

**COMMISSIONERS MEET**

**Business of Much Importance to County Transacted**

**HERALD TO PUBLISH NEW LAWS**

**Many New Roads Will Soon be Constructed—Sanford Drainage Matters Considered**

Monday, July 5, 1908.  
A quorum not being present, the clerk adjourned the meeting to Tuesday, 9:30 a.m.

Tuesday morning, 9:30  
Board met. Present, Chairman Lee, Commissioners Tilden, Vaughan, Merrill and Overstreet.

Minutes of the last meeting read and, with one correction, approved.

The commissioner to whom the matter of telephone poles from Apopka to Winter Garden via Staten's crossing was referred, made his report, favorable to the request, with the usual restrictions.

The assessor's books not being ready, and the roll not being presented, it was ordered that the board will consider the assessment roll and assessments with the view of equalizing the same on regular meeting day of August, and that the clerk give notice at least fifteen days before by publication in the Sanford, Orlando, and Winter Garden papers.

It is further ordered that the assessor have roll ready at that time.

The tax rate from the state comptroller received as follows:

General revenue tax.....	2 mills
General school tax.....	1 mill
Pension tax.....	4 mills
State Board of Health tax.....	4 mill
Total.....	7 1/2 mills

Communication from B. E. McLin, enclosing an act to amend section 4109 of the general statutes of the state of Florida, relating to labor of convicts, received and read.

Ordered that the comptroller be requested to allow the redemption of tax certificate No. 822 of 1897, 6 1/2% of sw 1/4 of nw 1/4 of sw 1/4, sec. 22, tp. 21, sr 29 e., property of David Lockhart, to be redeemed at the flat sum of \$8.17. To be redeemed in 60 days.

Ordered that the comptroller be requested to allow the redemption of tax certificate balance, 1337, of 1895, w 1/2 of lot 8, blk 1, Poynter's addition to Orlando, property of Mrs. M. H. Terry, at the flat sum of \$20. Redemption to be made in 60 days.

M. S. King appeared before the board, asking that the county raise the grade on the south road near his house. Messrs. Branham and Overstreet were appointed a committee to look into the matter and report at the next regular meeting.

Mr. Branham was authorized to inform Mr. Starbird that the side track near marl pit was no longer needed, and he was at liberty to remove it.

B. Beacham requested the board to make some improvements on the Apopka road. He was asked to see what he could do in the way of subscriptions.

M. M. Smith and others presented a petition to have the road leading from Sanford to Sylvan Lake and Paola clayed. Laid over to the next meeting, the board to look into the matter.

Messrs. Dickson and Beeman appeared before the board in regard to roads leading to Volusia and Osceola counties. This will be on the direct line of the highway from Jacksonville to Tampa, which is being discussed. No action taken by board.

Petition of W. D. Barnett et al for a road near Lake Ola, laid over under the rules. Mr. Hart appeared before the board, asking for further improvements on the road near Boggy Creek. No action taken.

The petition of E. E. Brown, Joe Cameron, et al, to have road clayed on the Geneva road from Beardall avenue to Jessup Prairie, and also on Cameron avenue from Geneva road south one-half mile, they being willing to do the hauling and surfacing if clay was furnished by the county. Permission to use the marl in the Mitchell pit was given provided the marl was taken out before Nov. 1st, as the lease on the pit expires at that time.

Petition for vote on the hog law received from two precincts. The new law not being published, the matter was laid over to the August meeting.

Petition of W. H. Evans et al for a clay road from Big Tree crossing to Lake Mary, &c., received. County not in financial condition to grant same.

Petition of S. O. Chase, Joe Cameron et al for road, which was laid over from the June meeting, was granted. Road to be known as Brisson avenue.

Communication from J. N. Bishop in behalf of people at Paola, to have road clayed, was referred to a committee of Messrs. Vaughan and Branham, to report at next meeting.

Petition to have road connecting Orange avenue and the Apopka road, following the shore of Lake Ivanhoe, which was laid over from June meeting, was granted.

Application of Wm. P. Russ for state

pension, was approved and ordered forwarded to the state comptroller.

Bond of Sumpter F. Davis to carry Marlin rifle, with S. S. Griffin and E. A. Quigg as sureties, was approved.

Bond of Chas. R. Lord, with Francis Karel and A. G. Branham as sureties, approved to carry revolver.

Reports of the following county officers received and filed:

County physician, superintendent of county home, superintendent of roads and bridges, payroll of road camp, report of polls collected, tax redemptions by clerk, licenses collected, treasurer's report, auditor's financial statement.

Moved that the clerk notify the justices of the peace that whenever a coroner's jury requires the attendance of a physician, that they notify the county physician.

The Sanford Herald was the paper selected to publish the new laws.

Collector's list of errors, insolvencies and double assessments for the year 1908 received and filed.

Warrants were signed, and board adjourned to July 15, to consider bids for drainage.

**A GREAT CELEBRATION**

(Continued from page 1)

third prize. For Second Class ponies, A. F. Giles won first prize, Joe Guerry second and C. F. Foster third.

R. M. Singleton is a well known tournament rider having taken part in these races here upon several occasions. While not as young as he used to be he still gives the youngsters a good run and always takes a great interest in these events.

The second game of ball with Orlando then attracted the large crowd and various estimates place the number in attendance at the afternoon game as over 1500. The grounds and grand stand were entirely inadequate to hold the crowd and they were forced to sit on the fence and scatter out over the field.

The large crowd was very orderly and while much enthusiasm was shown by both the Orlando and Sanford rooters there was no ill feeling engendered and every one left the lot with the feeling that they had witnessed a real game of ball.

After the ball game the crowd wended their way cityward and passed the time pleasantly. Most of them hurried to the station to catch the various trains leaving for home.

There was a good boat race on the lake about five o'clock and while there were only three entries they made very good time. This feature of the day was not arranged upon a large scale as the committee on arrangements left the regatta to the charge of several yachtsmen, and they did not get many boats to enter.

G. E. and J. E. Vincent entered the Cushman and Eagle boats and Capt. Pagenhart the Mamie.

They made the run to Enterprise and return and the winner was the Cushman with the Eagle second and the Mamie third. It is to be regretted that more boats did not enter the race as Lake Monroe offers an excellent course for these races.

A dance at the Sanford House ended the day's enjoyment although most of the people were too tired to indulge in the terpsichore. The unbleached orchestra furnished the music and a small coterie of dancers enjoyed a pleasant evening here.

It is estimated that between 5,000 and 6,000 visitors enjoyed the day in Sanford and while the celebration was not upon a large scale it is safe to assert that no better time was ever had in any city in Florida.

The various committees are due much praise for their excellent service rendered in inaugurating and carrying to a successful issue a celebration of this character. They labored long and faithfully against great odds to give Sanford and the people of Florida a good time. A very small sum of money was raised to carry out the celebration and the fact that it was a grand success is due, not to the citizens who were quick to respond but to the committees who went ahead, surmounted all obstacles and made success from what looked at first like a failure. The heavy rains of the few days previous retarded the work greatly and it took almost a superhuman effort to go ahead and make such a creditable showing. B. W. Herndon, the chairman of the association proved to be an indefatigable worker and his tact and energy were everywhere apparent. Sanford by the celebration has added another jewel to her crown of achievements and kept her rightful place among the cities of the state as the city that moves in the front ranks at all times.

There were many people here from all sections of the state and the wonderful progress of the city received the notice and praise of all present.

"In Sanford, life is worth living."

Who said anything about hired players? The great fault of the Orlando team was that they couldn't hire the good ones.

**A. E. HILL**  
**Hardware and Farm Implements**

**LUCAS PAINTS**

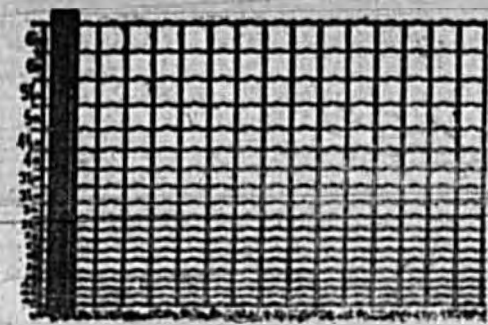

Used in Uncle Sam's Paint Shop

During the past year the U. S. Navy has consumed 691,000 pounds of LUCAS WHITE PAINT and 278,700 pounds of LUCAS COLORS, sufficient to produce more than 100,000 gallons of paint, equivalent to 50 carloads of 200,000 gallons each, and which would make a train more than one-half mile long.

In Uncle Sam's service, as in everybody else's, LUCAS PRODUCTS have an unbroken record for satisfactory results.

**'PITTS URG PERFECT'**

Best Fence Made  
NO DEARER THAN THE POOR KIND

For Field, Farm, Ranch, Lawns, Corn Cribs and Poultry

Will stand ordinary as well as hard usage

Will not sag in Summer's heat nor break in the cold of Winter

Are made of the best materials and have stays that cannot slip

Do not require an expert to erect, and are low priced

**WELL DRILLING**

We have the largest and best equipped plant for driving wells in this section of the country and are prepared to fill all orders promptly. Our machinery is up-to-date and our workmen are skilled in the work.

Those contemplating putting in wells would serve their best interests by consulting us and learning prices before making contracts.

**WE HANDLE THE ABOVE EXCLUSIVELY IN SANFORD**

**Ball Game Saturday**

On Saturday, Monday and Tuesday Henry Davis and his bunch of cotton blossoms from Gainesville will endeavor to take three straights from our boys. The Gainesville boys are touted as the real article and now that Sanford has the greatest aggregation of ball tossers that has ever wielded the willow the three games ought to be most pleasing to the fans. Remember the dates, Saturday, Monday and Tuesday.

**To Subscribers**

An order of the Postoffice Department, Washington, D. C., effective Jan. 1, 1908, provides that no delinquent subscriber shall be carried longer than three months, giving as a reason that the department is furnishing a low rate of postage on newspapers, and does so for the benefit of a bonafide subscriber who pays for his paper.

**Presbyterian Church**

The pastor, Rev. J. F. McKinnon, has been given a vacation until the middle of August and until that time there will be no preaching service. The Sabbath school and the prayer meeting services will be held weekly as usual throughout the summer.

## NEWS OF THE WORLD

### Items of Interest Gleaned From Various Sources

### HAPPENINGS DURING THE WEEK

#### Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

What is said to be the largest American flag ever hung to the breeze, was that which floated at the home of Thomas W. Lawson at Scituate, Mass., in commemoration of the marriage of his daughter Marion to James F. Lord of Chicago. The flag is 75 feet long and 80 feet wide. Each of the 46 stars are 22 inches in diameter and are scattered over a blue field containing 840 square feet. The weight of the flag is 175 pounds. The pole from which it floated is 190 feet high, made of two sticks of timber from Oregon, and weighs twelve tons.

Daniel Aheron of the Irish-American Athletic Club, has established a new record for hop-skip-and-jump. The distance covered was 50 feet 1 1/2 inches, and was made at Celtic Park, New York.

The attractive dresses worn by the graduates of the Springfield, Mass., grammar school, were made by the girls themselves. There were 75 graduates, and the work was done in the sewing classes. The total cost of each dress was a little less than two dollars.

Mrs. Carrin Brunham Kilgore, the first woman admitted to the practice of law in Pennsylvania, died recently at Swathmore, Pa. that state, aged 71 years. Born in Vermont, graduated in that state and Wisconsin; later studied medicine and received the degree of M. D.; was admitted to practice in all the courts, local, state and federal, and was eminently successful.

By the burning of the Japanese steamer, Nihoukai Maru off Aomori, coast of China, 149 lives were lost, including the entire crew.

Disastrous floods swept over the country in Missouri bordering the big rivers, causing immense loss of property and a few lives. The heavy rains of last week were the cause of the flood. Travel of all descriptions was seriously interfered with.

Henri Lemoine, the Frenchman who claimed to have discovered the secret for making diamonds by use of chemicals, and who secured \$320,000 from Sir Julius Wernor of London, head of the DeBeers diamond syndicate, on the strength of the claim, has been convicted by the French courts as a swindler. He is sentenced to six years' imprisonment, a fine of \$600, to pay Werner \$2,000, and to stay away from Paris for five years after his prison sentence expires, and he must not leave the place he chooses for his home without permission of the government.

Within half an hour after the governor of Alabama had granted a reprieve to Jim Parrish, a negro sentenced to be hung at Decatur, the prisoner made his escape while the convicts were at dinner. This is the second time he has escaped. He was to have been hanged today.

The 1900 tin workers at Newcastle, Pa., who went out on strike when the operators declined open shop, have been paid in full and unconditionally discharged.

In the wet and dry election in Bristol, Va., the wets won, and already over 100 applications for saloon licenses have been made.

Earthquake shocks continue to be reported from Italy, France and Spain, but so far no serious damage has been done.

Prof. Simon Newcomb, the noted astronomer, died in Washington July 11. He was 74 years of age.

Under the new liquor law in Texas, only one saloon will be allowed to every 500 persons.

Marquis of Ripon, noted Englishman; died July 11. It was he who aided in adjusting the Alabama claims, was Viceroy of India at one time, left the order of Merit to join the Catholic church, had been secretary of war, and held many high positions in the British government. He was aged 82 years.

Fred D. Warren, the brilliant and fearless editor of The Appeal to Reason, the Socialist paper in Kansas, has finally been convicted for improper use of the mails in printing on his envelopes a reward for the arrest and conviction of Caleb Powers. The sentence is \$15,000 and costs and six months' imprisonment.

## THE FLORIDA CITRUS EXCHANGE

### Sanford or Orlando Will be County Sub-Headquarters

Orange county being the banner county for citrus fruits, is naturally interested in the great movement of an exchange, and since the association has been formed, and every county is to have a sub-headquarters, the question of location arises. It will be either in Sanford or Orlando, probably Sanford, as this city has the greatest shipping facilities and low transportation rates. Mr. Reid, the expert from California, who has been engaged by the Exchange to take charge of the organization of the growers, will be in Orlando next Friday.

In a communication to the Reporter-Star, W. H. J. has the following regarding the sub-exchange:

"One of the most important steps ever taken in the history of this state in the interest of the orange business was taken when the Florida Citrus Exchange was organized at Tampa recently, and organized upon a plan that in California has been tried for years and has proved popular and successful. The headquarters of the exchange will be at Tampa, but each county is to have a sub-headquarters, and the question pressing at this moment is, shall it be at Orlando or at Sanford, for Orange county.

Lately our sister city of Sanford has got a move on her, and there are a half dozen or so hustling men there who are reaching out for everything in sight, and for this thing of a sub-headquarters, among other things. Now I commend Sanford for this, and am proud of her, but we must not forget that "there are others." Orlando was never yet known to be a laggard when there was something good in sight. We have not been in the habit of sitting still and waiting for the plum to drop into our mouth, though we may have sometimes been somewhat neglectful of our opportunities, but it is a rare thing.

## TRADE IN FLORIDA PRODUCTS

### A Few Vegetables and Pines About the Only Offerings

Philadelphia, July 8.—There are still a number of Florida vegetables being offered on the market, some meeting with a good sale, while others are dreggy and not wanted. Most of the eggplant coming is only fair as to quality and much soft stock is to be seen. Perfectly sound eggplants sell for \$1 to \$1.50 a crate. Okra is in moderate supply and not wanted. Dealers say it is slow sale. Lima beans from both Florida and Georgia are offered and sell well. Prices range from \$1.25 to \$1.75 a basket.

Outside of pineapples, grapefruit is the Florida fruit that is offered now. Even this is about out of season and receipts are only of small lots. Some is coming from the coolers. Prices are high, \$4 to \$6.50 a box.

W. E. Griffin, until recently editor of the White Springs Herald, but now with the Ocala Banner, told the editor of the Ocala Star the other day why the Herald suspended publication. He said that the big sawmill of the Camps had been lying idle for a year, that business at the Springs was light, money tight and hard to get, and the result was he was unable to make ends meet, and thought it best to quit it time. This is a deplorable picture of conditions at the Springs, which should be prosperous, as they are quite popular as a resort. Almost every other town and city of Florida sounds a note of rejoicing over its prosperity. There are few which are in the discouraging condition that Mr. Griffin represents White Springs to be in, very few. Yet there is reason to hope that a far different report will come from White Springs in a year or two.—Times-Union.

The Billy Rose Minstrels at the Sanford Opera House Thursday night, July 22. As fine show as travels for the price. Reserved seats 50c, general admission 25 and 35c. Seats on sale at Newlan's Drug Store Wednesday morning at 9 a. m. Special scenery carried for each act.

We wish to call attention of readers to the change of advertisement in the issue of the Southern States Life Insurance Co. J. C. McDaniel is general agent, and you should get his proposition on the insurance question.

Jack Manning, a former Florida boy, has become heir to the property of his grand father, recently deceased. The estate is near Lufkin, Texas. Anyone knowing the whereabouts of Jack, will do him a favor by notifying him of his good fortune.

## THE FALL PROSPECTS

### Celery Delta is Filling Up With People

LARGE LAND DEALS BEING MADE

### City is Filled With People Who Are Anxious to Purchase Rich Celery Land

Never before in Sanford's history has there been so many people in the city at this time of the year buying lands and city property. The real estate men are kept busy every day, and it is estimated that the sales of this week will amount to over \$50,000. Several very valuable tracts were sold to parties in the North who expect to develop the land and farm upon a large scale. With all the many other sections of Florida that are attempting to attract settlers by the offer of cheap lands, the real buyers persist in taking Sanford land in the section that has made a success of vegetable growing.

Celery is just becoming a favorite theme in different sections of the state, though here in Sanford many growers realize greater profits from other crops. This week there are several truck growers from other sections of the state here getting information about the growing of celery. In the Sanford section there is great activity along all lines and hundreds of men are busy clearing up lands, making roads and otherwise improving the rich hammock lands that will soon be covered with the great crops.

The Howard-Packard Land Co. and the Celery Delta Land Co. are both opening up rich lands on Sanford avenue near Lake Jessup, the former having Eureka Hammock and the latter Palm Hammock.

On the Sanford and Orlando road the Holden Real Estate Co. is making great improvements in Spring Hammock. All of these tracts are being greatly improved by having good roads cut through them, and many ten acre tracts already sold are being cleared ready for cultivation.

In fact this section that only a few months ago was a forest primeval is now teeming with life and civilization is established where the deer roamed at pleasure. In these rich hammock lands the trees are so thick in places as to almost obstruct the light of the sun and the alluvial soil is all that could be desired for raising of garden truck. Out Beardall avenue and Cameron avenue and near Cameron City ten acre tracts are being sold and cleared up every week, and from Celery avenue west there is a solid line of fenced-in tracts that last year was an unbroken stretch of hammock.

Houses and stores are being erected, and the Sanford & Everglades railway is laying rails to Cameron City and getting ready for the fall shipping.

A new station has just been erected at Beck Hammock and will go by that name. Out on the west side the truckers are just as busy, and many new buildings are being erected and new lands being cleared.

M. M. Smith is having roads and ditches cut through his lands, and otherwise improving the property, and is selling land every day.

The Sanford section is attracting the home-seeker from every part of the United States, and this fall will witness the greatest activity in real estate that the celery delta has ever known. Sanford lands can prove their value, and the buyer can be shown whether they are "from Missouri" or any other state.

### Band Concert and Refreshments

The ladies of the Baptist church will serve ice cream and cake in the city park next Thursday commencing about 4 p. m. During the evening the Sanford Band will give one of their enjoyable concerts under the leadership of Prof. Stinson. Come out and spend a pleasant evening. The proceeds will be for the benefit of the Baptist parsonage fund and the ladies hope in this way to raise a neat little sum.

### Catcher Hudson Injured

Hudson, the prettier catcher of the Sanford nine had one of his fingers so badly injured in Tuesday's game that he will be unable to play for several weeks. This will weaken the Sanford bunch as Hudson is the fastest backstop in the state and was a great aid in the hitting.

Six buildings were burned in South Jacksonville, Wednesday. It started from a defective flue in the residence of Capt. Frank Stephens.

## SANFORD'S ELECTRIC LIGHTS

### Getting Everything in Readiness For The Wiring And Machinery

J. T. Fuller is the busiest man in Sanford these days getting ready to install the new electric light plant. The building has been erected and is a very substantial brick structure large enough to house all the machinery. The equipment will be of the latest improved type and gas will be used for fuel thus insuring a good service at all times. The machinery is said to be the best that has ever been placed in Florida and the street lamps are also of the best and latest pattern and guaranteed to illuminate the streets satisfactorily.

Under Mr. Fuller's supervision the poles are going up like magic and he promises to have the plant in operation in a few months. The company has opened a new office in the Pico building on Railroad Way and a full line of supplies will be carried in stock.

When the new plant is in operation Sanford will be one of the best lighted cities in the state and one of the greatest needs of the city will be supplied.

The company will furnish a day current if enough patrons can be secured and this will be a great aid to all the manufacturing industries.

### Fine Hardware Window

A window in the A. E. Hill store is worthy of mention, as it demonstrates that even in a small space a man with ideas can display his aptitude. The window was arranged by J. W. Flynt, and while cramped for space it is one of the most complete displays of hardware, and embraces a large variety of tools and implements. A well dressed window is a good advertisement, and the display at Hill's should attract the trade. Mr. Flynt should keep up the good work of window displays.

## IN THE PRESIDENT'S CABINET

### J. C. McDaniel of This City is Highly Honored

J. C. McDaniel, general agent of the Southern States Life Insurance Company, has been appointed a member of the President's cabinet. Not President Taft, but President Wilmer F. Moore of the Southern States. This honor is only granted to one man in each state, who secure for the company the highest amount of business for the year. When taken into consideration that there are over fifty good hustling agents in the field, the appointment of Mr. McDaniel is a signal honor. He is also a member of the Anniversary Club and has been for two years in succession, and the only man who obtained a membership for the year 1909.

Mr. McDaniel is an old Sanford boy and comes back to this city to make it his headquarters. His old friends are glad to greet him and know that his estimable family will soon join him and make their home on Park avenue. They are also proud of his success achieved only by hard work and the ability to hustle.

### Florida Corn a Luxury

In a letter to the St. Augustine Record Mr. John O'Conner, of the Oriental Hotel, Manhattan Beach, N. Y., manager of the Florida House in that city during the winter writes the following interesting paragraph:

"About three weeks ago, while in the market I noticed some new corn on the cob. I asked where it came from and they said Gainesville, Fla. This is the first new corn from Florida I have ever seen in a northern market. It was a very fine article indeed, and was listed on the swell restaurant bills of fare in town as Florida corn on the cob and brought during the first week \$1.25 a portion (two ears). I thought this pretty fair for Florida."

The first corn from Sanford shipped to New York brought the growers 50 cents per dozen. As this crop is raised after the celery is over it has certainly proved a good thing for the growers.

### To The Public

Mr. T. H. Barlow, who for the past year has been sole owner of the E. A. Heffield Co., has sold to W. H. Williams (who has been manager of said business for the past ten months) an undivided half interest in said business, and the business will be conducted under the firm name of Barlow & Williams and will be under the same management.

Thanking all of our customers for past courtesies, and hoping for a continuance of the pleasant relations and promising "a square deal" to all, we are

Yours for business,  
BARLOW & WILLIAMS.

## ALL AROUND FLORIDA

### The General News of "The Land of Flowers"

### CULLED FROM THE STATE PRESS

### An Epitome of the Week's Most Important Happenings in the State's Domain

In an effort to stamp out glanders, prevailing among horses in Ocala and vicinity, the state veterinary surgeon last week ordered 47 horses in the Cobb stable in Ocala to be killed. Thirty-five of the animals belonged to Mr. Cobb.

Adam Eichelberger, a pioneer citizen of Ocala, and formerly owner of the famous orange grove bearing his name before the disastrous freeze of a number of years ago, died in Atlanta last week, aged 82 years. Mr. Eichelberger had gone to Atlanta to be treated for cancer. His remains were brought to Ocala for burial.

H. H. Richardson, secretary of the Jacksonville board of trade, has been elected president of the association of Southern Commercial Secretaries. The meeting was held in Atlanta. The next meeting will be held in New Orleans.

While a Const Line train was backing out of the McAnoy branch last Thursday night the rear coach left the rails and began plowing into the bank alongside the track. Before the train could be stopped the first and second coaches were torn from their trucks and badly smashed. Conductor Charles Miller, the flagman of the train, and David Haddock a former engineer of the road, were on the rear platform at the time. The two former escaped with only injuries, but Haddock was killed. There were some thirty passengers on the train, but none of them were seriously hurt. Haddock's remains were taken to St. Petersburg, where his family lived, for burial. He leaves a widow and three sons.

Last Friday, for the first time in Tampa's history, a steamer flying a foreign flag was at one of the city wharfs to take on cargo for a foreign port. The vessel was the Hillbrook from Liverpool, England.

Geo. Nelson, a mulatto convict, who escaped from the camp of Hale & Bigham at Keystone Park, was found drowned in Hillboro river near Tampa last week.

Miss Eva Lee Waid of Waycross, Ga., was married last week to D. M. Davidson, the convicted murderer who is under life sentence to prison. The marriage ceremony took place in the jail at Palatka, the county judge officiating, the sheriff giving the bride away, and J. M. Kelley, Davidson's associate in the murder, acting as witness.

O. O. Poppleton of Stuart, the bee king of the East Coast, has taken fourteen tons of honey from his little workers at Key Largo, so far this season, and still there's more to follow.

Palm Beach county celebrated its organization with a huge blowout at West Palm Beach on the Fifth. Thousands of people from up and down the East Coast were in attendance and the Cottage City was in holiday attire.

The latest in transportation circles is a talk about a steamship line between Miami and Jacksonville.

The southern division headquarters of the Florida East Coast railway has been moved from Fort Pierce to Miami.

Gordon Keller, one of the most prominent business men of Tampa, died Saturday and was buried with high honors on Monday. Business was suspended during the funeral. For fifteen years he was the city treasurer, and was esteemed by rich and poor alike. Robert Keller, a brother, has been appointed treasurer.

Four solid train loads, 115 cars, of tobacco were received in Pensacola, July 11, from Tennessee and Kentucky for export to Liverpool. The contained an average of fifteen hogsheads, each weighing 1,000 pounds, an approximate total of 1,725,000 pounds.

The fruit and vegetable growers of Brevard county have organized an association to protect their interests.

A colony of 200 Japanese is to locate at Eau Gallie. W. J. H. Gleason of that place has sold 2500 acres for that purpose.

Today the steamship firm of the Merchants and Miners line will carry an excursion party of 50 Florida merchants to Baltimore as guests of the Baltimore Bargain House.

**Lovely Sanford**

Hail, lovely Sanford, fair southern city,  
Where stars taken are like sparkling gems.  
Reflecting stars from their peaceful bosoms,  
No queens of earth wear such diadems.

Thy beautiful climate should rank the primate,  
Of sister cities either north or south;  
Nor was Eden's garden (Father Adam, pardon),  
One half so fair when came summer's drouth.

Thy streets and alleys, thy fertile valleys,  
The crystal casements of thy flowing walls,  
All join in duty, displaying beauty  
Which charms the heart with enchanting spells.

These charms of Nature, rich nomenclature,  
The best poems when measured with pearls:  
Lend a greater glory of song to story,  
Are gallant men and transcendent girls.

Forma tall and slender, eyes flashing splendor  
And yet so gentle they disarm all wiles;  
Nor can flowers blooming, rich air perfuming,  
Compare in beauty with their matchless smiles.

Fair southern city, whose sons are witty,  
Were I but master of poetic art,  
In deathless lays I would sing thy praise,  
Thy love of truth, thy young hopeful heart.

The above poem was written by my old friend and preceptor, Rev. L. E. Grennam of Oxford, Ohio. Though many winters have whitened his locks, no fleeting years can cause any cessation to his buoyant nature, or dry the flowing wells of his Irish character and intellect. Would that he could come to Sanford and view for himself the rich gifts of Nature so well described in the above lines. May he live many years to brighten the lives of those around him. 'Tis certain that he will ever live in my memory as one of Nature's noblemen, and though a thousand miles separates us, and I may never see him in this life, his teachings have caused me many times to revere him, and in fancy again I tread the fields of knowledge led by his hand and guided by his precepts. It can truly be said of L. E. Grennam that the world has been made brighter and better by his having lived in it.

I notice near the corner of Oak avenue and First street, between the car tracks and the street railway, the paving bricks have sunk between the ties, leaving ridges in the street, and every time a vehicle passes over this place it is like the ocean waves. This paving should be taken up and repaired at once, as it makes a very bad crossing in its present condition. It is a good time to fix these bricks while the contractors are here.

In looking back at the recent celebration of the Fourth in this city I find that not a boy in Sanford was injured during the day by fire crackers, toy pistols or fireworks and yet every one even the aforesaid small boy seemed to be satisfied. Having children of my own and knowing their propensity for daring deeds on the glorious Fourth it always makes me creepy to think of what may happen during the day.

And what a peculiar notion we American have of trying to make a loud noise on that day. Looking over the papers the casualties for last Monday are as large as ever and the job of the fool killer is still open.

Forty-six dead, 1,575 injured is the record of fatalities and accidents, some of them serious, for this year's celebration of the Fourth of July. Such occurrences are bad enough in any form but had the same number of deaths and accidents occurred in a railway wreck, the figures would assume double seriousness. As it is, many are wont to pass them by with mere comment that it was in celebration of the country's natal day, and that the number is smaller than last year. So it may be, but such a celebration is a disgrace rather than a pride for any country which endures it.

After such a day the efforts of the safe and sane fourth promoters stand in more prominence than at any other time and while many have laughed at their ideas for the observance of the holiday there are many, many more who are now thoroughly heart and hand with the work. It is a worthy and sensible organization and its fight against a senseless powder celebration is constantly growing. More cities every year are adding their names to the list of safe and sane, a move of which they have reason to be proud, and it is doubtless but a matter of time when the cannon cracker will be a thing of the past.

However well the effort may develop there can never be a Fourth of July celebration totally void of casualties for there will be the fool brave one who will put a fire cracker between his teeth, stand on a cannon cracker, or look into the gun to see if it is really going off. Such fools are always present and their pestiferousness

must be accepted as one of earth's evils.

I heard several good stories this week about the ball games of July 5th and the disappointed sports from Orlando, who had pledged their all on the game. I do not believe in wagering money, especially on a ball game, as it detracts from the true principles of the sport. However, our boys are not any more to blame in this respect than Orlando for they shook the money in the faces of the people in the grand stand and otherwise dared anyone to even look like betting on Sanford. They lost it of course, and thereby hangs a tale.

A party of boys from Orlando left that city on the morning of the Fifth with two weeks' supplies of good things to eat, and contemplated winning enough money from Sanford to pay their expenses at the beach where they could enjoy themselves at our expense. They haven't gone yet, and the choice viands prepared for the trip were eaten at Longwood that night on the home trip.

Another Orlando man wagered all his money and finally, being down to his last penny, borrowed \$50 on his auto. The auto stayed here all night.

One Orlando man acted as stake holder for a bet between an Orlandoite and a Sanford man, and was so sure Orlando would win that he bet the stakes. He had to make good.

Another one bet his Panama hat. He does not wear a hat now, and claims that hats make the hair fall out.

Another legal authority in Orlando, claims that betting is illegal. He overlooked the betting in Orlando when Sanford was defeated. It was probably legal then.

While talking with a prominent grocery man the other day I gleaned the information that a small factory for canning tomatoes alone would pay big money in this city. The various groceries use many thousands of canned tomatoes in one year and a factory in Sanford could use the tomatoes that are left in the field after the shipping season is over. These tomatoes are often the best part of the crop and could be purchased very cheap, in fact many of the growers would give them to any one who would come in and pick them. This idea should appeal to some man who has capital to invest. Very little money would be required to make a start and the business would pay a handsome return.

The two wells recently driven for the city, one at the corner of Commercial street and Park avenue and one on Second street between Sanford and Palmetto avenues are both good gushers and the city should proceed to erect a suitable accommodation at both places for man and beast. Other cities have these fountains and watering troughs operated by the city water works and here in Sanford where we are so richly endowed by Nature with the pure artesian water, it seems that we ought to bestir ourselves and have a nice fountain. This matter would be a good object for the ladies to take up and a civic league or city improvement society could easily raise funds for such a laudable purpose. Sanford is known far and wide by the flowing sulphur wells that abound in this section and the more they are exploited the better the advertisement given our city. Let us improve our opportunities in this respect and at least place a suitable fountain on Commercial street where it can be seen by the people who have a twenty minute stop here and are often governed in selecting a residence by first impressions gained from the car windows.

—THE SAUNTERER.

**Stetson University**

The big University at DeLand has enjoyed unusual prosperity during the past academic year. The new catalog shows an enrolment in all departments of five hundred eighty-one (581) different individual students. Three hundred seventy-six of these have been doing work of college grade. These students represent thirty-seven Florida counties, twenty-three states and foreign countries.

The new Carnegie Library, which represents an investment in building, endowment and books, of more than one hundred twenty thousand dollars, has been opened this year for the first time to the faculty and students, and to the general public.

A new dormitory for college and law school men is nearing completion and will be ready for occupancy at the Fall Term, September 29th. This building will accommodate more than a hundred young men. It is a three story building, and will be elegantly finished and furnished throughout.

A new bulletin of the College of Liberal Arts has recently been issued. It contains much interesting information and a number of beautiful cuts of the University buildings and of various scenes on the campus. A copy of this attractive booklet can be secured by addressing Stetson University, DeLand, Fla.

**FLORIDA'S GREAT SHIP CANAL**

**New Assured, and Survey Is Being Made**

The proposed billion dollar intercoastal waterway from Boston to New Orleans is now likely to be a reality, the survey for the work having been started by Lieut. Col. Edward Burr, army engineer for the Boston district. He has appointed First Lieut. U. S. Grant, third United States engineering corps, to take charge of the six crews now in the field working on the survey between Boston and Taunton. These crews consist of survey men, rod men and laborers. Col. Burr has an appropriation of \$25,000 with which to carry on the survey. This sum, according to the colonel, will not complete the work. He will ask for more.

The survey for the first section of the canal, from Boston to Taunton, is in the direction of a board of United States engineer officers as follows: From Boston to Taunton, Lieut. Col. Burr; Lieut. Col. James C. Sanford, Taunton to New York; Col. Wm. M. Black, New York to Wilmington; Capt. Lewis A. Rand, Wilmington to Norfolk; Lieut. Col. Joseph Kuhn, Norfolk to Beaufort.

The proposed inter-coastal waterway from Boston to New Orleans is tentatively planned along the following route: Boston to Taunton, to the protected waters of Narragansett Bay, through the ponds and lagoons lying along the southern coast of Rhode Island to Watch Hill and Fisher's Island; thence to New York bay through Long Island sound; thence across the state of New Jersey to a suitable point in the Delaware river or bay; thence to the Chesapeake; thence to Norfolk; through the sounds of North Carolina to Beaufort inlet.

The canal from Beaufort to Key West will be of a maximum depth of twelve feet, as follows: From Beaufort to Winyah bay; thence to the St. Johns river to Key West.

Another canal will run from St. George sound, Florida, across the state of Florida to the Atlantic coast, making the southern part of Florida an island, instead of a peninsula.

The canal from St. Andrew's bay to New Orleans will be of a maximum depth of nine feet, and will run as follows: From St. George sound by way of St. Andrew's bay, Chattahoochee bay, Pensacola bay, Pedulo bay, Mobile bay, Mississippi bay, Mississippi river, to Lake Pontchartrain, to New Orleans.

**HAVE NAMED THE PARK**

**Mrs. B. J. Starling is Winner of The Season Ticket**

Much interest has been aroused in the naming of the new ball park, and the directors of the association hit upon the novel scheme of allowing the Sanford ladies to suggest an appropriate name for the new park. Last Saturday they decided upon Holden Park as being the best on account of the generosity of Mr. W. D. Holden in allowing them the use of the grounds, and the great interest he has taken in the great American game. Mrs. B. J. Starling suggested this name and received a season ticket as a compliment of the association. This verdict will give general satisfaction, as Mr. Holden is popular in Sanford and has done much toward building up and improving the city.

Old Jupiter Papyrus must have found out that the park was being christened and at once let down enough sky juice to more than baptise the new infant.

Among the names suggested were the following:

- West Park.
- Celery City Diamond.
- Diamond Park.
- Dixie Park.
- Stevens Park.
- Sunset Park.
- Holly Park.
- Robert E. Lee Park.
- Olympia Park.
- Colonial Park.
- The Lucky Diamond.
- Edgewood Park.
- Murlaw Park.
- National Ball Park.
- Munroe Ball Park.
- Belvidere Park.
- Oluster Park.
- Losers' Lot.
- Ponce de Leon Park.
- Seminole Park.
- Athletic Park.
- Prado Park.
- DeSoto Park.
- West Side Park.
- West End Park.
- Lakeview Park.
- Association Park.
- Glendale Park.
- Sunny Side Park.
- Holden Park.
- Palmwood Park.
- Criterion Park.
- Orpheum Park.

**WANTED—A RIDER AGENT IN EACH TOWN**

Simple Latest Model "Tanger" bicycle furnished by us. Our agents everywhere are making money fast. If you will you receive and approve of your bicycle. We ship to anyone, anywhere in the U. S. without a cent in advance. Proper freight, and put it to any test you wish. If you are not perfectly satisfied or do not wish to keep the bicycle ship it back to us at our expense and you will not be out one cent. **FACTORY PRICES** We furnish the highest grade bicycles it is possible to make to \$49 middlemen's profits by buying direct of us and have the manufacturer's guarantee behind your bicycle. **DO NOT BUY** a bicycle or a pair of tires from anyone unless you receive our catalogues and learn our unheard of factory prices and remarkable special offers to rider agents. **YOU WILL BE ASTONISHED** when you receive our beautiful catalogue and see how we can make you this year. We sell the highest grade bicycles for less money than any other factory. We are satisfied with \$1.00 profit above factory cost. **BICYCLE DEALERS**, you can sell our bicycles under your own name plate at \$1.00 profit. Orders filled the day received. **SECOND HAND BICYCLES**. We do not regularly handle second hand bicycles, but usually have a number on hand taken in trade by our Chicago retail stores. These we clear out promptly at prices ranging from \$3 to \$5. Descriptive literature, roller chains and pedals, parts, repairs and equipment of all kinds at half the usual retail prices.

**\$8.50 HEDGETHORN PUNCTURE-PROOF SELF-HEALING TIRES \$4.80 A SAMPLE PAIR TO INTRODUCE, ONLY**

The regular retail price of these tires is \$11.50 per pair, but to introduce we will sell you a sample pair for \$4.80 (ask us for order \$4.50). **NO MORE TROUBLE FROM PUNCTURES**  
NAILS, Tacks or Glass will not let the air out. Sixty thousand pairs sold last year. Over two hundred thousand pairs now in use.

**DESIGNED BY** HEDGETHORN. It is lively and easy riding, very durable and lined inside with a special quality of rubber, which never becomes porous and which closes up small punctures without allowing the air to escape. We have hundreds of letters from satisfied customers stating that their tires have only been pumped up once or twice in a whole season. They weigh no more than an ordinary tire, the puncture resisting qualities being given by several layers of thin, specially prepared fabric on the tread. The regular price of these tires is \$11.50 per pair, but for advertising purposes we are making a special factory price to rider of only \$4.80 per pair. All orders shipped same day letter is received. We ship C. O. D. on approval. You do not pay a cent until you have examined and found them strictly as represented. We will allow a cash discount of 5 per cent thereby making the price \$4.56 per pair if you send **FULL CASH WITH ORDER** and enclose this advertisement. You run no risk in sending us an order as the tires may be returned at **OUR** expense if for any reason they are not satisfactory on examination. We use perfectly reliable and money sent to us is as safe as in a bank. If you order a pair of these tires, you will find that they will ride easier, run faster, wear better, last longer and look finer than any tire you have ever used or ride on. We know that you will be so well pleased that when you want a bicycle you will give us your order. **IF YOU NEED TIRES** Hedgethorn Puncture-Proof tires on approval and trial at describes and quotes all makes and kinds of tires at about half the usual prices. **DO NOT WAIT** for a pair of tires from anyone until you know the new and wonderful offers we are making. It only costs a postal to learn everything. Write it **NOW**.

**THE PRE-COOLING PLANTS**

**One Will Probably Be Established In Sanford Before Long**

Pre-cooling as developed and practiced by the Southern Pacific Ry. in California is said to be the finest system of refrigerator known. Sanford offers a fine field for one of these plants and for the benefit of The Herald readers the following article upon this system is given:

This company uses what is known as the "Intermittent" or Sprague Edison System and has spent much time and money in its development.

In general, the process of pre-cooling consists in rapidly refrigerating fruit, vegetables, melons and other perishable goods, at the point of shipment. In the cars in which they are to be transported. There are several advantages in this process, of which the most important is that the fruit, etc., so pre-cooled is allowed to become thoroughly ripe before shipment; and the transportation of any fruit or vegetable, however delicate it may be, for a long distance, becomes feasible and practicable, so that, at the point to which it is consigned it will be received in practically the same condition as that in which it was shipped. The well known method of shipping fruit in ice cooled cars is, of course, a vast improvement on no refrigerator at all; but it is open to the very great objection that the temperature of the car is so gradually reduced by icing that it takes two or three days before the entire contents of the car are cooled down to a point at which decay is arrested, for which reason it is necessary to ship perishable goods in a more or less unripe condition to allow for further ripening in transit. It is evident therefore that any process which can greatly expedite the initial refrigeration will permit of the shipment of fruits, melons, etc., in just so much more perfect condition as regards ripeness. This is precisely what pre-cooling does; that is to say, by the use of this method, a carload of fruit may be so quickly brought below the point at which decay is arrested that the contents may be absolutely ripe when shipped, and may be delivered to the consignee in practically the condition they were picked.

Besides the element of temperature, the emanations from the fruit itself are aids to decay, and it has been found of great advantage to be able, not only to lower the temperature of the contents of the car, but to withdraw therefrom the heated air given off by the contents, and charged with foul gases and emanations; so that the "Intermittent" system in use by the Southern Pacific Company is devised to accomplish both these results; namely, refrigeration and purification. The apparatus for this purpose forces air through a false door or other aperture, at or near the middle of a car and distributes this air, by means of suitable deflectors and baffles, through the boxes of fruit packed in the car. The cool air passes into the car into a continuous stream, and is withdrawn from the end hatches by means of temporary connections. At suitable intervals the inlet is closed for a brief time, and an exhaust maintained in the outlet pipes so that a partial vacuum occurs in the car. During this part of the process, the exhausted air is discharged into the open air or wasted. This inlet is then opened and the exhaust into the outer air closed, so that a circulation of cold air through the car is resumed. The cold air, after circulating through the car, is passed by suitable fans over and through a coil of cooling pipes, so as to condense moisture or essential oils emanating from the fruit, or rather, that small portion of these which is left in the air after the vacuum part of the process. The amount of vacuum, the frequency of its application, and the length of time during which it is maintained, should vary with the kind and condition of fruit, vegetable, etc.

To sum up, by this process not only are the contents of the car refrigerated, but they are also surrounded by sweet, pure air, sterilized by refrigeration.

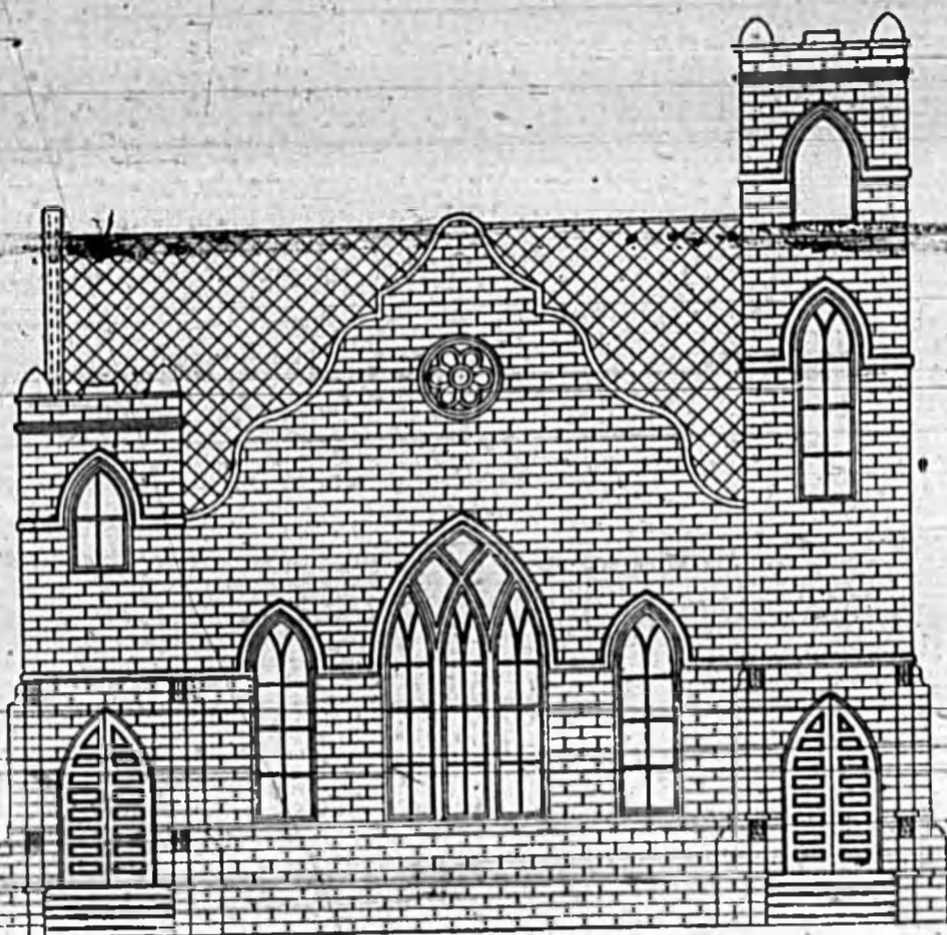

After precooling, the cars are fully iced as usual, so as to maintain a low average temperature during shipment. This preserves the delicate flavor of fruit, berries, and vegetables shipped from long distances, so that they arrive in a condition not heretofore possible under ordinary refrigeration methods, and there is evidence to show that the contents keep better when exposed for sale than fruit which has been shipped in the ordinary way.

The Southern Pacific Company's apparatus for this purpose is of the highest quality and efficiency. The buildings are constructed of reinforced concrete, and the machinery of ample capacity not only to take care of the work for which it is designed, but capable of a considerable percent of increased output, should it become necessary, without addition thereto.

These precooling plants are located adjacent to large ice-making plants belonging to the same company, the purpose of which is to utilize a portion of the ice-making machinery in connection with the precooling system.

Rev. R. Lee Kirkland, D. D. Pastor

CONGREGATIONAL CHURCH

We reproduce the picture of the proposed new Congregational church and the pastor, R. Lee Kirkland. The church will be finished in the fall, and the pastor and members are to be congratulated upon having such a fine temple of worship.

The new church is to be 60 feet long, 50 feet wide, and 44 high, and will seat comfortably 300 people, with provision made to put in galleries later, when needed, to increase the seating capacity to 400. The walls will be made of cement blocks, enclosing a strong frame structure, which will be plastered inside and the ceiling will be laid off in panels and finished in the natural wood. The roof will be covered with asbestos cement shingles and so rendered fire proof.

The windows are to be of a good quality of cathedral glass and it is expected that a number of memorial windows will be donated. It will be lighted by electricity, using a combination gas and electric fixtures.

**IN SANFORD CHURCHES**

**Where Devout of the Celery City Worship Sunday.**

**RESUME OF ALL CHURCH EVENTS**

**Of Interest to Those Religiously Inclined—Subjects of Discourses for the Sabbath.**

The Pastors of the Churches in the City are Earnestly Requested to bring their Attendance to the following Church News to this office not later than Wednesday afternoon.

**First Methodist**  
Rev. A. E. Householder, pastor; church, corner Park avenue and Fifth street; parsonage, corner Main and Seventh streets; phone 254. Sunday morning service at 11; evening service, 7:40; Sunday school, 9:45 a. m.; Jno. K. Metzinger, Supt. Epworth League, 3:00 Sunday evening.

**The People's Congregational**  
Rev. R. L. Kirkland, pastor; Sunday morning service, 11; evening service, 7:30; prayer meeting Wednesday, 7:00 p. m.; Sabbath school, 10 a. m. J. C. Ensminger, Superintendent.

Next Sunday, at 11 a. m., the pastor will by request lecture on Who is Melchizedek; Feb. 7, 1 to 4. This is the lecture that was delivered last Sunday night in the union service. This time Mr. Kirkland will divide it into two lectures, the first to be given next Sunday morning.

**First Baptist**  
Rev. J. W. Boyd, pastor; Sunday morning service, 11; evening service, 7:30; Sabbath school, 9:45 a. m.; Dr. J. T. Denton, Supt., B. Y. P. M. Thursday at 7:45 p. m.; H. E. Tolar, Pres.; prayer meeting every Wednesday, 7:30 p. m.

**Holy Cross Episcopal**  
Rev. B. F. Brown, rector; A. H. Key, senior warden; Sunday morning service, 11; evening service, 7:30; Sabbath school, 9:45 a. m.; H. F. Whitner, Supt.; prayer meeting, 7:30 Wednesday evening.

**Presbyterian**  
Rev. J. F. McKinnon, pastor; morning service, 11; evening service, 7:30; Sabbath school, 9:30 a. m.; Henry McLaughlin, Supt.; prayer meeting Wednesday, 7:30 p. m.

The union service next Sunday will be held in the Presbyterian church at 7:30 p. m. Rev. Mr. Householder will preach. No preaching in the morning.

**Catholic**  
Rev. M. Fox, rector; services every second and fourth Sunday; early mass, 7 a. m.; mass and sermon, 10 a. m.; Sunday school, 9 a. m.; vespers, 3 p. m.

**Moore's Modern Methods**  
Everyone has heard of Moore's modern methods of bookkeeping and loose-leaf ledger systems. So great has been the demand for these perfect ledgers that The Sanford Herald has decided to keep a full line of these goods, and anyone wishing ledgers, record sheets, contracts, account books, and everything for the office of the business man, should call at The Herald office and get the best.

**Socialist Local Organized**  
On July 1st a Socialist local was organized in this city with a good charter membership. All comrades are asked to affiliate with us. The meetings will be held every Thursday evening, at 7:30, in Carpenters' Hall. Meetings are open to all, and the public at large is cordially invited to visit us. —Geo. E. JOHNSON, Organizer.

**Change in Business**

W. H. Williams has purchased a half interest in the former E. A. Heffield Co. from T. H. Barlow, and the firm name will now be Barlow & Williams. Mr. Williams is an experienced furniture man, and while he has only resided in Sanford a short time has gained the confidence and esteem of everyone. Mr. Barlow has been the proprietor of the E. A. Heffield Co. for the past year and is well known to the people not only in Sanford but over the entire state. While not an active member of the firm, Mr. Barlow has given the business much of his attention, and both Messrs. Barlow and Williams take this opportunity of thanking their former patrons and friends for their favors, and ask for a continuance of the liberal patronage accorded in the past. The store will carry a much larger stock and assure the public of the best of everything in housefurnishings at reasonable prices.

**Counterfeit \$10 Gold Note**

The Secret Service has discovered a new counterfeit of \$10 gold certificate, which is similar to the one unearthed in March, 1908. The words, "In God We Trust," on the face of the note is printed in gold tint, which is a characteristic of the first issue of gold certificates of the series of 1906.

These bogus notes have been circulated principally in Cuba, but a number have been located in New Orleans, where a Cuban was recently arrested with \$400 in spurious money on his person, most of which was in the new counterfeits.

The yellow tint on the back of this note is of a much deeper shade than in the genuine and the mechanical and tinting work is so coarsely done that it would scarcely deceive any careful handler of paper money.

**To Subscribers**

An order of the Postoffice Department, Washington, D. C., effective Jan. 1, 1908, provides that no delinquent subscriber shall be carried longer than three months, giving as a reason that the department is furnishing a low rate of postage on newspapers, and does so for the benefit of a bonafide subscriber who pays for his paper.

If it's printing you want, send it to THE HERALD office. First-class work guaranteed.

# The Veiled Lady

Copyright, 1908, by American Press Association.

Dick Oglethorpe of Chicago hurried into a London railway station just in time for his train, jumped into one of the carriages, and the guard slammed the door. In ten seconds the train rolled out of the station. The figure of a woman—the only other occupant of the carriage—sitting by the opposite window appeared at intervals in the dim light. The train was running on a track below the city's level, in the shadow of stone walls, viaducts and buildings, and for a time it was impossible for him to tell whether she was young or old.

Six months before he had been jilted—at least so he considered it—and after vainly trying to recover from the strain that followed he had been abroad for the benefit of his heart health. He was now so far recovered as to feel a slight interest in a pretty girl—a convalescent appetite, so to speak, that might be coaxed into hunger—and he wished the train would run out into the open fields, where he could get a view of his traveling companion. When the full light of day came in at the window he saw a little figure, clad in the habiliments of wealth and refinement, leaning back gracefully on the cushions; but, alas, her face was covered by a thick veil!

Oglethorpe was not only an American, but a native of the west, where conventionalism is below par. He had no intention to remain tongue tied shut up with a young lady and tried the usual method of offering reading matter whereby to make an acquaintance. His effort was successful, and they soon fell into conversation. The girl spoke in broken French and with a voice that indicated an affection of the throat. Young people of opposite sex must sooner or later fall to talking of love and marriage, and this couple was no exception to the rule.

"I judge," said the lady, "that monsieur has had an affair. It is that which makes him so bitter against our sex."

"I was thrown over without the slightest compunction."

"If I were to question the girl, perhaps she would say that it was she who had been thrown over."

"She couldn't say that. I'll give you the case in a nutshell, and I'm sure you will admit that my view is correct." With true American western frankness he gave an account of a love spat.

"And is that what you call being jilted?" asked the girl. "I think it was you who treated your fiancée shamefully."

"I treat her shamefully? What could I do?"

"You should have begged forgiveness for your heartless, inhuman action." She spoke the words warmly.

"Well, I like that! Sent about my business by a girl in a freak, and I must beg her forgiveness for sins that she herself had committed! You women have no sense of justice."

"No sense of justice! You men have no sense of anything. You say things to us women to torture us and wonder why we show our feelings. If I had been your fiancée I would have treated you exactly as she did. I think she was very lenient with you."

"Well, upon my word! Did any one ever bear the like of that?"

At this moment the train ran into the station at Dover. Oglethorpe asked the lady if she was going across the channel and when she said "Yes" escorted her on to the boat. The waters were boiling, as usual, and the couple agreed they would maintain a position on the dock to avoid sensibility. So they sat down in chairs, and Oglethorpe unstrapped a rug and threw it over her.

"So you really think that I treated my fiancée badly and she treated me as I deserved?"

"Of course."

"Well, I suppose I may as well go back home and eat humble pie."

He said this fancying that if he had made an impression she might show a bit of pique. She did not. If he could have seen through her veil he would have noticed that with every plunge of the boat she was getting whiter about the mouth and nearer a condition in which, far from feeling any amour propre, one doesn't even care to live. Not knowing the cause, her failure to reply irritated him.

"I'll see her married to Mr. McGinty at the bottom of the sea first," he said, with infinite spleen.

The girl quivered. With an effort she ran, tottered to the side of the vessel and leaned over. Oglethorpe followed and held her hand, she was obliged to raise her veil to a level with her nose, but no further. Oglethorpe looked and started. When she got back to her seat he said:

"I'm going to see who you are if I see for it."

"I don't care whether you see or don't," came a hopeless reply.

He raised his veil.

"Great heavens, Amy! Can I believe my eyes?"

"I don't care whether you can or not."

"My poor, dear love! I have been a brute. Forgive me."

For reply she started again for the

side of the boat. He held her hand this time tenderly. When she returned to her chair he said pleadingly: "Oh, Amy, tell me, am I forgiven?" "Go—go—marry Mrs. McGinty—at the bottom of the sea. I don't care what you do."

Nevertheless, after reaching Paris, where the young lady joined her mother, the quarrel was made up, and all ended happily. She had known Oglethorpe from the first and had played him.

## FARM DRIVEWAYS.

Michigan Farmer Tells How to Make Them With Gravel and Cinders.

While we are busily talking about good roads we must not forget the most useful one is that which runs from the gate to the barn and over which we travel many miles during the year. At the time I moved to Mapleside farm a few years ago the mud was half-deep for the horses and no better for the men on the footpaths, says D. C. Deen, a Michigan farmer. We moved to Mapleside farm in April, and the women folks did not get to the barns until after the middle of May. As soon as the crops were in those roads received my undivided attention until they were in a serviceable condition.

I did not draw in more dirt to soak up, but began at the bottom by plowing out and removing over a foot of the soil. I then opened a gravel bank and drew in enough to fill that taken out. Next I made arrangements for some cinders and put them over the gravel about a foot thick. This answered very well that season, but in the fall before the mud began to deepen I covered the road again, and during the winter all the coal ashes were spread wherever there seemed to be a low spot. By following this scheme for four years I succeeded in making a road that never has any mud. If I find a low spot where water stands after a rain it is taken care of at once.

On the south side of the house three years ago I built a road that has not required any repairing, as yet beyond drawing three loads of gravel last spring. For this road I pursued a little different method. It was old sod, so I plowed through it and turned the sod upside down three deep on either side of the road, then drew out all the dirt beneath that was loose and easy to handle.

This left me a trench about eighteen inches or two feet to fill, which I did from my gravel bank, and no cinders were put on this road, as I could not get them. This roadway is about nine inches above the lawn on either side and never gets muddy. About the house are cement platforms and walks, while the roadway on either side is so hard it can be swept at any time. I find it pays when you are at it to make a good road and takes no longer. I find a gravel bank about the best bank I can patronize when it comes to roadmaking.

## New System of Highway Maintenance.

Patrick E. Leahy, commissioner of highways, borough of Queens, has organized a new system of inspection and repair of highways, says a Long Island City (N. Y.) dispatch. The borough has been divided into a number of districts as follows: Long Island City, 8; Newtown, 10; Flushing, 12; Jamaica, 12; Rockaway, 5. Each of these districts is to be in charge of an assistant foreman, who will be held strictly responsible for the condition of his district. The names of each assistant foreman and his men will be furnished to the property owners and residents of the district, and the latter will be encouraged to co-operate with the new commissioner. Reports will be received from the foreman every night as to the work that has been done during the day and the hours each man began work and when he stopped. The department has \$650,000 to spend on maintenance of the 800 miles of highways, which have cost from \$12,000,000 to \$15,000,000 and are in bad shape.

## Liquid Asphalt Makes Good Road.

The road committee of the board of chosen freeholders of Mercer county, N. J., has inspected the Hopewell and Stoutsbury road, which was recently macadamized and treated with liquid asphalt. The road was found to be in good condition and at present can scarcely be distinguished from an asphalt pavement. The liquid asphalt was incorporated in the road during its construction, being sprayed upon the binder, and the finer stone, or top dressing, being rolled into the mixture afterward. The extra cost was 6 cents a square yard. The stretch of highway treated measures two miles.

## Making an Acquaintance.

In illustration of the ways of the east side of London the following true story is told: A certain club for working girls in the east end of London had recently elected a new member, and one day the secretary happened to look out of the window and was surprised to see the new member rush up to a strange lad in the street, punch him violently on the head and then run away. The secretary remonstrated with her sharply, to which the new member made reply: "I'm very sorry, I won't do it no more if it's agin the rules, but perhaps you won't mind telling me, then, how am I ever to get engaged?"

## DON'T EXPERIMENT

You Will Make No Mistake if You Follow This Sanford Citizen's Advice

Never neglect your kidneys. If you have pain in the back, urinary disorders, dizziness and nervousness, it's time to act and no time to experiment. These are all symptoms of kidney trouble, and you should seek a remedy which is known to cure the kidneys.

Doan's Kidney Pills is the remedy to use. No need to experiment. It has cured many stubborn cases in Sanford. Follow the advice of a Sanford citizen and be cured yourself.

Mrs. J. O'Donnell, P. O. Box 444, Sanford, Fla., says: "About two years ago I had a sudden and severe attack of kidney trouble. I was completely prostrated and could not get out of bed for several days. My back was very lame and painful and though I was under the care of a physician and used plasters and remedies, I grew no better. A friend at length suggested that I try Doan's Kidney Pills and I decided to do so, although I had doubts as to their being able to cure me. They acted immediately, however, and in two days I was able to be up and around. By the time I had taken the contents of one box, all the pains had left. I can thank Doan's Kidney Pills for my cure."

For sale by all dealers. Price 50 cents. Foster-McBain Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## Beech-Nut Brand

Red Currant Jelly is one of the most popular kinds of Beech-Nut Conserve that we sell. It has a delicious flavor, and is just right to serve with a roast of meat. Each Conserve of

Beech-Nut Brand is made of the best fruit and pure sugar only, and includes Cherry, Cranberry, Quince, Raspberry, Strawberry, Pineapple, Peach, Grape Jelly and Jam, Grape Fruit Marmalade, and other fruits. Better make a selection from above and send your order to

THE SANFORD HERALD

Published Every Friday Morning at Sanford, Fla. R. J. HOLLY, Managing Editor

Subscription Price, \$1.00 a Year in Advance

Entered as second-class mail matter August 22nd, 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office First Floor in the Bishop Block, First Street Telephone No. 148.

Mary's Bathing Suit

Mary bought a bathing suit; While in the shop it looked quite cute 'Twas disappointing very— It looked a sight on Mary.

So Mary bought another suit That fits her to the minute, It isn't much to look it—but You ought to see her in it.

If it's as you describe it, When Mary goes a-tripping Across the sands to reach the sea It must be simply ripping.

Now this suit fits so close and tight, The male admires gazing— It's hard to tell where Mary stops And where the suit begins.

Though this uncertainty may be— There's scarcely any doubt, The suit while finding Mary in Will also find her out.

Send her to Daytona Beach, Where Johannes won't molest her, And if the stockings fail to reach At least they can't arrest her.

OUR HIGH SCHOOL BUILDING

The public school always commands the sincerest sympathy of THE HERALD in every effort to better and increase its usefulness. Money spent for school purposes is less questioned than any other form of money expenditure.

If we need an addition to the high school building, let's have one. The property owners and tax payers will never complain about a little extra tax if something of needed value is obtained for the money raised.

Let the schools be equipped with every appurtenance and every aid known to advance the worth of the school children and make of them citizens so highly endowed with mentality and good sense that no anarchy, no subversion of a free government, can be possible.

There are many people from the north in Sanford this summer making investments and every one of them are most agreeably surprised at the cool climate of Florida at this season of the year.

A trolley line or even a good hard road from Sanford to the East Coast would be a great benefit to the city.

Orlando has joined the "just as good as Sanford" crowd.

Sanford presents more opportunities to the investor than any other city in the South.

The editorial page of the Lake City Citizen-Reporter was rather yellow in its complexion last week.

Jacksonville wants to drop the ville and make it plain Jackson. Does anyone object to being called a Jacksonvilleite?

Editor Howard of the Reporter-Star wishes it distinctly understood that his paper does not need assistance. Lucky paper!

Sanford is building residences, store rooms, brick streets, a new electric light and power plant, and several factories. Can you beat it?

Mayor Jewell of Orlando is making strenuous efforts to increase the fund for advertising purposes this season.

It is rumored that the proposed trolley line from Kissimmee to Sanford will be surveyed at once and that capital will be raised at once to push the line to completion.

There are over twenty-five new residences in the course of construction in Sanford at the present time.

The Fort Pierce News is making a strong plea for a city park. This is a good move on the part of any city.

One of the greatest features in the future development of Sanford would be a beautiful lake shore driveway. The river front could be made most attractive by bulkheads and filling making a continuous shore drive for several miles.

REGARDING DRAINAGE

While other sections of the state are complaining of severe floods and washouts the Sanford section is none the worse for wear.

SANFORD HERALD'S "JOKES"

Well how did Orlando enjoy that raft of Holly Jokelets? we copied from the Sanford Herald yesterday!

How did the Reporter-Star's comments on Sanford on the 4th of July celebration compare with the Herald?

Orlando was Sanford's guest and having eaten salt with Sanford it would have been worse than base to have said anything but kindly things even though Orlando came back with plumes laid low.

Poor Howard! He has joined the Lemon League. Last week he was too sick to enjoy the Fourth in Sanford and from the tone of the above he must be very bilious yet.

The Orlando Reporter-Star in declaring that "Sanford hands Orlando a lemon" stated a fact which no one will contradict considering the proximity of the two cities to groves of citrus fruits all descriptions.

"Victory are usually generous" or words to that effect.

The Orlando Reporter-Star in declaring that "Sanford hands Orlando a lemon" stated a fact which no one will contradict considering the proximity of the two cities to groves of citrus fruits all descriptions.

"Me-See-no" lemon in Sanford. They don't raise their own.—Reporter-Star. Wrong again as usual. Sanford raises a special brand the shape of a base ball and hands it out to Orlando on state occasions like the glorious Fourth.

FLOWING WELLS—FLOWING LANGUAGE

Some of the Florida land frauds would do credit to the Western boomers of early days. One prospectus of Florida so-called vegetable lands states that flowing wells can be obtained anywhere in the state at a depth of from one hundred and fifty feet to two hundred and fifty.

Purchasers of land could get some valuable knowledge about the geological district from the state geological report issued by the Experimental Station at Gainesville which clearly demonstrates that the flowing well district is limited.

IN AND ABOUT THE CITY

Little Happenings—Mention of Matters in Brief.

PERSONAL ITEMS OF INTEREST

Summary of the Floating Small Talk Succinctly Arranged for Hurred Herald Readers.

THE HERALD'S phone is No. 148

Wade makes frequent trips to Sanford. Write him at Orlando.

H. E. Adams of Tampa spent Monday last in the city.

America alarm clocks for 85c. at Fernald's.

9x12 Crex Art Squares, at Miller & Son for \$7.75.

Mrs. M. A. Carter left Monday for Daytona Beach to spend the summer.

When you have an item of news call phone No. 148.

If you don't think Miller & Son will save you money, you try them.

E. H. Tomlinson of Jacksonville spent several days of this week in the city on business.

Jupiter Pluvius won two games of ball this week. Jupe is a good player.

Center tables at Miller & Son, from 80 cents up.

Planting time is here. M. M. Smith will sell you land on easy terms.

Jease Burtz, the man who never sleeps is getting out a directory for Orlando.

Dining chairs, high back, for 97c. at Miller & Son.

If you want the best Georgia peaches get them at Hill's Grocery.

Born to Mr. and Mrs. W. A. Van Ness, last Sunday morning, a fine boy.

Do away with dust while sweeping carpets by buying Wizzard Carpet Cleaner of W. W. Long.

House to rent for the summer, corner Magnolia avenue and First street. Enquire of Mrs. M. L. Allen.

Miss Beaula Dunlap left Thursday for a three month's visit to her old home at Canton Ohio.

L. R. Phillips has his new crop celery seed in and will give you a testing sample free.

You want the best Georgia peaches and you get them at Hill's Grocery.

Mr. and Mrs. C. E. Scott of Columbus, Ohio, are in the city this week. They will probably locate here in the near future.

If you want a first-class tailor-made suit for \$12.98, call at D. A. Caldwell & Sons.

The City Cigar store has installed a fine soda fountain and is now prepared to serve ice cream and cold drinks of all kinds.

Dr. R. M. Mason left Wednesday night to spend a few days with his family in Tennille, Ga., returning Monday next.

Good second-hand buggy for sale. Box 854. 44-1f

See C. A. Reed for furniture and piano moving. 1f

There are more new people coming to Sanford this summer than ever before and all of them are purchasing property.

New crop celery seed just received. Call and get sample and test them for yourself before buying. L. R. Phillips.

Keep your eye on Hill's Grocery for Georgia peaches.

N. H. Garner expects to leave next week for Toccoa, Ga., where he will join his family and spend the summer.

Chairs, stands, rockers, matting, spring cot, and window shades for sale. Practically new. Enquire at Herald office.

Special prices at Miller & Son, before taking stock. You can save from 20 to 80 per cent. Give them a trial.

Mrs. R. J. Holly and children and Misses Alice and Lucy Whitner left last Monday for Daytona Beach where they will spend several weeks enjoying the ocean breezes.

Now is the time to build your fence and the Geo. H. Fernald Hardware Co. is the place to buy. See the Ellwood and American Fence.

Get ready for the flies and mosquitoes. Largest stock and lowest prices on screen doors and windows. Harry J. Watson's.

The ladies of the Congregational church wish to express their thanks to the mayor and to the public at large for their co-operation on July 5th in making their efforts a success. The ladies cleared over a hundred dollars.

Mr. McKinley of the Sanford and Kissimmee Traction Company, was in the city this week interviewing our business men regarding the traction line the company proposes to build from Sanford to this city via Orlando. Mr. McKinley states that he is meeting with all the encouragement he could hope for and is very sanguine that the road will be built in a short time.—Kissimmee Gazette.

Men's Panama hats, at Mettinger's. A. P. Connelly left Monday for Washington and New York.

Twenty-one meals at Stumon's for \$4. Your sanitary tax is due on the 10th. Pay it now and avoid trouble.

Dr. Puleston believes the only way to get over the roads near Osteen is by air ship.

Latest styles in Dutch collars, at Mettinger's.

Attorney T. E. Wilson attended Criminal Court at Orlando this week.

While your wife is away, make yourself at home at Stumon's. 21 meals for \$4.

T. L. Mead of Oviedo has purchased three acres of good land and will raise Sanford products.

For an up-to-date tailor-made suit, see D. A. Caldwell & Sons.

A. O. Talley is in the city this week selling the celebrated Carey roofing. His family is sympathetic with the city of Daytona.

Go-Fly keeps flies off horses and cattle. 25c and 50c. At all drug stores. 44-10

Mrs. Roy T. Symes and daughter have returned to Sanford after spending several months at her old home in Lake City, Mich.

Your sanitary tax is due on the 10th. Pay it now and avoid trouble.

Among the visitors to The Herald office this week was Elmer McCreary of Gainesville, son of Editor H. H. McCreary of the Gainesville Sun.

Get your fencing now, and get the American or the Ellwood kind. Geo. H. Fernald Co. 40

Miss Genevieve, the accomplished daughter of Mr. and Mrs. F. Viering, arrived on the City of Jacksonville Friday last from Jacksonville where she has been visiting her sister, Mrs. J. H. Withersom.

Notice.—Have you a celery farm for sale? If so, address, with particulars, Call Box 125, Smithfield, Va.

J. H. Overman has disposed of his laundry in Mulberry and expects to erect a building and install a first class steam laundry in Sanford.

A little money now and a little now and then is the way to buy celery land. See M. M. Smith for particulars.

Dr. Armstrong's next visit to Sanford will be on Aug. 5th. Anyone having any form of eye trouble, headaches or nervousness should see him. Office at hotel Sanford House. One day only. 48-3

Get a sample of celery seed from L. R. Phillips and test them and see that you get what you want. New crop seed now in.

Rev. J. F. McKinnon of Sanford has been invited to deliver an address in Scotland county, North Carolina, at the annual re-union of the McKinnon Klan, Aug. 11th, 1909.

Mrs. J. M. Toler and little grandson, Ernest Brotherson, left last night on a two weeks visit to relatives at Hawthorne.

Three furnished or unfurnished rooms for rent. Hines building, over Woodruff's store. See R. L. Jones. 46-1f

The launch ride given by Will Viering in honor of his sister, Miss Genevieve, who recently arrived from Jacksonville proved quite a success.

The American and Ellwood fence are the best on the market. See them at the Geo. H. Fernald Hardware Co. before purchasing.

Rev. J. F. McKinnon left Sanford Thursday for a month's vacation. He will stop a few days with friends in Abbeville, S. C., and from there will go to some higher latitude.

At a bargain—50 acres of best celery land in celery delta. On St Gertrude avenue. See Murrell, the real estate man, Welborn, Block. 39-1f

George Bromley, a prominent trucker of Gainesville is in the city looking up the celery question. Mr. Bromley will try celery near Gainesville this season and wishing to get information about the real article came to Sanford to get it.

Don't fail to ask to see N. P. Yowell's new line of Muslin Underwear just received. The prettiest and best they have ever shown. N. P. Yowell & Co.

United States Deputy Marshal C. B. Bristol returned yesterday from a trip to Sanford, where he went to serve papers. He reports everything prosperous there and that Sanford had a very heavy rain Monday afternoon, which greatly resembled some of the rains which have visited Tampa.—Tampa Times.

Sanford Novelty Works and Cement Stone Plant located at the corner of French avenue and Commercial street. 42-1f

A jolly party of young folks from Sanford visited Enterprise last Sunday afternoon. They made the trip by launch. After visiting the Orphanage, chicken farm, springs, and taking in the other sights, luncheon was served and much enjoyed by all. The party consisted of Misses Dora Bird, Bessie Clayton, Genevieve Viering, Mamie Viering, Peach Viering, Messrs. James Bothe, Zeb Ratliff, Will Viering, Arthur Robinson, and Van Wyck McMiller.

Wade, the tuner, Orlando. 18x38 Crex Rugs, 37c. at Miller & Son.

Attorney Johnson spent several days this week at Jacksonville.

Complete line ladies' underwear, at Mettinger's.

The new electric theater in the Leffler block is doing a good business.

First-class harness and saddle repairing, at Dickens' stables. 40-1f

It is not so much chance or luck but good playing that is winning our victories on the base ball diamond.

A good family horse for sale at a bargain. N. H. Garner. 41

Walter Gore of Gainesville is spending this week in the city.

Mrs. H. H. Deane of Jacksonville is visiting her sister, Mrs. J. N. Whitner.

The famous Elgin Creamery Butter for sale at W. W. Long's Grocery.

H. J. Overstreet is enjoying himself at Flint, Michigan and expects to stay several weeks longer.

S. O. Chase returned Wednesday night from points in the East where he has been sojourning with his family.

Buy a meal ticket, and eat your Sunday dinner at Stumon's.

Mrs. Bridges arrived in the city this week and will remain here while Mr. Bridges pitches ball for the Sanford team.

\$7.15 will buy an iron bed, a good spring and a mattress, at Miller & Son.

Mr. and Mrs. Andrew Muhoney have returned to the city and are receiving congratulations from their many friends.

24x48 Crex Rugs, 60c. at Miller & Son.

M. M. Smith has 1,000 acres of celery land. Sold on easy terms.

Mrs. Geo. Greenwood has returned to her home in Longwood after spending several days the guest of Mrs. C. R. Walter.

Now is the time to buy your sub-irrigated land. See M. M. Smith.

Mr. and Mrs. M. N. Disfenderfer arrived in this city on Tuesday and will be at home at the corner of Palmetto avenue and Sixth street.

Fancy work supplies, at 507 Magnolia avenue. 4f

Hurrah for our base ball team! There is nothing so inspiring as enthusiasm and encouragement, unless it is the judicious use of ducats.

Buy Henry Clay Flour of W. W. Long. The best on earth.

30x72 Crex Rugs \$1.35, at Miller & Son.

Claude C. Howard returned Tuesday from an extended visit to Michigan and points in the East. His many Sanford friends are glad to welcome him home.

McKinley edition of ten cent sheet music, all the popular airs, at City Cigar Store.

A belated postal from N. O. Garner, post-marked Atlanta, states that city as being all right, but "too far away from Sanford to ever amount to anything."

Built by the Pope Contracting Co. sufficient guarantee. 42-1f

Dr. and Mrs. W. E. Housholder expect to leave next Monday for Baltimore, New York and Washington. They will be absent about a month and during that time Dr. Housholder will have his dental parlors closed.

27x54 Crex Rugs, 85c. at Miller & Son.

Mr. and Mrs. D. L. Thrasher and daughter May have taken a cottage at Daytona Beach and will enjoy the salt breezes for the next month. They were accompanied by Misses Miriam and Beth Mettinger. Miss Miriam returned Tuesday.

8x10 Crex Art Squares, at Miller & Son for \$8.

Mrs. Will More and sons Henry and Arthur spent Tuesday night in Sanford on their return from the beach, where they have spent the past month. They left on the boat Wednesday morning for their home in Atlanta.

Your sanitary tax is due on the 10th. Pay it now and avoid trouble.

Misses Ruth Johnson and Kate Poppell, of Jacksonville and Seville, respectively, left for Seville last Sunday after spending a delightful week in "Lucky Sanford." We hope these young ladies will come often and stay longer.

Rooms furnished. Also do-cart for sale. Between Oak and Myrtle Aves., 5th St.

The Jones-McLaughlin Furniture Co. have gained possession of the large room in the Stone-Gove building, and Mr. Abernathy, the manager, is busily engaged in making extensive repairs, and getting the room ready to receive the new goods.

The Royal Tailors brand of clothing means perfection. See samples at D. A. Caldwell & Son's.

If the men and boys who block the sidewalk in front of Newlan's drug store and the postoffice could realize how unpleasant it is for ladies to have to force their way sometimes through the thoughtless mass of humanity we know they would choose another place to congregate to discuss base ball and kindred subjects. Consider the suggestion, gentlemen.

**COUNTY HAPPENINGS**

**A Budget of Interesting Items From Correspondents**

**THE EVENTS OF ORANGE COUNTY**

**Efficient Staff of Reporters Weekly Covers the Territory for The Herald**

[We invite correspondence on live topics from all sections of the County, also news items of interest. Brevity will insure prompt publication. Articles contrary to the views of the Editor will be published, but abusive and anonymous communications will be rejected. We will not be responsible for opinions expressed by contributors. All communications intended for current issue must be in hand not later than Tuesday p. m.]—Ed.

**LONGWOOD LOCALS**

Special Correspondence to The Herald:

During a severe thunder storm last week J. N. Searcy's residence was struck by lightning and every room in the house was damaged with the exception of one. Five chickens that had taken refuge under the porch from the rain, were killed.

Mrs. Geo. Greenwood returned home Friday from Sanford, where she has been the guest of Mrs. C. E. Walker.

Longwood was well represented in "Lucky Sanford" on the 15th, as a great many of our citizens were there and report a glorious time.

Miss Bobby Joe Allen is attending the state normal in Gainesville.

Longwood "aint to be grinned at by a nigger what haint got no teeth." She boasts of three autos and a watermelon that weighed thirty pounds. The melon is gone, but the autos are still here.

Bruce Clouser and friend, Frank Clark, from Winter Park, spent Saturday and Sunday with D. W. Clouser.

Mr. W. Allen is very ill, and his physicians think an operation for appendicitis will be necessary.

J. S. Dinkle transacted business in Sanford, Wednesday.

Fred Grist spent Sunday and Monday in Orlando.

**PAOLA POINTS**

Special Correspondence to The Herald:

Friday of last week brought us the hardest thunder storm of the season as yet, but as far as heard from no damage was done. Our lakes are fast filling up with the continued wet weather and our temperature is more comfortable.

Mr. and Mrs. J. B. Thompson are the proud parents of a baby girl born July 8th. "Grandpa" Smith is doing as well as could be expected under the circumstances.

Mr. and Mrs. John Furen of Estero who have been visiting Mr. Furen's parents at Yankee Lake left on Monday to continue their summer trip north.

Mr. and Mrs. L. P. Hagan of Markham returned Monday evening from a week's end visit at Mascotte.

The picnic party spending the day at Palm Springs Friday last evidently had no occasion to resort to the Springs for a "soak." Nevertheless they returned in good spirits and report a most enjoyable day in spite of the weather.

**LAKE MARY MELANGE**

Special Cor. to The Herald.

Quite a number of the Lake Mary people attended the celebration in Sanford on July 5th. As the writer couldn't go she was too disappointed to write the news items last week.

We are having plenty of rain at last, and everybody is planting sweet potatoes.

Mrs. A. W. Keely is on the sick list. We hope that she will soon recover.

Mr. Summerlin, the efficient assistant bookkeeper for The Planters' Mfg. Co. left for Atlanta, Ga., about two weeks ago. All were sorry to have him go and wish him much success.

W. A. Willsey and his two daughters,

Misses Mabel and Mary from Lockhart spent last Sunday with Rev. J. F. Sundell and family.

We see in last week's Reporter-Star that Miss Florence Lovell has been appointed to teach this school next winter. She has taught here for the past two winters and we are glad to welcome her back for another term.

Samuel McBride spent last Monday and Tuesday in Sanford.

J. A. Allen has been very ill for some time with appendicitis. Drs. Puleston and Neal have been attending him. We hear that he was to be operated on today, have not heard the result yet, but trust that he will soon be able to be up and around again.

**GENEVA GLEANINGS**

Special Correspondence to The Herald.

Miss Sharp, who has been visiting Miss Martha Smith, returned to her home in Hawthorne Tuesday.

Miss Ramona McLain left last week for several weeks' visit to relatives and friends in Macon, Jackson and Americus, Ga.

C. N. Hays is hauling lumber for his new house on East Side, Geneva.

Several nights ago Ed. Sutton had the misfortune to have a barrel of meat stolen from his pantry. As yet no clue has been found. A good many cases of stealing have been reported lately, and the citizens are only waiting for evidence sufficient to enforce the law to its fullest extent.

Road Commissioner Lee of Oviedo is expected to visit Geneva this week and have the roads repaired from the recent heavy rain.

Mr. and Mrs. J. T. McLain are much pleased over the arrival of a beautiful little daughter in their home.

Perclval Smith, who is working in KJasimnee is on a visit to his children in Geneva.

Miss Bobbie Nicholson is visiting relatives in Americus, Ga.

The many friends of Mrs. Jones, manager of the telephone office will be glad to know she is again able to be at her post of duty.

Miss Martha Smith is in Orlando, going over to consult an oculist.

If Congressman Clark can only be successful in carrying out his proposition of deepening the channel of the St. Johns river he will merit the support and esteem of every citizen of Sanford and Geneva particularly. This means much for both cities and really more to Geneva than Sanford, as we have no railroad. There are many acres of good truck land here which would soon be under cultivation if this waterway was only opened up. The progress of the proposition will be watched with interest by the people of this section.

**Civil Service Examination**

A civil service examination for rural carriers will be held in Orange county, Florida, on Saturday, July 17th, in order that a register of eligibles may be established. Application and other necessary blanks will be furnished by the postmaster. —C. F. HASKINS, P. M.

**Wiring For Electric Lights**  
 Sanford's new electric light plant will soon be installed and you want the work done by a competent and experienced electrician. The work must bear inspection and conform to the regulations prescribed by the Southern Tariff Association. W. A. Parr of this city has had ten years experience in electrical work of all kinds and can wire your house in a satisfactory manner. Everyone should have their house wired at once, to be ready when the current is turned on, and W. A. Parr is now equipped to take your order and fill same at once. You can get him any time at the telephone exchange, or leave orders at Fernald's hardware store.

**WHO DO YOU WANT TO HAVE THE PIANO**

FROM MACARONI DELTA

From The Herald's Special Correspondent By Wireless Telephone

Miss Pinky Slimmer, the sparkling Beck Hammock correspondent, assisted by Minerva Stuffs, entertained two Sanford drummers last Monday with a boiled dinner and played and sang several popular songs. Miss Stuffs recited "Curfew Shall Not Ring," with her usual eclat.

Elkamer Perhamus and Peter Dutcher have been getting up a family genealogy tree of their ancestors. Both have told that their forefathers fit in the revolutionary war. Elkamer got as far back as his great grandfather and found that the old man was hung for being a tory, and Pete found out that his old great granddad, on his mother's side was from Orlando. Their family trees are already full grown, but their grandfathers are as far back as they care about going.

Reuben Glue's gasoline lamp exploded last night and several dozen collar buttons and a number of bunches of shoe strings were damaged by smoke and water. We learn that his stock was insured in his wife's name.

Sylvester Cronkhite's oldest daughter, who graduated from the Mudsock female semetry, is said to be quite a linguist. The other day Mart Billingsly asked her where she lived and she told him her folks didn't live where they did before they moved away from where they now live. Mart nearly had a fit.

Steve Gullion's two girls Paris-greened acre of potatoes yesterday and weeded two beds of onions. The Gullions are born workers.

Punk Jones and Shorty Skinner visited our town yesterday and received much cordial greeting from our citizens. Punk was once a resident of our town and was chambermaid in a livery stable. Come again, boys.

Philander Reuben Cline who serenely passed away of spinal trouble was laid away in the Mudsock cemetery to await the call of Gabriel and other weeping angels on Resurrection day. His nephew, Mose Blizzard, has writ the following touching epitaph for his tombstone:

Beneath the clay lies Reuben Philander Cline. Who perished of sickness in his prime; The angels called him to a home much higher, And Uncle Rube did peacefully expire.

The Soldier Creek bathing beach has been made deeper and wider and will accommodate quite a number of persons at the same time. It is quite inspiring and diverting to see a half dozen ladies of the Jumping Jeopkus society, including Sister Eph Banker, the wife of our beloved pastor, who weighs 300 lbs plunging and dashing around like an innocent porpoise in the placid waters.

Sile Buster, the eighteen year old nephew of Mart Buster is going to take the position of runner for the Hotel de Buster in Cameron City.

Uncle Steve Bunker is quite ill with that dread malady a bilious liver and the worst is feared. When Doc Skinner broke the sad news to Steve's nephews they were much chagrined and shed boisterous sobs.

Silvester Gilchrist fell from an orange tree yesterday and was severely jolted. It is feared that his vermifuge appendix has become attached. Syl is certainly very unfortunate as last summer he slid down the Bump the Bumps at Dixieland Park and got caught on a silver. He suffered much from the severe laceration all last fall.

Fruits of Organization What does this victory mean? It means thousands upon thousands of dollars saved to the fruit growers of Florida, and returned to the state. It means the revival of the most fascinating and profitable of industries that has become one of the most discouraging and disheartening industries of the state of Florida.

When the battle has been won and victory perches on our banners the fruit growers of Florida can ride in their autos instead of the middle men and commission men who have fattened and grown rich at our expense.

These are facts that cannot be gainsaid. The awakening was slow, but at last every fruit grower in the state is wide awake to the situation, and the formidable breastworks that have been thrown across our path will be as chaff before the army of determined men.

The opposing army must surrender, and if they are wise men they will surrender gracefully if they do what is for their future interests.—N. H. Fogg, in the Orlando Sentinel.

Miss Margaret Claire Edwards, 12 years of age, whose home is in Napa, California, has been awarded the gold medal offered for the best perfect physically formed girl in the world. She is five feet one and one-eighth inches tall, and weighs 106 pounds. She can tense or relax any muscle of her body at will, has perfect health and spends much of her time out of doors.

AN ORDINANCE

Granting a Franchise to Sanford Light & Fuel Company to Install and Operate an Electric Light And Gas Plant Within The City of Sanford And Authorizing a Contract With Said Company:

Therefore, Be it ordained by the City Council of the City of Sanford:

Section 1. There is hereby granted to the Sanford Light & Fuel Company and its successors and assigns, the privilege of constructing and maintaining public grounds of the City of Sanford, as the same now is or may hereafter be altered, a system of pipes, mains, conduits, standpipes, reservoirs and lamp-posts, and other necessary or useful appliances for the supply of gas suitable for domestic illumination or other purposes, with power and authority to manufacture, make, sell, distribute and deal in such gas and furnish the same to the town and inhabitants thereof and buildings therein, and the right of constructing and maintaining a system of wires, poles, towers and posts in, upon, over and across the streets, alleys and public grounds of said town, or other appliances for the generation and transmission of electricity, and use of said town, its joints, joints and buildings, and the right to supply such lights and to use the same; provided always that it is not intended to conflict with the use of electricity for the transmission of sound or for other purposes, provided always that the proper officials of the City of Sanford shall concur with said grantee in locating and fixing the place, or places, for poles, towers and other appliances.

Section 2. Be it further ordained, That said privileges shall exist and be in force for a period of twenty-seven years from the day of 1st March 1909. At the expiration of said period, if the City of Sanford so desires, it may purchase said electric light and gas plant from said grantee paying therefor such price, in case the parties are unable to agree, as shall be fixed by three non-resident appraisers, one chosen by the town, one by owners of the property, and one by the city, or, if either party shall refuse or fail to appoint their appraiser, and notify the other in writing, the appraiser, for fifteen days after service upon them of the written notice of such selection, and of written notice for the party so appointed, and if such appraiser, the other party may then appoint such appraiser, and the award and price fixed upon by the majority of such appraisers shall be final and binding upon both parties. In the event that the said City of Sanford does not desire to buy said electric light and gas plant and the said grantee and the City of Sanford cannot agree upon the terms of a new contract, the said City of Sanford hereby agrees to extend and grant the privileges granted under this ordinance as provided in Sections 1, 2 and 3 inclusive, to the said Company for a period of twenty-five years from the expiration of the franchise hereby granted.

Section 3. Be it further ordained, That said grantee, their successors and assigns, shall have the right and privilege, without the necessity of any ordinance, to dig up and temporarily obstruct the streets, alleys and walks, and public grounds of said city, in the process of constructing and laying, and repairing the same, and in the process of handling or repairing, or extending the pipes, mains and other necessary works constructed hereunder, but shall not unreasonably interfere with or obstruct the free use of the streets, alleys and public grounds aforesaid. The streets, alleys and sidewalks or public grounds, if disturbed in the process of laying or repairing pipes, poles, towers and other necessary structures, or parts of the aforesaid works or plant, shall be restored, and all openings provided by such work relating to the same shall be promptly repaired. Should any mains, pipes or pipes of works constructed hereunder be laid or located in or upon any streets, alleys or public grounds not graded, or street the grade of which is subsequently altered or fixed, and town shall bear the expense of changing the position of such mains or parts of works when the grade shall be fixed or changed. Provided, that before the pipes are laid on any line the notice to the Mayor or clerk be given and fifteen days allowed for the town to establish the grade before such pipes shall be laid. Provided, however, the grantee of this franchise make at their own expense all changes in service pipes or parts thereof as may be required to be made by the City of Sanford. Provided, said service pipes, or any part thereof, was laid prior to the issuance of this franchise.

In case any judgment shall be recovered against said town for any injury to person or property caused by the defective construction, laying or repairing of any electric light pipes, wires or apparatus, said city shall be reimbursed in the amount of said judgment by the said Sanford Light & Fuel Company or its successors or assigns. Section 4. Be it further ordained, That said grantee, their successors or assigns, shall supply with illuminating gas or electricity such lights as shall be desired by said city and its inhabitants, all at a price not to exceed that paid by towns of like size and character, and whenever such town shall order gas or electricity to be supplied for street lamps or lights, such lamps or lights shall be lighted and extinguished by said grantee, their successors or assigns, at their own expense. The turning of mains to the line of the property shall be done at the expense of said grantee.

Section 5. Be it further ordained, That this franchise must be accepted or rejected within thirty days after its final passage, by said grantee, and in the event that said franchise is accepted, said grantee shall begin within three months and work of installing said electric light plant, and shall have the same in operation within twelve months from date of acceptance. In default thereof, this franchise shall be forfeited.

Section 6. Be it further ordained, That a contract between said City of Sanford and the Sanford Light & Fuel Company to supply gas and electricity to the City of Sanford and its inhabitants shall be entered into by its proper authorities, viz for a period of fifteen years, at the expiration of which period the said City of Sanford agrees to enter into a new contract between said grantee for another term of twelve years, in preference to any competitor, providing the rates and the services are equal.

Section 7. Be it further ordained, That in consideration of this franchise said grantee agrees to furnish gratis to the City of Sanford two eighteen-candle incandescent lights in the council chamber, one at the jail and one at the "House cart house on Park avenue.

To His Honor Mayor Lake: I hereby certify that the above ordinance was passed by the City Council of Sanford Fla. on session March 1st, 1909. M. J. Smith, City Clerk

Notice of Application for Tax Deed Under Section 8 of Chapter 4800, Laws of Florida

Notice is hereby given that Geo T. Gaines, purchaser of Tax Certificate No. 3, dated the 3rd day of June, A. D. 1907, has filed and certificate in his office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Orange county, Florida, to wit: SW 1/4 of Sec 9, Tp 23, S. R 27 E. The same land being assessed at the date of the issuance of said certificate in the name of W. Perrine. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 31st day of August, 1909.

Witness my official signature and seal this the 2nd day of July, A. D. 1909. B. M. Robinson, Clerk Circuit Court Orange County, Fla

Notice of Application for Tax Deed Under Section 8 of Chapter 4800, Laws of Florida

Notice is hereby given that S. S. Griffin, purchaser of Tax Certificate No. 171, dated the 3rd day of June, A. D. 1907, has filed said certificate in my office, and has made application for tax deed to issue in accordance with law. Said certificate embraces the following described property situated in Orange county, Florida, to wit: SW 1/4 of Sec 9, Tp 23, S. R 27 E. The same land being assessed at the date of the issuance of said certificate in the name of W. M. Morgan heirs. Unless said certificate shall be redeemed according to law, tax deed will issue thereon on the 15th day of July, A. D. 1909.

Witness my official signature and seal this the 4th day of June, A. D. 1909. B. M. Robinson, Clerk Circuit Court Orange County, Fla

Section 8. Be it further ordained, That the City of Sanford shall have the right to purchase the said electric light and gas plant from said grantee, at such price as shall be fixed by three non-resident appraisers, one chosen by the town, one by owners of the property, and one by the city, or, if either party shall refuse or fail to appoint their appraiser, and notify the other in writing, the appraiser, for fifteen days after service upon them of the written notice of such selection, and of written notice for the party so appointed, and if such appraiser, the other party may then appoint such appraiser, and the award and price fixed upon by the majority of such appraisers shall be final and binding upon both parties.

Section 9. Be it further ordained, That the City of Sanford shall have the right to purchase the said electric light and gas plant from said grantee, at such price as shall be fixed by three non-resident appraisers, one chosen by the town, one by owners of the property, and one by the city, or, if either party shall refuse or fail to appoint their appraiser, and notify the other in writing, the appraiser, for fifteen days after service upon them of the written notice of such selection, and of written notice for the party so appointed, and if such appraiser, the other party may then appoint such appraiser, and the award and price fixed upon by the majority of such appraisers shall be final and binding upon both parties.

NOTICE TO CONTRACTORS

OF COUNTY DITCH LETTING

Notice is hereby given that sealed bids will be received by the Board of County Commissioners of Orange County, Florida, until 12 o'clock m., on Monday, July 12th, 1909, and the same will be opened by said Board on

THURSDAY, JULY 15th, 1909, AT 10 A. M. Said bids being for the construction of about forty-three miles county ditch and culverts over same where ordered. Said construction amounting in round numbers to the estimated amount of FIFTY THOUSAND DOLLARS.

A complete description may be had by mail from Hon. B. M. Robinson, Clerk of Court of Orlando or from Wilbur A. Ginn, Consulting Engineer for the Sanford Drainage Commission, Room 5, First National Bank Sanford, Florida, where plans, specifications, maps, estimates, profiles and all necessary information relating to said construction is on file.

The bids for ditching will be received upon each separate section or upon each separate line of construction or laid out or upon the entire estimated improvement as a whole. The bids must be accompanied for the sections, ditches or improvement and must specify same separately.

\*\*\*\*\* (No span over 25 feet in clear) Must be bid for in separate as follows:

Ditching—Culverts: Excavation per cubic yard. Embankment per cubic yard. Lumber classified in place at so much per thousand feet. All culverts to be of plain construction. Payments—All work to be paid for upon estimates of the engineer less 25 per cent. retained upon each section until the requirements in the specifications are complied with, when the remainder will be estimated in full.

A certified check for 10 per cent. of the contract price will be required with each bid as a guarantee of good faith that if awarded a contract within five days of the receipt of a legal notification of the award, the successful bidder or bidders must file a satisfactory bond with the Board of Commissioners, to insure for the completion of the contract as awarded and in the specified time. Said bond to be an amount satisfactory to the Board and in accordance with the laws governing such work. The right is hereby reserved to reject any or all bids. By order of the Board of County Commissioners of Orange County, Florida.

B. M. Robinson, Clerk of Court, Orlando Fla. 44-41

In Circuit Court, Seventh Judicial Circuit, Orange County, Florida

M. Frank, Plaintiff vs. David H. Thomas, Defendant. Attachment.

You are hereby notified that a writ of attachment issued out of the office of the Clerk of the Circuit Court of the Seventh Judicial Circuit, Orange County, Florida, dated the 30th day of April, A. D. 1909, at the suit of M. Frank against David H. Thomas, which writ has been returned by the sheriff executed, and your property, to wit: Lot 4, 7 and 8, of Block 2, Tier 4, according to E. R. Telford's map of the town of Sanford, Orange county, Florida, has been attached to satisfy the demand of plaintiff in the above case to the amount of \$155.00.

Now, therefore, unless you, the said David H. Thomas shall personally be and appear before the Circuit Court of the Seventh Judicial Circuit of Orange County, Florida, on the first Monday in August next, same being the 2nd day of August, A. D. 1909, judgment will be rendered against you, and in favor of the said M. Frank and so much of the property attached as may be sufficient to satisfy said judgment and costs will be sold to satisfy the same.

Witness, B. M. Robinson, Clerk of Circuit Court, Seventh Judicial Circuit, Orange County, Florida, and the seal of said court this 11th day of May, A. D. 1909. B. M. Robinson, Clerk

Geo. A. DeCombs, Attorney for Plaintiff. 39 H

### BALL DOPE THIS WEEK

#### Gainesville Was Here For Three Good Games

#### SANFORD PROVED EASY WINNER

#### Celery City Now Has the Best Team In the Sandspur Southern League

They have come and gone. The Gainesville ball team floated into Sanford last week and for all we know are floating or swimming somewhere in the land of flowers and 'gators yet—all except the would-be umpire they brought with them. He, poor fellow, missed his "calling," got tangled up in his "bowls" and strikes, safes and outs until he couldn't tell one from the other, and the last we heard of him he was headed for the depot, mistaking it for the ball park. Poor fellow! A fifteen cent bet was more than he could afford to lose, and it turned his brain.

The two teams lined up for play Saturday afternoon. Everything was against good ball playing. It was wet overhead, wet underfoot, duck ponds scattered promiscuously around the park, so if a player missed one he was very apt to sit down in another. Enthusiastic fans were plainly in evidence, and it didn't take more than a pair of minutes for them to discover that the home nine was playing against a visiting ten. Then pandemonium broke loose, and the way they roared that tenth man (the Gainesville umpire) was a plenty.

Sanford scored two runs early in the game, and later on, through two bad errors, Gainesville did the same, and thus it remained to the end of the chapter. In the beginning of the tenth inning the Gainesville umpire undertook to steal the game for his home team by declaring a runner safe at the plate who was out by at least four feet. His little game didn't work, and as it was getting too dark and threatening to continue the game, it was declared a tie. Thus ended the first game. Monday's game was not played owing to the rain.

Tuesday afternoon the teams locked horns for a double header. It was a sure enough one. No mistake about it. Each team had the goods and were not backward in letting it be known. The first game opened for business about 3 o'clock with Gainesville at the bat. They started the fireworks by making one run, and by the way, they stopped right then and there, for it was the only one they were allowed to look at during the entire afternoon. There were others in sight, but they did not come their way. By some hocus pocus the home boys "shooed" them away and did the remainder of the getting themselves. Many times during the afternoon it was a case of "now you see it; now you don't." Runners would get as far as third, but the fates decreed that that was the stopping place and they stopped. By splendid playing Sanford put two men over the plate and won the first game—score 2 to 1.

After a few minutes breathing spell the umpire announced that he was prepared to render judgment to the best of his ability (and no one can question that who knows Dr. King) by calling "play ball." This time operations began with Sanford at the bat. The playing was of the same high quality as that of the one previous; if anything a trifle better. By agreement only six innings were played, and the result was a score of 1 to 0 in favor of Sanford.

Thus ended the second and third chapters of as good ball playing as anyone need wish to see. Certainly the players acted the part of gentlemen, each and every one of them. That the fans were well pleased was plainly evidenced by their whole-hearted approval of every good play made. To the batteries of the home club much credit should be given for the result of the games, and to each and every player the credit should be shared.

In the capacity of umpire Dr. King gave the best of satisfaction. With due respect to other umpires, we do not hesitate to say there are none better than Dr. King.

Two mishaps occurred during the second game, not sufficiently severe, however, to change the result. Catcher Hudson of the home team injured one of his fingers, and a Gainesville player injured an ankle in sliding to third base. He was allowed a substitute, but Hudson pluckily played the game out.

#### Sanford Ball Players

Ball players? Have we got 'em? Well we guess yes. Little old Gainesville came here with the expectation of making us look like thirty cents. Did they? Well, they are going home with the impression that Captain Bridges' bunch is too classy, and the "big boy" did not have to do the twirling either. Rogero pitched the first game, under difficulties. The ball getting wet made it almost impossible to handle. Even with that being the case, the visitors failed to do much damage. The game

ended in a tie.

The double-header Tuesday was the kind of playing that makes the fans sit up and take notice.

Gedwin pitched the first game, and had the best of support. The visitors hit the ball, but wherever it happened to go there was someone there waiting for it. Bridges in left, Burleson in center, and Schopke in right. Can you beat it? The ball would have to be knocked over the fence to get past that trio. Bridges and Burleson each made several sensational catches. The "big boy" demonstrated that he could make good in any position. Schopke saved the day in the second game by helping to pull Burleson out of a decidedly bad hole. Gainesville managed to get the bases full and it began to look serious. Burleson struck out the next man up. The next man got a hit, which ordinarily should have been a clean hit, but Schopke made a long run and pulled it in, making the most sensational catch of the season, and saving the game.

The infield also deserves special mention. Hunter on first, Brown on second, Vibbert on third, and White short-stop, were alert and up and at 'em all the time. It was seemingly impossible for a ball to get by either of them. And as a catcher Hudson surpasses anything in these parts.

We certainly have a fast bunch of ball players, and Sanford is in position to meet all comers.

#### Gainesville Boys in Sanford

Henry Davis and his Oak Hall braves made a good impression in Sanford during their stay. They are good ball players and perfect gentlemen and their behavior on the diamond and upon the streets commended them highly to our citizens. The Oak Halls of Gainesville for many years have had a good reputation and the 1909 bunch is carrying out the traditions of the past. They will always be welcome in Sanford.

Among them were the following:  
G. Henry Davis, Mgr.  
Jack Spotswood, P.  
Harry Bullock, C.  
T. A. Miller, 1 B.  
Pete Allen, 2 B.  
Tim. Hendricks, 3 B.  
S. Graham, S. S.

Harry Denton, L. F.  
Ira Watson, C. F. and P.  
Joe Hines, R. F. and P.  
W. T. Lawson, F. and P.  
Red Saunders, C.  
S. L. Carter, Jr., Scorer.  
Fox Waters, Mascot.  
Jew Manassee, Jonah.  
Bill Tison, Rooter.  
Elmer McCreary, Paper Correspondent.  
W. W. Waters, Camp Follower.

#### Advertising the Ball Game

The following appeared in Wednesday's issue of the Reporter-Star:

"With the approval of J. Pluvius, there will be presented by the combined talent of Sanford and Orlando on Thursday and Friday the thrilling drama, 'The Scuffle For The Cup.' Nine thrilling acts. Eighteen performers. Come out and see Bridges, the boy wonder from the Celery City. Windham, one of the original Seven Sutherland Sisters. Hear the Golden Voiced Cymphony Quartette, Gore Pounds, Hawes, Barnett, assisted by the famous outfield chorus, render that touching ditty, 'Nobody Scores.'

The greatest aggregation of peerless perspiring players ever presented the public.

Admission 25 cents, which entitles you to the right to yell all you please. Grandstand 10c. No extra charge for seats on the grass.

Come out and whoop 'em up."

#### Tie Game at Orlando

The ball game yesterday at Orlando ended in a tie, fourteen innings being played, neither club being able to score.

It was a pitcher's battle from start to finish. Bridges was in the box for Sanford, and Briscoe for Orlando. It was an even break for them, as each had sixteen strikeouts to their credit. Bridges gave Orlando only four hits, while our bunch managed to get five hits off of Briscoe.

Our boys play in Orlando again today.

Wanted—To rent 13,000 feet of celery boards. P. O. Box 364. 48-1f

For Rent—Seven room house furnished or unfurnished on Park Ave. between 9th and 10th. Inquire at Sanford Grocery Co. 47-1f

Colonel Marcellus Pointer, prominent staff officer under Gen. Joe Wheeler in the war between the states, was found dead last Saturday in his room at his boarding house in New York city. Apoplexy was the cause.

Mrs. Sophie Maier, a graduate from the New York law school, has been selected by the Austrian government as an attorney in the trial of a famous will case, involving \$300,000.

The tercentenary celebration of the discovery of Lake Champlain, N. Y., is well under way, and is being attended by a large number of people, mostly from New York, Vermont and Canada. The festivities are to last three weeks.

#### WELL DRILLING

We have the largest and best equipped plant for driving wells in this section of the country and are prepared to fill all orders promptly. Our machinery is up-to-date and our workmen are skilled in the work.

Those contemplating putting in wells would serve their best interests by consulting us and learning prices before making contracts.

WE HANDLE THE ABOVE EXCLUSIVELY IN SANFORD

#### SUNDAY AT WEKIWA

As Told in the Language of Albert Anson Graham

Sunday in the making was the very best ever, sunny and the breezes cool. The day was glorious, and the good people here and there migrated in and around the pools and "fountain mysteries" baffled continuously.

One hundred per cent better are the Wekiwa pools than the surf of old ocean every Orange county citizen will admit, and on Sunday the pools more interesting and more refreshing than ever.

And intermingling with the ripples were summer girls' curls. Sol had barely peeped over the eastern ramparts of pine and palm and made a few flirting winks and blinks with Miss Wekiwa when the first stage turned into Hood River Curve and entered the play ground. It hailed from Sanford, Lucky Sanford. Closely following the Sanford stage were several parties from up Longwood way. The big bus which rolled in as the Longwooders were taking their first plunge contained Orlandites from wideawake Orlando. In the deep forenoon several buggies and a wagon well laden with pleasure seekers were checked in. Early afternoon autos from Orlando began to arrive, and late dusk they were still arriving, and when young evening appeared she gracefully greeted a large multitude indeed, in Wekiwa Springs.

The hot summer days commonly known as "dog days" are here or soon will be and the many dogs roaming the streets are a constant menace to every one, especially helpless and defenceless children. If the dog ordinance is not obsolete we hope the authorities will have it rigidly enforced. Every year a dog or several dogs are shot on account of their suspicious behaviour. The killing of the dog may be too late to save some one from the dangerous effects of a dog bite.

## A NEW TRACTION LINE

### Company Has Been Organized For The Project

### FROM KISSIMMEE TO SANFORD

### New Road Will Traverse One of Best Section of The State of Florida

The proposed traction line from Kissimmee to Sanford seems to be an assured fact as the following from the Reporter-Star would indicate:

"For many years there has been talk of a trolley line between Orlando and Winter Park, Orlando and Sanford, Kissimmee and Sanford, etc.

It was good talk. That is to the average mind there has seemed to be good reason for the building of such a road.

The nature of the country is much the same as the suburbs of the northern and western towns where electric roads are a howling success. Fine orange groves are located all along the way between Sanford and Kissimmee. Great vegetable producing sections already sending thousands of tons of freight to northern markets are ready to be tapped. Handsome residences line the proposed route with people always ready to step aboard and go to Sanford, Orlando, Winter Park, Maitland, Kissimmee, or to the river terminal for Jacksonville, New York or other eastern points. Then the winter tourists, the man with plenty of time and more money how he would delight in such a thing as a breezy ride over a rural line, taking in the sights of the country, and our own people, every one of them travelers and pioneers, how they would rush to patronize such an enterprise!

As we have said, there have been rumors of roads and stakes driven, and in imagination we have almost seen the "trolley" running.

But the time was not ripe, or a freeze came, or a panic in money matters prevented and the electric road never materialized.

But perhaps all these agitations may have been well enough in their way. It kept the idea alive and every time it was revived the importance of the scheme seemed greater.

Now, however, an improved idea has developed. It is not an electric trolley line, which perhaps might be the best but also the most costly, but a traction road, to be operated with gasoline engine power, carried on each individual car, similar to an automobile.

A company has been formed and officers elected, the engineer is on the ground, nearly all the right of way has been secured, the plans have been worked out, and the backers are ready to put up the cash necessary to build a traction road from Kissimmee to Sanford, a distance of about 45 miles.

This is all vouched for by Dr. B. T. Bennett of Orlando, who has been the moving spirit in the matter all the while, and who has never given up when others became discouraged.

All we know of the project we obtained from him and, briefly the plan is to build and equip the road for the sum of \$500,000. Of this \$400,000 bond at 5 per cent, and to be placed, which will be taken care of by the J. B. Hornaday Company, bankers of New York, on condition that the other \$100,000 common stock, shall be taken by persons living in Florida as a guarantee and to show their interest by becoming identified with the project. Upon such a guarantee being given, the J. B. Hornaday Co. will back the line and the Taylor Co., of New York, constructionists, will build and equip the road on the following conditions, viz: When the first five miles of the road shall have been completed (probably between Winter Park and Orlando) twenty per cent of the stock payment will be due and, thereafter, upon the completion of each five miles, ten per cent addition will be due.

The proposition of the company is to make this a passenger and freight line. The passenger cars equipped with engine, express and freight compartments and accommodations for seventy passengers are in use on other roads and are said to be giving perfect satisfaction. Trailers may be attached to these coaches if necessary. Bright engines and cars are also to be provided and freight hauled locally as well as to Sanford to connect with the Clyde line, saying a great deal of cost.

The name of the company, is The Central Florida Traction Co., and the officers

## FLORIDA CROPS FINE

### Good Prospects in Citrus Groves Especially, Says Crop Reporter

The Crop Reporter, published by the bureau of statistics, department of agriculture, in its issue for July, says of Florida sub-tropical fruits: The condition of pineapples in Florida on July 1, 1909, was ninety-four per cent of a normal, against ninety-one on June 1, 1909, and eighty-eight on July 1, 1908. The condition of lime was ninety-four on July 1, 1909, and ninety-three on June 1, 1909, and eighty-eight on July 1, 1908. The condition of grapefruit was eighty-eight on July 1, 1909. Of tobacco in Georgia and Florida, it says: "Unsatisfactory prices for the last crop have caused the acreage to be reduced twenty per cent., both the shade and sun-grown being less than last year. "Planting early and the stand is good. Weather conditions during the growing season were favorable, and indications are for a fine crop. At the time reports were sent to this bureau a part of the crop had been put in the house." The crop statistics July give the following data for Florida as to ordinary crops: Corn—six per cent. increase over last year in acreage; condition July 1, 1909, ninety-six; same date 1908, eighty-six; ten-year average, eighty-three. Tobacco—acreage eighty per cent of that of last year; condition July 1, 1909, ninety-two; 1908, ninety-six, ten-year average, ninety. Irish potatoes—acreage, two per cent. greater than that of last year; acreage planted, 5,000 acres; condition July 1, 1909, ninety-one; 1908, ninety-four; ten-year average, eighty-six. Sweet potatoes—acreage same as last year's; condition July 1, 1909, ninety-one; 1908, eighty-six; ten-year average, ninety. Pastures—condition July 1, 1909, ninety; 1908, eighty-eight; ten-year average, ninety. Oats show one per cent. of loss in condition and pastures one per cent. of improvement since June 1, 1909. Indications favor fine crops of everything Florida produces.

### Howard Has Sure Head

The Sanford Herald says in response to the Holly Jokelets reproduced in our columns from that paper, that "the Orlando people like Holly Jokelets, and that's why so many Sanford Herald are taken in Orlando." Well, that's all right; those little Holly Jokelets must be paid for by somebody and if Orlando folks can stand up to the jokes we do not complain. Anybody have a Holly Jokelet they'd op-uh-uh! Stand up and say so. Reporter-Star.

Poor Howard certainly is to be pitied. Last week the daily lightning from his bedside announced that he was very low with a bad attack of sore neck. The dread attack seems to have settled in his head this week and his "grouch" is getting beyond control of medical assistance. We would advise that he take a "Holly Jokelet" every hour until relieved or otherwise. In either case the result would be satisfactory.

### Citrus Growers' Convention

The members of the Citrus Exchange recently organized met again in Tampa yesterday and matters of importance were discussed. Following is the program: "Address—Organizer J. A. Reid, of California Fruit Growers' Exchange, "California Methods."

Address—Sales Manager R. P. Burton, of Florida Citrus Exchange, "General Methods for Successful Handling of Crop." General discussion by the growers, questions answered by J. A. Reid and R. P. Burton.

Lifting of crops and signing of contracts by growers of the state of Florida.

Drafting of model charters for county exchanges and constitution and by-laws of local associations.

Only a few weeks ago Tampa entertained the convention which voted unanimously in favor of the exchange and which provided an organization committee. The organization committee evolved an executive committee, and the two committees, through the individual work of the members, and a press highly endorsing the exchange idea, together with the securing of an organizer to make an itinerary in the citrus belt, have done their work well.

are, president, M. O. Overstreet, 1st vice president, Dr. B. T. Bennett; 2nd vice president, Dr. J. H. Smith; treasurer, W. A. Smith, cashier State Bank; secretary, L. L. Payne; general manager, A. N. Mc-

That the proposition may be fairly brought before the Orlando people there was a public meeting in the court house on Wednesday night at 8 o'clock, which was addressed by J. P. Hornaday and the tabulating engineer, W. A. McClatchey, who presented the entire proposition.

### The General News of "The Land of Flowers"

### CULLED FROM THE STATE PRESS

### An Epitome of the Week's Most Important Happenings in the State's Domain.

While wading in the water at St. Andrew's bay one day last week, Henry Munson was so badly bitten by a shark that his life was despaired of.

An official survey of the Kissimmee river has been recommended by the United States board of engineers. At the last session of congress \$75,000 was appropriated for the improvement of this river.

Last week while a team of horses were drinking in a shallow pond into which they had been driven attached to a carriage, occupied by Allen Pierce and children, the bottom of the pond sank without warning and both horses were drowned. Fortunately the occupants of the carriage were rescued by persons who witnessed the accident, which happened near Yalaha.

Hereafter convicted prisoners in Jacksonville will not have the easy loafing times in jail that they have been accustomed to. The new city charter provides that they must work on the streets or pay their fine.

By the capsizing of a launch in the St. Johns river near Jacksonville a few days ago, J. D. Ferris and his twelve-year-old son narrowly escaped drowning. They were rescued by Maurice Rogero and Harry Treadwell who were out in a row boat. There was a quantity of provisions and groceries on the launch for Nichols & Co. of Mandarin, all of which were lost.

Twenty-four "moonshine" stills were destroyed by U. S. revenue officers in this state the past fiscal year.

Pensacola is to add \$7,000 worth more paved streets to those already paved.

Tampa is to have a bacteriological laboratory. This is the result of action taken by the state board of health at a recent meeting in Jacksonville. Tampa will furnish lot and the state will erect the building.

B. F. Constantine, a well-to-do resident of Clearwater, was found dead in the road near his home last week. Apoplexy was the cause of death. He was 45 years old and a widow and children survive him. His remains were taken to Henderson, Ala., for burial.

A new trolley line between Pensacola and Magnolia Bluff has been opened for business.

The next regular meeting of the state board of pardons will be held July 29. No meeting will be held in August.

Eustis has a First State Bank. The old banking firm of McClelland, Hubbs & Isted has been reorganized by addition of other gentlemen and now becomes a state institution.

A telephone line is being built between Leesburg and Ocala.

Two houses adjoining the Cosmopolitan hotel, Tampa, were burned Friday morning. The hotel was not damaged to any extent.

Thomas Gonzalez, an aged cigarmaker of Tampa, committed suicide last Saturday by shooting. Being too feeble to work was the cause.

Enos Easton, a lad who was recently kicked in the head by a horse in Tampa, died Sunday.

Capt. A. E. Moreno has been relieved of his command of the Tampa post of state troops, as captain of Co. M, and as acting commanding officer of the first battalion, second regiment infantry, National Guard of Florida. Charges of a serious nature have been preferred against Capt. Moreno. The order came from Orlando and is officially signed by Col. Schmier, commanding officer of the regiment.

Alfredo Alvarez, manager of the Four Brothers saloon at West Tampa, was assassinated just as he was entering the gate to his home about midnight Saturday. No cause for the killing is assigned. The assassin escaped.

A vessel load of gophers from Geneva, Ala., was received at Pensacola last week.

A. J. Murphy, claiming to hail from Sanford, was robbed of \$50 in Jacksonville last Saturday.

A wireless telegraph station with a radius of 1,000 miles will be in operation in Jacksonville next week.

## A NEW DEAN AT ROLLINS

### Rev. F. T. Clayton Accepts Chair of English

Rollins College, Winter Park, July 19.—Rev. F. T. Clayton of Williamstown, Mass., will be Professor of English and instructor in philosophy the coming year. He will also act as dean.

Mr. Clayton has for several years held an important pastorate in Williamstown, the seat of Williams college, one of the leading institutions of the country, at whose head is a son of President James A. Garfield, and his relations with the college faculty and students have been close and intimate. He has also had an official and influential connection with the public schools of the town.

Mr. Clayton is himself a graduate of New York university, which also conferred on him the degree of Master of Arts, in course, and of Union Theological Seminary in New York. He is a gentleman of charming personality, of extensive experience with young men and boys, sympathetic, yet strong, and it is believed that his influence as dean will be excellent. Dean Terry of Williams college says of Mr. Clayton: "He is particularly fond of work with young people and seems to me to have the serious qualities which would make him efficient in the relations with the disciplinary officers of the college. He is able to maintain with the young people under his charge. Tact, firmness, sympathy and common sense appear to be among the many good qualities of which he retains possession."

"Mrs. Clayton, who is a graduate of Vassar College, and is a scholar and teacher of distinction, will assist the coming year in the department of mathematics.

### Going "Bugs" on Ball

It was a Frenchman who said: "If business interferes with pleasure cut the business out." This may be all right where the business man can afford to do so but his customers expect him to be at his store part of the time at least. In the last few weeks Sanford has taken such a deep interest in base ball as to cause some of the people to think that the ball games were interfering with business and that the business was cut out. That the same is true in Orlando the following from the Reporter-Star demonstrates:

The afternoon closing up on Friday caught the large number of country people napping who came to town expecting to do business. They expect a Sunday aspect on Thursday afternoon, but having no notice of the silent closing of the doors on Friday also, it sent many of them home in no good humor.

They came to attend the orange growers meeting and in many cases to do some shopping when the crowd came out of the opera house and night coming on they tried to make purchases and go home.

"Did you ever see such a god darned town, anyway?" said one. "Now, never did; have they shut up shop for the orange grower's meeting?"

"Now, not on your life; they all went to the ball game."

### The Great Piano Contest

As the piano contest grows older the interest becomes more intense and the favorites are keeping up the large vote. Miss Takach several weeks ago landed in second place but this week the Eagles have rallied and again occupy their former position. Miss Stumon maintains her original position as the leader and seems to hold this place regardless of the efforts of the other contestants. Get in the game and vote for your favorite.

SANFORD	
Miss Jessie Stumon	50,527
Order of Eagles	31,768
Miss Aranka Takach	41,884
Congregational Church	19,688
Knights of Pythias	10,849
Miss Maybel Woodburn	6,777
Waiwaka Club	3,839
Miss Ada Stenstrom	3,429
Miss Nona Cowan	2,208
Miss Gayle Moore	1,802
Miss Annie Higgins	1,427
Woodmen of the World	1,174
Miss G. W. Venable	1,018
Baptist Sunday School	602
OUT OF TOWN	
Miss Lillie Lord, Clyde	2,123
Miss Almene Brooks	102

### Storm Strikes Galveston

The storm which originated in the Caribbean Sea several days ago and for a time threatened Tampa, has now flung itself in a tangent across the Gulf of Mexico and struck Galveston, Tex., where a wind velocity of fifty miles an hour was recorded Thursday. According to Local Weather Observer Scarr of Tampa the conditions in that city appear very much the same as at the time when the city was destroyed by storm and flood several years ago.

The storm no longer threatens Florida, but where it will spend itself cannot be said.

## FLORIDA LAND FRAUDS

### Whole State is Waking Up to Important Facts

### HON. FRANK CLARK'S OPINION

### Unscrupulous Land Dealers are Working Against Best Interests of Florida

A few weeks ago a gentleman in Oklahoma desiring to change his location, and having been approached by an agent who offered him special inducements to settle on the reclaimed land of the Everglades, wrote the Hon. Frank Clark, at Washington, asking that he be supplied with definite information about these lands, as there were others beside himself in his locality thinking very seriously of locating in Florida. In reply Mr. Clark fully explained the glories of Florida to the gentleman, but at the same time gave him some very sensible advice. The better part of this letter was sent the Times-Union to show how Florida was forging to the front and was used in an article by that paper from which we make the following copy:

"I know very little, of my own personal knowledge, with reference to the Everglades. I expect to go through a portion of the Everglades next November, and then will, of course, be in a better position to speak intelligently than I am now. I will say this to you, however, if you are contemplating buying lands in the Everglades with the intention of building a home there, I would advise you to make a thorough personal investigation before doing so. If you have quite a number of families who contemplate taking this trip, it occurs to me it would be the part of wisdom to send one of your number to the Everglades so that he might make a thorough personal investigation. I want to say to you in this connection, as a citizen of Florida for twenty-six years, that I am thoroughly convinced that a poor man can do better here farming than he can in any other state in the Union. He can make a living in this state and acquire a competency with less effort, and in less time than he can anywhere else. While this is true, and while our lands are extremely productive, yet we have thousands of acres that are not fit for cultivation. The state has been very much injured by certain unscrupulous dealers in land misrepresenting conditions and locating settlers at unsuitable places."

In concluding his letter, Mr. Clark expresses the hope that the party will make such an investigation as will induce them to make their homes in this state. Mr. Clark shows an intelligent regard for the interests of the state when he advises prospective settlers to look before buying. They could safely come to Florida with the certainty of finding abundance of land offering ideal conditions for settlement. No man, however, should pay out his money and get his deeds without seeing what he is paying for, or getting information about it from someone with whom he is personally acquainted. A settler who comes after taking these precautions is sure to be pleased if he is at all reasonable. He becomes an immigration agent for Florida, for his satisfaction draws many of his friends and acquaintances to the state, but the man who buys a "gold brick" acts as a lighthouse to warn people to keep away. We believe there is no state in the Union where there are as many good bargains as can be found in Florida, but there are "gold bricks" here, and those who have them wish to sell them. It is good business as well as good conscience not to overlook our advantages, and to warn prospective settlers that while the best can be found in Florida, good business sense is needed here as elsewhere in making selections.

### Wiring for Electric Lights

Sanford's new electric light plant will soon be installed and you want the done by a competent and experienced electrician. The work must bear inspection and conform to the regulations prescribed by the Southern Tariff Association. W. A. Parr of this city has had ten years experience in electrical work of all kinds and can wire your house in a satisfactory manner. Everyone should have their house wired at once, to be ready when the current is turned on, and W. A. Parr is now equipped to take your order and fill same at once. You can get him any time at the telephone exchange, or leave orders at Fernald's hardware store.
