## JOINT MEETING OF CLUBS WITH CHAMBER COMMERCE BROUGHT OUT BIG CROWD

ROTARY, KIWANIS AND THE CHAMBER OF COMMERCE MET TOGETHER

### AT VALDEZ TODAY

Much Important Business, Many Good Speeches and Good Fellowship Apparent

One of the largest and best "get together" meetings held here in some time was pulled off at the Hotel Valdez today when the combined membership of Rotary, Kiwanis and the Chamber of Commerce met at the regular weekly meeting of the Chamber of Commerce. There were over one hundred present when President Higgins called the meeting together promptly at twelve fifteen and asked Dr. Carpenter to invoke the Divine presence of the Kiwanis called upon by the last meeting were read and approved and reports of various committees made and Judge Sharon, president of the Kiwanis called upon to make a talk responded on the "personality of a city" calling attention to the fact that it is the personality of a club or of the citizens of a city that make that city. He asked for co-operation of all citizens in the great program of making a Greater Sanford and asked that all join in boosting every good movement for the upbuilding of Sanford. "Get the Atlanta spirit of Boost!" said the Judge and keep the good work going all the time as it is the only way to develop a city.

Sam Baumel, the song leader of the Kiwanis Club started the rousing song, "We're For Sanford" and all joined in the song. R. J. Holly talked on bitter attendance at the Chamber of Commerce meetings and the great benefit of the joint meeting today.

Hon. Forest Lake called upon for something about the Chamber of Commerce extolled the good work accomplished by this body of men, told of the hearty co-operation granted the City Commission at their meetings by the committees of the Chamber of Commerce and asked all the citizens to appear at each meeting of the City Commissioners and talk over the matters pertinent to the affairs of Sanford. The big work of making up the assessment roll and the big paving program of Sanford received a decided impetus in the meetings of the City Commission by the presence of property owners and citizens generally and the City Commissioners were the servants of the people and were taking care of their property—the citizens being stockholders in a big corporation—the City of Sanford.

Mr. Lake also stressed the importance of a closer co-operation of the people of the county with the people of the county seat and asked that the folks living outside of the city come to the Chamber of Commerce meetings and get a better idea of what the city and county was doing.

A. P. Connolly gave a splendid talk on the Chamber of Commerce work as he is an ex-president and worker and is always ready and willing to give his time and money toward building up the city through the Chamber of Commerce.

John Jenkins cited an instance of people coming here from other towns because they bought goods in Sanford cheaper and asked for more co-operation of Sanford merchants with the folks living in the rural districts.

Earl Brown, secretary of the DeLand Commercial Club and City Manager of DeLand was called upon for an expression about State Road No. 3, that is known as the St. Johns Scenic Highway and goes from Sanford to Jacksonville via DeLand, Palatka, Green Cove Springs and other cities and towns. Mr. Brown had a map showing the road and its lateral and he had his subject well in hand. He asked that Sanford get a special train and with the Sanford Band and the DeLand band and everybody in the two cities go to a big meeting at Green Cove Springs where they could meet with the members of the State Road Department and show them that the State Road No. 3 was the most important trunk line in Florida.

G. A. Deeks was also called upon

## YACHT OWNER FINED TODAY HAD WHISKY

Stored on Yacht and Caught By Coast Guards

NEW YORK, July 27.—Julian R. Baker, member of Yamaqua Yacht three mile limit and found by the Club in Sheepshead Bay and said by Edwards Barnes, assistant collector of customs to be a brother of former Secretary of War Newton D. Baker today was fined one thousand dollars, as coast guards boarded his motorboat "Modesty" yesterday outside the three mile limit and found six cases of whiskey aboard.

## SEATTLE READY WITH WELCOME TO PRESIDENT

Partisanship Forgotten and Home-Coming to Be Celebrated

SEATTLE, July 27.—With partisanship forgotten Seattle was ready to welcome the home-coming of the President of the United States and first lady, Mr. and Mrs. Harding. Crowded program for the president's reception was declared perfected and from the time he and his official party appeared at the harbor entrance at 9:30 o'clock this morning until they entrain late in the afternoon events of day were expected to follow one another with clocklike precision. The chief feature of the president's visit here will be his speech in the Stadium of the University of Washington at 4 o'clock this afternoon when he is expected to discuss problems of Alaska.

ST. LOUIS, July 27.—Burton Barrett, 41, a watchman, was shot and killed today by his son Harold, 21 years of age, as he sat in the lobby of the Montann's Bang building, in the business downtown district. The son was arrested and according to police said he shot his father because the father had been abusive lately and had threatened to kill him and other members of the family last night with a hammer and club.

and told about Road No. 3 and stressed the importance of better roads between DeLand and Sanford and other points in order that our folks could get better acquainted.

F. W. Huston of Palatka stressed the importance of good roads and said that co-operation on the part of the citizens would get results every time and asked that a big crowd go from Sanford to the state road meeting and they would get what they wanted.

Judge Sharon was asked to speak about the bond issue for an athletic park, fair grounds and municipal golf links and said that this was a most important move on the part of the people, and the city and we must look ahead ten to twenty years to the time when it will be impossible to get the land for these purposes and that all of these projects would bring tourists and new people into our midst and also give the home people a chance to have recreations, the boys a chance to play ball and football and would do much for the city in many ways.

The Kiwanians were then called upon to give the closing song that was responded to by the entire assemblage and the meeting adjourned with the idea that much good had been accomplished and the monthly meeting would be a regular thing in the future.

## FIRST NON-STOP NIGHT FLIGHT WITH 3 PASSENGERS FROM CHICAGO TO NEW YORK TODAY

Junker All-Metal Monoplane Arrived at Hazelhurst Field This Morning

(By The Associated Press) GARDEN CITY, July 27.—Eddie Stinson, accompanied by Charles Dickenson, president of the Aero Club of Illinois and Arthur Gray, mechanic, arrived at Hazelhurst Field at 7:30 this morning in Junker all-metal monoplane in which they left Chicago at 11 o'clock last night, completing in eight and one-half hours the first non-stop three passenger night flight between the two cities.

## LAKE'S COMMISSIONERS PAY FINE TRIBUTE TO CHAMBER

TAVARES, July 27.—No greater compliment has ever been paid a commercial club and its affiliated bodies than the following letter from the commissioners of Lake county to the Lake County Chamber of Commerce, and probably no other county has ever had as big and broad and progressive members of a county board as to subscribe to such a document and pass it over to the organization for its files:

OFFICE OF BOARD OF COMMISSIONERS For Lake County, Florida, Tavares, Fla., July 27, 1923. Mr. R. P. Burton, president, Lake County Chamber of Commerce Tavares, Florida.

Dear Sir: During the past four years there has been paid from county funds to the Lake County Chamber of Commerce the sum of \$37,131.43—less than the cost of one mile of permanent road. By your records during that period you have shown that through your influence 381 families have been located in Lake county.

In the same period the assessed valuation of Lake county has increased from \$6,700,000 to \$11,500,000.

Country Faces Trouble Says Magnus Johnson, New Minn. Senator

Says Revolution—Political, Industrial Or Even Resort To Arms Faces Us.

(By The Associated Press) ST. PAUL, Minn., July 27.—Revolution—political, industrial or even a resort to arms—faces the United States "if conditions confronting the laboring man and the farmer are not changed," in the opinion of Magnus Johnson, recently elected senator from Minnesota on the farmer-labor ticket.

"Many think the same thing that happened in Russia can not happen in this country," the senator-elect said Thursday in a statement to The Associated Press, "but don't fool yourself. It could happen here before you know what was going on. The Caesar had a big army, but he could hardly any army at all, so what could our government do if there was a nation wide revolution. It could not do a thing."

Owanita—Citrus Growers Association to spend \$3,000 for improvement of property.

## FRENCH REPLY TO BRITISH REPARATION NOTE SUNDAY ACCEPTS FEW SUGGESTIONS

AND ASKS FURTHER LIGHT ON OTHERS NOT MENTIONED

HOLDS PRINCIPLE OF Franco-Belgian Declaration of Passive Resistance Must Cease First

(By The Associated Press) PARIS, July 27.—The French reply to British reparation note will be delivered in London tomorrow or Sunday. It accepts some of the British suggestions and asks further light on others. It maintains the principle of the Franco-Belgian declaration to

the effect that passive resistance must cease before negotiations with Germany are undertaken.

PARIS, July 27.—Premier Poincare left Paris late last evening for his country home at Sampigny for a few days rest after giving the finishing touches to the reply to British communication. The document, however, will be communicated to London only after the Belgian government has received a copy and had time to examine it. As soon as the French ambassador in Brussels reports Premier Poincare has a copy in hand the French ambassador in London will be notified to deliver response to British foreign office.

## GOOD ROADS IN VOLUSIA ARE VOTED

From Lake Helen, Thru Orange City and on to Osteen

Enterprise is well named for Enterprise was instrumental in putting over the bond issues of the Lake Helen, Orange City, Osteen roads last week. Lake Helen, Orange City and Osteen did good work but it is said that the people of Enterprise rallied to the work like veterans and campaigned all over this road district to arouse the people to the value of good roads through the district and they were ably seconded by the progressives of Orange City, Lake Helen and Osteen.

Another big move for that part of Volusia county is that bids will be opened August 6th for the asphalt road from Osteen bridge to New Smyrna which means a hard surfaced road to Coronado Beach for the people of this part of the state making the distance to the beach shorter by some fifteen miles and giving the Seminole county folks a good hard road and free bridge to New Smyrna.

The DeLand News says: "That the citizens of Volusia county are alive to the great benefits to be derived from good roads was attested yesterday when the Lake Helen-Osteen Road and Bridge District voted almost unanimously for the \$110,000 bond issue with which to build a hard surfaced highway from Lake Helen approximately 10 miles through the finest grove lands in the county to Osteen and the St. Johns river bridge crossing the river at Osteen ferry.

The vote stood as follows: Lake Helen. For bonds ..... 60 Against bonds ..... 4 Votes thrown out ..... 2 Osteen. For bonds ..... 10 Against bonds ..... 4

Springfield Mob Spirit Feared This Morning Troops Ordered Out

Two Men Held on Assault Case Are Threatened by Mob

(By The Associated Press) SPRINGFIELD, Ill., July 27.—Troops were ordered to Tamm, in Alexandria county, by Adjt. General Black early this morning at the request of Sheriff Rocho, of Cairo, who said he feared popular indignation would result in the lynching of James Hazelwood and Andrew Corbett, two men held in the Tamm jail in connection with assault on a girl of Tamm.

SITUATION IN GREECE DESCRIBED AS GRAVE BY THE NEWSPAPERS

PARIS, July 27.—The situation in Greece is described as of the gravest by the Belgrade newspapers especially by the Novosti, says a dispatch to the Matin from the Serbian capital. The news from Athens is scant, but it is declared the republican movement is gaining headway in the army and that a ministerial crisis is imminent, owing to a split in the Venizelist party.

## RECONSTRUCTED RIVER ADDS 6 MILES TO DETROIT DOCKS

DETROIT, July 27.—The River Rouge, site of the great blast furnaces of the Ford Motor Company, has been intimated to deep draft vessels. For years a lazy twisting stream, the river has been developed as an artery of the Detroit river at the behest of the Ford interests.

To permit the great ore carriers of the lakes to bring their cargoes direct to the blast furnaces, the river has been reconstructed. Instead of the twisting stream of former years a new River Rouge has been created. From the mouth of the Detroit river to the Ford turning basin the stream is three miles long, almost two miles shorter than the old course. Its width at the mouth is 400 feet, and the average width along the dock lines is 300 feet, with a bottom width of 200 feet. The depth at low water is 21 feet. A new canal, 3,000 feet long, was cut through the entire subdivision of property, avoiding an "S" turn where the river joins the basin. Some 15 industries in addition to the Ford blast furnaces are operating along the banks of the Rouge, and with the improvement just completed six miles of docking facilities have been added to Detroit's waterfront. Moreover the industries located at the Rouge have attracted an annual cargo tonnage of 2,000,000. The Ford plant alone expects to bring in 2,000,000 tons during 1923.

## CONDITION OF HIGHWAYS IN ALL COUNTIES OF FLORIDA WILL BE AVAILABLE NOW

## MOTOR POLICE SHOOT MAN AT MIAMI

Rammed Motorcycle of Officer and Was Dragging Him

(By The Associated Press) MIAMI, July 27.—Edward Litchfield, employee of Pennsylvania Sugar Company here was shot by Motorcycle Officer Bradley, who attempted to place him under arrest here early today. Litchfield may die. Bradley said Litchfield was speeding and refused to stop when ordered, then drove car into the officer's motorcycle. Bradley said he fired while the machine was being dragged by the automobile.

## HARDING FIRST PRESIDENT WHO VISITED CANADA

Praises Century Old Friendship in Speech at Vancouver

VANCOUVER, B. C., July 27.—President Harding in an address made during his visit here Thursday, the first visit ever made by an American President to Canada—pointed to the century old friendship between the people of the United States as proof to the nations of Europe that public will, rather than public force, is the key to peace.

"It is public will, not public force, that makes for enduring peace," he told his audience of Canadians, gathered in Stanley Park. "And is it not a gratifying circumstance that it has fallen to the lot of us North Americans, living amicably for more than a century under different flags, to present the most striking example yet produced of that basic fact. If Europe would heed the lesson conveyed by Canada and the United States they would strike at the root of disagreements and in their own prosperity forget to inveigh constantly at ours.

With his emphasis upon the long friendship between Canada and the United States Mr. Harding urged Canadians not to give encouragement "to any enterprise looking to Canada's annexation to the United States."

"Let us go our own gait along parallel roads, you helping us and we helping you," he added. At the outset he alluded to his visit being the first by a president of the United States to Canada during a term of office and with the exception of the visits of President Wilson to Paris being the first to visit any foreign political soil.

"Canada is a model in the view of the United States," he said. "You are not only our neighbor but a very good neighbor and we rejoice in your advancement and admire your independence no less sincerely than we value your friendship. We think the same thoughts, live the same lives and cherish the same aspirations to service to each other in time of need.

"Thousands of our brave lads perished in gallant and generous action for the preservation of our union. Many of our young men followed Canadian colors to the battlefields of France before we entered the war and left their proportion of killed to share the graves of your intrepid sons. "What an object lesson of peace is shown today with our two frontiers free of soldiers; no large warships patrol our adjacent waters; no stealthy spies lurk in our tranquil border hamlet. Only a scrap of paper, recording barely more than a simple understanding, safeguards lives and properties on the great lakes and only humble mile posts mark the inviolable boundary line for thousands of miles through farm and forest."

## ASSOCIATED PRESS AND ROAD DEPT. TO COLLABORATE INFORMATION IN DAILY PAPERS

And Every Part of the State Will Be Covered for Benefit of Travellers

(By The Associated Press) TALLAHASSEE, July 27.—The State Highway Department, in conjunction with the Associated Press, soon will begin the assembling of data on the condition of the system of highways that stretch to all corners of Florida, which will be distributed weekly for the benefit of travelers who cover the state in automobiles.

The divisional engineers having charge of road construction work now under way will gather the information which they aim to make as complete as possible on each one of the state roads designated by the 1923 session of the legislature. This information will be telegraphed to Tallahassee where it will be made available for distribution to the twenty-seven daily papers in Florida whose publishers are members of the Associated Press. An effort will be made to arrange the information so that the traveler who enters the state on the north, for instance, may refer to a Florida paper and learn the approximate condition of a particular trunk road to the far end of the state at the close of a certain day.

Road department officials recognize that there are difficulties before them in furnishing this information because of the great mileage of the roads, and the impossibility of the engineers in charge seeing every mile of each road every week. This, they point out, makes it impossible to show where every bump or rut is located, and the necessity of confining the data to the general condition. They believe this general information will meet a long felt need for guiding information to the traveling public, especially during the approaching tourist season.

In a general way, the work of the road department was defined and limited by two acts of the 1923 legislature. What is known as House Bill 711 designated and established a system of State roads and provided that Roads Nos. 1, 2, 3, 4, 5 and 6, and Road No. 10 (which is to be built after the first named six roads are complete) shall be first completed before any new contracts are made for work on any other roads, "but," says the law, "this proviso shall not be construed to interfere in any way with any contracts already made with any county for the construction of any part of any road or roads heretofore designated, nor with the construction or maintenance of such other roads as have heretofore been designated and approved by the National Secretary of Agriculture as included in the State and Federal seven per cent highway system."

The federal aid roads are Nos. 1, 2, 3, 4, 5, 6, 10, 14, 16, 17, 21 and 24, in addition to 45 miles designated by the state road department and the federal government as part of the federal seven per cent system. This 45 miles was designated at the last meeting of the state highway board.

## Condemned Man Joked About His Execution, Said God Would Save

But Convicted Murderer Was Executed at Little Rock Today

LITTLE ROCK, July 27.—Herbert Sease, convicted of the murder of H. H. Davidson, was electrocuted at the state penitentiary at 5:30 this morning. Sease had maintained up to the last minute that an "act of God" would prevent execution. As the strap was being adjusted Sease declared he "was the happiest man within the walls" and laughed. "You came here to see me die, but I am not going to die," he said nearly twenty-five persons gathered to witness the execution. "The same God that saved Daniel will save me." The statement was followed by a laugh.

# SOCIETY

MRS. FRED DAIGER, Society Editor  
Phone 217-W

If you have any friends visiting you...  
If you are going anywhere or coming home, or if you are entertaining, write a postal card to this department, giving details, by telephone the item. It will be greatly appreciated.

## SOCIAL CALENDAR

Friday—Informal house warming of the Woman's Club from 8:30 to 11 p. m.

Miss Mary Fields left yesterday for Daytona Beach where she will be the guest of Pearl Robson.

Mr. and Mrs. D. L. Thrasher leave this afternoon for Daytona Beach where they will spend several days.

Mrs. W. P. Fields and children have returned home after a very pleasant visit with her brother at Daytona Beach.

Mrs. George A. DeCottes and daughters, Misses Mary and Louise DeCottes, who have been the charming guests of Mr. and Mrs. George A. DeCottes, returned to their home in Jacksonville.

Mr. and Mrs. M. S. Wiggins and children and Mrs. B. L. Perkins and children left this morning for St. Petersburg where they will be the guests of their cousin, Mrs. Woodward Barnwell.

George Speer and son, Vivian, left last night for New York City and other northern cities. They will be gone about three weeks and while on this trip will buy their fall and winter goods for the firm of Speer & Son.

Dr. and Mrs. Ben Caswell and the latter's sister, Miss Katherine Huff, who has been their guest, left this morning in their car for Atlanta where they will spend a few days with their parents, Mr. and Mrs. J. H. Huff before going to Dahlonega, Ga., where they will spend a week or ten days.

## PIE SOCIAL AT LAKE MONROE

The Seminole Athletic Club will entertain at a pie social Friday night, July 27, at the Monroe school grounds. The committee in charge promise some real pie surprises.

## INFORMAL BRIDGE

Mrs. S. O. Chase entertained most informally last evening at bridge at her home on Oak avenue, honoring Mrs. Benjamin Whitner, Jr., and Mrs. McKee, recent brides, Mrs. Sellers Rhames, a visitor and Miss Abbie Boudney, who leaves shortly for South America.

The card tables were placed on the screen porches, and the card games were exceptionally interesting. The prize for high score, a dainty fan, was won by Mrs. Whitner, Jr., and the men's prize, two decks of cards, went to Benjamin Whitner.

Following the awarding of the prizes, the hostess served ice cream and cake as refreshments.

## FOR MISS CRABTREE

Miss Dorothy Crabtree, of Tampa, the guest of Mrs. F. E. Roumillat, was the charming honoree at a rook party given yesterday afternoon by Miss Margaret Peters, at her home on Park Avenue. There were three tables of players.

The rooms where the card tables were arranged were effectively decorated with baskets of Shasta daisies and ferns. Late in the afternoon scores were counted and the prize for high score, a handsome handkerchief, was won by Miss Mary Elizabeth Moye. The honoree was presented with a lovely string of beads.

Refreshments consisting of sherbet and individual cakes were served at the conclusion of the game.

Miss Peters' guests were Miss Dorothy Crabtree, honoree; Misses Mary Elizabeth Moye, Camilla Puleston, Luella Mahoney, Mildred Hand and Elizabeth Whitner.

## SUBSCRIPTION PARTY

The subscription bridge party given yesterday at the Parish House, by Mesdames Fred Daiger and Don Bishop and Miss Emma Owens, to raise funds with which to buy playground equipment for the primary school, proved a very delightful social feature.

French baskets filled with roses and ferns were effectively placed around the room, while vases of zinnias were placed in each casement window.

Several interesting games of bridge were played during the afternoon and when scores were counted it was found that Mrs. A. J. Richardson held high score and was awarded hand-painted book ends. The low score prize, a bouquet of zinnias, went to Mrs. Clyde Derby. In cutting for the consolation prize which was a French vanity, Mrs. E. D. Mobley was the fortunate one.

At the conclusion of the game, refreshments consisting of sherbet and cakes were served by Mesdames Hunt,

## LOCALS

R. H. Berg of Miami is in the city looking after the circulation list of the Daily and Weekly Herald.

Mr. and Mrs. T. A. Vincent of Wabasso arrived in the city today and will be the guests of Mrs. Vincent's sister, Mrs. R. J. Holly.

The Woolworth stores are all ready to open on Saturday of this week. The windows are attracting much attention.

R. A. Newman has gone to Hendersonville to join Mrs. Newman and the family and he expects to remain for several weeks.

Morris Wimble left last night for Winston-Salem and other points in North Carolina where he will be absent for several weeks recuperating after a very busy winter season at Roumillat & Anderson's drug store.

The Fernald-Laughton Hospital has just received a new coat of paint and this beautiful building is looking prim and neat. The work was done by Kern Schmidt who is an artist in his line.

Mr. and Mrs. Howard Van Selver and Royal Blue of the St. Augustine Record were in the city today looking over the matter for the new booklet that will be printed by the Chamber of Commerce soon. The Record Company printed the last one and it was a work of art in every way.

Churchwell's are putting on a big three days sale for Friday, Saturday and Monday in silks, shirtings, gingham, hose, etc., and the prices are just right if you will read the advertisement in this issue and see for yourself.

C. T. Baker, a consulting engineer of Atlanta, was in the city today looking over the ground with the view of ascertaining just what the city intended to do in regard to the utility plants. Mr. Baker was here several years ago when he was in the employ of the Southern Utilities Company but he is now in business for himself.

## Prohibition Agents Shot By Mistake By Georgia Men

Tried to Hold Up Auto and Shot for Handits

LA GRANGE, Ga., July 26.—Mistaken for highway men, J. G. Cobb, prohibition agent at Newnan, and Gordon Andrews of LaGrange, who had been deputized to assist Cobb in a raid on a still, were shot near here late Wednesday night when they attempted to stop three men in a motor car which they suspected of carrying liquor.

Cobb was shot in the hand. Andrews is reported dying at a local hospital with three bullet holes in his shoulder and side.

The shooting took place on the Westpoint-Chipley road when Jim Williams, Buck Hamby and a man named Jones were returning in an automobile to their home in West Point. The three men stated that the two officers stood in the middle of the road waving their flash lights and revolvers. When they were commanded to stop, they thought they were being held up by highwaymen, they said.

A revolver found in the pocket of their car, following a chase by the officers, was carried for protection, the men asserted. No liquor was found. No arrests were made.

Daiger, Howard and Misses Owens and Caldwell.

## SALMAGUNDI PARTY

Miss Jean Maxwell entertained at a Salmagundi party on Tuesday afternoon at her home on Ninth street. The decorations were pink radiance roses. A mixture of games was played, Rook, Pat, Rumme and Roodles, being arranged at different tables. After the games, the three highest scores were held by Misses Mae Holly, Elizabeth Smith and Margaret Zachary, who were presented with a box of powder, a box of stationery and a bottle of perfume, respectively. The consolation, a book, fell to Miss Dorothy Ray.

Florida sundaes and individual cakes iced in pink were served by Mrs. John Leonard, Miss Alice Caldwell and Mrs. Maxwell. Among the invited guests were, Misses Frances Dutton, Margaret Zachary, Helen Venny, Mae Holly, Georgia Mobley, Florence McKay, Helen Hutchison, Dorothea Ray, Gladys Wilson, Sara Wheelless, Elizabeth Smith, Lottie Caldwell, Sara Williams, Emily Griffin, LeClair Jones, Maude Lake, Mary Elizabeth Puleston, and Grace Gillon.

## THE WEATHER

For Florida: Partly cloudy today and tomorrow; probably local thundershowers.

## TEMPERATURE

JACKSONVILLE, July 26.—The maximum and minimum temperatures in representative cities furnished by the weather bureau from records compiled at 9 p. m. yesterday follow:

City	Max.	Min.
Atlantic City	84	68
Atlanta	88	74
Boston	66	58
Buffalo	72	50
Chicago	74	68
Cincinnati	82	64
Des Moines	86	70
Eastport, Maine	54	50
Kansas City	86	70
New York	80	62
Pittsburgh	76	62
St. Louis	90	74
Toledo	76	64
Washington	82	70

## 90,000 Dollars in Outstanding Rewards Offered by the State

For Escaped Convicts and Is Fat Plum For Officers.

(By The Associated Press) TALLAHASSEE, Fla., July 26.—Ninety thousand dollars in outstanding rewards offered by the state of Florida for the apprehension of escaped convicts and fugitives from justice await distribution to detectives that are willing to go out and corral the missing ones. This information is revealed in data being compiled by T. E. Andrews, who is in charge of the prison department of the state agricultural commissioner's office. The data shows that there are 601 escaped convicts, some of whom have been gone as long as twenty years. Standing rewards of \$100 for each of these aggregate \$60,100. In addition to the 601 escapes, approximately 300 fugitives from justice are wanted by the state. Rewards for these vary from \$50 up, some going as high as \$200, or more. The average probably will range around \$100 each, which makes an additional \$30,000.

All the detectives have to do is to gather in the 601 men wanted, and they will find the rewards awaiting them.

Prison authorities express the belief that some of the escaped prisoners undoubtedly are dead, inasmuch as their escapes date back as far as 1923.

Mr. Andrews is compiling information on the escapes in compliance with a request from Mr. A. J. Renee, chief of the bureau of identification, department of justice, at the Fort Leavenworth (Kansas) penitentiary. Mr. Renee wrote the state officials here that he was installing a new method of taking care of all escapes, parole violations, and all those who are wanted, for any reason, by state officials. Leavenworth is a government clearing house of criminal information.

The thing the white collar man envies is the jack of all trades.

## Lettuce Green Silk Makes a Blouse as Crisp as the Salad

Blouses are becoming so long that they threaten to eclipse the skirt completely in their descent. The poor garments which used to be little more than a protective layer between the skin and the coat has assumed a proud character of its own, and becomes the type of apparel it would be a tragedy to conceal under a sweater or suit-coat. The Indo-Chinese inspiration of the moment is evidenced in the versatile blouse here pictured. It is a tonic of many accomplishments. The roman sash at the waist, itself a recruit in fashion's ranks, makes it the most charming of sport blouses. Then, presto, remove the sash, twist it about the neck, smooth out the waistline and you have a debonair little sport coat. The material is a heavy lustrous Crepe de Chine from the South Manchurian looms, lettuce green in hue. The trimming is malz colored grosgrain ribbon, three rows around the neck, down the front and at the cuffs. The sleeves are kimono. Narrow white, organdie collars and cuffs complete the effect. This is the year for the lightning change act in hats as well. A French milliner has just launched a double brimmed hat of silk. Small bills for traveling, large bills for the country — both bills if you just feel regardless.

## 14 — FOURTEEN — 14

## NEW CLUB WILL OPEN TOMORROW

## The Ladies Will Furnish Their Club House

By the time the club year opens in October it is expected that the new home will be most attractively appointed and it has been so arranged that each member will have taken a part in the work in some way as the entire membership has been divided up into committees who will work as follows:

Mrs. D. P. Drummond has charge of curtains and draperies with a committee that will finance themselves for materials and do the work of making it up.

Mrs. Morse will provide the money for the chairs, her committee giving fortnightly a series of out-of-door suppers at Hazelton's Silver Lake.

Mrs. Ed. Lane and committee will give card parties to raise money to buy new card tables.

Mrs. R. R. Deas will provide card table covers through soliciting from her committee members, who will do the necessary sewing.

Mrs. D. L. Thrasher's committee will donate luncheon sets.

Mrs. Overlin's committee on kitchen furnishing is planning to cater for the musical event at Lake Mary this week.

Mrs. Galloway, with a group of ten women will contribute the handsome velvet curtain for the stage. The China will be paid for with a fund raised several years ago by a Home Economics Committee with the compilation and sale of a cook book.

The newly organized Junior Department will buy the silver. Mrs. A. M. Phillips will be responsible with her committee for all beds for kitchen and dressing rooms.

Mrs. W. E. Watson and her committee have already done a great deal of extra work in renovating the old club furniture, and will equip the four dressing rooms, financing themselves. The sun parlor will be outfitted by the chairman of all the other committees.

In this connection it is interesting to observe that several women are setting apart special funds to be devoted to the building funds.

Mrs. Harry Heeren is doing some garden planning for this purpose. Mrs. Aylett Pitts is selling plants, some of which are ready now, and others will be available in October; Mrs. C. R. Kirtley bakes angel food cakes to order in any desired quantities; Mrs. Alex. Vaughan gives for three months the sales of all her cottage cheese at Stokes' Market; Mrs. Galloway sells buttermilk and butter; Mrs. Henry Wight has an agency for Mary Ann Cake shell pans; Mrs. Morse takes orders for home-made ice cream and Mrs. Harry Ward takes orders for cup towels. If other members wish to augment their contributions with work, there is a demand for home made bread, for made-up linens, for crochet work and for really superior monogramming on linen. (One great and crying need—and this is not intended as a pun)—is for some capable and enterprising women to arrange to take care of young children in the afternoons for mothers who would be glad to pay a price in

order to leave their little ones for an hour or two at a time. If there is any truth in the old saying about the help that comes to those that help themselves, it is not going to be long before the Woman's Club of Sanford, will have swept away its last obligation of debt. The cost of the building alone was \$11,108, more than half of which is already paid.

The Congregational Christian Endeavor Society are giving a tacky social at Mrs. Robinson's corner of 11th street and Myrtle avenue. Ice cream and cake will be sold during the evening. Come and do your part. 101-21p

**GOOD YEAR Service Station**

THERE is a difference in tires. Only the new Good Year Cord Tire is made of highest-grade, long-staple, high-tensile cotton, built up by the Goodyear patented group-ply method, and equipped with heavier sidewalls and the beveled All-Weather Tread. The difference shows in the Goodyear's longer wear and lower cost per mile.

As Goodyear Service Station Dealers we sell and recommend the new Good Year Cord with the Beveled All-Weather Tread and back them up with standard Goodyear Service.

**HUSA HEADS PHARMACY DEPT. AT UNIVERSITY**  
GAINESVILLE, Fla., July 25—Professor William H. Husa has been named as head of the department of pharmacy in the new College of Pharmacy at the University of Florida, and Albert W. Sweet, as professor of pharmacology and pharmacology.

Dr. Townes R. Leigh recently was named as head of the pharmacy college, which was recently authorized as a part of the state's educational system.

**PIONEER OF DADE COUNTY IS BURIED**

WEST PALM BEACH, July 27.—Albert M. Field, aged 78, who came here 42 years ago and who gave the land on which the Dade county courthouse was built at Juno, now in Palm Beach county, before the removal of the county seat to Miami, was buried at Stuart yesterday. He died Tuesday of senility at his home in Gomez.

The Herald delivered six times a week for 15c.

**Spanish War Veterans Hold Encampment at Chattanooga in Sept.**

Have Arranged Fine Four Day Program.

(By The Associated Press)  
CHATTANOOGA, Tenn., July 26. The program for the annual encampment here September 16-20 of the United Spanish-American War Veterans is, virtually completed, and the outline of the scheduled order of business and entertainment "is very pleasing indeed and meets with the hearty approval of the commander-in-chief," Antonio Entenza, according to a letter he has written Major Ellsworth Ellis, commander-in-chief of the Tennessee organization.

Commander Entenza and several other officers already have made reservations to attend the annual encampment, including Thomas J. Kennedy, chief-of-staff; George A. Marshall, adjutant-general, and George D. Moler, quartermaster general.

The tentative program follows:  
Sunday, September 16.—Arrivals, registration, assignment. Patriotic exercises and addresses at Tivoli theater in evening.

Monday, September 17.—All-day business session. Address of welcome by Governor Peay of Tennessee, Mayor Chambliss of Chattanooga, and Comrade Harvey H. Hannah. Reply by Antonio P. Entenza, commander-in-chief, and other national and department officers. General reception in the evening.

Tuesday, September 18.—Short business session. All day at Chickamauga Park. Reunions of organizations camped at the park in '98. Old-time southern barbecue at noon. Observance of sixtieth anniversary of the battle of Chickamauga, September 18, 1863, and events of '98. Evening—illuminated night parade. All southern show, Jubilee Singers, Cake Walk, Jug Band, etc.

Wednesday, September 19.—Forenoon, business session. Memorial hour, 10 to 12 o'clock. Presentation of historic tablet to City of Chattanooga by Department of New York. Afternoon—Parade, military features. Business session of the military order of the serpent. Evening—Annual crawl of the military order of the serpent. This will follow the annual ball.

Thursday, September 20.—Business session in forenoon. Trip to Lookout Mountain in afternoon. Sunset tea on Point Lookout.

A number of noon-day luncheons are being arranged for by the women for the woman's auxiliary delegations.

**WORLD STILL RULED BY MAN**

Masculine Mind Continues to Be a Factor in Things That Are Really Worth While.

Those who either rejoice or lament—as the case may be—over the supposed fact that this is the woman's age, that the male has been entirely superseded, we commend a study of the following figures given out by an Eastern sociologist that bear on this debatable subject, says the Los Angeles Times.

Of the thousands upon thousands of sermons preached in this country last Sunday women preached not more than 170.

Of the pleas made in all the courts in the United States only one in every 100 is made by a woman.

Of all the newspaper editorials not more than one in thirty is written by a woman.

It is estimated that 95 per cent of the successful inventions and of "opinion-making ideas" still emanate from masculine minds.

So, according to Mrs. Gillman, the well-known educator, we continue to live in a man-made world.

On the other hand, 80 per cent of the education of our children is in feminine care and in the whole country 11,000,000 women are earning their living independent of masculine support.

Man still appears to be the chief factor in molding public sentiment. Perhaps, however, this is but another case where the hands are the hands of Esau, but the voice is the voice of Jacob.

**LEARNED MUCH OF INTEREST**

British Attempt to Reach Summit of Mount Everest Was Not Altogether a Failure.

Although the 1922 British expedition to Mount Everest failed in its principal aim, which was to reach the top of the highest mountain in the world, it did succeed in finding out a number of things of much interest to scientific men. These things are now being made known in various scientific journals.

Certain brave little plants, such as edelweiss, were found blossoming at a height of nearly 20,000 feet. Wild animals and birds, such as mountain sheep, ravens and rock doves, unacquainted with human beings, showed no fear of them at all, readily eating from the climbers' hands. These wild sheep, ravens and doves, together with wolves, foxes, rabbits, rats, mice and condors, with a few other birds, were found at an altitude as high as 20,000 feet, and occasionally even a thousand or more feet higher. Condors were observed flying high above the mountain's north and south peaks above sea level, where the atmosphere was only one-third as dense as at sea level.

Some naturalists have proposed the theory that life on the earth must have begun first on mountain summits, for these summits might be considered as the best parts of the earth to be cool enough for the existence of living things. Geologists point out, however, that many of our highest mountains were formed since those earlier geological epochs in the rocks of which plant and animal fossils have been found.

**Vandals Destroying Carthage.**

Vandals strip Carthage of her time-honored ruins, and it is feared these imposing remains of an older civilization will soon disappear altogether. In 1802 Thomas Reid, an Englishman, in imitation of Lord Elgin tore down the hot baths of Antonin in order to send their columns to London. This act aroused the indignation of the civilized world. But the French have done even more. They have destroyed the magnificent marble staircase of a hundred and twenty steps which led to the Ptolemaic Nova, taken down the small pillars, transformed the splendid cemetery of officials into a tillable field and converted the wall of Theodosius into road-building material. At present the ruins of buildings and monuments of bygone days are not very numerous, and each year, according to Doctor Carton, corresponding member of the academy of inscriptions, five or six thousand cubic meters of stone are taken away.

**Mushrooms Endanger Building.**

On account of large mushrooms of the poisonous type known as Phellium cryptarium having elected to exist on the large wooden beams of the Versailles chateau it is reported that the building is in danger and immediate repairs must be made if one wing is to be saved. Hereafter all windows are to be kept open for three hours daily in an attempt to exterminate the mushrooms, which it is said spread with great rapidity and eat their way right through the woodwork. Phellium cryptarium mushrooms, which hate fresh air and sunlight, were recently discovered in an old schoolhouse in Elzanes where they caused the building to collapse. —Scientific American.

**Electrical Appliances Modern.**

An interesting fact in regard to the development of electrical appliances has just come to light. It seems that about 1902, Reginald Trautscold, M. E., of the Society for Electrical Development, demonstrated to Louis Sherry at his famous cafe in New York city the first electrically-operated dishwasher probably ever used on Fifth avenue. Curiously enough at that time the Sherry cafe stood on the spot now occupied by the offices of the Society for Electrical Development.

**SANFORD Shoe & Clothing Co.**

218 EAST FIRST STREET NEW MEISCH BUILDING

**LOCALS**

Great weather is here now.

Sanford is moving right along and making great progress.

The big time at Lake Mary yesterday was a big time but not as many in attendance as should have been.

Mr. S. O. Taylor and Mr. A. P. Sweeney of Chicago are the guests of Mr. and Mrs. W. H. Hand.

Mr. and Mrs. S. O. Taylor, Mr. A. P. Sweeney of Chicago, Mr. and Mrs. Carl Hand and Miss Olive Vera Glisson formed a very congenial party spending the week at Daytona Beach.

The many friends of Mrs. Al Zinser will be glad to learn that she is much improved after having been very ill at her home on Palmetto avenue.

Everyone is doing their best to save and with the Saturday and Monday specials and the regular sale until August 4th, Lloyd's Shoe Store is paving the way. Read their ad.

F. W. Hutton, general manager of the Southern Utilities Company, with headquarters at Palatka, is in the city today on matters of importance connected with the plants in this city.

Lloyd's Shoe Store has an advertisement in this issue calling your attention to the special sale on shoes that is now in progress at this store. Ladies' and men's shoes are going at greatly reduced prices.

Piggly Wiggly has an advertisement today quoting you very low prices on all kinds of groceries. Special run on sugar, Irish potatoes and everything at this place where low prices always prevail.

Kent Rosseter and two daughters, Harriett and Sarah Elizabeth, returned this morning from a visit with relatives at Clayton, Ga. Mrs. Rosseter will remain another month or so in the Georgia city.

Special prices on diamonds and cut glass Saturday and Monday at the Diamond Palace in the Bishop block. Ten percent off on standard watches and many other bargains. See the advertisement today.

The Outlet calls your attention to the last two days of the Big Special Sale. Extra special mark down price on dresses, shoes, union suits, shirts, etc. See the adv. and note the prices.

The Atlantic & Pacific Tea Company, has an advertisement today with very cheap prices quoted on milk, corn flakes, peaches, soaps, jams and salad dressing, etc. Specials on teas and coffees.

Churchwell's are putting on a big three days sale of shoes in ladies and men's shoes all the latest styles and at prices that will make them move. Look at the advertisement today and attend this big three day sale.

The Sanford Shoe & Clothing Company advertise an Extra Coupon Sale today, the coupons being good for \$5 and \$10 and other coupons good for one-half off the regular purchase price. See the advertisements and note the big reductions on shoes, hats and clothing and men's furnishings.

Earl Brown, secretary of the DeLand Commercial Club and City Manager of DeLand and G. A. Dreka, head of the Dreka Department stores of DeLand, were among the prominent visitors to the city today and their many friends were giving them a warm welcome.

L. A. Brumley, John Brumley and Spinks Dutton returned yesterday from Hendersonville, N. C., where they have been sojourning for the past month. Mrs. Brumley will return tomorrow by train. They all report a most pleasant time but all of them are glad to get back to Sanford.

Stemper & Co., have their regular space in this issue calling your attention to the big reductions on all kinds of fresh and smoked meats, fruits, etc. Stemper's always attract the buyers as they have special prices on meats each week and they can save you money. See the ad and note the prices.

H. S. Pond, formerly of Homestead, has accepted the position of assistant cashier with the Peoples Bank of Sanford and will make his home in this city. President Tunncliffe says business has increased to such an extent that it is necessary to augment (or argument) the force. Mr. Pond will receive a hearty welcome to Sanford.

A. S. Smith and daughter, Miss Elizabeth Smith, of Madison returned home today after spending some time here and at other points in the state. Now that they have seen South Florida they will never be content to remain in West Florida again and we can look for them back some of these days as regular residents. While here they were the guests of Judge and Mrs. James Sharon.

George Hutton, of the Hutton Engineering Company is here today going over the new and old contracts for street paving and looking after things generally. Mr. Hutton has one of the largest contracts for paving here that there is in the state and expects to be here for the next year or more completing his many contracts for asphalt paving.

Hugh Tillis is the presiding genius of the Pure Food Market and he announces that he has Florida and Western beef, pork, mutton, plenty of fat hens and frying size chickens and everything in the meat line. Orders received and delivered by the quick service that has made Tillis famous. See the ad and give him your order. It will be at your house before you can hang up the phone.

Saturday is the last day of the Baumel Special January Clearance Sale and Sam Baumel will celebrate by giving you special low prices on dresses, millinery, hats, underwear, hose, gloves, etc. Three big extra specials for tomorrow aside from the regular low prices on everything in the Specialty Shop—Baumel's—where you get the best at very low prices. See the advertisement in this issue.

The Daily Herald, 15c per week.

**WOOLWORTH STORES**  
INFORMAL OPENING  
BIG CROWDS TODAY

The new Woolworth Stores had their formal opening today but the real first day will be tomorrow when the stores will open for business. A six piece orchestra played at the store today and Stewart, the Florist, had the stores decorated with choice flowers and the opening was a great success. Favors were given away and a big crowd thronged the new stores today. If the opening today is any criterion of the success of the new stores the first day—Saturday—should be a record breaker in the history of the Woolworth stores.

The Herald for first class job work.

**JURY IN LIBEL CASE IN TEXAS SELECTED**

COMANCHEE, Texas, July 23.—Six jurors in criminal court Wednesday were prepared to hear the state's evidence against Congressman Thos. L. Blanton alleged libel against former Congressman Calloway, Blanton's opponent in the 1922 campaign. The jury was completed late Tuesday after Judge F. J. Reese had overruled the defendant's fifth and last motion which was for a continuance. Others included a plea of not guilty.

**Rob's Calomel of Nausea and Danger**

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotabs"

The latest triumph of modern science is a "de-nauseated" calomel tablet known to the world as "Calotabs." Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity, purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headache and indigestion, and in a great variety of liver, stomach and kidney troubles, Calomel has been the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. But what you please. No danger. Calotabs are sold only in original sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size. Your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. (Adv.) 6-29-8-4-6-11-13-18-20-25-27-32c

**THE PERILS OF INDIGESTION**

The Disease That Strikes Without Warning, Quickest Way to Get Well is Through New Treatment Containing Seventeen Ingredients That Renew Every Part of the Body.

Indigestion in any form often proves fatal, but even in a mild degree is dangerous, because it brings on one ailment after another, running throughout the entire system, taking in the liver, stomach and blood, producing malnutrition and finally reaches the heart. For this reason any remedy that merely relieves the pain is not sufficient, but a complete systemic treatment is necessary to get permanently well.

This complete treatment is found only in a prescription called Re-Cu-Ma, which contains seventeen well known and thoroughly tested ingredients, so skillfully compounded that each one performs its function on the various parts of the body perfectly and harmoniously. This remarkable prescription starts right to work on the digestive tract, relieves constipation, purifies the blood (the cause of rheumatism), cleanses the kidneys and puts your entire system to rights, thoroughly acting upon the colon, which, according to Prof. Metchnikoff of the Pasteur Institute, Paris, is the cause of all our bodily aches and pains. Re-Cu-Ma will dispel biliousness, sick headaches, nervousness and completely rid your system of all toxic poisons, which have been the direct cause of your sickly condition.

Re-Cu-Ma is sold and recommended by the Union Pharmacy and other good drug stores, and if you don't feel a decided change in your condition after taking according to directions, you get your money back—Adv.

**REPORT OF A SPECIAL COMMITTEE TO RECOMMEND ADDITIONAL STREET PAVING OTHER THAN THAT INCLUDED IN THE PRESENT PROGRAM.**  
July 20, 1923.

We, the undersigned, a Special Committee appointed to recommend additional paving other than that included in the present program, submit herewith the recommendations which were unanimously agreed upon at a meeting held Friday, July 20th:

**STREETS TO BE PAVED**  
Park Avenue—From Tenth Street to Hughey Street, paved and curbed and extended full width.  
Palmetto Avenue—From Fifteenth street to Hughey street opened and paved from Hughey street to Franklin street, 24 feet wide.

Magnolia Avenue—From Central Street to City Limits 24 feet wide.  
Seventh Street—From Magnolia Avenue to French Avenue paved and curbed 24 feet.

Eighth Street—From Sanford Avenue to French Avenue, paved and curbed 24 feet.  
Tenth Street—From Sanford Avenue to Locust Avenue, paved and curbed 24 feet.

Eleventh Street—From Sanford Avenue to French Avenue, paved and curbed 24 feet.  
Twelfth Street—From Sanford Avenue to French Avenue.

Fourteenth Street—From Sanford Avenue to Palmetto Avenue.  
Fourteenth Street—From Magnolia Avenue to Myrtle Avenue.  
Hughey Street—From Sanford Avenue to French Avenue.

Highland Street—From Park Avenue to French Avenue.  
Oak Avenue—From Thirteenth St. to Orange St. (Open from R. R. to Orange St.)

Orange Street—From Park to French Ave. (Open and widen to 60 feet).  
Commercial Street—From Palmetto Avenue to Sanford Ave.

Sanford Avenue—From Commercial Street to First Street.  
Locust Avenue—From Celery Avenue to Union Avenue.

Avacado Avenue—From Third St. to Thirteenth St. (Condemn right of way if necessary, from Twelfth to Thirteenth St. on Avacado Ave.).  
Holly Avenue—From First Street to Fourth Street.

Fourth Street—From Myrtle Avenue to Holly Ave.  
Laurel Avenue—From Commercial St. to Sixth Street.  
Oak Avenue—From Orange Avenue to Hughey (widen to 60 feet).  
Hughey Street—From Sanford Ave. to Pump Branch.

First Street—From Sanford Ave. to Chapman Ave. (open, extend and pave).  
Myrtle Avenue—From Commercial Street to Fourth Street.

Fifth Street—From Avacado Ave. to Persimmon Ave. (18 feet, DeLeon Spring Shell marl or similar material).  
Persimmon Avenue—From First St. to Fifth street.

Third Street—East from Sanford Avenue to Chapman Ave.  
Commercial Street—From Myrtle Ave. to Cedar Ave.

**SHELL AND MARL STREETS**  
Begin at S. W. cor. of Lot 15 and S. E. cor. of Lot 14, Fla. Land & Colo. Co.'s Celery Plantations, run N. 600 ft. to street thence west to City limits and East to street west of Section line thence South to First Street.

**ROSE COURT STREETS TO BE PAVED**  
Grandview Ave.—North to Pump Branch and south to Pump Branch.  
Jibiscus Court, Roseway and Indianapolis Avenues.

**IMPROVEMENTS TO PRESENT PAVED STREETS:**  
Widen brick pavements on Palmetto Avenue, Magnolia Avenue, Park Avenue and Oak Avenue 10 feet from First street to Third Street.  
Widen French Ave. from Ninth St. to Thirteenth St., asphalt with curb and gutter to 24 feet in width.

**CLOSED STREETS**

Close East Street.  
At the suggestion of the Chairman of this Committee the Hutton Engineering Company agrees to furnish estimates of cost of grades and pavings free of cost to the city. There will be further recommendations made by this Committee at an early date.

Respectfully submitted,  
**SPECIAL COMMITTEE, SANFORD CHAMBER OF COMMERCE,**

F. P. H. Akers, Jr., Chairman.  
J. G. Ball,  
Geo. W. Knight,  
A. P. Connolly,  
Shelle Maines,  
W. B. Williams,  
Edward Higgins (Ex Officio).

Attest:  
R. W. Pearman, Jr., Executive Secretary.

**NOTICE OF INTENTION TO APPLY FOR LEASE OR FRANCHISE**

Notice is hereby given to all those whom it may concern that I, A. W. Donaldson, in my own behalf and that of my associates, legal representatives and assigns, will on August 6th, A. D. 1923, at Ten o'clock a. m., or as soon thereafter as I can be heard, apply to the Honorable Board of County Commissioners of Seminole County at the Court House in Sanford, Florida, for lease, license and franchise to establish a toll bridge over and across St. Johns river at a point where the same intersects the present established highway between Sanford and Southmere, Florida, said river or stream at the point where it is proposed to construct said toll bridge being Two Hundred Forty Feet wide and Fourteen feet deep at high water. (Signed) A. W. DONALDSON.  
M. B. SMITH, Attorney for Applicant 7-27; 8-3-23c

**Good Morning**

A good morning, one that is good in every sense of the word, follows a summer night spent in cool, refreshing sleep.

Before long you will need a pleasant sleeping porch which will let you get out of the stuffy interior rooms. Such a porch pays dividends in better health and the "pep" that comes from sound sleep.

Add a room to your home by building a screened, mosquito-proof sleeping porch this spring. We can help with the plans and furnish the lumber, screens and other things you will need.

The big 12- to 16-page Weekly Herald entirely covers Seminole County and is published every Friday

MEMBER THE ASSOCIATED PRESS. The Associated Press is exclusively entitled to the use for republication of all news dispatches credited to it

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

FLORIDA—ETERNAL SUMMER. The Bank of Manhattan, with New York as headquarters, puts out some good advertising from time to time

AMERICANISM SHOULD PREVAIL. Times usually get parlor (what-ever that means) just before a presidential campaign

EXIT—GAINESVILLE NEWS. The expected has happened. Gainesville has found itself unequal to the support of two newspapers

THE GROWERS NOT THE ONLY ONES WHO WILL SUFFER. Casual comment made by a leading business man yesterday concerning the mass meeting to be held at the Auditorium theater tomorrow afternoon

FLUNKING STUDENTS. More than 260 students out of 1,635 at Northwestern University failed in their studies

PROVINCE OF A NEWSPAPER. It would be comical, were it not somewhat pathetic, the way newspaper offices are besieged every day by their friends

STOPPED HIS PAINS. "I was suffering with a severe cold, headache and pains in my abdomen," writes J. B. Dring, Newport, R. I.

Bicycle Tires! ALL SIZES \$1.65, UP F. P. RINES 105 Palmetto Ave. Phone 481-J

A CHERFUL WELCOME AWAITS YOU HOTEL TA MIAMI MIAMI, FLA.

EUROPEAN PLAN. OPEN ALL THE YEAR. CORNER BUILDING. EVERY ROOM OUTSIDE.

ANNOUNCEMENT THE STUDEBAKER CORPORATION OF AMERICA is pleased to announce to its customers, friends, and the public generally, its complete line of new 1924 Model Studebaker Cars

THE CARS. In design, quality of materials, standard of workmanship, durability, refinements, performance, freedom from repairs, and price, the Studebaker 1924 Model Cars are distinctly the greatest intrinsic values the Corporation has ever offered.

THE REASONS WHY. With \$90,000,000 of actual net assets and \$45,000,000 invested in plants, Studebaker has ample physical facilities to manufacture most economically.

Best of Materials Used. Studebaker cars contain the finest known grades of iron, steel, aluminum, tires, electrical equipment, glass, bearings, etc.

Bodies Unexcelled. The bodies of Studebaker cars are not excelled in quality of materials and craftsmanship, by any cars on the market.

Merit Wins. The sales of Studebaker cars for the past six years have shown each and every year a progressive increase.

The Studebaker Corporation of America A. R. Erskine, President

change and independent shippers have banded together in vigorous protests, it being claimed that if the new regulations are permitted to go into effect it will cost the growers and shippers not less than \$1,000,000 next season.

Where the average business man will be directly affected is in his relations with the growers. Everybody knows that in this section of Florida the prosperity of the orange grower is a prime factor in the prosperity of the people as a whole

It is to be hoped that the meeting tomorrow will be productive of good results.—Lakeland Star-Telegram.

Two special demands are made by the railroads: First, they have filed with the Interstate Commerce Commission a new schedule, effective the first of this coming month, which will increase refrigerating rates on all perishable products

Second, they have put the Florida shippers on notice that hereafter citrus fruit boxes must be fastened with three hoops of either birch, fibro or metal, instead of the hoop now in general use.

Naturally enough the shippers of Florida products are up in arms against this proposed increase and are going to present a solid front against what they consider unjust exactions.

It is to be hoped that the meeting tomorrow will be productive of good results.—Lakeland Star-Telegram.

#### CELERY SEED

Some game!  
Sanford will beat DeLand yet!  
The locals get stronger with every game.

In their first game with DeLand the locals were beaten 8-6, the second they were beaten 3-0, third game battled for 17 innings and lost 2-1. Now see what they have done.

The little Frenchman by the name of Criqui didn't get much time to strut around with the featherweight championship of the world. Winning it two months ago from the veteran Johnny Kilbane, he was forced to give up his crown to Johnny Dundee, who won the judges' decision after pounding Criqui mercilessly for fifteen rounds.

Cy Williams increased his home run lead yesterday from twenty-three to twenty-five and at the same time broke the tie that has been between him and Babe Ruth for several days. Williams' second homer of yesterday's game won the game for his fighting team mates from the Cardinals.

And still the Philadelphia Athletics continue on the downward path. The New York Yankees took their third straight game from the Athletics yesterday. This gives the Athletics quite a hold on sixth place, if there is any honor or not in holding it.

See where Orlando went on a hitting rampage yesterday with Daytona—so goes the headlines but it looks like to us that Orlando has been on a hitting rampage with every club in the Florida State League—unless it is Bradentown that has balked them occasionally.

Ryan, from Holy Cross College, who is one of Jawn McGraw's star hurlers, lost his first game of the season yesterday to Chicago. A youngster of his own college, Stats, and at the same time one of McGraw's cast-offs, the new playing outfield for the

#### JOHNNY DUNDEE, OF NEW YORK, DEFEATS CRIQUI, OF FRANCE, IN SLASHING 15-ROUND BATTLE

##### Dundee Received Judges' Decision Over Man Who Held World's Featherweight Title Short Time

NEW YORK, July 27.—The featherweight championship of the world in French hands for less than two months, came back to the United States last night when Johnny Dundee, grizzled Italian-American veteran, battered his way to victory over Eugene Criqui, gallant ex-pollu, in a grueling 15-round struggle that was never in doubt from start to finish.

Criqui's was a hopeless battle from the first round. Floored for a count of nine hardly before the initial bell had sounded, he somehow managed to weather the storm only to be knocked down twice, once for a count of seven and again for nine seconds in the second round. It seemed that Dundee had a knockout within his grasp but try as furiously as he would the mauling Italian-American could not swing over a finishing blow.

Holding the upper hand, while Criqui tried gamely but vainly to stem the tide of battle, Dundee let up in his terrific pace somewhat until the seventh round. Then he lashed out on Adam's single to left, making his the winning run.

"Golf As An Essential" is the heading of an editorial in the Times-Union of Saturday and copied today in the Herald. Yes, golf is an essential of this latter day living. None of us get the right kind of out door exercise. None of us walk enough. None of us get out in the open and fraternize with our fellows enough. Golf does all of this and more. It is one of the essential factors of our life and we should all enjoy the greatest game for young and old that

#### Sanford and DeLand Battle a Scoreless Game Yesterday

Yesterday afternoon out to Lake Mary during the Musical Carnival one of the best exhibitions of American favorite pastime was seen when Sanford and DeLand battled nine innings for a scoreless game. The game was discontinued after the ninth inning because of an agreement before the affair.

The pitching of both Lopez and Ammons was superb. Lopez held the Sanford swatters to only one hit which was really a scratch hit made by Deiter in the fourth. He struck out fourteen men and allowed none of them free transportation. Ammons while giving up four hits was never so tight as when in pinches. He fanned seven of DeLand's bat-men and gave two of them free walks to first.

Sanford's only chance to score came in the fourth when Deiter singled and was sacrificed to second by Crocker. But Rive struck out and Ammons made an out thus ending the locals' brightest hopes.

DeLand's best time was in the first, when after Hooper had fanned, the next three men up singled filling the bases. But Ammons, the local old trusty tightened up and Douglass fled out to Rive and Rhode made the final out.

The game play by play:  
DeLand, 1st Inning—Hooper struck out. St. Johns singled over first and went to second on a fielder's choice by Richardson. Lopez singled filling the bases. Ammons tightened up and Douglass fled out to Rive. Rhode made the final out, Rive to Henderson.

Sanford—1st Inning—McCall out on grounder to first. Deiter out, St. Johns to Douglass. Crocker reached first on Douglass' error. Rive out, St. Johns to Douglass.  
DeLand—2nd Inning—Bradley out, Rive to Henderson. Smith out, B. McCall to Henderson and Thompson struck out.

Sanford—2nd Inning—Ammons out on long fly to Richardson. Henderson struck out. Thompson out, Thompson to Douglass.  
DeLand—3rd Inning—Both Hooper and St. Johns out, pitcher to first. Richardson out, catcher to first.  
Sanford—3rd Inning—Spencer fled, Lopez to Douglass. Babe McCall fled out to St. Johns. E. McCall struck out.

DeLand—4th Inning—Lopez fled out to Deiter. Douglass out, Ammons to Henderson. Rhodes out, Babe McCall to Henderson.  
Sanford—4th Inning—Deiter singled for the first and donny hit secured by Sanford during the entire game. Crocker sacrificed, Deiter going to second. Rive struck out and Ammons was out, Thompson to Douglass.  
DeLand—5th Inning—Bradley singled and was sacrificed to second by Smith. Thompson struck out. Hooper fled out to Crocker.

Sanford—5th Inning—Henderson, Thompson and Spencer struck out in a row.  
DeLand—6th Inning—St. Johns grounded to Ammons, out at first. Fostinger who relieved Richardson was walked. Lopez fled to Crocker and Douglass struck out.  
Sanford—6th Inning—Babe McCall, E. McCall and Deiter duplicated the fifth inning by striking out in succession.

DeLand—7th Inning—Rhodes out, Ammons to Henderson. Bradley struck out and Smith was out, McCall to Henderson.  
Sanford—7th Inning—Crocker out on grounder to pitcher who threw to first. Douglass fanned and Rhodes was out, E. McCall to Henderson.

Sanford—8th Inning—Henderson, Thompson and Spencer duplicated their feat of the fifth by striking out again in succession.  
DeLand—8th Inning—Lopez out on grounder to pitcher who threw to first. Douglass fanned and Rhodes was out, E. McCall to Henderson.

son to Douglass and Ammons fanned. DeLand—8th Inning—Thompson struck out, Hooper out, McCall to Henderson. St. Johns was given base on balls. Fostinger out catcher to first.

Sanford—8th Inning—Henderson, Thompson and Spencer duplicated their feat of the fifth by striking out again in succession.

DeLand—9th Inning—Lopez out on grounder to pitcher who threw to first. Douglass fanned and Rhodes was out, E. McCall to Henderson.

Sanford—9th Inning—B. McCall led off by striking out. E. McCall was out, Thompson to Douglass. Deiter was out, Hooper to Douglass.

## Why Are Some Storekeepers So Obstinate?

I am an old-fashioned buyer of the necessities for my household. I go to the store myself. To me this work is not irksome. In fact, I like it. I like to look at the shelves so full of cans and packages of so many colors. I like to do this for the same reason that I don't mind being in a crowd.

When in a crowd I look for familiar faces. When I see them I am delighted. When I am in a store I look for familiar goods and when I see them I buy. Those goods have become familiar to me through advertising and I have noticed that the grocery men who have the most of those familiar packages somehow or other seem to always go ahead.

I went into a store not of my own choosing but with a friend who, among other things, asked for a very well known article of food which is packed in a can, although she did not ask for any specific kind. I always buy — and instinctively I told her that was the kind she should ask for.

The dealer overheard me and said, "Madam, I never sell that article, I sell instead something very much better — my own brand."

Then he launched into a five-minute talk on why this article was better than the one I had named. But somehow my friend had been convinced by what I had suggested and she did not buy that can which the grover offered.

And I thought as I walked out how stubborn and obstinate that man was. He had lost a sale, had probably taken his first step

toward losing a customer, and had certainly lost a good deal of time, especially since some other people were standing around waiting to be waited on.

If that grocer had sold advertised goods he would certainly have had the brand I suggested and he would have made a sale; incidentally, he would have bid us good day cheerily and we would have been satisfied.

Familiar faces are wonderful. To me, in my capacity as a buyer for a fairly large household, familiar things on the shelves of the stores I visit are only a little less wonderful, for those familiar things help me in doing better and more economically the job which I must work at every day.

Those advertised articles which I buy and which I always buy I know have been submitted to the criticism of both competitor and consumer. This subjection to almost world-wide critical examination demonstrates to me that the manufacturer has supreme confidence in his goods. He cannot tell a falsehood about the things he makes, because there are too many in the world to find him out.

Constant advertising of any product proves that product has stood the test of scrutiny. Is it any wonder then why I, as one of several million women in my same position, prefer articles with which I am acquainted to products about which I have no knowledge and about which the manufacturer does not seem to have the courage to enlighten me?

**RE-INDICTMENT OF WARD UPON MURDER CHARGE IS SOUGHT**  
WHITE PLAINS, N. Y., July 23.—The extraordinary grand jury which reopened the investigation of the slaying of Clarence E. Peters, of Haverhill, Mass., by Walter S. Ward, wealthy baker's son, Wednesday was reported to be receiving from Attorney

General Karl Scherman, a plea for another murder indictment against Ward. Scherman, who conducted the inquiry for the state after a previous murder indictment, had been dismissed because the county prosecutor's office announced it was not ready to go to trial, was said to have called his last important witness before the jury Tuesday, when the dead man's parents came from Haverhill.

**EAST SANFORD**

Mr. and Mrs. R. J. Holly, Reg Holly and darling little Jack Holly were calling at the Ellsworth home Tuesday.  
Miss Helen Chorpeneing was the week end guest of Miss Louise Murrell at Apopka.  
C. E. Chorpeneing and J. E. Biddinger arrived here Monday evening in Mr. Biddinger's car from Ohio after quite an exciting trip. Mr. Chorpeneing says the north is all right, but Florida, especially Sanford for him. Mr. Biddinger is Mrs. Chorpeneing's brother and will be remembered as having spent a winter here some years ago.  
Mrs. J. S. Moore of Celery avenue, is leaving soon to join her daughter Doris, in Gainesville, Ga. The boys are expected to accompany her. Miss Doris is said to have recovered her health to a great extent, we are pleased to note.  
G. H. Brown is at home from Huntersville, N. C. Mrs. Brown and the children will return later.  
Mr. and Mrs. J. R. Fay, jr., and children are motoring through from Guthrie, Okla., and are being looked for any minute by Dr. and Mrs. J. R. Fay and family of Cameron avenue.  
J. W. Lowners, of Topeka, Kans., was a recent guest at Dr. Fay's home on Cameron avenue.  
Tom Hawkins is back again from Commerce, Ga., after several weeks there.  
Mrs. Margaret Watson started for Michigan on Thursday after a stay here of 4 1/2 years with her daughter, Mrs. Ashley Purvis and sister-in-law Mrs. Margaret Marshall. Mrs. Watson will visit her other children in Detroit, Mount Pleasant and Central Lake and expects to return here in time for Thanksgiving dinner. Mrs. Marshall entertained a few friends at dinner Sunday in Mrs. Watson's honor.  
Mrs. Lionel Monroe and little daughter, Lillian, are in Charlotte, N. C., for a visit, having made the trip with her parents, Mr. and Mrs. Jenkins and brother in their car.  
Mr. and Mrs. W. W. Dressor and the children, Helen and Glen, were guests of Mr. and Mrs. I. D. Martin for the day Sunday at Coronado Beach, making the trip in the Martin's fine new Studebaker sedan.  
R. C. Bradshaw, Mr. and Mrs. E. A. Moffitt and Miss Evelyn Cust returned Monday from a delightful motor trip to points on the East Coast. Mrs. Moffitt says Miami is the only city in Florida where the beautiful homes and money made beauty places compare with the places in California where much money has been spent.  
John Cranson is on the job again as mail carrier on Route No. 1, Watson McAlexander resigned after a few weeks service and has gone to Atlanta to accept another position.  
Mr. and Mrs. T. W. Boyden and little daughter are at Daytona Beach for a time. Some friends by the name of Mitchell, are staying at their home on Cameron Avenue during their absence.  
Mr. and Mrs. Niels Zernovean were spend-the-day guests Sunday of Mr. and Mrs. Sam Kenis at their apartment on Magnolia avenue.

**GENEVA**

Miss Anna Lee Jones, of Sarasota, is visiting her cousin, Mrs. Howard Flynt.  
Mrs. J. M. Prevatt spent the day with Mrs. Victor Peters on Monday.  
Mr. and Mrs. John Phillips were in Sanford Saturday on business.  
Mrs. T. W. Prevatt took dinner Saturday with Mrs. G. Sipes.  
Mrs. Hart and Mrs. Stone left on Thursday for a few weeks visit at Daytona Beach.  
Mr. and Mrs. T. W. Prevatt were in Oviedo Saturday evening on business.  
Mr. and Mrs. Jim Hickson, of Sanford, spent Sunday evening with Mrs. J. M. Prevatt.  
Mr. and Mrs. Roland Reed were in Sanford Saturday.  
Mr. and Mrs. Endor Curlett are spending a few days in St. Augustine.  
Miss Laura Raulerson returned Saturday from Port Pierce, where she has been on a month's visit among relatives.  
Mr. and Mrs. J. W. Flynt, Mr. and Mrs. Howard Flynt and Mr. and Mrs. William Kilbee, gave a basket dinner at Mullet Lake Sunday in honor of

Mrs. Howard Flynt's guest, Miss Annie Lee Jones, of Sarasota.  
Mr. and Mrs. Walker Prevatt, Mrs. Fred McFarlane and Ruth McFarlane were in Chuluota Sunday visiting Mrs. H. K. Smith.  
Mr. and Mrs. Charles Stevens and Mr. and Mrs. William Kilbee had supper Tuesday evening at Lake Harney.  
Rev. M. E. Gabard held preaching services morning and evening at Sansoula last Sunday.  
Ed. Sutton, and wife, Miss Edwin Sutton and C. Sutton left Monday evening for Georgia to visit relatives.  
The Misses Hazel, Hattie and Grace Gatlin, of Palatka, spent several hours in Geneva Tuesday while enroute to visit their brother, Ben Gatlin of Osceola.  
Mr. and Mrs. Charles Phillips and Mr. and Mrs. Durickson and son attended church in Sanford Sunday.  
Rev. McFarlane, pastor of the M. E. church of Geneva, will take his vacation the first of August and go to North Carolina to visit his brother.  
The Herald for first class job work.  
W. L. Knott, of DeLand, and David Knott, of Springfield, Ohio, were recent guests of the W. H. Polk and B. F. Bales families on the Orlando road.

MAPPING THE EUROPEAN SKY

Work of Photographers, It is Believed, Will Be Productive of Highly Important Results.

An ambitious scheme to map the entire sky of Europe is being carried out under the direction of the British weather bureau. The bureau, as a preliminary to the larger undertaking, has already successfully mapped the sky of France. Professional weather observers, as well as amateur photographers, in all parts of the continent are to be asked to assist. The work is intended to help the science of meteorology, the progress of which in recent years has been due in no little measure to the synoptic charts on which are reported simultaneous observations made at different stations. It is thought that even more important results and much more useful data will be obtained from synoptic photographs of the sky. The photographers will be asked to co-operate on lines much the same as were adopted in mapping the sky of France, an undertaking that was completed a month ago, and the results of which are now being analyzed. Exposures will be made daily, probably over a period of a week or two, twice a day, once at 9 o'clock in the morning and again in the afternoon. The photographs will be sent to the national weather bureau, where the causes of the weather conditions at the time will be retraced from them.

THE HOME MARKET

So long as Florida's industries are organized on the basis of shipping what it produces to northern markets and buying what it consumes from northern markets it will be at the mercy of the railroads. It may get justice through appeals to the interstate commerce commission, but this is always problematical as well as expensive, and if we got justice today there is no guarantee that it would be good tomorrow.

There is no 100 per cent remedy—at least none in sight, but this state has the power, by alterations in its own methods of doing things, to avoid a large percentage of the evil. This remedy, or palliation, if you prefer, is to cultivate the home market intensively. Produce as much as possible of the things we use, and use as much as possible of the things we produce.

If we had definite figures the argument would be stronger, but nobody can deny the fact that we are constantly shipping into the state and paying the freight on numerous articles that we could produce at home just as economically as they can be produced in the north. We pay the freight on tens of

thousands of cases of condensed milk, for example every drop of which could be produced in this state at less than it costs to import it.

We buy other tens of thousands of cases of canned corn, tomatoes, peas, beans, hominy, and other products which our own good lands would produce, and which, if the business were organized to that end, might be placed on the table fresh every day in the year.

Then, we ship in thousands of tons of meat, much of it far from the best class, which we could raise here just as well. It is not to be denied that western meat is better than the Florida meat now usually found on the market, but it has also been demonstrated that Florida cattle, kept free from ticks and properly fattened with grain, produce meat equal to the best produced anywhere. The same is true of Florida hogs and sheep. We could save a huge sum on our meat carriage bills, and this sum would go to develop an industry in this state which has been permitted to fall far behind its possibilities.

Again, why should we contribute thousands of dollars annually to pay the freight on poultry and eggs from the north? No part of the United

States is better adapted to poultry raising than Florida.

By the simple expedient of producing these things at home instead of hiring them hauled from distant shipping points in the north we could present to the railroads an argument which would be very hard to answer. On the other hand, there are many chances to avoid freight charges by home consumption. Each winter Florida has a million geats. These visitors see many wonderful things, but the most amazing, if they stopped to think of it, is the spectacle of this state shipping in train loads of stuff from the north to feed them, and, at the same time, shipping away from here the very things which they want most, the semi-tropical fruits and vegetables, and which they would be glad to buy if they could find them on the markets.

These northern visitors while in Florida probably pay each year not less than fifty million dollars for their board. Fifteen to twenty million go for raw foodstuffs, and probably not two millions of this go for stuff grown in the state.

This system could and should be reorganized. If the pressure of under-just carriers' rates forces a reorganization which will make Florida

self-supporting and, as far as possible, independent of carriers' service, it will be a blessing not too well disguised.—Plant City Courier.

ONE EFFECT OF TAX-EXEMPTS.

Investments in tax-exempt securities have results in a reduction of more than \$4,000,000,000 in the total net incomes reported for last year. In 1916, 204 persons were reported in the million-dollar-income class, and last year this had shrunk to only 21 persons as a result of billion dollars or more of tax-exempt securities being issued every year and gobbled up by the investors.

With an estimated \$40,000,000,000 of tax-exempt securities issued by investors, taxpayers with \$3,000 incomes or less pay 46 per cent of federal income tax.

Between the excess profit tax and reducing incomes by investing in tax-exempt securities, we are not making the rich poorer but the poor are made poorer, for more and more the burden of the federal income tax is falling upon those with small incomes.—Daytona Journal.

The moderns don't read "The Wandering Jew." They probably think he was looking for parking space.

WRITES OF LIFE IN PERSIA

Cutoms and Costumes Were Something of a Shock to Observant American Visitors.

Arthur Sherburne Hardy writes interestingly of Persian costumes in "Things Remembered." He describes that of the ladies of the court as a caricature of the costume of the corps de ballet, a dress which had captivated the shah's fancy when visiting Europe, and which spread generally through the upper circles of society. As to the costumes in general, the streets of Teheran offer none of those brilliant color effects which dazzle the eye in India, Mr. Hardy says.

Among other national peculiarities which the author found it difficult to become accustomed to was the apparent complete disregard of the passage of time, and the popular disregard of the importance of punctuality. He tells some interesting things about Persian rugs, some of which, he says, receive treatment as regards dirt which would shock a New England housekeeper. For the Persian spreads his rug wherever he may happen to be, to rest, to eat, to say his evening prayer. The gloss which comes with age he attributes to his bare or stockinged feet.

Riches of the Ruhr Basin.

The Ruhr basin in Germany, extending 32 miles to the east of the Rhine, and practically the center or headquarters of industrial Germany, is one of the richest coal and iron regions in the world, remarks the Detroit News. It has the second greatest coal field, is the seat of the great Krupp works (at Essen), and contains a number of other manufacturing towns. Ruhr not only takes the lead in Germany in the production of iron and steel implements and machinery, but it also produces great quantities of salt and textiles. With only 40 per cent of its coal fields being worked, the Ruhr valley before the World war was producing 100,000,000 tons of coal a year, and it also produced 5,000,000 tons of pig iron.

The valley is naturally of great importance—both from an industrial and from a military and a strategic point of view.

Isolated From the World.

Lonely St. Kilda, one of the outer Hebrides islands, with a population of 75, is just nine months behind the news of the world. When the West Highland steamer Hebrides started for St. Kilda on May 19, she took a big consignment of newspapers, periodicals and books to help the fishermen and their families catch up with the news, or to get acquainted with some of the latest best sellers. For many years the number of inhabitants has remained about the same. During the war the Germans destroyed a wireless station there, and since then the St. Kildans have had no connection with the outside world other than the very infrequent visits of the good ship Hebrides.

Audiences Throw Off Heat.

Exciting plays and motion pictures cause the bodily temperature of audiences to rise and result in the throwing off of heat so that judicious theater owners utilize such plays as a substitute for fuel, according to a Boston professor of note, who says that he had made actual tests on theater audiences in Boston playhouses, and ascertains that many theater owners observing this phenomena lower their heat supply as acts approach "the end." Fat persons, according to Professor Miller, give much more heat than thin ones as well as greater moisture which is also beneficial since the average theater atmosphere is rather dry.—Scientific American.

Eastern Hauteur.

The sister of one of my friends recently married a Bostonian, writes Baird Leonard in the New York Morning Telegraph. "And where are you from, my dear?" asked an ancient dowager, surveying her through a lorgnette at the first function given for her in her husband's home town. "From Texas and Missouri." "Mercy! Is it necessary to mention both places?"
