raining School **Conducted** For Postmasters

By Mrs. Clarence Snyder Osteen Postmaster Bessie M. Osteen was among more than three hundred postmasters to attend the first Postmasters' Training Seminar in Florida conducted Morday and Tuesday of this week at the University of Florida in Gainesville.

The Seminar was held as a result of many requests by the postmasters to the Regional Office and was an ideal opportunity for them to further their knowledge and manage-ment techniques. The full two days were devoted to classes and study. Personal expense involved

was borne by the individual postmaster and was a voluntary program. It was "back to school" for

the men and women as they lived in the dormitory, ate at the school cafeteria, and used university classrooms. School officialy opened Monday with registration from

Highly Praiseworthy

In line with national concern ov-er the rising highway death rate, Winter Park Telephone Company has instituted a program which we think is highly praiseworthy. The telephone company has a fleet of vehicles comprised of 66 cars, trucks and mobile power un-

its, which travels an average of 576,000 miles annually, answering emergency calls, hauling supplies and maintaining existing facilities. A staff of three men keeps the vehicles in working order, with a preventive maintenance program that includes a periodic check of ev-erything from radiators to tail lights. At includes a periodic difference of the second difference of the causes of many emergen-ty factor, in addition to keeping costs to a minimum, because it elim-to the causes of many emergen-the causes of many emergen-

The grass isn't always reener on the other side of the fence. But it must be in Palm Beach County.

The exodus of some of our best coaches to West Palm Beach attests to the fact that the grass (salary) is not only greener but there is more of it.

First there was Jim Pigott ... then Jim McCoy ... now Arthur Scott. Scott, incidentally, went out

on the limb at Oviedo's sports b henquet last spring by predicting the Lions would go undefeated this fall. Now he won't be around to see his forecast fulfilled. . . .
