Two enterprising citizens of Bradenton have formed a company to manufacture carpets, rugs and portieres. The weaving will be done with improved machinery and the raw material will be grown within the limits of Manatee County.

Fernandina is going to have a new national bank, to be called the Citizens National Bank of Fernandina. The capital will be \$50,000 and the president will be Carl Warfield, who since 1900 has been the cashier of the First National Bank of the same city.

Four little brothers, of Little River, among their other farming and propagating fields, have fifteen acres of strawberries. For two weeks they have been gathering their crop and are marketing for from thirty-five to fifty cents per quart, and estimate that the output will be not less than 50,000 qts. and will net them at least \$1,500, or \$1,000 per acre.—Ft. Lauderdale Herald.

Sanford has its celery, Lakeland its strawberries and Hastings its potatoes, but Pensacola farmers have gone to growing pepper as a specialty.—Pensacola Journal.

A. H. Ingle, a Western Union Telegraph operator, was found dead in his room at the Carlton House in Ocala last Sunday. Mr. Ingle did his usual work at the telegraph office yesterday, and went home at 9 o'clock last night. Heart failure caused his death, and the end must have come very suddenly for no one had any idea he was ill.

The monster excursion to Florida planned by the Atlantic Coast Line for early June will be the means of bringing many visitors to Tampa from Virginia, North and South Carolina.

Lord Grant one of the most prominent merchants of Lady Lake, was shot and killed there Sunday morning by a negro whom he was attempting to arrest, acting as a deputy. The affair created a good deal of excitement at Lady Lake, as Mr. Grant was quite popular there.

In the 126 working days of the present year up to Saturday, Tampa had shipped 117,603,000 cigars—almost an average of one million a day for the entire year to date.

General satisfaction all over the State has resulted from the passage by both branches of the Florida Legislature of the bill against the picking, packing, offering for sale, or the shipment of immature and unripe citrus fruit but no circle is the news more welcome than in the Florida Citrus Exchange from General Manager W. C. Temple down to the humblest grower identified with that organization.

In an effort to ride over the Governor's veto the second time the House struck a stump on Monday in its effort to pass the Angle anti-convict lease bill. By one vote the required two-thirds failed, and not until another Legislature meets will it be possible to consider the bringing of Florida's convicts into use for improvement of the public roads.

### Commencement Exercises (Continued from First Page)

Education in the University of Florida at Gainesville. Dr. Thackston's address was a gem, full of good thoughts and sparkling with bits of humor. He expressed his surprise at the beauty and attractiveness of Sanford; and especially the splendid school facilities of the place. His subject was Education and he dwelt briefly on what was the true meaning of education. He said that in past ages that different nations had their ideals and purposes in educations and called attention to their relative success and failures. He stated the education should be practical but broad and the great fundamental principle of the whole thing should be for the moral uplift of humanity and the making of better men and women. He also touched on the importance of education from the money making standpoint calling attention to the fact that it is the trained men and women who are taking the places in the commercial world.

Prof. Perkins, in his own pleasing, kindly manner addressed the graduates briefly, saying that such occasions were always times for rejoicing and sadness. He extended to them heartily congratulations from faculty and school board on what they had accomplished in completing the high school course. He then presented diplomas to the following: Mary Chappell, Mable Brown Cowan, Martha Gwynn Fox, Caroline Louise Lovell, Ruth Esther Mettinger, Sarah Eugenia Pope, Willie Mary Singletary, Gussie Emma Tillis, Sadie Christine Williams, William Ernest Betts, Harry F. Carlson, Ernest F. Housholder, Abie O. Kanzer, William Vail Lovell and Seth Lee Woodruff.

At the close of the program, during the last number of the orchestra, Marshall Mahoney led faculty, graduates and trustees to the library where the graduates formed in line and received the congratulations of the faculty, trustees and host of relatives and friends, who were present and interested in their welfare.

#### Episcopal Club

The Rt. Rev. Wm. Crane Gray, D. D. Bishop of Southern Florida, will make his annual visitation to the church of the Holy Cross Sanford, on Sunday next June 4th, at which time services will be as follows: Early Celebration 7 A. M., Morning Prayer 10.30, Sermon and Celebration 11 A. M. at which service the Holy Rite of Confirmation, or The Laying on of Hands will be administered by the Bishop. Vespers as usual at 5 P. M. A cordial invitation is extended to the people of our City and Parish to attend these services.

#### WHAT CURES ECZEMA?

We have had so many inquiries lately regarding Eczema and other skin diseases, that we are glad to make our answer public. After careful investigation we have found that a simple wash of Oil of Wintergreen, as compounded in D. D. D., can be relied upon. We would not make this statement to our patrons, friends and neighbors unless we were sure of it—and although there are many so-called Eczema remedies sold, we ourselves unhesitatingly recommend D. D. D. Prescription.

Because—We know that it gives instant relief to that torturing itch.

Because—D. D. D. starts the cure at the foundation of the trouble.

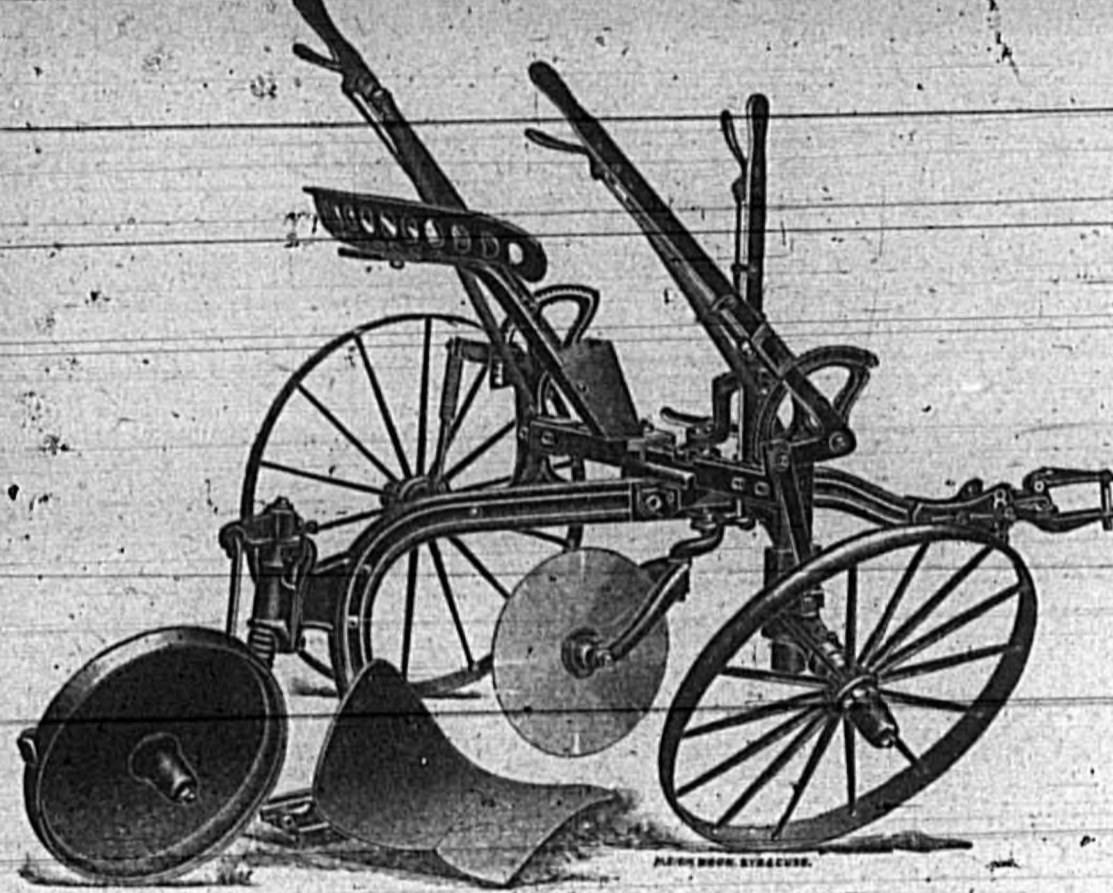

Because—It cleanses, soothes and heals the skin.

Because—It enables Nature to repair the ravages of the disease.

Because—The records of ten years of complete cures of thousands of the most serious cases show that D. D. D. is today recognized as the absolutely reliable Eczema cure.

Drop into our store today, just to talk over your case with us.

# COLE 30.

The Car You'll Be Proud To Own

You Must See These Cars To Appreciate Them.—It is so easy when one is thoroughly enthused about such a magnificent car as the Cole 30 to say that "nothing like it has ever been sold at anywhere near the price of the 1911 Cole 30"—to say that "it's the classiest car of them all"—that "it's the car you'll be proud to own"—"you will marvel that such a car can be sold at the prices."

We can write volumes and present argument after argument to prove to you that these statements are merely absolute facts—but after it is all said our crowning argument must always be "see the car—have it demonstrated—compare it with other cars selling at the same price." When you have done this, we are willing to abide by your judgment.

"The East Coast has shipped 250,000 barrels of Irish potatoes this season," says the Mulberry Enterprise. "Think of the money that will bring into the state for one article of food!" And it is well to think of it, for a few years ago the general impression among those far away seemed to be that Florida could raise only alligators and mosquitoes—with a few oranges as a side issue. Now the early vegetables from Florida supply the Northern, Eastern and Western markets, and bring the highest prices. As the Enterprise aptly says, "Surely this is a great state."

Klansmen are preparing to entertain the state convention of the Baptist Young People's Union which will convene there next Tuesday, about 250 delegates being expected.

Two Tampa men have perfected an arrangement by which the automobile crank cannot reverse and smash the arm of the operator. This will prove a splendid thing for automobilists and will prevent the recurrence of many accidents which have marked the progress of the amateur of the chauffeur.

Keepers of hotels, boarding houses and restaurants are reminded that a bill passed by the Legislature at its recent session requires that they screen all the openings on such premises against flies and mosquitoes. This bill is now a law and must be respected.

The Pensacola Journal calls attention to the fact that a budding grapefruit tree costs only \$1 and will bear in three years. Every Floridian who owns or occupies a piece of ground ought to set out one or two of them.

Charles Merwin, a well known young man of Palatka, while assisting in the driving of an artesian well on Palatka Heights yesterday during a thunder and electrical storm was the victim of a most unusual and painful accident. He wore a pair of heavy work shoes and when the storm was at its height lightning struck the heel of his right shoe, ran up the metal fasteners, into the heel of his foot and tore it into shreds, shattering the bone and pulling the flesh away from the bone in other parts of the pedal member. The capricious bolt completely converted the shoe into bits of torn and twisted leather, it having been rent asunder as would a piece of tissue paper between the fingers of a hand.

Failure on the part of the Atlantic Coast Line and various other Southern railroads to comply with an order of the Interstate Commerce Commission fixing rates on citrus fruits and vegetables from Florida points to Northern destinations, resulted in a supplementary hearing on Wednesday before Commissioner Prouty.

The stock-holders of the Orange County Fair Association met at the San Juan parlors Tuesday morning for the annual election of officers and other business. Besides the Orlando members present, there were quite a number from Sanford and other parts of the county. The meeting was called to order by President Seth Woodruff and the minutes of the last regular meeting were read by Secretary W. R. O'Neal. After their approval the election of officers was held which resulted as follows: Seth Woodruff, president, re-elected; W. R. O'Neal, secretary, also re-elected, and James Giles, re-elected treasurer.

#### Ball Games Schedule

There will be two games of ball here next week, the first one Tuesday with Leesburg. On Thursday Orlando will be here in full force and the fans can get a line on the strength of the two teams. Friday Orlando and Sanford will play at Orlando and both games will draw a large crowd.

The grand stand at Holden park will be repaired and made comfortable and the ladies are expected to attend and cheer the boys to victory.

#### Memorial Service

The Odd Fellows will hold their annual memorial service at the Methodist church next Sunday night at 7:30. Every one is cordially invited to attend.

## WILL REDUCE CELERY ACREAGE

### Growers in Southern California Have Decided to Quit

The Sanford celery growers will likely take due note of the decrease in celery acreage in Southern California, when deciding on the extent of the acreage here. The fact is that the shortage in Southern California crop is apt to cause more interest in celery not only here but in other sections of the country where the crop can be successfully grown to mature along about the time the California crop goes on the markets. It is learned here that the Orange county, California crop, which is the Southern California celery belt, will not have out more than 2,000 acres this year, a big reduction under former years.

Various reasons are given, among them poor returns to the growers and run down land making it unsuitable for celery culture. Whatever the cause the California celery growers are giving up the crop for beet culture, that being considered more profitable. Celery, as is well known is rather trying on land and in Southern California they have to use about \$15 worth of commercial fertilizer to the acre each year. It is likely, therefore, that there may be something in the claim that the fertile celery land of southern California has been overworked with that crop. The growers here are not inclined to rejoice at the misfortunes of others but naturally, here as elsewhere, they will in putting out their crops, take into consideration the fact that California is reducing her celery acreage.

### Greater Sanford Band

Sanford is to have a full Military Band of Fifty (50) men. The present organization is to be increased to that number. New recruits will be received, special instruction will be given them and all possible will be done to make musicians of them.

The band is now under a new leadership and plans are now under way for making this one of the great bands, not only in Florida, but in the entire south. This can all be successfully accomplished and much more easily than is generally supposed.

The band will furnish the instructor, the music, the room for rehearsals and many other incidentals. The charges for all this, if any, will be insignificant. The candidates will be required to provide themselves with instruments, of a standard specified by the band and also with the necessary brains.

As a school of music, the Military Band is emphatically the finest in the world and with proper study and application, it is possible to receive a musical education, in some respects superior to that given by the best conservatories of music.

In making up the new membership, the experienced musicians residing in the vicinity are invited to come in with us. The boys of from fourteen years of age and up and the young men are wanted. It is desired to begin the new class at once and to start all the new recruits together. After the start, it may be difficult to arrange for others.

All who are interested should meet the Musical Director at the band room in city building, at 8 o'clock on Wednesday evening, June 7th, 1911. The entire proposition will be explained fully and organizing will begin at that time and time and after that, lessons will begin as soon as possible. If at all interested, come and talk it over.

### West Side Park Social

Thursday afternoon June 8th, being a half holiday, the Ladies of the West Side Improvement Society held an informal Park social at West Side Park on French Ave., from four to six. Invitations were extended to the ladies of the village, Improvement Society and others who were interested in the improvement of our city. There was about one hundred present. The Sanford Band kindly added to the enjoyment of the occasion with several beautiful selections.

Ice cream and cake was served by the ladies of the society. Old Sol very thoughtfully hid his face so that we had a most delightful afternoon. All expressed themselves well pleased with the improvements made in so short a time. Let the good work of improvement continue.

## FINE FARMING SECTION

### Sanford Stands The Test Of Drouth and Floods

### SANFORD MADE GOOD ON CROPS

#### Visitors To The State Claims Sanford Is The Section For Diversified Farming

Since the siren song of the flat woods land promoter has flooded the state with people seeking the second Paradise at ten dollars per acre, one dollar down and one dollar per year, the real estate men of Sanford have had but little to say about their section preferring to let the average man of average intelligence see the state for themselves and find out the real garden spot where vegetables can be grown at any time of the year regardless of drouth or flood and where growers have made money and are still making it. The Sanford section is not an experiment, has never been a colony proposition of cheap lands and is the real vegetable section of the state by actual facts and figures. The visitors to the state are quick to note the real value in Sanford lands as the following articles in the Altoona, Pa., Mirror indicates:

"Conductor and Mrs. J. A. Numer of 2410 Oak avenue, Altoona, have returned from their trip to Florida, where Mr. Numer was in attendance at the convention of the Order of Railway Conductors, at Jacksonville, together with touring the state. Mr. and Mrs. Numer are delighted with certain sections in Florida, especially the lake region and the portion of it in a twenty to thirty-five mile radius of Sanford. One thing that surprised them, and upon which they laid special emphasis, was that, contrary to the generally accepted idea up here in Pennsylvania, that Sanford and vicinity was too far north to be in the citrus belt, and that grape fruit and oranges would not thrive there was contrary to the facts, as they were driven through miles of groves and were surprised at the quality, which they say was superior to anything they had eaten at home, shipped from anywhere. They were also pleased at what they saw at Sanford and vicinity, in the vegetable trucking section, especially celery, and in explaining the methods in vogue, such as sub-irrigation, sub-drainage and sub-irrigation, and that certain sections of Florida were certainly favored."

Here is another one of the same sort: "Conductor and Mrs. W. J. Sherman of East Altoona and Conductor and Mrs. W. L. Wolf of 308 Fifth avenue, Altoona, have returned home from their Florida trip. They attended the Jacksonville convention of the Order of Railway Conductors. They also made a tour of Florida's famous places and resorts.

Among the wonderful things they saw was the famous Sanford Celery Delta. The party is indebted to Mr. Howard of the Howard-Packard Land Co. one of Sanford's leading citizens, with two autos, in showing Sanford, its environs and taking them through the famous celery fields, and who showed them how Sanford, by their flowing artesian wells, sub-irrigation-sub-drainage and sub-aerated lands were able to raise two carloads of celery to the acre. These are the features that impressed them most in Florida's most famous trucking centre, Sanford is a leading winter resort. The party was also in a number of Florida's famous winter and summer resorts."

### Knight—Reaves Nuptials

At the home of the brides father, Rev. J. W. Knight on Park avenue, Miss Eva May Knight and Mr. Rollins G. Reaves were united in matrimony. Rev. J. A. Hendry of the Methodist church officiating. The ceremony took place at 10:30 on Wednesday morning, the young couple leaving for a short wedding trip after which they will make their home at Newberry, Florida. The bride and groom were the recipients of many handsome wedding gifts, attesting to their popularity.

### Good Record

Hon. S. A. Robinson made a great record as Representative from Orange county in the legislature. Every measure he championed went through and he had the peculiarly good luck of getting three important bills through in one day. This was Mr. Robinson's first term but his work shows that he was well "onto" the job and knew where to strike that it would do the most good. Orange county has a right to feel proud of the work of its Representative, Messrs. S. A. Robinson and Forest Lake and its splendid Senator, Hon. L. C. Massey.—Reporter Star.

## LONGS FOR SANFORD.

### The Following Letter is Self Explatory.

Gashland, Mo., May 24th, 1911.  
Mr. R. J. Holly, Editor, Herald.  
Herewith I send one dollar to renew six month subscription to the Herald, that I may know what is going on down there, do not see how I could be satisfied to close my eyes to such a bright spot as Sanford, and its able Exponent—The Herald. I am always glad to see it arrive, and thoroughly enjoy reading it, I am much pleased with what I hear about the Sanford district, of its climate and soil, a pleasing combination that spells success. This "poor old Missouri" is just out of the grasp of old Jack-Frost, and into the grip of a long spell, that is fully as unpleasant and as disastrous as the past grim winter was. Twice each year the people of this glorious state have thrust upon them an ocular demonstration of the folly of trying to run a farm without an irrigation plant. In the fall, then in the summer. Also the severe winters kill our fruit, and the dry hot summer burns up our vegetation.  
Think for Sanford, its climate, water and soil.  
F. J. Sprague.

### An East Coast Squash

The other day somebody showed Representative Stewart of Brevard, a clipping from the Times-Union describing an enormous tomato which had been exhibited in Manatee county. According to the newspaper report the tomato was almost as large as Colonel Floyd's head after he learned that he was "Intellectual leader of the house."  
Mr. Stewart went the Times-Union one better with the following story of a squash grown by one of his constituents.  
One day at the end of the season the farmer who had raised this mammoth affair went out into the fields to harvest same. He carried a broad axe on his shoulder together with a small ladder.  
Placing the ladder against the southern end of the squash, he picked his way cautiously to the top, raised the axe and dealt the stem a vigorous blow.  
The axe slipped in its descent and went smashing through the rind, into the interior of the vegetable. This rather disconcerted the farmer, as it was his best axe, so, with the aid of a sharp stick, he gouged a larger opening into the squash, crawled through and began to explore its interior for the missing implement.  
The pulp of the squash was so soft and dense that the axe had sunk entirely out of sight, and for some time he groped his way around through the semi-darkness in vain.  
At last he stumbled over something, and bending down, found himself face to face with a man, evidently just awakened from a dose. After they had exchanged greetings, the stranger said:  
"So you lost your axe, eh? Well, I can tell you right now it won't do any good to look for it, because I've been in here for the past two days looking for a pet goat that eat his way through the north-west corner of this here thing!"—Dixie.

### Carraway—Tyler

One of Sanford's popular young ladies was united in wedlock on Wednesday to one of the prominent turpentine operators of this state.  
Miss Jennie Carraway, daughter of Mr. and Mrs. Mc G. Carraway being the bride and Mr. E. D. Tyler of Salem, Fla., being the groom. The ceremony took place at the home of the brides parents south of town promptly at high noon, the ceremony being performed by Rev. J. A. Hendry of the Methodist church.  
Mr. Locke Tyler of Fitzgerald Ga., brother of the groom acted as best man and Miss Annie Lang of this city was maid of honor. Only the immediate friends of the contracting parties were present and after a dainty wedding luncheon was served the happy couple took the train for Jacksonville and expect to spend their honeymoon in Arkansas.  
The bride is a popular young lady having resided in Sanford for the past six years and held several responsible positions in the business world.  
The groom is a prominent turpentine operator and has several fine farms in the state at present making headquarters at Salem, Taylor County where they will make their future home.

## HAPPENINGS DURING THE WEEK

#### Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Justice Harlan of the Supreme Court was seventy-eight years of age June 1, and was the object of congratulations from many friends who admire him for his independence and rugged honesty. Should he remain on the bench a year longer, as seems possible, he will have served longer than any justice since the foundation of the court.

The Supreme Court seems to have side-stepped when it smothered upon the Circuit Court of New York to do for the trusts that which it ought to have done itself and done now. It is interesting to observe the modicums that the court will evolve within the next six months. However, no matter how well it may do its work the matter will come back to the Supreme Court for final adjudication.

The maximum record for temperature in Columbia this season was reported by a registration of 99 3-10. The hottest previous record was 98 8-10 several days ago. This breaks the record for this vicinity for June 4, the former record being 98 in 1895. No protrations from the heat have been noted.

Daniel P. Winkie, aged 29 years, a conductor on an Oak Street car of the Chattanooga Electric railway, had his head knocked off while the car was crossing the McCullie avenue viaduct. The car was loaded with women and children who became frantic at the sight of the headless body. His head came in contact with a heavy girder, and the conductor was decapitated as by a guillotine.

That Lieut. Baguein, of the French army, who stated yesterday morning from Nice on an aeroplane flight for Corsica has met death in the venture is now considered almost certain. Torpedo boat destroyers and other naval craft have searched in vain for any tidings of the missing aviator.

A widespread plot against Francisco I. Madero, Jr., with ramifications in San Antonio, El Paso, New York and Mexico City has been discovered, according to news coming from Mexican government officers.

While about ten days the results of the investigation by the bureau of corporations into the organization and conduct of the United States Steel Corporation will be placed on the desk of President Taft. It will then rest with the president and Attorney General Wickersham whether the administration will begin proceedings in the courts against the alleged steel trust under the Sherman anti-trust law.

It is now reasonably certain that the senate will debate the reciprocity bill until near the end of July. The house will probably dispose of the wool schedule in two weeks and will be kept in session more than a month longer waiting on the senate. It should keep busy and will be able to accomplish much in a month.

Fifteen thousand people among them President Taft and Ex-president Roosevelt honored Cardinal Gibbons at a jubilee in Baltimore on Tuesday.

### Building Notes

J. H. Ferguson's new apartment house on First street is nearing completion.

M. A. Miot is building an elegant new home on Sanford Heights south of Spencer's home and will be another great improvement for the Heights.

The home of W. A. Glenn on the Heights promises to be one of the finest among the many fine Sanford homes.

E. H. Herndon's new home on Fifth street is being pushed to completion and will soon be ready for occupancy.

The Herndon home on Magnolia has been put in first-class shape and is now occupied by Mr. and Mrs. Chandler for a home-like apartment house.

If you happen to get tired of Sanford and seek a cooler or what seems to be a cooler place you will be greatly surprised to find that you have left the coolest and most pleasant place in the south to spend the summer. During the real warm weather of a few weeks ago I happened to be at the beach where you are supposed to have a cooling breeze from old Atlantic all the time, but for several days a land breeze was blowing, laden with mosquitoes and sand flies and Sanford did look good to me when I returned. There is always a good breeze blowing here and the mosquitoes are not in evidence nor sand flies either and mid the shade of the beautiful trees you can escape the glare of the beach and be more comfortable than any where else. Of course every one need a change of scenes for a short time and every one who can should get away during the summer just to see the sights and keep in touch with the ever changing world. A trip gives us new ideas, broader views and a better grip on affairs but for good solid comfort and a chance to rest, home is just as good as the so-called summer resorts. While the northern cities are sweltering in the heat Sanford has never attained the killing temperature that strikes men down in the middle of the street. Take our climate all the year round and you will find it the most equable in the world.

The automobile is a fine bird, but it sucks blood. It has a song that lures men to destruction and women to vain pride that corrodes their happiness. Look not upon the buzz cart when it is red and giveth stinkum to the evening breeze; for it chaweth scads and ducats like a hay baller; always mazuma and seesteres, and rocks and dough it lappeth up like a house afire. When the devil wagon champeth and smorteth, flee to the mountains of the Hepsidam and crawl in a

hole, or the old boy will get you and carry you to the poor house. Man goeth forth in the morning chugging and shaking with pride, a halo of blue smoke encircleth him like a wreath; he patteth his belly with pride and saith, behold, I am a six-cylinder bute; even a lallapooloolu sim. I in my pride. When lo, the sheriff campeth on the front door of the shop and swipeth up his substance in a night, and a Missouri mule hauleth off the valuable assets to the auction. The auto is a mocker and the touring car is raging and whosoever is deceived thereby should soak his noodle in strong lye. Vessels of wrath fitted into destruction are the devil carts, that eat man's time and sap his securities and in the end turn over in a ditch and make his family into hamburger steaks. Woe is the man who dallies with them; even pants he is called in the market place who twists the brass wheel and winketh with the other eye at fate.

If you are qualified to vote and fail to do so, you are neglecting your religious duty, in the eyes of Edward W. Hock, former governor of Kansas.

"It is a man duty to vote", said he. "It is as much a Christian's duty to vote as it is to go to a prayer meeting. Indeed—I say it without feeling that I am sacrilegious—it is more of a duty for a Christian to vote than it is attend a prayer meeting; for you can have a prayer meeting in your home at any time, but you can't vote when you feel like it."

"The ideal citizen must be a politician, but not in the common sense of the word. It is a shame the way the word 'politics' has been brought into disrepute. Politics is the science of government, and the elector should have a knowledge of its principles. Ideal loyalty to law. One of the most astounding things is the manner in which officials ignore laws which it does not please them to enforce. So long as the law is the duty of the official named by the law or by the courts to carry it out and to see that it is enforced. Anything else is anarchy."

The new fire truck has arrived and it is a beauty in every respect. I really believe that a thorough test it will be found that this new truck will solve the question without any more apparatus. It is the duplicate of the fire trucks used by Boston, New York and other villages and the best feature is that it uses chemicals and is absolutely independent of the water works. The new truck ought to save the city many a dollar and now

that we have such a fine apparatus why should we pay such an exorbitant insurance rate. My good friends, the insurance agents claim that the rates will not be lowered and I claim that they will be and that if they don't lower them the merchants can either force the issue or organize a home insurance company and get cheaper rates.

I have not seen the new truck tested yet but will try and examine it more closely soon. This new apparatus ought to be the real thing to take care of the new territory recently acquired by the city as much of it is not now reached by water mains and would not get pressure if it was so situated.

Well, we have returned the cup to Orlando and all is peace and near beer between Sanford and Orlando again. We have some good games promised and the old boys and young boys have promised to be good and not cuss the umpire. This is as it should be for there is no reason why we can't have a series of friendly games and enjoy the summer. Our good friends cannot help the fact that they reside in Orlando and they are endeavoring to live it down and we should do all we can to help them in every way. Invite them down to Sanford and give them a drink of near beer and make them forget their troubles. There are worse places than Orlando although the judge always hesitates to send them there.

Well of all the trading centers Sanford has taken the rag off the bush. Every store in the city is putting on a sale and every day the city looks like court week in Orlando. Our merchants are to be commended in making Sanford famous for the people are coming for miles around to take advantage of the bargains offered. Keep it up and there will not be a dull moment during the summer.

Sanford is now known as the "corn belt" of Florida for nowhere in the state can such fine fields of corn be shown. On the irrigated lands of this section the corn reaches an average height of ten feet and has three and four ears of good corn. We can raise enough to feed the stock for the next year.

Special Correspondence to The Herald:  
Misses Emma Proctor, Nevada and Callie Grant left last Monday for Orlando to take the teachers' examination.

Miss Lois Coffee left last Friday for her home in Madison, Fla. Miss Coffee spent the winter with her aunt Mrs. Homer Nicholson and while here made many friends who learned to love her for her own true self, and who will welcome her among us again at any time.

Miss Gusale Tillis, a charming young lady from Sanford, is visiting her grandmother, Mrs. G. R. Nicholson.

The Misses Blahop of North Carolina, who are spending several months with their aunt Mrs. McKenzie, of Oviedo, visited the Misses Daniel of Geneva last week.

Mr. Laling and young son, Robin, of Sanford recently visited Mrs. Ballard, sister of Mr. Laling.

Herman Daniel will make his home in Chuluota for the summer months where he is employed as book-keeper for a firm at that place.

J. T. McLain and family are now enjoying the pleasures of an automobile.

W. L. Sieg and David Speer visited Orlando and Sanford last Friday.

W. H. Howard and daughter, Miss Eulaman, visited Sanford last Monday.

The M. M. S. Society was pleasantly entertained by Mrs. R. Q. Gresham last week, a large number being present. One of the pleasant features of the afternoon was the exchange of tested receipts by the ladies, which will be repeated from time to time. Mrs. Gresham served delicious watermelon which was very much enjoyed. She was assisted in serving by Misses Nicholson, Tillis and Gresham.

On last Friday evening Miss Irene Peters entertained in honor of her guests, Misses Young and Sparven from Daytona Beach. Quite a number enjoyed the pleasant games and music. At a late hour delightful cream and cake were served which was much enjoyed. Misses Young and Sparven returned home Monday to the regret of many, they made many friends during their short stay in Geneva.

Mr. and Mrs. Freeman Pattishall of DeLand visited relatives in Geneva last week. Mr. Pattishall is traveling in the interest of Stenson University.

Will Gratic of Jacksonville recently visited his sister, Mrs. H. H. Pattishall.

Mrs. Frank Jones has had as her guests this week her brother, Mr. Harris, and her niece Miss Myrtle Harris of Jackson, Ga.

Miss Bobbie Nicholson left Monday to visit Mrs. Green-Witte in Americus, Ga.

Miss Ruth Hand, of Sanford is spending a few weeks very pleasantly with Mrs. Aubrey Moran.

Mrs. Towel has returned to her home in Miami, after a visit to relatives in Geneva.

#### CAMERON CITY CLIPPINGS.

Special Correspondence to The Herald:  
Surprise parties seem to be the order of the hour. Last week the friends and neighbors gathered at the home of Mr. and Mrs. Beck one evening, giving them a surprise and spending a very pleasant evening. Mr. and Mrs. Beck are leaving us this week for a visit to their old home in Indiana. Mr. Beck has business interests there that demand his personal attention. They will return in a few weeks.

This week Monday evening the crowd met at the store corner and silently took its way across the fields through the moonlight to the Kinahan home where it was neither invited nor expected, but Mr. and Mrs. Kinahan proved quite equal to the occasion and a very jolly evening was spent. Mr. and Mrs. Kinahan expect to start next week on an extended trip and visit and do not plan to be with us again until the holidays.

Walter Haynes, who has made his home with the Kinahan's will move to town. We are sorry to have him go but it seems best for the present. Mrs. Kinahan planned a very pleasant farewell party for Mr. Haynes on Tuesday evening when she invited the young people in for dinner. They were all waiting to surprise him when he came from town on the six o'clock car.

A number from here are planning to attend the Union Sunday School picnic at DeLeon Springs on Thursday of this week.

Mrs. B. A. Howard and children and Miss Mabel Anderson were among our Sunday callers.

Dr. and Mrs. Delamater attended our church services Sunday morning. We hope they will come again soon.

Mr. Perry and his family will move to the Kinahan farm this week. Mr. Perry has rented that farm for coming year, also Mr. Powell's and a few other places near. We are glad to have them come among us and hope they will enjoy living here.

And we would say the same to Mr. and Mrs. Greer who are moving into the house formerly occupied by Lawrence Rich. Mr. Greer is to work with Mr. Perry.

#### MOORE'S STATION

To the editor of The Herald:  
Mr. and Mrs. J. W. Price and daughter, Mrs. Cameron are moving to Bartow this week. Mrs. Cameron owns some property there.

Christene McClellan accompanied her grandma Prevate of Geneva to Eau Gallie for a month's visit.

Frank Williams and Fred Cowan are the latest recruits from here for guard duty at Cow Creek camp.

Miss Mattie Boulware of Gainesville was Miss Nellie Estridge's guest the greater part of last week. A party of folks was entertained Thursday evening at the Estridge home, ice cream and cake was served, and Friday evening a straw ride was enjoyed to Fort Reed and an old fashioned chicken perlow with other good things on the side was eaten around a camp fire. Mrs. Ella Greenhand made a charming chaperon and the young people were Miss Boulware the guest of honor, the Misses Nellie Estridge, Clara Estridge, Ola Estridge, Isabelle Raynor, Ethel Hickson and Nora Hickson, Messrs. James McClellan, Lloyd Lucas, Byron Squires, Howard Gilbert, Richard Hickson, Dan Hickson, Irvin Estridge and Osa Estridge.

Several from here spent Sunday at Woodland Park in Monroe and enjoyed a picnic dinner.

Come to Moore's Station Church Social the evening of June 14th and see what an "Ice Social" means ice enough for all bring your friends.

Business will be suspended here Thursday while every one attends the picnic at DeLeon Springs.

#### That Trophy Cup

The joke is off. After nearly two years in hiding, the Sanford base ball enthusiasts have sent the cup forfeited to the Orlando club, to this city. Orlando had lost all interest in it and agreed to play the Sanford boys again this season and now all things are lovely and the goose hangs high.

We hope this season's games will not excite us beyond fair play and gentility and that there is a lot of fun and good natured chaff ahead. Play ball.—Orlando Citizen.

#### WASH THAT ITCH AWAY

It is said that there are certain springs in Europe that give relief and cure to Eczema, and other skin diseases. If you know that by washing in these waters you could be relieved from that awful itch; wouldn't you make every effort to take a trip to Europe at once? Would you not be willing to spend your last cent to find the cure?

But you need not leave home for these distant springs. Relief is right here in your own home town!

A simple wash of Oil of Wintergreen, Thymol and other ingredients as compounded only in D. D. D. Prescription will bring instant relief to that terrible burning itch, and leave the skin as smooth and healthy as that of a child.

If you have not already tried it, get at least a 25-cent bottle today. We assure you of instant relief.

## Some Observations On Florida Lands

**DO** Not come to Florida if you have not made up your mind to stay, to stick at it, to achieve something. The temporary pioneer is not desirable. There is nothing so damaging to this splendid section, and to Florida in general, as the reports of the merely tentative settlers who come here in the expectation of making a large fortune within a year, and, failing, return to their old homes depleted in purse, disgusted with the soil and the unaccustomed methods necessary to secure crops, with the climate, disgusted with everything, in fact, and who use all their eloquence to dissuade others from investing or undertaking to establish their homes here.

There is Always a Reason for a Man's Failure. Before you are influenced by what a returning settler says about Florida, investigate why he failed to make good.

We do not encourage the tentative settler. It is not the kind of pioneering that benefits us or our section. It never promotes the best interests and progress of any country and never will in Florida.

Don't expect to get rich quick here in a day or two. Dollars do not grow on trees; and do not come here without money. The more accustomed you have been in making a dollar go a long way, the easier will be your first months on Volusia Farms.

Volusia Farms needs sturdy men and women, mentally and physically able to conduct farming as it is done here under Florida's sunny skies. Volusia Farms needs the permanent settler with small capital, large determination and industry who will not beat a retreat at the first disappointment. To such people Volusia Farms offers opportunities practically without limit.

**WE** Have never advocated the purchase of any of our lands sight unseen. While we have sold hundreds of acres to people who never saw the land before purchasing and have always given satisfaction, yet we prefer not to sell an acre without the purchaser personally makes a selection; The excursions running to Sanford from northern and central western states every first and third Tuesday of every month during the summer, afford every facility for coming to Sanford and Volusia Farms and making personal selection of a tract of this rich-agricultural

land.

**See What You are Buying.** Come here and investigate what we are offering you. Talk with the many people we have been instrumental in bringing here from all over the United States. The larger the number of people we can induce to come here on a tour of inspection, the more quickly we shall close out our Volusia Farms, for the closer you know this tract the better it becomes.

**HAS** It ever occurred to you that there must be some sound fundamental reasons for Florida lands to be priced so low compared with lands in the north and west and even in the deserts where irrigation companies plan to supply water AT A PRICE!

The principal reason is, I take it, that Florida is only just beginning to come into her own. For many, many years she has been neglected. Development has just about begun, and developing a State as large as Florida, whose shore line is long enough to extend from Jacksonville to Boston, takes time. It takes people, too, and money. Development could not take place were our lands priced on a basis of their earning capacity to start with, but that time is coming. In the development of any country there must be inducements for people to come in and cultivate the soil.

**Florida's Inducement to You Today is the Low Price of Her Good Lands**

The development of the past three years has been wonderful. Immense wealth has been taken from the soil—TAKEN, mind you, not WRESTED as you wrest with the hard, heavy soils up north—and now the natural tendency and the natural law of supply and demand is toward higher prices for these income bearing lands.

For years lands were almost given away simply because the Floridian HAD NO IDEA OF THEIR PRODUCING POSSIBILITIES; diversified farming was unknown. Witness now, the transformation of a few years. Even the day of twenty dollars an acre land has passed, and the time of thirty dollars an acre land is passing everywhere. If I am any judge of the Florida land situation and the purchase of large tracts consummated during this Spring are any criterion of coming events, I believe the coming fall and winter will see Florida lands retailing for \$50 an acre and upward according to locality and transportation.

Volusia Farms is worth every cent of \$50 an acre today and those who invest in the development stage are the people who will make the best turn-over. We have sold quite a large number of farms and the territory is opening up in an immensely satisfactory way to our settlers and to us.

**S**EVERAL times in these columns I have spoken of the apparent hindering of the development of Florida by the large financial interests, and the reasons why the Howard-Packard lands are good investments. I have just been reading an article in "Moody's Magazine" (a financial authority) relative to the large earnings of banks and trust companies who hoodwink the small depositor by ever saying 4 per cent is the utmost dividend to be expected consistent with safety.

In the face of this legend, the banks themselves are declaring dividends as high as 40 per cent made with YOUR money. Compilation of the profits of sixty-seven banks in the borough of Manhattan, New York city, after showing earnings of 17.19 per cent, declared dividends of 10.33 per cent. The dividends of the Liberty National amounted to 25 per cent for the year, the Chase National 20 per cent, the First National 40 per cent, the Mercantile Trust Company 25 per cent, and so on, these figures being for the fiscal year ending last June, according to Moody's.

Unquestionably to influence a depositor not to draw from the savings bank for wild speculation is sound advice—very sound and commendable advice, but an investment in Volusia Farms at present price is NOT a speculation. Not one of the tracts of land offered by this Company has ever been a speculation. The VALUE was there in the beginning and higher value is there today. There has been more speculation in the stocks of the Northern Pacific and other railroads by the financiers than there ever can be with our lands, because our lands and prices are RIGHT. Our methods of doing business are RIGHT. We invite the strictest investigation of ourselves and of our lands. Our business has a better non-speculative foundation than thousands of business you yourself could mention.

Investigate for yourself the advisability of your Volusia farm investment remembering that good real estate in an advancing country is the basis of wealth.

Write for our booklet, "Resources of Volusia Farms"

JUST SO

The editor of the Lake City Index finds himself compelled to apologize for a statement made in his paper, because the "responsible parties" from whom he got his information "do not wish to be mixed up in a controversy". We have had experience with just such "responsible" parties. They will talk with great freedom until the confiding newspaper man publishes an item on the strength of their assertions; then, when they have gotten him in trouble they draw in their horns and leave him to bear the brunt. This paper does not publish an item of importance without personal knowledge of its correctness, or, falling in that, upon such authority as will enable us to give the name of our informant, whether he wishes "to be mixed up in a controversy" or not.—Lakeland News.

The front page of the Sanford Herald this week presents a very neat appearance, giving in full detail the closing exercises of the Sanford high school and showing views of the graduating class, the high school building, the grammar school building, and the primary school building. All of the buildings show that they are of excellent construction and comfortable. This kind of enterprise on the part of the Herald will do more to bring new settlers to Sanford than anything else.—Times Union.

Our representative, Hon. Forrest Lake is home from Tallahassee, where he made a good record. Being his maiden effort Mr. Lake did not make himself conspicuous on the floor but his influence was felt in every measure that came up for discussion.

Sanford postoffice has been named as a postal savings department. Score one for Postmaster Haskins.

In Honor of Miss McLaughlin

One of the most beautiful and enjoyable affairs of the season was the dance given by Miss Bessie Schumpert on Wednesday evening in honor of Miss Elizabeth McLaughlin. Quite a number of the young society set were present. The whole lower floor of the Schumpert home was thrown open and made an ideal place for dancing. Delicious punch, ice cream and cake were served during the evening. More charming hostess, than Mrs. and Miss Schumpert would be difficult to find and the dance was thoroughly enjoyed by all those who were fortunate enough to be present.

Those present were: Misses, Elizabeth McLaughlin, Aileen Minnick, Louise Sheppard, Laura Fish, Flossie Frank, Mable Bowler, Belle Smith, Mabel Hand, Helen St. John, Vivian Yeiser, Genie Wicker, Sadie Williams and Carrie Lovell, Messrs. Norman DeForest, Guy Elsworth, Carl Hamilton, W. J. Thigpen, Harold Haskins, Stenbridge, Jimmie Williams, W. E. Watson, J. D. Roberts, Henry Pardon, Willie Leffler, McCaskill, J. A. Thigpen, Kelly and L. P. McCuller.

Mrs. Fannie Munson's June morning pupils recital was given in her studio last Friday morning. The large number of relatives and friends of the talented young musicians who were present greatly enjoyed the beautiful program. Mrs. Munson was assisted by Miss Mabel Bowler and Miss Flossie Frank who sang a group of pretty duets accompanied by Mrs. Ernest Tolar. A group of soprano were also sung by Miss Mabel Bowler, accompanied by Miss Flossie Frank. Little Miss Abbie Doudney played two very pretty numbers, in addition to her own composition, showing remarkable talents along this line. Miss Annie Lee Caldwell read a very interesting paper on Music in Old Japan and Today. Others taking part were Misses Hazel Packard, Marlon Packard, Bertha Packard, Renie Murrell, Abbie Doudney, Ruth Kanner, Clarissa Starling, Lucca Chappell, Essie Purdon, Edith Stewart Helen Rolland, Charlotte Hand, Margaret Davis, Muriel Harrold, and Adelaide Higgins.

On Saturday evening from eight to eleven, Mrs. M. Martin, delightfully entertained the Sanford music club at Comfort Cottage. A very pleasing musical program was carried out by the club members and the Ladies chorus, after which the hostess, assisted by Misses Bowler, Frank and Harris served an ice cream course. The favors were beautiful roses.

TACKY PARTY.

Miss Kate Underwood entertained a number of her young friends at a tacky party at her home last Friday evening. The invitations, costumes, games and refreshments all carried out the tacky idea, and the affair was the source of much fun for the young people. Miss Junie Stumon received the prize for being the tackiest girl present; and Martin McDaniel was the tackiest boy, to whom was also given a prize.

Mrs. O. W. Brady was hostess for the Magnolia bridge club Wednesday afternoon. Three tables of players enjoyed a spirited game. Punch and cakes also delicious ice cold watermelon was served.

Mrs. O. W. Brady entertained charmingly at bridge at her beautiful home on Magnolia avenue on Friday afternoon. Mrs. Brady was assisted in caring for her guests at this pretty affair by her daughter, Miss Irene Brady, who has just returned from Stetson University. There were four tables of players who enjoyed a spirited game, at the close of which scores were counted and Mrs. Paul Keely was found to have made highest. The prize she received was a pair of silk hose. Mrs. A. W. Brown was the lucky winner of the consolation prize, a sterling silver picture frame. The booby prize awarded to the lowest scorer was the source of much amusement. It was a Mexican souvenir, a monkey carved out of paint. The card tables were spread with dainty covers and a salad course served. The plates were made very pretty with a decoration of nasturtium leaves and flowers. Among those invited were Mesdames A. W. Brown, Paul Keely, G. F. Smith, B. S. Keelor, Cruse Barnes, W. D. Holden, S. O. Shipholser, R. Homrighous, W. R. Anno, R. J. Holly, Frank Miller, H. P. Driver, J.

C. McDaniel, G. H. Fernald, B. L. Hughes, C. O. McLaughlin, J. W. Dickens, George Fox, Jr., Henry Wight, F. J. Gonzalez and Miss Keelor.

A very pleasant surprise party was given by some of the young people at the residence of Mrs. E. L. Marshall on Thursday evening, in honor of Miss Annie McDurmit, of South Carolina. With dancing and games the young people spent a delightful evening. Some of those present were Misses Clarissa Starling, Mary Chappell, Helen Rowland, Margaret Davis, Linda Connelly, Mercedes Munson, Mary Walker, Hazel Hand, Annie McDurmit, Messrs. Kelly, Herndon, Peabody, Purdon; Wicker, Butt, Campbell, Mahony.

Saturday afternoon of last week, Mrs. G. F. Smith entertained informally, though very delightfully at bridge at her home on fourth street and Magnolia Ave. Top score was made by Mrs. F. J. Gonzales to whom was awarded the first prize. The consolation prize was captured by Mrs. Paul Keely, while the booby was taken by Miss Charlotte Keelor. After the game was over delicious ices were served in cantaloupes. Those invited to this enjoyable party were Mesdames W. R. Anno, O. W. Brady, G. H. Fernald, W. D. Holden, R. S. Keelor, R. L. Hughes, A. R. Connelly, J. W. Dickens, F. J. Gonzalez, S. P. Chase, B. F. Whitner, H. L. DeForest, Paul Keely, R. J. Holly, C. O. McLaughlin, T. A. Neal, B. W. Herndon, Robert Newman, S. Puleston, J. L. Hurt, D. L. Thrasher, M. H. Bowler, F. Schumpert, Henry Wight, Misses Brady Keelor, Schumpert and Bowler.

Congregational Church

There will be a Memorial services of the Brotherhood of Locomotive Engineers at the People's church Sunday afternoon, June 11, at 3 o'clock. About forty engineers with their families have signified their intention to be present. Rev. George B. Waldron will deliver the Memorial address. Services are open to the public. The church will be closed that evening. Morning preaching service as usual.

From eight to eleven, members of the Congregational Sunday School qualify each Sundays for the five-fold honor roll. This comprises 1 attendance, 2 promptness, 3 contributions, 4 good lessons and 5 church attendance. The following were "honors" all from Sundays of the month of May. Misses Albine Frank, Claire Walker, Katharine and Ruth Waldron.

Letters and Communications on Various Timely Topics.

Dog-Lovers and Dog-Owners Read! Sanford, Fla., June 5, 1911.

Editor, The Sanford Herald:

There are three diseases prevalent among dogs in Florida and unfortunately, on the increase; black tongue, distemper and hydrophobia or rabies; all of them serious matters regarding valuable bird or watch dogs and also serious concerning man in regard to the last-named disease.

Although hundreds of thoroughbred dogs have been killed throughout this state by black-tongue, as yet governmental bulletins from the Bureau of Animal Industry fail to deal with it and the state experimental-station authorities also, as yet apparently have not been able to get at or give out definite or valuable suggestions. (I have made inquiry of both these departments). It is the same with distemper. Hydrophobia has been dealt with recently in Farmers' Bulletin No. 449: "Rabies or Hydrophobia", by John R. Mohler, V. M. D., and I wish to suggest that every Florida community should be conversant with the increasing danger to life in this state because of the increase of Rabies, and take action for prevention. It is a danger threatening cattle as well as dogs, cats and humans and preventive measures should be taken before the hot weather is here in full force. These preventive measures are so simple that every dog-owner should be willing to take them, by muzzling his dogs. I append the general suggestion of the introduction to the Bulletin in regard to this, but everyone should read this bulletin and realize the danger for himself.

It should also be known that a Pasteur Institute has been established in Jacksonville where anyone bitten by a dog suffering from rabies should be taken at once.

The discovery of a toxin which renders dogs immune from distemper was discovered by a regular physician of Palmer, Massachusetts (Dr. G. A. Moore) and anyone who is interested in the matter will find a well-written article upon the subject in Country Life in America for February 1909. Subsequent experience proves the value of the discovery both of the toxin for prevention and successful treatment of such cases.

A regular physician of Tampa, Fla. (Dr. H. O. Snow) has apparently made an equally valuable discovery in a cure for black tongue. Both these physicians came to their conclusions after years of dealing with dogs as dogs-owners and dog-lovers, not-as kennel-men and professionals or manufacturers but it is to be hoped that in time Florida may have the benefit of wholesale manufacture of this black-tongue remedy.

In both these diseases prevention is worth many a dog's life—means that by saving it. And every dog who shows signs of lack of appetite should be watched immediately, given castor oil or liver-pills and given into the care of a veterinary as soon as possible. Every dog should be rendered immune from distemper by the toxin so far as distemper goes, and when black tongue is suspected if you value your dog or your own feelings, don't delay in giving the oil and then proper treatment.

As to rabies, the "Letter of Transmittal" to the Bulletin on the subject says among other things, "The disease known as rabies in animals and hydrophobia in man is one of the most terrible maladies known to medical science. Rabies is prevalent among dogs in various parts of the United States, and the presence of infected animals is a constant menace to human life. Under this condition the relative infrequency of deaths among people who have been bitten by rabid dogs is due to the protection afforded by the Pasteur treatment. Even with this treatment, however, considerable anxiety, suffering, hardship and expense are entailed upon many people; and it must also be remembered that for a number of reasons, not the least of which are the inconvenience and expense involved, a large proportion of the persons and practically all the animals that have received the virus through bites do not undergo this treatment.

Theoretically, rabies is one of the most easily eradicated of contagious diseases, but practically the undertaking is beset with difficulties. All that is required is the muzzling of all dogs for a sufficient time. This has been amply proved by the experience of several European countries where the disease has been stamped out in this manner. Effective action cannot be taken by the Federal Government alone; it is necessary to have the cooperation of the States and municipalities and of the people at large. It seems desirable, therefore, that the information contained in the accompanying paper be given the widest publicity."

HAVE BURIED THE HATCHET

Sanford and Orlando Will Have Ball Games This Season

Yesterday afternoon Messrs. G. W. Spencer and D. G. Wagner, of Sanford, the former manager of the Sanford base ball club, met with the directors of the Orlando team, in the office of Mr. Gray Rush and as a preliminary tendered the Orlando team the silver loving cup, played for two years ago, over which a controversy arose, Sanford at the time refusing to finish the series. Spencer and Wagner stated that Sanford was willing and anxious to bury all differences, as Orlando has always been, and play a series of games, every other Thursday being given to those two teams. As is well known, a ball team cannot be maintained in either of the towns unless a series of games can be arranged between the two cities, as it is suicidal to attempt to play other towns at any great distance from home, expenses being so great as to utterly preclude any chance of making ends meet, even with liberal donations on the part of the citizens of both places.

It was agreed, by the visiting gentlemen, that if Orlando agreed to hold a Fourth of July celebration the two teams would play a double header in this city on that date, as was done in Sanford two years, the directors being given until next Monday to decide the matter. If such a celebration is not decided upon, then Orlando will visit Sanford on that date. Sanford has secured a good ball team and it is hard at work getting into shape. The directors have about finished negotiations with several outside men, although the greater part of her team will be practically home talent, but with some of the best material in the state at hand, there is no reason why we should not hold up our end of the game with all comers. Letters have been received from a number of visiting teams and a good schedule will no doubt be arranged in the near future. With a determination on the part of both Orlando and Sanford to play good, clean ball, keep down all petty differences and give the people the worth of their money, the prospect for some fast games was never more favorable. If you are a fan, and there are very few in our little city who are not, you should not miss a game, either at home or in Sanford, thereby helping the management, which has gone to so much trouble to get a series of games inaugurated.

Here's hoping that this may prove the banner base ball season and that the games scheduled between Sanford and Orlando may not only prove profitable but pleasant and enjoyable to all.—Reporter Star.

Lake's Latest Perpetration

Forest Lake of Orange was looking over the program of the musical department's graduating exercises at the Woman's College. He found three Rubies, two Beryls, one Opal and one Pearl figuring among the names of the performers. The gems brought to his mind this anecdote: A colored lady had carried her first-born to church one Sunday to be christened in the faith. Onyx was the particular cognomen selected for the infant. As the preacher raised the fourteen pounds of dusky smile aloft and reached for the sprinkling-pot, he paused to make a few remarks appropriate to the occasion. Nothing seemed more felicitous than a reference to the precious stone of which Miss Onyx was evidently the embodiment—in her mother's mind, at last.

The preacher began to spread himself along these lines, when all at once the above mentioned lady jumped to her feet and cried:

"No, sah! I didn't mean fo' to call her after no such thing as that. I want her named Onyx because she wuz onyxpected!"—Dixie.

The DeLand Game

DeLand's baseball team let the Sanford team score badly against them yesterday afternoon, Sanford winning by a score of 6 to 2. DeLand put up a very good game, but was weak in the box and poor in team work. R. P. Hamlin umpired. The game was slow. The event of the DeLand game was a hit by Bennett, landing the ball over the fence. This gave him a home run, under ground rules, and brought in also the man ahead of him. These were the only two scores made by the DeLand team. Following is the lineup of the DeLand team.

Pitcher, Hunter; catcher, Branley; first, Bennett; second, Willard; short, Gross; third, Jacksonville; right, Langston; centre, Tillis; left, Fairiss. Perkins pitched the last three innings for DeLand.

Sanford's team was composed of—Snedigar, Lawler, Breakfield, Dowell, Vining, H. Pounds, Weaver, Stout and Gove.

Sanford has the making of a strong team. The game was gentlemanly but very slow.—DeLand News.

Notice of Incorporation

Notice is hereby given that the undersigned, Julius C. Chase, Sydney O. Chase and L. D. Chase, intend to apply to the Governor of the State of Florida, at Tallahassee, Florida, on the 24th day of June, A. D. 1911, for letters patent to be issued to "Isleworth Grove Company" under the following proposed articles of incorporation:

ARTICLE I. We, the undersigned, hereby associate ourselves together for the purpose of forming a corporation under the laws of the state of Florida, and do hereby adopt, declare and subscribe the following as our articles of incorporation.

ARTICLE II. The name of this corporation shall be "Isleworth Grove Company" and its business shall be conducted in the State of Florida and in other states of the United States of America and in foreign countries wherever necessary and convenient. The principal office of the corporation shall be in the city of Sanford, Orange County, Florida, with such other offices and places of business as said corporation shall establish.

ARTICLE III. The general nature of the business shall be to buy, lease or otherwise acquire lands and rights in lands in the State of Florida and elsewhere, and to dispose of the same by sale, lease or otherwise; to purchase, plant, improve, maintain and operate groves of citrus and other fruits, to grow produce of any kind or kinds, to construct, own, lease, or otherwise control packing houses and to operate the same for packing fruit grown by this Company or other persons; to ship, market and otherwise dispose of the fruit and other products so purchased or grown; to operate tram roads as may be found necessary or expedient for the purpose of transporting the property or products owned, held or controlled by said corporation, but not to use said means of transportation for the purpose of doing the business of a common carrier, to sell, mortgage, pledge, lease, or convey the property of said corporation, in whole or in part, at the discretion of the board of directors; to borrow money, issue bonds or other obligations, and to secure payment of the same by deeds, mortgages, pledges or any other kind of instrument; to make contracts of any kind whatsoever for the furtherance of the purposes of business of the Company, to deal in merchandise, to do all acts and things which may be necessary or proper, or which the board of directors may deem to be advisable or expedient to be done in the transaction of its said business and generally, to have, exercise and enjoy all the right powers and privileges incident to corporations for profit organized under the laws of the state of Florida.

ARTICLE IV. The amount of the capital stock of this corporation shall be ten thousand dollars divided into one hundred shares of one hundred dollars per share. All or any part of the capital stock of this corporation shall be payable in cash or in property, labor or services at a just valuation thereof to be fixed by the incorporators at a meeting for the organization of the Company and the directors of the Company at a meeting to be called for that purpose. All stock when issued shall be fully paid and non-assessable.

ARTICLE V. The time for which said corporation shall exist shall be perpetual.

ARTICLE VI. The business of this corporation shall be conducted by the following officers: a president, a vice president, a secretary and a treasurer, and a board of not less than three directors or more than five. Any two of said officers except those of president and vice president may be held by the same person. The number of directors shall be changed from time to time by the by-laws. The board of directors shall be elected by the stockholders at the annual meeting to be held on the second Tuesday in May, 1912, as the by-laws shall prescribe, and thereafter on the second Tuesday in May of each year. The board of directors shall elect the officers of the company. The president and vice president shall be elected from among the members of the board of directors. The date of the annual meeting may be changed by the by-laws. A meeting shall be held on the 30th day of June, 1911, at 10 o'clock a. m. in the city of Sanford, Florida, for the purpose of adopting by-laws and completing the organization of the company, fixing a just valuation upon the property, labor or services which may be offered in payment for shares of capital stock of the company, and for transacting such other business as may properly come before the meeting. Until the officers to be elected by the directors at the first meeting in May 1912, shall be qualified, the business of this corporation shall be conducted by the following officers: Sydney O. Chase, president; Joshua C. Chase, vice president; and Sydney O. Chase, Joshua C. Chase and L. D. Chase shall constitute the board of directors.

ARTICLE VII. The highest amount of liability or indebtedness to which this corporation shall at any time subject itself is One Hundred Thousand Dollars.

ARTICLE VIII. The names and residences of these incorporators and the subscribers hereto and the amounts of stock subscribed by them severally are as follows, and said shares of stock are hereby subscribed by them respectively: Sydney O. Chase, Sanford, Fla. five (5) shares; L. D. Chase, Sanford, Fla. one (1) share; Joshua C. Chase, Jacksonville, Fla. five (5) shares.

The following communication from J. O. Fries was received and filed:

To the Honorable Board of County Commissioners of Orange County, Florida: I hereby most respectfully acknowledge the appropriation of \$225 given me for the purpose of paying the actual costs of revising the map of Orange county, I for my part giving my time without any charge. I agree to repay the county this sum in case I should fail to furnish a corrected drawing of said county map to be published by your honorable board.

The expenses necessary for revising this map is principally for triangulating and surveying St. Johns river from Lake Boinsett to Lake Monroe where the U. S. plats are either missing or very incorrect. This will take about two or three weeks' time at a cost of about \$5 per day for boat hire and assistance. Also Wekiwa river, about one week at same price. Also mapping and locating all the new roads built in this county since the time, over twenty years, since the first edition of this map was made. It will take going over nearly 300 miles of new or changed roads.

It will also be necessary to re-examine and plat several townships in the south part of the county where time and circumstances did not allow me to get such accurate topography as ought to have been taken.

I expect to be busy with this work fully three months, whereafter I will at once draw the map; this will take about 4-6 weeks, and thereafter turn over to the Board the original copy with copyright to publish the same.

Very respectfully,  
J. O. FRIES CO., Surveyor.

Upon motion it was ordered that Delma Nicholson be allowed to return home the road camp and remain at home as long as he behaves himself.

Petition of S. E. Mathers, J. M. Williamson et al., for a road was called up.

Upon motion the subject matter was further postponed.

Communication from The Sanford Herald asking to be designated as the paper to publish the acts of the legislature of 1911 received. Upon motion the request was granted.

Communication of Geo. C. Beals as to excessive assessment on 8 acres in Section 5, T. 20, R. 27 was received; no relief possible to be given.

Mr. Starbird appeared before the board in request to purchasing the R. R. iron owned by the county at or near Apopka; the matter left to the chairman and clerk of the board.

A. J. McCulley appeared before the board in behalf of the Oviedo Board of Trade in respect to opening a road and

marl pit near Oviedo for the purpose of procuring marl to be used on the Geneva and Chuluota public roads through the village of Oviedo. Referred to Messrs. Brown & Branham.

Receipt of J. E. Willis for \$248 from the trustees of Oakland, Winter Garden school being the fourth payment with interest at 6 per cent.

W. A. Ginn and J. T. McLain appeared before the board in respect to digging a cut-off at the Geneva bridge; upon motion the clerk is instructed to advertise for bids to dig the cut-off; plans and specifications to be found at the clerk's office.

Communication of P. M. Shanlberger in respect to the water at Bear's Head Farm received. Subject matter referred to Messrs. Overstreet & Branham.

Upon motion it was ordered that Mr. Merrill and Mr. Branham wait upon Mr. Akers in reference to purchasing an acre of land that has clay deposit on it to be used for road purposes; if the negotiations fail, then the attorney of the board is authorized to institute condemnation proceedings at once.

Petition of B. B. Sphaler, W. G. Sphaler et al., for a change of public road (Orlando and Kissimmee road) between Pine Castle and Taft; upon motion the subject matter was referred to Messrs. Overstreet & Branham, and report at next meeting.

Mr. Harry Beaman appeared before the board in reference to meeting a delegation of the Jacksonville Board of Trade which will be in Orlando June 22, in respect to the prolongation of New York to Jacksonville Highway at Tampa; upon motion it was ordered that board attend said meeting.

Communication from T. E. Wilson received, read and laid over till next meeting.

Upon motion it was ordered that the superintendent of roads and bridges keep an itemized statement of the expenses in road district No. 2 and the mileage built and repaired, and the recapitulation of the total amount of expenses in said district.

Upon motion the report of the committee in reference to accepting Bluford avenue at Ocoee as a part of the public road system was adopted; road from Sims' corner to Florida Midland railroad crossing.

Upon motion the request of the petitioners for the opening of a road to the depot in Geneva was granted.

Upon motion it was ordered that the superintendent of roads and bridges place both the road gangs, one of 7 men, the other of 12 men, to throwing up the fill at the East Coast Ferry, as soon as practicable.

There being no further business the vouchers were approved and warrants ordered drawn in payment of same.

Board adjourned until next regular meeting on the first Monday in July.

How to Tell if Your Hair is Diseased. Even if you have a luxuriant head of hair you may want to know whether it is in a healthy condition or not. 98 per cent of the people need a hair tonic.

Pull a hair out of your head; if the bulb at the end of the root is white and shrunken, it proves that the hair is diseased, and requires prompt treatment if its loss would be avoided. If the bulb is pink and full, the hair is healthy.

We want every one whose hair requires treatment to try Rexall "33" Hair Tonic. We promise that it shall not cost anything if it does not give satisfactory results. It is designed to overcome dandruff, relieve scalp irritation, to stimulate the hair roots, tighten the hair already in the head, grow hair and cure baldness.

It is because of what Rexall "33" Hair Tonic has done and our sincere faith in its goodness that we want you to try it at our risk. Two sizes, 50c. and \$1.00. Sold only at our store—The Rexall Store. L. R. PHILIPS.

### Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

#### Here the Readers Will Find a Brief Historical Spring Fling For Hurried Readers

With the special examination of candidates for appointment this year to the United States military academy less than a month distant the war department is distressed over the absence of any applicants for forty vacancies in congressional and senatorial districts. In addition there are nearly 100 vacancies with no applicants in the class to enter in 1912.

An indemnity of 12,000,000 pesos, the equivalent of \$8,000,000 gold, will be demanded of Mexico by the Chinese government for the slaughter of Chinese subjects in Torreon. The demand will be backed up by a cruiser which is already on the way to Mexican west coast ports.

Carrie Nation, the Kansas saloon smasher, died at Leavenworth Kansas on last Saturday. Pareola was the cause of death. For several months Mrs. Carrie had been in poor health and on January 22, she entered the local sanitarium in which she died, hoping to recover from a nervous breakdown.

Four railroad presidents, two Interstate Commerce Commissioners, a former cabinet officer, bankers, manufacturer, college professors, lawyers and labor leaders to the number of two score will meet here on June 23, to frame a model law for uniform public utilities legislation throughout the States, according to an announcement made by Seth Low, president of the National Civil Federation. The committee will be known as the national committee on the regulation of railroads and public utilities.

Forty seven additional postal savings bank depositories in various parts of the country were opened for business today making a total of 176 to date. Fifty more banks will be inaugurated on June 27 and by the first of July it is expected that more than 300 will be in operation. The postmaster general still adheres to his policy of designating only second class postoffices believing that it is better to try the scheme "on the dog" so to speak, before tackling the big cities.

Sweeping out of the southwest with cyclonic velocity, a wind and hail and electrical storm struck the lower end of the Virginia peninsula Tuesday and left a trail of death and ruin in its wake. At this hour it is impossible event to estimate the number of dead, for many small crafts with their human freight went down in the storm at various points along the James River and in Hampton Roads. Conservative estimates to-night place the dead at not more than 15. None of the bodies have been recovered and their identity is unknown.

The Houston Cotton Exchange will be opened to all business men tomorrow morning, regardless of whether or not they are members of the exchange, when the first bale of cotton produced this year will be auctioned at nine o'clock. The bale was grown at San Benito, Cameron county, by Ernest Matz, on a 100 acre farm leased from Alfonso Hicks. It was rushed into San Benito Saturday by automobile, glared and rushed to this city on a special train.

During the two weeks beginning Philadelphia will be the scene of what will probably be the greatest denominational demonstrations the world has ever known. Three great conventions of Baptists will attract representatives of the church from every country under the sun.

The United States navy soon will need a large number of sailors. Orders have been sent out by the Navy Department to begin recruiting at the new office in Chicago in July. Crews for the new battleships Utah and Florida and at the expiration soon of terms of enlistment of many sailors make it necessary for the navy recruiting officers to enlist all available competent men.

Spain and Italy can not teach the United States anything in the growing and handling of oranges, lemons and other citrus fruits. G. Harold Powell, until recently assistant chief of the Bureau of Plant Industry, Department of Agriculture, makes this assertion upon his return from Spain and Italy.

## ADVERTISING CERTAINLY PAYS

### Public Sale At Mettingers Had a Record Breaking Crowd

The Doubting Thomas who contends that advertising does not pay has been silenced since the crowd broke down the doors to Mettinger store last Wednesday and crowded the store all day on opening day and every day since. The first ten ladies and first 10 men in this store got a dress and hat free and when Manager Cole announced that the store was about to open the street was crowded and in the rush to get several were suffocated and were obliged to seek the open air to get their breath. Mettingers used printers ink unsparingly and the results have justified the wisdom of such a course. Advertising brought the crowd and the bargains held them and people from miles around came to Sanford this week to take advantage of the wonderful bargains offered. Dozens of clerks had been engaged to take care of the customers but the force was entirely inadequate to attend to the enormous crowd of buyers that thronged the store and on the first day many were turned away as enough clerks could not be secured. The sale will last for ten days and those who have not taken advantage of the sale should do so as never again will such a bunch of bargains be offered in this section. Mr. J. H. Cole the manager of this sale guaranteed that he would have the largest crowd at this sale that had ever congregated at one store in the city and he has made good his assertion. He is a hustler and a firm believer in the efficacy of printers ink which means that he knows how to attract the attention of the public.

### Locomotive Engineers Memorial

Memorial Service for the Brotherhood of Locomotive Engineers brought out a large audience at the Congregational Church Sunday afternoon. The sermon was under the auspices of the Sanford Division and about thirty engineers from outside of Sanford were there with their families. Local engineers and their friends were also there in numbers. The church was beautifully decorated with flowers in memory of the departed engineers of this Division. From the pulpit hung the American flag. This is the first memorial service of the kind ever held in Sanford and the occasion will be long remembered by the congregation. Rev. George B. Waldron, pastor of the church was the speaker.

### Sanford's New Directory

The new city directory recently compiled by Polk & Co. has been completed and was distributed among the business concerns this week. The new directory is a good one, giving a description of Sanford and the number of inhabitants, the rural routes and people living adjacent to the city. There is also tables and statistics and much information concerning Florida in general.

The new directory gives Sanford a population of 6,378 which is a much better figure than the incomplete census given by the enumerator.

The directory is a great help to the merchants and shows the thorough methods of Polk & Co.

### The Orange County Fair

Seth Woodruff was re-elected president of the Orange County Fair Association at the annual meeting held in Orlando a few days ago. The organization is making great plans for the next fair and will have it far surpass all previous efforts. A splendid board of directors has been chosen and under the capable direction of the president and other officers the affairs of the association are certain to prosper. —Times-Union.

### May Have State League

Tampa is again getting the base ball fever and there is talk of organizing a four-team Florida State League with Jacksonville, Tampa and Pensacola in it for a certainty and the fourth city yet to be selected. Ocala, which is a sporty and growing city, looks to be logical, as it would make the jumps from Tampa to Jacksonville and Pensacola and vice versa less like a flight across the continent. A low salary limit and the enforcement of the rule to make it stringent, would make it a paying proposition, but there is always present that disposition to cheat a little at horse trades and this would break up the league. —Tampa Times.

Many visitors from Leesburg took in the ball game on Tuesday.

## THE FALL OF TROY

### The Star Will Give Sanford People Fine Production

The Star Theatre will give a \$30,000 production next Monday night in the great spectacular price, "The Fall of Troy". Two thousand armored Greeks appear in the scene. Following is the synopsis of this beautiful story:

Helen of Troy, as she is called, was the wife of the Greek king, Menelaus. Her father was Jove, the King of Gods, and her mother was a mortal woman. She was the most beautiful woman the world had ever seen. She was so beautiful that all the Greeks looked upon her as a national treasure.

Menelaus, the king, takes leave of his wife in the beautiful garden back of his palace and, mounting his two-wheeled chariot, drives away to pay a visit. We see him, in the next scene, driving through the beech-tree bordered lanes of Sparta. Then comes Paris, as an ambassador and Helen, the mistress of the house in the absence of her husband, receives him in the great marble hall. It is lined with fluted Doric columns and thronged with attendants, her own house servants and those who have followed Paris bearing rich gifts.

Paris is smitten by a shaft of love at first sight of beautiful Helen. In the garden she repulses him, but later, as the two stand together, on the lawn beside the palace, a lonely place bathed in silver moonlight, Venus, the Goddess of Love, appears. Venus favors Paris. Was it possible for a mortal woman, though she were wholly lovely, to hold out against the power of a goddess? Helen falls into Paris' arms and Venus throws her veil over them. She disappears. We catch a glimpse of them as they are wafted away to Troy in Venus' magic sea-shell chariot, accompanied by all the flying Loves.

Menelaus won't believe the news at first. We see him thunderstruck by it, as he sits feasting in another beautiful room. Home again, we see him gathering together the heroes of Greece who swear to revenge him.

By this time Paris had reached Troy with his beautiful paramour and we have a picture of a luxurious feast in a gorgeous palace of the Phrygian city. Paris brings Helen a golden cup of wine and they drink from it by turns. Then the Greek ships appear outside the harbor, a far glimpse of which can be seen from the palace. Helen looks out and sees her former friends and seems much disturbed.

Now follow some of the most remarkable scenes ever produced. One is an attack on the walls of a great city by an innumerable army. A movable tower is wheeled slowly up against the battlements and scaling ladders are brought, but great stones are hurled against the tower and down on the thick crowds of the besiegers. The Greeks lose too many men and have to retreat. Now they resort to strategy.

The next picture is magnificent. We see the great wooden horse on a hillside and Troy in the distance. The Greeks retreat and the rejoicing Trojans break a passage in the wall of their city and draw in the horse. They suppose it an offering to the gods. A Grecian spy takes the news to the hiding fleet. Night comes. The hiding heroes come from the horse and set the city in flames. The rest of the Greek army appears. Now, as the flames spread through the city, we catch glimpses of turmoil and confusion. Parties of inhabitants fleeing in terror, caught by Greeks and turning at bay only to be cut down.

Paris and Helen are asleep. They awake and throw open the casement. Troy, the glorious, is now a nest of flames. They rush into the palace. In its great columned hall they meet Menelaus and the Greeks. Menelaus kills Paris and has Helen led away. Now, looking back, we see a sad vision of a ruined city and its smouldering, red-hot walls.

Remember that the Star Theatre will give this magnificent production next Monday night. Don't fail to see this beautiful story of Homer.

### Elks to Play Ball

For the benefit of the Hospital Association. Local ball fans and Elks are looking forward to the ball game which they have scheduled for June 27th between the Elks of Orlando and Sanford. This promises to be an event of unusual interest as the Elks do not do things by halves. The proceeds are to go to the Hospital Association. We expect to have the lineup next week.

## "THE DEESTRICT SKULE"

### Will be Given for Benefit of Sanford Library.

At the School Auditorium next Friday evening, a most entertaining and amusing play, will be given for the benefit of the Sanford Library.

A number of our public spirited citizens who are willing to do almost anything in their power to aid and promote the progress of this valuable adjunct to the pleasure, improvement and upbuilding of our community, have consented to enter as pupils for one brief term the celebrated "Deestrick School At Bluberry Corners." The summer term will be opened next Friday morning June 23rd at the High School Auditorium under the management of Hezekiah Pendergrass.

This entertainment will be for a most worthy cause as our Library is, or should be, close to the heart of each and every citizen, and every man, woman, girl and boy in Sanford and all the adjacent communities; should be present next Friday evening; to encourage by their patronage and good will, these friends who so willingly lend themselves to this effort to make fun for others and in behalf of the Library.

Let everybody come and enjoy with these grown up peoples the pleasure of renewing their dear old school days, and the novel sensation, of demanding that "Time" should win back ward in its flight and make each one of them a child again, just for that night.

### Bank Year Money

Cashier Tolar of the Peoples Bank believes in advertising and has an advertisement in every issue of The Herald calling attention to the benefits derived from a bank account. Look up the advertisement each week and read the words of wisdom embodied in each one. The wise person uses a bank and the reasons are explained.

### Circuit Court Date

A letter from Hon. B. M. Robinson states, that Judge Jones will hold session of circuit court at Orlando commencing Tuesday June 20. All those who expect to attend should bear in mind the change date, Tuesday June 20.

## ALL AROUND FLORIDA

### The General News of "The Land of Flowers."

### CULLED FROM THE STATE PRESS

#### An Epitome of the Week's Most Important Happenings in the State's Domain.

The party of home-seekers that reached Jacksonville Thursday came at the time when they will be able to learn for themselves things that they ought to know. The winter climate of Florida is well known and one coming here in the winter season would learn nothing about the climate of the state. The summer climate, however, has been misunderstood and any man, thinking of coming here to live should visit the state in summer and decide for himself whether he can live here in comfort the year around.

Before the time comes when it will be needed, a new packing house will be erected by the Manatee Citrus Growers' Association. The packing house will be large and modernly equipped for the careful and expeditious handling of oranges and grapefruit. It will be located near the Seaboard Air Line tracks and a choice of routes will be accorded shippers. The site for the new packing house was furnished by the railroad.

Lee county puts the county on notice that it will have a big Fair next February, which will give its industries and resources the widest possible publicity. The enterprise is in the hands of energetic citizens and if it is not a success it will not be for lack of the right sort of effort. The Lee county exhibits at the State Fairs held at Tampa, on account of their semitropical character and luxuriance, attracted much attention and a fair devoted to these products would be a great drawing card.

### Who Was It?

A resident of Sanford went over to Daytona Beach in his automobile to spend a few days. While bowling along the beach on a spin, the machine ran into a soft place in the sand and stuck. The chauffeur got out to "crank her over" but the machine was stuck so fast that it could not be budged. A pair of mules were sent for and by the time they reached the scene the tide had begun to come in and the sand got softer and the machine gradually settled. The pair of mules were unable to budge the burden and four more mules were sent for. These were hitched to the machine with two automobiles, but by this time the machine was four feet deep in sand and water and the work of rescue had to be given up until the tide went out. This was done and when the machine was finally hauled out of the sand, every part was filled with grit, the salt water had damaged the paint and fittings, the general appearance of the new pleasure vehicle being all but handsome. —Times-Union Cor.

### Scout Car Arrives

Ernest Metcalf of the Jacksonville Metropolitan, J. F. Phillips of the Jacksonville Board of Trade and Gus Walker the well known auto driver arrived in the city on Tuesday on their pathfinding trip. These gentlemen are looking out a suitable continuation of the National highway, over which a tour inaugurated by the Jacksonville Board of Trade, will be made by twenty-five to thirty cars of representative citizens of the metropolis, the party leaving that city on the morning of June 20th, arriving in Sanford at noon on June 21st, when an open air meeting will be arranged at the band stand. The gentlemen were taken over the city by W. D. Holden and given all the information possible regarding the different routes. To a Herald man they stated that Orange county had the best stretch of good roads in the state and when our drawbridge is finished there will be nothing lacking in a good highway from Orlando to the East Coast via Sanford. The people of Sanford should give the visitors a rousing welcome on June 21st and show them our sentiments on good roads.

### Take Car Ride Tonight

Take a car to Sanford Heights tonight and enjoy a musical program and refreshments at the home of C. H. Dings and R. J. Holly. Given by the Ladies' Auxiliary of the Presbyterian church. 25 cents round trip, includes refreshments.
