

# See Seminole Realtys' Complete Parade of Homes

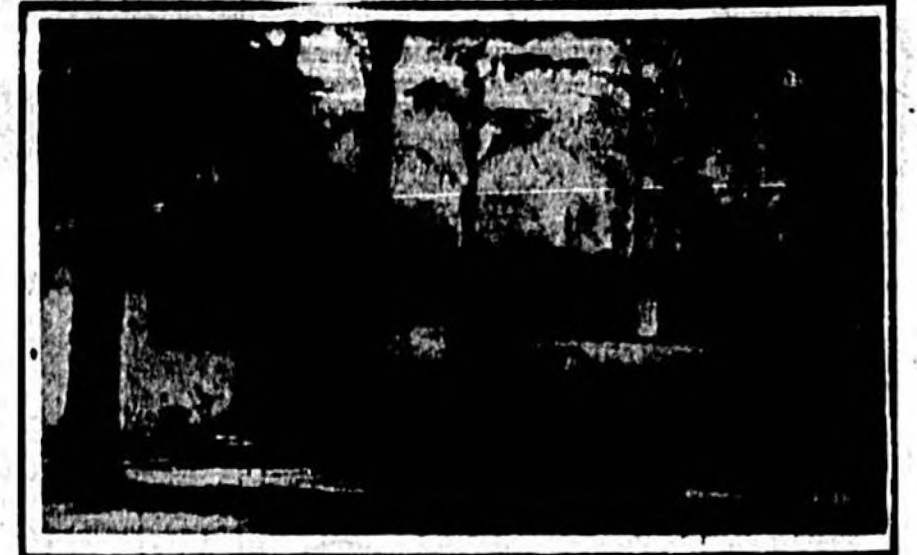

The rent you are paying now is money that is gone forever, but if you apply it on a home of your own, you can have a secure financial investment, as well as happiness and comfort! Let us show you our long list of beautiful homes in the best localities, easy small down payments and terms which we will help you arrange. The smart buyer knows that it is not necessary to buy a new home in order to get a good buy. **THE REALLY BEST BUYS** are proven to be homes from 1 to 3 years old.

This 2 bedroom, plus Florida room, furnished electric kitchen, car-port and utility room is just perfect for either retired folks or newly-weds. Close to shopping center. It is very realistically priced at \$10,900.00. FHA 4 1/4% mortgage can be assumed at no closing cost. As low as \$1800.00 will handle this beauty.

This is a "one owner" home, clean as a pin, and on a beautifully landscaped corner plot. It has 4 bedrooms, 2 baths, large kitchen and dining area. Kitchen is completely equipped, including dishwasher. Washing Machine is included, and the price is only \$15,250.00, requiring \$4870 down, \$76.66 monthly. This is the best offering we know of in a 4 bedroom, 2 bath home.

Owner's transfer out of State forces this offering for quick sale. It is truly a home of distinction. 2 bedrooms, plus large Florida room, easily converted to 3rd bedroom, kitchen equipped, beautifully landscaped on 2 large shady lots. Required only \$1750 down, assume 4% GI mortgage at \$72.00 monthly. Total price is only \$12,750.00 — no closing costs.

## Good Opportunities For The Investor!

80 acres beautiful wooded land with live stream flowing through property. Excellent buy \$195 per acre. Requires cash.

40 acres wooded land with about 10 acres in beautiful shade, near Geneva, paved road frontage. \$8,000, terms.

170 acres situated approx. 5 miles East of Naval Air Station, approx. one-half mile frontage on paved road. Considerable timber could be cut. Price \$220 per acre; 29% down; balance on 10-year plan.

70 acres muck land with good drainage ditch on two sides \$81.50 per acre.

60 acres pretty wooded land situated near Lake Jessup approx. 4 miles of Sanford City Limit. \$260 per acre. 29% down will handle.

12 acres on Highway 17-92 between Sanford and Orlando with 470 ft. frontage on highway and approx. 600 ft. lake frontage. Excellent site for deluxe motor court.

70 acres with approx. 3,000 ft. frontage on beautiful lake. Only \$500 per acre. 29% down; balance on 3-yr. plan.

Beautiful lakefront lots with good elevation priced from \$1,795 up; can be bought for as little as \$195 down.

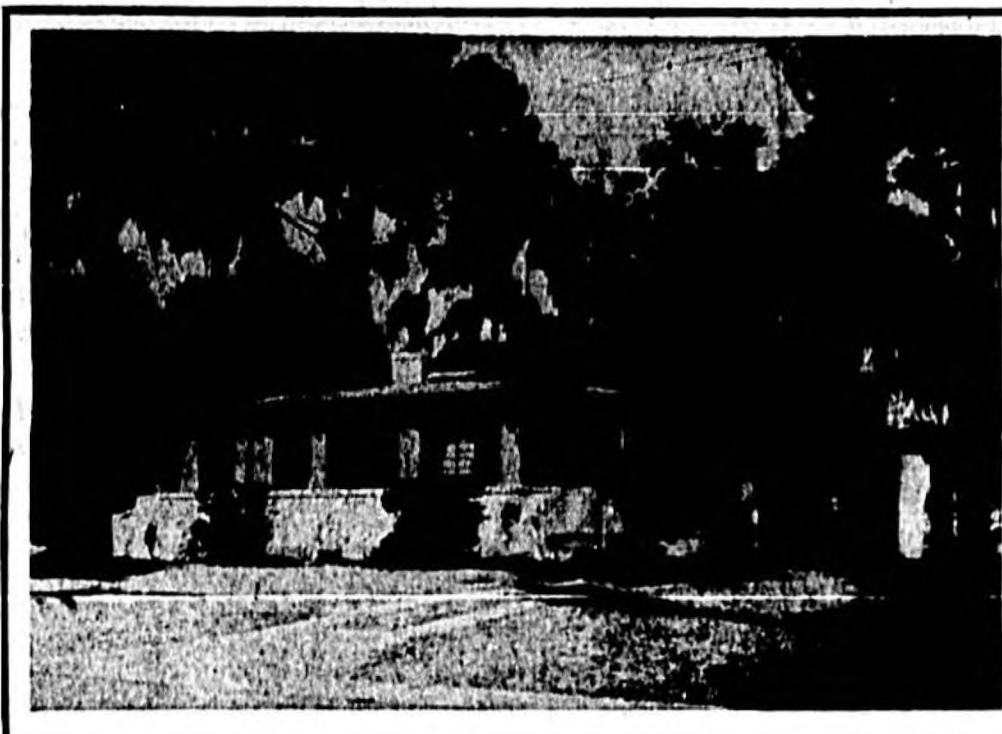

320 acres with approx 1 mile frontage on two large lake and three small lakes. This land is high and well-drained. Power and telephone lines on property. Most ideal for a subdivision. \$500 down; bal. on 10-year plan.

30-acre farm with under-ground irrigation with 7 artesian wells. This farm is in tip-top condition; good for flowers or vegetables. Price: \$18,000. Terms.

10-acre farm with 7 acres in under-ground tile. Excellent site for country home. A sacrifice for cash — only \$2,950.

20-acre tiled farm with furnished home and barn, \$15,000. Terms.

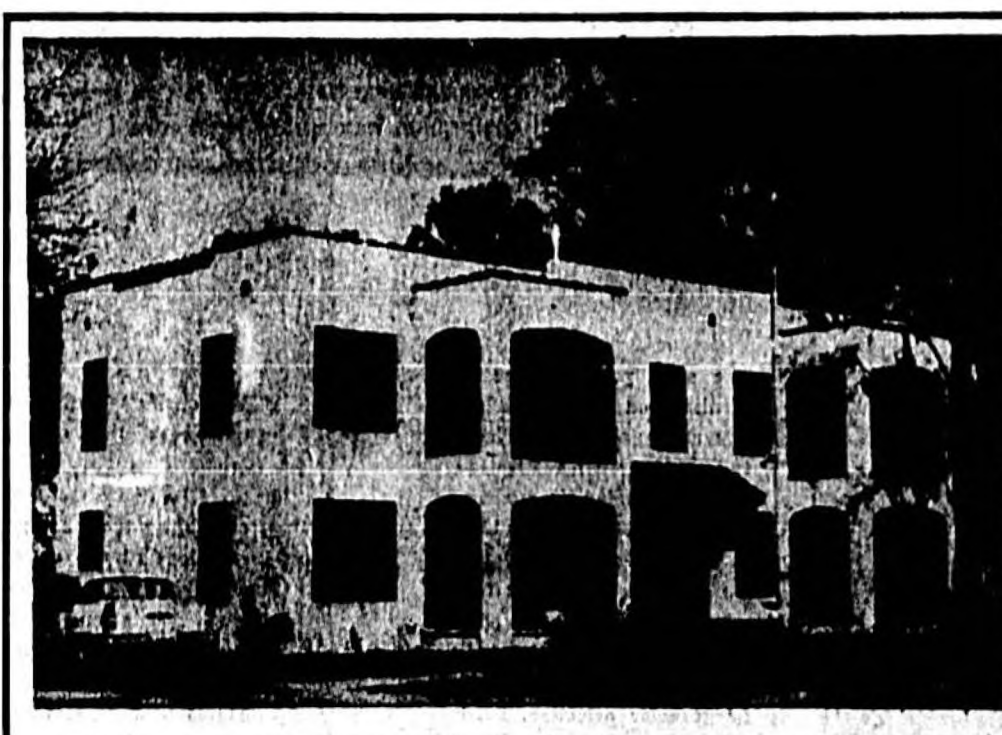

520 acres wooded land in vicinity of Oviedo at \$110 per acre with 29% down; bal in 5 yrs. Excellent cap't al gain potential.

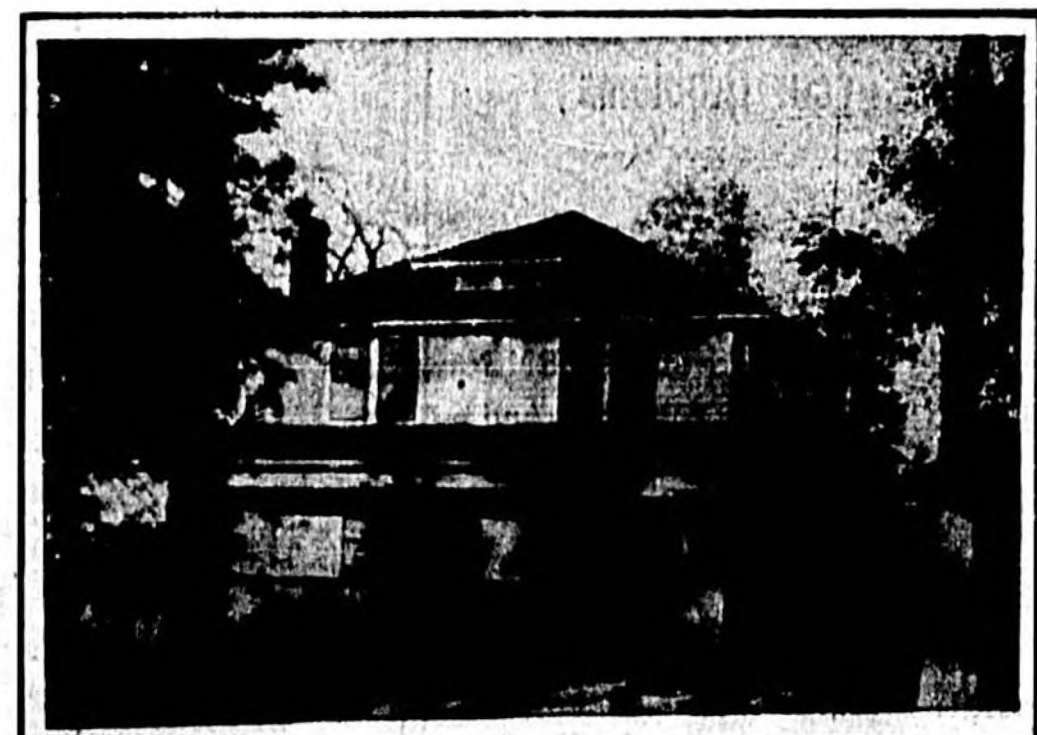

Serviceman's transfer brings this offering up for quick sale at \$9900.00 — \$6800 FHA Mortgage can be assumed at no closing costs. Ready for immediate possession. Owner will take \$2000 Down and carry 2nd mortgage to responsible party.

This 4 bedroom, 2 bath, custom built home is in Sanford's "Mayfair Section", surrounded by homes in the upper price bracket. It can not be duplicated in this nice section at the offered price of \$22,500.00, requires about \$6,000.00 down.

Looking for Home & Income, or strictly for investment? This 4 Unit apartment house is showing an excellent return and has a 100% record of occupancy for the past 12 months. It is located just 10 blocks from the heart of the city. Will stand strict investigation at low price of \$22,500.00. An ideal situation for a retired couple.

Charm, Quality, and Value, all in one package, this beautiful older style home is in tip-top condition, has central heat, and is air-conditioned. Spacious living room full dining room and kitchen downstairs. Three large bedrooms upstairs. Large play room over garage, easily converted to guest room. Grounds are nicely landscaped and include nice assortment of bearing citrus trees. A good value at \$25,000.00, owner will finance.

# U. S. May Announce Plans To Send Rocket To Moon 'Soon'

WASHINGTON (UP)—High defense officials said the United States now has two satellite rockets spinning around the globe, they announced plans to send a "rocket to the moon" soon.

Meanwhile a high-ranking scientist said Russia may have halted its satellite launchings in hopes of lulling Americans into complacency in the space race.

Another "globe" as to why the Kremlin has sent so many satellites aloft since Nov. 3 is that Moscow may be seeking to spring a major triumph by shooting a man into space and bringing him back safely to earth.

The grapefruit-sized Vanguard I, second made-in-U.S.A. moon, girdled the globe in a lofty orbit running from about 407 miles to some 2,313 miles above the earth.

Because of its height — far above Sputniks I and II and Explorer I — scientists predicted a

life for it of possibly as much as 30 years or more.

Dr. John P. Hagen, head of the Navy's Project Vanguard which after many setbacks fired the radio-equipped satellite into space Monday, said its solar-powered radio, one of two aboard, will probably continue to transmit sig-

nals "indefinitely" — as long as it says aloft.

Hagen said the next Vanguard test will be an effort to put a fully-instrumented 30-inch satellite into orbit. He declined to say when but indicated it would be within the next two or three weeks. A second Army Explorer

is slated to be fired next week.

Army Secretary Wilbur M. Brucker indicated Sunday night that Advance Research Projects Agency, top Defense Department agency handling space develop-

ment, had approved a shot to the moon. But Brucker did not say who would do the shooting or with what.

Hagen said Monday's firing indicates the upper stages of the three-stage Vanguard could be added to "any powerful" rocket and shot to or around the moon. Both the Army and Navy have satellites circling the earth, said the Air Force constantly operates to put the first man in space.

An Air Force spokesman, asked if the Air Force looks "out in the cold" now that the Army and Navy have satellites circling the earth, said the Air Force constantly operates to put the first man in space.

**Weather**  
Cloudy, showers today or tonight. Turning clearer today. Wednesday partly cloudy and cool.

### Committee To Hear Plan To Streamline Milk Price Law

TALLAHASSEE (UP)—The state agricultural services committee is expected to meet within the next month to hear proposals to streamline the controversial milk price control law.

Sen. Tom Adams of Orange Park, chairman of the committee said the group will probably meet "within 30 days" to adopt the recommendations.

But he said proposals for the 1958 Legislature won't be approved until the recommendations are aired at public hearings which will start over the state in about three months.

Adams told the committee "today there will be some changes" in the milk price control law.

**BLAST WRECKS NASHVILLE JEWISH CENTER**—The lobby of the Nashville, Tenn., Jewish Community Center hangs in shreds after a dynamite blast rocked the building. A similar blast a few hours earlier had heavily damaged a Jewish center in Miami, Fla., but it was not known if the two incidents were connected. (UP Telephoto)

Milk Commission Chairman J. Bralley Othman, whose agency met today, also told the Adams committee he is "confident" the major dairy companies will ask the next session to abolish the commission now that it has done away with consumer controls.

Othman said the commission has saved the public "several million dollars" by closing "loopholes" in the price control law. But he said controls must be kept on at producer level to protect the farmer.

Adams' committee was established at the request of Gov. LeRoy Collins to recommend ways for "streamlining" state agricultural services. Agencies under study include the Department of Agriculture, Plant Board, Livestock Board, Milk Commission and State Land Agency.

### Ike, Macmillan To Map Strategy For Proposed Meet

LONDON—President Eisenhower and Prime Minister Harold Macmillan will map point-by-point strategy for a proposed meet in Washington in June, British sources have said.

The joint announcement that Macmillan will visit the U. S. capital three months from now was taken here as an indication that the proposed meeting of leaders of East and West will not be held until September at earliest.

Sources close to the British government predicted that arrangements for the summit meeting will proceed in three steps:

—A conference of foreign ministers in Geneva in late April and early May to work out agenda for the top level meeting and decide whether it shall be held—perhaps in Washington.

The Eisenhower-Macmillan meeting—Consultations through July and August to set the date for a meeting in September.

Macmillan and Foreign Minister Selwyn Lloyd are known to be more anxious than U. S. leaders to confer with Russia's leaders in a meeting which Secretary of State John Foster Dulles has warned might turn out to be a "fraud."

### Lake Mary Group Formed To Check School Conditions

Residents of Lake Mary formed a committee last night for the "organization of Lake Mary." The committee will check into the conditions prevailing at the local school, in an effort to improve the facilities.

A spokesman for the committee today stated, "Several real estate deals have been lost because of the school, and we are alarmed about its condition."

"Due to a recent increase in population, and real estate activity, there has been a subsequent decrease in adequate school facilities. The building and area have not been substantially improved since 1929. We feel that its condition is injurious to the future of Lake Mary and primarily our children."

### Winnie Reported In Good Shape

NICE, France (UP)—Sir Winston Churchill is in "good shape," Field Marshal Viscount Montgomery said today after spending a weekend with his wartime chief.

Montgomery, 70, told reporters that Churchill, 83, who had an attack of pneumonia and pleurisy last month, "is in good shape, has a good appearance, sleeps nine hours a night and smokes cigars."

"I don't smoke with him because I don't like cigars and I drink only mineral water," Montgomery added.

Churchill's host, Publisher Emory Reves, said Churchill's return to England "depends on the weather in England—and so far that hasn't been too encouraging."

### 2 Weeks Left To File Homestead Exemption

"With only two weeks remaining to file homestead exemption and personal property tax returns, it is estimated approximately 1,800 more applications are due to be filed," Mrs. Mary Earle Walker, Alachua County Tax Assessor, said today.

She emphasized that applicants are urged to file at once in order to avoid a long waiting line the last few days of the month.

On Jan. 1 applications were mailed to all who filed for homestead exemption the previous year, unless the property had been sold during the year. Mrs. Walker said "the applications need to be filed and signed, whether mailed or brought in to the Tax Assessor's office along with the personal property returns which need to be filed in completed and signed."

"This is the first time to apply for exemption," she said, "or if this is the first time to apply on different property than that on which an application was made

# Anderson Outlines Plans For Possible Tax Cut

### Probers Indicate Gravel Causes Plane Destruction

MELBOURNE (UP)—CAA investigators indicated today that piles of gravel at the end of an airport runway here caused the fiery destruction of an Eastern Air Lines passenger plane.

The seven passengers and three crew members aboard the Martin 404, valued at nearly \$600,000, scrambled to safety shortly before flames engulfed the craft.

The gravel piles apparently had been swept in the end of the runway by city of Melbourne cleaning crews which maintain the airport. They stood about four feet high.

As the plane came in for a landing Monday morning, its landing gear struck one of the gravel piles, which were the same gray color as the runway. The landing gear buckled when the pilot applied brakes.

The plane tipped over on one wing and its left engine caught fire. The flames spread quickly after the aircraft came to a smoking halt.

City officials, who declined to be questioned, said they felt that the pilot understood the runway in making his landing.

The crew members were Capt. R. J. Seibert, Pilot R. A. Hicks, and flight attendant Edith Jackson all of Miami.

WASHINGTON (UP)—Treasury Secretary Robert B. Anderson today outlined alternative administration plans for a possible tax cut, including cutting the withholding tax in half, a Republican senator said after a White House meeting.

Anderson discussed the plans for 30 minutes at the weekly meeting of President Eisenhower with GOP congressional leaders.

Sen. Edward Martin (R-Pa.), senior GOP member of the Senate Finance Committee, told reporters that "no conclusion" was reached on when and if to put any of the plans into effect.

The senator said Anderson discussed various alternatives, including a reduction of excise and business income taxes.

Combination of Cuts  
Martin said another alternative was to reduce personal income taxes in the high brackets, along with lowering business income taxes, to encourage capital investment.

ment and long range growth of business.

Martin said he believed that if a tax cut is decided upon, it might be a combination of the various alternatives.

Meanwhile, Everett Kasanow, a union economist, said organized labor may call for raising individual income tax exemptions

from \$600 to \$800 unless Congress acts immediately to cut taxes.

Kasanow, research director for the AFL-CIO Industrial Union Department, said delay in tax reduction would only mean that more drastic measures would be required later. He spoke to rank-and-file delegates to a United Rubber Workers conference.

The AFL-CIO last week proposed that exemptions be boosted to \$700 to counter the recession. President Eisenhower was reported to be considering a request that governors call special sessions of state legislatures to increase unemployment compensation.

### Mechanical Genius Admits Killing 70-Year-Old Aunt

BARABOO, Wis. (UP)—A "mechanical genius" with a strange fear of lights admitted today he killed his 70-year-old aunt and her neighbor's woman, police said.

Carl Hein Jr., 30, a telephone company technician, was captured late Monday while fleeing authorities when his car skidded out of control on a rural highway and crashed into a ditch.

Deputy Sheriff Don Galus described Hein as a mechanical genius who "could build anything with tools and had rebuilt several tractors from scrap parts."

However, Galus said Hein "for some reason doesn't like lights." The deputy said when Hein was arrested "he had broken the headlights of his car and jumped on the signal car trying to break the dome light."

A neighbor woman, Mrs. Henry Reppenbagen, called the sheriff's office and said Hein had broken into her home and beat her. She said he then smashed every fluorescent light in the house, but left light bulbs untouched.

Investigating officers found the partially-male body of Hein's aunt, Miss Edith Hein, in the living room of the Hein farm home. She had been shot through the head and chest.

# Zoning Board Requests Additional Personnel

The Board of Seminole County Commissioners adopted amendments to its zoning regulations this morning to allow temporary parking of trailers in various locations, creating an electrical and plumbing code.

Persons wishing to park trailers during the possible time required to build a home may receive a permit from the County Zoning Director for 90 days, according to the amendment. The permit may be renewed for 30 days. Fees of \$5 and \$2.50 are required.

"It would be difficult to come to a definite conclusion without some study and discussion," said Krider.

However, Zoning Director Brown told the commission "We do want to provide the services for which these people have paid."

Discussion of the request continued after the noon recess today.

### SHS Band Makes Good Showing At District Contest

The Seminole High School band was well represented in the top ratings of a recent contest, according to a report made by Bandmaster Ernest Cowley.

The night reading and drill was rated "superior," he said. The band's new uniforms looked very nice during the drill and the judges commented on them, the bandmaster said.

The band received 11 superior out of the 14 groups, Cowley said. They were: the Majorie Corps; a twirling drum by Judy Herron and Evie Kraser; a majorette quartet with alternates Jana Williams, Carolee Osterholm, Leslie Jones, and Martha Hood; clarinet solo, Pete Rans; trombone solo, Tommy Williams; Flute solo, Nancy Thomas; baritone saxophone solo, Wally Pope; snare drum solo, Dickie Korgan; clarinet quartet, Pauline Rans, Emma Corley, Amore Speir, Sue Ann Toney; brass quartet, Leo Turner, Bobby Osburn, David Wilson, Tommy Williams.

### J. T. Lawrence Dies Yesterday

John Thomas Lawrence, 81, died in an accident Monday at 2:30 a. m.

Born June 16, 1873, in Rock Springs, Ga., he lived in Bonifay and was a retired carpenter. He attended the Bonifay Baptist Church.

Survivors include four children, W. G. Lawrence, D. D. Lawrence, both of Bonifay; Mrs. Birdie Clapton and Mrs. Van Bridges, both of Pensacola; nine grandchildren; two sisters, Mrs. Julian Yates and Mrs. Cornelia Hahn, Sanford.

Remains will be sent to Bonifay for services and burial. Hirston Funeral Home is in charge.

### 111 Die On State Roads Last Month

TALLAHASSEE — One hundred and eleven persons died on Florida highways in January as a result of traffic crashes, Comdr. H. N. Kirkman of the Florida Highway Patrol said today.

The January 1958 total was three more than for a comparative time last year. There were traffic fatalities in 36 of the state's 67 counties.

Three of the heavily populated counties counted a total 36 deaths. They were Duval with 11, Dade 12, and Palm Beach 10. Broward County, first north of thickly populated Dade, got by with only four traffic deaths. Hillsborough, another of the state's large counties had only seven deaths and Polk counted nine. In other words, 36 or over half the total for the month, were chronicled in the previously mentioned half dozen counties.

### Two Men Burned To Death In Car Truck Collision

NAPLES (UP)—Two men burned to death and another was fatally injured in a car-truck collision on SR 39 in the Everglades late Monday.

Two persons were injured—one seriously.

The victims were William Sanford Latham of Immokalee, 46-year-old driver of the car, Sam Dotson, driving the truck, and Negro Willie Thomas.

Officers said the gasoline tank of the truck exploded and both vehicles caught fire. Dotson, Thomas and Negro Willie Lee Smith were all riding in the cab of the truck.

Smith was critically burned. Willie Leggett, riding in the back of the truck, suffered back injuries.

Dotson and the Negroes, all from Jerome, worked for the J. C. Jones Lumber Co. in Immokalee and were on their way home in a company truck when the accident occurred.

State troopers said Latham was driving drunk and that two officers had been dispatched to look for him only moments before the accident. He said two witnesses reported seeing Latham's car "burn up all over the road."

# Paratroops Used To Retake Medan

SINGAPORE (UP)—The central Indonesian government used paratroops in retaking the north Sumatran capital of Medan from the rebels, Jakarta reports said today.

Eye-witness reports from diplomats in the city — site of a rebellion against the Jakarta government on Sunday — said the central government forces were in full control and that the rebels had withdrawn.

The reports said government paratroops dropped at Serawan Harbor 10 miles from Medan early Monday and that the rebels, who were already pulling out, hastened their withdrawal.

United Press correspondent Robert Monahan reported from Jakarta that 250 Americans and 825 Dutch and British dependents from all and rubber concessions in Sumatra were to leave Medan for Singapore Thursday aboard the Dutch liner Orange.

The diplomatic reports said two central government P-51 Mustangs and two B-25 medium bombers bombed and strafed Medan airfield while the rebels were holding it.

Reports from Medan today said all was quiet although roadblocks prevented anyone from approaching the airport or the main square.

In Singapore the Cable and Wireless Co. said communication with Medan was restored early today and that "we presume we are working with the previous government administration."

A spokesman for the American-owned Caltex Oil Co. said American wives and children evacuated here from Sumatra will return there as soon as the Jakarta government informs them the situation is clear of rebels. The spokesman said he thought this would happen in about four days.

State wide county-by-county tabulation by the patrol follows:

Alachua, Baker, Brevard, Citrus, Columbia, Hendry, Indian River, Jackson, Lake, Lee, Monroe, Oklawaha, Walton, and Washington all one each.

Day 3; Clay 2; Collier 4; Escambia 2; Hamilton 2; Leon 2; Manatee 2; Marion 3; Martin 2; Nassau 2; Orange 2; Pasco 2; Pinellas 2; Putnam 2; Sarasota 2; and Volusia 4.

No death counties:

Bradford, Calhoun, Charlotte, DeSoto, Dixie, Flagler, Franklin, Gadsden, Gilchrist, Glades, Gulf, Hardee, Hernando, Highlands, Holmes, Jefferson, Lafayette, Levy, Liberty, Madison, Oklawaha, Osceola, St. Johns, St. Lucie, Santa Rosa, Seminole, Sumter, Suwannee, Taylor, Union, Wakulla.

**VANGUARD DOES IT AT LAST**—The Navy's Vanguard missile is just a tiny dot (arrow) high in the sky after a successful launching put a miniature satellite into orbit from the Cape Canaveral test center. A lazy vapor trail traced the giant missile's flight across the sky. (UP Telephoto)

# Editorials

## Failure To Recognize Partial Truths Creates More Confusion

The statement that the source or cause of juvenile delinquency resides in the family is only a partial truth. One reason for additional confusion can be found in the failure to recognize this.

At the present time, here and all over America, we have varied types of delinquency. There is delinquency resulting from weakness in the family structure, the lack of love shown by one or both parents, the emotional blights of parents. In addition, there is delinquency which is strongly influenced by cultural differences and by the fact that some children grow up in a kind of sub-culture. And then there is social delinquency, manifested in the teen-age gangs that are found especially in some of our larger cities. More than a few boys are forced to join gangs and participate in delinquent activities.

Social delinquency is what confuses many who feel concerned about the problem. It cannot necessarily be stopped by dealing with the family situation. Normal boys and girls become delinquents in some neighborhoods because of terror.

A sick and unloved boy or girl is different from one who is intimidated into joining a gang or unloved group, and who naturally shares many values and attitudes of his or her generation.

Many liberal people think Mama, Papa, and poverty cause all delinquency. And this has not been conclusively proved for the simple reason that many brilliant young men and women come up into the world and take a place in society through hard work, study, and perseverance.

Those who keep demanding public action on the basis of partial truths, and who fail to understand or sometimes even refuse to recognize this social delinquency, are morally irresponsible.

## What About The Buggy's Freight?

Have you ever stopped to think what the family automobile costs in operation expenses?

Ten thousand miles is about an average year's driving for many Sanford and Seminole County citizens—an average for many American citizens and motorists—perhaps a majority of them.

And many of them drive that much without having more than a rather vague idea of what costs. Though they may emit an occasional groan about gas and oil prices, the car's role in the family economy is not questioned.

In the light of this common attitude, figures released by the American Automobile

Association make instructive reading. The AAA figures that it will cost \$1,078 this year to drive a car 10,000 miles. That compares with \$1,002 last year. Moreover, gas and oil expense, which takes most of the beating from motorists about the cost of driving, is the only item that went down—slightly, but down.

The big item is depreciation, up from \$514 to \$663. Other factors—tires, maintenance, insurance, license and registration—all went up. Our intention is not to throw cold water on a well established custom of the day. We merely think drivers ought to be aware that all those miles going by are not just scenery.

## Local Interest In Science Tops

A wonderful thing is taking place in our schools.

Interest in such subjects as general science, biology, physics, and chemistry is picking up at a tremendous rate.

These are the words of Science Professor Paul Hickson at Seminole High School. This year, for the first time, displays of projects will be entered by eight of the local Seminole High School students in the Science Fair taking place next Saturday at Stetson University.

Projects displayed will include a photo electric cell burglar alarm system, neon advertising, a spectroscope for analyzing elements, a carbon arc demonstration, a model rocket, and a motor.

And remember, this is just the beginning. In a first year interest projects have been developed in a minimum length of time to

be placed in the Fair as part of Science Day at Stetson.

Whether this interest has been generated by Professor Hickson, or by the great need of our country for scientists during a crisis, or by the curiosity of the students in a general trend, has no bearing on bringing this change of interest to you.

It is the fact that scientists in the making are right here in our schools, studying the very things that top leaders of our country say are needed most.

All of us know that not every student of science will turn out to be a top-notch man in any one field. But there are students in the group that will reach the pinnacle of success in the fields that are needed to develop necessary projects in the defense of our country and in the continual development of projects that might bring about peace in the world.

As we have said before, and said often, the one scientist or student who will develop or create the very thing that will bring about peace throughout the world may be in our first, second or third grade here in Sanford and Seminole County.

At the same time, it must be realized that the future will not be developed by scientists alone. It will take journalists, clergymen, artists, doctors, lawyers, nurses, typists, farmers and all of the other trades, professions and vocations to make the world tick.

The fact is, our students are following the courses needed most in this era—a heartening fact that creates confidence in the future.

## Look Ahead At Top World News

**By UNITED PRESS**

United Press correspondents around the world look ahead to the news that will make headlines.

**Greenbacks**

All praise to St. Patrick, but it's the long green the Emerald Isle needs most. In coming months there will be a stepped-up campaign to import it via Irish exports and others to foreign capital and investments. Even the St. Patrick's Day parade in Dublin is emphasizing industrial products. "Buy Irish" will be the watchword. You'll be hearing a lot of it.

**Air Flight**

The Civil Aeronautics Board is in for a bruising fight with the Airline Pilots Assn. over the recent CAB report blaming the pilots for an airliner crash at New York last year. The association is preparing a strong counter-attack which will accuse the agency of ignoring evidence of instrument failure to make the pilot a scapegoat.

**Summit Talk**

There is talk that John Foster Dulles touched off the latest propaganda outburst with an off-hand remark to new Soviet Ambassador Mikhail Monchikov. Dulles mentioned casually that an Amer-

ican reply to a Soviet note should be ready for delivery in a few days. In no time at all, Monchikov was back with another letter from the Kremlin. The high level guess is the Soviets hoped to bury any

## COMING EVENTS ACCORDING TO SENATOR HUMPHREY

## Too Late To Classify

**By RUSSEL KAY**

Harry B. Haines, publisher of the Paterson, N. J. Evening News thinks the best way to combat the so-called business slump or recession is to quit talking about it and worrying about it and start "Believing in America."

He has appealed to governors of each state urging that they sponsor a "Believe in America" campaign to offset the psychosomatic slumps we are now experiencing. Fear and doubt can wreck a nation just as it can drive an individual into a nervous breakdown if not curbed.

There is nothing wrong with America. All we need is faith and confidence and a sincere belief in ourselves. We can continue to talk and think recession and depression and we will have one and by the same token, we can think and talk ourselves into the greatest prosperity this country has ever known.

But for the faith and belief of our founding fathers we wouldn't be enjoying this great nation today. Compared to them any worries or fears we can dream up are trivial.

Eleven governors have expressed approval of Haines' suggestion and Governor Collins has requested detailed information.

It is proposed that by proclamation, governors of each state set the week of March 23-29 for observance of "Believe in America" week. That during this period we review our blessings and think about what a great and wonderful nation we have. Press, radio and television would be asked to spearhead a nationwide "Believe in America" effort and that the President join with state governors in the campaign.

Belief or Faith, as you choose to call it, is a powerful force. It can kill or cure as has been demonstrated time and time again with individuals and with groups.

You can get out of bed in the morning feeling fit as a fiddle and ready for anything, but let everyone you meet tell you how

## Inside Washington

**BY HENRY CATHCART**

Central Press Washington Writer

**WASHINGTON**—According to reliable diplomatic reports from Paris, French Premier Felix Gaillard was caught in the middle by the French air force's bombing of a Tunisian village.

These sources say that Gaillard himself did not know of advance plans for such an attack but that a blueprint for the action had been approved by the French general staff and his defense ministry.

While Gaillard privately deplored the bombing, he was in no position to renounce publicly because his own government's involvement would have led to overthrow of the Gaillard administration. Thus, the French premier had to defend the attack, although admitting it was regrettable, to save his own government.

Gaillard got a vote of confidence from the French assembly. Of course, while Gaillard saved his government, he has been tossed into an international crisis and finds himself facing the criticism of two staunch allies—the United States and Britain.

**FIVE MORE ARMY SATELLITES**—The Army is reported to be working on five more satellites. Defense Secretary Neil McElroy disclosed to Congress that three Army "man-made" moons were in the works. This was one more than had been announced publicly. However, from other sources it has been learned that the Army is planning to try to send up five "satellite-carrying" rockets. Measures of their firing have not been disclosed but the reports that they

are in the works come from experts both at the Huntsville Arsenal and at the Pentagon.

**ASIAN SUMMIT VIEWS**—President Eisenhower and Secretary of State John Foster Dulles are taking the views of America's Far Eastern friends into consideration in planning their next move in connection with a possible "summit" parley.

Dulles had an opportunity to canvass these nations when he flew to Manila for the Southeast Asia Treaty Organization conference. Indications are that there is a strong opposition in a number of Asian countries to any head-of-government meeting that would include Red China.

Russia, however, is expected to insist that the Chinese Communist regime be invited to participate in such a top-level session, even though the United States has refused to recognize the Peking government. Thus, there apparently is another roadblock that must be overcome before any summit meeting can be held.

**TAX CUT LOOMS STRONGER**—With February unemployment over the five million mark, chances increased for a tax cut this year for the low-income brackets. The administration, which has opposed such drastic anti-recession action until other measures—such as increased public works projects—are tried, is now reported to be giving serious consideration to recommending some tax relief as a means of stimulating business.

Labor Secretary James P. Mitchell, who revealed in advance of official reports that February un-

employment had topped the five million mark—the highest since World War II—is on record as saying that if unemployment continued to rise in March, the administration would propose cuts immediately.

Mitchell still feels that February marked the peak of unemployment and a seasonal increase will be noted in March. However, the fact that the jobless total was so astoundingly high, and Democratic demands in Congress for tax relief as the one sure means of halting the recession, has forced the administration to take another look at the problem.

**JUNE LOCKHART IN DIVORCE**  
SANTA MONICA, Calif.—(UP)—Actress June Lockhart holds a divorce decree from Dr. John F. Maloney, New York, on testimony that he "drank to excess" and stayed away from home at night. Miss Lockhart, daughter of the late actor Gene Lockhart, won the decree Monday.

### Letters To The Editor

The Editor,  
The Sanford Herald  
Sanford, Florida

Dear Sir:

Please publish in the forum this letter of appreciation to those who kindly worked with me, during the United Fund Drive.

It was only through your untiring efforts that we were able to partially reach our goal. I wish to thank each of you individually and collectively and hope and pray that the next drive might be more successful.

I am gratefully yours,  
Geo. H. Starke, M. D.

## Win a great new Studebaker SCOTSMAN

(AND WIN ONE FOR YOUR FAVORITE CHARITY OR ORGANIZATION, TOO)  
OR ONE OF 21 ADDITIONAL PRIZES

**Fleet of SCOTSMAN cars to be awarded in nationwide SCOTSMAN Mile-A-Then contest!**

You can win a handsome, full-sized Studebaker Scotzman for your very own—and one for your favorite charity or organization. It's all part of the nationwide Scotzman Mile-A-Then Contest, March 16 to April 12. And it's easy—just three simple answers may bring you home a winner. And look at the prizes:

1st Grand Prize..... 2 Scotzman Station Wagons  
2nd Grand Prize..... 2 Scotzman 4-door Sedans  
3rd Grand Prize..... 2 Scotzman 2-door Sedans  
4th Grand Prize..... 2 Scotzman V-10n Pickups

Winners get two cars: to make the contest even more inviting, each Grand Prize Winner will receive not just one, but two cars—one for yourself, one for your favorite charity or organization. And, if you've purchased a Studebaker or Packard during the contest, you'll receive your choice of the prize car or its retail delivered price in cash, your selected charity or organization will still receive the car.

All you do is estimate the highest miles per gallon figure attained by the Scotzman 2-door Sedans, and by the Scotzman Pickups, and then complete this sentence in 25 words or less—"Studebaker Scotzman passenger cars and pickup trucks are America's all-around necessary vehicles because—"

To help you, a map shows the approximate routes of the two Scotzman Mile-A-Then caravans. Your official Scotzman Mile-A-Then Contest entry blank, and a detailed set of contest rules, are yours for the asking from your local Studebaker-Packard dealer or they are available by mail. He'll be glad to give you complete information about the Scotzman (a guest-drive, too) that will help you with your answer. No purchase required. Visit your dealer soon.

**Here's how the SCOTSMAN Mile-A-Then will run!**

Two caravans, each consisting of a Scotzman 2-door Sedan and the all-new Scotzman 16-ton Pickup, will crisscross the country to form an "X" on the map. All you do is estimate the highest miles per gallon figure attained by both types of Scotzman vehicles participating, and complete the required 25-word statement. And, that's all you do! This contest is not open to any person residing in any locality where such contest is not permitted under applicable state or local regulations.

Get your official entry blank and contest rules from your Studebaker-Packard dealer!

**See the Spring Parade of the World's Finest Motor Cars**

The Spring Parade is at your dealer's now! See luxurious Packards... high-styled Studebakers... the Scotzman series! America's lowest priced, full-sized cars, with 2-door sedan just \$1795 plus transportation and say local taxes. See Mercedes-Benz motor cars, most desirable in the world. Do it today!

## Garden Circles

**Flowering Trees** was the subject Friday when Mrs. M. C. Hetzel spoke to the Dirt Gardeners at their regular meeting. Mrs. Hetzel described trees introduced to Florida from Mexico, South America, Africa and the far east. Among them were the Callistemon, Acacia, coral tree, and Koelreuteria. Mrs. Hetzel was introduced by Mrs. Don Perry.

The circle met at the home of Mrs. Ralph Cowan. Officers were elected for the coming year. Serving will be Mrs. L. E. Leeper, chairman, Mrs. Robert G. Magnusen, vice-chairman, Mrs. E. S. McCall, secretary-treasurer.

Two staghorn ferns, donated by Mrs. Helen Winquist were sold to circle members. The proceeds went to the circle treasury.

Hostesses for the meeting were Mrs. Jean S. Adams, Mrs. Don Perry, and Mrs. Cowan.

**JACARANDA CIRCLE**

Mrs. Fred Ganas talked to the Jacaranda Circle on flower arrangements Friday night, when the circle met at the home of Mrs. A. J. Walker.

Arrangements made by members of the circle were judged by Mrs. Ganas. Mrs. Irving Pryor was the winner of a prize.

Mrs. J. O. Andrews presided. The circle voted to send five dollars for a conservation scholarship.

Co-hostesses were Mrs. J. F. Lewis, Mrs. R. E. Penzley and Mrs. E. C. Campbell. For refreshments, they served a delicious salad.

Attending were Mrs. C. M. Flowers, Mrs. H. D. Hunter, Mrs. R. G. Hickson, Mrs. Frank Miller, Mrs. Irving Pryor, Mrs. Joseph Terrip, Mrs. Beulah Thornton, Mrs. N. H. Whitney, Mrs. J. T. Little, Mrs. Lois Pennington, Mrs. George Ewan, Mrs. Fay Jones, and Mrs. Tony Pritchard.

**ROSE CIRCLE**

Rose Circle of the Sanford Garden Club met Friday, March 14th, at the home of Mrs. C. J. Meriwether. Mrs. Glenna Magill was chosen as delegate and Mrs. Meriwether as alternate delegate to attend the 1958 convention of Florida Federation of Garden Clubs, in Tampa next month. The theme will be "Protecting and Promoting Florida's 'Bounty of Beauty'."

A round-table discussion of our current garden problems proved most instructive as well as interesting. Each member gave a short report on the present condition of her garden. A discussion of fertilizers and methods of application, followed:

Nitrogen is good for lawns—nitrate of soda will give a quick boost, but not a lasting one. The opinion of the club members (who have had some experience in the matter) is to leave the nitrogen alone because it is tricky. Fertilizer, 666 organic was highly recommended 3 to 5 lbs. to 100 sq. ft., to be used just three times a year. It is all organic, therefore expensive (approx. \$100 a ton), but needs but 3 applications per year.

Chicken liquid fertilizer is good for all plants, (also expensive). Daisies are good to plant now—all kinds.

Nomogone—a Shell Oil product, is good for nematodes.

Thryallis—with yellow bloom, withstands cold, will grow from seed. Starts blooming in May and continues for a long time.

In planting Amayllis, leave about one-third of bulb on top of ground for better blooming. Same thing applies to most bulbs.

Crotons damaged from cold may come up from roots.

If palms are damaged, remove center of small ones; cut older ones to the heart but not into the heart.

General Suggestion: Cut back dead wood of stalks, but leave everything alone because a good deal of it may come back from the root. There may be even a small portion of root alive.

**MAGNOLIA CIRCLE**

The Magnolia Circle held a flower show at the home of Mrs. Marvin Dyal, at a recent meeting. Each member brought an arrangement.

The displays were judged by Mrs. F. L. Woodruff for originality of design and color. Mrs. Woodruff judged, criticized, praised and gave helpful advice. Members unanimously agreed that they had learned much.

The business meeting was conducted by the chairman, Mrs. Art Harris. Mrs. J. E. Nichols gave the devotional. After routine reports, Mrs. Harris gave a resume of the board meeting.

The state convention will be held April 17, 18 and 19 at the Hillsboro Hotel. Mrs. Nichols was selected a delegate, representing the Magnolia Circle.

A report from the nominating committee revealed the officers for the coming two years. Serving will be Mrs. Joe Messler, chairman, Mrs. H. H. Ring, vice-chairman, Mrs. Frank Deane, secretary, Mrs. Joel Field, treasurer. Meade Gardens will be visited by the circle next month.

Co-hostesses for the meeting were Mrs. Harold Whittier and Mrs. L. P. Hagan. Refreshments were served.

Attending were Mrs. W. J. Sinclair, Mrs. Albert Hardesty, Mrs. P. H. Colbert, Mrs. Frank Deane, Mrs. Arthur Harris, Mrs. Ray Herron, Mrs. Joseph Messler, Mrs. C. L. Powell, Mrs. H. K. Ring and Mrs. J. E. Nichols.

## Church Calendar

### TUESDAY

Unity Class of Sanford will meet at 8:00 P. M., Unity Center, Room 211 Upstairs Perkins-Woodruff Building. Under leadership of Rev. Josephine B. Stuckie study classes are held each week. The public is cordially invited.

The Chancel Choir of First Methodist Church meets at 7:30 p. m.

The Juniors of the First Baptist Church will meet at the church at 3:30 for Vocational Guidance Week. Mrs. R. L. Griner will teach the book, "When I Grow Up." This study will continue through Mar. 28 with the exception of Sunday. The Saturday hour is 9:30 till 12:00 noon.

Ladies Aid of the Lutheran Church of the Redeemer will meet Thursday at the church at 7:30 p. m.

**FRIDAY**

The choir of the First Christian Church will rehearse at 7:30 p. m. There will be Choral Practice at 8:15 at First Methodist Church.

**Golden Circle To Send Gift**

The monthly business and social meeting of the Golden Circle of the First Baptist Church was held recently at the home of Mrs. A. W. Woodall.

Mrs. Tom Mero presided. Mrs. Eugene Pennington gave the devotional. The class requested Mrs. A. G. David, personal ministries chairman, to send an Easter gift to one of the children at the Baptist Children's Home in Lakeland. Games were played. Prizes were won by Mrs. Mero and Mrs. Pennington. Others attending were Mrs. Elizabeth White, Mrs. M. N. Cleveland, Mrs. C. H. Gioeth, and Mrs. Woodall.

The hostess served refreshments of cake, ice cream and coffee.

Ten inches of snow equals about one inch of rain in water content.

ENJOYING THE FLEET RESERVE dancs at the Armory Friday night were officers of Branch 147. Seated left to right, Jack Hipps, president, Marie Hipps, secretary, LAFRA, Marie Sundvall, president, LAFRA. Standing, John Boddard, dance committee, Gene Gill, secretary-treasurer, Richard Tice, chairman dance committee. (Photo by Bergstrom)

## Over 300 Enjoyed Fleet Reserve St. Patrick's Day Dance Friday

Over 300 people enjoyed the St. Patrick's Dance Friday night, sponsored by the Branch 147 of the Fleet Reserve Association.

Captain Lionel Arthur, commanding officer of NAS Sanford, and several of the national officers of the Fleet Reserve Association were among the honored naval and civilian guests invited to the dance.

Music for dancing was furnished by Sidney Vihlen's Orchestra. Several attendance prizes were awarded and refreshments were also provided.

Richard Tice, dance chairman, expressed thanks to the committee, the commanding officer of the armory and all those who helped.

**Munsons Winners Of Duplicate Play**

The Sanford Duplicate Bridge Club met at the home of Mr. and Mrs. Charles Bone on Magnolia Ave.

Winners for the evening were first, Dr. and Mrs. Leonard Munson, second, Mrs. J. E. Baker and Miss Margaret Davis, third, Frank Kahlo and L. Latus, fourth, Mr. and Mrs. D. C. Hamilton.

Refreshments were served during the evening. The duplicate club will resume play at the Sanford Yacht Club Thursday night at 8:00. Visitors are welcome.

**Your Girl Scouts**

Girl Scout Troop 204 enjoyed a camping trip and cook-out recently. For some of the girls this was the first camping experience. They pitched their own tents and cooked two meals. Many games were played during the evening.

The troop is led by Miss Frances Cobb. Participating were Peggy Hower, Susan Perkins, Suzanne Oresno, Linda Spencer, Linda Stapp, Mary Jean Turner, Janie White, Betty Turner, Ann Williams, Vicki Boyd, Marcia Lippincott, Mary Pope, Karen Burkholder, Rowena Van Pelt and Scottie McClain.

## Special Meeting Of Rebekahs Called Tonight

A special meeting has been called tonight for all officers, substitutes and members of the installing staff of Rebekah Lodge No. 43. The meeting will be held at the I. O. O. F. Hall at 7:30 p. m. There will be a practice for the district meeting March 27. All those mentioned above are urged to attend.

**Sanford H.D. Club Has Meeting**

Dinner in full was prepared and cooked Thursday when the Sanford Home Demonstration Club met at the home of Mrs. Joe Asarello. Mrs. Leeper and Mrs. Rosell gave the demonstration on "outdoor cookery". They were assisted by Mrs. Callahan.

Mrs. Harley gave the devotional, followed by the club collect read by Mrs. Clark.

During the business session, the club voted to send a gift girl to Tallahassee.

Home demonstration agent, Miss Myrtle Wilson, attended the meeting. Samples of the cooked meal, cake and coffee were served by the hostess.

Sixteen members and six guests were present.

## Conning The News

By VIRGINIA CONN, Society Editor

By far the best and easiest kind of party to give was that produced Saturday night by the JayCee Wives. The party was planned to increase the membership of their newly formed club.

Tackiness was the theme, in costume, decoration and utensils. The American Legion Hut was simply gashed by the time the tables had been covered with old newspapers, bent candles in oil bottles and tin cans holding potato chips and pretzels. The open fireplace added to the atmosphere.

The guests were welcomed by the tacky president of the JayCee Wives Club, Elma Crittenden. She extended an invitation to all JayCee Wives to join the club.

Music for dancing during the evening was provided by George Berstrom's tape recorder and Elma at the piano.

The Grand March started off the formal evening. Judges for the event were the Crittendens and

**Shower Honors Bride-Elect**

Miss Colleen Engstrom, bride-elect of H. Robert Beckwith, was honored recently with a bridal shower. The party was given by Miss Barbara Lowe in her Laurel Ave. home.

A color scheme of pink and white was effectively carried out in the decorations and refreshments. Punch and cake were served.

Several games were played. Prizes were won by Mrs. V. P. Carr and Mrs. James Wade.

The hostess was assisted by her mother, Mrs. Mabel Lowe, and aunts, Mrs. R. W. Sturdivant and Miss Ailne Chapman.

Invited were, Mrs. F. F. Engstrom, mother of the honoree, Mrs. Arthur Beckwith Sr., Mrs. V. P. Carr, Mrs. James Wade, Mrs. Wendall Hill, Mrs. Jim Lunderson, Mrs. Robert Knell, Mrs. Joyce Wooten, Mrs. Harry Brown, Miss Faye Beckham, Miss Sonja Monforton, Miss Jean Wilkie.

Miss Ailne Chapman, Mrs. R. W. Sturdivant and Mrs. Mabel Lowe.

**Choirs Entertained**

Mrs. H. S. Dugger and daughter Joy entertained the Carol Choirs one and two of the First Baptist Church Friday night. Hamburgers were cooked at their home on Arcadia Road.

After a delicious dinner, each member joined in singing hymns while Mrs. Marvin Milam played the piano. Mrs. Guy Bishop, choir-director, led the singing. The song fest closed with the singing of "Blest Be The Tie That Binds."

Members and guests invited were Mrs. Bishop, Mrs. Marvin Milam, Mrs. Carl Rabun Jr., Mrs. H. E. Turner and Mrs. Dugger.

Also, Marianne Humphrey, Linda Stapp, Wanda Lee Harris, Pat Rabun, Brenda David, Sharon Miles, Carolyn Turner, Lynn McCord, Eugenia Hoop, Susan Tanner, Harriet Gunter, Mary Lynn Thomas, Joy Dugger.

Miss Lynn Howell, Joy Tripp, Cora Whistland, Mylene Albers, Brenda Hanau, Gary Bishop, Dale Duncan, Benny Bishop, Donald Woodruff, Gary Lloyd, Ronny Griffin, Henry Finch, Henry Ventry, Howard Elliott, Wayne Kelly and Darrell McLain.

**CYPRESS GARDENS**  
Planting of Flowers

"Operation Hideout" ended March 19, 1953, as a group of volunteers emerged from the submarine Haddock, in which they had been sealed for 60 days. The experiment was conducted to secure information for the planning of the nuclear submarine.

## Calendar

**TUESDAY**

Sanford Moose Lodge No. 1851 meets every Tuesday night at 8:00 p. m. in the City Hall Auditorium.

The American Home Department of the Sanford Woman's Club will meet at 8:00 P. M. Mrs. Nina Doan of Rollins College will be the speaker.

The Farm Bureau will have the regular meeting with a covered dish supper at 7:00 p. m. at the F.F.A. building.

**WEDNESDAY**

The Civic Department of the Sanford Woman's Club will have a covered dish luncheon at 12:00 p. m. The speaker will be Mrs. Mary Earle Walker, Seminole County Tax assessor. The social department will sponsor a bridge and canasta party at 2:00 p. m.

**THURSDAY**

Regular meeting of the Seminole Chapter No. 2 Order of Eastern Star will be held at Masonic Temple 8 p. m.

Spring tea for members of the Hospital Auxiliary of Seminole Memorial Hospital from 3 to 3 p. m. in the conference room. Chairman of the event is Mrs. Joe Tully. All auxiliary members are invited to attend.

A colorful new set of postage stamps issued by the Turks and Caicos Islands, a dependency of Jamaica, contains marine life designs from the National Geographic Society's "Book of Fishes."

"Operation Hideout" ended March 19, 1953, as a group of volunteers emerged from the submarine Haddock, in which they had been sealed for 60 days. The experiment was conducted to secure information for the planning of the nuclear submarine.

**Like a Housewife Hates Dust on the Furniture**

Phillips 66 Dealers take a lot of pride in being good housekeepers. They have a housewife's hatred of untidiness. They keep their stations clean, including those all-important rest rooms.

"They'll go all out to keep your car clean, too. 'Whiskbrooming' the interior of your car is one of those extra little services your Phillips 66 Dealer is glad to perform. And he'll clean the windows for you... all the way around."

This obsession with cleanliness is part and parcel of our policy of "Hospitality on the Highway." You benefit from it at any station which displays the orange and black Phillips 66 shield.

THE CARD OF THANKS Very often a Card of Thanks in The Sanford Herald meets a need which is difficult to fill in any other way. Not only is it a precious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the services and kindnesses of the many to whom a personal note of thanks cannot well be mailed. Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses. There is no prescribed form for a Card of Thanks. It can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you. THE "IN MEMORIAM" NOTICE It is the custom of many families in this country to commemorate a bereavement by an "In Memoriam" notice in newspaper classified columns. They find a real solace therein. Preparation of selection of a suitable verse brings back to them tender, pleasant recollections. As Eliza Cook, the English poet has so beautifully expressed it: "How cruelly sweet are the echoes that start! What memory plays an old tune on the heart!" Most frequently an In Memoriam is inserted on the anniversary of death. However, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christmas are among other significant occasions chosen. If you are hesitant to express your tender thoughts in poetic form, you may avail yourself of the Herald's collection of original verses. These express in poetic beauty the emotions of the heart-strings. Among them are verses appropriate to any circumstance. THE RATE Cards of Thanks and In Memoriam notices, due to the fact they may run to considerable length, are billed at \$1.00 per column line.

# Diocese Conventions Cancelled in Sanford

**By BARBARA FRYE**  
The Board of Sanford City Commissioners has notified this morning that the 35th Annual Convention of the Diocese of South Florida has been cancelled.

**By BARBARA FRYE**  
A letter to Mayor Merle Warner from the Rt. Rev. Henry I. Louitt, Bishop of the Diocese of South Florida, was the official notification.

**By BARBARA FRYE**  
City Manager Warren E. Knowles was directed by the commission to acknowledge receipt of the letter.

**By BARBARA FRYE**  
However, it was a turn of events for the city following a recent meeting of the city's governing board approving the convention to be held in the Sanford Civic Center when the Rev. John Thomas of the Holy Cross Episcopal Church here said of the convention "We're going to meet in Sanford even if we have to meet in the streets."

**By BARBARA FRYE**  
Bishop Louitt told Mayor Warner in the letter, "Although this letter is addressed to you it is written to you and the other members of the City Commission of the City of Sanford.

**By BARBARA FRYE**  
"Upon my return late last week from a series of speaking engagements I read in the news article of March 13 regarding the discussion in the City Council of Sanford about the proposed meeting of the Thirty-sixth Annual Convention of the Diocese of South Florida, to be held in Sanford, April 22-24," said Bishop Louitt.

**By BARBARA FRYE**  
The Bishop stated in his letter "This letter is written to assure you that in no planning we did not wish to embarrass any member of the city government."

**By BARBARA FRYE**  
Bishop Louitt explained "The Episcopal Church in South Florida was organized as a missionary district in 1882 with both Negro and white congregations. Annually since that year we have had a convention with both Negro and white delegates in attendance meeting from time to time in many cities and towns in the diocese (these meetings were held in Sanford in 1933, 1939, 1950, and 1953)."

**By BARBARA FRYE**  
He continued "At no time previously has the question of race relations, in the best of my knowledge and belief, been raised in connection with these meetings. To us this is not a matter of segregation or integration, it is simply doing what the Church has done for 3000 years in accordance with the expressed teaching of our Lord, I. e., minister to all sorts and conditions of men."

**By BARBARA FRYE**  
It was in the last paragraph of Bishop Louitt's letter that the convention was cancelled. He said "However since the question has been raised we are happy to advise you that of course we shall not meet in Sanford as planned in April. Trusting that this will prove a happy solution to your problem."

**By BARBARA FRYE**  
There was no comment from member of the Board of Sanford City Commissioners.

**By BARBARA FRYE**  
Commissioner A. L. Wilson proposed that the City Manager acknowledge receipt of the letter. The proposal was adopted unanimously.

**By BARBARA FRYE**  
The approval of the Board of Sanford City Commissioners came in a proposed motion by Commissioner Robert B. Brown at the first city commission meeting held to discuss the question.

**By BARBARA FRYE**  
Brown's motion, which was adopted, read: "I feel that certain information was withheld from the City when this convention was arranged by the church representative for the use of the Civic Center. The entire City Commission resents the embarrassment that has been caused all of us; whether the information was intentionally or unintentionally withheld, we have no way of

**Now They've Got 'Power Thinking'**—First details of the built-in "power-thinking" system that makes it possible for man to fly the Convair P-58 Hustler—the world's first and fastest supersonic bomber—were revealed at Teterboro, N. J. Bendix Aviation engineers reported the system senses and reacts faster than the pilot and automatically prevents the pilot from putting the plane into any maneuver that might destroy it. A Bendix engineer here uses models to show how identically motions of the pilot's control stick (left) pass through the linkage system to the control surface only to the extent that varying flight conditions permit. Called "ratio chugging" the variable stick-to-control motion is computed electronically in the Hustler over the plane's entire range of speed and altitude. (UP Telephoto)

## Durham Urges Rushed Atomic Power Program

### Milk Board Will Accept Resignation From L. Nicholas

**Tallahassee (UP)**— The Florida Milk Commission has voted to accept the resignation of L. K. Nicholas Jr., of Miami as assistant administrator of the controversial board. The resignation becomes effective April 1.

**Chicago (UP)**— Chairman Carl T. Durham of the Congressional Atomic Energy Committee said today the United States has little time to spare in developing a stronger atomic power program.

**Russians on Hand**  
Three Russian scientists and a Soviet diplomat created some confusion when they stroiled into the amphitheater at the stock yards to view a display of America's atomic advances.

**Winter Drags Heels As Spring Nears**  
Winter dragged its heels into its last full day today, kicking up token snow flurries and rain, but apparently weary by its severe exertions during the past three months.

**National Library Week Is Being Observed Here**  
Mrs. Sara King announced today that National Library Week is being celebrated this week in Sanford.

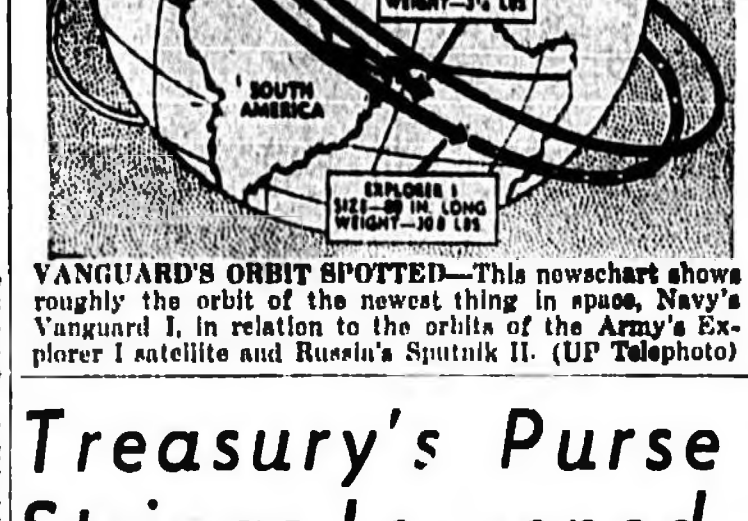

## Efforts To Boost Tourist Industry Being Stepped Up

**Tallahassee (UP)**— The Development Commission says it is stepping up its promotional effort to bolster Florida's tourist industry which was hard hit by the winter's freezes.

**Russians on Hand**  
Three Russian scientists and a Soviet diplomat created some confusion when they stroiled into the amphitheater at the stock yards to view a display of America's atomic advances.
