

RELIGIOUS INTOLERANCE AND THE KU KLUX KLAN ON THE SENATE FLOOR

Klan Says Will Open Books to All Inquiries

JOSEPH SIMMONS IMPERIAL WIZARD

Will Go to Washington to Answer All Questions

WASHINGTON, Sept. 23.—The Ku Klux Klan, and religious intolerance entered into debate on the floor of the senate during discussion yesterday of the beer bill.

Senator Watson, Democrat, Georgia, asserted that religious liberty had not been secured in the United States under the charter granted Lord Baltimore, while Senator Stanley, Democrat, Kentucky, insisted that "there was only one place in all the civilized world where man could worship his God and the dictates of his conscience, and that was in the province of the Catholic noblesman, Lord Baltimore."

"I am here to fight intolerance whether it whets its knife and lights its torch in a Ku Klux Klan camp in Georgia or whether in western Ohio, it takes the form of these miserable general warrants," added Senator Stanley, referring in the latter case to the Antislavery League which has its headquarters at Westerville, Ohio.

"I will meet the Ku Klux Klan issue when it comes up," declared Senator Watson. "Until some crime is proven against that society or some other secret society with which this country is honey-combed, I will withhold my judgment until the guilt of the accused is established by competent testimony."

ATLANTA, Sept. 23.—The Knights of the Ku Klux Klan will welcome any impartial investigation and will open its books and records to federal authorities, Colonel Wm. Joseph Simmons, imperial wizard, declared in a statement issued here today when informed that Attorney-General Daugherty was considering asking him to come to Washington to discuss the situation.

The statement asserted that when the series of alleged "exposures" being published by certain newspapers and concluded the Imperial Wizard will make answer to them. Colonel Simmons also denied reports that the Imperial Klansmen had been summoned to meet to consider the articles being printed.

He declared a thorough investigation of charges made against E. Y. Clark, Imperial Klansman, or organizer, and Mrs. Elizabeth Tyler, also connected with the Klansmen, would be made.

Solicitor-General John A. Boyken today said the Fulton county grand jury would start tomorrow a sweeping investigation of charges that police court books have been mutilated in an effort to obliterate records of a case of "disorderly conduct" against Clarke and Mrs. Tyler, filed in 1919. Mr. Boyken said he was a member of the organization but asserted that fact in would no way hamper him in the prosecution of the cases in the courts.

Mr. Simmons declared today he was ready at any time to go to Washington to answer interrogations about his organization by the department of justice.

WESLEY BIBLE CLASS MEETING.

Lakeland, Sept. 23.—An extensive program covering the three days of their convention has been drawn up for the delegates to the sixth annual meeting of the Wesley Bible Class Association to be held at St. Petersburg, October 4-6. Last year's attendance at Gainesville of more than 400 persons is expected to be bettered this year. Announcement from St. Petersburg is to the effect that S. D. Harris, has been charged with the entertainment features, and plans are afoot to give the visitors a hospitable reception.

ARTIFICIAL LEG FOR GOAT.

Jacksonville, Sept. 23.—"Man" the three legged goat owned by Charles C. Matthews, of Camp Johnston, near here, is to be outfitted with an artificial fourth leg. The goat suffered the loss of one of its legs when run over by an automobile some time ago. Mr. Matthews young son, William, however, wouldn't permit the ram to be killed and thus the arrangements for the wooden leg. William drove the ram to a wagon before its injury and gave it the name "Man." The animal will be exhibited at the state fair this fall, Mr. Matthews says.

KU KLUX KLAN DID NOT PARADE IN TEMPLE, TEX.

WERE PARADED BY MAYOR NOT TO PARADE AND HEADED THE WARNING

(By The Associated Press) TEMPLE, Tex., Sept. 23.—The Ku Klux Klan made no effort to carry out their announced parade at Bartlett last night according to reports today. Notices had been posted the parade would be held by the Klansmen. Mayor Allen issued a proclamation forbidding it and ordered the city marshal to arrest any persons appearing on the street in disguise.

JEALOUSY CAUSES SHOOTING YOUNG WOMAN WOUNDED DAUGHTER OF JOHN HANAN

Shot By Distant Relative Who Kills Self Afterward

TRAGEDY AT BROOKLYN

Early this Morning Mrs. Grace Lowes Shoots Mildred Hanan

(By The Associated Press) NEW YORK, Sept. 23.—Miss Mildred Hanan, said by the police to be the daughter of the late Alfred S. Hanan, wealthy head of a shoe manufacturing concern, was shot three times early today as she was emerging from an apartment house in Brooklyn with John S. Boland, an importer. Mrs. Grace Lowes, who fired the shots, then ended her own life by firing a bullet into her own brain. Miss Hanan, in the hospital, refused to discuss the shooting. Boland said Mrs. Lowes stepped from the shadows as he and Miss Hanan emerged from the apartment where they were visiting friends and fired the shots. He attributed the shooting to jealousy. Miss Hanan's condition is reported critical but not necessarily fatal. Mrs. Lowes was a distant relative of Miss Hanan and for four years had lived with Miss Hanan and the latter's mother in an apartment in the exclusive Park avenue district of Manhattan. Two weeks ago she moved to a nearby hotel. The police said she has sent several threatening letters recently to Miss Hanan.

A letter in Mrs. Lowes' pocketbook addressed to her mother, Mrs. M. L. Ditzmors, San Francisco, concluded, "Too much high life. The pace is too fast and liquor has driven me crazy. Forgive and forget and remember to pray for my soul."

SAN FRANCISCO, Sept. 23.—Mrs. Ditzmors denied she was the mother of Mrs. Lowes.

ADVOCATE ENLARGED.

STATEMENTS CONFLICTING ON DEATH

OF MISS RAPPE AND ARBUCKLE NOT PROVEN TO BE GUILTY

SAN FRANCISCO, Sept. 23.—The police court examination of Roscoe (Fatty) Arbuckle, which will determine whether the film comedian is to be bound over to the superior court for trial on a charge of murder of Virginia Rappe, began here yesterday, in a court room filled almost exclusively with women.

Three witnesses who saw Miss Rappe's body after her death, Sept. 9, which it is charged resulted from injuries suffered at a drinking party four days before in Arbuckle's hotel suite testified that they observed bruises on her limbs and body. Two of them, the surgeon who performed the postmortem examination and the autopsy surgeon, said the death was from a ruptured bladder, caused, in their opinion, by external force.

The autopsy surgeon also told of a small puncture he said he found in the left arm of the body, which he attributed to an hypodermic needle.

A court room crowded with women heard what promised to develop the most sensational testimony heard in a San Francisco court for years. Judge Lazarus that women should be first admitted and it was certain that no men, outside of the judge, jury, lawyers, court attaches and newspapermen would find places.

Eighteen society women from the vigilance committee which has offered to aid District Attorney Brady, were in the front row.

These society women arrived yesterday morning, ready to see to it that the charges against Arbuckle were pressed to the limit. Their seats were reserved for them.

When Arbuckle entered the courtroom he had to face this battery of eighteen pairs of eyes as he took his place at the counsel table with his attorneys.

Before the court room doors were thrown open lines were forming at the entrances. Officers kept the men on one side and gave the women the first places in the lines.

Arbuckle's attorneys held hurried consultations as the hour for the opening of court approached, preparing to defend their client against the new evidence District Attorney Brady was ready to produce.

Brady placed strong hope in the new evidence of Al Semmner, manager of Virginia Rappe, the movie actress Arbuckle is accused of fatally injuring during a "wild party" at his hotel on Labor Day.

Semmner is said to have made a statement to Los Angeles authorities yesterday in which he admitted Arbuckle told him he might have been responsible for the injuries which resulted in Virginia Rappe's death.

Semmner said Lowell Sherman, another movie actor, Fred Flahbeck and Arbuckle's chauffeur all heard the statement made. Brady said he would make all these men testify against Arbuckle. Sherman is at present in New York.

"I will have Sherman here for Arbuckle's trial, if I have to arrest him on one of several charges under which he is liable to prosecution," declared Brady yesterday. He has asked New York police to apprehend Sherman and demand that he return to San Francisco at once.

Spontaneous Decay Caused Explosion in Chemical Works

New Product, Nitro Sulphate of Ammonia Responsible in Measure

(By The Associated Press) PARIS, Sept. 23.—The French government chemists inquiry show the explosion in the chemical plant at Appau, Germany, due to spontaneous decomposition of a new product, nitrosulphate of ammonia, from which wonders are expected as a fertilizing agent. The explosion of this caused the explosion of other ammonia products then several gasometers let go. The plant also contained a quantity of liquid air in tubes, which added to the power of the explosion and would tend to explain nextent and exceptional character of the explosion.

PUBLICITY FUND FOR LAKELAND.

Lakeland, Sept. 23.—Lakeland has joined those cities of Florida which believe that every citizen benefits directly from publicity for the town, create advertising funds by tax levy. The city commissioners at their last meeting, at which the tax levy for the ensuing year was decided upon, provided a one mill assessment for publicity purposes. The levy is expected to produce approximately \$5,000 and it is expected the fund will be expended through the Chamber of Commerce under the supervision of city officials.

DEMOCRATS WOULD URGE LOWER TAX

Graduated Scale on Corporations and Cut in Income Tax

PLACE LEVY ON GASOLINE

Retention of Capital Stock Tax Urged By the Senate

WASHINGTON, Sept. 23.—Reductions in the normal tax rates on individual incomes of \$15,000 or less and a graduated tax of from 10 per cent to 20 per cent on the incomes of corporations in place of the suggested flat rate of 15 per cent were proposed in amendment to the Republican tax revision bill offered yesterday in the senate by Senators Walsh, of Massachusetts, and Gerry, of Rhode Island, Democrats on the finance committee.

To make up the \$105,000,000 loss from the tax on individual income, it was proposed that a tax of one cent a gallon on gasoline be imposed at the source and that the capital stock tax, yielding around \$60,000,000 annually, be retained. The majority bill provides for repeal of this tax, effective in 1922.

Under the Gerry amendment, individual taxpayers whose net income is less than \$5,000 would pay a normal rate of 2 per cent instead of 4 per cent on \$4,000, as provided in the revised bill; taxpayers whose net income is between \$5,000 and \$10,000 would pay a normal tax of 4 per cent on the excess over \$5,000, instead of 8 per cent on all over \$4,000, and taxpayers whose net income is between \$10,000 and \$15,000 would pay a normal tax of 6 per cent on the excess over \$10,000, instead of 7 per cent on the excess over \$4,000.

Incomes in excess of \$15,000 would pay at the rate of 8 per cent on all over that amount, but it was explained, they would receive the benefit of the lowered normal tax up to \$15,000. The surtax rates as fixed by the finance committee would remain unchanged.

Under the corporation income tax amendment offered by Senator Walsh, the rate on the first \$100,000 of corporation net income would be 10 per cent; that on the income between \$100,000 and \$300,000 would be 15 per cent and that on the income in excess of \$300,000 would be 20 per cent.

"This schedule," said a joint statement issued by Senator Walsh and Gerry, "will reduce the tax on the net income of 195,000 corporations upon which the Republican majority bill increases the tax from 10 per cent to 15 per cent, while it increases the tax on only about 4,000 corporations which have a net income of more than \$300,000 each per year."

TWELFTH JUROR IN POPE CASE IS SECURED

EXAMINATION OF JURY AS A WHOLE HAS BEEN TAKEN UP.

(By The Associated Press) JACKSONVILLE, Sept. 23.—The twelfth tentative juror for the trial of John Pope, for murder, in connection with the killing of George Hickman by Frank Rawlins, was obtained this morning and examination of the jury as a whole was taken up immediately. Attorneys for both sides expected several jurors would prove unacceptable and be excused.

Two members of the panel were dismissed and two others immediately selected to take their places. It was announced this process would be continued until twelve men satisfactory to both prosecution and defense be obtained.

### DAILY HERALD BE CIRCULATED THRUOUT CITY

MANY NEW ROUTES WILL BE ESTABLISHED IN ORDER THAT 1,000 NAMES MAY BE ADDED

The Daily Herald wants 2,000 subscribers before the first of January and in order to reach this high mark which by the way will be a record in this field, the management is endeavoring to obtain good, wide-awake carriers who living in the suburbs, will take a route and supply the daily where it does not circulate now.

The first new route of this kind to be established is the east side on the Melonville avenue and Celery avenue routes in the city limits or out of the limits where the distance does not make it prohibitive.

The first route established by the daily was to have it carried only where the city mail carriers covered the territory but the city is growing so rapidly and so many people living beyond these limits are clamoring for the Daily Herald that new routes on the outskirts of the city will be established at once and in the next month or more many of those who have been unable to get the daily except by R. F. D. will have it carried to their doors every afternoon at four o'clock thus bringing the news of the world to their doors every day just as it comes from the wires. The first route will be carried by Cecil Dorsey, who is a bright lad with the proper ambition to make some money and serve his part of the city with the daily news at the same time. He will carry the daily on the east side and we are wanting a good boy on the west side to follow the same idea.

The city proper is being covered by half a dozen live wires and they are buying their papers from the Herald office, carrying them and collecting for same each week. Don't disappoint them in the payment for the money comes out of their pockets. On the other hand this rule makes them more careful for if they fail to deliver the paper it comes out of their pockets and if they fail to collect it is their loss, also making them come right up to the mark all the time.

The Herald management wants to make the Daily Herald the best daily for the size in the state. It is receiving a fine patronage now and everyone in Sanford wants to take it—the only drawback in the past being that some of the boys were lax in carrying it promptly and efficiently. Now that they are buying the papers and new routes are being established better service has been inaugurated and the two thousand mark will be reached in a few months by the co-operation of the boys and the subscribers. Our list now is a most flattering one but the service has not been all that the management desired, hence the change and the enlargement of the circulation.

If you do not get your paper promptly let the office know it the same afternoon. It will be carried to you promptly from that time forward.

### CONTINUED DROUGHT BRINGS WATER FAMINE IN PARTS OF SOUTH.

CHAPEL HILL, N. C., Sept. 21.—The continuance of the longest drought in the history of Chapel Hill has forced the University of North Carolina to postpone its opening from Tuesday, Sept. 27, to Tuesday, Oct. 4. President Chase and his advisers, including the health officers of the institution and the village and Dr. H. E. Miller, of the state health department, made the decision at a meeting yesterday.

There has been but a few light showers since the middle of May, and these have barely hid the dust, and crops are affected. The meager summer population has been able to get along in recent weeks because it has been served by a water plant designed for the peak load of the college year, but even with this relatively small demand a serious water scarcity has arisen. This morning householders received official notice that beginning today the water service would be limited to three two-hour periods each day.

RICHMOND, Va., Sept. 21.—Not only has the drought played havoc with the Virginia crops of 1921, but unless the situation is soon relieved by copious showers, the crop yield for 1922 will be considerably reduced, said J. J. Owen, assistant state commissioner of agriculture today.

### ARRANGING MATTERS FOR FARM LOANS

WASHINGTON, Sept. 22.—W. F. Coachman, of Jacksonville, a member of the committee named by the War Finance Corporation to act on the application of loans from the billion dollar provision recently made by congress for agricultural and livestock products, with E. W. Lane, also of Jacksonville, the latter one of the councilors of the Federal Reserve Board, were in Washington yesterday arranging financial matters of tremendous importance to the state of Florida.

Mr. Coachman and two other prominent Floridians were recently named as Florida members of the Georgia-Florida committee last week, through the influence of Senator Fletcher. This committee, with the Georgians who have just been named, L. R. Adams of Atlanta, and Mills Lane, of Savannah, will assist in perfecting plans for the immediate placing of loans. This law will, in the opinion of Senator Fletcher and other well-known men, undoubtedly prove a great blessing to agricultural and livestock interests generally.

### BE PRETTY! TURN GRAY HAIR DARK

TRY GRANDMOTHER'S OLD FAVORITE RECIPE OF SAGE TEA AND SULPHUR

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.—Adv.

### Penrose Will Report On Bill Today as Amended Before

WASHINGTON, Sept. 22.—The amended house tax revision bill was presented formally yesterday to the senate by Chairman Penrose of the finance committee, who gave notice that he would submit the majority report today and urge at that time that the measure be considered as soon as other business of the senate would permit.

Designed to raise approximately three and a quarter billions of dollars in revenue this fiscal year, the amended measure provides for:

Repeal of the excess profits tax on Jan. 1, 1922, as proposed in the house. Reduction of the maximum income surtax from sixty-five per cent to thirty-two per cent, effective next Jan. 1, as provided in the house bill, but with changes made in the lower brackets so as to reduce the amount of surtaxes paid by all individuals.

An increase of five per cent to fifteen per cent in the normal corporation income tax, effective January 1, 1922, in lieu of the two and one-half per cent advance agreed upon by the house.

Repeal of the corporation capital stock tax, beginning in 1922, a new provision.

Reduction of the freight and passenger taxes from three and eight per cent to one and one-half and four per cent, respectively, effective next Jan. 1, with their repeal on Jan. 1, 1923. The house proposed repeal of all transportation taxes as of next Jan. 1.

An increase of \$500 in the exemption allowed to heads of families having net incomes of \$5,000 or less, a house provision.

An increase from \$200 to \$400 in the exemptions allowed on account of dependents, also a house proposal.

The finance committee concurred in the house action in repealing the so-called nuisance and luxury taxes collected direct from the consumer and substituting manufacturers' taxes. These and other minor changes in the bill have been published previously.

### BODY OF MURDERED MAN IS FOUND IN WOODS NEAR TAMPA.

TAMPA, Sept. 22.—The body of A. E. Champlain, aged sixty-five, a store keeper at Rononia, a small town in Manatee county, was found in the woods yesterday morning by his two sons, who were searching for the old man, who had been missing since last evening. Mark on the man's throat indicated that he had been choked to death. Robbery apparently was the motive.

The coroner's jury will return its verdict at 9 o'clock tomorrow morning. No arrests have been made.

### KU KLUX KLAN PARADE STREETS OF SHAWNEE, OKLA.

SHAWNEE, Okla., Sept. 22.—Three hundred members of Ku Klux Klan in official regalia paraded through the main streets of Shawnee and Tecumseh late last night after capturing the night editor of a local newspaper and taking him on the journey. Nothing was done other than to display banners and send a warning note to law violators through the columns of a Shawnee newspaper.

Before allowing the newspaper man to leave the car in which he was taken on the trip, the following note was handed to him, addressed to a Shawnee newspaper:

"We are one thousand strong in Shawnee. God Americans will uphold the law. Watch the ownership of your paper and keep it in the hands of good Americans. We will clean Shawnee, when the time is ripe. Bootleggers and gamblers, will save trouble by leaving now."

In addition to the warning sent to the newspaper the following banners were carried on the sides of the cars in the parade:

"Don't follow us, its not safe."  
"You can't eat grub your wife made by washing."

"We'll be back, be careful and be a man."  
"Judges, you know your duty—we are wit hyou when you do it, but you must do it."

Great weather even though dry.

The new laws of Florida are published in the Weekly Herald today.

All the merchants should arrange for special sales and special windows for the big day next Thursday.

It is not a day to get money from the visitors and unlike anything attempted before everything will be free. Some doings, we say.

Orlando will entertain Sanford next Tuesday night and those boys are fixing up for some time, some time. We will be there 100 strong.

Road No. 2 does not affect Sanford either way but we are standing for good roads and we want to see something accomplished by the State Road Department right now.

In a few weeks our public schools will open. It is not too early to begin getting the children ready.

The Soviet government of Russia has changed its tune. They first repudiated the debts of the Russian government.

FORGET HOW TO PLAY.

So many busy business men keep their noses in the office ten, or twelve, or fourteen hours a day, without any thought of spending part of a day at some form of amusement.

All work, and no play, not only makes Jack a dull boy, but it makes his elders sick men sooner or later.

It would be the greatest thing for the Sanford people that they could obtain, and they could do nothing better than invest their money in a golf link where not only the tourists and visitors to the city could spend a day or

so, but the Sanford people could get the greatest benefit.

Many of us have forgotten how to play. We have been too busy in the past few years in many ways.

PEOPLE ARE GETTING TIRED

Senator Harrison, of Mississippi struck the keynote yesterday in his speech when he said the American people wanted less play and more work from the high officials who were entrusted with the people's business.

They have done nothing. The Democrats, it is true, passed some fool stuff and made many mistakes but they honestly endeavored to put all their pledges into laws.

PAYING MORE FREIGHT ON FOOD THAN FOR THE FOOD.

During the month of August the price of food was 4.3 per cent higher than the price in July.

The increase in Jacksonville was 5 per cent. Potatoes increased 24 per cent; eggs 13 per cent; pork chops, cheese and cabbage, 11 per cent; butter, 10 per cent; lard, 8 per cent; sugar 6 per cent.

There were some decreases, the most outstanding of which was the price of bananas, and there might be some comfort in this fact were it possible to make three squares a day out of this fruit.

The increase in potatoes makes them almost out of reach of many moderate-salaried household heads and there is a reason—a striking reason. It is transportation.

An Atlanta retail firm two weeks ago took the public into its confidence in the columns of the local

newspapers and made a frank statement substantiated by figures explaining the price of potatoes.

The firm showed that when you pay a dollar for potatoes you are really paying sixty per cent for transportation and forty per cent for potatoes.

A GREATER FLORIDA EVERY DAY.

When it comes to growing, raising and marketing vegetables Florida is right in the limelight.

Here are the acreage figures: The states reporting the largest acreage of vegetables grown in 1919 for sale were as follows:

California, 142,178 acres; New York, 131,980; Maryland, 119,894; New Jersey, 95,845; Iowa, 73,338; Wisconsin, 68,278; Illinois, 63,641; Ohio, 62,639; and Florida, 60,102.

Florida leads the Nation when it comes to the lowly but delectable bean. The Peninsula State is No. 1, with 8,522 acres of beans.

Florida is No. 6 in cabbages, with 4,501 acres. Florida is No. 6 in celery, with 1,225 acres.

Florida is third in the production of lettuce, with 2,664 acres; seventh in the production of tomatoes, with 18,089 acres; and third in watermelons, with 14,646 being exceeded only by Georgia and Texas.

The principal vegetables grown in the United States in 1919 for sale, from the standpoint of acreage, were as follows:

Tomatoes, 316,300 acres; sweet corn, 271,584; watermelons, 162,064; cabbages, 123,904; green peas, 103,686; cantaloupes and muskmelons, 78,436; green beans, 71,970; onions, 64,338; and cucumbers, 57,830.

Of the total acreage in vegetables in 1919, tomatoes represented 21.4 per cent, sweet corn, 18.4 per cent, watermelons, 11 per cent, cabbages, 8.4 per cent, green peas, 7 per cent, cantaloupes and muskmelons, 5.3 per cent, green beans, 4.9 per cent, onions, 4.4 per cent, cucumbers, 3.9 per cent, asparagus, 2 per cent, lettuce, 1.5 per cent, celery, 1.4 per cent, and spinach, 0.7 per cent.

The leading states in the production of individual vegetables in 1919 for sale were as follows: Tomatoes, Maryland, 58,083 acres; New Jersey, 36,986 acres; and California, 31,410 acres.

Included in "all other vegetables" produced in 1919 for sale were 50,778 acres of pop corn, of which 32,642 acres were grown in Iowa and 7,814 acres in Nebraska.

ALL HAIL THE REAL ESTATE.

Real estate as a profession is a most essential and important element in the success of a city.

EAST SANFORD

Rev. W. T. Rancher was over from Apopka Sunday and preached afternoon and evening at Moore's station church.

Mr. and Mrs. James English, of Tampa, accompanied G. C. McDougal home from his visit in that city.

M. A. Jackson took a party of friends over to Daytona Beach fishing on Sunday; a 20 pound bass and a string of lesser size bass was brought home.

Doctor Hazeldon enjoyed a birthday on Tuesday. A large party from town came out for the evening at the Hazeldon home on Silver Lake.

Mr. and Mrs. Madison Wade and little son, have returned from Knoxville, Tenn., where they went with the remains of their little daughter, Paula, for burial.

Mr. and Mrs. L. A. Brumley and son, John, left last Friday via the A. C. L., for North Carolina, to visit their relatives, the Freizers, Hunters, and other friends near Charlotte.

Mrs. Lilly Jones and Miss Hoskins Jones, joined Miss Sheppard and Miss Simpkins from Jacksonville at Daytona Beach on Sunday for the day.

Miss Susie Fay was at home from Palatka over Sunday. She was accompanied by three young lady friends for a week-end visit.

Alys Chorpensing was a very happy little girl on Tuesday as she that day reached the advanced age of eleven years.

Mr. Muirhead had the misfortune to have his barns burned down a few days ago with considerable loss to him.

It is said, "all signs fall in fair weather," but according to what the "old timers" say, there should have been a good rain either three days before or three days after the moon was in the full in September.

Mike Stonoff, Ben Monroe, O. J. Pope, John Rumley and Simon, Filin are among the first to set golden celery in the field.

The Jack Daws and rice birds have just camped out on some of the lettuce and cabbage seed beds to eat every seed to be seen, and dry weather has hindered seed from coming up also.

FRED IS SOME OPERATOR.

Jacksonville, Sept. 23.—Fred Renault, product of the Times-Union composing room, recently accomplished what is said to be a notable feat in typesetting when he set 100,000 ems, 6 point type in 10 hours.

Young Renault came to the Times-Union composing room as galley boy at the age of 16. Previously he was engaged in selling papers on the streets.

Have You Ever Thought of this!

Every time you withhold a dollar from circulation you are not only in danger of losing it, but you remove it from circulation; you make an idle dollar of it; you thereby reduce the working capital of your community; you withhold bank credit from someone—and you gain nothing whatever for yourself?

there is no argument in favor of withholding your money from the bank.

We offer you the full facilities of this modern institution.

Superdreadnaught Washington Is Launched

The superdreadnaught Washington, one of the four largest and most powerful battleships of the United States navy, being launched by the New York Shipbuilding corporation at Camden, N. J. Miss Jean Summers, ten-year-old daughter of Representative J. W. Summers, of Walla Walla, Wash., broke a bottle of water taken from the rivers of Washington over the bow of the huge fighting machine.

GENEVA

Mr. Mose Taylor returned home from Palatka on Friday.

Mr. and Mrs. Summers and children, of Osecola, and Miss Summerdren, of Jacksonville, and Miss Margaret Linsey, of Osecola, spent Saturday evening with Mrs. Fred McFarlane.

Mr. and Mrs. Chas. Phillips attended the picnic at Stone Island last Thursday.

A goodly number attended the chicken pie supper last Friday night at the town hall, which was given the Ladies Aid of the Methodist church.

Mr. J. T. Flynn left Tuesday for Georgia for a short visit among relatives and friends.

Miss Helen Moran is in Oviedo visiting her grandmother, who has been very ill.

Mrs. M. Caroline Wilson left Friday morning for Daytona Beach where she will spend a month with her husband, Dr. Wilson. While in Geneva Mrs. Wilson visited her niece, Mrs. McFarlane.

Mr. I. M. Littler, of Osteen, spent Monday evening and part of Tuesday with his daughter, Mrs. T. W. Prevatt.

The barbecue given at the town hall by the ladies of the Baptist church in honor of the Baptist convention was a great success. Fully three hundred people enjoyed the barbecue dinner on the grounds Tuesday and a large number took supper there. On Wednesday, chicken pie and pillau was served for dinner and nearly as great a number attended. The delegates returned to their homes Wednesday night after having been royally entertained by the Geneva people.

Mr. and Mrs. Culpepper are enjoying a fine screened porch which they have recently built.

Mr. William Kilby has built a fine barn on his property.

Mr. and Mrs. David Speer, of Sanford, attended the Baptist barbecue at Geneva. Mrs. Speer visited her sister, Mrs. I. M. Wicks.

There will be services at the Methodist church next Sunday, both morning and evening. Rev. Right, of Oviedo, will preach.

Mrs. Endor Curlett and Mrs. Elchner, attended the picnic at Stone Island last Thursday.

Mr. T. W. Prevatt and Mr. Fred McFarlane, were in Sanford on business Wednesday.

WEATHER BUREAU.

Weather and Crop Conditions in Florida for the Week Ending September 20, 1921.

Temperature: Temperature averaged from 2 to 4 degrees above the seasonal, except in the extreme south, where it was about normal.

Precipitation: The week was unusually dry for the season, no rain having fallen over a large portion of the State, and where it did occur it was entirely insufficient, except over very small areas. The greatest amounts reported were 3.7 inches at Key West and 1.1 inches at Acala. There was no rain at Jacksonville.

Condition of Crops: Practically every crop has suffered more or less seriously during the week from continued drought. Alltruck on uplands is a failure or very poor, replanting being necessary. Cane did very well during the week on low lands, but uplands were too dry. Sweet potatoes are backward; much of the crop is poor. Citrus lost much fruit; the dropping was serious in some instances, although the crop as a whole is good. Much hay was saved; velvet beans did very well. The cotton crop is mostly picked in some localities; it deteriorated and there is no possible improvement. Worms have stripped plants of foliage in some localities. The matter of water supply for stock is becoming a problem, as water courses are much reduced or dry.

LONGWOOD NOTES

Mr. Robinson was a visitor in Orlando Friday, going down to close the deal in the sale of his place to T. G. Roebuck.

P. E. Phipps returned Friday from Plant City, Tampa and other southern points.

Mr. and Mrs. A. Y. Fuller were visitors in Orlando Friday.

Mrs. Will Rineau has returned home from the Orange General Hospital where she has been for several weeks but we are glad to say she is much improved.

Mr. and Mrs. J. S. Dinkel and Miss Olive, and J. E. Phipps motored to Daytona Beach Monday and were the guests of F. H. Rand and family.

S. A. Wilkinson, of Sanford, was a visitor in town for several days the guest of Mr. and Mrs. William Allen.

Friends of Master B. J. Overstreet will be pleased to learn that he won one of the Dayton bicycles that the Tampa Tribune is giving away in its subscription contest.

Rev. Burr held services at the Baptist church Sunday.

Mr. and Mrs. J. H. Allen and Claude Hinchliff motored to Coronado Beach Sunday for the day.

Miss Taylor, of Valley Fort, Ga., is the guest of her aunt, Miss Florence Lovell.

A. E. Boardman and Mr. Hunter, of Maitland, were visitors in town Sunday, coming up to look after Mr. Boardman's property in West Longwood.

Mrs. Newman, of Sanford, is spending a few days with her parents, Mr. and Mrs. Bill Allen.

OVIEDO

Mr. O. P. Swope and Sidney Swope, returned from Chicago last Friday night.

Mr. Roy Williams, of Sanford, is spending his vacation with his parents in Orlando.

Miss Nello King left Saturday to take charge of the primary department of the Tildenville school.

The young people gave Mabel Swope and Elizabeth Lawton a surprise party last Friday night, which was an occasion of much merriment and greatly enjoyed.

The Methodists held another outdoor Sunday school last Sabbath, and through the kindness of the Baptists, held their preaching services in the Baptist church.

Mr. and Mrs. S. W. Swope spent Monday in Orlando.

Mr. and Mrs. Blackwood and Miss Inns drove out to Oviedo on business.

Mr. and Mrs. Frank Norris and Mrs. L. R. Mitchell spent Tuesday and Wednesday in Orlando.

Miss Elizabeth Lawton and Mabel Swope entered Rollins College, Monday.

The Baptist association being held in Geneva this week is being attended by a good many Oviedo people.

The Methodist church, which has been undergoing repairs is now finished and will be ready for the regular services.

Encouraging news from Mrs. W. P. Carter and Mrs. J. C. Lee, Sr., has been received by friends. The friends of Mrs. O. P. Swope are pleased to know of her steady improvement.

GRAND COMMANDERY MEET.

BRADENTON, Sept. 23.—Judge Cary B. Fish, grand commander of Florida, Knights Templar, has issued an order to all commanderies that the twenty-eighth annual convocation of the Grand Commandery of the State will be held in Palatka, Friday and Saturday, April 21-22, 1922.

KING FOOTBALL AWAITING CUE TO SPORT PAGE.

NEW YORK, Sept. 22.—Old King Football is patiently awaiting his cue to stride onto the sport page next Thursday, when the 1921 season will be officially opened by more than a hundred college and university elevens in all sections of the country.

It is seldom that the annual schedule calls for so many games this early in the season and a feature of Saturday's gridiron menu lies in the number of big elevens that will swing into action.

Harvard, Yale, Pennsylvania, Penn State, Dartmouth, Syracuse and Rutgers are the important eastern teams that will open the season. Harvard will play a doubleheader, taking on Middlebury and Boston University. Coach Fisher will send his veterans into the game, together with the most likely looking recruits. Yale will meet Bates at New Haven, but in the case of the Bulldogs, Captain Aldrich, at left half-back, will be the only "vet" in the line-up.

Penn will open the season against Delaware state and the red and blue squad is ready after a two weeks' practice session at Cape May under the experienced eye of Coach Johnny Heisman.

Other eastern games that will attract more or less attention will be Penn State taking on Lebanon Valley, Dartmouth playing Norwich. Syracuse in action with Hobart and Rutgers tackling Ursinus.

West Virginia will also swing into action, meeting West Virginia Wesleyan, Georgia Tech, with much the same team that last year throttled Penn and swallowed Centre, will play Wake Forest.

Centre's "praying parson" who will meet Harvard again on October 20, will open his season at Danville with Kentucky Wesleyan.

California, with most of the stars who trimmed Ohio State 28 to 0 on New Year's Day at Pasadena, is scheduled to meet St. Mary's at Berkeley.

In the middlewest two big ten teams—Indiana and Northwestern—will open the season. The Hoosiers meet Franklin at Bloomington and the purple eleven is scheduled with Beloit at Evanston.

### SOCIAL CALENDAR

**FRIDAY**—Mrs. R. C. Bower will entertain at bridge in compliment to Mrs. S. D. Lazarus, of Brooklyn, New York.

**Saturday**—The Children's Story Hour will be held at the Central Park at 5 p. m.

**MONDAY**—Mrs. H. H. McCaslin will entertain the members of the Westminister Club at her home on Magnolia Ave., at 7:30 p. m.

Pipe Organ Club will give a swimming party at Crystal Lake. Mrs. Sinnh Bray and Miss Clara Millen will be hostesses.

Mr. and Mrs. Dick Brown have returned from their wedding trip. They visited all the places of interest on the west coast.

Mr. and Mrs. Fred Lovell and little son Frederick, left this afternoon for their home in Tampa, after spending several days here as the guests of Mrs. M. W. Lovell, and Mrs. D. C. Marlowe.

Miss Martha Tufts, of Orlando, is the guest of her cousin, Miss Dorothy Stokes.

The Daughters of Wesley of the M. E. Church, will hold their annual bazaar and supper Saturday, November 19, 1921. Place to be announced later.

### IN HONOR OF BRIDE-ELECT.

A pretty compliment to Miss Ann Allen, a bride elect of this month, was the "shower" given yesterday afternoon by Mrs. William Hand and Miss Julia Laing, at the home of Mrs. Hand.

Quantities of pink vine, hibiscus and fern were used in decorating the rooms.

Music was furnished throughout the afternoon by a Victrola. The afternoon was pleasantly spent with contests and music, there was also a bride's book and the guests were asked to write their favorite receipts in it, and it was later presented to the honoree for future reference.

The "shower" was presented in a most charming manner. Master Guy Allen, Jr., dressed in white, entered drawing an express wagon which was beautifully decorated in pink and white crepe paper and a basket of pink vine placed in the center with

the gifts piled around it. These were opened and greatly admired by the guests. Late in the afternoon the hostesses served ice cream and cake as refreshments.

Miss Allen was very attractive, on this occasion wearing a black satin frock trimmed with henna.

There were about twenty-five guests at this delightful party, among them being the members of the "Dependables" class of the Methodist church.

### MOTHERS CLUB.

Mrs. R. R. Deas entertained the members of the Mothers Club Friday afternoon at her home on Park Ave.

The afternoon was very delightfully spent with contests, music and conversation. Mrs. D. C. Marlowe won the prize, a Maderia tray cloth, in the needle threading contest.

Following the contests the hostess served cherry ice cream and cake as refreshments.

### AN ENJOYABLE TRIP.

A most enjoyable trip was that taken by Mr. and Mrs. Thornton and Mr. and Mrs. Babbitt down the east coast from New Smyrna over to Titusville, and on a good road along the banks of the beautiful Indian river, the first stop was Cocoa, a pretty little village right on the river bank.

West Palm Beach, with its mammoth hotels, palm trees, tropical fruits, etc., was a place of much interest. Miami and Miami Beach, truly called "the garden spot of the world." Fifty miles farther down the road is the wonderful "Royal Palm Park," which has been given over to the Woman's Federation of Clubs, as a state park, perfectly magnificent in its quiet sublimity. The same road was traversed back to Palm Beach then across the state via, one of four canals over which one must do their own ferrying, needless to say the roads were rough only making six miles per hour on low.

Lake Okeechobee, a vast expanse of water, measuring fifty-one miles from the little village, Ritta, to Okeechobee City.

From this point to Moore Haven, one sees the rich farm lands of the Everglade region.

Across the prairie to Citrus Center, then to Ft. Myers on the Caloosahatchee river, then a return to Arcadia for the night and on to Tampa, the principal west coast city, and a busy one, most as lively as our own Sanford.

### NATIONAL BISCUIT CO. REDUCES ALL PRICES MAKING BIG REDUCTION.

The National Biscuit Company has announced a sweeping reduction on its entire line, both packages and bulk which plus previous reductions generally, cuts away from 65 to 70 per cent. of the advance during the war period.

Several other reductions were made by the company this year, its policy being to pass along automatically declines in the raw materials. In this case, however, it has gone so far that it expects the new prices will stand for many months, feeling that with price stability assured, the trade and public will buy with confidence, a state of mind that, of course, makes for better business everywhere.

Secretary Davis says: "This is the time when we need to trust each other." That would make a nice desk motto for our coal man.—Toledo Blade.

## EVERYBODY OUT FOR ORLANDO TUESDAY NIGHT

ORLANDO CHAMBER OF COMMERCE WILL BE HOST TO SANFORD CHAMBER COMMERCE

Everybody out for the trip to Orlando next Tuesday night. Sanford should take 100 live members of the Sanford Chamber of Commerce to the capital of Orange county on that night. It is the "return engagement" of the Orlando Chamber of Commerce and they had such a good time here a few weeks ago that they are anxious to return the compliment and have fixed up a great big program that will satisfy the inner and the outer man and be a feast of reason and flow of the soul in every sense of the word.

Sanford and Orlando have so much in common that the two cities should get together at every opportunity and discuss the various plans for the betterment of the two counties and the two cities. It will be an evening of pleasure and profit and every business man in Sanford should lay aside his business cares for that night and go to Orlando.

All those who intend going should let Secretary Pearman know about it at once in order that he can make arrangements for your transportation and can let Secretary Cox of the Orlando Chamber, know how many will be there.

By all means go to Orlando Tuesday night, September 27th.

## Important Sunday School Meeting to Be Held at St. Petersburg

All Sunday School workers in this section, especially those belonging to the organized classes, will be interested in the big Federation of Wesley Bible classes to be held in St. Petersburg, October 4, 5 and 6. Sunday school leaders are of the opinion that this will be one of the most helpful meetings of the Federation since the date of its organization six years ago in the city of Orlando. An excellent program has been arranged for the occasion and a good time is anticipated. It is desired that every class and every Sunday School in the Florida Conference be represented. Reduced rates have been secured at the hotels and those who attend are promised a most helpful stay in the Sunshine City.

## LAKE COUNTY MATRONS MAKE REMARKABLE BASS CATCH.

In a county with twelve hundred or more lakes, all teeming with bass, it is only natural to find many expert fishermen, but heretofore we have chronicled few instances of exceptional catches being made by the female anglers of this section. Perhaps the most remarkable display of proficient angling and large number of big bass captured by women in Lake County occurred last week when Mrs. T. S. Kennedy, of Eustis, and Mrs. V. K. Nuckols, of Umatilla, captured in one afternoon fifty pounds of the game fish known as big-mouth bass. Mrs. Kennedy caught one bass weighing nine and one-quarter pounds and one weighing six and one-quarter pounds. Mrs. Nuckols landed a nine and one-half and a four and one-half pounder, the two also catching ten others weighing two pounds or better. That these ladies located a school of extra large bass is demonstrated by the fact that Mrs. Kennedy lost three artificial minnows and Mrs. Nuckols two and one rod was broken in the melee with the finny tribe. Twenty pound test lines were used, evidence that the fish that succeeded in breaking five lines must have been of unusual proportions. The ladies were fishing from the same boat with Mr. V. K. Nuckols propelling the boat.—Eustis Lake Region.

### NOTICE!

All Grammar School pupils expecting to take examinations, please meet at the Grammar School building on Thursday, September 29, 1921, at 9:00 o'clock.

New pupils entering the Grammar School please meet the principal in the office at eleven o'clock Thursday morning in order to be classified. This applies only to grades from fifth thru the eighth.

CLARA MILLEN, Principal.

### FISH FERTILIZER PLANT.

Panama City, Sept. 23.—Tentative arrangements for the location of a large fish fertilizer plant here have been made by O. J. DeLaney, formerly associated with the Southern Manhaden interests at Port St. Joe. Mr. DeLaney said to have assured the cooperation of financial interests here and believes the industry would prove profitable.

## CREPE AND CROCHET

The only real rival of georgette in blouses is crepe de chine. In this elegant blouse it appears in a warm tan color, with collar, cuffs, peplum and buttons hand-crocheted of silk in the same shade. Nothing more refined or smart has been presented for fall.

## CITY ENGINEER RAMSEY RETURNS FROM TRIP.

ORLANDO, Sept. 23.—City Engineer G. R. Ramsey has returned from an automobile tour which carried him to the Pacific coast and covered a distance of 7,530 miles. The westward journey was made via Atlanta, Louisville, Kansas City, Denver and Salt Lake City to San Francisco, and consumed twenty-four days. On the return trip, which took twenty-three days, Mr. Ramsey went south to Los Angeles, and journeyed eastward via Tucson, El Paso, Vicksburg and Montgomery.

Mr. Ramsey said only about ten per cent of the roads were hard-surfaced, although the dirt roads were in fairly good condition. In crossing the 1,000 miles of desert country from Salt Lake City to the Sierra Nevada mountains, the road was the abandoned bed of a railroad, in many places being eighty feet high and not more than ten feet wide. All along this route, he said, were the wrecks of abandoned automobiles, many of them having been destroyed by fire.

## THE BAPTIST TEMPLE TO HAVE A ROOF GARDEN

The members at the Baptist Temple have decided to build a Roof Garden on the now three story building. Plans have been practically agreed upon, which include lights, flower boxes, stage, etc. It is hoped to have the work completed by Easter so that on Monday night following it may be opened.

A club of twenty young ladies, known as the Roof Garden Club, have the raising of the funds in hand. The officers are: Miss Adele Rines, president; Miss Ruby Roy, vice-president; Miss Kate Williams, secy.-treas.

The first social put on by the new club will take place tonight at the home of Mr. and Mrs. J. L. Miller, 500 West First street. The large lawn will be also in use. All people interested in the plans and purposes of the club are invited.

The difference between the harem system and our divorce system is that the harem keeper has to support them all at once.

## THE OUTLOOK

Crop Conditions the country over are generally good. The wheat crop has shown bountiful yield. Corn sections promise a splendid yield. Cotton growing states are diversifying crops and will harvest corn and hay. It looks good.

## Off to School

Fresh from vacation with a resolute eye and springy step, your children—and how fine they look in their new togs. Perhaps their newness makes them look more manly and lady-like. And you know they are going to be comfortable in their new shoes if they are these fine tan calf good-year welt boots patterned after the kind Dad wears.

Good style—excellent workmanship—dependable quality—very reasonable price. A few distinguishing features of our children's shoes.

## SUGAR MILL AT WEST PALM BEACH.

WEST PALM BEACH, Sept. 23.—Shipment of steel for the structure to house the sugar mill of the Florida Sugar and Food Products Co., a short distance southeast of Canal Point, on the West Palm Beach canal, has been made by a concern in Norfolk, Va., according to advices received here. The building will be 160 feet wide and 200 feet long. S. W. Bollinger, of Pittsburgh, Pa., who owns 4,000 acres of Everglades land in Palm Beach county, and who is a large stockholder in the company, will superintend construction of the building and installation of the machinery. Mr. Bollinger has built many sugar mills in Cuba and elsewhere.

A new tobacco company has been formed at Madison, the Truluck Tobacco Co. They will grow leaf tobacco.

**With Near East Relief Frank Talbot's Brother Returns to America**

Frank Talbot has received a letter from his brother, Rev. E. Guy Talbot, who recently returned from a three months tour with the Near East Relief expedition in which he visited Turkey, Italy, France, Russia and England. He almost died in Russia and says that conditions over there are almost beyond belief. Money has no value and rubles that before the war were worth fifty cents in our money are now 1,000 for one cent. He paid his droskey driver 100,000 rubles for an hour's drive and bread is selling at 8,000 rubles per pound. Of all the countries visited he liked England the best but upon his return says there is no place like the good old U. S. A. and California where he lives.

# The Sanford Band

One of the outstanding features of the big Gala Day and Merchant's Carnival next Thursday, is Sanford's own band. ## EIGHTH ANNUAL SESSION OF SEMINOLE BAPTIST ASSOCIATION CONVENED AT GENEVA, SEPT. 19

### Fine Meeting of Delegates From Four Counties

The eighth annual session of the Seminole Baptist Association convened at Geneva, Fla., at 8 p. m., Monday, September 19, 1921.

Rev. W. W. William, State Sunday school secretary, led an inspiring devotional service. The annual sermon was preached by Rev. R. W. Thiot, pastor of the First Baptist church at DeLand, in which he set forth in a very forceful manner the part Baptists have taken through all the years in the great struggle for religious liberty and the right of every person to worship God according to the dictates of his own conscience.

The delegates attending from Sanford were Judge and Mrs. Schelle Maines, Dr. and Mrs. George Hymun, Mrs. E. E. Cox, H. S. Sellick, Mrs. A. J. Lossing, Mrs. A. C. Lossing, Mrs. F. E. Gatchel, M. M. Stewart, Mr. and Mrs. Harry Darrow, Miss Carrie Stanley, Mr. and Mrs. David Speer,

Dr. and Mrs. Tom Moore, Jno. D. Jinkins, and others.

Rev. J. N. Thompson, pastor of the churches at Oviedo and Geneva, was elected moderator, and Jno. D. Jinkins, was re-elected clerk and treasurer.

The association, which is comprised of the Baptist churches at Chuluota, Daytona, DeLand, Eustis, Geneva, Lake Monroe, Longwood, New Smyrna, Oviedo, Sanford, Titusville, Umatilla, and smaller churches within this territory, was exceptionally well attended, many visitors in addition to the regular delegates, being present. While Geneva is one of the smaller churches in the association, the people of the entire community, irrespective of denomination, opened their homes, and bestowed upon all comers, the most bounteous hospitality. Never has the association been entertained in more lavish style, and with greater hospitality.

The reports from the various churches shows marked progress in all lines of church activity, especially in increased membership in many of the churches, the additions by baptism during the last year being about three hundred, and affiliations by letter 258; the present membership in this association is 2,912. The amount of money raised and expended, including home expenses, missions, etc., during the past year, \$102,998.28.

Stetson University was ably represented by Rev. C. S. Farris, D.D., vice-president; and two of the students, James Day, Jr., and Howard Gallant.

The Sunday School and B. Y. P. U., work has made great strides forward, and two of the most conspicuous in this forward movement are the Unions at Lake Monroe and Chuluota.

The members of the executive committee for the ensuing year are B. F. McWhorter, of Umatilla, chairman; H. B. Stevens, DeLand; B. F. Wheeler, Oviedo; Hon. R. L. Nutt, Tavares; J. N. Thompson, Oviedo; A. B. Cannady, New Smyrna, and Jno. D. Jinkins, Sanford.

Delegates to Southern Baptist Convention, Hon. C. W. Entzinger,

Longwood, alternate, Sam'l McBride, Oviedo.

Delegates to State Convention, O. C. Bryant, J. W. Osteen, T. W. Caldwell, T. E. Webb, R. W. Lawton, A. B. Cannady and M. M. Stewart

Member State Board of Missions, Dr. George Hymun.

The church at Lake Monroe, which has the unique distinction of constructing their building in less than thirty days, invited the association to meet with them for the 1922 session, and this invitation was accepted, time, Monday after third Sunday in September, 1922.

### NEGRESS MOONSHINER.

Fort Myers, Sept. 22.—An old time negro woman brought before County Judge Stout this week for violation of the liquor laws, pleaded so strongly that her name not be advertised as that of a person involved in a liquor case that the judge agreed to withhold it.

The discovery of nine gallons of moonshine liquor in her home, however, drew a fine of \$300 or 6 months in jail, and after a vain attempt to convince the judge that she did not have that much money, she extracted a \$100 bill from her stocking and accompanied by an officer went to a bank and cashed her personal check for the other \$200.

Judge Stout stated that he imposed a comparatively light fine because there were no facilities in the county jail for caring properly for women prisoners and that he named a sum within bounds of what she probably could raise. Both floors of the jail consists of one room each with a group of cages built in the center and without an ysolid partition which would properly segregate the women from the men prisoners. As women cannot be worked on the county roads they must serve their time in jail if unable to pay fine.

### WEST PALM BEACH REVIVES CURFEW LAW.

WEST PALM BEACH, Sept. 23.—The City Commission here has revived the curfew law and every person under sixteen years of age must be off the streets at ten o'clock at night unless he has a written statement from parents or guardian that he has a good reason for being out after that hour.

### YESTERDAY'S TRAP SCORE AT THE ROD & GUN CLUB

A strong East wind interfered with the marksmanship of the contestants at the trap shoot yesterday and as a result the scores for yesterday's contest are a little below the average. However, for strictly amateur marksmanship they are really good and the contestants deserve commendation for the scores that are being made.

It is proposed to move the trap next week to the bulkhead between the Clyde Line and the City Docks where it will be accessible to the many visitors who will be here on Thursday, September 29th attending the Gala Day festivities.

At the present time the shooting is open to any one who cares to shoot and it is expected that many will try their hands at this fine sport next Thursday, who are not regular contestants at the trap.

Yesterday's score, together with the season's percentage of those who entered the contest yesterday is as follows:

Contestant	Yest. Score	Season Pctg.
Cowan, J. H.	25-19	800

## IF SKIN BREAKS OUT AND ITCHES APPLY SULPHUR

Just the moment you apply Mentho-Sulphur to an itching, burning or broken out skin, the itching stops and healing begins, says a noted skin specialist. This sulphur preparation, made into a pleasant cold cream, gives such a quick relief, even to fiery eczema, that nothing has ever been found to take its place.

Because of its germ destroying properties, it quickly subdues the itching, cools the irritation and heals the eczema right up, leaving a clear, smooth skin in place of ugly eruptions, rash, pimples or roughness. You do not have to wait for improvement. It quickly shows. You can get a little jar of Mentho-Sulphur at any drug store.—Adv.

# Altamonte Springs, One of the Beauty Spots of Seminole's Wonderland

ALTAMONTE SPRINGS has an atmosphere, and so have other places in Seminole County, but Altamonte's atmosphere has the peculiar quality of a Lodestone—it's inhabitants may remove to other places in other climes, but they always return or have a very strong desire to do so, and of course there is that—not very mysterious reason—Altamonte's beauty—for all humanity is drawn to beauty.

Altamonte Springs is placed in such a favorable location, that her man-made beauty, combined with the natural beauty, forms the Alta-Monte that we know today. The Altamonte of George Frost of Boston, of Herman Westinghouse of the great Westinghouse Electrical Company—who were among its founders—is not the Altamonte of today. Founded as the home of rich men only, we now reach out for residents of humbler means also, as we realize that riches alone do not make a town livable.

It stands to reason that the state was scoured by these wealthy men to find their ideal before founding their town. Therefore Altamonte's location is the pick of the state.

Altamonte Springs has an altitude of 220 feet—thus getting pine filtered sea air from the Atlantic Ocean 30 miles to the East, and the Gulf of Mexico to the West, forming that wonderful ozone known as the "Atmosphere of Altamonte" and when combined with the odor of orange blossoms and jessamine in season, and this combination comes breezing into one's window 24 hours a day, it is bound to give the ailing their health, and the healthy more health and joy of living.

Altamonte Springs has in its territory hundreds of acres of orange and grapefruit groves in high state of cultivation, and has within her boundaries five beautiful lakes with clean, sandy shores, no marshy borders. Lake Orienta (upon which is located the "Altamonte Hotel", famous among tourists all

over the country for its wonderful cuisine and excellent management of its owners, George E. Bates & Son) is the largest of these lakes and is noted for its black bass fishing, which is jealously guarded by the owners of the land surrounding the lake, who welcome the true fisherman with sporting ideals.

The "Altamonte Hotel" is located at the east end of this lake, upon a bluff overlooking the full length of its waters. Lake "Adelaide" is across a park to the rear of the hotel, and upon this lake is the "Altamonte Spring" of absolutely pure water.

The paved highway from Jacksonville to Tampa and all South Florida passes through Altamonte. A day's ride in an automobile may encompass two hundred miles in any direction without leaving a fine paved road, making Altamonte an admirable location for automobilists, a fine large garage is under construction and will be open for business in a few weeks, two stores with filling stations are handy and every advantage enjoyed in a city at hand.

Altamonte Springs is located on the Tampa and Jacksonville Division of the Atlantic Coast Line Railroad and gives fine service, Western Union Telegraph office, Express and Third Class Postoffice, Electric Lights, beautiful shady streets of large oaks, within 14 miles on brick highway of Sanford, and 9 miles on brick highway to Orlando. Winter Park, with Rollins College, is on the same road just five miles to the South.

The hotel is the center of social life with card parties, dances, etc., and Altamonte's winter residents and home-folks are of a superior order and of a prosperous, enlightened class. Our surrounding country and neighboring towns of Longwood and Maitland are of the same order and are fine neighbors, and are only two miles away to the North and South.

The practical side of Altamonte Springs is not to be slighted in this article, for, aside

from her fruit industry, Altamonte is noted as having 40 acres in covered conservatories devoted to raising the beautiful Asparagus Plumosis fern used by florists. This is shipped in season mostly to the north, and the industry represents an investment of over a quarter of a million dollars and a payroll of hundreds of dollars a week. Hon. Charles D. Haines, ex-congressman from New York, heads the largest of these conservatories, The Royal Extension Fernery, Incorporated.

Mr. B. L. Maltbie, of the Maltbie Chemical Works, of Newark, N. J., is one of Altamonte's latest developers, and is planning a great future for us this winter.

Altamonte has a Chamber of Commerce, whose Secretary, W. B. Ballard, is always glad to give information upon request. Altamonte Springs has just recently been incorporated and is officered by unsalaried men of progressive ideas, but within keeping with a low millage.

George E. Bates and Son are men to whom Altamonte Springs owes much, as many coming as their guests buy property here and stay as residents.

Palm Springs, a noted resort, is only two and one-half miles through the pine woods to the Northwest of Altamonte. Here Mr. Lester Beeman has spent thousands of dollars to give a pleasure resort for the free use of the public, and one that is greatly appreciated. Mr. Beeman has a pretty little cottage at the Spring as have others from Sanford and Longwood.

Altamonte Springs has never been boomed or exploited, but is now on the verge of a growth that will not be sporadic, but steady and substantial.

A peculiar circumstance is the fact that there is only one "Altamonte Springs" in the world, and we are "IT". Numbers of "Altamontes" appear in the Postal Guide, but only one "Altamonte Springs."
