

### Jon Jonkel Pleads Guilty To Violation Of Election Laws

BALTIMORE, June 4.—Jon M. Jonkel, 35-year-old public relations man from Chicago, was fined \$3,000 today for violating Maryland's election laws as campaign manager for Senator Butler (R-Md.). Jonkel pleaded guilty to six charges and was fined by criminal court Judge Joseph Sherbow. The judge could have fined him a total of \$6,000 and sentenced him to 12 years in prison under Maryland's Corrupt Practices Act.

BALTIMORE, June 4.—Jon Jonkel, former Chicago public relations man, pleaded guilty today to violating Maryland's election laws as campaign manager for Senator Butler (R-Md.). Jonkel came here to manage Butler's campaign against Milard E. Tydings last year. Tydings, Democratic senator 24 years, was beaten by 43,000 votes. Criminal court judge Joseph Sherbow delayed sentencing of Jonkel to hear motions by the attorneys. Jonkel is subject to fines up to \$1,000 and prison sentences

up to two years for violating Maryland's corrupt election practices act on each of the six counts against him. Jonkel was indicted May 2 on six charges, three identical ones for the primary and general elections. They were that he failed to keep required detailed accounts of money handled by him, to report campaign finances properly and on time, and was not a designated political agent and resident of Maryland.

The indictments grew out of hearings by a Senate Elections subcommittee on complaints by Tydings of the conduct of Senator Butler's campaign. He charged campaign funds were handled "irregularly" and that tactics were "unfair."

The elections subcommittee headed by Senator Monroney (D-Okla.) started hearings Feb. 20 and they ran into April. No report has been made yet. During the hearings, Jonkel filed a supplementary list of \$27,100 in contributions. The Maryland election law requires such statements within 20 days after the election. Senator Butler's original campaign statement was filed by his treasurer, Cornelius P. Mundy, on Nov. 27. Mundy filed the supplementary statement after Mundy refused to do so because he had not handled the money.

## UN Force Batters Red Iron Triangle In Slogging Drive

### Red Resistance Diminishes As Allied Units Smash Ahead; 2 Planes Downed

By JOHN M. HIGHTOWER  
TOKYO, June 5 (AP)—Allied troops rolled today within artillery range of Chorwon, key to the Red "Iron Triangle" in Korea.  
But 6,000 battling Chinese blocked the advance of other United Nations troops trying to reach the triangle from the east.  
Most of the U. N. west and central front surged closer to the Communist assembly area bounded by Chorwon, Kumhwa and P'yong-gang.

The threatening Allied advance was made against diminishing Red resistance along the rain-swept Yonchon-Chorwon highway in the west. U. N. infantrymen slogged nearly two miles through the mud, narrowing the 13-mile gap between Allied-held Yonchon and the prize Communist city.

Front line dispatches reported Allies on this route now are in position to turn their long range artillery on Chorwon.

Thirty-five miles to the east, three thousand Reds fought through the day, holding the Allied forces at a standstill in their drive northwest from Hwachon toward Kumhwa. Another 3,000 Chinese held Allies to a 500-yard gain north of Hwachon.

East of Hwachon reservoir stubborn Chinese fought bitterly to stem Allied advances north of Yangu and northeast of Inje.

Every Allied advance, even where Red pressure decreased, was made in tough, muddy fighting over rugged hills.

Communists had hurled nine counterattacks at the Allied advance Monday. Infantrymen fought them off and generally pushed about a mile ahead. Tuesday advances averaged about the same.

Allied tanks led the advance on main highways. But on mixed secondary roads they tended to bog down.

The Fifth Air Force sent 420 planes out through clouds and rain at the Communists during daylight Tuesday.

Two fighters crashed and burned. Their pilots were killed. One was an F-80 Shooting Star jet; the other an F-84 Mustang.

Another Mustang was shot down Monday. But the pilot landed behind U. N. lines. Monday's attacks by 850 land and sea-based planes concentrated on Communist positions.

Five of the prettiest girls of this group will be chosen from the group of entries in the Miss Sanford contest Thursday night at the Ritz Theater. Mrs. P. M. Gingles, member of the Public Affairs Committee of the Business and Professional Women's Club, sponsoring organization, announced today.

The beauty queen will receive her crown at the close of the finals on June 14, with Miss Betty Lou Parlin, last year's queen, conferring the honor. Five prizes will be awarded, and out of town judges will make the decisions.

Mrs. M. C. Stone, manager of the local Purcell Store and talent pianist, will present a program of music at the contest Thursday night.

## Legion Commander Given Special Shirt

Members of the Sanford Post No. 53, The American Legion, voted last night to award to Karlisle Housholder, commander, and to James Singletary, adjutant, Legion shirts in recognition of the outstanding success of the Post during the past year due to their hard work.

George O. Mayberry was presented a three quarter century card, and Second vice-commander James F. Benton, a quarter century card in view of their contributions to the 1951 membership campaign.

Due to the illness and absence of Mr. Housholder, Mr. Benton presided.

Colored motion pictures of the Legion's convention parade in Los Angeles will be shown at the next meeting on June 18, it was announced.

## PUBLIC SPEAKING

LONDON, June 5 (AP)—The Marchioness of Bath said an authors' luncheon today that public speaking has this effect upon her: "It makes me feel as though my petticoat is going to fall off at any moment."

## Confer On U. S. Troops In Europe

PROBLEMS OF FOUR DIVISIONS of American troops stationed in Europe this year are discussed in Paris, where General Dwight D. Eisenhower (right), Commander of Supreme Headquarters, Allied Powers in Europe, sees Army Chief of Staff Gen. J. Lawton Collins start his tour. Collins revealed the U. S. troops would all go to Germany. (International)

## 108 Seniors Scheduled To Graduate Monday From Seminole High School

Girls will outnumber boys in the graduation line at Seminole High School Monday at 8:15 P. M. Principal Herman E. Morris pointed out today. According to present estimates, 108 pupils will graduate. Of these 63 will be girls and 45 boys.

The Baccalaureate service will be held Sunday night at 8:00 o'clock at the school auditorium.

Awards and honors will be conferred Thursday morning at 10:00 o'clock when the Senior Class will hold its Class Day program. At this time the valedictory and salutatory addresses will be made. Names of the valedictorian and salutatorian will be announced soon, said Mr. Morris.

Addresses will be made at graduation by Arlene Jacobson whose skill in debating won her honors with the National Forensic League, and by Clarence Glasse, popular president of the student body. Miss Jacobson's theme will be "Graduation Steps," and Mr. Glasse will outline "The Graduation View."

Supt. T. W. Lawton, whose witty remarks have been prized by graduates for many years, will present awards and honors. Mr. Lee will present the D. A. R. award, Comdr. Karlisle Housholder the American Legion award and President W. H. Stempier, the Jaycee award.

Investigation will be delivered by the Rev. H. E. Zimmerman and benediction by the Rev. J. P. McKelvey. Principal Morris will award the diplomas. Processional and recessional will be played by the High School Band under the baton of H. E. Black. Vocal numbers will be sung by the Senior Girls Sextette and the Seminole Ensemble.

The Rev. Glenn E. Smith will deliver the sermon at Baccalaureate. Invocation will be by the Rev. L. A. Allen, scripture by the Rev. Joe C. Crews, and benediction by the Rev. F. R. Horton. The school band will play, and the school choir will sing.

## W. H. Twyford To Be Buried Wednesday

Funeral services will be held at 3:00 P. M. tomorrow at Erickson Funeral Home for W. H. Twyford, a familiar figure at the Sanford State Farmers' Market and affectionately known to his Sanford friends as "Pop" or "Gist Twyford," who died Sunday at his home in Chickotague, Va. The Rev. J. E. McKinley will officiate and burial will take place in Evergreen Cemetery.

Mr. Twyford came to Sanford in 1937 and was employed by the Sanford-Oviedo Truck Growers, Inc. He later became associated with the Harold H. Kastner Co. where he remained until 1946 when he raised leucisus in Illinois and returned to his home in Virginia. He was born Sept. 5, 1873 in Virginia.

Survivors include the widow and one son; also one brother and sister, all residing in Virginia.

Affix pallbearers will include W. T. Cherry, John Watson, Elmer Hayman, Richard Packard, Fred Collum and Joe Erwin. Honorary pallbearers will be William Williams, Harry Touke, H. C. Whelchel, Theo. Pate, Bud Richards, R. E. Carroll, John E. McClelland, Joe Carley, A. L. Skinner, J. A. Ponder, Billy Glenn, Henry Thurston, Henry Richter, Sandy Anderson, Jack Glynt, William Horne, Bob Bates, Hal Gruber, J. M. Blythe, L. A. Palmer, Bill Colter, H. J. Davidson, W. O. Stansell, E. E. Stevenson, Henry Longwell, Clyde Humphrey, W. A. Patrick, Ernest Southward, P. H. Lansing, John Eick, W. A. Ludwig, W. L. Justice, W. G. Ross, Fred Boly, David Smith, John Andes and Jim Fields.

## MARGARET'S TAUNT

THE HAGUE, June 5 (AP)—The U. S. Embassy said today Margaret Truman will visit the Netherlands for three days next week—June 13-14. She is on a European vacation trip.

# America Will Consult U.N. Before Making Armistice, Secretary Of State Says

## Rev. Zimmerman Elected To Head Local Red Cross

### Collections In Recent Drive Total \$4,380, Mrs. Gonzales Says

The Rev. H. E. Zimmerman, rector of Holy Cross Episcopal Church, was elected chairman of the Seminole County Chapter American Red Cross at its annual meeting Friday night at the City Hall.

## Fire Hazard Drive Opened By Jaycees, Fire Department

The Sanford Fire Department and the Junior Chamber of Commerce have joined with the International Association of Fire Chiefs in their drive to rid American homes and business places of fire hazards. Fire Chief M. N. Cleveland announced today.

This has pointed out, in part of a country-wide campaign sponsored by the Association of Fire Chiefs and supported by past other prominent national groups in a vast effort to curb the annual loss of life and property by fire in the United States.

The Jaycees and the Fire Department are asking every person of every home, business, place and service clubs fraternal organizations, churches and schools to take in the program.

Chief Cleveland said that the drive is to check homes for common hazards such as rubbish and paper, oily rags and more.

Quoting figures of the National Board of Fire Underwriters, he stated that an estimated 11,000 persons are killed by fire annually. Of these he pointed out some 1,000 are children.

"It is hoped," he declared, "that the home fire safety drive will help reduce the sacrifice of children's lives in homes." For the 12 months ending March 31, 1950, damage in the nation was \$700,000,000. This was an increase of more than \$200,000,000 over the 12 previous months. Losses for the first three months of this year have gone up nearly \$20,000,000 over the first three months of last year.

Chief Cleveland placed special emphasis on "smoke detectors" to be fitted to homes. "Many of the fires in Sanford and Seminole County could be eliminated by careful housekeeping, by checking electric cords and other electric home appliances and getting rid of rubbish that has accumulated in the house."

## Marshall Warns West Point Grads Of Army Problems

### Future Generals Told Of Tough Task In Democratic Army

WEST POINT, N. Y., June 5 (AP)—Defense Secretary George C. Marshall, fresh from testifying before a congressional committee today, cautioned West Point graduates against being indifferent with democratic processes.

"I think it is not the secretary of the army to be a passive, to comment on some of the things you are going to have," he told the United States Military Academy graduation class of 1951 gathered with friends and relatives at the academy's field house.

"They will be many," he continued. "You will be misunderstood time and again. You will find it exceedingly difficult to find in common the Democratic procedures of this country with the military pattern which you feel to be necessary, but we are in a democracy."

"And I ask you never to forget that you are an officer in an army of a democracy. And only your generous understanding of the position that an officer holds in a great democracy such as ours will lead you to a successful career."

"It is very necessary that you understand a democracy as applied to our military forces," he said.

"Now and all of these are misunderstandings for one reason or another. It is our responsibility to understand them."

"The whole system is built on a great citizen army, and out of this of course come antagonisms, frictions and certainly a good deal of misrepresentation."

Marshall did not refer specifically to the congressional hearing concerning the matter of General Douglas MacArthur from his Far Eastern command.

Marshall did, however, mention MacArthur once during his 20-minute speech. He said that MacArthur at the outbreak of the Korean fighting made a very brave decision and immediately took 200,000 South Korean troops into the care of the United States.

Marshall said that the major battle just concluded in Korea, in his opinion, will go down as a classic in military history. He said that the United States forces not only resisted a tremendous Communist attack, but immediately launched a terrific counter-attack.

He said he hoped the Korean war will continue to be a limited one "which we can successfully bring to a close."

Following graduation exercises 87 new officers were to be married, 69 of them at West Point. The various classes were ready for 32 weddings scheduled for today and 27 more tomorrow. Ten additional weddings will take place over the remainder of the week.

Among distinguished guests at the commencement exercises were Frank Pace, Secretary of the Army, Harold E. Stassen, president of the University of Pennsylvania, Mrs. Anna Rosen. (Continued on Page Three)

## Wade Named To Head Lions' Blood Bank Committee

Ben Wade has been named chairman of the Lions' committee which will have charge of the Blood Bank Clinic to be held here June 21, Harry Robson, King Lion, announced today at the meeting of the club.

Tentative plans were made to hold a party on July 2, at which time the new King Lion, Cecil Carlton, will be installed in office, together with other new officers of the club.

King Lion Robson commended Jack Morrison for his able handling of the recent picnic for members of the Lions Junior Baseball League.

Volle Williams, Jr. was welcomed back to the club and asked to tell some of his experiences as a state representative during the recent session. He obliged with an amusing anecdote.

When they tried to fly off they were so plastered they just fell all over each other. There were 3,000 to 4,000 drunken bees staggering all over the floor," said works manager C. H. Vaughns.

## School Principal Is Beaten Up By Muscular Mother

CLEVELAND, June 5 (AP)—A 10-year-old mother goes to court today on a charge of grabbing a wooden paddle and thrashing it in his office James H. Fenwick, 55, principal of Albert Bunnell High Junior High School.

Mrs. Fenwick, 39, who has 10 children in municipal court is accused of whacking Fenwick with his own paddle because he kicked and maddled her son, Danny, 11. Fenwick says he was disciplining Danny after he caught him pushing youngsters in the hall.

Fenwick's eyes were marked by his nose split and his lips cut. "If ever there was an unjustified attack this seems to be it," said Assistant Superintendent of Schools E. E. Butterfield. "No one is going to get away with beating up a principal, teacher or anybody else like this if we can help it."

The maximum penalty for assault and battery is a \$200 fine, court costs and six months in jail.

Fenwick said Mrs. Smey came to his office yesterday in a response to a letter he wrote, describing his son as a "troublemaker" and a poor student.

He conceded he had given Danny a "little boot" and paddled him on another occasion.

The fight between the two started right after classes yesterday morning. Mrs. Smey said she was bruised in the row. She said: "I took the paddle and asked Fenwick which he would prefer, 15 paddles, like he gave Danny, or to have me call the police and settle the thing. I grabbed his glasses and laid them on a desk."

"He grabbed my throat and we exchanged blows. I don't remember hitting him in the face," she said. "He left the school with the paddle and Danny's record."

## POLLUTED BEES

SMARDEN, England, June 5 (AP)—A "Ladies Night" had, it was held Wednesday night at 10:00 o'clock by the Oak Ridge Soccer Club at their grounds in West First Street, W. E. Highway veterans barbeque announced this morning.

When they tried to fly off they were so plastered they just fell all over each other. There were 3,000 to 4,000 drunken bees staggering all over the floor," said works manager C. H. Vaughns.

## Korean And World War I Aces

THE FIRST JET PIONEER ACE in history, Captain James Jabara (center), 27, of Wichita, Kan., visits the office of Gen. Hoyt S. Vandenberg (right), U. S. Air Force Chief of Staff, shortly after his arrival in Washington. Watching Jabara display a model jet plane is Capt. Eddie Rickenbacker, World War I ace. Jabara has been relieved of combat duty in Korea, where he shot down six enemy planes, to teach other jet pilots his technique. (U. S. Air Force—Defense Department Photo from International)

A "TENT CITY" for Chinese and North Korean Redj houses part of the 10,000 prisoners of war captured during the opening days of the current United Nations northward sweep. Thousands of the enemy were taken in actual combat but others voluntarily surrendered in answer to Allied psychological broadcasts, which offered good treatment and plenty of rice for all Communists laying down their arms. (International)

### Cynical, Unhappy Graduates of 1950 Are Advised To Be Patient

By HAL BOYLE

NEW YORK (AP)—The poor man's philosopher took a glance at his desk calendar and then sat down at his typewriter.

Then he leaned back and tried to look thoughtful, like a hen intently anticipating an egg. A moment later a pretty blonde graduate, dressed in a simple, practical dress, came in. Noting his glassy-eyed stare, she paused and said:

"What's the matter, Aristotle, are you ill?"

"Of course not," said the poor man's philosopher indignantly. "I always look this way when I am concentrating."

"What are you writing about today—children or small animals?"

"Neither," replied the home-made sage. "I am about to deliver myself to my annual message to June graduates—you know, a kind of invitation to the new world they are about to enter."

The nose of the pretty girl crinkled in blonde disapproval. "What's the matter?" asked the philosopher, meekly. "Don't you approve?"

"No, I don't," said the young blonde firmly. "Every year you give advice to the June graduates. So do at least 10,000 other columnists, editorial writers and commencement speakers. Then what happens? You all promptly forget them—every one of you."

"What do you suggest?"

"Well, why don't you give some good advice to college graduates who've been out six months or a year? Nobody ever thinks of them and their troubles."

"Such as?"

"Such as the problem of adjusting their ideals to the conditions of the market place," said the young lady. "In college I studied freedom of the press. What do I have to do with freedom of the press now? I type cards for a newspaper library index."

And with that the blonde walked over to her own typewriter and put in an index card.

The poor man's philosopher scratched his head. Then he pulled out the sheet of paper and put in a new one. "To the college graduate of 1950," he typed.

"Dear Joe," he went on. "You have been out of college a year now, and perhaps the world doesn't hold quite the rosy hue it did the day you left your

being, assistant secretary of defense, and General Hoyt S. Vandenberg, Chief of Staff for the Air Force.

General Vandenberg watched his son, Hoyt Jr., receive his diploma from the academy.

Marshall had never before addressed the military academy as Secretary of Defense and did a double job this year by also addressing the graduating exercises at Annapolis earlier. It was believed unprecedented for the same man to address commencements at both academies the same year.

high or last as long. Don't give up, Joe, just keep on giving the best you have, and you'll get the usual payoff you deserve."

The poor man's philosopher then got up and went into the men's room. He looked at his balding head in the mirror.

"Why," he muttered, "doesn't someone give some advice to the college graduate of 1952?"

### Modern Way To Control Roaches!

Bothered by roaches or ants? Johnson's NO-ROACH, applied by brush in the kitchen, kills roaches, ants, and waterbugs. What's more, the colorless coating is effective for months, and kills the roaches that wander in and walk over it. For scientific control, use Johnson's NO-ROACH!

Prices are 5 oz., 89c; pint, \$1.49; quart, \$2.50, available at

### Russian Demand

(Continued From Page One)

blame for mounting world tensions on the expansionist policies and the military power of the Soviet Union. Diplomatic officials say that this content, which is essentially a play for support among the people of the world, seems to have tied the big four preliminary negotiations into an unbreakable deadlock.

There is doubt that the statement will bring an abrupt end to the deputation meeting in Paris because, among other reasons, the French government is facing national elections June 17 and the issue of relations with the Soviet Union is a hot one in any country in Western Europe. A government which can claim that it is at least still talking with Moscow might be in a stronger position for the French elections than one which had to report a breakdown of the Four efforts.

American officials said they could not predict precisely what kind of an answer the Western Powers would give to the Russians. It was generally expected at the State Department however that the United States would continue its opposition to letting the question of the North Atlantic Treaty and American bases be placed on the agenda and that the British and French probably would go along with that position.

**Important Gibraltar**  
 The apes of Gibraltar are still going strong. This re-  
 lieves the minds of those Gibraltarians who believe that the  
 apes came with the British, and that the departure of one  
 will be followed by the going of the other. During this cen-  
 tury the apes began to dwindle, causing the British, per-  
 haps mindful of the value of the animals as a tourist at-  
 traction, to appoint a special officer to care for them, even to  
 look after their regular rations. Winston Churchill  
 took time off to visit the monkey-park should be maintained.  
 If the apes are likely to stay, what about the British?  
 In other words, will Gibraltar still have military value?  
 Prof. Richard A. Preston of the Royal Military College of  
 Canada, in an article in the United States Naval Institute  
 Proceedings, is sure that it does. In World War II, when the  
 Germans and Italians succeeded in dominating the Medi-  
 terranean, Gibraltar was the only foothold held by the  
 British on the Continent of Europe.  
 It was also a central point for planes leaving to defend  
 the Suez Canal, or bound to India, the Far East, Africa  
 and Australasia. Later it became the base for the pursuit  
 planes which covered the Allied landings in North Africa.  
 Without Gibraltar, the whole strategy of attack in Europe  
 must have been quite different and the British empire  
 Franco of Spain still complains about the British owner-  
 ship of Gibraltar, thereby giving the Spaniards something  
 to think about besides the future of his government. But  
 Churchill apparently still holds the view that as long as  
 Britain is undefeated in war, she will not give up Gibraltar,  
 whereas if she lost a major war, neither Gibraltar nor any-  
 thing else would make any difference.

**THE NATION TODAY**  
 By JAMES MARLOW  
 WASHINGTON, June 5.—(AP)—  
 Since the U. S. Supreme Court  
 ruled last week that the govern-  
 ment may not search a person's  
 home to see how the nine justices  
 work the rest of the year.  
 There's nothing mysterious  
 about the way they work although  
 it is always strange to see how  
 the nine men, with the names of  
 facts and law books, can sit  
 together so often on their deci-  
 sions.  
 While the court is the final au-  
 thority on the law, it is not the  
 constitution and the meaning of  
 federal laws, it acts only when  
 appealed to, and then only in some  
 cases, not all.  
 With few exceptions, all cases  
 reach the Supreme Court only af-  
 ter being appealed upward  
 through the lower courts, either  
 state or federal.  
 Saturdays and Mondays are the  
 busy days for the justices. They  
 usually meet on Saturday to make  
 their decision about the cases  
 before them, and then on Monday  
 they vote, and assign among them-  
 selves the job of writing opinions  
 which explain how they reached  
 their decisions.  
 When on Mondays they announce  
 their decisions and make public in  
 printed form, whatever opin-  
 ions they write. Here is an ex-  
 ample of a case:  
 Tom Jones, convicted of murder  
 in a state court, appealed to his  
 State Court of Appeals to have  
 the verdict annulled. He lost there,  
 so he appealed to the Supreme  
 Court here. But he couldn't have  
 the right to appeal here simply  
 because he was convicted in a  
 state court. He had to show that  
 he had a constitutional question  
 raised.  
 Jones says there is one in his  
 case. He says the police search-  
 ed his home for a confession, and  
 that the police had no right to  
 do so. He says the police search-  
 ed his home for a confession, and  
 that the police had no right to  
 do so. He says the police search-  
 ed his home for a confession, and  
 that the police had no right to  
 do so.

**R. K. Riels Will Move In New Location**  
 Ray K. Riels, cabinet maker and woodworker, who for the past three years has been located in a small building on North Elm Avenue, announced today that he is making plans to move in mid-July to the new building which he has built at 1214 Oak Street. The new structure is a two-story affair and will be ready for occupancy by the end of the month. Riels has been in the cabinet-making business for over 20 years and has a reputation for quality work. The new location will allow him to expand his business and provide better service to his customers.

**Social And Personal Activities**  
**HONE 148**  
**Social Calendar**  
**Junior High Has Its Season's Last Dance**  
 The Junior High School held its last dance of the season at the Valley Hotel at 7:30 P. M. Tuesday evening. The dance was a success and was well attended. The Junior High School will be closed for the summer months and will resume its regular sessions in the fall. The school board has decided to hold a picnic for the students and faculty in the fall. The picnic will be held at a suitable location and will be a most enjoyable affair.

**Mrs. Hunter Named Chairman Of Circle**  
 Mrs. W. S. Hunter was named chairman of the Circle of Friends of the University of Florida. The circle is a group of women who are interested in the university and who are active in promoting its welfare. Mrs. Hunter has been active in the circle for many years and has been instrumental in many of its projects. The circle will meet regularly and will continue to work for the betterment of the university.

**Rainbow Assembly To Hold Musical Show**  
 The Rainbow Assembly will hold a musical show at the local high school. The show will feature a variety of musical numbers and will be a most enjoyable affair. The assembly is a group of students who are interested in music and who are active in promoting its welfare. The show will be held on a date to be determined and will be a most successful one.

**Benjamin Williams To Receive Degree**  
 Benjamin Williams will receive a degree from the University of Florida. Williams is a student at the university and has been active in many of its projects. He has been instrumental in many of the university's activities and has been a most successful student. He will receive his degree at a ceremony to be held at the university.

**Boy and Fish**  
 A young boy was seen with a large fish. The boy was seen at a local market and was holding a large fish. The fish was a most unusual one and was a most interesting sight. The boy was very proud of his catch and was showing it to everyone. The fish was a most beautiful one and was a most interesting sight.

**The Use Of Words**  
 In a paper prepared for the recent annual meeting of the Population Association of America, writers of the perfectly good word of the English language, "emigration," must be that they thoughtfully chose to forego this word and to coin for it in its stead the term "out-migration." Why should this be done? There is only one guesswork for the answer, but it seems reasonable to presume that the population statisticians, who are careful souls, were afraid that the word "emigration" would not be understood. Was their fear well grounded?

**State Farmers Market**  
 The State Farmers Market will hold a sale of produce. The market is a group of farmers who are interested in promoting their produce and who are active in promoting its welfare. The sale will be held on a date to be determined and will be a most successful one. The market will continue to work for the betterment of the farmers and the community.

**Congressman Herlong Reports**  
 Congressman Herlong will report on the state of the union. Herlong is a member of the House of Representatives and has been active in many of its projects. He will report on the state of the union at a hearing to be held at the House. His report will be a most interesting one and will provide a most valuable insight into the state of the union.

**Sanford Movie Land**  
 Sanford Movie Land will show a new film. The movie is a most interesting one and will provide a most valuable insight into the state of the union. ### Sanford Meets Senators Tonight; Klaus Uses 14 Men In 3 To 2 Loss

Bob Callahan, ace Sanford right hander, is scheduled to take the mound against the Orlando Senators tonight.

Sanford Manager Richie Klaus used fourteen of his fifteen man squad in a desperate attempt to halt the Orlando Senators last night as the Giants lost a heart breaker 3 to 2. It was Bill Ward's third loss in three games but the big right-hander's earned run average is still less than three per game.

Ray Scheidt and Carl Swiderski shared the pitching assignment with Ward who was lifted in the fifth.

Throughout the game it was a frustrating lack of the scoring punch which saw the Giants lose opportunity after opportunity to score. Twelve men died on the bases for the Giants and in the sixth a double play ball killed off a rally with three men on base and none out.

Sanford meets Orlando here tonight.

### Dodgers, Indians Lead Attendance In Major Leagues

NEW YORK, June 5.—(AP)—Cleveland and Brooklyn are setting the attendance pace in their respective leagues as the majors are beginning to pack 'em in after a slow start.

The Indians, helped by Sunday's banner crowd of 75,163, lead all the clubs with a total of 490,923 for the attendance pace in their league. The New York Yankees with 393,833 for as many dates.

Brooklyn, with 389,287 for 24 home dates, is being closely pressed by the New York Giants and Philadelphia Phils. The Giants have drawn 386,118 for 21 dates; the Phils 375,567 for 25.

Through games of Sunday, June 3, the majors have played to 4,315,534, compared to 4,218,000 in 1950. The figures are misleading, however. The 16 clubs have played 28 games more than they did at this time a year ago. Actually, the '51 attendance is 8 percent behind last year's totals.

The St. Louis Browns have been the poorest home attraction. The American League tail-enders have coaxed only 70,381 into Sportsman's Park in 22 games. At 31,141, the Browns do not even figure to duplicate last year's sorry low of 247,131.

Cincinnati has been the poorest drawing club in the National League with 162,779 for 14 home dates.

The Chicago White Sox and Indians in the American, and the Dodgers, Reds, Giants and Phillies in the National are the only clubs to better their 1950 attendances.

### Robinson Leads, But Musial Climbs In National Loop

NEW YORK, June 5.—(AP)—Stan Musial, the master mauler of the St. Louis Cardinals, is making rapid strides in his bid to win the National League batting crown for the fifth time.

Musial, winner of the title last year, made the biggest gain of the week in the batting derby. He rose from seventh to second place.

The Cardinal skipper langed out 12 hits in 25 trips to the plate through games of Sunday to jack his average 23 points to .370.

Jackie Robinson of the Brooklyn Dodgers took over the lead although his average dipped nine points from his runner-up figure of a week ago. Robinson is hitting at a .403 pace.

Dodger Cal Abrams who paced the league a week ago with a lofty .511, dropped to seventh place as his average melted to .333. Abrams managed to collect only two hits in 31 swings.

Lee Wee Reese of the Dodgers (with) with .357. Then comes Richie Ashburn of the Phils, .351 and Bob Elliott of the Braves, .350.

Rounding out the top ten are Frank Baumholtz, Chicago, .338; Abrams, .333; Al Dark, New York, .331; Red Schoendienst, St. Louis, .329 and Hoy Campanella, Brooklyn, .327.

### Mobile Win Puts Pels In Cellar; Lookouts Beaten

Mobile's climb from the cellar featured last night's inhibited activity in the Southern Association.

The Bears clubbed the New Orleans Pelicans into the dark, 8-3, for their fourth triumph in their last five starts. The decision gave the Bruins the series three games to one and ended their first winning streak since May 2.

In the only other game, Atlanta carried the latest bid of the hustling young Chattanooga Lookouts for a first division berth, 6-3. The victory gave the Crackers third place by one point over the Nashville Vols.

Pete Wojcie, veteran Mobile right-hander, had the Pels well in hand until he tired in the seventh and required relief from Gil Mills. It was Pete's first winning effort since he hurled a five-inning two-hit shutout at the Memphis Chickens on Apr. 22. The victory gave him a 2-6 mark for the year.

First baseman Wayne Belardi, hitting on a streak, .321, got his seventh homer of the campaign. Snook Jacobs, was the Bears' hitting leader with a double and two singles. The second sacker also scored twice.

Left-hander Don Liddle, making his third start since returning to Atlanta from Milwaukee, hurled brilliantly until his old burlesque lack of control—fringed him in the seventh.

The Crackers, fighting stubbornly to stay in the first division, asked Jim Pearce and Dick Welbourn for 10 hits and whipped Pearce for the third straight time. Chattanooga has yet to win a game in Atlanta's "house" in Look Park this year.

All the teams swing back into action tonight.

Baseball bats are made of ash, hickory or birch. Ash is preferred because of its superior flexibility.

### Lopat's Streak Is Broken By Indians; Black Magic Used

CLEVELAND, June 5.—(AP)—Eddie Lopat's jinx on the Cleveland Indians has been broken, and the red-haired southpaw hardly knows whether to blame black magic or the law of averages.

The New York Yankee star never was especially superstitious. He used to laugh when they said all he had to do to beat Cleveland was throw his glove on the field. "That and a lot of pitching," he'd reply.

Then last night the Indians used a double whammy to unsteady steady Eddy. They chased him after two innings with seven hits and six runs, and went on to win 8-2.

The box ended a string of 11 straight victories Lopat had scored over the Tribe in the past two years. He'd beaten them in 30 of 36 games up to last night, and twice this season handuffed them with six hitters.

Lopat took his lumps—first this season against eight triumphs—with a grin. "I'm all ready to start a new streak," he said on his way to the shower.

"Guess the rabbits' feet and the black cat did it—that and Kennedy's home run."

The 15,000 rabbits' feet wiven fans when they entered Municipal Stadium and a few live rabbits hopping about the field were part of the planned whammy directed at Ed.

The other half of the whammy—the black cat—wasn't planned. A fat man jumped out of the right field stands while Lopat was warming up before the Indians came to bat in the first inning. He dodged guards and reached the mound where he tossed a small black cat at the amazed hurler.

The fan managed to toss a rubber ball at catcher Yogi Berra before police hustled him off the field. Umpire Eddie Rommel relieved Lopat of the bad-luck cat.

### Aussies Exhibit Superiority Over U.S. Doubles Team

PARIS, June 5.—(AP)—If the United States is to wrest the Davis Cup from Australia, she'll probably have to do it by winning the singles.

The Aussies still have the snappy doubles combination in all amateur tennis in aggressive Frank Sedgman and lowering Ken MacGregor.

This crack tandem, which helped seize the big trophy from the Americans at Forest Hills last summer, defeated one United States' potential sup combination, Gardner Mulloy and Dick Savitt, yesterday for the French doubles championship, 6-2, 2-6, 9-7, 7-6.

The U. S. team, with Mulloy redhot at the net, almost turned the tide in the second and third sets but the Australians were too strong. Mulloy, from Miami, and Savitt, from Orange, N. J., were wry after a five-set morning semifinal against Jaroslav Drobný of Egypt and Eric Sturgess of South Africa.

The Australians put out Hamilton Richardson of Baton Rouge, La., and Mervyn Rose of Australia in straight sets in the morning.

Shirley Fry of Akron, Ohio, surprise winner of the women's singles crown, teamed with the other finalist, Doris Hart of Jacksonville, Fla., to win the women's doubles. They defeated Barbara Scofield of San Francisco and Heryl Bartlett of South Africa, 10-8, 6-3.

Shirley Fry of Akron, Ohio, surprise winner of the women's singles crown, teamed with the other finalist, Doris Hart of Jacksonville, Fla., to win the women's doubles. They defeated Barbara Scofield of San Francisco and Heryl Bartlett of South Africa, 10-8, 6-3.

### Drobny Favored To Win All-England Tennis Tournament

LONDON, June 5.—(AP)—Jaroslav Drobný, the southpaw internationalist, stacks up as the man to beat in the All-England tennis championships at Wimbledon later this month.

The one-time Czechoslovakian Davis Cup star who fled his country and took refuge in Egypt heads a star-studded entry list, announced today.

The United States will bid with its left-handed champion, Art Larsen of San Francisco, Calif., and the defending champion, Rudee Patty of Los Angeles, Herb Flam, second-ranked player from Los Angeles, and Dick Savitt of Orange, N. J., are other U. S. hopes.

Australia will try to win the famous English crown with Frank Sedgman and Ken MacGregor, the spearheads of its victorious

team.

But Drobny appears to be the hottest amateur in the sport at the present moment. Only last week he swept through a list of international standouts to win the French championship. He brushed aside Sedgman in the finals with surprising ease.

The United States is figured to dominate the women's division, with the eight top-ranking American players competing. Louise Brough of Beverly Hills, Calif., is defending champion but other threats are Mrs. Margaret Osborne DuPont, the U. S. national champion; Shirley Fry of Akron, Ohio, winner of the French title last week, and Doris Hart of Jacksonville, No. 2 in U. S. rankings.

Many of the Wimbledon entrants are warming up this week in the Northern Lawn Tennis tournament at Manchester, England.

Miss Kieley, from Long Beach, Calif., lost to Madame Jeannette Abboulo, the Belgian Open Champion, 4 and 2. She showed tenacious form in winning her afternoon engagement from Mrs. A. M. H. Wardlaw of Britain, 7 and 5.

### Qualifying Round Of American Open Ends With Record Field Entered

NEW YORK, June 5.—(AP)—If you look hard enough today at the small type carrying qualifiers for the 51st U. S. Open Golf champion ship you'll run across these names:

Lee Mackey, Jr., Birmingham, Ala. 73-73—146.  
Ellsworth Vines, Los Angeles, 70-68—138.  
They are two of the 126 who survived sectional trials yesterday for the national tournament June 14-16 over the heavily-trapped Oakland Hills course at Birmingham, Mich.

Mackey is the unknown who startled the golf world by shooting a record-shattering 64 in the first round of the Golden Jubilee Open a year ago at Philadelphia's Merion.

It was the greatest round of golf ever fashioned in a major competition, excelling the best efforts of such links titans as Bobby Jones, Walter Hagen and Ben Hogan.

The next day the young unemployed pro skied to an 81 and when they presented the championship trophy to Hogan four days later he was too far back to be recognized with binoculars.

But Drobny appears to be the hottest amateur in the sport at the present moment. Only last week he swept through a list of international standouts to win the French championship. He brushed aside Sedgman in the finals with surprising ease.

The United States is figured to dominate the women's division, with the eight top-ranking American players competing. ### Casualties Among UN Forces Rise Sharply In May

UNITED NATIONS, N. Y., June 5—(AP)—United Nations forces fighting alongside U. S. and South Korean troops in Korea suffered a sharp spurt in casualties during the last Chinese Communist offensive.

Latest information received by the British delegation to the U. N. sets total British dead at more than 700 and the wounded and missing at more than 1,100. These unofficial figures will be revised upward when later information provides the basis for new official figures, British sources said today. A previous British report had listed 82 dead and 756 wound-

ed and missing. Heavy losses in the Gloucestershire regiment accounted for more of the increase. French and Turkish casualties are among others expected to rise as a result of the recent fighting, but for the present only old figures are available. Following are casualty figures available here:

	Dead	Wounded	Missing
Turkey	408	898	307
France	89	314	2
Australia	70	302	35
Canada	43	92	—
Greece	42	76	1
Thailand	12	123	—
Netherlands	—	—	—
Belgium	36	94	5
Lux.	8	47	7

Ethiopian, Colombian and Cuban troops are en route to the battle front. No casualties have been reported for them. South Africa's combat air force has reported one casualty. New Zealand and the Philippines said they had no recent casualty figures. The Philippines delegation expects the island force will have a heavy toll when the effects of the recent offensive are listed.

United States battle casualty totals announced May 25 were 67,427, including 10,127 killed, 45,889 wounded and 11,411 missing. Of the latter figure, at least 102 are known now to be dead.

Republic of Korea in figures announced May 12, estimated that from the outbreak of the hostilities last June 25 up to Apr. 15, 18,150 ROK soldiers were killed, 50,764 were wounded and 57,250 were missing. ROK troops were hard hit in the late April and early May Red offensive and another sharp upturn is expected by South Korean officials for their later casualty figures.

### Korean War

(Continued from Page One)

Two Communist planes, possibly jets, bombed Allied lines near Yangju on the east central front Monday night. If they were Red jets, it was their deepest penetration of Korea.

China's Red radio for the third straight day appealed to workers for funds to buy planes, armor and other heavy fighting equipment sorely needed by Chinese in Korea.

Chinese defending the "iron triangle" were supported by the fact only 300 prisoners were captured Monday, AP correspondent Nate Polowetzky reported from U. S. Eighth Army headquarters. In contrast, thousands had surrendered at the start on the U. N. counteroffensive.

"The enemy is fighting a defensive campaign along the main routes to Chorwon and Kumhwa," an Eighth Army briefing officer said, "while they are fighting delaying actions in the east around Inje."

U. N. troops advancing northwest of Yonchon, 13 miles from Chorwon, were locked in a fight that continued through the night into Tuesday.

Twelve miles to the east, near Chail, Allied tanks were turned back Monday by heavy Red artillery fire. Chail is the gateway to two valleys leading to Chorwon and Kumhwa. It's ten miles from Chorwon, 16 from Kumhwa.

On the eastern flank of central forces driving toward the triangle, U. N. troops engaged in a fierce fight north of Ilwachon.

Hard fighting was reported to the rear of these spearheads in the center of the U. N. counteroffensive.

Largest action in this sector Monday was against 2,000 attacking Reds north of the Hantan River in the Yonpyong area.

All actions on this central front area were located by the names of towns close to the 38th Parallel, as they have been for a week. All mileage references were deleted by censors.

On the east coast, South Koreans beat off a sizable Red counterattack with the support of naval guns. They reported counting more than 1,000 Communist dead in two days.

Father north, American warships led by the battleship New Jersey put on a big bombardment display for top commanders. The New Jersey and supporting ships fired 1,100 rounds at transport targets around the port of Wonsan Monday morning. Helicopters directed fire at the one-ton shells from the battleship's 16 inch guns.

Admiral Arthur W. Radford, commander in chief of the Pacific Fleet, and Vice Admiral C. Turner Joy, commander of naval forces, Far East, watched from the New Jersey's bridge.

Castor oil is an important raw material in making paints, varnishes, lubricants, and nylon.

### Acheson Testifies

(Continued from Page One)

quarter million troops in Korea?" Acheson said: "I think that so far as the President's action under the Constitution of the United States is concerned, we are proceeding under his powers."

"So far as the United Nations in carrying out the repelling of the Security Council authorizes and requests, under the charter of the United Nations, assistance in carrying out the repelling of the armed attack on Korea."

Acheson also told how the United States abandoned, because of objections from other United Nations, a plan last November for "hot pursuit" of enemy planes into Manchuria.

The senators had received a general account of this previous from military witnesses, but Acheson added some documentary detail.

Senator Flanders asked Acheson at one point whether under the existing conditions MacArthur violated instructions in his advance to the borders of Manchuria last fall.

"Not as far as I know," Acheson replied. "There has been discussion as to whether or not some of his actions were in accordance with the interpretation of the plans that the military had in mind, but that is out of my field, and I do not know of it."

General J. Lawton Collins, army chief of staff, testified that MacArthur violated policy laid down by the chiefs of staff when he sent U. S. troops to the border. Collins said the policy was that only South Koreans should move close to the Chinese border.

He implied the Joint Chiefs were concerned the Chinese Reds might enter the war in force—as they did in 1950. U. S. troops approached their border.

Acheson testified behind closed doors but a censored stenographic report of his testimony was given to news reporters.

This quoted him as telling Gillette in the exchange about a possible armistice: "I think that the United States, as the military command, would way with its colleagues in this consult in the closest possible operation before making proposals about an armistice or before accepting proposals regarding an armistice which have been put forward by the other side."

The phrasing "have been put forward" was open to interpretation that Acheson was saying some proposals actually have been offered. But committee members told reporters after the hearing that they did not interpret Acheson's words as meaning that any armistice proposals have been advanced by the Chinese Communists.

They said they understood he simply was explaining the procedure that would be followed before any armistice terms would be offered or accepted by the United Nations Allies.

A dolphin is about one-fourth the size of its parent at birth.

### War Is Threatened By Fanatical Sect Of Iran Patriots

TEHRAN, Iran, June 5—(AP)—The frantic Moslem sect whose violence preceded the current crisis in Iran threatened this country today with widespread bloodshed unless the sect's leader is released from jail.

The sect, Fedayan Islam, sent letters to all members of Parliament demanding that Deputy Prime Minister Hussein Fatemi be dismissed as a traitor to Iran.

The group's leader, Navab Safavi, was arrested Sunday after a long police search. The Shah himself was reported to have ordered the arrest as a means of preventing new terrorist outbreaks.

Young, fiery Safavi told his captors they would have to release him within 24 hours.

The Fedayan Islam sect has made threats against many Iranian leaders' lives in their frantic attempts to drive all foreigners out of this country.

The sect's letters, distributed throughout Tehran in leaflets, charged that the Anglo-Iranian Oil Company, now facing nationalization of its Iranian holdings, paid for Fatemi's education in London. The deputy Prime Minister himself said he knew nothing of the letters or the leaflets.

Fatemi told reporters he has just presented to the Shah the three-man board of directors named to run Iran's oil industry when the British control of the industry is lifted by the nationalization act. He said the Shah expressed hope the board would do its best to serve the country in its enforcement of the oil law. The board leaves Thursday for Khuzestan, center of operations of the vast Anglo-Iranian company.

The Fedayan Islam sect has admitted it was behind the assassination of Premier Ali Razmara in March, charging that he was giving the country over to the foreigners.

### Price War Spreads Across U. S. As Big Crowds Buy Wildly

NEW YORK, June 5—(AP)—Price-cutting spread to new sectors of the nation's retail front today, stimulating the public appetite for bargains.

Shoppers swept into big New York department stores for the sixth day of the local price war, and grouped about harried sales clerks.

But with many items sold out, the hectic pace of previous days in the housewares and men's clothing departments eased a bit. Emphasis shifted from the electric mixers and toasters that were main targets of early buying, to other articles such as watches, pens, percolators, phonograph records and larger appliances.

As the stores exhausted their supplies of some brands, they instituted comparable price cuts on alternate brand name articles and reported a brisk business.

Across the nation, sporadic outbreaks of cutting of former "fair trade" fixed prices occurred.

At Oklahoma City, where a drug chain had dropped prices on all electrical home appliances 25 percent, Katz Drug, a southwest chain, announced a three-day sale with the "world's lowest prices."

Reductions included: Sunbeam Mixmaster to \$33.25 from the fair trade price of \$46.50; Ronson lighters to \$3.94 from \$6.60, and Motorola television sets to \$179.95 from \$219.95. Some New York stores, before stocks were exhausted, sold Mixmasters at \$26.59 last week.

At San Francisco, prices were reported leveling off at the reduced tags put on yesterday, while Sunbeam shops joined in dropping prices in hopes of keeping their customers from flocking to city stores.

When a drug store in Omaha cut prices on some electrical appliances, an appliance store served notice it would "meet or beat" any advertised price.

Other cities that got into the fight yesterday included Newark, N. J., and Baltimore, Md.

### Jaycee Meet

(Continued from Page One) the agenda Thursday and the conference reaches a climax Friday with the annual election, an affair that resembles the national political conventions in noise and color.

Campaigning energetically for the presidency were Ed Rood, a 34-year-old attorney who was named the outstanding young man of Tampa in 1949; Lee Price, a Swainsboro, Ga., lawyer, and Bill McDaniel, Dallas insurance salesman.

The winner will succeed Richard W. Kemler of Marshalltown, Ia., a dark horse who slipped in to win last year's election when the two favorites deadlocked.

The convention will continue through Saturday.

It is estimated that 20 per cent of the nation's steel and 30 per cent of its pig iron are made in Pennsylvania, mostly in the industrialized western section of the state.

## SELL YOURSELF AND SAVE!

During the month of June we will pay you, the buyer, a sales commission on every used car bought from our lot at Sanford and Commercial Avenues.

As far as we know, this is the first time self-selling savings have ever been offered to the automobile buyer.

During June we will feature 20 special values that we feel will not be equaled by any dealer anywhere. These specials plus your sales commission means lower cost. A real saving to you, the buyer.

## "Some day I'm going to own a Roadmaster"

ONE thing that interests us mightily is the fact that so many people are stepping up, when they buy automobiles. We've been looking at surveys, and it seems that just about everyone wants a better car than the one he's now driving. So we know how you feel, and we'd like to help you make your dreams come true. We'd like you to discover how fine a fine car can be. We'd like you to stretch out in the room of a ROADMASTER—feel the luxury of its double-depth cushions—stroke the fine texture of its fabrics. We'd like you to know the proud levelness of its ride—and its gentle obedience to your hand on the wheel.

We'd like to show you the many extras this custom-built Buick provides—at no extra charge when we come to make out a bill of sale. But above all, we'd like you to experience two thrills found exclusively in ROADMASTERS. One is the smooth might of its Fireball Engine. The other is the supreme simplicity of Dynaflo Drive, which is, incidentally, one of the many features included in the price. We try to hold down our enthusiasm in talking about this masterful beauty. We might claim—you'll find more room—more comfort—

more luxury—a smoother ride—more conveniences—more thrill in a ROADMASTER than in any other car in the fine-car field. But why spoil the thrill of discovery? Come find out for yourself how completely a 1951 ROADMASTER fulfills the dreams of the car you hope sometime to own. And let us whisper something to you: The cost of making this step to ROADMASTER ownership is less than most people believe.

Equipment, accessories, trim and models are subject to change without notice.

## THE WEATHER

Clear to partly cloudy and continued rather warm through Thursday, except for local afternoon thundershowers in widely scattered places.

# Tank Force Hammers At "Iron Triangle" In Bitter Fighting

## Reds Reported Organizing New Type Defensive System To Halt Allied Drive

**By OLEN CLEMENTS**  
TOKYO, June 6.—(AP)—Allied tank patrols today hammered at the gates of Chorwon and Kumhwa, southern anchors of the Communist central Korean stronghold.

A tough and confident United Nations army "is standing at the front door now, hammering at the lock." AP Tokyo Bureau Chief Robert Emson reported from Eighth Army headquarters in Korea.

Tight censorship blocked out the exact distance Allied troops were from the Red's strategic Chorwon-Kumhwa-Pyongyang base. The Eighth Army reported gains of up to two miles, except on the bitterly defended eastern front.

In the west, Emson reported Allies had "battled" all the way back to the gates of Chorwon. Exactly where they were six weeks ago when the Communists' first spring offensive was touched off.

Then, the main lines were four miles from Chorwon. Armored patrols stabbed two miles closer. Wednesday night, the Eighth Army announced U. N. troops rolled one to two miles nearer Chorwon from positions north of Yonchon. And a tank patrol rumbled 2 1/2 miles ahead of the line, running a gauntlet of Red fire.

Reports from the central front reported U. N. troops drove nearly a mile closer in Kumhwa. A tank column in the Communist zone, Allied infantrymen slogged through sporadic artillery and mortar fire, routing out Chinese from log-topped fox holes.

Smaller, more careful advances were made to the east on the Hwachon-Kumhwa road, although Chinese there had pulled back three miles to stouter defenses. Bitter fighting was farther east. North Koreans fought a fierce delaying action against U. N. troops pushing from Yanggu and Inje while Communist trucks carted off the remains of a sizeable ammunition dump.

Emson reported official estimates were that the Communists (Continued on Page Six)

## Atomic War Would Destroy World. Students Are Told

If all-out war with atomic weapons can be averted, the world stands on the threshold of its greatest golden age, Benson W. Davis, dean of Stetson University, told fellow Stetsonians today. He was introduced by Ralph A. Smith, Joel Field presided.

Peace-time use of atomic energy in medical and industrial fields can result in a greater change in our way of life than the automobile and other inventions, he said. He predicted, however, that if an atomic war is fought, any war following it will be fought with atom bombs.

Democracy, he pointed out, does not mean that a man can do just what he pleases, and declared that the idea that democracy means unrestricted freedom is wrong.

The slogan, freedom is not free, is correct, he asserted, and pointed out that as Winston Churchill expressed it, freedom is won only with blood, sweat and tears.

He warned that freedom of enterprise is being slowly eliminated by socialism, with two out of every five workers in this country being paid by the government.

Dean Davis pointed out that changes are due in the field of religion, and that rift between Christian sects furnish ammunition for atheists and Communists. Startling changes are also due in the race question, he stated, and declared that the Argon race is a pitifully small minority, outnumbered 11 to one. The people of China and India, outnumbering the white race, he added.

Three new Rwandians were inducted as members of the club of J. Martin Silvermaster and E. H. Sawyer. They are W. W. Dawson, of the Dawson Construction Co. of Sanford, Ted Williams, sawmill operator and D. L. Harper, traffic manager of Chase and Co. Quarry replicas of some of the largest and most famous diamonds in the world were shown by William E. Kader, Jeweler, whose son, Raymond Kader, is a member of the American Gem Society. These included limitations of the Hope Jubilee and cushion-cut diamonds.

## Cadets 'Step Out' For June Week

MARCHING ACROSS THE PLAIN at West Point, N. Y., members of the cadet corps at the U. S. Military Academy (top) appear to be putting on a special review for Gen. William and Cathy Stevens, as the youngsters wave to them from their front row position. Attending the lawn party at the academy, Air Force chief Gen. Hoyt S. Vandenberg (bottom, right) and his daughter, Mrs. Ruth Miller, are on hand for the gala festivities as Cadet Hoyt S. Vandenberg, Jr., graduate. (International Soundphoto)

## DiSalle Contends Inflation Halted By Price Control

Removal Of Curbs Is Courting Disaster, Price Boss Claims

NEW YORK, June 6.—(AP)—Price boss Michael DiSalle said today price controls have virtually checked price rises. He struck out at critics who contend the job could be done through higher taxes and other indirect controls alone.

The head of the Office of Price Stabilization told the National Association of Purchasing Agents the economic control program must make use of both direct and indirect controls within their limitations.

"Without the other would present an unbalanced approach that would be disastrous," DiSalle added in a prepared address. He said prices have remained "relatively stable" since February after an eight-month period.

## Universal Military Training Is Still In First Planning Stage

(Editor: The following summary of the new draft-universal military training bill may be used at any time, but it is intended primarily for use—with editing to conform—when the House completes action, sending the measure to the White House. That may come tomorrow, Thursday, June 7.)

WASHINGTON, June 6.—(AP)—Universal Military Training will be a good while going into effect under the legislation nearing final action in Congress.

The Senate already has approved the compromise measure, which also extends the draft law, and the House is expected to follow suit—possibly tomorrow. But that doesn't mean the program will start any time soon.

First, Congress must do several more things before any 18-year olds begin training under the nation's first UMT program. Second, the program won't start until the draft can be called off, or at least drastically curtailed.

Senator Russell (D-Ga.), chairman of the Senate Armed Services Committee, listed these steps Congress must take before UMT gets started:

1. Confirmation of five UMT commissioners to be appointed by the President. This is a Senate function only. Three of the commissioners are to be civilians.

## Nationalization Of Iranian Oil Is Delayed Slightly

Nationalist Moslem Sect Asks For More Aggressive Policy

TEHRAN, Iran, June 6.—(AP)—Iran slowed up today on seizure of the properties of the billion-dollar Anglo-Iranian Oil Company, but most newspapers here were criticizing the government for not speeding enforcement of its nationalization law.

With representatives of the British-owned company announced to come here for oil talks with Iranian officials the government already exhibited a definite slowdown in the take-over measures it had vowed would be carried out early this week.

As a result, most of Iran's press blamed premier Mohammed Mossadegh for not implementing the law at once.

## Sanford Soldier Comes Home After Fighting In Korea

Cpl. William E. Hardy of the Seventh Infantry Division in Korea and now home on leave, did his part in helping to smash both North Korean and Chinese aggression. He is the son of Mr. and Mrs. J. T. Hardy.

On June 18 he will resume duty at Ft. Jackson, S. C., where he received basic training in the fall of 1949. Yesterday, he visited Seminole High School, where he hopes to resume his studies when his army service is finished.

He was sent overseas on Aug. 3, and after two weeks with his unit at a Japanese camp, landed at Pusan, Korea. Fourteen days later he was participating in the landing at Inchon on the west coast and in the contest with the North Koreans for Seoul.

Following this action he was sent with his unit to Wonsan on the east coast, another landing operation that eventually took him close to the Manchurian border and the Chosen Reservoir. Chinese attacks forced the Marines to withdraw, and he and his comrades of the Seventh Division protected the withdrawal clear to the beachhead at Hungnam.

He went into action again after Christmas, participating in engagements up to March 30. Cpl. Hardy learned the North Koreans as much better fighters than the Chinese, and had high praise for the fighting ability of the French, Turks, Canadians and British. He expressed the opinion that the Chinese will be driven to the Manchurian border.

During an action on Jan. 27 while with a patrol of nine who were fighting more than 40 of the enemy, he fell from a cliff and fractured two ribs, but kept on fighting.

## Bond Petition For Hospital Is Approved

700 Freeholders Sign Notice Asking For Referendum Vote On County Hospital

Petitions of freeholders asking for an election to approve issuing bonds to finance the building of a county hospital were presented to the County Commission yesterday by O. P. Herndon, and approved by the commissioners.

"It was determined by the Commission," said Mr. Herndon this morning, "that more than five percent of the resident freeholders had affixed signatures. It was estimated that 45 names would have been sufficient, and the list contained over 700." The Commission deferred further action on the matter until a later meeting, probably a special session.

The Commission directed that advertisements be placed for bids on improvements and additions to the County Court House in accordance with plans submitted by Elton J. Moughton, architect.

These plans include additions to the offices of County Judge Douglas Stenstrom, Tax Collector Sanford Doudney and Tax Collector John Galloway. An addition will also be made to the upper and lower record vault.

Plans were approved for a joint venture by the County, State and U. S. Geological Survey for a complete survey of the underwater table in Seminole County. Sources of water supply will be determined with the idea of combining low water and salt infiltration.

A letter received by City Manager Clifford McKibbin from Capt. D. T. Day of the Naval Command, was read stating that the Navy did not consider it advisable to give right of way for the widening of Twenty-Fifth Street until plans for new runway construction are completed.

Mr. Herndon was directed to ask permission of Capt. J. T. Chittenden, Naval Air Station commander, to use most of the land just outside of the Oswald field for county road building purposes.

The Commission agreed to send a letter to the Scott Camp at Silver Lake to loan the land and create a beach for Boy Scout use. Bids were asked for a one and a half ton pickup truck for road work.

Following the request of Jack Davis, county road superintendent, all county road employees were granted a five day week and one hour was added in each working day.

Further study with County Surveyor M. L. Hagan was requested by the Commission following City Manager McKibbin's proposal for the granting of a right-of-way for a pipe and power line along the old Lake Mary Road where the City desires to drill a well to add to its water supply.

The Commission offered no objection to the laying of pipe (Continued on Page Six)

# Acheson Denies Appeasement Motive In Unsuccessful Try At Ending Korean Conflict

## Marshall Lashes At Criticism Of Korean Policies

General Reviews U. S. Record In Greece And Berlin Airlift

ST. LOUIS, June 6.—(AP)—Secretary of Defense George C. Marshall lashed out today at critics of the present situation in Korea, saying they were those who cited stalemate about Greece and the Berlin airlift.

But, the five-star general declared, we have a remarkable record—a record met in turn by courageous decision and so far with the avoidance of a general war.

General Marshall, in a prepared speech, told the graduating class of Washington University: "There were many criticisms and dim views of the European recovery program and there were more regarding the courageous decision of this government regarding Greece."

The latter was advertised as a stalemate, as a costly and futile enterprise. It proved to be a significant success in saving Greece from Communist domination.

He said there also were "those who cited stalemate and the waste of large sums" in connection with the airlift in Berlin. "But it ended in success," the general continued.

Turning to Korea, he declared: "When you attempt to judge what has happened and what is happening there, you should first be clearly in mind the position of the United States in connection with the creation of the Republic of South Korea and the responsibility for us that is attached."

Then you should be well briefed on the succession of events in that struggle, and particularly on the amazing performance of our heavily outnumbered troops.

The Eighth Army, since General Ridgway assumed command, has struck a deadly blow in the Communist prestige in Asia by being added to the success.

"We have not seen the end in Korea. No man can predict exactly what will be but it is becoming more and more apparent that without fatally opposing our military success we have used a terrific problem for the hostile regime in China."

The general called for final enactment of Universal Military Training.

"We never will tolerate or finance a large standing army," General Marshall said, "which means that we must have a form of citizen-soldiery that will be effective in this world of today."

## Evelyn Daniels Will Be Buried Tomorrow

Funeral services will be held tomorrow at 3:30 P. M. at Geneva Methodist Church for Miss Evelyn Daniels, 33, who died Sunday at 4:00 A. M. in Miami after an illness of five weeks. The Rev. E. J. Stambler of Oviedo will conduct the service and interment will follow in the Geneva cemetery.

A former resident of Geneva, Miss Daniels was born June 30, 1918. She had lived in Miami for three years and was a member of the Allapattah Methodist Church there.

She is survived by one sister, Mrs. Joseph E. Eyring of Orlando; her stepmother, Mrs. Florence Daniels of Miami; an uncle, Rev. J. M. Daniels of West Palm Beach; an aunt, Mrs. W. F. Branton of Cocoa; three cousins, Miss Margaret Daniels, Coral Gables; Mrs. Franklin Nott, St. Petersburg; and Mrs. Schubert of Cocoa.

Active pallbearers will include Lester Brown, W. G. Killise, Hillie Grant, Tom McLain, Calvin Oldham and W. L. Sieg.

NEW YORK, June 6.—(AP)—Bob Hope arrived from Europe before breakfast today and said it was too early for anything to be bright, except his tie.

## Collection Phase Of Jaycee Paper Drive Is Success

The collecting phase of the Jaycee Scrap Paper Drive ended Sunday with the Jaycee membership covering the city in one sweep picking up paper discarded at the curb on all streets within the city limits.

Bob Farrell, chairman of the paper drive committee, said that the drive was a tremendous success with an estimated 100,000 pounds of paper collected by the city limits.

The success of the drive was due wholly due to the enthusiasm of school children throughout the county—about 25 or 30 in the various schools with Union High leading all schools with 10 tons.

The children left their little paper in the city for the Jaycees to pick up on Sunday. The amount of paper collected by the largest amount of paper will be rewarded with an ice cream party this week. The program has been donated by Southern Danies, Benson Datties, and Schmeider, Ice Cream Co. of Ft. Myers.

The paper is now stored in a local warehouse and will be separated and banded for shipment. This hard and time-consuming work is to be done by the Jaycee membership.

The Jaycees, in cooperation with the Sanford Fire Department, wish to thank all those who have helped in this drive to prevent fires and to raise money for the Jaycee Youth Program. Mr. Farrell stated: "For the use of their trucks, which made the drive possible, Hoffer Motor Sales, Seminole County Motors, W.D.S. Pontiac, Hunt Mercury, Security Lumber Co., Strickland-Morrison, Inc., H. J. Fingle, Echols Building Co. and the City of Sanford have been commended."

## HIG FOUR

PALE, June 6.—(AP)—The West was held today by their reply to the Soviet Union's demand that any four-power foreign ministers' conference must specifically discuss the North Atlantic Pact and American bases abroad.

The West was scheduled to give an answer to the "yes-but" acceptance by the Soviet Union of an invitation to convene the Big Four meeting on international relations.

But it appeared that the foreign ministers' deputies would not meet today.

## JAP TREATY

LONDON, June 6.—(AP)—British diplomats reported today that the Japanese government has agreed to accept the terms of the Japanese peace settlement.

They said also the United States has shown a readiness to give up the idea of inviting the Chinese Nationalist government to sign the treaty.

## IN THE FAMILY

COLUMBIA, Mo., June 6.—(AP)—A husband and a wife, members of the same graduating class at the University of Missouri, have been elected to Phi Beta Kappa National Scholarship Honor Society.

They are Edward Lee Davis of Mexico, Mo., and his wife, Betty. They live in a university student trailer camp on the campus.

## School Teachers Ask Warren For Increase In Pay

Seminole County Teachers through their organization, the Seminole Teachers Club, have taken action to ask U. S. House Education Committee to take action to increase the pay of teachers in Seminole County.

## Secretary Of State Admits Attempt To Have MacArthur Change UN Report

WASHINGTON, June 6.—(AP)—Secretary of State Acheson today admitted that Douglas MacArthur's headquarters had a report three months in advance that the North Korean Reds planned a June invasion of South Korea but refused to believe it.

WASHINGTON, June 6.—(AP)—Secretary of State Acheson today said there was any "appeasement" in United States support of last January's futile war in Korea.

Acheson told the Senate's MacArthur inquiry that the State Department backed the move because "We thought that the sound thing to do was to vote in favor of this resolution."

The U. S. Senate's resolution sought to arrange an armistice and submit to an appropriate body of U. N. members the problem of the future of Formosa and China's representation in the United Nations.

Nothing came of the move because the Chinese Red rejected the proposal.

Senator Russell (D-Ga.) brought up the matter at the Senate hearing. He is chairman of the Senate Armed Services and Foreign Relations Committee, conducting the inquiry into the dismissal of General Douglas MacArthur.

At another point, Acheson acknowledged that the State Department once tried to get MacArthur to change a report to the United Nations. But he said he considered the matter "trivial" and had not heard of it until MacArthur mentioned it in testimony to the Senate.

MacArthur told the Senate the State Department wanted him to make a political statement. Acheson said that the report contained "various criticisms and statements which he (MacArthur) was making about what seemed to be the political situation."

He suggested to the Defense Department that such statements did not belong in a factual report of military action. But Acheson said he gave no opinion on the report. He said the report was sent to the U. N.

Senator Wiley (D-W.Va.) asked whether the incident caused any irritation on the part of you in the State Department toward him.

"Not that I know of," Acheson said, adding:

"I don't create any irritation in my next because I never knew of the incident until the report came out of the State Department. It was in my opinion a quite 'trivial matter'."

The U. N.'s unsuccessful effort in January to get a Korean cease fire had come up earlier. Acheson said that the report was "a criticism about the resolution that supported that cease fire to charges of appeasement."

He said that Acheson said the State Department had no objection to their pre-Korean war status to permit consideration of a lasting peace.

The question of the representation of China in the United Nations had been discussed before that, and there was no reason why it should not be discussed again after the aggression stopped.

Similarly, the president had suggested the future of Formosa should be considered in the United Nations and we thought that (Continued on Page Six)

THE CASKET CONTAINING THE BODY OF Lt. Bernard DeLattre de Tassigny, 28, is carried from a plane in Paris after being returned to France from Indo-China. Commanding-in-Chief of French Forces in the Far East, Gen. Jean DeLattre de Tassigny (arrow) and his wife (next to him) accompanied their son's body. The lieutenant was killed while fighting Communist troops in northern Indo-China. (International Soundphoto)
