

MRS. MAURINE WALKER, postmaster of Chuluota, took a well earned vacation to Choudrant, La.

### First Ride On Plane

By LIZ BAKER  
CHULUOTA—Mrs. Maurine Walker, postmaster of Chuluota, has returned from her vacation in Choudrant, La., where she attended her family (Barrett) reunion. It was the first time in 40 years that the family had been together and the first time in 20 years Mrs. Walker had seen her youngest sister.

### Animal Explosion, Too

By ELOISE KEELER  
Cepley News Service  
"My dog has nine pups... but they're cute. Know any one who wants one?"  
"Both my mother cats have kittens I have to find homes for."  
"My dog's in heat. I keep her indoors but about 20 males hang around hawking and fighting... Someone called the police."  
"That cranky old woman next door keeps complaining about my dogs getting in her garden."  
Recently I've been hearing more and more such remarks from distracted pet owners who, unwittingly, are allowing more and more pets to be born, creating neighborhood nuisances and what has recently been dubbed "pet pollution."

Jarman introduces Valflex to give you more for your money in STYLE and COMFORT

OVERPOPULATION of pets is causing a lot of concern among animal lovers.

## 'Alligator Alley' May Have 'To Go' Road Said Menace To 'Glades'

TALLAHASSEE, Fla. (AP) — 'Alligator Alley,' modern man's shortcut trail across the Everglades, may have to go to preserve the ancient wilderness, the State Cabinet was told Tuesday.  
Ecology professor Arthur R. Marshall, head of the University of Miami's division of applied ecology, submitted a report to the Cabinet detailing the menace to the Glades of creeping civilization.  
Joel Kuperberg, director of the state's land management agency, said a "great many things" in the report would be helpful. The Cabinet accepted the report without taking action to implement any part of it.  
Probably the most controversial recommendation dealt with Alligator Alley, the two-lane toll road linking Fort Lauderdale and Naples that was built in 1960 at a cost of millions of dollars.  
The State Department of Transportation has approved a plan calling for construction of an Interstate 75 extension from Tampa to Miami on an Everglades route paralleling Alligator Alley.  
"There may be more reason to remove Alligator Alley than there is to make it an interstate highway," Marshall said.  
He also recommended that more drainage canals be built in the Florida area, including the southern Florida area, and that the other step toward saving the Everglades.  
Kuperberg, director of the Interstate Improvement Fund, said some of Marshall's suggestions were "economically or politically impossible," but said he agreed with a great many of them.  
"It is utterly ridiculous to build canals in a period of drought," he said, underscoring some of Marshall's key criticisms.  
Some major points made by Marshall included:  
—Florida's Cabinet, Natural Resources Department and congressional committee to press Congress to provide more public works funds for the glades area despite a growing water shortage and other ecological problems.  
—The rich muck supporting vegetation in the glades area is rapidly being destroyed through drainage and tillage. Around Okeechobee's farming area, the muck's thickness has been reduced five feet in 44 years and only fares a life expectancy of 25 years. Large areas of bare rock have been exposed in the northern Everglades Park.  
—Marshalls also proposed that the state "fill in Canal C-111 from U.S. Highway 1 to Barnes Sound," and "re-examine all existing or proposed drainage canals with a view toward eliminating those which are not needed."  
He called for restoration of water quality in the Kissimmee lakes through improved sewage treatments and occasional lowering of water levels to allow oxidation of accumulated bottom ooze.  
—State acquisition of the Pahkahatchee Strand; federal acquisition of the central drainage area of the big cypress wetlands; and acquisition of the 28,000-acre triangle in the headwaters of Shark Basin east of the park.  
—Limiting the influx of nutrients and other pollutants in the basin, possibly by controlling septic tanks, recycling wastes and discontinuation of persistent pesticides.  
—Locating any new jetport on high, dry land. Demands on the area will increase, Marshall said, and even now rejuvenation would require efforts of the size "contemplated for stressed cities of the nation."

## 'Public Servant' Saves Boy's Life

By LARRY NEELY  
The accuracy of the title "public servant" is some times questioned but it cannot be questioned as far as Curtis Dunaway, of the Seminole County tax collector's office, is concerned. Dunaway, a Lake Mary resident, was credited last Friday with saving the life of a 17-year-old tourist on Walker Kay Island in the Bahamas.

Dunaway and nine other members of Sanford Flotilla 41, U.S. Coast Guard Auxiliary (Dunaway is commander), were on a boating expedition to the Bahama Islands last week when his party discovered the youth at the bottom of a swimming pool on the privately owned Walker Kay Island.  
In recounting the incident, Dunaway said that he and his wife, Alma, and Marie Cushing, of the Sanford Flotilla, were standing poolside when his wife noticed the boy at the bottom of the pool. According to Dunaway, he, Mrs. Cushing and Ernest Baumeister Sr. dove into the pool and pulled the youth from the bottom. Dunaway then began mouth-to-mouth resuscitation.  
Dunaway said he was uncertain as to how long he worked on the youth before he began to respond. An island doctor had the boy flown to the States when he had recovered sufficiently to be moved. The doctor stated the boy would have died had it not been for the quick reaction of Dunaway and the rest of the group.  
This is not the first time Dunaway has been credited with saving a life with mouth-to-mouth resuscitation. Two years ago Dunaway was credited with saving the life of his father-in-law, Slayton Bradley, who had gone into a state of deep shock as a result of an auto accident.  
Dunaway stressed he would have not had the knowledge to do what he did without the training he has received in the Coast Guard Auxiliary and lifesaving training offered by the group.  
Dunaway joined the Winter Park Flotilla of the Coast Guard Auxiliary in 1967 and was one of the charter members of the Sanford Flotilla. He became interested in the group after an eight-year tour in the Navy.  
To acknowledge his for his heroic feat Dunaway was awarded a Walker Kay Club medalion by officials of the privately-owned island.  
Dunaway joined the Winter Park Flotilla of the Coast Guard Auxiliary in 1967 and was one of the charter members of the Sanford Flotilla. He became interested in the group after an eight-year tour in the Navy.  
To acknowledge his for his heroic feat Dunaway was awarded a Walker Kay Club medalion by officials of the privately-owned island.

Another motel for Sanford... or should we say "duplication" coming at the 14 and SR-46 Interchange.  
Will be around 130 rooms, we're told, and it will also be a Holiday Inn.  
Just the beginning of the new skyline image, folks. And then you can look for some really, really big (multi-story) apartments / condominiums to "sprout" along the picturesque lake front drive.  
About that dog which was lost, and an offer of \$100 reward leading to its safe return... mentioned it last week in The Clock and it will also be a happy story that they were reunited with calls and the dog has been returned.  
Glad to have been of service...  
You know, with the way it's unsafe walking the streets of our nation's capital, as an example, you sit back and wonder what in the heck can be done to correct the situation.  
Had the opportunity of reading something which I thought was "just what the doctor ordered"...

"The streets of our country are in turmoil. The Universities are filled with students rebelling and rioting.  
"Communists are seeking to destroy our country. Russia is threatening us with her might... And the Republic is in danger.  
"Yes, danger from within and without. We need law and order!  
"Without law and order our nation can not survive."  
Are you all set to chirp in with an "Amen"? It's about time somebody sounded off!  
Well, before you do... don't you think it'd be a good idea to find out who said it and when?  
It's hard to believe, but... these thoughts were expressed back in 1902.  
The fellow who uttered 'em... Adolf Hitler.  
It pays to advertise in The Sanford Herald. Monday's edition carried a picture of one of four puppies at the city dog pound. Not only did these four puppies find instant homes, the entire stock of dogs at the pound was "wiped out" by dog lovers who saw the picture.  
The Mayfair Country Club was in the news nationally following a wedding on the ninth green. Among those making mention to the happening was Paul Harvey on his nationally syndicated radio program.

## Should Close Today Sale Of Marina Is Expected

By BILL SCOTT  
Sale of Monroe Harbours, Inc., marina properties to an executive with Sperry Rand, Inc., of New York is expected to be concluded this afternoon at the Sanford Marina.  
This was disclosed today by Carl H. Miller, Orlando insurance man, and Warren W. Bennett, another Orlandoan, who had earlier this year taken an option from Ashland Oil Co., parent company of Monroe Harbours Inc. to purchase their holding, which are situated on the waterfront.  
Both Bennett, who is a retired long company executive, and Miller indicated the sale would be consummated this afternoon to Charles Rockwell, formerly with Sperry Gyroscopic Company.  
Details of the purchase price were not disclosed; however, The Herald has learned that Rockwell will pay slightly more than \$250,000, the amount suggested by the owners to City of Sanford, when the municipality was considering purchasing the property earlier this year.  
Richard Dunning, Cobia Boats executive and Monroe Harbour Inc., official who has been handling the negotiations here for Ashland Oil, said Rockwell was buying the right to buy the harbor properties.  
He said the sale had been tentatively approved by the parent company and would still have to receive approval by the Kentucky firm before becoming final.  
Dunning said the sale was being done on a "little different basis" than had first been offered to the city.  
Bennett said he and Miller decided to sell their option rights to the lakefront boating operation and storage complex after negotiations with an unnamed prominent individual, who had indicated an interest in the holdings, backed out and could not be refilled.  
Bennett said he did not know how the court suit involving

## Businesses Removal Seen SR 436 Growth Eeyed

By LARRY NEELY  
DeLand — The traffic problems at the intersections of Highway 17-92 and SR 436 and SR 436 and Interstate 4 have solutions in sight. How long the solutions will be effective and when they can be put in effect depend on roads that have yet to be built and elusive federal money.  
Nevertheless, Seminole County Commission Chairman Greg Drummond was "less dissatisfied" with the explanations given by the State Department of Transportation (DOT) at a meeting between Drummond, County Engineer William Bush and C. A. (Bill) Bennett, chief DOT district engineer, and Al A. Davis, district transportation planning engineer, at the DOT office here.  
The solution to the overburdened SR 436 interchange on Interstate 4 was provided in a study prepared by Dr. Joseph A. Wattworth, transportation professor of the department of civil engineering at the University of Florida. Wattworth studied the interchange, which during the morning and afternoon rush hours takes on the appearance of a California freeway and came up with nearly 20 possible solutions for the DOT. The solutions range from resignaling to scrapping the interchange entirely and rerouting SR 436 along a route where rights-of-way could be purchased economically to construct a cloverleaf interchange. The proposals took into account costs, rights-of-way, and traffic capacities.  
The DOT has included \$20,000 in the five-year road program to allow for the construction of additional southbound on-ramps and north bound off-ramp lanes and two left turn lanes on the westbound lanes of SR 436. The two additional turn lanes would eventually be connected to I-4 with a fly over. The left turn lanes can be constructed without any alterations to the present overpass by utilizing the median strip.  
The success of the solution depends on the construction of the proposed beltline loop around the west side of the metropolitan Orlando area. The beltline, as it is tentatively proposed, would connect with I-4 between the SR 436 and SR 434 interchanges in Seminole County. This would relieve much of the traffic bound for the Martin Marietta plant and other industries in the southwest portion of the Orlando area and provide a bypass of the downtown area through traffic.  
DOT officials say they are not sure how they are going to handle the fly-over and that is the reason the exact amount of funds agreed to be limited. Drummond asked if the DOT (Continued on Page 3A, Col. 1)

MISS DELTONA FINALISTS  
FOUR FINALISTS — The four finalists who will compete for the coveted "Miss Deltona 1970-71" title shown with Bonnie Lewis, Miss Deltona 1970-71 (center).  
From left are: Kris Svenson; Susan Josias, (Miss Deltona 1970-71); Joan Candalino, and Donna Breitengross.

## Deltona Plans Celebration

DELTONA — Deltona residents are looking forward to the community's main event of the year — the sixth annual "Miss Deltona" contest which will highlight the area's Fourth of July celebration.  
Four young ladies were chosen from a field of 19 contestants at the recent semi-finals, respectively in the finals to be staged in the community's annual Fourth of July Celebration in the community center on July 4 at 2 p.m.  
Kris Svenson, Susan Josias, Donna Breitengross and Joan Candalino, the four finalists were chosen on judging based on a 30-point total scoring system, with a potential 19 points awarded in each of three categories — poise, personality and speaking voice. Before final judging, each contestant briefly answered the question, "What is your opinion on fashion today?"  
The four finalists will each present an essay, not longer than five minutes in duration, on the fourth, entitled "What Do You Expect as an Individual to Contribute to Our Country?" This will be a determining factor in the final selection of Miss Deltona 1971-72. The winner, together with her parents, will be the weekend guests at Marco Island. She will also receive a gift from the Florida Greeting Service. Each of the three runners up will receive cash awards of \$50, \$35 and \$25, respectively. Approximately 18 local organizations contributed to make these awards possible.  
Activities at the July Fourth celebration will commence at 2 p.m. Ceremonies will open with the posting of the colors by the local veterans organizations, Veterans of Foreign Wars, American Legion and Disabled American Veterans, followed by the Pledge of Allegiance. Rev. Carl White of the Deltona Christian Church will give the invocation, and the Deltona Women's Club choral group will sing "God Bless America," Lt. Col. (Continued on Page 3A, Col. 1)

## Sentences Given In Circuit Court

By MARION BETHA  
A defendant who was charged with attempting to murder a Sanford police sergeant was sentenced yesterday by Circuit Judge Roger Dykes to six months to five years in prison.  
Lee Peterson was charged with assault with intent to commit a felony, second degree murder upon Sgt. Charles Tate in an incident occurring on Mulberry Avenue between 10th and 11th Streets, in which he made an assault with a pistol upon Sgt. Tate. It was charged that the defendant shot at the sergeant with a premeditated design. Peterson pleaded guilty to the lesser offense of aggravated assault on Jan. 11.  
He was arrested on Jan. 20 by sheriff's vice squad agents at a raid upon his residence at 10205 Encino Way, in the (Continued on Page 3A, Col. 4)

# The Way Of Peace

By REV. DAN CASSEBERRY

God has not given us a spirit of fear; but of love, and of power, and of a sound mind. II Timothy 1:7.

The absence of God's Spirit — fear.

The presence of God's Spirit — love, power and a sound mind.

Are you afraid? Much of our society seems to be. Afraid of not being accepted. Afraid to go to work. Afraid to go home. Afraid to face reality!

We live in fear of the past, the present, and the future. The evil spirits of our present age offer their own solutions to our fears: witchcraft, astrology, alcohol, drugs. . . .

How deceptive! These all end in disillusionment, they increase rather than diminish our fears. They drive us away from the true answer, God.

The Spirit of Christ transcends the time barrier. The Spirit of Christ breaks down the walls of fear, which produce suspicion, hate, jealousy, prejudice and anxiety. He builds bridges of interpersonal relationship based on love . . . first with God, and then with man.

His Spirit can give us a clean heart which yields by alcohol, or twisted by drugs. He gives us a sound mind when we are set free by the Truth to do what is right.

Why do we have so much fear. . . so much running away? It is because as individuals and as institutions we have rejected the Spirit of God. We have created our own definitions for love. We, in so doing, have cheapened its meaning, and perverted its expression. (cf. I Cor. 13.)

We have chosen to make our own power resources, only to find these inadequate. We have placed our trust in our own defenses instead of in the Lord. We turn to psychology and medicine to give us a sound mind.

We have proved ourselves to be wrong, and we have produced a "lost generation." They are searching for the right answers, some times for the right questions! We must rediscover for ourselves the love and power of God. What it means to have a sound mind. These come through the Holy Spirit. We must let Him conquer fear in us, so that we might in turn conquer fear in the world . . . showing others the way of peace.

# War, Draft Stir Clergymen To Action.

By CLAIRE COX  
Copley News Service

NEW YORK — Two Roman Catholic priests have been imprisoned for burning draft cards. The presiding bishop of the Episcopal church rose at a recent annual meeting of General Motors to challenge its policy of doing business in racially segregated South Africa.

A leading seminary has revised its curriculum to put less emphasis on instruction in pulp preaching and more on on-the-job training in dealing with social concerns out where the people are.

These are important aspects of the new look of religion, 1971. They form a picture of extremes, and some of its colorings are far from pretty. But it is a picture of a clergy that has come a long way from the 1850s and 1860s, when the mere presence of a clerical collar on a picket line or "Rev." in front of a name on a petition or resolution broad front in an offensive against war, poverty, pollution, discrimination and what they regard as economic irresponsibility.

Not only individual ministers but entire denominations and interfaith groups are engaged on a broad front in an offensive against war, poverty, pollution, discrimination and what they regard as economic irresponsibility.

The war in Vietnam has put some clergymen actively on the side of draft dodgers, while others, individually and collectively, have demanded that con-

scription be abolished.

Since the first of the year, the church of clerical opposition to continuation of the Vietnam conflict has been swelling. Of particular note is the fact that religious leaders have initiated some of the protests.

Minnesota Protestant officials took part in a "Dump the War" peace rally. Several Methodist bishops are involved in "Set the Date Now" campaign to end the war by Dec. 31.

A student-faculty delegation went from Garrett Theological Seminary in Evanston, Ill., to Washington to urge withdrawal of all U. S. forces by Christmas. The deans of Episcopal seminaries asked the President and Congress to withdraw unconditionally from Vietnam as soon as possible.

The General Assembly of the Presbyterian Church in the U.S. (Southern) has urged members to work for peace and has organized a "Presbyterian Witness for Peace" to go to Washington to make this view known. Fourteen Roman Catholic bishops in New England joined in protests against the "war and morality" of U.S. involvement in Indochina, and voiced strong objections to atrocities and saturation bombings.

Most of the activism is peaceful in nature, but there have been extremist moves, which have been highly publicized, such as the cases of the Revs. Philip F. and Daniel Berrigan, brothers and Catholic priests,

who are serving prison sentences for destroying draft board records.

Philip and 13 others, including priests, former priests and nuns, have been implicated in an alleged plot to kidnap Henry A. Kissinger, assistant to President Nixon for national security affairs, and to dynamite the heating systems in federal buildings as their expression of dissent from the administration's Vietnam policy.

For the most part, members of the clergy, however, contrast their stands may be, have been satisfied to remain within the law, if not within the good graces of their churches.

LOST AND FOUND singing group composed of college students Jan Poole, Paul Pitts, Jo Ann Gilbert, Bill Nielson, Judy Cochran, Dan Jackson, Kay Hawkins, and Mike Price, sang in concert Saturday night at the Sanford Civic Center and took part in the Sunday service at the Nazareth Church.

## Director Of Planning Named By Lutherans

TAMPA (SPL) — Sam Edwins, associate director of the commission on stewardship of the Lutheran Church in America, has accepted a call to become the director of planning and development for the Florida Synod. The 116 congregations in Florida make up the synod, which is one of 33 in the national body.

The synod created the new position in May during its annual convention adding a third person to its present full time president and secretary. Edwins will work primarily with congregations helping them to establish goals and priorities for most effective service. He will work out of the synod's office in Tampa, beginning Aug. 1.

Born of missionary parents in China, he received his college education in business administration at the University of Minnesota. After 13 years with Lockheed Aircraft Corporation in California he entered full time work in the church in the field of stewardship. Overseas assignments took him to Europe, Asia and Africa. He has written numerous handbooks in stewardship and family money management.

Mr. and Mrs. Edwins have two sons, Michael, who is a Lutheran pastor, and Steven, an architect. They will make their home in Tampa.

## Reception Will Honor Rutlands

A welcoming reception for the Rev. Walter B. Rutland and family will be held Sunday, June 27, at the First United Methodist Church at DeLand, 5 to 5 p.m.

Rev. Rutland has been named superintendent of the United Methodist Church's six-county DeLand District.

His appointment to succeed Dr. J. Milburn McLeod, who is returning to the pastorate after four years in the district post, was announced by Bishop W. W. Henley at the Florida Methodist Annual Conference in Lakeland.

Rev. Rutland has been pastor of Lakeland's First United Methodist Church since 1967, and was previously associate minister for 14 years to the late Dr. J. Wallace Hamilton at Pasadena Community Church in St. Petersburg.

Mr. and Mrs. Rutland and their four children will make their home in DeLand at the latest purchase, 898 North Boston Avenue.

### AREA CHURCH NEWS

**COMMUNITY UNITED METHODIST CHURCH OF CASSELLBERRY** climaxed an eight-day Vacation Bible School Wednesday night with a closing program presented by the children and room visitation. Mrs. Sandy Lenzen was director, assisted by Mrs. Juanita Nelson. There were approximately 150 children enrolled and over 50 on the staff including 30 teenagers who were in charge of recreation and assisted in all other phases of the program. During the VBS the three kindergarten classes visited the Casselberry Post Office. Fire Department and Police Department. The collections taken will go to the transportation fund for taking the county's mentally retarded children to the clinic each week.

"His House" Coffee House will be open Friday, 8 p.m. for senior highs and college age youth. ESSOE (Every Saturday School of Evangelism) will be held at 10 a.m. Saturday for all youth interested in learning how to better witness for their faith.

The Christian Homemakers Class met Tuesday for a covered dish supper at the home of Mr. and Mrs. Martin McClain in Casselberry. Rev. and Mrs. E. P. Richards showed movies of their recent trip to Europe. He is teacher in the class. Plans were made for the children's supper which the class will sponsor in Fellowship Hall 5:30-7:30 p.m., Saturday, July 10, to raise funds for the class mission projects.

CENTRAL BAPTIST CHURCH will complete two weeks of Vacation Bible School Friday, with classroom visitation at 7 p.m. and a program in the sanctuary presented by the children at 7:30 p.m. The school enrolled 348 children and adults with an average daily attendance of 260. On July 6, 29 boys and girls

Each Tuesday at 8:30 a.m. prayer group meets in the chapel.

**ELDER SPRINGS BAPTIST CHURCH** will hold Vacation Bible School Commencement Exercises tonight at 7 o'clock. Open house in each department will begin at 6:30 p.m. Projects made by the children will be on display. There were a total of 171 children 5-15 years attending more will speak on the subject "The Art of Tearing Down Walls" at the 11 a.m. service on June 27.

Vacation Church School will be held June 28 through July 2 from 9:11-10 a.m. Mrs. Roy Lanier is director. Classes are from Nursery through 6th grade.

The Youth Activities of the church are under Mrs. Marilyn Bellhorn, youth director for the summer. On Saturdays from 8 to 11 p.m. Recreation Night will be held at the Youth Building with different types of games for the young people. This Tuesday, the youth will go to play Putt, Putt Golf. All the young people are invited to join in the fellowship.

**ROBERT WARD** Instructor At Seminar

Robert L. Ward, vice president of Gale Associates, Inc. and manager of the Commercial Investment Division in Manhattan, recently participated in a one day Exchanging Seminar held at the Holiday Inn in Miami.

He was invited to speak by the exchangers of Miami Board of Realtors. Ward taught the latest exchanging techniques pointing out how they can help solve clients' tax problems.

# Businesses Removal Seen SR 436 Growth Is Pictured

\* Continued From Page 1

plans to explore the possibility of additional federal funding for the alterations. Benedict said they would explore the possibility but were not optimistic as the federal government does not usually participate on a 90 per cent basis when the interstate had been accepted. Davis suggested proceeding without planning on federal funds to allow the project to be completed as soon as possible.

With the construction of the bridge, the planned interchange at the SR 436 interchange, according to Wattleworth, would be effective to at least 1980 and perhaps beyond. Without the bridge, the interchange again would surpass its planned capacity by 1980. The beltline's future is a nebulous one as some state officials say the project is alive while many others say the project is dead.

Using Wattleworth's approach to the study of the SR 436 interchange the DOT conducted a similar study of the SR 436 and Highway 11-92 intersection. Their study also produced a multitude of possible solutions. The solutions again ranged from resignalization to a major intersection with one of the roads passing over the other. The expressed problem with the latter was the cost. To create a cloverleaf at the intersection is estimated by the DOT to cost \$10 million and would result in the removal of the Jai Alai Fronton, parking at Seminole Plaza, a bank, four service stations and several other businesses complexes.

What DOT officials propose for the county's busiest intersection is complete resignalization accompanied by the addition of a left turn lane at each approach giving two left turn lanes which would be constructed utilizing the present median strip, thus eliminating the need for additional rights-of-way. Also Highway 11-92 is slated for six-laning from the intersection south to Matiland Road. A new interchange is also planned at Matiland Avenue.

The changes—at the intersection, according to DOT officials, will make the intersection capable of safely handling the anticipated traffic flow for six to seven years. By that time DOT officials are hopeful a new road will have been constructed connecting Highway 11-92 with Red Bug Road which will have been turned over by the county to the state as primary road by that time. Also Red Bug Road is planned to extend past SR 436 eastward to SR 320 by a realignment of the eastern end so as to join Chapman Road. Without the new road connecting Red Bug to Highway 11-92, the SR 436 and Highway 11-92 intersection will reach its planned capacity by 1980 and further alterations will have to be made to handle the anticipated traffic flow.

Funding for the changes at the intersection will hopefully be coming from the much talked about TOPICS program which has recently been expanded to include Seminole County. No funds have yet been budgeted by the federal government for the program, but Benedict said the intersection has top priority as an add-on project to the program.

Davis said there is a possibility that several other projects that have run into problems with right of way and will be delayed can be pushed back on the priority list and the SR 436 and Highway 11-92 intersection pushed ahead.

# Deltona Schedules July 4 Celebration Several Sentenced In Court

\* Continued From Page 1

Robinson, The Empire State Club entertainers under the direction of Mrs. Charles Weidig have also planned a special program. A number of variety acts, under the direction of Mrs. Wilhelmina Stuenkel are also listed on the agenda.

Preparations and rehearsals leading up to the gala "Miss Deltona" contest were under the direction of Mrs. Henry St. Rock and Howard Holsberg, co-chairmen, assisted by Mrs. Lewis Bucher, Mrs. Angelo Mercovelli, coordinators; Frank Fiscia, stage director; Mrs. Joseph O'Brien and Mrs. Cecil Sellers, musicians. Also helping to make this event a success by serving in various categories are Mrs. M. M. Caskey and Mrs. Robert Daniel.

Following church services on Sunday, July 4, area residents are urged to pack a picnic lunch, bring chairs and join their friends, family and neighbors on the grounds of the community center for lunch prior to the afternoon's formal program. Everyone is invited to make this a "Safe and Sane Deltona Fourth Celebration" by remaining close to home during the three-day weekend.

Also sentenced was Joseph Barton Brown, who was charged with uttering a forgery. On Oct. 29, 1970, Brown entered a guilty plea to the lesser offense of attempted uttering of a forgery. The defendant was ordered to remain on bond during pre-sentence investigation. Brown was charged in a July 3, 1970 incident in which he forged a check upon Norval Angle.

A xerox copy of the check was among the file upon Brown. Brown was sentenced yesterday by Judge Dykes to three years in prison.

**Plans Are Underway For Water Department**

By ANN RILEY

LONGWOOD — The City of Longwood is in process of purchasing land as a site for its proposed sewer system and has authorized City Attorney S. Joseph Davis to negotiate with the owner, Walter Krohne Sr.

Reports were received from the water commission and an additional meter reader was pointed out. Plans are underway to establish a water department completely separated from the city clerk's office.

Samuel Hodges, building inspector, has resigned, but agreed to stay on until a replacement is found. City Superintendent Ralph Fisher was authorized to find a new building inspector to take his place at a \$400 a month salary.

A report from the police commission recommended a pay increase on the merit system for members of the police department and it was authorized by the council.

The police chief's salary will be increased from \$225 to \$250, lieutenants to \$225; sergeants to \$200, and patrolmen to \$175.

The class meets on Monday, Wednesday and Friday from 3-6 p.m. Night classes are held 6-9 p.m. on Tuesday and Thursday. Anyone wishing further information may call the school office.

NEWLY ELECTED officers of Mary Margaret Auxiliary are looking forward to a year of active participation in the church, the community and in the world. Seated, Eileen Thomas, president, and Margy Furino, first vice president; standing, Nancy Mueller, recording secretary; Elaine Henis, treasurer; Mary Nixon, second vice president; and Jan Miller, corresponding secretary. (Marilyn Gordon Photo)

# Two Nurses Receive 'Lamplighter' Honors

By ANN SIECKOWSKI

Receiving plaudits of District 37, Florida Nurses Association, were the two nurses who are "Lamplighters," Mrs. Cora Middleton and Miss Rachel Lee.

The requirement for this recognition is 25 or more years as a registered nurse in the association.

Mrs. Middleton was graduated from Orange General Hospital in Orlando in 1932, at which time she joined the Nurses Association. She is a past president of District 29 and organized District 37. She is an administrator by profession, holds certification in hospital administration from Georgia State College in Atlanta and has served as administrator in several institutions.

She admits that surgery is her first love in nursing and was the first operating room supervisor in the Palatka Hospital when it opened for service.

Mrs. Middleton is semi-retired now and lives in DelRay. She still attends the association meetings to keep in touch with old friends and is kept busy with installation programs. She recently used the "Hands" message for District 37 installation. This was her original service when she began the installation circuit through nursing circles.

Miss Lee is a graduate of Hampton Nursing School in Hampton, Va., in 1931. She came to Florida in 1940 and was a member of District 8 Florida Nurses Association until District 37 was organized in 1962. She has been a member of the Florida Association for 29 years.

Miss Lee said she always enjoyed work in the internal medicine floors more than any other. She is retired now except for her associate membership in the association and, of course, she is a familiar face in the volunteer ranks at nursing homes and for other health agencies.

These two women exemplify the dedication to helping the unwell which is the true role of the registered nurse.

LAMPLIGHTERS in the Florida Nurses Association District 37 are Miss Rachel Lee (left) and Mrs. Cora Middleton. Between them they have a total of 79 years in nursing. (Ann Sieckowski Photo)

## Meet Our Staff

**JAMES THOMPSON**  
James Lewis Thompson, 68, resident of Sanford for 20 years and Deltona for the past four months, died Thursday night. He is survived by his wife, Alice.

**HORACE COCHRAN**  
Horace E. Cochran, 91, of 117 Laurel Avenue, died Thursday morning following a long illness. Born in Camilla, Ga., he came to Sanford 27 years ago and was a retired barber. He was a member of the Presbyterian Church in Chattanooga, Tenn.

Survivors include a brother, Grover C. Cochran of Jacksonville and several nieces and nephews.

Brisson Funeral Home is in charge of arrangements.

**COURT MEMBER Elected To Supreme Post**  
Spire Circle of Cathedral Court, Order of the Amaranth, met Friday afternoon for a luncheon and picnic supper at Buckeye Acres in Osteen with Mrs. Karl Ruescher and Mrs. Cloyd Stauch as hostesses.

One of Cathedral Court members, John Carroll, will be inducted at Supreme Post, June 30, in Oklahoma City, as Supreme Royal Patron, the world's highest office a man can achieve in the Amaranth.

In his honor a banquet will be held in St. Petersburg August 7. The club voted to dispense with the July meeting and will meet in August with Mrs. Margaret Morrison in Deltona.

**Funeral Notice**  
COCHRAN, HORACE E.—Funeral services for Horace E. Cochran, 91, of 117 Laurel Avenue, who died Thursday, will be held Sunday at 1:30 p.m. at Brisson Funeral Home with Rev. Fred B. Chance officiating. Burial will be in Camilla, Ga. Brisson Funeral Home in charge.

**When Service Matters**

## BRISSON FUNERAL HOME

OLDEST FUNERAL HOME IN SEMINOLE COUNTY — FIRST ESTABLISHED IN 1885

Editorial Comment

More Revelations From Pentagon Papers Due

Publication of parts of the Pentagon's study of the origin and evolution of the American role in the Vietnam war by an increasing number of newspapers needs to be viewed as an opportunity, long denied, to establish a sound basis for citizen support for a properly balanced, constitutionally defined government.

Some have a very sour taste, indeed. For those facts already published show that decisions had already been made at the highest level to expand American involvement in the Vietnam war while public, campaign claims had been quite the opposite.

exposure has spurred the Congress into actions by which the legislative branch of government can try to redeem its failures of the past many years.

These men and some of their appointees made decisions which were not only shielded from the public view but regarding which their public utterances encouraged public misinterpretation, a sobering duty has come to the citizen.

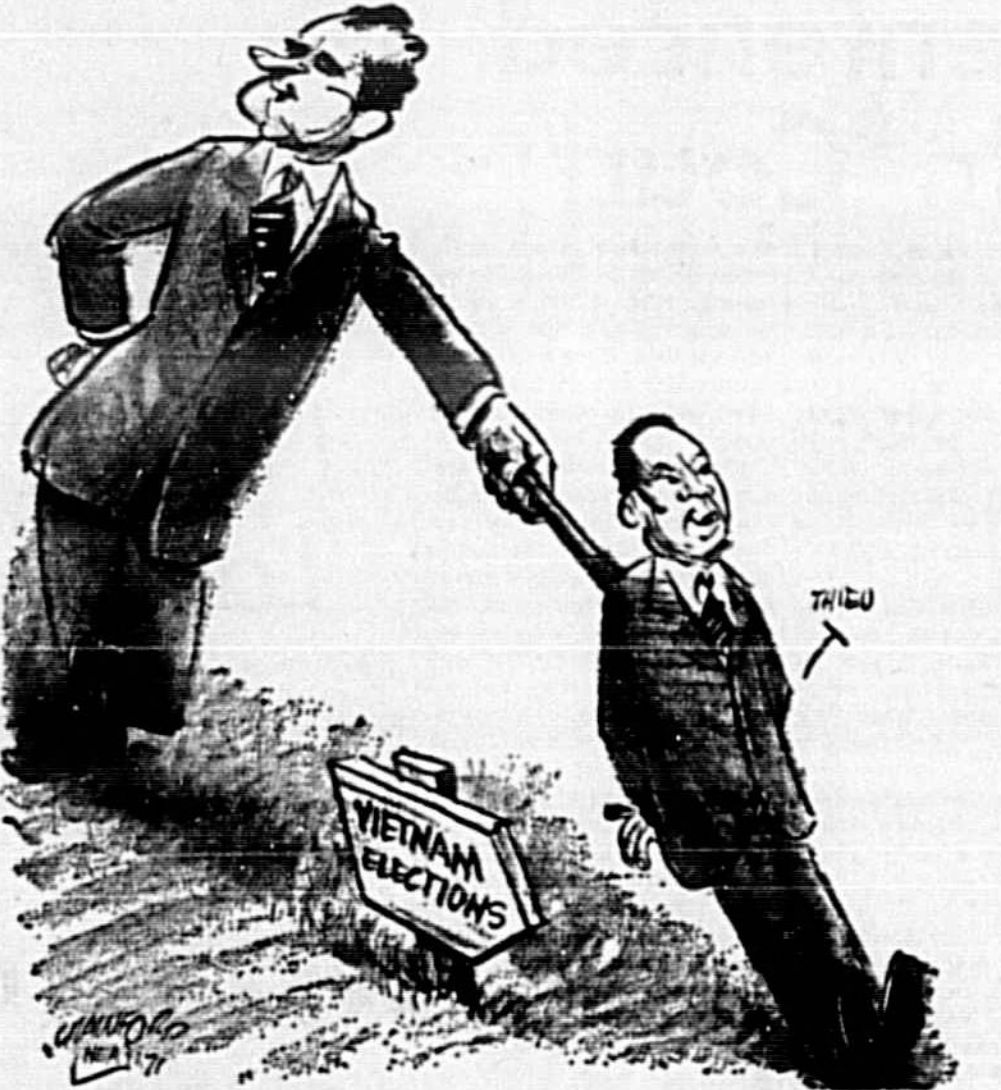

Advance Scrutiny

The United States Congress, frequently accused of sluggishness in passing on worthwhile legislation, does boast a change of pace. It moves even more slowly in abolishing obsolete, inefficient or wasteful programs.

Taxpayer Saving

Among the species in danger of extermination in an unfriendly environment is the American taxpayer. He is being treated like a pest, and we believe the time has come to organize a society to prosecute what is in effect — Charleston (S.C.) News and Courier

"We're Maintaining a Strict Hands-off Policy!"

Don Oakley Says:

Some Dividends In Recycling

Improving processing and refining techniques now make full commercial application feasible. In Vermont, 85 per cent of total organic pollution from industrial sources is when a by-product of cheese making, most of it was dumped into rivers, until anti-pollution legislation went into effect.

from the manufacture of paper and facial tissue will soon help increase the supply of vanilla flavoring, cosmetics, medicine, soil conditioners and adhesive.

Hal Boyle Says:

Being Ornerly Comes Naturally

There is no real reason why we should always try to rid ourselves of unreasonable prejudices. Being ornerly and contrary now and then is part of human nature and helps keep us human. For example, I have spent all my life on the lam from lamb. I know it is unreasonable to flee lamb when so many people agree it is tender.

Never lend money to a guy who half the time wears one of his suits inside out. You can't trust anyone who is that badly organized.

Political Notebook:

Warping Of Public Opinion

WASHINGTON (NEA) — In the Pentagon papers, Lyndon Johnson's advisers are shown to have planned in 1964-65 to warp public opinion toward accepting a wider U. S. role in the Vietnam war.

Curiously, with his third term secure and Wilkie beaten, FDR nevertheless chose on Dec. 29, 1940, to repeat his no-war pledge in a key fireside chat. He was explicit: "You can, therefore, not talk about sending armies to Europe as deliberate untruth."

Domestic Commentary

Brass Ignores Own Experts

WASHINGTON (NEA) — A most worrisome aspect of the Pentagon Vietnam papers is the frequent use of military high officials of the government who have ignored facts presented by their own professional subordinates.

BERRY'S WORLD

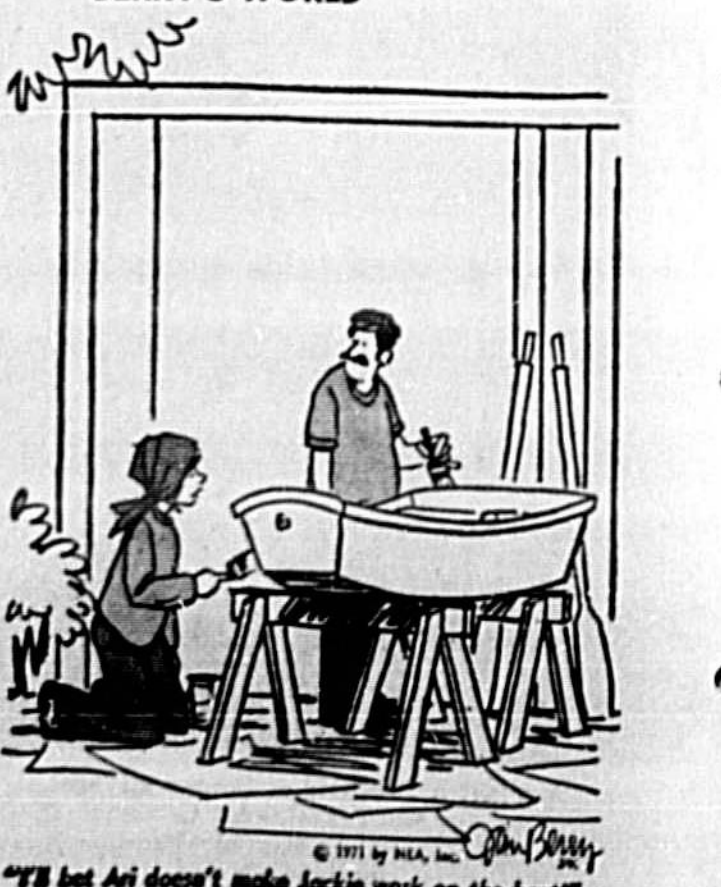

DELRAY BEACH, Fla. (AP) — Ching alleged discriminatory policies, migrant leaders have urged the U.S. Department of Labor to halt a \$20 million national job training program and replace it with an order directed by the farm workers.

Editorial: The State Commerce Department has hired former Miami Beach Sun Editor Harold (Buz) Rummel as a \$12,000-a-year writer.

Never Saw Light: A quiet, one-man attempt to completely redistrict the Florida Senate and reduce its membership from 48 to 40 members never quite got off the ground during the session.

Real Good Visit

Xerox Corporation, which does a substantial business with the state, flew six state employees to its main headquarters in Rochester, N. Y., last week, and picked up the entire tab.

Florida Politics

TALLAHASSEE (AP) — Senate President Jerry Thomas says he thinks the Senate may have an image problem with the press.

State News: It's a known fact that in a Legislature, the press tends to sympathize with the more liberal House, said Thomas.

Editor Hired

The State Commerce Department has hired former Miami Beach Sun Editor Harold (Buz) Rummel as a \$12,000-a-year writer.

Jellyfish Sting Fatal To Bradenton Girl

MIAMI (AP) — A 14-year-old girl who died after she was stung by a Portuguese Man-of-War jellyfish was the victim of a poison so toxic it kills laboratory animals in five seconds.

Billboard Legislation Dies Over Objections

TALLAHASSEE, Fla. (AP) — Legislation cracking down on billboards along U.S. highways died in the Senate Thursday after objection that the state might lose federal road funds as a result.

Migrant Leaders Cite Discriminatory Policy

DELRAY BEACH, Fla. (AP) — Ching alleged discriminatory policies, migrant leaders have urged the U.S. Department of Labor to halt a \$20 million national job training program and replace it with an order directed by the farm workers.

Blacks Nix Jax Plan Of Integration

JACKSONVILLE, Fla. (AP) — A school integration plan that would mix the races in all but two Jacksonville schools and double the amount of busing was stamped "unsatisfactory" Thursday by Negro plaintiffs.

State News

## Condemnation Still In Limbo

By LARRY NEELY  
The Seminole County Commissioners indicated this morning they will not issue the moratorium they have imposed on the sewerage system of the City of Maitland and allow the five houses in Orange County that are being threatened with condemnation to be connected. They indicated they will approve the additional connections after a temporary pack-up treatment facility is built. The ultimate decision of whether or not to allow the homes to be connected to the temporary plant lies with Maitland, as the county has no control over the city's policies. Maitland has contended they cannot allow the connections unless the area can be annexed to the city as it will not be consistent with the city's established policy. Orange County Commissioner Chairman Ralph Poe appeared along with representatives of Maitland, State Department of Health and area developers to discuss the matter with County Sanitation Val Roberts and the commissioners. Poe said the only alternative remaining appears to be connection to the Maitland facility or the temporary plant which is to be located adjacent to the city's facility. Poe said General Waterworks Corporation is not interested, even though they have lines in the area, since they can not get the water franchise from Maitland Utilities Company. Charles Clayton of both Maitland Utilities Company and Clayton Healy proposed the installation of septic tanks with lift pumps to be installed at the homes with the chronic problems. He also proposed the replacement of the existing clay soil which causes raw sewage to run out into the streets be replaced with a sandy soil which will encourage percolation. But he said it will not be approved.

## Preliminary Plans Approved By Board

Eugene N. Kelley, Sanford architect, prepared the high schools plans and Gutmann, Urpash and Matz, also of Sanford, are the architects for the elementary school. Both schools are expected to be ready for use by the time school opens in September, 1972. Completion will add the 27th and 30 schools to the county system.

## LBJ's Memoirs Support Papers

GARDEN CITY, N.Y. (AP) — Lyndon B. Johnson's still unpublished White House memoirs acknowledge that his administration was privately preparing in early 1964 for large scale American military involvement in Vietnam, long before the depth of the U.S. commitment was known to the public, according to a story published today by Newsday, the Long Island newspaper. The memoirs, to be published in November, support many of the findings of the classified Pentagon study of the war's origins which the government has been fighting to keep secret, Newsday said. The former president's book, now largely in galley form at the New York publishing firm of Holt, Rinehart and Winston, is entitled, "The Vantage Point: Perspectives of the Presidency." Newsday said it obtained information about the material from a publishing industry adviser. It gave this account: Johnson depicts himself in the book as having been hesitant for several months over approving military advisers' recommendations for bombing raids against North Vietnam. But in February of 1965, he writes, he told aides that he was approving the bombing. "We have kept our gun over the mantle and our shells in the cupboard for a long time now," I said. "And what was the result? They are killing our men while they sleep in the night, I can't ask American soldiers out there to continue to fight with one hand tied behind their backs."

## Explosion Blamed On Earthquake

By BILL KOSMAN  
Associated Press Writer  
LOS ANGELES (AP) — A state mining official says there could be some connection between the devastating Feb. 9 earthquake and a fiery natural methane gas explosion that ripped through an underground tunnel, apparently killing 17 workers. Dr. Gordon B. Oakeshot, deputy chief of the California Division of Mines and Geology, said the quake possibly could have disturbed underground formations and caused escape of the deadly gas that exploded Thursday. Seven bodies have been recovered and rescue teams continued to search for 16 missing workers. City fire rescue crews said dense smoke and debris hampered efforts to find the missing men. Conditions inside the tunnel were described as "untenable to support life." The tunnel, being excavated as part of a water project, traverses foothills near the quake epicenter outside the Sylmar area. The area is studded with oil wells. Fire officials said oil seepage doubtless helped fuel a 14-hour fire that followed the blast and blocked rescue attempts for more than 12 hours. The sole survivor of the blast — a man, red-eyed and weakened by injuries — old reports from his hospital bed that he thought he felt two explosions in the tunnel, which is five miles long and about 200 feet beneath the earth. "I thought I was going to pass out and I guess I did," said Ralph Brissette, 31. "I found myself laying in water, washing my face and drinking." He was found after stumbling more than four miles to the tunnel's portal. Fire officials say the gas probably was touched off by a spark from drilling equipment. The explosion in the tunnel was the second in two days. On Wednesday a smaller blast, also attributed to methane gas, injured four workmen. One had to be hospitalized. After the earlier blast igniters tested the tunnel atmosphere and said they found no undue gas accumulations. The tunnel a link in the \$3 billion 444-mile state water project to transport surplus Northern California water to heavily populated Southern California, is being built by Lockheed Shipbuilding and Construction Co. a division of the troubled aerospace giant. It is within 2,100 feet of completion. Eighteen men were reported working at the near end of the shaft where drilling was in progress when the explosion occurred. All work has been stopped pending an investigation.

## Courtroom Causes Parking Problems

By BILL SCOTT  
Sanford's Downtown Merchants Association, now known as Sanford Downtown Business Association (DBA) met Thursday afternoon at the Greater Sanford Chamber of Commerce to discuss subjects of interest to the group. Joe Garrett, operator of Garrett's Department Store, brought up the problems created by the parking of cars in front of First Street merchants by store employees and participants in the local activities going on at Courtroom B, the adjacent to the Sanford County Court House, which is also located on First Street. He pointed out that parking spaces were being filled for long hours by the court room activities and discussed the need to enforce the two-hour parking limit on First Street in the area of the merchants. Don Knight, DBA president, said he would consult with Sanford Police Chief Ben Butler about the need to enforce the two-hour parking limitation. Don Evans, Elitz Theater operator and newest DBA member, advised he would be willing to offer a free movie on a day to be selected by the merchants in order to acquaint people of the theater's re-opening. An arrangement could be worked out, he said, whereby merchants could have free tickets to give to parents of youngsters when they patronize the participating downtown stores.

## Double Ring Rites Unite Couple

By MARILYN GORDON  
Miss Deborah Lynne Horne, daughter of Mr. and Mrs. Colon Horne of 322 N. Winter Park Dr., Casselberry, and Gerald Edwin Warren, II, son of Mr. and Mrs. Gerald E. Warren, 61 North Triplet Dr., Casselberry, exchanged nuptial vows, Saturday, June 19, 1971, at 8 p.m. at the First Baptist Church in Longwood, in candlelight rites. Rev. Jack Lindsay officiated at the double-ring ceremony and the bride was radiant in her formal empire gown of silk or organza. A path of satin ribbon flowers with Schiffe embroidery enhanced the bodice, skirt and full sleeves. The high neckline and edge of cuffs were trimmed with dainty val lace beading. Her gentle flowing chapel train featured the same ribbon and embroidery. Her shoulder length veil of silk illusion edged in the same dainty beading complemented the princess face framing hair. The bride carried a white Rhin with her bouquet of carnations and apricot sweet heart roses. Bridesmaids were Linda Bryan, Shirley Dunn and the junior bridesmaid was the bridegroom's sister, Debbie Warren. Sharon Warren another sister, was maid of honor and Kathy Straughan was matron of honor. They wore formal gowns of apricot chiffon over taffeta with short puffed sleeves. The softly accented neckline was also trimmed in dainty beading and valence lace covered the empire waistline. Their headpieces of illusion were attached to Dior bows. Flower girl Joy Kipp wore a long dress of apricot with an overlay of white dotted swiss. She carried a white wicker basket with petals of carnations. The mother of the groom chose a mint green dress and carried a bouquet of white daisies. The bride has a rolled collar edged with seed pearl trim and a sweetheart rose. The mother of the bride chose a beautiful four-tiered cake, apricot punch, finger sandwiches, groom's cake, nuts and mints. The cake was topped with wedding bells. Mrs. B. E. Gray of Longwood made a doll cake which was used as a table decoration. Mrs. Harold Martin of Casselberry served as floating hostess. Mrs. Frank Ballentine of Longwood was in charge of the reception. Serving punch were Mrs. Linda Mitchell and Miss Charlotte Tripp and serving cake was Mrs. Nila Franklin. Patricia Vining took care of the bride's book. The bride chose as her going away outfit a navy blue, red and white striped dress with a solid blue full length coat. Red accessories matched and an orchid corsage topped the outfit. Out-of-town guests were Mrs. Charlotte Andrews of Dothan, Ala.; Mr. and Mrs. Frank Leonhart of Gainesville; Mr. and Mrs. L. P. Lavender, Orlando; Mr. and Mrs. Rick Gossett of Gainesville; Mr. and Mrs. Paul Morton of Auburnville; Linda Bryan of Davidson, N.C.; Mike Davis of Alabama; Mrs. W. J. Way, Ridgefield, S. C.; Mr. and Mrs. Bryan of Davisboro, Ga.; and Mr. and Mrs. Ralph Nibergall of Orange City. After a wedding trip to Niagara Falls and Canada, the couple will make their home in Gainesville, where Gerald will be attending the University of Florida.

MRS. GERALD EDWIN WARREN II

## Women's Lib Now At Sicily

By HILMI TOROS  
Associated Press Writer  
ROME (AP) — Women's Lib has established a beachhead in Sicily, the island always ruled by men and, at times, the Mafia. The Sicilian belles now are organized in soccer, ending man's monopoly in the world's most popular game. But the gals say their aim is to show their equality in an organized sport rather than to confront men on the field. "Times have changed," says the Sicilian team's center forward and leading scorer Rita Sparaco. She adds with a smile "even in Corleone." She was referring to the hilltop Sicilian town whose chief claim to fame had been lawlessness under the terror reign of elusive Mafia chieftains. Rita says that in establishing soccer parity, it was as much trouble to convince her mother as it was to be accepted by men. "When I told my mother I was going to a soccer game to play in it—mamma locked me in the house," she says. "I took a lot of persuasion to get her consent." To Rita and her teammates, soccer is a part of a crusade to assert independence from time honored Sicilian tradition of female servitude. Rita says that in establishing soccer parity, it was as much trouble to convince her mother as it was to be accepted by men. # New Heroin Test Okay

By FRANK CARY  
AP Science Writer

WASHINGTON (AP) — The new heroin detection test, now administered to all U.S. troops in Vietnam, has already proved itself an effective, hard-to-beat means of finding hard drug users, its developers say.

The test, pioneered by a civilian laboratory in the nation's capital, was described Thursday by its developers as 100 times more sensitive than previous methods.

"It's a reliable detect heroin," said a spokesman.

They said the rapid high sensitive process, in combination with the best of older methods, is already used by technicians to screen more than 2500 urine samples daily.

Mrs. Rette Hamman, the laboratory's chief toxicologist, said the test is the key to a revolutionary mass screening technique for the detection of narcotics in the body on a scale never before achieved.

She said the Washington Reference Laboratory (WRL) has designed to add addicts away from heroin.

Dr. Lawrence H. Vineburg, director of WRL, said he believes the Army's decision to introduce the system in Vietnam June 20 was inspired, at least in part, by information furnished to the Defense Department by his laboratory's Director of Research, Dr. Robert J. Steele, R-Com.

Steele, of the House Foreign Affairs Committee, along with other members of the Senate Judiciary Committee, is currently conducting a study on the use of the test in Vietnam.

## Legal Notice

**SEMINOLE COUNTY BOARD OF COUNTY COMMISSIONERS**  
Notice of Public Hearing  
The Board of County Commissioners of Seminole County will hold a public hearing to consider applications for Certificates of Public Convenience and Necessity for the provision of a public utility service by Atlantic Utilities Corporation to areas outside the territorial limits specified for that utility in the Certificate. The areas outside the territorial limits are described as follows: Tract 1, located in the NE 1/4 of Section 21, Township 29 North, Range 29 East, 1/2 Sec. 21, 1/2 Sec. 22, 1/2 Sec. 23, 1/2 Sec. 24, **Questions And Answers**

**By PENNY FENCER**

**Q:** Actress Gloria Foster is in a current "Billboard" magazine. She is talking about a woman for whom she has a crush.

**A:** Absolutely. If you have a crush on any TV personality, you may want to check out the "Billboard" magazine. It's a fun and interesting read.

**Q:** Why was the movie "The Answer Girl" so successful?

**A:** The movie was successful because it was a comedy that resonated with audiences. It had a strong cast and a relatable story.

**Q:** Why did the movie "The Answer Girl" fail in some markets?

**A:** The movie may have failed in some markets due to a lack of marketing or competition from other films.

## Price Is Honored With High Award

MOOSEHEART, Ill. — William H. Price of Sanford was awarded the highest and most coveted degree of the Loyal Order of Moose in a solemn ceremony held June 12 at Mooseheart, the famed Moose City of Children.

Price, a member of the local Moose lodge for many years, was awarded the Pilgrim Degree of Merit for his outstanding service and continued devotion to the humanitarian programs of his fraternity.

Investiture of the Pilgrim Class sponsored by Director General Paul P. Schmitz was held in the House of God, unique Children's Cathedral on the Mooseheart campus, under the leadership of Pilgrim Governor Gordon Jeffery and a staff of Past Supreme Governors.

The local Moose Pilgrim honoree was one of more than 200 Moose members from all parts of the United States and Canada to receive the degree. Distinction of the award is noted by the fact that only one of about every 5,000 Moose members receive the degree each year.

The ceremony took place during a busy day at Mooseheart. The Women of the Moose also conferred its highest degree, the College of Regents, on more than 850 qualifying graduate regents at the field house.

In addition, commencement exercises were held for the 34 members of the Class of 1971 of Mooseheart High School at the field house with Judge Howard C. Kline, Supreme Governor of the Moose, delivering the commencement address.

The 3rd annual international convention of the Moose and annual conference of its auxiliary began at Detroit on Sunday, June 13, and continue through Thursday, June 17. Most of those who received the Pilgrim Degree on Saturday attended the traditional Pilgrim breakfast on the opening day of the convention.

An apology is in order, folks. If we print something and offer an opinion on a subject, only to be challenged on its accuracy — and then find that we did make a mistake, there's only one thing to do.

Correct it and make an apology.

O.K. I was wrong about an individual making \$9,900 per month at the Seminole Memorial Hospital!

After reviewing the actual figures, based on collections Dec. '70 through May '71, it's closer to \$7,500 monthly. (Now if you divide that by four, you'll soon figure out how much that is PER WEEK!)

"So Long, It's Been Good To Know You" are the lyrics of a former popular tune, and it could apply just as easily to Inmont, Inc. of Sanford.

They'll be closing their facility within 30 days . . . due to national economic conditions, and move two of their top personnel back to their headquarters in Winthrop, Maine.

That means about 40 people who'll be looking for employment elsewhere.

I can just hear all of the calls I'll be getting . . . "Whatcha gonna say about Cassius, now?"

Nuttin' . . . absolutely nuttin'!

As many times as I've commented about him and his case on the front page, so shall it be when the decision goes his way, too. Supreme Court ruled in his favor today.

That's what makes this topsyturvy world spin, I suppose. . . . The next time he comes to Sanford, I'll even let him know personally. . . .

Our "Soc" Section (society) is on the ball . . . as per usual . . . an attractive photo of Mrs. Bill Gunter — Senator from the Seminole-Orange Delegation in today's edition. Congratulations to both of you . . . and of course, our very best wishes. . . .

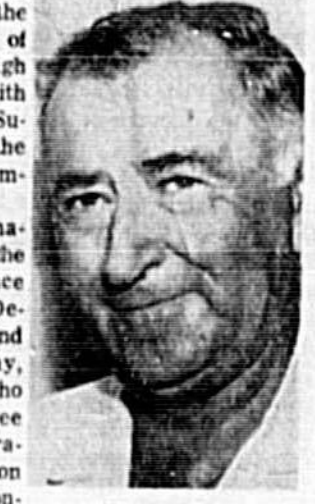

Talking about weddings . . . we don't try to infringe on our illustrious Doris Williams . . . but I just have to extend personal best wishes to "Mister and Missus Democrat" . . . Harry and Best Truman on this their 54th Wedding Anniversary.

Met this great American during his campaigning years and consider it one of my fortunate meetings . . . I didn't always agree with the man, but I did admire his tenacity, and unswerving belief in his personal convictions!

Never take your eye from the ultimate goal . . . and you'll fall down the nearest flight of stairs.

## Change Decision; Clay Is Free Man

WASHINGTON (AP) — The Supreme Court today reversed the conviction of former heavyweight boxing champion Muhammad Ali, who was sentenced to five years imprisonment for draft evasion.

In an 8-0 decision, the court said the record shows that Ali's "beliefs are founded on tenets of the Muslim religion as he understands them."

The 29-year-old black boxer, also known as Cassius Clay, was reigning heavyweight champion when he refused to take the traditional step forward at draft induction ceremonies April 28, 1967, in Houston.

The following month he was convicted by an all-white jury of six men and six women.

Ali had contended throughout his long legal battle that he should be draft-exempt on grounds that he was a Black Muslim minister.

In the unsigned decision, the court said the government has now fully conceded that all its beliefs are based upon "religious training and belief" as set out in previous conscientious objector cases.

Dr. George Edwards, Seminole Zoological Society president, said his group would hold an executive meeting today before having someone to represent the zoo at tonight's meeting.

Meyer said the drainage "smelled terrible" and he noted several dead fish in the area of the runoff. "I don't know whether these fish were killed by the effluent or whether they were killed by someone and tossed there, but there were dead fish in the area," Meyer added.

One man also at the scene told Meyer he saw human excrement emerging from the drainage, the city commissioner said.

The Commissioner said if somehow the city's effluent is getting into the storm drainage system, now would be the time to correct it while the city is in the process of adding a second sewage treatment stage.

A second matter assured of interest at tonight's commission meeting will evolve around the proposal of a Winter Park real estate firm wanting to purchase the 14 acre zoo site for the construction of a multi-story apartment complex.

Tonight's agenda will take up the real estate firm's request and probably the interest of a second real estate company, who has also approached the city wanting to enter into purchase negotiations for the property.

Dr. George Edwards, Seminole Zoological Society president, said his group would hold an executive meeting today before having someone to represent the zoo at tonight's meeting.

## 'Pete' Christian Is Captured Following Orlando Jailbreak

ORLANDO, Fla. (AP) — Convicted "satin sheet" killer James "Pete" Christian and six other prisoners escaped from the Orange County Jail Sunday night. Christian and four others have been captured.

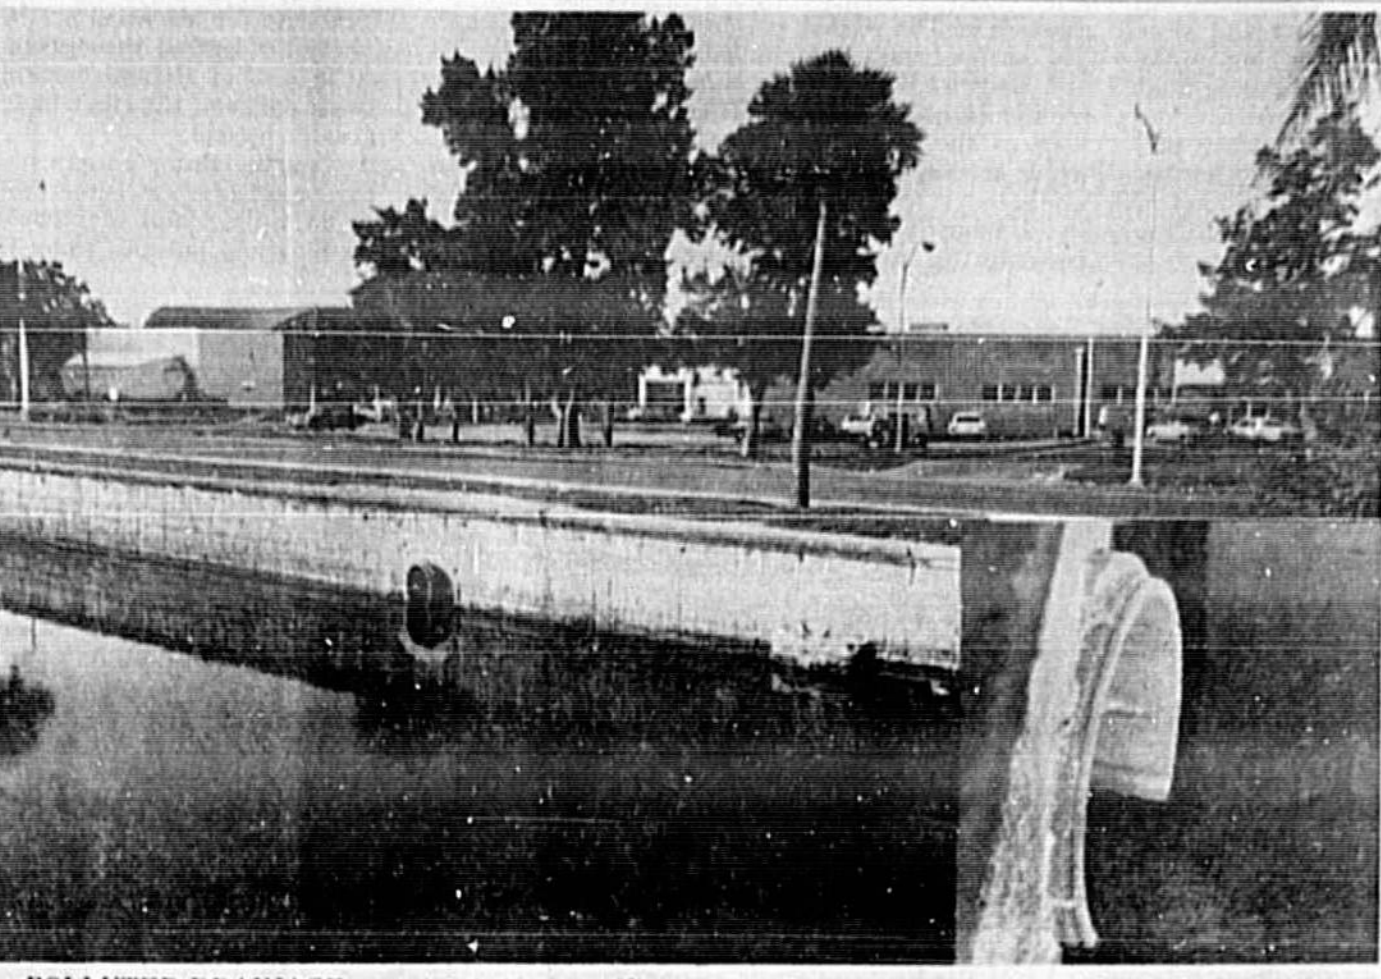

Christian and James A. Hires were captured at 2:35 a.m. today at Ormond Beach. William

Ashe and another police car set up a roadblock at the intersection of Route A1A and Seminole Blvd. Ashe said Christian and Hires got out of the car without resistance and were not armed.

Ormond Beach Police Sgt. Ray Ashe said he was patrolling when he spotted a car answering the description of one reported stolen Sunday night in Orlando.

Daytona Beach police said they were captured as they walked along the beach. They, too, did not offer resistance and were not armed.

Within minutes of the 9:11 p.m. jailbreak, a seventh escapee, Jose Hillman, 18, of Orlando, was captured on the second floor ledge of the downtown jail.

POLLUTED DRAINAGE or untreated sewer effluent running from the city lines and emptying into Lake Monroe were observed Sunday by at least one commissioner and several other persons. The main (see inset) is located across from the post office and near the civic center and was observed dumping a foul, smelly, white substance into the lake.

Small dead fish was also observed by Commissioner Gordon Meyer near the drainpipe and at least one man saw human waste coming from the pipe. Such untreated effluent is supposed to be piped into the city's sewage treatment plant before discharging into the St. Johns River.

## 2 Prisoners Are Hunted Nationwide

By LARRY NEELY

They all are on the lookout, but none of the municipal and county law enforcement agencies in emulous County have yet become directly involved in the nationwide manhunt for two of the prisoners remaining at large of the seven that escaped from the Orange County Jail in Orlando last night.

It is a bit out of the ordinary as the police agencies of the county have been directly involved in several dramatic chases and captures recently.

All were on the alert for the escapes that overpowered a guard about 9:30 last night and escaped out of the fifth floor of the Orlando facility.

Jail guards captured one of the fugitives while he was on the ledge of the jail and Volusia authorities captured four more before 3 a.m. Remaining at large are Leon Horton and Reverend Burgess, both convicted felons.

Orange County Sheriff's personnel have had many problems recently, both in keeping their prisoners in the jail and contented with conditions.

Sheriff's Captain Marvin Peele said the escapes from the Orange County Jail were no more than the average for a facility of like size. There have been three successful escapes from the jail since 1970.

According to Peele, most of the problems with the prisoners have stemmed from the problems with the air conditioning system. Peele said, "At times it gets to be 110 degrees or more in the jail and the prisoners become disgruntled and throw their spoons against the windows. The problems with the air conditioning may soon be over as the system is currently being repaired."

In contrast to the Orange County situation, Seminole County Sheriff John Polk has had no escapes from the jail since he took office in January 1969. Polk said there have been several trustees that have walked away to freedom, but no forced escapes from the jail.

BRENDA Spaulding, member of Sanford Assembly, Rainbow Girls (Jr. OES), was elected state representative for Florida to Montana at the state assembly in Jacksonville this week. (Brenda also is a "Herald Angel.")

## Subject Of Tonight's Meeting Human Waste In Lake

By BILL SCOTT

Possible pumping of untreated effluent into Lake Monroe will be brought up at tonight's Sanford City Commission meeting by Commissioner Gordon Meyer.

Meyer disclosed today he would bring the matter up at the 8 p.m. session after observing drainage Sunday morning at the sewage outlet across

from the post office on Seminole Boulevard.

Meyer said the drainage "smelled terrible" and he noted several dead fish in the area of the runoff. "I don't know whether these fish were killed by the effluent or whether they were killed by someone and tossed there, but there were dead fish in the area," Meyer added.

One man also at the scene told Meyer he saw human excrement emerging from the drainage, the city commissioner said.

The Commissioner said if somehow the city's effluent is getting into the storm drainage system, now would be the time to correct it while the city is in the process of adding a second sewage treatment stage.

A second matter assured of interest at tonight's commission meeting will evolve around the proposal of a Winter Park real estate firm wanting to purchase the 14 acre zoo site for the construction of a multi-story apartment complex.

Tonight's agenda will take up the real estate firm's request and probably the interest of a second real estate company, who has also approached the city wanting to enter into purchase negotiations for the property.

Dr. George Edwards, Seminole Zoological Society president, said his group would hold an executive meeting today before having someone to represent the zoo at tonight's meeting.

Meyer said the drainage "smelled terrible" and he noted several dead fish in the area of the runoff. "I don't know whether these fish were killed by the effluent or whether they were killed by someone and tossed there, but there were dead fish in the area," Meyer added.

One man also at the scene told Meyer he saw human excrement emerging from the drainage, the city commissioner said.

## Spaghetti And Meat Balls Requested Following Surgery

By MARIJAN GORDON

CASSELLBERRY — A very spunky nine-year-old boy, Keith Russell, son of Mr. and Mrs. W. L. Phillips of Casselberry, has undergone open heart surgery at Orange Memorial Hospital in Orlando and has come through with flying colors.

For Keith this was his second operation as he had heart surgery in Gainesville when he was only three. He remembers every detail though. It seems the thing he fears most is the intravenous feeding. Twenty-four hours after that operation, when Keith woke up in the intensive care unit, he wanted

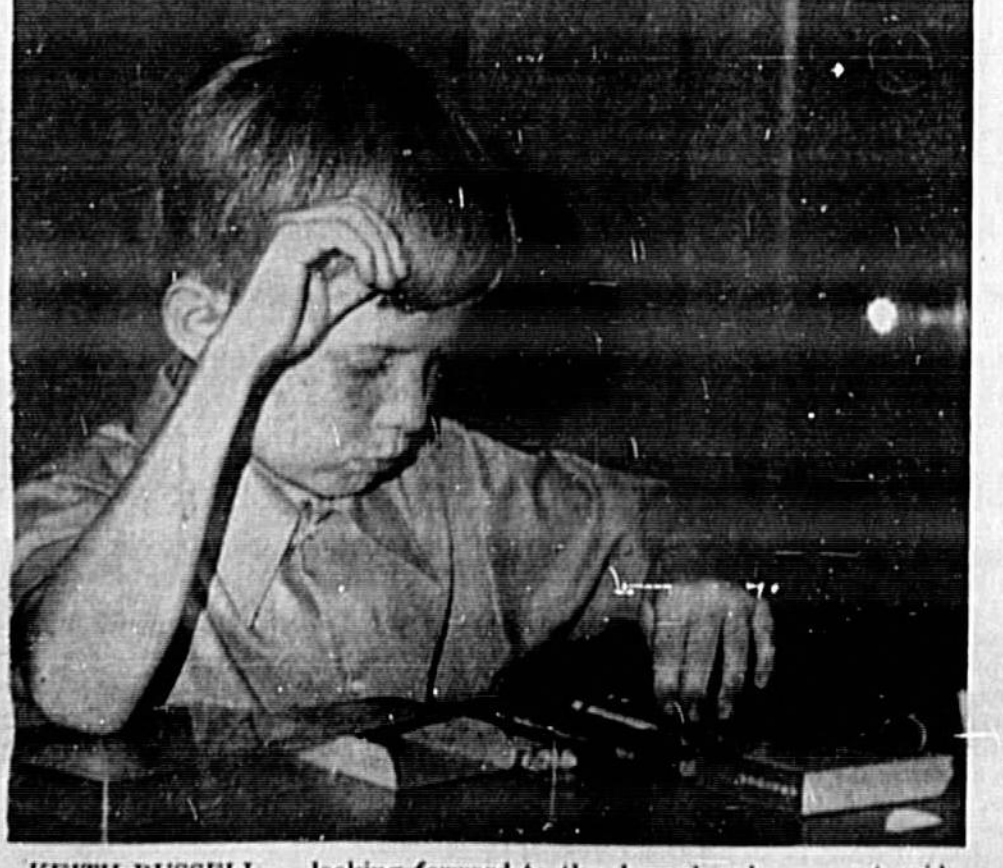

spaghetti and meatballs! Not what the doctor usually prescribes, but that is just what Keith got and he had two helpings.

Keith's pretty mother, Laurie, has such pride in her voice when she speaks of her son's courage. Keith has a special compassion for the sick and the elderly. He worries over everyone. As for himself, he doesn't want anyone to know he isn't a normal boy. Before his surgery he tired easily and breathed heavily as he moved around, dreaming of the day when he can play baseball.

Prior to the operation, his mother said, "I told Keith this is something you have to face, but I'll be with you." "We have always tried to make a man of Keith," she added. When something is going to hurt, we tell him so and he says "I can take it, Mom."

When he grows up he'd like to be a truck driver. He often talks with the drivers and like most little boys he is "truck crazy."

When Keith recovers from his surgery it is hoped he will be able to participate in more of the activities enjoyed by the other children in the family and his classmates at Casselberry Elementary School.

KEITH RUSSELL — looking forward to the day when he can put aside his crayons for a baseball. (Marijan Gordon Photo)
