 days

Advances beyond blind belief
 comes with the spiritual under-
 standing of God as changeless,
 available, and fundamental Truth.
 This will be explained at Christian
 Science services next Sunday,
 when the subject of the Lesson-
 Sermon will be "TRUTH."
 These words of Isaiah the Pro-
 phet constitute the Golden Text:
 "We have a strong city; salvation
 will God appoint for walls and bul-
 works. Open ye the gates, that
 the righteous nation which keepeth
 the truth may enter in" (Isa. 26:
 1, 2).
 Selections from the Bible in-
 clude this statement by John (11:
 17): "For the law was given by
 Moses, but grace and truth came
 by Jesus Christ."
 Among correlative passages
 from "Science and Health with

Safe Driver Awards Given By F.P.&L. Co.

Members of the Overhead Line
 Department of the Florida Power
 & Light Company were presented
 Safe Driver Awards at a steak
 supper given for the members and
 their wives in the Plantation room
 of the Club Diamond last Friday
 evening.
 H. H. Coleman, division man-
 ager, presented H. C. Moore, dis-
 trict supervisor, with an award re-
 presenting 19 years of safe driv-
 ing.

The following members were
 presented awards by H. C. Moore:
 Years of Safe Driving
 R. L. White 19
 V. P. Rozon 18
 R. L. Porter 11
 M. D. Harden 8
 R. J. Livera 8
 C. M. Gray 4
 J. C. Johnson 3
 A. Cammon 1
 C. T. Rabon 1
 J. T. Hardy, Jr. 1
 Those present for the occasion
 were Mr. and Mrs. C. K. Carter.

Key to the Scriptures" by Mary
 Baker Eddy is the following:
 "Christ, Truth, was demonstrated
 through Jesus to prove the power
 of Spirit over the flesh,—to show
 that Truth is made manifest by
 its effects upon the human mind
 and body, healing sickness and
 destroying sin" (p. 316).

Flood

(Continued From Page One)
 In St. Louis, officials said that
 damage would be confined mainly
 to the riverfront section as it
 was in the 1947 flood, which
 cost industries an estimated \$9,-
 000,000.
 The city proper, including the
 business district, is on com-
 paratively high ground.
 Commercial use of artificial ice
 in the United States first surpassed
 natural ice in 1914.

John Gorrie, who invented the
 ice making process, is honored by
 statues, one in Apalachicola, Fla.,
 and one in Washington, D. C.
 Trunks of California's giant red-
 woods are usually 75 to 100 feet
 from the base to the first branch.

FRIDAY, JULY 20, 1951
TODAY'S HIGHLIGHTS

Some imagine they can be saved by a magical formula, some magnetic leader, theoretically promising everything from nothing.

Britain's socialized doctors are threatening to strike if they are not given a pay boost.

We see where work has been stopped at the Hollywood home of Frank Costello.

Out in Los Angeles Mrs. Florence Goldenberg got caught in the net of a pair of slacks.

Sanford's growth continues, and at a faster pace.

When you think of all the trouble honest law-abiding citizens have in filing their income tax returns.

Beware of power mowers. They can be dangerous to the careless.

The United States Senate has voted to open relief rolls to public inspection.

Almost every day now finds on the front page of the Herald an account of the injury or death of some local person.

Lack of newspaper forces a business newspaper to shut down hard for people to believe.

Deliberate health care, a physician's best guidance, a pharmacist's professional service.

New Hansatic League

The Hansatic League, which at one time in the fourteenth century enjoyed a monopoly of much of Europe's trade, may be revived if the leaders of port cities in northern Europe can reach trade agreements.

A meeting is scheduled in Rotterdam to discuss the possibility of an agreement among Amsterdam, Rotterdam, Antwerp and two of the members of the original league, Bremen and Hamburg.

Most boundaries which divide European countries are political rather than economic in nature, and tend to cross natural trade routes.

New Day At The Races

From the Hollywood Park race track at Inglewood, California, comes word that at the end of a recent day of racing the books of the betting windows were some \$10,000 short of balancing.

Did the mechanical brain have a relapse? Did it pay off at five to one on a winner which should have been a slightly less than even money?

The auditors may have found the \$10,000 later, or may have discovered that there was a simple and prosaic explanation, but we don't want to hear about it.

No President Atchison

The Atchison myth will not down. There is an argument that President Truman was not the first Missourian to become president.

There is nothing to this, if Polk's term expired on March 3, so also did Atchison's. True, he had been re-elected, but by the reasoning which calls him president he was not president pro tem of the Senate or even senator until the inaugural.

Atchison knew nothing of this argument at the time. The point was not raised until later, and by the irony of fate he slept all through his supposed White House term of one day.

Wives Dissatisfied Under Polygamy, Author Declares

NEW YORK, July 23—(AP)—An American grandmother said today that polygamy is a painful practice for the West African male but a source of frustration and heartbreak for his string of wives.

Mrs. Rebecca Hourwich Reyher, an author, returned here aboard the liner Washington after studying the subject first hand during a 30-month expedition in Africa.

Mrs. Reyher said that she climbed 12 miles to the top of Likim Mountain in the British Cameroons to talk to the Fon of Bikon, octogenarian ruler of 20,000 natives and one-time possessor of 104 wives.

The Fon was in low spirits when she arrived. Fifty-four of his wives had just run away.

Take "Time Out"

A minute of "time out" in any game gives the player a chance to catch his breath, to take stock of what is going on.

Deliberate health care, a physician's best guidance, a pharmacist's professional service.

Monkeys Baby Sit For Young Deer In Sanford Zoo

Some of the "younger set" on Monkey Island have taken up baby sitting as a popular sport.

Two deer, only about eight days old, are the objects of this welfare project on the part of the junior monkeys.

The deer are kept in the "maternity ward" through a enclosure on the west side of the monkey hut.

Sanford Forum

Sanford Daily Herald
Sanford, Fla.
Editor: I guess it's time to begin weighing our gubernatorial aspirations.

Well, I guess it's time to begin weighing our gubernatorial aspirations. Talk is that one of our past governors is again considering a try at the big job.

Well, Fuller tells the truth one in a while, and that is so when he said that gambling was not news because he became the states chief.

It was, and not in a small way. Not just because the federal government is not lacking for money. Having bribed up at the time it did, should give all decent people of the state a good reason for asking just why, under past governors, was not some investigation done?

I feel that past performance should not be ignored regardless of a man's church preference, or his age, or what the gambling element for we have found in a lone while back that gambling is a vicious pastime.

I was told by a New Smyrna man that his son pays several thousand dollars a year for police protection, and that under another governor, the time to actually weigh the facts is now!

It is a cruel business," she said. "Polygamy is not a factious matter to the women involved in it. It is a cruel business," she said.

Mrs. Reyher said that she spent two and a half weeks as guest of the Fon. They "got along fine" because he liked her nail polish, she explained.

"It was the first time in my life I was glad of my age. The natives do not like women over 40," Mrs. Reyher said she was 40-plus.

The first white settlement in New Mexico was made in 1598. The Romans introduced glass as Gaul.

Childbirth deaths have been reduced in the United States to less than one per 1,000 births.

There are about 20,000,000 acres of forest land in New Mexico.

Smith Appointed To Head Board On Diabetes Control

JACKSONVILLE, July 23—(Special)—Dr. Edward R. Smith is new director of the Florida State Board of Health Division of Nutrition and Diabetes Control.

Dr. Smith, who has served as assistant director of the division, succeeds Dr. Malcolm J. Ford, senior surgeon with the U.S. Public Health Service, who has been on loan to the state health agency to establish a diabetes case-finding and educational program.

The division's activities will continue unchanged, says Dr. William T. Sowder, State Health Officer. The division is currently conducting a case-finding program to discover "hidden diabetics," referring them to private physicians for treatment when blood tests show evidence of diabetes.

Controls Bill

(Continued From Page One) on when the Senate will act nor give any estimate of how much new taxes that body will approve.

Both Taft and Millikin, members of the committee, expressed their support for the bill. Taft (Ohio) and Millikin (Colorado) were skeptical.

The committee is considering the 7,200,000 tax hike bill passed by the House, and the Administration's request for a larger 10,000,000 increase.

The O'Holan said at one point that only \$4,500,000,000 of that amount is to be spent during the current fiscal year.

Both Taft and Millikin, members of the committee, expressed their support for the bill. Taft (Ohio) and Millikin (Colorado) were skeptical.

Senator Brewster (R-Me.) said that members of the Senate foreign relations committee who returned today from an inspection trip to Europe, quoted Eisenhower as saying he was "going all out" in support of this idea.

The British announced the Eisenhower plan, Brewster said. He added that he was told France and western Germany are near agreement, however on the general principle of single-uniform army.

Eisenhower was given the task of building a western European defense force. The original thought was that each nation would retain their national military forces but they would be under a single command to defend western Europe.

Brewster said the touring senators were unanimous in support of the proposal, made by Britain and France, for the admission of Greece and Turkey to the North Atlantic pact group.

Britain and France have opposed permitting Spain to join, but impressed in conference with

New Headquarters

(Continued from Page One) guarantee the peace of Europe. The ceremony was conducted under a hot sun which beat down between intermittent showers.

Members of the French Republican Guard, both cavalry and foot units, supplied the honor groups.

Eisenhower announced the headquarters—a collection of one-story prefabricated buildings set on a 60-acre site of land—flags of the 12 Atlantic Pact nations were hoisted to the top of a semi-circle of flagpoles.

The United States colors were hoisted up by Cpl. Donald J. Sitar, of Beacon Falls, Conn. Auriol promised Eisenhower the France would make available to the headquarters the ten divisions promised by the end of this year.

"We are working together towards a common security without which liberty cannot survive," he said.

Auriol recalled that the headquarters was built on land twice ravaged in this century by invading forces. He described the establishment of the headquarters as a "moving symbol" and said he was personally happy that Eisenhower has command of the Western defense effort.

He interrupted his speech to excuse his sorrow and contribute to Admiral Forrest P. Sherman, U. S. Chief of Naval Operations, who died in Naples yesterday.

Juvenile Court

(Continued from Page One) have been intended to be effective in all counties throughout the state," Ervin said.

The Attorney General found that in all other material respects, the subject of juvenile courts "so that unless a county operated under the provisions set forth therein there would be nothing in the statute books under which a court could proceed to handle juvenile cases."

The juvenile courts, as defined in this act, have exclusive jurisdiction of dependent and delinquent children, hence, only a court operating under the provisions of this new law would have jurisdiction to adjudicate such cases," Ervin said.

A county in which no separate juvenile court now exists is not bound under the new law to create one. The county judge's court may serve as juvenile court, with the county judge sitting as a juvenile judge.

But, Ervin said, the "clear intent and purpose of the statute is to require a juvenile court counselor and it would be incumbent upon the county to provide for and the judge to appoint a counselor."

The Attorney General said operating expenses for the juvenile court are to be appropriated by county commissioners, the appropriation not to exceed 25 cents for each person in the county.

The law authorizes county commissioners to levy taxes necessary to raise the money appropriated for the juvenile court for the fiscal year, starting Oct. 1, 1951, and each subsequent fiscal year.

France that Spain has a large reserve of manpower "ready to fight Communism."

Over-all (Brewster said he thinks Europe is "making progress" toward building its own defense but that "rearmament is moving slowly."

He said he wants to hear additional witnesses before making up his mind about an administration request for \$8,500,000,000 in foreign military and economic aid for this year. A large part of this amount would go to western Europe.

The nine touring senators took testimony in Europe which Brewster said probably will be made public this week, when the foreign relations group is expected to begin hearings on the program.

1st Marine Vets To March At Reunion To Be Held Aug. 3

PHILADELPHIA, Pa., July 23—(Special)—First Marine Division veterans of the fighting in Korea will march side by side with World War II First Marine Division veterans of Guadalcanal, Cape Gloucester, Peleliu and Okinawa at the Fourth Annual Reunion of the First Marine Division to be held here Aug. 3, 4 and 5.

Highlighting the Reunion will be an address by Ernest A. Gross, Deputy U.S. Representative to the United Nations, at the banquet to be held Saturday evening at the Bellevue-Stratford Hotel.

Friday's activities on Aug. 3 will include registration at the Bellevue-Stratford and a "Salute to the First Marine Division" in the evening at Shibe Park featuring the U.S. Marine Band, stars and movie stars, and the "A's" of the Cleveland Indians.

Saturday morning Philadelphians will see a parade of First Marine Division members headed by the famous Marine Band. A military ball will follow the evening banquet.

The First Marine Division Memorial Service will be held Sunday morning, Aug. 5, at Independence Hall. A business meeting and election of officers Sunday afternoon will wind up the Reunion.

On hand to meet the Marines who served under them will be General Clifton B. Cates, Commandant of the Marine Corps; General Alexander A. Vandegrift, former Commandant of the Marine Corps who won the Congressional Medal of Honor for heroism while commanding the First on Guadalcanal; and Major General Merritt A. "Red Mike" Edson, who also won the CMH on Guadalcanal.

First Marine Division veterans, either non-civilians or on active military duty, who served with the Division or its attached units from World War II through Korea are eligible to attend. Col. I. Wallace Scott, Jr., USMCR, chairman of the Reunion Committee, requests First Division Marines write for further information and reservations to: First Marine Division Reunion, 2300 Market St., Philadelphia 3, Pa.

Friends of Harry F. Pace of Jacksonville, grandfather of

Luncheon Is Given For Mrs. MacNeill

Mrs. Margaret MacNeill, recent bride, was honored at one of the season's loveliest luncheons given by Mrs. Julius Dingfelder in the dining room of the Edis Plaza in Orlando Saturday afternoon.

The guests were seated at a U-shaped table overlooking beautiful Lake Eola. A charming arrangement of white carnations and aster-ried daisies interspersed with magnolia leaves graced the table in a silver centerpiece on a mirror-reflector.

Presented with a carriage of white carnations upon her arrival, the honoree was given an imported, ivory, hand-embroidered table set by the hostess during the luncheon.

Miss Margaret Dingfelder joined her mother as co-hostess in entertaining Mrs. MacNeill.

Guests with the honoree and her mother-in-law Mrs. Frank R. MacNeill were Mrs. Joseph Baker, Mrs. George D. Bishop Jr., Mrs. Bruce Holt, Mrs. Edward Higgins, Mrs. Donald Randolph Jones, Mrs. Gerald Louising, Mrs. J. Bratley Odham, Mrs. George Andrews Speer Jr.,

Thurston Wallace Tyre of Sanford, will be glad to know that he is much better following another heart attack. He was confined to the St. Vincent Hospital during his illness.

Mr. and Mrs. John Ivey and children, John and Kay, have returned from a vacation in Tennessee, North Carolina, Georgia and Kentucky. While in Elton, Ky., they were guests of Mrs. Ivey's mother, Mrs. T. L. Girt and the trip also included visits to Mr. Ivey's relatives in Georgia.

Miss Mabel Chapman, daughter of Mr. and Mrs. W. P. Chapman of 208 West Nineteenth Street, is a delegate to the National Methodist Town and County Conference in Stone City, Iowa, being held between July 21-24. As representative from West Virginia, the local leader Miss Chapman will be one of more than 2,000 delegates attending the quadrennial conference.

Mrs. A. A. Stiles and daughters Betty Ann and Hazel, spent the week with her daughter and son-in-law Mr. and Mrs. Douglas Senke. Mrs. Stiles and Hazel returned home today and Betty Ann will remain with the Senkes until next Wednesday when they will join the family here to motor to New Smyrna Beach to spend a week.

Lt. Col. C. W. Howell and Mrs. Howell arrived Saturday from Ft. Dix, N. J. to spend about two weeks with Lt. Col. Howell's mother, Mrs. E. A. Howell, Sr., his brother and sister-in-law, Mr. and Mrs. R. A. Howell, Jr. and brother-in-law and sister, Mr. and Mrs. Homer Little, Lt. Col. Howell and Mrs. Howell will go from here to Ft. Leavenworth, Kan. where he will attend the General Staff and Command College.

Mrs. Dale Scott Jr., Mrs. William H. Stomper, Mrs. Douglas Stenson, Mrs. Walter Turner, Mrs. J. Beckey Truluck, Mrs. Vada Williams Jr. and Mrs. Frank L. Woodruff.

Also Miss Dilm Baker, Mrs. Mary Ann Galloway, Miss Joyce Henton, Miss Sophie, Mrs. Douglas, Miss Joanne Sayer, Miss Jane Thigpen and Miss Martha White.

Garden Gate

It is fun planting a garden in the kitchen, using sprouts and seeds of everyday fruits and vegetables... and you don't need a green thumb.

Cracked pots, brick-bags, old milk jugs and plans make wonderful containers for kitchen garden shrubbery.

These, water and, in some cases, soil or sand, represent the material required to go into business.

The humble onion for example, will sprout with no help at all. It often does, right in the vegetable cupboard. Put it in water-filled container with a small enough mouth to give it support and it will grow like a weed.

Asparagus plants need soil or water in which to get started. Place flat end of seed down and keep it out of the sun until sprouted.

You can really go to town with the white, or any variety of sweet potato. They, while they are the growth which looks most effective in a couch shell canteen, using water as the rooting medium.

Sweet potatoes or yams, trail. One one with "eyes" give them water continually and watch them grow all over everywhere.

How about a grapefruit seed growing out of a container made of its own "shell", halved, cleaned out and filled with soil. When the young plant gets too big transfer it to a can and later, to the back yard.

Don't throw away the top of a pineapple... cut it off two inches below the green and plant in soil or sand.

Mangoes take a little longer to sprout than most of these others, but if you are in a hurry, press the seed into soil, flat end down and be patient.

Particularly dainty is the foliage of a carrot, which isn't a bit fussy as to which end it stands on to grow. A trick is to hang one like a basket with the sprouting end down, first following out the center, leaving a thin hole and trimming off the top. Keep it filled with water and pretty soon shoots up.

It can also be planted, like a bean, in sand or soil sprouting end will come out and curl up.

When you close your house for a few weeks, one of the several problems is what to do with indoor plants. You are fortunate if you have a friend or nurseryman who will be able to give them proper care while you are away. Some shade of a good tree in the back (planted) in the soil under the yard, where they will need only occasional watering.

Mrs. Dale Scott Jr., Mrs. William H. Stomper, Mrs. Douglas Stenson, Mrs. Walter Turner, Mrs. J. Beckey Truluck, Mrs. Vada Williams Jr. and Mrs. Frank L. Woodruff.

Also Miss Dilm Baker, Mrs. Mary Ann Galloway, Miss Joyce Henton, Miss Sophie, Mrs. Douglas, Miss Joanne Sayer, Miss Jane Thigpen and Miss Martha White.

Lossing Family Has Reunion At Cordell's

The Lossing family gathered at the home of Mr. and Mrs. Elmer Cordell, on Beaver Road yesterday for the first time in over 26 years that the brothers and sisters, with the exception of a sister, Mrs. Nick Anderson of Crisheaven, Me., have been together in a group.

During the day, sons and daughters, and their families, of those attending were as follows: A. J. Lossing joined in an impromptu reunion. A. C. Lossing is the only living member of his generation. Mr. Lossing resides in San Angelo, Tex. but, due to a recent illness, was unable to be present.

The day was spent exchanging experiences, reminiscing over past events and bringing family histories up to date. A beautiful dinner was served, buffet style, on the lawn.

There were 32 members of the family present with one visitor. Those attending were as follows: Mr. and Mrs. Frank Lossing of San Angelo, Tex., Mr. and Mrs. Fay A. Lossing of Jackson, Miss., Mr. and Mrs. Harry C. Albert of St. Petersburg, Fla.; Mr. and Mrs. H. F. Folds and children, Wyatt Harris, Jr., Homer Gray, and Cathy, Mr. and Mrs. Ralph Lossing, and sons Ralph Jr. and Larry. Mr. and Mrs. Doc Roundtree and daughter Nancy, Mr. and Mrs. Max Lossing, and Mr. and Mrs. Elmer Cordell, all of Sanford.

Miss Jane Bamberger is Engaged To Wed

An announcement of interest to many friends in Sanford is the engagement of Miss Rebecca Jane Bamberger, daughter of Mr. and Mrs. Harold Bamberger to Sgt. Paul Spitzer Starr, second son of Mr. and Mrs. William Law Starr of Ireland.

Sgt. Starr is stationed at Olmsted Air Force Base, Middletown, Pa., as senior control tower operator, and is the grandson of Mr. and Mrs. J. E. Starr of Sanford.

Miss Bamberger is employed in the office of the State Automobile Insurance Association in Harrisburg, Va.

The wedding will take place in the Olmsted Base Chapel August 4.

BIRTH ANNOUNCEMENT
The new arrival at Mr. and Mrs. Howard Fisher's home in Bergenfield, N. J. was a daughter born July 21. Mrs. Fisher is the former Janet Heasel of Sanford.

OSTEEN NEWS

Mr. and Mrs. H. O. Osteen of St. Petersburg are spending a few days at their trailer home here.

On Sunday afternoon Mrs. Alice M. Hought, Faby and Fay Hought, Mr. and Mrs. J. W. Jones, Max Withers, Eddie and Ruth Lee of Plant City.

A Mr. Oosten was the birthday of Mrs. Oosten's family. The family took a picnic and spent part of the day at New Smyrna Beach.

Mr. and Mrs. William West and children returned from their vacation in Green Cove Springs and vicinity with relatives. A son, Miss Melinda Goodson, returned with them.

Mrs. Myrtle Perry and baby of Sanford spent the weekend at Mrs. Perry's mother, Mrs. Martha Dunning, and sister Mrs. J. C. Howark.

Tuesday afternoon the staff of the Baptist Church went to Daytona Beach for a picnic. Those enjoying the afternoon were: Carolyn Hitt, Faby Hought, Margaret Lowe, Estelle Goodson, Richard Goodson, Estelle Goodson, Edith Nettles and Bernice Williams.

Those furnishing cars and help

ing with the picnic were the Rev. and Mrs. H. O. Oosten, Mrs. Alice Hought, Mrs. Williams, Mr. and Mrs. Withers and guests of Mrs. Withers, Eddie and Ruth Lee of Plant City.

Giants Win 2 Of 3 From Islanders, Lose To Leesburg

Schultz And Callahan Down Daytona B.; Jolting Joe Parise Slams 8th Homer

The Sanford Giants gained an even split in four games over the weekend defeating the Daytona Beach Islanders in two of three tilts and losing to the Leesburg Packers.

Big Carl "Swede" Ewideraki lost a heart-breaking extra-inning affair to the Packers Friday night 3 to 2 after pitching five-hit, shutout ball until the 10th frame when two singles and a home run provided the margin.

In a twin-bill against Daytona Beach Saturday night the Islanders won the first 6 to 1 clouting Terry Porter and Ray Scheidt for nine hits—four by Dick Mohn who lashed out a home run in the third.

Joe Parise, still hatting from a changed stance, hit a round-tripper in the first to save the Giants from a shutout as the locals were able to garner only four hits.

In the nightcap Jody Schultz and Jim Coppock, two striketo artists, duelled with Jerry getting for the heat of the encounter.

The first hitting left hander had a two hitter going into the ninth frame when the power-packed Jlets got two more and their second run of the 5-2 affair.

Parise was again the power man of the Giants attack with a triple and a single. Tim Dolan, Jody Schultz and Don Bailey also collected two safeties apiece.

True to form Schultz struck out eight batters—and walked ten. Coppock, league's leader in strikeouts, was chased in the 4th for Dick Lange who held the Giants scoreless in the last three frames.

In the final weekend tilt Sanford's own Bob Callahan bore down in the clutch to defeat Daytona Beach 9 to 4 as the Giants climbed to three let hurrahs for 18 hits.

Max Pfeiffer, with four for five including a triple, drew in four of the Giants runs in his best evening of the year. The lanky Sanford first sacker also played a brilliant game field.

The Giants got seven of their nine runs in the fifth frame on eight hits off Howie Simmons.

Scored for Pirtle in 9th. x—One out when winning run scored.

City Recreation Director Thomas Stringer deserves congratulations for the manner in which he has handled the City-sponsored sports programs during the summer.

For the first time since 1916 a City Softball League is in full swing with eight teams—Pirates, Hobsons, Sporting Good, Hunt, Mercury, Galloway Service Station, Owens Service Station, U. S. Naval Auxiliary Air Station, Thrifty Service Station, Day and Night Grill—competing.

Stringer has also organized the City Tennis Tournament which will begin on Aug. 2. Last day for applications to be filed, either at the Herald office or with Stringer, is Sunday July 29.

Although originally scheduled to begin this week, the tournament was postponed in order to classify the various entries and allow for late comers to file their applications.

The tournament seems certain to be one of the finest in the City's history with City Champion Gene Turpin planning to defend his singles title and the women's champion, Hetty Doris Williams, also a certain entrant.

A list of prizes to be offered winners in each category will be published later this week.

Life Magazine this week contains a revealing dissertation on Sugar Ray Robinson and why the talented ex-midweight champion lost his treasured bauble.

Sugar is seen dancing with French actresses, being fished by the President's wife and driving his facelift Cadillac up and down the Champs Elysees to the accompaniment of the cheers of the admiring French.

It was enough to throw any man off his stride and former slumkid Robinson could hardly be expected to absorb the admiration without being affected.

Apparently Turpin didn't hurt the champ enough to make him run shy in his next fight and this corner is inclined to feel the same way Robinson's sister does.

She said: "I don't even want to think that fight. Sugar will kill that boy."

This writer admits to being no expert on the funny tribe, but when E. R. Holcombe of Maitland, Fla., called in the 20 lb. catfish he had caught in Mullet Lake the other day, we were floored.

Up in our native Georgia a seven or eight pounder is enough to draw a crowd and this small fish he had caught in Mullet Lake the other day, we were floored.

E. R. Holcombe of Maitland caught this 20 pound monster cat fish recently while fishing near Mullet Lake Park and the fishing and cabin camp of his nephew, W. L. Holcombe, local contractor. No fancy tackle was used for the catch, just a hand line and a mussel for bait. The "cat" measured 30 inches in length and 21 inches in circumference. The catch was made at about 6:30 o'clock in the morning.

Fordham Flash Frank Frisch Seeks Baseball Job After Quitting Cubs

NEW ROCHELLE, N. Y., July 21.—(AP)—Frankie Frisch, departed Chicago manager, said today the Cubs are a first division club despite their present seventh-place standing and wished he had had "more of a chance."

The famous Fordham flash, who insisted his resignation Saturday was not prompted by official pressure, promised he would be back in baseball before long. For the present, however, he intends to "take it easy for a while" at his home here.

"I resigned because I knew I was not going to be back next year," Frisch said. "I thought it would be best for all concerned if I were to leave now instead of waiting until the end of the season."

Owner Phil Wrigley, who immediately replaced Frisch with Phil Cavarretta, veteran first baseman and outfielder, said Frisch will get his own great spirit into the team and come through for us.

Cavarretta was told, Wrigley said, that he had been assigned as manager for this season only. "We definitely will replace Phil after the season is over," said the Cubs' owner.

Under Frisch, the Cubs finished last in 1933, seventh last year and in seventh again this season.

Frisch ended a reign of 16 years as a first league pilot with St. Louis, Pittsburgh and Chicago, following 16 outstanding seasons in an active player. He refused to ally the Cubs' poor showing except to point out that it was a young club and that it was beset by numerous injuries.

"I harbor no resentment against Mr. Wrigley or any of the other Chicago fellows," Frisch said. "I wish, though, they had given me more of a chance."

"After all, it was understood by everyone, I think, that we were building a young club. I'm sure they didn't expect results for another couple of years."

"It's a pretty good club," he added. "And it is bound to be. Leesburg and Gainesville who were virtually tied for fourth place."

Yankees, Indians And Red Sox Are Locked In American League Tie

By JOE REICHLER Associated Press Sports Writer

New York, Cleveland and Boston today were locked in a vital first place tie in the American League's gripping pennant race with Chicago's weary White Sox "resting" in fourth place, two and a half games behind the leaders.

Percentage-wise, the defending champions leagued the league. Yesterday sweep of two games from St. Louis—9-0 and 7-3—boosted them into first place by two percentage points over the deadlocked Indians and Red Sox.

The Indians made it 22 victories in 27 games and eight out of nine, vanquishing the Philadelphia Athletics twice, 6-4 and 3-1. The Red Sox kept pace with a 10-9 triumph over Detroit Tigers.

This is the picture as the American League clubs rest today: W. L. Pct. G Behind New York 53 34 .609 Cleveland 54 35 .607 Boston 54 35 .607 Chicago 53 39 .570

The triple tie (in games won and lost) should be untangled tomorrow when the Yankees open a 17-game home stand with the Indians.

The Red Sox return home tomorrow for a 10-game stand starting with a night affair against the White Sox.

The White Sox suffered two defeats by Washington yesterday—7-0 and 11-5.

The Brooklyn Dodgers continued a runaway race in the National League trouncing the St. Louis Cardinals, 9-2, the Dodgers increased their margin to 8½ games over second-place New York.

Cincinnati held the Giants to a split of their doubleheader, dropping a 9-8 decision at St. Louis, the opener, 7-3. The Chicago Cubs defeated the Philadelphia Phillies 8-7.

Pittsburgh split with Boston, winning the second game, 5-2, after the Braves took the opener, 6-3.

Allie Reynolds surrendered only four hits and registered his 11th victory for the Yankees in the St. Louis opener. Held hitless for five innings by Natchel Paige, the Yanks tied off on the Negro.

For the second time in the sixth and added five runs in the seventh to rout Paige.

Phil Klastutz got the first hit in the sixth and Bobby Brown hit a three-run homer to snap the scoreless tie. Jack Kramer's stand-out relief performance featured the Yankees' second game win.

He replaced Hal Kusaava with St. Louis in front, 2-3, in the second and held the Browns to three hits.

The rest of the way, Gene Wood-

Republicans Plan State Primary To Select Candidates

Alexander of Ft. Meigs, chairman of the Republican State Executive Committee, said today that it is the desire of the committee to have a primary for the selection of party candidates for constitutional offices in all categories.

"The officers and several specially designated members of the State Committee are starting today on trips throughout the state to organize the registration of all Republicans in the State," Alexander said.

He made these statements following a meeting yesterday of the committee officers with a number of prominent Republicans from over the State at the summer home of Charles Fisher, Piatt county chairman, on the Whalacoochee River near Ocala.

By Nov. 1 it is believed we will show the full strength of the party sufficiently to warrant calling a meeting of the State Executive Committee at that time for the purpose of spring and organizing candidates to run for county, State and national offices on the Republican ticket in next year's elections," the committee chairman said.

This meeting will be called, no doubt, in Tallahassee.

He said the meeting will give candidates an opportunity to announce themselves and receive the help of the Republican Party's state organization.

At the meeting on the Whalacoochee there was a discussion, Alexander stated, of methods by which the Republicans can help the teachers of Florida to secure their deserved \$300 per year pay raise.

Rep. William C. Cramer of Piatt county stated at the conference that he favors a special session of the Florida Legislature to enact a law to provide the pay raise for teachers, provided that it is determined in advance that this can be accomplished without any further increase in taxes.

The appointment of a commit-

Newly elected Executive Vice-President of the American Telephone and Telegraph Company is Hal S. Dumas (left), a native of Macon, Ga., who has been President of the Southern Bell Telephone and Telegraph Company since 1944. Succeeding him as President of Southern Bell, whose operations include the local telephone exchange, is Fred J. Turner (right), who has been Vice-President for financial and public relations matters. Mr. Turner is from Atlanta. Both men, occupying two of the telephone industry's top key positions, have for years held significant positions among business and civic leaders in the South. Both rose through the ranks to positions of increasing importance. Each has been in the telephone business more than 40 years. Mr. Dumas goes to the New York headquarters of the A. T. and T. Co. and Mr. Turner assumes direction of Southern Bell at the general headquarters in Atlanta, effective immediately.

Petaín Dies At 95 In Island Prison; Was Hero, Traitor

ILE D'YEU, France, July 23—(AP)—Marshal Henri Philippe Petaín, hero of Verdun in the first World War and condemned traitor for his Nazi-dominated Vichy regime in the second, died today on this bleak fortress prison and fishermen's island. He was 95 years old.

Bill a great controversial figure in death, he was denied burial at Verdun where he often had said he wanted to be put to rest among the French heroes he led to victory in 1918.

Petaín ousted by three days the army commander he defeated at Verdun, Crown Prince Wilhelm of Imperial Germany, the late Kaiser's son and field army commander at Verdun, died in Germany Friday.

The controversy over Petaín seemed bound to live in French sentiment and politics for some time to come. It is an issue to be faced by the new government now in the process of formation.

Burial at Verdun was turned down tonight in a message from the government answering an ap-

peal from Petaín's lawyers.

Instead, he will be buried Wednesday after services at the church of Notre Dame Du Port in the little stone-walled cemetery port Joinville, near the villa where he spent his last days.

But eight veterans of Verdun and two former prisoners of World War II will carry his casket.

Petaín died six years to the day since his first appearance before the high court of justice in Paris on treason charges.

A small crowd of tourists gathered in the little fishing port's main street when his death was announced. There were no demonstrations.

The old white-mustached soldier was dressed in his khaki uniform with single decoration on his breast—the military madalem his seven-starred Kepi was placed between his hands, but there was no marshal's baton. Madame Petaín had claimed it was taken from him after his trial and sentence.

In 1917, Congress passed a law requiring literacy tests to limit immigration.

Ten per cent of all drivers involved in automobile accidents in 1949 were women.

Unretired 78-Year Old Discoverer Of Aureomycin Still Searches

NEW YORK (AP)—The law might be able to force a man to retire—but it can't make him quit.

If it could Dr. Benjamin Minge Duggar would never have discovered aureomycin.

At 78 Dr. Duggar is wondering where he can discover his second wonder drug. But at 70 he was wondering if he had a place in the world.

Abdullah Funeral

(Continued on Page Six)

An estimated 1,000 dignitaries from neighboring Arab countries and from other parts of the world marched in the funeral procession behind the royal casket. Only those with special permits were permitted to take part in the procession. Others were kept away by machine gun and barbed-wire emplacements on the surrounding hills.

Sunday Beer

(Continued from Page One)

Seminole County is sincere, and that they will continue to give their aid in keeping within the law for the betterment of their business and of the county as a whole.

Following the vote, Sheriff Mero declared, "Now that the liquor situation is under control I intend to strenuously police the liquor selling establishments and will instantly make arrests for violations."

The County Commission met this morning for the purpose of acting as an equalization board in regard to taxes, and up to noon received no complaints.

The Commission approved 20 denials of Homestead Exemption made in regard to applications by Sanford P. Doudney, tax assessor.

Among the reasons for rejection that he pointed out were filling the application too late. Another reason was that one applicant did not have a Florida tag on his car. Others were refused for not living on the property described.

A letter was read from a Miami resident offering to buy all or portion of the Big Tree at Longwood for museum purposes. This drew nothing but a laugh. However, upon the advice of Mr. Dodd, the Commission decided to do something about filling holes in the base of the tree caused by sawdills. Estimates of tree surgeons on this work will be asked.

H. B. Pope requested that the tree surgeons be asked also to work on the big oak on the mound at Indian Mound Village. Letters from the County School Board and Seminole County Teachers Club thanking the Commission for voting \$30,000 toward increasing teachers salaries were read.

By HAL BOYLE

He was a professor of botany at the University of Wisconsin, and had reached the end of a 50-year teaching career.

"We don't have any old fossils around the university," he recalled dryly. "By legislative rule you have to retire at 70."

But Dr. Duggar didn't want to rack up his test tubes just because he was three scores and ten. "It takes a lot of time to get experience," he said, "and once you have it you ought to go on using it."

But what to do? His dilemma was solved by some of his former students. They got him a post as consulting scientist for the Lederle laboratories.

Dr. Duggar's pet specialty had been the physiology of the potato. But in his new job he had to pioneer in a fresh field. His assignment: "Find a better antibiotic."

The old teacher packed up his test tubes and set it to show the boys how. He collected and tested hundreds of soil samples. Three years after his painstaking quest began he found a golden-colored mold growing in one sample of earth from central Missouri.

It was his answer. It was known as "A-377" then. Today it is called Aureomycin, a cure for dozens of infections ranging from boils to pneumonia.

That would satisfy many men, but not Dr. Duggar. He still works seven days a week in his laboratory, and has now tested 3,000 soil samples in his search for his second wonder drug.

"I believe I'd be completely satisfied," he said, "if I could find a specific antibiotic effective against tuberculosis and the small viruses."

Small viruses cause such ailments as smallpox, mumps, rabies and the hoof-and-mouth disease in animals.

"I think the chances are good we will find it," he said. "There are many probabilities. It will take a great many laboratories."

Towers on San Francisco's Golden Gate Bridge are each 746 feet tall.

James Buchanan, 15th president of the United States, was a Federalist. His successor, Lincoln, was a Republican.

"Samson and Delilah", in beautiful technicolor showing at the Movieland Ride-in Theater Monday and Tuesday, stars Hedy Lamarr and Victor Mature with George Sanders, Angela Lansbury and Henry Wilcoxon as supporting characters.

and a great many years to explore the earth and its possibilities.

One of the largest national military parks is at Chickamauga, Ga., near Chattanooga, Tenn., marking the site of the battle of Chickamauga in the Civil War. It covers 8,127 acres.

The Bronx-Whitestone Bridge, in New York, cost \$19,000,000 to construct.

Scientists now believe their best soil samples come from ground that hasn't recently been disturbed or cultivated.

"Some of our best material comes from cemeteries," said Dr. Duggar cheerfully. "On one motor trip I made in 1948 I don't think I missed a single cemetery between here and Iowa."

He doubts in his heart he really give up his researches even if he finds a drug to whip tuberculosis. "I feel very happy, and I want to go on," he said. His hobbies include golf, gardening, bowling and playing with his 19 grandchildren.

The spry little elderly scientist amused up his own creed: "I don't think a man ought to coddle his defects. It's too easy in this world just to give up."

He says it's fun to be 78—and an explorer.

Small viruses cause such ailments as smallpox, mumps, rabies and the hoof-and-mouth disease in animals.
