

## Wickersham's Report Favors Continuance Of Prohibition With President Concurring

### However, 6 Of Eleven Commissioners Favor Modification Or Repeal Of Statute

WASHINGTON, Jan. 20.—(AP)—President Hoover sent to Congress today, with qualified praise, the report from the Wickersham commission which declared against the repeal of the Eighteenth Amendment but put forward a plan for its possible revision.

The President said he concurred in the commission's finding that the amendment should stay and that no present effort to amend it. He made no direct reference to the fact that six of the 11 commissioners asked for repeal or modification or to the declaration of the whole commission that a revision of a clause, giving concurrent power to the state and nation, would be wise.

In Congress the report immediately became the center of attention and inspiration for many projected proposals for modification or strengthening dry statutes in both Senate and House. Lead- (Continued On Page Four)

## Deposits In Largest Banks Of Country Show Big Jump Despite Depression In '30

NEW YORK, Jan. 20.—(AP)—Deposits of the 100 largest banks in the United States increased more than \$300,000,000 in 1930 despite industrial depression to a total of \$22,153,278,318 as of December 31, a compilation published today by American Banker.

Since 1924 deposits of these banks have gained almost 50 per cent, or more than \$7,000,000,000, indicating to some extent the degree of concentration of banking resources which has occurred.

Total capital stock of the 100 banks is \$1,865,444,566, compared with \$705,149,990 six years ago and total surplus and undivided profits accounts December 31 were \$2,866,994,634, compared with \$1,000,977,623 six years ago. The publication points out that capital has increased 84 per cent in the six-year period, while surplus and undivided profits have increased more than 100 per cent, or approximately faster than deposits, contributing strength to the American banking situation.

For the first time, the Chase National bank of New York heads the table of 100 banks, with deposits of \$2,073,775,923, constituting the largest total in the world and outranking, according to latest statements, the greatest British banks. The names of Equitable Trust Company, and Interstate Trust Company merged by Chase, have dropped from the list. A year ago Chase was in second place.

Mergers continued to reduce the

number of New York banks among the 100 largest. Wall Street has only 20 representatives on the list this year as compared with 23 in 1929 and 30 in 1928.

Thirty other cities are represented by banks in the 100 largest. They are Philadelphia, Chicago and San Francisco, with eight banks each; Pittsburgh, 5; Boston, Los Angeles, Detroit, and Cleveland, 4 each; Buffalo, St. Louis, Baltimore and Kansas City, 3; Providence, Minneapolis, Jersey City, Rochester, N. Y., and Cincinnati, 2; and New Orleans, Milwaukee, Newark, N. J., Brooklyn, St. Paul, Savannah, Portland, Ore., Atlanta, Dallas, Seattle, Oklahoma City, Syracuse, N. Y., and Tulsa, Okla., one each.

At the same time Chase wrested first place among the world banks from the largest of the British "Big Five" Midland Bank, Ltd. of London, reported deposits of \$1,869,582,000 in a recent statement. Canada's largest, the Royal Bank, with deposits of \$724,974,000, would outrank all but five United States banks.

The first American ten in deposits in the list are: Chase National, New York; National City, New York; Guaranty Trust, New York; Bank of America N. T. and S. A., San Francisco; Continental Illinois Bank and Trust Company, Chicago; Central Hanover, New York; Bankers Trust, New York; Irving Trust, New York; First National, Boston; and Security First National, Los Angeles.

## BULLET-RIDDLED AUTO IS SOUGHT BY TAMPA POLICE

### Discovery May Lead To Arrest Of Killer Of Prominent Citizen

TAMPA, Jan. 20.—(AP)—A small brown sedan with bullet holes in the side was sought today by officers. The discovery of the car is expected to lead to the man who fatally wounded Joe B. Johnson Monday.

Johnson was shot by an unnamed stranger almost without warning as he walked between a garage and apartment house. A policeman, who ran to investigate, was almost run down by the machine. Seeing the occupant pointing a gun at him, the patrolman fired three times into the machine. Johnson died yesterday afternoon.

While Johnson, the Buick dealer here and long recognized as one of the leading citizens of Tampa, was lingering between life and death, the sheriff's force and the police were working desperately to find the assassin.

But they made little or no headway. (Continued On Page Six)

## SENATE VOTES BIG FUND FOR RELIEF WORK

### Goes Over Opposition Of President Passing 25 Million Appropriation-56 to 27

WASHINGTON, Jan. 20.—(AP)—The Senate stepped across the administration line yesterday for another dispute with the White House over relief funds. In opposition to the stand of President Hoover, it voted 56 to 27 to appropriate \$25,000,000 for relief work by the Red Cross.

The federal aid proposal was sponsored by Senator Robinson, of Arkansas, the democratic leader, and he closed a day of heated debate with a denunciation of the Hoover administration and the Red Cross, accusing them of failing to meet relief needs in the present emergency.

Administration senators made a futile attempt to defer the appropriation until Feb. 9 to give the Red Cross opportunity to complete its campaign for \$10,000,000 in voluntary subscriptions.

In response to the appeal of the President that the Red Cross be maintained by voluntary private donations as hitherto, the committee of leading citizens appointed by Mr. Hoover and headed by Calvin Coolidge and Alfred E. Smith went ahead with its drive.

Senators Robinson and Black (D Ala.), who was a co-sponsor of the \$25,000,000 proposal, asserted in the Senate debate that the \$10,000,000 sought by the Red Cross was not sufficient. They disclaimed any attempt to embarrass the Red Cross drive. Democrats supported the appropriation unconditionally.

Leading for delay Senators Reed of Pennsylvania and Vandenberg of Michigan, administration Republicans, told the Senate they would support the \$25,000,000 if the Red Cross failed in its drive.

Reed moved to defer consideration. (Continued On Page Six)

## CALL UPON PEOPLE TO HELP

Judge John Barton Payne, left, chairman of the American Red Cross, with President Hoover after the President issued a proclamation calling upon the people to contribute to the Red Cross's campaign to raise \$10,000,000 for relief of sufferers in the drought-stricken regions.

## BUDGET STUDY IS FEATURE OF CITY MEETING

### Commissioners Talk Over 18-Point Proposal Submitted By Bond Holders' Body

Following the seven-hour conference last Saturday between Kenneth M. Keefe, chairman of the Bondholders' Protective Committee and the members of the City Commission, when both sides seemed approaching an early settlement of the City's financial difficulties in that a levy of 30 mills was agreed upon providing a number of concessions were made by the City, the Commission, and its attorney met last night in a four-hour session and began a two-day study of the recently submitted 18-point settlement plan, now extended to an 18-point proposal, and discussed further the lowest possible operating cost at which the City could be efficiently managed.

Tomorrow morning the Commission will meet with the bond men to give answer to the 18-point proposition in a meeting which is scheduled to bring to a final point the final settlement of the debt question. Tonight the Commissioners will continue their discussions on the budget, and determine the action to be taken tomorrow.

One of the major differences which must be ironed out in the ability of the City to operate on the proposed 12 mill rate. The bondmen say that a 30 per cent tax collection can be realized. The Commissioners have expressed a doubt as to that rate, but they have drawn up a tentative budget, based on such a figure which provides approximately \$110,000 for operating expenses for the year 1930-31. Approximately \$100,000 was needed for the year 1929-30, and nearly \$80,000 under the budget budgeted. The millage last year was 18, approximately 15 mills being set aside for operating purposes. The tax collection last year was 57 per cent.

Information disclosed last night reveals that the Commissioners are faced with a serious difficulty in connection with operating expenses for the remainder of the fiscal year. The City has been operating for the past three months on a millage of 16 for operating expenses, based on the tentative budget drawn up last September. Under the new arrangement of 12 mills for operating expenses, the City will be forced to curtail expenses in a drastic way for the next eight months in order to remain within a 12 mill operating budget for the entire year, which in all probability will necessitate a new low operating millage of nine.

The 18-point plan which must be agreed upon by the Commission before a tentative settlement is reached is as follows:

1. The City is to withdraw its plea and no longer oppose entry of judgments in the pending common law actions on the coupons and certificates of indebtedness and bonds which shall be produced by plaintiffs and filed in these cases. The judgments are to bear interest at six per cent per annum instead of the legal rate of eight per cent.
2. The City shall pay the Commission, under mandamus proceedings, for interest on bonds held by the Commission, the following amounts from the funds stated below:  
Bond interest fund — \$44,061.00  
Water profits (to be applied to water bond interest) — 0,000.00  
From surplus in general fund — 5,812.00  
Gas bond redemption fund — 1,610.00  
(to be applied on interest on gas bonds)  
From special assessment fund — 21,000.00  
(to be applied to assessment coupons such payments.)
3. A form of budget shall be adopted, whereby there be appropriated to interest payments on bonds and certificates of indebtedness (except for bonds) a fixed percentage of the moneys received by the City from any source (now existing or hereafter created) except from the operation of the water plant. The budget shall be adopted as of October 1, 1930, and should provide that...

## Body Of Girl Found In Ditch Encased In 4-Foot Sheet Of Ice

FORT MORGAN, Col., Jan. 20.—(AP)—Encased in a 4-foot sheet of ice the body of Miss Enid Marlett, 20-year-old Wiggins, Colorado school teacher, missing for more than two months, was found yesterday in a lateral of an irrigation canal, near Fort Morgan.

Discovery of the body followed by two days the arrest of Harry E. Moore, a road worker charged earlier yesterday with abduction. Officers said a murder charge would be filed.

Finding in the canal of a blood-stained shirt, the same size as that of Moore, and a man's handkerchief with the initials "M." were regarded by Sheriff Rufus A. Johnson as circumstantial evidence against the prisoner.

Moore admitted to authorities he was in Wiggins the night Miss Marlett disappeared from a railway depot. At 2 o'clock that afternoon he was released from jail. He was charged with drunkenness.

Moore denied the shirt recovered from the canal was his and has offered an alibi which authorities say is not supported.

Walter Byron of Denver, head of an investigating agency, discovered the teacher's body in the canal. Numerous articles belonging to Miss Marlett, including some of the contents of her traveling bag, previously have been recovered from the canal.

## Man, On Trial For Murder, Killed By Daughter Of Victim

DEWITT, Ark., Jan. 20.—(AP)—A 17-year-old girl shot to death a man on trial for the murder of her father in a crowded courtroom here last night as the jury was ready to retire with the case.

The girl, Helen Spencer, sat on the front seat in the courtroom throughout the day listening to the trial of Jack Worke, 39, charged with killing her father, Cicero Spencer, and throwing his body into the White River.

At a moment when the jury was ready to take the case the girl leaped from her seat, drew an automatic pistol she had concealed in her clothing and fired four shots into Worke's body.

He died 15 minutes later.

Taken into custody immediately, she refused to discuss the shooting but remained calm.

Less than a month ago, officers said, the girl attempted suicide in a restaurant here by shooting herself in the breast.

## Many Press Cards Found On Crooks In Miami Police Raids

MIAMI, Jan. 20.—(AP)—Detective Sergeant Eddie Melchen said he knows why the crop of press cards in his bag. Melchen said, "The town is fairly flooded with them."

The cards, the detective said, generally carry the name of some organization closely resembling well-known press associations or newspapers of the North.

"We found one fellow who was reported to be selling them but couldn't press charges against him because no one complained," Melchen said. "He had two kinds of cards—a plain one that we found out he sold for \$5 and a highly embossed affair with a gold seal that he sold for \$20."

"As far as we have been able to find out, the cards are used for various purposes," the detective continued. "The bearers use them to gain entrance to offices or buildings, to stave off investigation if their actions are viewed with suspicion, or to get into theatres or other entertainments offered here during the winter."

## Scope Of Quiz Into Campaign Funds Is Widened By Senate

WASHINGTON, Jan. 20.—(AP)—The Senate yesterday broadened the scope of the campaign funds inquiry to include complaints involving the 1928 election.

The action was taken upon motion of Senator Glass (D Va.), and it was regarded as opening the way for further inquiry into the administration of the anti-Smith funds in 1928 by Bishop James Cannon of the Methodist Episcopal Church, South.

Glass withheld comment on the purpose of his resolution. The bishops of the Methodist Episcopal Church South are now reviewing other charges made against Bishop Cannon.

The Senate lobby committee last year was blocked by lack of funds.

## Automobile Owners Face Jail Thursday Unless They Buy Tag

"Arrest faces each Seminole County automobile owner who operates his vehicle after tomorrow without a 1931 license," said Sheriff J. F. McClelland this morning after a conference with Gen. W. McRoy, deputy license tag inspector of this district.

That means that the office of R. L. Hagan, local tag agent, and Jno. D. Jinks, collector of personal taxes, will be swarmed by the late minute rush of several hundred automobile owners who are without tags. Mr. Hagan reported this morning that he had disposed of 2400 passenger cars and 565 truck licenses to date, an increase of over 500 tags up to Jan. 20 of last year. Nearly 4000 tags of both types were sold last year, which indicates that there are approximately 1600 automobile owners in the county who have failed to purchase tags.

Sheriff McClelland said that beginning early Thursday morning his men would question every person seen operating a vehicle without a license, and unless good cause is shown for delay in securing the 1931 tag, an arrest would be made promptly. Authorities in many counties have been making arrests daily and several Sanford residents who have made trips to various sections of the state have been stopped and required to purchase license promptly.

LICENSE SUITS FILED

WINCHESTER, Tenn., Jan. 20.—(AP)—J. C. Chattanooga News was the defendant yesterday in 10 libel suits filed by Colonel Luke Lee, Knoxville publisher, who sued a total of \$1,000,000 as damages.

## AIR TOUR HEADED FOR COCOA AFTER DELAY IN TAMPA

TAMPA, Jan. 20.—Forty planes held on the ground here by wet skies planned to take to the air this morning, weather permitting, and fly direct to Cocoa, where they would have landed today anyway on the original Florida air tour schedule.

Instead of departing Friday in Jacksonville, the aerial party will head southward again, paying its respects to Titusville and Sanford which would have been on yesterday's schedule, had it not interfered. Saturday morning they will sail back to Tampa field and groom the ships for the air meet Sunday afternoon.

Interest in the Tampa meet has increased among the airmen, and there will be keen competition for the \$1500 to be distributed among winners. Four new entries were received Sunday from Miami, and Wesley Raymond said he expected to increase his fleet of Bird (Continued On Page 5)

## Judge Orders Defense Attorney To Cease Line Of Questioning

LOS ANGELES, Jan. 20.—(AP)—A judicial damper was placed on the "tell all" contest between Clara Bow, film star, and her ex-secretary, Daisy DeBoe yesterday.

Superior Judge William Doran, presiding in the trial of Miss DeBoe on charges of appropriating \$16,000 from Clara's bank account, ruled out "mud slinging" just before the defendant took the witness stand with the asserted intention of revealing more about the actress' "boy friends" and alleged drinking and gambling.

As a result, yesterday's court session was a tepid affair. Under questioning by the defense Miss DeBoe told of signing checks for a fur coat and for dresses, which she said she had purchased with the approval of Miss Bow.

Various other checks were explained in like manner. The prosecution charges the defendant withdrew the money from Clara's account for her personal profit and is guilty of grand theft.

Clara was absent, sick in bed (Continued On Page Five)

## Mrs. Frank Forster Dies At Home Here

Funeral services for Mrs. Frank Forster, pioneer resident of Sanford whose death occurred yesterday afternoon at her home, 500 Magnolia Avenue, will be held at 2 o'clock at the Ingraham Cottage on Anastasia Island, St. Augustine. The Rev. Mr. Hendry will be the officiating clergyman and burial will be made in Evergreen cemetery in that city. The funeral services will leave Sanford tomorrow morning at 8:30 o'clock, under the direction of the Erickson Funeral Home.

Mrs. Forster is survived by her husband, Frank P. Forster; two sons, Mrs. G. W. Gibbs, of Orange, Fla., and Mrs. Benedict, of New York City; and three daughters, J. D. Ingraham, of Maunabo and Jacksonville, Fla.; H. W. Baker, New York City; and Louise I. McCombe, Boston, Mass.

## Local Chickens Lead State In Egg-Laying

Sensational growth White Leghorns and Barred Plymouth Rocks, owned by the Vocational Department of the Seminole High school, were the leading egg-layers of the entire state during the months of October and November 1930, in a group two, which comprises flocks of from 50 to 225 birds. This information came from the University of Florida extension department today.

For the past several months a heavy egg-laying contest has been conducted throughout the state, and nearly 150 poultry owners, having entered over 25,000 birds in the contest. The locally owned chickens laid on an average 21.8 eggs during these two months, which was declared an excellent percentage.

## Woman Missing In Fall Off Steamer

MOBILE, Ala., Jan. 20.—(AP)—Mrs. J. C. Tornin, formerly Miss Esther Crosby, of Foley, Ala., was reported missing off a steamer bound from Nicaragua to New York, according to a message received by T. W. Crosby, her father, living in Silver Hill, Ala., here today. The boat was said to have been seen out of Nicaragua on 19 miles from Colon, Panama, when the young woman fell overboard while in the throes of seasickness, according to the report.

Search was made for over an hour but no boat, the name of which was given, proceeded on its way. Tornin is said to be a widow with two children in the United States. She is a native of Nicaragua and was married at New York.

## Canvassing Agent Is Arrested For Failure To Procure Proper License

The plea of the Independent Merchants Association, voiced at a recent meeting of the City Commissioners, that the City take steps to curb the activities of numerous representatives of out-of-town firms who were canvassing throughout the city had an echo in Municipal Court yesterday afternoon when L. H. Ellis, white representative of a wholesale department store of Jacksonville, was brought into court on a charge of canvassing without a proper license. Judge James G. Sharon suspended sentence on Mr. Ellis after Chief of Police Williams and Judge Sharon made the accused man acquainted with the City ordinance. Mr. Ellis purchased the necessary license from City Clerk Linscott, and the City gave \$75, mainly through the vigilance of the members of the police department who have been ordered to keep a sharp lookout for peddlers.

According to George Weinstein, president of the Local Merchants Association, the peddling, in many instances, has become a serious problem here, and has caused many persons, particularly elderly residents, to become victims of swindlers. Weinstein said he had been advised by some of his members that from out-of-town canvassers had only

## Reserve Bank Head Discloses His Views On Banking Failures

WASHINGTON, Jan. 20.—(AP)—George L. Harrison, governor of the New York federal reserve bank, told the Senate banking investigating committee that the "abuse of privileges provided by law" rather than law violations has caused a large part of the 6,000 bank failures in the last 10 years.

Harrison also said that a multiplicity of banking systems has done as much as any other thing to cause "some of our present trouble." Another factor entering the situation was loans which banks were authorized to make on real estate.

## Influenza Epidemic Rages In Baltimore

BALTIMORE, Jan. 20.—(AP)—With a total of more than 1300 cases reported to the health department, 90 of them yesterday, Dr. C. Hampton Jones, health commissioner, yesterday said he anticipated an outbreak of influenza that will "involve the entire city."

At Annapolis, where 200 midshipmen of the naval academy have been confined to beds by the outbreak, authorities yesterday said all but 80 had been released from the hospital. In Baltimore the Sun papers, jointly owned and published morning and evening papers, were forced to lend each other portions of their staffs, depleted by the near-epidemic.

## NOTE DIES

MEMPHIS, Jan. 20.—(AP)—A 21-year-old pioneer thymic grower, James Montgomery mayer, died here today after a long illness in business and personal affairs, died last night after a stroke paralytic.

Funeral services will be held tomorrow morning at 10 o'clock. His widow

# "You Will Benefit Public Health"

Says  
**DR. J. F. X. STACK**  
Health Commissioner, City of Hoboken, N. J.

... one of 56 health officials from 56 different points approving Creme's crusade against spit or spit-tipping.

Every smoker, every wife whose husband smokes cigars, should read Dr. Stack's letter.

"Who are the friends of 'Spit'?"

YOU MAY WELL ASK THIS QUESTION WHEN 56 IMPORTANT HEALTH OFFICIALS HAVE WRITTEN SO STRONGLY AGAINST THE EVILS OF SPIT OR SPIT-TIPPING.

Dr. Stack writes: "I am heartily in favor of your campaign to better your industry by making it cleaner."

The war against spit is a crusade of industry, health, and common sense. Smoke-Creme is a really wonderful smoke—mild, mellow, sweet. Every leaf entering the pipe, every Creme cigarette is scientifically treated by methods recommended by the United States Department of Agriculture.

**Certified**

DR. J. F. X. STACK  
M.D.  
June 17, 1930.

American Cigar Company  
111 Fifth Avenue,  
New York, N. Y.

Gentlemen:  
I have seen your advertising displays in the newspapers and on billboards, telling people about the harm spitting may cause and the dangers lurking in cigars when the tips are scalded with spit. Your efforts to teach the public and thus prevent suffering will do more than sell cigars. You will benefit public health, and for that reason I want to give my enthusiastic approval to your campaign.

As a health commissioner, I am interested in seeing the cessation of this evil brought home to everybody. Human life would be greatly lessened if every person knew that danger there is in spitting in public places and in using the tongue to cool or moisten anything in manufacturing. Your campaign is indeed a "Crusade of Industry" and my department wishes you success in your efforts.

You are welcome to use this letter in your plan of public education, if you wish, with the understanding that I am not publicly endorsing your product in preference to any other, but that I am heartily in favor of your campaign to better your industry by making it cleaner.

Very truly yours,  
**J. F. X. Stack, M.D.**  
Health Commissioner, City of Hoboken, N. J.

Phillips, and the Rev. H. Irving Loutlet left today for Palm Beach where they plan to spend several days attending the meeting of the Church Service League.

## Wild Oklahoma Oil Well Is Throttled

OKLAHOMA CITY, Jan. 20.—(AP)—Another roaring menace of the oil field at Oklahoma City's doorstep—the wild No. 1 Weepac oil well—was throttled late yesterday.

The well, wild since morning, was shut in at 5:30 P. M. by John Gordon, tamer of the wild No. 1 Stout of the Morgan Petroleum Company, which sprayed oil over the State capitol for three days last November.

Gordon also worked on the famous "Wild Mary" Sudik, Oklahoma's most notorious outlaw well, which ran wild for 11 days before being shut in.

With the flow of Weepac under control, firemen and National Guardsmen took precautions against the danger of fire in the area soaked by oil from the wild gusher.

## BETTY BALL BROWN

School of dancing will start tap, acrobatic & ballroom classes Tuesday night 7:30 o'clock at studio in Kent Building on Commercial street.

## Social Calendar

### WEDNESDAY

Regular meeting of the Welfare Department of the Woman's Club will be held at 3 o'clock at the club house on Oak Avenue.

### THURSDAY

The East Side P. T. A. will meet at 3 o'clock at the school auditorium.

The Young People's City Union will hold its January meeting at 7:30 o'clock at the First Presbyterian Church.

Circle Number Four of the First Baptist Church will hold a cottage prayer meeting at the home of Mrs. Louise Lappin, West First Street at 8:30 o'clock. Members are requested to meet at the church and go from there in a body.

### FRIDAY

Seminola Rebekah Lodge Number Forty-three will meet at 7:30 o'clock at the Odd Fellows' Hall on Geneva Avenue. An installation of officers will take place all members are urged to be present.

Under control, firemen and National Guardsmen took precautions against the danger of fire in the area soaked by oil from the wild gusher.

## Russia, Turkey And Iceland Invited To Federation Parley

GENEVA, Jan. 20.—(AP)—Russia, Turkey and Iceland will be asked to participate in the preliminary economic discussions of a plan for a European federation yesterday's decision of a sub-committee is adopted by the European conference.

The decision, reached after a long debate, was in the nature of a compromise. Germany and Italy had demanded that non-members of the League of Nations be invited to join in establishing the federation plan.

Aristide Brand, French foreign minister and "father" of the plan, said that the participation of the pan-laters of Rumania and Switzerland, Europe idea, and the foreign minister, was definitely opposed to inviting Russia.

Finally, the participation of the three countries in the economic aspects of the work was adopted.

It was pointed out last night that the recommendation of the sub-committee made no mention of political problems, thus leaving the door open for this phase of the question to be re-introduced at a full, private session of the conference today.

The reference for the first time to Iceland was seen as a move on the part of the mother country, Denmark, and Great Britain, to bring that ancient democracy ultimately to league membership.

For three days, the time of the European conference, called to elaborate M. Briand's idea, was largely taken up with the question of Russia.

## ROBERT E. LEE BALL IS GIVEN LAST EVENING BY LOCAL U. D. C. CHAPTER

Red and white, the colors of the United Daughters of the Confederacy were used for decorations at the annual Robert E. Lee Ball given last night at the Elks Club, East First Street, by the N. de V. Howard Chapter of the U. D. C. American Flags were draped about the walls of the ballroom while quantities of red and white sweet peas and narcissi and fern were arranged in various other places about the rooms.

Dancing began at 9 o'clock to the music of Mero's Syncopators and continued until a late hour. Throughout the evening punch was served by Mrs. R. G. Fox and Miss Winifred Strong from the refreshment table which was decorated with red and white sweet peas, narcissi and fern. Mrs. A. B. Wallace, Mr. and Mrs. D. D. Caldwell, Mr. and Mrs. M. S. Wiggins, Mr. and Mrs. B. L. Perkins, Mr. and Mrs. F. A. Douglas, publicity.

# SUNSHINE MELLOWS Heat Purifies

**LUCKIES** are always kind to your throat

The advice of your physician is: Keep out of doors, in the open air, breathe deeply; take plenty of exercise in the mellow sunshine, and have a periodic check-up on the health of your body.

Everyone knows that sunshine mellow — that's why the "TOASTING" process includes the use of the Ultra Violet Rays. LUCKY STRIKE — the finest cigarette you ever smoked, made of the finest tobaccos — the Cream of the Crop — THEN — "IT'S TOASTED." Everyone knows that heat purifies and so "TOASTING" — that extra, secret process — removes harmful irritants that cause throat irritation and coughing.

## "It's toasted"

Your Throat Protection — against irritation — against cough
