

Money Trading Is Low As Franc Is Devalued

By GLENN GOODEY
Associated Press Writer
LONDON (AP) — Speculators bought West German marks and sold Belgian francs and British pounds today after Europe's money markets opened for the first time since the devaluation of the French franc. But there were no wild fluctuations and trading volume was low.

First pressures appeared to be more heavy on the Belgian franc than on the pound. In Brussels, the Belgian currency dropped to its lowest permitted level—50.375 to the dollar—and forward trading was suspended.

The pound dropped just over half a cent in London. But it remained well above the official level at which the Bank of England intervenes with support buying.

The mark was stronger in Zu-

rich, and other currencies were under pressure.

British officials had maintained all weekend that the pound is strong enough to withstand pressure for devaluation to match the French action. But there was always a possibility of a speculative rush to the West German mark in the expectation that the Germans will revalue their currency upward after the general election in the fall.

In an attempt to prevent a price spiral resulting from the devaluation, the French government froze most wholesale and retail prices until Sept. 15 while it prepares a package of economic measures for a special session of the National Assembly.

Currency dealers in London, Paris, Geneva and Frankfurt predicted a weaker pound and a rush to buy West German marks.

They said if there were serious speculative movements, the French devaluation did not threaten the pound.

Help for the pound is anticipated Wednesday when Britain's July trade figures will be published. The figures have steadily improved during the past months and now are running at an estimated surplus of about \$500 million. July's figures are expected to show further improvement.

Landing On Mars Should Be Delayed

By JOHN BECKLER
Associated Press Writer
WASHINGTON (AP) — The chairman of the House Space Committee said today the United States should not attempt to land on Mars.

Rep. George P. Miller, D-Calif., said a decision about a manned trip to Mars should be delayed for 5 to 10 years while new technology is developed and more experience is gained in space flight.

By that time, he said, there is a chance Russia will join the United States in making a Mars flight an international expedition.

"It is worth waiting a few years to see if this will be possible," said Miller in a speech prepared for House delivery.

Coming from the chairman of the committee that will have to authorize funds for any space program, Miller's words should carry great weight with administration planners.

His comments appear to run counter to the expressed views of Vice President Spiro T. Agnew and Thomas G. Paine, head of the National Aeronautics and Space Administration.

CHILDREN WHO PARTICIPATED in the Library Summer Program at the Enterprise Elementary School sit entranced as Mrs. Arlene Feasel tells a story illustrated on the screen with colored pictures. Mrs. Feasel taught the six weeks course to a total of 90 children. She was gratified at the response and attentiveness of those who attended, many receiving certificates for their reading achievements. (Mildred Haney Photo)

Weekend Murder Toll Now Seven

Another Pair Slain In Los Angeles

By LINDA DEUTSCH
Associated Press Writer
LOS ANGELES (AP) — While police sought a suspect in the bizarre killing of actress Sharon Tate and four other persons, another man and woman were found slain five miles away Sunday night in a similar style.

"There is a similarity, but whether it's the same suspect or a copy-cat we just don't know," said Police Sgt. Bryce Iloshin. He said the man and woman were found stabbed many times in a Hollywood home. The man's head was wrapped in a sheet. A nightgown was around the woman's head.

The victims were tentatively identified as Mr. and Mrs. Lena A. Labianca. Neighbors said in a guest cottage behind Miss Tate's \$20,000 home when the bodies were found.

door to an estate formerly owned by actor Troy Donahue. Labianca reportedly owned a small chain of supermarkets in Los Angeles.

In the "mass slaying" at Miss Tate's home Saturday, one victim's head was covered with a cloth.

Reports from the Labianca home said the words "death to a refrigerator door."

At Miss Tate's plush Bel Air home, the word "pig" was written in blood on the front door. The Labianca residence is about five miles from Bel Air.

Earlier, police said they were seeking a man whose name "came up in conversation" with A. Labianca. Neighbors said in a guest cottage behind Miss Tate's \$20,000 home when the bodies were found.

Slim, single-haired William Garretson was booked on suspicion of murder, but Detective Lt. Robert Holder said physical evidence to link him to the crime had not been found.

Garretson was given a lie detector test Sunday. Sgt. Jesse Buckles said homicide detectives were "not entirely satisfied" with his answers.

An autopsy showed that Miss Tate, 26, once-blonde wife of film director Roman Polanski, died of multiple stab wounds of a boy.

Electric rates have gone down eleven times since 1957!

In one sense, your electric meter is a gateway. Through it, electric power brings into your home dozens of comforts and conveniences, from air conditioning through automatic dishwashing.

And almost as remarkable as the variety of ways in which flameless electric serves you is how little it costs. The average price paid per kilowatt hour by FPL-served families today is one-third less than it was in 1957.

Isn't that a pleasant surprise in these days of fast-rising prices? No wonder, then, that you put Sunshine Service electricity to work in so many ways. Your reliance on clean, flameless electric power is a measure of its value to you. And solid proof that it's the biggest bargain in your budget. You can always count on that!

FIGHT INFLATION: USE ELECTRICITY! What else costs less today than it did in 1957? W. Scott Burns, Mgr. 207 Magnolia Ave.

Spotlights - Bombshell - Boomerang - Intriguing?

Seminole County Commissioners have aroused such public interest in the accomplishments of the Seminole County Chamber of Commerce and the two Jaycee bodies that their successes stand out in bold relief.

When Chairman John Alexander made the astounding announcement that these five elected officials were about to top direct funding for these volunteer groups of leading business men and turn the public moneys over to a hand-picked group of 10 to do the "Big Brother" act, the spotlight swung in two directions.

First was the quite expected shocked reaction from the chamber and the Jaycees, the light was on them.

Astounded, as they had never been consulted or even visited by the commissioners, the officials of the organizations and the hosts of friends rallied to produce a confrontation at the public hearing on the budget which is still making history.

Now, with another adjourned hearing scheduled for tomorrow, the attempt by the commission to interpose another bureaucratic body between the businessmen and the funding funds, as a show-down.

In our news columns and on this page we have reported the allied stories and made pertinent comments.

We oppose this proposition advocated by Chairman Alexander and evidently agreed to by the other silent commissioners. It is wrong in concept, dangerous in its implications and divisive in its nature.

During these days since the first public hearing the spotlight has also swung into focus on the commission itself.

Some have been more than a little disconcerted in the comments which Greg Drummond, (R), appointed by Governor Kirk and not sitting in a seat which he earned through popular election, made to a Herald reporter.

Explaining his support of Mr. Alexander, he

said: "My motive is this. As a county commissioner I have to maintain fiscal responsibility and therefore must be informed before allocating funds, as to where each dollar will be spent, specifically."

Who are the two? And, again taking Mr. Drummond's words as reliable. Who are the two of the finest advertising minds in Central Florida with whom the chamber is not presently acquainted? Already under discussion by our county commissioner as committee members before the public has expressed its wishes.

Spotlight on the chamber and the Jaycees? Yes, indeed, disclosing a record of deeds and actions which is a credit to our fine business community on one hand.

Spotlight on the county commission? Brighter than ever and disclosing some areas where even more light would be useful. Fragments from Mr. Alexander's self-described "bombshell" are still in the air and may prove to be more of a boomerang than anyone could have expected!

Another and persistent question arises from the commissioners proposal to hand-pick a 10-man committee to oversee publicity and promotion programs for Seminole County.

Who are the 10? And, again taking Mr. Drummond's words as reliable. Who are the two of the finest advertising minds in Central Florida with whom the chamber is not presently acquainted? Already under discussion by our county commissioner as committee members before the public has expressed its wishes.

Spotlight on the chamber and the Jaycees? Yes, indeed, disclosing a record of deeds and actions which is a credit to our fine business community on one hand.

Spotlight on the county commission? Brighter than ever and disclosing some areas where even more light would be useful. Fragments from Mr. Alexander's self-described "bombshell" are still in the air and may prove to be more of a boomerang than anyone could have expected!

Editorial Comment

Altamonte Springs

Growing up is never easy. In fact there are times when growth itself seems to be at a standstill. Then comes that seven-year spurt and the limbs are stretched, the muscles limbered and the race is on in earnest.

Surely no one needs to be reminded of this when it is a matter of youth, maturity and age. Nor is it being absent from the more important growth of regions or communities.

But from neither the human or the political point of view, we are happy to see that Altamonte Springs, continuing to show a growth which demands new clothing every season, has been given a challenge which needs new civic building construction to meet.

Pointing this out in his usual vigorous fashion is Mayor W. Lawrence Swifford, asking that immediate attention be given to the project of building a new city hall.

He plans to start the funding of the project in the city's 1970 budget and has already found out what federal moneys can be obtained for such a purpose.

New city halls are something which can be proposed with every expectation that, even if not built, they will arouse the citizens of that city to an interest which almost nothing else but taxes inspires.

So here's to Altamonte Springs and her action-minded mayor! Covering every area of our Seminole County is a task which our county editor bends every effort to perform.

Thus it can be logically assumed that this growth, this lengthening of its frame, this stretching of its muscles in the fast-growing Altamonte Springs has a top spot in our county news assignments! Watch our news columns!

Reducing Diet?

Crane's Worry Clinic:

About A "Clinical Professor"

By GEORGE W. CRANE
Ph. D., M. D.
CASE, E.D., Prof. J. B. Bishop teaches at South-Eastern Bible College in Lakeland, Florida.

"Dr. Crane," he began, "I recently made a classroom experiment of your newspaper booklet with its various objective Bible tests."

"There were 115 students in this freshman class, so I gave them 120 of your test items at the start of the term."

"The average score was 71, with the highest being 107 and the lowest score was 46."

"Five students got 100 points or better! And the median score was 78."

"After these students have completed your course on 'Old and New Testament Survey' I plan to administer the same test a second time."

"My secretary then used your text with her Sunday School classes and reported to

me that the questions greatly stimulated the interest of her pupils."

Prof. Bishop combines the true scientific spirit with the vast practical experience of a "clinical professor" and practical "tricks of the trade" which textbooks omit and many a brain-trainer or academic professor don't even know.

Obviously, Prof. Bishop's students are more Bible-oriented than the usual teen-ager, since they have enrolled at a Bible College.

For any American who scores 51 to 68 on that test is "Superior" and 69 to 120 rates "Very Superior."

The test combines our objective psychological quiz format so it helps familiarize teen-agers with the type of exams they will meet at college.

Thus, this Bible test covers true-false statements, as well as the 4-answer or "multiple choice" type.

"The man who killed Goliath was: ESAL—JONATHAN—NOAH—DAVID."

Completion problems are also included in which you fill a blank with the appropriate word, as:

"The woman who betrayed Jesus was named _____."

"That is a more difficult type of question and thus not as popular with students as the true-false and 'multiple choice' for the latter let you guess, even if you have no previous knowledge of the correct answer."

In addition, this Bible test also involves matching problems as well as analogy items, such as:

"Adam: Eve: Jacob: ABIGAIL—SARAH—RACHEL—JEZEBEL."

Children who may have had no Bible training whatsoever, are thus stimulated to "guess" on the "multiple choice" and most of the other problems.

Then their interest is rekindled till the teacher gives the answers.

Next, they keep their test and rush home to "show up" their parents as this Bible test teachers' "out of boys and test actually makes 'associative'."

Send for the booklet "How to Stimulate Bible Reading," enclosing a long stamped, return envelope, plus 20 cents, and use it to zoom Sunday School!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and printing dressed envelope and 20 cents when you send for one of his booklets.)

H. L. Hunt Says:

Sameness Communism!

The old saying that the more things change the more they are the same applies with full force to the Communist Party USA. This is what needs to be remembered in considering the party's "new look," with communists coming out in the open instead of operating wholly in secret.

American communists are now trying to make us believe that they constitute a legitimate political party, complete with speakers' bureau, youth divisions, civil rights committees, and all the rest. The fact remains that the Communist Party USA is a part of the international conspiracy to kill freedom wherever it exists. The "new look" simply represents an effort to find out what methods are most likely to advance this aim at the present time.

The communists talk about

reforming American society to eliminate evils they say now exist. But the truth is that they have no interest at all in reform. In fact, they are opposed to any reform that would strengthen U. S. society and make it more resistant to their takeover aim. There has been no change in communist philosophy and goals.

It was back in 1947 that Molotov, then Foreign Minister of the Soviet Union, speaking at the thirtieth anniversary celebration of the Bolshevik revolution, said: "World War I brought the victory of communism to Russia. World War II resulted in the communist takeover of half of the world and Asia, and wherever it exists. The 'new look' simply represents an effort to find out what methods are most likely to advance this aim at the present time."

The communists talk about

Political Notebook:

Evil Days Upon Democrats

By BRUCE BOSSAT

WASHINGTON (NEA) — Not for a long time have Democratic leaders been so distressed at the general condition of their party as some of them are right now. Symptomatically, the picture is a terribly bleak financially. There is that \$6 million debt fastened on the Democratic National Committee, and the not widely known but very real poverty of such an important state party organization as New York's Democratic Party. With the governorship and U. S. Senate races coming up next year, one source says flatly: "The New York party is bankrupt."

The Democrats' reform committee on national convention delegate selection has had the shorts on money from its beginnings in January. It seems unable to get more hard cash than the \$30,000 the National Committee originally allotted. Only a very little outside help appears to have been arranged, despite liberal clamor for major reforms.

As everybody knows, Sen. Edward Kennedy's misfortunes in Massachusetts have as having severely reduced his usefulness as a fund-raiser.

Sen. Edmund Muskie of Maine and some others have offered to pitch in harder, but they cannot match the Kennedy drawing power.

In New York City, always a crucial political showcase, the conservative Democratic nominee for mayor, City Controller John Lindsay, is being steadily undercut by liberals in his party who are turning to Mayor John Lindsay on the liberal party ticket.

The divisiveness there and in such other major places as Pennsylvania, Ohio and California puts a gloomy cast on the party's 1970 prospects.

With the governorship and U. S. Senate races coming up next year, one source says flatly: "The New York party is bankrupt."

Domestic Comment:

Asian Critics Mad, Fearful

By RAY CROMLEY
Washington Correspondent
WASHINGTON (NEA) — The startling discovery that President Nixon's men on their way around the world that some of this country's harshest critics of U. S. troops in Vietnam — are (in private, at least) now clearly both angry and distrustful about the possibility that we may walk out of that embattled land.

The Nixon administration was not prepared for the intensity and the depth of the private concern met with through South and Southeast Asia over U. S. troop withdrawals from Vietnam.

The Indians have been strong and consistent critics of American military aid to the Vietnamese. Their condemnation has been consistently harsh. Yet of late, Indians in high places have buttonholed visiting American officials almost desperately worried over what the U. S. troop withdrawals mean. When U. S. officials have attempted to evade the subject, the Indians have insisted on bringing it up.

Nixon did not visit Burma, where criticism of U. S. policy has been almost as intense as in India, though much more polite. But word came out of that country all the same.

The Burmese, closer to North Vietnamese-infiltrated Laos, and already infiltrated by northern Burmese tribesmen trained in southern Communist China, are worried that a U. S. withdrawal from Vietnam means that the Communists will have more time, material and men available for re-organizing Burma.

Some Burmese are making it quite plain, unofficially, that however critical they are of the United States, they have

Letters To The Editor

Sex Education In Schools Opposed

The newspapers just published an article which, in essence, was extolling sex education in the public schools here in Central Florida. It would only seem fair that the newspapers also publish this letter in regard to this subject. First of all, it is a fact that the public schools are not qualified to teach this subject. The reason for this is that the Bible sets forth the principles in this subject but nowhere in America, and certainly no where in Central Florida, is the Bible taught in the public schools; therefore the public schools have no basis upon which to teach sex education except for the purpose of perverting the minds of our youth. The teaching about sex without the teaching about sin is to do the work of Satan. This is what the Bible says, and as it also says, "The wages of sin is death." The death of our Nation will be the certain result of the teaching of sex in our public schools without pointing out the sin connected with it.

Hear what the Bible says: "Be not deceived; neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor abusers of themselves with mankind, nor thieves, nor covetous, nor drunkards, nor revilers, nor extortioners, shall inherit the kingdom of God." Jesus Christ sternly rebuked those who followed by these evil ways, and most of this is present or implied in the sex education presently being taught in our public schools. The very opposite is being taught in this sex education program. Are the schools open to the teaching of sex in the past, present, or future? Certainly the teaching of sex in the public school cannot, nor does it, attempt to control man's sinful and lustful heart, but to control the mind, out of the heart of man, proceed evil thoughts, adulteries, fornications, murders, thefts, evil passions, wickedness, deceit, lasciviousness, an evil eye, blasphemy, foolishness; all these evil things come from within, and defile the man." This is strong language but it is true and it needs to be said. You cannot implement evil and expect to reap good.

The teaching of sex in the public school is rising while major crimes are decreasing behind the sugar cane curfew. He is But Manolo Reyes said Sunday the majority of the petty crimes really are indicators of the rebelliousness of the Cuban people against a tyranny.

"A Cuban goes into a telephone booth. He looks around. He is watching. He uncovers the telephone mouthpiece, breaks the wires and screws the mouthpiece back on," Reyes said.

"A Cuban goes to the toilet. He is alone. He takes a handkerchief and ties two or three knots in it and flushes. The sewer jams up."

"The Cubans are vocal people. There are people on the island trying to help the sabotage."

Reyes, who has a loosely organized following in the big Cuban exile community, said he was a fourth of Miami's population, said his groups monitors

Florida A & M Study Says: 'More Talk'

Campus Unrest Solution Revealed

By JIM PURKS
Associated Press Writer
TALLAHASSEE, Fla. (AP) — After a \$100,000 federally-financed study of campus unrest, Florida A&M University teachers and students have concluded the key solution is more talk.

Participants say they learned that students, faculty and administrators apparently have deep, preconceived notions on campus conflict which could be eased by effective communication.

"We feel that when you can dialogue to effect meaning, do something you can probably cause more change than you can with direct confrontation," said Leonard Campbell, 30.

Campbell is a doctoral candidate who is an assistant in the study.

He said the study conducted over the summer showed future campus unrest at institutions

such as predominantly black FAMU might be eased by intensive communication between students, faculty and administrators.

The study recommends meetings between all three groups, he said, "we can eliminate the crisis atmosphere. We need to do these things in advance, before the crisis," he said.

Participants in the study heard speakers including FAMU President Benjamin L. Perry and Florida State University President J. Stanley Marshall. Seminars also were held. Findings still are being analyzed, and Campbell said recommendations will be made to the university administration.

"People who call the shots, who say we can do things differently as a result of the evidence of our project."

petition, ought to be given back to California.

Under this plan, which was adopted at near record speed by the 1967 Legislature, rates have instead risen sharply. The big three companies in Florida — State Farm, Allstate and Transamerica — will boost their charges from 14.5 to 16 per cent Aug. 15.

MacKay said the subcommittee had not yet "gone into the regulation of insurance companies," MacKay said. "We are going to look into this further."

Public witnesses who had their hearing before the subcommittee Saturday made it crystal clear that they believe the California Plan, which was supposed to bring lower rates through com-

New Insurance Laws Assured

By BEN FUNK
Associated Press Writer
MIAMI (AP) — Although the surface has barely been scratched, members of a House subcommittee investigating the embattled insurance industry in Florida say major legislation controlling rates and financial dealings is assured.

"I am not at all satisfied with what we have heard so far and we are going to dig into this much more deeply," said Rep. Kenneth MacKay, D-Dade, who led the subcommittee in grilling industry witnesses.

"But there definitely are going to be major changes in regulation of insurance companies and their financial activities," MacKay said.

The companies who were represented at our Miami hearings certainly are on notice that they are going to have to justify any rate increases they attempt to make."

Public witnesses who had their hearing before the subcommittee Saturday made it crystal clear that they believe the California Plan, which was supposed to bring lower rates through com-

Petty Crimes Rising In Cuba, Exile Says

By BOB M. GASSAWAY
Associated Press Writer
MIAMI (AP) — The broken telephone and the clogged sewer in Cuba are the work of solo saboteurs and not petty crimes, a prominent exile charged Sunday.

The Fidel Castro regime has indicated the rate of petty crimes is rising while major crimes are decreasing behind the sugar cane curfew. He is But Manolo Reyes said Sunday the majority of the petty crimes really are indicators of the rebelliousness of the Cuban people against a tyranny.

"A Cuban goes into a telephone booth. He looks around. He is watching. He uncovers the telephone mouthpiece, breaks the wires and screws the mouthpiece back on," Reyes said.

"A Cuban goes to the toilet. He is alone. He takes a handkerchief and ties two or three knots in it and flushes. The sewer jams up."

"The Cubans are vocal people. There are people on the island trying to help the sabotage."

Reyes, who has a loosely organized following in the big Cuban exile community, said he was a fourth of Miami's population, said his groups monitors

the mini-sublimation effort through "communications we have with Cuban refugees, diplomats and also the underground in Cuba."

"There is a small group triggering the whole uprising," the handsome television newscaster said. "With these key figures, we have communications. These are either civilians or military men."

"Revolutions are always made by minorities. Then the majority joins these groups. This is why Castro does not appear in public. This is why Castro does not go to the Civic Palace. Most of the key people inside the island who are doing this are young people. These young people are the ones Castro has not been able to indoctrinate."

Tax Relief Bill Eyed By Senate

By EDMOND LEBRETON
Associated Press Writer
WASHINGTON (AP) — The House gave its huge tax reform and relief bill a big sendoff by passing the measure 394-30, but the legislation was destined for a cautious reception in the Senate.

Tax Tables

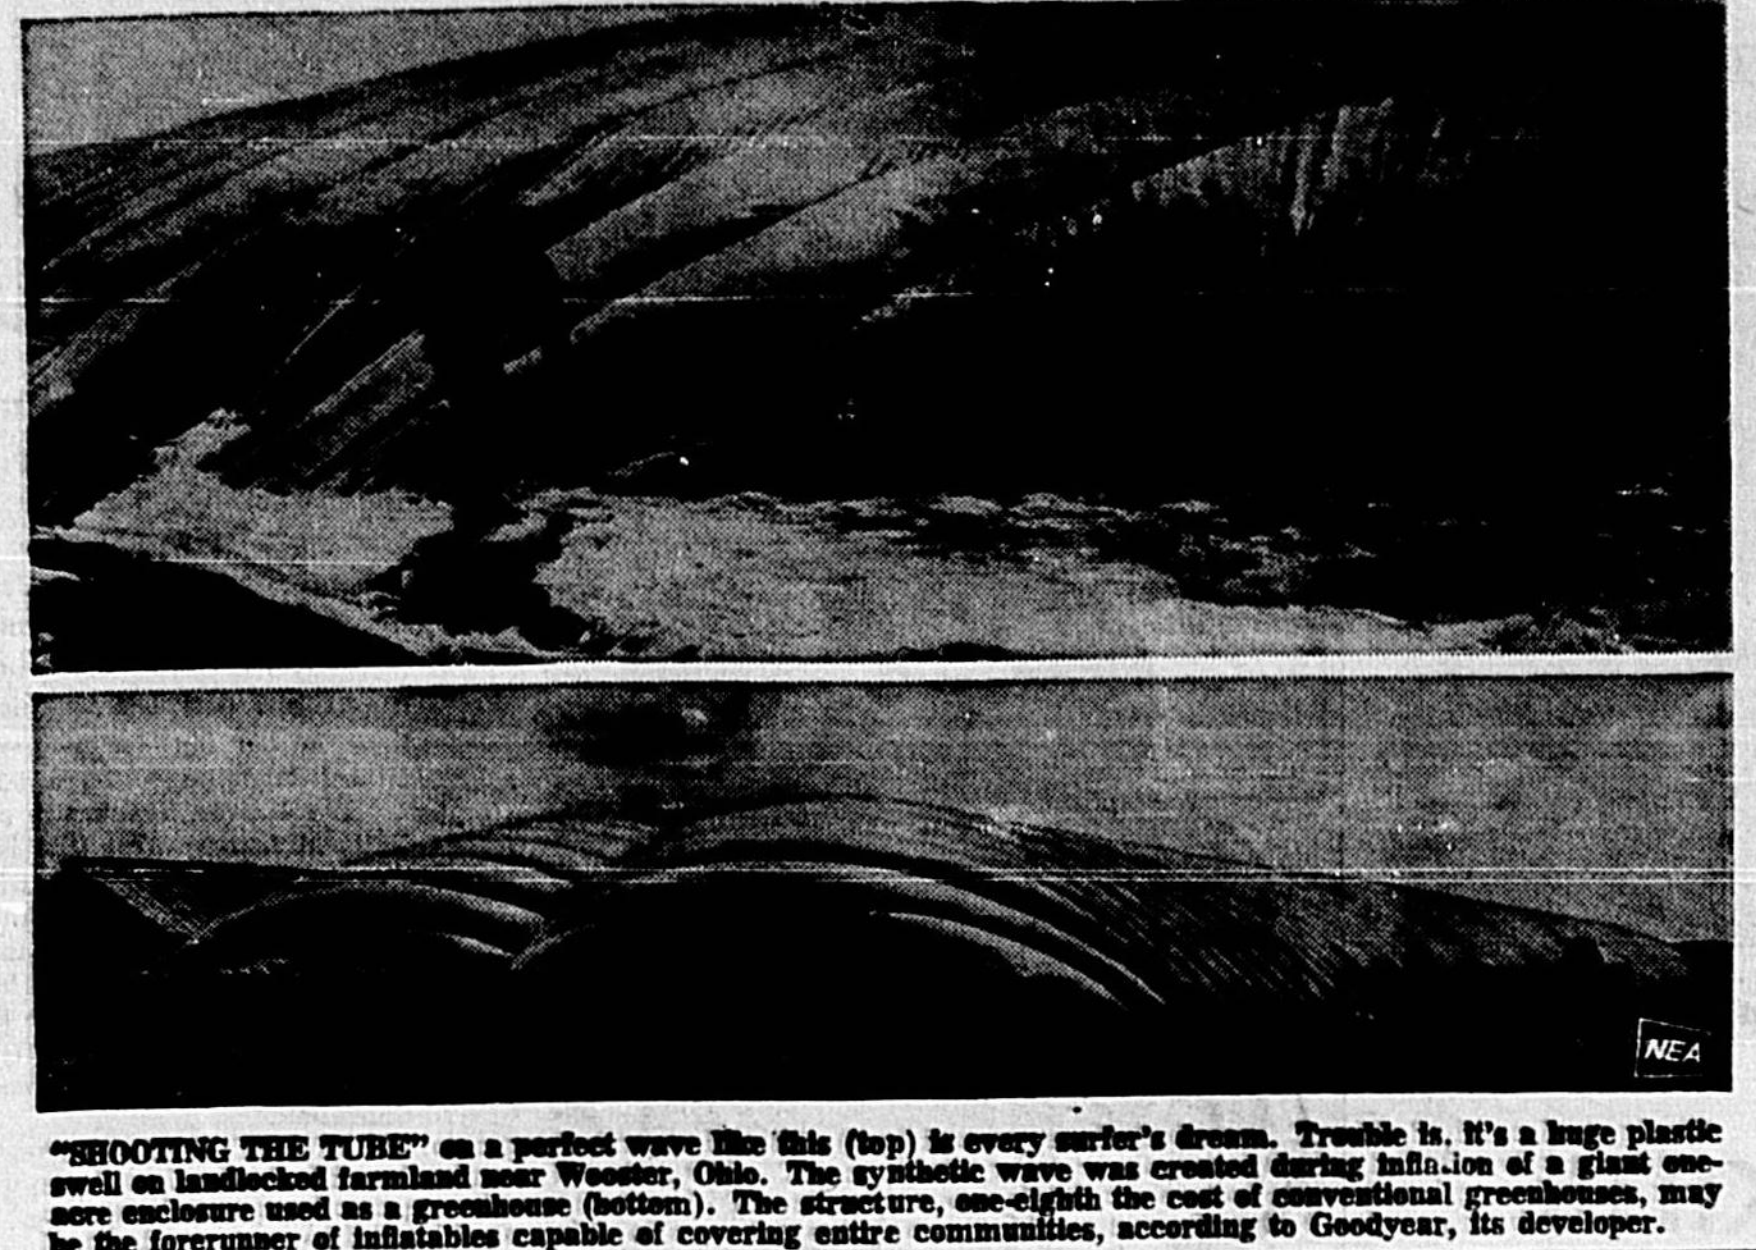

WASHINGTON (AP) — The following tables, by the House Ways and Means Committee, show tax savings that would be provided for various classes of taxpayers if the tax reform bill were enacted and fully in effect in 1972 and thereafter. In general, standard deductions are assumed. The income tax savings are not including the effect of the bill on the estate tax.

"SHOOTING THE TUBE" on a perfect wave like this (top) is every surfer's dream. Trouble is, it's a huge plastic swell on landlocked farmland near Wooster, Ohio. The sculpture was created during inflation of a giant one-acre enclosure used as a greenhouse (bottom). The structure, see-right, is capable of covering entire communities, according to Goodyear, its developer.

Priest Weds, Continues Teaching

SANTE FE, N.M. (AP) — James P. Shannon, former Roman Catholic auxiliary bishop of Minneapolis-St. Paul, is expected to teach his regular class today at St. John's College here.

He said Sunday he would remain in the church despite his marriage, but a former colleague said the nuptials automatically communicated Shannon, 48, and his bride, the former Ruth Church Williams, 34, a Protestant who was previously married three times, returned here Saturday night according to Richard Weigle, president of the college.

The couple was married August 12 in Endicott, N.Y., by a Protestant minister, the Rochester (N.Y.) Democrat and Chronicle reported Sunday. Shannon then issued a statement to the New York Times acknowledging the marriage.

"I do not intend to leave the Catholic Church. It is my spiritual home. I love it dearly and have worked to the best of my ability as one of its priests for 23 years," he said.

But the Most Rev. Leonard P. Covel, auxiliary bishop of the Minneapolis-St. Paul diocese, said in Minneapolis: "By marrying, he incurred excommunication, there is no need for a declaration of it."

In New York, experts in those clerics automatically in church law said Shannon's marriage violated Canon 2386 of the official code: "Clerics in major orders and all persons who presume to contract marriage with a woman are excommunicated."

Bishop Covel said Shannon could still use sacraments validly but that such action was against the law of the church.

New Prison Reforms Urged By Justice

By BARRY SCHWEID
Associated Press Writer
DALLAS (AP) — Chief Justice Warren E. Burger called today for broad reform of American prisons.

"Let us never forget," he said, "that in his teaching the redemption of sinful men has a high place."

Burger urged the American Bar Association to lead a re-examination of prisons, parole and probation systems and the education and training of prisoners.

"We must explore more fully a limited confinement and work program," he said, in a prepared speech at the 52nd annual meeting of the ABA.

Burger said he had not settled on any particular program of reform. "All I have," he said, "is the profound conviction, which I believe most judges of this country share, that there must be a better way to do it."

More than 3,000 lawyers and judges are attending the ABA's annual meeting. Among the major topics to be considered in sessions through Thursday are lawyer ethics, the system of compensating auto accident victims and strikes in the transportation industry.

William T. Gassett, the ABA president opening the meeting with the warning that the rule of law may face "graver and more pervasive danger" now than at any time since the Civil War.

"The reputation of the law and order is not enough," he said in his prepared speech.

"The object of both law and order is justice. Justice presupposes the right of all men freely to achieve the best and most within them, subject only to the same right of others."

"The law should be an avenue of progress and not a fence of restraint."

Maneuver Seen As Fall Campaign Advance

N. Vietnam Steps Up Attacks Against GIs

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — Thirty-eight Americans were killed and 144 wounded in three attacks that North Vietnamese troops launched against U.S. forces along the Cambodian border north of Saigon, just before the central zone of the demilitarized zone, on two sides of Ham burger Hill beside the Laotian border, and in the populous coastal lowlands south of Da Nang.

The toll of American dead was the largest reported during any 24-hour period since a lull began in the fighting June 10.

U.S. military analysts indicated that the stepped up attacks could prelude the fall campaign that American officers expect.

There was new apprehension along the demilitarized zone with the disclosure that North Vietnamese troops fighting the U.S. Marines there over the past four days were from a fresh regiment.

The toll of American dead was reported by the Cambodian border north of Saigon, just before the central zone of the demilitarized zone, on two sides of Ham burger Hill beside the Laotian border, and in the populous coastal lowlands south of Da Nang. Two

crewmembers were killed and two were wounded.

U.S. headquarters also reported 15 enemy rocket and mortar attacks from 8 a.m. Sunday to 8 a.m. Monday, 11 of them against U.S. troops or bases. Seven Americans were killed and 38 wounded.

The U.S. Command also disclosed that the attacks on the Marines below the DMZ last Thursday and again Sunday were made by troops of the 9th Regiment of the North Vietnamese 30th Division. It was the first reported appearance of the regiment in South Vietnam since the siege of Khe Sanh last year.

Nineteen U.S. Marines were killed and 80 wounded when more than 250 North Vietnamese troops attacked two of their night bivouacs astride infiltration routes two miles south of the central DMZ. Enemy losses were put at 36 killed.

Dirksen Remark Puzzling

By BOB HORTON
AP Military Writer
WASHINGTON (AP) — The full weight of American air power that was hitting North Vietnam until last fall's bombing halt has been diverted against enemy infiltration trails in Laos, Pentagon sources report.

The bombing had been going on for years but was intensified sharply after last Oct. 31 when then-President Lyndon B. Johnson decided to stop all attacks against North Vietnam.

Pentagon sources found it strange, therefore, that Senate Republican Leader Everett M. Dirksen should say that the Nixon administration might find it necessary "to do a bombing job" in Laos.

Dirksen, reporting last week on President Nixon's remarks to congressional leaders after touring Asia, said that Laos is becoming an infiltration point into South Vietnam.

In a prepared House speech, the Texas Democrat said the money was loaned to Rebozo's Monaco Abstract and Title Co. of Miami in 1962.

Repayment was to be in six years, on May 1, 1968. But the maturity date has since been extended twice, for two years each time, stretching the life of the loan to the maximum 10 years allowable under law.

Rebozo came to national attention last November as a friend and Florida neighbor of Richard M. Nixon.

TUNED IN — Marine Lance Cpl. David Cruz, 21 Valle, N.M., follows progress of Apollo 11 via helmet-mounted radio while on guard at Da Nang's Marble Mountain.

Nixon's Friend Is Under Fire

By DONALD M. ROTHBERG
Associated Press Writer
WASHINGTON (AP) — Chairman Wright Patman of the House Banking Committee urged the Small Business Administration today to demand immediate repayment of an \$80,000 loan which was given Charles G. (Bebe) Rebozo, Miami millionaire, over the objection of several SBA staff members.

In a prepared House speech,

Moon Beams on Earth

Have you noticed the diamond sparkle on your neighbor's house? Elite To Fete 3 Astronauts

LOS ANGELES (AP) — The Apollo 11 astronauts and 1,600 of the nation's elite will dine with President Nixon Wednesday night while millions of uninvited guests watch on television.

The entire event — from 8 o'clock reception to seven course dinner — will go on the air.

Dignitaries, entertainers and aviation pioneers being arriving today for the festivities. Many are staying at the elegant Century Plaza Hotel where the dinner will be held.

Among those invited to dine with moon voyagers Neil A. Armstrong, Edwin E. Aldrin Jr. and Michael Collins are aviation pioneer Charles Lindbergh, entertainer Jack Benny, singers Don Ho and Gene Autry, and all 50 governors and their wives.

"Everybody coming is a dignitary in his own right," said a White House spokesman.

Few have turned down the invited guests were instructed to come without dates.

The program for the evening has yet to be announced.

The President is expected to toast the astronauts before dinner.

To keep the dinner non partisan, Nixon has not asked political figures to speak.

What will the elegant evening cost? White House sources aren't telling. But they say funds will come from several government sources, including the State Department, the National Aeronautics and Space Administration and Nixon's own \$30,000 White House entertainment allowance.

VC's Death Held 'Military Mission'

By HOWARD BENEDICT
AP Aerospace Writer
SPACE CENTER, Houston (AP) — Freed from three weeks of isolation, the Apollo 11 astronauts relaxed with their families today before plunging into a hectic round of celebrations of their historic moon-landing.

Edwin E. Aldrin Jr. and Michael Collins sped straight to their homes Sunday night when released from quarantine quarters. Only hours before, doctors had said they could find no evidence of alien germs or infection from the astronauts' lunar contact.

By RICHARD PYLE
Associated Press Writer
SAIGON (AP) — The Vietnamese man whom eight Green Beret soldiers are accused of murdering was a Viet Cong agent and his slaying was an assigned "military mission," informed sources said today.

The sources also said that the arrest of the eight men, including the colonel commanding all Green Berets in Vietnam at the time, possibly was the outcome of a vendetta by Army officers jealous of the elite Special Forces.

One source who was in a position to know said speculation that the wrong man had been killed by mistake was erroneous.

U.S. military officials have divulged no details of the case beyond saying that the slaying occurred June 29 near the Special Forces headquarters at Nha Trang and naming the eight Americans accused of conspiracy and premeditated murder.

The civilian attorney for one of the eight men conferred for three hours today with his client and said he was confident of his innocence.

George Gregory of Cleraw, S.C., said he had obtained most of the facts in the mysterious case but did not feel at liberty to disclose them yet. He hinted that the Army was pressuring him to maintain the information blackout it has thrown over the case.

"There are a lot of things I've got to think about... They are keeping tabs on everybody including me, and they're right sensitive about this," he told newsmen.

Gregory is the attorney for Maj. Thomas C. Middleton Jr., 30, of Jefferson, S.C. He said when he arrived in Saigon Sunday that Middleton's rights were being violated by his detention before trial.

Gregory, a former state senator who spent three years in the U.S. Army's legal corps, also said on Sunday that he would fight to keep the Army's blackout from extending to the trial.

WELCOMING GUESTS to the cocktail party which marked the opening of Raymond, James and Associates, Inc. is Marcella Zukoski, secretary. Here Mr. and Mrs. L. E. Midkiff arrive to visit the Deltona office, 837 Deltona Blvd. which will offer services in stocks, bonds and mutual funds. (Mildred Haney Photo)

Teenagers Murdered in Brevard County

MELBOURNE BEACH, Fla. (AP) — The bound, kneeling body of a 17-year-old girl floating in a 17-year-old girl floating in a nearby creek.

Officers identified the teenagers as George Perry Martin Jr., 19, and Connie Ruth Ballard, also of Satellite Beach.

Spokenmen for the Brevard County Sheriff's Department said Martin had been shot in the head. They said his hands were tied behind his back and his body was in a kneeling position in the car when it was found by three men who had been looking for bottles.

Deputies said Miss Ballard's body was found about 15 yards off shore in Mullet Creek, near the park car. Marks in the sand indicated she had been dragged to the creek, they said.

Both apparently had been dead for at least 24 hours, authorities said.

The sheriff's office gave no cause of death for Miss Ballard, and declined to disclose any other details of the deaths pending additional investigation.

MONDAY BARBS

Just wishing you were as wealthy as somebody else really isn't doing much about it.

Assiduous, summer-long study of supermarket shoppers causes us to ask: Why do they call 'em "barbs"?

A man will go a long way to save his face, while a woman sits down at the dressing table.

Assiduous, summer-long study of supermarket shoppers causes us to ask: Why do they call 'em "barbs"?

A man will go a long way to save his face, while a woman sits down at the dressing table.

Tractor Stolen

A tractor valued at \$4,000 was taken in a Sunday night theft at the Mid-Florida Country Club on SR 434 near Sanlando Springs.

Deputy William Robbins, Seminole investigator, reported the vehicle was taken from the maintenance building at the club and loaded onto a trailer.

In another theft, the Fran Soder residence on Brisson Avenue near Celery Avenue was entered through a bedroom window and several items, including a television set, watches and clothing were removed.

In a city break-in, a cut screen door allowed a burglar to get to the front porch and enter a window leading to the Dean Boyd bedroom. Approximately \$22 in coins was removed from the house according to a report from Boyd, who had been on vacation at the time of the entry.

Five Persons Injured In Car-Truck Mishap

Five persons were injured in a two-vehicle accident Saturday night at the intersection of Tuskavilla and Red Bug Roads, Trooper W. R. Smith Jr. reported.

Betty Jean Williams, 30, and Bobby Jean Nelson, 24, both of Oviedo, were treated and released from Winter Park Memorial Hospital after a truck driven by Connie Franklin, 27, Maitland, and containing the two women, struck a station wagon.

Franklin's vehicle slid 75 feet and rolled 85 feet before striking the station wagon operated by Thomas Wilson Williams, 17, and containing Mr. and Mrs. Everett M. Williams, parents of the driver.

All three members of the Williams family were taken to the Orlando Naval Hospital, but mother and father were treated and dismissed.

The son is listed in "fair" condition today, according to a hospital spokesman.

Smith charged Franklin with reckless driving and he was placed in the Seminole County jail.

J. Q. (Slim) Galloway, county detective chief, and Larry Barker, deputy, were dispatched to bring Dupree back to finish the rest of his term and to face additional escape charges.

Deaths In The Area

MR. PAUL A. ROWLAND
Born in Pulaski, Ill., he had lived in Sanford for the past eight years. He was a member of the Mount Pleasant Baptist Church, Pulaski, and was a boiler-maker with the Illinois Central Railroad.

He is survived by his sister, Mrs. J. F. Harrison, Sanford, and a brother, Herman Mansberger, Pulaski.

Funeral services will be held Wednesday at 3 p.m. at Gramkow Funeral Home with the Rev. Fred Chance officiating. Interment will be in Oaklawn Memorial Park.

Survivors include his wife, Mrs. Alberta Atkins Rowland; a brother, Mr. Lee Rowland, Bartow; three sisters, Miss Irene Rowland, Charlotte Harbor; Mrs. Luby Carmichael, Haines City; and Mrs. Walter Rowland, 2115 Elm Ave., who died Saturday morning in his home, will be held Tuesday at 2 p.m. at the Brison Funeral Home with the Rev. Wright Kirtley officiating. Interment will be at Oaklawn Memorial Park, Brison Funeral Home in charge.

MR. HERALD E. SNYDER
Mr. Herald Emory Snyder, 62, 106 Upsala Road, died Friday in the local hospital. He was born in Pennsylvania, but had lived in Sanford for two months. He had been associated with Pennsylvania Bell Telephone and a member of the Lutheran Church. He was a veteran of WW I.

Survivors are his wife, Emma B. Snyder; sons, Emory G. Snyder and Russell R. Snyder; a daughter, Mrs. Nancy J. Crouthamel, Sanford; a brother, Albert S. Snyder; and sisters, Mrs. Nellie Wohlbach, Mrs. Mary Kellow, Mrs. Grace Gower, Mrs. Neville Biesher and Mrs. Ethyl Holland; and eleven grandchildren.

The remains were forwarded to Hatfield, Penn., for funeral services and burial.

Gramkow Funeral Home was in charge in Sanford.

Funeral Notice

HOWLAND, MR. PAUL A. (PULASKI)—Funeral services for Mr. Paul A. (Pete) Rowland, 69, 915 Elm Ave., who died Saturday morning in his home, will be held Tuesday at 2 p.m. at the Brison Funeral Home with the Rev. Wright Kirtley officiating. Interment will be at Oaklawn Memorial Park, Brison Funeral Home in charge.

Deal with a local Bank!

It started on the West Coast. Spread like wildfire over the country. Then Europe and Latin America and Japan got into it. A bank credit card system that lets you charge anything, most anywhere, with one monthly statement to sum up. No fee for the card, no service charge if you pay in 25 days, and only a minimal charge if you decide to go the installment route.

Now it's coming to Sanford. Master Charge. The interbank card that's part of the world's largest credit system. And if you still insist on the old-fashioned feel of cash-in-hand, it's even good for that. To use to pay the die-hards that haven't discovered yet that money's being replaced.

Club Plans Debate Meet

The Seminole County Young Republican Club has been invited to meet with the Young Republican Club of Orange County Tuesday, Aug. 12, 8 p.m. at the Villa Nova Restaurant, Winter Park.

On the agenda will be two debate teams. The topic is the unicameral or bicameral system of government.

Earl's Back!

Earl Dupree is back in town!

To be precise, Dupree is back in the Seminole County jail following his recapture at Charleston, S.C., by authorities there.

Dupree escaped some three weeks ago after serving part of a sentence for foraging part of the Charleston docks and attempted to elude authorities there by jumping into the Atlantic Ocean when he saw them approaching.

J. Q. (Slim) Galloway, county detective chief, and Larry Barker, deputy, were dispatched to bring Dupree back to finish the rest of his term and to face additional escape charges.

BONANZA IS COMING!

OAKLAWN MEMORIAL PARK
837 DELTONA BLVD.
CORNER CLUB ROAD

Wool shetland coat (left) is collared and cuffed in fine kid fur. It's fitted, flared and belted by Carnival Jrs. The unisex look in striped men'swear fabric (right) is in to win on campus. This combine by Ken Merritt of Bracon Jrs. is best with a belted-or-not jumpsuit, a bright mustard jersey blouse and a wear-with-anything minicoat. The pants stride wide and handsome.

Fall Campus Fashion Capers

By HELEN HENNESSY
NEA Women's Editor
NEW YORK — (NEA) —
Campus belles will play the fashion making game this fall. Everything is an accessory to something else.

A pantsuit jacket doubles as a minicoat. A tunic becomes a dress to wear over little pleated skirts or over pants.

Jumpsuits and jumpers go it as separates or parts of ensembles. And they turn up in a variety of new shapes—teardrop, suspender, cutout armholes, hip tops. Add a blouse with billowing sleeves or a sweater and you have a whole new thing.

The unisex look is at its best in this season's fabrics. Ken Merritt of Bracon Jrs. does it in a suit of striped wood. The leather-belted jacket accommodates two long lines of buttons. The skirt has wide trouser pleats. This young designer also translates his liking for he-be fabrics into a jumpsuit with bright jersey

LeANN MARIE Sundvall, daughter of Mr. and Mrs. Harold R. Sundvall of Elm Avenue, celebrated her first birthday, Aug. 6, with a girls family party. The petite honoree is the granddaughter of Mrs. Marie Sundvall and Mr. and Mrs. J. W. Griffin, all of Sanford.

Duplicate Club To Introduce New Feature

Six tables of players braved a rainy night to play with the Sanford Duplicate Club, Aug. 4. Dr. and Mrs. Leonard Munson had a comfortable lead for first place, followed by Irving Feinberg and Wallace Phillips in second; with Charles Lancaster and Arthur Wheatley third. Fourth place was a tie between Oscar Crosby and Dan MacNaughton and Mr. and Mrs. Hal Darden.

Rush Johnson, director, announced that there would be a feature of special interest in connection with the next game, on August 11, at the Civic Center.

Sanford Personals

Mr. and Mrs. Alfred Kirschstein entertained as recent houseguests, Mr. and Mrs. George Bartels, with son, Kevin, and nephew Richard Valovue, from Massena, L. I., New York. Mr. Kirschstein conducted them on a tour of Sanford which prompted a promise to return. Other highlights of the Bartels trip included a tour of Kennedy Space Center and Silver Springs.

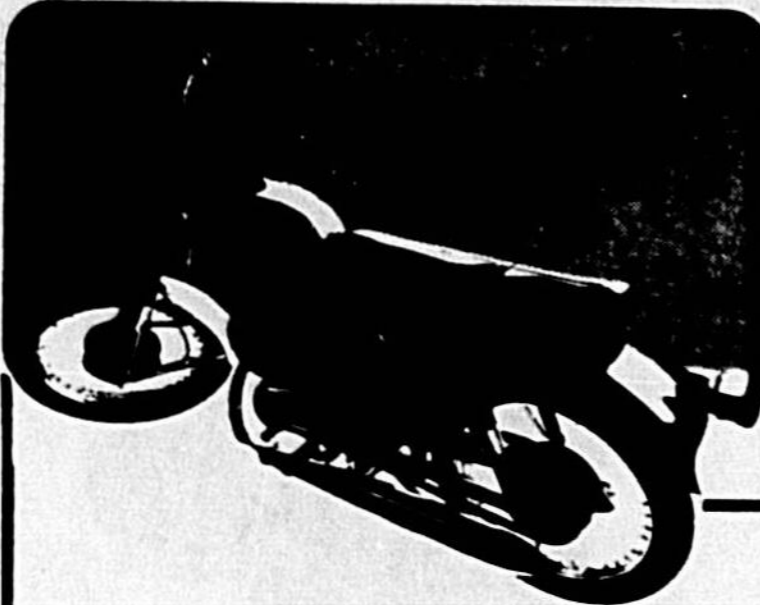

Mr. and Mrs. Edison A. Myers and their children of Lake state-owned Ringling Museums while vacationing on Florida's lower west coast.

SUB-TROPICAL NASSAU in the Bahamas was the destination for a week of leisure for Mr. and Mrs. Larry Brunelle, 1807 Holly Ave., Sanford. The couple sailed to Nassau from Miami aboard the M/S Sunward.

AS GOOD AS CASH

Nothing is as good as cash! Oh, yes it is when it's a popular item as shown in these examples, that can be converted into cash. The way to accomplish this is with a "Fast Action" Person to Person Want Ad in The Sanford Herald. Person to Person ads are a flat charge service for non-commercial users offering items priced at \$400 or less with the selling price stated in the ad.

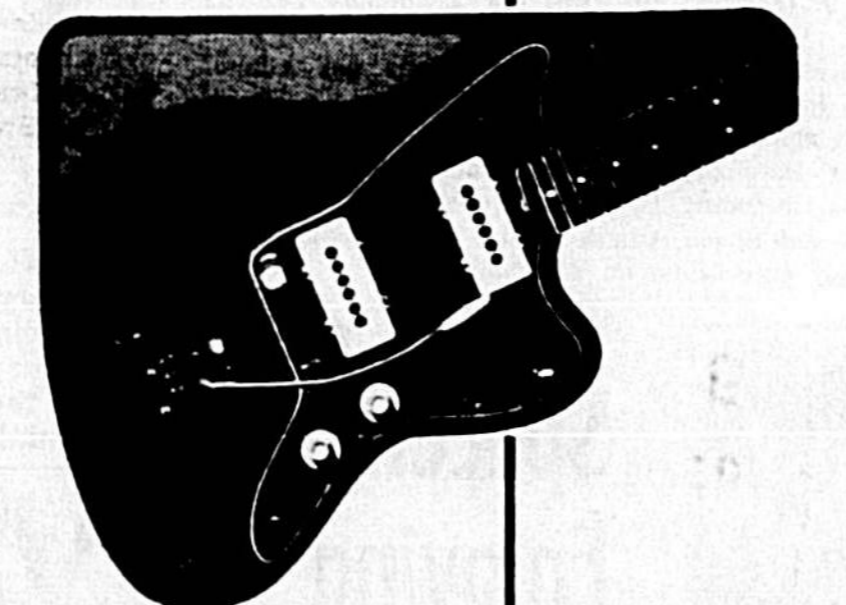

Do as many of your neighbors do each day, sell the things you no longer need with a Want Ad. Look at these examples of ads that have worked... Then call your ad in today.

Who in the world is BONANZA?

Rebecca Elaine Young, Daniel T. Tillis Exchange Vows

MRS. AND MRS. DANIEL T. TILLIS

By JANE CASSELLBERRY
Miss Rebecca (Becky) Elaine Young, daughter of Mr. and Mrs. William S. Young of Longwood, became the bride of L. Cpl. Daniel T. Tillis, son of Mr. and Mrs. L. C. Tillis of Lake Mary, in a candlelight ceremony, at 7 p. m., Saturday, Aug. 2, 1969, at the Community United Methodist Church of Casselberry.

Officiating at the double ring nuptials were Rev. Delmas M. Copeland and Rev. E. P. Richards. The bride was given in marriage by her father.

Accompanied by Mrs. Olive Pierce at the organ, the soloist, Mrs. Bonnie Wesley sang two selections, "Whither Thou Goest" and "Wedding Prayer."

Tall baskets of white gladioli, chrysanthemums and carnations, candelabra and a cherub pedestal arrangement of yellow and white daisies and white satin hearts on the altar decorated the church.

The brunette beauty of the bride was accented by her traditional gown of off-white bridal satin trimmed with re-embroidered lace. Styled with an empire waist, lace sleeves and lace Queen Anne collar it featured a detachable train with border of re-embroidered lace. Her illusion veil was attached to a lace crown embroidered with pearls and crystals and she carried a cascade bouquet of white daisies and yellow sweetheart roses accented with blue imported lace, pearls, lilies-of-the-valley and streamers of bridal ribbon.

The groom was handsome in his Marine dress uniform and a maid of honor, Miss Karen Lyons, wore a sleeveless empire gown with lace yoke of jonquil yellow and crown headpiece with short yellow veil trimmed with lace rosettes. She carried a nosegay of yellow and white daisies with yellow streamers.

Other attendants were Miss Becky Wagner, bridesmaid and Mrs. Priscilla Brooks, cousin of the bride, the bride's matron. They wore outfits to match the maid of honor and carried nosegays of yellow daisies.

Best man for the groom was Don Gorman and others included Lester and Bobby Tillis, brothers of the groom, Craig Young, brother of the bride and Harry Christian, cousin of the bride.

Serving as flower girl was Vicki Marie Tillis, niece of the groom, who wore a yellow taffeta gown and carried a basket of daisy petals. Yellow daisies were worn among her curls. David Tillis, nephew of the groom, was ring bearer in his miniature tux.

The mother of the bride chose for her daughter's wedding a yellow silk linen A-line dress with long sleeves, yellow accessories and a purple orchid corsage with gold trim. The groom's mother wore a peach silk linen dress, matching lace coat, white accessories and an orchid corsage with silver ribbon.

Prewash or soak heavily soiled items. This provides more cleaning power than simply lengthening the wash time.

Crawford-Bowen Engagement Told

Mrs. Willard J. Crawford, 2421 S. Yale Ave., Sanford, announces the engagement and approaching marriage of her daughter, Patricia Jean, to Danny Orville Bowen.

Daughter of the late Mr. Crawford, the bride-elect was a member of the 1969 graduating class of Seminole High School. She is now attending Career Training Institute of Orlando.

Mr. Bowen, son of Mr. and Mrs. Herman Bowen of Osteen, was graduated from DeLand High School and is currently employed by Clark & Hirt Construction Co., in Osteen.

An early fall wedding is being planned.

MISS CRAWFORD

Child-Abusing Parent Stems From Insecurity

By AP Newsfeatures
What type of parent would fracture his child's bones, burn him, cut him or subject his child to other physical abuses?

In a speech before the International Congress of Pediatrics, Dr. Brandt F. Steele, chief of the psychiatric liaison division of the University of Colorado Medical Center, said that parents of "battered children" usually suffer from a "lifelong feeling of emptiness and disappointment and a conviction that the world will never be good to them."

When the world fails to meet their excessive demands for love and attention, these parents turn to the infant for comfort, and lash out at him ferociously for not performing satisfactorily. The medical researcher said that in many cases these parents were themselves abused children.

Dr. Steele opposes punishing the offending parents. While it may be necessary to remove the battered child from the home, he said, psychiatric treatment or social work for the adults offer the hope that the child may eventually return home and that other children in the family will escape harm.

Area Couple Entertained At Farewell Fete

By MARYANN MILES
Pastor and Mrs. Ron Bentzinger were honored guests at a party Sunday evening at the Forest Lake Seventh-day Adventist Church. Pastor Bentzinger has served as assistant pastor for the last year, and is being transferred to the Sanatorium church, in Orlando, where he will serve as assistant to Pastor Stanley Dombrsky.

Elder Leslie Mansell, pastor of the Forest Lake SDA Church presented the couple a money gift from those attending the party.

Serving as hostesses for the evening were Mrs. Bill Bower, Mrs. James Duke, Mrs. Reynold Swanson, and daughter, Vicki, Mrs. Lewis Stubbs, Mrs. J. D. Miller, Mrs. Bill Kirschstein and Mrs. Charles Burnham.

Taking part in the program for the evening were Bill Bower, who served as master of ceremony, Mrs. Dan Blair, who gave a reading on the problems of a minister, and Mrs. Paul Carlsen, well-known for the lovely poems she composes, who read a poem on "Belongings."

Mrs. Charles Burnham was in charge of a few games, enjoyed by the group, Dennis McKenzie, presented a guitar solo and sang "Michelle," Harold Green, did a bass solo, and Mr. and Mrs. Bill Kirschstein sang a duet, from the album of Rogers and Hammerstein.

Special guests were the parents of Pastor Bentzinger, Elder and Mrs. O. J. Bentzinger, who are with the Evangelist team of Delamore, and a brother and sister, Dan and Judy, were also present.

Geneva Personals

By LIZ MATHIEUX
Henry Jaeger is also a patient in Seminole Memorial Hospital but his cute little wife, Susie, tells me that he is getting better and that's real encouraging.

I don't think I ever gave Hank full credit, but it seems as any time I have had car trouble on just the right time to give old Granny a helping hand. That is what I love about Geneva, you can always find a friend no matter where you chance to look!

Joe and I had a letter from Leonard (our son) after so long a time and he says that he has been in Cam-Rahn Bay, Viet Nam. Gosh, I'll be thankful when this situation is over and all our sons are safely home!

Nominated for the meanest thief of the season is the culprit who removed the air conditioner from the real estate office of C. D. Thompson on the Mullet

State To Withhold Aid For Voc School

Support will not be forthcoming from the state government for a proposed vocational training school for migrants at Sanford Airport, according to Dr. Carl Proehl, assistant state commissioner for vocational, technical and adult education. In a telephone interview from Tallahassee, the assistant commissioner made it plain that the state will fight the establishment of a vocational school at the airport.

"We know how the people in Seminole County feel about this proposed school," Dr. Proehl stated, "and we will withhold any support of it. Commissioner (Floyd) Christian is in accord with this feeling."

Dr. Proehl pointed out that \$4 million has been allocated for vocational schools for the underprivileged in the entire state "and we have no intention of funneling \$3 million or more of this fund into Central Florida at Sanford Airport but intend to spread it over the entire state."

The new vocational-technical school being constructed by the School Board to construct one vocational school and the state and federal governments establishing another vocational school "right next door."

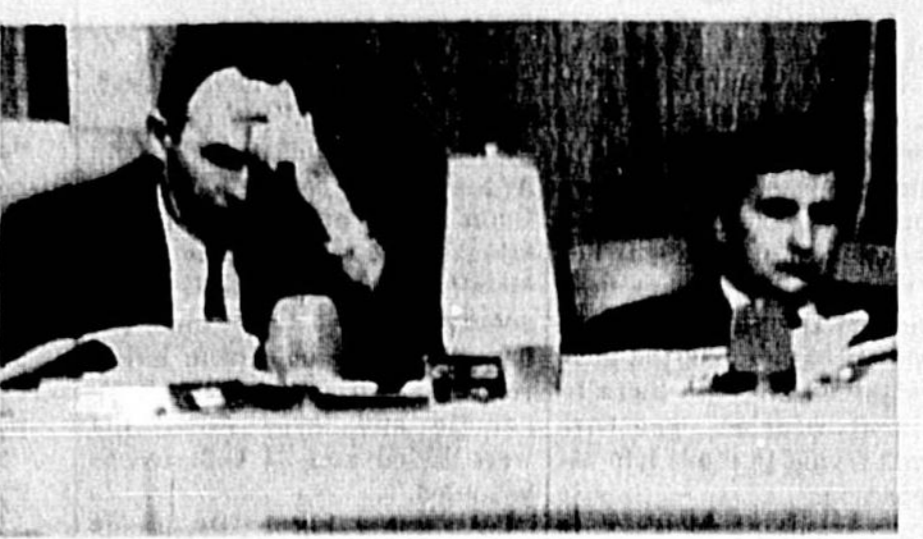

The proposed federal-state vocational school would train unskilled migrants for jobs in new industry throughout the state. AVCO and General Electric have submitted proposals to the federal government for the school. Don Rathel, of the Sanford Industrial Commission, has been conferring this week with this school with federal officials at Washington, D.C.

Allocations Discontinued After April 1

County Lops Chamber Funds

By TOM ALEXANDER

With Commissioner Dan Polham casting the only dissenting vote, the Seminole County Commission chopped off funds to the Seminole Chamber of Commerce and also the Sanford and South Seminole Jaycee organizations this morning. The cut will take effect on April 1.

In the still of the commission room, four county commissioners stood firm on the plan they advocated some three weeks ago to cut funds presently allocated for publicity and advertising to the chamber and money used by the Jaycee organizations to run two tourist centers. Polham, who cast the only "no" vote, favored a one-year extension with the suggested 10-man advisory committee being appointed immediately in preparation to take over on advising the commission about allowing advertising funds next year.

The commissioners only relented to grant a three-month extension from their

previously cutoff date of January to April 1. This means that the Chamber will receive a six-month allocation of \$10,000 while the Sanford-Seminole Jaycees receive \$1,650 and the South Seminole Jaycees \$750 or half of their one-year's county budget. The commission debated the allocation cut. Tony stated, "The chamber has worked for the advancement of the entire county with an effort that cannot be purchased." We feel the money has been used for a good purpose.

Chamber President George Touhy, accompanied by Chamber Manager John Krider, asserted the same ideas that had been expressed last week by area leaders when the commission debated the allocation cut. Tony stated, "The chamber would hold his motion to relocate the zoo in shewance until that time."

City Manager, W. E. Knowles in documented maps given to the commissioners showed city owned property to be 36 1/2 acres. Commissioner A. L. Wilson

City Inspects Proposed Zoo Site

By HILL SCOTT

The recurring problem of relocating the Sanford Zoo occurred again last night during the regular meeting of the Sanford City Commission with the naming of a 12-member committee to meet today and inspect a site located at the rear and adjacent to The Sanford Herald building on French Avenue.

The 10.15 acre site is bounded on the south by Palton Street and partially halved by Maple Concourse, which runs from the rear of The Herald building to the rear of Memorial on Highway 17-92. City will look into the feasibility of leasing at \$1 a year a small tract of 5000 sq. ft. on the east of the marine store.

3 Teenagers Held In 2 Burglaries

Acting on confidential information, Sanford police and Volusia County authorities yesterday arrested two Deland youths and recovered approximately \$2,700 in parts belonging to Mid State Fiber Glass, of Sanford, reported stolen 12 days ago.

Sgt. Ralph Russell identified two 17-year-olds in connection with recovery of a Volkswagen motor, numerous bags of metal flake used in coloring dune buggy vehicles made by the firm, a tape deck with cartridges, stereo receiver and other items.

Russell said Earl B. Knowles and Rich American Lee, both of 200 East New Hampshire Avenue, Deland, were charged with unlawful entry to commit grand larceny. The detective reported the investigation and ultimate arrests were aided by Volusia County Detective Captain Gene Petrone.

In another recovery of property reported stolen, Sanford police yesterday arrested Jerome Johnson, 18, of West Eighth Street, Sanford, on breaking and entering, possession of stolen property and selling stolen property charges. Johnson was arrested by Sergeant Russell and Patrolman Shirley Causey in connection with the burglary of the home of Louise Daniels, 201 Poplar Avenue.

According to Russell, Johnson was apprehended in an effort to rid himself of a \$700 ring which was identified by the woman as part of the property taken in the theft.

Commissioner A. L. Wilson questioned, "What do we need with a committee if we are going to sell them where to put the zoo?"

This thought was furthered by Harold D. Rowland, committee member from the Lions Club, who stated there was no reason to waste the committee's time in selecting a site

Dressing Room Pay Held

Sanford City Commission meeting last night acted on a recommendation of City Manager W. E. Knowles to withhold full payment of \$2,800 in dressing room addition to the Sanford Civic Center because of poor pouring of concrete at the construction site. Knowles said it had resulted in "waves" in the concrete walls.

The commission approved the partial payment of \$2,800 to Shoemaker Construction Company and withheld remaining \$2,250 from first installment of the total \$24,000 bill until problem is solved.

Shopping Center Rezoning Nixed

"This probably will be a decision that this city will live to regret," was the way one commission put it following a Casseberry City council meeting, where a proposed prototype shopping center to be built by Broyhill Furniture Company was denied proper zoning.

Presured by the pleas of some 100 residents from Indian Hills subdivision, located in proximity to where the center was to be located, the Casseberry city fathers unanimously turned down a request to rezone an 8.1-acre tract located on East SR 486 from R-1 to C-1 commercial.

Speaking on behalf of Broyhill, Julian P. Myrick, Orlando, told the assembly that Broyhill was prepared to build "one of the most beautiful centers of its type in the nation." The estimated cost of the center would be some \$500,000. It was pointed out by Myrick that only one house of Indian Hills subdivision would directly adjoin the complex which would be buffered by some 100 feet of parking area.
