

Savings Bonds Are Being Cashed Faster Than New Ones Are Bought

NEW YORK, Oct. 25.—(AP)—People have been cashing in their savings bonds faster than they have been buying new ones. Most of the selling has been in finance war bonds.

You can't buy as much with the dollar you get from redeeming your bonds as you could have bought at the time you put the dollar into them (unless you bought them in 1948).

At least one economist urges the Treasury to try the redemption value of savings bonds to the cost of living so that bondholders would get back their full dollar's worth of buying power.

The Treasury has other "E" bond headlines in addition to the 1949 loss of popularity as an investment. Redemptions will run from now on, to a peak of \$7 billion worth of the 10-year paper coming due in 1954, since 1941 was the first year in sales.

This comes at an embarrassing time. Outstanding "E" bonds total about \$31 billion. The Treasury wants you to hold them, exchange maturing bonds for new ones, and still have more of your money.

The question is: Can the Treasury reverse the present trend? In September, the Treasury announced a plan to offer attractive terms.

The escalator bond proposal by Sumner Slichter, Harvard economist, is to let the Treasury issue bonds that rise with the cost of living.

He urged that the Treasury of the year in which the bond is purchased should have a redemption value on July 30, 1950, of only \$27.7 billion.

He argued that the Treasury of the year in which the bond is purchased should have a redemption value on July 30, 1950, of only \$27.7 billion.

A scene from "A Ticket to Tomahawk" starring Dan Dealey and Ann Baxter with Walter Brennan and Roy Cohn, showing at Movieland Drive-In Theater Thursday and Friday.

almost complete for the evening. Mrs. Sweeney asked that members bring clothing and household supplies to the next meeting to be turned over to the Thrift Shop.

Mrs. W. E. Hollyhead reported that 10 quarts of milk had been furnished to needy families during the past month.

Secretary of Defense Marshall also plugged Universal Military Training, and an expanded National Guard, in an address yesterday to the Association.

Mr. Truman told the Guard Association that the backbone of the nation's defense is in "the civilian component" of the armed forces.

The President went on to say that Americans were not to be proud to fight, and when forced into war "we have always won, because we have always been on the right side."

"I hope we'll always win and I hope we'll always be on the right side," he said.

"General MacArthur told me that it was my duty to give the medals, not to receive them."

Bank

Concrete flooring of the former restaurant building that occupied the site is being torn out and will serve, said City Manager Clifford McKibbin, as "rip rap" fill at the end of the Municipal Pier where the bulkhead was recently undermined by the strong currents of water from the propeller of a tug.

Filling the hole with concrete slabs will stabilize the bottom of the bulkhead and tend to hold it in place, said Mr. McKibbin.

Due to the short distance of hauling the material, this should prove a very economical method of repairing the damage to the bulkhead," he declared.

Acheson

Secretary of State Acheson said that "even more fundamental than the rest" is the idea of equal representation for the 18 million "captives" of Germany.

He repeated the plan for a German government to be elected by a free, open, supervised democratic election all over Germany for a new constitutional convention.

He also confirmed the United States and Canada have agreed on joint economic measures designed to bolster their defenses.

The Secretary said \$2,000,000 in being made available to Yugoslavia to help buy food needed immediately because of a crop failure.

He described the fine cattle seen by him at the Webster Auction Market, stating that the surface of the cattle business in Florida had been "sharply scratched," and predicted rising prices on cattle lands if auctions are established here at the new market.

United Nations

The Security Council recommends a candidate for Secretary General to the General Assembly, which then elects him. The council has been tied up for three weeks now because of the Soviet-U.S. battle over another term for Lie.

Mexico's Luis Padilla Nervo gained strength yesterday as a possible compromise candidate. He is reported to have the support of delegations which are tired of the battle of the east-west giants and of the Russians, who have offered to vote for anyone other than Lie.

The U. S., however, is understood to have refused as a matter of principle to agree to such a solution, although it has no objection to Nervo personally.

The countries reported voting to Nervo are France, Russia, Ecuador, Cuba, Egypt, India and Nationalist China—the latter because of the Communist Peiping regime to the U. S.

The way of the aggression has got to be made hard," Spender told the U. S. Assembly's Political Committee. He spoke for the non-Communist world in the committee's debate on a Soviet resolution.

Spender described this as based on the Stockholm appeal, "a piece of international fraud." The Soviet resolution would classify the use of atomic bombs as the greatest crime against humanity and would brand as a war criminal a government first using the bomb.

The most heinous crime against humanity is the crime of aggression, and the use of the atomic bomb against aggression is not a crime," Spender said.

He argued that there should be an absolute prohibition against a nation which is the subject of aggression using the atomic bomb as a defensive measure if the circumstances render it necessary in order that it may survive as a free people.

1950 Census Shows South Is Leading Population Area

ATLANTA, Oct. 25.—(AP)—Despite the many migrations westward in the past 100 years, the South is still the most populous region in the country, the Atlanta regional office of the U. S. Department of Census reported today.

The 1950 census showed that on April 1 of this year there were 46,931,354 persons living in the South compared with 19,412,227 in the West, 41,229,763 in the north central, and 39,282,248 in the north east.

The Republic of Korea (ROK) Sixth Division was reported closed to the border. It was four miles west of Hoemokong and about 20 miles northwest of Huijion in north central Korea.

The Philippines Combat Team, one of the United Nations forces arriving belatedly in Korea, was mentioned officially in Tokyo for the first time. A headquarter spokesman said it is active in mopping up die-hard Red guerrillas southwest of Waegwan, in South Korea, near the old Pusan beachhead perimeter.

The Allied spearheads driving north continued to pick up big stores of abandoned Communist equipment.

In captured Huijion, the South Korean Sixth Division captured 50 boxes loads of ammunition and 20 Russian-built tanks—damaged, but needing only minor repairs.

MANILA, Oct. 25.—(AP)—The National Defense Secretariat says it has discovered a secret Communist master plan to overthrow the Philippine government. It said the Reds planned an army of 116,000 men to begin the revolution next year.

Discovery of the master plan at Communist headquarters resulted in suspension of the withdrawal of all Communist sympathizers by President Quirino. Many foreign diplomats today unofficially repeated—and was given—copies of Quirino's proclamation.

The Defense Department today said the secret Red plan called for 35 divisions totalling 116,000 men trained to overthrow the government in November of next year.

Pilot's Club

Members of the Pilot's Club met at the home of Mrs. Sweeney last night for a social gathering.

Admission to the club is by invitation only. The club is open to all pilots and their families.

The club is a non-profit organization and its funds are used for the benefit of its members.

Pierion

Members of the Pierion Club met at the home of Mrs. Sweeney last night for a social gathering.

The club is a non-profit organization and its funds are used for the benefit of its members.

Truman

The President went on to say that Americans were not to be proud to fight, and when forced into war "we have always won, because we have always been on the right side."

"I hope we'll always win and I hope we'll always be on the right side," he said.

"General MacArthur told me that it was my duty to give the medals, not to receive them."

RESOLUTION NO. 40
The following Resolution was introduced by Commissioner Harry Lee:
A RESOLUTION BY THE HOUSING AUTHORITY OF THE CITY OF SANFORD, FLORIDA, DECLARING THE DEATH OF EDWARD HIGGINS, CHAIRMAN OF THE HOUSING AUTHORITY OF THE CITY OF SANFORD, FLORIDA.
WHEREAS, On October 22, 1950, Edward Higgins, the esteemed Chairman of the Housing Authority of the City of Sanford, Florida, departed this life after a prolonged illness, and
WHEREAS, Edward Higgins came to Florida many years ago and served his family, his community, his state, and his nation faithfully and well during his long and useful life, and
WHEREAS, He served with honor and distinction as Mayor of Sanford, as Manager of the Seminole County Chamber of Commerce, and as Chairman of the Housing Authority of the City of Sanford and was held in high esteem and genuine affection by all of those privileged to serve with him as co-workers, and
WHEREAS, Edward Higgins had an important role in the creation of this housing authority.
NOW THEREFORE
BE IT RESOLVED BY THE HOUSING AUTHORITY OF THE CITY OF SANFORD, FLORIDA, in session duly assembled, as follows:
1. That we pause and sorrowfully take note of the passing of Edward Higgins and pay homage to his exemplary life and to the inspiration he afforded those who knew him during his lifetime;
2. That the members of the Housing Authority of the City of Sanford, Florida, individually and as a body, express their deepest sympathy to Mrs. Edward Higgins, widow, and the family of Edward Higgins, in this their hour of great travail; and
3. That this resolution be spread upon the minutes of the Housing Authority of the City of Sanford, Florida, and that appropriate certified copies thereof be furnished to Mrs. Edward Higgins and to the press.
Commissioner J. E. McKinley moved that the Resolution be finally adopted as introduced. The motion was seconded by Commissioner Sam Martina. The question being put upon the final adoption of said motion was unanimously carried.
The Vice-chairman declared Resolution finally adopted and signed said Resolution in approval thereof. APPROVED: This 24th day of October, A. D. 1950. (Signed) R. T. Cowan, Vice-chairman
STATE OF FLORIDA
COUNTY OF SEMINOLE
I HEREBY CERTIFY that the foregoing is a true and correct copy of a Resolution passed by the Commissioners of the Housing Authority of the City of Sanford, Florida, at a meeting held Oct. 24, 1950, and recorded in the Minutes of the Housing Authority of the City of Sanford, Florida. IN WITNESS WHEREOF, I have hereunto set my hand and official seal of the Housing Authority of the City of Sanford, Florida, this 24th day of October, A. D. 1950.
Volle A. Williams, Jr.
Secretary of The Housing Authority of the City of Sanford, Florida

Truman Plans Early Session Of Congress

President Denies He Favors Admitting Red China To U.N.; No Florida Visit

WASHINGTON, Oct. 26—(AP)—President Truman may call Congress back before its scheduled return Nov. 27, but he said today he has not yet reached a decision. He said if the call is made it would be to give Congress a little more working time on a whole lot of things, including an excess profits tax, rent control extension, and a veto for Alaska and Hawaii.

Mr. Truman discussed the possibility of a White House news conference that covered a wide range of topics. The new 82nd Congress does not meet until Jan. 3 nearly two months after the Nov. 7 elections. Mr. Truman said he has taken up the matter of recalling Congress with Vice President Barkley but would talk it over with other party leaders before making a decision. He said he would announce his decision when he reaches it, whether it is before or after the elections.

Responding to other questions, Mr. Truman said: "I do not expect any trouble in Western Europe this winter. A reporter had remarked that some people in Holland were anxious about the winter. I said that I had heard of a few months."

He knows of no atomic explosion ever having occurred in Soviet Russia. Gordon Dean of the Atomic Energy Commission had been asked at press conference Tuesday whether he knew of any more atomic explosions in Russia and he replied that "the President hasn't seen fit to make any more announcements" beyond the one he made last year.

That General Douglas MacArthur knew in advance of the country's plan to drop atomic bombs on Japan, a newspaper had reported otherwise. The President said that was not true. He added he gave the order to MacArthur and the General issued the order to drop the bombs.

Stassen declares Truman will give Reds seat in U. N.

PHILADELPHIA, Oct. 26—(AP)—President Truman is setting out to "bring the Chinese Communist dictator, Mao Tse-tung," by permitting Red China's admission to the United Nations, says Harold E. Stassen. "Stassen is done," Stassen said in a radio speech last night, "the valiant fighting and great sacrifice in Korea will have been in vain. The gain to the Communist administration, another vote seat in the United Nations will be far greater than their loss in Korea."

Stassen said that it is the Administration's plan after election to quietly encourage and raise no serious objection to the members of the United Nations voting the permanent veto seat to the Communist Chinese government, "the University of Pennsylvania president said."

He said that once they gain the U. N. seat the Chinese Communist will increase the aid they already are giving the Communist force in Indo-China. "Soon we will be presented the alternative of either complete Communist domination of Indo-China and a defeat and rout of the French or of sending in American forces to fight and die in the jungles of Indo-China."

Listing 10 "points of evidence" he said were "overwhelming indications" that the Chinese Communists were "a subordinate pawn of the Soviet Union." Stassen said: "I, therefore, plead with President Truman to change the State Department plans and to refuse to embrace Mao Tse-tung. I urge that a forthright and vigorous presentation be made to the United Nations that they do not grant the veto seat to this Chinese Communist dictator ship."

HILLY IS 4-A GREEN ISLAND, N. Y., Oct. 26—(AP)—William D. Maloney, Jr., who will be four in December, received a draft card today. The Albany county draft board classified Billy as 4-A, meaning he had been previous service. Billy's Daddy served in World War Two and he received his 4-A card several months ago. As for Billy, he loudly declared: "I don't wanna go in the Army."

Thousands Attend Funeral

"MAMMY SINGER" Al Jolson (shown with his fourth wife, Eric, whom he married in 1945), 64, died at a San Francisco hotel while playing cards with his friends. He had recently returned from Korea where he had been entertaining American troops (bottom). Jolson made four U.S.O. singing tours during World War II. (International Soundphoto)

Thousands Attend Jolson Funeral In Tribute To Great-Hearted Man

HOLLYWOOD, Oct. 26—(AP)—Thousands of Al Jolson's fans—the little people the great mammy singer had thrilled for the last 40 years—today solemnly walked by his casket. It was symbolic that the first in line was a disabled war veteran, one of the thousands of GIs for whom Jolson sang. Joe Kantor, partially blinded in World War II, had stood in line since 2:30 P. M. before the massive concrete Temple Israel on Hollywood Boulevard where Jolson's body lay in state. Kantor said Jolson had given him much happiness during World War II. "That I just wanted to be here because of his great love for the GIs."

Government Bans New Buildings Of Amusement Types

WASHINGTON, Oct. 26—(AP)—The National Production Authority today banned the building of any new structures for "amusement, recreational or entertainment purposes." The order, effective at midnight tonight, was issued to conserve materials for armaments. Covered by the ban are theaters, race tracks, golf courses, night clubs, skating rinks and summer camps. In all, there are 44 forbidden types of structures. The NPA administrator, William (Continued on Page Four)

Barbecue Specialist Hathaway Prepares Dinner For Jaycee Party

W. E. Hathaway, Florida's most venerable and outstanding barbecuer, will have charge of the preparation of enough chicken to serve more than 400 persons at the Jaycee's barbecue at the Country Club Saturday night starting at 6:30 o'clock. This will be the Jaycee's outstanding event of the year and a large crowd is expected, said Harold Lewis, member of the entertainment committee. Serving with Mr. Lewis is John Williams, B. L. Perkins, Jr., and Henry Tamm. Following the barbecue games and dancing will be enjoyed at the Club House. Candidates for the City Commission, and commissioners have been invited to speak at 8:00 o'clock. Tickets for the barbecue may be secured at the Country Club, B. L. Perkins, Jr., Touchstone, Powell's Office Supply, and from John Williams in the Sanford Atlantic National Bank Building. The fame of Mr. Hathaway, still going strong at 67, has spread throughout Central Flori-

Russians Say Chinese Reds Invade Tibet

Mountainous Nation Prepares To Fight In Spite Of Reds' Arms Superiority

By ASSOCIATED PRESS
The Russians announced today a Communist "liberation" Army has invaded Tibet to annex it to Red China. A correspondent of the Calcutta newspaper Statesman at Kalimpong in northern India said the Communists were well inside the mountainous Tibet. He also reported that the Tibetan government in Lhasa, capital of Tibet, said the Tibetans were shocked and dismayed, regarding the troop movement as a direct invasion, coming at a time when Tibetans were trying to bring about a peaceful settlement through negotiations.

That the Tibetans were determined to fight despite the obvious superiority in numbers and equipment of the Communists. That there is a possibility that the 15-year-old Dalai Lama, spiritual ruler of Tibet, and other high officials will flee Lhasa if resistance crumbles. That the Reds were only a day's march from Newwutsi (Riwoche), which is about 500 miles northeast of Lhasa, and that Tibetans reinforced Newwutsi with 10,000 picked troops. The Communists were reported to have made the first thrust south of Doungma Pass, bypassing Chamdo, where defending Tibetans had been massed.

Moscow's Communist Party newspaper, Pravda, said the Chinese Communists are under orders to "free" the 3,000,000 inhabitants of the remote country "at the top of the world." A special Pravda correspondent from Peiping, China, reported that the Soviet Red Army has been directed to aid the Chinese Communists.

7 New Members Are Added To Roll Of B. And P. W. Club

The Business and Professional Women's Club added seven new members to its organization at the meeting held last night at the tourist center. Mrs. P. M. (Mingie) (Continued on Page Four)

Housing Shortage In Sanford Shown By C. Of C. Official

Sanford is facing a housing shortage on the eve of an unprecedented influx of tourists and new residents. Mrs. R. L. Lester, acting president of the Sanford County Chamber of Commerce, declared today. With the tourist season barely started, the C. of C. is receiving 12 to 15 requests a day for apartment units, he stated. He urged property owners to get their property modernized and stated that "people are willing to pay good rent if they can get what they want."

Fagg To Retire As Head Of Child Home

JACKSONVILLE, Oct. 26—(AP)—The Children's Home Society of Florida, long a hot administration controversy, will undergo a complete reorganization, it was decided today. State Superintendent Marcus C. Fagg will be retired with the title of emeritus after half a century of service and the position of superintendent will be abolished. The board of directors announced. A special study committee made report to the board of directors after more than six months of surveying operating records. The inquiry was conducted with the aid of the Child Welfare League of America.

Numerous Barbecues Slated This Week

Many supper meetings and barbecues are scheduled for the week-end in Sanford and Seminole County. Tonight at 6:30 o'clock, the Methodist Men's Club will hold a supper meeting at McKinley Hall. Tomorrow night at the San Olio Club, the Lions will celebrate their 25th anniversary in a Charter Night program including a dinner, meeting and entertainment. The Jaycees and guests will enjoy chicken barbecue at the Seminole Country Club starting at 6:30 o'clock Saturday evening. A supper meeting of the County Democratic Committee of which Charles Lee is chairman and Andrew Caraway is secretary, will be held Saturday night at 6:30 o'clock at the Ovidio Park.

WIFE'S BATH

SANTA MONICA, Calif., Oct. 26—(AP)—A young wife testified in divorce court that her student husband brought a friend home to watch her take a bath. Mrs. Marianne La Pralle, 29, also said that Frank B. La Pralle, told her that she and their child "held him down" and he'd like to go to France and study art. The court granted her a divorce yesterday.

British Blame Reds For Lack Of Good Will

India Proposes UN Members Reveal Ba- sis Of Arms Cuts And Fund Donations

LAKI SUCCESS, Oct. 26—(AP)—British Minister of State Kenneth Younger charged today that Russia has thrown away the good will of the rest of the world and has turned her back on 100 years of international Socialist thought and aspiration. He told the General Assembly's political committee that the Soviet "peace" proposal before it was a top-sold resolution composed of half truths and evasions. It was designed, Younger said, to enable Moscow to derive a propaganda advantage from the debate in the United Nations. So Carl Brandstad of New Zealand said the Russian resolution "is a trap, it's a trick, it's a decoy."

Brandstad and Younger said the present proposal was almost identical with Soviet resolutions rejected by previous assemblies. Younger said that the debate itself has become an annual event which comes round as regularly as the football season. The Russian resolution calls for conclusion of a peace pact by the United States, Britain, France, Russia and China, a one-third reduction in armament by those powers and a ban on war preparations. Its new feature, based on the Communist-inspired Stockholm appeal, would brand the first nation to use the atomic bomb a war criminal.

A counter proposal offered by the United States, Britain, The Netherlands, France, Lebanon and Mexico would label aggression itself the worst crime against humanity. While India proposed that all 50 members of the United Nations (Continued on Page Four)

Red Chinese Captured In Korean Uniform As ROKs Reach Frontier

Nobel Prize Is Awarded To Two Mayo Doctors For Hormone Work

By GUSTAV SVENSSON
STOCKHOLM, Sweden, Oct. 26—(AP)—Two Mayo Clinic doctors and a Swiss professor will share the 1950 Nobel Prize in medicine. The award recognizes their work on two hormones, cortisone and ACTH, which have brought the promise of relief to millions from the great pain of rheumatoid arthritis. The three scientists received the prize for their discovery of the most important of the adrenal hormones. The prize money, totaling 144,000 crowns (24,800 dollars), will be divided among the three scientists. It will be presented to them in Stockholm, Dec. 10, at what is expected to be the most colorful and noted ceremony since the model foundation was established here 50 years ago. The Nobel prize was founded by the will of Alfred Nobel, inventor of dynamite.

Dynamiter Held For Blasting Of Ohio Radio Tower

FBI Told "Voices" Instructed Herman Kimmer To Do Job

EL PASO, Tex., Oct. 26—(AP)—An Ohio carpenter was accused today of the Sept. 12 dynamiting of a Voice of America radio transmitter at Mason, O. D. K. Brown, in charge of the Federal Bureau of Investigation here, said Herman Floyd Kimmer, 48, of Wilmington, O., admitted he "did the job." Kimmer was taken into custody in El Paso last night two hours after hitting back from Houston, Tex., Brown said. He declared to say where the arrest was made. The FBI agent said Kimmer also admitted opening a switch Oct. 1 on the main line tracks of the Pennsylvania Railroad near Williamsport, O. No damage resulted because the open switch was found before a train was passed. Kimmer was formally charged in both cases. He was to be arraigned here later in the day by U. S. Commissioner Henry (Continued on Page Four)

Stenstrom Urges Support Of Child Court Amendment

Judges throughout the state urged the State Bar Association to support a child court amendment. The amendment would give judges the power to remove children from their parents' custody if the parents are unable to care for them. The amendment would also give judges the power to appoint a guardian for the child. The amendment was introduced by the State Bar Association and is being considered by the Legislature. The amendment is being supported by the State Bar Association, the Florida Bar Association, and the Florida Child Welfare League.

Marine Reserves Want System On Number Of Wars Each Must Fight

By BEN PRICE
WITH U. S. FIRST MARINES OFF KOREA, Oct. 24—(AP)—Little guys like this: "Somebody ought to set up a system for the number of wars a guy has got to fight—say three wars to a man and then he can go home and pick up the pieces of his life." That leaves one more war per man for most, regulars and reserves alike. And with gratitude resignation you hear them talking of going to Indochina. After President Truman promised material aid to the French in Indochina, and in view of the French defeats, the Marines are convinced that they will be in the jungle again shortly. This is the first time in this war that I have been with the Marines. As an ex-Marine, myself, I can only sit and sympathize with the Marines I know.

Florida Farm Bureau To Meet Nov. 16-17

Whether or not to abolish Florida's sales tax will be among questions voted upon at the Florida Farm Bureau's convention in Daytona Beach, Nov. 16-17. Sam Pierson, president of the Seminole County Farm Bureau. This was among the issues presented to the local bureau by John Ford at a recent meeting. Other issues will be what, if any, changes of Florida's present sales law need changing, what modifications should be made in the Citrus Code, and what changes in present citrus taxes are recommended.

HURRICANE DEATH

MIAMI, Oct. 26—(AP)—The seventh fatality attributed to last week's hurricane was recorded today with the death of William H. Seaman, Jr., 29-year-old electrical worker. Seaman died yesterday of burns received while repairing a fallen power line. Three deaths were attributed directly to the hurricane and in three other instances the storm was listed as contributing cause.

PROFESSOR CLEARED

ITHACA, N. Y., Oct. 26—(AP)—Prof. James H. Sumner, 62, Nobel prize-winning chemist, has been cleared of a criminal negligence charge in the highway death of a seven-year-old boy. The Cornell University scientist's car struck and killed Leon D. Collins while he was riding a bicycle last Friday. Cornerer Ralph Low said after an inquest that he had found no criminal negligence on the part of Sumner.

Chinese Battalions Reported Fighting Inside Boundaries Of Korean Republic

By ASSOCIATED PRESS
SEOUL, Korea, Oct. 26—(AP)—The Korean Republic today reported that Chinese battalions were fighting inside its boundaries. The report came from the National Security Council. The Chinese battalions were reported to be fighting in the area of the Korean Republic. The Korean Republic government said that the Chinese battalions were fighting in the area of the Korean Republic. The Korean Republic government said that the Chinese battalions were fighting in the area of the Korean Republic.

G. I. Escapes Sunchon Massacre By Leaping From Speeding Train

By DON WHITEHEAD
For HAL BOYLE

FUKUOKA, Japan—(AP)—A pre-dawn jump from a speeding North Korean Red train saved the lives of Cpl. Alton B. Craig of Bedford, Va., and four of his buddies.

Craig told today how they escaped the Sunchon massacre by jumping from the prison train as it headed northward in the darkness.

Craig was captured July 23 during the bitter, desperate battle for Taegon. He was with the 19th regiment of the U. S. 24th Division and was one of the men cut off when the Communists surged across the Kum River.

He lost 50 pounds during his imprisonment. But doctors at the Fukuoka hospital, where he is recuperating, said his condition is excellent.

The 20-year-old corporal said the North Koreans treated him fairly well during the early days of captivity. He was marched to Seoul with other prisoners. He was held in the infamous school-house in the capital where li-

vers were taken from it shortly thereafter and machinegunned. A total of 98 died.

Craig and his friends hid out until they sighted the men in a First Cavalry Division task force which was punching northward to link with American paratroopers who jumped Friday at Sunchon.

The ragged prisoners came out of hiding and killed the American troopers. After the first joyful greetings the rescued men got cigarettes, food and treatment alongside the road south of Sunchon.

Craig then was flown to a military hospital here. "I am beginning to feel fine," he said.

It was not known yet when he would be evacuated to the United States.

The Virginian is recovering from a heavy attack of laryngitis.

Just before the train reached a main tunnel, about 10 miles north of Sunchon, Craig and four others leaped off. They made their way through the fields alongside the railroad and escaped detection.

Those left aboard the train

Social Calendar

THURSDAY
The Chapel Choir of the First Baptist Church will hold rehearsal at 6:45 P. M. this evening. Methodist Men's Supper will be at 7:00 P. M.
Under the sponsorship of Beta Sigma Phi sorority, the receptionist at the Fernald-Laughton Memorial Hospital is Mrs. E. H. Laney.
Messiah practice will be held at the First Methodist Church at 8:30. All singers are asked to attend.

FRIDAY
The Sanford Townsend Club will meet at the Tourist Center at 7:30 P. M.
The regular monthly meeting of the Y. Howard Chapter U. G. will meet at 2:00 P. M. at the home of Mrs. F. E. Roumillat at 910 Palmetto Avenue. Co-hostesses will be Mrs. J. St. Clair White and Mrs. M. B. Strickland.

MONDAY
Story League is sponsoring a Workshop at McKinley Hall at 7:30 P. M. Mrs. Margaret Graham will speak on "Ways to Make Speech More Interesting". Members are requested to be present.
West Side P.T.A. Halloween Carnival will start at 6:00 P. M. and the fried chicken dinner will be served from 6:00 to 8:00 P. M.

ART WEEK
In observance of National Art Week, Oct. 27, local artists will have the opportunity to exhibit their paintings at the Sanford Woman's Club. Gretchen Lewis Crowell, chairman of the Sanford area for the Orlando Art Association, announced today that all local artists are to have their paintings at the Woman's Club by Tuesday morning, Oct. 31.

Girls' State Girls Honored by Auxiliary

Miss Pat Casotte, Miss Donna Lou Harper, Miss Ethel Williams, Miss Mary Ann Kreinbring, Miss Louise Wallace and Miss Barbara Fuhanka, delegates to Girls' State, were honored with a dinner by the American Legion Auxiliary No. 51 at the Legion Hut on Tuesday night.
Invited to share honors with these girls were their parents, and representatives from the various organizations who assisted the Auxiliary in sponsoring the girls. Each delegate told of the many interesting and educational experiences they had after being introduced by Mrs. Henry McLaughlin, chairman of the committee for Girls' State delegates.

Bonnie Marie Alford Has Birthday Party

A party was given in honor of little Miss Bonnie Marie Alford on her fourth birthday Tuesday afternoon at her home on East Third Street.
A color scheme of pink, blue and yellow was used throughout the home and lawn where games were played. Prizes were won by Dottie Benton and Charles Koke. Ice cream and cake were served later in the afternoon to the following guests: Joyce Milam, Dottie Benton, Linda Sue Koke, Charles Koke, Patsy Benton, Brenna Kay Benton, Paul and Arson Keith, Dennis and Faye Hayes, Patsy and Jimmy Brantley, Sharon and Richard Galloway, Jo Ann and Bobbie Middleton, Glenn Gilbride, Jimmy McCoy, Gerald and Herby Davis, Lloyd David Lowe, Mary Lynn Thomas and Tommy and Henry Cason.

Also Mrs. Richard Galloway, Mrs. Reggie Mosby, Mrs. W. H. Benton, Mrs. E. O. Keith, Mrs. Jack Benton, Mrs. Lloyd Lowe, Jr., Mrs. Robert Middleton, Mrs. David Martin, Mrs. Brantley, Mrs. Jack Davis and Mrs. George Alford.
The fried chicken supper will be the highlight at the annual Halloween Carnival on Monday night given by the West Side P. T. A. The supper will be served from 6:00 to 8:00 P. M.
Included in the program will be a "Western Movie", horseshoe pitching, hay ride, dart throwing, fortune telling, fish pond, train ride and hot-air balloon ride. Candy apples, hot dogs, soft drinks, home made cakes and pies, coffee, show balls, home made rummy, ice cream and fancy works will be sold at the refreshment booths.
Chairman for the carnival is Mrs. Shannon Win, with the assistance of the principal, teachers, students and parents.

Personals

Cullen Wright left yesterday for Fort Jackson, S. C., having been called to active service from the reserves.
Mr. and Mrs. R. A. Newman and Bobby Newman are spending several days with Mr. and Mrs. W. A. Adams, Jr. in Sidell, La.
Miss Annie Hawkins of Cummees, Ga. is spending a few days with Mr. and Mrs. R. W. Pitt.

Burdicks Return From Texas Visit

Mr. and Mrs. E. I. Burdick returned last night from Houston, Tex., where they visited their son-in-law and daughter, Mr. and Mrs. V. E. McClelland for 10 days.
"There is much building in Houston, which has a population of more than 750,000 and is the finest city in my opinion in the entire South," said Mr. Burdick this morning.

He showed friends a newspaper clipping and photograph of the 72,000 people, himself included, who attended the SMU-Rice football game in the Houston Bowl, Saturday night.
HALLOWEEN DANCE
The Anna Miller Circle of the Sanford Elks' Club is sponsoring a benefit Halloween Dance on Saturday night at the Elks Club. The money is to go to the Elks' Home for Crippled Children in Umattila. The dance will be from 8:00 to 1:30 P. M. with Paul Cole's orchestra. Costumes are optional, but prizes will be awarded to the couple for the most original costumes and to the person with the most costume.
CIRCLE MEETING
The first meeting of Circle No. 1 of the Catholic Woman's Club was held at the home of Mrs. E. I. Amann, who presided over the meeting. The following officers were appointed: Mrs. F. Moore, secretary and treasurer and Miss Dale Meloch, study chairman.
After the short business session a social hour was enjoyed by the following members: Mrs. D. Brubaker, Mrs. Moore, Mrs. M. Lauer, Mrs. A. E. Mallen, Mrs. Dick Crank, Mrs. Dick Franks, Jr., Mrs. A. Menendez, Mrs. Sandy Anderson, Miss Mary M. Mahon and Mrs. Madeline Mullen.

Book Is Reviewed By Mrs. Edward Kircher

Mrs. Edward Kircher reviewed the book on "Papa Was a Preacher" by Algren Porter at the first fall meeting of the Department of Fine Arts of the Woman's Club yesterday afternoon.
Mrs. Kircher cleverly presented it by assuming the role of one of the preacher's children and having her husband, Mr. Kircher, act as "Papa".

Mrs. Irene Jackman, social case worker from the Methodist Children's Home, portrayed "Mama". The eight children of the preacher's family were enacted by Jean Revell, Chad Allen, Edgar Toni, Bob Ivey, Arnold Brown, Imogene Lewis, all from the Methodist Children's Home, and Neil Hardin of Enterprise.
During the program, Mrs. Jackman gave a humorous reading and Chad Allen sang "Bless this Home". Other musical numbers were presented by Rev. and Mrs. Kircher. A social hour was enjoyed during which tea was served by the hostesses, Mrs. O. P. Herndon, Mrs. R. W. Rupprecht and Mrs. C. R. Dawson.

Robert Taylor tells Paula Raymond the Indians will fight for their lands, in this scene from MGM's "Devil's Doorway," showing on the Ritz screen Thursday and Friday.

Plantation Estates to BESS PATTERSON

Mrs. Samuel N. Groves stopped at the Mansion for a short visit while here on an inspection visit to her new home which is going up on Estrella Drive. She is on a tour of the state with friends, Mr. and Mrs. H. F. McCright of Brooklyn, N. Y. After leaving Plantation they were going to Pensacola to visit Mrs. Groves' son, Lt. S. N. Groves, who is stationed there with the United States Navy. Mrs. Groves husband, Samuel N. Groves, is captain of the steamship Escalibur of the American Export Passenger Line. The Captain is at present taking his ship on a cruise to the Mediterranean. He hopes to be home in time to help Mrs. Groves move into their new home here about the first of the year.
The higher elevation stood up in good stead again during the past storm. We had some trees down here and there and a few shingles blown off but there was no real material damage done. Our telephone service wasn't disrupted and half of us did not have our electric service interrupted. Of course everyone was out Thursday morning raking leaves. When job mow and trees and porch furniture was getting a sunbath but I think we can still maintain that the hurricane passed over us very lightly.
Mrs. G. Harold Fanning arrived by plane on Tuesday to join her husband here. She had spent two weeks at Tonawanda with her brother Dr. F. Wimmer and her nephew, Capt. Frank Wimmer through the last illness of her sister-in-law "Doc" and Mrs. Fanning are staying at the Mansion while some last minute touches are being added to their home.
Doctor and Mrs. Harry Whitaker have returned from their summer home in New York State. There have been so many new houses in their section since they left that they did not recognize the place, and there are more coming. This community is like Tony, it sure grows.
Grace and George Griffin are back in their home on Gem Lake after a season at their summer home on Long Island. Grace said it has been a cold wet summer

up there isn't wonderful how marvelous George looks? He sure doesn't look like the same man who came to P. E. a year and a half ago.

The Saturday Night Dance Club met with Mrs. Annola Hoffman as hostess. As usual they had a wonderful time. They have as much fun as any group of teenagers and I expect them to start juggling any Saturday night now. Lou Hoffman wasn't feeling very well and could not make it so all the girls missed a couple of dances.
Mrs. Mike Mansoni arrived on Monday morning to join her husband and has been trying to get the furniture arranged in their new home up on Fourth Street. He said it was a hard job for him because Mrs. Mike is the boss and he would have to change it all when she came.
Mr. and Mrs. Ray Beck are entertaining some close friends from Cincinnati, Mo. and Mrs. Albert Barth and son Jerry. Ray tells me they have spent most of their holidays and vacations together for the last 19 or 20 years, so they are all happy at this reunion. First thing you know they will own property down here. Ray has sold a number of his friends from Cincinnati and by the way the Beck's will celebrate their second year in their home here on Oct. 28. They can see their garden especially the roses and the citrus crop?
Bill Toms is recovering nicely from the shock of the accident he had on Highway No. 17 and is beginning to look like his old self. I hear he was even well enough to attend that small stag Col. Sapp had at his house last week.
William J. O'Hara has returned to his home on Palmyra Drive after spending the summer with his family at Holyoke, Mass.
Mrs. Raymond Shephard of Camp Hill, Penn., has returned north after spending a month with her sister and brother in law, Mr. and Mrs. Frank Turner of Narbonne Road. Mrs. Turner and Mr. Fanning have discovered that of J. P. Morgan some years ago they were associates with the firm Same old small world.
Tim Davis of Cleveland, is spending a few weeks with Jimmie Handell of Narbonne Road. Young Jim is our electrician here and a very good one, I must say.

AP Forecaster Picks Army Over Columbia, Vandy Over Arkansas

By HAROLD CLAASSEN
NEW YORK, Oct. 26—(AP)—Notre Dame is an underdog to Michigan State in Saturday's football game. Who can remember when the Irish last were expected to lose? So how can a football forecaster be expected to pick the winners.

But who is afraid? So here goes.
Army vs. Columbia: The Cadets, former No. 1 team, were spilled by Columbia three years ago but there is no likelihood that the lightning will strike in the same place again, Army.
Notre Dame vs. Michigan State: Who can remember when the Irish last were underdogs? Michigan State started the season with two objectives—to beat Michigan and Notre Dame. Michigan was beaten in the opener. Notre Dame is due to get its setback Saturday, Michigan State, Kentucky vs. Georgia Tech. Vito Parelli's a masterful T formation quarterback and Tech has no engineer his equal, Kentucky.

California vs. St. Mary's: The Gaels are a mere shadow of the St. Mary's of other years, California.
Princeton vs. Cornell: This rivalry is the most intense of the Ivy League campaign. Princeton, Alabama vs. Mississippi State: The Bama squad has one of the South best attacks, Alabama.
Mississippi vs. Texas Christian: The home field gives Ole Miss the edge, Mississippi.

Kansas vs. Nebraska: Each club has an outstanding sophomore back, Charles Hoag is the horse of the Kansas attack. Bob Reynolds has scored all Nebraska points in three of their four games, Kansas.
UCLA vs. Purdue: Another game in which the home field may be the decisive factor, Purdue.
Georgia vs. Boston College: A Friday night game in which the southern's superior attack will be manifest, Georgia.

Northwestern vs. Wisconsin: It is the Wildcat's homecoming, Northwestern.
Friday night
Detroit over Drake, Georgetown over Villanova, South Carolina over George Washington, the Citadel over Presbyterian.

Saturday down South:
Florida over Furman, Maryland over Duke, North Carolina State over Virginia Tech, North Carolina over William & Mary, Tennessee over Washington & Lee, Tulane over Auburn, Vanderbilt over Arkansas, Virginia Military over Clemson, Wake Forest over Clemson.

Bemedaled Segura Says He Will Take Big Jack Kramer

PENSACOLA, Oct. 26—(AP)—Pacho Segura won the professional title last June in Philadelphia, for this he received a hero's welcome back in Ecuador and was decorated with a medal of merit presented by President Galo Plaza.

"I have improved a great deal," Segura said yesterday as he completed training. "I think I am in the best condition of my life. I think I can get the jump and beat Kramer on the tour."
If so, he would achieve where Riggs and Pancho Gonzales failed dimly in two tours with the big, blasting blond from California.
Kramer won every important amateur title in the world before turning pro.
Ability to sock a tennis ball was given only minor consideration in the signing of Gorgone Gussy, whose best national ranking was seventh the past year.

On the record Mrs. Addie, an attractive blonde stylist who won the U. S. amateur crown in 1942-43-44 and 1946, stands to give Gussy a court lesson, although drawing some 60,000 less pay.
Gussy won international attention by sporting a pair of lac pants at Wimbledon in 1948 and shocking Egypt with some abbreviated black attire, later banned by the English officials.
She promises nothing shocking tonight. "It'll be something practical and nice," she advised.

Pistol Shoot Held By Seminole Gun Club

The Seminole Gun Club held its weekly pistol shoot on the police range Wednesday afternoon.
Police Chief Roy Williams was high scorer with 98 of a possible 100. Ned Smith was second high with 96.
Practice matches are held every Wednesday afternoon from 2 to 4:30 P. M. All persons interested are invited to attend.
The individual scores of Wednesday's shoot are as follows:
Roy G. Williams 98x100
Ned Smith 96x100
Charles W. Beck 95x100
W. A. Horn 95x100
H. I. Eubanks 86x100
S. B. Spence 85x100
Max Bass 80x100

Straight from the Horse's Mouth

By ED HARPER

Sometimes a newcomer in a community can see the advantages and disadvantages of the place better than people who have lived there all their lives. He has a clearer, more detached point of view before he becomes a part of its everyday life and problems. This is especially true in the case of a newspaperman since his stock in trade is observation and analysis.

Having arrived here within the past month to work for the Herald, I have been looking Sanford over and liking it better and better. It's a good town with many fine recreational facilities. Many cities the size of Sanford can boast an 18-hole golf course as beautifully laid out and conditioned as the one I found here in Sanford.

Then there's the swimming pool. I doubt if anywhere in the south there is a finer or better equipped pool. Everything about it is modern and immaculate.

I have heard that a new Municipal Stadium is in the process of being built—something that is especially needed in Sanford which has long been one of the state's best baseball towns. The New York Giants winter training camp and George Barr's Empire School can make good use of the new stadium. Pictures of the new stadium indicate that it will be a beautiful structure and a definite asset to Sanford and the local club as well.

Maybe that's why it came as a shock to me when I first saw the tennis courts. Naturally I'd expect something special. After all, conditions are ideal for the sport. The climate is mild the year round and within reaching distance is Rollins College which has one of the nation's best tennis teams. You'd think Sanford would have half a dozen well kept courts and a crack group of tennis players.

I found the players all right, but when I saw the courts it was an unpleasant surprise. They're just not in good shape; it's practically impossible to play tennis on them.

The better of the two—one is overgrown with weeds—is down by the municipal swimming pool. Its net is ragged and lacers filled with gaping holes. There aren't any lines on the court and the lackstaps are so worn they don't even slow down a hard hit ball.

If Sanford were an ordinary town you wouldn't notice the lack of courts here so much. But as I pointed out, sometimes a newcomer has a perceptible and immediate what a town lacks as well as what it is. I think maybe Sanford just doesn't realize the benefits which good tennis courts would contribute to the town.

For one thing the kids would get to play the game. Now here just list any place for them to try. On any afternoon and especially Saturdays and Sundays the one court, with its crippled net is besieged by 25 or 30 people all waiting to play. Single file out the question with that kind of crowd so everybody plays doubles.

Last Sunday I waited 45 minutes to play two games lasting 10 minutes and then sat down for another hour for a second turn. Tennis isn't much fun when it is played under these conditions.

If there were enough courts a lot more people would play—especially during the tourist season. With Sanford trying to attract the tourist trade it's important that a sport like tennis—played by people of both sexes from 9 to 90—should have adequate facilities.

Probably the most important thing, however, is the effect three or four more courts would have on the kids. Tennis is an inexpensive game and the town's young people would be able to play it. It's a game—unlike football and baseball—which you can continue to play all your life. And it isn't dangerous. This is certainly one respect in which Sanford lags behind its sister cities.

But all in all I have found it a mighty good town.

Sooners May Tie Modern Record In Iowa State Game

Longest Streak Was 39 Wins In Washington In 1907-14

NOMAN, Okla., Oct. 26—(AP)—Oklahoma has won 25 straight football games, but the Big Seven conference and Sugar Bowl champs have a long way to go before they can threaten the record for consecutive triumphs.

Most gridiron historians agree that the all-time high was set by the University of Washington, which won 39 games in a row for coach Gil Dobie in 1907-14 before playing a scoreless tie with Oregon State.

The Sooners can tie the so-called modern record of 26 straight victories if they beat Iowa State Saturday at Ames. Most gridiron historians agree that the all-time high was set by the University of Washington, which won 39 games in a row for coach Gil Dobie in 1907-14 before playing a scoreless tie with Oregon State.

There are those who overlook the Washington string, because it included games with high school, business and club teams. They hand the record to Pennsylvania, which won 38 straight under Coach George Woodruff in 1896-98 before losing to Harvard, 10-0.

Since the turn of the century, only one school has come close to the marks established by Washington and Penn. Glenn (Pop) Warner's Pittsburgh teams of 1914-19 rang up 33 straight victories, ending with a 24-3 loss to Syracuse.

Michigan won 25 in a row in 1946-49 and Notre Dame teams of 1946-48 were all-victorious in 21 straight.

In the 19th century, Yale twice won 37 games in a row but could not be counted as a college team. The first Yale streak came in 1887-89, with the late Walter Camp handling the team the last two years.

Another Yale string of 37 came in 1893-94 under Camp and William C. Rhodes.

Princeton stopped Yale's initial string, 10-0 in 1898, the year Oklahoma was opened to settlement. And it was Princeton again that put an end to the second Yale streak, 6-0, in 1893.

When Notre Dame extended its string to 39 games without defeat—but with two ties—before losing to Purdue this month, there were many who thought the Irish had established a record in that respect.

But the record book shows that Washington continued on through 63 games without a loss, having four ties along the way. California finally whipped the Huskies in 1917.

Michigan chalked up 55 victories and one tie in 1901-05, and California had 50 triumphs and four ties in 1920-25. Army now is working on a 24-game streak that includes a tie or two and 13 victories in a row.

Oklahoma started its all-winning string—now the longest in college football—with the second game of the 1948 season after losing the opener to Santa Clara.

Sanford Jaycees Trounce Eustis By 24 To 10 Score

By VERNON HARDIN
The Sanford Jaycees defeated the Eustis Junior Chamber of Commerce last night in a softball game played there before a crowd of 100 cheering wives and fans.

The Sanford group came from behind to turn back the determined Lake county boys by a score of 24-10 after the Eustis team grabbed a five run lead early in the contest.

Sonny Powell revealed this morning that all that was lacking in the contest was a New York Giant scout, who could have surely signed several of the stars.

The game followed a buffet supper which was served by the Eustis Jaycees. Mr. Powell, in "Everyone had a good time, the summing up the event said only thing was that the Eustis chamber couldn't play ball as good as they could cook."

Those attending from Sanford were President and Mrs. Bill Stempier, Mr. and Mrs. R. J. Stempier, Mr. and Mrs. Bill Walker.

Broadus Injured In Practice Scrimmage

GAINESVILLE, Oct. 26—(AP)—Loren Broadus, star of the Florida backfield in the Vanderbilt game last week, suffered a shoulder injury in practice yesterday that will probably keep him out of action for the Gators' next two games.

A staff physician at the university infirmary said an examination disclosed a strained ligament about the shoulder joint. There was no fracture.

The fleet halfback fell on his shoulder after being tackled during a stiff scrimmage session. A member of the Florida coaching staff said Broadus was lost to the squad for at least two weeks.

Mr. and Mrs. Herbert Prevatt, Mr. and Mrs. Bill Stempier, Mr. and Mrs. Sonny Powell, Judge and Mrs. Douglas Stenstrom, Mr. and Mrs. Howard Hoteler, Mr. and Mrs. Bill Clark, Billy Odham, Bob Howell, Brax Perkins, Dr. Ring, Tex Droney, and Jimmie Drum.

A return engagement with the Sanford Jaycees playing host is being planned for the near future.

From where I sit... by Joe Marsh

You Can't Build A Better Mousetrap!

"They're not the best-looking boarders a man ever had," Hack Turner said one day. "and they're got awful tempers. But I've found it pays to have 'em around."
Hack was talking about a family of barn owls, nesting in his silo this year. Some folks believe those little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagrees.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 300 mice a month. Farmers that kill barn owls are throwing away the best mousetraps known to man!"
From where I sit, when someone shows a prejudice against any group of animals or humans—it's usually just based on misunderstanding. For instance, some folks are plumb intolerant about those of us who enjoy an occasional quiet glass of beer. Get to really know us and you're liable to find we're pretty good birds at that!

New Method For Keeping Whole Blood Is Shown At Conference

By ALTON L. BLAKESLEE
Associated Press Science Reporter

BOSTON, Oct. 25 (AP)—Human blood, the best medicine for A-bomb victims, is kept potent in new ways shown today by the American College of Surgeons.

They promise to keep blood safe and strong far beyond the present limit of 24 days, for a great saving in blood.

Whole blood will be one of the best medicines to help people hit by atomic blasts, burns or radiation. It is also one of the best now for operations, in accidents, shocks, and various diseases.

The new ways of preserving it are done with chemical heat, plastic bags, and special needles. They were shown by Dr. Carl Walter of Harvard Medical School at the Surgeons' 36th Annual Clinical Congress.

The bloods are resins like those used to soften water. They take out free calcium, one of the elements that starts blood clotting. They also remove chemicals that start the breakdown of blood by action of certain enzymes, or chemical accelerators.

The blood taken from a donor flows through this resin filter, and is collected in a pint plastic bag. The inner surface of the bag doesn't react with the blood, and the start reactions that break down whole blood.

The blood still contains the hormones, antibodies, or disease-fighters, and other chemicals of natural

drop flow from bottles. Studies show that red blood cells by adding the usual chemical preservative, Dr. Walter said. This would mean cutting down the waste of blood which has to be discarded as whole blood after 21 days. Such blood isn't even then a loss, for it can be broken up

into plasma, proteins, and other elements which fight shock, bleeding, and other conditions. In a way, the blood is like a bag. The bag is sealed by the heat of high-frequency radio waves. These waves are the same as those used on one television channel.

Mustard has been known to mar since earliest times.

Tire Rubber Economy Never Possible Before!

Tire longevity and greater rubber economy are the MID-CENTURY MASTERS posse with the essential tires of the era!

Every ounce of them is working rubber, without a fraction of waste or excess. Each tire can give you miles instead of miles of stream safety, and comfort.

All of them are safety coverage is continuously renewed and renewable, without recapping or anything of the sort.

With Blackalls on. Whichever, they bring over some their Mid-Century Car-guard, to protect their sidewalls and end all grinding curb scuff and abrasion.

They also bring their unsurpassable Safety Tread, U.S. A. A. for Skid Protection, Stepping Power, and Life Protection never possible before.

These Royal Master qualities are entirely exclusive. They serve and save at the very heart of the National Economy.

Russians Are Defeated On Franco Issue

Dulles, Malik Confer With Far Eastern Commission About Japanese Treaty

LAKE SUCCESS, Oct. 27—(AP)—The U. N. Assembly's special political committee today defeated a Soviet bloc attempt to delay debate on a proposal to soften U. N. restrictions against Franco Spain. Poland asked for postponement until Monday of the discussion on a United States supported resolution which would revoke the ban on full diplomatic relations with the Franco government and would permit Spain to join specialized U. N. agencies.

The vote was 34 against, six in favor and six abstentions.

As the debate opened, Latin American and Philippine co-sponsors of the resolution emphasized that the lifting of restrictions would not imply a favorable judgment by the United Nations on the domestic policies of the Franco regime.

An American source said the United States will vote for the resolution, which does not permit full Spanish membership in the U. N. or repeal an earlier formal condemnation of Franco's government.

Secretary of State Dean Acheson forecast the new American policy in a letter to Senator Tom Connally (D-Tex.), chairman of the Senate Foreign Relations Committee, last spring.

He said that if the U. N. resolution is passed, it would be a "significant step" toward the normalization of relations with Spain.

He said that if the U. N. resolution is passed, it would be a "significant step" toward the normalization of relations with Spain.

Shot Down Marine Is Guarded By Planes Until Helicopter Arrives

By SEAN SWINTON

WONSON AIRFIELD, Korea, Oct. 27—(AP)—North Koreans shot down two U. S. Marine Corsair fighter planes today.

The other, Capt. Frank K. Reilly, Jr., of Baytown, Tex., was rescued by a helicopter in a dramatic flight five miles behind the Korean lines.

Reilly, whose wife lives at At Last, Ga., hid in a snow-covered field until rescued.

"You're the prettiest sight I've seen in a long time," Reilly told the rescue pilot, Capt. W. D. Blunt of Wormleysburg, Pa.

Reilly landed his crippled Corsair in a reservoir at Haejung, 11 miles south of the Manchurian border. He swam and waited to shore.

He hid more than two hours while four Marine fighters remained in the area to protect him until the helicopter arrived. It was so cold Reilly's shoes and clothing froze.

A five-man North Korean outpost was only half a mile from him. The fighter patrol scared it away.

Two Corsair pilots, Capt. C. E. Bishop of Oakland, Calif., and Maj. Paul Parker of Dallas, Tex., off their fuses-first flight jackets and threw them down to Reilly so he would not freeze.

It was Blunt's second rescue in four days and his sixth as a helicopter pilot. He was in the air three hours, 55 minutes.

"I don't know how he did it," said Maj. Victor Gottschalk of Pontiac, Mich., Blunt's squadron commander.

"It's probably the longest rescue flight by a helicopter in the Korean war."

Blunt, who had to fight 30 mile headwinds all the way from Wonson, said:

"There was nothing much to it. I saw Reilly wave his yellow life jacket, went down and picked him up."

Reilly said he and an enlisted pilot had discovered a column of four North Korean Russian-made jeeps, five trucks and a long line of oxcarts three miles south of Paegun. That is 38 miles south of Manchuria.

They screamed down to attack. The Red convoy opened with anti-aircraft fire.

The enlisted pilot's plane smashed into a hillside, ploughed 400 yards through new fallen snow, and disintegrated.

"The pilot must have received a mortal wound in the air," said Col. Booker Hatterton of Tallula, Ill., commander of Marine air group 12.

Strong Army Is Called For By Marshall

Eight Man Committee Appointed To Make Long Range Plans For Mobilization

WASHINGTON, Oct. 27—(AP)—Secretary of Defense Marshall moved today to develop long-range plans for maintaining a strong reserve force with "a minimum interruption to the nation and the individual's normal existence."

To that end, he appointed an eight-man study committee made up of regular and reserve officers and civilians.

Announcing the move, the Defense Department said steps ordered by Marshall earlier this week regarding "orderly and effective calls" of civilians to active duty were intended to meet an immediate situation.

The new committee will continue the study of this subject and recommend policies to eliminate "any uncertainties and inequities which have arisen under the present system."

Announcement of the study plans coincided with a number of indications that the armed forces may be easing off the fast mobilization pace they set following the Communist invasion of South Korea.

Members of the committee: Edwin H. Burgess, vice president of the Baltimore and Ohio Railroad; Brig. General Melvin J. Maas, Marine reservist; Maj. General Leo M. Kreber, member of the National Security Council.

One of the cars, a low-slung sports model of the new MG "TD" Midget, was shown on First Street yesterday and attracted considerable attention.

Three makes of British automobiles will be placed on sale for the first time in Sanford Saturday morning when M. W. Castle, Jr., opens his new sales and service department at 116 West First Street at the former site of the Sanford Motor Sales Co., in the Welaka Building.

Well Gives Up Bodies Of 65 Red Atrocity Victims

Adding to the growing list of Communist killing atrocities, the discovery that 65 bodies of South Korean soldiers were recovered from the waters of the Han River in Pusan, Korea, after the Communist forces had captured the city.

India Concerned Over Red Threat To Nearby Tibet

Communist Assault Gains Momentum In Indo-China War

NEW DELHI, India, Oct. 27—(AP)—India has asked its ambassador in Peking, capital of Communist China, to convey its government's "surprise and regret" that units of the Chinese army have been asked to advance into Tibet, the foreign ministry announced today.

A communication sent by the ministry said India's government "is troubled with considerable concern" by the invasion, directed against the Tibetan frontier on the road to Lhasa, Tibet's capital.

The foreign ministry statement added it views on the matter also have been communicated to the Chinese embassy here.

A spokesman for the ministry said the government has not yet received reports from its representatives at Peking and Hanoi. He added that further government action awaits receipt of those reports.

New Delhi morning papers, meantime, gave front-page display to the news.

PATRONAGE HEREIN
TAMPA, Oct. 27—(AP)—The Florida Citizens Safety Council, one of the largest anti-communist organizations in the state, met at another governmental patronage here.

The council's meeting was held at the Municipal Airport. It was presided over by the council's president, J. J. Mack, who is married and has one son.

Florida Voters To Pass On Law Allowing Juvenile Court System

TALLAHASSEE, Oct. 27—(AP)—Florida voters will decide in November whether to give the Legislature the right to set up statewide system of children's courts.

The first proposed constitutional amendment you'll see on your general election ballot Nov. 7 is one to authorize a law establishing juvenile courts all over the state.

Notice though, you won't be voting for or against juvenile courts. You'll only be saying whether you want the Legislature to have the right to vote on the question.

If the amendment is approved and the Legislature decides to set up the courts, what then? "The new courts would have 'executive original jurisdiction' over all cases involving children under a certain age to be set by the Legislature. That means no other courts could handle the case."

The plan would put a stop to at least one practice of which the state bar complains. The attorneys say some justices of the peace send children to criminal courts—even in counties where juvenile courts exist—simply to get the fees involved.

The Legislature would have the right to define some offenses of children as "acts of delinquency" instead of crimes. It would also specify the means by which juvenile judges, probation officers and other court attaches would be appointed or elected.

Allies Face Icy Winds In North Korea

ROK Force Is Beaten Back By Chinese, Korean Elements In Bitter Battle

By ASSOCIATED PRESS
SEOUL, Oct. 27—(AP)—Daily clashes along the Korean frontier today showed that the fighting remains tough, according to a Communist broadcast.

The broadcast, which is believed to have been the Korean version of a report from the Chinese, said that the fighting was bitter and that the Chinese and Korean elements were fighting bravely.
