

Export Subsidy On Citrus Is Chiefly Help to California

LAKELAND (AP) — California is getting the bulk of funds spent under the U. S. citrus export subsidy program because of its large fresh orange shipments.

The U. S. Department of Agriculture reported California and Arizona have sold 2,756,081 boxes of oranges overseas this season, receiving subsidies of \$3,974,000. While the California and Arizona figures are not right in the official report, all but a very small percentage comes from California.

Florida shipped only 116,688 boxes of oranges abroad for a subsidy of \$128,250.

For fresh grapefruit the shipments and subsidies reported were California-Arizona 108,881 boxes, \$37,992; Florida 31,596 boxes, \$33,627.

Florida dominated the single strength juice field, sending abroad 433,299 cases for a subsidy of about \$306,000. California and Arizona shipped only 2,644 cases and received \$2,390 in subsidies.

In the concentrate field, California-Arizona took over again, shipping some 48,500 gallons to Florida's 28,000 gallons.

One reason was the booming market Florida has in this country for most all concentrate it can produce.

For the week ended July 19, retail sales of frozen orange concentrate hit a record of 1,601,000 gallons, the Florida Citrus Commission reported. That was 52,000 gallons above the previous weekly mark and nearly 1 1/2 times as much as was sold the corresponding week a year ago.

Rural Common Sense

By SPURS JOHNSON

Florida's lightning and thunderstorm season is at hand. Farm families would do well to take steps to protect themselves, their buildings and their animals from this hazard.

The National Safety Council reports that Florida has more thunderstorms than any other section of the country — an average of 70 to 90 per year — and that lightning is the single biggest single cause of farm fires in the state. But something can and should be done to prevent injury and loss from lightning on the farm.

A. M. Pettis, farm electrification specialist with the Florida Agricultural Extension Service, says lightning rods, if properly installed, give almost complete protection from direct lightning damage. He adds, however, that only experienced lightning protection men should install lightning rods and systems for a poorly installed system only gives a false sense of protection and may prove extremely costly with a lightning loss.

A direct strike is just one way that lightning damages life and property. Excessive surges of power over electric lines resulting from lightning often burn out appliances and start fires. A special enclosure, known as a lightning arrester, can be installed to prevent such losses.

If a farmer does not wish to buy the arrester he can follow other precautionary measures for safety, such as making sure the electric service is properly grounded, turning the main switch off during thunderstorms or disconnecting all electrical equipment from outlets.

To ground the electrical system an eight-foot ground rod should be used at the meter and at buildings with electrical service.

With television gaining in popularity it should be noted that TV aerials are a prime target for lightning and should be grounded with a No. 6 copper wire from the mast and driven at least eight feet deep.

Personal protection is of main concern during electrical storms. Mr. Pettis says if you are caught in such a storm, the best place to head for is a building protected with lightning or an automobile with a metal top. Even a large or small unprotected building is better than open spaces.

For added safety stay away from open doors and windows. Fireplaces, stoves and other metal objects. If you can't reach shelter, be sure to keep away from wire fences and trees, especially single trees on high ground.

VOGELER WON'T LECTURE
NEW YORK (AP) — Robert A. Vogel, said today he will not lecture nor in any way take part in a contemplated course in "techniques of espionage" at Peekskill, (N. Y.) Military Academy.

Vogeler spent 17 months in a Hungarian prison as an accused spy.

An agency spokesman for the school said that he incorrectly assumed that Vogel might do some lecturing if such a course is offered in the fall. Vogel is trustee of the school.

"I am not going to conduct or lecture on a course for the academy on any subject. Such an idea was never even discussed with me," Vogel said.

COLONEL'S WIFE CONVICTED
WIESBADEN, Germany (AP) — Mrs. Katherine Reed, 44, wife of a U. S. Air Force colonel, was convicted today on five black market charges and fined a total of \$1,952. She was accused of selling coffee and gasoline coupons and making illegal currency exchanges on the German black market.

A judge found white set new ball at \$1,000 pending payment of her fine or an appeal.

The defendant was found innocent of two other charges of importing coffee and gasoline and buying military goods for American forces.

July 30th - Waves Tenth Anniversary

PLANNING AND PLANNING is the technical name for the work of the Navy's Waves. They work on the design and development of electronic equipment, including radar, radio, and other electronic devices. They are also involved in the testing and evaluation of this equipment.

A TEENAGER'S WORK IS NEVER DONE — but every wave young man enjoys being a member of the Navy's Waves. These are the young men who are working on the design and development of electronic equipment, including radar, radio, and other electronic devices. They are also involved in the testing and evaluation of this equipment.

YES, IT'S TRUE, BUT NOT RED TAPES — Waves are a familiar sight in a Naval Communications Station where they perform many functions. These include the design and development of electronic equipment, including radar, radio, and other electronic devices. They are also involved in the testing and evaluation of this equipment.

MAINTAINING COMMUNICATIONS — Waves are a familiar sight in a Naval Communications Station where they perform many functions. UNIONS PICKET STAND

TERRE HAUTE, Ind. (AP) — An AFL union has agreed to call off its dogs and picket line to go to work in the strike-bound Alcoa-Chalmers jet engine plant.

Eight men, including members from both groups, were hurt in an outbreak Monday when some AFL men forced their way into the plant.

The AFL withdrawal promise came at the request of State Labor Commissioner Thomas R. Hutson, who suggested "violence might mean martial law."

Gov. Henry E. Schriener also asked the AFL Operating Engineers to get away from the plant. The pickets are CIO United Auto Workers, a union which is official bargaining agent for the workers.

MOSLER SAFE HEAD DIES

DEAL, N. J. (AP) — Edwin H. Mosler, 70, president of the Mosler Safe Co., the world's largest safe company, died Tuesday.

YOU'RE TELLING ME!

By WILLIAM RITT
Central Press Writer

THE DEMOCRATS, we read, had aunts studying the maneuvers and proceedings of the GOP convention. Paying particular attention, no doubt, to that new quarterback of the Elephants, named Eisenhower.

What probably intrigued the Donkey slayers the most was that new play, the Texas shift.

Hollywood is making a movie without dialogue. Oh, no—not back to sub-titles again?

Now that new superliner the United States has broken the westward record. Guess there's

DRAMATIC DEAN DIES

NEW YORK (AP) — Charles Jelinger, 80, dean of the American Academy of Dramatic Arts and teacher of many top stage and screen stars, died Tuesday.

"Now there's a Beautiful Roof"

That's what your neighbors will say when they see your new Barrett Asphalt Shingle Roof. And there'll be more such compliments, too. For the Barrett Asphalt Shingle, with its rich harmonizing colors and neat geometrical pattern, is an eye-stopper anywhere. That's the way the women see it, at least.

Of course, from the man's viewpoint, the real beauty of the Barrett Asphalt Shingle is its durability. It's a tough shingle—made of high rag content felt, saturated with specially refined asphalt and surfaced with fire-proof mineral granules.

Anyway you look at it — "She's a real beauty."

Blues In The News

By BOB ANTHONY

It was party night last night at the Navy Center and a nice crowd was on hand to enjoy the games, dancing, and refreshments. Since the Navy Center has become a USO, more money is available which makes it possible to stage bigger and better evenings of entertainment for the men aboard NAAS. The people at the Center work hard to give servicemen in this vicinity a place to dance, play games, read, write letters and meet friends but their success depends largely upon your attendance. Why not make a habit of stopping by the Navy Center. Show the people of Sanford we appreciate what they are doing for us.

Fred Peterson of Attack Squadron 36 left the station yesterday for Jacksonville, where he will receive an honorable discharge from the Navy due to the expiration of his enlistment. Fred was active aboard the station as a photographer. He plans to enter the University of New Hampshire this fall under the recently passed Korean Veterans Bill. His home is in New York City.

Two hospitalmen that reported aboard NAAS recently are Duane Combs and Harold Gokey. Both men reported here after a tour of duty at the Naval Hospital in Memphis, Tenn. Duane hails from California while Harold's hometown is Miami. Harold is a graduate of the University of Florida. Duane is a graduate of the University of Florida. Charles Carr, former public relations director for the Aluminum Corporation of America and former general manager of the St. Petersburg Times, died Tuesday night.

Carr wrote a history of the Aluminum Corporation of America titled "Alcoa, an American Enterprise." He was a civic leader here for more than a quarter of a century.

Earlier this year he became an editorial advisor to the St. Petersburg Independent.

JACK CARSON TO WED

HOLLYWOOD (AP) — Comedian Jack Carson and actress Lola Albright have announced they plan to be married Friday at the Little Brown Church in San Fernando.

Carson was divorced two years ago from singer Kay St. Germain.

Carson will be the big day for John M. Greer of the Station 1 & F Office. He has completed his tour of active duty with the Naval Reserve and tomorrow will be released to inactive duty. John intends to return to his home in Georgia and has tentative plans of returning to his position with Western Auto Supply Company.

He has been stationed here since April of 1951 and has been very active in the field of Education and Public Information. Good luck to you, John, and don't forget to stop back to Sanford occasionally to say "hello" to all the friends you've made in this fair city.

MIAMI TO AWARD DEGREES

MIAMI (AP) — The University of Miami will award 27 degrees to seniors and graduate students at mid-summer commencement exercises tonight in Dade County Auditorium.

Van Fleet

(Continued From Page One)

a chance for an armistice than ever before," Van Fleet asserted. He reported the Reds have built up their defenses on both coasts in fear of an Allied amphibious attack "of which they always have been frightened."

Van Fleet said he believed the main reason the Reds thinned their front-line forces was the Eighth Army's "heavy pressure by artillery fire."

"At long last, it has become apparent to the enemy that he has been a damn fool to stay in the front lines for us to shoot at."

"Eighth Army military pressure causes more casualties and damage than the enemy is capable of maintaining."

"The best way to win is by pressure."

MacArthur Is Made Head Of Big Company

Board Chairmanship
Of Remington-Rand
Goes To Keynote
Of GOP Convention

NEW YORK (AP)—Gen. Douglas MacArthur said today he would take no part in Gen. Dwight D. Eisenhower's presidential campaign.

MacArthur, keynote speaker at the Republican National Convention, had backed Sen. Robert A. Taft of Ohio against Eisenhower for the GOP nomination.

"I will take no part in the political campaign," MacArthur told a reporter at a luncheon given him upon his acceptance of the chairmanship of Remington-Rand Inc.

"I will not be a part of the political picture," he said.

MacArthur's aides and Remington-Rand officials halted the question when they saw that the general was being interviewed.

They explained that the luncheon was entirely non-political.

NEW YORK (AP)—General of the Army Douglas MacArthur today accepted the chairmanship of Remington-Rand Inc., manufacturers of business machines and electronic equipment.

His acceptance was announced by James H. Hunt, president, who said the post had been offered MacArthur nearly three years ago.

The company made no mention of the general's salary as chairman, but it was previously reported unofficially he had been offered \$100,000 a year.

A company spokesman indicated the general will retain his Army rank on an unpaid basis. His status will be similar to that of General of the Army Dwight D. Eisenhower when Eisenhower was president of Columbia University.

In Washington, the Army said it had received no request from MacArthur to alter or modify his military status. Existing regulations (Continued On Page 2)

Congress Provides Little For Ban On Water Pollution

WASHINGTON, D. C. (AP)—Most important piece of conservation legislation passed in the second session of the 82nd Congress, which adjourned July 7, was extension of the water pollution control act, according to Carl D. Shoemaker, conservation director of the National Wildlife Federation and a member of the Federal Pollution Control Advisory Board.

The act, passed in 1948, was the first federal law on the subject. In essence, it set up a program of technical and financial assistance to the states, encouraging them to clean up their own pollution. The federal government was given no police powers except in interstate waters, and even there only with consent of the states affected.

Sections of the law which authorized appropriations would have expired next June 30.

The extension passed by Congress was for three more years, or until 1955.

Shoemaker, a member of the Water Pollution Control Division of the U. S. Public Health Service for doing "an excellent job" (Continued On Page 2)

W. A. Adams Buys Transfer Business

W. A. Adams has taken over the Tamiami Trail Tours office and United Transfer, Travel Storage Company with final arrangements being completed yesterday.

The company has been owned by John Kridler and is located at 200 North Laurel Avenue.

Mr. Adams and his family recently returned to Sanford from Allendale, La., where they have been residing for about the past two years. They are making their immediate home with Mrs. Adams' parents, Mr. and Mrs. E. A. Newman at 500 Grandview Avenue.

Sanford Herald Vacation-Pack

No matter how far away from home you may be on vacation you can readily catch up on the home town news by reading the Sanford Herald when you return. You can arrange with your carrier, or through Charlie Morrison, circulation manager, by receiving 148, to have your regular issue of the Herald saved for you while you are away, to be delivered to your home in one package upon your return.

There is no extra charge. The regular weekly subscription rate will entitle all regular subscribers to this additional service. Before leaving on your vacation simply notify your carrier by phone or telegram the Herald circulation department.

Rival Union Men Battle Pickets At Jet Plant

Public Hearing Asked By Odham On Sewer Issue

Consulting Engineer
Summarizes Report
At Junior Chamber

After hearing Robert M. Angus' report on his sewerage survey of Sanford, H. Odham suggested that the City Commission set a specific date for a public hearing on the problem. Odham made his suggestion in a roundtable discussion during the Junior Chamber of Commerce's meeting in the Yacht Club today.

Mayor William Stempert replied by saying that was a good suggestion and the Commission would plan such a meeting in the future after it gets a chance to study the Angus report.

Mr. Angus, consulting engineer of Jacksonville, told the Jaycees that it would cost \$1,200,000 to repair, and extend sewer pipes, build an intercepting tank on Mills Creek near First Street where a large pipe would be extended into the lake between 500 and 1000 feet from shore, and construct a concrete box drain in Georgetown.

He added that present system of dumping raw sewage into Lake Monroe is not as bad as it sounds.

"Lake Monroe is a large body of water and if the sewage in the lake can be removed from the immediate vicinity of bulkhead it is not going to do very much harm," he pointed out. "The lake is, of course, polluted to a certain extent and its water is unfit for bathing purposes. The pollution is, however, not severe enough to interfere with fish life, as the dissolved oxygen in the water is never less than five parts per million."

"As we see it, the most serious effect of the sewage in the lake is that it is an aesthetic nuisance. It is not a health menace, it sometimes causes disagreeable odors and people who walk along the bulkhead often see unsightly floating objects in the water that they (Continued On Page 2)

6 Swedish Reds Convicted Upon Spying Charges

Group Sold Vital De-
fense Information
To Soviet Officials

LT. Don Shaffer

STOCKHOLM, Sweden (AP)—Six Swedish communists were convicted today of spying for the Soviet Union. The group sold vital defense information to Soviet officials.

The court found the six defendants guilty of espionage. They were sentenced to terms ranging from 10 to 15 years in prison.

The defendants were: Erik G. Eriksson, 42, a former member of the Swedish Communist Party; Sven G. Eriksson, 40, a former member of the Swedish Communist Party; and four other men whose names were not disclosed.

The court also found that the defendants had sold information about the Swedish military and naval forces to Soviet officials.

Ellis Arnall Sees Cost of Steel Hike As \$130 Per Family

WASHINGTON (AP)—Public Works Administrator Ellis Arnall predicts the new steel price boost will cost the average American family about \$130 a year in higher prices.

G.W. Brown Loses Two Sisters In Accident

Word was received by Mr. and Mrs. George W. Brown yesterday from Mrs. Brown's sister, Mrs. D. M. Sloan of Sturges, Ky., of the death of two of Mr. Brown's sisters, Mrs. R. E. Gardner and Mrs. G. C. Collins of Kentucky.

THURSDAY JULY 31, 1952

TODAY'S HIGHLIGHTS

Path is hope plus courage, plus
faith. It has a creative charac-
ter. It gives substance to hope.
Turn to the stronghold, ye
prisoners of hope. — Zeph. 2:12

The United States is buying
\$123,000,000 worth of arms and
ammunition from Great Britain.
And we thought we were the "Ar-
senal of Democracy."

The Times-Union was moved by
President Truman's formula for
Democratic victories. "We give the
American people the kind of gov-
ernment they want," he said. The
kind of government that seeks the
taxpayers and divides the booty,
with 90 percent going to the poli-
ticians, 10 percent to the poor.

Governor Warren pleads for a
truce with Florida newspapers. "If
these vicious and arrogant organs
of defamation and misrepresen-
tation will quit telling their shabby
lies about me," he says, "I will for-
give them for all they have done
and devote the rest of my adminis-
tration to the public good." The
only place for that kind of a truce
is Panmunjom.

The Richmond (Virginia, that is)
News Leader has come out for Eisenhower. "Twenty years in power
have left the Democratic Party a
victim of its own abasement," it says.
"To return a Democratic adminis-
tration for another four years, even
with so able a man as Adlai Steven-
son as its head, would be a dis-
grace to the American people." The
paper, given slack after 20 years of
creaking, will would come around
laughing at the White House door.
It would be very difficult for
Stevenson to know what to do with
them.

The Federal Bureau of Investiga-
tion releases a report showing that
Russian Communists are planning
and working for the violent over-
throw of the government of the
United States. Premier Stalin him-
self is quoted as saying, "The pro-
letarian revolution is impossible
without the forcible destruction of
the bourgeois state machine and the
substitution for it of a new one."
Young "liberals" who like to
think that the Communists are
idealistic humanitarians with a new
idea are wrong. Their ideas are as
old as Rome; their methods as
brutal as those of Brutus.

It will now cost \$10,000,000 to
dig the 12-mile canal connecting the
upper St. Johns with the Indian
River, one of the engineers explains
to an association of its supporters
in Sanford Tuesday. It could have
been built at one time for \$1,500-
000. Such is the tragedy of pro-
crastination. How much the city and
the entire St. Johns valley have lost
in the last 25 years from yachts
going to Miami and Palm Beach
unable to use the picturesque river
because of the "dead end street"
only adds to the tragedy. Some day
that canal is going to be dug, but
its cost of construction will be in-
significant compared with the cost
of not building it.

Interesting is the life story of
Eva Peron who died of cancer in
Argentina the other day at the age
of 32. She was the fifth illegitimate
child of her parents who never
married. She was an unsuccessful
and inconspicuous cabaret dancer
until she attracted the attention of
Col. Peron before he became dicta-
tor. In fact, it was the prodding of
the wife that made him aspire to the
highest office in the land. It was
said of them that she and her
husband always wanted the same
thing in life, and she never let him
forget it. All government charities
in Argentina were named after
Eva. She had great influence with
the common masses. Though
she herself was not a very
attractive woman, she was
the most beautiful woman in
Argentina. She was the most
beautiful woman in Argentina.
She was the most beautiful woman
in Argentina. She was the most
beautiful woman in Argentina.

The Jeffries Report

"There is nothing wrong with Sanford that \$5,000—
000 won't cure," said Mayor Bill Stemper to us the other
day. We were thinking of that remark as we finished read-
ing the second and final release on the "Jeffries Report"
resulting from a four and a half months' survey of all the
essential needs of the City of Sanford.

All we need here is a new sewerage system, moderniza-
tion and extension of the waterworks system, removal of
the zoo from its present site to Fort Mellon Park, a couple
of municipal parking lots, replacement of present traffic
lights, and an improvement in street lighting, the pur-
chase of some 500 new parking meters, and a 50 percent
increase in the number of police telephone call boxes.

Also recommended is a new fire station and the employ-
ment of several new firemen and policemen, as well as a
city detective and a captain of police for the traffic depart-
ment. And along with this a modern pay plan should be
adopted providing increased salaries for all City workers
commensurate with the rising cost of living. Many similar
recommendations are seen as necessary to bring Sanford up
to date and prepare it to take care of the 25,000 population
predicted for this city within ten years.

While some of these proposals are revenue producing
in themselves and others may be regarded as economy
measures, on the whole they will cost a great deal of money
both from the standpoint of capital investment and of in-
creased operating expenses. The number of firemen and
policemen employed by the City cannot be increased, nor
their salaries raised, without increasing the cost of City
government and the burden on the taxpayers.

Nor can you expect the police force and fire department
of 1940 to meet the needs of 1952 without more men and
higher salaries. You cannot expect good law enforcement
from an undermanned and underpaid police department with-
out sufficient police cars or call boxes. You cannot expect
adequate fire protection from a fire department poorly
equipped, poorly paid, and poorly manned.

Sanford can eliminate traffic accidents but it can't do it
without traffic lights and better law enforcement. Sanford
can eliminate drunken driving, illegal gambling, bootlegging
and racketeering of all kinds, but it can't do it without an
adequate police force, properly equipped, trained, and dis-
ciplined and imbued with that morale which comes from
adequate compensation, a sense of security in one's job, and
the pride of accomplishment.

What Sanford needs is a financial genius who can show
the City how to raise \$5,000,000. The public opinion poll
shows that Sanford citizens are overwhelmingly in favor of
law enforcement, of better fire protection, of a better sewer-
age system including a disposal plant, and of complete
modernization of the water works systems. But are they
willing to pay for it?

The Herald believes that the Jeffries Report has indicat-
ed a number of vitally needed improvements in the City of
Sanford. But they cannot be put into effect overnight. The
report must be carefully studied and weighed not only
by the Commission but by the public at large which is go-
ing to have to pay the bill. Step by step perhaps it can
be made a reality to the lasting benefit of the entire com-
munity.

Hen Pecked Braves

Men who have not reconciled themselves to the important
role that women play in today's affairs have frequently ex-
pressed great admiration for the system of authority under
which American Indian tribes lived. The Indian, they say,
tolerated none of this nonsense about equal rights for
women. They knew that a woman's place was in the wig-
wam and several powerful men behind her husband and
she walked and he ran wherever they were going.

But an official of the Chicago Museum of Natural History
maintains that women had a more influential role in the
old Iroquois civilization than modern women do today.
The Iroquois women owned the property, passed their names
on to the children and named the members of the great
tribal council.

The noble Redskin wasn't quite the free man that many
imagine he was. The fierce braves were valiant in war but
they took their orders from the women folk. We can imag-
ine a great chieftain being sent off to the hunt by his squaw
with explicit orders to hurry back, not to dally with his
hunts, wrestling or showing off his muscles. If she was
anything like her counterpart in modern life she probably
scolded him if he forgot to bring home a spool of deerakin
things for her sewing.

It is easy to believe that the women were the boss in
the Indian civilizations. Everyone knows how men hate to
shave. Yet has anyone ever heard of a bearded Indian?

Politics

Politics has a bad name which makes many think worse
of it than it deserves. After all, the real meaning of poli-
tics is the same today as it was when defined 100 years ago
by the French novelist Henri Beyle, better known under his
pen-name as Stendhal. "Politics is the art of getting people
to do what you want without the use of money or violence."
That is why mention is often made of office politics, church
politics, or fraternal organization politics.

The original Greek word from which our word is directly
derived, meant merely "public affairs."

Huge US Bombers Score Heavily On Aluminum Factory

SEOUL, Korea (AP)—U. S. B-29s
levelled a huge Communist alumi-
num plant near the Manchurian
border early today in the biggest
overnight raid of the Korean War.
The 63 unescorted bombers
rained Red anti-aircraft fire and
nuclear opposition which American
pilots described as "the heaviest
in months." But all returned safe-
ly to their bases in Japan and
Korea.

The 144-acre factory of the Ori-
ental Light Metal Co., 10 miles
southeast of Seoul, went up in
smoke and flame after the B-29s
hurled 330 tons of bombs on it
and an adjacent troop buildup
area.

Five other Superforts hit other
North Korean targets. The 62-plane
armada which blasted the metals
plant was the biggest Superfort
raid of the war against a single
objective.

Pilots reported flash from the
Manchurian, as well as the Korean
side of the border, about four miles
from the metals plant. It was the
northernmost penetration of the
war by B-29s.

The move in the higher interest
level was attributed to the "re-
sults" of the Treasury's new
policy of raising the rate of
discount from 2 to 2 1/4 percent.
The Federal Reserve Bank of
New York, which has been the
chief force in raising the rate,
said it was "not alone" in making
the move.

with my wing."
Col. Winton R. Close, Los An-
geles, who directed the raid, said
almost every other bomber was
attacked by Communist fighters.
A bombardier, Capt. Ralph A.
Scott, Houston, Tex., said "It was
like high noon all of a sudden."
When "eight searchlights locked on
us at the start of the bomb run
and kept us for the longest
five minutes I've ever spent."

Brig. Gen. Wiley D. Ganey, head
of the U. S. Fifth Air Force Bomber
Command, predicted the blow
would have a psychological impact
on the Communists. An Air Force
statement called the raid a cal-
culated effort to force the hand of
stalling Communist truce negotia-
tors.

2 Per Cent Interest Rate Is Paid By U. S.

WASHINGTON (AP)—For the first
time in more than 10 years, the
Treasury is going to pay as much
as 2 per cent interest on money
borrowed for a one-year period.
One-year certificates bearing
that rate were offered in exchange
Wednesday to holders of \$2,500-
000 in two series of 11 months,
1 1/2 per cent certificates that fall
due Aug. 15 and Sept. 1, respec-
tively.

The move in the higher interest
level was attributed to the "re-
sults" of the Treasury's new
policy of raising the rate of
discount from 2 to 2 1/4 percent.
The Federal Reserve Bank of
New York, which has been the
chief force in raising the rate,
said it was "not alone" in making
the move.

FOR THE LADY'S FAVOR

Washington Letter

By Senator George Smathers

WASHINGTON, (Special)—
Florida came out of the session of
Congress, which closed last Mon-
day, in second place among all
the states for defense activity.

Only Texas outranks Florida,
and that by a narrow margin—in
this vital role for national secu-
rity. This fact is a source of real
satisfaction to all of us in the
delegation who worked in har-
monious unity to bring the state's
advantages to the training and
equipping of our armed services.

While this major expansion
program of the Air Force and the
Navy in Florida will affect favor-
ably the state's economy, our
gratification principally is based
upon the great contribution the
state will make to national secu-
rity. This represents the greatest
peacetime military activity in the
history of our state.

The major defense program in
Florida will have a money value
of in excess of \$120,000,000.
This includes the \$5,000,000 ap-
propriated for the flood control
program, \$10,380,000 for the Jim
Woodruff dam at Chattahoochee,
and \$2,000,000 for the Jackson-
ville-Miami inter-coastal waterway.

These funds were appropriated to
the Army Engineers who will
carry forward these projects.

The Congress also authorized
\$100,000,000 Navy and Air Force
expansion programs in Florida.
Funds for 14 projects are carried
in a supplemental appropriation
bill, from which will be program-
med necessary construction.

Navy projects are: supply
depot, Jacksonville, \$10,200,000; Key
West Aqueduct expansion \$495-
000; Marine Corps Air Station,
Miami, \$2,600; Naval reservoir
station, Richmond, \$96,000.

Air Force projects approved
are: Homestead Air Base \$24-
805,000; Lakeland Air Base, \$15-
966,000; MacDill Field, Tampa,
\$7,168,000; Charlotte County Air-
port \$2,731,000; Pinecastle Air-
port, Orlando, \$10,341,000; Tyndall
Field, Panama City, \$1,835-
000; Lynn Haven petroleum stor-
age area Panama City, \$73,000;
Palm Beach Co. international air-
port \$1,200,000; Patrick Air Base,
 Cocoa, \$339,838,000; Eglin Field,
Valparaiso, \$3,342,000.

CAPITOL NOTES.—In the clos-
ing hours of the Congress, I
blocked a bill which would have
allowed the postmaster general to
impound personal mail, a mea-
sure in effect giving this official
pre-emption authority.—W. M.
Kiplinger, widely known author,
is having studies made for a
series of articles on Florida's
economic growth and promise. I
have been glad to give some help
in the work.—The Rev. A. Del-
meel, of West Palm Beach, wrote
me recently to ask help in get-
ting a mission bell for a mission-
ary in Mexico; Scott Loftin, trustee
for the Florida East Coast
Railroad, found one in the FEC
shops and it is being offered.—
Bernard Baruch is lending us his
assistance in efforts to locate an
outstanding speaker for the Tam-
pa Pan-American Commission's
big banquet next month.

CONTRACTS AWARDED
TAMPA (AP)—The Navy has an-
nounced award of contracts total-
ing \$113,000 for repairs to the old
Tampa Shipbuilding Co. facilities.
This work is just to put the
yards in "usable condition as a
repair shipyard," and there are
no immediate plans for using it,
said Lt. F. N. Norris, resident of-
ficer in charge.

However, the Navy has revealed
it is negotiating to lease the yards
to a firm making guided missiles.
The contracts include one for
\$123,130 to D. L. Rathbone Son,
Bradenton, for construction of air
compressors.

And since the banking system
is relatively short on
money loans and investments,
how the Treasury is having to
raise its interest rates to meet
the demand of a tight money market.

Even so, it is not borrowing, it
has had in 1951 to raise steadily
the rate on the money market
from 2 to 2 1/4 per cent.

Contracts Are Let For Road Building

By Senator George Smathers

TALLAHASSEE (AP)—The State
Road Department today received
apparent low bids totaling nearly
\$1,300,000 for road and bridge con-
struction jobs in 16 Florida coun-
ties.

The projects and apparent low
bidders include:
Paving Road 10 in Volusia Coun-
ty from the west city limits of
New Smyrna Beach to a point nine
miles east of Deland, J. B. Manly,
Leesburg, \$173,822.

Constructing a 45-foot concrete
slab bridge over Belcher Canal on
Road S-608 in St. Lucie County.
Bunnell Ludwig Corp., Miami, \$11-
105.

Paving Road S-827A in Palm
Beach County a mile and a half
northward from Road 27 near
Okeelanta, Belcher Oil Co., Miami,
\$17,240.

Paving Road S-812 in Palm
Beach County from Road 800 to a
point about 3 1/2 miles east of Road
7, Brinson Construction Co., Tam-
pa, \$67,550.

Paving Road S-683 two miles
eastward and southward from the
Sarasota city limits, Huton Walk-
er, Plant City, \$21,118.

Widening existing bridges over
Bayou Grande and Soldiers Creek
on Road 292 in Escambia County.
Noonan Construction Co., Pensa-
cola, \$39,571.

ADMITTS SHOOTING

LAKE CITY (AP)—Sheriff Ralph
Witt said Wednesday that Brazil
Clemens, operator of a roadside
lavern near here, has admitted
the fatal shooting of Lacey Todd,
31, Union County pulpwood op-
erator.

Todd was shot to death at Clem-
ens' tavern Tuesday night. The
sheriff said Todd and his wife,
Clemens and Mrs. Ella Inymond
were drinking heavily, before the
shooting.

BANKER ACCUSED

ORLANDO (AP)—An assistant
cashier of the Commercial Bank
and Trust Co. of Ocala is charged
with falsifying records to show
\$6,000 more withdrawals than were
made Feb. 6, 1951.

Emmett Mitchell was arraigned
here before U. S. Commissioner
Robert D. Timson on the charge
Wednesday. He waived prelimi-
nary hearing and was released on
\$2,000 bond.

President Appoints 14 Members To WSB

WASHINGTON (AP)—President Truman has appointed 14 members of a new Wage Stabilization Board stripped of authority to deal with nationwide labor disputes. Four additional members will be named later.

The new board came into existence Wednesday when the old board expired. Congress ordered the old board disbanded following a controversy touched off by recommendations it made last March in an effort to settle the steel dispute.

Of the 14 members named by President Truman Wednesday, only two are new. They are Chairman Archibald Cox, a Harvard law professor and one of six public members, and Public Member Harold Emerson, former professor at Whittier College and Stanford University and recently a member of the staff of Defense Mobilizer John R. Steelman.

The other two public members, the six labor members and the four industry members are all holdovers.

Fire Loss In Miami Placed At \$250,000

MIAMI (AP)—Fire destroyed one building and damaged two others today with a loss estimated at more than \$250,000.

The three buildings comprise the entire business block along North-east Second Avenue at 11th Street.

A woman identified by firemen as Mary Ann Webb, 30, was cut on the throat by glass when a muffled explosion threw two air-conditioning units to the street. Her condition at first was reported as critical but she later was said to be less seriously injured.

Fire Chief Henry Chase said the damage would be from \$250,000 to \$300,000. Several firemen were cut and suffered from smoke poisoning.

The fire, the chief reported, started in a furniture repair shop, spread to the office and showroom of the Hudson Furniture Co. and to a plumbing company's shop and offices.

Citrus Co-Op Gets Mad At Repitition Of Same Charges

LAKE WALES (AP)—The Florida Citrus Canners Co-operative has accused the Federal Trade Commission of unfairly repeating charges of price discrimination against the co-operative.

The commission last week issued an order restraining the co-ops from further price discrimination on the basis of a finding that the co-operative sold the A & P chain 750,000 cases of citrus juice in 1946 at prices lower than those for other customers.

Marvin H. Walker, the co-operative's general manager, said this was the third time in three years the commission has covered the same case without explaining only one case was involved.

"The repetition . . . unfairly makes us appear as habitual violators of the pricing law," Walker said in a letter to customers Wednesday.

Walker added this explanation of the 1946 case: When the A & P bought the juice it had 39 days in which to move it. Then prices went up. Consequently the contracted juice which the A & P moved toward the end of the 30-day period was obtained at a lower price than others then buying juice.

Such sales on a booking basis were not uncommon then.

ASK FOR ACCOUNTING

MUNSAN, Korea (AP)—The United Nations Command today added 4 names to the list of U. N. personnel it says were captured by the Reds and asked for an accounting.

The names were not made public. They were given to the Reds at a 35-minute staff officers' session at Panmunjom.

The staff officers are considering final wording of a Korean armistice agreement draft while full-scale negotiations, deadlocked over prisoner exchange, are in recess until Sunday.

The group of 45 brings to 1,926 the number of persons for whom the U. N. has asked an accounting since original prisoner of war lists were exchanged last Dec. 18.

No wardrobe problems for smart coeds and career girls who figure on Carole King's complete fall wardrobe. Three wonderful outfits that mix and multiply to make young fashions you'll live in and love!

FASHION ARITHMETIC

made simple by

THURSDAY
The Royal Ambassadors will meet at the First Baptist Church at 7:00 p.m. in the Chapel.

MONDAY
The Philatelic Club of the First Presbyterian Church will meet at 7:45 p.m. with Mrs. K. W. Fite at her home on Celery Avenue.

The first Baptist Sunday School will have its Workers' Council meeting in the Memorial Educational Building beginning at 8:00 p.m.

TUESDAY
The Daughters of Wesley Class of the First Methodist Church will meet at 8:00 p.m. at McKinley Hall with Mrs. Rupert Strickland as hostesses. The Seminary High School will hold summer practice in the school band hall at 7:30 p.m. All alumni and interested persons are cordially invited to be present.

WEDNESDAY
The First Baptist Prayer Meeting service will begin at 8:00 p.m. in the Memorial Educational Building.

SUNDAY
Bishop John Branscomb of Jacksonville will be the guest preacher at the 11:00 a.m. service at the First Methodist Church.

HOLLYWOOD

By BOB THOMAS

HOLLYWOOD — Fame has come to Charles Farrell for the second time in his lengthy acting career, and he's not too sure he likes it.

Farrell was the heart of the late '20s and early '30s, when he co-starred with Janet Gaynor. Now he is co-starring with another winsome lass, Gale Storm, in a television series called "My Little Margie." The silver-haired actor plays Miss Storm's father in the episodes, but he's a romantic figure, too.

What started as a lark for Farrell may end up as a whole new career. As summer substitute for the top-rated Lucille Ball-Desi Arnaz show, "My Little Margie" began none too promisingly. The first program generally was panned by the critics, but the quality has vastly improved and the show has landed the No. 3 spot in audience ratings.

"There's a good chance that the show will be going the summer is over," said Farrell. "It looks as though I'm going to be a busy boy."

"At first I wasn't so sure I wanted to do it. I was all set to go to Europe this summer with a friend of mine, Hal Roach. He had talked to me about doing this show, but I didn't think anything would come of it. I got my passport and everything. Then the show was signed to replace Lucille and Desi during the summer, and I found I was committed to do it."

Farrell found it wasn't easy to return to the cameras after a 15-year absence. (The show is filmed in a studio like a movie.) "Brother, I'm nervous!" he recalled. "My knees were shaking noticeably, and I was so tense my voice got into the higher registers. I did my first scene with Hillary Brooke, and she advised me to shake my muscles so I wouldn't shake. I ended up moving mechanically in the first film."

He managed to conquer his nerves after the first show or two

Aunts Entertain At Tea For Miss Lee

Miss Barbara Grace Lee, whose engagement and approaching marriage was recently announced to Don W. Shaffer, was honored yesterday afternoon between the hours of 4:00 and 5:30 o'clock with a beautiful tea given by her aunts, Mrs. W. J. Lawton, Mrs. P. W. Lawton, Mrs. Charles Lee, Mrs. H. F. Wheeler and Mrs. Annie Carter. The Ovelio Woman's Club was the setting for the occasion.

Mrs. George Morgan greeted the guests at the door and showed them to the receiving line composed of Mrs. W. P. Carter, Mrs. W. J. Lawton, Mrs. James Hiram Lee, mother of the honoree, Miss Lee, Mrs. Charles G. Shaffer, mother of Miss Lee's fiancé.

A large table on the porch held a graceful arrangement of vari colored hibiscus and fern, and the rest of the rooms were attractively decorated with the lovely Florida flowers. The table was overlaid with a cream colored lace cloth and centered with pale pink Honolulu "Sole hibiscus." White napkins were placed in crystal candelabra on both sides of the centerpiece and were tied with white tulle knotted with a single La France hibiscus.

Mrs. C. L. West and Mrs. Tom Hollingsworth presided at the tea service during the afternoon and assisting the hostesses were Mrs. J. H. Lee Jr., sister-in-law of the bride-elect and Mrs. Walter Carter both of Sanford; Mrs. Charles T. Niblack and Miss Kathryn Lawton, cousins of the bride-elect.

Soft piano music was played during the afternoon by Mrs. Joseph Leinhardt, Mrs. George Means, Mrs. John Courier Jr. and Mrs. J. H. Staley. Serving were Mrs. John Evans, Mrs. Robert Lee, both of Ovelio, Miss Betty Ann Carter of Sanford, cousins of Miss Lee; and Miss Charlene Weitzman and Miss Billie Chance.

A number of friends from Sanford, Orlando and Ovelio called during the appointed hours.

and has now settled down to the hard work of turning out the series. Some of the blow was softened by his participation in radio in recent years. A year ago, he did a much publicized radio theater version of "Seventh Heaven" with his old flame, Janet Gaynor. Also, he has played himself on the Jack Benny Air Show.

"Television on film is a lot different from the movies in the old days," he observed. "We might have sat around for two days doing nothing back then. In TV, we shoot a half-hour's show in three days. That's 30 pages of dialogue, or about a third of a feature movie. You're on time—or else."

"I'm learning what work is. I get to bed earlier, eat less and drink less."

Farrell admitted that he has enough time to enjoy his newfound fame. It's just like the old days, with people recognizing him in the street and friends complimenting him on his performance. He added that he is amused by references to him in the public prints. He has been termed a silent film star. In reality, he did only a dozen silent, and about 40 talkies.

One review stated it was nice that TV could give a break to Farrell, "who has had a tough time of it in recent years."

This drew a laugh from Farrell, mayor of Palm Springs, Calif., and operator of the highly profitable Raquet Club there.

Personals

Mr. and Mrs. Joe Garrett left on Sunday to visit relatives in Georgia.

Mr. and Mrs. Myron Reek have moved their residence from the Mayfair section of Sanford to Orlando.

Miss Elsie Hutchison and Miss Charlotte Moughton plan to leave on Saturday for Daytona Beach to spend some time.

Mr. and Mrs. Arnold Brown and children of Anderson, S. C., were the guests of Mrs. S. D. Alfred, 1208 Myrtle Avenue, yesterday.

Mrs. Roy R. Wright Sr. and her grandson Bedford Aiken III left yesterday for Anna Maria Island to visit Mr. and Mrs. James Wright and family.

Young Rob Bruce, son of Mrs. Camilla Bruce, plans to leave tomorrow for Columbia, S. C. to visit his aunt and uncle, Mr. and Mrs. Richard Deas.

Mr. and Mrs. J. C. Hutchison left yesterday for Savannah, N. Y., where Mr. Hutchison will spend several months in connection with his work in the produce business.

Mrs. W. E. Kirchhoff and son Billy Kirchhoff left on Monday for Wilson, N. Y. to spend about a month. They will be joined later by Mr. Kirchhoff and daughter Miss Nixie Kirchhoff.

Mr. and Mrs. J. C. E. Connell have returned to their home in Valdosta, Ga. after visiting for a few days in Sanford with their daughter and son-in-law, Mr. and Mrs. Forrest Breckenridge and family.

Mr. and Mrs. George A. Jones of South Sanford Avenue had as their guests Wednesday, Mrs. Jones' brother, Dr. C. R. Collins of White Sulphur Springs, W. Va. Dr. Collins is enjoying a ten day fishing trip in Florida waters.

Friends of Betty Ann Howard will be glad to learn that she has been removed from the Fernald Loughton Memorial Hospital to the home of her parents, Mr. and Mrs. T. A. Stiles, 807 East Twentieth Street.

Mr. and Mrs. Glenn Wimble and son John, who have been visiting Mrs. Wimble's mother, Mrs. J. M. Brady at her home on Park Avenue, left yesterday for Atlanta, Ga. They were accompanied by Mrs. Brady who plans to visit in Atlanta and points in North Carolina.

Mrs. W. E. Priddle and daughter Karen of Lakeland are the guests of Mr. and Mrs. J. Vidal Jones. Karen was released on Saturday from Holiday House Hospital in Orlando after undergoing surgery. Mr. Priddle will join them on Friday for the weekend.

W. D. Leahy left yesterday for Miami to board a plane for Cochabamba, Bolivia after visiting in Sanford. Mrs. Leahy plans to leave tomorrow after visiting her father, Fred Wilson, for New York City to visit her brother, Robert Wilson, and to visit her sister and brother-in-law, Mr. and Mrs. Dan Mitchell in Westbury, L. I., N. Y.

Mr. and Mrs. B. B. Crumley have as their guests their daughter and son-in-law, Mr. and Mrs. E. A. Young and son Bobby of Jacksonville; and Mrs. Robert J. Cumbley, recently received his commission in Newport, R. I., and after spending about ten days with his family, will report to Pensacola.

Mr. and Mrs. J. Martin Stinephor and daughter, Grace Marie, plan to leave tomorrow for New Smyrna Beach to spend a month. They will be joined for ten days by Mr. and Mrs. Roy Blackburn and family of Maryville, Tenn. They plan to have as their guests for the coming weekend Miss Lowmery Garner and Miss Paulette Cason.

Miss Gretchen Kirchhoff left today with Mr. and Mrs. William Royal and a group of Orlando dance students for Philadelphia, Pa. of which Mrs. Royal is a former resident. While in Philadelphia Mrs. Royal and her dancing pupils have been requested to appear on a television program after which they plan to go to New York City to study dancing under the direction of Jack Stanley and the American School of Ballet. They will make another appearance on the Philadelphia

Miss Jane Chapman Given Bridal Shower

Mrs. Stanley Rockey and Miss Mary Boone of Stetson University were hostesses last evening for a crystal and china shower honoring Bride-elect Miss Jane Chapman. The party was held at 8:00 o'clock at the home of Mrs. E. S. Rockey on Park Avenue.

Pastel summer flowers were used in decorating throughout the party rooms. The dining table from which refreshments were served, was centered with a lovely pink and white arrangement of flowers backed with pink and white tapers.

The honoree was presented with many lovely gifts from her friends and later the evening refreshments consisting of Coca Cola, small decorated cakes, salted nuts and pastel mints were served by the hostesses assisted by Mrs. Rockey. Miss Chapman was given an attractive large serving tray by Mrs. Rockey and Miss Boone.

Those invited to be with Miss Chapman were her mother, Mrs. Ralph Chapman, Mrs. T. F. Tucker, Mrs. E. J. Moughton Jr., Mrs. James H. Gitt, Mrs. George Chapman, Mrs. Harold Chapman, Mrs. Benny Austin, Mrs. Richard Ten Eyck Walker, Mrs. Gerald Loring, Mr. R. C. Whitworth, Mrs. George Andrew Speer, Mrs. Robert McGinnis of Orlando, Mrs. Spencer Houdin, Mrs. Elton Moughton Sr. and Mrs. Rockey.

Also the Misses Charlotte Moughton, Elsie Hutchison, Maud Wilson, Barbara Chapman, Joanne Williams, Shirley Moss, Jean Sawyer, Margaret Dingfelder, Mary Ann Gallows, Nixie Kirchhoff and Betty Rose Ball. Those attending from the Land were Miss Barbara Bailey, Alice Barker, Billie Lee Lohman and Vivian Moughton, all of the Land, and the hostesses.

Two Local Baptists Re-elected At Meet

Mrs. A. J. Peterson was re-elected president and Mrs. J. D. Abraham was re-elected secretary and treasurer when the Rev. and Mrs. Jack Bryant and the Woman's Missionary Union of the First Baptist Church of Palm Orange were the guests of the quarterly business and program meeting of the Woman's Missionary Union of the First Baptist Church of Palm Orange met at the First Baptist Church in Port Orange on Monday at 10:00 a.m.

An interesting program was presented by the Young People's Auxiliaries and Miss Lila Waters of China. The missionary speaker, she displayed articles from the islands of the Pacific, China and other places. During the business session an offering was given for the relief of the officers and committee chairmen were elected.

A beautiful banner in the Woman's Missionary Union colors which are lavender and white was on display, this banner had been awarded to the association at the state convention for associational efficiency.

A covered dish luncheon was enjoyed at noon and a resolution period for the young people was under the supervision of Mrs. Lee of Daytona Beach. A large number of members and visitors were present including members of the Sanford Woman's Missionary Union.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Leon M. Smith Jr. announce the birth of a daughter Pamela Gail, weighing 8 lbs., 4 ozs., on July 1st at the Oak Knoll Naval Hospital in Oakland, Calif. Mrs. Smith is the former Betty Jo Holloway.

Mr. and Mrs. R. B. London announce today the birth of a son, John Lee, at the Fernald Loughton Memorial Hospital. The baby has been named for both grandparents.

Mr. and Mrs. James I. Von Herbulis announce the birth of their third child, a daughter, Teresa Diane, weighing 6 lbs., 16 ozs., on July 29 at Fernald Loughton Memorial Hospital.

Mr. and Mrs. Thomas Cobb announce the birth of a daughter Carla Diane, weighing 6 lbs., 3 ozs., on July 29 at Fernald Loughton Memorial Hospital. Mrs. Cobb will be remembered as the former Mildred Windham.

television program before returning to Sanford and Orlando.

Red Shotton explains Ann Miller, in this comedy scene from MGM's "Lovely to Lark At," in color by Technicolor, showing Sunday and Monday on the Ritz Theatre screen.

De Bary Doings

By KAY HENNINGER

Mr. and Mrs. Robert Vance have their daughter, Mrs. Eugene Vance and their granddaughter Carol of Dumont, N. J. visiting them for a month just prior to their arrival. Mr. and Mrs. George Lambrecht of Chester, N. J. were house guests. Dave MacFarlane, a deputy sheriff in De Bary, has been on the sick list this week. He entered the Sanford hospital, but has now been permitted to return to his home and is improving steadily.

We heard this week that Lee Nuch, who is on vacation, has been seriously ill. It will be several weeks more before he will be able to return to De Bary.

A number of De Baryites have visited from vacation. Mr. and Mrs. Robert Seaton have been here about a week. Mr. and Mrs. William Seaton were away for a month and are trying to get their vacation back in shape. Mr. and Mrs. Edouard Hochman spent a week at Ovelio Beach. Mrs. Robert Brooks had a two month vacation with her children and grand children and has returned looking very tired and refreshed.

Mr. and Mrs. James Young entered a number of relatives and friends these days. The occasion was the birthday of Mr. Young. Mr. Young is a writer in New York, who is vacationing in New York, who is vacationing in New York, who is vacationing in New York.

Mr. and Mrs. James De Bary of Atlanta, Ga. are visiting his parents, Mr. and Mrs. George C. De Bary. Mr. De Bary is planning to leave for New York this week for the purpose of inspecting his new home which is under construction. Mrs. De Bary is now on vacation and being accompanied by her mother, Mrs. William Schmitt of Cincinnati, Ohio. This home is on High way No. 45.

On next Sunday, Aug. 10, the De Barys' friends will hold the third picnic of the summer. Everybody will be welcomed to join the group at De Bary's home at any time during the day.

Herman L. De Bary is planning to leave for New York this week and to join his wife and two daughters and drive to Florida with them.

One of the young men of the De Barys will be the function of leading the De Barys' Beach Orchestra in the playing of its own composition, "De Bary's Beach." The concert will be given in the Bandshell on the beach.

Democratic Nominee Picture As Complex Man Of Diverse Appeals

(Editor's note: This last of a 5-part series on the life of Adlai E. Stevenson, Democratic nominee for President, covers his political appeal, his views on important issues, and the people close to him.)

By ROGER F. LANE

SPRINGFIELD, Ill. — Three close associates of Gov. Adlai Stevenson recently were asked separately for capsule explanations of his political magic.

The replies, each reduced to a word, were "humility," "integrity" and "personal charm."

The fact is that Stevenson is a rounded, complex man of diverse appeals.

To the less fortunate among his admirers, he seems a just man who will seek to ease their burdens.

To the strong among them, he is an able, determined man, like themselves.

To the scholar, he is a man of intellect who quotes St. Francis, Voltaire and Lincoln.

To the party faithful, he is a skilled practitioner of the political art, a popular man—even better, a winner.

The quality that mirrors widely the many facets of his nature is an unusual gift with words, a genius for communicating lucidly what he stands for to all who would know.

Here is a kernel of his political philosophy as related to a New York audience in telling "the kind of Democrat I am":

"I don't like interference with free markets, free men and free enterprise. I like freedom to succeed or fail. But I also know that there can be no real freedom without economic justice, social justice, equality of opportunity and

a fair chance for every individual to make the most of himself.

"I am not worried about ruinous reaction on the one hand or radical misadventure on the other, because the American individual is a very sensible fellow.

Some of his expressions on important issues:

Communism—"Communism resolves no anxieties. It multiplies them. It organizes terror. It is without spiritual content or content. It provides no basic security.

"If Western civilization is to save its body, it must save its soul too. It must awake again the emotionalism, the confidence, the defiant faith of a resolute breed of men to whom liberty and justice mean something positive every day—not just when war has reduced us to the stark issue of self-preservation."

Inflation—"As sinister an enemy as Stalin and far more subtle.

Religion—"There is a time of moment, trial and challenge. In the tense struggle for peace on which rests peace itself, the mighty and mighty neglected faith is our shield and sword."

Taxes—"The tax burden in this country is due largely to the national defense effort. I would say that perhaps it is wiser to spend money, even in what appears to be excessive quantities, to buy insurance than it would be to risk war and the cost of rebuilding the house."

Party principle—"Who leads us is less important than what leads us—what convictions, what courage, what faith—win or lose. A man doesn't save a century, or a civilization, but a militant party wedded to a principle can."

Corruption—"Where we have

AT FIVE MONTHS Adlai Stevenson was held by his grandfather, Adlai E. Stevenson I, Vice President under President Grover Cleveland. Adlai II was born at Los Angeles February 5, 1900, the son of Lewis Green and Helen Louise Davis Stevenson.

IN ILLINOIS, Adlai posed in 1902 with his sister Elizabeth and his father, Lewis Stevenson. He had been on the business side of the Hearst newspaper, Los Angeles Examiner, before moving to Bloomington, Ill. In 1916 he was elected Secretary of State for Illinois.

HIGH SCHOOL started for Adlai 15, at Normal, Ill., which he left for Choate and Princeton where he was graduated in 1922. Four years later he obtained his law degree from Northwestern University.

Cost Of Campaigns For Both Parties To Be Highest Yet

WASHINGTON, D.C. — One thing appeared certain today about the national political races this year: The campaigns will be the costliest and best financed of any ever staged in the United States.

Total expenses probably will run well into the millions of dollars.

Members of both the Republican and Democratic National Committees already have made it clear they are not to be swayed by the price of campaign.

With pride, McKimney noted that he already had optioned some of the choicest radio TV time for evening hours, well ahead of the November election.

Mr. and Mrs. G. W. Afford, who has also been in Korea and Japan, has returned to the states and is now in Washington, D. C. with his wife and family.

STOLEN IS EARLY
FORT WYANE, Ind. — Mr. and Mrs. Carl Hanson were nine blocks from Lutheran Hospital Wednesday when things happened.

"I just got through an intersection when my wife came," Hanson, a brick mason, said. "I picked the baby up and held her on one arm as I drove to the hospital. She was crying like mad by the time we got there. I sure don't know go through that again."

Once in the hospital, the delivery job at the hospital entrance.

Mother and 7-pound daughter, Jamie Daleen, her first born, were

Rural Common Sense

By SPUDS JOHNSON

Florida's rural people are healthier now than ever before, thanks to research, education, and the earnest efforts of farm folks themselves.

Medical research has brought out more effective medicines and efficient treatments for numerous human ailments, nutrition, research has revealed food requirements for good health, specialists and others working with rural people have stressed good nutrition and disease prevention, and farm people have learned the things they have learned about good health to themselves and their families.

Rural people have benefited from such new medicines as the antibiotics, the same as people in the cities, and many have recovered from ailments much more rapidly than did their fathers. Farm women get along better in pregnancy and their children stand a better chance of escaping serious diseases such as whooping-cough than was the case not many years ago, and these improvements have resulted from education, better pre-natal care, and protective vaccines.

Education has resulted in a marked reduction of hookworm in rural areas. Once it was a serious problem in many sections, but country people now know that proper sewage disposal is a powerful weapon against it and they accordingly have constructed sanitary privies or indoor facilities to protect themselves.

Once pellagra was a serious problem, but farm people have reduced its incidence to minor proportions through applying the things they have learned from home demonstration agents and others about adequate, balanced diets.

Rural boys and girls are healthier, for they learn at an early age of the importance of good health, and organizations such as the 4-H clubs emphasize good health. The notable improvements in the health of Florida's farm people in recent years are indeed gratifying, but some families still have not taken advantage of the opportunities offered for health improvement. They owe it to themselves and others to strive for good health, to learn as much as they can about good health requirements, and to apply the things they learn to their own lives. Unhealthy folks can't produce good crops, and they can't be as happy as healthy people.
