Dear abbu:

DEAR ABBY: I graduated from business school a month ago and have been looking for an office job ever since. I am turned down everywhere because I am too good - looking! I am told they are afraid the men will spend more time at my desk than at their own. I am flattered to hear this, but do you think it is fair that I should be turned down because I am not ugly. I have to support my-self. What do you suggest? TOO BEAUTIFUL

DEAR TOO: Take a good look at yourself. Are you "beautiful" or just provocative, distracting and perhaps a little too come-hitherish? A well - groomed, refined - looking beauty should have no difficulty landing a job.

DEAR ABBY: I am 12 years old. I had my eyes checked last year and the doctor said I was near-sighted but I didn't need glasses yet. Yesterday I couldn't read what was on the blackboard and it was only about eight feet away. Everything looked like one big blob. The girl who sits across from me let me use her glasses and, Abby, it was wonderful. Everything was plain again. I told my erything was plain again. I told my mother this and she said. "Don't bother me — you are always wanting something!" How can I convince my mother I really need glasses?

CAN'T SEE

DEAR CAN'T: Mothers sometimes develop an immunity to their children's requests. Perhaps if your teacher called your mother and told

her you should have your eyes check-again, she'd listen.

DEAR ABBY: We have some DEAR ABBY: We have some neighbors with whom we are fairly friendly. They have two children. One is married and is living away from home, and the other is in a mental institution. When we meet I always inquire about BOTH children. My husband says I should not ask about the one in the mental institution as I KNOW he is mentally ill. I am inquiring as to his PHYSI-CAL condition, which I think is only right. Would it be better not to mention the one in the institution at all? Our neighbors meak of the one in the Our neighbors speak of the one in the mental institution as though he were in an ordinary hospital and they don't seem a bit embarrassed by my question.

NO MALICE

DEAR NO: Inquire about both children. In this enlightened age one does not pretend that a person who is in a mental institution is not among the living.

CONFIDENTIAL TO GLENOL-DEN: The quickest way I know of losing a friend is to tell her some-thing "for her own good." What's on your mind? For a per-

sonal reply, send a self - addressed stamped envelope to Abby, Box 2365, Beverly Hills, Calif.

For Abby's booklet, "How To Have A Lovely Wedding," send 50 cents to ABBY, Box 3365, Beverly, Hills, Calif.

EDITORIAL COMMENT

No Vote No Complaints

Municipal elections are slated in four Semi-nole County municipalities early next week—in Casselberry on Monday and in Altamonte Springs, Longwood and Oviedo on Tuesday. Although candidates in Altamonte and Oviedo have no opposition, we look with interest to see how many voters in Casselberry and Long-wood will turn out to cast a ballot for the men of their choice.

Both cities are on the move and as each council seeks to meet the demands of an ever increasing population it becomes vitally important to put good men in office. Yet registration reords in both locations indicate a notable lack of interest on the part of the voter.

Remember . . . If you neglect to vote you have no right to complain!
