AFL Conclave Hears Attacks On Labor Law

Green Is Bitter And Dewey Wonders If Parley Isn't 'Democratic Clambake'

NEW YORK (AP)—The AFL's 131st convention... Apparently preparing for a Democratic presidential endorsement... heard a bitter opening attack today on the Taft-Hartley Law.

The AFL's Executive Council... filed a report last night... called the wage-price control program unfair to labor.

Stevenson and the Democratic platform advocates... the AFL convention formally endorsed either candidate... will the AFL in 1952 back the late Sen. Robert Taft?

Dr. Rucker Finds Dentist Approval Of Fluoridation

Members of the American Dental Association at their recent meeting... approved the fluoridation of drinking water... Dr. R. W. Rucker... local dentist, declared today following his return from the convention.

MYSTERICAL WITH GRIEF are members of the family of four-year-old Frank Micolli Jr., as they attend the Chicago inquest into the death of the child who was accidentally shot and killed by his father, Frank Micolli Sr., on Sunday at Chicago, Ill. (International Soundphoto)

City Experiments With Repaving Of Part Of First St.

Repaving of a section of East First Street in front of the Armory was started Friday by the City in an effort to determine the probable cost of resurfacing... The 732 convention delegates represent some eight million AFL members.

Dr. Rucker Finds Dentist Approval Of Fluoridation

Members of the American Dental Association at their recent meeting... approved the fluoridation of drinking water... Dr. R. W. Rucker... local dentist, declared today following his return from the convention.

Rev. Bass Speaks To Rotary Club About Australia

Australia is a land of many industries and strange plants and animals, the Rev. Herbert J. Bass... spoke at the meeting of the Rotary Club today. Australia is 10,000 miles long from north to south and 3,000 miles wide...

Butner Re-elected Committee Head

Leo Butner was re-elected chairman of the Seminole County Production Marketing Administration Committee... announced today.

Tito Asked To Share Part In Joint Defense

Proposition Is Laid Before Dictator By U. S. Admiral On Carrier Coral Sea

BELGRADE, Yugoslavia (AP)—The United States has asked Premier Marshal Tito of Yugoslavia for greater cooperation in the joint defense of Southeastern Europe... including the use by American forces of bases in this country.

Reporters Find Hunt For Truth Difficult Task

WASHINGTON (AP)—Because people and governments want to show only their good side, says a panel of topflight newsmen, the reporter's search for truth is harder than ever.

American Legion Installs Officers At Tonight's Meet

Joint installation ceremonies for officers of Sanford Post 33, the American Legion, and Auxiliary will be conducted tonight at 7:30 o'clock at the Legion hall.

Blood Engulfs Texas Trailer

HEAVY RAINS in the area around New Braunfels, Tex., have caused the Comal River to overflow its banks, trapping this trailer home during a sudden flash rise. Many towns throughout Central Texas are isolated by the devastating floods that have made hundreds homeless and taken a toll of at least four lives. (International Soundphoto)

## THE SANFORD HERALD Page 2 Monday, Sept. 15, 1952

### Florida's Growing Citrus Industry Is Set For Big Season

LAKELAND (AP)—Florida's growing citrus industry is all set for a big season.

The crop opening a little later than last season, when grapefruit moved the first week in September. It is expected to be another week before fresh fruit begins shuffling north to market. But buyers are in the field already—some openly lining up, others "just looking around" so far.

Some groves are reported to have grapefruit that could pass maturity tests now, but owner are hesitating to cloud their reputation by shipping fruit that just gets by, although the lure of tight prices always paid for early fruit is inviting.

As a matter of fact there is still a little grapefruit being marketed from last season's crop, but most citrus men by now have their eyes turned to the budding season.

From all reports, prospects are bright.

The quality of fruit hanging on the trees is reported good to excellent.

Surveys by Florida citrus group indicate the following with regard to size of the crop: oranges up slightly over last season's record 78,000,000 boxes; grapefruit slightly less than the 35 million boxes for 1951-52; and tangerines about the same as last season's 4 1/2 million boxes.

The first official estimate of the U. S. Department of Agriculture won't be out until Oct. 10.

One of the brightest notes is the small carryover of processed citrus compared to last season. Not only will this help move citrus in the coming season, but it also will mean a boost to fresh fruit sales.

The Florida Citrus Commission is planning its biggest advertising outlay, with a budget of more than \$10 million dollars and an expanded merchandising staff of 44 men.

Florida Citrus Mutual, the super-cooperative which embraces most of the state's growers, packers and processors, has reorganized along lines it hopes will straighten out the kinks in its operations last season.

### Bar Association Is Told Of Abuses In Appointing Judges

SAN FRANCISCO (AP)—The nation's lawyers were told today that slowness in filling vacant federal judgeships has resulted in "intolerable delays of justice during the past year."

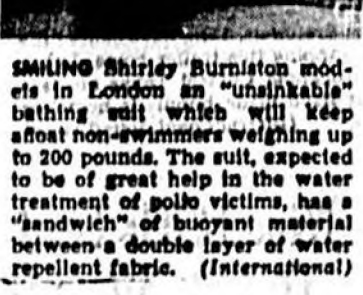

The federal judiciary committee of the American Bar Association (ABA) mentioned directly to federal President Truman—who has the power to nominate judges—nor the U. S. Senate—which confirms the nominations—in its blast at "the appointing power."

However, in a report to the 75th annual ABA convention opening today, the committee traced time lags between the dates of vacancies in wide sections of the country and the dates of presidential nominations to fill them.

It concluded its report by quoting without comment from a June, 1952 resolution adopted by federal judges of the Ninth Circuit (West Coast, Hawaii and Alaska) that "the impression has been created at the bar and with the public that federal judgeships are but a part of the patronage of political class."

The ABA committee concluded that:

"It is clear that intolerable delays of justice during the past three years have been directly attributable to the failure of the appointing power to act with promptness when vacancies have occurred."

SMILING Shirley Burniston models in London an "unshrinkable" bathing suit which will keep afloat non-swimmers weighing up to 200 pounds. The suit, expected to be of great help to the water treatment of polo victims, has a "sandwich" of buoyant material between a double layer of water repellent fabric. (International)

### Schacht To Prepare Iran Recovery Plan

TEHRAN, Iran (AP)—German financial expert Halmar Schacht left for home last night to prepare an economic new deal for Iran that he bluntly told the Iranians they were "lazy" and would have to work harder to get on their feet.

Schacht, whose financial wizardry backed Hitler's rise to power, said poverty stricken Iran must increase its productive labor and encourage private enterprise.

Speaking with reporters at Tehran airport he added that Iran "should increase insurance companies, cooperative companies, banking companies and get rid of government monopolies."

The German expert said he would prepare a full report of reforms to aid the economic-stricken country.

### U. Of. F. Begins New Year With Activity

GAINESVILLE (AP)—The University of Florida campus was bustling today as the 1952-53 school year opened.

Among the student body of 2,500 new students who arrived early to conduct orientation week activities, a program of 1,200 new students and transfer students with the campus.

Officials estimated 2,500 new students will take part in the week long activities. Total enrollment for the fall semester is expected to be around 8,500.

Wednesday night, University President J. Hillis Miller will make his traditional opening week talk to the students.

Later in the week students who were in attendance last spring will register for classes, while about 1,200 who were in school this summer have already registered. All will begin classes next Monday morning.

### BOAT GOES AROUND

MIAMI (AP)—A 26-foot Coast Guard rescue vessel and a private craft removed 65 passengers from a 60-foot sloop boat in Biscayne Bay Sunday night after the boat ran aground.

The Southern Cross, transporting passengers from Miami to a marine festa at the Quarters club four miles off Dinner Key, became fast in the mud just outside Biscayne Channel.

A Coast Guard spokesman said the mishap was not too serious and an attempt would be made to refloat the excursion boat today.

### CLUB EMPLOYEE KILLED

MIAMI CITY (AP)—Mrs. Helen Manning Stanley, 51, Tampa, a night club employe, was killed near here Sunday when her car overturned. County Traffic Officer Gene Campbell estimated the car was about 100 miles an hour when it left the highway.

### QUICK TRIP!

LONDON (AP)—Without hat, coat or baggage, Rep. Franklin D. Roosevelt Jr. (D-N.Y.) flew in from New York today on a private business trip and told news men he hoped to get a plane back tonight.

### TO STUDY LEPROSY

TOKYO (AP)—Specialists from four nations today opened a clinical conference on the treatment of leprosy with a welcoming session. They will hold conferences here Tuesday, then start a 10-day tour of Japan's national leproseries. The conference closes in Tokyo Sept. 27.

### WINS FIGHT

MIAMI (AP)—Chet Fortner, nine-year-old Daytona Beach boy, will fly home today after winning a two-month fight against dread disease polio.

The child was flown to Varlet Children's Hospital here aboard a Coast Guard plane on July 4. He will return to Miami in a month or a checkup.

### NEHU CALLS FOR PARLEY

BOMBAY, India (AP)—Prime Minister Jawaharlal Nehru's All India Congress party has called for a "limited" truce between the Communists and the Chinese to settle East-West differences and start world disarmament.

### WONDER DRUG DISCOVERED

It is a wonder drug which has been discovered by scientists in the United States. It is a new type of drug which is said to be a cure for many of the most common ailments of the human body. It is a new type of drug which is said to be a cure for many of the most common ailments of the human body. It is a new type of drug which is said to be a cure for many of the most common ailments of the human body.

### Florida Solons In Tampa Caucus Lack Adlai Enthusiasm

TAMPA (AP)—There is a striking lack of the traditional Southern warmth in the endorsement given Adlai Stevenson by Democratic members of the Florida House of Representatives.

At their annual caucus here Saturday they balked at a resolution promising unqualified support of all national, state and county candidates of the party.

They passed a resolution calling for support of all these candidates but tacked on an amendment declaring they were not endorsing federal control of tidelands, limitations on U. S. Senate debates or any candidate who is for those measures. The amendment carried by a close vote.

In his campaign for the presidential nomination Stevenson has called for federal control of the tidelands and has endorsed the Democratic platform plank urging elimination of the unlimited debate rule, which Southern senators have defeated many measures they don't want.

Rep. Robert L. Floyd, Miami, one of the leaders for the unlimited support resolution, said members favoring the amendment were "not just like warm (to Stevenson)—but almost ice cold."

Rep. Willard Ayres and Rep. C. Farris Bryant, both of Ocala, two backers of the amendment, said they would vote for Stevenson, but objected to the unqualified support movement.

Ayres, a former law partner of U. S. Sen. Spessard Holland, said he thought the unqualified resolution would be derogatory to Holland and the Junior Florida senator; George Smathers, both of whom disagree with Stevenson on tidelands and debate limitation.

Bryant, named House speaker at the caucus, said he would not ask anyone "to espouse either principles or candidates I consider inimical to the best interest of the state or nation."

Floyd argued the original resolution was needed to "tell the people of Florida we are not members of a house divided."

### Senator Lodge Says He Has Taft Support

BOSTON (AP)—Sen. Henry Cabot Lodge (R-Mass.) says he has the support of Sen. Robert A. Taft (R-Ohio) in his bid for re-election.

Lodge was one of the leaders in the movement to put Dwight D. Eisenhower into the presidential race and served as his pre-convention campaign manager.

Lodge said Taft had expressed his support of him in a letter to a Massachusetts voter. He said the letter was in response to reports that a "Taft for Kennedy" movement had the Ohio senator's approval.

Rep. John F. Kennedy (D-Mass.) is opposing Lodge in the coming election.

### SEARCH ABANDONED

TAMPA (AP)—MacDill Air Force base here has given up its search for a F-94 jet fighter missing over the Gulf of Mexico since Friday.

MacDill said the St. Petersburg Coast Guard base also was dropped out of the hunt, but that Tyndall AFB at Panama City and Eglin AFB at Valparaiso were sending out search planes again today.

The jet, based at Tyndall, had been heard from since it radioed it was out of fuel at 5:43 p.m. Friday. It carried two men.

# FLORIDA Powergram

from SUNSHINE SERVICE

1952 FLORIDA POWER & LIGHT COMPANY VOL. 1... NO. 1

**FLORIDA LEADS AGAIN** -- Tourists continue to "get sand in their shoes." Result--Miami for the fifth consecutive year led all U.S. metropolitan areas in new dwelling units per 1000 population--has also taken the lead in '52. Miami's 27 units per 1000 population for '51 were more than double Washington, in second place with 13, and Los Angeles, in third place with 12.

**ELECTRIC BILLS LOW** -- Recently released report of the Federal Power Commission shows that, in general, monthly bills for electric service in U.S. remain at substantially the all time low levels established in recent years. FP&LCo. has followed the national pattern. Revenue from all household electricity sold has dropped from 5.84¢ per kilowatt hour in 1941 to 3.36¢ per kilowatt hour last year, down 12.5%. Currently, FP&LCo. is within one-half cent per kilowatt hour of the national average for the industry... even though it has no natural gas, water power or nearby coal fields... imports costly fuel oil from distant ports. 90% of U.S. power comes from cheaper sources.

**MORE NEW INDUSTRIES** -- In the spotlight, too, is Florida's expanding industrial activity with a wide variety of new light industries operating profitably. Chloro-phyll extraction, ramie processing, ceramic tile manufacture, chemicals and plastics are among recent additions.

**AIR CONDITIONING TREND** -- A swing through Florida resort centers this summer reveals a marked trend toward air conditioning in hotels, apartments and motels. Existing accommodations are being converted with individual room-cooling units. Newer places have central systems.

**FEC DELIVERS GOODS!** -- The "rotor" for new FP&LCo. generator at the Cutler plant was the largest single shipment Florida East Coast Railway ever handled... 284,000 lbs. Safe arrival keeps the installation "on schedule" for completion in November... in time for expected banner season.

**HOME BUILDERS KNOW** -- Public demand for all-electric kitchens is reflected in plans of builders of large home projects. Six major Florida projects totaling 1700 units have been announced in the past few months. All have completely equipped electric kitchens.

**DOLLAR BUYS MORE ELECTRICITY** -- A leading national magazine has published an extensive study of the matter, showing that inflation has whittled purchasing power down to 50% compared to 1939. Only in electricity will the dollar buy more... the study, which points out that electric power is the best buy in the whole field of cost-of-living items, are shown in charts below.

## DRIVE with CAUTION!

DANGER! School children ahead — GO slowly . . . STOP accidents! This is the time of year when every motorist must redouble his efforts to drive safely and make the streets safe for our school children! Let's all pledge ourselves to make this the SAFEST school year our community has ever known.

This means we must give the greatest possible cooperation to those officials who are on duty to protect human life. It means paying close attention to laws and signals . . . driving at a safe speed always . . . and giving your fellow motorist the proper arm signals.

When you see the sign "School Zone," always proceed with extreme caution. We all know that youngsters have a way of dashing heedlessly into a street. It is up to you, the driver, to be on guard—to make our streets safe for our school children!

Let's outlaw traffic tragedies from our community! Let's each accept the responsibility for making our streets the SAFEST in the United States, not only for school children — but for all pedestrians and motorists! DRIVE WITH CAUTION!

**MONDAY, SEPT. 15, 1952**  
**TODAY'S BIBLICAL VERSE**

The heaviest debtor of course, sinners are often more appreciative than highly respectable religious people who have made no false steps.

Which of them will love him most?—Luke 7:12.

Hessborough County is boasting a new \$2,500,000 court house.

The city of Tallahassee is planning to build three swimming pools, two for whites and one for Negroes.

Suggesting that the Republicans are bigger crooks than the Democrats, Governor Stevenson says this is the first time he has ever seen a political party go into a campaign with the slogan, "Throw the rascals in."

Loyal Compton, the Governor's \$9,120 a year press secretary, explains why he made out two separate travel expense accounts to widely different parts of the country on the same day. It was just a lapse of memory, he says. He just couldn't remember where he was on that date. Mr. Compton is the one who catered to recently for "misquoting" the Governor.

How to grow old gracefully is explained by James H. Gibson Jr. in his new book, "Growing Younger Through Friendship." The secret of success, says Mr. Gibson, is thoughtfulness, appreciation, enthusiasm and optimism as well as clean thinking and the Christian spirit. What is more, you will not only thus have a happier old age, but you will live 5 to 25 years longer.

Daniel A. Holich for 29 years one of the top men of the Internal Revenue Department, who put the squeeze on other taxpayers to get the last drop of blood out of them, has been indicted for failing to pay his own income taxes. Another funny thing about Holich is that he deposited in the bank many thousands of dollars more than his actual salary with the Revenue Department. Evidently there were some who didn't have to give blood.

The current issue of Suntime magazine tells how growers were warned of approaching freezes in the old days before there were radios and widely circulated newspapers. The Weather Bureau furnished the information to railroad station agents who immediately passed the information on to the railroad engineers. At intervals of every three miles along their route these engineers in turn would sound six long blasts on their locomotive whistles. All the growers throughout the countryside knew what that meant.

Someone should organize a campaign to put over the county zoning referendum in the November election. County zoning is one of the most progressive measures this county could adopt at this time and it is one which would serve to make Seminole County a better place in which to live in years to come, but there will be considerable opposition to it from selfish interests whose only object is to build hurriedly, make a big profit, and get out of town. If we are interested in the kind of a county our children are going to live in, we should all support the county zoning bill.

Over-crowding of school buses apparently was easier to alleviate than over-crowding of school houses. That is going to take some doing, but it is something which should be demanding the attention of the public, of young mothers particularly. The primary schools already have about twice as many pupils as they were built for, while the high schools are loaded to capacity. What are the high schools going to do when all the children now entering primary schools come up to them? Worth thinking about in this connection is the constitutional amendment which will be submitted to the people in November providing that the revenue from automobile licenses be set aside for the retirement of bonds issued for the construction of school buildings. If we don't have new school buildings, we don't know how we will relieve present over-crowding.

**The Problems Of Diabetic Athletic.**

The great American mania for putting bathrooms in the most unlikely, as well as the most likely places, is a lucky break for a tennis player with diabetes, according to an interview with Billy Talbert appearing in the October issue of Pageant Magazine. Talbert, who must take a before-breakfast shot of insulin every day without fail, says that if it weren't for the always convenient bathroom where he can retire in privacy to give himself his insulin shot, he would have long ago been labeled a dog friend.

Insulin and common sense are the two things that allow Talbert to control his diabetes and make it possible for him to be one of the nation's greatest tennis players in spite of his physical handicap. In the interview in Pageant, entitled "15 Minutes with Billy Talbert," he says "All a diabetic needs is insulin and a little common sense. I take 60 units of insulin every morning before breakfast—in my legs, usually, because then I have both hands to work with. I eat three well-balanced meals every day and I adjust my hours but eight of them."

There have been times, however, when Talbert has forgotten that he had diabetes and that when it catches up with him. The result is diabetic coma, and it happened to him twice, according to Pageant. "Once, in New Orleans in 1940," he relates, "when I'd been living it up real good for quite a while, a friend found me in my hotel room—out cold. If he'd been an hour later, I'd been dead. Another time, in New York, I carried on the opposite end. I had exercised too much, taken too much insulin and I hadn't eaten enough for the insulin to work on. My blood sugar went too low and I went into insulin reaction. Before they brought me around, I had been unconscious 10 hours, a near miss."

According to Talbert, who is philosophical about his handicap and expects no quarters because of it, "A lot of people who don't have physical ailments seem to manage to create handicaps of other kinds just to make life more complicated. I've settled plenty for the cards that were dealt to me, and I don't think I've played the hand too badly."

**Point Precks Pint**

Sometimes even the best of us have a way of kicking back on their instep. There was for instance, the Oxford medical student in the old Florida university town who had some spare time and poured around in the ancient, crusty archives with a gleam in his academic eye. He was looking for long forgotten laws to write into a humorous paper of his own making. He read one which caught his eye and fired his face-book imagination.

When the fathers of the school wrote up regulations they thought of the poor student of coming for his finals and scribbled in the general regulations a part of beer to ease the heat and pressure of such brain taxing study. The twentieth century discoverer of the law ran to university officials with his legitimate request. They laughed but he was so insistent on the enforcement of his right that they relented and he got his part of beer.

One week later he read the day he pressed his suit for beer. The officials, in a mood of counter humor, found another law by some dandy which they preskily student was breaking every day. The fines him they imposed, about \$11—for appearing in a state of undress in the University. He fined, the violation meant he was not wearing his sword. The University officials had crossed their point.

It's all right to be smart, but there's danger in being too smart.

**Nothing Impossible**

Two hundred scientists gathered at Stuttgart, Germany, discussed the possibility of travel from the earth to other planets within the lifetime of the present generation. They also discussed the possibility of launching a man-made satellite in space as a way of communication between the earth and other planets. The conference illustrates how far the thinking of man has advanced in the last fifty years.

When automobiles came out few people regarded them as more than a passing fad or envisioned the change that they would make in our lives. The invention of the airplane was regarded as a hoax in some sections of the world even when reliable newspaper reports told of the exploits of the Wright brothers.

"Impossible" is a word which is fast departing from the vocabularies of scientists. Laymen are also much less skeptical as to discussion of travel to other planets. Accounts of such discussion are now received without jeers and derision by the reading public.

**Woman Saves A Man From Burning Boat**

COCOA (AP)—When a 50-foot boat caught fire in Indian River eight miles south of Cocoa Sunday, a woman in a rowboat rescued the two men aboard.

Mrs. Marion Whaley saw the burning boat from her riverfront home and went out in a rowboat with an outboard engine to rescue John Clement, Punta Gorda, owner of the craft, and Ed Davis, Arcadia.

Clement said he bought the boat, John C. in New Smyrna Saturday for \$8,500 and planned to take it to Punta Gorda to be used as a shrimp boat. He said there was no insurance.

Clement believed the fire started from a spark created by the clutch.

**THE WORLD TODAY**  
 By JAMES MARLOW

WASHINGTON (AP)—Benjamin Fairless expresses the concern of many people who have looked at union-management relations in the country and think it's time they were better.

Fairless, president and chairman of the Board of Directors of the U. S. Steel Corp., thinks organized labor and management should improve their relations by themselves before the government does it for them in a way they won't like.

Fairless has just come through a blazing steel strike which climaxed a dispute that started with the 40 steelworkers last fall and worked its way up through federal, state and federal courts to the White House and the Supreme Court.

In a speech last week Fairless said it was high time the unions and management tried to work out their problems with a minimum of government interference. He said:

"The American people are impatient but they will not sit by for ever and permit strikes to endanger our national defense, to impede our industrial progress and to wipe out the savings of thousands of workers, many of whom in some cases are not directly involved in the controversy."

Fairless was talking of this growing realization:

"The more labor and management turn to the government for special favors or intervention or laws against each other, and the more the government steps in—labor may win a round today, management tomorrow—the deeper the government becomes involved in the lives and activities of both."

Each time it happens both sides have lost some of their old freedom. The longer this continues, the more everyone is conditioned into expecting and accepting government intervention. Still, no one likes to think of the ultimate government action: a ban on strikes.

Fairless said:

"Ultimately the force of public opinion is going to compel drastic action in Washington—action which will only result in the further suppression of our precious liberties."

Opposing a ban on strikes in a national emergency, Fairless said "That way, I think, lies slavery, and I do not see how any thoughtful America can support such a proposal."

"Elsewhere we hear an increasing demand for government arbitration of labor disputes. That way, I believe, lies the eventual nationalization of industry and the murder of free enterprise."

**Legal Steps Planned By Church Of Christ**

ROME (AP)—American Church of Christ leaders said today they planned court action against a police ban on their Protestant services in this seat of Roman Catholicism.

Clas H. Paden, Brownfield, Tex., who heads the Rome Church of Christ, said, "We will do whatever is necessary to bring out case before the courts."

Paden's ban against the sect in Italy was climaxed Sunday when worshippers defying the ban were barred by police from the church rooms in a Roman villa.

Later the services were held secretly in the home of a member whose name Paden declined to disclose because it "might hurt him."

Today a Church of Christ delegation called on the Italian ministry of interior to ask quick and favorable action on an application to hold services in Rome. Paden said the application was submitted last week.

**AFL Convention**

Byline from "The Deal" day into the operation of some New York locals which reportedly have ex-convicts as officers.

The Executive Council's report said that while Congress has proposed an effective wage control program, it has shown "complete disregard" for its obligation to maintain equally effective price control.

The facts on the record," the report said, "make crystal clear the conclusion that the Congress has foisted upon the wage earners a shoddy price control program."

**BYRNES TO INTRODUCE IRR**

COLUMBIA, S. C. (AP)—Gov. James E. Byrnes will introduce legislation when the Republican presidential candidate speaks here Sept. 30. It will mark the first time any presidential candidate ever has campaigned in South Carolina.

Douglas McKay, chairman of the South Carolinians for Eisenhower, announced Sunday that Eisenhower would speak from the State House steps and afterward would be a dinner guest of Byrnes in the governor's mansion.

**Egypt May Decide Whether To Have Republic Or King**

CAIRO (AP)—The weekly newspaper Hara El Youssef said today a petition has been presented to Maj. Gen. Mohamed Naguib's headquarters asking that Egyptians be given a chance to vote on swapping their monarchy for a republic.

The newspaper report capped several days of discussion in the Egyptian press on the idea of establishing a republic. Editorials suggested that the reform government of the strong man premier give the subject serious consideration.

Rosa El Youssef said a petition for a plebiscite to decide between the monarchy and a republic had been presented to Naguib's office by certain persons, organizations and parties. "An Army spokesman said he couldn't confirm the report but added 'all parties and other groups have the right to demand a republic if this is part of their program.'"

The newspaper said the Wafd Party, largest in Egypt, was considering whether to put establishment of a republic in their new party platform. Wafd sources said the report was premature, but conceded there had been "a strong pro-republic trend" among some Wafdist for several months.

Naguib forced ex-King Farouk to relinquish his throne July 2. The nominal ruler of the country now is Farouk's infant son, King Fuad II, who is with his father and mother, Queen Narriman, in exile in Italy. A regency council is acting in Fuad's stead.

**ACCEPT SECOND SPOT**

LOS ANGELES (AP)—State Sen. Jack B. Tenney, former chairman of the California State Senate Committee on Un-American Activities, has accepted the nomination for U. S. vice president of Gerald L. K. Smith's Christian Nationalist Party.

Tenney made his acceptance speech Sunday night before a crowd in the ballroom of the Baltimore Hotel. He was introduced by Smith, founder of the party.

The California legislator was nominated at a convention of the Christian Nationalist Party last week. Gen. Douglas MacArthur was nominated for President by the party but so far he has not acknowledged the nomination.

The party announced that it will conduct a write-in campaign in 41 states.

**More Relief From Hay Fever**

By W. V. Hitting Touchton Drug Co.

In the past year there have been greater developments of the antihistamine drugs and hay fever victims should get more relief from drugs.

(One of the newer types marketed recently affords an average of 19 hours relief from a single dose without the undesirable side effects encountered in using other types.)

Let a doctor prescribe the drug which is best suited to your individual needs.

Choose a friendly, dependable pharmacy for all your drug and prescription needs.

This is the third in a series of editorial advertisements appearing in this paper each week.

**City Paving**

(Continued From Page One)

congestion is heavy.

He pointed out that this is designed to break up traffic jams that have lasted as long as a half hour on that day. The experiment will be continued next Saturday, and the co-operation of the public in the matter is requested.

Patrolman C. C. Dodson, who was assigned by Acting Police Chief Roy Tillis, to enforce the new Saturday rule, said today that he had a much easier time with out-of-town drivers than with local citizens, pointing out that the local drivers seemed to pay less attention to the "no turn" signs on the clock.

Pedestrians were not confused by cars making left and right turns, he said, and 98 percent observed the green light in making crossings. Business men, he added, seemed to think the straight ahead traffic rule is a good one.

Most of the critics of the new rule were citizens watching from the sidewalk as Dodson patiently stopped or guided motorists who failed to note the "no turn" sign. Today the sign reads "no turn on red."

**OLD PLANE LEANS FLIGHT**

LONDON (AP)—An aged World War II fighter plane proudly led a parade of speedy jets over London today in the annual "Battle of Britain fly-past" commemorating the 1940 RAF victory that broke the back of the Luftwaffe.

The lone 1940 Hurricane fighter, piloted by an RAF veteran, flew over at 184 miles per hour at the head of a formation of 213 fighters and bombers. Seven minutes later, Britain's new super-sonic fighter, the Hawker Hunter, rocketed over at about 700 miles per hour.

## Social Calendar

**MONDAY**  
The Gamma Lambda Chapter, Delta Sigma Phi, will meet at 8:00 p.m. with Mrs. Wight Kirtley, 2402 Myrtle Avenue.

**TUESDAY**  
Sanford Lodge No. 62, F and AM will confer the Fellowship Degree at 8:00 a.m. at the Masonic Hall.

The Woman's Missionary Union of the First Baptist Church will meet at 2:00 p.m. at the church for a program on state missions. The Unity "Truth" Class will meet at the Valdez Hotel at 7:45 p.m. "The Sermon on the Mount" by Emmett Fox will be studied and the public is invited to attend.

The board of the Seminole High School Parent-Teacher Association will meet in the Student Council room at 2:00 p.m.

The Fidelis Class of the First Baptist Church will meet with Mrs. D. K. McNabb, 618 Elm Avenue, at 8:00 p.m.

**WEDNESDAY**  
The Woman's Missionary Union, assisted by the Royal Ambassadors, girls' auxiliary, and brotherhood will present a program on state missions at the First Baptist Church.

The Seminole County Council, Parents-Teacher Association, will meet at the Geneva School from 10:00 a.m. to 12:00 noon. Mrs. R. W. Williams, president, requests that all local presidents, delegates and other interested persons be present for this first meeting of the school year.

## Personals

Miss Didi Cole left recently for the University of Florida in Gainesville.

Mr. and Mrs. W. E. White left yesterday to visit relatives in Tennessee and Maryland.

Miss Gretchen Kirchhoff left on Saturday to enter Sullivan in Bristol, Va.

Miss Sue Collum left over the weekend to resume her studies at the University of Florida in Gainesville.

Mr. and Mrs. J. B. Ekern have left for New Smyrna Beach to spend a week.

Mr. and Mrs. M. L. Raborn Jr. plan to leave tomorrow for Tampa to spend the day.

Randall Goff has left for Boston to study at the Massachusetts Institute of Technology.

E. C. Harper Jr. left over the weekend for Gainesville to resume his studies at the University of Florida.

Miss Carolyn Patrick plans to leave tomorrow by plane from Orlando for Duke University in Durham, N. C.

Mr. and Mrs. Fred Kirchner returned on Friday night after spending two weeks in Hendersonville, N. C.

Friends will be glad to learn that Mrs. Fred Ball is resting nicely at the Holiday House Hospital in Orlando.

Mrs. Cassandra Schultz has returned to Sanford from Tampa and is making her home at 309 Park Avenue.

Mrs. T. C. Blaisdell has returned to her home on Oak Avenue after spending five weeks at Indian Rocks Beach on the Gulf.

Miss Nair Kirchhoff left today for Williamsburg, Va. to enter the senior class at William and Mary College.

Miss Arlene Jacobson is expected to leave tomorrow to resume her studies at Duke University in Durham, N. C.

Mr. and Mrs. B. J. Whitner have as their guests Mr. Whitner's brother William Church Whitner of Pittsburgh, Pa.

Mr. and Mrs. Richie Klaus have arrived from Memphis, Ga. and are guests at the home of Mr. and Mrs. D. B. Watkins on Palmetto Avenue.

Friends will be glad to learn that Dr. J. C. Gibbs is getting along nicely following an operation yesterday morning at the Florida Sanitarium.

Jerome Kent of 1900 Palmetto Avenue has received his diploma from the University of Michigan at Ann Arbor with a Bachelor of Science Degree.

AGE Elmer B. Foudren and Mrs. Foudren and son Steven left today for Wadena, Miss. to visit Mrs. Foudren's grandparents, Mr. and Mrs. W. B. Rateliff.

Mrs. S. M. Van Hook and Mr. and Mrs. McKay Truluck have had as their guests for several days, Mr. and Mrs. R. W. Bennett of Babco Park.

Mr. and Mrs. George Swank have returned to their home at 1406 Magnolia Avenue after a month's vacation visiting relatives in the Mid-western and Northern states.

Mr. and Mrs. William M. Blaisdell and two children, Christy and Barrie, of Arlington, Va. were the guests of Mrs. T. C. Blaisdell and Mrs. C. E. Dawson last Thursday and Friday.

The Rev. and Mrs. A. G. McInnis and daughter Carolyn have returned from South Carolina where they visited relatives. Angus McInnis accompanied them on their vacation and has now gone to Davidson College in Davidson, N. C. to enter his senior year.

Mr. and Mrs. Richard T. E. Walker are now residing at 326 Northeast Sixth Street in Gainesville where Mr. Walker is a student at the University of Florida.

## South Side Pupils Celebrate Birthdays

First graders of South Side School, celebrating birthdays this month were honored with a party at 11:00 a.m. on Friday in the auditorium. Mrs. C. Mitchell, principal, directed the event.

A short program consisted of the singing of "Happy Birthday" in unison; "Jesus Loves Me" by Laverne; and "Jesus Loves Me" in Spanish by pupils of Mrs. M. J. Morgan sang "Little Red Caboose" and pupils of Miss Ernestine Westbahl room entertained with the singing of "Big Spider".

Those celebrating birthdays are: First Grade: Rusty Row, Patsy Low Bennett, Susan Kaiser, Paulette Norman, Roy Symes, Terry Vandell, Juanita Fryer, Lyn Lowman, Joyce Trinn, Danny Dunn, Richard Strickland and Doris Blanton.

Ladies of the Harry Anna Circle of the Sanford Lodge 1241 of Elks present a \$435 check to Mrs. Othello Green, head nurse at the Harry Anna Home for Crippled Children, Umatilla, for use of little patients suffering from heart and circulatory diseases. Left to right are Mrs. Henry Thurston, Mrs. James Hoodless, Mrs. Joe McMenamy, Mrs. Jesse L. Ladd, and Mrs. John Cameron, president of the circle. The little patient is Nancy Robb of Sanford.

FROM THE FALL, 1952, collection of Anthony Blotta... the famous Blotta hip-hugger jacket with matching skirt in shadow blue Italian cut velvet. Large gleaming rhinestone buttons close the jacket front. The rounded full-length sleeves with a wavy pushed up cuff are a cutaway at the elbow. An iridescent, depthium-blue pure silk taffeta scarf wraps at the collarless neck-line completes the costume.

## Billy Smith Honored With Wiener Roast

Young Billy Smith was honored with birthday party on Saturday given by his mother, Mrs. William P. Smith, at their home at 440 Sumner Avenue. Billy celebrated his seventh birthday on Sunday. The young guests were invited for 4:30 o'clock to enjoy games and a wiener roast. Prizes for the winner in a peanut hunt were awarded to Rob Riser and "Chip" Crawford; a bean bag game was won by "Tex" Woodruff.

A delicious picnic supper including wieners and rolls, potato chips, pickles, olives and soft drinks was served by Mrs. Smith assisted by Mrs. Henry Wight. Those enjoying the party with Billy were Lawrence Piver, Bedford Allen, Bill Wight, Wayne Epps, "Tex" Woodruff, Rob Riser, Handy Jones, Frank Roumillat, Harry Brown and "Chip" Crawford.

Treat fruit and berry stains at once, if possible; they are hard to remove after they dry. Boiling water (if it will not harm the stained material) or sometimes even warm water will remove most fruit stains. It is best not to use soap in treating the stain, as alkalies in the soap set some fruit and berry stains. Use the same methods for removing stains from cooked fruits and berries as from fresh.

You can prepare a delicious sandwich filling from rock lobster tails. Boil the lobster tails, then remove and dice the meat; mix with diced celery, sliced olives, and mayonnaise; season to taste.

A heaped-up plate is discouraging to a toddler. Put just a small amount on his plate and let him ask for second helpings.

Mr. and Mrs. B. J. Whitner have as their guests Mr. Whitner's brother William Church Whitner of Pittsburgh, Pa.

Mr. and Mrs. Richie Klaus have arrived from Memphis, Ga. and are guests at the home of Mr. and Mrs. D. B. Watkins on Palmetto Avenue.

Friends will be glad to learn that Dr. J. C. Gibbs is getting along nicely following an operation yesterday morning at the Florida Sanitarium.

Jerome Kent of 1900 Palmetto Avenue has received his diploma from the University of Michigan at Ann Arbor with a Bachelor of Science Degree.

AGE Elmer B. Foudren and Mrs. Foudren and son Steven left today for Wadena, Miss. to visit Mrs. Foudren's grandparents, Mr. and Mrs. W. B. Rateliff.

Mrs. S. M. Van Hook and Mr. and Mrs. McKay Truluck have had as their guests for several days, Mr. and Mrs. R. W. Bennett of Babco Park.

Mr. and Mrs. George Swank have returned to their home at 1406 Magnolia Avenue after a month's vacation visiting relatives in the Mid-western and Northern states.

Mr. and Mrs. William M. Blaisdell and two children, Christy and Barrie, of Arlington, Va. were the guests of Mrs. T. C. Blaisdell and Mrs. C. E. Dawson last Thursday and Friday.

The Rev. and Mrs. A. G. McInnis and daughter Carolyn have returned from South Carolina where they visited relatives. Angus McInnis accompanied them on their vacation and has now gone to Davidson College in Davidson, N. C. to enter his senior year.

Mr. and Mrs. Richard T. E. Walker are now residing at 326 Northeast Sixth Street in Gainesville where Mr. Walker is a student at the University of Florida.

## HOLLYWOOD

By BOB THOMAS

HOLLYWOOD—What's it like to be married to Errol Flynn? Patricia Wynore, the third Mrs. Flynn, says that she and her venturesome husband get along just dandy. This, despite the almost continuous hissing of the gossipers who have tried to tell a knell for the latest Flynn marriage since it began almost two years ago.

"That's right," painted Errol between strenuous dance rehearsals for "She's Back on Broadway." "It'll be two years next month, and I guess a lot of people didn't think it would last that long."

"But we get along fine. We have a lot of laughs when we're together. And we're together a lot more than people think. Although we've both done a lot of traveling, we've never been apart more than a week or so. At least we weren't until the picture that Errol's making in England, 'The Sea Breeze.' We'll be separated four months this time and that's tough to take. But I'll be seeing him soon, either in England or at our other home in Jamaica."

The Kansas-born redhead seems a good match for Flynn, she also is an active individual and appears to have a wonderful sense of humor. "In another year or so, I hope we can coordinate our travels," she remarked. "By that time I should be able to work it so I only have to work half a year and so will Errol. Then we'd like to spend six months in Jamaica and six months here."

"Whatever happens, I want to keep working. I'm a dancer and I can't stand to be idle for long. After a few weeks of doing nothing, I feel the need to get my body in shape again."

Recalling the courtship, she said Flynn had been a bit of a flirt. They had known each other only three months before they were engaged. That was during the location of "Rocky Mountain" and when Flynn was supposedly going to marry Frances Gifford, and what happened for her?

"He proposed to me on a wind-swept hill," she remembered. "Very romantic. Then he called my parents in Kansas and said 'May I have the honor of your daughter's hand in marriage?' My parents thought we were out of our minds."

"They were a little concerned, but after they met Errol they were delighted with him. They've been happy about us ever since."

Patricia admitted that she and Flynn have an occasional squabble, but it's never very long or very hot. "So much for love, an Hollywood couple!"

## SENECA MEET CANCELED

Seminole Chapter No. 2, Order of Eastern Star, will not meet Thursday night as previously scheduled, because of redecoration and renovating of the Masonic Hall will not be completed by that time.

Mrs. Leona McInnis, worthy matron of the chapter, announced that the meeting scheduled for the first Thursday in October will be held, however.

## HAPPY BIRTHDAY

# Yankees Win Again To Head For Pennant; Dodgers Lose

## Giants Miss Big Opportunity To Make Threat And Indians Fold Seven To One

By JOE REICHLER  
AP Sports Writer

The New York Yankees appear to have wrapped up the pennant. The fast-fading Brooklyn Dodgers are ready to be taken but the New York Giants haven't the guns with which to do it.

That was the picture today following Sunday's activities which saw the Yankees win "the big one" from the Indians in Cleveland and the Giants miss a grand opportunity to cut deeper into the Dodger lead.

With southpaw Eddie Lopat and righthander Allie Reynolds collaborating in fine style, the Yankees whipped the Indians, 7-1, to increase their American League lead over the Tribe to 2½ games. New York has 11 games left to play and Cleveland 10.

Although shut out 4-0 by the Cincinnati Reds, the Dodgers were able to retain their three-game National League margin over the runner-up Giants when the third-place St. Louis Cardinals drubbed the New Yorkers, 14-4. The Brooklyn Giants and Cards each have 12 games left to play. The Cubs trail the Dodgers by seven games and the Giants by four.

In other results, the Philadelphia Phillies swept a twin bill from Pittsburgh, 5-2 and 2-1. Boston's Braves and Chicago's Cubs divided a doubleheader, the Braves winning the opener 1-0, and the Cubs taking the second game 3-2 in 10 innings.

Philadelphia's Athletics took two from the St. Louis Browns, 10-5 and 3-1; Washington whipped the Detroit Tigers, 5-2; and Chicago's White Sox nipped the Boston Red Sox, 4-3 in 17 innings.

Casey Stengel wouldn't call his Yankees "in" and Al Lopez wouldn't count his Indians "out" but the cold facts state plainly that if the Yankees win only six of their remaining 11, the Indians must win eight to tie the lead. Lopat and Reynolds limited the Indians to nine hits. Lopat was given credit for the victory. Mike Garcia, who hadn't been scored on in 30 innings, gave up four runs in the third inning during a four-hit barrage to be tagged with his 10th defeat. He has won 20.

A pair of rookies with less than a month of major league experience were the culprits in the defeats of the Dodgers and Giants. A grand slam homer by Jim Greengrass, the first homer of his big league career, accounted for all the Cincinnati runs as Herman Wehmeier stopped the Dodgers with six hits.

An 11-run explosion in the fifth inning snuffed a 3-3 tie and enabled the Cardinals to administer the defeat to Dave Koso, an old nemesis. Harvey Haddix, 26-year-old southpaw, on terms of leave from the Army, went the distance for the Cards, permitting only four hits.

Curt Simmons and Russ Meyer each racked up his 12th win of the year as the Phils came from behind to beat the Pirates twice.

A two-out ninth inning homer by rookie Ed Mathews gave the Braves a first-game victory. Bob Schult made it a split for the Cubs, helping to win his own game with a run-scoring double in the 10th of the nightcap.

The White Sox hiked their third-place lead in the American League to a full game over the Athletics when Rube French singled with the bases loaded in the 17th to score Sam Mele with the winning run against Boston.

The Athletics moved past the Red Sox into fourth place with their two victories over the Browns. Southpaw Bobby Shantz and Alex Kliner pitched the triumph.

Con Marrero won his 11th as Gray and Hal White for 13 hits. It was the 94th defeat for the Tigers, the most defeats ever suffered by a Detroit team.

Gene Tucker, center, receives the B. L. Perkins and Son trophy for winning the City tennis championship this year for the third straight year. B. L. "Brack" Perkins, Jr., right, presents the coveted award. B. L. Perkins, Sr., left.

## Touch Gridders Open Sports At Grammar School

Touch football will inaugurate this year's broader athletic program at the Sanford Grammar School, Principal B. C. Steele said today.

"About 280 students at the Grammar School will take part in one or another of our school athletic events, and that includes the girls too," he declared.

Steele outlined his program by saying, "We will start with our boys' touch football. Then the basketball season will follow with round robin tournaments for both girls and boys. Baseball and marbles will end the athletic schedule at school in the spring."

Touch football will begin soon with teams made up of the different rooms in the Grammar School and Junior High School competing against one another. This will be similar to last year's basketball setup, Steele said.

"The future of sports at our school and in Sanford is looking up," he said when asked about the prospects for the coming year.

"It was a great break for Sanford when John Scott, the new high school basketball coach was signed. I hope we can work out a clinic program with the high school coaches coming to our schools and helping the boys with the fundamentals in basketball, football and baseball.

Steele smiled when he began reflecting upon the youngsters he is training and had sent to the Junior High School this year.

"Gordie should have some pretty fair experts this year in Jimmy Wright, Keith Alney and Lawrence Howard. They began showing signs of good team play in our round robin basketball tournaments last winter."

Steele agrees with Scott's statement that Sanford should have good athletic teams. "You know what we need in Sanford," he said. "A full time athletic director to spend more time with these youngsters. I really don't have time to do them justice."

"They could be advanced further along if some one could assist and teach them, stimulating their interest and at the same time developing them for the high school."

Steele returned to this year's program again and predicted that this year he would have an even better program to offer the youngsters. "My main objective is to let every boy and girl get a chance to play and that's what I intend to do," he concluded.

Steele returned to this year's program again and predicted that this year he would have an even better program to offer the youngsters. "My main objective is to let every boy and girl get a chance to play and that's what I intend to do," he concluded.

## B. L. Perkins Net Trophy Is Awarded To "Gene" Tucker

Gene Tucker, who won the City men's single championship for the third straight year last month, was awarded the coveted Perkins title trophy by B. L. Perkins, Sr., and B. L. "Brack" Perkins, Jr., at their men's store on First Street last week.

Tucker's victory this summer was a particularly significant since Clay Williams, the runner-up, fought an even tenor for two days and a pair of extra sets before Tucker finally emerged the victor in the final.

Williams will receive a runner-up trophy from Robson's Sporting Goods, 23-3.

The Tucker-Williams clash began on a Saturday afternoon with both players spilling the regulation set. They played to a 6-0 draw in the overtime match before rain and exhaustion forced them to retire for the day. On Sunday Tucker dropped Williams 6-3 in the all important rubber tilt which clinched the championship for the third consecutive year in Sanford.

The final match culminated over six weeks of tourney play in which over 30 men were entered. Women's singles and doubles were not played this summer in the tournament.

There is nothing concrete to support the belief, even after several recent conversations with the two players and with Kramer, but it still is something more than a hunch that the fans of this country are seeing the two great Aussies for the last time as amateurs.

Kramer, for one thing, is so confident that the big payday is in sight that he does not even plan to return to Australia this fall to give the two world champions another sales talk.

For another thing, Mrs. Nell Hopman, the charming wife of the Aussie's cup captain, says she thinks the pair will go for the money, too. Although it is extremely doubtful that "Elphal Harry" would tell his own wife the time for the day, Nell has at least been around the boys all summer and should be in position to make a shrewd guess.

Perhaps the most telling factor of all, in our opinion, lies in the abrupt alteration of circumstances since Sedgman accepted the \$12,000 wedding gift from the Australian tennis public last January for not turning pro. At that time the Aussies felt it would be little short of a national disaster to lose their Davis Cup ties. After the coming cup defense, Frank will be able to tell them in sweet reasonableness that they no longer need him, and thanks for everything. McGregor, of course, is under no obligation whatever.

## 30,000 Fans Are Anticipated For First Miami Game

More than 30,000 fans are expected to jam the Orange Bowl Stadium tonight to see the University of Miami Hurricanes in their 1952 preview game against the powerful Golden Arrows of Fort Jackson, S. C.

The game is being staged for Florida Sports Writers' Monday Sportcasters who will convene at the University of Miami, today and tomorrow. However, anyone joining the Quarterbacks club for \$1.00 will be admitted to the game free of charge. The membership in the club are going like wild-fire, it was reported today by officials of the Quarterbacks club.

"We drew close to 30,000 members for the game last year, while there is greater interest this season, because of the brilliant game Port Jackson waged with Miami in the 1951 clash," Babcock said. "It is virtually certain now that we will draw more than 30,000 for the game Monday night," Babcock reported.

It is almost a certainty now that the starting Hurricane offensive line will have John Mclear at quarterback with Bobby Taro at left half, Gordon Malloy at right half and chunky Bud Constantine, he wild running bull of the Hurricane backfield, a fullback.

The Hurricane offensive line is expected to have Frank McDonald and Joe Crowley at the flanks, Dan Tassotti and Joe Schultz at tackles; Nick Chickillo, the Hurricane's all American candidate, and Don Marriotto at guards and the veteran Armand Vari at center.

This line has been working together since practice opened this fall and has been working together in all of the Hurricane scrimmages to date.

The line averages 198 pounds and the backfield 175. This team should face a giant Jackson club which has a line averaging 177 pounds to the man and a backfield averaging 185 pounds to the man.

over our new cup captain, Vic Seixas, in the Nationals at Forest Hills. And it took Sedgman to knock Hood out of that tournament.

Sedgman and McGregor will be able to take their leave with easy consciences after the Adelaide matches.

## 3 Big SEC Teams Will Open Season On Next Saturday

Possible Mayhem Is Seen In Atlanta As Tech Meets Citadel

By STERLING SLAPPY - Associated Press Sports Writer

Two of the Southeastern Conference's three powerhouse football teams open the season this weekend but neither is expected to do more than run off a dress rehearsal for greater things to come.

Georgia Tech — third ranked team in the nation in the Associated Press pre-season poll — turns out a fleet of five of the best runners in the SEC against the Citadel.

The result in Atlanta Saturday can be mayhem, a rout or a respectable and comfortable victory for the Yellow Jackets—depending on what Coach Bobby Dodd wants. It's a safe bet that Dodd won't let the Jackets run up too much of a score—no against the team of his old friend, Quinn Decker. Decker fullbacked the 1950 Tennessee team which had Dodd at quarterback.

Tech backs, who as a group would be hard to beat, are Leon Hardeman, Larry Ruffin, Glenn Turner, Bill Toss and Larry Morris.

Another running team—Mississippi—aims at Memphis State in Memphis Friday night but Ole Miss' job should be harder than Tech's. Mississippi spreads out more than usual in a split T formation and goes in heavily for optional run of long lateral plays generated by Quarterback Jimmy Lear.

Lear can run or throw and often does both at the same time. He has plenty of company, especially from fellow back Allen Multhead and Tackle Kline Gilbert who usually is nearby when a timely block is needed.

Mississippi was picked third by coaches in the SEC.

The second ranked team, Tennessee, doesn't open until Sept. 27. While those high rankers start against smaller opponents, L. S. U. Georgia and Vanderbilt get started in much bigger ways.

L. S. U. has the unpleasant task of trying to whip Texas, one of the best teams in the country. The game will be Saturday night on

## Feds Start Sale Of Season Grid Ducats

Season tickets for five Seminoles High School football games this fall went on sale Friday afternoon at Touchman's and Roumillat and Anderson's First Street. It was announced today by principal Herman E. Morris. Simultaneously, tickets, were issued to students for a selling contest at 5 P.M. Simultaneously tickets, complete with stubs, will cost only \$1, a saving of \$1 for the season. Meanwhile, injuries have slowed down the Colby Fed Grid girls. Coach Fred Ganas reports the team is not progressing as fast as he would like.

## Paul Pezold Leads City Bowlers With 170 Average, Appleby 2nd

Ageless Paul (the Kingfish) Pezold is re-enacting his bowling pre-eminence of 20 years ago as the first two-week averages of the City Bowling League reveal he is the undisputed "King Pin" among the individual players with a 170.3 average.

In the first six games, the Stanley - Rogers veteran has leveled 1023 pins to lead all other players and his 225 game of last Wednesday night is the highest individual performance in the league this season.

Carl "Hot Shot" Von Herbulis, last year's top bowler in Sanford, playing for Elme Machine Company, staged the greatest gain last week with a 570 set total that brought him up from 20th in the circuit, at 140, to No. 3 man with a respectable 167.2 percentage.

Harold Appleby, who was the leader the first week with an impressive 181 average, fell to second place last week with 188.3. The Post Office bowler is also second to Pezold in the total number of points with 1011. Von Herbulis is third and the only other player to crack the 1000 mark with 901.

Although Colony City leads the City circuit, their top bowler is Pete Eitel, the ninth ranking player, with 160 average.

The City League will play again on Wednesday night at 7:30 p.m. in the Sanford Bowling Alley.

MIAMI — Florida sports writers and sportscasters went deep sea fishing today as part of their three-day fall meeting and outing. Among those attending the convention is Kent Chelmin, sports editor of the Sanford Herald.

The were guests of the American Greyhound Track Operators on a trip to fishing grounds off Miami before assembling for a business meeting late in the day and the exhibition football game between Ft. Jackson, S. C. and the University of Miami Hurricanes tonight.

Tuesday they compete in the sixth annual golf tournament at Riviera Country Club and will be entertained at a luncheon sponsored by the Mahi Shrine Temple all-star football game committee. Sunday night they were guests at a dinner sponsored by the Orange Bowl Committee and Hialeah race course.

The group will receive nominations for the state's outstanding amateur and professional athletes of the year at the business meeting today. Joe Livingston, sports editor of the Jacksonville Journal and president of the Florida Sports Writers Association, will preside.

EIGHT STATES — (Special) — Eight states are represented on the 1952 Florida State University football team. They are Alabama, Florida, Georgia, Indiana, Kentucky, Ohio, Pennsylvania, and West Virginia.

DON VELLER — (Special) — Florida State University's four-year football record under Head Coach Don Veller is 30 wins, four losses, no ties.

### Sanford Stars Down Local Air Base, 9-1

Sanford's Recreation All-Star softball club bounced back after their initial defeat in the Orlando Invitational tournament to defeat the class B Orlando champion Sanford Naval Auxiliary Air Station nine by a convincing 9-3 score last Friday night in Exposition Park.

The local All-Stars pounded Navy hurler Chuck Graves for seven hits four-run outburst in the first and sixth innings. Red Hires spun a nifty five-hitter to record his third win in the tourney an against one setback. The loss dropped the Airman out of the tourney.

The All-Stars advanced to the quarter-finals of the lower bracket and played again on Saturday night.

## Truman Rises To Defense Of Medical Plan

### President Says Compulsory Health Insurance He Plans Is Not Socialism

By ERNEST B. VACCARO  
PHILADELPHIA (AP)—President Truman today described opponents of compulsory medical insurance as "socialists" and "go back to the horse and buggy days."

The President declared "it is a job for all of us" in bringing medical and health services to the people at a price they can afford to pay.

"I would not call such a good 'socialism,'" Truman said "I would call it a goal of enterprise-American enterprise."

Truman didn't mention the Republican presidential nominee by name in a speech prepared for a luncheon of the American Hospital Association in Convention Hall.

But he quoted language used by Eisenhower in New York Sunday opposing Truman's medical insurance plan. Eisenhower advocated, among other steps, "locally administered indigent medical care programs."

Truman came here by train from Washington for the address, billed by the White House as "non-political."

While he didn't mention compulsory medical insurance in so many words today he declared:

"You can't make the best medical care available to every body, as it should be—unless there is some way for people to pay for it."

Truman's national health program, embracing prepayment of medical, hospital, laboratory and even some dental costs by increases in social security payments, has kept a controversy going between him and the American Medical Association (AMA) for seven years. Eisenhower called it a move toward "socialized medicine."

The President told the hospital group that the health plan is "of first importance" to the general welfare and added:

"That is why, ever since I have been president, I have recommended that we have a health plan."

## Dog Comforts Master In Crash

BOXER 'PAL' licks the face of his master, John Cobb, 24, after a head-on collision of cars near Westbury, N. Y. Cobb was one of four injured. At right, James Siewierski, 42, is comforted by his wife, Florence (wearing bandanna), and others. (International Soundphoto)

## Legion Officers Are Installed In Impressive Rites

### R. Z. Johnson, Jr. Becomes Commander; Cordell Honored

Officers of Sanford Post 53, the American Legion, and its Auxiliary were installed in impressive ceremonies last night at the Legion Hall before a packed house. In addition to members, the affair was attended by district officers and guests from neighboring posts.

R. Z. Johnson, Jr. was installed as the new post commander, and Mrs. C. E. Hunter as the Auxiliary president.

Other post officers seated are as follows: George Mayberry, first vice-commander; Gordon Fredericks, second vice-commander; Eugene Stovall, third vice-commander and assistant adjutant.

R. W. (Bob) Deane, finance officer; E. A. (Dick) Monforton, chaplain; L. P. Boyle, service officer; Earl T. Loucks, historian; Jim Singletary, adjutant, and A. Dave Brown, sergeant-at-arms.

Other auxiliary officers installed are as follows: Mrs. J. M. Garrett, first vice-president; Mrs. Roy Tillis, second vice-president; Mrs. W. Elder, corresponding secretary; Mrs. C. P. Proctor, recording secretary.

Mrs. B. L. Miller, treasurer; Mrs. W. J. Hartley, Longwood, chaplain; Mrs. Lena Hammond, Longwood, historian, and Mrs. Jack Kanner, sergeant-at-arms.

R. H. (Dick) Kady, 8th district commander from Mt. Dora Post 35, was installing officer for the post, while Mrs. Charles D. Webster, 8th district president, installed the officers of the Auxiliary.

Both Mrs. Webster and J. D. Cordell, out-going commander, were given ovations as they left their offices. Mrs. Tillis presented a gift to the out-going president from the auxiliary, while Kaylie Housholder presented Mr. Cordell with a Sanford force to participate in the airplane spotting duty.

During a series of brief speeches, O. E. Weaver, Altamonte Springs, with district officers, and Mrs. W. J. Elder, Altamonte Springs, with district officers, presented the post. He is attempting to make a Sanford force to participate in the airplane spotting duty.

Among those present were Mack N. Cleveland Jr., appearing for Harry Robson who was also present; Mr. and Mrs. T. J. Judd; Montez Harris; and Prof. J. N. Crooms.

Mr. Cleveland pointed out that Mr. Robson had purchased the Fireman Building in which his sporting goods store is located for \$15,000 and that its assessed value by the City is \$22,040. He pointed out that such assessments are generally about half of the value as determined by sale value of the property.

Mr. Robson, in turn, stated that the building required much repair work. Florida Fashions, which occupies the upper floor, and one store downstairs, plan to vacate the building soon.

Mr. and Mrs. Judd presented valuations on four single family and one duplex house which they erected several years ago at Park Avenue and Fourteenth Street.

Montez Harris, retired colored school teacher, protested an increase in appraisal of her house at 14 East Third Street, a very old building, on which she had spent more than \$600 for asbestos siding. City Clerk H. N. Beyer pointed out that due to millage reduction her taxes were \$5.00 lower than in 1947.

Prof. J. N. Crooms protested a \$3.40 annual increase in taxes on his home at 812 Sanford Avenue, and increase of appraisal due to adding a toilet room.

David Miller of the Hunt Lincoln-Mercury Motors Co. told the commissioners that during excavations for the foundations for a new home in the 2400 block on Palmisto Avenue that a storm sewer and a water pipe were encountered. These, he said were not indicated on the deed to his property.

He was advised to present to

## Bill Kirk Buys Lot From City For New Building

### Chrysler Agency To Build Garage At Downtown Location

A \$100,000 offer by Bill Kirk of Bill Kirk Motors for the City-owned lot on the northeast corner of Palmetto Avenue and Commercial Avenue, for the purpose of erecting a new building for his Chrysler agency, was accepted last night by the City Commission.

Mr. Kirk announced that he will break ground for the building by the end of the month. The agreement stipulated by the Commission was that the sale is valid provided that the operations are started within 90 days.

The lot, with 80 feet frontage on Commercial Avenue and 104 feet on Palmetto, lies immediately east of the Greghand Bus Stop property owned by J. A. Calhoun.

Mr. Kirk, in making his offer, pointed out that two years ago he had offered \$3000 for the property, now used for free parking purposes, to the City, and that the vote of 2 and 2 resulted in the Commission, which later decided on further appraisal on the lot. He stressed the need of more business property as a means of raising more taxes, pointing out that there has been little construction of buildings devoted to business here lately.

The new building, he said, will be of six-story concrete block construction, with moderate glass front and will measure 50 by 100 feet in size. He declared that the lease on his present building at 1005 Sanford Ave. will expire in March. Coming here from West Palm Beach five years ago, he purchased the Chrysler agency at that time from Wight Brothers.

Meeting as an equalization board during the early part of the meeting, the Commission took under consideration appeals from a number of residents for lower tax valuations.

Among these were Mack N. Cleveland Jr., appearing for Harry Robson who was also present; Mr. and Mrs. T. J. Judd; Montez Harris; and Prof. J. N. Crooms.

Mr. Cleveland pointed out that Mr. Robson had purchased the Fireman Building in which his sporting goods store is located for \$15,000 and that its assessed value by the City is \$22,040. He pointed out that such assessments are generally about half of the value as determined by sale value of the property.

# Stevenson Is Expected To Hold Another Meeting With President; Eisenhower Probes Farm Program

## Democrats Hit For Failure To Devise Farm Plan Without Price Controls

By JACK BELL  
ABOARD EISENHOWER SPECIAL—Gen Dwight D. Eisenhower carried his campaign politically vital Minnesota today with a call for a "consistent" farm program.

Speaking before a crowd estimated at almost 3,000 persons at Albert Lea, the Republican presidential nominee accused the Democrats of putting the farmer "in the middle" by conducting price control and agricultural aid programs.

Cheered by his crowd-packed reception, in 13 appearance in Illinois and Indiana Monday, Eisenhower swung hard against the Democratic domestic and foreign programs.

He said that farmers were "caught in the middle" last fall when the Office of Price Stabilization (OPS) threatened to clamp price controls on hogs at the same time the Agriculture Department was saying that the over supply of hogs would prevent any price increases.

"As far as the Republicans we will be consistent," Eisenhower said "Having made a farm program we will not back and fill."

Eisenhower mixed his bid for the farm vote with an attack on Truman administration foreign policy.

Eisenhower's invasion of the Midwest in his serious-minded bid for the presidency evoked cheers from his campaign managers.

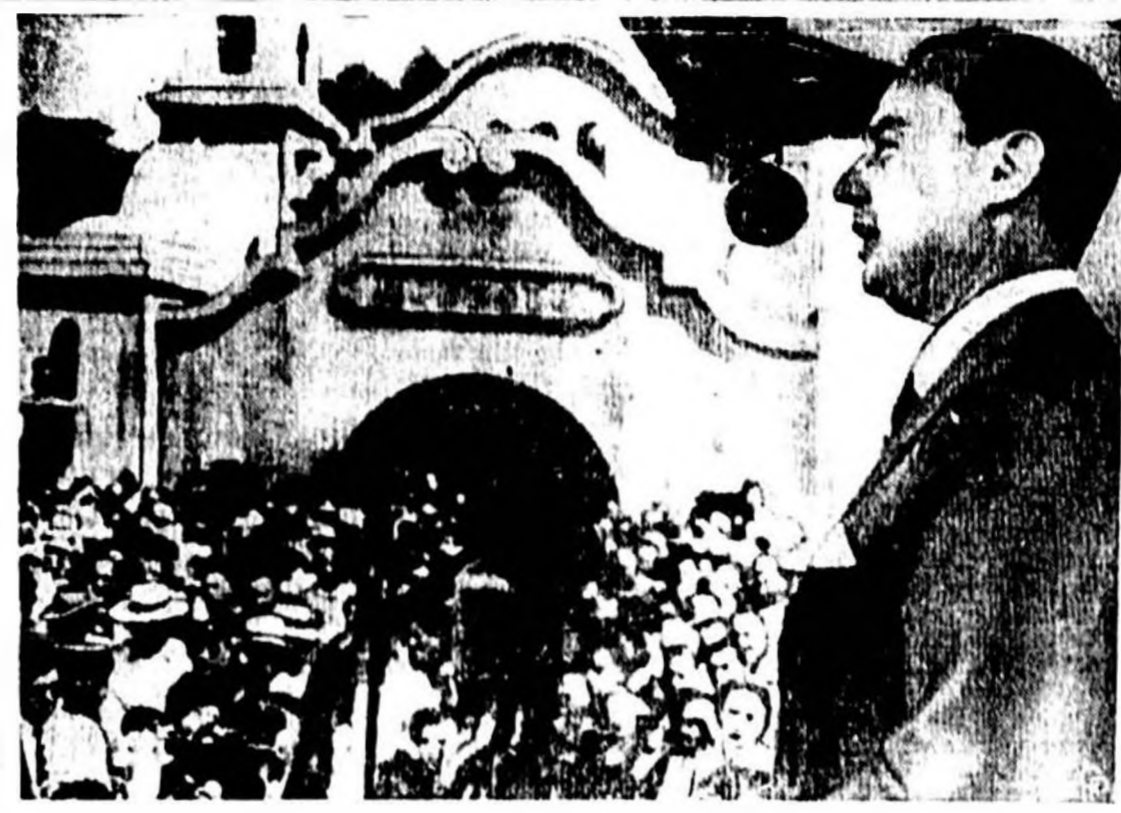

Arthur Summerfield, Republican national chairman, told this report that Eisenhower yesterday "was directly satisfied" with the impression the general made on about a quarter of a million persons who turned out to see and hear him in Illinois and Indiana yesterday.

Summerfield said Eisenhower will continue to deprecate the levity with which his Democratic opponent, Gov. Adlai E. Stevenson, has conducted his campaign.

## Governor Stevenson Campaigns In California

ON HIS WHISTLE-STOP TOUR of California, Gov. Adlai Stevenson, the Democratic Presidential nominee, addresses a train-side audience of about 3,000 persons at Albert Lea, Minn. Stevenson said that if the Republicans quit telling lies about us, we'll quit telling the truth about them. (International Soundphoto)

## Campaign Tour Covering Atlantic Seaboard Is Planned By Demo Nominee

By RILEY MOHR  
SPRINGFIELD, Ill. (AP)—Gov. Adlai Stevenson is scheduled to go to Washington Saturday, his headquarters announced today, and speculation arose about another meeting between the Democratic presidential nominee and President Truman.

Stevenson's campaign tour covering the Atlantic Seaboard Thursday.

An aide disclosed today that the governor will arrive in Washington by air at approximately 10 a. m. EST Saturday en route to the Marine Corps base at Quantico, Va. His son, Adlai III, is in officers training school there.

Stevenson will make what was described as a "non-campaign" talk at the Marine base and go on to Richmond, Va., for a speech there Saturday night. The talk has been described as a "non-campaign" talk at the Marine base and go on to Richmond, Va., for a speech there Saturday night. ## New Record Made In Korean War By Allied Air Force

### By MILO FARNETTI

SEOUL, Korea (AP)—The U. S. Fifth Air Force said Allied pilots set a new Korean War record for Communist planes destroyed in one mission when they shot down three MIG15s over North Korea and got belated confirmation of a fourth.

That raised the September total to 45 MIGs, with almost half the planes destroyed, including 41 MIGs and three propeller-driven warplanes caught on the ground.

In addition to the three MIGs destroyed one was damaged today. The Fifth Air Force also confirmed the kill of a MIG Sept. 4. Thirty six Red planes have been damaged.

## Lt. John A. Jones Is Reported Missing

Lieutenant John A. (Buddy) Jones Jr., 23, Sanford, has been reported by the Air Defense Command as missing after he took off from Tindall Air Force Base, Panama City, last Friday.

According to the telegram received yesterday by his brother, Ashby G. Jones, 1846 Palmetto Avenue, Lt. Jones was on a "local" routine training flight "when the weather deteriorated."

The telegram, bearing the name of General Benjamin W. Shilaw as the sender, further stated that all aircraft were recalled and instructed to proceed to Moody AFB, Georgia, which is the alternate landing field.

"Our brother was unable to contact Moody by radio," the telegram said, "and notified Tindall AFB that he was not positive of his position."

The Tindall control tower was directing him to Moody AFB, which was the nearest base, when Lt. Jones informed the tower his engine had failed. Immediately, radio contact was lost.

The Air Force is attempting to locate the aircraft.

Lt. Jones attended school here. His father, deceased, owned and operated the City Drug Co.

## Market Managers Convention Set In Winter Haven

Local market managers and their wives will meet at the Winter Haven Hotel for a convention on Oct. 15. The convention will be held in the ballroom of the hotel and will feature a luncheon, a business session, and a social evening.

The market managers are: Mr. and Mrs. J. W. Elder, Altamonte Springs; Mr. and Mrs. W. J. Elder, Altamonte Springs; Mr. and Mrs. C. P. Proctor, Sanford; Mr. and Mrs. B. L. Miller, Sanford; Mr. and Mrs. W. J. Hartley, Longwood; Mr. and Mrs. Lena Hammond, Longwood; Mr. and Mrs. Jack Kanner, Sanford; Mr. and Mrs. R. H. Kady, Mt. Dora; Mr. and Mrs. Charles D. Webster, Sanford; Mr. and Mrs. Roy Tillis, Sanford; Mr. and Mrs. W. Elder, Altamonte Springs; Mr. and Mrs. C. P. Proctor, Sanford; Mr. and Mrs. B. L. Miller, Sanford; Mr. and Mrs. W. J. Hartley, Longwood; Mr. and Mrs. Lena Hammond, Longwood; Mr. and Mrs. Jack Kanner, Sanford; Mr. and Mrs. R. H. Kady, Mt. Dora; Mr. and Mrs. Charles D. Webster, Sanford; Mr. and Mrs. Roy Tillis, Sanford.

## Copenhagen Is Riddled In Mock NATO Air Attack

### Fleet Maneuvers Are Conducted In Baltic By Allied Forces

By BIRGE FARUP  
COPENHAGEN, Denmark (AP)—British, Norwegian and Danish jet fighters "riddled" Copenhagen's defenses today in the first mock air attack during NATO's "Mainbrace" maneuvers.

The mock-battle attack lasted 60 minutes. Defense establishments outside the city were blasted by several waves of enemy "jet" planes, flying from the big Danish air base of Karup in Jutland.

Unpilot announced that the assault reduced by 50 per cent the fighting capacity of Copenhagen's coastal defenses.

A flotilla of "orange" warships meanwhile headed west toward Copenhagen from the Danish island of Bornholm in the Baltic Sea. Danish submarines supported by Norwegian motor torpedo boats were attacking the "enemy" ships.

The orange flotilla is scheduled to attempt to force its way through the vital international gateway of the Baltic, ought in order to "shell" Danish coastal fortresses.

Westward in the North Sea, U.S. planes claimed to have damaged an "enemy" sea raider in another phase of the big war games. A big international task force set air sea blows to eliminate the threat of a warship.

The 16 planes from the huge American aircraft carrier Frank B. Rowley, which is located in the Atlantic, were shot down by "enemy" vessels last night 50 miles from the task force. The role of the raider in this big naval exercise.

## Biggest Ike Button

### Arthur Knudhoff, One of 200,000, Made Largest Button

Arthur Knudhoff, one of 200,000 who made the largest button in the world, today announced that he had received a letter from President Eisenhower congratulating him on his achievement.

Knudhoff, a 40-year-old farmer, lives on a small farm near Joliet, Ill. He made the button as a hobby.

The button is made of a special material and is 10 inches in diameter. It is the largest button ever made.

Knudhoff said he had received the letter from the White House last week. The letter congratulated him on his achievement and said that the button was a fine example of American ingenuity.

Knudhoff said he was proud to have made the button and that he hoped it would be a reminder to all Americans of the importance of the Eisenhower administration.

## Bigger Athletic Program Is Seen For Local Schools

### Milwee Urges Lions To Work For School Amendment In Nov.

Plan for an expanded program of athletic in Seminole County was today outlined by members of the Lions Club by E. L. Milwee, superintendent of schools and principal of the Lyman School, Forest Hill, and by E. Fred Green, principal of the Lyman School, Forest Hill, and by E. Fred Green, principal of the Lyman School, Forest Hill.

The big problem facing the schools is a shortage of funds. The schools are in need of a new gymnasium building for the Lyman School, which is in need of a new gymnasium building for the Lyman School, which is in need of a new gymnasium building for the Lyman School.

Milwee urged the Lions Club to work for a school amendment in November. The amendment would allow the schools to raise money through a tax on the property of the schools.

Milwee said that the schools are in need of a new gymnasium building for the Lyman School, which is in need of a new gymnasium building for the Lyman School.

## Local Delegation Attends Meet At Silver Springs

### Three Members of Seminole County Chamber of Commerce

Three members of the Seminole County Chamber of Commerce, including Forrest Brockmeyer, manager of the St. Johns River Valley, and John H. Broun, owner of the Sanford Boat Works, left yesterday for Silver Springs to attend the meeting of the newly formed St. Johns Indian River Improvement Committee.

Scheduled to talk at the meeting concerning the proposed St. Johns Indian River Canal, was Col. H. C. Gies, consulting engineer for the Central and Southern Florida Flood Control District.

Mr. Lee Sunday termed the meeting to be of much importance to Sanford, Seminole County and the St. Johns River Valley, and declared that the people of this area should get back of the canal project.

"We are expecting a whooping meeting," said Mr. Lee with enthusiasm, and added that delegations are expected from Jacksonville, Palatka and other cities of north and central Florida.

He expressed confidence that the new organization will make much progress on the canal promotion idea under the vigorous leadership of Earl Brown, who has done so much to advertise Florida at national exhibits.

Sanford would have much to gain from such a canal, Mr. Lee declared, pointing out that large numbers of yachts would stop here en-route to Miami and the lower east coast, much money would be spent here on supplies and many persons of wealth and prominence would settle in this section as a result.

## Seminole Representatives Attend Political Caucus Held In Tampa

### By JIM PIRNER

Favoritism was expressed for Democratic candidates in the general election this fall at a caucus of the Florida House of Representatives at Tampa, according to the two local legislators, but definite opposition was expressed to two planks in the national Democratic platform.

Mack Cleveland Jr. and Volv Williams Jr., state representatives from this county, both stated the caucus approved a resolution to endorse all Democratic nominees from Adlai Stevenson, presidential candidate, on down the line.

However, proponents of carrying the blanket endorsement to the national platform ran into trouble. Dissension with the proposal was expressed because of two factors in the platform—the tidelands issue and the closure rule.

The policies as set up by the Democratic party intend to transfer ownership of tidelands border-
