

PRESIDENT NOW AT WORK

Wilson Settles Down to The Routine of The Capitol

OFFICE SEEKERS ARE BARRED

Other Facts and Fancies of the World at Large and Then Some

With the tinsel and the military pomp, the cheers of the multitude, the stirring music and bands and the heavy tread of marching thousands, the fireworks and the limelight only a pleasant memory, Woodrow Wilson has settled down in the chair of President as quiet and with as little ceremony probably as any man ever crossed the threshold of the White House. Wednesday was crowded with incidents and filled with the flavor of the power that is a President's. Almost first act was serve notice upon office-seekers that they would not be welcome at the White House unless invited. Almost his last action tonight was to confer with Senator John W. Kern, today chosen leader of the Democrats of the Senate and reputed representative of the President in the upper House. He found time to shake hands with almost 200, consult with his new cabinet, and with a few friends in Congress, dictate letters and generally launch his own ship of administration. In spite of the reports that Mr. Wilson might be expected to change many of the precedents that have grown up about the Presidency he bothered with none of importance today, except that which permitted the office seekers to invade the White House. He fitted in easily with the machinery of the executive office, did mostly what the trained officials told him should be done and took up the routine of office easily.

A welcome as demonstrative, if no more so, as Hon. William Howard Taft ever received in Augusta, while president-elect or as president of the United States, was given him this morning on his arrival at Augusta.

With 1,000 school children gathered in and around beautiful Barrett plaza, immediately in front of the union station, and with each waving a small American flag and cheering at the top of his young voice; with 150 Richmond academy boys, in front of the city hall, formation along Telfair street, where former president was driven out on his way to his hotel, and with several hundred citizens, including the mayor, members of the city council, prominent business and professional men and many ladies, Mr Taft's entry into Augusta was indeed triumphal. "Citizen" Taft showed his appreciation of the great honor which the people of Augusta are paying him, purely because of their regard and affection for him, and the famous Taft smile was much in evidence from the time that left his private car until an automobile whisked him and Mrs. Taft and Miss Helen away to their hotel, where the ex-president of the country says that he will rest and recreate.

Hundreds of inaugural visitors who thronged into Vice President Marshall's office today, so disturbed the equilibrium of the vice president's first day of official duties that he has determined to ask for a new room over in the senate office building where he can "put his feet on the desk and smoke a cigar in peace."

Aroused over the failure of the Washington police department to maintain order during the progress of the suffrage pageant of March 3, the senate today began an investigation to place the responsibility for the lack of protection for the women marchers. The investigation is a result of a joint resolution of congress directing the police department to furnish protection to the suffragists.

Presbyterian Church.

Additional chairs will be placed in the church before Sunday, so that all who come may be comfortably seated. At 11 a. m., Dr. Brownlee will preach the second sermon of the series on Genesis. This will treat in broad outline Gen. III-XI. The song service at night will begin at 7:30 instead of 7.

Gibson Reunion—Mar. 13-14. ■

Death of Mrs. Sturgis

Mrs. H. H. Sturgis, wife of Rev. H. H. Sturgis died at the home of her daughter, Mrs. J. T. Lee on Wednesday last. Mrs. Sturgis had been in poor health for some time and her death was as inevitable as possible to combat the disease.

Deceased was well known here, having been a resident of this city for many years. Rev. Sturgis has been living at Homestead for some time where he has a charge and owns property, but Mrs. Sturgis loved Sanford so well that it became her permanent home, where she could have the loving and solicitous care of her daughter.

The funeral occurred today from the Baptist church, Rev. Wildman officiating. Interment made in Lakeview Cemetery.

Mrs. Sturgis leaves a husband and the

following children to mourn her loss: Mrs. Wm. Cobb of Brooksville, Mrs. E. V. Booth of St. Cloud and Mrs. J. T. Lee of this city.

Washington Party.

Mr. and Mrs. Archie Peterson entertained in honor of their guests, Mrs. Maynard and Mrs. Peterson, at a Washington party. The home was a bower of beauty, decorated in flags, lanterns and cut flowers. The guests were presented with miniature hatchets, as souvenirs of the affair, and a delicious two course lunch served at midnight.

NOTICE

Notice is hereby given to all creditors, legatees, distributees and all persons having claims or demands against the estate of Frank Franklin, deceased, to present them within two years.

FAKE POOL ROOM SCHEME

Arch Plotter Arrested at Palm Beach Saturday

WORKED RICH MAN ON RACES

Other Items of Interest and Days Happenings in the Land

J. N. Bateman, the Atlanta, Ga., lawyer arrested at Palm Beach Saturday, on a warrant charging him with having been connected with an alleged fraudulent horse race betting schedule by which Frank Rothleuter of Kilgore, Neb., lost \$9,000, was brought to Miami yesterday. Bateman denies the charge against him and in a statement tonight he said:

This charge came to me like a bolt of lightning out of a clear sky. I was never in a pool room in Miami or elsewhere that was used for booking horse races or for gambling. I don't know anything about such sports. I expect to prove myself innocent of the charge that has been made or may be made.

Mr. Bateman and his wife, who was with him when he was arrested yesterday, are the guests of the county magistrate here who has assumed responsibility for the lawyer's appearance in court here tomorrow morning.

The permit has just been taken up at St. Petersburg by J. M. Smith, a magnificent brick and concrete contractor, who is spending the summer of 1913 at St. Petersburg.

Representative Francis W. Martin has selected Jefferson as his district in the next Congress. He was formerly private secretary to Representative D. H. McLean and has spent some time in Washington.

It is an actual fact that Florida are permitted to enforce the game laws, even when the game warden is around. The game warden is as strict as usual.

The parent court of Hillsborough division of funds and indentures were Pinellas was allowed to split off from Hillsborough some two years ago. Pinellas has refused to acknowledge his indebtedness and has offered Hillsborough \$50,000.

Tacksonville will be made a part of the customs district of Jacksonville for next year, and his office in Jacksonville house for all other parts of the state and for St. Marys, Ga. The salary list of the collector is \$100,000 his deputies over the state will be \$100,000 per annum and rents paid for office and other headquarters in the state will be \$61,670. St. Marys, Ga., Port Tampa, Punta Gorda, Boca Grande, Marco, St. Augustine, Port Inglis and Belle are made new ports of entry.

Change in Management

At a special meeting held last week of the Board of Directors of Florida Gardens, Incorporated, Mr. J. N. Whitner tendered his resignation as President and Director of that corporation and Mr. B. A. Howard was elected to fill the vacancy.

Mr. Whitner has been president of the corporation since its organization last May and has given practically his entire time to this work, but owing to continued ill health, has been seriously handicapped and did not feel able to carry the entire burden any longer. He still retains general supervision of the firming and of the business, hoping that the new management will prove beneficial, both to himself and the interest of the company.

Mr. Howard, the new president of the corporation, is not new to the business and needs no introduction. He was one of the original incorporators and his efforts have already done much to bring about the success already attained. Under his management the Company is sure to forge ahead to the success it deserves and become the largest growing and marketing concern in this part of the state.

WHOS WHO AND WHY

The Members of Wilson's Cabinet and Where They Came From

Secretary of State—William Jennings Bryan, Pittsburg and Chicago, Ill.; President 1896, 1900 and 1908; served in Spanish American war.

Secretary of the Treasury—William Gibbs McAdoo, lawyer and railroad official; Born near Marietta, Ga., Oct. 11, 1861, Home, New York City. Practised law in Tennessee and New York. Builder of first tunnels under Hudson river. President of Harbor and Manhattan, N. Y.

Secretary of War—Lindley M. Bell, born near New York City, N. Y., 1854. Moved to N. C. and was a Presbyterian minister. As secretary of war he served from 1904 and 1905.

Agriculture—James Wilson, Mr. Reynolds, lawyer, born in N. Y., Ky., Feb. 6, 1862, Home, New York City. Educated at Vanderbilt University and University of Virginia. Practised law at Nashville, Tenn., many years. Assistant attorney general of Tennessee, 1894 and 1895.

Interior—Richard A. Lyman, born in N. Y., Feb. 10, 1862, Home, New York City. Practised law at New York, N. Y., and University of Texas, Austin, Tex., 1884 and 1885.

Justice—Edward D. White, born in La., La., 1845. Practised law at New Orleans, La., and University of Texas, Austin, Tex., 1884 and 1885.

Post Office and Insular Affairs—C. E. Smith, born in N. Y., N. Y., 1862. Practised law at New York, N. Y., and University of Texas, Austin, Tex., 1884 and 1885.

War—Lindley M. Bell, born near New York City, N. Y., 1854. Moved to N. C. and was a Presbyterian minister. As secretary of war he served from 1904 and 1905.

Justice—Edward D. White, born in La., La., 1845. Practised law at New Orleans, La., and University of Texas, Austin, Tex., 1884 and 1885.

Post Office and Insular Affairs—C. E. Smith, born in N. Y., N. Y., 1862. Practised law at New York, N. Y., and University of Texas, Austin, Tex., 1884 and 1885.

IMMENSE PAPER PLANT

Making Orange and Vegetable Printed Wraps

LOCATES THIS WEEK AT SANFORD

Sanford's Location at Head of Navigation Draws More Investors

Industrial Promoter

The Columbia Paper Co. announced that it was to build a large paper mill at Sanford, Fla., to produce orange and vegetable printed wraps. The plant is to be located at the head of navigation on the St. Johns river, and is to be one of the largest of its kind in the South.

The plan in brief is to build a city with a population of 100,000 people, to pump out the water and fill in behind the walls thus proving the city first.

CURBSTONE GLEANINGS

Budget of Opinion: "I've Been Between You and Me."

EVEN THE GATE POST NOT IN IT

A CHIEF Is Among Ye Taking Notes and Faith, He'll Prent 'Em"—So Says Saunterer.

From despatch states that Henry Flagler slipped on the marble floor of his mansion at Palm Beach and broke the crystal of his watch but that his physician did not anticipate the early demise of the oil king as a result of his injuries and the only bad result will probably be another raise in the price of gasoline. I am awful glad that the carpenters were not allowed to put marble floors in my house. My floors are rough pine, built especially to keep people from falling and one can always put a toe in one of the knot holes and by throwing in the emergency brake stop locomotion in time to avoid an accident. As I have stated before there are drawbacks to even being a millionaire and it would be impossible for Mr. Flagler to obtain a floor like mine because only a Sanford man knows how to make them. Young lady in the Bohemian Girl opera here one night sang that beautiful aria, "I Dreamed I Slept in Marble Halls" and I shook hands with her afterward and told her not to feel so badly about the dream because I had had the same one several times. I am glad now that it has never been realized because I might dream that I was a millionaire and try to slip on my floors, in which case I would not need the services of a doctor but a carpenter with a good stout pair of tweezers.

I am going to have a heart to heart talk about the brick roads that will be built in the near future. I notice that the specifications call for sixteen foot roads fourteen foot roads and other widths. Now, this may be all right and some of my friends may think that they need a sixteen foot road in their section, but under the circumstances I really believe that a nine foot road would answer all purposes and I want a discussion on the subject and really think that the tax payers of all the different sections should have a friendly meeting and come to some decision on the matter before the work starts. For my part if we had plenty of money I would like to see good broad roads over the entire county, but right now wouldn't it be a good plan to make all the roads nine feet wide and make more of them. A nine foot road may seem narrow, but we are really using a nine foot road now and have no trouble turning out to pass and every time we turn out we do so under more adverse circumstances than if it was on a nine foot brick road with clay or Bermuda grass sides.

We have \$200,000 for brick roads. Why not make the money go much farther and give more people the benefit of the money by making the roads uniform width and making more of them. I do not want to hold up the work on the roads at all. I merely want to get an expression on the matter and really believe that when the majority look into the matter they will see it as I do now. St. Johns county wished to vote bonds for brick roads over there the other day and so many people wanted so many different widths of roads that the entire matter became tiresome and was dropped by the commissioners. The St. Augustine Record gives the following account of the matter:

We are up against the good roads problem again. Lack of harmony among the various sections of the county may result in an indefinite postponement of the day of good roads for St. Johns county.

At the recent meeting of the county commissioners the several sections of the county were represented and the demands of each conflicted with others to such an extent that the commissioners were forced to throw up their hands in dismay. Some wanted a sixteen foot pavement, insisting upon this as their rights, and threatening to oppose a bonding election if their demands were not complied with.

Others were opposed to a burdensome bond issue, but would support one that provided for an eight foot brick pavement. The diversity of opinion went much further and the commissioners found it impossible to harmonize the various sections.

First of all it would be well for the people of the county to figure for themselves the value of the various roads surfacing materials.

Brick has the durable qualities which gravel and shell lack. Once it is down the expense of upkeep ceases. An eight

foot brick pavement will cost \$8,000 per mile; gravel will cost \$3,500; shell about \$3,000. Brick will last fifty, possibly one hundred years; gravel or shell will last but a few years, perhaps three or five, requiring continuous repairs to maintain. Is it economy to surface with shell or gravel? Would it not be wisdom to build one mile of brick road in preference to two of shell or gravel?

If each of the brick sections of the county demands something different from the rest of the county will any change from present conditions be made? Does it not seem ridiculous for good roads boosters to make impossible demands, thereby paralyzing all efforts of the commissioners to proceed with the work of hard surfacing?

An eight foot brick pavement would accommodate wagons or automobiles. It would serve all classes of traffic. Its cost is within the reach of the county. It is feasible and economical. Will all sections agree on the eight foot brick road and get it, or disagree on all suggestions and get nothing?

"Minerva—don't," says William Allen White, in his Emporia Gazette. You are just a little girl only in high school. You should be kept in simple, girlish clothes, you should have your head full of your books. You should be interested in girlish things. So don't dress that way; if your mother hasn't enough sense to keep you a little girl in simple frocks the blessed Lord knows you should have sense enough for the two of you.

"Do you know, child, you are horribly overdressed? The idea of your wearing these clothes that bring out every line and curve of your girlish figure for men to leer at; Minerva, don't. Don't put your hair up like a woman of thirty; you are so beautiful and attractive as you are—a child of nineteen with the pure, beautiful heart God gave you—than you are aping the ways of women who have lost or broken or smudged their hearts. So for heaven's sake, Minerva, don't. Take your father's advice if your mother has no sense. He knows just how you are looked at on Commercial street. Your mother is simply straining her insides out to keep you up with some other foolish woman's overdressed daughter.

"But your old dad knows that is foolish and he knows that the whole gamut of these foolish women thus to force their daughters into young ladyhood before they are out of high school, is folly multiplied by five. You will be a woman soon enough; be a girl—a simple, genuine, frank eyed girl just as long as you can.

"Don't frowse yourself up with all these dowdy dry goods; don't stir up your hair like a taffy kettle, don't show your lank little legs through a sheath skirt; don't go gadding to school in white shoes; don't wear a hat that looks old enough for a mother of five, don't wear silk to school—it's such an abominable taste—so thoroughly jay.

"You don't know it, your mother don't know it; but the best people in town know it, and the people who amount to anything coming to town know it. Really nice girls of first class families don't have to overdress to establish their social status. If you have a real social status you don't have to dress like a frump to hold it. So for heaven's sake, Minerva don't.

"Get into some quiet, girlish togs, forget about your social position, put your mind on your books, chase the boys out of your head, and be a nice girl—a nice, candid clean hearted little girl. As for all the foolish things that are reflected in your clothes and in your face, and in your manners and in your idle gabble—for the Lord's sake, als, forget it."

Some of my old friends who are always kicking on Sanford and conditions in general can get a few grains of comfort from the conditions of other cities and keep in mind that all progressive cities have their troubles. Note the following from the Lakeland Telegram:

"School facilities of Lakeland utterly inadequate to our present conditions and growing worse every day. Children being deprived of the boon of education because there is no room in the school for them. People being diverted from Lakeland to other points because they have no assurance that they can enjoy educational advantages for their children.

A shortage of over \$15,000 of the amount required to complete sewerage work will have to be contracted, or the deficit must be raised by assessments on the property holders, or some other undesirable plan."

Office in Herald Building Telephone No. 148

All honor to our County Commissioner Frank L. Woodruff. By delaying the sale of the bonds for brick roads for a few days he succeeded in selling them at 1 1/2% thereby saving the tax payers of the new road district some \$30,000. He is watching the interests of his constituents.

Brother Holly says that Sanford has been fixed and is going to take her celery patch and go off in one corner by herself. All right, gentlemen of the jury, if it is fixed it is fixed.—Orlando Sentinel.
 Not only going but we have went. Celery for ours and cabbage for yours and everything is lovely in Orange and Harney counties.

The Tampa Tribune is giving the counties of South Florida some very fine descriptive writing. Gilbert Leach, the managing editor is furnishing the subject matter and South Florida should benefit thereby. The last one, that of Polk county is a gem, being filled with good reading matter and fine cuts of the beautiful lake country.

Harry Brown of the St. Augustine Record made a gallant fight for brick roads in St. Johns county, but the different sections were at loggerheads regarding the various widths and other quere points, and in the general discussion before the board of county commissioners the main point of issue was lost. If Harry could bring some of the agitators over to Sanford to inspect our sample road he could easily convince them that a nine-foot road is the best part of the county.

HANGING TOGETHER
 The Sanford Herald thinks it will be necessary for the Orlando newspapers to hang together or they will hang separately.

Now, Brother Holly, you ought to know that the Orlando papers have always hung together like spilled molasses and now acting on your good advice and to show our good faith we are going to get together and bury the hatchet under the shade of the old apple tree and we are going to organize the harmonic quartette with Messrs. Keller, Howard, Benedict and Ferris as the members, and to make everything harmonious we are going to make Mr. Keller, basso profundo, Mr. Howard high tenor galoro, Mr. Benedict, basso sonoro, "Fighting Joe, low seed tenor, and this quartette will unite in a chorus that will be heard around the world.

Don't count on the newspapers splitting up on any question involving the good of Orlando, for much like lawyers, they wink when they scold each other, and they get together in the back room and hug and kiss after the show is over, with as much affection as Mr. and Mrs. Newlywed.—Orlando Sentinel.
 And please take good care of Little Bookums, Mr. Newlywed. Kiss him on the eyebrow just once for us.

CLEANING UP DAY
 The ladies of the West Side Improvement Association have selected April second as Cleaning Up Day and will make a concerted effort to thoroughly clean the premises of all the trash and to plant trees and otherwise beautify and improve the west side residences and the West Side Park. The good example of the good ladies composing the West Side Improvement Association should be followed by the ladies of the entire city, only we would ask them to start now.

Next Friday Sanford will entertain some fifty capitalists from New York and other eastern points who are coming to inspect our city and the celery and the appearance of the city will have a wholesome effect upon their impression of Sanford and our citizens.

take an active part. The city council and the Commercial Club and every other club should get busy right now and start a spring cleaning that will put the city in first class condition.
 the West Side ladies. They are boosters with a capital B and their efforts to clean up should be emulated by every one. It is surprising how the movement will grow and bear fruit if a concerted action is taken, and the only regret is that the West Side ladies are putting off the glad day for so long.

New Real Estate Firm
 H. C. DuBose and D. L. Thrasher have formed a partnership under the firm name of DuBose & Thrasher, and will do a general real estate business and handle all kinds of life and fire insurance and accident policies. Neither member of the new firm needs any introduction to the general public, Mr. Thrasher having been a resident of this city for many years in the clothing business, afterward in life insurance and at present engaged in the drug business and real estate. Mr. DuBose was formerly a member of the Marks Real Estate Agency and is thoroughly familiar with all the details of real estate and insurance. The new firm will list their property in an advertisement in The Herald.

Criminal Court
 Criminal court was convened yesterday morning with Judge T. P. Warlew presiding, and up to noon the following cases had been disposed of, with D. McKay, D. H. W. Marden, J. Meistermar, J. Larson, M. Y. McMillan, B. A. Kent, Jim Crawford, J. H. Mooney, O. I. Giles, J. M. Cook, L. L. Loraine, Wm. Smith and T. L. Hancock as jurors.
 Jim Mockins, colored, charged with carrying a pistol without a permit, plead guilty and was fined \$100 or thirty days in jail.
 Hayes Straughten, colored, was found guilty of selling liquor and was fined \$400 or five months in jail.
 Son Stroates, on a charge of improper exhibition of firearms was given thirty days in jail.

The docket is short and it is thought court will adjourn with the one day's session.

Distribute the Lettuce
 The growers here are not getting good prices for lettuce this week on account of the large shipments going out from the Carolina points which is prime stuff. Many who persisted in shipping to New York markets in the face of a slump did not get more than 40 cents in return and yet there are smaller markets nearer home that were paying better prices for instance the following will demonstrate: Birmingham, Ala., March 10.
 Florida Growers News:
 Market here lettuce fancy stock dollar fifty to two dollars.

BELL ROGERS PRODUCE CO
 This price may not prevail today but it was considerably better than the larger markets yesterday, and shows that if the stuff was scattered over a wider area and closer touch was kept on all the markets, large and small, much of the lettuce could be marketed to much better advantage.

Millinery Opening Great Success
 Yesterday and today the ladies of this section of the state thronged the millinery parlors of Mrs. Overman in the Yowell building. These days had been advertised far and wide as the semi-annual millinery opening and they looked for something special under the able direction of the new artist, Mrs. Mehrtens, in which they were not disappointed. At the entrance to the parlors Miss Louise Sheppard presided at the punch bowl and served a delicious fruit punch that put one in a most receptive mood to inspect the millinery. And there was such a brilliant array of hats, trimmed hats, pattern hats, Paris hats and Sanford hats and they were right up to the minute, bringing forth most favorable comment from the ladies. One dozen pattern hats were disposed of during the first hours Monday morning and it is the general consensus of opinion that Mrs. Overman's reception should be placed in the society column.

Cecilian Music Club
 The regular meeting of the Cecilian Music Club was held at the studio of Mrs. Fannie S. Munson Saturday afternoon at 8 o'clock.
 Miss Margaret Davis, president of the club presided over the meeting.
 After the business of the club had been transacted a very delightful musical program was given as follows:
 "Knight Rapert," Schuman, Edna Williams.
 "Sailors' Song," Schuman, Edna Williams.
 "Soldiers' March," Schuman, Adele Rines.
 "Sonata in A Major," Beethoven, Miss Margaret Davis.
 "Gypsy Rondo," Hayden, Adelzide Higgins.

Gibson Reserved Seats
 Anyone wishing reserved seats at the Gibson Family Reunion can have them reserved at Lawson's Pharmacy.

Blanch Walsh
 America's most famous actress will be in Sanford on Wednesday, March 12, at the Star Theatre, in one of life's greatest dramas known as "Resurrection." It takes four reels of film to portray this great drama and many thousands of dollars to produce it. It was taken from the book, "Resurrection," written by Tolstoi, the only Russian who ever acquired any fame in literature. Everybody should see it, not only from a literary standpoint, but to see exactly the terrible suffering endured by the poor class of people in Russia.

This picture takes up the life of an innocent Pheasant girl showing how her life is ruined by the fancy of a nobleman. Later she is thrown out in the world homeless and without friends. Finally she is convicted of another crime and doomed as a criminal and sent to the most dreaded place on earth, Siberia. This might be your last opportunity to see such a great play so don't miss it, at the Star Wednesday.

Wednesday Club
 At the meeting of the Wednesday Club which will be held at the home of Mrs. Henry Wight March 12th, the program for Feb. 26th will be given instead of the 12th of March, as stated in the Wednesday Club notes of last Friday.

Program for Feb. 26th, Mrs. S. O. Chase leader.
 Music.
 "Story of the Mexican War," Mrs. S. O. Chase.
 "Controversy in U. S. Senate caused by the acquisition of Mexican territory," Mrs. May Dickins.
 "Sketch of Kit Carson," Mrs. C. C. Woodruff.
 "Remember the Alamo."
 Roll Call.

Improving His Store
 J. D. Roberts is making many improvements in his grocery business, especially in the meat department. John Stemper, an expert meat cutter from Chicago will have charge of this department. The section that formerly divided this part of the store from the grocery has been removed and the store generally presents a much better appearance. Mr. Roberts has great faith in the future of Sanford and is preparing for the big rush that is sure to come.

DEPARTMENT OF THE INTERIOR, UNITED STATES LAND OFFICE
 Gainesville, Florida, March 7, 1918.
 To Giles L. Smith of unknown address, Contestee: You are hereby notified that Benjamin H. Greer, who gives Oviedo, Florida as his postoffice address, did on February 14, 1913, file in this office his duly corroborated application to contest and secure the cancellation of your Homestead Entry, No. 08846, Serial No. 08846, made June 21, 1911, for 5 1/2 Acres, Sec. 32 and 34, T. 17 N., R. 30 E., S. 31, Township 20 S., Range 32 E., Tallahassee Meridian, and as grounds for his contest he alleges that said Giles L. Smith never made any effort toward settlement or of making a residence on said claim; he has never cleared or cultivated any part of said claim; he is not now on the claim and to best of my knowledge he has abandoned the claim and is now out of the state.
 You are, therefore, further notified that the said allegations will be taken by this office as having been confessed by you, and your said entry will be canceled thereunder without your further right to be heard therein, either before this office or on appeal, if you fail to file in this office within twenty days after the fourth publication of this notice, as shown below, your answer, under oath, specifically meeting and responding to these allegations of contest, or if you fail within that time to file in this office due proof that you have served a copy of your answer on the said contestant, either in person or by registered mail. If the service is made by the delivery of a copy of your answer to the contestant in person, proof of such service must be either the said contestant's written acknowledgment of his receipt of the copy, showing the date of its receipt, or the affidavit of the person by whom the delivery was made stating when and where the copy was delivered. If made by registered mail, proof of such service must consist of the affidavit of the person by whom the copy was mailed stating when and the postoffice to which it was mailed, and the affidavit must be accompanied by the postmaster's receipt for the letter. You should state in your answer the name of the postoffice to which you desire further notices to be sent to you.
 S. WARREN, Receiver.

LOCAL NEWS

Mr. and Mrs. W. E. Gore of Orlando are guests of Mrs. Gore's parents, Mr. and Mrs. Wm. Bothamly. Dr. and Mrs. E. N. Lewis of De-fance, Ohio are the guests of Mrs. Stephens of Celery avenue. F. Z. Graves is home for a few days visiting his mother. He is a travelling salesman for the National Biscuit Co. with headquarters in Gainesville. Miss Aileen Minnick left yesterday for Tampa where she will reside for some time, being engaged in work for the Children's Home. W. H. Underwood is in Tallahassee this week representing Sanford Lodge, Woodmen of the World. Mrs. J. D. Parker left yesterday for Tallahassee where she will represent Celery City Circle at the state meeting Woodmen of the World. J. P. Mummelwhite, the mayor of Geneva was in the city yesterday and brought over a car load of good Geneva folks to take advantage of the Sanford big sale. Don't fail to see the "Electric See Saw" Chorus at the Imperial next Thursday and Friday nights at the Gibson Reunion. It is worth the price. Col. Henry Gibson will attend the Gibson Reunion and be on hand with his war stories which no one can tell quite as well as he. One of the most attractive musical numbers at the Gibson Reunion will be the chorus of sixty little girls singing and pointing to the sure enough cry baby in the electric moon. W. H. Bahrenburg of the commission firm of J. H. Bahrenburg & Co. of New York was a visitor to the city yesterday. Mr. and Mrs. Geo. Fox, Jr., arrived in the city from Miami Monday evening for an indefinite stay in Sanford. Lyman Frank has returned from points on the East Coast where he was engaged in shipping vegetables and will be connected with Spencer's Bakery. All parties who have tickets to sell for the "Gibson Family Reunion" are requested to turn in the tickets to the collector, Mrs. Margaret Roberts at the Roberts grocery store on Friday morning. Mrs. H. A. Ward returned to the city Monday evening from a stay of some length at her former home in Decatur, Indiana. Mr. Ward is detained there, looking after his business interests. Get your seats reserved for the Gibson Reunion at Lawson's Pharmacy. All downstairs seats reserved for 50c. Best seats in gallery reserved for 35c. Back seats in gallery reserved for 25c. The "Cow Boy" Chorus and the "Yamma Yamma" girls will also attend the Gibson Reunion as well as the "Taxi-cab" boys and girls and an attractive bunch of "Fluffy Ruffie" Chorus men and women. Billy O'Lee is well enough to be out of the hospital and will arrive at the Gibson home today the before the Reunion and you should be there Thursday and Friday night to see the warm greeting that he gets from Irish Molly. Hy. Fuerst, wife and daughter of Chicago were visitors to S. Runge and family last Saturday. Mr. Fuerst is the president of the Bedford, Ind., Granite Quarries Co., who supply the government with stone for public buildings. Mr. Cecil McDermond of Stetson University will assist in the presentation of the "Gibson Reunion" as soloist. Sanford has had the pleasure of hearing Mr. McDermond in the Stetson Glee Club concert, given several months ago under the auspices of the Land a Hand Club. Miss Bertie Taylor of Jackson, Tenn., is in the city the guest of her uncle, J. B. Williams. Miss Taylor is a former resident of Sanford and her many friends here are giving her a warm welcome. Mrs. Buchanan of Paola and her guests Mr. and Mrs. Doby of Glasgow, Scotland were in the city yesterday. Mrs. Doby is the sister of Mrs. Buchanan and they will be guests during the winter season. The Guarantee Investment and Loan Co., Curry Bldg., Tampa, Fla., lend money at 5 per cent interest, payable in small monthly installments. Write for particulars. local 47-ct

Breining; sureties, W. L. Niver and S. B. Hill. A. H. Stafford; sureties, J. C. Palmer and R. E. Kline. B. W. Spire; sureties, H. A. Shreve and R. M. Carroll. A. Beauclaire Robinson; sureties, C. W. Smith and Sam'l A. Robinson. V. S. Starbuck; sureties, Jas. A. Knox and C. A. Campbell. Bond of J. E. deVedig as Justice of the Peace, with John Kleinct and N. J. Merck as sureties, approved. Petition of W. H. Robertson, Carl Jensen et al to repair road from W. L. Dollive's place running south to Lake Conway received and upon motion petition was granted. Letter from H. W. Metcalf in reference to public road from Winter Garden to county road between Gotha and Windermere received and read. Postponed until Supt. of Roads and Bridges is present. Clerk instructed to answer. Communications from South Florida Sentinel, Orange County Citizen and Reporter-Star, in reference to publishing the Delinquent Tax List for 1912 received. Upon motion the Reporter-Star was selected to publish said list. Petition of Overstreet Crata Co. Keen et al to make the road now in use a public road, received, and read and laid over under the rules. In the matter of changing the route of the road from Merrimac to Plymouth near Mr. J. C. Stewart's residence, the subject matter was upon motion referred to Commissioner Eldredge with power to act. Mr. Klingan Smith of Brevard county, Messrs. M. M. Smith and Jas. L. Giles appeared before the board in reference to establishing a road from Brevard county via Chuluota to connect with the hard surfaced roads of Orange county. Referred to Commissioner Brown and Messrs. Giles and M. M. Smith to report at next meeting. J. W. Matchett, trustee of special school district appeared before the board in the matter of complying with a resolution heretofore passed by the board at the December, 1912, meeting of the board, viz, signing five notes aggregating \$1800.00 for benefit said special school district. The Supt. of Roads and Bridges was instructed to receive bids for filling in the bay head on the road leading west from Orange Center a distance of 3-8 miles. Upon motion it was ordered that the board contribute annually \$50 00 each to the Associated Charities of Orlando and Sanford. Report of J. P. Cawood, as inspector of licenses received and turned over to the tax collector. The report of the Black Hammock drainage business deferred until next meeting. Bid of W. F. Hanson to build bridge over run on road between Black Lake and Johns Lake for \$2.00 received. Upon motion bid was accepted. The hour heretofore appointed for selling bonds for paving certain roads in Road and Bridge District No. 1 of Orange County, Florida having arrived, the board announced ready to receive bids. The bonds were offered at auction and after receiving several bids, the bonds were awarded to Mayer, Deppe & Walter, they making the best bid for the same, being per with accrued interest and a premium of \$125.00. Reports of county officers received and filed. The following warrants were ordered paid:

Table listing various warrants and payments, including names like Jno. V. Doyle, M. Frank, W. A. Slaughter, Francis Karel, etc., and amounts.

THE GOVERNOR'S PLANS

Gives Out More Pre-Legislative Recommendations

SOUND SENSE PREDOMINATES

And Governor Trammell Gives Promise of Having a Most Successful Term

Tallahassee, March 11.—Governor Park Trammell, in pursuance of his announced intention to give out from time to time for the information of the public and of members of the Legislature certain of the recommendations which he will submit to the Legislature when it meets here in April, today gave out the following recommendations which he will make:

Traveling Men and Railroad Employees Right to Vote When Absent From Home

"Many traveling men and also a considerable number of railroad employees and others, who are qualified voters of this state are often deprived of the privilege of voting on account of their absence from the county in which they are registered upon the date of the primary or election, such absence being due to the fact that their employment requires them to be away from home a great deal of the time. That they may be allowed to vote when absent from their home county, I recommend the enactment of a law providing that a traveling man or railroad employee, of other voter who is required to be absent from his home, upon presenting his registration certificate, his poll tax receipts, and satisfying the election officers as to his identity, and that he has not voted in his home county or precinct and will not be able to do so, shall be allowed to vote for National and state officers at the place where he may be, and that his vote shall be restricted to such officers. The law should provide that he shall be furnished with only that portion of the ticket covering national and state officers. Such law to provide suitable penalties for any effort to vote or for voting at more than one place."

Legislative Committees Should Inspect State Institutions Prior to Session of Legislature

"Heretofore it has been the policy of the Legislature to designate committees composed of a considerable number of the House and the Senate to visit the institutions for higher education, the hospital for the insane, the school for the deaf and blind, the convict camps, the state reform school and the drainage operations during the session of the Legislature and report thereon while the body is in session. This plan for having these institutions inspected by committees from the Legislature takes a considerable number away from the daily sessions, and also, on account of the desire of the members of the committee to return to the regular legislative work, gives but limited time for making the inspections."

"It is my opinion that some plan should be devised whereby these committees should be designated prior to the convening of the legislature, so that they may make their visits and inspections prior to the session and be ready to submit their reports when the Legislature meets."

Advertise Granting of Franchises

"City franchises are often very valuable, and for the protection of the interests of the towns and cities, I would suggest the passage of a law requiring that when an application for a franchise is presented to a city or town council, the said council, if it is desired to consider the application, shall give public notice through the press of the application before at least three weeks before acting upon it, in order that others also may make application, and that the citizens may be advised. The law should provide further for a referendum vote upon all grants of a franchise when requested by a certain number of voters."

Graded Corporation Tax

"The privileges given to a corporation by the state are available to the incorporators, and give them rights and exemptions from liabilities that individuals do not enjoy. It is for the purpose of exercising these privileges that persons form corporations. Many states impose an annual tax on all corporations, and I would suggest the enactment of a law imposing such a tax on all corporations doing business in this state—say from \$5.00 to \$50.00, based upon capital stock."

Equalization of Taxes

"Tax assessment laws that do not apply in equal terms to all are not impartial and just laws. The Florida tax laws governing assessments require that all properties shall be assessed at their full cash value, excepting the properties of railroads, Pullman and telegraph com-

LAST BONUS OFFER IN HERALD'S PIANO CONTEST ENDS IN ONE WEEK

Excitement in the Race is Intense. Candidates are Taking Advantage of the Last Bonus

FIRST PRIZE—Player Piano, on display at The Herald office.

SECOND PRIZE—\$25.00 Brass Bedstead, purchased from and on display at the store of D. A. Caldwell & Sons.

THIRD PRIZE—\$22.50 Ladies' Watch purchased from and on display at Schaal's Jewelry Store, (new store) 123 West First Street.

FOURTH PRIZE—\$10.00 Ladies' Locket and Chain, purchased from and on display at McLaulin Jewelry Store.

Candidates in The Herald's contest can roll up a big bunch of reserve votes this week if they hustle for subscriptions and take advantage of the mammoth bonus vote offer which is good until Monday, March 17.

The work of this week will mean much for all contestants. No candidate should fail to get at least one club of yearly subscriptions before next Monday. Remember a two years subscription will count the same as two yearly subscriptions.

This offer gives the candidates who are at the bottom of the list an opportunity to advance to the front ranks by Monday. It is even possible that those in the lead today may be nearer the bottom of the list than the top by the end of the week unless they work diligently and vigorously.

Interest in the contest is intense. Everybody is watching the paper to see how the candidates stand from day to day. The candidates should help one or another of the candidates with their subscriptions if they favor the candidate were to request that assistance.

Pay No Attention To Rumors

If one contestant does get a few thousand votes ahead in the paper it must not be taken for granted that the race is won. Perhaps the candidates who are reposing in quiet at the bottom of the list will be the very ones to creep up unawares and carry off the prize. Such a thing has been done, and many a race has been lost by over confidence.

The properties of these corporations are assessed under a special law which makes assessable physical properties only, not including the value added to the physical property on account of the franchise privileges enjoyed. We have no such law regarding other properties.

I respectfully recommend that the law governing the assessment of the properties of such public utility corporations should be so amended as to have such properties assessed at the same rates as all other properties.

It's great. The Gibson Reunion.

Don't let rumors influence you one way or another. It is often the case that a candidate or a friend will hear that such a one has secured a large number of four new yearly subscriptions. These rumors are usually false, as no one knows how many votes you have other than those published in the paper, and the report is therefore started in the hope that other candidates will become discouraged and stop their efforts. Such reports should only urge one to greater efforts.

Voting Power of Subscriptions

Payments on all subscriptions will earn votes according to the following schedule: Renewals and back subscriptions count the same as new subscriptions.

| | | |
|---------|---------|--------------|
| 1 year | \$ 2.00 | 2,000 votes |
| 2 years | 4.00 | 4,000 votes |
| 3 years | 6.00 | 12,000 votes |
| 4 years | 8.00 | 18,000 votes |
| 5 years | 10.00 | 25,000 votes |

The list of candidates and their vote exhibit is counted up to noon Monday.

Something to Eat

The Christone Creamer on the Sanford Herald should come up to Liverpool and enjoy feasts with us. Besides turtle pie, we sometimes get a dish of squirrel potpie, with side dishes that would make an opulent declare his inability to judge which was the best dish. Yesterday while sick, we received from one of the good ladies of the town dishes of the latter that restored our former appetite, and the plastic gleam had been restored, and easily had a good time with something better than he can get in or around Lake Monroe. Invention Chronicle.

NOTICE

State of Florida
County of Orange
Notice is hereby given in compliance with the law requiring sixty days notice to be given that application will be made to the next session of the Legislature of the State of Florida for legislation authorizing the County Board of Commissioners of Orange County, Florida, to acquire, by purchase or otherwise, the lands in said district, and pay for the said work done.

Now, therefore, this is to give notice to all parties interested, that they will present their reasons why said legislation should not pass and be enacted.

This the 31st day of January, A. D. 1913.
J. E. PACE.
Tues. 10:30

Notice of Application for Tax Deed Under Section 4 of Chapter 4888, Laws of Florida

Notice is hereby given that Chas. T. Clark of New Smyrna, Florida, purchaser of Tax Certificate No. 318, dated the 6th day of June, A. D. 1910, has filed said certificate in my office, and has made application for Tax Deed to issue in accord with law. Said Certificate embraces the following described property, situated in Orange County, Florida, to-wit: Beginning N. E. corner of Block 1, Tract 2, of Sanford, run S. 2 feet, W. 71 ft., S. 2 ft., W. 42 ft., N. 4 ft., E. to beginning. The said land being assessed at the date of the issuance of such certificate in the name of Unknown.

Unless said certificate shall be redeemed according to law, Tax Deed will issue thereon on the 15th day of April, A. D. 1913.

Witness my official signature and seal this the 3rd day of March, A. D. 1913.
H. M. ROBINSON,
Clerk Circuit Court, Orange County, Florida.

NEW YORK LAUNDRY

JACKSONVILLE FLORIDA

DISTINGUISHED PARTY

Group of Millionaires From New York To Visit Sanford

Next Friday a private car containing several millionaires and inventors from New York will arrive in Sanford and expect to spend the day here inspecting our city and the Celery Delta. The Commercial Club and citizens generally will act as hosts and the party will be shown a taste of old time hospitality with a trip to Shell Mound and something good to eat.

At a meeting of the Commercial Club last Friday night all arrangements for their entertainment were made.

President Lake appointed on the reception committee the following gentlemen: Mayor, Spencer, Thomas K. Bates, G. H. Fernald, Frank P. Forster, S. O. Chase, Frank L. Woodruff, R. J. Holly, D. L. Thrasher, T. A. Neal, H. E. Tolar, H. R. Stevens, Mike Crown, A. P. Connelly, Thomas Emmett Wilson, Col. Powers. The committee on transportation are Walter Hand, N. H. Garner, B. A. Howard, W. J. Thigpen, Alderman Runge, Roy Symes, Edward Higgins.

The committee to prepare the feed is composed of D. A. Caldwell, C. H. Lefler, Dick Maxwell, H. O. Packard, C. R. Walker, W. L. Andrews. The finance committee is composed of D. D. Child, C. H. Lefler, and Robert Newman. The party will be taken in automobiles here and shown all there is to be seen in the city of Sanford and the entire Celery Delta. Then it will be taken to the fish fry where they will be met with power

boats and taken for a run around Lake Monroe and the St. Johns river. There will be fifty seven visitors in the party.

Card of Thanks

Who showed us in our time of sorrow their loving sympathy and many kindnesses this acknowledgment of our deep appreciation of the same.

Mrs. Geo. Armstrong and Sons

Lend a Hand Club

The Lend a Hand Club will meet at the residence of Mrs. Henry Wight Friday afternoon at 2:30 o'clock. It is requested that every member of the club attend the meeting.

Music Club

The regular meeting of the Music Club will be held at the residence of Mrs. F. L. Woodruff Saturday afternoon at 3:00 o'clock. All members are urged to be present. Mrs. Geo. L. Hoy leader.

Cantata Practice

The members of the Music Club Chorus are requested to come promptly at 3:30 o'clock Friday afternoon to the residence of Mrs. M. H. Howler, to practice for the cantata.

West Side Boys Attention!

The boys of the West Side are requested to meet in the West Side Park Saturday afternoon at 3 o'clock. Boys who are old enough to pick up a piece of paper to the boys who can help father cut the grass. There's a secret.

Notice.
On account of the repairs now being made on the Presbyterian Church there will be no prayer meeting tomorrow evening as formerly announced. A very cordial invitation is extended to all those who wish to attend prayer meeting on tomorrow night.

\$2,000 HOWARD AUTOMOBILE GIVEN AWAY FREE

HOW TO SECURE THIS HANDSOME CAR

We will issue trade coupons with every purchase made. These coupons are good for their face value in votes. The person securing the largest number of votes at the close of this contest, will receive this handsome car absolutely free of all cost. The coupons are transferable, so if you are not interested in securing this car for yourself, you can make some relative, friend or acquaintance happy by saving your coupons for them.

EQUAL CHANCE FOR ALL

No lucky number will win this car. Simply sign a nomination blank and have a particular number assigned to you, and then boost for your number among your relatives, friends and acquaintances. Have them patronize our store and save the coupons for you. The rules are simple. The chance costs you nothing. An opportunity for any hustling man, woman or child to secure a prize that will give lifelong joy and pleasure.

OBEY THE IMPULSE

RECORDING DATES

First day for recording votes will be Wednesday, March 19th. Hereafter, days for bringing in votes to be recorded will be Wednesday after 1st and 15th of each month. Don't forget these dates. If not convenient to bring in votes on these days, you can send them in or mail them.

NO PUBLICITY

Nomination blanks can be clipped from this advertisement, or can be obtained at our place of business. Upon receipt of your nomination, you will have a particular number assigned to you. The published bulletins of all contestants will be by number only, thus avoiding any publicity to your name. All votes received will at once be entered in a voting register, and immediately after the close of contest, the winner will be announced, and the prize awarded.

SIGN BLANK-GET PARTICULARS

GETTING ACQUAINTED WITH NEW CUSTOMERS

We do not expect to recover the expense of this contest through a greater per cent. of profit, but through a larger volume of business. We expect the larger volume of business to more than offset the cost, and it will be our earnest endeavor to give you even more for your money in the future than we have in the past. If you are not in the contest, make some relative, friend or acquaintance happy by saving your coupons for them. DON'T THROW THEM AWAY.

NOMINATION BLANK
GOOD FOR TWO THOUSAND VOTES

Place to my credit 2,000 votes and notify me what my number will be.
Also send me full particulars how I can win the Howard Automobile.

Name.....

Address.....

Cut Out and Mail

In case of a tie, a prize, identical in every respect with that tied for, will be awarded each tying contestant.

RAILROAD ACROSS STATE

Rumors That Seaboard Will Swing The Deal

START HAS ALREADY BEEN MADE

Other Items of State Happenings That May or May Not Interest You.

Punta Gorda, Mar. 14.—The very great interest and natural excitement over the coming of the new railroad remain unabated in Punta Gorda and vicinity. With the surveyors at work on the line between Venice on the Gulf coast and the town of Charlotte Harbor across the bay from this city, and the publication of the Charlotte Harbor and East Coast Railway Company of its intention to apply to the city council for an easement over streets, the building of the road appears to be an assured event. The length of the road between Venice, which is now reached by the Seaboard Air Line, and the town of Charlotte Harbor, is thirty miles, and the line passes through a diversified country, consisting of hammock, pine, prairie and muck lands. The construction will not be difficult or costly, only one stream, the Miakka having to be crossed. At this end of the route the site for the depot, freight houses and other necessary buildings, has already been decided upon, and large quantities of land have been donated for the purpose. Rumors are rife that this latest road will be the Seaboard and that it will cross the southern peninsula from the Gulf to the Coast.

One of the largest deals ever consummated in Live Oak was put through a few days ago when The Engineering Securities Corporation of New York, holders for J. G. White & Co., purchased the Suwannee Electric Company's plant and Lyle & Edwards' ice plant, the consideration being \$50,000 and \$35,000 respectively. The new purchasers will in the near future make many improvements and it is probable that the two industries will be combined.

The appropriation of \$100,000 for the opening of St. Lucie inlet and making of it a harbor of refuge for ocean going vessels, has given a big impetus to the sale of property in the vicinity of Stuart, and at Port-Sewall, the new town that has been laid out by the Sewall's Point Land Company, just opposite Gilbert's bay.

The Marion County Fair Association, which has conducted a most creditable annual exhibit of the resources of Marion county for several years, has invited Alachua and Sumter counties to join in an Annual Tri-County Fair.

Plans for the further development of Jacksonville as the great convention city of the southeast through aggressive bid-dings for meetings of interstate importance resulted yesterday in the session of the conventions committees of the board of trade and the Hotel Men's Association going on record as in favor of a fund of \$30,000 rather than \$20,000 for entertainment and cost of getting such hordes of visitors.

Lakeland's Next Postmaster

Hon. J.-C. Brown, who resides at Lakeland but being a former resident of Sanford is still claimed by us, was in the city for a short stay yesterday, shaking hands with old friends. Mr. Brown is a well known engineer of the A. C. L. and has many friends over the state. Having been a staunch Democrat and party worker all his life he is in line for postmaster at Lakeland and has been strongly endorsed by many leading citizens of Lakeland and other cities in the state.

Last spring he had the additional honor placed upon him of being elected Representative from Polk county, a position which his intelligence, honesty and love for the people's rights peculiarly make him well qualified to fill with eminent satisfaction to his constituents.

Postmaster Suicides

Tavares, March 11.—J. H. Vanderhaven, who had been postmaster here for four years, killed himself yesterday morning by cutting his throat from ear to ear with a razor. Mr. Vanderhaven was quite popular among a large circle of friends. No cause has been given for his rash act.

Party of Capitalists Here Today

Some Fifty Financiers are Interested in Sanford for Investments of various Kinds.

Will Purchase Electric Light and Gas Plants, Water and Ice Plants and Build New Tourist Hotel.

A party of financiers are here today and their presence means much to this city. They expect to invest several million dollars in Florida in which Sanford will share as the light and water plant, and ice plant will be purchased and improved and a new tourist hotel erected.

A company is being formed under the laws of the State of Florida to be known as the Southern Utilities Company for the purpose of acquiring and operating a number of public utilities and ice manufacturing properties. The purchases already made are all in the State of Florida and it is probable that later on additional purchases will be made which will probably be beyond the confines of this State.

It is to provide for the growth, not only of plants acquired, but permitting the acquiring of additional plants with the large capitalization decided upon. The plants already acquired include:

- Arcadia Electric Light and Power and Ice Plants.
- Bradentown (including Palmetto and Manatee) Electric Light and Power Plants.
- Fernandina Ice Plant.
- Fort Lauderdale Electric Light and Power and Ice Plants.
- Fort Meyers Electric Light and Power and Ice Plants.
- Lake City Ice Plant.
- Live Oak Electric Light and Power and Ice Plants.
- Miami Ice Plants.
- Palatka Ice Plants.
- Pensacola Ice Plants.
- Punta Gorda Ice Plant.
- St. Augustine Ice Plant and Steam Laundry.
- Sanford Electric Light and Power, Gas, Ice Plant and Water Works.
- Tarpon Springs Electric Light and Power and Ice Plants.
- West Palm Beach Electric Light and Power and Ice Plants.

One of the benefits which has already accrued to the State of Florida is that most of the plants purchased have already been paid for in full in cash. This has brought a large amount of new investment money into the State and has according to leading bankers of Jacksonville and other cities to materially ease up the financial situation and give the local people, who have received, or are to receive, the funds for investment in other local enterprises.

It is intended that payments will be completed within the next thirty days for all those plants which have not already been fully paid for. This will bring still more cash into the State available for local investments, including the payments for all of the plants and the additions and extensions which are intended to be made. The entire operation means an investment in the vicinity of several million dollars.

This is the most convincing proof possible that Mr. White and his associates have great faith in the future of Florida, it being generally understood that they believe that this State will probably show at the next census the largest percentage of growth in the Union during the present decade. If this anticipated growth actually takes place it will surely be beneficial to the State to have so many properties which directly enter to the needs of the public in the hands of those who will be able to provide fully for the increased consumption and needs of the local community.

The general policy of those interested in the above properties, and such others as may be acquired, not to raise rates, but to lower them from time to time, as increased sales and as manufacturing costs may justify such lower prices, as the rates which have been in the past charged to the different plants are steady there may be some

equalization of rates, but the general policy will be to gradually lower, as may be justified by conditions.

One of the principal gains to the locality in which plants have been or may be acquired will be that the Southern Utilities Company will be able to raise ample funds whenever required to make extensions to the plants it owns or controls. It is the intention of those interested to add to all plants with such promptness and to make such additions of said capacity as will adequately care for the present needs and make reasonable provisions for the future of all communities in which the company has plants.

The improvements already approved and which are intended to be promptly carried out are estimated to cost more than \$300,000 cash and further improvements and additions will be authorized as rapidly as it can be shown that the sales and prospective growth of the respective communities justify such further extensions.

So far as the owners are concerned their principal gains from the control and management of a large number of properties are expected to be derived from the increased output which will be made possible partly by additions to the capacity of the various plants and partly by endeavoring to accommodate the public and also by energetically endeavoring to secure such new business in each community as may be available. By trying to accommodate the public, prompt attention to complaints regarding service, earnest endeavors to improve service and ample capacity for all requirements, it is believed that the business of the respective plants can be rapidly increased and this increase in output should add to the profits realized from the operation of the properties.

The direct management of all the properties will be under Mr. H. C. Adams, recently of West Palm Beach, who will be made general manager of the Southern Utilities Company. Rooms for the headquarters of this company have already been engaged in the Heard National Bank building, Jacksonville, and this will be general headquarters for the operating staff. Under Mr. Adams there will be competent, trained and experienced engineers, who have had experience in the management and operation of such properties as are being acquired. The staff will also include expert accountants and everything incident to an organization fitted to adequately supervise the operation of a large number of properties. Each property owned will be operated by a local company which will usually have the name which will include the name of the local city or town where the plant is located, or some other local well known name. Each local company will also have a board of directors which will include some of the leading business men of the community in which the plant is located. It is hoped that these directors will be able to assist in seeing that the respective plants are operated in such a way as will adequately care for the needs of the people served, and in such way as will result in the company having the sympathy and co-operation of the public.

The personnel of the local board of directors has not been determined, but information will be sent to the local papers regarding these local boards when their composition has been finally determined.

The general financing of the Southern Utilities Company is being arranged by the Engineering Securities Corporation of New York of which M. White is president.

The J. G. White Company, Inc., which has been well known in the engineering and public utility field has recently formed two new subsidiary corporations. These are the J. G.

White Engineering Corporation, which has taken a participation in the financing of the Southern Utilities Company and which will do the general engineering for and have the general supervision of such additions and extensions to plants as may be made. The second subsidiary company the J. G. White management corporation will have general supervision of the management of all properties and co-operate with the staff of the Jacksonville office in endeavoring to see that the management of each property is properly looked after. This corporation, as also the parent company, J. G. White Company, Inc., is participating in the financing of the enterprise, although as previously stated this financing is being done mostly by the Engineering Securities Corporation.

The party left St. Augustine Monday evening by special train, which includes two private cars and private dining car, in order to spend Tuesday, March 11th, at Fort Meyers and vicinity. Short stops being made at Arcadia, Punta Gorda, Wednesday, March 12th, is to be spent at Bradentown and vicinity, the party motoring to Sarasota, where the mayor and citizens have extended a hospitable invitation for the party to lunch. On Thursday, March 13th, the party is to leave Bradentown by early boat, spending the day at Pinellas Peninsula and having lunch at the Hotel Bellevue at Bel-air. Thursday night the party is to go by special train from Tampa to Sanford, where it will spend all of Friday and where the Commercial Club of Sanford has kindly extended a luncheon invitation to the party. Friday night the party will go by special train to Fellsmere where two days will be spent in going over the canal system and other large improvements which are being carried out on the Fellsmere tract of 120,000 acres, in which the Engineering Securities Company is largely interested, the large improvements which are being carried out being under the general supervision of the J. G. White Engineering Corporation. Sunday evening the party will leave by special train for Miami, where it will spend Monday, March 17th, and Tuesday, with headquarters at the Royal Palm Hotel. Tuesday evening the party will proceed to Palm Beach where it will be accommodated partly at the Royal Poinciana and partly at The Breakers. The party will spend Wednesday and Thursday at Palm Beach and leave Thursday evening for New York in special cars which will meanwhile remain at Palm Beach.

There will be a short stop at Jacksonville on Saturday morning, this visit being shorter than those in charge of the party desire in order that a number of the guests may be home before Easter. The present plan being that the party will reach New York Saturday evening, March 22nd.

Those in the party are: George D. Baker, W. H. Hutton, bankers, Cincinnati and New York; Frank Battles, Battles & Co., bankers, Philadelphia; Mrs. Frank Battles, Philadelphia; Commander C. B. Barnes, U. S. N., Philadelphia; Paul W. Cleveland, John Burnham & Co., bankers, Chicago; J. A. Clark, J. A. Clark & Co., bankers, New York; S. R. Dickey, president National Bank of Oxford, Oxford, Pa.; John A. Griswold, Jackson & Curtis, bankers, New York; A. B. Haring, president Union National Bank, Englewood, N. J.; Col. Diamond Jones, capitalist, Reading, Pa.; R. Walter Leigh, Maitland, Coppell & Co., bankers, New York; Mrs. Walter R. Leigh, New York; James Marwich, Marwich, Mitchell, Peat & Co., accountants, New York; Marion McMillin, Emerson, McMillin & Co., bankers, New York; Dr. J. Townsend Russell, capitalist, Silver Lake, Susquehanna

THE PANAMA EXPOSITION

Will Be held in San Francisco in Two Years

FLORIDA SHOULD ALSO EXHIBIT

Other World News and Views Boiled Down for Busy Herald Readers

What Florida must do, when it comes to having proper representation at the great Panama canal exposition in 1915, in San Francisco, was indicated in an emphatic manner yesterday by H. E. Van Deman, of Washington, D. C., the distinguished horticulturist and authority, who has been identified prominently with the department of agriculture, Mr. Van Deman being a visitor to the city yesterday, while en route from the lower East Coast of the state to Louisiana.

Mr. Van Deman said at this great exposition Florida should have an exhibit which should be complete in every detail, and which should show the great resources and possibilities of the state. The opportunity he pointed out was such a great one of incalculable benefit to the state, that plans should be started immediately in order to thoroughly and exhaustively give the state the representation which it deserves. x x x x x

Three thousand followers of Venustiano Carranza, rebel leader of Sonora, were surrounded in the vicinity of Lampazos, Nuevo Leon, by 4,000 federal troops, according to a statement by the war department this morning. A decisive engagement is expected within a few hours. General Aubert Blasquez and Davila, in command of the federal forces, arrived on the outskirts of Lampazos early today. They are not certain that Carranza is with his followers. x x x x x

President Wilson's statement of the attitude of the present administration toward the Latin-American affairs, made public yesterday afternoon, was considered by the Central and South American diplomats in the friendly spirit which was voiced in the declaration. The consensus of opinion among them was one of approval that the policy of his administration would be to discountenance lawless revolutions and at the same time to encourage the growth of the friendly relations. x x x x x

A despairing cry of "I can hold out only a week longer," was sent in cipher by wireless today from Shukri Pasha, Turkish commander of Adrianople, to his superior officers here, according to unofficial reports. Shukri, who has held out for many months against the hundreds of siege guns of the Bulgarians and Servians, is said to have informed the porte in his message that Adrianople is practically at the end of its supplies of food and ammunition, while there is much sickness, especially scurvy and intestinal disorders, which are ravaging the defenders' ranks.
