

Site Changed For Casselberry Swim Classes

By Jane Casselberry
American Red Cross swimming classes will begin in Casselberry on Wednesday morning at Lake Crystal Bowl for beginners, advanced beginners and intermediates.

It has been necessary to change the site of the classes to the home of Roy Pope at 3500 Crystal Bowl instead of Lake Griffin as previously announced.

Crystal Bowl is spring-fed and known for its clear water. It is located just northwest of the South Seminole school and can be reached by turning off Hwy. 17-04 on Lake Tripet Dr. at the firehouse, turning right on South Tripet, past Queen's Mirror to Winter Park Dr.

The first morning class will begin at 8:45 and the first afternoon class at 1:45. Registration was held Saturday and continued until Monday as there was room for a few more.

Vegetable Market

In New York Monday, the market was slightly stronger for Florida celery, corn and peppers, slightly weaker for okra, and about unchanged for most other items. Celery, in crates of two to 3½ dozen sold for 3.25-3.50, three dozen were 3.30, mostly 3.25 and four dozen 2.75-3. No sales of celery hearts were reported.

Crates of 4½ to five dozen ears of corn ranged from 2.85-3.75, mostly 3-3.25. Eggplant sold for 2.50-3. In bushel hampers, baskets and crates, mostly 3. Okra was 6.50-7.50 per bushel hamper for small to medium size, mostly 7-7.50. Bushel hampers of crowder peas (purple hull) were 2.75-3. Peppers brought 3.50-4. for extra large and 3.75-3.50, mostly 3-3.50 for large, in bushel baskets or crates.

In Central Florida, celery prices were steady, with a fair demand. Crates of two to 3½ dozen sold for 2.25, four dozens were 1.75 and other sizes 2. Crates of 24 film wrapped celery hearts were 2.75. Corn sold for 2-2.50 per crate of five dozen ears for yellow, mostly 2.25, and white type was 2.25. Pepper sales ranged from 1.75-2.30 according to condition, with most offerings fair condition and selling for 1.75-2. There were too few sales of eggplant to establish a market.

Shipments from Florida over the weekend included: rail 94, truck 102; peppers, rail 15, truck 35, and radishes rail none, truck two.

Rev. Miller Speaks For Baccalaureate

By Jane Casselberry
Rev. Edward Miller, pastor of Altamonte Chapel who has served as chaplain for the Greyhounds' football team for the past three years, delivered the sermon Sunday night at the baccalaureate exercises at Lyman High School auditorium. He was introduced by Principal Ralph Diggs.

The invocation was given by Nellie Rupe and the benediction by Victoria Forsyth, members of the graduating class.

The processional and recessional were played on the organ by Mrs. Darwin Shea and the chorus was directed by Mrs. Dorothea Benson, both of whom graciously stepped in as last minute substitutes for Mrs. Neil Drueding, who suffered a slipped disc a few days ago.

The chorus sang "I Heard a Forest Praying" by DeRose and "Lift Thine Eyes" by Mendelssohn.

Honor escorts were Susan BonEsse, Sylvia Chambers, Joseph Pavechak and Roger Schmidt. Ushers were Alice Hall, Marcia Lyons, Mary Mack, Donna McCoy, Bernadette Osvala, and Lorraine Wag-

ner. A reception was held by the seniors in the cafeteria. Punch and cake were served by members of the home economics classes.

The senior class looked back to its early years at Lyman to choose the "Honor Teacher" to cut the senior cake decorated in the school colors of blue and gold. Mrs. Euillia Grantham, who taught third grade at Lyman when it included all 12 grades, was given the honor. She now is a teacher at Bear Lake Elementary School.

Osteen School Has Festival

By Mrs. Clarence Snyder
A music festival was held at the Osteen School near the close of school under the direction of Mrs. Sellers, music director of the Volusia County schools.

All grades participated in the program which included music from Hungary, Belgium, Mexico, England, Australia and Italy. The United States was represented in a cowboy song and a square dance number.

The first grade opened the program with a welcome song and the program closed with all singing "America, the Beautiful."

Young People Have Party

By Helen Snodgrass
A group of young people from the Methodist Youth Fellowship of the Barnett Memorial Methodist Church of Enterprise enjoyed an all day picnic and swimming party at Sanlando Springs last Friday.

Those attending, who coincided the event, "glad that school is out" party, were Dwayne Watson, Linda Long, Richard and Jimmy Morris, Susan Ryan, Ernie Watson, Charles Sims, Timmy Sain, Van Robbins, Danny Braddock, Fay Isley, and Alan, Jimmy and Crystal Braddock. Chaperones were Mr. and Mrs. Edwin Braddock.

TALLAHASSEE (UPI) — Florida's tax program for the next biennium began taking shape today as the Legislature worked to adjourn the extended 1963 session on Friday and go home.

House and Senate members are still not in agreement on the bulk of a proposed \$140 million tax program to underwrite record state spending, mostly for education. But tax bills have begun to move and there is hope for early adjournment, barring a hopeless tangle that would require a conference committee to untangle.

Such a tangle might come over a proposed \$5 across-the-board increase in license tags for passenger cars and a \$15 raise in the price of tags for mobile homes.

Legislators say the \$140 million tax program would still leave a \$30 million gap between spending and income. A further widening by \$23 million would make the grocery tax almost inevitable.

\$350,000 Water Plant Started

Brown Hired As Inspector

Actual construction on Altamonte Springs' \$350,000 municipal water system got underway early this morning after some two years of preliminary work and engineering study. On hand when well-drilling equipment pushed through the earth for the first time were Altamonte Mayor Lawrence Swofford, Charles M. LaPrade, Housing and Home Finance Administration (HIHA) field engineer, and A. C. Brown, the town's new inspector and supervisor of construction.

ALTAMONTE SPRINGS began construction this morning on its new Municipal Water System when well-digging equipment moved in next to the Town Hall and started work immediately. Looking over engineering plans for the well plant are Harold Radeliffe, president of

Glenc Engineering Corp., consulting engineers; Altamonte Mayor Lawrence Swofford, C. M. LaPrade, HIHA field engineer and A. C. "Ace" Brown, inspector and supervisor of construction for the town. (Herald Photo)

Bryant Seen As Successor To Smathers

TALLAHASSEE (UPI) — Gov. Farris Bryant refused to comment today on whether he would be available for appointment to the U. S. Senate should Sen. George Smathers get the nod for the U.S. Supreme Court.

Bryant has consistently said he would not run for the U. S. Senate when his term is over. But he always has qualified it by saying the reason he wouldn't run was because there would be no vacancy.

He said Sen. Spessard Holland plans to seek re-election next year and Smathers has several years to go on his current term.

But rumors circulating around Washington and drifting to Tallahassee say Smathers may be appointed to the U. S. Supreme Court judgeship to replace Justice Hugo Black who reportedly will resign.

Then, the rumor goes, Bryant would step down as governor and hand over the reins to Senate President Wilson Caraway, first in line to succeed a governor who resigns or is unable to serve. Caraway then would appoint Bryant to the Senate.

School Code Is Revised

TALLAHASSEE (UPI) — Bills containing sweeping revisions in Florida's public school code and creating a special commission to set up a code of conduct for teachers became law today.

The bills were allowed to become law along with a host of others without Gov. Farris Bryant's signature.

The school code bill, introduced by Sen. G. T. Melton, Lake City, allows individual county school boards more latitude in running their schools by pulling the state's weight out of local matters.

Among the major changes, the new law will: —Authorize county boards to cooperate with other county boards, government agencies or non-profit corporations in joint projects and activities. —Require county boards to supervise their individual school lunch programs. —Authorize employment of teachers under 20 years old who have a four-year college degree. —Make county boards responsible for control of all local school funds according to state Board of Education regulations.

3 Youths Beat Tampa Teacher

TAMPA (UPI) — Three husky youths—one a Florida State University football player—have been charged with badly beating a teacher who tried to stop them from crashing a party Saturday.

Police said Jack Simbolser, 21, who attends FSU on a football scholarship, and Bryan Ballie, 21, who attended the University of South Florida, were freed in custody of their parents after they turned themselves in on warrants for malicious trespass.

Thomas Allen Bell, 20, a student at Virginia Polytechnic Institute, was arrested earlier on charges of assault and battery, culpable negligence and malicious trespass. He was freed on \$2,000 bond.

The teacher, Marshall Milton Jr., 51, was recovering from an operation on a shoulder separation. He said his doctor told him he would never regain full use of his left arm.

U. S. Seeking Higher Bids On P. O. Site

ATLANTA (UPI) — An official of the General Services Administration said today that GSA is delaying action on a bid for part of the site of the old post office at Sanford, Fla., by hopes of getting higher bids.

William C. Gutzwiller, director for land disposal, said the federal agency earlier turned down a \$10,000 bid for the 35-by-140 foot plot of land and is now sitting on a \$1,500 bid which was offered after a second advertisement.

Crispy said the old post office and the land on which it sits was turned over by the City of Sanford for use as a public library. The land for funds is located immediately to the west of the old post office.

"We're hoping the latest bidder will raise his price to above the \$10,000 mark," Crispy said. "If we don't get a bid of more than \$10,000 we will put out another advertisement."

Crispy said he now wishes that the bidder who earlier offered \$10,000 would re-submit that bid.

Herman Jacobson, head of Ho-Jay, next to the site, told The Herald today he will re-submit his \$10,000 original bid for the property.

Negro Leader Slain After Kennedy Plea

JACKSON, Miss. (UPI) — The top integration strategist for the National Association for the Advancement of Colored People in Mississippi was shot to death by a sniper early today while returning from a civil rights rally.

The slaying of Medgar Evers, 37, followed by only hours a plea by President Kennedy for a racial Golden Rule to put out "fires of frustration and discord" among Negroes.

It was the third death in the South in the past two months involving participants in racial activities.

Evers, dying from a rifle slug in the back, was found by police investigating a report of a shooting in the neat, middle class Negro neighborhood where he lived in the Mississippi capital reeled for the past month by racial demonstrations.

The Negro leader died about 15 minutes after being taken to the University of Mississippi medical center.

Jackson Detective Chief M. B. Pierce, who sent detectives swarming into the neighborhood, announced that the FBI had been asked to assist the investigation.

The NAACP in New York immediately offered a \$10,000 reward "for information which results in the arrest and conviction of any person or persons guilty of this crime."

Florida Tests Invalidated

By United Press International
A national teacher testing service spokesman said today the scores of a number of Florida applicants have been invalidated due to evidence they had advanced knowledge of test answers.

Ed McNulty, director of information for Education Testing Service of Princeton, N. J., said scores of 175 of 4,000 persons taking the test May 4 in 25 Florida testing centers had been "withheld."

McNulty said there was no evidence money had been exchanged for answers and there was a good chance the persons may have been unaware study aids furnished them contained actual answers.

Sarasotans Face Tax Election

TALLAHASSEE (UPI) — A constitutional amendment permitting Sarasota County voters to decide if they want a portion of their homesteads taxed for school purposes cleared the Legislature today.

The proposal, which originally included Flagler County, will go to the voters at a statewide election next year. If approved, it then would have to be okayed by freeholders in Sarasota County.

The amendment would allow taxing of the first \$2,000 of a homestead to raise local school funds.

Storm Funds

TALLAHASSEE (UPI) — Florida is getting \$1.5 million in federal "major disaster" funds to help repair East Coast beaches battered by winter storms last year.

President Kennedy notified Gov. Farris Bryant of the allocation.

Two Negroes Start Class At Alabama

TUSCALOOSA, Ala. (UPI) — Two Negroes started classes today at the University of Alabama where federalized National Guard troops forced their way in.

Mayor Tom McDonald released the following statement today: "The City of Sanford has had a bi-racial advisory committee for the past two years. This committee is comprised of leading citizens of both races. It has made recommendations at various times to the City Commission as to improvements to our community that would make Sanford a better place to live for all its citizens. I wish to take this opportunity to thank them for serving their community in this important way."

Floridian Wins Writing Award

NEW YORK (UPI) — The third annual Paul Toback Memorial Award for the best writing on the subject of civil rights was presented to James K. Batten, a reporter for the Charlotte (N. C.) Observer.

Batten was given a \$100 cash prize and cited for excellence in writing a series on "The Subject of the Unending War Against Racial and Religious Hatred, Bigotry, Bias, Intolerance and Discrimination."

Honorable mention went to Emmett Peter Jr., Leesburg (Fla.) Daily Commercial, for an editorial campaign in defense of academic freedom in Florida's universities.

Mrs. Graham Ends Teaching Career

By Dorothy Austie
Twenty-four years of teaching, 14 of them in Seminole County, have earned retirement for Mrs. Marguerite Graham, who was feted with an "early-bird" coffee by her fellow workers at Pinecrest School today.

Mrs. Graham has served as speech therapist for Seminole County schools, working with more than 250 children each year to help them overcome problems of stuttering and articulation.

She is a graduate of Northern State Teachers College, Aberdeen, S. D., her home town, and took her master's degree at the University of Iowa.

After the death of her husband 15 years ago, she came to Florida for a rest and recuperation and liked it so much she packed up and moved here permanently.

Next spring she is going to realize a long-held dream and put into operation the plans she made for a trip around the world. She said that she

mapped out her itinerary hospital convalescing after an operation.

This summer she will return to South Dakota for a visit with friends and relatives and, in the fall, due to many requests, will take some private pupils for speech therapy before she embarks on her world cruise.

Principals of nearly every school in the county and many teachers joined in honoring Mrs. Graham at Pinecrest School today and R. T. Milwee, school superintendent, after pinning a corsage of pink carnations on her and presenting her with a cash gift, reminisced about the many little cubby holes where Mrs. Graham has had to work with her speech pupils.

"I think they've stuck you in about every corner in the school except the restrooms," he said jokingly.

THE 'KING'S MEN', Toocoo Falls Bible College vocal-instrumental trio, will present a program of sacred music at 7:30 p.m. today at Sanford Alliance Church, 1401 Park Avenue. Speaker for the program will be Evangelist John Klinepeter, tour director and field representative of the college.

PINECREST STUDENTS receiving the coveted American Legion citizenship award plaques were Van Robbins (left) and Christine Juras. Shown with the two top sixth grade students, who are wearing their medals, is John McCloskey, of the American Legion, who presented the awards at ceremonies at the school.

Church Center Publishes Cook Book

By Julia Barlos
The cook book entitled "Florida Family Favorites," which has been compiled and published by members of the Health and Welfare Center of the Altamonte Springs Seventh-day Adventist church, is now on sale at Forest Lake Academy along with other merchandise sold by the Center to help the needy.
The book has been lovingly dedicated to brides of the church and members of the Center strived to provide a variety of nutritional recipes which will contribute to the health and happiness of the new homemaker.
Proceeds from the sale of this book will be used for building adequate storage space at the Center in order that larger quantities of supplies, especially furniture, can be kept for those in need.

Youth, 17, Gets Life Sentence

MIAMI (UPI) — Seventeen-year-old Dixon Wilder Hall Jr. was sentenced to life in prison for the murder of a cab driver.
Circuit Judge Harold Vann asked Hall, of Silver Springs, Md., "Do you fully understand that your guilty plea could mean the electric chair?"
"Yes, sir," the boy replied. Vann then handed down his sentence of life imprisonment.
Hall shot Isidore Deitch to death May 19, after riding around in the taxi to sober up after drinking. He robbed Deitch of \$20 and threw his body in a canal.

Ban On Tests Urged By Canon

LONDON (UPI) — Anglican Canon John Collins, head of the Campaign for Nuclear Disarmament (CND), called on France and the Soviet Union Tuesday night to match President Kennedy's announced suspension of atmospheric nuclear tests.
In a cable to Soviet Premier Nikita S. Khrushchev, Collins said "We are pressing our own government and the government of France to make a similar declaration."

NUCLEAR TEST MORATORIUM — President Kennedy announces a moratorium on United States nuclear testing in the atmosphere "so long as others do not do so" and, further, that high-level talks will be held in Moscow in attempts to resolve the five-year-old test ban deadlock. President Kennedy made the announcements in a commencement address at American University in Washington.

Troop 233 Holds Court Of Awards Young People Attend Convention

At a recent Court of Awards for Troop 233 Girl Scouts, all members of the troop received second class badges for proficiency in outdoor cooking, backyard camping and group dramatics. In addition to the ceremonies, the group put on a skit called "The Magic Union" for their parents and friends. Gifts were presented to Mrs. Katherine Bishop and Mrs. Marion Fuller, troop leaders, and the troop recalled the highlights of their recent trip to Marineland. Those who received their badges include Susie Adams, Margie Hall, Kaki Bishop, Suzanne Brown, Luanne Dangleman, Cynthia Dubois, Jeanette Dunn, Joan Fletcher, Peggy Fuller, Carol Harden, Ann McLaughlin, Julie Miller, Patsy Perkins, Gayle Sawyers, Beth Seacord, Toni Talley, Debbie Whitmore and Linda Patton.

Summer School Schedule Set

Andrew J. Bracken, Seminole High School principal announces that all students who plan to attend summer school for the purpose of make-up work, should report to the school auditorium at 8 a.m. Monday. The summer school make-up program will begin Monday and will be in session for 6 weeks.

Guardsmen Up In The Air

HUTCHISON, Kan. (UPI) — The boys of the 13th Air National Guard Transport Company, in summer camp here, are literally up in the air over a private swimming pool club. Club members have noticed heavy helicopter traffic above the pool area. The dressing rooms have no roofs.

Zoo Scores First With Storks

DUNSTABLE, England (UPI) — Wippsnade Zoo has hatched European white storks for the first time — on top of a tall imitation chimney. The storks refused to nest in the zoo before because its chimneys were too low.

Everyone Makes It

BLOCK ISLAND, R. I. (UPI) — The Block Island High School senior prom was a success. All three seniors showed up.

You shouldn't have to do more than an hour of water skiing to be able to stay up without difficulty as long as you ride in the wake of your top boat.

The process quickly becomes almost automatic, like walking.

If you do continue to fall, you are making one or more simple errors. You may be bending your elbows, trying to pull the tow rope toward you. This causes your feet to get too far ahead of your hands, your skis slide forward right out from under you—and you're drenched.

You can get in trouble by doing just the opposite—leaning too far forward and letting your hands get too far ahead of your body. Obviously this is going to make you fall right on your face.

If you don't allow enough spring to your knees, you can't absorb the impact of hitting the rippling which are in the wake of every boat, even on the calmest of water.

Naturally, if you don't keep your skis parallel, your legs will go off in all directions and you will go into the water.

Pro Slams Out 3-Under Par

ATLANTA (UPI) — Coupling three-under par 69 and even-par rounds, Davis M. Love Jr., Charlotte, N. C., led the way Tuesday for Atlanta sectional qualifiers in the U. S. Open next week.

Love, the 28-year-old pro of the Charlotte Country Club, was the only golfer to crack par at the tough East Lake Country Club here. He took honors among 37 players from throughout the Southeast with a 36-hole total of 141. Seven will go to the national tournament.

George's Win

NEW YORK (UPI) — George's Tavern clobbered Perfection Dairy 22-3 in Little League baseball play.

Walter Griner allowed Perfection hitters only three hits while the losing pitcher, Albert Jarrell, gave up nine hits.

Delays Bout

NEW YORK (UPI) — Light heavyweight champion Willie Partrano said Tuesday he would give dethroned list Harold Johnson a return bout "but not right away."

Dodgers Lose NL Top Rung

By United Press International
The San Francisco Giants' long suit is power but don't try to sell the Los Angeles Dodgers they lack pitching.

Not as long as there's a fellow named Juan Marichal on the Giant roster.

Marichal is known as the Giants' "big pitcher"—the one they like to match against their rival's ace. He throws with a sweeping, high-kicking motion and he beat the Dodgers three times in four tries last season en route to an overall 18-11 record.

The 28-year-old right-hander made it two out of three for this season Tuesday night when he pitched a seven-hit 3-0 victory that knocked the Dodgers out of the National League lead and paved the way for the St. Louis Cardinals to take over the top rung.

The win raised Marichal's record to 9-3 and was especially impressive because it came against Don Drysdale, the 25-game winner, and Cy Young Award ace of the 1962 Los Angeles staff.

Willie McCovey, the free-swinging San Francisco left fielder, swung the big stick for the Giants—a three-run homer which he lined to left field in the sixth inning.

The Cardinals beat the Pittsburgh Pirates 3-1 in the Houston Colts defeated the Chicago Cubs, 6-2, in 10 innings, the Philadelphia Phillies edged the Milwaukee Braves, 8-7, in 10 innings and the Cincinnati Reds whipped the New York Mets, 8-3, in other NL action.

The Cardinals beat the Pittsburgh Pirates 3-1 in the Houston Colts defeated the Chicago Cubs, 6-2, in 10 innings, the Philadelphia Phillies edged the Milwaukee Braves, 8-7, in 10 innings and the Cincinnati Reds whipped the New York Mets, 8-3, in other NL action.

Augusta Holds Sally Lead

United Press International
Augusta banged out 13 hits Tuesday night to compile a three-run fifth inning and defeat the Chattanooga Lookouts 8-3 and continue their dominance over the South Atlantic League.

The Georgia Yankees picked up a game over the second place Macon Peaches who defeated Knoxville 9-6. Charlotte beat Nashville 8-6 and Lynchburg beat Asheville 4-3.

In the fourth place team tied their game 3-3 in the seventh inning but fell to the Virginians in the top half of the 10th. Charlotte put together six runs in the fourth inning.

Sammy Sneed Still Pitching

NEW YORK (UPI) — This could be the last time around for old Sammy Sneed in the U. S. Open golf championship.

Sam has had his Open hopes buried more times than one of those movie caddies and, at 31, he admits it's getting tougher all the time. But here he is back once again for a shot at the one golfing title that continually has eluded him.

Sneed, deadly serious and equally as accurate, carded at 80-71-110 at the Old Oaks and Century golf courses in Purchase, N. Y., Tuesday to qualify for the "big one" at Brookline, Mass., June 20-22.

Sarasota Holds Lead In Split With St. Pete

United Press International
Sarasota, fighting to overcome a 2-2 game deficit in the Florida State League, lost a chance to advance last night by dropping one game of a doubleheader at league-leading Sarasota.

The Saints took the first game 4-3, but dropped the nightcap 1-0 on an error.

In other league action, Tampa beat Lakeland 4-1 in one game of a doubleheader but lost the other game 1-0. Fort Lauderdale beat Miami 4-1 and Daytona Beach overpowered Orlando 6-1.

Leftfielder Tom Richard drove in the winning run for the Saints with a seventh-inning single, his third hit of the game.

In the second game, second baseman Dick Littleton drew a walk and advanced to third when the pitcher threw a wild pitchoff. He scored on shortstop Haley Young's single to give Sarasota the only game in the night.

Lakeland broke a tie ball game in the ninth on back-to-back singles by catcher Tom Orlin, infielder Tom Matlock and leftfielder Wayne Comer. John Gregory struck out 10 Tampa Tarpons and held them to three scattered hits.

Fort Lauderdale jumped off to a flying start in the first when, with one away, five consecutive batters singled. When the dust cleared, Fort Lauderdale had a three-run lead that was never challenged.

Daytona Beach got four runs in the second on a combination of singles, sacrifices and a hit batter. Pitcher Allen Muek also showed well at the plate, batting two for three and scoring two of the runs.

Tonight, Miami is at Daytona Beach, Fort Lauderdale at Orlando, Lakeland at Sarasota and Tampa at St. Petersburg.

The Standings:

W. L. Pct.	
Sarasota	29 19 .604
St. Petersburg	27 22 .551
Fort Lauderdale	25 21 .545
Lakeland	27 23 .538
Orlando	23 24 .489
Miami	23 27 .460
Daytona Beach	20 27 .425
Tampa	18 29 .382

That was manager Bill Daly's reaction to an order by the World Boxing Association (WBA) which stripped his fighter, Carlos Ortiz, of the world lightweight championship Tuesday.

Anthony Felice, an attorney for the WBA, announced the action in Spokane, Wash., on behalf of the association president, Dr. Charles P. Larson.

Felice said the WBA had decided to withdraw its recognition of Ortiz as champion because the New Yorker had failed to meet Kenny Lane, the No. 1 challenger from Muskegon, Mich., by June 3.

'Skinny' Upsets Chicago

By United Press International
Remember Eddie Stanky, the modern Muggsy of Brooklyn's "ferocious gentleman?"

"He can't hit, he can't field and he can't run," they said of Stanky, "but in a tough game he'll find a way to beat you."

Well, they're saying pretty much the same things about another second baseman today—Bernie Allen of the Minnesota Twins. Allen is a skinny guy often overlooked among all those Minnesota muscle men, but he's maintained his regular status despite a .164 batting average.

"Don't let that average fool you," comments manager Sam Mele, "or you'll liable to be sorry."

The 24-year-old native of East Liverpool, Ohio, made his manager's words look good Tuesday night when the Twins beat the Chicago White Sox, 8-6, for their 16th victory in 20 games and moved to within 2 1/2 games of the American League lead.

Allen went to the plate in the ninth inning with one out and Rich Rollins on second base. First base was open but White Sox reliever ace Hoyt Wilhelm elected to pitch to the .116-batter, who had made only seven singles in his previous 68 trips to the plate.

But Allen crossed up the strategy with a double to right center field and then scored the icing run on a pinch single by Jimmy Hall.

The win went to relief pitcher Bill Dalley, who gave up one run in 2 1/3 innings and now has allowed only that single tally in his last 191-3 frames.

The Cleveland Indians beat the Baltimore Orioles, 9-5, the Boston Red Sox topped the Detroit Tigers, 7-3, in 15 innings and the Kansas City Athletics defeated the Los Angeles Angels, 5-2, in other AL games.

65 Runs Tallied In Two Contests

Men's Softball teams were hitting the ball all over the diamond in two games racking up a total of 65 runs in 11 innings.

McTaney's clobbered Chase 31 to 7. McTaney's had 25 hits as against 12 for Chase. Frank Williams was the winning pitcher. Carter and Smith slammed homers for McTaney's.

In another slugfest, Badcock's edged out Wilson-Maier 14-13. Badcock tallied 17 hits against Wilson-Maier's 15. Jim Jermain was the winning pitcher. Emerson Helman hit homers for Wilson-Maier while Hendry and Mason were four for four for Badcock.

St. Peters To Observe Golden Anniversary

By Robert B. Thomas Jr.
St. Peters Free-Will Baptist Church of Altamonte Springs will celebrate its 50th anniversary July 18-21. The members extend a cordial welcome to everyone.

Miss Julia Wright, secretary at Hopper Elementary, is devoting one hour each Monday night striving to help one individual acquire the fundamentals of reading and writing. Observing her as she teaches, one can gather that she gets a deep feeling of personal satisfaction. Wish we had more students. Great work Julia.

Mrs. Willie Wilkins, who is taking advantage of the "Operation Alphabet" series, says she has learned to read quite well but she is not satisfied with her writing. She is enthusiastic about it all. Mrs. Dorothy Ringling, her helping teacher, has devoted much of her time to this cause. Thanks for a wonderful contribution to humanity. Miss Viola Fraser, also helping teacher for "Operation Alphabet," reports that her two students, Mrs. Mabel Matthews and Miss Helen Smith, are doing fine with their lessons. Many thanks to Miss Fraser.

A special commendation to Wilson Eichelberger, Mortuary, American Legion, Charles Young Post 207, William Taylor Sr., post commander; Dr. J. C. Ringling, John Daniels and Herbert Cherry for giving trophies to those worthy students of Goldboro Elementary School. This should stimulate

all students to strive to excel. Parents should admonish their children to strive for excellence even if it's cutting yards, or any other chore they might undertake.

The Tri-Hi-Y recently elected its slate of officers for the 1965-66 school year. Selected to gear the club through another successful year are Joyce A. Williams, president; Barbara Bacon, vice president; Linda Merthis, secretary; Brenda Miller, assistant secretary; Geraldine Davidson, treasurer; Barbara Givings, Cynthia Kendrick, historians; Lorraine Ringling, reporter; Alberta Martin, chaplain; Brenda Shaw, business manager; Betty Black, parliamentarian, and Roslyn Dixon, Lavern Dixon, Barbara Kelly and Sandra Daniels, committee chairmen.

Receiving the annual "Y" awards for outstanding club participation are Rosa Harrell and Thomas Wilson III.

Frank Dixon, who now resides in Washington, D. C., formerly of this city and a graduate of Crooms Academy in 1942, is here to witness his son's graduation exercises. Frank, who is known to many as "Dad Dixon," was a tremendous athlete while at Crooms, starring in football and basketball.

New Bethel Missionary Baptist Church began its revival services Monday and will run through Friday. Rev. Booker T. Washington, of Valdosta, Ga., will do the preaching. Rev. Mitchell and his congregation cordially invite you to come and worship with them.

Dr. and Mrs. Mathies Evans, their daughter, Susan Elizabeth, and Matthew Jr., of East Lansing, Mich., are visitors of Dr. Evans' mother, Mrs. Elizabeth Evans, of Castle Brewer Court. Dr. Evans recently completed his internship at Edward W. Sparrow Hospital, East Lansing. After two weeks' vacation, he will return to East Lansing and begin his medical practice. Mrs. Evans, the former Thelma Knight, taught several years at Crooms High School.

"Your truly" received his token of appreciation for having donated three gallons of blood. It is a beautiful black wallet with my name engraved in gold letters. Many, many thanks to the people of the blood bank. Proud? Indeed I am. Join me please!

Telstar Carries Human Signals

LANNION, France (UPI)—Electrocardiograph and brain wave signals from the United States were bounced off Telstar II communications satellite and received in Europe Tuesday.

Communications officials said the experiment was performed to improve techniques for monitoring the condition of men in orbiting satellites and space vehicles.

In New York Tuesday, the market for corn was about steady, crates of U. S. fancy grade 4 1/2 to five dozen ears sold for 3.375, mostly 3.325. Eggplant brought 2.50-3.25 per bushel basket, and okra was slightly weaker at 6-7¢ per bushel hamper of small to medium size with a few small size at 7.50. Florida celery was slightly weaker with crates of two dozen 3.25 to three dozen 3.325 and four dozen 2.250. The pepper market was slightly stronger at 4-4.50 per bushel or crate of extra large size California Wonder type and 3.50-4. for large size. Purple hull peas brought 2.75-3. per bushel.

In Central Florida the market for celery was slightly stronger. Crates of two to 2 1/2 dozen size were 2.50, three dozens were 3.25, four dozen 1.85 and six to eight dozen 2.10 crates of 24 film wrapped celery hearts were 2.85. There was a moderate demand for yellow corn and a good demand for white, with both selling for 2.25 per crate of 5 dozen ears, U. S. fancy grade. The pepper market here was slightly stronger, with a good demand. Most offerings were medium to large size and sold for 2.50, with some extra large 2.75.

Shipments from Florida included: Celery, rail one car, truck 12 cars equivalent; corn, rail 28 cars, truck 66 carlot equivalents; peppers, rail three cars, truck 16; and radishes rail none, truck one.

Miss Judith Ann Bentley Marries Robert A. Grella

Miss Judith Ann Bentley, daughter of Mr. and Mrs. William H. Bentley, of Sanford, became the bride of Robert Alan Grella, DeLand, son of Mr. and Mrs. Walter A. Grella, of Ephrata, Pa., on June 8 at 10:45 a.m.

Father Patrick J. Malone officiated at the double ring ceremony which was held at St. Peter's Church, in DeLand.

The church was decorated with bunches of white gladioli and mums with baskets of fern at the altar.

The bride, given in marriage by her father, wore a princess style gown of bridal tulle with chapel train. The bride's hair was styled with Almond lace, back combed with old fold and a veil of silk illusion fell from a crown of mother-of-pearl. She carried a cascade bouquet of white roses, centered with a white orchid.

Matron of honor, Mrs. Ross A. Hammons, of Orlando, wore a dress of blue tulle, with matching accessories and veil and carried a bouquet of white carnations tipped in blue.

Attendants, Mrs. Gerald Buchan, of Clearwater, and Mrs. Robert Harvey, of Sanford, wore dresses similar to that of the matron of honor and carried cascade bouquets of white carnations, tipped in blue.

Lawrence R. Grella, a brother of the groom, was best man and ushers were James Elliott, of St. Petersburg; Robert Harvey, Sanford; Gerald Buchan, Clearwater, and Donald Schnell, of St. Petersburg.

Following the ceremony, a reception was held at the home of the bride's parents, 305 East Jenkins Circle, Sanford.

Mrs. Edgar L. Griffith served the wedding cake; Miss Nancy Nessel and Miss Marinello Griffith were floating hostesses, and Miss Carolyn Palmer presided over the guest book.

For traveling Mrs. Grella chose a beige silk suit with matching accessories and the white orchid from her wedding bouquet. The couple left for a wedding trip through the Great Smokies of Tennessee and when they return will reside on Dartmouth Road, in DeLand.

Out-of-town guests included Mr. and Mrs. Ernest Bentley, Mr. and Mrs. Lawrence Nessel Sr., Mr. and Mrs. Lawrence Nessel Jr. and LeRoy

Bentley, all of Pennsylvania; Palmer, St. Augustine, and Miss Evelyn Bentley, Kansas City; Mr. and Mrs. Robert McClure of Tampa.

Mrs. Thompson Honored With Stork Shower

By Mrs. E. L. Johnson
Mrs. Robert Thompson was pleasantly surprised with a stork shower during a jewelry party she was giving at the home of Mrs. J. C. Sapp recently. Mrs. Sapp and Mrs. Louise Ruslow were the hostesses.

Games were played with prizes being won by Mrs. M. Donaldson, Mrs. Leslie Holcombe and Mrs. Sapp.

The rooms of Mrs. Sapp's home on Orange Blvd. in Lake Monroe were decorated with gardenias and roses.

The honoree was the recipient of many beautiful gifts. The hostesses served refreshments of cookies, mints, nuts and cold drinks to the Mes. M. Wall, Terry Collins, L. A. Tillis, Lester Tillis, Hazel Gardner, Ed Fitzgerald, Troy Thompson, M. Donaldson, L. Holcombe, Clara Wyatt, and the Misses Linda and Barbara Tindale.

Last-minute wedding gift? Don't expect a thank-you note until after the honeymoon.

Graduate Honored At Chatter Party

Miss Marilyn Murphy was guest of honor at a recent graduation cake and chatter party given by Mrs. Roy Dunsmore at her home, 2209 Palmetto Ave. Assisting her as floating hostess was Mrs. Roscoe Taylor.

The graduating class colors were carried out in decorations with a white lace cloth over green, arrangements of white gladioli and greenery and green candles placed throughout the party rooms.

Refreshments of potato chips, dips, sandwiches and cold drinks were served during the hours of 4-10-5 p.m. The hostess presented Marilyn with a charm bracelet.

Those enjoying the afternoon with the honoree were Janice Moore, Kathy Framming, Becky Howard, Martha

Dear Abby: By Abigail Van Buren

DEAR ABBY: If I'm wrong, please tell me and I'll keep quiet. Last year I attended seven weddings, nine bridal showers, two ten-year wedding celebrations, one 25th-wedding celebration, two housewarming parties, and six baby showers. Please don't think I'm stingy, but I've been married 14 years, have had 5 babies and I never gave any sort of a party where a gift was expected. We moved into a new home, too, and have entertained for our wedding anniversaries, but we invited only our immediate family. Why can't people keep THEIR celebrations to themselves?

NO GIMMICKS
DEAR NO: I GUESS THEY JUST CAN'T RESIST SHARING EVERYTHING WITH FRIENDS.

DEAR ABBY: Speaking of unusual names, here is one I found in the Philadelphia phone book a few years ago—"Wolfschlegelsteinhaus-emberger, Hubert B., Jr."

DEAR C. H.: Thank you. He's probably changed his name to "Wolf" by now. And the woods are full of 'em.

DEAR ABBY: I don't suppose this will be news to the people of Texas, but when I read your column on unusual surnames I was reminded of the Texas governor whose name

was HOGG. He named his two daughters URA HOGG and IMA HOGG. CLARENCE F. M.

DEAR CLARENCE: I know you aren't feeding me a line because no less than 800 readers included those names in their odd name round-up.

DEAR ABBY: Our little grandson, who is six years old, lost three teeth last week, so we have been busy playing "Good Fairy." (The child puts his tooth under his pillow at night, and during the night the "Good Fairy" takes the tooth and leaves a dime.)

Well, if "Ma," who is annoyed because her husband leaves his "choppers" grinning at her from the top of the dresser, wants to play a cute trick on "Pa," she should take his "choppers" and leave \$3.20 in dimes in their place. She should tell him that the "Good Fairy" thought he didn't need them any more and took them. Then when the joke is over she could present them to him in a jeweled plastic box with a lid on it — available in any five-and-dime.

SENSE OF HUMOR
CONFIDENTIAL TO DEBUT: If you would be wise, be silent. No man wants an honest opinion of a horse after he's bought it.

Program On Poisonous Snakes Presented By Chuluota Club

Charles (Chuck) Bindner, of Orlando was guest speaker at the June meeting of the Chuluota His and Her Garden Club, held at the home of Mr. and Mrs. Roscoe Morrison.

Speaking on "Reptiles," he emphasized the need for caution at all times, but particularly between now and October, the normal rainy season, when snakes are more likely to travel than at other times.

The four poisonous snakes found in Florida are the rattler, cotton-mouth moccasin, copperhead and the coral. The first three are pit vipers, so named because they have a deep pit between the eye and nostril, have long fangs or hollow teeth which inject the poison in much the manner of a hypodermic needle. The coral snake does not coil, but twists from side to side to strike. It chews, rather than bites, and due to its small mouth, attacks a toe or a finger, he explained.

Churchwomen Celebrate Birthday

The Women of the First Presbyterian Church combined a regular meeting with their annual birthday celebration. This is the 42nd year that the church has taken an offering to be used for hospital expansion, nurses' training, medical care for families in Mexico and the new frontier in Brazil.

A program was presented, explaining more fully the birthday objectives. Taking part were Mrs. Frank Lieske, Mrs. D. C. Howard, Mrs. Joe Chittenden and Mrs. Fred Ganas.

President, Mrs. Wilson Newman, conducted a business meeting and Mrs. Robert Jackson gave a report on the Synodical Training School.

Jacoby On Bridge By Oswald Jacoby

North has 15 points, but his hand is not worth an opening no-trump because he has no ace and five of his points are represented by the doubleton king-queen of spades.

On the other hand, his diamond opening is eminently sound. You can't say the same about East's overall, but in general you won't lay up anything when you fail to get into the bidding at the one level when you have three aces and a fair five-card suit.

The rest of the bidding is just about automatic although some conservative souls would be politely silent about West's piece of cheese. The hand is from the Southeastern

We The Women: By Ruth Millet

When a friend's automatic coffee maker recently went on the blink and she had to brew the morning eye-opener in an old fashioned pot, her young son asked, "But mom, how will you know when the coffee is through perking, if the coffee pot doesn't shut itself off automatically?"

His mother managed to reassure him on that question, but it got her to wondering.

Wouldn't he and his brothers and sisters used to a world of automatic aids—have the same doubts and apprehensions if any of those aids refused to work?

If the telephone should be out of order, how in the world could they do their homework without enlisting with friends every few minutes?

If the electric clothes dryer gave up, how in the world would their mother manage to dry the clothes?

If the blender or mixer refused to work, how could their mother manage to chop, mix and blend?

If the television quit, how would the family pass the evening?

It's just occurred to her, my friend said, that we have a

whole generation of children growing up, many of whom have never seen clothes scrubbed on a washboard or hung on the line to dry—or the eggs for a cake beaten by a hand-or-rugs cleaned by a push-it-yourself carpet sweeper—or grass cut by a hand mower—or houses cooled by cross-ventilation—or peas shelled by hand—or orange juice squeezed from oranges instead of taken frozen from a can—or even dishes washed in a dishwasher, and dried by hand.

But while she was deploring this state of affairs, it also dawned on her that she would be almost as apprehensive as her children if all her automatic aids to living should suddenly refuse to work, and she found herself having to keep house the way her great-grandmother did, before the age of the electric helpers.

According to U. S. census statistics quoted in the Britannica Book of the Year, 70 per cent of all U. S. households have automobiles, 87 per cent have televisions and about 12 per cent have air conditioning.

Mr. and Mrs. Chester Henderson were recent dinner guests of Mr. and Mrs. Happy Henderson and family in Orlando.

Last Friday fire of unknown origin destroyed one of the old landmarks of Enterprise, the depot. It had probably outlived most of its usefulness since no one even had freight delivered as in the past when there was an agent but it shall be missed as you enter the community from the north side.

Mrs. Johnny Johnson and sons, former residents of Enterprise were visiting friends Thursday.

Rev. Bill Swayear and daughter Judy of Fairfield, Ill., were overnight guests of the Harvey Dunns last week.

Mrs. Alberta Warner and Miss Helen Snodgrass attended the splash party, covered dish supper and white elephant sale of the DeBary BPW Club held at the home of Mrs. Marie Accardi. Mr. and Mrs. Harvey Dunn were

guests of the club and Harvey served as auctioneer for the sale.

Missions Hit First Woman Space Flight

MOSCOW (UPI) — Communist sources said today the Soviet Union is preparing to send the first woman into space.

There was no official confirmation of the report and the length of the space shot was unknown.

But the sources hinted it might last eight days. The current record is 94 1/2 hours—an hour and one-half short of four days.

Unconfirmed reports of a planned space flight by a woman have been circulating in Moscow for some time. Two candidates were said to be ready, one of them possibly a back-up pilot.

The latest unofficial information circulating the Soviet capital indicated a blastoff could take place anytime between now and the opening of an international women's congress on June 24.

The sources described the girl selected for the flight as being fairly good-looking, unmarried and in her early 30's. She was said to have exceeded all male Soviet cosmonauts in some physical tests, and to be extremely friendly with current record-holder Andrian Nikolayev, who orbited the earth 64 times last summer.

Plump Wives Plan 'Battle Of The Bulge'

HALEAH (UPI) — Seven plump Haleah housewives vowed today to take their "battles of the bulge" behind closed doors and forgo all foodstuffs.

It will be a no-holds-barred, no-glory fight to the end, the girls say.

The housewives, members of the Haleah Future Slimmers, voted to enter an undisclosed hotel in the Miami area on Saturday. They plan to drink only water until they shape up.

The average girl weighs 200 pounds, and the champ tips the scales at 288 1/2. She is five-three.

The participants in this battle of the vast waistbands have chosen to remain anonymous, and they won't tell which hotel they've chosen.

"Some girls," explained one, "are mighty funny about their weight problem."

They plan to play cards, read and rest for the first three days. After that, it will be easy, they say.

"The first three days are the worst," said one who has been through it before and lost 30 pounds.

"But after the third day you feel wonderful. No desire for food at all."

Driver Flunks—He's Only Two

HUTCHISON, Kan. (UPI)—Police Sgt. J. B. Johnson was lauded today for skidding his motorcycle into the path of a runaway car.

Two-year-old Leo Millet, who had slipped the car out of gear, was saved.

"He sure flunked his first driving test," Johnson said.

It Was Hot But Not That Hot

KANSAS CITY (UPI)—The temperature reached 87 degrees Tuesday in Kansas City.

A police dispatcher said it wasn't so hot for this time year and immediately sent a car to arrest a man reported mowing his lawn in the nude.

Shed A Tear . . .

It has never been established that A.B. (Happy) Chandler made any notable contributions to statecraft in his two terms as governor of Kentucky. But he was always fun to have around.

So it is with a bit of sadness we read that he has been defeated soundly in a Democratic primary bid for a third term.
Of course Chandler violated his

own rule in trying this year. His successful bids were in 1935 and 1939. To keep pattern, he should have waited until 1975. But Happy is getting on in years, so that would be a pretty long shot.

We'll just have to live with the memory of that smiling face and hope that somebody else can offer at least some of the good cheer Chandler brought to the American political scene.

Action In Boondocks

There is nothing like healthy, constructive counterargument to give force and life to public debate in a democracy. Luckily, we are beginning to get more of it.

Not long ago Republican Gov. William Scranton of Pennsylvania chipped in with a useful bit. Some lesser figures have contributed. And now GOP Gov. George Romney of Michigan has had something to say.

What are these people talking about?

They are asserting—quite bluntly—that there has been far too much negative moaning and groaning in this country from the "loyal opposition" and other more frantic critics of the broadly ruling Democratic party.

Scranton said many businessmen who complain about the federal government "taking over" have simply defaulted on their own responsibilities in the areas of encroachment.

He is not the first to say that. Years ago the late Russell Davenport, writing in the respected business magazine, *Fortune*, laid a heavy charge against businessmen for falling down on their wider public responsibilities.

Scranton noted that in one quick sampling of businessmen, a good number had to confess they had not voted in recent elections. A top Ohio Republican politician reported similar findings.

Harry Hall, an official of the Michigan State Chamber of Com-

merce, says the time has come for management to assume its full political responsibilities.

"The future belongs to men who have positive partisan convictions and have the desire, the knowledge, the inspiration and the courage to fight for them."

Governor Romney, a highly successful auto-maker before entering politics, wants not just businessmen but all citizens to jump into the fray. He gets laughed at by some who dismiss this talk as naive, fanciful nonsense.

But Romney has one leg up on these people. He practices what he preaches.

He is right with the folk who say government in Washington is too big. But he has little use for those who just complain and don't do anything about it.

Many say: "Restore the state's rights, return power to the states." Romney says fine, but that the way to do that is "reinvigorate state governments, rather than to emasculate the national government."

Michigan's new constitution, sparked by Romney, is specifically designed to modernize the lower echelons of government so they can do a better job and keep mayors and others from running to Washington.

The thesis underlying all this is simple: Men who don't attack their problems vigorously at home can't gripe when people take these matters elsewhere for solution.

Helen Fuller Says

Civil Rights Measures

WASHINGTON—When the President returns to Washington from his jet tour of the West, a bill or bills further extending Civil Rights will be on his desk, ready to send to Congress if he approves. All essential points in the proposed new laws were agreed upon before Mr. Kennedy flew West.

All that remained for his brother, the Attorney General, and his Special Counsel, Theodore Sorensen, to do was dot the i's and cross the t's.

Brother Bobby and Vice-President Johnson were also left the more delicate task of selling the final package to enough members of Congress to give it a fair chance of passage. The dean of the South-

ern Association, Sen. Richard Russell of Georgia, was on board the President's plane receiving Kennedy's personal attention.

The Kennedy calendar all along had called for proposing some new Civil Rights legislation in this pre-Presidential election year. The strategy for the first two years of this Administration was to bring about as much desegregation in public places as possible by Executive action, without asking Congress for more stringent legislation.

But it was assumed from the start in the Kennedy inner circle that it would be wise to ask Congress to break new ground in the Civil Rights field prior to Kennedy's 1964

bid for re-election. Recent demonstrations of Negro determination to speed up the pace of desegregation have merely increased the feeling of urgency in the White House on this score.

Yet it is with seeming sadness that the Kennedy press are to do battle with Congress for new Civil Rights laws. One gets the feeling that the President and his brother would greatly prefer to continue as they have been going, pushing here and a show in there to desegregate schools and lunch rooms and airports and theaters a few at a time, but steadily.

They are proud of the score they have rolled up this gradual way. In the past three years 201 Southern communities have ended segregation at lunch counters. Huntsville, in Alabama, is one of the most recent. Last week alone, after Attorney General Kennedy held a private session with theater owners asking them to open their theaters to Negroes, 20 Southern towns did so.

Even when new compulsory laws were being drafted recently more such "persuasion" was in process in the White House. One-hundred Southern businessmen met in private session with the Kennedy brothers and Vice-President Johnson to hear arguments why they should voluntarily desegregate their stores, hotels, and restaurants. Afterwards about a dozen told reporters they were impressed by what they had heard.

Signs are that whether or not Congress passes stronger laws against segregation, the Kennedy will continue where ever possible to abide by the old adage that "You can catch more flies with honey than with vinegar."

First women to represent the U. S. in a foreign country was Ruth Bryan Owen, minister to Denmark by President Franklin Roosevelt.

SUGAR FOOT

Dr. Crane's Worry Clinic

CASE P-483. Terry B., aged 11, was sent to the grocery store for a loaf of bread.

But a fire truck zoomed past with its sirens shrieking, so Terry became so interested therein that he forgot about his errand.

An hour later he sauntered home—and without the loaf of bread.

His mother scolded him. But she was in the very same boat, for the next day her husband was to pick her up in front of a leading department store at exactly 4 o'clock.

It was the start of the evening rush hour so he couldn't park. And she had vowed that she would be standing out at the curb so he wouldn't have to wait.

But when she started toward the door at 3:59 p.m., she noticed some bargain hats on the counter.

So she set her bulging shopping bags on the floor and decided to try on a couple of the hats.

Just like her son, she forgot all about the clock. It was 4:15 before she even thought about her husband.

Meanwhile, he had been circling the block for 20 minutes and was furious. So he "chewed her out" all the way home!

Women just naturally are childlike in their emotions. And that's why they have such a poor time sense.

And also why they shed tears on such slight provocation.

But this may be an asset in the long range purpose of human creation, for mothers thus are better confidantes of their youngsters.

Children thus go to their mothers with their secrets and dilemmas long before they dare approach their fathers.

But will you women please learn to watch the clock, at least when your husband is to chauffeur you to church or to some social event?

Let You Didn't Know You Can Rent Plumbing Tools From — American Rent-All In Sanford 2646 S. Hiawatha Ave.

Learn to drop your kitchen chores within 30 seconds and grab your coat!

Just turn off the burners on your stove but don't try to do a 15-minute final "once-over" of that kitchen!

And when you know in advance that you are to leave for church at 10:30, please get ready by 9:30.

Then put on an apron and do your pliddling around the kitchen. Thus, when your mate urgently says, "Let's go," you can shed that apron and follow him within 30 seconds!

"But I must fix my hair!" you may argue.

Fix it in the car! Never hold up a husband a single second with piddling details.

Get into that car, pronto! Then apply your fingernail polish or final cosmetic touch-up after you are traveling toward church or the airport or your other destination.

"Don't stop to manicure your fingernails when the train is on the track," is a stock slogan around our house.

I have used it only about 10,000 times! For most wives get easily sidetracked from the future goal or destination and become enamoured of

secondary chores that can be deferred till later or performed en route.

Once I challenged all you 65,000,000 readers to give me the names of any wives who get into the family car ahead of their husbands.

Only two ever reported back that the wives were ready before their husbands!

So I repeat the challenge! I'll wager that nine times out of 10 it is the husband who gets into the car first!

Q's and A's
Q—When was the first Greek Orthodox church in U. S. founded?
A—In 1824 at New Orleans, La.

Q—What became of Mrs. Mary Surratt, who was John Wilkes Booth's landlady?
A—She was hanged for conspiracy in the assassination of President Lincoln.

Q—How many presidential children have been born in the White House?
A—One, Mrs. Esther Cleveland Bosanquet, daughter of President Grover Cleveland.

Political Notebook

WASHINGTON—(NEA)—President Kennedy's sudden decision to extend his western trip and make a civil rights speech before the conference of mayors in Honolulu was a complete reversal of policy and strategy.

The President had been counseled in Washington to reject all demands that he make a fireside chat on race relations. The feeling has been that one speech wouldn't solve anything or do any good. But from a platform in completely integrated Hawaii, the President is in a good position to lecture mainland United States on greater racial tolerance.

One point that has not been made sufficiently clear is that this is a national and not just a southern problem. There have been demonstrations in Washington, Philadelphia, New York, Chicago and St. Louis as well as Birmingham, Jackson and other southern cities.

The concern in Washington is that U. S. race relations may get worse before they begin to get better. It is considered something of a miracle that there hasn't been more violence.

The use of child demonstrators and the nonviolence tactics of the Negro leaders through an appeal to the legitimate feelings of their people may have helped. But if any children happen to get hurt or leadership passes to more militant hands, violence may erupt. There is already some rivalry between NAACP, CORE—National Association for the Advancement of Colored People, Committee on Racial Equality—and other groups to show which can be the most aggressive.

One of the great difficulties now is getting white and Negro leaders to communicate. Moderates on both sides who declare their positions openly lose standing with their followers. There is constant pressure from extremists to make no compromise.

The feeling on the part of some local authorities seems to be that if they show any sign of weakness they will lose control of law and order, making a bad situation worse.

The resulting feeling of many Negroes is that they can expect little or no cooperation from local authorities and that the federal government has let them down by not moving for faster integration.

Kennedy's speech in Hawaii is also expected to prepare the way for his special message to Congress requesting additional civil rights legislation. The week's delay in sending this package to Capitol Hill was decided on to give Democratic leaders and White House legislative assistants more time for lining up Re-

publican support. Without such advance bipartisan support the President's recommendations were considered certain to run into a Senate cloture fight.

It is fully recognized that there is no magic wand that can be waved to solve all race relations problems. The President can't be made a dictator. An order to desegregate all schools immediately would probably mean that most of them would have to be occupied by federal troops.

It is also admitted that no new legislation will automatically solve all the problems. But since the administration has said that it doesn't have all the tools to do everything that is required, it is forced to ask for more tools to use in situations where it has been found there is insufficient authority for adequate enforcement.

The whole problem is sized up as 20 million people who can't all be educated overnight, trained for jobs they can't now do, forced into labor unions that maintain rigid segregation, moved into de-

cent housing that doesn't now exist, given voting rights that are denied them by state law and custom.

It is frustration over delays in achieving these goals that causes the demonstrations. The government can't move against demonstrations that are protests under constitutional guarantees. The government is limited to acting against the causes of the demonstrations. And it is considered important to keep the faith of the victims in their government even while they have little hope for education or jobs or housing or voting rights.

Dear Mr. Gielow:
Prompted by the fine coverage you gave to the death of Pope John XXIII and the respectful treatment of the ceremonies of the Catholic Church, I wish to take this opportunity to thank you.

Your expression of sympathy in both the news and editorials are greatly appreciated by all the Catholics in this Diocese of St. Augustine. I am sure all men of good will were genuinely interested.

Due to the outstanding job you did in covering the Pope's death, all of us, Catholics and Non-Catholics, were moved to a sense of personal loss when Pope John died. Sincerely yours,
(Rev. Fr.) Vincent R. Smith

Weldon Jump Ahead Of The Posse

SAN FRANCISCO (UPI)—Wandering Weldon the wallaroo, a kangaroo-like creature which escaped last week from the San Francisco Zoo, is still keeping one jump ahead of the posse.

The sprightly 75-pound animal has been seen several times since it happened off on its own but witnesses seldom got much more than a glance. Weldon vanishes with the speed of a yoyo.

The wallaroo made its latest appearance when the children of Eugene Hamilton woke their parents at 6:30 a.m. with exclamations of "Hey, there's a kangaroo eating weeds in our backyard."

The Hamiltons notified zoo director Carver Baldwin, who raced to the scene in hopes of lassoing the critter. But Weldon bounced over a four-foot fence with ease and went about doing whatever wallaroos do when they have free time in San Francisco.

Baldwin admitted that the task of returning Weldon to his home will not be an easy one, because a wallaroo is to catch it by the tail and hold its feet off the ground.

Weldon is extremely fast, can bounce in any direction, and is capable of clearing a six-foot obstacle if he puts his mind to it.

So what Baldwin needs is someone who is extremely fast, can bounce in any direction, is capable of clearing six-foot obstacles, and can catch a wallaroo by the tail.

The zoo director admitted he doesn't qualify—but he intends to keep trying.

There should be flags flying all the way up and down French Avenue Friday (Flag Day) because the recent Jaycee flag drive resulted in almost every single merchant along the highway business area buying a flag. This is a fine gesture and will serve as an eye-catching reminder to people driving through on the highway.

Our "fascinating sign" blurb has brought some contributions. One reader called to report she had read a sign on a plumbing shop: "We fix your Johnny-on-the-spot." Then the old one about a sign in an optometrist's window: "Eyes examined while you wait." And the sign on a Miami restaurant window: "English spoken here." And we once knew a physician who had a name for his home, with an appropriate sign in the yard: "Bedside Manor."

City attaches have set up a trial run to solve the traffic jam problem at First Street and Railroad Avenue. Northbound traffic on Railroad may turn right on First or zig-zag across into Oak but may not make a left turn into First. Sandbags are in place as a "traffic island."

Visitor to our fair city called Wednesday afternoon to ask: Is Sanford in distress? Seems the American flag atop the city tower on French Avenue was flying upside-down... which is a distress signal!

What with Highway 416 East now being improved, John Pope suggests motorists coming from Osteen-way turn left on Cameron Avenue and then right on Geneva Avenue to avoid congestion.

Officers' Wives Club of NAS has contributed \$50 to the USO, with Mrs. Robert Lovelace, president, and Mrs. T. Barkley Wood, executive board member, making the presentation to Mrs. Carolyn Higgins, staff aide of the USO.

Jaycees are launching a membership drive, "looking for young men between 21 and 35 who are not satisfied with things the way they are and who would like to take part in making their city, state and nation a better place in which to live."

Registration for summer school makeup classes at South Seminole Junior High will be held from 8 a.m. until 2 p.m. Friday. Classes, Principal John Angel says, will begin Monday on a weekday schedule from 8 a.m. until noon.

We hear a number of Seminole County's fine citizens will be going along with other members of the German-American Society of Central Florida on Friday to the Tradewinds on Melbourne Beach for a three-day "Wee-R-end on the Beach." Among newly elected directors for the organization is Mrs. Elsa Borchard of Fern Park.

That unrepaired broken-down concrete block wall out at Country Club Heights serves as a grim reminder that the corner there is more treacherous than it appears and that one driver didn't make it.

South Seminole sources inform us that paving work on the new parking area at Seminole Plaza Shopping Center is scheduled to begin next week.

Downtown merchants... don't forget to put your flags out tomorrow if you don't want the French Avenue merchants to show you up.

Resident, too, should fly the flag at their homes. Many people have them and just forgot to put them out. If you don't have one, call the Jaycee office and they will bring you one. It only costs \$3.30 for the whole works, flag pole and everything. Free delivery, too—all you have to do is pick up the phone.

Bryant Warns Of Grocery Tax Bill Veto

Equality Campaign Broadened

By United Press International

Negroes carried their drive for racial equality to the lunch counters, swimming pools, negotiating tables and into the streets in widely scattered sections of the Southland today.

The focal point was Jackson, Miss., where a shocked and saddened Negro community listened Wednesday night to an appeal by the widow of slain civil rights leader Medgar Evers and began an informal "month of mourning" for the Negro leader.

Hundreds of Negroes staged a protest march after a meeting at the headquarters of the National Association for the Advancement of Colored People (NAACP) where Evers worked. Police, aware that tensions were high, moved in quickly and arrested 147 persons.

A few hours earlier 13 Negro ministers staging a "mourning march" were arrested as they walked silently toward town.

In Tallahassee theater owners appeared in court today to seek injunctions against Negroes picketing segregated theaters. Sit-ins were successfully conducted Wednesday at Tampa.

Elements of the 2,000 federal National Guardsmen ordered onto the integrated university campus at Tuscaloosa, Ala., arrived today. The campus, however, was quiet as Negroes Vivian Malone and James Hood entered their second day of classes.

Another Negro, David Mack McLintberry, a 27-year-old mathematician at the Marshall Space Flight Center, enters the heavily patrolled University of Alabama extension campus at Huntsville today. But officials there predicted there would be no incidents.

VOL. 53 United Press Leased Wire Established 1908 THURS., JUNE 13, 1963 SANFORD, FLORIDA NO. 738

Recess Opposed By Governor

TALLAHASSEE (UPI) — Gov. Farris Bryant said today that he has not flatly threatened to veto a state grocery tax because of that he would not strike it down if faced with the decision.

It was the closest the governor has come to a veto threat this session.

He said his opposition to such a tax is "strong" but he has a policy of never threatening vetoes until an objectionable bill comes across his desk.

Legislators backing a grocery tax have made a point of noting that Bryant, while speaking publicly against such a levy, has never said outright that he would veto it.

To clear the air, Bryant told his news conference "I never make a preliminary threat of a veto and because of that you would not conclude that I would not veto a grocery tax should one be passed."

The governor also came out strongly against any recess of the current tax-raising session of the legislature without completion of its job.

He said the lawmakers suggested by House Speaker Mallory Horne, would only make the tax job more difficult.

He said the lawmakers could wind up the job this week, although he was not optimistic this will be done.

"But they could do it if they wanted to," he said.

Bryant said he plans an early meeting with Senate President Wilson Carraway and Speaker Horne to see if anything can be done to speed up the job. He said the meeting was suggested last night by Carraway.

The governor told newsmen that the legislature must vote from \$168 million to \$168 million in new taxes to balance the budget.

The difference, he said, depends on whether the legislature will set up a special election this year for a public vote on a constitutional amendment to permit use of the \$16 million trust fund for educational construction.

As it stands now, the question does not go to the voters until next year and a bill to put it on an emergency basis failed to muster the necessary votes.

If the legislature fails to balance the budget, he said, the state will get by. But some of the individual legislators' pet projects won't be realized.

Bryant said he has let all the special appropriations bills become law. But he said he has told each sponsor that whether the cabinet actually releases the money for such projects depends on the tax situation.

Bryant said he will campaign to help his public approval this November of constitutional amendments authorizing bond financing for higher education construction and a land acquisition program for public recreation.

He said he will help on the educational construction program from a statewide citizens committee that is to be formed.

If this bond program is voted down, Bryant said, the legislature will have to come back in special session to provide the \$75 million for essential construction that otherwise would have been financed with money borrowed through bonds.

Bryant said he is taking no part in the legislature's struggle over a proposed \$5 increase in vehicle license tags. But he said he would prefer a three per cent sales tax on automobiles to the tag increase.

Bulletin

W. C. "Billy" Hill, prominent citizen and pioneer resident of Sanford, owner of the Hill Lumber Company and associated enterprises, died this morning at Seminole Memorial Hospital after a short illness. He was 72 years old. Funeral services are scheduled for 3 p. m. Friday at the First Methodist Church. Funeral arrangements are under the direction of Brinson Funeral Home. A more complete biography of Mr. Hill will be found in Friday's Herald.

COL. H. J. FURMAN arrived today to commence operations for the establishment of Sanford Military Academy. Pictured greeting the Superintendent of the new school (left to right) are Walter A. Academy Faculty Interviews Begin

Local educators, including retired Navy officers, were being interviewed today for placement on the faculty of Sanford Military Academy by its superintendent, Col. H. J. Furman.

Colonel Furman, temporarily residing at the Mayfair Inn, has been transferred by the Hearn MacFadden Foundation from the Castle Heights Military Academy, Lebanon, Tenn., to the superintendency of Sanford Military Academy.

J. P. Wieggers, New York City, president of the Foundation, will arrive here Friday evening, Colonel Furman said. They will inspect and make plans for refurbishing the former Giants' dormitories and other remodeling and for construction of a building housing eight classrooms and an auditorium and for a swimming pool.

The new military school will open in September with an anticipated enrollment of 250 cadets in the sixth, seventh, eighth and ninth grades. The "buildings" and land on Meloyville Avenue at O'Leary, were purchased by the Foundation from the San Francisco Giants and the City of Sanford at a total cost of \$375,000.

Colonel Furman's family have been educators for generations. His great-grandfather established Furman University at Greenwood, S. C. Furman U. and Stetson University, Deland.

Cubans Freed

MIAMI (UPI) — About 100 Cubans will be flown to Miami today in the first of four flights to release 401 persons who took refuge from the Castro government in Uruguay's embassy in Havana.

NEW YORK (UPI) — Canadian Sid Caesar, who plays seven roles in the Broadway musical "Little Me," fainted Wednesday night during the show's first act. Overexhaustion was blamed by a doctor who examined Caesar.

Approve Bill

WASHINGTON (UPI) — The Senate Finance Committee Wednesday approved a bill to give World War II and Korean War veterans an opportunity to renew G. I. life insurance they have allowed to lapse.

8,000 Mob 'Cleopatra'

NEW YORK (UPI) — Cleopatra, the \$10 million film double, came to Broadway Wednesday night for a celebrity-packed world premiere that had a Broadway mob of 8,000 cheering and critics roasting for both superlatives and bricks.

The street crowds reduced Broadway traffic to two lanes and brought 125 police to the scene to maintain order. Mounted police had to charge surging fans three times to keep them behind barricades.

The noisy excitement attendant on the long-awaited debut of the four-hour film—the longest and costliest in movie history—was music to the ears of 20th Century-Fox executives, who risked the future of their company on the super-spectacular. The studio lost \$10 million last year and will have to gross \$25 million on "Cleopatra" just to break even.

The unanswered post-premiere question was "Is it that good?" Some critics of the film, starring Elizabeth Taylor, Richard Burton and Rex Harrison, found it "well worth waiting for" and "generally brilliant and satisfying." But others derided it as "an extravagant exercise in tedium," "unable to involve the viewer's emotions" and "dramatically pallid."

No Plans For Future—Bryant

TALLAHASSEE (UPI) — Gov. Farris Bryant said today he has no plans to run for any office when his present term ends in January, 1965.

As things now stand, Bryant said, he would not even run for reelection if that were possible under the law.

He was asked about his feelings on a constitutional amendment to be presented to the people this fall that would move Florida's election of the governor and cabinet to non-presidential election years.

To effect the change, it would be necessary for the governor and cabinet elected in 1964 to serve a two-year term and then run in 1965 for a full four-year term. This would allow the next governor, if elected twice, to serve six years.

Bryant said he had not studied the bill and did not know if it would allow him to run for the brief two-year term. But he is not even considering it, he said.

Nor has he any plans to seek a U. S. Senate seat, he said.

Space Funds Slash Asked

WASHINGTON (UPI) — The House Space Committee will recommend cuts of nearly \$500 million in the administration's request for \$5.7 billion for the civilian space program next year.

As it now stands, the committee will approve a spending ceiling for the federal space agency of just under \$498 million.

A check with the three subcommittees of the space committee today revealed that the reductions probably will range from \$100 million to \$498 million.

There is a chance the full committee will revise some of the figures, but this appears unlikely.

Rezoning Plea Again Denied

Renewal application for a rezoning by Joe Gzell for a proposed supermarket site was denied again by the County Zoning Commission Wednesday evening.

Gzell's initial application for a change from agricultural to commercial of the site on Country Club Road was denied by the Zoning Commission and his appeal also was denied by the County Commission.

Stolen Church Wine Recovered

Sheriff J. L. Huby's deputies solved a theft before it was discovered Wednesday evening.

The sheriff reported today two juveniles stole 18 fifths of sacramental wine from a Catholic church at Winter Park, brought it to Seminole County, sold some and drank some.

The deputies learned of this, contacted Winter Park police who, in turn, told the church of the theft.

Winter Park police said one boy is in custody.

THIS EAGER YOUNGSTER symbolizes the Circus of Summer Fun theme the Florida Development Commission is using in its most comprehensive summer tourism promotional campaign. The photograph is being used in scores of newspaper, magazine and outdoor advertisements outside the state.

Teacher Pay Raise Bill Becomes Law

TALLAHASSEE (UPI) — A \$45 million bill giving \$100 across-the-board pay raises to Florida's public school teachers became law today.

The bill went on the books along with a batch of other legislation without Gov. Farris Bryant's signature.

The salary raises would go as high as \$800 a year in some instances for teachers with 10 years experience in Florida. A total of \$45 million has already been written into the giant general appropriations law for the raises.

The governor signed a bill into law which will create a junior college in Polk county at a cost of \$2.5 million during the coming biennium. Most of the money would be allocated from capital outlay funds for construction of the school.

Other bills becoming law without the governor's signature:

Extend the Florida Institute for Continuing University Studies (FICUS) for another two years. The institute is responsible for handling off-campus courses for state universities.

Authorize a state prison in Dixie county.

Give the Motor Vehicle Department the go ahead to make state license plates in Spanish yellow and Spanish red for 1965. The lettering on the license plates, in addition to normal designation, would read "St. Augustine Quadriflorental Celebration" in red characters on a yellow background.

Would return all left-over funds allocated to state universities to the state's general revenue fund.

Set a minimum speed limit of 40 miles per hour and a maximum of 70 miles per hour on Florida's interstate highways.

JFK Handed First Defeat In House Vote

WASHINGTON (UPI) — The House has handed President Kennedy his biggest legislative defeat of the year, perhaps the first payment of a big price for his tough new civil rights stand.

The unexpected upset came Wednesday night when the House defeated by a five-vote margin the President's bill to expand federal aid for communities suffering chronic unemployment.

Some southern Democrats who had been counted on to support the administration bill voted instead with its Republican foes.

The southerners' votes would have swung the decision to the administration, but the tight party-line stand the Republicans took also contributed to the defeat.

Voting for the bill were 180 Democrats and 152 Republicans. Voting against it were 57 Democrats and 152 Republicans. Democratic leaders had counted on about 20 Republican votes.

Space Funds Slash Asked

WASHINGTON (UPI) — The House Space Committee will recommend cuts of nearly \$500 million in the administration's request for \$5.7 billion for the civilian space program next year.

As it now stands, the committee will approve a spending ceiling for the federal space agency of just under \$498 million.

A check with the three subcommittees of the space committee today revealed that the reductions probably will range from \$100 million to \$498 million.

There is a chance the full committee will revise some of the figures, but this appears unlikely.

Rezoning Plea Again Denied

Renewal application for a rezoning by Joe Gzell for a proposed supermarket site was denied again by the County Zoning Commission Wednesday evening.

Gzell's initial application for a change from agricultural to commercial of the site on Country Club Road was denied by the Zoning Commission and his appeal also was denied by the County Commission.
