

TROUBLE HAS BEEN AVERTED

War Between The Bolsheviks And Plutocrats at Longwood and Altamonte Stopped

The following correspondence between Searcy and Haight shows how near war came to being declared in Seminole County.

Longwood, Fla. April 4th, 1920.

Rev. H. L. Haight, Altamonte Electric Co., Altamonte, Fla.

Disreputable Mr: While the writers and his associates in crime, ex post facto, ex tempore, excelsior and excess baggage...

Categorically speaking in a dogmatic manner, approximately how much longer for instance will you trespass on our patience about the extinguished and exterminated light near the Union Station?

The Senate in Bistline assembled is deliberating whether to sue for divorce plus alimony, or separation plus exile and banishment.

Given under my hand and seal and done in the dark of the moon on the above date unmentioned.

Paragorically, C. B. SEARCY, Grand Mogul of the Inner Circle

To which Haight replied: April, 21st, 1920.

His Eccentric Majesty C. B. Searcy, Section 14 Range 29, Longwood, Fla. South Africa.

Prevaricating Sir: I have done myself the ignoble injustice of reading your epistle of the 14th, and in doing so, have noted with casual passiveness, that you it is, who is, complaining somewhat of an electrical globular affair that at present declines to radiate around your sanctuary, due to its absence thereof.

Myself and my committee further observe that you ask—or rather interrogate to say "is you is" or "is you ain't". Enimically speaking from a standpoint of euhonical inaptitude, et-cetra quo-vedis, ad-liberum (whatever that is) we opine that it is now clearly our intention to install to ramin, certain fixtures, that will, in the near future shed such beams of joy around your penitentiary that will cause you to ponder long into the wee hours of the morning, bawling the fate of Desdemona, or tripping as it were with Kiplings "Gunga Din" while playing bishti for the British soldiers who always serve faithfully the Queen.

By the way of explanation of our delay in installing this "moonbeam container" that you are now bawling over, let us deal technically and you will readily agree with us and pardon our tardiness.

During the current year, due to atmospheric conditions, radiation of the dynames were partially eliminated due to the consumption of the general supply of ether now being used in the attempt to signal Mars. This shortage of natural gases re-acted on the valvular domes of the emergency turbine cut-outs, short-circuiting the radiators of the main supply reservoirs which in turn diminished the literal supply of radium potentate that serves to build up the stadium of high-powered currents used in the formation of semi-kilowatts. This then, dete loxited the focussing power of light and would cause the general supply of light to recede to the globe stems (wires) and refuse to appear in the globular reflectors from which light could be generated.

Outside of this, our plant is perfect and in closing we will say that within a very short space of time indeed, the inland lighthouse you crave so badly, will be installed and you will then continue your in-

dignified efforts lolling in the shadows of Altamontes celesttil glows.

Concluding, then, I propound they questionaire say, I am is, now! Isn't I am.

Presufely thanking you for your continual expressions of dissatisfaction and accepting your invitation to spend sev ral months with you, I am, surely am.

Yours for increased kilowatt,

H. T. Haight, N. P. ex officio County at large

BAPTISE 75 MEMBERS

Great Record Of Baptist Temple During Past Month.

Someone has said of temporal affairs, "nothing ever just happens", from which it must follow that everything is a result of some kind of a plan.

Early in his career, the Pastor of the First Baptist Church at Sanford, had visions of a great church he was to build and feeling this vision continually with him, he saw that the time had come for Sanford Baptists to lay the corner stone of his idealized church.

Dr. Hyman, realizing the needs of his people for a clearer insight of Baptist beliefs and reasons therefore, as the first step towards the awakening to follow, delivered during the month of March a series of sermons, each having as its central thought, "What Baptists Believe," and to utilize the power now gained by his church, found as a medium the protracted meeting which was held in April.

Relying always upon the power of prayer, that power without which all religious effort must needs fail, and believing that concerted, unanimous and constant prayer only can accomplish great spiritual things, the pastor arranged during the first week in April for a series of cottage prayer meetings whereby those in various sections of the City could at one time, lay before the Master their pleadings for a religious upheaval. Supplementing this, the pastor devoted a week to sermons directly preparing his people for the pending meeting.

Than whom, there is no better evangelist, George Hyman was chosen to conduct the meeting, and Hugh Rowe of Georgia the singing. For a week, under the leadership of these loyal workers in the vineyard continued a meeting such as has no parallel in Florida Baptist annals. Trusting always, praying ever and upholding Christ as the only way into Life Everlasting, and throngs were invited and led to the feet of the Saviour. It was glorious.

None but the Father knows the heights of joy to which the people have been lifted and the following summary is but a gleam of the Light we have seen.

During April, 126 members were added to the church, of which number 107 united during the meeting, 91 coming for Baptism. 39 were heads of families.

On Sunday May 2nd, at Silver Lake, three miles south of Sanford, 75 new members were baptized.

Since the return of the pastor from France, on July 15th, 1919, 186 members have been added to his church. The total membership is 516.

Believing the "laborer worthy of his hire" the church has increased the salary of the pastor to \$3000.00 from April 1st, and to \$4000.00 from October 1st, 1920, and the salary of the tireless, devoted and efficient Secretary, Miss Allie Trafford, has been doubled.

The church has contributed and paid towards Foreign Missions more than \$3000.00 recently and several members are supporting missionaries in the foreign fields.

"All things are possible to him that believeth."

WE'RE FOR IT The big idea back of the overall club is economy THE desire for economy in clothes seems to be widespread. We are for it. It is something we have been trying to encourage in our advertising. We consistently urge economy. We believe that people who do not need clothes should not buy them. There have not been enough clothes in the country to go around and anyone who can get along with the clothes he has, is rendering a public service. We have also said that if you do buy clothes for reasons of self-respect or other aesthetic feelings, you should buy the kind of clothes that will be the least wasteful. Economy in clothes is not simply in paying a low price for them; it is not getting a certain amount of cloth and tailoring, for clothes are something more than a mere covering for the body. You'll find here economy in Hart Schaffner & Marx clothes; we guarantee that they'll give all the value, wear and style you expect to get in any clothes—if not; money back Sanford Shoe & Clothing Company The home of Hart Schaffner & Marx clothes

QUEER LITTLE YAP

Odd Customs on Small Island, Now American.

Peculiar Currency System Would Seem to Have Some Disadvantages—Religious Rites Observed by Parties of Fishermen.

The island of Yap isn't such a yap place, after all.

Returned travelers from the South seas give illuminating details of life

on the queer little island which even President Wilson hadn't heard of until the Paris conference decided that America ought to get something out of the war—and generously gave us Yap.

If America's would-be czars should adopt the well-known Russian plan of using Yap as a "Siberia"—as suggested the other day by a senator, who got a big laugh for his idea—here are some strongly American customs with a Malayan twist that departed persons would find in operation there:

Money as big as cartwheels "not only," but considerably bigger—huge stone dollars from two to twelve feet across!

Bachelor's club houses occupied by

the entire male population on certain occasions, women being entirely excluded.

A social order, consisting of four castes—magicians, impoverished aristocrats, rich men and the populace.

A religion that includes a god, Luk, who protects thieves and swindlers.

A language that would delight a diplomat or a blushing maiden, having nearly 40 different ways of saying "No."

The two great products of Yap are coconuts and typhoons. The typhoons save the natives the trouble of picking the coconuts. It is precisely in that quarter of the Pacific that the worst storms on earth are born, and from July to December the weather would delight Professor Porta.

Gold or silver money has no more value in Yap than bolshevik rubles have here. The Yaps have such faith in human nature that they have devised a coin nobody can lift. A small coin is a disk of granite two feet across and six inches thick, with a hole in the middle.

A large coin is two fathoms across and two feet thick. Rich people in Yap simply pile their money in the front yard or lean it against the side of the house, which saves them the trouble of showing off by elaborate dress or other indirect methods. It also gives full publicity to all cash transactions.

For "chicken feed" they use large pairs of oyster shells and hundred-pound sacks of copra. To "pass the plate" in a Yap church you have to use a moving van.

Americans who oppose foreign entanglements may take comfort from the fact that the word "Yap" originally meant "foreigner." The early Yaps were great traders and voyagers around the South seas. In other words, foreigners are Yaps—the same old story.

Today the Yaps fish religiously. Before every fishing party the men are obliged to leave their wives and spend four days in the club houses, which are large stone mansions.

After the first successful catch, the men come ashore and everybody takes a pull at the fermented juice of the green coconut. This is dubbed a religious rite, and the women have to keep quiet about it or get cussed by the gods—an idea which should interest Americans who are still fond of little fishing parties.

When a Yap gentleman wishes to steal he prays to Luk. Luk keeps other people from looking. If the thief gets caught anyhow, he simply decides that Luk must have been too busy to hear his prayer, and hopes for better Luk next time.

For the rest of it, Yap is 35 miles long and five broad, surrounded by a coral reef, has hills 1,000 feet high, runs out of water whenever it falls to rain for a week, has five smaller islands near it, grows yams and tropical fruits, but not rice, and contains some 10,000 natives of the Malay race, whose language, curiously enough, shows a basic relation to Sanskrit. And it's ours, every bit of it.

Photography From the Air.

In Tasmania photographic enterprise has taken on a new form. A Tasmanian photographer, determined to outdo his rivals in getting pictures of the most picturesque state in the commonwealth, chartered a recently imported airplane, went aloft, and obtained magnificent views. These were exhibited in his shop window, sold like hot cakes, and amply rewarded him for his enterprise. The cinematograph man will now be put upon his mettle and the picture shows, no doubt, will soon be showing their audiences moving scenic pictures of

surprising range and beauty. In time pictures taken from the airplane will probably be used to instruct children in geography.

The Undelected Office Boy.—"But didn't you get off once before to attend your grandmother's funeral?" "Yes, sir, she came near being buried alive that time, sir."—Sydney Bulletin.

Contrariwise.

"Do you suppose any tax is popular?" "Sure; a tax on luxuries is always popular with people who haven't any."

Penitentiary Farm's Success.

Included in the report of the governor of the Edmonton, Alberta (Canada), penitentiary to the superintendent of penitentiaries is an interesting paragraph dealing with the farm operations carried on at the penitentiary as well as its mining operations. 200 acres were under cultivation during the past year and were farmed with gratifying results. From this small acreage, after buying a tractor and stubble plow at a cost of \$1,314, "we show a net profit of \$4,191.17. From 2 1/2 acres of wheat we thrashed 45 bushels to the acre, and from 11 acres of potatoes we sold 3,506 bushels. Our oats yielded 85 bushels to the acre, and the amount of small vegetables was exceptionally good. Our intensive farming has been very profitable."

Vessel Too Big for Docks.

America, it seems, with all her progress in shipbuilding, has no dock on the Atlantic coast suitable for repairing a vessel like the Leviathan or the Imperator, says Shipping. When the Leviathan needed overhauling, she had to be sent to Liverpool to the big Gladstone dock. Even there it was necessary to wait for the new and the full moon to dock and undock her, as the highest tide was required to "float her over the sill." The dock at Norfolk, Va., it seems, is big enough to float the Leviathan, but the channel leading to it will not permit her passage.

STILL USE LASH FOR OFFENDERS

Delaware Only State in Union Where Whipping Is Permitted.

CLAIM IT GETS RESULTS

Law Designates the Number of Strokes for the Various Felonies—No Distinction Made Between Petty and Grand Larceny.

Wilmington, Del.—The whipping post has been abolished in Delaware, but whipping still remains.

Instead of strapping offenders to a post, they are forced to stand against a wall, with their hands outstretched on either side.

Delaware is the only state in which this form of punishment still is permitted. In other states it was abolished long ago.

In Delaware even the pillory was abandoned only recently.

What Law Provides.

Here are the various felonies punishable by whipping, and the number of strokes that the law provides for each:

Horse-stealing—Twenty lashes. Larceny—not more than twenty lashes.

Arson in Second Degree—Not more than twenty lashes.

Burning a Court-house Where Official Records Are Kept—Sixty lashes. House-breaking—Twenty lashes.

Highway Robbery—Twenty lashes. Wife-beating—Not more than thirty lashes.

Attempt to Ravish—Thirty lashes. In addition to the whipping, the offenses are also punishable by imprisonment.

The most of the statutes merely provide penalties for the various offenses with no provision that they shall not be inflicted upon women, public opinion in Delaware will no longer permit the lashing of women.

A majority of the offenders to be punished in that manner are negroes, but white men suffer it as well. The whippings usually take place at the end of each court term or, if the terms last more than one week, the whippings occur at the end of each week. They are administered by the warden of the jail.

A curious feature of the law of Delaware is that it makes no distinction between grand and petty larceny; the theft of a loaf of bread by a hungry man is technically as serious a crime as the stealing of \$5,000 by a hardened criminal.

There is nothing in the law to prevent a judge from sentencing the former to be lashed on the bare back with a cat-o-nine-tails, made of leather thongs.

See Nothing Brutal.

"I do not see anything brutal about our form of punishment," former Judge J. Frank Ball, counsel for and a member of the County Workhouse commission, said to me. "The men are not beaten severely, for the strokes do not draw blood. No man who came to see one of the whippings, and who was unprejudiced could find anything to object to in them.

"I do not know of any movement to abolish whipping, and I do not know any citizens who would favor such a thing. We feel that we know what we are doing, and we don't want outsiders to dictate to us."

Aviator Shaves and Lathers an Onlooker

San Francisco.—Carrying out a bet with a fellow aviator, Ivan Gates, San Francisco premier "police traffic officer of the air," shaved himself 3,000 feet up in the air recently.

But for the fact that when he landed again on the Marina, his razor slipped and cut him on the ear, that his shaving water upset and splashed over the bystanders, and that his brush, all covered with lather, fell on the upturned face of one of the onlookers, the shave was a big success.

Gates had made his bet with Pilot L. de Arce.

On landing, De Arce personally inspected Gates' chin to see whether he had made a good job of it. He declared himself quite satisfied, saying that no expert barber could have done better.

250,000 PENSIONED BY ITALY

Number Eligible to Receive Government Aid Is Expected to Reach 1,000,000.

Rome.—Two hundred and fifty thousand pensions already have been approved by the ministry of pensions for men injured in the war.

It is estimated that 1,000,000 persons, including 400,000 affected by tuberculosis and malaria, are eligible for pensions. It is difficult as yet to obtain a definite idea as to the total burden these pensions will place upon the country, as the cost of this service will be included in appropriations made for the upkeep of the normal military and naval service.

Russian Painters Thriving.

"Art," so far as the production of pictures is concerned, is said to have had a great boom in bolshevist Russia owing to the fact that the government pays a liberal amount for all works approved by official experts.

The whole domain of art has been placed under the control of a council of seven members, four of whom are apostles of futurism. Artists' earnings have been increased through a rule established by the council under which all pictures that pass the judges are to be paid for at the uniform rate of 7,000 rubles each.

Whether the artist has devoted months of assiduous labor to a picture or whether it is a dab which has taken a few hours to paint, the recompense is the same. With such encouragement the number of artists in Russia is increasing rapidly.

Town Sells for \$10,000.

The entire town of Moneta, Wyo., has been sold for \$10,000. The purchaser, John Goodman, received title from A. Kanson, who founded Moneta twenty years ago, to the following: One townsite of forty lots, one eighteen-room hotel, one five-room cottage, one three-room cottage, two two-room cottages, one large livery barn, one railroad eating house and a miscellaneous assortment of outbuildings. No person other than Goodman owns a single thing in Moneta, but the Chicago and Northwestern owns the right of way on which the town site fronts and a small depot building on this right of way.—Christian Science Monitor.

Biggest Opal in the World.

Proclaimed as the largest uncut precious stone in the world, an enormous, absolutely flawless black opal, recently discovered in this country, is now in the office of a government official in Washington. The gem contains approximately 21 cubic inches, and weighs 2,572,332 carats. It is valued at \$250,000 by the owners. The famous Viennese opal, which was without an equal until the American specimen was found, weighs 1,658,927 carats, but has a number of flaws.

Tears.

She was crying unrestrainedly. Not a sound came from the pretty trembling lips, but the great tears rolled down her cheeks.

The man seemed to enjoy the sight. A sarcastic smile played about his cruel mouth as he watched her; indeed, he looked as if he could never have smiled any other kind.

The girl's beautiful eyes looked up pleadingly to his. His tongue seemed to lash her like a whip as a torrent of words came hissing from his mouth. Then she crumpled up and gave way entirely to her grief.

"Fine, fine!" the man cried to her. "Two hundred feet of that is enough. Now we'll shoot a little of the next scene, where you hang by one foot from a five-story building."

Whereupon the lovely girl chucked the onion overboard.—St. Louis Globe-Democrat.

HE JUST WANTED TO KNOW

Possible Explanation for Nonappearance of Watch Had Suddenly Drowned on Simple Farmer.

Supt. J. E. Oursler of the Carnegie Steel company has established a cost-price store for his 12,500 workmen, thus circumventing the local profiteer.

One of the local profiteers asked Mr. Oursler if he would not shut up the cost-price store, as it was interfering with the other stores' profits, but Mr. Oursler answered:

"Will I shut up our cost-price store, eh? Well, that is about the naivest question I ever heard. Yes, it's as naive a question as the young farmer's."

"The young farmer's?" said the profiteer.

"A young Pike county farmer," explained Mr. Oursler, "stalked up to the inquiry office in a Pittsburgh station and asked:

"This here's the inquiry office, ain't it?"

"Sure is," said the capable young clerk.

"Well," said the Pike county farmer, "about eight hours ago a gazabo took my new watch down the street to get my name engraved on it free gratis so's it wouldn't get lost, and I'm kind of tired of waitin', so what I want to inquire is—is there onest in the engravi' trade, and are all the Pittsburgh engravers out on strike or sump'n'?"

He Comes No More.

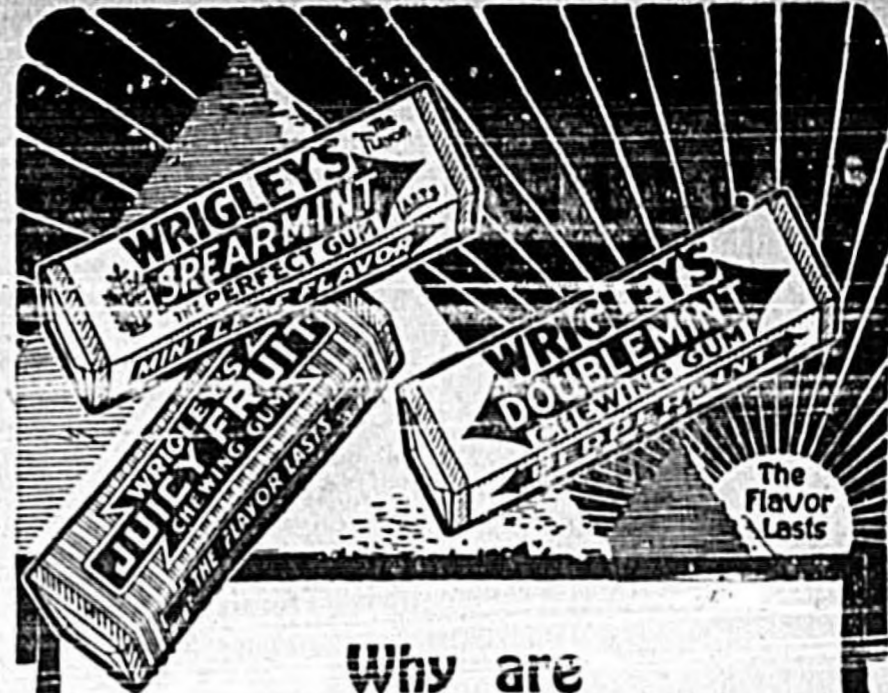

My friend came to see me on Saturday evening as usual, in a beautiful new suit. We went to the theater and when we arrived at my home decided to spend the remainder of the evening on the front porch. The porch had just been painted a few days before, but, supposing it to be dry, I thought nothing of it until he, thinking it time to leave, exclaimed, "O, I'm stuck!" He just happened to sit on a part of the porch that had not completely dried. To my embarrassment, he ruined his new suit, and what was worse, never paid me another visit.—Chicago Tribune.

W. N. SHEATS

Candidate for Re-election as State Superintendent of Schools

The inspired injunction, "It is fast to that which is good," aptly fits the management of educational affairs as it does any condition of human endeavor. In W. N. Sheats is found—

Years of tested efficiency.

Scrupulous honesty.

Knowledge of the needs of the children.

Energetic effort to meet those needs.

Fearlessness in the discharge of duty.

Mr. Sheats relies for the favorable consideration of his candidacy upon the fact that he believes the people agree with him that education is the paramount question of the hour, and that they will continue an administration which has so rapidly advanced the educational standards of the State. Upon this achievement he asks for your vote and active support at the primary on June 8, 1920.

Mindful of the needs of the children, grateful to the people of the State for the confidence they have shown him in the past as well as the co-operation they have given him in his efforts in behalf of better and more universal education, he asks to be returned to the office so he may direct public school affairs safely through the troublous times just ahead. With the record of the past as an open book, he believes that no one will question his interest in child welfare, his sincerity, or his ability.

Carnation Party

On Friday afternoon, Mrs. Aylett Fitts Jr., was hostess at one of the most charming bridge parties in the vortex of gayety prevailing, since Easter ushered in the post Lenten card parties and dances.

The house decorations were elaborate with baskets, bowls and vases of lovely carnations in pink, white and red, a color scheme of pink and white prevailing in the living room and library where the tables were placed. A large bowl of water lilies in their delicate white beauty completed the charm of the floral adornment.

Twelve tables of players enjoyed the fascinating game throughout the afternoon. High score was made by Mrs. Harry Herran to whom was presented a set of Haviland cups and saucers. Mrs. Forest Lake was given a cut glass on second score, the low score prize, a bouquet of pink carnations falling to Mrs. John C. Smith. Mrs. J. S. Wilson received the cutting prize, a potted fern.

With Afternoon Picnic

Chaperoned by their teacher, Mrs. Geo. B. Dickenson, the Eighth Grade picnicked at Beech Springs on Friday afternoon, enjoying all the sport of a woodland frolic, bathing and games featured the pleasures of the afternoon and a delicious box supper beneath the trees completed the happy content of the younger set.

Saturday afternoon the Seventh Grade enjoyed their annual outing and as a picnic is always a dear delight of childhood, this class enjoyed a most enjoyable day. The picnic is always more enjoyable than the last and this is quite true of the Seventh Grade participants and their picnic on Saturday.

Birthday Dinner

Last Friday evening, the home of Mr. and Mrs. James M. Stumon was the scene of a pleasant surprise party given to Mr. Stumon by his daughters.

About eight o'clock Mr. Stumon was called into the house from his store upon entering the living room he was greeted by his little grandson Walter Gwynn Fox Jr., who wished him a "happy birthday" where upon he discovered everything and every body in readiness for an old time "Stumon Orchestra" rehearsal. The amazed faces of little Walter and Jimmie Fox when "Grand-daddy, Daddy, Mamma, Aunt Jessie, Aunt Junnie and Mr Palmer" began to play caused much laughter.

At the close of the evening delicious coffee and cake were served.

The living room was made festive with many cut flowers and ferns, while in the dining room a pretty color scheme of yellow and white was carried out in the table decorations, a graceful basket filled with white cleander blossoms, the long handle tied with a yellow bow, formed the center piece, each side of this were yellow shade candles in crystal holders, from the center to each corner of the table were streamers of yellow entwined with asparagus fern.

Those enjoying this happy occasion were Mr. and Mrs. Stumon, Mr. and Mrs. Robert Herndon, Mr. and Mrs. Gwynn Fox and children, Mr. and Mrs. Earl Burdick and Mr. Geo. Palmer.

Murrel-Clark

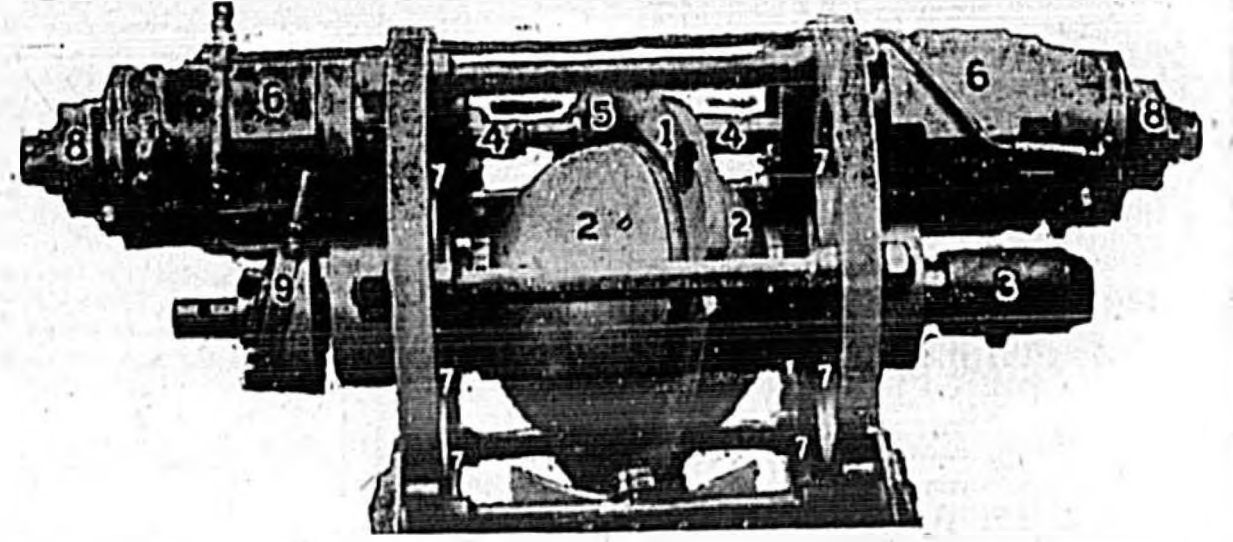

Of interest to many in Jacksonville and throughout Florida as well as in Washington, D. C. will be the announcement of the marriage in Palm Beach on last Wednesday, of Miss Harriet Clark, daughter of Congressman and Mrs. Frank Clark, of Gainesville, and Mr. John M. Murrel, a prominent attorney of Okeechobee.

The bride came to Florida from Washington in February to be one of the bridesmaids in the Yost-Futch wedding, later going to Fort Pierce for a visit with Miss Jessie Ward Parker. While in Fort Pierce, she met Mr. Murrel and the couple motored to West Palm Beach March 29, where they were attendants in the wedding of Miss Parker and P. Leslie Hambleton. She visited Miss Otella Medlin in Riverside for about ten days, returning from here to Fort Pierce, where she again visited Mr. and Mrs. Hambleton and Judge and Mrs. Otis R. Parker.

On Wednesday accompanied by Judge and Mrs. Parker, Mr. Murrel and Miss Clark motored to West Palm Beach and decided to be married before the latter returned to

SUPERIOR ADVANTAGES

Develops greater power, has 95 per cent starting power, a great saving of fuel; light and compact, only two drive shaft bearings, less frictional bearings, valve timer without gears, no cranks on drive shaft, no fly wheel, no dead torque; applicable to steam or gas; can be used anywhere where steam or gas motive power is desired.

Reasons Why You Should Invest in This Company

Embodied in this engine are basic principles for applying power that the mechanical world has been striving for since motive power has been known to mankind.

It will give to the user greater power with less fuel and oil cost, greater durability, requires less space. It can be manufactured for less for it is simple, built in units, and requires less material.

If you are familiar with the history of the Continental Motor, Fails Motor, Ford Motor, Northway Motor and Knight Motor, you are sure to understand what an investment in this company means to you.

Hundreds, thousands and millions of dollars are going out of the South annually to develop Northern industries. Surely you won't concede the North has any more advantages, more capable business men, or a corner on brains.

This company is acquiring the best brains that money can buy. It will be managed with economy. It is not only destined to be a money-maker for its stockholders, but the Armstrong-Emley Crankless engine will be known all over the world in a few years because it will revolutionize the motor world.

Now is your time to get in on the ground floor while the shares are selling at par, \$10.00.

Attractive Bridge Party
Among the loveliest of the Spring card parties is that given by Mrs. Margaret Barnes and Mrs. Harry Papworth at the Parrish House, Tuesday afternoon.

The big hall was transformed into a bower of beauty, the charm of a garden party. The walls were entirely screened with vines, palms, and bamboo and potted ferns and other plants completed the cool, green background against which quantities of sweet peas in their delicate beauty and a profusion of white and pink oleanders were arranged with pleasing effect.

The prizes for the two highest scores were beautiful Italian wood pieces in handsome design.

To Mrs. Bradshaw of Orlando was presented book-ends and Mrs. Roy Symes, a pair of candle-sticks.

Guests from Orlando were Mrs. Bradshaw, Mrs. T. A. Neal, Miss Maggie Hart, Mrs. Leland and Mrs. Largent.

Birthday Dinner Dance

A delightful occasion of last week was the charming dinner-dance with which Mrs. Ed Lane entertained in honor of Mr. Lane's birthday. The pretty home was very lovely with its flower decorations, the table especially attractive with its appointments of crystal and silver, centered by the birthday cake. After dinner dancing was enjoyed until a late hour.

Those present were Mr. and Mrs. Archie Betts, Mr. and Mrs. Sherman Lloyd, Mr. and Mrs. D. C. Marlowe, and Mr. and Mrs. Donald Smith.

Jazz Party

There are parties and parties and the grown folks are not having everything their own way either for one of the most enjoyable evenings in any circle last week was the Jazz party at the Parish House, given by a number of the girls of the very youngest society set and chaperoned by Mrs. Forest Lake. Of course course the boys were there and wearing long trousers quite like Dad's or big brother's, and the girls' bless their pretty selves, were gowned in really truly grown up evening frocks and such a group of gay gallants and charming lassies. Good times? You can just guess "Yes."

In Honor of Mrs. Gonzales

Mrs. A. P. Connelly entertained the Duplicate Bridge Club, Thursday afternoon in honor of Mrs. F. J. Gonzales of Miami, a former popular member of the Club.

In addition to two tables of members there were Mrs. Geo. Davis Hart, Mrs. D. L. Thrasher, Mrs. Geo. D. Bishop and Mrs. W. C. Hill who were invited for the pleasant occasion.

The attractive rooms were prettily adorned with lilacs intrmingled with ferns. Prizes were won by Mrs. Hill on high score, to whom was presented a dresser-scam; Mrs. Hart the consolation, a guest towel and to Mrs. Gonzales the honoree was presented a lovely fan.

Water Meet At Rollins College
Sanford representation enjoying the beautiful aquatic festival at Winter Park on Saturday were Mrs. Henry Wight, Mrs. C. L. Kirtley, Mrs. Frank Miller, Mrs. F. F. Dutton, Mrs. Forest Lake, Mrs. A. P. Connelly, Mrs. Geo. G. Herring, Mrs. Florence Henry and Maud Lake and Mrs. Connelly.

T. N. T's Sew and Chat
The T. N. T. Sewing Club was pleasantly entertained on Thursday by a member of the jolly little circle. This week they will be the guests of Mrs. Sherman Lloyd.

Sewing Party
Mrs. Herbert McCaslin entertained most delightfully on Friday afternoon in honor of her mother, Mrs. J. H. McCaslin and her aunt, Miss May McGill.

The color scheme, pink and blue and white was carried out in the cut flowers with which the dainty little home was decorated, and in the refreshments, which consisted of pink gelatine, salad, sandwiches and iced tea.

The afternoon was spent pleasantly with fancy work and congenial conversation. Mrs. McCaslin was assisted in serving by Mrs. H. C. Dalase and Mrs. J. C. Huchison.

Society Personals
Miss Mabel Bowler, soprano, will be the soloist at the commencement piano recital. Mrs. D. L. Thrasher, accompanist.

Mr. and Mrs. Seth Woodruff are rejoicing in the birth of a little son, at Wilkesburg, Pa., Sunday May 2nd. He will be named Chas. Channing Woodruff for his two grandfathers.

A ladies quartet under the direction of Mrs. A. M. Phillips will assist on the program for the piano recital at the High School Auditorium May 19th. There will also be a reading given by Mrs. R. C. Maxwell.

Mrs. C. W. Speer returned Tuesday night from an extended visit to Pahoee and Palm Beach.

Mrs. Edna Hope of Dunnedin arrived Thursday to be the guest of her sister Mrs. G. I. Loucks. Mrs. Hope will be pleasantly remembered having visited here before.

Mr. and Mrs. L. Allen and two grandchildren and Miss Anna Allen spent the week end in Bartow returning by way of Lake Wales. The trip was made in their car.

Mr. and Mrs. Sidney Smith and Mrs. Warren Smith of Belleview and Mr. and Mrs. McAllister of Whaling were the Sunday guests of Mr. and Mrs. W. O. Newman, returning to Sanford from Ocala.

CHANDLER SIX

Famous For Its Marvelous Motor

See How Chandler Checks With High-Priced Cars

THE Chandler Six throughout its seven years of production has been distinguished for its many distinctively superior features of design and equipment which are used also on the highest priced American cars, and not used in any considerable degree by cars now priced hundreds of dollars higher than the Chandler. See, then, how the Chandler checks with ten of the best-known high-priced cars in these features selected as being characteristic of high-grade design and most efficient service.

Superior Chandler Features and the High-Priced Cars that use Them

- ONE PIECE ALUMINUM MOTOR BASE,** which ties the frame of the car together at four points, thus providing a stiffer frame as well as a more rigid motor mounting. Also used by Packard, Locomobile (Bronze), Mercer, Winton, Flat, Brewster, Stutz, Pierce-Arrow.
- TORQUE ARM OR TUBE.** Also used by Pierce-Arrow, Locomobile, Brewster, Winton, Cadillac, Packard, Stutz.
- ANNULAR BALL-BEARING TRANSMISSION.** Also used by Winton, Stutz, Pierce-Arrow, Brewster, Cadillac, Flat, Locomobile, Packard, Marmon.
- SILENT CHAIN DRIVE for Motor Shafts.** Also used by Winton, Packard, Cadillac, Brewster, Flat, Mercer.
- Pierce-Arrow, Flat, Brewster, Packard, Locomobile.**
- ANNULAR BALL-BEARING REAR WHEELS.** Also used by Packard, Stutz, Locomobile, Marmon, Pierce-Arrow, Flat, Mercer.
- HIGH TENSION MAGNETO IGNITION.** Also used by Locomobile, Mercer, Flat, Brewster, Winton.

THEN, see how these seven cars—sixes which may be considered competitive to the Chandler—do NOT check

- One car, listing at \$2975, checks with Chandler in only one feature
- One car, listing at \$2685, checks with Chandler in only three features
- One car, listing at \$2400, checks with Chandler in only one feature
- One car, listing at \$2195, checks with Chandler in only two features
- One car, listing at \$2045, checks with Chandler in only two features
- One car, listing at \$1915, checks with Chandler in only one feature
- One car, listing at \$2250, does not check with Chandler in any feature

Not a single one of the seven makes of medium-priced Sixes referred to offers you High Tension Magneto Ignition. The Chandler offers you Bosch, recognized the world over as the best ignition system. Only one of them offers you the silent chain drive, although another one of them in its higher-priced model (\$3450), incorporates this feature.
