid through the social welfare program are not to be considered permanent, but are to be given only as a temporary measure.

"In fact," she stated, "assistance is refused to clients who turn down opportunity to work. We assist those who are unable to work and encourage families to become self-supporting."

She explained that a great deal of time and work goes into investigation and establishment of the child's needs in the country. (1) correct placement of proper State laws to govern the child; (2) adequate day care for Negro children so that the mothers can work on farms.

In reply to a question by the Rev. J. M. Jones, she said that help is available to Judge Douglas Stenstrom in effectively working with problems of juvenile delinquency, she pointed out that although the help which could be given through the State welfare facilities are limited, "We do what we can."

It was decided at the meeting that C. J. Meriwether, chairman of the committee, who presided at the meeting, should form another committee to look into the problem of getting adequate day care for children in the county, with juvenile delinquency Mrs. Meriwether will head the committee.

The names of T. W. Lawton, Ovidio, former County Superintendent of Public Instruction, and W. L. Belg, Geneva, received voters approval for presentation to the Governor as candidates for commissioners of the County Children's Committee.

HORN EMPLOYED W. A. Horn, recently a county sheriff, has been hired by Strickland-Morrison, Inc., as a salesman. W. A. Morrison said yesterday.

A member of the City Police Department more than four years before becoming a deputy sheriff. Mr. Horn began his duties for the Strickland-Morrison Monday, Mr. Morrison said.

GETS MEDICAL PAROLE BONN, Germany (AP)—The U. S. high commission announced today that former German Field Marshal Georg von Kuechler has been released from the American war crimes prison at Landsberg on medical parole. Kuechler, now 72, suffered a severe heart attack about 10 days ago. In 1940, he commanded the 18th German army which invaded the Netherlands. Later he took a command on the Eastern front.

MERCHANT MEETING There will be an important meeting of the Sanford Merchants Association at the City Hall tomorrow afternoon at 5:00 o'clock, according to H. Rabors, president, announced today.

St. Pete Couple, Aged 55, Beat Up House Breaker

Holtzelaw Honored

Would Be Robber Sent To Hospital For 33 Stitches In Wounds

St. Petersburg (AP)—A 55-year-old couple surprised and beat up a house-breaker so badly today that 33 stitches were needed to close his wounds.

Det. E. Ralph Lee said the house-breaker whom he identified as Charles F. Demaris, Tamiami Trail, told him he had killed a man and that he had been in the hospital for 10 days.

The couple, Mr. and Mrs. Claude Holtzelaw, 55, beat up the man in their home at 1100 S. 1st St. They operate a delicatessen in a well-to-do section of the city.

Det. Lee related that the couple heard a noise in the kitchen at 11:30 p.m. and went to investigate. They found the man in the kitchen and he had just finished eating.

Demaris, who had a knife in his hand, threatened the couple. He said he had killed a man and that he had been in the hospital for 10 days.

## Mayor Urges Help For Campaign Of Salvation Army

MIAMI BEACH (AP)—The world will survive the atom bomb and any improvement anyone is likely to think up for it, according to Dr. Charles F. Kettering, vice president and research consultant of General Motors Corp.

He told members of the Committee of One Hundred Tuesday night that science isn't moving too fast, we aren't exhausting our natural resources and we aren't likely to blow ourselves apart.

"People say we're going too fast in science because they don't realize what a short distance we've gone," he said. "We underestimate what we know and underestimate what we don't know."

He was scornful of predictions that atomic weapons spelled the doom of the world.

"Look back at your newspapers," Dr. Kettering suggested. "They said the same thing about dynamite when it was invented. It was going to wipe out mankind. It didn't and neither will atomic bombs."

He said stories that the world's population would exhaust its supply of food were equally fanciful.

"In 20 years the horse population of the United States has gone from twenty million and each horse eats enough for four and one-half people," he said.

ZONING BOARD A meeting of the City Zoning Board will be held at 8:00 p.m. Friday at the City Hall. Mrs. John A. Lowe, 1407 West Second Street, has submitted a request for rezoning her property from a one-family to a multiple dwelling classification so she may build an addition of two rooms and a bath for a rental apartment.

FLUNKS PUPIL, GETS SHOT ROME (AP)—Prof. Ernest Molino, shot three times by a 16-year-old mathematics student to whom he gave a failing grade, died today without regaining consciousness.

Police quoted the boy as saying: "He persecuted me. I took revenge." The boy is being held for court action.

MUST LEARN RUSSIAN BERLIN (AP)—All newspapermen working in Communist Eastern Germany must start learning the Russian language immediately. This order was issued by the central committee of the Socialist Unity (Communist) Party which controls the East German government.

DE GASPERI HAS FLU ROME (AP)—Prime Minister Alcide De Gasperi was confined to his home today with influenza. His deputy said he "lifted" fingerprints from the broken window and from a desk.
