

# Seminoles Are Defeated By Daytona Islanders 7 To 6

## Campbell Announces The Signing Of Pierce Corley, Ace Southpaw

### New Hurler, Former State League Star, Will Pitch Tonight Against Islets; Skeen Leads Sluggers

Although Sanford lost to Daytona Beach last night 7 to 6 in a late game rally the second place club, Leesburg, lost also and Sanford retained her lead in the Florida State League.

In spite of losing last night, Sanford fans today had something to look forward to. Manager Whitley Campbell announced the signing of Pierce Corley, big southpaw who pitched Gainesville to the playoff title in the State League, and to victory over Daytona in the Florida-Georgia series two years ago with four shutouts.

Campbell announced that Corley would pitch tonight against Daytona Beach here. Campbell also expected a large crowd would turn out to see the hurler who was rated two years ago as one of the best prospects in the State League. Corley laid out last night but should be in fine fettle to start for Sanford.

Last night's game, the Islets were trailing 6-5 when Skeen hit but he was hit by the left fielder and a home run was scored by Hank Wilson. The Islets went on to win the game in the ninth when Juckey scored on a sacrifice bunt and came across with the decisive rally on Smetana's sacrifice to center.

Corley, who went to the mound for Sanford at the start of the ninth was the losing pitcher.

While Skeen was the shining light for the Seminoles last night, he pitched out four safeties in five innings at bat. Johnny McCreary pitched out two for three, Connell led Daytona with three hits in four times up.

CLEO JETER is considered one of the ace pitchers in the Florida state league this year. Already he has won five games while losing but one. The one he lost was last night and that was just an unfortunate break for the fireballer without whom Sanford would not have won the playoff series last year. When the season ends he is expected to see Jeter credited with a new record for games won.

Sanford's batting line-up for the game was: Smetana, Jeter, Connell, McCreary, Wilson, Juckey, Corley, Waller, Harper, Wiley, Hearn, Goff, Davis, Wolfe.

#### Incomplete State Returns Give Senator Andrews Big Lead Over Foes

#### MacFadden Takes Second In Race

#### Whitehair Trails Polk Candidate By 14,000 Votes

Spessard Holland of Bartow today swept into a commanding lead in the gubernatorial election as returns slowly filtered in from outlying precincts following what proved to be one of the biggest votes ever polled in this state.

With 998 precincts complete out of a total of 1489 in the state, Holland was leading Francis P. Whitehair, runner-up by over 14,000 votes. J. F. Foy of West Palm Beach, who was running a close third, had 59,425 votes to 67,813 for Whitehair and 82,000 for Holland.

In the Senate race, Andrews was far out in front with 176,646 votes while his nearest opponent, Bernard MacFadden, had only 123,808, considered by political observers as an upset in view of his recent popularity in this state and the wide acquaintance of some of his opponents.

The veteran Jerry Carter, who had been endorsed by Dr. Francis E. Townsend, was running third, while Governor Cone was fourth with 37,000. Charles Francis Cox had 24,900 votes and James H. Doolittle, runner-up in the gubernatorial race, had 21,432.

Newsclass was leading for railroad commissioner with 31,411 to 29,841 for Peacock, while Larson was ahead in the State Treasurer's race with 75,413 to 59,907 for Walbright and 17,255 for Richard.

In the second congressional district, the incumbent Lee Green had a commanding lead over his two opponents and appeared likely to win in the first primary. His vote was 30,289 to 13,987 for Cary and 8,981 for Johns.

#### Resignation Of Chamberlain Is Seen As Likely

Some Quarters Predict English To "Muddle" Through

By Associated Press  
An aroused British labor party today demanded the downfall of Chamberlain's government with a "no confidence" motion in Commons as war nerves were frayed over more sharp through southeast Europe.

The Pope voiced fears that the conflict now stalemated on the Silesia-Berlin line, and spitting in Arctic Norway, in London, Herbert Morrison, labor leader, accused Chamberlain of using the highly popular Churchill as a "shield" for the government's weakness, and of seeking to "stave off" criticism.

Chamberlain leaped to his feet "welcome" Morrison's challenge, declaring: "We shall see who is with us and who is against us. No government can prosecute the war effectively unless it has public and parliamentary support."

Lloyd George, World War prime minister, also demanded Chamberlain's resignation.

Following up the Labor Party's attack on Chamberlain's conduct of the war, notably the Allies' stunning defeat in Norway, Morrison declared that without a change of government "we run a grave risk of losing this war."

"Shocking ineptitude" was the leading cry of the Chamberlain opposition but it may be as predicted in some London parliament quarters—that Britain, engaged by fresh fears of spreading war, will choose to "muddle through" with Chamberlain, for the present at least.

Europe's greatest tension was in the Netherlands, and the Netherlands lightened its tension to the utmost following reports that Germany had asked permission to strike an air route with the outside world through the territory for Nazi Germany.

BERLIN, May 8.—(AP)—Germany's press reported today that an alleged British airplane was shot down in the North Sea. The report said the plane was carrying a large quantity of supplies for the British forces in Norway.

#### Roosevelt Gets California's Big Delegate Group

Roosevelt third term supporters added the big California delegation to their growing forces as a result of a Democratic primary sweep.

The national convention state pledged to the President defeated the Garner ticket 6-1, and held nearly a 3-1 majority over the combined vote for Garner on two unopposed tickets.

Garner won the vast bulk of delegates chosen for the Texas state Democratic convention, and Speaker Bankhead was given favorable support by 22 national delegates in Alabama.

Democrats elected unopposed delegations in Florida and South Dakota.

About three-fourths of all Democratic delegates already chosen in the nation are pledged to Roosevelt or have shown favoritism to him.

#### CIO Head Is Ejected From Dies Hearing

WASHINGTON, May 8.—(AP)—Michael Quill, fiery president of the CIO Transport Workers Union, was forcibly ejected by police from the Dies Committee hearing today after he was accused of trying to get the United States into war.

The committee immediately went into a closed session to consider whether to cite the witness for contempt.

An outburst was set off by the question of Rep. Thomas who asked whether Quill would be willing to bear arms for the United States if it became involved in war with Russia.

IN SPITE OF THE ELECTION

Camryn this has been the coldest Spring in years.

Some of the voters yesterday were trying to decide whether they should vote for a third term for a New Deal.

The final test of good manners, says the Winter Haven Herald, is to look interested when a fellow starts telling about his stomach troubles.

Col. Theodore Roosevelt says that American democracy cannot survive another war in fact, there is some doubt about it having survived the last one.

The editor of the Ocala Banner says he has heard so many campaign speeches during the past few weeks his throat is sore. Just wait until after the second primary. It'll be furious.

Just before the election the Post Myers News Press estimated Andrews would get 178,000 votes, Coss 118,000, Cox 77,000, Carter 70,000, MacFadden 40,000, and Hassen 10,000.

Dr. Nicholas Murray Butler of Columbia University says he has no opinion as to whether the war will end or not. The trouble is that while opinion in some countries seems to be in favor of the war.

Did you know that in spite of the present there is a shortage of skilled labor in this country. The reason is that while opinion in some countries seems to be in favor of the war.

Pointing out that Hall, Norwood, Lee just north of Trondholm, the St. Petersburg Independent thinks Chamberlain has a great chance when he goes to do a hard job well, and that will have no trouble getting work.

Opposition to the Chamberlain government is growing rapidly throughout Europe. Since Hitler has been the three great powers. Although Britain has made good to war we suspect that they are still hoping for a settlement. It is possible that the Allies will have the upper hand.

How Do They Do It?

Folks often wonder why it is a candidate sometimes spends \$150,000 to get elected to a public office which pays a salary of only \$10,000 a year, and why after he lands a job which pays only enough to meet his actual living expenses, he emerges four years later considerably richer in worldly goods than when he entered office. But most American politicians compared with Russian are pikers. Alexander Barmine, a former member of the Soviet Commissariat for Foreign Trade, says that "Stalin's manner of living, according to the official version, is exceedingly modest. His salary is only about 1,000 rubles a month; the equivalent—since the actual value of the ruble is about five cents—of around \$50. By such reckoning, families on relief in the United States receive more than the boss of Russia's 180,000,000 people. "But the Spartan Dictator performs miracles with his \$50. He has four palatial residences in the south of Russia along the shores of the Black Sea, and several comfortable summer places in the suburbs of Moscow. All these homes are equipped with everything—from billiard rooms to motion-picture halls. The music rooms invariably contain phonograph-radios with automatic record-changers and push-button tuning—Stalin's special delight. He likes to show these instruments off to his guests, and the Commissariat of Foreign Trade has a standing order with its representatives abroad to keep an eye out for the latest models.

"Stalin's estates employ hundreds of servants and guards the year round, and are always ready for his visits. The expenditures for all this are never charged to Stalin himself, but are covered by the state budget as disbursements for road improvement, public welfare, etc."

Spending Blitzkrieg

The United States is at peace. Great Britain is at war. In the coming fiscal year, Great Britain's local and national government will spend 10 billion dollars. During the same period, government—federal, state and local—in the United States will cost well over 19 billion dollars! Nation at war for its life—10 billion dollars of government spending! Nation at peace—19 billions! Of course our population is three times as large as that of Great Britain. Allowance can be made for that, but the figures still remain startling in their implications, for it is well to remember that the British bill—still much smaller than ours—is two and a half times what it was in pre-war days. Can it be that government in this country has declared war, too—war on economy and on the poor, defenseless taxpayer?—Industrial Press.

Of Pride And Prejudice

A proud citizen of Charleston, South Carolina, attending the University of Wisconsin, was dilating upon the splendors of his home town when a Yankee, thinking to put him in his place, asked, "Where is Charleston?" Turning slowly toward the enemy, the orator replied with quiet dignity, "Charleston is also that unassuming jewel shining regally at that sacred spot where the Ashley and the Cooper join their majestic waters to form the Atlantic Ocean."—W. WEEKLY NEWS COLUMN

CHANGE IN CASH AND CARRY—A great many people have felt all along that there would be a movement on foot, particularly by the British and French, for changes in the Cash and Carry provision of the Neutrality Bill. Of course we know that they would like to see changes made, but the more does not come from foreign sources. The fact is that agricultural interests have been hard hit by this provision and already many of Congress are hearing from them. "But there is more to the story than just that. Representatives in industry, finance and manufacturing may be expected. The probable net result on the bill will be to change it so that non-war materials can be sold to belligerent nations without cash on the barrel-head. Look for some proposed change at least.

A NEW DISEASE—Recently in the New York Times there was an article on "Genus Politicus" described as a sort of a disease. In the article there appears the statement: "In his more playful mood, the late Senator John Sharp Williams of Mississippi used to go about the Democratic chamber feeling the pulse of his colleagues. He contended that he could talk the war and blood pressure and vote pressure and count of a Senator and tell how far he was from an election. A six-year man, which he classified as that of a Senator who had just been elected or re-elected and had six years to go before standing before the voters again, was slow and sure. A slight speeding up could be noted in a four-year or two-year count, he said, but a one-year count was rapid and fitful, and often accompanied by flashes of brilliance which rendered the voter irresponsible when undergoing a seizure." Right at the present time I have a two-year pulse, which is supposed to be normal, thank my stars.

NIGHTMARE

DISPELLING THE FOG

By CHARLES MICHELSON, Director of Publicity, Democratic National Committee

Because in this column appeared certain comments on the nomination of the Republican Party by such altruistic financiers as Weir, Few and the multimillionaire backers of the Liberty League, fault is being found with the Democratic technique in defending Democracy. A recent bit of the propaganda output of the Republican National Committee had a few unkind words about the writer of this letter. I have frequently expressed the hope that as far as the publicity bureau is concerned, the campaign would not degenerate into a duel by press agents. In fact, despite reflections on myself, I have no quarrel with my estimable competitor on the other side. I think of him as a nice young Maryland Democrat, driven by circumstances to fight for the election of a Republican—any Republican—as against any Democrat, and doing the best he can.

The Director of Democratic Publicity isn't a candidate for office, so I fail to see where it makes any difference in the present campaign whether he is as pure as Justice Frank Murphy or as evil as John L. Lewis' picture of Vice President Garner. If the public can be led to believe that the Republican administration, I will admit that that would be a propaganda triumph.

The Hoover "Liberal" Does anybody who remembers how these same elements bulldozed President Hoover into signing the Smoot-Hawley tariff bill think they have departed their viewpoint or, separated from their policy of the greatest good for the richest number? A point is made that the Republican National Committee has selected for its convention officers members of that party of more or less Progressive complexion, an evidence that the Old Guard has surrendered. What do Mr. Weir, or Mr. Few, or the duPonts care who are the chairmen of the Convention? They know that the war will not stop the power will have their way. Should that mean that a President Hoover should be elected? We have had a Hoover Republican President since the restoration of the States, and the only thing that has made any difference is that the Democrats have been elected. The Hoover Republican President since the restoration of the States, and the only thing that has made any difference is that the Democrats have been elected.

What the Hoover thing means is that it would not be a political campaign if it were not for the administration's power to spend for anything. We are going to read our way to the top of the party, and we are going to read our way to the top of the party, and we are going to read our way to the top of the party.

LONGWOOD Doctor Townsend Says

The annual banquet given by the Junior class for the senior class of Lyman school at Library Hall Friday night was a gala affair when a six course dinner was served during which there were songs and speeches by members of the two classes and by their guests. Principal W. J. Wells, Jr. and Mrs. Wells and the members of the Board of School trustees were also present. The dinner was served by the Home Demonstration Club. The district meeting of the Baptist Women's Missionary Union comprising all members in Seminole County had their gathering of 63 members all day Tuesday. Miss Louise Smith, head of the State W. M. U. gave the report on "Building God's Kingdom in South America," which country she recently visited.

Mrs. H. C. Meadors and Mrs. C. H. McQuillan of Longwood were on the program and music was furnished by Mrs. B. R. Gray and the Misses Arent, Blankenship, Walker and Gray. The accompanist was Mrs. J. H. Arent. A banquet dinner was served in Seminary Park at noon. The senior class of Lyman High School had a beach party at Daytona Beach on Saturday. Officers elected at a recent meeting of Lyman School P. T. A. were President, Mrs. J. H. Arent, vice-president, Mrs. J. A. Blittner, secretary, Mrs. Nora Gilbert, treasurer, Mrs. M. R. Blankenship, historian, Mrs. Maud Tupper.

The Christ Episcopal Church will have special Whitsun Day music on Sunday May 12 at the usual 3:30 P. M. as announced by the Rev. Martin J. Eram of Sanford, pastor.

Several new singers are taking their places in the new choir. A supper for political candidates was given Friday night by the Civic League at the J. Henry. There was a general social hour, but no speeches were made. Under the direction of Mrs.

RECENTLY the National Youth Administration in Illinois had 17,241 young men and women enrolled on federal public works. The financial load was too heavy, despite the fact that this number was only a very small fraction of the unemployed youth in Illinois. A big job hunt was started. Newspapers and broadcasters joined in to help. A flood of mail went out to employers, and those wanting jobs began pounding pavement hunting for jobs. This resulted in 1,813 new jobs—far less than one job to an industrial enterprise in the state. What about the other 15,428 job-seekers? What about millions more in America? Make that a part of your campaign talks, Mr. Presidential candidate!

### Editor Sees Possibility Of Swedish Blitzkrieg On Nazis

MORGAN M. BEATTY  
WASHINGTON, D. C., May 1. — A Swedish Blitzkrieg against Germany in Norway! That's Plan No. 1 of the high command. No. 2 is a plan, you understand, Germany is smart enough not to provoke the Swedes to action. It'll be a forgotten plan, and nothing more.

There are other plans, other alternatives. But under-cover agents trickling into Washington from Scandinavia ever since the Nazis invaded Norway indicate that Plan No. 1 is receiving the most serious consideration in Stockholm. Just now, it looks as if approval by the Swedish government of Plan No. 1 depends on concrete evidence that Germany will launch a blitzkrieg into Sweden herself.

And there's no such evidence yet.

#### Reasons Why

The reasons why the plan is being given serious consideration are:

1. The Swedes have plenty of evidence that the German high command is not deeply concerned about Sweden's neutrality.

2. Sweden has several important raw materials the Germans need enough to take them.

3. Iron ore, pulp for paper, nickel for munitions, and a gold mine that produces over a million dollars a year.

4. British secret service and domestic attaches in Sweden have been warning Swedish friends in high places that Germany plans to take what she can in Scandinavia. The Norwegian campaign is proof that the Germans are not idle.

5. The Swedes not only have plenty of aid from the Allies, but they have proof of Allied plans in the person of British and French troops in the field in Norway.

6. For the first time since the war began, German military units are in a position where they can drop on them. They are in and near Oslo, perfect base for the German air force. It would be 400,000 miles, plus the Norwegian army and the British Expeditionary Force, against 75,000 Germans.

7. The Swedes have the best aircraft protection in Europe, thanks to industrialists who have been manufacturing anti-aircraft guns for both belligerents.

8. In a pinch, the Swedes for months have been hoping to use Narvik as their No. 1 port to keep from starving to death under the pinch of the warfare in the North Sea. They were moving material up to Boden to double track the state-owned electric railroad to Narvik. But now that Allies and Germans are fighting for Narvik, that's out — for the time being.

And Sweden has no more than a year's supply of balanced rations for her people and a large crop of wheat in prospect. The stock market hit a new low in early April. Manufacturing plants in southern Sweden are closing down, and the wharves in Stockholm are piled high with exports that can't move out because of the British blockade, and the German counter-blockade.

That means the Swedish government must move soon to coax supplies into her country through somebody's blockade lines. She can't hope the Allies will let her through at Narvik. Already Swedish manufacturers are moving their raw materials and machinery out of southern Sweden up to Norrking near Stockholm. This is especially true of rubber, an extremely important material.

But the best tip-off on the trend of events in Sweden are dispatches from Stockholm that have been reaching in your papers every day recently, quoting Swedish newspapers. These dispatches doubtless report facts, but primarily they are reporting facts favorable to the Allies. Despite the fact that the Swedish government must have known Germany would project.

Now that has happened.

And at the same time, Sweden has protested against German air plane flights over Swedish territory, and some press reports indicate the Swedes feel they're made to recognize Swedish defenses.

There you have a background for war. The people are threatened with financial panic. The depression has already begun. In the far distance is also the specter of starvation.

But there is more evidence. Confidential dispatches from Scandinavia also tell the story of a wedding suit of nails from the Swedish army and navy. They indicate the Swedes have been counting Germany naval losses in the most recent clashes with England, and figure they have as good a Baltic fleet as the Germans.

The Swedes have many heavy guns compared with the artillery either the Germans or the Allies have been able to transport into Norway aboard ships or planes. That, too, is an advantage in warfare. The Swedes have been bolstering their submarine fleet in the Baltic, and in addition apparently have been buying underwater boats from — all people — Mussolini.

Further, while the Swedes face ultimate starvation due to war pressure on their shipping, for the time being they have supplies for a quick thrust to the aid of Norway. Stocks of gasoline and food sent to Sweden for trans-shipment to Finland a month or two ago, are still held in Swedish warehouses, and can be requisitioned for war.

Furthermore, the Swedes have evidence that Russia is getting friendlier with the Allies, these days, and is dicker over a land agreement with Great Britain. That leads to the fact of a Russian attack on her back door. Besides, there's still little Finland between Sweden and Russia.

There are several people in high places in Washington who suspect that the escape of King Haakon from the German forces at the outset of the Norwegian war was not a Norwegian feat but Swedish.

There was too much efficiency around the king near the Swedish border, and too little elsewhere in Norway.

### Accent To Be On Fun, Gals, Swing At New York Fair

By TOBY WIANT  
NEW YORK, May 1. — The accent will be on fun, gals and swing at the second edition of the New York World's fair which opens May 11.

Of course, the exhibits on manufacturing, the arts and the sciences still will be grand. But last year's emphasis on culture didn't pay off. Only 25,000,000 of the expected 50,000,000 visitors arrived.

Now there's an about-face. This year's show is designed to be the county fair of county fairs.

Prices have been cut. Adults will get in for a half dollar; children for two-bits. Tickets for big shows will cost two bits less a dollar.

There will be dozens of fun-and-frolic spots. The fair is putting on a historical pageant, "American Jubilee," on a stage 312 feet wide with a cast of 250. An ambitious young man, Michael Todd, bids for fame with four amusements — one being a "dancing campus" where 4,000 couples can live to "name bands."

A Broadway night club was moved in bodily. Gypsy Rose Lee will appear in "Ballet of Paris" with a \$4.40 top for "Eleanor Helm" will be back in Billy Rose's Aqueduct, along with Buster Crabbe and about 600 squabbles and squabblers. It played to 5,000,000 in 1939. Rosita Rypke and her seven pure white doves will show again at 25 cents the customer.

Exotic places in the area will be passed by the "5" and 10-cent restaurant.

The fair is going to create the friendly atmosphere of the county fair or busy city. Harry D. Gibb, fair chairman.

The fair's bondholders, Gibb says, would receive full payment of their investment. "If we should be fortunate enough to have a 5,000,000 attendance," if we don't has the same attendance as last year, the bondholders probably will get only 40 to 50 cents on the dollar.

### San Francisco Fair To Cater To Fun Lovers

By SAN JACKSON  
SAN FRANCISCO, May 1. — The San Francisco fair on Treasure Island opens its gates May 25. It'll be more of a carnival and less of a museum this year.

The California enterprises learned some hard lessons in 1939. Two results are a shorter run (125 days), and an emphasis upon show amusement in 1940.

The swing toward amusement was made about midway in last year's run when Dr. Charles H. Rumb, manager of Santa Anita race track, was called in.

This year the Gayway is being elaborately improved. Two of the industrial exhibit palaces are being taken over by shows — one being the version of Billy Rose's Aqueduct which appeared in New York last season, and the other a moving picture studio in public operation.

The Felix Bergers, a big money maker, last year, will reopen. There will be two big outdoor theaters — "Cavalcade" of the "Notices" and "Golden-Day" — Clyde Beatty's animal show and Faller's puppets are two additional features. Big-name bands, which proved their box-office appeal last year, and symphony concerts are in the program.

Sex appeal — notably Sally Rand's "nude ranch" — played last year a big role on the Gayway last season. That fair officials are considering a special midway for this type of show alone. There is going to be some loss of the more identified exhibits, anyway, with certain foreign national and big corporations dropping out.

Some exhibitors, however, have increased their space. Exposition officials promise there will be no vacant buildings. Like San Francisco's Panama-Pacific exhibition of 1915, the 1940 event has run into a war. Officials say this means about 500,000 American won't go to Europe this summer. It also means they say that people will seek relief from war's tension in sheer amusement. Symbolical of the attitude is the dropping of the old official name, "The Golden Gate International Exposition."

In 1940, it will be just "the San Francisco Fair."

## King George Calls 2,500,000 More Men For English Army

Chamberlain Doggedly Refuses To Resign; Usual Docile Press Is Rather Caustic

Germans Report Allied Ship Sunk

Russo-Allied Cooperation In Balkans

By Associated Press  
King George signed a proclamation today making 2,500,000 more Britons subject to military service—boosting the total to 4,500,000—as Chamberlain stuck doggedly to his guns under blasting fire of criticism, and hinted he had no intention of resigning.

"May God give long life to Neville Chamberlain as Britain's prime minister," came the fervidly ironic comment from official German circles in Berlin. But the usually docile British press took a sober view.

"It remains to be seen" whether Chamberlain will cling tenaciously to his office or "with a higher patriotism make way for a man who is fitted to win the London Star."

The Star's choice was not mentioned, but the popular selection might well be Churchill.

With a "confidence vote" majority of only 51, Chamberlain hurriedly left his seat in Commons with several members of his cabinet for a series of war cabinet meetings.

London political circles the prime minister's resignation in the more than three years of Chamberlain's leadership, but the cabinet reconstruction his "vociferous" demand.

Germany's reported a 7,000-ton transport had been sunk by Allied troops which were effective in helping the Allies.

London, May 9.—(Special)—President Roosevelt has announced that the United States will support the evacuation of Japanese from the Hawaiian Islands.

## Dutch Have Sent Millions To This Nation For Safety

Foreign Governments Have Stored 11 Billion In U. S.

WASHINGTON, May 9.—(AP)—The United States' role as the world's safety deposit box was emphasized anew yesterday when it was estimated the Netherlands have at least \$200,000,000 of wealth in this country—perhaps a much larger sum.

All told, foreign governments and citizens have stored more than \$11,000,000,000 in the United States for protection from war and other dangers abroad.

The Dutch government recognized the American role of "stronghold" by appointing its minister to Washington, Dr. A. Loudon, paymaster for all the far-flung foreign services of the Netherlands government "in case of emergency."

Holland's role assured that if Germany invades her, Dr. Loudon will be aided by the United States in using Dutch money in deposit here as the Dutch government would work it used and not as a cooperating army might dictate.

If an invasion occurs and President Roosevelt follows his action in the case of Denmark and Norway, he will issue an executive order prohibiting the withdrawal of Dutch money from the United States, or shipment of wealth to Holland except upon Treasury license.

Mr. Wilson, who with his wife, left for New Orleans last Friday for the purpose of whether the law which was passed in 1938 would be retrospective, covering the City's refunding program which was instituted before the amendment was passed.

A minority of bondholders who own \$125,000 in municipal bonds drawing from 5 to 8 percent interest instead of the 1 to 2 percent interest which the refunding bonds bear, are fighting the City's invoking of the law which would force them to exchange their bonds.

The four hours of argument was heard by Federal Judges Hufschlager, McCord, and Holmes. Mr. Wilson said that because of the similarity of the Sanford and Homestead suits, they were consolidated in the hearing before the high tribunal.

The bondholders were represented by Stewart W. Brown of St. Petersburg, F. A. Barr of Nashville, Tenn.; J. Elmer Monroe of New Orleans, La.; and Charles A. Carroll of Miami.

What young Buddy Lott above, of Los Altos, Calif., is reported to have eaten in one day would shame an ostrich. His snack: half pint blueberry; half pint grapefruit juice; half house paint; one bite family dog; some live fish; one canary, feathers included. Doctors say 18-month-old lad shows no ill effects.

## Another Step Is Taken In City's Refunding Suit

Circuit Court Of Appeals Holds Hearing Of Legality Of Act

The City of Sanford progressed another step in its effort to compel the minority to accept its refunding bonds for bonds bearing a lower rate of interest when City Attorney Fred E. Wilson appeared before the United States Circuit Court of Appeals in New Orleans on Monday to argue the constitutionality of the amendment to the Federal municipal bankruptcy law which the City is attempting to invoke.

Mr. Wilson, who with his wife, left for New Orleans last Friday for the purpose of whether the law which was passed in 1938 would be retrospective, covering the City's refunding program which was instituted before the amendment was passed.

Representing the cities' side of the fight were J. C. Hays, chief of Miami, Melvin H. Beal, special assistant to the United States Attorney General, and Fred E. Wilson of Sanford. Robert J. Ficus of Orlando was present as an amicus curiae or friend of the court.

On the Western Front the high command reported, an enemy attack south of Beaufort was repulsed with heavy losses for the enemy.

## 1st Lynchless Year Passed By Modern South

Effective Education Plus Swift Police Patrols Credited With New Record

ATLANTA, May 9.—(AP)—A Modern South ended its first year without lynching at midnight, and today a foe of mob rule credited the new record to effective education, plus swift work of police and radio patrol.

Mrs. Leola Donald Ames, executive secretary of the Association of Southern Women for the Prevention of Lynching, said that midnight marked the close of the first year without lynching since the tabulations were started in 1882. The peak mark was 221 mob killings in 1892.

She said the association, representing 11,000 southern women, considers especially gratifying public opinion that lynchings acted only in defense of women. None of last year's three lynchings involved a crime against women.

## Germany Assures All She Is Ready For Any Onslaught

By LOUIS P. LOCHNER, Associated Press Correspondent  
BERLIN, May 9.—(AP)—Official German quarters, in the face of general European anxiety, tonight assured all inquirers that Germany is prepared to strike decisively wherever and whenever her enemies aim a blow.

"We reveal no secret," authorized sources said, "what we repeat that Germany is prepared on all fronts."

Asked whether this meant the Netherlands frontier also, they replied: "Obviously, we are prepared to defend ourselves against any attack."

"Chamberlain twice recently has intimated England is determined to widen the area of conflict," he broadly hinted at the Mediterranean.

"That may be a bluff, however, for preparing elsewhere—Spain, Holland, Belgium, Switzerland—all have been mentioned by the world's press. We won't be caught unawares anywhere."

Hand in hand with these verbal assurances were wholesale summonses to the colors.

All ages seem involved. Cases of reservists over 50 years of age have been notified in the past few days. All walks of life appear to be included so that there is a general lack of manpower except in war industry, with its many exemptions.

## Seminole Sets New Record For Voting Tuesday

Results Of County's Vote In State Races Are Given

Nearly 5,000 voters visited the polls in Seminole County in the first Democratic Primary election on Tuesday, the largest number ever to vote in the history of the county. The vote was 4,955 as compared with 3,551 for 1936. The total registration is 6,570.

The complete returns on Seminole County's vote for the various candidates for State offices were: Tom Watson the lead in the race for attorney general with 1,202 while Edward R. Bentley was second with 914 votes. Millard Conklin received 674 votes while E. P. Martin received 469 and E. H. Donnell got 259.

In the race for state comptroller, J. M. Lee received a majority of votes for re-election to the office in this county. The final count in Seminole was Mr. Lee 2,500; E. C. Fraser 855 and Frank Brown 518.

J. Edwin Larson polled the highest Seminole County vote in the race for state treasurer with 1,113 votes while W. M. Wainwright followed a close second with 1,081. R. L. Richard got 826.

Mr. Douglas received 2166 votes in the county while S. C. Peacock got 1323.

In the race for State Democratic Committeeman, George S. Wilmer was high with a total of 1,940 votes while E. A. B. Williams received 1,383. These totals in this race do not include the returns from the Fern Park precinct.

Probably the closest race in the county was that for Justice of Peace in District Six. Returns from four of the five precincts in that district gave Thomas P. Lewis 217 votes against 216 for the incumbent Ben Burdick. It was understood that Lewis had a slight lead in the Longwood precinct with a vote of 141 to 66 while Burdick led in the other precincts.

## Joe Hendricks Visits Friends In This County

Representative Comes Home To Cast Ballot In Primary

Congressman Joe Hendricks was a visitor in Sanford and Seminole County yesterday afternoon, coming here to visit friends before returning to Washington last night.

Mr. Hendricks said that he had driven to his home in Deland from the nation's capital in order to cast his ballot in Tuesday's Democratic Primary election, and he congratulated his Florida colleagues in Congress, Senator Charles O. Andrews for the large vote he received in his candidacy for re-election.

The congressman disclosed that a report is likely to be made by (Continued on Page Two)

## Holland Thanks People For Vote In First Primary

BARTOW, May 9.—(Special)—"Victory was all the more pleasing because it was won 'cleanly,'" said Spessard L. Holland, candidate for governor who finished first in Tuesday's primary today. "I deeply appreciate the support given me and am confident of going on to win May 24."

No appeal was made by my friend or myself in the first primary on the merits of any candidate. We harbor no ill feeling toward any candidate or the friends of supporters of any candidate. We extend to them and their friends and supporters a warm welcome and a cordial invitation to join us in our fight for clean government."

## Whitehair Thanks Electorate For Support At Polls

DELAND, May 9.—(Special)—Francis P. Whitehair last night issued a statement in which he thanked the electorate of all Florida for the vote given him at the polls Tuesday.

Apparently assured of a berth in the second primary for the gubernatorial nomination, Whitehair expressed a belief "that the people of all Florida have accepted and endorsed my program for a united commonwealth, dedicated to the welfare of our human beings."

In his expression of gratitude for support Whitehair said "I am deeply grateful to the thousands of Whitehair friends and supporters who have received me so kindly, who have worked so sincerely and faithfully in my behalf, and my pledge to them as to all Floridians is that Francis Whitehair will truly be a good governor."

Members of the local lodge of the Independent Order of Odd Fellows will go to Kissimmee Friday night for the initiation of a class of candidates. Transportation will be furnished for any desiring to go.

## City News Briefs

The Herald erroneously reported yesterday that Joe Pinder had been released by the Sanford Seminoles baseball club. Pinder was placed on the suspended list and can be called again for duty at any time.

## Andrews Adds To Lead For U. S. Senate; Carter Noses Out Bernarr MacFadden

Holland Increases Margin Of Victory

Runoff Looms Between Bentley, Watson For Attorney Post

Townsend-sponsored Jerry Carter today nosed out Bernarr MacFadden in the race for second place in the Senate struggle and for the privilege of running it off with Senator Andrews who continued to increase his lead as returns from the outlying precincts trickled in.

Spessard Holland, too, lengthened his lead in the Governor's race and stood, with 1272 precincts out of 1492 in Florida reporting, at 104,247 votes while Francis Whitehair with 82,754 votes was being pushed for second place by B. F. Paty of West Palm Beach who had 35,920.

Other gubernatorial candidates and their votes were as follows: Barbee 31,382, Clancy 2,330, Fraser 33,801, Maples 2,731, Schoepf 7,445, Van Roy 2,921, Walker 16,117, and Warren 68,501.

In the Senate race Andrews had 150,859; Carter 66,595, Coe 40,065, Cone 50,149, Hazan 4,093, and MacFadden 65,484.

Douglas appeared the likely winner for the post of railroad commissioner with 87,754 votes to his credit as compared with 71,158 for Sam Peacock of Umatilla.

Jim Lee was also re-elected as state comptroller. His vote stood at 142,028 with 25,410 for Fraser and 20,636 for Brown.

In the attorney general's race a runoff election between Bentley and Watson loomed with Bentley in the lead. He had 84,533 votes to 84,510 for Watson. Conklin had 25,188, Donnell 29,484, and Martin 30,927.

For state treasurer Larson had a strong lead though a runoff off between him and Wainwright appeared inevitable. Larson had 105,124 votes to Wainwright's 88,631. Third man in the race, Richard, had 25,116.

In the second congressional district the incumbent was leading with 37,942, but probably will not have to go into a runoff with Cary who was second high with 16,591. Johns received 11,219 votes.

In the third congressional district, Sikes had 13,890 votes to Mays 12,236, Wood 8,710, and Gillis 7,047.
