## Lookouts Battle G-Men On Sanford Field Today

### Who's Who In Lookouts

Joe Dietz might be said to be an answer to the question: Why is Legion Junior Baseball? It was back in 1927 that Joe Dietz played on one of the 85 Legion Junior baseball clubs in his home town of Cleveland, Ohio. He caught on the team, and he has during most of his baseball career, and his club won the city championship, then that of the district, then the state, and finally the eastern states' championship. His team lost out, however, on the eve of the semi-final game. It was discovered that on the team was a boy who was over age, though the boy had never played on the team.

Dietz was only 14 years of age then. He is now 22, is 5 feet tall and weighs 150 pounds. He was graduated from Cleveland High, and then went to Dayton University.

He played his first professional game in the Lookouts when he was finally assigned this week to Daytona Beach. Paid admission to the first league game in Daytona was 1.00 or 1.00 more than in Sanford.

# Life In The White House, So They Say, Doesn't Excite Wives Of G. O. P. Hopefuls

WASHINGTON, May 22.—(P)—Day lengthening toward June and the Cleveland convention being more talk each 24 hours of the "First Lady" chances of the Republican women.

The are, alphabetically, the Wendell Borah, Dickinson, Hoover, Knox, Landon, and Vandenberg, not one of whom has said for publication "wouldn't it be wonderful if my husband were President!"

On the contrary, several have stressed the strain of White House living, and the gold-fish-bowl quality of the place. Yet veteran Mrs. Borah whose husband is "dean of the Senate," bit an important note when she said of the whole Washington scene:

"It's an adventurous life! There's not an hour in the day that is not taken by demands."

And the six have varied talents with which they might, if so fated, meet the mounting demands of the First Lady role.

Mrs. William E. Borah is small, blonde of hair, brown of eye, sprightly. She's called "Little Borah." Her social conversation is amusing—light banter, said with a school-girlish stress of several words in each sentence.

But don't let that fool you. Under her light talk lies great political wisdom.

She has made a fine record here as a volunteer worker in a neuropsychiatric ward in which she became interested after the World War.

The Dickinson panicles probably would become famous as the Roosevelt scrambled eggs if white-haired, blue-eyed Mrs. J. F. Dickinson of both domestic and literary tastes, went to the

White House. But doesn't trust her husband's favorite dish of Iowa flap-jacks to any amateur.

She's one of a pair of twins born to the comfort and plenty of a prominent family of the tall corn state. Her twin brother is Roscoe Call, Iowa insurance man. In the capital she has taken an alert, intelligent role, writing to home papers her keen observations. She's devoted to her four grandchildren, one here, three in Des Moines on events as they unfolded.

This country already knows Lou Henry Hoover in the First Lady role. She was the gracious hostess to more guests, while her husband was President, than ever had been entertained previously in any four White House years. Her parties were perfectly appointed. Yet her closest friends knew she got her keenest enjoyment from mountains and trees and flowers.

The Knox cohorts land Mrs. Frank Knox as a budget-balancer—she's said to have saved \$500 in three years on her husband's early income of \$12 to \$22 a week. She was Annie Reid of Alma, Mich., and met her husband while she was in college.

Years of a throat affliction have caused pretty Mrs. Knox, whose eyes are amazingly blue, to retire to a New Hampshire garden, which she frankly prefers to public life.

Slender, dark-haired, dimpled Theo Cobb Landon, of Kansas, would bring to the White House two lively small children, Nancy Jo, 3 1/2 and John Cobb, 2, a youthful step-daughter, Peggy Ann, 18—and a whole string of hobbies: harp as well as piano in music, collecting of early American glass and sport, influenza, horseback riding.

By the time of her eighteenth wedding anniversary, next June 14, Hazel Vandenberg will know if her "dark horse" husband will make the race. She insists she hopes their future will hold simplicity instead—the chance to just go off together "and have the best time."

She's a smooth-haired, dark-eyed, straight-seeing person, a former school teacher, newspaper reporter, social service worker and advertising woman. Right after she was married, she went to her desk at the Chicago Tribune, took a look at a clothes hamper full of true love stories, but wouldn't sell her own, which was worth the daily prize of \$5.

She met Arthur Vandenberg in college. He was engaged. Fifteen years later, when he was a widower, they met again, and were wed.

(Continued from page 1) method but I don't intend to let special interests control it. When I entered the governor's race nobody had a Chinaman's chance. Now all observers concede I am up in front on the inside track. The reason is I took up this battle against these special interests who would like to take your government away from you. I'm going to keep on making a fight of it and if you'll help me, we'll throw this sales tax right back at them."

Burton said he was not campaigning on promises and that he had no platform. He said he wanted the state executive committee to craft a platform charging all nominees with responsibility to the voters for the benefit of all. Only in this way, he said, could the state protect itself from undermining efforts of special interests to control the government for their own exclusive benefit. Confusion, waste, even corruption, he added, have crept into state politics through the custom of sending a governor and 125 legislators to Tallahassee with as many different platforms.

"The people are sick and tired of platform promises," he said. "They are tired of being promised benefits that would increase government costs at least \$10,000,000 while being promised at the same time that government costs will be cut from 25 to 50 percent. The way to stop this promising is to build a militant Democratic party with one platform."

He said that subject to party approval and legislative co-operation

"If I have to go to jail for my dogs, all right," he told the judge. "All right," agreed the judge, "thirty days."

## Mother Advised Ailing Daughter To Take Cardui

Many, many women have taken Cardui on the advice of their mothers who had been helped by it.

"I would have severe cramping spells," writes Mrs. P. C. Allen, of Smithdale, Miss. "I would get nauseated and feel faint and would have to go away from home, for fear I would faint and fall. My mother having used Cardui with good results, advised me to try it.

"I am so glad I took Cardui and got relief, for it has done wonders for me."

If you suffer this way, send to the drug store for a bottle of Cardui and begin taking it today. Of course, if Cardui does not benefit YOU, consult a physician.—Adv.

## Vice Chairman's Effort For Early Meet Doomed

(Continued from page one) membership will be increased to 124 by adding of women members for the first time.

Chairman Hodge said he would recommend a special senatorial primary be called by the new committee, but there still was some legal opinion here that such a primary would be nothing more than a "dry vote" and that ultimately the committee must certify a convention, although lawyers said the committee could certify the winner of a special primary vote.

Dunnell's plan was to have the present committee meet and call a special primary to be held at the same time as the second regular primary on June 21.

# Rain Finally Halts Game In Ninth With Teams Tied

## Water Plagues Game And Lookouts To Rout

Crowd Stays To End Despite Frequent Drenching By Rain

When Florida was Thursday's game between the O-Men from Gainesville and the Lookouts on Sanford Field. It was called in the first half of the sixth inning with the score tied 3 and 3, just as the fourth drenching rain of the afternoon drove over the field and drenched the crowded grandstand.

Frequent wetting failed to dampen the ardor of the fans who stayed until the end. After the first heavy shower many went home and changed their clothes and returned to the ball park, but only to get another soaking. As the third drenching rain of the afternoon drove over the field a storm came up, and only the few who were able to crowd onto the top bench were able to keep reasonably dry.

Yesterday's game as the first of the season on any park in the circuit to be rained out.

Sanford made its two runs in the last half of the sixth inning. Malby, first batter up, was out second to first; Swindell and Cates both singled, and then when Bistruff hit a double and the Gainesville outfield was slow in getting the ball back in both Swindell and Cates scored, and Bistruff went to third. Barnes attempted a squeeze play but bunted to the pitcher.

Gainesville got one run in the fifth and one in the sixth. It was at bat, with two men out, when the game was called in the sixth.

Doc Harden pitched for the Lookouts and struck out three men and allowed three walks. Padgett, pitching for the visitors, had a shaky first inning when Boris, leading off with a double, was caught at the plate trying to score on Malby's single on a great throw by Bray. Swindell popped out and Cates singled but Bistruff skied out.

## Saints Get Back To Tie With Reds For Second Place

ST. AUGUSTINE, May 22.—Carl Weigel batted St. Augustine back into a two-day tie with Deland for second place in the Florida State League here yesterday, by setting the Reds down with five hits, for a 4 to 3 victory. It was Weigel's fifth win of the season as he shined Maxwell, now Deland hurler, in a stellar mound duel. The Saints collected eight hits.

Holdstock's homer with Rubeling on base gave Deland a two run lead in the second frame. The Reds bunched three of their hits off Weigel in the sixth to rally their floundering.

The Saints were held to a lone single until the fifth, when Brant Bonner's single drove home Weigel from second and the Saint hurler scored on Didrickson's wild throw past first on an atzantic double play.

The Saints bunched four hits in the seventh with Mayo Langston's timely single driving in the winning run.

Both sides played flashy ball offed each being guilty of an error. Frank Colmer collected two hits for the Saints, while McFarland duplicated the feat for the visitors.

## Tarpon Anglers Search For Still Larger Silver King

VENICE, May 22.—Tarpon anglers hereabouts were planning today for several forays into the Gulf of Mexico in search of a "Silver King" that will eclipse the 145-pounder caught the other day by Mrs. Henry Faurel of Chicago, as Barosola county's heaviest fish of the season.

With the first annual Venice-Nokomis Tarpon Derby in full swing, and scheduled to run until midnight, July 31, it is more than likely that the Chicago woman's fish will be supplanted in first place by heavier specimens of tarpon.

Fishing continues at a rapid rate and guides declare that there are more fish in the Gulf now than have been seen in this section for many years, and they are sold to be running considerably heavier than usual. The fish are faster and are more solid indicated.

One of the features of tarpon fishing this year is the new post "all-expense" features that has been worked out by the local organization, putting tarpon fishing on a reasonable one-figure covers all base.

The Venice-Nokomis Sportsman's Club, sponsoring the derby, said today that competition is far in the contest had crowded reservations were heavier than usual.

With the west coast destined to receive at least \$3,000,000 in "brand new money" from tarpon fishing this year, it is expected that the sport will take a new lease on life and that the several tournaments now in progress will continue to create added interest.

The trophy will be a duplicate of those awarded in 1934 and 1935—An actual-size sterling silver hat, an exact replica of the original used in actual competition. The name of the winner and his batting average will be engraved on the trophy and it will be presented with ceremony during some game of the 1937 season.

Jimmy Sanders of Martinsville in the St. Augustine League won the first trophy in 1934 with an average of .328. Last season it was copied by Oscar Eckhardt of the San Francisco Mission, now with the Brooklyn Dodgers. Eckhardt's average was .309.

For the rookies, A. G. Spalding & Bros. have offered a silver cup, emblematic of batting supremacy among first-year performers. This is to encourage the youngsters without having to compete against more seasoned players. It is possible, however, for a rookie to win both the Louisville Slugger and Spalding trophies.

The Spalding trophy was put up for the first time into last season and was won by Duane Kratzer of Casville in the Arkansas-Missouri League. He batted .397.

To be eligible for the trophies, players must participate in at least 75 percent of their team's games. Progress of the races for these beautiful prizes, will be announced weekly during the season.

## 1600 At Sanford Field On Rainy Day

### McNally Helps To Beat Daytona On Palatka's Field

### Former Lookout Gets Two Hits First Day In Azalea Uniform

Plying lead-off position on the Palatka side, Jimmy McNally, who started with the Lookouts this season, helped the Azaleas defeat the league-leading Daytona Beach Islanders in Palatka, 4 to 3, yesterday. It was the first time Jimmy had donned the Azalea uniform. He got two hits in four times at bat.

McNally was first traded (along with some cash) to Buddy Lake, and then when the Lake deal blew up and he came back to Sanford he was traded with Palatka for Outfielder Boris.

Another new player on the Palatka nine yesterday was Jerry Fuleher who got three singles in as many trips to the plate. Lefty Larsen pitched for the Azaleas and limited the Islanders to eight scattered hits and chalked up his seventh win of the season.

Thomsen and Morton headed the Daytona attack on Larsen with a brace of blows each. Morton garnered a double and a triple while Thomsen hit a triple and a single. Manager Arnold Anderson's home run closed in the sixth gave Daytona Beach its final two markers when the low pushed Hoskniak across the rubber.

Innings: Daytona Beach 010 002 000-3. Palatka 103 000 002-4.

## Who's Who Among The LOOKOUTS

Bill Cates, who plays the "clean-up" position in the Lookouts line-up, was on the local base last year—one of the few men who made such a good record that he was asked to come back again this year. He is No. 4 in batting order, placed in the difficult position because he can generally be counted upon for a hit.

While Joe Bistruff is credited by the loop statisticians with leading the League in hits, in proportion to the number of times at bat Cates is the leading hitter among all the players on the six teams in the entire league. It has happened that Bistruff has been at bat more times than Cates. Bill has also batted in the greatest number of runs.

Cates is only 20 years of age, but he tips the scales at 190 pounds. His home is in Key West, where he was graduated from High School in 1934.

Playing third base with the Lookouts, the same position he played last year, Cates has made some difficult catches and it is seldom that a base runner gets by his key position. He has a knack of picking up sliding spectators and getting the ball to a base in time to put out a runner.

Bill Cates had four years of High School and Varsity baseball prior to his finishing school. He trained with the Brooklyn Dodgers in the spring of '35, but was released because of a sore arm and returned home, ready to quit baseball, but upon arriving in Key West, he found a telegram from Sanford asking him to join last year's team, which resulted in his coming back this year.

He was scouted and picked out by Joe Williams, sports editor of the New York Telegram, and it so happened he got four hits out of five trips to the plate the day the scout was sizing him up.

## Trophies To Be Awarded For Minor Leagues' Batting Skill

Batting skill in the minor leagues will be rewarded again during the 1936 campaign with two handsome trophies at stake for those who can make the base hits ring off their bats.

The Louisville Slugger trophy, up for the third year, is being awarded by the Hillierich & Bradely Company of Louisville for the minor league player showing the best batting average for the season.

The trophy will be a duplicate of those awarded in 1934 and 1935—An actual-size sterling silver hat, an exact replica of the original used in actual competition. The name of the winner and his batting average will be engraved on the trophy and it will be presented with ceremony during some game of the 1937 season.

## Crowd Is Largest For Year At Any Park In Circuit

### Wiggins Given Car; 180,000 Coupons Were Distributed

Despite the rain that came up in sudden gusts four times during the afternoon, Thursday's attendance at Sanford Field was the largest at any baseball park in the Florida State League this season. More than 1,600 fans paid admission. The previous attendance record was 1,100 at Daytona Beach the opening day of the season.

Fans crowded to the park yesterday, even though the weather was the most inclement of any day since the baseball season started, because the new car bought by the Red Star merchants was given away, and the recipient had to be in the park when the award was made. It was given to M. S. Wiggins.

One hundred and eighty thousand coupons were given away by more than 60 Red Star merchants in Sanford and other towns of the County.

C. F. Wert, president of the Sanford Baseball Association, said today that final figures on receipts from the sale to merchants of the coupons and of tickets to yesterday's game, and expense connected with the financing drive, have not as yet been compiled, but that he felt sure the association will have enough money to "carry on" for some time.

"If we could only have had a nice day yesterday there would have been another thousand or two at the game and our receipts would have been much larger," he said. "But it had to rain yesterday, win both the Louisville Slugger and Spalding trophies."

The Spalding trophy was put up for the first time into last season and was won by Duane Kratzer of Casville in the Arkansas-Missouri League. He batted .397.

To be eligible for the trophies, players must participate in at least 75 percent of their team's games. Progress of the races for these beautiful prizes, will be announced weekly during the season.

## League President Sustains Protest Against Decision

AMERICUS, Ga., May 22.—(AP)—President Hollis Fort of the Georgia-Florida Baseball League has sustained Americas' protest of a game in Tallahassee, Fla., Tuesday.

Americus protested in the fifth inning when Umpire John Farris failed to call a talk against Johnny Tallahassee pitcher, who dropped the ball while in the act of delivering it to the plate.

Tallahassee won, 5 to 2.

## Coutremarsh's Name To Be On June 2 Ballot

Presidential Prefer-  
ence Primary Is To  
Be Held But F. D. R.  
Is Promised Vote

Every Candidate  
For Roosevelt  
39 Are After The 18  
Seats In National  
Meeting Of Party

TALLAHASSEE, May 23.—(AP)—There will be a presidential preference primary in Florida June 2 but it won't mean much because every candidate for delegate to the Democratic national convention has announced support for President Roosevelt's re-nomination. In the primary, the name of Joseph Coutremarsh of Lebanon, N. H., will appear on the ballot along with President Roosevelt's. The presidential preference was called to give the voters an opportunity to express their sentiments, but the preference was intended only as a guide to the Democratic national convention delegates.

There has been no campaigning either on behalf of Coutremarsh or President Roosevelt. The former is a dentist. There was no charge for him or President Roosevelt to qualify in the preference primary.

The campaign committee of the Democratic party in Florida announced after a meeting in Jacksonville that each of the 39 candidates for Florida's 18 seats at the Philadelphia convention favored Roosevelt. Eight of the 18 delegates have half a vote each, and the other 10 have full votes, totaling Florida's 18 votes for Roosevelt.

The President has no opposition for re-nomination, and national political observers said only one ballot would be required to name him as the party's candidate for another term in the White House. Platform discussions, however, will occupy considerable time at Philadelphia.

Florida has 12 votes at the Republican national convention in Cleveland. The state's delegation is bound by the unit vote rule imposed by the state party convention which met recently in Orlando. Three of the 12 delegates were instructed by congressional district conventions to support the candidacy of Governor Alf M. Landon of Kansas for president. The other nine delegates were not instructed but are known to be political associates of National Committeeman John F. Harris of Palm Beach who is a supporter of Col. Frank Knox of Chicago.

The state convention recommended that the Florida delegation "consider" the candidacy of Landon but did not instruct it to support the Kansas or any other candidate. In fact it defeated an effort to send a Landon-instructed delegation to Cleveland. The unit vote rule imposed upon the delegation is expected to give Harris a free hand to cast Florida's 12 votes for Knox or for any other candidate he and other party leaders decide to support. For the second week, the spotlight of speculative interest continued on the senatorial vacancy caused by the death of Senator Frank Trammell, and during the week it was heightened by a break between Chairman J. B. Hodges and Vice Chairman E. B. Donnel. (Continued On Page Five)

The Sanford Zoo has another curiosity. It is a horned toad sent by directors of the Texas Centennial to Mayor S. O. Shinholser and given by him to the zoo. It arrived in good condition yesterday, and Park Superintendent James Moughton said he will have a special cage built for it so visitors at the zoo can see the strange little animal tomorrow.

## Two Murder Cases Are Docketed For Trial Next Week

## Case Against Negro Has Not Been Be- fore Grand Jury

Two murder cases and one of assault with intent to commit murder, one of robbing an officer, two of larceny, two of breaking and entering, three of non-support, and one of setting fire to an automobile are the criminal cases on the docket for the Spring term of Circuit Court which is to begin next Tuesday morning at 10 o'clock. The grand jury will be impaneled upon the convening of Court, but in the opinion of Court officials "no bills" will be returned by that body against several defendants.

C. C. Gracy, white, and Oliver Robinson, negro, are the defendants in the murder action. The former is out on bond, following his indictment by the last grand jury. The negro is in jail, pending action on his case by the next grand jury. He is accused of having killed Ernest Hayes, another negro, several months ago. Gracy was indicted with his son, Virgil, for the death of Arthur Bumbalough in Paola last August. The boy pleaded guilty at the December term of Circuit Court and was sentenced to the state reformatory at Marianna. It is expected that he will be brought back to testify at the trial of his father.

Charles W. Beck is charged on the docket with assault with intent to commit murder. He pleaded guilty last May 1 to a lesser charge and was sentenced two days later to three years in-state prison at Raiford.

The charge of robbing an officer is placed against Willis Johnson, Police Officer G. C. Felows in the complaining witness. Dan Beatty is in jail, charged with the larceny of an automobile belonging to George McRory. The other charge of larceny is lodged against E. C. Motes, Jr., charged with the theft of timber. He is at liberty on bond. Dan Beatty is also charged with breaking and entering, as is Joe Jones, held in jail. Eddie Lewis, charged with setting fire to an automobile, is at liberty under bond.

## Referendum Vote On Slot Machines Being Planned In Duval

JACKSONVILLE, May 23.—A movement looking toward the holding of a county referendum to outlaw slot machine operations was initiated here yesterday as the outgrowth of a luncheon meeting sponsored by the Ministerial Alliance.

Following a strong denunciation of slot machines and the inequities which are said to have grown out of their operation, decision was reached at the meeting to circulate the county with 114 petitions, on which the signatures of qualified electors will be sought for the purpose of petitioning the county commissioners to include the question on the general election ballot in November.

Fred S. Cates, a city councilman who has become interested in the movement, announced that at least two petitions have been prepared for distribution in each precinct, and three or four in the largest ones.

Cates predicted that by July 1, at least 15,000 signatures of qualified voters will have been secured for the proposition.

## Coasts Lashed By Severe Gales But Without Any Loss

## Small Craft Warned Against Venturing Out Into Open Sea

JACKSONVILLE, May 23.—(AP) Squally weather swept Florida's East Coast and its extreme north-west Gulf Coast with high winds, pounding tides and frequent showers, but no damage was reported and none expected. The weather bureau said a wall of high pressure along the South Atlantic seaboard caused the disturbed conditions. Forecasters said winds are rushing over the edge of this high pressure wall and are sweeping the coastline just like water pouring over brink of the precipice.

Small craft warnings flew from Jacksonville south to Key West along the East Coast, and from Carrabelle westward to Corpus Christi, Texas, along the Gulf Coast. Yesterday, warnings extended from Charleston to Miami. Meteorologists said warnings are out merely to caution small boats against venturing into the open sea. They added that high tides, squally weather, and gusty winds would probably keep such craft in port anyway.

The highest wind velocity reported to the Weather Bureau was 42 miles an hour from a ship east of Fort Lauderdale. Miami had a high of 35, Key West 30 and points between Jacksonville and Miami twenty to thirty miles.

## Verdict Returned By Six-Man Jury After Deliberating Only Three Hours Today

## All At Liberty Pending Sentence

## Defense Has 4 Days In Which To Move For Another Trial

BARTOW, May 23.—(AP)—Five former Tampa policemen today were convicted on a charge of kidnaping Eugene F. Poulnot, one of three victims of a mob in Tampa last Nov. 30. A six-man jury in Criminal Court returned the verdict after slightly more than three hours' deliberation of Judge Robert T. Dewell's charge that the defendants should be acquitted unless the jurors believed without a doubt that Poulnot was abducted for the purpose of being secretly imprisoned.

The five men convicted are John P. Bridges, C. W. Carlisle, F. W. Switzer, S. A. Brown, Jr. and Sam Crosby. Two others, former Police Chief R. G. Tittsworth and Special Officer Robert Chappell, were acquitted by a directed verdict several days ago. Tittsworth was charged with being an accessory after the fact. Chappell and the five convicted today were named as principals. Judge Dewell deferred sentence and continued the men under \$7,500 bonds under which they have been at liberty. The defense has four days in which to petition for a new trial. The maximum sentence on the charge could be 10 years.

Poulnot, Sam Rogers and Joseph Shoemaker, admitted socialists and labor organizers, were arrested by Tampa officers while attending a political meeting in a private home. The officers had no warrants. After being questioned about alleged communistic activities the trio were released at the police station. Just outside the station, however, the three men were hauled into automobiles and taken into the woods where they were beaten, tarred and feathered. Shoemaker died of his wounds.

The jury took three ballots today, according to the foreman.
