It has a Way with Women

SOMETIMES we think that too little attention is given to the fair sex in automobile advertising. After all, it's the woman of the house who has to do most of the shopping, which involves getting into tight places at the curb.

It's the woman who has an eye for style and fine fabrics—and a nose for economy. On both counts, a Buick is tops. But we suspect something else. We suspect that a woman gets just as great a lift as a man from commanding this great-powered and trigger-quick bundle of vitality to bow to her will.

style and its smart performance—its spaciousness and comfort—and its thrift. How about taking time off, some afternoon, to boss around a Buick? It's a date that's bound to thrill you.

Record No. Of Votes Cast In City Election

Kader, Stemper And Chase Overwhelmingly Elected For City Commission

All records for municipal elections in Sanford were broken yesterday as 2,693 Sanford citizens thronged to the polls to elect three city commissioners. John Kader in Group No. 1; W. H. Stemper, incumbent in Group No. 2 and Randall Chase, a former commissioner, in Group No. 3.

New City Commissioners

As a result of yesterday's city election, John Kader is the new City Commissioner in Group No. 1, W. H. Stemper was re-elected in Group No. 2, and Randall Chase was named in Group No. 3. Mr. Chase will take office immediately; the other two, in January.

The vote comprised about 83 percent of the 3292 registered voters in Sanford. Last year when Sam Martina and John Ivey were elected as commissioners the total vote was 1,872.

TODAY'S BIBLE VERSE

Our anxiety cannot hasten anything, and our waiting is not vain. Why is he so long in coming? Why tarry the wheels of his chariot?—Jer. 4:1.

Congratulations to John Kader, Bill Stemper and Randall Chase on their complete victory at the polls in yesterday's election.

The Office of Price Administration has just announced new price ceilings on whisky and wines in the state of Mississippi.

It is about this time of year when we read of blinding snow storms in St. Louis and frozen out football games in the east.

Jobless benefits in Seminole County last week amounted to \$1,775. At that rate more than \$90,000 a year is spent in this county on people who cannot find work.

Senator Ike brought his campaign for Republican presidential nomination to the South this week with speeches in Alabama and Mississippi.

Realty values are going up in Florida. Real estate men in Florida, according to an AP survey, figure that if you own a house worth \$10,000 today, it will be worth at least 5 percent more within a year.

One of our visitors the other day left a beautiful gold capped fountain pen on our desk. There is no name on it and we do not know to whom to return it.

Early reports in the gubernatorial campaign do not indicate any \$400,000 war chest this time. Most of the candidates are watching their budgets closer than their waist lines.

Anyone giving information to the FBI about another person who might be a Communist, crook or murderer, may be sued for libel if the Supreme Court rules that is what you may call the rule of the people against criminals.

Congratulations to the Jaycees all those who worked for a triumph in yesterday's election. That was a fine testimonial to the American way of life.

That was a fine testimonial to the American way of life. People have spoken. Let the people! We are glad that the candidates were men of

Education For Shut-Ins

In many larger communities a system of visiting teachers has been established to aid students confined to their homes for long periods of illness.

In New York City, where such a program has existed on a regular basis for several years, radio facilities have been utilized to help such students and now special television programs also will supplement the home instruction courses.

The education of children whose physical infirmities prevented attendance at school often was a hit or miss matter until a few years ago. It depended chiefly on the interests and resources, financial as well as intellectual, of the parents of the handicapped student.

Use of radio and television facilities to aid handicapped students is a credit to these instruments of communication, and illustrates their great capacity for usefulness.

Party Opposition

"Now perhaps there will be a lull in party strife which will enable us to understand more that is good in our opponents, and not be so very clever at finding all their shortcomings." Such is the post-election message of Winston Churchill.

Americans may think that his remark is startling. In our politics it seems to be expected that the opposing party will be considered to be the source of all corruption and destructive policies.

Yet the level of political argument has risen since earlier days. The Jackson-Adams campaign of 1828 possibly marked the low point in American electioneering.

But we still have some distance to go before attaining Churchill's proposed rule of conduct. We should be better able to see the merit of opposing ideas.

Treaties And Peace

France Soir, a Paris newspaper, probed into statistics to discover that in the past 3,856 years there have been only 323 years of complete peace in the world.

All of us would like to improve the proportion of peaceful years. It looks as though we'll have to figure out a way to get more peace out of a peace treaty.

Communist jet pilots challenged Allied jets in North Korea Wednesday for the first time in three days. They fought three brief engagements.

The weather kept most Allied warplanes on the ground Tuesday. For East Air Forces headquarters said only 230 sorties were flown.

U. N. Command artillery has been pounding Communist positions continuously. Communist guns have been almost as active.

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON, Nov. 7.—If General Eisenhower runs for President he has one big advantage over anyone who runs against him.

He won't have to apologize for very much he ever said on political, economic or social problems, which are dynamite for most politicians.

And there's a good reason: he's never said—publicly, anyway—enough on any of the three subjects to make voters very mad.

It's easy for the opponents of most men running for office—because they've said so much for so long on so much—to dig back and use their own words against them.

Not so with Eisenhower. While he was in the Army he kept his lip buttoned, which is the wise thing for any Army man to do.

And later, when he became president of Columbia University, you can tell by reading the files how carefully he tried to pick his way.

In fact, those files seem to show Eisenhower as a man who very gingerly dipped his toe in the water before taking a dive.

His favorite subjects for speeches on domestic problems—while he was at Columbia and before being called back into uniform—seemed to be preserving free enterprise and personal freedom and avoiding centralized government.

They're all pretty safe subjects in this country at this time. Democrats as well as Republicans could vote for a man who said he was against letting any administration in Washington get too much power. No harm in that.

It wasn't original with Eisenhower to be for free enterprise, of course, but since he's for it, no one will quarrel with him among Democrats and Republicans. Anyone who's against it couldn't be elected anyway.

And as for freedom for the individual, both Democrats and Republicans have been insisting for years upon the importance of preserving just that. It's one of the main themes in this government's argument against Communism.

But even on such subjects as these you can see, in reading the files, that Eisenhower at Columbia, newly out of uniform, sort of felt his way along, getting a little more positive as he got a little more used to repeating the same ideas in speech after speech.

In the field of foreign affairs Eisenhower seemed much more emphatic. He is an internationalist. For example, Eisenhower was for arming Russia before Communist votes to do so.

But even on such subjects as these you can see, in reading the files, that Eisenhower at Columbia, newly out of uniform, sort of felt his way along, getting a little more positive as he got a little more used to repeating the same ideas in speech after speech.

On Sept. 28, 1948 the General made a talk to his students at Columbia, urging them to seek opportunity rather than security. He said "the best example of perfect security is a man serving a life term in federal prison."

It was a viewpoint, of course, with which a lot of voters might disagree, particularly old ones who may have missed their "opportunity" along the way but now in old age want and need security, at least Social Security.

Russian Celebration

(Continued from Page One) George M. Malenkov, reviewed a parade of Soviet armed might from the Politburo's traditional position atop Lenin's tomb.

Between-the-lines hints from Moscow today suggested that Joseph Stalin has relinquished at least some of the active control of his Soviet dictatorship.

The censored dispatches reporting the celebration of the revolution's 34th anniversary give an impression that new authority has fallen two men—George Maximilianovich Malenkov and Lavrenty Pavlovich Beria, the power twins of the Politburo.

The dispatches give no indication that either Stalin or his old Bolshevik deputy, Vyacheslav M. Molotov, was present at last night's revolution anniversary celebration at the Bolshoi Theater, the most important gathering of the year for Soviet officials.

The dispatches did not say this directly. They said a "message of greetings" to Stalin was adopted. They listed members of the Politburo who were present. Molotov's name was missing.

Stalin of late has gone to a Black Sea resort when Moscow's zero weather begins.

The Soviet press generally lists Politburo leaders in the order of their importance, and correspondents in Moscow follow this procedure in their dispatches. This is the way the dispatches listed the Politburo last night: Beria, Malenkov, K. E. Voroshilov, N. A. Bulganin, L. M. Kaganovich, N. S. Khrushchev, A. N. Kozlov, A. I. Mikoyan, N. M. Shvernik, A. A. Andreyev.

In pictures of the May Day celebration published in the Soviet press last May, Malenkov was shown at the right hand of Stalin, and Beria next. Molotov occupied the sixth spot in the order of importance at that time.

Without opposition in Mississippi, Scarpay Rudolph Halley, gunning for crooks in government, won New York City's second highest office last night in a startling upset of mighty Tammany Hall.

By a smashing 103,492-vote margin, he was elected City Council president, beating the acting Democratic incumbent, Joseph T. Sharkey. He did with only splinter-party support—and on his first try for public office.

It was a stunning blow to the ruling Democratic organization, and the second year in a row that Tammany has floundered in defeat.

In Boston, former Mayor James Michael Curley—once of the nation's most colorful big city political bosses and one of the last—was ready to call it quits today after he was defeated for the mayoralty.

Voters in this historic city rebuffed the comeback attempt of the 77-year-old campaigner, they had elected mayor four times before—once while he was under a federal indictment.

Mayor John B. Hynes, 53, who started out as a clerk at city hall under Curley, won re-election handsily yesterday—piling up a 78,501-vote majority.

It was a fairly delicate subject for politicians in a country where most voters are either drawing social security benefits or taking part in the program.

City Election

(Continued from Page One) 1:04 P. M. yesterday, 1,200 persons had voted. Starting at 7:00 A. M., when the polls were opened in the City Commission room, a steady stream of voters thronged to the polls.

It was after midnight before the weary clerks and inspectors had completed their count of the votes. Clerks were Edward F. Lane and Mrs. F. E. Rountledge. Inspectors were Malcolm MacNeill, Floyd Palmer, Mrs. Ralph A. Smith, Richard Farrell, James B. Gut and B. L. Perkins, Jr.

Tim Crawford, president of the Seminole County Junior Chamber of Commerce, today announced that the Jaycees wish to thank the voters for such an excellent turnout in the City election.

A record vote of 2,693 was accomplished through the combined efforts of all of the Sanford civic clubs, and with the fine co-operation of the newspapers, Radio Station WJBR and the churches of Sanford," he declared.

"Our own committee headed by Carl Price did a fine job," he stated, "and we will continue to have such a good turnout of voters in all elections in the future. It is highly gratifying to see the people of Sanford begin to take a more active part in their government."

State Expenses

(Continued From Page One)
The State's own tax collectors gathered in \$227 million last year, compared with \$122 million in 1945-46. It came from new taxes and higher receipts from most old levies.
For instance, the State got \$47 million last year from the sales tax, which wasn't on the books six years ago.
The gasoline tax brought in \$56 million last year, compared with \$31 million in 1945-46. Alcoholic beverage and cigarette taxes, at higher rates, yielded \$43 million compared with \$33 million six years ago.
The only major source of revenue to show a drop in the six-year period was the racing tax. Its receipts fell off from \$15,689,000 to \$15,195,000.
And the federal government was more generous to the State in 1950-51 than in 1945-46. In that period, federal grants and donations increased from \$16 million to \$53 million.
The State soaked a good many millions away in trust funds during those six years, too.
The Teachers' Retirement Fund had only \$4.5 million on June 30,

1946. Six years later, there was \$23 million in the fund. Nearly all of it came from teachers' contributions.

There was no State and County Employees' Pension Fund six years ago, but at the end of the 1950-51 business year, the State had \$12 million on hand for future pensions. It came partly from employee contributions and partly from State and County matching money.

The permanent State School Fund, from which only the interest may be spent, increased from \$6 million to \$10 million.

The power of a radio station is measured largely in watts or kilowatts, delivered to the antenna from the tubes of the transmitter.

When the "sky survey" is finished at the California Institute of Technology, three-fourths of the entire sky will have been recorded.

Twenty-mile-long icebergs were sighted in 1948 by Australian air reconnaissance in the Antarctic.

Only about 60 cases of quintuplets have been recorded.

Louis Zamperini, Olympic track star and distinguished veteran of World War II will speak to high school pupils in Seminole County Thursday and will talk at 7:30 that night at the First Baptist Church on the subject, "Christ or Communism."

Louis Zamperini Slated To Speak Here Tomorrow

A former Olympic track star, world champion runner and Air Force captain who was imprisoned for more than two years by the Japanese, and who is now devoting his life to Christian service, will speak in a number of places Thursday in this county on the subject, "Christ or Communism." He is Louis Zamperini, who has been listed by the War Department as one of 10 men who suffered the most during World War II.

His first talk Thursday will be to pupils of Seminole High School at 10:00 A.M. At noon he will speak at Crooms Academy and during the afternoon at the Lyman School, Langwood, and Ovidio School. At 7:30 P.M. he will appear at the First Baptist Church here.

During a flight in World War II he crashed at sea and spent 47 days adrift on a small rubber life raft. During his period as a Japanese prisoner and while in a starling condition he was forced to run against well fed Japanese runners. He now has an Air Force field named in his honor, and also an athletic event at Madison Square Garden.

It was during the 1938 Olympics in Berlin that he almost created an international incident when he tore down Adolf Hitler's private swastika from in front of the latter's chancellery. Guards shot at him, twice and he was questioned both by Hitler and by General Von-Prits.

Coberlys Return From Motor Trip

After a motor trip that took them as far west as California and back east to their native Pennsylvania, Mr. and Mrs. E. K. Coberly returned recently from a four months jaunt more firmly convinced than ever that Florida is the finest state in the union to live in.

"We really learned to appreciate how beautiful Florida is after driving through deserts," said Mr. Coberly, a retired Pittsburgh, Pa., policeman and veteran of World War I.

The Coberlys, who came to Sanford four years ago, built two houses, one at Fourteenth Street and Park Avenue, the other at 2100 Park Avenue. They now live at the Park Avenue trailer court. They estimated they traveled 9,900 miles on their trip.

Enterprise News By KATHERINE HELLERS

The Sarah Shannon Circle of the Women's Society of Christian Service met last Thursday morning in the church parlors. The meeting opened with prayer led by Mrs. Edward Kircher, followed by the devotionals given by Mrs. Emil Gilman.

Mrs. Russell Cooper, president, conducted the business meeting. A committee was appointed to plan the supper for church events comprising Mrs. Daisy Hamilton, Mrs. Edward Kircher, Mrs. Cora Sellers and Mrs. Warren Hise.

Plans were presented for a lawn supper to be held Friday evening, Nov. 16, on the church grounds starting at 8:30. The supper will feature homemade chile, hamburgers, hot dogs, pies, cakes, candy, ice cream, cold drinks and coffee.

Following the supper, an entertainment will be held in the church parlors. This project will be to raise funds for a new parsonage. Mr. and Mrs. Don Baber moved here yesterday from Jacksonville to make their home in the apartment of Mrs. Althea Evans. Mr. Baber is a representative for the Stanley Home Products in this area. His wife, Pat, and young son, Larry, seven months old, will return to Jacksonville in stay with her parents for a short time.

A one-act play, "Not Quite Such a Goose," was the highlight of the entertainment program presented during the Enterprise carnival last week. Other features of the program were a short play given by the fifth grade and some songs and a skit by the eighth grade under the direction of Mr. Thompson. The main attraction of the evening was the old fashioned square dance which was thoroughly enjoyed by everyone.

Tuesday afternoon the members of the Women's Society of Christian Service will have as their guests the members from the Ovidio Methodist church. A luncheon will be given at 1:00 o'clock in the church for the visitors in order to greet them and to become acquainted with them.

Tuesday evening some friends and members of the Winter Park Methodist Church presented a program at the Children's Home followed by a Halloween party for everyone. Rev. and Mrs. Kenneth Rogers were among those present for the occasion.

A family covered dish supper will be held Thursday evening at 8:30 in the Methodist church. This

Blues In The News By RALPH GASSMAN

NAAS has three boats on Lake Monroe. This may come as a surprise to some of you and you are probably wondering why the Navy has placed boats on the lake. The purpose of the boats is rescue in times of crashes in Lake Monroe. Lake Jessup or the connecting canals of naval planes taking off and landing at NAAS.

The boats are 24 feet long with 115 H. P. Chrysler Marine Engines and will do about 25 knots top speed.

The boats are attached to the operations department of which Comdr. Clarence Binlin is head. Chief Arthur Orlandello is immediately in charge of the boats and their crews.

Boat No. 1 is manned by Roger Schmidt and Jim Prasley. The crew of Boat No. 2 is John Fey and Paul Clark. Boat No. 3 crew is Walt Kraft and Earl Klester. The boat carpenter is Phil McBrien.

Since the boats have been placed at the Sanford Boat Works, the crew has completely overhauled the boat engines and yellow decks. According to one of the men, Roger Schmidt, the painted the boats gray with white tops and the sharp looking craft on Lake Monroe.

The Firemen's Ball in Orlando Monday night was a big success according to several men from the station. Ray Carnes, NAAS, said he really enjoyed dancing to "Music in the Mood" by Tex Renake. Fred Juge, Bob Cook and Bob Wise, all of FARRON 821, claimed they had fun too.

Lawrence Tabacchi was transferred from NAAS to the Naval Hospital at Jacksonville yesterday. Lawrence has a bad right knee and I certainly hope that he is back aboard soon.

Sea duty finally caught up with James Johnson of NAAS and he was transferred Monday to Jacksonville to further assignment. Two men from FARRON 821 decided they liked the Navy and "shipped over" for another cruise. Jim Cox re-enlisted for six years and Don Evans extended for one year.

George Kelly has been sent to the Hospital at Jacksonville to await discharge. While George was waiting for his, Mike Colella got discharged and is now on his way home to Portland, Maine. Both men are from FARRON 821.

FARRON 821 welcomed back aboard Chief Herb Anderson. Herb has been with NAAS for several months working with the Chief Petty Officers' Club.

Ship Wreck

Construction of a new fleet drops the others to 110,000 tons to await rescue by commercial and Coast Guard vessels converging on the stricken ship. The Japanese freighter Kenkon Maru, the first to reach the stricken ship, battled rough water and a strong wind through most of the night to rescue 13 seamen in a lifeboat nearest the Walton. Seven were taken aboard shortly before midnight and the others rescued about four hours later.

All were weakened by cold and exposure. Meanwhile, a new storm moving in from the Western Pacific threatened rescue operations with added hazard. The Weather Bureau raised storm warnings at 9 A.M. from Tatoosh, Wash., the nearest land point east of the scene, to Astoria, Ore. South to southeast winds ranging up to 40 miles per hour were forecast.

SINCERE THANKS To the voters of Sanford who supported me in yesterday's election. I wish to extend my congratulations to my opponent, Mr. Randall Chase and to pledge my support to the City Commission in all of its efforts to make Sanford grow and prosper. W. V. BITTING (Paid Pol. Ad.)

I am humbly grateful to the people of Sanford for electing me to the City Commission. However, I know this has been no personal victory for me, but rather an expression of the people of Sanford of their desire for a greater participation in government by them. Without the active aid of those who shared my views in government, it would have been impossible for me to have been elected. I know this, and I am humbly grateful to all of you who expressed your interest in the campaign. I fervently hope that all of us citizens of Sanford will join hands to make Sanford the most progressive and liveliest city in Central Florida. John Kader (Paid Pol. Ad.)

I wish to express my sincere thanks and appreciation to all those who supported me in yesterday's election for City Commissioner. At the same time I want to congratulate my opponent in Group No. 1 and the other two candidates who were successful in yesterday's voting and to wish them every success in their endeavors for our city. A. W. LEE (Paid Pol. Ad.)

THANKS.. I AM DEEPLY GRATEFUL TO ALL OF YOU— Let's have the past be by-gones— AND LOOK TO THE FUTURE! Bill Stemper (Paid Pol. Ad.)

To The Voters of Sanford THANK YOU for the splendid support. I shall ever be aware of the confidence as expressed in me and pledge my efforts to be worthy of your trust. Randall Chase (Paid Pol. Ad.)

Rep. Herlong Stresses Need For Morality

Congressman Speaks To Civic Clubs On Good And Bad In Government Politics

Rep. Herlong

Rep. A. S. (Sid) Herlong told Sanford civic clubs today that "We must keep ourselves militarily invincible and economically stable. We have a light on our hands and our national survival is involved."

Speaking before a Jaycee sponsored luncheon which was attended by members of the Kiwanis, Kiwanis and Rotary clubs, as well as the Pilot Club and the Business and Professional Women's Club, Rep. Herlong asked his audience not to ask for things from Washington which they wouldn't want others to ask for to employ methods in securing favors there which they would not want others to use.

"If politics is dirty," he said, "it is because of the indifference of the individual toward his political responsibilities, because of his apathetic attitude and tolerance toward corruption in politics. If we would clean up the bad state of affairs in our government, we must begin with the individual, we must study public opinion, we must vote intelligently, we must take an active part in politics."

Rep. Herlong was introduced by Judge Douglas Stenstrom in a meeting presided over by President Tim Crawford of the Junior Chamber of Commerce. Judge Stenstrom said that Rep. Herlong had been a county judge in Leonburg for 13 years, was a former lieutenant governor of the Florida Kiwanis district, and a former president of the Florida State League. He was elected to Congress in 1946 and again in 1950.

In "A Report on Washington," Rep. Herlong mentioned the moral standards of certain government officials and decried influence peddling, milk coats, and deep freezes as used in furthering political interests. He quoted George Washington, "Virtue and morality are the necessary springs of popular government."

He said that the dishonesty must be the rule of success instead of the exception if corruption continues, Rep. Herlong declared, "Honesty is a national necessity."

Mrs. N. A. Hall, Mrs. M. B. Smith's Mother, Died Today

Mrs. N. A. Hall, mother of Mrs. M. B. Smith, died early today at the home of another daughter, Mrs. D. J. Whitehead in Richmond, Va.

Born in Pittsylvania county, Va., in 1869 Mrs. Hall lived there until she came here to live with her son-in-law and daughter-in-law and Mrs. Smith at 466 Rowland Drive in 1930.

She was the only daughter of the late Capt. Joel Cleiman and Emily Wooding Cleiman and was the widow of the late N. A. Hall who died in 1923.

Mrs. Hall had been visiting with a son-in-law, Joe Cleiman and Emily Wooding Cleiman and was also a member of the F. L. C. Class and the W. M. U. of the church. Funeral services will be held at the Chatham Baptist Church, Chatham, Va., tomorrow at 4:00 P. M.

Six More Saved From Abandoned Freighter

SEATTLE, Nov. 8.—Six more survivors of the American freighter *George Watson*, abandoned after a fire and explosion in the North Pacific were rescued today. Guard figures listed a total of 31 survivors and five dead of the 38 crewmen.

The Coast Guard cutter *Wachusett* rescued and landed survivors from the *Watson* and was found near the scene of the disaster, some 300 miles off the Washington coast about 8 A. M. (S. A. M. EST).

The rescue came after two days and one night of searching.

Hearing Opened On Wage Rates Citrus Workers

Cooper Overruled On Move For AFL To Adjourn Hearing

LAKELAND, Nov. 8.—A wage stabilization board committee today opened a hearing on pay rates for citrus grove workers and quickly rejected a surprise motion challenge of its jurisdiction.

Richard Cooper, Orlando attorney representing the AFL, moved at the outset to adjourn the hearing on grounds that the hearing was a violation of the law. The hearing was held in Lakeland, Fla., and the AFL and the Distributive, Processing and Office Workers Union (DPOU) joined the AFL in the motion.

The five-man panel, representing the citrus industry, union and the public, retired for 10 minutes. Then Chairman D. H. Roberts of Atlanta announced the unanimous decision to continue.

Five major Florida citrus organizations have asked the WSH to set ceilings for pickers, loaders, truck drivers and other grove workers. They said pay rates were so variable last year that only confusion would result by trying to use the flat 10 per cent raise allowed by WSH in permitting boosts this season.

Low Temperatures Are Again Predicted

By ASSOCIATED PRESS
A cold air mass dipped into Florida last night bringing freezing weather to the northern tier of counties and frost as far south as Daytona Beach.

Another night of similar temperatures—perhaps a bit colder—was predicted by the Weather Bureau for tonight with gradual warming Friday.

A cold air mass centered over Texas and a storm area over the eastern seaboard with its center over New England combined to push a cold air stream into Florida.

Cross City and Crestview recorded a 3-below-freezing 30, while Tallahassee had 33 degrees. Jacksonville, Ocala and Panama City registered 33, one degree above freezing. Frost formed throughout the state.

Scattered frost reached into the central section with patches west of Daytona Beach.

FARMERS AUCTION
Work was started this morning placing a layer of shell as footing for the shed at the Sanford Farmers Auction, County Agent C. R. Dawson.

Completion of the new road from the Orlando Highway to Sanford Avenue and passing 260 feet north of the market, will provide an additional entrance to the market area and will be connected by a loop around the market building terminating at the highway south of the shed, he stated.

Another wholesale auction of vegetables is in prospect, he stated. The Elks are planning a market and the Lions recently had two successful fund raising auctions.

TAPT APPROVES
MEMPHIS, Tenn., Nov. 8.—(AP)—That the disengagement plan outlined in President Truman's speech would meet with general acceptance was expressed here by Senator Robert A. Taft.

"The whole world welcomes any proposal such as this—which shows a trend toward disengagement," he said. The Republican presidential candidate said last night during a brief stopover at the airport here.

Joint Chiefs Seek Buildup In Air Power

Gen. Bradley Insists More Planes Needed By Navy, Marines And The Air Force

NEW ORLEANS, Nov. 8.—(AP)—The U. S. Army Chief of Staff, Gen. J. Lawton Collins, in an address making a plea for compulsory military training, said here today "we will soon have three and a half million men under arms, and it seems likely that world conditions will require large armed forces for some time to come."

CHICAGO, Nov. 8.—(AP)—Gen. Omar Bradley, in a major address on strategy revision to fit atomic era warfare, said today the Joint Chiefs of Staff have agreed "we must greatly increase our combat air."

The increase, the Joint Chiefs' chairman said, must be not only in the strategic and tactical strength of the Air Force, but provide "considerable increase in Navy and Marine air strength." He said there must be additional forces for all the services—ground, air and sea.

Of nuclear weapons, Bradley said "the airplane continues to be the best method of projecting the power of the atom to the battlefield, and to the heart of any large land-mass nation." At another point, he spoke of "atom bombs of all sizes."

Taken together, the two statements suggested that atomic artillery and guided missiles still remain definitely in the experimental and development stage.

Bradley, a foot soldier by training and career until he became chairman of the Army-Navy-Air Joint Chiefs group, made his strongest case for air power in an address prepared for the American Petroleum Institute. That address was printed, retired for 10 minutes. Then Chairman D. H. Roberts of Atlanta announced the unanimous decision to continue.

1. The address by President Truman last night in which he said the new U. S. Strategic Defense program, "both have the same aim—the aim of security and peace. If we can't get security and peace our way, we must get it the other way."

Sanford Shivers In Low Of 39 Degrees

Sanford residents who averted early this morning when the thermometer dipped to a low of 39 degrees, were today reminded by E. J. Moughton, Jr. weatherman, that this is the third year in a row that November has come in with a cold snap.

On Nov. 6, 1950 the low reading was 40 degrees. Two years ago, on Nov. 5, 1948 Sanford had a low of 41.

Fishing merchants were pleased with the weather change which brought increased demand for sweaters, coats and heavier wear and heaters had a busy morning. Personnel in the office of County Agent C. R. Dawson in the basement of the Court House advised this morning in spite of the fact that there is a big fire off heater in the room. No fire could be lighted in the heater as the chimney had been sealed during the rebuilding operations in the Court House. The Police Station was warned with a new gas heater.

Mrs. B. E. Chapman Attends Convention

Mrs. B. E. Chapman, secretary-treasurer of the First Federal Savings and Loan Association for Seminole County, left this afternoon for Miami Beach where she will attend the United States Savings Loan and League's National Convention which is being held Nov. 9 through 13.

Mrs. Chapman is on the ladies committee and is also a member of the audit and retention committee. Sessions will be held daily in the Municipal Auditorium and will be climaxed with a banquet on Tuesday evening.

Ban Imposed On New Car Models

WASHINGTON, Nov. 8.—(AP)—The government today imposed a "critical freeze" effective Feb. 1, on the introduction of new models by the automobile industry and manufacturers of other consumer durable goods. The action came in the form of orders reserving machine tools almost completely for military and defense supporting production. This would bar retooling by civilian manufacturers of cars, washing machines, refrigerators and similar appliances. The intent, NPA's announcement said, is to insure that the entire output of machine tool industry is bottlenecked in the aircraft, tank and other munitions programs is channeled into defense.

Mysterious New Disease Infects Allied Soldiers

U. N. Rejects Reds Buffer Zone Plan As Jet War Rages

TOKYO, Nov. 8.—(AP)—A mysterious new disease, apparently brought to the battle lines by Chinese Communist troops, has infected an undisclosed number of United Nations soldiers in Korea.

Brig. Gen. William F. Shambora, Far East Command surgeon, disclosed the presence of the disease today. He said it was new to Western medicine and its exact nature has not been determined.

However, he said, it bore a striking resemblance to a widely acknowledged epidemic hemorrhagic fever, which the Japanese discovered in Manchuria in 1939.

It is also known as Hango Fever and Koku disease. The number of Allied soldiers infected was not disclosed. Six weeks ago an anti-Communist North Korean told Allied doctors the disease was present among troops of at least one Chinese army and had been contracted by some North Korean civilians.

The North Korean said victims first suffered from high fever, headaches, loss of appetite and (Continued On Page Three)

Bank Robbers And Girl Friend Killed

MILWAUKEE, Nov. 8.—(AP)—A quick round trip ended in Milwaukee last night for three young men and their red-headed girl friend—43 hours after a preplanned bank holdup which netted them \$93,540.

They exchanged gunfire but there was visible trembling on the faces of the four appeared before U. S. Commissioner Floyd Jenkins II. He said they were charged with violating the federal bank robbery law.

"That's reasonable," one of them said. Jenkins set next Wednesday an arraignment date for James Joseph Leiker, 33, Chicago; Harold Dennis Nell, 19, who gave his last address as Los Angeles; Glenn Dale Major, 21, who also said he was from Los Angeles; and Anne Snyder, Chicago.

SHERIFF'S MEET
Sheriff P. A. Mero, who attend at the Fifth District meeting of the Florida Sheriffs' Association at the Fountain Inn, Dunns last night, visited Lake County Sheriff Willis V. McCall who is confined in the Waterman Memorial Hospital. Sheriff Mero was on duty today by the two Negroes he had under arrest and was taking back from Railroad to Taverns.

Sanford Tourist Club Planning For Another Successful Season

Plans for another successful tourist season were made Tuesday night at the initial meeting of the Sanford Tourist Club at the Chamber of Commerce building. Mrs. William McConkey presided, and Mrs. W. H. LaFetra served as secretary.

Twenty-five members were present at the meeting which was held in the office of Forest E. Breckenridge, Chamber of Commerce manager. Mr. Cooper received 307 votes and Mr. Harper, 361. Sanford gave Mr. Howell 404 and Mr. Grant 74 votes.

Russia Is Challenged To End War

Vishinsky Denounces Appeal By Dean Acheson Before Meeting Of U. N.

PARIS, Nov. 8.—(AP)—The former president of the United Nations Assembly, Nauroilsh Esteram of Iran, today hailed the United States challenge on arms reduction as "very constructive." Esteram said the speech by U. S. Secretary of State Dean Acheson to the Assembly calling on Russia to end the Korean war and act sincerely for peace had opened the door for further negotiations.

PARIS, Nov. 8.—(AP)—William N. Oatis, the Associated Press correspondent called by Communist Czechoslovakia on charges of spying, was cited today in the 60-nation United Nations Assembly by Secretary of State Dean Acheson as an example of the victims of modern tyranny.

By STANLEY JOHNSON
PARIS, Nov. 8.—(AP)—U. S. Secretary of State Dean Acheson challenged Russia today to end the Korean war and work sincerely for peace. Soviet Foreign Minister Andrei V. Vishinsky denounced the appeal in a blistering speech which showed no sign of compromise.

Acheson's speech formally introduced before the United Nations Assembly the western proposal for step-by-step disarmament and a count and limitation of atomic weapons under footpact conditions. Repeating, Vishinsky charged it was the United States and not the Communists who started the outbreak of atomic weapons. The United States of forcing other nations to line up behind it through constant threats about atomic weapons.

A Vishinsky stride to the general defense, he continued in a blistering speech before delegates and the public gallery. Secretary Acheson listened intently from his third row seat in the Palais de Chaillot auditorium.

The Soviet delegating now, as at the previous session, feebly tried to help the assembly remove the hordes in the path of peace," Vishinsky began. This requires immediate action on the part of the United Nations.

He charged that peace negotiations during the past year as "the direct outcome of the signature of the armistice at Panmunjom." (Continued On Page Two)

All Three School Trustees Re-elected

R. E. Cooper, R. L. Howell and Mrs. A. D. Rountree were yesterday re-elected school trustees of Seminole County and will convene in a meeting of the Board of Operations and a two mill levy for the school building reserve fund was approved.

The official canvass this morning in the County School Board showed that Mr. Cooper received 140 votes to 120 cast for R. L. Harper, his opponent.

Ray Howell of Lake Mary got 143 votes and R. G. Grant of Longwood, 283. Mrs. A. D. Rountree, who was not opposed, drew 218 votes.

In the two Sanford precincts, Mr. Cooper received 307 votes and Mr. Harper, 361. Sanford gave Mr. Howell 404 and Mr. Grant 74 votes.

Members of the School Board and Supt. T. W. Lawton this morning expressed satisfaction over the outcome of the balloting.

Truman Said To Have Offered Help To Ike For Demo Nomination

Ike Gives Views On Defense

A "listener" role is played by President Truman as he discusses western European defenses with Gen. Dwight D. Eisenhower at the White House. The general's conference with the chief executive was expected to be the formation of a new Atlantic Pact treaty and today that President Truman offered to support Eisenhower for the Democratic presidential nomination next year.

Four Probes Are Launched Into Negro Shooting In '52 Campaign

Four inquiries aimed toward action of Sheriff McCall

EUSTIS, Nov. 8.—(AP)—Lawyer investigators were pointed today toward the fifth and fourth Florida towns following the shooting of two Negroes.

The pair had been arrested a new trial after receiving death sentences for the rape of a young white farm wife.

Samuel Shepherd, 23, was killed, and his companion, Walter Lee Lewis, also 23, was wounded. Sheriff Willis B. McCall of Lake County.

McCall, who said he had not yet received a report on the shooting, said he had not yet received a report on the shooting.

Publicist Beaten In Political Attack

HOLLYWOOD, Fla., Nov. 8.—(AP)—Carl Loeb, who has made severe attacks on the Hollywood city administration as a communist sympathizer, was today attacked and brutally beaten by several men in front of his home last night.

He was taken to a hospital suffering with shock and multiple bruises on his head, face, elbows and knees. Attended by police, he may lose the sight of his left eye.

General Refuses On Grounds Of Differences With Regard To Domestic Aims

WASHINGTON, Nov. 8.—(AP)—President Truman said today there is no truth in a published report that he had offered to back Gen. Dwight D. Eisenhower as a presidential candidate next year.

"I never thought Arthur Hanes would do it," the President said.

Supreme Allied Headquarters in Europe, Nov. 8.—(AP)—Officers at Gen. Dwight D. Eisenhower's headquarters today described as "purely fictional" a New York Times report that President Truman offered to support Eisenhower as a presidential candidate next year.

Key West, Nov. 8.—(AP)—President Truman arrived here today for a working vacation which may last as long as six weeks. His plane, the Independence, landed at Boca Chica Naval Air Field at 11:52 A.M.

New York Times said today that President Truman offered a support Gen. Dwight D. Eisenhower as a presidential candidate next year when the two conferred in Washington this week.

The general did not accept the offer, the Times said, nor did he "specifically reject it."

Arthur Hanes, the Washington correspondent of the Times, reported that the offer "necessarily concerned only the Democratic nomination."

Mr. Hanes said he reported "a similar offer with respect to 1948" which Mr. Truman made to Eisenhower at the 1947 national conference in 1945.

County Commission Urges Branch Line For Super Highway

A resolution proposing that the State Road Department be requested to consider the abandonment Florida East Coast Railroad branch line right-of-way for the proposed Jacksonville-Maitland super highway was approved Tuesday at the meeting of the County Commission.

County Commission Urges Branch Line For Super Highway

A resolution proposing that the State Road Department be requested to consider the abandonment Florida East Coast Railroad branch line right-of-way for the proposed Jacksonville-Maitland super highway was approved Tuesday at the meeting of the County Commission.

The portion of the former branch line in Seminole County between Maitland and Sanford, Fla., and Hollywood to Titus county was abandoned several years ago by Seminole County and was decreed by the State Road Department to be used in road building. The right-of-way averages about 100 feet in width.

It was pointed out that from a military standpoint such a highway would be a major asset that should not be abandoned. The Commission declined to take action on a request by Mrs. Eleanora Havens that the County employ a registered nurse for the County Health Department, and satisfaction was expressed by Mrs. C. M. Boyd, executive secretary of the County Welfare Board.

A proposal that the county pay \$6 to the City each time that the Sheriff's office uses the truck owned by the City was approved. The proposal was made by Police Chief Roy C. Williams and Sheriff P. A. Mero.

Approval was given to paying the road running by the Seminole Driving Club, following the offer of Hubbard Cassberry to pay \$1,000 toward the project. A donation of \$50 to the local Negro American Legion Post was approved.
