

Manager Predicting Pennant Victory

His Team Will Give Others Good Scrap This Season

By PIR TRAYNOR
 Manager Pittsburgh Pirates
PAN ANTONIO, Mar. 25.—(P) I do not believe in a National League pennant for Pittsburgh. In fact, I see by the papers there is hardly a chance for the Pirates to win the pennant. Bill Terry says his Giants will win it; Frankie Frisch is certain the Cardinals will win it, and Charlie Grimm believes the Cubs will repeat.

Somebody isn't till at the bank. There doesn't happen to be any pennants available this year as I'll not pick the Pirates. I do believe we will have a better hitting club than we had last year when we finished third in club batting. We have a great bunch of natural hitters who look good to me in spring training.

The biggest part of our troubles of last year will disappear. I believe when Al Todd, obtained from the Phillies, starts working behind the plate, we are counting heavily on him to save a lot of ball games for us by his handling of the pitching staff.

I look for Cy Blanton, my rookie sensation of last year, to have an even better season with Todd behind the plate. Bill Swift, second to Blanton in the league in effectiveness, looks better than ever and the rest of the staff has been showing good stuff in training.

We won 88 ball games last year and finished in fourth place, which is quite unusual. I believe we had the best club in the league during the last five weeks of the season, outside of the Cubs, Dodgers, and should give them all a scrap this year.

We know we have a lot of "ifs" but with the breaks, we have just as good a shot at the pennant as any other club.

Consistency will help our ball club. We had a "hot and cold" team last year. We'd win five games in a row and then drop three or four. I believe our pitching, hitting and improvement in double plays will remedy that.

It looks like Todd behind the plate, Gus Bahr at first base, "Pop" Young at second, Artie Vaughan at short and I believe my arm is improving and will allow me to play third. Wilbur Brubaker, a good looking prospect from Kansas City, might play a lot of third base.

Paul Waner will be in right and Forrest Jensen in left. Fred Schulte, from Washington, and Daniel Hefey will fight for centerfield, vacated temporarily because of Lloyd Waner's recent illness.

Besides Blanton and Swift, I'm counting on John Tising, a rookie, Mace Brown, who should be a regular, Jim Weaver, Red Jones and Guy Bush, as my best pitching material.

Having finished in fourth place last year, we're in a good spot to give somebody trouble this year.

Traffic Chance Wins A Place In Greyhound Derby

In the season's greatest blanket finish, the up and coming Traffic Chance finished ahead of the favored Wild Panny last night to win second of a series of six elimination races leading to the \$1,000 added Greyhound Derby of Apr. 9.

Wild Panny knocked out Traffic Chance in the first round. Traffic Chance took the lead and won with Newt, Ann Hope and Golden Lad flashing in that order to insure themselves another chance at the Derby race.

Eliminated with Wild Panny was Paddy Blue, Miss Mark, and Ellys.

A huge crowd witnessed the night's program, run under ideal conditions, and interest in the Derby appeared to be mounting.

Third of the six eliminations will be run Thursday night at Wash Post, Ann Will, Hawk Light, Traffic Sing, Just Wilder, Masked Fairy, Backfielder and Ash Tray, entered.

Tonight's entries and selections with the latter capitalized as to dogs which should finish in the money:

First race, quarter mile: Bobbie Ann (1), Dora Miley, Ann Klunker, Hot Battery, Royal Hound (2), Cleared Dog, Wingalong (3).

City Considered By Big League As Training Center

Conference Arranged With American Association Head

Sanford as the spring training headquarters of all baseball teams in the American Association was pictured before the Chamber of Commerce last night by Arthur Brannan who has been carrying on negotiations with officials of the Association for some time.

Such negotiations have now proceeded to a point where it was believed safe to give publicity to the affair.

Mr. Brannan has been exchanging telephone conversations, telegrams and letters with George M. Troutman, president of the American Association, and the latter has asked for a conference in Sanford with leaders interested in baseball. Mr. Troutman was the one who suggested the idea that Sanford be made headquarters for the entire association, with two teams training in this City and all the others nearby.

A mistake was made in having too large a committee handle the Chattanooga situation, Mr. Brannan declared, and his suggestion that a much smaller committee be named to meet with Mr. Troutman at a luncheon conference here on Apr. 1 was accepted. He begged to be left off the committee, but President Tom Simpson and other members of the Chamber of Commerce refused to hear him.

In accordance with Mr. Brannan's suggestion, President Simpson said he would ask the County Commissioners, City Commissioners, American Legion, Rotary, Kiwanis and Lions Clubs each to name a representative on the committee to serve with Mr. Brannan whom he appointed as the representative of the Chamber of Commerce. The committee will select a chairman from its membership.

The American Association is composed of baseball teams in Columbus, O., Indianapolis, Ind., Kansas City, Mo., Louisville, Ky., Milwaukee, Wis., Minneapolis, Minn., St. Paul, Minn., and Toledo, O.

Boxing Program By Fair Gathering At Arena Enjoyed

An unusually interesting program of boxing was enjoyed by a fair sized crowd at the Fourth Street Arena last night. It was a benefit performance for underprivileged children, and \$18.75 was netted to the treasury of the Boys Athletic Club which sponsored the show.

The bout between Clyde Harney and Frank Volkenberg was declared by the fans to be one of the best witnessed in the local arena. Both boys which the crowd seemed to especially enjoy were between Harry Lee Moore and Buddy Ogilby and between two colored boys, Charlie Williams vs. Arthur Harris, with Williams winning.

Billy Wilkinson won over Charles McElin in a technical knock-out in second round. Therefore Klieker won over Bill McElin; Pete Willis won over G. J. Harbage; Ollie Chapman and Charles Harriman fought to a draw; Charles Cook vs Harold Johnson—draw; Bob Bickel vs George Delinger—draw.

The following boys will go to Orlando this evening: Pete Willis, Clarence Barryman, Giles Chapman, Frank Johnson, Harry Lee Moore, Buddy Ogilby, Frank Volkenberg, Tubby Smith, Theodore Klieker and Billy Wilkinson.

Sanford Enters Swimming Meet Next Saturday

Seminole High School will swim against Orlando High School in a dual swimming meet at Rollins College on Saturday, Mar. 28, the first swim to be held in the afternoon.

This is the first time that Sanford has been represented in a swimming contest since 1928.

As Coach Melchior is busy with his Spring football squad the swimming coaching has been taken over by Jack Torrence, a student at the school, and he promises to come back from Winter Park next Saturday with Orlando's scalpel tied to his belt.

Sanford will be represented at the dual swimming meet by Lester Phillips, Bill Wright, Roland Merchant, Frank Benjamin, Clyde Hurt and Jack Torrence.

2 Huge Black Bass Caught In Lake At Alamosa Springs

Here's a fish story that is a fact.

Paul Roberts and Ralph Lansing brought to The Herald office last evening two black bass weighing over 10 pounds. They caught them in an 80-acre lake west of Alamosa Springs during the afternoon, with rod and reel.

"I was often out much better," Mr. Roberts said, "and lots of people don't know the black bass that big can be caught in Seminole County."

The fish Mr. Roberts caught tipped the scale a few ounces more than 11 pounds, while Mr. Lansing's fish weighed a little more than 10 pounds.

The fishermen also caught several "little fish" weighing only 2 or five pounds each.

'Egret Guard' Is Ordered To Duty In The 'Glades'

WASHINGTON, Mar. 25.—(AP) The government's "egret guard" has been ordered to take up active duty in the Everglades. The Department of Agriculture has mobilized all game agents in the Florida district to start the annual watch over the egret during its nesting season.

A strict lookout will be kept during the next six weeks for a type of law-breaker who has almost been wiped from existence—the egret plumb-hootler.

The work between mid-March and early May, explained Col. H. P. Sheldon of the biological survey, are the most critical of the trail bird.

"During this period, the bird's plumage reaches the height of its beauty—at the very time the eggs are being laid and young egret.

Sanford will be represented at the dual swimming meet by Lester Phillips, Bill Wright, Roland Merchant, Frank Benjamin, Clyde Hurt and Jack Torrence.

Black-Draught's Good Reputation
 The confidence people have in Black-Draught built up from satisfactory use so many years is shown in its being handed on from one generation to another. It must be good to have such a strong following.

Here is a typical reference to Black-Draught by a satisfied user:
 "We have used Black-Draught for twenty years," writes Mr. Fred Richardson, of Harrison, Okla. "My mother has used it for fifty years. It is the best medicine I know anything about. I take it for constipation and flatulence, or when I feel sluggish and bad. Black-Draught is splendid to regulate the bowels, cleansing them of waste matter, ridding them of constipation. I expect to use it twenty-five years more. If I live and it gives satisfaction as it has always given."

Growers Will Vote Friday On Fruit Pact

Proposed Marketing Agreement Will Be Discussed At Meet Friday At 9:45 A.M.

AAA Official To Be At Conference

All Fruit Producers Urged To Hear Explanation Of Pact

Every citrus fruit grower in Seminole County is urged to attend a meeting in the Court House at 9:45 o'clock Friday morning when the proposed marketing agreement will be explained by representatives of the Agricultural Adjustment Administration (the AAA) and representatives of the State Agricultural Extension Service in Gainesville.

After the meeting an opportunity will be given those growers in attendance to vote on the proposed agreement. At the time they vote, growers will be asked to state the number of boxes of oranges, grapefruit and tangerines they marketed during the 1934-35 season, and number of boxes of each which they shipped through a co-operative marketing organization.

The proposed citrus marketing agreement, requested by the industry in February, has been tentatively approved by the Secretary of Agriculture and must be approved by 67 percent of the growers and must be signed by 61 percent of the shippers before it becomes effective. It will give the AAA control over the entire citrus market, unless sooner approved by the Secretary of Agriculture.

Under the proposed program, all oranges, grapefruit and tangerines grown in the State of Florida which are moved in interstate commerce and to Canada must be regulated during week-long periods so as to prevent depressed prices which may result from excessive supplies in the out-of-state markets.

The Control Committee would have the power to recommend adjustment of prices.

Negotiations In Far East Disrupted By Fighting On Border

FRANKFURT, Mar. 26.—(AP)—Frankfurt news today said that negotiations for settlement of the troubled Far Eastern situation, both sides suffered loss of life in an engagement which lasted hours and which resulted in a Japanese attack on a Soviet borderpost. The Soviet immediately instructed its ambassador to present a strong protest to the Japanese.

Guardsmen Make Headway On Plan To Issue Paper

Advertisers Helping Obtain Funds For Completing Armory

Officers of the three Sanford National Guard companies completed their first day's work yesterday in connection with the publication of The Sanford Herald next Monday and, according to those in charge of the advertising, considerable headway was made.

Several merchants who were contacted yesterday for advertising said that inasmuch as the National Guard brings into Sanford an annual government payroll of about \$30,000, which is spent largely in local trade channels, they would be glad to help raise money to complete the new armory.

In their campaign the Guardsmen are pointing out that nearly \$1,000 is needed for electrical wiring work and fixtures in the armory before it can be completed and that this money must be raised by the companies themselves. The publication of The Herald for one day is one of the projects undertaken to raise this money.

Ernest L. Karp, who is in charge of the advertising, reported that "not a single turn-down was met" during his canvassing among firms and that in each instance he was greeted by a willingness to help the National Guard's armory fund.

Capt. George McRory headed the advertising committee today, and tomorrow this department of the armory will be under Lt. W. D. Hoffmann. Saturday Lt. Bel Roberg will take charge, Capt. H. C. Washburn is directing the advertising work and Capt. McRory is heading the editorial staff, while the general supervision of all work is being exercised under Col. J. C. Hutchison and Capt. A. W. Knox.

Over 30 Million In Florida Relief Fund Has Not Been Spent

WASHINGTON, Mar. 26.—(AP)—The Treasury department said today that \$30,837,475.30 of \$50,000,000 allocated to Florida by the President under the \$4,800,000,000 emergency relief act of 1935 was still "unexpended" as of Mar. 16. Voucher payments had been made from an allocation totaling \$28,314,992.07 for all forms of federal relief work in the state.

President Cheers Former Sanford Boy, Buddy Lynch May Go To Warm Springs

"Buddy" Lynch, 15, who used to live in Sanford, is looking forward to a straightened and straitened life, because of recovering from President Roosevelt gave him at Tinsville the other day. His mother, Mrs. Doris Lynch, who now resides at 144 Bay street in Daytona Beach, sends The Herald a newspaper clipping calling of "Buddy's" contact with the President.

According to the paper, members of the Daytona Beach post of the American Legion have sought for their years to obtain information on the boy, but they were unable to locate him. Then one day it was learned that the President himself had written to Tinsville, Fla., and had been in contact with the boy's mother.

The paper also stated that the boy had been in contact with the President and had been in contact with the President.

Congress Will Inquire Into Keys Disaster

Administrator Hines Of Vet Bureau Expected To Be First To Give Testimony

WASHINGTON, Mar. 26.—(AP)—Moving swiftly after adoption by the House yesterday of a resolution authorizing an inquiry into the causes of the deaths of World War veterans in the Sept. 2 hurricane that swept the Florida keys, the veterans' committee prepared to begin questioning witnesses today. It was expected that Frank T. Hines, veterans' administrator, would be the first called to testify.

Chairman Rankin, Mississippi Democrat, told newsmen "we are going to hear from everybody who can give us information, so we can find out about this." Rankin said the committee wanted to hear also either from Harry L. Hopkins, WPA administrator, or Aubrey Williams of the relief administration, who conducted an investigation into the matter. He also said representatives of the various veterans' organizations were prepared to testify.

The authorizing resolution was adopted unanimously. Both Rankin and Representative Peterson, Florida Democrat, who also will testify, said they were of "open mind" but that they thought Congress should make its own record of the testimony.

Inquiries previously have been conducted also by the Veterans Administration, the American Legion and Veterans of Foreign Wars, as to why the veterans were not evacuated from the camps before the storm struck.

Peterson said he had three objectives in his testimony: to fix definite responsibility on the government for the deaths and injuries; to fix the method of proof of death. He explained that of 163 first determined as dead 120 were only partly identified and 43 tentatively, and that in addition 97 more were missing, bodies of some of them later washed ashore and were identified.

The veterans, including some of the Washington "bonus marchers," were routed to the three camps far down in the Florida Keys, after they had assembled in Washington.

All Known Gambling Locations In Tampa Closed At Midnight

TAMPA, Mar. 26.—(AP)—Officers said today that all suspected gambling locations had been closed and deserted since midnight, the deadline set by the county grand jury for games of chance to cease. The grand jury recommended the resignation of the county judge, the county solicitor and the county sheriff unless gambling operations were halted by midnight. Sheriff E. E. McLeod and County Solicitor C. J. Harjo, each blamed the other for failure to co-operate in halting gambling.

Estranged Husband Held For Shooting Woman At South Bay

WEST PALM BEACH, Mar. 26.—(AP)—Mrs. Richard Eric Sheets of South Bay was in a critical condition at a hospital here today from a bullet wound, which police said was inflicted by her estranged husband.

The sheriff's office said Sheets surrendered to Police Chief Sam Hendry of St. Glade following the shooting and was being held in jail there, pending the outcome of Mrs. Sheets' injuries.

Officers said they were told Sheets shot his wife during an argument between them over the custody of their youngest three-year-old child.

EX-POLICEMEN ON TRIAL FOR FATAL FLOGGING

Amid hue and cry about communism, Ku Klux Klan terrorism and the like, three former Tampa policemen are shown walking into court to face trial on kidnaping charges arising from the fatal flogging of Joseph Shoemaker, a labor organizer. Left to right: C. A. Brown, C. W. Carlisle and John P. Bridges. Judge Robert T. Dewell (upper right) was appointed by Gov. Sholtz to preside over the trial and Rex Farrier (lower right), Hillsborough county attorney, was designated special prosecutor.

A. G. Wagner Will Jurors In Tampa Are Asked Be Candidate For About Their American Ideals

State Legislature Communism Question Raised In Trial Of Ex-Policemen

TAMPA, Mar. 26.—(AP)—Prospective jurors in the E. F. Poulard kidnaping case which grew out of the fatal flogging of Joseph Shoemaker were asked today whether they believed in "American Ideals and American Institutions." The question was put to two veniremen by Pat Whitaker, chief counsel for three suspended Tampa policemen on trial. Each replied affirmatively. Shoemaker was a member of the socialist party in Vermont before he came to Tampa where he organized the "Modern Democrats." There have been claims he was engaged in communist activities, but his brother denied this. Circulars appeared in the courtroom, signed "communist party," said "this is the first time in Florida history the Ku Klux Klan has been brought to trial."

Rev. Farrier, chief prosecutor, asked veniremen whether they believed in preserving state and national constitutions. This also received affirmative replies.

Selection of a jury to try three men charged with kidnaping one of Shoemaker's communists proceeded today when Judge Robert T. Dewell temporarily overruled objection of the defense that a fair trial could not be obtained in Hillsborough county. The court explained that he was withholding final decision on motion to transfer the trials until it is shown by actual efforts whether a fair and impartial jury can be seated in this county.

Red Cross Asks For Additional Funds For Relief Of Sufferers From Flood

More money will be needed by the American Red Cross to relieve suffering in the flooded areas in Pennsylvania, West Virginia and New England states, and another appeal for funds was telegraphed today by Admiral Cary T. Grayson, head of the national association. The number of victims has been doubled since the quotas were first assigned, and Seminoles Chapter is therefore asked to contribute at least 50 percent more than was originally asked. The original quota for this county was \$450, but the contribution of 1975 by residents of this section is now asked.

Funeral Service For Retired Pastor Held

Funeral services for the Rev. W. P. Burrows, retired minister of DeLand, and brother-in-law of F. A. W. Brown of Paola, were held yesterday afternoon from the First Methodist Episcopal Church in DeLand with the Rev. William E. Craig, pastor, officiating.

The Rev. Mr. Burrows was 76 years of age and was born near Dimsburg, N. Y., Dec. 12, 1859. He went to DeLand from Wisconsin about eight years ago. Besides Mr. Brown he is survived by his widow, four sons, and two daughters. A. E. Towell of this city was among those from Sanford attending the funeral.

Eden Fears War In Europe If Germany Rejects Proposals

Hoffman Inspects Hauptmann Home, Checks Evidence Looks At Nailholes In Floor Boards; No New Reprieve

NEW YORK, Mar. 26.—(AP)—Governor Hoffman, of New Jersey, and his aides inspected the former home of Bruno Richard Hauptmann today to check on prosecution testimony that nailholes in attic beams fitted those in one rail of the Lindbergh kidnap ladder. Results of the governor's visit to the Bronx residence probably will be presented to the Court of Pardons at Trenton when it considers Hauptmann's second appeal for commutation. The governor was particularly interested in testing whether holes in rail 16, which the state contended originally was part of the floor board, fitted adjacent boards.

WON'T EXTEND REPRIEVE TRENTON, N. J., Mar. 26.—(AP)—Gov. Harold G. Hoffman, who saved Bruno Richard Hauptmann from execution two months ago, said last night he will not do so again on his own initiative. Hauptmann's only hope, the governor said, lies in judicial intervention. Hauptmann is scheduled to die at 12 o'clock Tuesday night. He stands on his Jan. 17 statement, the governor said, "that I would not grant a further reprieve unless a situation arises which warranted asking the court for another extension."

LONDON, Mar. 26.—(AP)—Anthony Eden, foreign secretary, warned the House of Commons today that unless Germany immediately contributed "toward easing the situation" negotiations for peace in Europe would face an "almost impossible task." Eden said that Joseph Chamberlain, British ambassador in France, Belgium and Holland had allayed the prospect of immediate war, but "I do not view the future with a light heart." Eden also suggested that France cooperate to find a feasible solution to the European dilemma.

Third Accident Victim Dies In Orlando Hospital

SCOTTY SHAW, injured in the head-on collision on the Sanford-Orlando highway last Sunday night, died today in an Orlando hospital. His cousin, Wallace S. Shaw, of Orlando, was killed in the accident and Miss Anna Buchanan, also of Orlando, riding in the same car, died a few days later of injuries she received in the crash.

Though in a critical condition, Scotty Shaw was moved last yesterday from the Fernald-Laughton Memorial Hospital in Sanford to the Orlando hospital. Mr. and Mrs. H. Palmer Eastwood into whose car the Shaw car crashed, are still in the local hospital, but their condition was said not to be critical.

Fruit Crop Hurt By Frost In California

SAN FRANCISCO, Mar. 26.—(AP)—Billows of black smoke over northern California today as Jack Frost paid another visit in the early morning hours. Smudge pots burned all day. Many growers using dynamite automobiles three for fuel. A. Morrison, Sacramento county agricultural commissioner, expressed the fear that apricot, peach and early plum crops "practically wiped out." Southern California's groves escaped damage.

Junior Lorenzen Has Birthday Celebration

Junior Lorenzen, who celebrated his eleventh birthday anniversary, was honor guest at a party given Wednesday afternoon by his aunt, Mrs. L. E. Spencer, at her home on West Eighteenth Street. Games were enjoyed and an Easter egg hunt was conducted. George Speer was awarded the prize for finding the greatest number of eggs.
The party rooms were decorated with vases and bowls of bright colored flowers while the dining room was adorned with green and yellow crepe paper. The refreshment table was overlaid with a lace cloth and centered with a large birthday cake bearing 11 yellow candles in green holders. Other decorations on the table consisted of vari-colored candies and two vases of sweet peas.
Favors were novelty balloons. Refreshments were served to the following: Junior Lorenzen, honor guest, George Speer, David Gatchel, O. D. Landress, George Carver, Buddy and Bobby Proctor, Ralph Smith, Ray Herndon, Eugene Singletary, Ray Fox, Al and Pete Brock, Elmer Lorenzen, Robert McGill, and George Spencer.

Special Program Is Given At High School
Mrs. Eolland L. Dean gave a talk and Mrs. Julius A. Takach rendered vocal solos at the special program given this morning before the student body at Seminole High School P. T. A. as sponsor.
Mrs. Dean used as her subject "Recreation and Motion Pictures," while Mrs. Takach, who was accompanied by her daughter, Miss Daphne Takach, sang "One Night of Love" and "Oh! Miss Hannah."
Mrs. Dean was introduced by Miss Edna Chaffenden and Mrs. Takach by Miss Clifford Schindler.
Special music was rendered by the school orchestra under the direction of T. M. Dollison. The flag salute was led by three Boy Scouts in uniform, Beryl Higgs, John Morris, and Ernest Southward.
Fossil bones, when found, are studied, photographed and prepared before removing.

New Musical Comedy Comes To Milane

Paramount's presentation of "Anything Goes," the Broadway musical comedy plays a return engagement at the Ritz Friday. It is a sparkling happy comedy, and contains all the famous song hits associated with this play.
The audience proved enthusiastic over this screen offering. Bing Crosby, the singing star, is the feature attraction, and carried off honors with his breezy style of acting and singing. The high point of the picture, vocally, is a set of parodies on "You're the Top" which he and Ethel Merman sing, and which evoke surprise and delight.
Others in the cast of players are Charlie Ruggles, Ida Lupino and Grace Bradley.
In addition to the song hits associated with its name, the picture has new songs by Cole Porter and others. The direction is by Lewis Milestone, and the dance routines were elaborated by Leo Roy.

At The Mayfair
Miss Margaret Bradley of Daytona Beach is at the Mayfair for a few days.
Mr. and Mrs. AJ Ludeke of Castle Hayne, N. C., have arrived to spend a short time at the hotel.
Among the overnight guests last night were: D. E. McNeill of Jacksonville; Mr. and Mrs. D. S. Boyden of Boston; Mr. and Mrs. C. Frank Doolan of Abil, Mass.; Mr. and Mrs. A. Stuffer of Cleveland; Mr. and Mrs. George E. Taylor of Greensburg, Pa.; and H. P. McLendon of St. Augustine.

Growers Will Vote Friday On Fruit Pact

(Continued from page 1)
Establishment of shipping periods of regulation of grades and sizes of fruit shipped, and to cooperate with the Secretary of Agriculture in development of plans for diversion of surplus fruit.

Handlers would be required to pay to the Control Committee 1 cent per standard box shipped from the time the program becomes effective to Sept. 1, 1936, and 1/2 cent per box thereafter. This assessment may be increased or decreased as found necessary.

In general, the marketing agreement program is designed to improve marketing conditions and increase returns for an industry from which approximately 20,000 growers derive their incomes. The annual value of the Florida citrus crop accounts for over 98 percent of that state's farm income from fruit and nut production, and nearly 50 percent of the total farm income from all principal crops produced there. In recent years the income of Florida citrus growers has been decreasing while production has been increasing. For the five seasons ending 1929-30 the total farm value of the Florida citrus crop averaged \$30,800,000, and declined to an average of about \$22,000,000 during the last five years. The farm value of last season's crop was approximately \$23,000,000. The average annual production of oranges and grapefruit increased from 20,303,000 boxes for the 5-year period 1925-26 to 1929-30, inclusive, to an average of 30,025,000 boxes for the five seasons ending 1934-35.

County Agent C. R. Dawson issued the call for tomorrow's meeting of the growers and will preside at the session, though he

states he is "absolutely neutral" and will take no part in the discussion, either for or against the pact.

"We want to give every grower an opportunity to vote and express his desires in connection with the proposed marketing agreement, whether he favors or opposes the plan," said Mr. Dawson. "If the agreement will become effective, the Secretary of Agriculture must find that two-thirds of the growers by number or volume of fruit, favor the plan. At his request, the Agricultural Extension service is conducting the poll, and it is our aim to give every grower an opportunity to cast a ballot. Growers attending the educational meetings this week are casting their ballots following the meeting, but those unable to attend a meeting may vote at the above polling places Tuesday."

The referendum vote by citrus growers on the proposed marketing agreement will be closed on Tuesday, Mar. 31, Mr. Dawson said. Ballot boxes will be open next Tuesday between the hours of 8 A. M. and 5:30 P. M. in the city hall at Longwood, the school house at Osteen and Mr. Dawson's office in the basement of the Court House in Sanford.

The ballots call for information as to number of boxes of oranges, grapefruit and tangerines produced by the grower in the 1931-35 season, and the number of these which he marketed through a cooperative association. County Agent Dawson requests growers to be prepared to supply that information when they come to vote, since it is required by the Secretary of Agriculture. Sample copies of the ballot may be inspected at the county agent's office in advance of Tuesday, if desired.

It is hoped that a large number of growers will attend the meetings and vote in the referendum. Those desiring copies of the proposed agreement to study can obtain them from the county agent.

Strangely Varied Are The Acts In Lindbergh Drama

Events In Notorious Case Falls Into 4 Well-Defined Acts

TRENTON, Mar. 26. (AP)—The Lindbergh kidnaping drama, now in its fifth and perhaps final year, falls into four acts, each charged with its own poignancy.

No mystery writer could pick a more fitting scene for the opening of the drama than real life gave—a happy home in the desolate New Jersey Soutlands. And only a maker of fearful melodramas would have picked such principals: Col. Charles A. Lindbergh, world-famous aviator; his wife, Anne Morrow, daughter of a Morgan partner and a former United States ambassador, and their first-born son.

The night of Mar. 1, 1932, lent itself to the drama black, windily menacing. Into the nursery of the house steals a kidnaper, a terrible figure. The child is taken. The civilized world is shocked, grieved, angry.

The greatest manhunt of modern times is started. Money is of no consequence. The baby must be found alive, his kidnaper brought to justice. The world's police swing into action.

Out of retirement comes a Bronx school teacher, Dr. John F. Condon, the inimitable Jafar. He is accepted as intermediary, hands \$50,000 over a wall of a lonely cemetery, only to find himself and the Lindberghs disillusioned, frantic.

Then enters a more tragic note the finding of the baby's body, ten weeks after the kidnaping.

On the 19 of Sept. 1934, they were riding collided with the in the Bronx, New York, Bronx

Richard Hauptmann, an obscure German carpenter, is seized, charged with the kidnaping, stripped of \$14,000 of the ransom money.

Hauptmann seems to slip neatly into the strange story. He is a burglar, stowaway, a taciturn, stoical fellow with a passion for stock market gambling. The prisoner, father of a young son, makes emphatic denial of his guilt. The Flemington, N. J., courthouse becomes the new center of the nation as he goes on trial for the kidnap-murder.

The nation watches with hatred breath while lawyers wrangle. Hauptmann denies he bought the lumber, constructed the ladder, said by the state to have been used by the kidnaper to enter the infant's bedroom.

A jury of eight men and four women, sitting beside a benign old judge, condemn the alien carpenter to death.

The fourth act portrays the battle of Hauptmann to free himself of the tightening bonds his futile appeals to the highest court in New Jersey, to the highest court in the land, his vain appeal for mercy. Lawyers, armed with legal stratagems, move back and forth through an atmosphere of arid legalistic subtleties, sentimentalities, hopes and fears.

The governor of the state—Harold G. Hoffman, young, ambitious, doubts the justice of the decision and airs his views to the press. There is a scene in the death house; the governor talks to the condemned man.

The action becomes confused. There are political asides, a departure from the clean line of the story. The Lindberghs leave the country. The fatal hour of execution draws near.

SIX HURT IN BUS
MIAMI, Mar. 26. (AP)—Six passengers suffered minor injuries Wednesday when the bus in which they were riding collided with the rear of a lumber truck.

Civic Bodies Join Move To Fence Roads

ORLANDO, Mar. 26.—Florida civic and state wide bodies are joining this year's parade toward enactment of stock fencing laws in greater proportion than ever before. Walter L. Hays, leader in the statewide movement, said here today.

Hays lauded action of the Jacksonville Realty Board and the state beautification conference in adopting resolutions urging elimination of livestock from the highways, and in following the lead of other organizations in the campaign for fencing laws.

"One by one, the foremost, and most active organizations of the state are falling into line in our campaign to take the roaming livestock—walking deathtraps, everyone of them—from Florida highways and the path of Florida and visiting motorists," Hays said.

POLICE DOUBT 'CRUCIFIXION' VICTIM'S STORY

As George Timmerman (right), unemployed bricklayer, prepared to leave an Ocean, Fla. hospital, police branded as a "fake" his story that a band of men "crucified" him. The cross to which he claims he was nailed is shown at the left. James White, a friend, told officers he found Timmerman in a thicket with nails through his hands and feet and his lips poked together with twine. (Associated Press Photos)

Some Good Blown By Versailles Ill Wind

AHRWEILER, Germany, Mar. 25.—(P)—At last some good has blown from what every Nazi calls the ill wind of the Versailles Treaty.

It's the 75,000,000-mark network of railroad tunnels between Liblar and Ahr, which was started before the World War to connect the Ruhr and Alsace-Lorraine. The treaty forbade completion of the enterprise on the ground that it would be a "strategic line."

For two decades the tunnels furnished only a shortcut for pedestrians, but now they have been turned into mushroom beds, the soil in them being especially fertile.

A crop of 200,000 pounds is expected this year.

Federal Prisoners Harvest Spring Crop

LEAVENWORTH, Kan., Mar. 25.—(P)—Convict farmers are getting in their crops this spring as the two prison farms near here. A crew of 150 is working about half the 4,000-acre state prison farm, sowing oats, clearing land, plowing and preparing to plant corn and vegetables. In addition, the "farmers" have 140 calves to care for.

Eighty men are assigned to work the 750-acre federal prison farm on which is planted 500 acres of corn and 250 acres of truck products for use in the prison.

Gas Sale Forbidden To Drunken Drivers

CANTON, Ga., Mar. 25.—(P)—A law forbidding filling station operators from selling gasoline to drivers who appear to be intoxicated. The ordinance faces a fine of not less than \$25 and not more than \$50 and a 30-day suspension of not less than 10 days nor more than 30 if convicted of violating the measure.

King Would Exercise On Palace Grounds

LONDON, Mar. 25.—(P)—It is believed in court circles that King Edward is planning extensive alterations to the grounds of Buckingham Palace so as to make them more suitable for outdoor sport.

Construction of a swimming pool, a hard tennis court and a squash racket courts are among the possibilities discussed.

It is the King's desire that his presence in London—necessary during a large part of the year—should not take from him the opportunities for exercise which he was accustomed to enjoy as Prince of Wales.

The swimming pool probably will be constructed in a part of the large lake at present devoted to water plants and swans. Although in the heart of London it is admirably screened by the high palace walls and a thick fringe of trees.

School Board Member Can Act As Forester

TALLAHASSEE, Mar. 25.—(P)—Attorney General Cary D. Landis has advised State Forester Harry L. Baker that there is nothing in Florida law to prevent the state forester from employing a member of a county board of public instruction as forest ranger and nothing to prevent the school board member from serving.

"I find no statute on the subject," Landis said.

Landis stated the position of forest ranger appears to be an employment not an office, and the Constitution, the attorney general said, provides that county school officers may even be elected to fill any legislative, executive or judicial office.

Boston Bees Are Not Going To Be Placed In Cellar

McKeehole Says That He Is Not One To Make Predictions

By BILL McKEEHOLE, Manager Boston Bees. ST. PETERSBURG, Mar. 26.—(AP)—From all I read about managers forecasts in the newspapers, I guess there won't be any last place clubs in the National league this year. I don't go in for predictions, but if they are looking us for the cellar they'll be fooled.

One club is under construction and will be for some time. We have just started to rebuild. We'll keep on building until we have a perennial contender and then keep right on building. Yet I am positive that we will not wind up in eighth place this year. Personally, I rate the present club as the best potential team I have had since coming to Boston in 1930. It is young, will make many mistakes and stumble at times, but it won't be a door mat for any team. It'll have a lot of good days.

As a nucleus we have experienced men at strategic spots. Al Lopez, catcher; Bill Urbanak, shortstop; Tony Cuccinello, second base; and Wally Berger in the centerfield. There is a "spirit" fight on for every other position on the club.

Fishing should be good. We have a flock of youngsters who seem to have excellent possibilities to round out a capable mound staff with such veterans as Ben Cantwell, Bob Brown, Ray Bengt, Johnny Bahls and Danny MacFayden. We're counting on them as we gave away probably the biggest part of our staff to make necessary trades.

In all my years of baseball, I never have seen a finer spirit than we have on our club. Not only do the youngsters and veterans alike figure to have a good season, but they are hustling and cheering each other all day. Another important "rookie" we have at Boston this year is Bob Quinn, back again with us as president of the club. I regard him as one of the smartest build-ups I have ever seen. We have a manager who seems to be no limit to what he can do.

Sunday School Scholars In Sanford Are To Get Passes To Games Played Week Days

There's good news for the "hot hole gang." Any small boy (or girl) under the age of 12 years who goes to Sunday School will see week-day baseball games at Sanford Municipal Field free of charge. Bert Chapman, playing manager, and directors of the Sanford Baseball Association, have made arrangements with the superintendent of the various Sunday Schools to hand out passes good for the week to the youngsters who are at Sunday school on the first day of that week. The passes will be good only for that week, and the boy or girl must go to Sunday school the next Sunday if he wants a pass to the games the next week. There will be no passes to games on Sundays.

8-Pound Terrapin Wins Gopher Derby

FORT MYERS, Mar. 26.—(AP)—An eight-pound terrapin, "White Ring," won the annual Florida gopher derby yesterday crawling out of a 50-foot circle in the world record time of 46 seconds. More than 1000 persons watched 115 highly decorated terrapin polyphemus, pronounced "go fer" in Florida, compete in elimination heats, until the field was trimmed down to eight competitors. The best time last year, one minute and 40 seconds, was set by "Six Appeal," a turtle fully one-half the size of today's champion.

Fans At Orlando Cheer Seminole Club Boy Boxers

Applause indicated that youth boxers from the Seminole Boys Athletic Club who put on an exhibition in Orlando last night made a hit with the fans there. The boys showed real skill with their mitts. Seventeen representatives of the club went to Orlando and saw Bobby Wilson of Washington get a decision over Billy Hood of St. Augustine. The three exhibition bouts put on by the local lads were each declared a draw. They were between Billy Wilkinson and Harry Lee Moore; Glen Chapman and Laurence Barrineau; and between Pete Tillis and Clarence Barrineau. The Seminole Boys' Athletic Club is now working on an all-star program with Turner Scott to be presented in Orlando in about two weeks. It hopes to arrange this match with boys in Orlando and feature boys from 10 years of age to 19 years of age.

"We have some real clever boxers, but getting them matched with outside boys is another question and they have boxed each other until it is getting old to them," said Coach S. A. R. Wilkinson. "We are very proud of the fact that the people in other sections of the state are so appreciative of the work being done with and for these boys."

Training Season For Sanford Club Begins April 6

Players Are Ordered To Appear Then To Start Season Work

All prospective players on the Sanford team of the Florida State League of organized baseball have been ordered to appear for practice on Monday, Apr. 6, and they are to continue that practice until the season formally opens on Apr. 19. The opening games are to be played in Sanford, Daytona Beach and Palatka. DeLand will play Sanford here the first day, Gainesville will play at Daytona, and Augustine will play at Palatka. While the training season is to begin on Apr. 6, several of the players are expected to arrive a few days before that date, as they are now trying out with some of the higher class teams in this section, and they will probably be let out some time in the next few days, and arrive in Sanford Saturday, Apr. 4.

A. G. Wagner Will Be Candidate For State Legislature

Treadway Wants To Be Delegate To Convention

TAVARES, Mar. 26.—C. R. Treadway, chairman of the State Road Department of Florida, and for many years an active worker in the state as well as political affairs of the state, announced from his home here today that he will seek election in the June 2 primary as a delegate to the Democratic National Convention from the new fifth Florida Congressional district. He immediately filed his qualification with Secretary of State R. A. Gray. "My only platform as I see this position is that I am enthusiastically and unalterably in favor of the re-nomination of President Roosevelt by the convention, and his subsequent re-election," Mr. Treadway said. Two convention delegates will be elected from each of the Congressional districts in the state. Each will have one convention vote. Four men and four women delegates will be elected from the state at large, with each carrying one-half vote.

Woman Is Exonerated In Shooting Of Son

SANTA BARBARA, Calif., Mar. 26.—(AP)—Justice of the Peace Ernest Wagner exonerated Mrs. Dorothea Longcope on charges of shooting and wounding her son, Jesse Livermore Jr., last Thanksgiving. Wagner, after testimony at Mrs. Longcope's preliminary hearing, ordered a complaint charging assault with intent to kill dismissed. Young Livermore, son and namesake of Jesse Livermore, Sr., well known Wall Street operator, testified that he assumed the blame for the shooting which followed an argument over his drinking. For several months the 16-year-old boy hovered between life and death as the result of a bullet wound in his chest.

Florida Harbors Included In War Department Bill

WASHINGTON, Mar. 26.—Many Florida harbor, waterway and drainage projects will be provided with large sums for improvements with the adoption by Congress and approval by the President of the War Department appropriation bill which passed the Senate last Monday. Roberts was to conduct an inquest this afternoon.

Congress Will Inquire Into Keys Disaster

(Continued from Page One) Appropriations sub-committee several weeks ago, weather bureau officials declined to answer direct questions as to responsibility for entrapment of the veterans, but they did say that the War Department, Pan-American Airways and other agencies received storm warnings in time to save men and property, and insisted the warnings were given to all promptly. A bill appropriating \$10,000 for a memorial to the war veterans who lost their lives on the keys in the Sept. 1 hurricane, was introduced today by Rep. J. Mark Wilcox, Florida Democrat. The measure would authorize the Secretary of War to accept title to an acre of land on the site of the disaster and erect a marker upon it.

Ruling On Insurance Bond Taken To Court

TALLAHASSEE, Mar. 26.—(AP)—State Treasurer W. V. Knott's authority to require companies writing compensation insurance to make a deposit or file bond of \$50,000 was argued in the Supreme court yesterday. Attorneys for five companies who brought the suit argued that the treasurer overstepped the power granted him by the 1935 Legislature when he adopted the bond or deposit rule. They declared a proof of solvency is sufficient, and added that bond of \$50,000, because of the widely varying size of insurance companies, is not necessarily a safeguard to policyholders under the compensation system.

A bill appropriating \$10,000 for a memorial to the war veterans who lost their lives on the keys in the Sept. 1 hurricane, was introduced today by Rep. J. Mark Wilcox, Florida Democrat. The measure would authorize the Secretary of War to accept title to an acre of land on the site of the disaster and erect a marker upon it.

Women Can't Be Held Under Kidnap Charge

State's Attorney Of Opinion Evidence Is Not Sufficient To Warrant Action

Step-Child Taken For Night Visit

Woman Was Arrested On Way Back With 'Kidnaped' Child

Visitors in Lake Mary were aroused last night by a report that a child had been kidnaped, and as the hours ticked by and no trace of the lost child could be found the excitement increased, but in the end the case simmered down to a family quarrel with the decision by the state's attorney's office that kidnaping charges against two women arrested this morning would not hold.

The two women were lodged in the County Jail shortly after 3 o'clock, charged with "investigation in kidnaping." This charge will be quashed, the arresting officer stated, and the pair will be charged with drunkenness and given a hearing before a justice of the peace.

The woman in jail are Mrs. Morris Slobin, formerly Cayton Slobin, and Frances Hillard. The child they were supposed to have "kidnaped" is the former's step-daughter, Gladys Louise Slobin, daughter of Morris Slobin by a former marriage.

Morris Slobin married Gladys Hillard, who was then living with her father, Mr. Slobin, in a store in Lake Mary and did not know of his little girl's disappearance until about 9 o'clock last night. Inquiry developed the fact that the child was last seen in the company of two women, and the description of one is identical with that of the estranged wife.

Believing that the little girl had been kidnaped, Mr. Slobin reported to Constable W. A. McMillan at an early hour and they started in search of the two women seen in Lake Mary last evening. The woman seemed to have made no effort to disguise their movements, the constable said, and they were easily tracked. When within about a quarter of a mile from a road house about midway between Maitland and Apopka where, according to the constable, they spent the night, they met Mr. Slobin's estranged wife, her companion and the little girl. They were riding in a borrowed car and advised the officer they were on their way to Lake Mary, and that they merely had taken the child with them for the night.

Assistant State's Attorney L. F. ... promptly investigated and advised there was insufficient evidence on which to hold the two women for kidnaping.

First Aid Knowledge Would Save Many A Life; Sanford Red Cross Nurse Declares

The life of at least one possibly two, of the three persons who died this week as the result of injuries received in the head-on collision between two automobiles on the Sanford Orlando Highway last Sunday evening could have been saved had there been among the horde of spectators who quickly gathered some one with first aid knowledge.

This is the opinion of Miss Frances McDougal, Red Cross nurse in Sanford.

Because there was no one there who knew anything about first aid work, what to do for an injured person, or how to do it, the victims of the tragedy suffered the loss of so much blood that they died, one within a few minutes, one after two days and another on the fourth day after the crash. Had there been someone there who had taken the Red Cross society's course in first aid "the story would have been altogether different," Miss McDougal said.

It is a "miracle," in the opinion of the Red Cross nurse, that another victim of the automobile collision was not paralyzed for life. "Only by the grace of God," she said, "the persons who carried H. Palmer Eastwood from the scene of the wreck to the hospital did not touch his spinal cord. A vertebrae in Mr. Eastwood's neck was broken, but hospital surgeons have placed his neck in a right cast and it is reported that there is every prospect he will recover without any lasting injury. But had any (Continued on Page Four)

Only 8 Of Nearly 1000 Growers At Fruit Pact Meet

Slight Interest Is Taken Locally In Market Agreement

An official of the AAA came all the way from Washington, D. C., to address the 930 citrus growers County this morning.

To explain to them just what the proposed marketing agreement would do for them but only eight of the nearly one thousand growers were at the meeting.

County Agent C. R. Dawson, who sent notices of the meeting to the growers and who presided at the session in the Court House today, figured the attendance of eight persons was about one-tenth of one percent of the 930 producers of citrus fruits in the county.

H. B. Davis was the AAA official who came here to explain the proposed pact to the growers, but D. E. Timmons of Gainesville, representing the agricultural extension service of the State University, was also here. Due to the small attendance and the fact that those there were conversant with provisions of the proposed pact, their discussion was brief.

Chance Given Candidates To Greet Voters

Demonstration Clubs, Others Arrange Series Of Meetings Throughout County

Candidates for political offices in Seminole County are being given plenty of chances to meet the voters. They do not have to arrange for their own political meetings, because that is being done by the Women's Home Demonstration Club and other organizations. Several such meetings have been held since the campaign was given a big send-off at Lake Mary a week ago, and many other meetings are being planned.

The meetings arranged by the Women's Home Demonstration Club, however, are not political in nature, though the politicians are invited to all of them. The main purpose is to exhibit some of the representative accomplishments of the Clubs during the last year and to raise funds with which to send 4-H Club boys and girls to the Tallahassee show court the last of May and to pay camp expenses in July. The camp is to be for girls and young women and will be held at Camp McQuarry near Astor Park 20 miles from Sanford. Suppers are served at all these meetings, and a small charge is made for meals.

Home Demonstration Club meetings have been held in Altamonte Springs, Forest City, Leeswood and Oviedo. Four more are to be held—in Geneva, Monroe, Paola and Sanford.

The Geneva meeting is to be held this evening, with chicken pie on the bill of fare. Candidates and others are invited. The Home Demonstration Club of Lake Monroe will serve a chicken pie supper on the evening of Apr. 1. The meeting in Paola is to be on Apr. 30. The 4-H Club under the direction of Principal Robert Truitt, will be in charge, though refreshments will be served by the Women's Home Demonstration Club.

In addition to the Home Demonstration Club's meeting in Geneva, there is to be another similar gathering at the same hour in the Community House in Altamonte Springs this evening. A "Gypsy supper" it to be served at 6 o'clock, with the Lyman P.-T. A. singers (Continued on Page Four)

Trial Delayed By Hauptmann Trial

Controversy Over Political Beliefs Bitterly Scored By Gov. Hoffman

TAMPA, Mar. 27.—(AP)—Efforts to seat a six-man jury on the last November flogging case, on charges of kidnaping E. L. Poulton, one of three victims of the last November flogging case, moved slowly today at the Whittaker chief defense attorney, engaged in controversy with Norman Thomas, former Socialist candidate for President, over whether Thomas is a communist.

Whittaker charged Thomas with being a communist in question to ventriment, but Thomas replied by telegraph he is not, and Walter Roush, chairman of the Socialist executive committee in Florida, issued a statement supporting Thomas.

Norman Thomas, who came here and made an address condemning the floggings, was described by Whittaker as "the nationally known communist and propagandist," in asking venemous whether he heard the Thomas speech.

Shoemaker's brother, L. E. Shoemaker, of Tampa, said he was a member of the Socialist party in Vermont before coming to Tampa, but he denied the dead man ever belonged to the communist party. He cited a speech in which he said Joseph Shoemaker described communists as the "bitterest foes" of the Socialist party.

Alton Fernell Seeks Office Of Constable In Fourth District

E. Alton Fernell today announced as a candidate for constable in the Fourth District, to succeed his father, E. A. Fernell, who has been constable in that section for several years.

Alton Fernell was born in Ireland in the Oviedo section, was graduated from the schools there, and has always lived in Seminole County, with the exception of the time he served in the Navy during the World War. He belongs to the American Legion Post in Sanford and the Baptist Church in Oviedo.

Hitler Scorns Famous 14-Pt. Peace Program

Demand For Equality Among Nations Is Again Asserted By German Dictator

ESSEN, Germany, Mar. 27.—(AP)—Adolf Hitler, carrying his election campaign to the industrial Krupp Works before an audience of 870,000 persons, said "There can be no real world peace without equality between partners."

Standing on a platform built on a locomotive chassis, the German chancellor emphasized previous statements in pleading for equality among nations for the Reich. "There can no longer be victors and vanquished," he declared, as listeners cheered enthusiastically. "There can no longer be honored and dishonored."

In explaining his own position as head of the government he said, "I am dependent upon no one. I possess neither bonds nor shares, not even a bank account," and the workers cheered again.

Hitler referred scornfully to the 14-point peace program advocated by former President Woodrow Wilson of the United States before the Versailles peace conference. He said he had never entered upon any secret arrangement nor would he ever in the future. "But if other nations arm to the teeth, I shall certainly see to it that our sovereignty over our own territory is safeguarded," he declared.

21 Persons Killed In Plane Crashes In Foreign Lands

Twenty-one deaths were chalked up against aviation mishaps in three foreign countries Thursday, fourteen of them in the crash of a tourist airplane in Mexico.

Ten German tourists, on their way home after a Mexican visit, three crew members and an aviation official died as their trimotored ship smashed into the rocky saddle between the volcanic Popocatepetl and Iztaccihuatl.

Three of the victims were titled. Six were women.

At Lyndhurst, Hampshire, in England, four men and a woman were killed when an airliner crashed.

Near Moscow, in Russia, two of the Soviet's best known women parachute pumbers were killed while practicing delayed opening jumps. They were Liuba Berliuz and Tomara Ivanova.

Office Of Registrar Is Sought By McNab

David K. McNab, manager for the last seven years of the Seminole County Credit Association, announced today as a candidate for the office of supervisor of registration. He has been a resident of the county since 1924, living on West First Street at Wilson's Corner, and was with the Hill Lumber Company or five years before taking over the direction of the Credit Association. Mr. McNab is a property owner and taxpayer, a Mason, member of the Baptist Church and was superintendent of the Sunday School of the church for several years. This is his first venture into politics.

As manager of the Seminole County Credit Association, Mr. McNab has for years kept a complete record of vital statistics, changes in residence address of all Seminole County people, and other facts quite necessary, in his opinion to keeping the registration books up to date.

Steeplechase Won By Reynoldstown Again

AINTHRE, Eng'nd, Mar. 27.—(AP)—Major Noel Furlong's Reynoldstown repeated his 1935 victory in the Grand National Steeplechase today. Sir Davis Llewellyn's eye, an outsider, was second and James V. Rank's Bachelor Prince was third in a field of 25. Golden Miller, 1934 winner and favorite today, fell at the first jump, regained his feet, but was pulled up before completing the first round.

Only eight horses finished the four and one-half mile test.

Townsend Club Members Paid Nearly Million

Tremendous Sum Has Been Expended To Further Campaign For Pension Fund

Organizers Paid Big Commission

About \$2,000 Monthly Was Income Of California Manager

WASHINGTON, Mar. 27.—(AP)—Total receipts of the Townsend old age pension organization since its inception January, 1934, were estimated today at \$95,000,000 at a special House investigation committee hearing. R. E. Clements, resigned national secretary of the organization, was the witness.

On the stand yesterday, Clements testified that the manager of California receives monthly commissions of between \$1,000 and \$12,000. He further testified that state managers also receive 10 percent of all "quotas," or sums which the clubs turn in to national headquarters.

Clements was unable to say how many Townsend Clubs were in existence when national headquarters were moved from Los Angeles to Washington last year. He did say, however, that there are 1100 clubs in California, birth place of the movement.

The membership of these clubs, he said, ranges from 100 up to 22,000 in Los Angeles.

Questioning developed the organization has divided the country into four regions headed by regional managers and that each state has five, or more, local managers.

Clements testified money collected from individual clubs is deposited in a state area account on which only the regional manager may draw. The regional manager deposits in a regional fund on which only national headquarters may draw.

California, the witness continued, has six area managers who receive ten cents on each new member, ten cents on each renewal and 40 per cent of the club "quotas," or payments fixed by national headquarters. Regional managers, he said, receive \$50 a week.

In reply to one question, the witness said the Western region of California, Oregon, Washington, Arizona, Nevada, Utah, Idaho, Montana, North and South Dakota and New Mexico provides more revenue than any other.

Under new regulations, Clements said minimum club membership is set at 50 for a "junior club," and 100 for a "senior club" with a maximum of 1000. Clubs already organized are excepted. All indications that the movement prospered from the first were given in Clements' testimony that \$43,295 was deposited in the California State Bank of Long Beach, Calif., during the first 10 months of the organization's existence, from Feb. 1 to Dec. 1, 1934.

Clements said Dr. Townsend first approached him with the pension plan in the fall of 1933 and the organization was incorporated in California on January 24, 1934. The witness said he did not devote his entire time to it until May, or June of the next year.

"I considered Dr. Townsend a brilliant man and a physician," Clements asserted, although he resigned only this week because of differences with Townsend over policies and "political maneuvering."

Both he and Townsend, he testified, were engaged in real estate work on a commission basis at the time the Townsend plan was conceived.
