 The Training Union of the First Baptist Church will be visiting at 7 p.m.  
 The Junior Choir of the First Presbyterian Church will meet for rehearsal and fellowship at 3:45 p.m. at the Church.  
 The Youth Choir of the First Presbyterian Church will meet for rehearsal at 7:30 at the Church.

### Besty Anne Carter To Receive Degree From FSC June 3

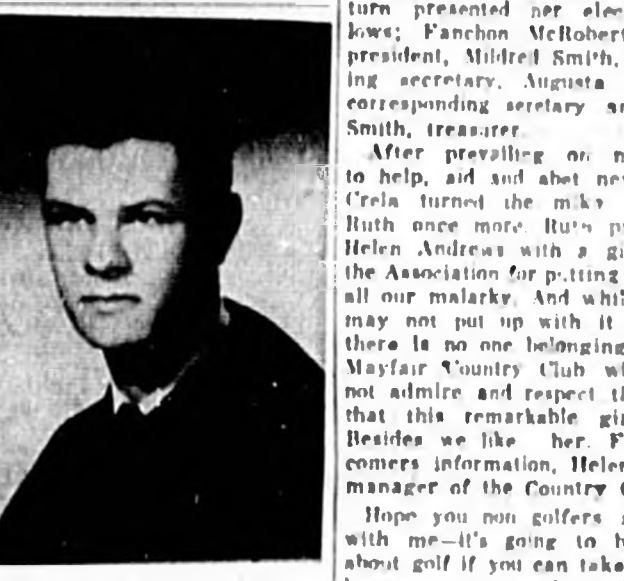

By Grace Marie Stinecoper  
 Miss Besty Anne Carter, daughter of Mr. and Mrs. Walter Carter, will be among 230 seniors who are graduating from Florida Southern College on June 3 of this year. Commencement exercises will be held in the Annie Pfeiffer Chapel on the campus of FSC at 10:30 that morning. Besty Anne will receive a Bachelor of Science degree in Education.  
 While a student at Florida Southern for four years, Besty Anne participated in many activities and earned several honors which together earned her recognition in Whos Who's Among Students in American Colleges and Universities — the highest honor a college student can receive.  
 Besty Anne was a member of Kappa Delta Pi (Education honorary), of which she served as president and as a delegate to the biennial convocation, she was secretary-treasurer of Sigma Tau Delta (English honorary), and as a member of Future Teachers of America she served as a board member. Her social sorority was Sigma Sigma Sigma of which she served as corresponding secretary. She was also a member of the Cap and Gown Women's Honor Society, and was active in the Methodist Student Movement.  
 Besty Anne has recently completed her internship in Northmore Elementary School, West Palm Beach, and as for plans for the future she will be employed next year as a second grade teacher in this school.

### Conning The News

By VIRGINIA CONN

If I ever got this typed it will be a miracle. The Annual Woman's Golf Association banquet was held Saturday night at the Mayfair Country Club. This is the long awaited event where trophies are presented and officers for the coming year are introduced.  
 The club was beautifully decorated by Betty Guy. In the lobby grew an almost real hibiscus tree. Driftwood was artfully used with yellow erysanthemums and white gladioli on the long tables in the patio. Helen Andrews' beautiful Japanese lanterns were strung between the club and bar trees. The whole effect was lovely. On the bar in the clubhouse was a magnificent garden display, also on driftwood.  
 The dinner was superb—fruit cocktail, salad rolls, fried chicken etc., but delicious. The usual disheveled golfers appeared gorgeous and glamorous as their animated chatter filled the silence of the surrounding country side.  
 As trophy chairman Keen Ivey rode in present the prizes, there was a hush. Most of the results of the year's conflicts have been long known, but of course memories are short and in need of being refreshed. Keen introduced Dot Powell, who presented the trophy for the Dot Powell tournament to winner Myrtle Adams. Augusta Russell was runner up. At this point the trophy table was laden with silver, crystal and leather. Here are the other winners, for whom there was much clapping and cheering.  
 Qualifying medalist (I think she had an 83) — Jeanne Fouk.  
 Low net medalist — Grace Martin.  
 Club championship winner — Jeanne Fouk.  
 Runner up — Dot Powell.  
 Championship consolation — Augusta Russell.  
 First flight winner — Vera

Smith.  
 Runner up — Pauline Inch.  
 Consolation — Helen Carraway.  
 Second flight winner — Lib Cleveland.  
 Runner up — Ruth Herron.  
 Consolation — Jess Hayman.  
 Third flight winner — Keen Ivey.  
 Runner up — Muriel Scott.  
 Consolation — Grace Martin.  
 Fourth flight winner — Judy Smith.  
 Runner up — Jane McKibbin.  
 Consolation — Ginny Conn.  
 The Grace Martin trophy for the most improved player was presented by Grace to Mildred Smith. Mildred started golf last summer and is winning a lot of tournaments in C class. Runner up was Dee Russell.  
 The winner of the Navy wives tournament was Jo — McDaniels. This is also an independent trophy given by the navy association members to the civilian winner of an annual tournament.  
 The winners of the Ringer tournament were:  
 Class A — Louise Parker  
 Class B — Jackie Crawford  
 Class C — Lee Gunning  
 Class D — Shirley Perkins.  
 Last week's four name winners were also announced, and they received golf balls. Class A went to Louise Parker, B to Lib Cleveland, C to Grace Martin, Keen Ivey had low putts.  
 President Ruth Herron took over from here and in a clever poem thanked her board members of this year for doing such a wonderful job. As Ruth mentioned their names she girls stood—Celia Higginbotham, Anne Marsh, Mildred Smith, Augusta Russell, Shirley Perkins, Louise Parker, Jackie Crawford, Frenchie Ring and Ginny Conn. Fanchon McRoberts was cited for her excellent job during the P.G.A. tournament.  
 Ruth introduced the new president, Celia Higginbotham who in turn presented her elected fellow members. Mildred Smith, recording secretary, Augusta Russell, corresponding secretary and Judy Smith, treasurer.  
 After prevailing on members to help, aid and abet next year, Celia turned the mics over to Ruth once more. Ruth presented Helen Andrews with a gift from the Association for putting up with all our malarky. And while Helen may not put up with it quite, there is no one belonging to the Mayfair Country Club who does not admire and respect the work that this remarkable girl does. Besides we like her. For newcomers information, Helen is the manager of the Country Club.  
 If you non golfers are still with me it's going to be more about golf if you can take it. The banquet was a real special occasion for Ruth and Ray Herron who were celebrating their 28th wedding anniversary and must have been married when they were in their early teens.  
 Grand entertainment followed after a short intermission, during which time the cast donned their faces and learned the words to their songs. Jean Fitton was an able M.C. as she introduced the Celery Seeds singing "We are the Differs of Mayfair Inn." Members in this group were Lee Cunnine, Jim Parker, Jean and John Dowley, and Jack and Judy Smith. Dave Cunnine as Fannie Grump went through some hysterical gyrations as a woman golfer, and the big ham kept thinking of new angles all the time. His fair looks were enhanced by a blonde wig, off-the-shoulder blouse and Bermuda shorts. Fannie carried

### R. Baker Graduates June 2 At Stetson

By Grace Marie Stinecoper  
 Robert Baker, son of Mr. and Mrs. M. E. Baker, will graduate from Stetson University on June 2 of this year with a Bachelor of Arts degree in Philosophy of Religion.  
 During his four years at Stetson, Robert has spent the majority of his time, aside from studies, in serving the Methodist Church of DeLeon Springs as its pastor.  
 Robert's plans for the immediate future are to earn his Master's Degree in Philosophy of Religion. He will continue his study at Stetson.

### Wilson School 4-H Met Tuesday

The Wilson School 4-H club met Tuesday afternoon at the Wilson school. Peggy Fritton was elected vice-president and Louise Stakley was elected reporter. The pledge was given. The girls brought their place settings of china and silverware to demonstrate setting a table, and their story on project one. The remainder of the meeting was spent in sewing. Cookies were served. Mrs. Hanson and Mrs. Hergeton attended the meeting.

### HAZARDOUS JOB

OMAHA, Neb. — While talking with a boy, policeman Carl Vaccaro placed his hand on the lad's arm. The boy's dog promptly sank his teeth into the patrolman's leg.

THE SANFORD SHRINE CLUB was the scene of a party given in honor of the Junior High School eighth grade girls, Friday night at 8 p. m. The group enjoyed dancing throughout the evening, after which refreshments were served buffet style. Punch, sandwiches and cookies were enjoyed by all. Hostesses were (left to right) Sunny Skinner, Barbara Bradley, Rosemary Southward, Ethel Lee Rizer, Deanne Nichols, Betty Williams, Judy Ludwig, Suzanne Jones, Sandra Kader, Helen Pittard, Pat Smith, and Cindy May. (Staff Photo)

Charles Bloom, Alice and Ernie Mills, Cartie and Jack Strubling, Judy and Jack Smith, Frank and Elizabeth Mehane, Lee and Dave Cunnine, and his sister Lorraine Cunnine of Sarasota, Muriel and F. D. Scott, Jackie Crawford, Jean Fitton, Katie and Bob Jackson, Jim and Louise Parker, Celeste and Chris Overstedt, Mildred Smith, Anne Marsh, Keen and John Ivey, Carman and Pauline Ilich, Celia and Earl Higginbotham and their guest Dr. Margaret Palmer of Ocala, Jesse and Elmer Hayman, Jo and Roy Symes, Fanchon and Mac McRoberts (W. K., pardon the slip), Bill and B. J. Glass, John and Jean Dowley, Ginny and Bob Conn, Lucille and Price Heard, Myrtle Adams, Judy and Jack Smith, Betty and Jim Guy, and Dot Powell.  
 And now there is still more to come, but I think I will save it for tomorrow. The fishes are still waiting to be done. That's the way things go—always back to reality. Anyway, I'm tired. So goodnight!

### HORSE SUIT

TULSA, Okla. — (UP) — A \$29,785 lawsuit was filed here by a blacksmith who contended he suffered injuries when he was "kicked in the rump with both feet" by a mare named Kickapoo Princess. The plaintiff said he was attempting to shoe the mare when she attacked him from the rear.

### AN OLD ONE

BOSTON — (UP) — The home of Boston's first town crier still stands. It's a well-preserved brick building on Marshall street, a stone's throw from Dock Square. Town crier William Courser owned and occupied it in 1660. Since 1798 the building has housed Leonard's Shoe Store.

### IMPARTIAL

HARTFORD, Conn. — (UP) — Police sought a bipartisan chief after offices at Republican and Democratic headquarters located several blocks apart, were looted the same day.

### OLD BRICK

# GREATER AMOCO GAS

Greater for every car on the road... yet no increase in price! Only Greater Amoco-Gas guarantees longer car life... greater mileage per gallon than ever before possible... 100% power... no lead fouling!

Amoco's new Yorktown, Virginia refinery plus new facilities at Amoco's other refineries make possible new Greater Amoco-Gas!

Greater Amoco-Gas is the only premium motor fuel that contains no lead! All others are actually low octane gasolines looted to premium rating by adding lead. But lead doesn't burn! It leaves fouling deposits on plugs, pistons and valves... causing preignition, misfiring and an ever-increasing thirst for more gasoline. Only Greater Amoco-Gas guarantees no lead fouling... 100% power... greater mileage than ever before possible! Now available at no increase in price!

**DANGER SIGN**  
 On every gasoline pump except the Amoco-Gas pump is Uncle Sam's warning to you: This gasoline contains lead!

**SAFETY SIGN**  
 Only the Amoco-Gas pump can display the three most important words that can be said about a motor fuel: "Contains No Lead."

## Compromise Spending Bill Passed By Senate

### Board Expected To Hear Another Proposal Soon

#### Top News In Brief

LONDON — Moscow says the "glimmering of a constructive solution" to world disarmament problems today in the U.S. promise to meet Russia half-way in working out their differences. A broadcast by Moscow Radio said the Soviets will give "the most careful consideration" to practical proposals for a first step in reducing the world's arms and armies.

**ATOMIC TEST SITE.** Nevada — The United States today fired the first of a long series of atomic test blasts amidst a world atmosphere of disarmament talks and controversy over radiation effects on humans. The "battled" nuclear device was touched off in the pre-dawn darkness of the Nevada proving grounds this morning—the 45th detonation in the United States' program of nuclear and thermo-nuclear "peace-lies-in-strength" weapons testing.

#### Water Department To Get Automatic Control System

Another move to modernize the city's water system was approved by the Board of Sanford City Commissioners last night. An automatic system is to be authorized at an estimated cost of approximately \$450,000. The system, pointed out by City Manager Warren E. Knowles, "will be so arranged that buzzers, lights, and other mechanical devices will notify the man on duty (Continued On Page 10)

The Board of Sanford City Commissioners will, in all probability, review another proposal from the engineering firm of Gee and Jensen of West Palm Beach at an adjourned meeting next Monday night.

#### 12-Year-Old Boy Receives Belated Acclaim As Hero

CHICAGO — A boy, 12, who saved a baby's life by breaking the infant's fall from a second story window, won belated recognition today as a hero.

Little Johnny Thomas had kept mum about his role in the incident last Saturday because he was ashamed that he hadn't caught the falling infant.

Doctors at Garfield Park Hospital said the baby would have been killed if Jimmy had not broken his fall. The infant suffered a skull fracture, they said, but will probably live. Jimmy tearfully owned up to his heroism Monday under questioning from his father. The boy said he felt guilty because the baby slipped through his arms and had to be taken to a hospital. A neighbor who had seen the baby fall later mentioned the incident and asked about the "little boy who saved the baby's life." The word spread around the district, but nobody knew who the little boy was. Jimmy's father, Leonard, also became curious and questioned his son closely about "this little boy." "It was me, Daddy," Jimmy said, and burst out crying. "I caught him but I couldn't hold him."

In the original proposal submitted to the city. Commissioners asked that the firm of engineers conduct a survey with a "person to person" contact with people expected to make Sanford Docks and Terminals shipments through the proposed facility to comply with what city Manager Warren E. Knowles pointed out as "the fiscal argument" as he spoke of the location of the Docks and Terminals in comparison to the Sanford-Titusville Canal and the Cross Florida Barge Canal.

In discussing with the commissioners briefly the costs of various sections of the Docks and Terminals project, Brady pointed out that seawalls are costly and that warehouses are sometimes costly too.

"We have found that the more fact that the port is here—other things are cheaper," as he gave examples of rail freight rates prior to the establishing of a port and after the port had been established.

Brady gave some consideration to the feasibility report would include a discussion as to "whether we think as this time you should go into a seawall and whether or not there are enough products moving by water to make a water terminal feasible." "We will discuss in our report," Brady revealed, the proposed methods of financing, determine what part of the facility should be started at this time, and other pertinent facts to be considered such as the type of port authority to set up.

The Board of Sanford City (Continued On Page 10)

### Tax Money Search Begins

TALLAHASSEE — The Senate passed the compromise 616 million dollar general state spending bill today and immediately embarked on a search for tax money to help the 67 counties finance their share of the teacher pay program.

The bill, calling for expenditure of 64 million more than present revenue sources will support in the coming two years, except through following protests from several senators that it was being "railroaded."

Adopted by the House Monday, the measure now goes to the governor who has the power to veto individual items. It is the biggest spending bill ever passed by a Florida Legislature, providing an unprecedented construction program and big pay raises for nearly every official and employee.

Sens. Douglas Stenstrom, Sanford, and Charley Johns, Starke, forced a short delay but in the end the bill was approved.

The Senate at first voted 18-16 to take it up immediately, but others jumped up and said they would vote against the whole bill if they were not given a chance to see what compromises it contained.

The Senate embarked on a wealth of House messages which also delayed its special order calendar, topped by a proposed increase in auto license tag fees to raise \$1 million in additional revenue.

An afternoon session was scheduled to make up for lost time.

### Rotarians Hear Talk On Jaycees' Objects, Aims

The aims and achievements of the Seminole County Junior Chamber of Commerce were told to the members of the Sanford Rotary Club at its weekly meeting yesterday afternoon at the Yacht Club by George Andrew Speer, local attorney and president of the "young men for action" organization. From the time the Jaycee organization was founded here in Sanford in 1925 on a state-wide basis, the local group has been prominently in the foreground of all civic endeavors, Speer stated, mentioning some of the awards and state and national that Seminole Jaycees have won.

The young attorney who will turn over the duties of his office on Thursday to M. L. Raborn Jr., told his hearers that the Seminole Jaycees took first place in a recent statewide competition for civic projects with their planning and staging of Navy appreciation day. This project was voted as top of the year for clubs in cities of 15,000 to 35,000 population. Another of its top projects was the staging of the Christmas parade.

The basic purposes for his organization, Speer said, were twofold: to improve and develop community projects and to improve and develop individual members by means of leadership training. He told of the requirements for membership, active and associate, and said that he felt at home at the meeting since many of the Rotarians were also members of the Jaycees. He extended an invitation to the other Rotarians to affiliate as associate members since the Jaycees were engaged at the time in a membership drive. He also thanked the club for its participation in the Navy appreciation day.

Dr. Charles L. Persons presided at the meeting with B. L. Perkins Jr., program chairman for the day introducing the speaker and also his successor in office, "Sonny" Raborn.

### Senate Will Try Impeachment Against Judge Holt

TALLAHASSEE — The Senate voted today to meet July 8 at 11 a.m. to try impeachment charges against Miami Circuit Judge George E. Holt. Senate President W. A. Shands said the trial could last as long as 30 days.

### Weather

Partly cloudy today and Wednesday with widely scattered afternoon and evening thunder showers; low tonight 65 to 70.

### Building Permit Needed In Zoned County Areas

"We have a good many requests for zoning in Seminole County," Zoning Commission Chairman Raymond Ball revealed yesterday as an area, said to be a half mile square just south of the city limits, was rezoned in compliance with Section A, R-1-A Rural Residential District of the zoning regulations of Seminole County.

John E. Fox, Seminole County Zoning Director said the area rezoned to the residential district is bounded by 27th St. on the north, partly by West Onna Ave. on the south, by South Sanford Ave. on the east, and partly by French Ave. on the west.

The rezoning takes in all streets in the area. However, he pointed out that the zoning is not retroactive and non-complying buildings within the area will remain as they are.

Ball said that the rezoning of the area was completed with a hearing conducted on May 21 and approved by the Board of Seminole County Commissioners," they said.

### 'Clock' To Remain At Intersection

The Board of Sanford City Commissioners gave in to a small but enthusiastic group of citizens last night who supported the move to allow the "Clock" to remain at the intersection of Park Ave. and First St.

Mayor Davis (center) told the group that "The commission had but one view in mind when the question of the clock came up—that was for the progress and betterment of Sanford."

"There was no speaking behind anyone," he said, "that's the reason this public hearing was called."

Commissioner Earl Higginbotham, absent from the previous meeting when the question came up for discussion, said that "the State Road Department now uses the system of placing concrete blocks in the right-of-way to separate traffic lanes."

Morris Moses appeared before the Board of Commissioners to ask that the clock "put a line in my father as a landmark" be allowed to remain.

### Civil Defense Staff Is Given Survival Plan

The Civil Defense staff for Seminole county was given a current survival plan by Dr. A. B. Peterson, 67, when last week copies of a comprehensive brochure were placed in the hands of various members of the staff and in those of CD personnel in the surrounding area who would be involved in any survival or disaster evacuation.

The instructions prepared by the director set up the problems, the territory involved and those responsible for the CD activities in various sections of the county.

The mission is set forth in Part Two, and the following section covers the execution of the plan. This latter breaks down phase of the mission and assigns staff members to the job of successfully performing the task.

Part Four handles the plan for Administration, Supply and Transportation while the next part of the instructions covers Control and Communications.

Maps and evacuation plans for surrounding counties make up the appendix of the plan.

The procedure outlined is the result of a comprehensive review of general instructions and a condensation of notes of directives that have been issued. The tremendous task performed by the local director has drawn commendation from many sources.

### Stockholders Meet Scheduled June 3

The Annual Stockholders meeting of the Sanford Farmers Auction, Inc., will be held on June 3 at 8 p. m. at the auction market on Highway 17-92.

Purpose of the meeting, said W. W. Lintz, president of the organization, is to elect a board of directors and for the attending to any business that may be present.

Additional Local News On Page 10

A YOUNGSTER FROM WILSON SCHOOL in Paola tried out a seat in the nose of the plane being shown to more than 50 visiting boys and girls who were guests of VAH-11. "It is great up here" the youngster yelled down from his lofty perch and an inspection trip through the plane. (Staff Photo)

A PROTOTYPE 40-foot landing craft, powered by a 500-horsepower gas turbine engine, is demonstrated at the U.S. naval gun factory in Washington. The new engine weighs two-thirds of the 165-h.p. engine it replaced. Speed is doubled while vibration is minimized.

### Any Risk In X-ray?

By HERMAN N. BUNDESEN, M.D.

ALL of us have been hearing a lot from time to time about the dangers of radiation. There is no doubt that excessive radiation exposure can have serious consequences.

This has prompted many persons to ask me, what about medical X-rays, are they dangerous? In the hands of properly trained physicians or radiologists, let me assure you, X-ray treatment is perfectly safe.

#### Special Training

However, the American College of Radiology points out that of the 128,000 professional users of X-ray apparatus today, only about 4,000 have the comprehensive special training of radiologists.

The education of the others in the use and dangers of this equipment, of course, varies. But no matter what the experience of the physician or the operator of the X-ray equipment might be, there is one cardinal rule that the operator always tries to follow: "Keep the dose as low as you can."

X-ray technicians know that it is important that X-ray be used in the diagnosis and treatment of many diseases, but that it is also important that the dosage be kept to the absolute minimum to achieve the desired results.

One way to keep the diagnostic dosage at the lowest possible level is to make sure the examination is performed correctly the first time.

A great deal of radiologic research is being conducted to determine just how low a dosage is possible and still give good results. This research should help us a great deal in determining just when X-rays become dangerous.

#### QUESTION AND ANSWER

**Q. D:** For the past few months I have had pains in my left heel. It feels like I am stepping on nails. What could be causing this?

**A. Answer:** Your difficulty could be caused by a spur, or extra portion of bone, protruding from the heel bone. Sometimes an inflammation of the ligaments around the heel or arthritis can also be at fault.

## Now Hear This!

by JACKY FENWICK

Kind of late to get this in, but I hope this reaches the members of the Advisory Board of the Enlisted Men's Wives Club before 8:00 P.M.!! There's a meeting tonight at the home of Mrs. Betty Miller, 113 Pinecrest Dr., in South Pinecrest. If you weren't aware of it, do try and make it.

Also kind of late, (since it goes on T.V. tonight) but not TOO late to remind you to tune in the "Augie" show on WDBO-TV, at 7:00 P.M., and watch three of our Navy wives in their "before state!!" (I think the show is called "The Enchanted Mirror".) These three girls will be the representatives of the Chief's Wives Club, the Enlisted Men's Wives Club, and the Officer's Wives Club.

They will be Rita DeLong, a chief's wife, Katherine Horn, an enlisted man's wife, and Mary Muntz, an officer's wife. Following their "before and after" times on the program, Augie will be

here in Sanford at the Chief Club to give a demonstration for the members of the three Wives Club. The tentative date for this has been set for June 23, but it is subject to change. I'll try to keep you informed if there are any changes. So, try and remember to look in on the girls tonight, so you can tell them what they look like on television!!

Does anybody want a dog?? As everyone knows, Capt. Jackson and his family will be leaving Sanford in June, and they have a problem! They now have two dogs, and will only be able to take one with them. This problem is to find a good home for the second dog! He resembles a German shepherd, but is on the small side; and he's very gentle, and is used to children. Anyone interested in having this dog can call Capt. Jackson's office at the base, ext. 200, or his home phone, also on the base, ext. 202.

## Try and Stop Me

By BENNETT CERF

AN INDIGNANT CITIZEN of Montreal writes that he saw the driver of a car with a Florida license cut into line so sharply ahead of a car with a Michigan license that the latter's left fender was crumpled.

The Michigan driver promptly alighted from his car, took a quick look at the damage, and punched the Floridian solidly in the jaw. The latter reeled against a wall, then complained to onlookers, "Some hospitality you guys have up here in Canada!"

Herb Shriner reports that the music at his home town country club is so bad that when a waiter at a dance there fell down with a trayful of crockery, four couples jumped up and started to fox-trot.

NEWLY ELECTED OFFICERS FOR ENTERPRISE, P. T. A. 1 to r. Mrs. W. A. Owens, treasurer, Mrs. Edward Redmond, secretary, Mrs. Darwin Breen, vice pres., and Mrs. Ralph Stumpf Jr., pres. (Photo by Cox)

## Conning The News

By VIRGINIA CONN

The N.A.S. Jacksonville golf team took on N.A.S. Sanford in a rather overpowering contest Friday. Jax won by a final score of 23 1/2 points to 3 1/2 points on the part of Sanford.

Bob Jackson, Frank Foley, and Bill Walraven scored the points made by our team. Since so many of our players were gone, this defeat is not at all bitter. Jax undoubtedly sent their most brilliant stars, and they received a rude awakening when they discovered that Bob Jackson, a point scorer, has been playing for only a year. Participating on the Sanford team were Bob Jackson, Red Cleveland, Dave Cuning, Joe Leary, Frank Foley, and Bill Walraven. No Abe Fennell, no Bill Foulk, no Jack Allen, Gill and Jeanne Foulk entertained the visiting team with cocktails at their lake. Mary home. Then on to Jim Spencer's for steak and lobster. The Foulks were good friends of several of

the players. Attending were Frank Strader, Bill Scarborough, Lou Chaff, Bob Taylor, Dave Bruze, and Frog Haney. Forget to mention that Ruth Herron was given a lovely gift by members of the Women's Golf Association for her outstanding job as president this past year.

Friday night's rehearsal for the banquet entertainment was criticized by Happy Chandler and Ray La Tourneau both en route to Jacksonville from Key West, where they had been lining up housing for a move. The Chandlers are close friends of the Filtons.

Mike Stone and Marge Hill put their heads together and gave a farewell cocktail party Friday night for Joyce and Bob Baker. Bob Stone and Bill were in on it too, but the girls had the best word. Close friends of the Bakers assembled at the Stone residence. Attending were Bob Tucker, Millie and Charlie Donaud, John and Jean Doolley, Jean Filton, Hazel Howell, Evie and Bob Williams, and Ruth and Joe Tully. Ida and Bob Radtke had four

tables of mixed bridge (that means both sexes) Friday night. Local merchants in Sanford are to be commended for their constant donations and support to every kind of cause. The beautiful prizes given at the Officer's Wives Club benefit bridge Friday afternoon were all donated. I know each patient at the Harry Anna Crippled Children's Home would join me in thanking them. The hundred dollar donation would not have been possible without your help. Donating prizes were Rosetter Florist, Hollywood Shops, Jacobsen's, Orlam and Tudor, Iveys, Kader's Jewelry, Rogel's Dress Shop, Noel's, Jew

REGISTRATION: Mon. June 10 and Tues. June 11

### NOTICE TO PROPERTY OWNERS!

The 1956 delinquent real estate tax list of the City of Sanford, Florida is posted at the front door (on the bulletin board) of the Seminoles Court House and at the front door (on bulletin boards) of the City Hall, and will remain so posted for a period of four consecutive weeks.

All real estate upon which the 1956 taxes have not been paid, and against which a tax certificate has not already been issued will be sold at public auction on the 20th day of June A.D. 1957, commencing at 10 o'clock A.M. at the front door of the City Hall in the City of Sanford, Florida.

H. S. Sayer, City Clerk.

- Q. What is the name of this cut of meat?**  
A. Rolled Lamb Breast.
- Q. Where does it come from and how is it identified?**  
A. Comes from the breast section of the animal and contains alternating layers of fat and lean. After removing rib ends and breast bone, it is made into a small roll.
- Q. How is it prepared?**  
A. By roasting or broiling. It is roasted in a slow oven (300° F.), allowing 30 to 35 minutes per pound; or it is broiled slowly on top of the range for 1 1/2 to 2 1/2 hours.

FIVE GIRLS WITH BIG SMILES arrived in Sanford Saturday morning in "Nalhhoo" the Seaside Fiesta at New Smyrna Beach. The quintet was a small portion of more than 35 girls in the Seaside Fiesta caravan visiting Sanford. (Staff Photo)

loves to cut loose and cover the miles!

If you're looking for a real "escape artist," a car that loves to step out and get away from it all—well, it just happens that Chevy was born with that urge.

If there ever was a car that loved to cut loose and cover the miles, it's this one. Yet it's so easy to handle that it even makes city traffic seem a bit lighter and parking places a bit bigger. Chevy's pretty easygoing out on the highway too. Not poky. Far from it. You find, for example, there isn't a hill around that can make it breathe hard

—not with Chevrolet's high-performance V8 on the pulling end. You've got up to 245\* horsepower here for the biggest helping of driving pleasure found in the low-price field!

Chevy's new Positraction rear axle (optional at extra cost) adds still more pleasure. It delivers greater power to the wheel that grips, not the wheel that slips. You have surer control and better traction on any road surface.

Stop by your Chevrolet dealer's before another good driving day goes by.

GET A WINNING DEAL ON THE CHAMPION!

\*Optional at extra cost. 270-h.p. high-performance engine also available at extra cost.

Only franchised Chevrolet dealers display this famous trademark

### Researchers Claim Auto Seat Belts Will Save Lives

NEW YORK (AP)—A Cornell University research group claims that it has proof "beyond all reasonable doubt" that auto seat belts save lives. Motor Vehicle Research Inc. of New Hampshire, has charged that seat belts do no good and are even dangerous. John O. Moore, director of the Automotive Crash Injury Research Division (Acir) at Cornell, answered the charges in a report stating the belts provide a nearly 60 per cent chance of avoiding injury in an accident. Moore told United Press a Cornell committee on transportation safety research reported on effectiveness of auto safety belts to a House subcommittee in an effort to bring the controversy to a head.

### Challenge For Dr. Mays

A new novel by ELIZABETH SEIFFERT. © 1956 by Elizabeth Seiffert. Reprinted by permission of the publisher, Dodd, Mead & Co., Inc. Distributed by King Features Syndicate.

CHAPTER 20  
DURING the next few days no one saw Chad Mays, nor heard from him. He disappeared as if under the eaves of the foot of the Milburn lawn there had been a stretch of quicksand that sucked him in and smoothed itself over without a trace. The blondine had no word—she didn't come to their house, even for fresh clothes. The clinic switchboard said so often, "Dr. Mays is not in. No, I don't know when he will be in," that the fact of his absence became a serious problem. Where was Dr. Mays? Hazel Lacey said with confidence that she would find him. But she did not find him. She appealed even to Lacey, her voice crisply professional, her inquiry businesslike. "I'm sorry," Lacey's voice came softly across the wire. "Dr. Mays is not here." She hesitated. "If he should come, I'll tell him to call the clinic."

Notice of the lawsuit against the clinic was delivered on Monday, and it appeared in that evening's newspaper. On Thursday morning, Chad disappeared. By the beginning of the next week it was evident that adverse publicity was hurting the clinic. On Sunday morning a young man in horn-rimmed glasses, a brown shakskin suit, might have been seen in the concourse of the railroad station, coming out of a popular church and mingling with the crowds at the zone. He had a surgical patch upon his cheek and jaw, and everywhere he went he quickly became involved with some stranger in a conversation concerning the dressing. "What happened to you?" someone surely would ask. "Well, it's hard to say. The Doc has different ideas..." This, almost as quickly, developed into a symposium on the overall medical situation, and someone would always ask, "Did you read about that clinic where a woman with cancer was told...?" This developed a debate which involved other bystanders, and after a heated ten minutes or so it would be discovered that the man with the bandage had disappeared and the group was

### Smokey Says:

Let me put a bee in your ear—be careful with any fire.

...to wonder how it had got together in the first place. Early Wednesday morning the driver of a milk truck making a delivery to the County Hospital, found a young man with smooth hair and eyeglasses nudged upon the lawn. In obvious pain, he seemed to be suffering from some tick ailment, and was unable to walk. A stretcher was brought, he was taken inside, first to the emergency room, and then to a bed in the receiving ward. Dr. Jacobsen, an intern, identified himself—made an examination which determined the location of pain. The patient answered a few necessary questions with the information that his lack often gave him trouble, and had, that morning, just seemed to give way. He was temporarily unemployed, had last worked in a shipping room, but couldn't manage heavy lifting. He had three dollars and seventy-five cents in his pocket, and his name was Charita Nolen. It was so written on his chart, and his address set down as "Transient." He was a meekly quiet young man, docile under the intern's examination. That young man brought in another doctor—a Dr. Bequette—who poked and pried. The two conferred. They drew circles with blue crayon, took the patient to X-ray, brought him back. Except when pressure was exerted at a certain spot there seemed to be no pain. Charita Nolen may have uttered a faint cry, but he was hard to tell. He did what he was told to do, and said, yes, he had a family and friends, but unless he was seriously sick he preferred to be left alone. The next morning, the hospital superintendent himself visited the ward. He came over to Nolen's bed, accepted a chair set for him by a nurse, and indicated that he wanted her and the hovering interns to withdraw so that he might talk alone to the patient. "My name is Wilkins-Smith," said the man in the starched white jacket. He spoke benevolently. "I'm what you might call the Big Shot around here." He was a tall man, wide-shouldered, with rather bulging light blue eyes; his hair, which had been thin and now beginning to thin and turn a definite gray. But the small, bushy mustache upon his short upper lip was aggressive.

Reject Suggestions  
The American Medical Association's subcommittee, when investigating traffic accidents, be used as a sort of "control board" for the agreement and the committee agreed. Moore said that Motor Vehicle Research and other auto seat belt groups refused to present their case. Moore said insurance companies were in the value of the belts and in combatting the public's reluctance to use them urged ACR to publish findings of its studies. As a result, ACR issued its "first press release" Moore said. The director compared his group's study of 3,000 actual cases with those of Motor Vehicle Research. He said that in his department's two-year experiment card files were made of reports of medical and police experts and 152 accidents, in which seat belts were worn, were "matched" with 162 in which they were not. Lists Factors  
Moore said that among factors which had to be taken into account were "matched" with 162 in which they were not. Lists Factors

TODAY'S THOUGHT

As truly as I live, all the earth shall be filled with the glory of the Lord. Numbers 14:21.

## Compulsory Insurance Prelude To Government Bossed Medicine

The old saying about bad pennies always turning up fits certain proposed legislation. A prime example is that Old Faithful—the compulsory health insurance bill which would force everyone to buy and pay for this kind of insurance whether they wanted it or not. It has been knocking around for years and has got exactly nowhere. Almost no one thinks it will have any better luck this time. Even so, the reasons why it hasn't been passed and shouldn't be passed can profitably be recapitulated.

First of all, the American people don't have to be forced to buy health insurance. They have proven, to a dramatic degree, that they are willing, able and eager to take care of this matter on a voluntary basis. In 1941, only 16 years ago, health insurance was in its infancy. As of a recent date, 110 million Americans had hospital insurance;

94 million had surgical insurance; 58 million had general medical expense insurance, and the number keeps growing. A comparatively new form of insurance provides protection against catastrophic types of illness—those of long duration—and this has been given a warm welcome.

Second, no one knows what compulsory health insurance would cost. What is known is that the bill would be treacherous, and a heavy additional burden on the taxpayers at a time when government economy and tax reduction are burning issues.

Third, but by no means least, if government once got its nose into the medical tent, it would just be a matter of time until it got all the way in. In other words, compulsory insurance would be logical prelude to a socialized or government bossed medicine.

## Make Summer Safe For Children

In 1956, over 380 children were killed under the age of 14, and so far this year many have been killed. Here is a short list of those killed recently:

At Ft. Lauderdale, a 7½ year old boy was killed by an automobile while riding his bicycle.

At Ormond, a 4 year old child was killed by a drunk driver.

At Panama City a 10 month old girl was killed when the family car had a wreck and the baby was thrown out.

At Hollywood a 2 year old child was killed in front of her home.

At Tampa a 3 year old boy was killed when he ran in front of an automobile.

At Winter Garden, a 6 year old boy was killed in front of his home.

At Daytona Beach, a 6 year old boy was killed dashing across the street.

At Jacksonville, a 4 year old girl was killed when thrown from a car.

"I don't know," stated Frank Asher, Director of the Florida Safety Council, "who is to blame. Parents should watch their children closer and forbid their playing in the streets. Drivers with children in their cars should be exceedingly careful so no child will fall out."

School will soon be out with over 700,000 children in the state holiday bent. These children will be playing everywhere, on the streets and in the middle of traffic. They will be doing all kinds of things that

a child's mind can conceive. It is up to the grown-ups and parents to protect these youngsters from harm.

Playgrounds and school summer programs are provided for children in many communities and should be in every community. This will help keep the youngster off the streets and highways.

The largest number of children killed in traffic accidents are the 5-14 year group and most of these are killed during vacation.

"Let's all try to make this a safe summer," said Frank Asher. "Children do a lot of swimming without supervision. Parents are cautioned to keep their children from swimming until one hour after meals, as well as themselves. Be sure there is a grown-up around and do not permit children to be show offs."

Too many children are getting killed in traffic accidents. Take time to be safe.

## Joint Chiefs Of Staff

Our first Secretary of Defense, James Forrestal, said: "Whether it be in business, government, or military operations, I mistrust the principle of relying on a single genius to make all basic decisions."

The assertion that a single chief of staff system is efficient, economical and desirable from a national standpoint is not supported by history, fact, or experience. The concept has fatal defects from military, political and economical standpoints.

Our Joint Chiefs of Staff organization has in practice demonstrated the genius of the American people for democracy. This system has solved the problems which have long plagued democratic republics, the difficulty of being militarily strong without becoming militaristic. Other advantages of this system are many and certain.

It has demonstrated that where speed of decision is required, it can meet the test. It assures our nation that vital decisions are arrived at after a sound deliberation process. Our national survival is based, not upon the whim of an individual, but upon the decisions of the best military minds our nation has available.

The Joint Chiefs of Staff organization assures the proper development and employment of our land, sea and air forces.

## Quotes From News

By UNITED PRESS  
WASHINGTON—Adm. Lewis L. Strauss, chairman of the Atomic Energy Commission, proposing a conference to deal with biological and nuclear warfare problems.

"We should now call a conference in humanistics to get historians, philosophers and humanitarians together to form some idea or method to see if man can cope with the problems which his inventiveness has brought him."

TRAVIS AFB, Calif. — Army Sgt. Robert G. Reynolds, on the Taipei riots touched off by his court martial acquittal in the slaying of a Chinese prowler near his home: "I'm extremely sorry this thing happened, but I was just doing my duty to my family and protecting myself."

TOKYO—Acting Japanese Prime Minister Mitsuhiro Ichii, on Japanese intentions to try an American soldier for manslaughter regardless of American objections: "To say that the case is under U. S. jurisdiction merely because it occurred when the American

soldier was on duty is too simple thinking."

CHICAGO—Gov. Frank Clement of Tennessee, urging that the United States provide Poland with economic aid in spite of objections by Senate Republican Leader William F. Knowland:

If the people behind the Iron Curtain, oppressed, helpless and starving, are now seeking to free themselves, we should give

these people help instead of the back of our hand, as proposed by Knowland."

GETTYSBURG — President Eisenhower to fence - straddling photographers while touring his farm with West German Chancellor Konrad Adenauer:

"If Ivan Feister the farm manager catches some of you fellows on that fence, somebody's going to lose his head."

The U. S. style protocol in 96 years old - photographs. And we're sure we must, in our time, have mimicked some of the original ones!

Bachelors generally have more headaches than do their married brethren, a noted physician declares. But—asks the man at the next desk—are they as continuous?

There's a move afoot (or, rather, about) to replace the badger with the cow as Wisconsin's official animal symbol. We

## JUVENILE DELINQUENCY, OR ADULT?

## P. Laurie Surprise Switch Of Season

HOLLYWOOD UP — These days the trend is for the young, curly beauties of the screen to carry up lipstick and cleavage for "sassy" drama.

The world first witnessed the metamorphosis of Marilyn Monroe from nude calendars to the actors' studio. Arthur Hiller and Sir Laurence Olivier. This prompted Shelley Winters, Terry Moore and other movie queens to head for New York acting coaches.

The surprise switch of this season is Piper Laurie, formerly a cute redhead who ate flowers and played winsome maidens in billing bodies in those swashbuckling Tony Curtis movies.

When Piper showed up on television in dramatic roles this past season, Hollywoodites gasped her name as they used to gasp, "sonny tufts!"

Now Success  
Now four TV shows and an MGM movie later, Miss Laurie has become a top young actress. She just finished playing a neurotic, love-hungry wench in an MGM drama, "Until They Sail." And the girl who used to gobble gardenias is off to New York to mull over Broadway offers.

"The girl who was created because of that flower-eating stunt was somebody I never knew," Piper said in attempting to explain the change.

"What I am now is what I hope I was all the time underneath." Seeing Piper is a surprise for those who remember the flower-eater. Sweater girls who take up serious acting seldom talk or look the same.

Piper's hair is now dark brown, long and pulled off her face in Eva Marie Saint fashion. During one interview she wore little makeup, no jewelry and a simple brown cardigan sweater. She spoke haltingly, earnestly.

"I signed with Universal when I was 17," she said. "I had planned to go to New York to study but the contract was very appealing."

"I read in the columns one day I ate flowers. I had to go through that studio publicity. I was too terrified to say no."

"I did a dramatic scene as a test but they cast me as teenagers. Then in those adventure pictures with Tony Curtis, I became disillusioned and disappointed. After a while I didn't care. I didn't work as hard as I might have. I was ashamed of what I did. I was lazy and confused."

Piper's fine performance brought her more good TV scripts on "Front Row Center," "Playhouse 90" and "GE Theater."

Now, like many "reformed" glamour girls, Piper has moved to New York to study acting, live and work on TV and on the stage except when a movie comes along.

## Disposable Hypo Needle Now More Widely Used

By HERMAN H. DUNSTON, M.D.  
A MORE widespread use of disposable hypodermic needles is among the medical advances I would like to discuss today in our monthly review of medicine.

While there certainly is nothing wrong with reusing properly cleaned, sterilized and resharpended needles, staffs of some hospitals may be too busy to do the job properly.

Contaminated Needles  
For this reason, some hospitals are turning to disposable hypodermic needles which are used once and then thrown away.

The chief reason behind this move is to eliminate the possibility of contaminated needles spreading infectious hepatitis and other cross-infections.

There is also a new use for an old drug in today's news. For many years, Nupercainol ointment has been used extensively to treat the itching, burning and pain of hemorrhoids and pruritis ani.

For Easier Usage  
Now the ointment has been produced in suppository form for easier usage and more accurate control of dosage. Both morning

## Look Ahead At Top World News

By CHARLES M. McCANN  
United Press Staff Correspondent  
United Press correspondents around the world look ahead at the news that will make the headlines.

Portals  
Those riots in Formosa may foretell bad news for Generalissimo Chiang Kai-shek. Friday's outbreak in Taipei, the capital, was anti-American. But to many Formosans, the hundreds of thousands of Chinese Nationalists who took refuge in their island when the Communists overran the mainland are as unwelcome as the Americans. The next risk, if any, could be anti-Nationalist.

First Aid  
The next few days may tell whether hope for a first step toward disarmament is well-founded. Like America's Harold Stassen, Soviet chief delegate Valerian A. Zorin went home for new instructions during an 11-day recess in the London disarmament conference. The talks reopen today. London advices predict that 70-

ria's attitude, on the basis of his instructions, will show fairly soon whether Russia is really ready to talk business at last.

Income Tax  
Don't count on Congress reducing your income taxes next year, retroactive to next Jan. 1. The official Democratic line voiced by House Speaker Sam Rayburn is that the cut will be voted. But some Democratic tax writers say privately they don't expect any cut.

Alring  
New Delhi says that the reported romance between Roberto Rossellini, husband of Ingrid Bergman, and his pretty script-writer Sonia das Gupta may be aired in the Indian Parliament. Indian officials are upset about the whole situation. Unless Sonia's family—which is very prominent in Indian politics—says no, it may be brought up for a debate.

Rackets  
The Senate Rackets Committee will take stock this week and decide which case to investigate next, and when. Best guess is that hearings will start about June 4. The committee has several cases nearly ready, its No. 1 choice is an investigation of Teamster "paper local" unions in New York.

First Aid  
If Egypt and Syria don't come through with their promised payments to Jordan, the United States and Saudi Arabia can expect an urgent appeal for immediate help from Jordan's young King Hussein. Egypt, Syria and Saudi Arabia promised Hussein 34 million dollars a year to replace the British subsidy which Jordan sacrificed when it threw out the Brit-

ish commander of its Arab Legion. Saudi Arabia has paid its share. Egypt and Syria have failed to come through, and Hussein's treasury is about empty.

Unification  
Despite talk about increased unification of the armed forces, an economy measure, Washington reports that early action is most unlikely. Congress dislikes the idea of a single military force under an all-powerful chief of staff.

Sports Outlook  
Don't bet any money on the American entrants in the British Amateur golf tournament which started today. This season's American contingent of 24 is the weakest in years. It isn't expected to go far.

First Aid  
A youngster with phenylketonuria may show symptoms resembling those of various neurologic diseases ranging from cerebral palsy to epilepsy.

It's Impossible  
Since phenylalanine is a normal component of protein food, simply eliminating proteins from the diet would eliminate the disturbing element. Obviously, this is impossible.

So Ketonol has been developed. It provides proteins needed for growth with the exception of phenylalanine.

QUESTION AND ANSWER  
Mrs. O. M.: I have been told I will have twins next month. Can I breast-feed both babies?  
Answer: Yes. There should be no reason why you cannot breast-feed both babies.

UN-NECESSARY MR. NECESSARY  
VENTURA, Calif. — As far as Ruth Necessary is concerned, Roy S. Necessary Jr. isn't necessary. Mrs. Necessary filed suit for divorce Thursday, charging mental cruelty.

TASTY SUBSTITUTE  
Whenever a recipe calls for "stock," you can substitute broth, bouillon or consommé and get the same results.

"Aw, I bet you say that to all the girls."

We hope he's suggesting that she have all her prescriptions prepared at Faust's.

GETTING READY FOR THE DEANNA SCHOOL OF DANCING recital Saturday night were (left to right) Don Sheppard, Nadine Brooks, Deanna McManus, Heather Tully, Bonnie Libby, Daryl McLain. (Photo by Bergstrom)

## Deanna School Of Dancing Has Annual Recital Saturday Night

More than 50 pupils of the Deanna School of Dance were seen in their annual recital Saturday night at the Pincrest School auditorium.

Miss Deanna McManus presented her complete roster of pupils in an exhibition of dance achievements as the youngsters, from tiny tots to teenagers demonstrated their versatility in tap, and ballet dancing.

Pupils taking part in the recital were: Daryl McLain, Linda Sheppard, Sharon Weir, Nadine Brooks, Heather Tully, Debbie Moore, Patty Stanley, Debbie Peyton, Susan Dunn, Jean Knowells, Linda Engione, Tessa Parrish, Nancy Crabtree, Bonnie Libby, Barbara Libby, Mary Lee Stoneking, Nancy Emanski, Paula Elam, Jen Smith, Jeann Huhn, Linda Stafford, Jean Helms, Wanda Mison, Debbie McLain, Betty Odham, Deen Wood, Sunday Wester, Joy Wester, Sheryl Stemper, Carol Stemper, Deanna Parrish, Josie Dickson, Don Sheppard, Tony Palmer, Mary Edna Burton, Kay Wiederhold, Donita Lavi and Renee Lavi.

Also, Sherry Strutz, Carol Wilson, Chris Abney, Melonie Young, Paula Thullbery, Jean Sims, Steve Bratton, Joann Huhn, Lynn Taber, Donna Routh, Mary Margaret Reynolds, Pam Falgione, Judy Harman, Carol Ellison, Rosalind Ratliff, Jan Michael, Peggy Grier, Marilyn Hunt and Lynn Reimann.

Those present were Mrs. Helms, Mrs. Clutter, Mrs. McDaniels, Mrs. Snowden, Mrs. George Snyder, Mrs. Wilma Clark and Mrs. Raymond Lawson.

The W. E. C. R. of Stafford and Osteen Methodist churches held a joint meeting recently at Osteen.

They outlined plans for the coming year and planned a Bake Sale to be held Saturday June 1, at DeBarry.

The Brotherhood of the Baptist Church will hold a Fish Fry at Marshall Bluff, Tuesday evening May 28. All members and friends are invited to attend.

## Sammy Jacobson Will Receive His Bachelor's Degree

By GRACE MARIE STINECUPHER

Sammy Jacobson, son of Mr. and Mrs. Herman Jacobson, will receive his bachelor's degree from Duke University this June.

Who's Who Among Students in American Colleges and Universities has recognized Sammy for his outstanding achievements while attending this university.

Among the honors that have gained him this recognition are his membership in such honoraries as Omicron Delta Kappa, Pi Sigma Phi, and Beta Gamma Sigma. Also he has been tapped for Old Trinity Club, a general senior honorary society which elects only six men, the campus leaders, each year.

Sammy was a member of the Freshman Advisory Council his sophomore year, served as representative to the Interfraternity Council, was a cabinet member of the Men's Student Government Association, was a member of the Judicial Board his junior year, and as a senior served as president of F. A. C. Sigma.

His social fraternity is Zeta Beta Tau. When a freshman he was president of his pledge class, and has also served as treasurer, vice-president, and is now finishing his term as president.

The future holds law school and military service which will come first is not known at present.

A benefit dessert bridge was held by the N. A. S. Wives Club, Friday, at the B. O. Q. Shown above are some of the ladies enjoying the afternoon. (Staff Photo)

## Garden Club Has Supper Friday

A delicious covered dish supper marked the final meeting of the Hemerallia Circle of the Sanford Garden Club, Friday night at the home of Mrs. J. Cates. Co-hostesses were Mrs. B. Newsome, Mr. C. H. Moss, and Mrs. G. C. Dixon.

Mrs. C. H. Moss presided over the business meeting following the supper. Program ideas for the coming year were discussed. A beautiful Schefflera plant was presented to the retiring Chairman, Mrs. C. H. Moss.

Others present were Mrs. E. L. Vihlen, Mrs. Robert Bennett, Mrs. Ralph Jarvis, Mrs. J. C. Sikes, Mrs. C. F. Lind, Mrs. S. J. Nix, Mrs. C. E. Hunter, Mrs. R. T. Hunt, Mrs. E. J. Routh, Mrs. F. B. Adams, Mrs. J. N. Durden, Mrs. J. P. Hall, Mrs. J. D. Chittenden, Mrs. M. E. Baker, Mrs. D. E. Brubaker, Mrs. J. G. Haderer, Mrs. Watson Reel, and the Misses Laura and Edna Chittenden.

or for the club and Mrs. Edwin Epstein, next year's advisor.

An election of officers for the coming year was held and they are as follows: Judy Clarke, president; Irma Corley, vice president; Barbara Mitchell, secretary; Margaret Benham, treasurer; and Joyce Benton, chaplain.

## Osteen News

By MRS. O. F. SNYDER

Children of this Community received quite a thrill Wednesday, when a plane came down low over the trees and landed on a strip of the new road.

The plane belonged to an executive of the White Construction Co. which is constructing the new road and was on a routine check-up.

It has been announced that hereafter State Route 415, running from Sanford to New Smyrna Beach will be known as the Campbell Thornal Highway.

Construction has been started on Louie Noels' new Filling Station and General Store located on the corner of new State Rd 415 and the Enterprise Rd.

Mrs. J. S. Peterson has been ill for several days.

Mr. and Mrs. Charles Cole of Jacksonville spent the weekend with Mr. and Mrs. Lee Guiles.

Glen Morris, grandson of Mr. and Mrs. John Helms will arrive in the States June 3, after five months duty aboard the U. S. Almistead.

Mr. and Mrs. Robert Williams visited Ocala O. E. S. 20 Thursday evening. The occasion was the annual visit of the Worthy Grand Matron and the Worthy Grand Patron.

## Monforton Twins Will Receive Degrees June 2

Misses Sandra and Sonja Monforton, daughters of Mr. and Mrs. E. A. Monforton of 1820 Sanford Avenue, are candidates for Associate of Arts degrees at Virginia Intermont College in Bristol, Virginia. Commencement exercises will be held on June 2 at Intermont.

Sonja, a Secretarial Major, has been Treasurer of her Dorm, a member of the Portrait staff of the INTERMONT, the college yearbook; a member of the Glee Club, the Westminster Fellowship and has been active in many campus activities.

Sandra, a Retailing and Merchandising major, has been president of her dorm, a member of the Student Government, Secretary-treasurer of the Senior Class, Portrait Editor of the INTERMONT, a member of the Glee Club, Westminster Fellowship, Home Economics Club, and will reign as Queen of the May Court on May 31.

Arrangements of flowers decorated the party rooms. The refreshment table was laid with a light blue linen tablecloth, centered with an arrangement of yellow gerber daisies and blue delphinium and complimented with candles in silver holders.

The hostesses presented the honoree with a corsage of pink sweetheart roses and carnations. Several games were enjoyed by the guests and prizes were won by Mrs. G. H. Davis and Mrs. Eita Reynolds.

Assisting the hostesses were Mrs. W. E. Kirchoff and Mrs. R. L. Harvey.

The guest list included Miss Connie Ludwig, Leona Franklin, Miss Caroline Melnick, Miss Grace Marie Stinecupher, and Miss Joni Saunders. Also invited were Mrs. James Blankenship, Mrs. G. H. Davis, Mrs. Bruce Reynolds, Mrs. Bertha Felkins, Mrs. Eita Reynolds, Mrs. Laverne Clark, Mrs. J. P. Whitaker, Mrs. W. C. Clause, Mrs. Joseph Saunders, Mrs. John Malloy, Mrs. Howard Lindquist, Mrs. R. L. Harvey, Mrs. W. E. Kirchoff, Mrs. Al Duxbury, Mrs. G. B. Hudson, Mrs. A. G. Melnick, Mrs. Margaret Reynolds, Mrs. Robert Harvey, Mrs. Billy Glens, Mrs. R. L. Elam, Mrs. Frank Woodruff, Mrs. W. R. Jennings,

## Miss Ann Whitaker Feted With Shower

Mrs. W. C. Clause Jr. and Miss Gretchen Kirchoff were hostesses at a bridal shower Saturday evening in the home of Mrs. R. L. Harvey 1704 East 2nd St. in honor of Miss Ann Whitaker.

## Annual Future Nurses Club Tea Held Recently

The Future Nurses Club of Seminole High School held its annual tea sponsored by the Medical Auxiliary of Seminole County recently at the high school.

The parents, members of the club and members of the medical auxiliary were present.

Guest speakers were Mrs. Baker and Miss Sue Ratterson. They told the group of the value of a career in nursing and the types of training offered.

Refreshments of assorted cookies and punch were served.

Need an extra room? How about glassing in that breezeway? It'll make an excellent play room, living room expansion, or hobby center. If the floor is of durable material like ceramic or quarry tile, life-lasting wear will result. Radiant heat can be extended into the breezeway because ceramic or quarry tile is an ideal conductor of heat.

## Stepping Stone Kindergarten Gives Annual May Day Program

Mrs. Goff's Stepping Stone Kindergarten presented its annual May Day program last Friday before a host of parents and friends. By a vote of the children, Laurnell Johnson was chosen as Queen and Jim Heckenbach as King for the day. Attendants to the King and Queen were, Nancy Crabtree, Sue Jeffcoat, Paul Rollins and Scott Mills.

The children presented a program of their favorite games and songs. In the game of "Briar Rosebud" Patsy Crawford was Briar Rosebud, Bill Bracken as Prince Charming and Susan Dunn the Witch. The program closed with the group singing: God Bless America, We Stand Up Straight, The Flag Salute and Lovely May. Mrs. R. T. Humphrey, regular pianist, assisted with the music.

Those taking part were: Nancy Crabtree, Patsy Crawford, Linda Cullum, Iris Dominy, Susan Dunn, Kay Ferguson, Vicki Hardin, Dennis Jarrell, Sue Jeffcoat, Laurnell Johnson, Jackie Jones.

Jane Mero, Anales Moore, Susan Metzger, Debra Moore, Jay Morrison, Melanie Murray, Mrs. R. F. Cooper, Mrs. Hugh Duncan, and Mrs. Kenneth Hickson.

## Rotary League Tigers, All-Stars Clash Friday Nite; Awards To Be Given

### Achievement Tests Started At Crooms Sports Department

The Crooms Academy's Physical Education department is trying to bring out the natural ability, plus the muscular strength of its male members," said Department Head Coach H. M. Meadows yesterday as achievement tests got underway in full swing.

The Head Coach said "We have analyzed our problem and found that we need more basic fundamentals such as running, jumping, and marching."

Athletic competition was underway with 60 yard, 100 yard and 220 yard dashes all day Monday.

The coach revealed that students would be ready to run the half-mile by Wednesday.

Our achievement tests isn't set up like the Kraus-Weber test, Coach Meadows revealed. The latter test is being given throughout the United States, he said. However, he stated that "We are just experimenting with a number of events that we have set up."

Coach Meadows is assisted in his department by Mrs. I. S. Rhodes, Mrs. D. A. Thomas, and C. B. Franklin.

To our surprise, Coach Meadows said yesterday, we are getting very good results in our events.

"Two even a, especially the 100 yard dash, which was run in ten

The annual baseball classic of the Rotary league will be played Friday at 7:30 p.m. at Memorial stadium when the pennant winning Tigers clash with the All-stars, an aggregation of selected players from the other three teams in the league. Admission is free.

The Sonny Powell and the Roy Holler awards for the best sportsmanship and for the most valuable player will be presented just prior to the game, it was announced. The winners will not be made known until that time.

Although the Tigers have the privilege of choosing one player before the stellar nine is selected, they will decline the opportunity, the managers announced, because they feel that the lads who have been fighting for the pennant and who finally won it, should be the ones to play Friday night.

Parents of the boys playing in the league this year are extended special invitations to see how their offspring have progressed in this wholesome spring activity. Commissioner Ben Wiggins stated. He hopes that not only they, but the public in general will be on hand to lend encouragement to these aspiring ball players.

seconds, and our 50-yard dash which was run in five and a half seconds are examples of what has been done in the experiments," said Coach Meadows.

And he pointed out that the school doesn't have the proper facilities.

"If this test shows good results on completion, our girls will take the same test," he said.

### Pee Wee Golf Tournament Is In 11th Year

Small-fry golfers around the state are preparing for the National Pee Wee Golf Championships slated in Orlando June 15-16 at the Pine Hills Golf & Country Club.

Bobby Lundquist, 4, of Sanford will enter the tourney.

The annual event, now national in scope, features competition in five age brackets from three to 15 with separate divisions for boys and girls.

Sponsored by the Greater Orlando Chamber of Commerce to promote golfing interest among the youngsters the tournament is now in its 11th year and has earned the sanction of the Professional Golfers Assn. as well as recognition by national press, television and magazine agencies.

A total of 110 entries from 15 states competed for the Pee Wee Golf crowns last year and Tournament Director W. F. Cairns expects even more this year with some entrants coming from as far away as California.

Under the rules, the kids from three to five play two holes, from six to seven play five holes, from eight to nine play nine holes, and the 10-12 and 13-15 olds play 36 holes.

ACHIEVEMENT TESTS AT CROOMS Academy have provided perfect scores for five of the school's athletes in three events. (L. to R.) Willie Hora, Edward Morse, Willie Graham, John Fumero and Eugene Patton have made the 50-yard dash in six seconds or less, the 100-yard dash in 10 seconds, and the 220-yard dash in 21 seconds. (Staff Photo)

Telephone makers use tons of coal each year. The substance is ground, sifted, washed, and roasted to form carbon granules necessary for the operation of telephone transmitters.

Dodgers	4 4 2 .590	Petech c	4 2 2
Seminoles	2 4 4 .250	Davis 3b	3 2 2

The Dodgers, after beginning the season with a four game losing streak, bounced back and now have a four game winning streak for a 4-4 record. The Seminole have gone in a slump, losing the last five games, to give them a 2-6 record. The Giants, playing steady ball, are having their lead slowly cut by the rampaging Dodgers.

In games last week, the Dodgers squeaked by the Seminole 6-5 and then jumped on the Giants, whipping them 12-5. The Giants then turned around and whipped the Seminole 23-11.

## Oviedo Can Be Proud Of Mickler

A word of praise to Oviedo coach Paul Mickler. Through his efforts and the proper chemistry for dealing with high school athletes and giving off the fumes of the winning attitude, he has single-handedly brought to Central Florida for the first time a State Championship in basketball and mastered over perhaps the most improved baseball team in Central Florida.

Oviedo has a limited sports schedule and coach Mickler has never had an assistant. But Oviedo has something in community school relationship that is to be envied and admired.

Oviedo can set out to do anything and make a success of it if it has to do with sports, and Mickler's more than a decade at the helm of Oviedo High fortunes can be given the most credit for it.

Put Oviedo into the finals of any basketball tournament and the house will be packed. Put them in the semi-finals and profit is assured. But give the Lions a bad call and you'll hear them roar. Mickler not being an exception.

Mickler's approach is with a simplicity that is not more than a generation from the honest folk reared from the good earth and brought up with the honesty that blends smoothly with sincerity. He wants to win and everybody knows it, especially his charges.

Seminole County is fortunate to have the Mickler family. More people like them would be pleasing neighbors.

Mr. and Mrs. James Kubank and children Carol Ann and Jimmy Largo returned with them in Largo and remained over the weekend with her.

Mr. and Mrs. Gerald Canada are occupying one of two long Apartments. Gerald is employed by the Tamarac Towing Co. and is working on the tug bringing fuel oil to the power plants from Jacksonville.

PART OF THE Seaside Fiesta Caravan in Sanford last Saturday morning surrounded Mayor David Catched to issue him an invitation to "come over and join the fun" in Sanford was just one stop during the day as the caravan visited Central Florida cities. (Staff Photo)

MORE THAN 50 PUPILS of Wilson School at Paola pose for photographers as Cdr. J. H. Bear welcomes Mrs. J. P. Bates, principal of the school, and the children to the Sanford Naval Air Station. The VAH-11 Commanding Officer took the group on a tour of the plane and other facilities at NAS. (Staff Photo)

## Going Abroad? You Need A Proof Of Vaccination

By HERMAN N. BUNDISIN, M.D.

THE United States has made great steps in eradicating many diseases. Many other countries, however, have not been so fortunate.

**Health Problem**  
With modern air travel making it relatively simple to fly from the U. S. to virtually any foreign nation in a matter of hours, this could become quite a serious health problem.

But the U. S. Public Health Service and the World Health Organization have established regulations designed to prevent the spread of infectious disease from one nation to another.

**Certificate Required**  
If you do go abroad, you will need an International Certificate of vaccination to do so.

In order to enter or re-enter the United States, you will need valid certificates attesting to the fact that you have been vaccinated against cholera, smallpox and yellow fever, depending on which country you have visited.

**Quarantine Period**  
If you cannot prove you have had the required vaccinations, you may be subject to vaccination or surveillance up to 14 days. These foreign quarantine regulations are based on the incubation period of the various diseases.

Better check with your local health or federal government officials to determine just what disease protection you'll need when going abroad.

Then see your doctor or health department for the proper vaccinations. And be sure to obtain the needed official forms certifying your immunization.

Incidentally, better not plan on bringing back any pets. The United States and many other nations have strong regulations against the importation of birds, dogs, cats and monkeys which might have parasites.

This is a disease, usually found in parrots, parakeets and lovebirds, which can be transmitted to humans. A virus disease, it responds well to treatment with large doses of penicillin.

**QUESTION AND ANSWER**  
A. Q. G.: Is plastic surgery on the nose dangerous?  
Answer: Plastic surgery on the nose is no more dangerous than other operative procedures.

KEEP THIS FLAG OUT OF YOUR PARADE

On holidays like Memorial Day traffic deaths usually go up. More cars on the road—so drive more carefully. Obey traffic laws, heed warning signs. It's up to the rules and you'll live to enjoy the holiday.

Where laws are obeyed and enforced—deaths go down!

BACK THE ATTACK ON TRAFFIC ACCIDENTS!

Published as a public service in cooperation with The Advertising Council.

**INSULATION**  
means COOLER homes

We have a type to meet . . . Your needs:

- TENKOTE ALUMINUM ROOF COATING
- ROCKWOOL BATTES
- POURING WOOL
- REFLECTIVE FOIL
- ZONOLITE

Do it yourself or we can arrange to have it done for you.

6th and Maple Ave. **GREGORY LUMBER** Phone FA 2,0500

DETECTIVE HAROLD DICKERSON, who had a close call when he fatally shot a fugitive from Jackson County Jail, Kansas City, Mo., has his fractured thumb X-rayed by a nurse. A bullet from the gun of the victim, Robert Folk, 25, struck Dickerson's revolver, ricocheted and broke his right thumb. Folk was one of five convicts who made a daring break out of the prison. Three were captured, one is at large.

ACTORS IN A GRIM DRAMA staged by the Swedish authorities to point up their campaign for traffic safety, these citizens of Stockholm take the roles of thirty-five persons killed in motor accidents on the road to Halsingborg. The section, in which men, women and children are stretched out like the real victims, is considered the most dangerous part of Sweden's Highway No. 1. (International Radiophoto)

**UNWHET THAT APPETITE!**  
You're going out to a party supper and you're afraid the late dining hour and the fact that someone else is doing the cooking will send you off your careful diet? Give a mild check to your appetite, by sipping a cup of clear soup and nibbling a wheat cracker, just before you put on your final lipstick.

MRS. HARRIET EDWARDS, 31, stands by her trailer home in Las Vegas, Nev., after learning that she, her husband, James, and their daughter, 10, had faced the highest radioactivity of any American civilians in history. She said they were not told of the exposure from fallout of a bomb test in 1953 because authorities feared "it might have caused a panic." (International)

Per capita travel in America outside of cities increased from about 550 miles in 1914 to nearly 2,500 miles in 1950, says the Twentieth Century Fund. Total travel per capita is now about 4,300 miles a year.

"HEALTH AND CHEERFULNESS MUTUALLY BEGET EACH OTHER"

One of the rewards physicians and pharmacists receive is the knowledge, that because we help you to improve, protect, and preserve your health, we add to your cheerful enjoyment of life.

All you have to do is to visit your physician at regular intervals, or at the first signs of any illness, to make the first step to better health and a happier life.

Should your physician prescribe any medication we will do our part by supplying from our well stocked pharmacy whatever he specifies.

### 'Grandad Tom' Well-Known Oviedo Resident Dies

By MARIAN JONES  
OVIEDO—Many who knew him throughout the state will mourn the passing of one of Oviedo's long-time citizens, the Rev. J. N. Thompson.

He was a well-known figure in the days gone-by, mixing and mingling with the local citizens, especially in religious work, as well as with many outsiders. It will not seem right for him not to be sitting on "his bench," as he called it, by the Post Office. In his later years, he even really believed that was his own bench. His wife, as well as he, enjoyed the joke of Brother Thompson making someone move off that bench one day. When the Halloween pranksters would move it, he would search for it faithfully. It was with deep regret we watched his failing health for the past several years, but he still "came down town to get his mail" now and then. Even the Sunday before he was stricken with his fatal illness, May 17, he attended the church of which he was the former pastor.

We loved "Grandad Tom," as he was known to us and our boys as well as his family, most of whom we have known for so many years. Our love and sympathy go to "Granny Tom" and all of these dear people—as well as from the many who knew him.

Born in Hridsville, Ga. on Sept. 21, 1870, he came to Florida with his parents, J. J. and Mary Thompson, settling at Alafia.

He became a Missionary Baptist minister early in life and served his first pastorate at Surreyn, Ga.

Later he served several churches in Florida, namely, El Hubel, Tampa; First Baptist Church, Punta Gorda; Terra Ceia, Ft. Pierce; La Crosse, Micanopy; Havana; Island Grove and Wistler Garden were the cities in Florida where he also held pastorates.

His last important pastorate was at Oviedo, coming here in 1918. He served as pastor of the First Baptist Church here for six years.

When he retired, he bought a home and settled here with his wife and small son, his wife, the former Annie Carlton Thompson, is also beloved by the citizens of Oviedo, having retired about three years ago as a teacher in the local high school.

The Rev. Thompson died at the Florida Sanitarium, Orlando, after a week's stay in the local institution.

Funeral services were held Sunday afternoon at 3 p. m. in his own church in Oviedo, the Rev. Louis L. Day, pastor, officiating. Interment was in the O. and Rev. George Carlton assisted cemetery, with Brison Muneral Home, Sanford, in charge of arrangements.

He is survived by his wife; one son, James Allen, who is superintendent of public instruction at Vero Beach one grandson, J. A. Jr.; and one great grandson, David Allen, all of Vero Beach. Also three brothers, G. T. W. G. and J. Q., all of Plant City. Also three sisters, Mrs. Ida Lewis, Tampa; Mrs. Phil Colson, Ponce de Leon; and Mrs. W. J. Evans, Island Grove and a host of nieces and nephews.

May God bless each and every one of these.

### Water

(Continued from Page 1)  
of changing conditions.

"It will be necessary that the man on duty will only have to check once in a while to see that the motors are not running hot." Through the installation of this system, City Manager Knowles told the board of commissioners "our operation can become much more economical." The authorization for the automatic system was unanimously approved by the board.

The board also took action on a request to send one man from the Sanford Water Department to Atlanta, Ga., to attend a water meter repair school. The cost for this school will only be \$150, said the City Manager.

The action was approved. Knowles told the Board of Sanford City Commissioners that the staff at the City Water plant on French Ave. could be, if necessary, reduced to two men.

### Open House Held At St. Luke's School Last Week

SLAVIA—Open House was held at St. Luke's School last Tuesday evening prior to the P.T.A. business meeting. Members of the eighth grade class showed the parents in the various rooms where samples of handwork and school work were on display.

The business meeting was opened with a prayer by the president, Andrew Duda Jr., after which the members of the eighth grade sang a number of original songs written in connection with their work in their religion class "Church Through The Ages." "Church Through The Ages," principal, Ben E. L. Bellhorn, principal, Ben gave a talk on the over all picture of the testing program of the school. Mrs. Pauline Arndt, chairman of the swimming party committee announced that the party would be held at Sanlando Springs on June 6. Mrs. William Hein, chairman of the reception for the chairman of the reception committee reported that a reception for the eighth grade graduation class would be held immediately following the graduation exercises on the night of June 7. Mrs. Virginia Mikler announced that any mother interested in Cub Scouting for her son should contact her.

It was voted to purchase basketball uniforms for the girls' basketball team for the coming school year. The school year book, The Slavia, was distributed.

Election of officers took place. The following candidates were elected: Andrew Stanko, president; Jim Colbert, vice president; William Hein, treasurer; Mrs. Pauline Arndt, secretary; and Mrs. Virginia Bellhorn, program chairman. Refreshments were served by the planning committee.

### Some Widows Can Get GI Loans

The widow of a World War II or Korean conflict veteran may be eligible for a GI loan if the veteran's death was service-connected.

The statement was issued today by Benjamin S. Beach of the Veterans Administration Office. However, he added, if the widow herself is an eligible veteran, she secures an additional GI loan rights because of her husband's death.

Widows of World War II or Korea veterans whose death was service connected, also may obtain direct loans from VA in home areas eligible for direct loans.

Direct loans, Beach said, are obtainable for the purchase of a home or farmhouse. The law prohibits direct business loans.

GI loan applications from widows, based on their husbands' deaths as a result of World War II service, must be made by July 25, 1958. For Korean conflict eligibility, loans must be made before Feb. 1, 1963, Beach said.

HENRY FORD leans from the platform at a business meeting in Detroit of the Ford Motor Company stockholders to receive a line from his mother, Mrs. Edsel Ford. Almost 3,000 stockholders attended the meeting.

U. S. AIR FORCE MAJOR David G. Simmons is shown testing in Minneapolis, Minn., a balloon capsule in which he will attempt to soar to 100,000 feet this summer. Simmons will try to stay at that altitude for 24 hours in "Operation Man-lift." (International Soundphoto)

### Duda Appointed To Farm Labor Advisory Group

Andrew Duda Jr. of Slavia, was appointed to an 11-member Farm Labor Advisory Committee to assist the Industrial Commission in developing and applying policies and procedures in its agricultural program, it was reported today by Commission Chairman James T. Vocelle.

"All of the committee members have excellent backgrounds in agriculture in our State, and we believe their combined experience will bring valuable help and suggestions to us in our program of helping farmers find workers and agricultural workers find jobs," Vocelle said.

The committee will hold its organizational meeting in Fort Pierce in July following the annual staff conference of Florida State Employment Service personnel engaged in the farm labor program, said FSES Director William U. Norwood, Jr.

Committee members' appointments are for an indefinite period, Vocelle said. They were selected on the basis of geographical location as well as for their personal prominence in areas of significant agricultural activity," he added.

Others named are M. B. Buckalew, Vero Beach; E. E. Cook, Haines City; Abney Cox, Princeton; Clark Ghiesin, Dade City; Nash Leggett, Leesburg; Dixon Pearce, Miami; Paul Rogers, Orlando; Fred Sikes, Cleaiston; W. L. Story, Winter Garden; and Roy Vandergriff Jr., Pahokee.

### Lutheran Bible School July 8-19

The first annual Vacation Bible School of the Lutheran Church of The Redeemer was announced yesterday by Jerry Senkarik, Superintendent of the church's Sunday School.

Mrs. Verne Johnson will direct the Vacation Bible School, Senkarik said.

He also revealed that plans are underway to take care of at least 100 children during the two week school which will be conducted July 8-19.

There will be a minimum of 12 teachers to take care of the group of children of all ages.

"A planned program with books, devotions, slides, movies and recreation projects which includes both art and handicraft, will be included in the two week schedule," said Senkarik.

The Rev. Phillip Schlessmann, pastor of the Lutheran Church of The Redeemer, will assist in the devotions planned for the school.

### Board

(Continued From Page One)  
Commissioner James T. Vocelle to have the proposal rewritten and returned to the commission in time to be considered at its meeting next Monday night.

All indications pointed to the fact that the Board of Sanford City Commissioners appear ready to consider the engineers feasibility report and to delve deeper

### Two Fairglade Jersey Dairy Cows Receive Rating

Two registered Jersey cows owned by Fairglade Jersey Dairy, Geneva, have been rated Tested Dams by The American Jersey Cattle Club.

The Tested Dam rating indicates that a Jersey cow has three or more progeny that have qualified themselves on one of the programs of official testing of The American Jersey Cattle Club, which has its national headquarters in Columbus, O.

The cows in the above herd that earned the distinction and the average production of their qualifying progeny are as follows: Sybil Clara Chance with three progeny averaging 9,308 lbs. milk and 412 lbs. butterfat, and Observer Treva Penny with three progeny averaging 8,546 lbs. milk and 475 lbs. butterfat. These records are computed to a twice-daily-milking, 305-day mature equivalent basis.

The Tested Dam rating is a valuable aid to dairymen in enabling them to select breeding heritance. All tests made on the stock from cows with proven progeny of the cows winning the award are made under the supervision of the state agriculture college.

Others to speak against the removal of the clock were Ed Lane, prominent insurance and real estate man, Henry McLaulin, optometrist, and several unidentified speakers.

Commissioner F. D. Scott called attention and the unanimous approval of the clock. Commissioner A. L. Wilson recorded Scott's motion and the unanimous approval of the board was recorded. Mayor Gatchel stated "I promise you that no further action will come up regarding the removal of the clock so long as I am Mayor."

### Clock

(Continued From Page One)  
the Merchants Association stand—we will endorse whatever you do."

However, a copy of a letter from the Sanford Merchants Association, dated May 21, read: "The Merchants Association recognizes the historical and advertising value of the clock at First St. and Park Ave., and would like to see the clock preserved in Sanford, but since it supplies no practical service in its present location, tends to distract drivers, is an obstruction to the operation of emergency vehicles such as police and fire, reduce effective traffic width at the intersection and prevent a cross-walk alignment, we therefore recommend its removal from the street surface."

Others to speak against the removal of the clock were Ed Lane, prominent insurance and real estate man, Henry McLaulin, optometrist, and several unidentified speakers.

Commissioner F. D. Scott called attention and the unanimous approval of the clock. Commissioner A. L. Wilson recorded Scott's motion and the unanimous approval of the board was recorded.

Mayor Gatchel stated "I promise you that no further action will come up regarding the removal of the clock so long as I am Mayor."

### Slavia 4-H Clubs Hold Joint Meet

SLAVIA—Thirty two boys and girls, members of the Slavia 4-H Clubs held a joint social Friday evening.

The members met at the school and from there were driven in the school bus to the Collisium in Orlando for an evening of roller-skating.

Miss Myrtle Wilson, Seminole County 4-H girl's leader and Mr. C. Tucker, Seminole County 4-H boy's leader and Mrs. Tucker were honor guests. Mr. and Mrs. S. H. Best acted as chaperons and Mr. E. L. Bellhorn was the bus driver.

Service is our Motto.

## House Again Defeats Administration Attempt To Restore Budget Cut

CHAPLAIN W. C. FULLER  
(Official Photo, U. S. Navy)

### Li. W. C. Fuller Assumes Chaplain Duties At SNAS

Chaplain William C. Fuller, LT, CHC, USN, reported aboard NAS Sanford last week to assume duty as Naval Air Station Chaplain. He relieves Chaplain Charles L. Arnold, LT, CHC, USN, who has been selected by the Chaplain Corp to attend the Menninger Foundation, Topeka, Kan., for an 11 month course on Family and Marital Relations. He is one of three chaplains chosen each year by the Chaplain Corp to attend the school. Reporting from Commander Mine Force, Atlantic, U. S. Naval Minecraft Base, Charleston, S. C., Chaplain Fuller has served four years in the Navy. Upon graduating from Wake Forest College in 1950 with a Bachelor of Science Degree, he attended Southeastern Baptist Theological Seminary and was graduated with a Bachelor of Divinity Degree in May of 1953.

Chaplain Fuller entered the Navy in September 1953. After attending Chaplains School at the U. S. Naval Station, Newport, R. I., he served at the Naval Training Center, Bainbridge, Md., until September 1954. He was then ordered to duty with the 12th Marine Regiment, Third Marine Division in Japan and Hawaii, serving overseas until October 1955. Chaplain Fuller's last tour of duty was with COMINANT, Charleston, S. C. where he served two years before reporting to NAS Sanford. Chaplain and Mrs. Fuller, the former Miss Betty Brooks of Charlotte, N. C. and their son, William Louis, age 3, reside at 2412 Willow Ave. in Sanford.

### R. Brumbaugh Will Head Band Parents Assn. Next Year

The final meeting of the Seminole High Band Parents Association was held in the high school lunchroom last night and next year's officers were chosen. Ronald Brumbaugh was elected president, with Clayton Smith as vice president. Mrs. R. W. Williams was re-elected secretary, and Mrs. J. P. Wilson was elected treasurer. Mrs. A. D. Rountree was elected as a member of the board.

A committee to decide the style, color and material of the uniforms to be purchased next year was chosen. The committee will include the six top officers of the band, the band parent officers, the principal and band master, three student council representatives, Mrs. Marvin Milam and Mrs. Emory Spear.

A committee to propose a revised constitution to include the Junior High parents was chosen to include chairman, Mrs. W. D. Chilselm, Earl Toney, Carl Brumbaugh, Mrs. R. W. Williams and two Junior High parents to be named later. The meeting was a covered dish supper to which the Junior High parents were invited.

### Local Pilot Club Objectives Are Outlined At Meet

Stressing the Pilot International theme of "Friendship and Service" Mrs. R. M. Ball, secretary of the local Pilot Club, outlined the objectives of Pilot at the meeting of the club held in the Yacht Club last night, as follows:

1. To develop friendship as an opportunity for service and to encourage and promote international means of broadening the field of peace and cultural relations.
2. To inculcate the idea of service as the basis of all worthy enterprises and to influence its application in the social, business and civic life of the Pilot.
3. To encourage high ethical standards among business and professional women.
4. To promote the organization of Pilot Clubs throughout the United States and in other countries and to standardize, supervise and direct such clubs.

Mrs. M. L. Raborn explained the duties of the membership committee and read the "Code of Ethics". The importance of attendance was outlined by Mrs. Nancy Brock.

Mrs. Sue S. Stevenson, immediate past president, had charge of the program. New members, Mrs. Patsy Bassett and Miss Lucy Nowlin, were welcomed by Mrs. D. K. McNab, who presided over the meeting.

Mrs. Bassett is a registered nurse and Miss Nowlin is Home Economist for the Florida Power and Light.

Miss Dorothy Fourakra was chosen as alternate to the Pilot International convention which will be held in Toronto, Canada in July. Mrs. McNab, as president, will serve as the club's official delegate.

It was announced that combined picnic meetings will be held during June, July and August. The June meeting will be held at the home of Mrs. M. L. Raborn on Seminole Boulevard with Mrs. David Gatchel and Miss Dorothy Fourakra assisting.

Following the dinner and program, initiation services were held for new members with Mrs. Stevenson directing the activities. Guests at the meeting included Mrs. C. E. Lockette of Dawson, Ga., mother of Mrs. W. L. Carter, and Mrs. A. O. Payne. Hostesses were Mrs. A. K. Shoemaker and Mrs. H. A. Swanson.

### St. Luke's 8th Grade Graduates Friday, June 7

SLAVA— Graduation Service for the eighth grade of St. Luke's Christian Day School will be held Friday, June 7, at 7:30 p. m. at St. Luke's Lutheran Church. Rev. Stephen W. Tuhy will conduct the service. The eighth grade consists of Jerry Arndt, Jerry Fore, Gerald Bellhorn, David Johnson, Sandra Bellhorn, Betty Duda, Marian Fabry, Katherine Duda, Carol Rook, Pat Holler, Mary Nell Murphy and Barbara Beasley. Principal, E. L. Bellhorn will present the graduating class and distribute the diplomas. Following the service a reception for the graduates will be held in the school auditorium. A program of readings, skits and musical numbers will be presented by the eighth grade. A committee of the P-TA, the sponsoring group, is composed of Mrs. William Hain chairman, Mrs. A. Mikler, Mrs. S. Miles, Mrs. C. Pendarvis, Mrs. H. Cox, Mrs. J. Colbert, Mrs. J. Peterson, Mrs. G. Stuman and Mrs. N. Bradford.

### Weather

Partly cloudy today and Thursday with a few widely scattered showers; low tonight 65 to 70.

### SCRABBLE METHOD

MADISON, Wis. (AP)— Police used the scrabble method today in their efforts to catch burglars. Twenty-one aluminum letters valued at \$105 were stolen from a local firm and the police believe the letters spell the names of the thieves.

WASHINGTON (AP)— The House defeated today another administration attempt to restore economy cuts in President Eisenhower's defense budget.

Members rejected, 137 to 133, a proposal by Rep. Gerald R. Ford Jr., R-Mich., to add 8 million dollars to the Army's research and development fund. That is the amount cut from the bill by the House Appropriations Committee.

The vote narrowly affirmed a pattern set Tuesday when the House turned down, 145 to 113, an 80 million dollar increase in Army funds for maintenance and operations.

The rejection amendments were part of a Republican package looking to restoration of \$314,500,000 of a committee cut totaling \$2,587,000,000.

The administration lost another round when Chairman Carl Vinson D-Ga. of the Armed Services roll call vote on a single motion which would wrap up all their amendments not previously approved.

Leaders called the House into session two hours earlier than usual in hopes of disposing of amendments and passing the bill late today.

Republican Leader Joseph W. Martin Jr. said a score of more Republicans jumped to the economy side in the first test while only half a dozen Democrats were seen to vote for more money.

Martin, refusing to concede he was licked, promised a fight on each of today's amendments. He said all defeated GOP amendments would be wrapped into one and offered just before passage of the bill for a possible roll call vote.

### Amendment Group Seeks Extension Of Legislature

TALLAHASSEE (AP)— The House Constitutional Amendments Committee, voted today to call for extending the Legislature through midnight June 8 for consideration of a proposed new Constitution. The vote was 13-2 over strong objections from Reps. Sam Gibbons and Roy Surles.

### Mann Named Treasurer

Roy Mann, vice president of the Sanford Atlantic National Bank was elected treasurer of the local United Fund organization at a meeting of the directors of that organization held last night at First Federal's office.

The group also made appointments to the continuing committees, voted to affiliate with the national organization, project plans for the campaign to be held in October, established the official year of operation from May 1 to May 1, and provided for quarterly meetings of the directorate. Committee chairmen said that they had not contracted all nominees for their groups, but they

### Jaycee Drive Ends Friday At Noon

The Seminole County Jaycee annual membership drive draws to a close Friday noon, according to Bill Gramkow, chairman.

The grand prize, an all-expense paid weekend trip to Havana or Nassau for two, will be won by one of the new members, or some "lucky" Jaycee who renews his membership. This prize and additional ones will be awarded at the awards and installation Ban-Que Friday night.

Plans are being made to have a mass installation of new members at the Ban-Que in addition to the program which will be held at the Elks Club.

Members are coming in at an accelerated rate, said Gramkow and he added that the committee expects to reach its goal of 100 active and 100 associate members by the deadline Friday.

Gramkow further urged all men over 21 years of age who are interested in the progress of their community and county to join this active organization now and receive an opportunity for the weekend trip. Arrangements for the week-end trip have been made with the cooperation of Florida Sightseeing Inc. of Orlando and may be taken any time during the months of June, July or August.

### Sanford Resident Retires After 38 Years With Agency

Charles C. Collins, formerly agent for Railroad Express Agency at Sanford, has been presented with a Certificate of Service in recognition of his retirement after 38 years of service. Presentation of the award was made by Division Supervisor K. O. Calhoun. Collins began his career in the express business in 1919.

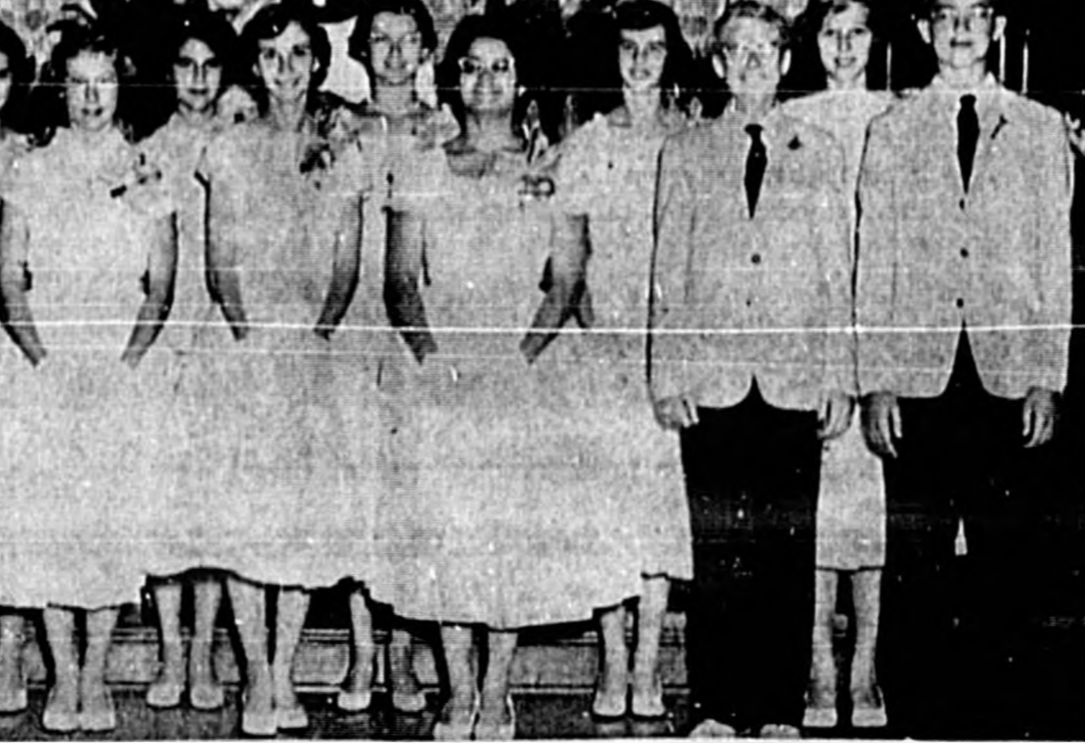

Collins, who is a member of Woodmen of the World, has no immediate plans for the future except "to enjoy his new leisure time." His home address is P. O. Box No. 3, Sanford.

### United Fund Directors Convene

Howard Monteth, budget chairman Roy Mann will have working with him Jack Greene, Al Wilson, R. A. Cobb, Roy Britt and John Fitzpatrick. Bill Gramkow will direct the public relations.

Letters to participating organizations will be sent at once to formalize the setup controlling fund raising.

Those taking part in the session were Brack Perkins Jr., Mrs. Daisy Knox, Robert Bauman, Bill Gramkow, R. A. Cobb, J. C. Hutchison, Roy Mann, Mrs. Carmela Ray, Randall Chase, Frank Evans and Cliff McKibbin. President Touhy presided.

EIGHTH GRADE GRADUATES OF St. Luke's Christian Day School, Slavia, first row, (left to right) Jerry Fore, Betty Duda, Marian Fabry, Pat Holler, David Johnson, Gerald Bellhorn, second row: Jerry Arndt, Mary Nell Murphy, Barbara Beasley, Katherine Duda, Sandra Bellhorn and Carol Rook. # Secretary Humphrey Resigns From Cabinet

## Capt. L. A. Arthur To Relieve Jackson

Captain Lionel A. Arthur, U.S.N., will arrive at the Sanford Naval Air Station about June 16 to relieve Captain Robert W. Jackson who will report to the Staff of the Supreme Allied Commander.

Captain Arthur comes to Sanford from the U.S. Naval Mission at Oslo, Norway where he has been stationed. Arriving at the Sanford Naval Air Station with Captain Arthur will be his wife. They have no children.

The change of command ceremonies have been tentatively set for the morning of June 18, it was announced this morning. However, the final date and time for the ceremony will be set following Captain Arthur's arrival here.

Captain Arthur is a Naval Aviator of the Class of 1932 at the U.S. Naval Academy.

Captain Jackson said that he has been designated the Assistant Director Plans, Offensive Operations in the Plans, Policy and Operations Division on the staff of the Supreme Allied Commander.

He will report to the Navy Department in Washington, D.C. for a weeks temporary duty prior to reporting to his new assignment in Norfolk, Va. on July 29.

## Anderson Nominated Successor

WASHINGTON (AP)— Secretary of Treasury George M. Humphrey resigned today. President Eisenhower nominated Robert B. Anderson, former secretary of Navy, as his successor.

Humphrey's resignation will become effective at a date no later than the close of the current congressional session. Anderson's nomination was sent to the Senate at noon today for confirmation.

The White House also disclosed that Randolph Burgess, now under-secretary of Treasury, would leave his present post to accept another government appointment. The White House declined to say what the new Burgess assignment would be.

Humphrey's departure from the government has been expected for some time.

Back to Business He informed the President that he had to give up government service as a matter of "absolute necessity" because of the illness and recent retirement from business of one of his former partners.

The President had known for two years that Humphrey planned to step out of the Cabinet. But the actual decision had been postponed repeatedly.

Today, Eisenhower told Humphrey that the actual receipt of his letter of resignation filled him with "profound regret."

"Yet because of your personal situation, which I fully understand, I, of course, accept your decision," the President said.

Humphrey has been secretary of Treasury since the Eisenhower administration took office in January 1953. His resignation marked the fourth departure from the original Eisenhower cabinet. The late Martin P. Durkin quit as secretary of labor in a dispute over legislative recommendations. Mrs. Oveta Culp Holby resigned as secretary of health, education and welfare, and Douglas McKay resigned last year as secretary of interior to run, unsuccessfully, for the Senate from Oregon.

## SNAS Combined Charity Drive Is Discontinued

Tuesday, May 28, marked the end of the Sanford Naval Air Station's Combined Charity Drive year. Last year, on May 29, funds for charity and service organizations were received in appropriate ceremony by various local representatives.

During this Charity Drive Year the military and civilian personnel of the Sanford Naval Air Station including those personnel under the command of the Commander, Heavy Attack Wing One, were privileged to donate monies in the following amounts:

All Souls Parochial School, \$11; American Cancer Society, \$1,068.50; American Foundation for the Blind, \$133.61; American Heart Association, \$213.23; American Korean Foundation, \$142.53; American National Red Cross, \$1129.64; Arthritis and Rheumatism Foundation, \$124.46; Federal Services Joint Crusade (CARE) and Crusade for Freedom, \$200.54; Girl Scouts of America, \$5.00; Muscular Dystrophy Association of America, \$273.42; National Foundation for Infantile Paralysis, \$244.85; National Multiple Sclerosis Society, \$268.71; National Society for Crippled Children and Adults, \$517.07; Navy Olympic Fund 1956, \$147.00; Navy Relief Society, \$1852.18; Salvation Army, \$115.61; Sanford Police Benevolent Association, \$94.54; Seminole County Tuberculosis and Health Association, \$111.13; SNAS Underprivileged Children Christmas Party, \$502.54; United Cerebral Palsy Association, \$244.82; and United Services Organization, \$280.54.

"Unfortunately, Defense Department directives do not allow for continuance of the Sanford Naval Air Station Combined Charity Drive Program which ended May 28," according to a release from the Sanford Naval Air Station yesterday.

Instead, according to the release, "there are to be several drives, including participation in the local United Fund Drive."

Captain Robert W. Jackson, in speaking for the personnel of the Naval Air Station, had this to say: "We of the station are delighted that the Sanford United Fund Drive, which is scheduled to commence on the first of October, will provide us an opportunity to make our freewill donation to local and national organizations as we have done in the past."

## Additional Local News On Page 7

## Joint Memorial Day Observance Here Tomorrow Morning

Memorial Day ceremonies will take place tomorrow at 11:30 at the bandshell in a joint observance by veterans organizations of the city.

Program plans have been completed and released by the chairman of the Memorial Day Service, Chester Macsek.

However, names of those participating have not as yet been made public.

However, names of those participating have not yet been made public.

The Second Joint Veteran Memorial Day Service will have the Fleet Reserve Association, National Guard, Spanish American War Veterans, American Legion, Veterans of Foreign Wars, Disabled American Veterans, and the VFW Ladies Auxiliary participating in the commemorative service.

The bugler for the service will sound assembly at 11:23 tomorrow morning with the ceremony getting underway at 11:30.

O. P. Herndon, Clerk of Court, said this morning that the Seminole County Court House will be closed tomorrow for Memorial Day. Also to be closed the Sanford City Hall and the local banks. Flags will be placed along the downtown streets for the day.

A proclamation was issued yesterday by Acting Mayor Merle Warner, in the absence of Mayor David Gatchel, setting aside May 30 in Sanford as Memorial Day.

The Mayor, in his proclamation "urges all citizens to actively participate in the observance of this day by attending the Joint Memorial Day service in remembrance of those who served."

In setting aside May 30 as Memorial Day here in Sanford the Mayor said "it is fitting and proper to preserve the memories of those now departed who served their country in the Armed Forces of the United States in time of war."

## 'All Accidents Have Causes' Says Safety Chairman

The chairman of the Safe Driving Council at the Sanford Naval Air Station issued a "Back the Attack" bulletin on traffic accidents in an effort to reduce Memorial Day disasters on the highways.

Cdr. Lewis Tammy pointed out in the two-color bulletin that "All accidents have causes—especially vehicle accidents."

He said "You may find in the following suggestions what there is about your driving that might cause you to have an accident."

The SNAS Executive Officer, who serves as chairman of the Safe Driving Council, listed eight suggestions that might cause an accident. Each one of the suggestions were in the form of a question pointed directly at something which might occur during the time a driver is traveling from one place to another.

He asked: (1) Do you allow others to divert your attention while driving or do you keep your eyes and attention carefully on the road and the full time of driving?

(2) Do you reach for packages, light a "smoke," look up addresses, while driving rapidly, or do you bring your vehicle to a slow rate of speed first?

(3) Do you allow your attention to wander to scenery, billboards, and people on the sidewalk, or have you trained yourself to merely glance at them?

(4) Do you "day dream" on long runs, or do you avoid thinking of things that amuse you?

(5) Are you careless of park- ing care and what may be behind them, or are you alert to what? (Continued On Page 7)

## WOMAN OBSERVES 107th BIRTHDAY

CHICAGO (AP)— Mrs. Charlotte Bonner, who celebrated her 107th birthday today, attributed her longevity to "faith in God and chocolate milk." Mrs. Bonner, who has outlived three husbands and five children, said she felt like a "spring chicken" and expected to better the longevity record of her grandfather who lived to 114.

## Piano Recital Set Tomorrow Night

Margaret Davis announced today that a piano recital will be given by her pupils tomorrow night. The recital will be held at the Woman's Club at 8:15 p.m.
