

Rickard Takes Stand In Daugherty Inquiry; Can't Find Wahlberg

Fight Promoter Gives His Connection with Dempsey Fight Film MUMBAI PROMISED

Text Rickard to Have Law
Passed Legalizing the
Showing of Dempsey-Car-
penter Boxing Pictures
Throughout the United
States but Never Did Any-
thing in Return for Money.

WASHINGTON, Mar. 20.—Text
Rickard, fight promoter, was on
the stand Thursday in the Daugh-
erty investigation and testified re-
sponding to questions with the
exhibition of the Dempsey-Car-
penter films. He said he knew
Cap. Muma and Fred C. Quinn but
could not remember ever meet-
ing Jess Smith, Daugherty's friend.
He said he was "bunked" by Muma
and others on the contract for ex-
hibiting the films as they never
did anything in return for the
money paid them by him under
contract. He said they promised
to have a law passed legalizing
showing and denied they promised
to use influence with Daugherty.
He said he never thought there
was any conspiracy in connection
with the contract.

In comparison with its usual
lengthy sessions, the Daugherty
investigating committee had a
busy time on Wednesday. Senator
Wheeler, the committee prosecutor
was absent with a cold and Paul
Howland, chief of counsel for the
attorney general, improved the op-
portunity to bring out some testi-
mony favorable to him.

Mr. Howland didn't care to
cross examine William A. Orr,
former secretary to Governor
Whitman, who has been testifying
about the fight film "deal"
and also "whiskey" deals, and the
committee let Orr go subject to
recall. Today's witnesses were
Maco Stewark, Texas, lawyer,
who contends the department of
justice has been ransacked in pro-
secuting alleged lottery schemes,
and Thomas D. Hawkins, a Texas
postoffice inspector, called in con-
nection with previous testimony
by Captain Baldwin of the Texas
rangers.

Through cross-examination,
Mr. Howland led Stewart to tes-
tify that the government had been
indicting and prosecuting
various alleged lotteries Stewart
referred to, but Stewart insisted
that all the prosecutions had
been brought under mail fraud
laws and did not meet the situa-
tion, where, he contended, lottery
prosecutions should have been
made.

Hawkins testified that United
States Attorney Zweifel, of Texas,
had refused to prosecute a
similar concern "because of an
opinion by the solicitor of the
postoffice department, which he
supposed had had the approval
of Attorney General Daugherty
and then Postmaster General
Will H. Hayes.

Hawkins did not agree with
Baldwin's testimony that some
of the federal authorities in Texas
had planned to "blackmail" Dr.
Frederick A. Cook, of North
Pole fame, and other oil promot-
ers "had that mixed up."
Department of Justice State-
ment.
After the session a statement
was issued at the department of
justice, saying:
"The attorney general is glad
to call attention to the fact that
the two witnesses called Wednes-
day by the committee were both
men of excellent reputation and
did not come under the class of
discharged employees of the de-
partment of justice or discredit-
ed and malicious critics."

Miss Rhea Crawford To Conduct Services In Orlando On Sunday

By The Associated Press.
ST. AUGUSTINE, Fla., Mar. 20.—
J. Harold Summers of St.
Peterburg, publisher, and
Rhea Crawford, the girl
evangelist known as the "An-
gel of Broadway" were mar-
ried here Thursday.

Miss Rhea Crawford, known
throughout the country as the
"Angel of Broadway" and who at
present is on a tour of this state,
will appear in Orlando next Sun-
day when she will conduct two
services at 3:30 and 7:30 o'clock
at the Phillips Theater, according
to an announcement received in
Sanford Thursday.

Miss Crawford, the girl evangelist,
has held hundreds of meetings
in this country and has been re-
sponsible for thousands of conver-
sions by her magnetic appeal in
behalf of the Christian religion.
For several years she confined her
work to New York where by her
work she came to be called the
"Angel of Broadway." On broad-
way, Miss Crawford held meet-
ings and by her efforts won
the praise of many of the
leading clergymen of the country.

John Meisch Will Be Candidate Again For County Commissioner

Sanford district. Mr. Meisch at

board, a position which he has held
during the past two years.

Mr. Meisch is one of the most
prominent and influential citizens
of Sanford and is one of the largest
taxpayers. Since coming to
Sanford 17 years ago, he has at-
tended 17 identified with every
progressive movement to make
Sanford the thriving city that it
is today.

Mr. Meisch is engaged in numer-
ous enterprises but is never too
busy to devote time and money
toward the development of his
adopted home. His record as
chairman of the county board has
been one of efficient service,
which should entitle him to re-
election, his friends declare.

Former Secretary To Sinclair Wanted By Oil Investigators

CURRENT RUMORS

In Washington that Sinclair
Oil interests Used Influence
During 1920 Republican
Convention and Turned
Over Securities to Daugherty
and Will Hayes Are
Now Being Investigated.

WASHINGTON, Mar. 20.—The
oil committee plans to inquire into
the report that Harry Sinclair had
turned over a large hatch of sec-
urities to Daugherty and Will
Hayes to help wipe out the Republi-
can 1920 campaign deficit received
a setback Thursday when the pro-
cess servers reported Thursday
that they were unable to locate
G. D. Wahlberg, former private
secretary to Sinclair. The commit-
tee took up the testimony show-
ing the transactions of oil stock by
Daugherty and Jess Smith. It
was stated that some transactions
carried on under other names were
for them. The committee ad-
journing after a brief session.
After lifting the lid of another
box of rumors, those having to do
with "oil deals" at the Chicago
Republican convention in 1920, the
oil committee turned back Wednes-
day to the lease of Teapot Dome to
Harry F. Sinclair and the efforts
of "independents" to enforce
"claims" there.

The gossip about the Chicago
convention was related to the
investigators by Tiffin Gil-
more, deputy secretary of state of
Ohio, and a supporter of Major
General Leonard Wood in the 1920
campaign. He stated frankly that
he had no first hand information
about the "gossip" with which
he asserted the atmosphere at
Chicago was "surcharged."

James G. Darden, friend of
President Harding, and a man of
varied experience in the world of
business and politics told of vain
efforts of himself and associates
to establish "rights" in the Wy-
oming reserve and of conversations
on the subject with President
Harding, Secretary Fall and At-
torney General Daugherty.
During a long and vigorous
cross examination by Senator
Walsh, of Montana, Committee
"Prosecutor" Darden quoted Pres-
ident Harding as having said "Fall
is kind of 'NT' on the subject of
clearing the reserve. Also he flatly
denied a statement contained in
a letter from Fall to Mr. Harding
that Attorney General Daugherty
had sent Darden to the interior
secretary about lease.

Rotary Convention At Macon Declared To Be Big Success

Robert J. Holly and Walter
Haynes, incoming president and
secretary, respectively of the
Sanford Rotary Club, are back
from Macon, where they attended
the second annual conference of
the clubs of 30th district of Rotary
International.

The conference, which conven-
ed on Monday and continued
through Tuesday night, was most
with the Macon club as hosts,
nearly 1,000 visitors from clubs
all over Georgia and Florida,
were royally entertained, said
Mr. Holly. Not only were the
members of the club, but the
entire city, as a whole, turned out
to entertain the large crowd of
Rotarians.

Among the many entertain-
ment features were concerts given
by the Glee Clubs of Mercer
University and Wesleyan Col-
lege and also selections by an
octet from the Valdosta Club. So
good was the performance of the
latter, that it was decided to
send it to the international con-
vention, which meets in Toronto
in June.

Among the notables present at
the convention and who gave ad-
dresses, said Mr. Holly, were Guy
Dent, Hart I. Seelye, chairman of
international committee on boys'
work and Cary A. Hardee, govern-
ment of Florida. Kendrick Green-
wood, president of the district, was
present with a handsome diamond
ring at the banquet Tuesday,
which marked the close of the
conference.

McADOO CHOICE OF GEORGIANS FOR PRESIDENT

Underwood is Snowed Under By
McAdoo in Georgia's Presi-
dential Preferential
Primary.

ATLANTA, Mar. 20.—Wil-
liam G. McAdoo steadily in-
creased his lead Thursday
over Senator Oscar Under-
wood in returns from the pri-
mary Wednesday. At noon
unofficial returns gave Mc-
Adoo 122 counties and Under-
wood 31.

From Rabun Gap to Lybee light,
Georgia Wednesday declared
their preference for William G.
McAdoo for the Democratic presi-
dential nomination.
Running in a primary in Geor-
gia, McAdoo overwhelmed his op-
ponent, Senator Oscar Under-
wood, of Alabama. The former
secretary of the treasury took
the lead in the first returns and
gradually increased his advan-
ce as additional counties re-
ported. Early in the evening it
was evident that the Californian had
swept the state as county after
county swung into his column.

Atlanta, Macon, Savannah and
Augusta helped to swell the Mc-
Adoo majority. He carried his
home county of Cobb by big vote,
captured the home county of the
late Senator Thomas E. Watson
by a small majority, according to
incomplete newspaper returns
and took Chatham, the home of
Senator Underwood's state cam-
paign manager. The former sec-
retary recently spoke in these
four cities.

Senator Underwood carried
Baldwin county, where McAdoo
spent his boyhood at Millidge-
ville, Muscogee, in which Colum-
bia is located, and went for the
Alabamian, Twiggs county, which
held a primary some time ago.
One declares Mr. Underwood
again registered their choice for
him Wednesday.

Has More Than Enough.
Shortly before 10 o'clock Wed-
nesday night complete returns to
newspapers showed McAdoo had
216 votes in the Democratic con-
vention, nine more than the ne-
cessary majority to insure election
of the Georgia delegation of 28
votes to the national party con-
vention in New York.

In addition, McAdoo had 78
unit votes more indicated in
counties where he was leading
Underwood by majorities.
At the same compilation, Un-
derwood had 52 certain conven-
tion votes and 16 indicated.

Carried 106 of 160 Counties.
McAdoo had carried 100 of the
160 counties in the state and in-
dications were that the number
of counties in his column would
increase as returns came in.
One comparison of the popula-
tion was in Fulton, of which
Atlanta is the county seat, where
in 28 out of 36 precincts, McAdoo
received 10,051 votes and Under-
wood 2,815.

NEED PLAN TO STOP CHARGES OF TAX GRAFT

Special Committee Investi- gating the Internal Revenue Bureau Discusses Public- ly For Contested Income Tax Cases as a Means of Preventing Graft Charges.

WASHINGTON, Mar. 20.—Pub-
licity for contested income tax
cases as a means of preventing
charges of graft in tax settle-
ments in the Internal Revenue
Bureau in for general discussion
Wednesday before the special sen-
ate committee appointed to in-
vestigate the bureau. Commissioner
David Blair and his deputy com-
missioners participated in the
round-table discussion which fol-
lowed a suggestion by Senator
Jones, Democrat, New Mexico, to
this effect.

The only other witness called
Wednesday was J. Frank Drake
of Pittsburgh, who explained he had
acted as confidential man for Mr.
Morton in examining into qualifi-
cations of men who were to be
appointed to the bureau. The name
of Elmer Dover, former assistant
secretary under Mr. Mellon in the
treasury department, was injected
into proceedings by Senator King,
Democrat, Utah. Col. Drake said
he had nothing to do with that ap-
pointment.

Blair Withholds Judgment
Mr. Blair, questioned later as to
the advisability of making the
question of graft charges against
withheld judgment, although ad-
mitting that political pressure had
been heavy on him at times. Re-
plying to Senator King he said he
had made his appointments on merit
or strictly on recommendation
of the collectors, in the case of
deputies, except in a few cases in
Washington where he had yielded
to Mr. Dover's desires.

Senator Couzens, Republican,
Michigan, inquirer of the in-
vestigation did not pursue the
question of graft charges against
the bureau, indicating that wit-
nesses summoned from other cities
who will be heard Thursday, might
deal with that phase of the in-
quiry. Mr. Drake said he had no
knowledge on the subject and in a
voluntarily report submitted by
Commissioner Blair it was asserted
"economically, efficiently, fairly
and honestly."

Senator King asked at one point
if the custom of former bureau
employees of coming back to prac-
tice in tax matters before the bu-
reau and on the strength of sup-
posed influence within the bureau
did not amount to a "scandal." Mr.
Blair would not concede the point,
but submitted a list of 27,000
names of those admitted to prac-
tice, also a list of those disbarred
for various reasons in connection
with former employees his report
said.

Most of this criticism is unjusti-
fied because there is nothing in
law or regulations to prevent a
former employee from practicing
before the department merely be-
cause he has been connected with
the government service.

NEW PHASE IS DEVELOPED IN NORMAND CASE

Wounds in Dines' Body Apparent- ly Caused by Three Bullets Instead of One, Is New Discovery.

LOS ANGELES, Mar. 20.—The
latest hearing of the charge against
Horace A. Greer, former chauffeur
for Mabel Normand, film actress,
of attempted murder against
Courtland S. Dines, Denver oil
operator, which resulted Wednes-
day in Greer being held to answer
to the superior court, developed
several new phases including the
following:

Wounds on Dines' body appar-
ently caused by three bullets, in-
stead of one as previously report-
ed.
Improvement in Dines' mem-
ory, embracing his admission to
Justice J. Walter Handy that he
was drunk at the time of the
shooting.
Dines' admission that he was in
quite a "rage" at Greer's insis-
tence on Miss Normand leaving the
Dines apartment for home.
Dines' testimony that Miss Nor-
mand was in the room with him
when Greer arrived and for some
time afterwards, and the evidence
of Miss Edna Purviance that from
the bathroom door he saw Miss
Normand entering the bedroom
from the living room where Dines
and Greer were immediately after
the shooting.

(Miss Normand has maintained
she was not in the room at the
time of the shooting.)
Of the four who admittedly were
at the Dines apartment three were
in court Wednesday, Dines, Greer
and Miss Purviance, film actress,
Miss Normand is in the East.
Dines Tells Story.
Dines related a consecutive se-
ries of events from the time Greer
knocked at the door up to approxi-
mately the time the shots were
fired.

At objection of the defense he
was not permitted to answer the
question, "Did Miss Normand
shoot you?"
He was allowed to say that Miss
Purviance did not, and he was cer-
tain that he had not shot himself.
To the court's question as to
whether he was under the influ-
ence of liquor he said "Yes," ex-
plaining that he had been out all
the night before and had been
drinking all that day.

The bullet wound discrepancies
developed when medical testimony
pointed to the three wounds, one
in Dines' chest, one in his shoulder
and one in the ear where a piece
of the lobe was missing.
Greer was ordered held to an-
swer to the superior court with bail
of \$3,000.

Many From Sanford Enjoy Recital By Amelita Galli-Curci

Amelita Galli-Curci, grand opera
singer of the Metropolitan Opera,
and considering the world's fore-
most lyric soprano, appeared in a
song recital before an audience of
3,000 people at the auditorium at
Daytona Beach Wednesday night.
The famous opera star thrilled
the large audience with her gifted
interpretation of parts from sev-
eral of the world's finest opera
presentations. Time after time she
was loudly applauded to which
she always responded with a deli-
cious encore.

Many Sanford lovers of music
motored to Daytona Beach to hear
the recital. Nothing but the highest
praise was heard from those
who attended on the gifted singer,
who sang her way into the hearts
of everyone during her two and
a half hour concert. Galli-Curci
was assisted by Manuel Berenguer,
flutist and Homer Samuels, pianist.

Finance Committee Discards Tax Bill For Bonus Measure

SENATE REJECTS ONE AMENDMENT IN REVENUE BILL

Disposition is Shown to Replace the Longworth Compromise Income Tax Schedule with the Mellon Rates

WASHINGTON, Mar. 20.—The
senate finance committee Wednes-
day rejected the first house amend-
ment to the revenue bill reached
in its study of the measure and
reinstated the Mellon provision for
taxing profits on stock dividends
redeemed in liquidation proceed-
ings.
The house had made such profits
subject to the sur-tax rates rather
than the capital gain tax of 12-1/2
per cent, a lower rate than the
average sur-tax. The house pro-
vision was rejected by the com-
mittee as unfair to smaller stock-
holders.

A disposition on the part of the
majority committee members to re-
place the Longworth compromise
income tax schedule with the Mel-
lon rates also became apparent
Wednesday. Democrats at the
same time were lining up solidly
against the move and were count-
ing on the support of Senator La-
Follette of Wisconsin, leader of
the Republican insurgents.
Should Opposition Develop.
Should this opposition develop
the nine other Republicans would
have to back the Mellon rates
against the vote of the seven
Democrats. In this connection
the administration advocates of
the Mellon rates also are some-
what doubtful of the attitude of
Senator McCormick, Republican,
Illinois, who was instrumental in
bringing about the house com-
promise reduction in the 50 per
cent maximum sur-tax in the pres-
ent law and who has indicated he
favors higher surtax rates than
proposed by Mr. Mellon.

Meanwhile the Democrats have
given no definite indication of what
rate schedule they will support.
House Democrats supported the
Garner rates with a 44 per cent
maximum sur-tax. This was leant
in the house by the Longworth
compromise carrying a maximum
sur-tax rate of 37 1/2 per cent.
La Follette's Position Not Re-
vealed
Likewise, Senator La Follette's
position as to what rates the bill
should carry has not been reveal-
ed. Members of the Republican in-
surgent group in the house ad-
vocated retention of the present max-
imum surtax rates but later sup-
ported the Longworth compromise
which cut normal rates to levels
conforming closely to their pro-
gram.

Should the tax bill not be put
aside by the committee for the
solider house bill it is expected the
income rate schedule will be reach-
ed late in the week.

Harry T. Bodwell And Associates Leave For Northern home Today

Mr. and Mrs. Harry T. Bodwell
accompanied by George D. Bridget
and Edward E. Eley, left this
morning in the former's automobile
for Jacksonville where the party
will take the train for Providence,
R. I., to spend the summer. Mr.
Bodwell's car will be shipped from
Jacksonville to his home.
It is the plan of Mr. Bodwell,
who recently came to Sanford and
invested heavily in real estate of
this city, to pay a short visit to
Sanford in June when he will come
down to look over the development
work which he is carrying on in
his new subdivision, "Mayflower."
The development of this tract of
land is being postponed until the
candy crop is harvested when the
work will be resumed. By next
fall the whole project will have
been completed, Mr. Bodwell said
before leaving.

"We have enjoyed every minute
of our stay here this winter," he
declared, "and we are sorry to
leave now but you may rest assur-
ed that we will be glad for the
time to come when we shall come
back again. We love Sanford and
its citizens, who have been so
gracious and kind to us during our
short residence," he continued,
"and we shall have nothing to tell
our friends up north but some-
thing nice about this city."

Lines Begin to Form in Antici- pation of SUIE FIGHT Against Measure—Repub- licans As a Whole Favor Passage of Bill But Indica- tions Are That Democrats Will Fight Its Passage.

(By The Associated Press)
WASHINGTON, Mar. 20.—As
lines formed in the senate Wed-
nesday for the fight on the sol-
dier bonus bill, reported from
the house, sentiment indicated
the measure would displace the
tax reduction bill for immediate
consideration in the finance com-
mittee.

The paid-up insurance bill
passed by the house met with
general favor among Republi-
cans, but Democrats were appar-
ently ready to carry on the fight
for their group in the house for a
full cash payment option. Sen-
ator Simons, of North Carolina,
ranking Democrat on the finance
committee, declared in favor of
such a proposal.

Although agreed generally on
a straight out insurance bill with
an option for cash payments to
veterans not entitled to more
than \$50, as provided in the
house measure, Republicans were
split over the form of the insur-
ance provision.
Smoot Introduces Bill.
Chairman Smoot, of the
finance committee, introduced a
bill providing for insurance poli-
cies payable only at death and
announced he would not support
the house provision for 20-year
endowment policies carrying loan
privileges.

Senator Curtis, of Kansas, a
Republican member of the com-
mittee, however, has introduced
a bill enacting an insurance
clause similar to that approved
by the house.
The bonus bill probably will be
referred to the finance com-
mittee Thursday. Chairman Smoot
said today a motion to have it
displace the revenue bill now be-
fore the committee would be in
order. Although no final move-
ment had been intimated, several
committee members expressed their
belief today that the bonus bill
would be given priority.

Cost \$5,007,422.44.
The cost of the bill introduced
by Mr. Smoot was estimated at
\$5,007,422.42, of which \$10,000-
000 would be used in immediate
payments to those entitled to
\$50 or less. Mr. Smoot explained
that the cost calculation was as
nearly accurate as possible, being
based on the American experi-
ence tables of mortality. The total
cost would be spread over 61
years, this being the pre-
sumptive period before the death
of all veterans insured. The total
cost at the end of the term was es-
timated at \$21,190,000.

The cost of the insurance under
the Smoot bill would be about
\$42,476,669 in the first year, it
was estimated; the figure gradu-
ally increasing each year to a
maximum of \$147,585,350 in 22
years after which it would
steadily recede. The cost was es-
timated on the basis that 4,055-
199 veterans would be eligible
for the bonus.

As in the house bill, adjusted
compensation on the basis of \$1
a day for home service and \$1.25
a day for overseas service, ex-
clusive of the first 60 days, and
with maximums of \$500 and
\$625, respectively, would be al-
lowed.
Would Add 25 Per Cent.
Twenty-five per cent of the
total of adjusted compensation
due would be added, and the insur-
ance given would be the
amount this total credit would
buy at 4 1/2 per cent interest com-
pounded annually. As the house
bill allowed only four per cent
interest, the Smoot bill would al-
low slightly larger amounts.
The face value of the policy
would be about 3.015 times the
total and 2 1/2-acres-dictyphym
an amount of adjusted compensa-
tion and credit due. Mr. Smoot
said, whereas the value of poli-
cies voted by the house would be
about 2.517 times the amount of
such credit.

GATORS TO SEND STRONG TEAM TO SWIMMING MEET

Will Compete With City Team of Jacksonville on Saturday Night

GAINESVILLE, Fla., Mar. 19.—University of Florida swimmers are preparing this week for the swimming water competition for the year when they journey to Jacksonville for that meet with the city's team Saturday night.

Under the coaching of Dr. R. G. Manchester, the Gator men are training nicely, and despite the cold weather that has somewhat hindered their outdoor workouts, the six man team should be in pretty good condition.

Florida lost several of her star swimmers last year and the absence of these men will unquestionably be felt during the coming campaign. Some half a dozen meets with state swimming teams have been arranged. The schedule will be announced by Coach Manchester within a few days.

The events are billed on the Saturday night program with Florida and the Jacksonville "Y" factions vying for honors. Coach Manchester will take six swimmers to the state's metropolis and while the lineup is yet somewhat in doubt, Varena, Warren, Todd, Crumling, Williams and Scarborough are the likely men to represent the Orange and Blue in the season's opening match.

In the 50 yard free stroke (Cy) Williams, the heavy framed gridiron hero, and Edmar Todd another football celebrity are billed to enter for the Gators. Todd Williams and Alfred Varena are slated to handle the 100-yard assignment, with Varena and John Warren swimming the 220-yard event and probably in the 400. The four men to swim in the 200-yard relay are undecided, while Sanders, Crumling, "Cy" Williams and Varena are sure to plunge in this final number.

The Gators will be fairly strong, but will hardly be a team that will send any records crashing this season. They are to be counted upon as dangerous, for the men will be in there to give their best. The six men are all varsity candidates as freshmen will not be allowed to compete in later meets. Dr. Manchester is not allowing them to compete next Saturday.

A host of excellent "Rat" swimmers practice daily at the rejuvenated in Flanders Pond and should develop in to a formidable aggregation.

STRIBLING TO BOX IN MIAMI
MIAMI, Mar. 19.—Young Stribling will appear in a Miami ring for his next fight following his match with Mike McTigue, according to information in the hands of Ed Douglas, promoter for the Veterans of Foreign Wars. Douglas has received information from Stribling's father-manager, that he has signed a contract and posted the necessary forfeit money. His opponent probably will be the winner of the Genet-Middleton match here next Thursday night.

MAY MEET AT ST. PETE.
ST. PETERSBURG, Mar. 19.—The Florida State Florists' Association has been invited to hold its 1925 convention in this city. Bradford A. Lawrence, president of the chamber of commerce, telegraphed N. A. Kooner, president of the florists' organization, a cordial invitation to meet here next year.

LUIS FIRPO'S THREAT TO RETIRE FROM RING AROUSES BOXING FANS

BUENOS AIRES, Mar. 19.—Luis Firpo's friends and admirers sought throughout the day to persuade him to change his mind, that he would retire from the ring after he fights Al Reich, an American at Buenos Aires next month, came as something of a bomb shell today in pugilistic circles, where its effect on the year's fight program was the chief topic.

In some quarters there was skepticism over Firpo's assertion and a belief that sufficient financial inducements would influence the giant Argentine to change his mind.

William McCarney, Firpo's American representative who arranged an extended exhibition and fighting tours of the United States and Canada during the summer, late today had received the direct word from Firpo and was holding his program in

abeyance until receipt of advice from the South American. Tex Rickard, under whose guidance the colorful South American climbed spectacularly in six months from obscurity to a record-breaking, to a fight with Jack Dempsey, was in Washington and his associates would make no comment. Rickard, it was believed, had obtained Dempsey's consent to a return match with Firpo here in September but cable reports last night said the Argentine rejected Rickard's latest fight bid, a \$500,000 offer for bouts with Harry Wills and Dempsey.

Should Firpo carry out his announced intention, however, Latin color to his fight program would not be lacking. Erminio Spalla, Italian holder of the European heavyweight title, who was knocked out in 14 rounds by Firpo recently, and Quintin Romero-Rojas, promised Chilean heavyweight, have accepted Rickard's offers for a series of matches here. Rojas may make his debut in May at Madison Square Garden against Floyd Johnson of Iowa.

AT THE MILANE

All work and no play makes Jack a dull boy.

And, all play and no work makes a man a bum.

The happy medium is always the thing. This is universally conceded and now Douglas Fairbanks, who so brilliantly eclipses all his past screen triumphs in his latest cinema masterpiece, "Douglas Fairbanks in Robin Hood," a United Artists release at the Milane theatre today says:

"Mix work with play."

This is his succinct way of expressing the only panacea for the malady of any extreme. Supplementary to this he says:

"The monotony of unrelieved work is like a blotter, for it will absorb all your initiative and vitality. If you want to dodge an early decline and prolong your years of usefulness, stop working at regular intervals for exercise and diversion. This is the only way I ever discovered to keep physically fit and happy."

21 PRISONERS ARE PARDONED BY THE BOARD

TALLAHASSEE, Fla., Mar. 19.—Pardons were granted to 21 applicants, paroles given in three cases and restorations to citizenship extended in four cases by the State Board of Pardons, at its regular semi-annual spring meeting last week, it is disclosed by a statement made public Wednesday reviewing the action of the board.

"There are more than 1400 convicts in state prisons," says the statement, "which, of course do not include the number in the county prisons. With this large number of prisoners and holding but two sessions a year it is but natural that there would be a large number of cases presented at each session of the board. There were more cases presented at the present session than ever before and after full consideration of each and every case pardons were granted in 21 cases, paroles were granted in three cases and restorations to citizenship were granted in four cases."

"There is a short statement herewith submitted, showing the reasons which actuated the Board in granting of such pardons as were allowed," the statement continues, "The attention of the people is especially directed to the statement set forth in each individual case. As the law contemplates that they are a Board of clemency and have tried to perform their duties with this thought in view. It will be especially noted that practically all of the pardons granted were prisoners who have rendered long and faithful service. Many of them seriously disabled physically and a large proportion of them have the special endorsements of the judges and state's attorneys who tried them."

Senators that there will be a further increase in domestic production in 1924.

Prospects favor continuation of a strong market for lambs for several months with larger market supplies in mid-summer. The wool situation is distinctly favorable for producers and there is apparently opportunity at present for profitable increase in the number of sheep.

Wool production is now at a point where further profitable expansion may be dependent upon continuation of the present high level of demand.

but he added that Mr. Coolidge, while he was vice president, Postmaster General New and others, also had attended the private showing of the Dempsey-Carpentier fight films at the Nic-Lean home here, after they had been brought to Washington "in violation of the law."

He said Mr. Hughes, an eminent lawyer and former supreme court justice, must have known that the law was violated, and declared that unless Attorney General Daugherty had "conspired" the criminal code, all of those who attended the exhibition must be prosecuted for conspiracy.

"I wonder if we will be called upon," he said, "to remit the fines which the law imposed on the attorney general, the secretary of state, the postmaster general, the then vice president and other cabinet officers who participated in this showing, because those who participated were guilty of violating the law."

small decrease in Virginia being offset by a corresponding increase in North Carolina. Georgia and Alabama plan an increase of about one-third over last year but the increase in Texas is only about five per cent.

Prosperity Reflected.
Domestic demand for agricultural products is at a high level, the report stated. Urban prosperity is reflected in a heavy current consumption of fiber and his quality foods and this may be expected to continue into the summer.

Foreign markets, on the whole, seem likely to maintain about the present level of demand for American cotton, pork, wheat and tobacco.

The situation this season with respect to labor, machinery, fertilizer, credit and other cost items is not such as to favor any expansion in production.

The swine industry is going through a period of liquidation and discouragement. Indications are that hog producers have now passed the peak of production and may be moving into one of the recurrent periods of low production.

The dairy industry has expanded to the point where gross domestic production, in terms of whole milk, slightly exceeds gross domestic consumption. Indications
