

Body Faces Tough Assignment At State University

Florida Mentor Expected To Rebuild Grid Morale

New System Of Play Should Help Build Team From Large Group Of Candidates Who Gave Florida's New Coach

SANFORD, Sept. 2.—(AP)—When previous game experience has been gained, Coach Cody is no advantage, but there are certain things which he must do in his inaugural year as head coach of the Florida State University football team.

By well understood procedure, the coach has not yet built a team. He has only a group of candidates from whom he must select his team. It is his job to select a team which will be able to win the state championship.

There is a fourth situation which should be mentioned. With the exception of Stetson and Sevens, there is not a single opponent on Florida's schedule that does not figure to be considerably stronger than last year. And we all know what happened last fall when we were trying to whip Kentucky, Maryland, Georgia, Georgia Tech and Auburn. Two newcomers, Citadel and Mississippi State, are expected great teams this fall. Even South Carolina is looking for a much improved team. Florida lost the Gamecocks last year, along with Stetson and Sevens. Where can any one figure that Florida is better than any of her 19 opponents, with these three exceptions?

There is, too, the matter of certain replacements. Without Billy Chase and Hub McAnly, Florida's backfield won't seem the same. We lost 12 letter-men from last year's club, but some will not be hard to replace. Others will, and that Chase-McAnly pair kept Florida in the running to the extent that she was.

A week of 1936 practice has passed. Four more remain before the Gators open up with Citadel—an acid test at the start if you want to know the truth. In these remaining four weeks, lots of work must be done, instantly, assiduously, if the Gators want to escape the stigma of an opening game reverse. And even then, escape if you want to put it that way, is not at all assured.

The one thing which makes the heart of every true Florida fan thrill with pride is the spirit which these Gator gridder exemplify. It is to be seen in every thing they do. They are certainly putting themselves wholeheartedly into the job at hand for Cody and for the sake of better football days at Florida. Josh has said a number of times he has never seen the equal of this group of athletes for spirit and willingness to work.

Josh is trying to find some A-1 punters and passers, and if he succeeds, you'll see a Florida team every Saturday that tosses plenty of color into 90 minutes of play, and plenty of scares into any foe.

Celery Feds Begin Hard Drills

Tough Sessions Are Scheduled For This Week

Blocking, Tackling Practice To Be Held By Local Mentors

Coach Leonard L. McClure and his assistants, "Whitney" Gordon and Russell McCracken pulled their Seminole High grid boys through the first day of the second week of practice here yesterday afternoon, as fore-runner to a week of hard drills, which is expected to include both blocking and tackling practice.

More than forty of Seminole County's choice youngsters continued to enter the daily routine of practice, which began last Monday and will continue till game time on Oct. 2, when the Seminole High gridder opens the season here against Ervitt.

Highlights of the first week saw Brailley Odham returned to his old position at tackle and Jimmy McElhannon shifted to the center post as the only available candidate. Coach McClure possibly believes that the big youngster will do more good at the tackle assignment than he would have at center, since his weight is such an advantage in breaking through the opposition's line.

When the candidates go out for practice next week, they will be wearing their shoulder pads and helmets, for at that time tough scrimmage sessions will be begun between different teams as picked by the Seminole mentors.

As the tough work is begun, it is practically a certainty that the first eleven men will be selected for service in the opening tilt with the Lake counties. Weight should play a big part in the Celery Feds' chances for a good season this year, since they will put a line on the field which will have been overshadowed by only one line in over a dozen years, that of the 1932 eleven, when Riser, Branan, Harrison, and Preston were the shining stars of the forward wall.

This season's backfield will also play a deciding part in the weight advantage, and it, too, is probably overshadowed by only the '32 team but elusive. Willson Smith, Skinny Vincent, "Dub" Entzinger, George McClelland, Johnny Courier, H. H. Odham and other ball carrying luminaries perform under Celery Fed colors.

'I'M COUNTIN' ON YOU, BIG BOY'

Cash Ray Morrison of Vanderbilt had to do a lot of climbing to whisper encouragement into the ear of Buford "Baby" Ray, 270-pound Commodore tackle who was very much in evidence at the opening of football practice. "I'm counting on you this season, big boy," confided Morrison when he finally scaled the "peak" with "Baby" help. (Associated Press Photo)

Speaking of football, one word comes to mind—the outcome of the Southern Conference. Who, for instance, would be picked as the conference winner this season?

Personally, but not officially, we would select the Georgia Tech Yellow Jackets as the potential winner, with Auburn, Alabama and Kentucky giving them a close race to the finish. There is probably no team in the nation which can compete with the Jackets when it comes to youth and speed, and the boys from the Georgia capital are plenty powerful and heavy to go with that.

Our own Gators have little or no chance to gain any real championship recognition this season, but they should at least supply interesting opposition to all comers this season since Cousin Josh took over the reins at Gainesville.

In the Southern Conference, North Carolina is woefully weakened by the graduation of its outstanding star, a Sanford boy, Don Jackson, and it also lost several other members of last year's squad, who dropped from school. Duke, seems at present to be the most logical choice as the conference winner.

Not until the best college team meets the best pro team can any question of gridiron superiority be answered to the satisfaction of all parties and fans, but the star games, originated three years ago by Sports Editor Arch Ward of the Chicago Tribune has been the next best proving ground.

Because of their "moral victory" over the Lions, the All Stars rated as slight favorites over the Giants, who lost their pro title to the Lions last fall.

Bierman, assisted by Coaches Elmer Layden of Notre Dame, Lou Little of Columbia and Bo McMillan of Indiana, has a free hand in choosing his starting line-up. In the Chicago game, he selected the best of the fans, who poured in millions of votes for their favorites.

Seven All Stars, who started against the Lions, will be in the lineup as the kickoff against the Giants with four newcomers assisting them. Building his lineup for a quick start, Bierman has replaced Paul Tangora, Northwestern's All-American guard, with Jim Karber, Ohio State; Dan Fortman of Colgate at right guard for Vern Oech of Minnesota; Pete Lingua, 240 pound Ho-Y Cross star, for Spain of Southern Methodist, and Joe Maniac of Furham for Bill Shaker, Notre Dame, at right halfback. His starting lineup shows six Middlewesterners, three Easterners and an ex-star from the South and Far West.

Vernal LeVoi of Minnesota, who scored the touchdown against the Lions, and 21 other heroes of the 1935 college wars will be ready for replacement duty.

Saints Become Champs Of Florida State League

Take Final Contest From Floundering Foes By 10 To 1 Count And Grab First Pennant Flag Of Circuit

Collegians Meet Pro Gridders In Battle Tonight

Cheer Bierman Will Make Changes In Starting Lineup

Filled with the enthusiasm of a bunch of youngsters eager to get at their play, these chugging, carefree boys from the "Ancient City" trounced on the highly touted Daytona Beach Islanders Sunday for a 10 to 1 victory in the last game of their Madden playoff series, Sunday at Daytona Beach.

By virtue of that triumph, the St. Augustine Saints became the recently reorganized Florida first team to wear the crown of State League, an honor which would do any city proud.

Little worry did Freddie Francis' youngsters seem to have as they calmly took the final straight game from the "Baby Gas House Gang" who took in the cradle of their daddy game the St. Louis Cardinals.

Possibly air-castles were built by the Saint players, since their wealthy owner-manager had solemnly promised them a trip to the World Series, should they defeat the Islanders and become the state circuit's first champs, and they fulfilled those dreams in a big way, with "Papa" George Andrews leading the way to victory with his big willow, augmented by the newly discovered pitching arm of Jeff "Wildcat" Escorcion.

An old adage was well-proved by the Saints' smashing victories in both series, first with the G-Men and second with the Islanders, that "he who laughs last shall laugh best," for they finished at the bottom rung of the four-team Shaugnessy system ladder, only to ascend to the top in a very short while, and laugh loud at the floundering G-Men from Universitytown.

Beginning tomorrow, the Saints will square the "winner" of the Cordele-Tallahassee series from the Georgia-Florida League in a seven game series to determine the champion of Class D loops in this section of the South.

Today, the Capitals from Tallahassee were leading by a score of two games to none over the Reds from Cordele, with the Floridians a good bet to become the league champions for the second time in as many years.

Regardless of whether the Saints win this series, they have their free trip to the World Series with all expenses paid, a prize awarded them by the Flagler fortune holders, Mr. and Mrs. Fred Francis, King and Queen of baseball in the "Ancient City."

Marion Talley, who makes her movie debut as a singing star this fall, was one of the first singers to be recorded in sound films.

Questions That Some Folks Ask About Cardui

Benefit For Mal-Nutrition

Thousands of women testify Cardui has helped them to overcome malnutrition and to ease many of the functional pains of menstruation.

"What is meant by 'helping to overcome malnutrition'?"

Cardui contains extracts of two plants which are classed among the "bitters" in medicine because they are known to increase the flow of digestive juices to improve digestion—so there is a craving for sufficient food for the body's needs, and by their action more energy (for strength) is obtained from the food eaten. The food, of course, brings the additional strength, but Cardui serves as the means to this end by its good influence on the digestive system.—Adv.

More Reductions In Long Distance Rates

For the seventh time in the past ten years, long distance rates have again been voluntarily reduced.

Effective September 1, the rates for both person-to-person and station-to-station inter-state long distance calls were reduced to points 235 miles or more distant. The amount of the saving on calls ranges from five cents to \$1.50 depending upon the distance.

Also on inter-state person-to-person calls the charges for overtime after six minutes of conversation are reduced. (Overtime charges begin after three minutes conversation.)

It is estimated that these reductions will save Bell telephone users \$7,150,000 annually.

The proclamation, sounded suddenly before 800,000 Nazis assembled in the fourth annual convention, disclosed Hitler has signed decrees reorganizing national economy and hitting the planned production of all industrial and agricultural products.

Their realization, he declared, "is only a question of our energy and determination. Our colonial demands are part and parcel of this program. We must build up our raw material forces."

The proclamation also declared the "shackles of the Versailles Treaty" have been torn, the army, navy and air force are now capable of defending Germany against all enemies.

SMALL TALK FOR TODAY
WISDOM VALUES: While we
 look not at the things which are
 seen, but at the things which are
 not seen; for the things which are
 seen are temporal, but the things
 which are not seen are eternal.—2
 Corinthians 4:18.

WE USE WHERE JOE TRACEY IS
 fighting a hard fight. Guess he
 fighting any man who is tough enough
 to have belonged to the Ashby
 gang ought to have some recognition.

A crowd of workmen has been sent
 to the house of St. Petersburg's
 city hall which is badly sagging
 and has been declared unsafe for
 occupancy. Probably crumbling
 from the weight of its debt burden.

Automobile drivers undoubtedly
 will be excited over the news that
 the new car models will embrace
 a gasoline economy feature. It is
 expected that the next few years
 will see a definite trend towards
 less emphasis on speed and more
 on mileage. Thus we may be reason-
 ably sure to decrease acci-
 dents and please pocketbooks at
 the same time.

The president of a large shoe
 manufacturing company rides his
 bicycle to work every day, while
 most of his 500 employees ride
 in automobiles. He is to be praised
 for being democratic and for set-
 ting an example of frugality or is
 he to be condemned for his close-
 minded methods thereby keeping
 money out of circulation and de-
 priving other men of jobs?

Some estimation of the power
 of the Queen Mary's propellers
 may be gained from an accident
 which occurred when the giant ship
 was being berthed recently. Its
 bowhead picked up a ferry boat
 eight blocks away and slammed it
 against a bulkhead so hard that
 most of the 800 passengers were
 thrown to the decks.

Secretary Hull has called upon
 the brains of the world to unite
 in a general effort to prevent the
 kind of a general war which
 would result in a "terrible
 shortening of civilization." Let's see,
 the last time the brains
 of the world got together they de-
 vised the Versailles Treaty, that
 monumental document which was
 supposed to make everybody love
 his brother so much that another
 war would be impossible.

James Speyer, New York bank-
 er, returning from Europe ad-
 vises to that of Thomas Lam-
 ont as having the conviction that
 there is no danger of war in Eu-
 rope. Maybe it's just the optimis-
 tic psychology of big financiers
 that makes them view the outlook
 with such rose-colored glasses but
 at this distance and from what we
 read in the papers it looks as
 though all that would be neces-
 sary to have the explosion go off
 would be for someone to say "boo"
 or fire a cap pistol.

During the Ethiopian crisis last
 fall when England and Italy seemed
 on the brink of war there occurred
 a meeting between Mussolini and
 his admirals, the tenor of which
 is credibly reported as follows:
 "It is your policy," said the ad-
 miral speaking to Il Duce, "to
 proceed with an action which will
 precipitate war with Great Britain,
 you may be right, and anyway, we
 will follow you. But we think we
 ought to tell you, before you irrev-
 ocably commit yourself, that if
 it comes to that, Italy will find
 herself without a fleet in 48 hours.
 We don't think we'll blow out of
 water. And Mussolini is reported
 to have replied: "I can neither
 give you that the British are
 not going to fight. They are so
 ashamed up with their great possi-
 bilities as terrified that some-
 thing will move that they make the
 most of it."—

Keep Them Out

The first omens that Florida will be deluged again with an army of wandering vagrants were seen recently when seventeen train riders were sentenced to serve thirty days in jail by Judge Petteway of Tampa. This advance guard of hoboes which, it is feared, will exceed all previous records, calls to mind difficulties in previous years and helps to emphasize the necessity of keeping these penniless wayfarers out of the state.

Because of its incomparable climate Florida attracts not only the wealthiest class of persons, those who come in yachts and private railway cars and big limousines, but also those whose worldly possessions consist of only a pair of shoes and dirty overalls. It is to this state's credit that its appeal in winter is not confined to any one group in the economic scale but is appreciated by king and commoner alike.

It is easy enough to understand how some destitute person in the north, viewing with misgivings the approach of winter with all its attendant sufferings from cold and starvation, would turn his feet southward where life in its worst stage is paradise compared to a bed of ice. Nothing could be more natural than that Florida should become the haven of unfortunate people elsewhere who would be spared the hardships of the north and would find sanctuary under our warming skies.

We do not wish to appear unsympathetic for those unfortunate enough to be caught in the north without food, clothing or shelter during the winter. We wish it were so that everybody, no matter how poor, could come to Florida and escape their fate. We wish this state had enough money in its treasury so that the destitute in the whole country could be taken care of right here. We wish that all the citizens of Florida were individually so well off that they could shell out of their own pockets and provide food and lodgings for their winter vagrants.

Unfortunately, such is not the case. Florida has its own problems of unemployment and destitution. It can scarcely provide relief for those already here within its own borders, people to whom it may, perhaps, really owe an obligation. How utterly unfair to expect that it open its arms to all the unfortunates of the United States and provide relief for them while they escape the rigors of the northern winter.

Florida is simply not in a position to bear the burden for the rest of the nation. Action should be taken immediately to stem the inevitable tide of penniless vagabonds who will soon be descending upon our borders. It is imperative, both for the sake of safeguarding our profitable tourist crop and for protecting our home people, that state and county authorities repel an invasion which would wreak damage on our state.

Yawn And Be Pretty

Women the world over are as much interested in ways and means of making themselves beautiful as men are in making money, so it will not be boring news to them to learn that the famous Mistinguette, possessor of the most beautiful legs in the world, has a new recipe for beauty.

According to the Fort Myers News-Press, "This one ought to make the beauty shop operators tear their hair. The heroine of French counter-espionage during the World War, now 60 years old but still looking less than 36, tells the girls that her secret for staying young is—of all things—to yawn. That's all, just yawn."

"Friends of Mistinguette declare she has retained her youth longer than any French woman since Sarah Bernhardt. Explaining this eye-filling fact she says, 'I've done it by yawning. Yawning is the greatest beauty treatment ever known.'"

"American girls are supposed to have the most beautiful legs in the world, but they play tennis, swim and do all sorts of hard exercise to get them. All I do is yawn." "Yawning stretches every muscle. It is a recipe for youth as well as beauty. If my morning yawn and stretch isn't enough, I invite some politicians to dinner. That keeps me yawning—and young—and some say beautiful."

"So, lads, if the Only Girl stifles a yawn as you edge up to whisper sweet nothings in her ear, don't take it as a gesture of boredom. She may just be fixing to slay you with her enchanting beauty. She may be, but on the other hand the lovely Mistinguette may be kidding."

See Possibility Of Shattering English Policy

PLYMOUTH, Eng., Sept. 8.—(AP)—A possible fight to break Britain's policy of neutrality toward Spain had been foreseen at the opening of the sixty-eighth Trade Unions Congress.

Three labor leaders left hurriedly for Paris to discuss the question with French labor heads. They will return Wednesday and report, prior to the drawing up of a declaration of policy.

Many delegates were charging the Fascist governments of Europe had violated the international neutrality understanding. These delegates were favoring active British support of the Madrid government.

At any rate, the delegates were expected to vote further financial assistance for the Spanish workers in their struggle against Fascist countrymen.

Meeting in the ancient Guildhall, not far from famed Plymouth Hoe, where Sir Francis Drake interrupted a game of bowling on the green to sail out and defeat the Spanish armada the Congress heard accounts of "underground" activities in both Germany and Austria.

These were described as "perhaps one of the most important phases of the struggle against Nazism."

In addition, the delegates were being asked to approve: 1. Boycott of German goods and services in all parts of the world; 2. A plea for renewed measures designed to punish Italy for her annexation of Ethiopia; 3. Expenditure of large sum, to assist socialist and trade union refugees from Germany (and Austria) and;

4. Demonstrations throughout Britain to protest the government "betrayal" (by withdrawing sanctions) of the League of Nations.

The "underground" campaign of British workers against Nazi and Fascist influences in other parts of Europe is supervised, according to the Congress report, by a joint committee of the International Federation of Trade Unions and international secretariat representatives who "at intervals examine and consider the work that is being secretly carried on."

"We have necessarily to be exceedingly reticent in regard to what is being done," the report adds, "as published details might easily lead to the arrest of our comrades. Time will prove that

High Court Rules On PWA Loan Case

TALLAHASSEE, Sept. 8.—(AP)—The Supreme Court said yesterday Florida municipalities may not exceed reasonable expectation of revenues from publicly-owned utilities when they borrow from the Public Works Administration for improvement, to properties.

If the reasonable expectation is exceeded, the court said the question of incurring the obligation must be submitted to freeholders in a referendum election.

The decision affects about 17 cities whose proposals to borrow from the PWA previously were approved by the court.

MUST PAY

NEW ORLEANS, Sept. 8.—(AP)—A special three-judge federal court today ruled that Florida slot machine operators must pay both annual license tax and annual occupational tax.

County Commission England's Eden Allocates \$150,318 Moves To Unify For Operation Cost Whole Continent

(Continued from page one)
 LONDON, Sept. 8.—(AP)—Although bedridden, Foreign Secretary Anthony Eden moved swiftly last night to unify Europe's neutrality in the Spanish civil war.

Anxious that the rebellion's heat be kept from spreading to the rest of the continent, Eden, who is kept in bed with chicken pox, kept in constant touch by telephone with the foreign office.

Informed sources said it was Eden who summoned the first session of the international neutrality committee to meet Wednesday morning in his office under the chairmanship of W. S. Morrison, financial secretary of the treasury.

Eden, they said, was responsible for the order instructing the British charge d'affaires in Madrid to ascertain the truth of rebel charges government forces were using gas bombs.

At the same time the charge d'affaires, G. A. D. Ogilvie-Forbes, was ordered to make the inquiries, the British ambassador to Spain, Sir H. G. Chilton, was told to advise the rebels "grave consequences" might follow threatened gas raids on Madrid in reprisal. He is now at Hendaye, France.

Officers Seek Clue In Miami Suicide

MIAMI SHORES, Sept. 8.—(AP)—From an enigmatic farewell note, authorities sought to learn today why Mrs. Harriett Brockman, 49, fired three bullets into Jack Sinclair's back and one into his head, killed herself with a fifth through her heart.

These bodies were found in Sinclair's hangar where Mrs. Brockman was housekeeper, along with the note addressed to the woman's daughter, Geraldine.

A building boom in Brazil is expected to continue for some time.

Baileys Celebrate Their Anniversary

Mr. and Mrs. Fred Bailey, residents of Lake Mary for many years, celebrated their sixtieth wedding anniversary on Friday, Sept. 4, when they were entertained with an informal party given by a group of Lake Mary friends. A feature of the evening was a greeting card shower from friends all over the country.

Mr. and Mrs. Bailey were married in Elizetown, N. Y., Sept. 4, 1876, the year of the Centennial Exhibition in Philadelphia. In 1892 they moved to Otisville, N. Y., where Mr. Bailey was engaged in business for a number of years. They have been living on an orange grove a few miles west of Lake Mary since 1922.

Mrs. Bailey was born Nov. 3, 1855 and is 81 years old while her husband, who was born June 4, 1854, is 82 years old. They have no children.

John Dighton and Sam Dighton left the first of the week for Tuscaloosa, Ala., to enter the Sophomore Class at the University of Alabama.

Miss Jean Roberts returned yesterday from White Springs where she spent two weeks with her aunt, Mrs. B. Y. Carver.

Mrs. Mattie Hall, who spent a month's vacation at Clearwater, has arrived to spend a few days here before returning to Clearwater for the season.

Mrs. A. C. McKeon, who returned from Chattanooga and Maryville, Tenn., where she spent several weeks. Mr. McKeon, who spent last week there with her, has also returned home.

Mrs. E. C. Echols, Douglas Echols, Roy Echols, and Ethel Echols left yesterday for Pinckard, Ala., to spend a week.

Mrs. G. M. MacDonough of Jacksonville arrived today to visit Mrs. J. L. Ingley, South Sanford Avenue.

Mr. and Mrs. T. D. Inabinet have as their guests for a few days, Mrs. J. L. Stewart and son, Frank.

Mrs. E. C. Echols, Douglas Echols, Roy Echols, and Ethel Echols left yesterday for Pinckard, Ala., to spend a week.

Friends of A. M. Zeller will regret to learn that he continues to be ill at Waycross Hospital where he has been receiving treatment for the past two months.

Mr. and Mrs. Frank H. McKeonley have arrived for a short stay in Sanford, to make their home in the Ball Apartments on West Tenth Street.

Mrs. J. B. Crawford, Mrs. C. M. Flowers, Mrs. R. W. Turner, Mrs. J. P. Hall, Mrs. Georgia Hart, Mrs. J. C. Vaughn, Mrs. C. F. Brannan, Mrs. J. E. Preston, Mrs. Lucille Albritton, Mrs. W. M. Carter, and Mrs. W. L. Clark.

Miss Lela May Jennings of Jacksonville is expected to arrive tomorrow to spend a short time here with Miss Margaret Loney.

Mr. and Mrs. Chase Give Buffet Supper

Mr. and Mrs. Frank W. Chase gave an informal buffet supper Tuesday evening at their home in Windermere in honor of Miss Katherine Symes and Robert Fargo Greenlee of Chicago whose marriage will take place Thursday afternoon at 6:00 o'clock at the home of Miss Symes' parents, Mr. and Mrs. Roy F. Symes, Loch Arbor.

Supper was served from the dining room table which was centered with a large bowl of yellow garden flowers. Other tables for the guests were placed on the large verandah. The honor guests were presented with a novelty salad fork and spoon.

Those present were: Miss Katherine Symes and Robert Fargo Greenlee, honor guests, Mrs. Gordon Cherry of Tampa, Miss Carmita Barber, Miss Margaret Peters, Stanley Vernay, Thomas Adams of Chicago, Maxwell Stewart, and Mr. and Mrs. Chase.

Bette Davis and Warren William come to the Ritz Theater today in their new co-starring Warner Bros. production, "Satan Met a Lady." Warren William plays opposite Miss Davis, while others in the cast include Alton Siskiworth, Porter Hall, Arthur Treacher, Marie Wilson, Winifred Shaw and Olin Howland.

Davis-William In Mystery Film At Ritz Today

The picture is based on a novel by the famous writer of fiction, Dashiell Hammett, which is one of the best the author has turned out. It is written in his usual style, with mystery and thrills combined with sophisticated humor, love and intrigue.

The story is written about the search by a band of crooks for a legendary ivory trumpet, supposed to contain a fabulous fortune in jewels. Murder follows on murder as the crooks double cross each other in their battle to cheat each other out of the fortune.

Bette Davis again plays the part of a "bad girl" in this instance using her wiles to help her in obtaining the jewels, and pulling them off in one way or another when they cease to be of further use to her. William, also, is an unscrupulous character.

1892 they moved to Otisville, N. Y., where Mr. Bailey was engaged in business for a number of years. They have been living on an orange grove a few miles west of Lake Mary since 1922.

Mrs. Bailey was born Nov. 3, 1855 and is 81 years old while her husband, who was born June 4, 1854, is 82 years old. They have no children.

GATOR COACH SEES LEAN SEASON ON GRIDIRON

Fighting Eleven Promised By Cody To Florida Fans

Team Hard Hit From Graduation Doesn't Expect Big Success

GAINESVILLE, Sept. 9.—(AP)—Some sports writers may date an era in University of Florida football fortunes from 1936 but the chances of a winning eleven this season are remote.

Head Coach Jack Cody, called upon an all-annual coaching reunion to show results, must lead from the ground up.

He is coaching a new system of play to an inexperienced squad. From the mastery of the 1935 team, which lost more games than it won, he has inherited a team that is a year away from being a contender in history, were it not for graduation.

About all Cody will promise is a hard-hitting, well drilled team. He will not comment upon the one-and-let-outlook for a schedule which includes few easy games.

"Remember I haven't seen any of the boys under fire," he said. "You can't judge a team until you have watched it in actual combat. The coaching staff in practice means little."

The coach has declined even to name the players he believes might make the first eleven. He said he has worked with the squad only a few weeks last spring and several days this fall. "In these preliminary drills the boys have had little chance to show their stuff."

Florida no longer will use the Notre Dame system which produced five victories during the past three years. Cody is installing a system of his own, calling for short punt formations and the use of wing backs.

"The factors appear fairly well lined in the middle of the line. Al Temple, Gov. in '34—Maynard probably will get the call at center. Three seniors—Captain Julian Lane, Charlie Root and Carlisle Hughes—form the nucleus of the guard contingent. S. L. Yon, a senior, and Harry Kiehlter, junior, probably will see considerable action at the tackle posts.

Sophomores must come through in good shape if Florida shows any particular strength on the flanks. Floyd Christian, a senior, is the most likely starter at one end.

The line likely will average about 190 pounds to the man, but the backfield will be lighter.

If several seniors and juniors who showed up well in spots last year should hit their stride, the backfield may be a surprise. These include Duke Warren, Harold Bess, Bugs Hendricks, Kenneth Willis, Bob Ivry and Walter Mayberry. Paul Brock and Moon Malone, new to the squad, have potentialities.

Collegians Boast First Win Over Pros At Dallas Centennial

DALLAS, Texas, Sept. 9.—(AP)—The college football ranks boasted loudly yesterday of their first victory over a professional eleven—a 7 to 6 defeat handed the Chicago Bears here Monday night by the Centennial All-Stars before 25,000 fans.

Heroes of 1935 from the South and Southwest featured the mid-season thriller played in 90-degree heat at the Texas Centennial Exposition's Cotton Bowl.

But it took a blocked goal kick off the foot of Jack Manders, who had missed only three of his last 150 attempts, to gain the triumph.

The All-Stars scored first, in the third quarter. Rany Jim Lee Howell, great University of Arkansas athlete, intercepted a dangerous flat pass Gene Ronzani, Bruin halfback, tossed on his own 25-yard stripe and headed him a foot from the goal.

Fine Season Is In Prospect For Duke On Gridiron

Blue Devils Expected To Go Places With Return Of 4 Stars

DURHAM, N. C., Sept. 9.—(AP)—Wallace Wade, who has been known to call his Duke University Blue Devils short, said yesterday that his 1936 gridiron prospects were "just about average," but some observers predict the best season ever.

"We lost seven regulars from last year's eleven," said the drawing Duke driver who is pushing his second year for the opener with Davidson Sept. 19 and the invasion by Colgate's Red Raiders a week later. "Our squad is small, numbering only 42. I would say that prospects are just about average."

The seven regulars lost through graduation were three ball carriers, including the signal caller, and the entire left side of the line with the center tossed in.

The team, Wade said, will be built around the quartet of returning regulars—Captain Clarence (Ace) Parker, famed triple threat halfback; Dick Tallaferra, end; and those 10-pounders, Joe Brunanaky, tackle and Joe Cardwell, guard.

Wade has practically all his last year's reserves and several outstanding performers from the crack 1935 freshman eleven at his disposal.

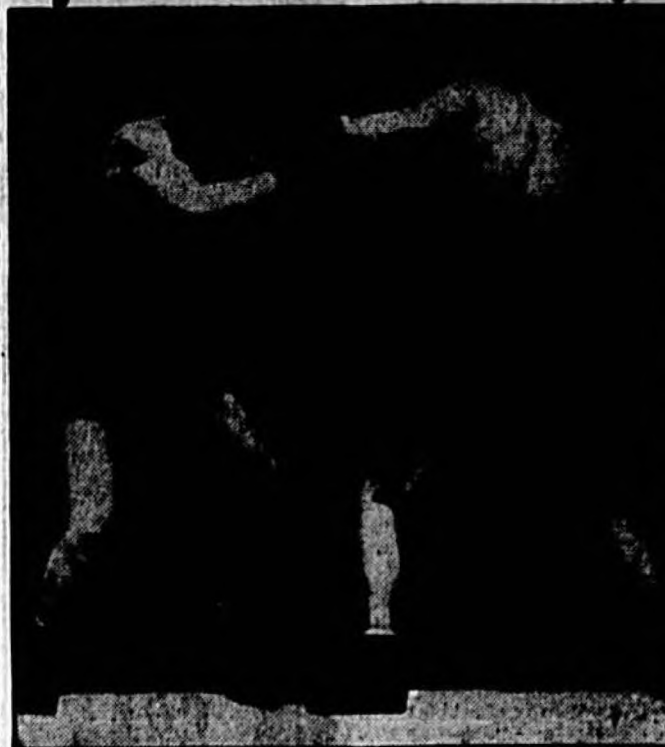

The spearhead of the Duke attack again will be Parker, regarded as one of the country's finest backs. With him in the backfield will be Elmore Hackney, a junior quarterback whose running ability is in a class with that of the best. There are numerous other good ball carriers and blockers, including Sam Gardner, Herbert Hudgins, Harwood Smith, McCauley Clark, Bob O'Mara and Eric Tipton.

Although he is faced with rebuilding one side of his stout 1935 line, Wade looks to plentiful reserves and some outstanding sophomores material to fill the gap. Left over from last year besides Brunanaky and Cardwell, are such stalwarts as Woodrow Lipscomb and Tom Power, 200-pound guards, with much left and ruggedness in reserve.

Only at end is there much worry. Tallaferra, a first class flankman, is the only returning letterman at the position but Willard Earnsey, 190-pound husky, and several others are coming along rapidly.

College Gridders Drop Contest To New York Pros

Giant Halfback Gets 2 Touchdowns On Passes From Mates

POLO GROUNDS, New York, Sept. 9.—(AP)—Showered down by misty weather and the home club's successful defense the college football All-Stars took a beating from the New York Giants, 15-6, last night before a crowd of 30,000. Dale Burnett, star halfback of the Giants, tallied in the second and fourth periods on passing plays.

The All-Stars' punt and established the Eastern professional champion but also outflashed them in a game featured largely by the "breaks." The Collegians gave a poor exhibition of ball-handling and lacked anything resembling a scoring punch.

Defensively they were outplayed and outmanned from start to finish by the Giants, who capitalized their two main weapons, Ed Danowski, punting and Danowski-to-Burnett passes to trim the legs of the 1935 crop of college gridiron stars.

The Giants' defense continued to prove effective. Bill Morgan broke through to block Crayne's punt, the ball curving out of bounds on the All-Star 31. This led to a touchdown for the Giants under unusual circumstances. A combined rushing, passing attack put the ball on the All-Star's two-yard stripe. Danowski then passed diagonally to Dale Burnett, who dropped the ball as he was tackled hard at the corner of the field. It looked like no play but referee Thorp ruled Burnett had held possession long enough to make it a first down. Dunlap, substitute back, placed the ball on the 10-yard line.

The All-Stars broke into the scoring column with a safety after a series of fumbles and breaks which saw the Giants fail to capitalize on the recovery of a fumble by Bill Shakespeare, former Notre Dame star, on the All-Star's 29. Tony Baranaky, ex-Yorkhamite in the Giants' backfield, hit the goal post with a try for placement goal from the 25. Shakespeare then got off a punt that rolled to the Giants' 12, covering over 70 yards. Burnett broke through to block Baranaky's punt, the ball rebound-

Blocking And Tackling Sessions Are Started

Seminole High Eleven Expected To Perform Better In Bright Uniforms To Be Used Here This Season

Cavalcade To Seek Turf Comeback In Narragansett Race

Tomorrow's practice session for Seminole High School gridiron will bring about the first rough work of the present practice campaign, when Coach Leonard L. McLane and his assistants will pace the forty odd youngsters through tough blocking and tackling sessions.

Though regular scrimmages practice will not begin until next week, Coach McLane expects to find out a few of the candidates' work and strong points during the first day of rough work.

As what is expected to be the change on the line, D. E. Hodges, 165-pound tackle of last season, has been shifted to the snapper-back position, a shift should make a splendid center with Big Brailley Odham taking his place at tackle.

New equipment ordered by the Seminole mentor included shod stockings, and new shoulder pads and a few new jerseys. Already the Celery Feds are well attired in satin pants with bright orange jerseys to match.

Gold and black helmets will be used by the gridironers for their regular games to match with their bright gold and black uniforms, giving them the best appearance of any high school team in this section of the state.

BLACK-DRAUGHT

For Clean System Helps To Prevent Sickness

One of the advantages of Black-Draught is that, if it is taken at the first disagreeable feeling of constipation, one or two doses usually bring relief. Prompt relief, such as that, is well worth while. Constipation is too dangerous to be neglected. "A clean system for health" plan has saved thousands of people much needless sickness. They keep a package of Black-Draught in the family medicine cabinet and take this purely vegetable laxative at the first sign of constipation. They say the relief it brings is mighty hard to beat.

Find out, by trying it, why so many people prefer Black-Draught when it comes to buying a laxative.—adv.

Georgia Ousts Talmadge As Russell Wins

Roosevelt Support Strong As Proponent Of New Deal Gets Majorities

Senator Upholds Political Record

Rivers Sweeps Into Position For Governorship Duties

ATLANTA, Sept. 10.—(AP)—The senatorial hopes of Governor Eugene Talmadge, New Deal critic, were buried today under an avalanche of ballots indorsing pro-Roosevelt Richard B. Russell, Jr. for re-election.

Russell, the tenth southern Democratic senator to be re-nominated this year, made his successful fight for six-year term in yesterday's party primary.

The red-suspended governor, his gubernatorial "hair" and his slate of half dozen statehouse officers, were swept out by popular majorities running up to two to one.

Russell maintained a record of no defeats in a political career which sent him from governorship to the U. S. Senate.

It was the first political setback for Talmadge who has fought Roosevelt for two years.

E. D. Rivers, speaker of the House and a former Talmadge ally who broke with the governor over the question of the New Deal, won the gubernatorial nomination over Charles D. Reid, Senate president and a Talmadge ally.

Blanton Farris, another anti-Talmadgeite.

Talmadge and Redwine admitted defeat today, the former congratulating Russell and the latter sending best wishes to Rivers.

Still incomplete and unofficial figures gave Russell 165,111 popular votes and 344 unit votes; Talmadge 84,203 popular votes, and 88 unit votes; Rivers 134,060 popular votes and 356 unit votes; Redwine 76,333 popular votes and 41 unit votes; Farris 21,065 popular votes and 10 unit votes.

In Georgia unit votes, based on twice the number of representatives each county has in the state legislature, count officially. The candidate with the largest popular vote in each county gets all of the county's unit votes.

Sanford Vicinity Gains 14 Persons During Past Month

A net natural gain of 14 in population in the Sanford vicinity for August was reported today by Howard Haskins, vital statistician for Sanford, Lake Monroe, Lake Mary and Lake Wales.

One of the remarkable features of the month's compilation of figures was the absence of death among white males.

Twenty-nine births were recorded over the 30-day period. Of that number 17 were white, including 12 boys and five girls. Among the negroes, there were 12 births, or eight girls and four boys.

Fourteen deaths were recorded by Mr. Haskins. Four were female whites, five male colored and another five female colored.

Motor Officer Sees Traffic Improvement

A marked improvement in traffic conditions on Park Avenue has been evidenced since parallel parking was instituted on both sides of the street, C. F. Smith, City motorcycle officer, said today.

There are no jutting bodies of large trucks and no dangerous trailers to menace the driving area of the Avenue as long as the new parking regulations are observed, the officer asserted.

Originally, the City Commission had planned to allow diagonal parking on the east side of the thoroughfare and parallel parking on the west. This method was abandoned for reasons of safety.

Delay In Arrival Of Material Holds Armory Work Back

A delay in arrival of materials set back the completion date of the National Guard Armory by about one week, W. R. Earle, WPA work director in three counties, announced today.

However, he said the shipments have arrived and workmen are now employed on the armory project which he expects to be finished within three weeks.

Yesterday a considerable part of the scaffolding was removed from the front of the building where a new brick facing has been erected.

Mr. Earle said three carloads of rock were received Wednesday and is being applied today to the Sanford Avenue project leading from the Municipal Airport to Lake Jesup. Forty-five men are employed on the improvement of the highway. About one lineal mile of road is involved.

German Labor Corps Pledges Nazi Loyalty

43,000 Men 'Armed' With Spades Will 'Follow Wherever' Chancellor Leads

NURNBERG, Germany, Sept. 10.—(AP)—Armed with shiny spades, 43,000 members of Nazi Germany's Labor Corps today pledged lasting allegiance to Adolf Hitler as "happy, healthy, self-confident soldiers of work."

Smiling, Hitler pledged with the Nazi convention's reception of his anti-Bolshevik crusade, heard the work troops promise to "follow" you wherever you lead.

Hitler last night in a speech before 800,000 Nazis assailed Bolshevism, democracy and Jews.

Der fuhrer's personal address to the fourth annual Nazi party convention followed a proclamation in which he defined the Nazis' next immediate goal as repossesion of her colonies and rebuilding of her economic structure.

Asserting "the rock of foundation of the state is an authoritarian will," Hitler said: "Unlimited individual liberty leads to anarchy.

"All states have experienced the destructive effects of democracy.

"Bolshevism seeks to destroy culture as we see in Spain where 80 percent of the leading personalities are Jews."

In his 12,000-word proclamation, read to the 800,000 Nazis earlier in the day by Adolf Wagner, Bavarian Nazi leader, Hitler set forth his goal of regaining Germany's lost colonies.

In this fashion Hitler said, would Germany's financial fate be broken and the increased market she would realize by her international trade building up "our raw material forces."

Salvation Army To Hold Pound Party For County Couple

A "pound party," sponsored by the local branch of the Salvation Army, will be held on Sept. 16 for two residents of Lake Mary, Mr. and Mrs. Burns, officers of the unit said today.

Persons who wish to participate in the event may leave one pound of food anytime during the day of the 16th at the Burns home, or they may deposit the gift at the Army headquarters at 210 East Second Street.

Army leaders said Mr. Burns has been confined to his bed for some time, and that Mrs. Burns is a cripple.

While the Army is appealing for food, it also announced that clothing for the couple will be acceptable.

Floridian Is Named To Executive Group Of Demo Electors

Horace E. Loomis of Miami today was named a member of the Executive Board of the National Council of Roosevelt Electors, according to press dispatches originating in New York.

The Floridian, who will direct operations of 20 divisional directors, was appointed by James A. Farley, chairman of the National Democratic Committee.

Mr. Loomis has been at the National Committee headquarters in the Biltmore Hotel in New York since May. Earlier in the summer he served on the board of the Roosevelt Nominators, supervising their field activities throughout the country.

The Miamiian is president of Loomis and Hall, Inc., an advertising agency which handles advertising and publicity campaigns for many Florida cities.

Tropical Storm Is Seen Near San Juan

JACKSONVILLE, Sept. 10.—(AP)—The Weather Bureau today received reports from San Juan, Puerto Rico, that a tropical disturbance was indicated in the Atlantic east of there.

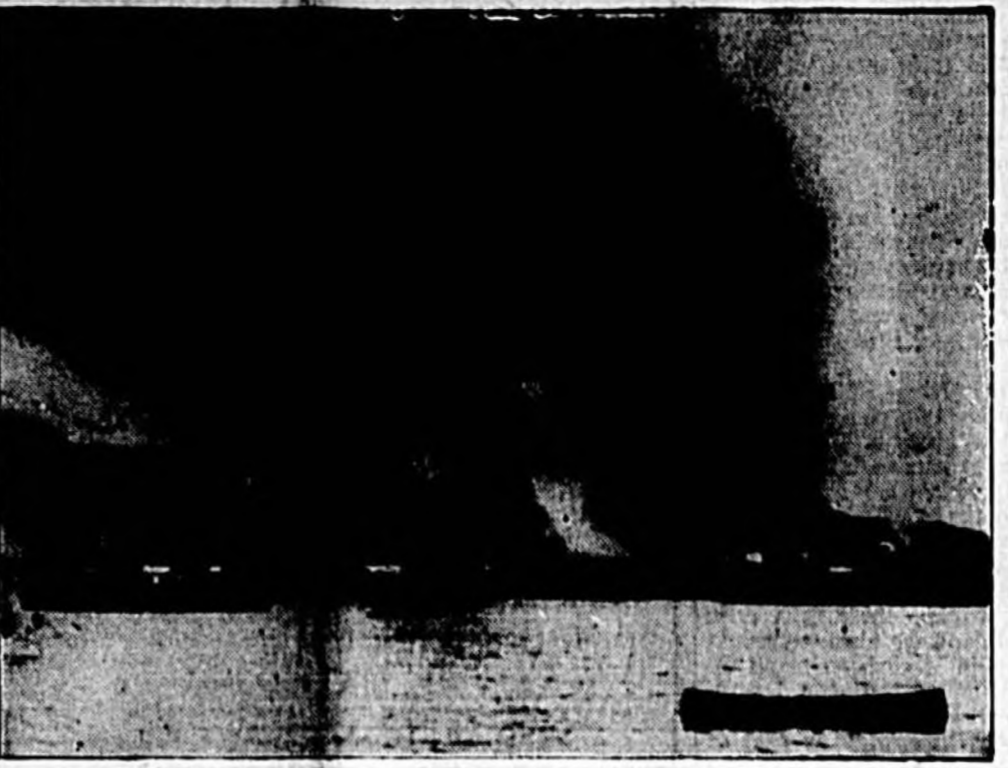

The San Juan observer issued the following advisory: "Some indication of a tropical disturbance central about 17 degrees 30 minutes north and 85 degrees west, probably moving west-northwest, caution advised vessels east of the Leeward Islands, during the next 24 hours."

P. Hall Jailed Here On Bad Check Charge

A prisoner giving his name as P. Hall was locked in the County Jail here today and booked on a charge of passing a worthless check.

A local hotel preferred charges. County Deputy Jack Hickson brought Hall from Tampa where he had been held by county authorities for the Seminole office.

State Farmer's Market To Open Here On Nov. 1

Michael Urges Early Reservation Of Stalls As Growers Flood Office With Space Applications

In preparation for the opening on Nov. 1 of the Sanford State Farmer's Wholesale Market for the 1936-37 season, Manager J. G. Michael today mailed one notice to all operators requesting that they make provision at once for space rental, since other applications are pouring in rapidly asking for reservations.

Many changes have been made in the market's space rental plans since last season, and instead of 108 single stalls being rented, 51 double stalls will be leased to operators.

Same rental charges as have been in effect all the time will be asked, with rental being made either on a monthly, eight-month or twelve-month basis.

Those operators desiring to lease space on a monthly basis, in order to avoid paying their rental charges for the first month, which will be November, at once.

On the other hand, operators desiring to lease on either a ten-month or twelve-month basis, should remit one-half the amount charged upon application for space.

Mr. Michael states in the notices that since the Farmer's Market is operated entirely on a non-profit basis, only enough revenue is wanted to pay operating expenses, plus a small amount each season for depreciation on the building and obsolescence of same.

To date, the manager continues, market officials have been able to put aside enough to cover a fair percentage of depreciation and obsolescence.

Florida Motorists Pay 22 Millions To Possess Autos

Florida motorists paid \$22,000,000 to the state in 1935 for the privilege of operating an automobile, according to statistics released today by the Florida Petroleum Industries Committee in Jacksonville.

Auto owners also contributed \$1,971,000 to the federal government in the form of taxes, the data reveals.

Further, the committee points out, in this state each automobile was taxed for the average of \$75.14, while the national average reached only \$46.26. Florida's motorized transportation units paid the highest tax in the nation, the statistics show.

In gasoline taxes alone, Florida paid the federal government more than two and one-half millions, or an average of \$7.20 per vehicle.

State gasoline taxes amounted to \$17,866,000, or an average of \$60.10 per vehicle, according to the committee report.

100 Elks, Friends Planning To Attend Picnic At Springs

More than 100 Elks and their friends will attend a chicken picnic at San Lando Springs Monday afternoon and night, according to Fred F. Burner, exalted ruler of the local lodge.

Final plans for the outing will be made Friday night when organization members assemble in the clubhouse at 8 o'clock for a regular weekly meeting.

Tickets for the event may be obtained from Peter Thurston, Henry Tamu, W. R. Edenfield, Andrea Caraway, Charles Dunn, Jr., Exalted Ruler Deaver or any other officer.

Supper will be served at 6:30 o'clock. It was announced, although there will be entertainment in the earlier part of the afternoon for those who care to arrive at the springs before meal time, Mr. Deaver said.

Seminole County To Appear In Booklet Issued By Railroad

A representative of the Atlantic Coast Railway called at the Chamber of Commerce today to obtain pictures and information of Sanford and Seminole County to be published in "Tropical Trips," a booklet issued each summer by the transportation company.

The photograph of a celery field and another of the Big Cypress Tree will appear in the publication, according to Ralph Bagwell, Chamber of Commerce secretary, who furnished the material.

Rebels Turn Down Offer For 15-Day Armistice Period

Deputy Estridge Executes Hundred Potential Killers

Chief County Deputy O. R. Estridge officiated today at the mass execution of a hundred embryonic killers—tiny black widow spiders incanted in the sheriff's office.

The potential murderers were offsprings of a captive black widow which had consumed half a dozen grasshoppers during her period of incarceration within a glass jar.

Deputy Estridge lighted a paper torch and thrust it into the transparent prison where the baby spiders, hardy larger than a pinhead, scampered over the nearly invisible skins of a web spun by their mother.

The mother fought courageously against the overwhelming smoke and deadly heat. But her final lot was to drop exhausted, and near the death she had administered to her insect victims, to the bottom of the jar as her brood perished with her.

Jenkins Delivers Delinquent Claims On September 16th

Executions for the seizure of personal property on which taxes unpaid will be turned over to Sheriff McClelland on Sept. 16. Jno. D. Jenkins, Seminole County tax collector, said today.

Mr. Jenkins said the papers for execution are now being drawn up and prepared for service on all persons whose personal taxes show delinquencies.

A state law provides that personal property on which there are unpaid assessments may be seized and sold to satisfy tax claims.

The County collector pointed out that the majority of Seminole County citizens are not delinquent in personal taxes.

Sanford Kiwanians Mail Invitations To Hear Loftin Speak

Walter S. Coleman, president of the Sanford Kiwanis Club, today mailed invitations to local civic, governmental and professional bodies asking that their members attend the Kiwanis meeting Wednesday when Sen. Scott M. Loftin will be principal speaker.

The Senator, who is past president of the American Bar Association, comes here on Constitution Week, Mr. Coleman pointed out.

Among the groups invited to attend the club session are Lions, Rotary, County Bar Association, Chamber of Commerce, Junior Chamber of Commerce, and the City and County Commissions.

All persons who plan to attend should make reservations with T. E. Simpson before Tuesday, Mr. Coleman said.

City Commissioners To Assemble Friday For Budget Confab

The City Commission is slated to assemble tomorrow night for its first major discussion of a 1936-37 budget.

While no definite allocations are expected to be made, it is probable that sufficient progress will be accomplished to place the Commission in a position for positive action in the near future.

Commissioners, for the past few weeks, have been studying suggested expenditures in a list compiled by Frank S. Lamson, city clerk. The figures are based on this year's budget.

Also under tentative consideration of the Commission is a possible bond refunding program. Preliminary discussions on the proposal were held last week.

Woodmen To Arrange Family Night Event

Sanford Woodmen of the World will assemble at their lodge hall tonight at 8 o'clock for a regular weekly session to plan a family night affair.

The special event will be held Oct. 1, according to present plans. All Woodmen are urged to attend tonight.

Diplomat Envisages Opportunity For Change In Spanish Code Of Statutes

Spanish Rebels were reported today to have turned down a proposal for a 15-day general armistice in the civil war.

The proposal, credited to a "diplomat of great influence," envisaged a change in the radical Spanish constitution to make it more acceptable to the Rightist elements revolting against the Socialist government.

Madrid's acceptance of the armistice was said to have been counted upon. Fascist Rebel leaders totally rejected the plan preferring to fight on for complete control of the nation.

An unofficial armistice however, prevailed before the besieged city of San Sebastian. The Rebels, who took nearby Irun and can capture San Sebastian if they wish to press matters, are reported to have turned their attention to a concerted drive on the capital, Madrid.

The rebels formally announced this plan was not the one which attempted to take American destroyer Kane. Spanish waters recently. The civil government also declared a government plan.

At Washington, the State Department announced four armistices (Continued on page two)

Gordon To Enforce State School Bus 'Dead-Stop' Law

County Road Patrolman Marion Gordon today warned motorists of the enforcement of the state law requiring that all automobiles come to a dead stop while school buses are loading or unloading passengers.

The officer asserted that every effort will be made this year to punish careless persons who violate the statute passed by the Legislature for the protection of school children.

Deputy Gordon said that all school bus drivers will be requested to observe the license number on automobiles whose drivers disregarded the dead-stop law. These violators will be reported, Mr. Gordon said.

Persons who pass a loading or unloading school bus may be assessed a sum, including fine and costs, up to approximately \$20, the officer pointed out.

Conservation Plan Time Limit Is Set Forward By Agent

Work sheets, filed to participate in the federal soil conservation program, are still being accepted by County Farm Agent C. R. Dawson, it was announced today.

Since some clerical work remains to be completed on the sheets already turned into the farm office, the agent said persons who have not filed—may enter sheets until those already accepted are completed and ready to be turned over to the State Committee in Gainesville.

Approximately 700 individual farms are represented by the work sheets now in the county agent's possession. Each person who is affiliated with the conservation program will receive an allocation of federal money.
