School Teacher Recruitment Project Okayed

TALLAHASSEE (UPI) — The Cabinet approved a \$37,500 school teacher recruiting program and laid down strict rules about purchasing and leasing electronic computers.

The recruiting program, authorized by the 1965 Legislature, will be financed by deficiency funds that will be replaced by the next Legislature.

State Auditor Ernest Elliott was named by the Cabinet as the watchdog over government use of computers. Any agency wanting to buy or rent computers must submit their request to Elliott, who will review it and make recommendations to the Director of Finance.

The Cabinet also prohibited the purchase or leasing of computers without its approval. The Cabinet also ordered agencies to share computer equipment as much as possible.

Henderson, in a brief report, told the Cabinet the general revenue fund's cash balance at the end of 1965 was \$7.5 million. He said the state spent \$285.8 million from the general revenue fund in 1965.

Sitting as trustees of the Internal Improvement Fund, the Cabinet authorized expenditure of \$30,000 for a water pollution study launched by three University of Florida campuses.

The Game and Fish Commission will put up an additional \$100,000 for research and additional funds will come from the federal government.

Sergeant Brown Is Dead, Sir

WASHINGTON (UPI) — President Johnson goes before Congress and the nation tonight, prepared to express new determination to fight on two fronts — Southeast Asia and to achieve the domestic goals of his Great Society.

The Chief Executive, grave and at times tense about the Vietnam war, will deliver his State of the Union message before a joint session of the House and Senate, it will be televised in color across the country.

The message will broadcast a 9 p. m. address to the nation, and will be followed by a press conference at 10 p. m. The nation was anxiously awaiting the report from the President, particularly in view of his campaign to bring the Communists to the conference table in the near future.

But the highly delicate peace offensive, which has reached the point of direct contact with the Communists in North Vietnam, was forcing Johnson to take this carefully.

For this reason his message was designed to stress reality and to avoid the glow of the home audience and overly anxious to the Communists.

Moreover, with the peace offensive well under way, Johnson could speak of it only in general terms.

But to him said no major surprises would be in the message. Should some important word come from Hanoi during the day, there was little chance it would be reflected in his address. Any such communication would have to be examined with great care before a public response.

At the same time, Johnson said he would be giving a microscopic study in Hanoi, Peking and Moscow, although the speech was drafted primarily as a message to the American people.

Johnson tipped his theme yesterday when he told AFL-CIO President George Meany he was determined to keep building his Great Society programs while meeting increased costs of the U. S. war effort.

Later this month, the administration will follow up the message with a request for a supplemental appropriation of about \$11 billion during the next fiscal year to meet higher war costs; the 1967 budget which is expected to total \$115 billion, and then the annual economic report which will carry a blueprint for combating inflation.

Johnson's speech, his third State of the Union message, was a long time in preparation. The President's chief of staff, John Casper, said the message was the product of several weeks of work.

Constitution Revision Group Goes To Work

TALLAHASSEE (UPI) — A subcommittee that studies the executive department which has given itself one year to rewrite the Florida Constitution is known to be against the Cabinet system of government. It was voted down Tuesday, with the opinion of the chairman to stack the subcommittee that way.

The 37-member commission agreed to be finished by Jan. 15, 1967. It will work on the 1967 Legislature which meets in April.

The calendar set for the commission named eight subcommittees during Tuesday's session to study various major areas of the Constitution.

Burns stressed reappointment to the commission. He made three points:

- He recommended a reappointment formula "for distributing legislative powers among the people which shift and grow as our state does."
- He recommended a reappointment formula "for distributing legislative powers among the people which shift and grow as our state does."
- He recommended a reappointment formula "for distributing legislative powers among the people which shift and grow as our state does."

Women Well Protected

TALLAHASSEE (UPI) — Incarceration and management of women in Florida is growing up with out a mother or father as a result.

In urging such a law, it stressed that the provision be drafted to include the present spouse.

In suggesting that children of a bigamous marriage be legitimized, the report said illegitimate children are penalized under the present law listing a living husband or wife as grounds for annulment of marriage.

Other recommendations:

- Abolition of common law marriages.
- That marriage counseling courses be required prior to issuance of a marriage license and that a cooling-off period be required between the application to wed and issuance of the license.
- That the lawful marital age be set at 21 for men and 18 for women unless the bride is pregnant when the judge may approve exceptions.
- That notaries public and justices of the peace be prohibited from performing marriage ceremonies.
- Creation of a family court with jurisdiction over divorce, annulment, child custody and support, adoption and paternity proceedings.
- That a wife given specific right to sue for loss of consortium.
- The commission recommended that it be continued in order to give further study to other matters, including equal pay and minimum wage legislation, legal abortions, sterilization laws, required birth control for unwed mothers, establishment of kindergartens in all public school systems, minimum laws governing day care centers for children, and guardianship laws.

Deputy Stain, Suspect Held

WOODBRIDGE, Ga. (UPI) — Alvin Carl Campbell, a parole violator from Florida, was held today on charges of robbing a Georgia bank and killing a Florida deputy sheriff in a wild escape attempt.

Campbell, 36, was arrested after he eluded Georgia state troopers closed in on him at a roadblock near St. George in Charleston County Tuesday.

Most of the \$1,500 he took as loot from the Citizens Bank of Kingland was recovered, part of it scattered along the highway.

Authorities said Campbell shot a handoff off his own wrist and fled back and forth across the Georgia-Florida line after he discarded Deputy Sheriff Morris Fish, 36, of Baker County, Fla., and shot him dead with the officer's own pistol.

Fish had stopped Campbell after the bank robbery.

Over 65? Three Big Ways To Save On Your Taxes

By Ray De Crane
NIA Special Writer

Taxpayers who reached their 65th birthday by Dec. 31, 1965, have three opportunities for major tax savings on their income tax returns. They are:

1. Dollar-for-dollar deduction for all medical expenses, including all prescribed drugs, hospital and health insurance, doctor and dentist fees, cost of dentures and hearing aids. This means that on a joint return—even if only one of the spouses is 65 or older and file a joint return, or separate computations by each spouse limited to \$1,524.
2. The home being sold must have been owned and used for at least five of the eight years before the sale.
3. To be completely tax-free, the gain must be on a home sold for \$20,000 or less.
4. If the selling price was more than \$20,000 the part of the gain to be excluded is that part which bears the same ratio to the amount of gain as \$20,000 bears to the adjusted sales price.

Determined To Battle On Two Fronts

WASHINGTON (UPI) — President Johnson goes before Congress and the nation tonight, prepared to express new determination to fight on two fronts — Southeast Asia and to achieve the domestic goals of his Great Society.

Varied Supply Of Foodstuffs Are Available

The following guide to the nation's food shopping buys for this weekend was prepared by the U. S. Department of Agriculture and Interior for UPI.

WASHINGTON (UPI) — Weekend shoppers for the new year will find a varied supply of meats and vegetables. Beef in many areas will be attractively priced this weekend. Roast and steak cuts are the best priced. In pork, roasts again are the best buy. Broiler-fryers and turkey continue to be the best buys for the individual.

Winter harvests in warm areas are bringing in a cornucopia of fruits and vegetables. Green beans, cabbage, carrots, cauliflower, celery and corn lead the list. Cucumbers, endives, onions, potatoes, radishes, squash, sweet potatoes, and tomatoes are runner-up in the vegetable planting. Apples lead the list of abundant fruits in the fruit section. Avocado, banana, grapefruit, oranges, tangerines, and peaches also are plentiful.

The larger should be full and the range of choice is good.

Remember the national fish plentiful as we cannot red salmon, canned tuna, and fish steaks and portions.

Mathewson Tops Pritchett Tops Jet Bowlerettes

Julia Mathewson of the Jet Bowlerettes bowled a 510 series with her high game a 187. Other high games were rolled by Ann Morton with a 201/491, Martha Billings 150/491 and Bernice Smith with a 179/486.

Inland Materials' lead was lessened somewhat after the position round with the second place Cut 'N Curl team taking all four points.

Current standings are: Inland Materials, 44-27-4; Cut 'N Curl, 41-30-3; Senkarska Glass, 39-33; Warner Realty, 37-35; Ward Realty leading, Central Exterminating Co., and 17-92 Auto Sales, 35-37; Maryland Fried Chicken, 33-39; and Seminoles County Men and Hobby Shop, 31-41.

Reservations Due For Gala

Welcome Wagon Club members to the gala and time reservations for the Welcome Wagon Gala to be held Jan. 26 at the Daytona Beach Plaza Hotel must be made by Monday, Jan. 17, with Mrs. Raymond Holmes or Mrs. Robert Paulsen of Altamonte Springs or with Mrs. Luther Miles, Forest City.

An executive board meeting of the South Seminole club will be held Monday at the home of Mrs. Miles.

Bitter Cold Hits Midwest, East

United Press International Bitter cold spread today from the upper Midwest to New England. A storm center growing over the Texas Panhandle spread freezing rain and snow across a wide section of the Central and Northern Plains.

Hazardous driving warnings were posted in central Iowa. The U. S. Weather Bureau said early morning temperatures had dipped to near zero across most of the Northeast. Pellston, Mich., reported 14 degrees below zero.

Three inches of snow fell at Syracuse, N. Y., Tuesday and snow now fell over North Dakota.

Locally heavy rains hit the central and southern portions of Florida Tuesday.

Hurry Grimbail Expires Tuesday

HARRY M. GRIMBAIL Sr., formerly a Communist Party agent and resident of Charleston, S. C., after a short illness.

Mr. Grimbail moved to Sanford in 1932, where he was actively engaged in the vegetable industry until after World War II.

He is survived by his wife, Margaret, and by two daughters and a son, Mrs. Charles Gayle, of Tampa; Mr. Grimbail Bumbough, of Beaufort, S. C., and Harry M. Grimbail Jr., of Edisto Island, S. C., and several grandchildren.

Burial will be Tuesday at Christ Episcopal Churchyard, Edisto Island, S. C.

State Ponders FEC Passenger Service Needs

JACKSONVILLE (UPI) — The State Public Service Commission assembled evidence today from its hearings in 11 cities on whether the Florida East Coast Railway should be made to resume full passenger service.

At the last of the hearings here no one showed up to argue for resumption of service by the railroad.

The FEC resumed passenger service along its Jacksonville-to-Miami route last August on a limited basis.

Railroad attorneys went ahead during an afternoon session before the commission rebutting the need for full service.

They argued that the present once-a-day service each way is bringing the line an average of only 17.4 passengers per train per day, or a total of \$75.90 per train in revenue, compared to expenses of \$32.05 per train for crew salaries alone.

FEC President W. L. Thornton said restoration of passenger service on the scale operated before the strike by non-operating rail unions began in January of 1963 would cost the line \$7 million a year. The railroad resumed service on a limited basis under a court order.

The Public Service Commission had ordered resumption of full scale passenger service, but the State Supreme Court held the need for this had not been proven.

Cuban Boy Plays Guitar With Aid Of President

MIAMI (UPI) — Jose A. Castillo, 12, went to work today learning to play the \$108 electric guitar he got from the Cuban Refugee Center as the result of a letter to President Johnson.

The boy planned to repay the money taken from a Christmas benefit program by playing the guitar in a teenage band and by working after school.

Marshall Wise, director of the refugee center, presented the guitar to Jose under a "loan purchase" agreement.

Jose wrote to the President saying that if he had a guitar he would "earn money that would be of value for my clothing, my school and my mother." He sent along a picture of the type of guitar he wanted.

The White House referred the letter to the refugee center.

"I knew the President wouldn't let me down," said Jose, who is a junior high school seventh-grader.

The Micklers Review Book Data To His And Her Club

Mr. and Mrs. Thomas Mickler of Florida, as story of many of the rare books and papers on Florida, were the guest speakers at the January meeting of the Chulohua His and Her Garden Club held at the home of Mr. and Mrs. George T. Higg.

Mr. Mickler pointed out that histories of Florida are full of discrepancies because of the simple fact that the state was first settled by the Spaniards who took their records back to Spain. They were followed by the English. Their records remained here and are the ones reflected in published histories. He said they had over 500 newspapers dating back to 1763, all of which contained articles about Florida.

Pre-Nuptial Fete Honors Miss Linda Williams, Richard Tangeman

Mr. and Mrs. Richard Gleeson were hosts at their Mayfair home Sunday afternoon for a pre-nuptial fete honoring Miss Linda Williams and her fiancé, Enns Richard Tangeman, U.S.N.R.

The hosts and honor guests greeted the guests at the door with Helen Gleeson sporting a number which she designed and made from fabric Dick brought from Shanghai, China, 19 years ago. The lovely blonde bride-elect received the guests in a cocoa knit "salon" outfit enhanced with beige trim—a perfect complement to

the role of "first mate" she is destined to portray. The jovial crowd enjoyed the refreshing informal atmosphere dominated in the Gleeson home with the "hostess with the mostest" on the ball with clever decor and refreshments.

A colorful linen cloth covered the dining table which was accented with silver candelabra arranged with pale yellow tapers, yellow napery and many of Helen's and Dick's favorite concoctions brought a round of "soups" and "salads" from the delighted guests.

Miss C. L. Powell served a syllabus from a crystal punch bowl with a white ironstone tureen filled with the same delicacy offered from a table, covered with a blue embroidered linen cloth, in the family room. Matching white ironstone serving dishes and an arrangement of mixed blue blossoms reflected an early American charm in the tastefully arranged table.

The hosts sat the honor guests on pillows on the floor and presented them with their gift, a silver meat server with a poem attached directing them to baskets of gifts elsewhere throughout the home.

Also Anne Grappo, Johnny Wabel, Vada Steffer, Rose Kratzer, Bob Bolt, Rick Gleeson, Mr. and Mrs. Terry Christensen, Mr. and Mrs. Jim Stowell, Mr. and Mrs. George Mills, Mr. and Mrs. John Kader and Sally Williams.

The lovely home was decorated throughout in a bridal motif. In one corner of the large living room was placed a green umbrella hanging from the ceiling. The white handkerchief held a white wedding veil. The large assortment of gifts was placed on the floor under the umbrella.

The dining table was overlaid with a white cutwork lace tablecloth. A large cut glass punch bowl was placed in the center. On each side of the bowl were rose candle holders with white candles. On each side of this were two large bride dolls. Overlaid was a huge white wedding veil. Various bridal games kept the guests in a jolly mood during the evening with the pre-

Dear Abby: By Abigail Van Buren

DEAR ABBY: I have been married for six years and it seems like 60. We have three beautiful children—five, three and 21 months old. My husband is a steady worker and makes good salary, which he gives over to me as I am a thrifty shopper and a good saver. He doesn't drink or run around. These are his good qualities, BUT—when he comes home he always greets our children with a pat on the mouth. He always finds some excuse to hit one of them. He uses me as a punching bag if he feels like it, too. He tells the kids, "Don't put any dirt on the driveway, MY car has to run over it." And, "Don't touch the car. It's MINE!" Everything is HIS! He doesn't talk, he yells. The kids are scared to death of him and so am I. He hasn't taken me anywhere in two years. I begged him to go to the priest with me and be reformed. He says if the priest comes here he'll throw him out. He won't take me to church so I pray at home, but I have to hide when I pray or he'll say I'm cracking up. Maybe I am!

DEAR ABBY: My husband's permission to go on a trip with my friends and neighbors was inquisitive and wanted to know the details. Then you are sicker than he is.

Jacoby On Bridge

Newspaper Enterprise Assn. Jim Jacoby and John Fisher, DelRay, just missed making this year's American team. They were so close that if Jim, sitting east, had held the king of spades on board 11 the last round, they would have made the team. The Jacobys discuss this key hand today.

Church Group Begins Friday

An organizational meeting was held at the meeting last week for the purpose of starting Sanford's first Church Bowling League. President Don Faulkner presided at the meeting during which time it was announced that the bowling schedule would start on Friday, January 14th, with a special price incentive for all league members. The Sanford Church Bowling League will hold regular league on Friday evenings at 9:00 p.m., with four members to each team. Although many of the churches who indicated interest in belonging to this league were not at the meeting, Mr. Faulkner invited all who are still interested in participating to meet at the lanes at 8:45 P.M. on Friday for assignment to a team. Teams and individuals attending the meeting included: Pleasant Baptist - Team No. 1-Charles Willis, Francis Willis, Carol Danziger, Larry Attilf; Team No. 2-Betty Johnson, Curtis Johnson, Monk Johnson and Rita Casner; First Baptist Team No. 1-Don Faulkner, Virginia Faulkner, Clinton DeChair and Barbara Davis; First Methodist Team No. 1-Robert Rayner, Bill Tyre, Robert Davy and Leslie Jones; Good Shepherd Lutheran Team No. 1-Ray Stella, Irene Brown, Mrs. Ned Hines, Ned Hines, Mr. and Mrs. Wade Shely. There are openings for individual and complete team applications for this league. Anyone interested may call the lanes for additional information.

Jaycee Week

The Sanford-Seminole Jaycees will observe "Jaycee Week" along with 5,000 other Jaycee chapters in the United States from Jan. 16 to Jan. 22. The purpose of the week-long observance is to focus attention on these young men and the work they are doing. In Sanford, the observance will be preceded by the annual Distinguished Service Award banquet Saturday, January 15, at the Civic Center. At this event the Jaycees not only honor several outstanding young men of the community but they also present their Distinguished Service and Distinguished Government Awards. These two awards are not limited to any age group. Free Enterprise

This country will be coming apart at the seams only on the day when Americans stop thinking up new ways to make money. Take the current popularity of picketing and demonstrating. To picket and demonstrate is to picket in on it, two young entrepreneurs in New York have formed a company called "Rent-A-Picket." For three dollars an hour, they will "shoulder your protest," supplying signs and manpower for organized demonstrations for or against just about anything, from mothers-in-law to Indonesian libraries. Their bearded pickets, which are in great demand, rent for slightly more.

Lyle C. Wilson Says: Judge And Censor

By Lyle Wilson United Press International Paul McKelip of the Tucson (Ariz.) Daily Citizen has issued some well-deserving attention on recent proceedings in Judge E. R. Thurman's Maricopa County Superior Court. All good citizens had a stake in what went on. The judge had set himself up as censor on the publication of events taking place in open court. Fortunately for all, the Arizona State Supreme Court issued a peremptory writ of prohibition to end the proceedings. Fortunately because Judge Thurman sought to do, they could get away with anything. Judge Thurman got himself into this trouble last Dec. 7 during a habeas corpus hearing relating to one Donald Chambers, who was charged with murder. A jury was being selected at the time to try Chambers. One newspaper reporter was present. Thurman told the reporter he wanted nothing published about the hearing which would prejudice jurors then being selected. Evidence presented during the hearing including an offering from the prosecuting attorney purporting to show that Chambers' fingerprint had been found at the murder scene. Newspapers printed the story of the hearing and told of the fingerprint evidence. Defense attorney Shepard Therman sought from Judge Thurman an order requiring the reporters and editors of the offending papers to show their names and addresses to the judge. During the morning meeting of the hearing for 30 minutes on various aspects of Applied Psychology. Judge Thurman signed the order on Dec. 21. Meanwhile the habeas corpus proceedings failed. Chambers changed his plea from innocent to guilty shortly after his trial began. Chambers was sentenced to life imprisonment. And in this connection, you may recall the story about famous Michelangelo, the world's leading artist and sculptor. One day some young friends called on Michelangelo, to invite him for a walk in the park. Michelangelo was still polishing the elbow of the very same statue. "Why," explained one young woman, "you might think that's a little bit of a shame." South Dakota's Custer State Park is the home of America's largest herd of wild buffaloes, about 1,200.

Bruce Bissot -- Ray Cromley Political Notebook

WASHINGTON (NEA) — If Ho Chi Minh's peace talk "offer" has been accurately reported, it contains six hooks aimed at delivering South Vietnam over to the Communists. The catch line in Ho's report is that the United States agree in advance to Ho's "four points" which he claims are merely an "explanation" of the 1954 Geneva Agreement. But Ho's four points are NOT just an explanation of Geneva. Hidden in these points is a carefully written phrase which would have the United States agree in advance of negotiations that South Vietnam's "internal affairs be run in accordance with the program of the National Liberation Front."

City Negotiating For Use Of Bank Data Processing System

City Commissioners have directed W. E. Knowles, city manager, to proceed with negotiations with the Florida State Bank for data processing machinery at a cost of \$278 a month.

Knowles told commissioners that the program appears much better than any purchase or lease program and allows greater flexibility. The data processing would not begin until January, 1967, but materials would have to be prepared by June, this year, to be programmed into the machines.

A request by Robert Crumley, chairman of the City Industrial Board, for consideration of a request by James H. Hight to purchase land in the Lake Monroe Industrial Park district for water to fill their tank truck in emergencies.

Dr. W. Vincent Roberts, new commissioner, and former chairman of the Civil Service Board, was honored by his former board members with presentation of a resolution of commendation. The resolution was read by Merle Warner, new chairman, in behalf of the board members who attended in a body.

County Tax Collector G. Troy Ray Jr. has turned over to the Board of County Commissioners \$17,162.54 in excess fees for 1965. The amount brought to \$78,541 now turned over to the county in excess fees.

Circuit Court Clerk Arthur H. Hockwith Jr. presented a check for \$41,379 to the board at its last meeting. The check representing excess fees from his office was a record.

Ray's check also was a record for the tax collector's office. "The results of this year's business through our office, with the cooperation of a fine staff, enable me to turn back to Seminoles County \$37,162.54 in excess income, above the program in this area," Ray said in a letter to the board.

"This is a good sign of the continued growth of our county, which I'm sure makes us all look forward to future planning towards our county's progress in this area," Ray said.

Ray's check, \$75,418.83, will go to the county school board and \$29,620.11 to the board of commissioners. The county budget estimate of excess fees for 1965-66 at \$172,000. At the current rate of returns from the fee office, this amount will be exceeded.

Deltona School Opens Monday With Rolls Up

Deltona "U," the school of adult education sponsored jointly by the adult education division, Daytona Beach Junior College and the Mackle Brothers Division, the Deltona Corporation, began its second semester Monday with an expected increase in enrollment.

Since the school opened in the fall, for the third year, more than 300 local residents have attended 22 classes offered in such widely ranged subjects as bridge, fishing, and floral arranging provided through Daytona Beach Junior College.

Edward Talton, director of the adult education center, has announced the following schedule and indicated that residents may enroll in any class at any time.

Mondays: creative arts, taught by Miss Mary Sherman, 9 a.m. to noon; contract bridge for beginners, Mrs. David Singer, 10 a.m. to noon; health and physical fitness, Miss Audrey Hiers, 3:30 to 4:30 p.m.; modern math, Stan Tate, 7:00 to 9:00 p.m.

Elderly Hired For Medicare

WASHINGTON (UPI) — R. Sargent Shriver, the field marshal of President Johnson's War on Poverty, announced the first of some 800 grants to hire 5,000 elderly poor persons to spread the word about Medicare to other elders.

The first grants, totaling about \$4,000, were to Indianapolis and Mound River, Ill. The Office of Economic Opportunity plans eventually to spend about \$2 million on the project across the country.

Federal Judge Appeals Action Of His Peers

WASHINGTON (UPI) — A federal judge, stripped of his right to hear cases by his fellow judges on grounds he is "unwilling or unable" to perform his duties, is asking the U. S. Supreme Court for reinstatement.

The appeal, filed by U. S. District Court Judge Stephen S. Chandler of Oklahoma, is the first test of a 1948 law giving U. S. judicial councils the right to act in judgment on individual judges.

Judicial councils in each federal court circuit are composed of appellate judges assigned to the circuit. The action last month by the 10th Circuit Judicial Council to assign any cases to Chandler was the first of its kind.

Legal observers have described it as a precedent which, if upheld, could see more widespread use in the future.

Chandler, 65, has been on the bench for 22 years and once was regarded as an advocate of improved judicial administration. In recent years he has developed a heavy backlog of cases, however, and become involved in legal and political feuds.

The judicial council's action leaves Chandler his title and salary but no duties. The council did not elaborate on its statement that he was unwilling or unable to perform his duties.

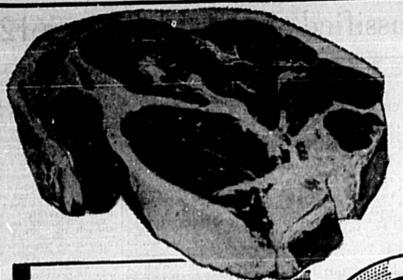

A 1943 Justice Department report stated, however, that in the 12 months from July, 1962, through June, 1963, he held court on only 17 days. The total time his court was in session during this period was 58 hours and 45 minutes, which averages about 3 1/2 hours a day.

Four Children Burn To Death

BEECHVILLE, N.S. (UPI) — Two teen-ager sisters died in a vain effort to save their sisters from a fire which swept through their home in this town 10 miles from Halifax.

The blaze broke out in the home of Earl Davison shortly before 5 a.m. Dorrington and six of his eight children fled safely from their home but the two oldest—Barbara, 17 and Phyllis, 15, returned to the burning building to attempt to rescue Norman, 5, and Pauline, 1.

Peace Move? TASHKENT, USSR (UPI) — India and Pakistan today agreed to pull back troops from the front lines in disputed Kashmir, exchange prisoners and continue efforts toward a lasting peace settlement between the two countries.

Seminole Pupils Learn 'Crime Don't Pay'

By Barry Lewis
"My destiny is in God's hands. Yours is in your own hands."
The man faced his audience, looking it squarely in the eyes. Although his statement carried a spiritual connotation, he was not a minister. Indeed he was not.

The man speaking to students at Seminole High School is a convict from the maximum security division of the Florida State Prison at Raiford.

He and three companions—also prisoners—were speaking to the students Wednesday in a program called "Operation Teenager."

It is a story of crime told in the first person by the four prison inmates. The hour-long program consists of a short introduction, speeches by each of the convicts who tell how they got involved in a life of crime, and a question-and-answer period. It was sponsored here by the South Seminole Optimist Club.

As the prisoners tell the teenagers, "we are not here to preach or tell you what to do." Instead, they present their stories, indicate their failures and where they went wrong, and then let the teenagers draw their own conclusions. Their hope is to "reach

those going down the wrong path" so perhaps the convicted "takes may save someone who might later join them in prison."

The speaker-convicts, who travel about the state with an unarmed guard, are dressed in prison attire—white shirts and dark trousers with blue stripes down the outside of each pant leg. They are introduced only as speakers No. 1, No. 2, No. 3 and No. 4.

One of the men is serving a life term at Raiford for first degree murder. Another is serving 15 years for manslaughter and grand larceny. The third was convicted of assault with intent to commit manslaughter. The fourth was convicted of breaking and entering with intent to commit a felony.

"We have no answers for you," the convicts say. "You've got to find them for yourselves."

And perhaps their stories will give some teenager an answer. Perhaps not. But the tales are moving ones.

The "lifer," who was an alcoholic, who while still a teen-ager, stabbed another man in the chest, who later, in front of his four-year-old son, shot another man in a brawl, then 3 1/2 years ago finally succeeded

in killing a man.

He tells of growing up feeling the world was against him, of fearing the world, of developing a persecution complex. Straightforwardly, he reveals how his first bottle of "rot gut" whiskey and began to feel 10 feet tall. "I didn't know that bottle would take me through the very mist of hell."

He has been married five times, and divorced five times. His own son, at 17, is on probation from federal prison. "When my kids demand, 'I want's there,'" his major bit of advice to teenagers: "There are all types of wood in the world, but the most flammable is that chip on your shoulder."

There is the teenager, who at 19, is serving nine years for assault to commit manslaughter.

He candidly reveals he has been an incorrigible since he was 12 years old. He tells of stealing 40-50 cars in a six-month period.

"I was caught twice, and sent on probation twice," he says. "I was given every break." But, he admits, he was just a punk kid who thought his age gave him immunity. He was caught steal-

ing another car. This time, the "immunity" collapsed. He was sent to Florida School for Boys.

But he had no intention of staying. An attack on his "cottage father" resulted in his present prison term.

"I tried to blame my parents," he says, "but there's nobody to blame but me."

He tells how he had to be a big shot, not be called "chickens," do as only he wanted.

"But when I got out of prison, he says, 'I'm going to be a first class chicken with a foot-wide yellow stripe down my back. But, I'll be free to live and enjoy life.'"

All the stories are the same. Whether they came from poor backgrounds or wealthy homes, each was determined to do as he pleased. Each admitted "somebody else was to blame." Each didn't care until it was too late. Each knows his mistakes today.

Each realizes the pain he has caused. And, one summed up the feelings of all of them: "If I were released from prison today and lived to be 100, I could never make up the heartache I have caused my family and friends."

Volusia Gives Osteen Bridge 'Top Priority'

Building Purchased By Church

Seminole County on the St. Johns River "The Nile of America"

Seminole Cooperates

By Paul Brookshire
A new bridge over the St. Johns River near Osteen once again will be given a "top priority" by Volusia County when its road requests go to the State Road Department in March.

The Osteen Bridge project has been one of the primary aims of Volusia County for some time. Commissioner Harris Saxton of New Smyrna Beach said today.

"As we've done for years and years, we'll give the Osteen Bridge request top priority again in 1966," Saxton said.

Seminole County's request for primary road funds will include realignment of the Osteen Bridge and connecting it directly with SR 16.

Chairman John R. Alexander of the Seminole County Board of Commissioners said today that the bridge actually is in Volusia County.

"We have not named the bridge as a top priority project because it is in Volusia County but we will give it top priority on our list last year and will again this time," Alexander said. Alexander said plans call for eliminating the sharp curving approach to the bridge in Seminole County.

Both of Seminole County's two top priority projects in 1965 were accomplished, Alexander said.

These were the four-laning of SR 46 from French Avenue to Melonville Avenue and resurfacing 13th Street from French to Melonville.

Other projects on last year's priority list and not completed were resurfacing and eliminating curves on SR 428 from Geneva to Osteen.

"We have not named the bridge as a top priority project because it is in Volusia County but we will give it top priority on our list last year and will again this time," Alexander said. Alexander said plans call for eliminating the sharp curving approach to the bridge in Seminole County.

and construction of an interchange with I-4 and Lake Mary Boulevard.

Alexander also said a top priority on last year's list was work on the box culvert on SR 419 at Gee Creek. This is the spot where a traffic fatality occurred last week.

"It is my understanding that this project is in the State Road Department program for this year," Alexander said.

The chairman said Seminole County's road requests for 1966 have not been completed but will be within the next few weeks.

Replacement for old Osteen Bridge once again gets priority on Volusia road requests.

H. C. COLEMAN
Rotary To Hear Daytona Banker

Henry C. Coleman, vice president and director of the United States Chamber of Commerce, will discuss some of the aspects of the current business climate in this state and in the nation before the Sanford Rotary Club Monday night at the Civic Center.

Coleman is a past president of the Florida Chamber of Commerce, chairman of the board of the Commercial Bank at Daytona Beach and a past president of the Florida Bankers Association.

R. A. SCHREIBER
Dean Appointed For Jr. College

Robert A. Schreiber, of St. Augustine, was named dean of student personnel services of the Seminole County Junior College advisory board, on the recommendation of Dr. Earl S. Walden, president.

The new dean will begin his duties here on Feb. 1 and will serve as registrar, admissions officer and guidance counselor.

The name of Schreiber, who formerly held the same position at St. Johns River Junior College in Palatka, was proposed by the Seminole County School Board this afternoon.

Schreiber is married and has one married daughter.

Dr. Walden praised Schreiber highly and said that "we are fortunate to be able to obtain the services of an administrator of his caliber and qualifications."

REV. WM. KEANE
Priest Named To All Souls

Rev. Richard Lyons, pastor of All Souls Catholic Church in Sanford since 1932, has taken a year's leave of absence due to ill health.

His successor at All Souls Church is Rev. William Keane, brother of Rev. Hugh Keane, a former pastor of Nativity Catholic Church in Lake Mary.

Father Keane, a native of Ireland, came here from St. Petersburg where he was assistant pastor at St. Mary's Church. He served as assistant pastor in Hialeah and in 1960. Since that time he has been in parishes in Ireland, England and Peru prior to his return to Florida in 1964.

Departure of Father Lyons still brings many prayers for his rapid recovery offered by all sections of this community where he endeavored himself by his quiet and kindly manner and his charity. During his stay here, he directed construction of All Souls Parish School and Parish Hall and served a leading part in the construction of the church and its activities.

Altamonte Wins Budget Approval

By Donna Estes
The town of Altamonte Springs has received acceptance from the Housing and Urban Development Commission for its \$47,750 water department budget for the fiscal year ending December, 1966.

Altamonte's water department has been faced with demands far beyond original expectations, now is looking forward to expansion, at a cost of some \$100,000, in the south end of town as soon as a suitable site is selected.

New development is causing a quiet demonstration of a \$1 million "encroachment of mass education" on the campus of the town.

Mayor Swafford, in a statement to The Herald today, said he will appoint Chapman's successor at a next week's meeting.

C of C Planning Meeting Tonight

Annual planning meeting of the Seminole County Chamber of Commerce will be held tonight at the Lookout restaurant in Fern Park.

The chamber's program of progress for 1966 will be outlined at this meeting. C. Vernon Mize, chamber president, will take over their assignments and plan their primary projects for 1966.

The dinner meeting is scheduled to begin at 6:30 p.m.

Dead In Bed

Paul Hoadson, 77, who lived at 2429 Palmetto Avenue, was found dead in his home Wednesday. Death was attributed to natural causes.

BURNS RESPONDS

TALLAHASSEE (UPI) — Gov. Haydon Burns responded quickly to an editorial suggestion that the state provide a second governor's mansion in Orlando.

Fresno Mail Example For Sanford

Fresno, Calif., has accomplished what Sanford has talked about for a number of years—move to save off deterioration of the downtown area by providing a boon to business.

Fresno eliminated vehicle traffic from its main downtown thoroughfare and installed a beautiful mall where shoppers may browse leisurely.

Stanley's Hand Mail, it could be said, is a scale model of Fresno's Fulton Mall.

A complete word-picture report of the success of the Fresno move is published on page 8 in today's Herald.

The article was written exclusively for The Sanford Herald by Dick Martin, of the Fresno Chamber of Commerce, who also furnished the photographs. Turn to page 8.

Quill Released
NEW YORK (UPI) — New York Supreme Court Justice Abraham N. Goldberger today ordered the release of Transport Workers Union President Michael J. Quill and eight other union leaders jailed for civil contempt of court in ordering transit strike. He discontinued proceedings to fine the union \$220,000 a day. (See related story on page 2.)
