

Foreign Aid Bill Up For Criticism

WASHINGTON (UPI)—A provision giving President Kennedy long-term authority to loan foreign countries up to \$3.8 billion during the next five years came under increasing criticism today as the foreign aid bill headed toward Senate debate.

The Senate was expected to take up the controversial measure late today or Tuesday. The House Foreign Affairs Committee planned to stamp final approval on the legislation Tuesday.

While the \$4.3 billion foreign aid authorization for this year seemed sure to win both House and Senate approval, there were increasing signs that congressional critics of "back-door" financing would launch tough floor attacks on the long-term borrowing provision.

Sen. Harry F. Byrd, (D-Va.), a veteran opponent of all government programs financed by the Treasury without annual congressional approval, already has

served notice he will try to get the Senate to adopt an amendment requiring the appropriations committees of both the House and Senate to review the program each year.

Sen. George D. Allen, (R-Vt.), said in a TV program he "might favor a five-year extension of the loan program, but I certainly would expect the executive branch to come back to Congress each year for an appropriation with which to meet their expenses."

Other congressional news: Berlin Crisis: The House was expected today to give unanimous support to President Kennedy's firm stand on Berlin when it meets for a scheduled vote on a resolution authorizing the President to extend the tour of duty of some servicemen now in uniform and to recall to active duty selected reserve units. The Senate, approved the resolution last week.

Medical Care: A spokesman for the Health Insurance Institute told the House Ways & Means Committee that the high cost to taxpayers was a major objection to adding health care benefits for the aged to the Social Security System. The institute said the program would cost about \$2.3 billion by 1963 as compared with the Department of Health, Education and Welfare estimate of \$1 billion.

OLD GLORY POST 183, American Legion, put up this building at Prairie Lake more than 10 years ago to serve the whole of South Seminole County, H. D. Gilbert, commander, said today. G.W. Bert, who was installed as new commander June 5, added that, contrary to some reports, the Post never has entertained any idea of moving to another location. (Herald Photo)

Diplomat's Son Fails In Mixing Attempt Arrest

JACKSON, Miss. (UPI)—An Indonesian diplomat's son failed Sunday in his second attempt to

get arrested as a "freedom rider." Fifteen other integrationists succeeded.

The 15 riders arrested Sunday boosted to 294 the number taken into custody here since May 24.

Pope To Conduct Funeral Rites For Vatican Official

VATICAN CITY (UPI)—Pope John XXIII will conduct solemn funeral rites Wednesday in St. Peter's Basilica for Domenico Cardinal Tardini, 73, the Vatican's secretary of state, who died Sunday of a heart attack.

The little grey-haired man with steel-rimmed spectacles, who played a key role in the Vatican's foreign policy for the past decade, had been plagued by heart trouble for some time and suffered an attack only three days before his death.

Pope John was awakened Sunday morning at the nearby summer papal residence of Castelgandolfo and advised of Tardini's illness. He said Mass for the cardinal and rushed back to the Vatican but arrived too late.

The pontiff, obviously affected by the death of his "closest and strongest aide," said: "What a friend was this man! How much he worked and how much this man did for his job!"

Last year, Tardini was stricken with a heart attack and remained in his Vatican apartments without visitors for almost a month. Earlier this year he told a news conference he wished to retire because of his heart ailment.

"No one is irreplaceable," Tardini said at the time.

But the Pope asked him to stay on.

The pontiff was expected to fill the secretary of state's position soon. Observers said the job was far too important to leave vacant at this time of worldwide political

New Cub Scout Pack Holds First Meeting

Cub Scouts and their families of Cub Scout Pack 543, sponsored by the Holy Names Society of the All Souls Church, conducted their first Pack Meeting Thursday at Silver Lake.

Joe May, Chairman of the Planning Committee, opened the meeting by welcoming the Cubs and their parents. Sid Winkler, the Boy Scout Neighborhood Commissioner, presented a brief outline of what the Cub Scout Idea consists of and the responsibilities of each parent to the program.

One of the outstanding events of the program was presented by several Boy Scouts from the Lake Mary troop. These boys, garbed in genuine Indian costumes, entered the campfire area from their teepees, which had been erected prior to the meeting, and presented several authentic Indian dances.

The highlight of the program was the presentation of achievement awards to the Cubs. Cubmaster Gene Shannon presented the badges to each respective parent who in turn planned the award on his or her son.

Bobcat badges were presented to the following boys: Peter Van Dune, Billy Burgess, Jennings Hurt, Michael Ritzie, Jeffrey Bowes, Moxie Miller, Frank Miller, John Hines, L. H. Sigmore, Billy Corso, Teligo Bauista, Albert Andrews, Bobby Caruthers, Joe May Jr., Stanley Hallack, James Klett, Doug Hunt, and Freddie Halback.

Wolf Badges were awarded to the following boys: Jennings Hurt, Mike Ritzie, Rickey de Yarmia and William Smith.

Gold and Silver Arrow Badges to: Ricky de Yarmia, Tommy Leonard, Jimmy Leonard, Mike Shannon, Jennings Hurt and Mike Ritzie.

A special thank you award, for past service as a Den Chief, was presented to Wayne Slankiewicz.

The following were awarded Den Chief Warrant Certificates: Wayne Slankiewicz, Steve Slankiewicz, Victor Letlis, and Albert Kramer.

The meeting was concluded with the friendly circle ceremony after the Cubs and their families had enjoyed hot dogs and cakes.

Cuban Prisoners Head Back To Castro Without Ransom

MIAMI (UPI)—The Cuban prisoners commission and five members of a refugee committee were scheduled to return to Cuba today to assure Premier Fidel Castro they still were hopeful of raising ransom for their jailed comrades.

Four members of the refugee committee have volunteered to take the place of two defectors who refused to honor their pledge to return to Castro's maximum security prison.

Pan American World Airways Flight 421, with a scheduled departure time of 4 p.m. was to take the prisoner envoys to Havana. The prisoners have been in the United States since June 25 in an attempt to revive the controversial tractors-for-prisoners exchange.

Accompanying the eight returning prisoners will be attorney Augusto Freyre; businessmen Manuel Arca, Alvaro Sanchez, and Eusebio M. Hernandez; and Mrs. Virginia Betancourt.

The men have volunteered to serve as prison substitutes for two prisoner envoys, Reinaldo Pico and Mirto Collazo, who decided Friday to stay in the U. S. rather than return to Cuba.

Mrs. Betancourt, the only woman in the group, had two sons in the unsuccessful Pigs' Bay invasion in April.

The four men and Mrs. Betancourt are members of a group

called "family Committee of Cuban War Prisoners" formed here to collect funds to buy the tractors Cuban Premier Fidel Castro has demanded in exchange for 1,197 prisoners captured in the invasion.

The group said it has collected more than \$100,000 so far.

The prisoner envoys declined to speculate on what reaction Castro might have to the defection of Pico and Collazo.

All 10 of the envoys, when they left Cuba, promised to return after the negotiations in the United States.

Pico touched off a kidnapping scare Sunday when he disappeared from his Miami hotel room for five hours. However, he returned unharmed and said he had been out for an interview with a reporter and photographer for "Avance," a former Havana newspaper now published in exile here.

Tax Roll Valuations Up Near \$20 Million

Taxable Up \$7 Million

Tax Assessor Mary Earle Walker today estimated total valuations on the 1961 tax roll at \$273,807,000 and taxable valuations at \$182,703,308—an increase of \$20 million in total valuations and \$7 million in taxable valuations over last year.

Last year's taxable valuations were set at \$175,678,569 and total valuations at \$254,006,529.

The roll still is subject to change in the assessor's final figures and through equalization hearings, but the estimate gives the county commission approximately \$182,703,308 as a basis for the new millage rate.

For the 1961 tax roll, non-exempt land valuations were set at \$159,547,000; personal property, \$18,560,000; railroad and telegraph, \$39,060,000 and home exemptions, \$52,354,200.

Valuations of land entirely exempt — \$38,688,000; county tax certificate land (homestead), \$5,000; county tax certificate land (non-exempt) \$59,710; land reverted back to the state, \$24,710.

Last year non-exempt valuations were set at \$150,927,460; homestead, \$16,344,900; personal property, \$20,813,180; railroad and telegraph, \$3,937,929.

Valuations of land wholly exempt last year, \$31,398,390; tax certificate land (homestead) \$9,100; land reverted back to the state, \$12,780.

Nuclear Attack Could Kill Millions

WASHINGTON (UPI)—Defense Secretary Robert S. McNamara said Congress today should consider the possibility of "perhaps several tens of millions" might be killed in a nuclear attack on the United States.

However, McNamara said President Kennedy's new civil defense plan could save at least 10 to 15 million lives. The plan calls for preparation of shelters from radioactive fallout.

McNamara, who took over national responsibility for civil defense today under a presidential order, spelled out Kennedy's program in testimony before a House military operations subcommittee.

The subcommittee, led by Rep. (ret.) Hollifield (D-Calif.), opened two weeks of public hearings today to take a close look at the program "so that pitfalls and errors of the past may be avoided."

Hollifield hailed Kennedy's steps to build up the importance of civil defense and noted that there has been "a great lack of deeds" in the past which the congress-

man hoped would be reversed. McNamara said the administration hoped to "revitalize this long-neglected program."

The subcommittee is now locating and marking great quantities of community shelter space in existing buildings throughout the United States.

He said the goal is to find enough shelter spaces for 50 million Americans, or one-fourth of the population.

Gen. Lyman L. Lemmonier, chairman of the Joint Chiefs of Staff, also testified. He said that with all the new types of weapons available, "a deliberate attack on populations — or the threat of such an attack—might well become the primary means selected by an aggressor to force surrender of his victim."

probably would "penetrate our defenses far enough to reduce our weapons."

McNamara said the United States still does not have any effective defense against enemy missiles. Even in the case of an attack by bombers, he said, some

news... BRIEFS

New Shot
MOSCOW (UPI)—The United States plans to attempt another manned space shot within the next few weeks, reliable sources said Monday.

Dog Call
WASHINGTON (UPI)—The Army Quartermaster Corps urgently needs 200 German shepherd dogs to serve as sentries at Army and Air Force bases.

Won't Meet Press
WASHINGTON (UPI)—President Kennedy will not hold a news conference this week. His last news conference was two weeks ago.

Vandalism
ST. ALBANS, Vt. (UPI)—Police today sought the person who dumped 100 gallons of used motor oil into the city's sewerage system, threatening serious damage to a new \$600,000 treatment plant.

No Invite
ROME (UPI)—Premier Amintore Fanfani does not plan to invite Soviet Premier Nikita Khrushchev to visit Italy during his stay in Moscow, a high government source said today.

Tours Iron Curtain
VIENNA (UPI)—President Kwame Nkrumah of Ghana arrived Monday in Prague, the fourth Iron Curtain capital on his current tour of Europe. He previously visited Moscow, Warsaw and Budapest.

Action Pending
WASHINGTON (UPI)—Legislation is pending in Congress which would make airliner crews carry guns and lock themselves into their cockpits behind one-way glass so that they could see out but nobody could see in.

Message For Kennedy
CLEVELAND, Ohio (UPI)—The Catholic University Bulletin, a weekly, offered the following advice to President Kennedy, whose attendance at the 10 a. m. Mass at Hyannis Port, Mass., has resulted in traffic jams: "Try the 6 a. m. Mass, Mr. President."

Takes CD Post
BOSTON (UPI)—Brig. Gen. Charles W. Sweeney, pilot of the B-52 which dropped an atomic bomb on Nagasaki 16 years ago, took over today as the city's civil defense director. He said he intended to make Boston "safer than any other city."

Six Safe After Air Mishap
MIAMI (UPI)—Six persons were safe here today after a near mishap aboard a twin-engine amphibian airplane about 15 miles out on the Atlantic Ocean.

One engine of the plane quit about 15 minutes after taking off from Miami. Pilot William C. Sorren made a smooth landing on the ocean. Minutes later he and five passengers were picked up by a 50-foot private yacht nearby and taken ashore.

The plane was undamaged and was towed in to Miami by the Coast Guard.

Wide Open!

"Virtually every store, shop and business in downtown Sanford will be open until 9 p. m. Friday night featuring bargains and sales for the service and convenience of shoppers in a new sales promotion sponsored by Downtown Merchants Assn.," a spokesman said today.

Free tickets will be available in all stores to adult shoppers for the big drawing to be held at the corner of First and Magnolia shortly after 9 p. m. when a lucky person will win a free trip for two to the glamorous island of Nassau.

The trip is the first of prizes to be given away by the Downtown Merchants Assn. A similar drawing will be held each week for a variety of wonderful gifts to give extra added pleasure to downtown Friday night shopping expeditions.

The Ritz Theater is cooperating with both parents and merchants by offering a special children's feature movie on Friday with the first showing to begin at 5:15 p. m. and the second feature at 7:15 p. m. A cartoon following the second showing will last until after the drawing.

By LARRY VERSHEL

Nobody asked me but City Commission action Monday night in issuing a statement about the leasing of equipment could split the board wide open. We hear that more than just the equipment was involved and we are sorry to see someone like Earl Higginbotham who served the city as commissioner and mayor for nine years made into some kind of a villain. We hear that two of the commissioners were after Earl's scalp and thanks to other members of the board, strong action was stopped. Higginbotham was and still is one of our better leaders.

The Chamber of Commerce has gone on record as saying that if the school board holds the tax line then it also will revise its budget and not ask for any additional appropriations. Whether the school board holds the line or not, the chamber should make every effort to tighten its belt also. Anyway we hear that both the city and county will never approve any increase for that organization.

The new marina building on the city pier may replace the weathered bandshell, but the foundation of the old structure probably will be there forever. Inspection of the site in preparation for the construction of a clubhouse on the pier revealed that there are 140 pilings under the bandshell foundation and the concrete floor hasn't cracked in more than 30 years. Plans are being pushed to get the marina started in 30 to 60 days and the foundation already is there.

Two of the Florida State Bank janitors were locked in the bank for almost two hours this morning. It seems according to the police report, that the two men lost their keys and were discovered only after they tapped on the window for two hours.

Engineers Bill Leffler and Bill Hush will go up to Jacksonville Thursday to meet with State Board of Health officials on preliminary plans for the sewage treatment plant here.

There's been a slight change in the city budget. The total 1961-62 budget is \$1,072,749. Last year's \$1,012,062.

Ammonia Fumes Rout 10,000 From Illinois Homes

CREVE COEUR, Ill. (UPI)—Deadly ammonia fumes poured out of a ruptured barge pipeline across 12 square miles today and routed an estimated 10,000 persons from their homes before dawn.

Police and civil defense teams evacuated residents of Creve Coeur and three surrounding north-central Illinois towns. Hospital staffs in two counties treated more than a score of injured.

By 8 a. m. most of the evacuees had returned to their homes and Peoria health director Dr. Fred Long said the "emergency is now over." Only "occasional pockets" of gas remained.

The acid fumes from a highly pressurized 300,000-pound tank on the barge became hazardous around midnight. Authorities ordered evacuation of about half of Creve Coeur's 5,500 population and virtually all persons at Marquette Heights, Bartonville, three miles west, and North Pekin, four miles south.

Evacuations led to widespread confusion. The Creve Coeur firehouse was deserted when every available man rushed to the scene. A Peoria police lieutenant said casualty and rescue reports were uncoordinated.

Most of the injured were firemen at the barge on the Illinois river east of town. They suffered minor injuries from the fumes despite specially adapted ammonia masks.

"It's a miracle no one was killed," a Creve Coeur policeman said. Fumes did not endanger Peoria with its 120,000 population immediately to the north but police said the city was "prepared to start evacuating at any time."

No Matter How Hot You Felt, It Was Only 98

A blistering official temperature of 98 degrees at the city Monday broke the previous record of 96 set Sunday and adding to the already acute discomfort of the citizens.

Unofficially, reports of 100 and 101 have come in from around the county.

A brief sprinkle of rain settled the dust in scattered parts of the county during the afternoon and about midnight a weird display of lightning set in with a constant rumble of thunder that erupted into a welcome shower drenching the area with nine-tenths of an inch of rain.

Weather officials at the Naval Air Station reported that the unlightning set in with a constant by the intense heat that built up during the day, and the unexpected rain came in from the east.

where it had formed out over the Atlantic Ocean.

The usual flow of rain, however, comes from the west, and by the time it reaches this far inland is somewhat dissipated by its passage over the western part of the state, between here and the Gulf Coast, they explained.

In other parts of the nation storms rolled east from the Great Plains today and brought a cloudy outlook to most of the eastern two-thirds except Florida and parts of the Deep South.

A sluggish frontal trough lay from the central plains across the Great Lakes to Virginia. The U. S. Weather Bureau said the trough would separate generally mild temperatures in the North from continued hot and humid weather in the South.

Mostly fair weather was on tap for the eastern Gulf states, the Pacific Coast and the northern plateau states except for occasional morning drizzle on the West Coast.

City Authorizes Federal Grant Aid

The City Commission Monday night authorized City Manager W. E. Knowles to make application on behalf of the city for a federal grant of funds to assist in the construction of sewage treatment facilities for Sanford.

Preliminary plans for the plant are expected to be completed in about another week and presented to the board at its next regular meeting Aug. 14.

In a resolution adopted by the board, it was stated that in order to "avoid possible future delay" the City Commission deems it necessary that application for such funds be made as soon as possible.

Three Injured In Car Mishap

A Longwood resident was charged with reckless driving Monday night after he crashed head-on into another car at 25th St. and Park Ave., police said.

Three persons were slightly injured in the mishap and treated for cuts and bruises and released from Seminole Memorial Hospital. Injured were William McGhiey of Longwood and Gordon and Kim Lawie, both of Apopka.

Police said that McGhiey attempted to get into the traffic lane and crashed into a car operated by Ronald Lawie.

Premier Choice

LEOPOLDVILLE, The Congo (UPI)—Congolese President Joseph Kasavubu today nominated Cyrille Adoula as his choice for premier of the Congo.

'City Issues 'Official' Statement On Equipment Use

The City Commission met Monday night to make an official statement concerning an instance of use of city equipment on a private work project after it had been reported to individual commissioners.

The commission stressed that it will adhere strictly to a policy already on the books concerning use of city equipment and released the following statement clarifying the case in point:

"During the past few days several of the City Commissioners, individually, have been contacted by various citizens pertaining to the use of city equipment on private projects.

"During these last few days the inquiries were specifically directed on the use of City equipment on a project of Commissioner Earl Higginbotham. On Monday, July 24, 1961, Commissioner Higginbotham contacted the City Manager pertaining to the removal of some palm trees on the West First Street right-of-way. Commissioner Higginbotham stated that the State Road Department contractor had asked him to remove the trees from the right-of-way immediately, and that he was unable to find equipment of the type and size to accomplish the removal.

He asked about the availability of City equipment and was informed that the City wrecker could do the job, but that it would have to be on a private basis with compensation to the City for rental and labor and that such use would have to occur after normal City working hours. Commissioner Higginbotham said he would be glad to pay such charges.

"On the morning of July 25th, Mr. Richard, Director of Public Works, was notified by the City Manager of Commissioner Higginbotham's request and was told to contact Mr. Higginbotham and handle it. Mr. Richard instructed

Mr. Eddie Griffith to see Mr. Higginbotham about his project and that it was a private job.

"On the morning of July 26th, the City Manager's Office was notified that City equipment was used on Mr. Higginbotham's project during normal working hours. Upon such notification, the project was investigated and upon the City Manager determining that the City equipment was being used during normal working hours the project was stopped. At this time the project was about 50 percent complete. The project was then completed after working hours on the 26th, 27th, and 28th of

July. For the completion of such project and the use of City equipment, Commissioner Higginbotham has paid the City of Sanford for equipment and labor the sum of \$225.88, and to individual city employees for labor during off hours, the sum of \$64.07.

"The City Commission's policy has been and will continue to be that no commissioner, city employee, or other individual connected with city government, be entitled to, or receive, any benefits not available to an individual citizen of the City. In this instance, the project was started prior to formal action or know-

ledge of the City Commission and without investigation as to the location of the work.

"The policy of the City Commission with reference to such use of City equipment is based on a motion made by Commissioner Higginbotham and previously enacted by the City Commission with the intent that the City and its equipment would not be loaned or leased for private projects in any instance where such City equipment would be competing with private enterprise, particular emphasis on the use of City equipment was with reference to emergency situations and emergency use."

MacDill AFB To Remain Active
TAMPA (UPI)—Tampa's economy took on a glow today with the news that MacDill Air Force Base and its 5,000 personnel would not be leaving as scheduled next year.

The Air Force announced that because of the Berlin crisis and the resulting delay in deactivation of B-47 medium bomber units, MacDill would not be closed down in mid-1962.

Hope For Agreement

DETROIT (UPI)—General Motors and the United Auto Workers expressed hope today they can reach agreement on a new contract before a self-imposed 30-day deadline expires the end of the month.

25th St. Funds Asked Of County

Sanford Mayor Joe Baker asked the County Commission today to join with the city in reconstructing 25th St. from French Ave. west to the Old Lake Mary Rd. and to approve funds out of the 1961-62 budget for the project.

The commission took the request under advisement and agreed to study the matter more closely when they work on their road program for next year.

Baker said that "this is a street that is a main traffic artery for residents of Lake Mary, Loch Arbor, Ravenna Park, Little Venice, and the Country Club area traveling into the city, to the air station, or to the beaches.

"Probably of the utmost importance is the traffic volume added to this road with the construction of the new high school," he said, adding that "this has been the one single factor that has so drastically increased the use of this road."

Cost to the county would be \$11,248.19.

The project would include widening, installing drainage and curbs and to level and repave the more than one mile stretch of road. The county would pay for materials, with the city forces to undertake the work, providing both the labor and equipment.

In other business, the board awarded the low bid of Gates Stretts Company of Pittsburg, N. C., for 120 mattresses for the new county jail at a cost of \$2,034.

Agreed to reverse a board of adjustment appeal regarding construction of a seven foot fence in Du-Ray Manor. Some 50 persons protested the fence construction.

Ruling Requested On County Legal Advertisements

The County Commission today by a 3-2 majority voted to include a legal ad in an out-of-town newspaper despite the protests of District 3 Commissioner James P. Avery, who called it illegal and a waste of taxpayers' money.

Avery asked the county attorney to get an attorney general's ruling on whether the county had the right to advertise in a paper that is not published in Seminole County.

County Attorney Mack Cleveland Jr. said "you will be complying with the law when you advertise in only a county paper" and said he would await a ruling from the state before voicing any further opinion.

The ad concerns the tax equalization hearing scheduled Aug. 16.

Voiting with Avery against the out-of-town publication was John Fitzpatrick. Commissioners Vernon Dunn, Ted Williams and Chairman J. C. Hutchison voted to include it.

Two More Named To Study Group

The County Commission today named two additional men to serve on a citizens committee to study needs for a new courthouse. The men named were William Bush Jr. and Fred Williams. The citizens committee will meet with the commission at 8 p. m. today in the courthouse.

The board also agreed to hire part time secretarial help for the committee to help compile and type up data pertaining to the courthouse.

In other business, the commission ordered the zoning director to withhold building permits in Goldie Manor subdivision until the drainage situation is corrected.

Authorized the zoning director to come up with information regarding fallout shelters.

Heard County Engineer Carlton Dill say that eight to 10 draglines are working cleaning out Howell Creek.

Jaycees Announce Mutt Show Plans

A Mutt Show for the boys and girls of the area is being planned by the Jaycees for Aug. 12, at Fort Mellon Park beginning at 9:30 a. m.

There will be lots of prizes and the grand prizes will consist of two watches — one for the girl and one for the boy with the prize-winning mutt.

The contest will include all age groups and will have various categories of obedience, tricks, beauty and other fields.

Entry blanks can be obtained from the food stores or from the Jaycee Office on French Ave. The show is being sponsored by the makers of Kennel Ration and Quaker Oats.

Marine Gen. Pate Dies At Age 63

WASHINGTON (UPI)—Gen. Randolph McCall Pate, former commandant of the Marine Corps, died Monday night at the Bethesda Naval Medical Center, the Marine Corps announced today. He was 63. The Marine Corps said cause of death was an extensive intestinal tumor.

Prisoners Seek To Formalize Deal

HAVANA (UPI)—A committee made up of relatives of prisoners captured in the abortive Figa Bay invasion sought today to meet with a high official of the Castro regime in an attempt to formalize the "tractors-for-prisoners" deal.

Five members of the "family committee" accompanied eight of the captured Cuban invaders on their return to Havana Monday. Two other prisoners among the group that went to Miami to try to save Premier Fidel Castro's "tractors-for-prisoners" deal refused to return to their homeland.

Aid Approval Seen

WASHINGTON (UPI) — The House Foreign Affairs Committee was expected to approve President Kennedy's foreign aid bill today — including the controversial long-range financing plan.

The \$4.3 billion measure carries the key portion under which Kennedy could make loans totaling \$8.8 billion over a five-year period, with the Treasury loaning most of the money.

Committee Chairman Thomas E. Morgan (D-Pa.) had a good chance to beat down the opposition. One indication was the modest cut the committee made in the money authority Kennedy wants for foreign aid this year.

Red Women Unsure Of Effect Program Will Have On Families

MOSCOW (UPI) — Russian women peered with mixed feelings today into the utopian future predicted by Premier Nikita S. Khrushchev's new 30-year economic program.

"I want my children home with me," she said firmly. "And we all want to eat my cooking."

Medicare: International Association of Machinists president Al Hayes told the House Ways & Means Committee that the administration's bill to provide health care for the aged under Social Security was necessary because private insurance "never will" meet the problem.

State Gives Realtor Deadline

NEWARK, N. J. (UPI) — A Neptune, N. J., real estate firm today had two weeks to appeal a state order to sell a house to a Negro in an all-white housing development.

Pre-school children will be installed in state nurseries and kindergartens "within coming years" if the parents wish, the program states. After 1970, "every family can send their children to free boarding schools."

The anti-trust conviction came last spring at the climax of a suit brought by Phillips Bros. Coal Co. of Scott County, Tenn. The company had accused the UMW of conspiring to monopolize the bituminous coal industry.

Weather Satellite Life, Property Saver

WASHINGTON (UPI) — F. W. Reichelderfer, the nation's top weatherman, has told Congress that storm-spotting Tiroso satellites have saved many lives and a billion dollars yearly in property loss.

At the same time, Taylor said Phillips is liable for tonnage royalties on coal mined by the company from April 1955 through December 1958.

At the same time, Taylor said Phillips is liable for tonnage royalties on coal mined by the company from April 1955 through December 1958.

Local Church Holding Revival

Daily Revival Services, which began last Sunday, are underway at the Apostolic United Pentecostal Church, 2502 S. Sanford Ave., according to an announcement from the pastor, Rev. Wilbur E. King.

Evangelist Lynwood Dyches of Orlando is speaker for each day's service which begins at 7:30 p. m. and each program includes special music, prayer for the sick and timely messages, King reported.

The congregation has issued invitation to the public to join church members and friends for these special services.

Ranger Satellite Launching Postponed For Fourth Time

CAPE CANAVERAL (UPI) — The scheduled launching of a Ranger I deep space satellite aboard a portable launching platform was postponed again today for the fourth time.

The Ranger program is a series of tests to determine how equipment to be used to take instruments to the moon and for deep planetary exploration respond to the forces in space.

The Ranger, which was shrouded atop the Agena second section to protect it from forces in the earth's atmosphere, was to be ejected at a speed of 23,650 miles an hour when the Agena reached a point over Ascension Island after a long orbital glide.

Tobacco Prices Jumping To New Records

VALDOSTA, Ga. (UPI) — The Georgia-Florida flue-cured tobacco market apparently jumped ahead to a record Monday as prices on primings moved ahead \$1-\$3 per hundred and nondescript gained \$3-\$4 over last Friday.

Miss Joan Weinmann Marries William Thomas Owens Jr.

Miss Joan Weinmann became the bride of William Thomas Owens Jr. in a ceremony at 7 p.m. June 2 at the First Church of the Nazarene in Sanford.

The bride is the daughter of Mr. and Mrs. Raymond Weinmann, 607 West 24th Street, Sanford and the groom is the son of Mr. and Mrs. William Thomas Owens Sr., of Louisville, Ky.

Rev. I. W. Justice officiated at the candlelight, double ring ceremony, assisted by Rev. L. R. Rushton.

The Church was decorated with arrangements of gladioli, cypripediums, palms, fern and candelabra with lighted tapers.

Mrs. Lucille Morgan, organist, presented a program of wedding music and accompanied Rev. Robert H. Spear Jr., soloist, who sang "Because" and "The Lord's Prayer." Rev. Spear and Rev. Rushton are both former pastors of the church.

The bride, given in marriage by her father, wore a floor length gown of satin faced organza with fitted bodice designed with three-quarter length sleeves and Alencon lace accented with pearls and fringed encircling the gently scooped neckline.

Her veil of silk illusion was attached to a Queen's crown of crystal and pearls and she carried a crescent bouquet of white mums, carnations and baby's breath.

Miss Joyce Weinmann served her sister as maid of honor. She wore a pink street length dress and carried a crescent shaped bouquet of pink carnations and mums.

Serving as junior bridesmaids were Miss Violet Spivey and Miss Myrtle Weinmann, another sister of the bride. Miss Weinmann wore a pink street length dress and carried a bouquet of pink carnations and mums and Miss Spivey wore a blue dress, similar to the other junior attendant and carried a bouquet of blue carnations and mums.

Little Miss Billie Jean Penny, of Jacksonville, was flower girl. Raymond Weinman Jr., brother of the bride, was best man and

MR. and MRS. WILLIAM THOMAS OWENS JR.

serving as ushers were Asa Young and Joe Morgan.

The bride's mother chose a pink street length dress with matching accessories and white orchid corsage. The groom's mother wore a beige dress with lace bodice, pink accessories and a white orchid corsage.

Following the wedding ceremony, a reception was held in the Church Annex. White gladioli and cypripediums were used for decorations and refreshments served to friends, relatives and guests.

Later in the evening, a wedding dinner was given at the Sea Shell Restaurant. For traveling Mrs. Owens chose a light blue dress

with lace top and the corsage from her bridal bouquet.

The couple has returned from an extensive wedding trip to Clearwater, Kentucky and New Jersey and are residing at the Pine Grove Trailer Court in Fern Park.

Other out of town guests at the wedding included Mrs. Mae Alter, grandmother of the groom, from Louisville, Ky.; Mrs. Julius Thiesen, Mrs. Leonard Osterling, Mr. and Mrs. Garry Faber Wayne, all of Wayne, N. J.; Sharon Larsen, Miami; Mr. and Mrs. Allard Fry and Mrs. Fred Rogers, Tampa and relatives and friends from Winter Park, Mount Dora, Sorrento and other surrounding areas.

New WMS Circle Plans Installation Service Wednesday

The installation committee of the new WMS Circle of the Central Baptist Church met Friday at the home of Mrs. Evelyn Cox in Sunland Estates to plan a special program for installation of the Circle officers.

During the regular Prayer Service Hour at 8 p.m. Wednesday, the ceremonies will be conducted by candlelight immediately after Rev. Gail Smith, pastor of the church, gives the devotional.

A light refreshment course will be served in the church dining area following the installation service which is open to all members and friends.

To conclude the committee meeting Friday, the hostess served coffee and doughnuts to Mrs. Ruth Wilkinson, WMSU president; Mrs. Paulette White, circle mission chairman; Mrs. Anne Sordler, GA counselor; Mrs. Evelyn Cox, circle enrollment chairman and Mrs. Alice Smith, publicity chairman.

Clutters Honor Two Children With Party

Mr. and Mrs. Grant Clutter entertained in honor of their son and daughter who were celebrating their birthdays, Friday.

William was five years old and Cindy was celebrating her first birthday anniversary.

Guests were Buddy Parker Jr., Danny Wilson, Dennis Jones, Byron and Gail Hyatt, J. L. Allman Jr. and Rena Kilpatrick.

Also Mrs. Parker Wilson, Mrs. Trammel Kilpatrick, Mrs. J. L. Allman, Mrs. Vivien Allman and Paul Allman.

North Orlando

Personals

Mrs. William Skisak received word that she had become a great aunt for the first time. Her niece, Mrs. Jerry Bullen, of Greensboro, N. C. gave birth to a daughter, Gerry Ann.

Lynette Celebrates Eighth Birthday

Lynette Marcel, daughter of Mr. and Mrs. E. W. Marcel, celebrated her eighth birthday, recently, with a swimming party at her home on Brandt Lane.

A group of friends and play-

mates enjoyed swimming in the Marceles' private pool for about two hours in the afternoon. Several games were then played including pin the tail on the donkey, followed by refreshments of cake, ice cream, and candy.

Favors of hats and noisemakers were given to each guest upon arrival.

Those attending were Jenny Mills, Jimmy, Nancy and Ronny Cooke, Alfred and Shirley Greene, Joy Wilson, Pam Murphy, Patty

Pigott, the honoree and her sister and brothers, Tara, Glenn and Alden.

Out of town guests were Lynette's grandmother, Mrs. Alden Pyle, her aunt, Mrs. Jack Pyle and a cousin, Sherrill Pyle all from Maitland and another cousin, Richard Pyle, from Tampa.

PLAYMATES helping Lynette Marcel celebrate her eighth birthday with a swimming party are from left, Jimmy Cooke, Lynette, Alfred Greene, Ronny Cooke and Joy Wilson. Back row, Shirley Greene, Jenny Mills, Tara Marcel, sister of the honoree, and Nancy Cooke. (Herald Photo)

Baptist Church Host To Association Rally

The Seminole Baptist Association will hold a rally at the First Baptist Church, 319 Park Ave., Wednesday at 10 a.m.

A covered dish luncheon will be served at noon and conferences will be held during the day.

Rosalie Mills Appleby, a missionary to Brazil, will be the guest speaker. All members of the Women's Missionary Societies and youth organizations are urged to attend and visitors are welcome. There are 23 churches and three missions in the Seminole Baptist Association.

Marian Jones Recuperating In Winter Park

Friends of Marion R. Jones will be interested to know that she is recuperating from surgery in the Winter Park Memorial Hospital. Mrs. Jones, wife of J. B. Jones, Oviedo postmaster, is also correspondent for the Herald and an active member of church and civic organizations in Oviedo. She is in room 102A and enjoys cards and notes from her friends.

Osteen WSCS Host To Joint Meeting

The WSCS of the Osteen Methodist Church and the Stafford Memorial Church held a joint meeting at the Osteen church, Tuesday evening.

Mrs. D. A. Bruce had charge of the program. Those attending were Mrs. Bruce, Mrs. T. B. Lynch, Mrs. Vivien Allman, Mrs. Thomas Seagraves, Mrs. J. L. Allman and Mrs. Grant Clutter.

Personals

Mr. and Mrs. G. V. Jones and children, of Shreveport, La., are houseguests of Mrs. B. L. Perkins Sr., at her home on Magnolia Ave. They plan to be in Sanford about two weeks.

The handbag that "goes with everything" is yet to be fashioned. Recall: a handbag is a costume accessory as well as a necessity.

Enterprise Personals

By HELEN SNODGRASS

Houseguests at the home of Mr. and Mrs. Chester Henderson, last week, included a honeymoon couple, Mr. and Mrs. Andrew Ayiles, of Jacksonville and Mr. and Mrs. Charles Bish and children, of Hobart, Okla.

Mr. and Mrs. F. B. Harris of Winter Park were weekend guests of M. H. Ryan.

Mrs. Bud Williams (the former Joan Bayne) and six months old daughter, of Chattanooga, Tenn., are spending several days with Joan's parents, Mr. and Mrs. John Bayne, on Stone Island.

Mr. and Mrs. Harold Eberly and children and Mrs. Mabel Andrews have returned to their home in Neptune City after a ten day visit with Mr. and Mrs. Sidney Emanuel.

Recent dinner guests of Rev. and Mrs. Fred Foster were Mr. and Mrs. J. C. Ford of Port Orange.

Mr. and Mrs. Tom Magenhimer and daughter, Margaret, returned last week from a vacation in Alabama and Kentucky. The two boys, Charles and Jimmy, remained with grandparents in Montgomery for a longer visit.

Mr. and Mrs. Harold Sultz and daughter, Luella, have returned from a vacation at Daytona Beach.

Mr. and Mrs. Fay Lee recently enjoyed a vacation in Waynesville, N. C.

Mr. and Mrs. Earle Martin and his niece, of Orlando, were Sunday guests of Mrs. Jack Ryan.

Mr. and Mrs. L. M. Wright have returned from a vacation in North Carolina.

Mr. and Mrs. Bill Padgett and children have returned from a visit in North Carolina and are now spending a few days with friends in Fort Lauderdale and Sarasota.

Several Enterprise residents attended the funeral of Mrs. Nettie Copeland in Daytona Beach. They included Mr. and Mrs. Harvey L. Dunn, Mr. and Mrs. Warren Hise and children, Mrs. Rosa Lee Peterman, Mrs. Irene Jackman, Mrs. Bertha Hardin, Mr. and Mrs. Raymond Lawson and Rev. Fred Foster, who conducted the service.

The Key to your Opportunity

TO OWN YOUR OWN HOME!

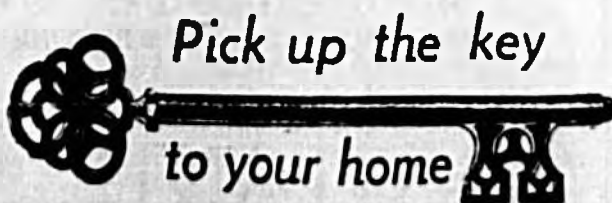

Tired of moving on short notice? Dissatisfied with high rents? Want to feel the security of your own home? I have the key that lets me help you unlock the door to a home of your own.

It is an open secret that VAH 13 will leave Sanford in early August. I certainly hate to see them go and I do wish each of them much success and happiness and hope that they will someday return to Sanford.

Many of those who are being transferred have requested me to assist them in selling their homes. In many instances beautiful 3 and 4 bedroom, 1 and 2 bath homes in subdivisions in all sections of Sanford can be bought for very small equities. A number of homes with monthly payments as low as \$75.00 a month and with as little as a \$250.00 down payment are available.

I want to do everything I can to assist these friends in selling their homes. I want the opportunity to show you these excellent home ownership opportunities. Rental rates on similar type homes in Sanford today are from \$100.00 to \$135.00 a month. I honestly believe that this is an excellent opportunity to help many of our fine Navy friends sell their homes and it is also an excellent opportunity for you to own a home. My interest is to help them and to help you.

I will be glad to discuss personally with you any of these home buying opportunities and take you and show you these homes—or, I will arrange an appointment for the homeowners to show you the homes because I am confident that you will agree that these are quality homes at prices you can afford. These homes range in price from \$8,200.00 at \$52.00 a month to \$19,500.00 at \$125.00 a month.

Call me any time—day or night. You will be doing me a favor because finding you a home is my business.

Everyone's Concern

The effective and judicious handling of money is the key—the necessity—of most of us. This is true whether it be applied to the individual, the family, the business or a political entity using so-called "public funds." The only one of these brackets that can continue to expand without having the revenue in sight (at least the only one about which we know) is the federal government. And there will be a day of reckoning at that level, too.

It is significant that on last Monday night in two adjoining counties in what is regarded as the Sunshine State's fastest growing area interested groups were pondering the spending for schools. In neighboring Orange County the layman curriculum committee of the school board was recommending to that body that the dollars they handle be spent for essentials in learning, the three R's and similar fundamentals. This committee believes that children should be taught to think, that a healthy curiosity should be aroused, thus encouraging the student to find out more about this intellectual field, that basic knowledge and skills should be the main teaching effort. And of course, our children should be taught about our great historic heritage and about the finest system of government in the world—the American system.

In Sanford the directors of the Seminole County Chamber of Commerce deliberated on the announced intention of the school board to add another mill of taxes this year—following recent additions—and the stated likely prospect of adding another mill each year for several to come.

These business men and women interested in the development of our county find that the "tax climate" of a community is one of the first considerations of any intelligent business man as he studies sites in which to locate an industry. Because of the economic boost given an area by incoming plants, they are greatly sought, competition for them is keen. Every advantage of our county is placed before these prospects with all the selling impetus that these C of C folks can muster.

You may be sure that they are vitally concerned about the tax picture—and all of us should be because of the many influences it has on us, and of which this one stressed by the C of C is but one.

These civic minded business folks feel that the school authorities should be more than passively interested, because it is the business establishments, industry, commercial interests that pay the large proportion of the taxes on which the schools operate. Homestead exemptions take many of the homes out of the tax picture and reduce others to relatively "small potatoes" compared to what is being collected.

So, the school funds can be adversely affected by these repeated millage increases. One, the tax climate can become so "unhealthy" for business that those we now have might move. Two, prospects who like many of our advantages for their businesses will not even come here. Thus, this potential revenue is lost. It works out that by keeping the tax picture favorable, the increase in industry can provide more funds for the schools—and much more business activity in all fields—than the repeated hikes in millage.

Taking the business men's viewpoint—since it is the way these people have to operate their business—they feel that the test of executive and administrative caliber is the ability to adjust the operation—either up or down—to meet anticipated revenues, to avoid or minimize debts, to effect operating economies, to use existing facilities to better advantage. These C of C directors believe in the business acumen of the members of the school board, and are confident that if they exert their talents to avoiding these tax increases, they can hold the line at the present mill levy and still have a sound educational system.

So, whether the topic is approached from the curriculum angle, the tax climate favorable for increasing industry and business or from the test of executive ability of our public administrators, the goal is the same—better schools, better educated children for the same money.

It is the responsibility not only of members of committees and of boards of directors, but of all of us as vitally concerned citizens to interest ourselves in this important phase of our lives. We find, on self examination, that we really don't know much about this school business. Do you?

Why not attend the school board meetings and learn as much as possible about this highly regarded branch of government to which you entrust the intellectual upbringing of your children. Also a heap of your tax dollars!

"—But Rock, There's So Little Water in Arizona"

From Rome

Henry McLemore

ROME, Italy — There are only two things a man can be certain of finding in a newspaper every day. Any newspaper.

One is the weather report. No matter where you are some paper will let you know how hot it is in Berlin, Bangkok, New York, Manila, London and Sydney, and will set you straight on the humidity in such places as Port Said, Jerusalem and Anchorage.

The other sure-fire item, one which is a must in newspaper offices round the world, is a story about the State Department of the United States.

The stories vary, but they are always there. More words have been written about the Department of State than any other subject on earth. Lincoln, dogs and religion are poor seconds. If the stories have a main

theme—whether in newspaper in Italy, England, India or Africa—it is the inefficiency of the State Department. Not being a statesman, I have no idea whether our State Department is good or bad, but it really gets belted in every latitude and every longitude.

John Foster Dulles was hit over the head by every editorial writer on earth, not once but a hundred times. When he passed on, and Christian Herter took the job, the pounding continued without let-up.

Then came the New Frontier and the giant Georgian—Dean Rusk. The blows started to rain on his head and show no sign of stopping.

The No. 1 man in the State Department is not the only one to get worked over. His assistants are not overlooked.

Adlai Stevenson was the first to get a good going over. I have read a hundred stories predicting his dismissal, and now it's Chester Bowles who is being pulled back and forth across the coals. In the past few days I have read, in English, French, and Italian papers, that Mr. Bowles is on his way out, or will be kicked upstairs, is unpopular with the President, is a dreamer, is a schemer and a failure.

No one ever has a good word for the Department of State. Why? Other State Department's don't seem to get abuse 24 hours a day. Even the Russian policy makers are praised for initiative, sound planning, and wise (for their own good) decisions. But not the U. S. world thinkers.

To read the stories about it, one gets the impression that our State Department lacks organization, planning, sense, direction, policy, and all the other requirements necessary to the successful carrying out of a world plan.

It would be a pleasure, as well as a surprise, to read just one story, in one newspaper, praising our Secretary of State for wisdom, and giving him high marks for the conduct of the men under his direction.

In half the stories the President is given a whipping. He is blamed for running things with too high a hand, or ignoring the advice of his advisors, or not even seeking their advice.

Whatever the cause, the world looks on the U. S. Department of State as a weak sister. One has only to read the foreign papers to learn this.

Has it always been this way? Was there never a time when the Department of State was considered strong, wise, and able?

Peter Edson's Political Notebook

WASHINGTON (NEA) — The United States pays its respects to the largest and one of the most promising of all the new African nations in the official visit of state to this country by Alhaji, the Honorable Sir Abubakar Tafawa Balewa, Knight Commander of the British Empire, Member of Parliament and now prime minister of the Federation of Nigeria.

Nigeria is a country of 40 million people, about the size of New England and Texas together, just above the equator on Africa's torrid west coast. But the differences between the development of Nigeria and the Congo are so marked as to make it difficult to find both products of colonialism. Abubakar heads a delegation of 10 officials of his government who will be in the United States until Aug. 1. He'll be President Kennedy's Blair House guest for three days. After that he will visit Chicago, the Tennessee valley and make a pilgrimage to Gettysburg—to pay his respects to Abraham Lincoln, who is one of his heroes.

The prime minister's interest in TVA is that Nigeria has a dam and valley development project on the Niger River, for which it is seeking \$10 million financing. No commitments have been given, but the whole project has been found feasible by World Bank and U. S. and British governments.

In fact, the whole Nigerian economy is considered a prime prospect for long-term development loans under the new Kennedy foreign aid program, if it is approved by Congress.

U. S. aid to Nigeria is currently running \$14 million a year, an increase from \$3.5 million in 1960. But it is almost certain to increase next year in three principal fields—education, agricultural research and industry.

The United States is now assisting in the development of the new University of Nigeria, modeled after an American land grant college. Harvard University has just opened a training program for 45 secondary school teachers who will go to Nigeria (this fall under the Peace Corps program).

Arnold Rivkin of Massachusetts Institute of Technology recently completed a study of Nigeria's seven year plan, begun when it was still a British dependency. The country became independent last October but remains in the Commonwealth. Rivkin will return to Nigeria soon to help in completion of its new five year plan, which will be launched next spring.

U. S.-Nigerian trade—about \$20 million last year—is picking up rapidly since Nigeria removed restrictions on dollar imports. There is a U. S.-Nigerian chamber of commerce in New York. Chase-Manhattan and Bank of America have branches in Nigeria. Following Shell's discovery of oil in southern Nigeria, four major American producers are moving in.

Currently, the major U. S. aid projects are for port construction in Lagos, the capital, and railroad development to the interior.

The thing that distinguishes Nigeria most, however, is its stable government. It has a British-trained civil service and effective, democratic national and local administration. And the Nigerian government, which is a federation of three states, is considered by its neighbors as a logical center for the ultimate growth of Pan-African unity, though Nigeria has

not assumed the leadership of this movement.

Abubakar himself is something of a phenomenon among African leaders. Born in northern Nigeria of humble parents, he is a devout Moslem who has made his pilgrimages to Mecca. He was educated in native schools and became a teacher, with one year's graduate study in London.

He got into politics when he was 24, first as a local legislator, then as a member of Parliament and finally as a Cabinet member. He became prime minister four years ago and, after the 1959 elections, formed a coalition government.

He speaks English perfectly, with a British accent, of course, and is considered a quiet but effective orator. He has visited the United States twice before. Last year he appeared before the UN when Nigeria was admitted to membership.

In 1955 he made a transport study of the Ohio-Mississippi River and was made an honorary citizen of New Orleans. In a Memphis hotel room one night, he realized the strength of the United States, in spite of its many diversities, and decided to work for the unity of Nigeria's 400 tribes and their independence as a nation.

Letters

To The Editor

To the Editor:

I wholeheartedly share Mr. S. F. Simpson's views regarding the Chamber of Commerce. I am surprised that they ask for political money.

The Chamber presumably is an association of business men working together to further their own interests. The taxpayers have no control whatsoever over its policies, and my experience has been that it benefits generally only a selected few of its own members.

Why not employ an experienced, qualified man—one who is already a proven success—as an industry and payroll getter? His would be a definite one-objective job and he would be responsible to either the City and the County Commissioners or to both. He could act as a liaison between the Commissioners and all other groups who have something to offer; Chamber of Commerce, real estate brokers, bankers, and all business men whose services might be helpful in bringing business into the community. \$30,000 would go a long way toward this endeavor.

The Chamber of Commerce could contribute much to the community. I agree with Mr. Simpson—the business men should pay their own way.

Florence Harris (Ed. Note: We don't see anything political about men working to bring new industry here.)

Indian Maidens Go On Warpath
PHOENIX, Ariz (UPI)—There once were some Indian maids, apparently unrelated to Pocahontas, who were arrested on suspicion of aggravated assault, armed robbery and grand theft.

The girls—two Apaches, a Pima and a Hopi from the Ft. McDowell reservation northeast of here—will be arraigned on the charges today, according to the Maricopa County sheriff's department.

The story of the Battle of Gualupe started Friday night in a Phoenix firewater dispensary, where Raymond Bacus, 49, and Edward Jini, 50, both of Phoenix, met the women, Gloria, Bonnie, Quasada, Fayerece Talkatewa and Ebbelyn Wilk.

The men, according to deputies, agreed to drive the maidens to the desert near the aged Yaqui Indian village of Gualupe, south-east of here.

Bacus stopped his car and the female warriors used tire irons, wrenches and other tools to create scratches and other tools to set fire.

Hospital attendants said later the two men were "just about scalped."

The men told investigators the girls stole their wallets, their watches and Bacus' English-model station wagon and left them bleeding on the desert.

Eviction Move
BERLIN (UPI)—The East German Communists disclosed today they have started evicting from their homes East Berliners who work in West Berlin.

actor's Will
LOS ANGELES (UPI)—The will of the late actor Jeff Chandler was admitted to probate Thursday without contest. The June 9, 1953, will left his \$63,000 estate in trust for his daughters, Jamie, 14 and Dana, 11.

14 Set For State Meet

Fourteen swimmers of the Seminole Swim Assn. will compete in the Florida AAU state meet at Clearwater Aug. 11-12. Coach John Colbert reported after the District 2 trials at Mt. Dora.

Qualifying posts in the state meet go to the first six places in district competition in individual events and the first four places in the relays.

Seminole swimmers and their places in the district meet are as follows:

Girls, 10 and under: 100 yd. medley, Simas, Portewig, James, May, sixth; 100 yd. free style relay, same team, sixth; 50 yd. free style, Nancy May, third.

Girls, 11-12: 50 yd. free style, Maureen Scott, fifth.

Boys, 11-12: 200 yd. medley relay, Ganas, Winn, Richards, Davies, fifth; 200 yd. free style relay, same team, fourth; 50 yd. free style, Greg Ganas, fourth; 50 yd. breaststroke, Greg Ganas, seventh; 100 yd. free style, Greg Ganas, third.

Girls, 13-14: 200 yd. medley relay, Westgate, Johnson,

Richards, May, fifth; 50 yd. free style, Sandy Richards, eighth; 100 yd. backstroke, Nancy Johnson, third, Sandy Richards, fourth; 100 yd. free style, Nancy Johnson, second; Sandy Richards, fifth; 200 yd. free style, Nancy Johnson, third; 200 yd. free style relay, Westgate, Johnson, Richards, May, fifth.

Boys, 15-16: 200 yd. medley relay, Mayer, Stephens, Davies, Ownby, third; 200 yd. free style relay, same team, third; 50 yd. free style, Tom Ownby, fifth, Billy Stephens, sixth; 100 yd. backstroke, B. Stephens, fifth; 100 yd. free style, Richard Mayer, sixth; 200 yd. free style, Tom Ownby, second, Flynn Davies, third.

The Seminole team's divers won these places in last Thursday's District 2 Junior Olympic diving contests at Ocala:

Girls, 15-16: Three meter, Gayle Woodward, third; one meter, Gayle Woodward, third.

Boys, 11-12: One meter, David Richards, second, Buster Bruce, third.

Two-A-Year All-Star Tilt At An End?

BOSTON (UPI) — The 1-1 rain-soaked tie in 1961's second All-Star Game may have sounded the death knell for the two-year inter-league games program started three years ago.

Everyone, it seems, is against two games a year except the players. They proposed the second game and insisted that two be played each year in order to enrich their pension fund.

But there were indications they were coming around to the thinking of Baseball Commissioner Ford Frick and the club owners that fans will lose interest if two All-Star Games are played each season.

The players voted, 308-34, last spring to continue the two-a-year program and the player representatives are meeting today to decide whether to go back to the one-a-season game.

"They now have enough money in their pension fund," said Frank Scott, agent for the players. Scott refused to predict what the players would recommend but several of them have changed their minds since last spring and it may be that the unsatisfactory finish of Monday's game might be the factor that will turn the players against the present format.

Actually, no one, especially the 31,831 fans in Fenway Park, liked the final outcome. Some were critical of the umpires in waiting less than a half-hour before calling the game. But Frick had instructed them not to wait more than 30 minutes and not to reschedule play if the field were soft.

"I told them I didn't want to risk injuries to the players because of poor playing conditions," Frick said.

Both Danny Murtaugh, manager of the National League, and Paul Richards of the American League professed satisfaction with the tie.

"We played 19 innings and there was only one run difference," pointed out Richards. His squad was beaten, 5-4, in 10 innings in the first game in San Francisco on July 11.

"I'm mighty pleased with my team," said Murtaugh, refusing to single out any player for praise.

But the player who preserved the tie for his team was Stu Miller, the junk-all right-hander of the San Francisco Giants, who was winning hurler in the first All-Star Game.

This time it looked like he was going to be the loser, for Al Kaline of the Tigers opened the bottom of the ninth with a single as the rain, which had started falling in the eighth inning, came down harder and harder.

Miller struck out New York Yankee slugger Mickey Mantle and while pitching to another Yankee hitting star, Elston Howard, Kaline stole second.

Unperturbed, Miller, with his

January lost the playoff on the last green. He drove into a trap, then hit a trap with his second. But he missed a 10-foot putt for a par which would have extended the match.

Barber, also in a trap with his drive, said the match turned on his shot from the sand. "It was 183 yards from the back edge of that trap to the center of the green," he said.

He used a three iron, picked the shot off cleanly, and it stopped 18 feet from the flag. He got down in two easily, for victory.

The win gave Barber official earnings of \$17,376 this year with his eighth tournament triumph in 12 years as a pro.

January, 31, won second money of \$3,500 to increase his earnings this year to \$21,028. He has won three tournaments in five years as a pro.

Barber Earns 'Top' Paycheck

CHICAGO (UPI) — A "faders" golfer course with "honest" greens meant the biggest paycheck of his career for affable Jerry Barber.

Barber, a mile of a player 5 feet 3 inches tall and 125 pounds became the oldest PGA champion ever Monday when he defeated Don January by one stroke, 87 to 88, in an 18-hole playoff on the North Course of Olympia Fields Country Club.

The result, coming because Barber knocked three strokes off par on the last seven holes to overcome a two-stroke deficit, gave the 45-year-old Los Angeles pro, father of five children, his biggest payday, a berth on the Ryder Cup team, and untold dollars from future exhibitions as a champion.

"This was a faders' golf course," he said. "That's why a lot of your big name players didn't do well. They all hook. I looked at it when I first got here, and hookers can't play well on it. It might have looked like I sliced. Well, I did some, but a lot of them were faders, the kind of shots you need to win on this course."

"Then the greens were honest. They weren't dishonest, like a lot of those we play. They aren't fast or slow, but they play honest. If it looks like the ball will break to the left, it will break to the left. If it looks like it'll break to the right, it breaks to the right."

Barber's victory was one of the greatest comebacks of golf. He trailed January by four strokes with three holes to play in the final round and made it up.

Miller Proves All-Star Hero

BOSTON (UPI) — Slow-baller Stu Miller made a "joke" of the second All-Star Game although it was no laughing matter for dejected Luis Aparicio.

There was no decision in Monday's rain-called 1-1 tie between the National and American leagues. No official one, that is.

But unofficially, Miller won all the bouquets as the hero of the game while Aparicio inherited all the brickbats as the goat.

Miller, the San Francisco reliever who was credited with the first All-Star Game victory of the season on July 11, dealt up his customary assortment of junk during his three inning stint Monday. He served up slow curves, change-ups and what not, fanning five AL hitters, including three: Mickey Mantle, Elston Howard and pinch hitter Roy Sievers — with the potential winning run on base in the ninth.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: This is not a personal problem, but a public one. What do you think should be done about the present trend of make-up and attire for our adolescent girls?

DEAR NO: Men who were really successful with the ladies do not feel the need to boast about it. Tell your husband you would rather not hear about his escapades, and don't make up any whoppers as top-pers.

DEAR ABBY: This afternoon I attended a bridal shower. Each guest brought a gift for the bride. The afternoon was spent in playing bridge. I won the prize, which was a lovely pair of tea towels. Naturally, I was delighted.

MRS. CITIZEN: Unless these girls sneak out of their homes in such get-ups, the blame should be placed squarely on the shoulders of their mothers, who in their "encouraging" manner make their daughters "popular" and "happy" encourage them to appear 20 when they are only 15. This is a matter for parental discipline, not law.

DEAR ABBY: This may seem crazy to you, but it hurts me very much. My husband keeps telling me about the many love affairs he had with other girls before he met me. I think the past should be forgotten. But I would like to teach him a lesson. I don't have any past to talk about, but do you think if I made up a few stories as good as his it would shut him up?

DEAR FLABBERGASTED: In a few isolated communities this is indeed the "custom." But it doesn't make much sense to me either.

Everybody has a problem. What's yours? For a personal reply, write to Abby in care of this paper. Enclose a stamped, self-addressed envelope.

For Abby's booklet, "How To Have A Lovely Wedding," send 50c to Abby, Box 3365, Beverly Hills, Calif.

NO PAST

We The Women: By Ruth Millet

A retired doctor has written a book for men with the other frightening title, "Life With Women and How to Survive It."

She would really rather follow the leader than lead. Three: Women not only like to talk, they HAVE to talk. Therefore, nothing is so frustrating to a woman as having a husband who won't talk to her.

and you'll soon be a henpecked husband. Six: Women hate being taken for granted. So keep the soft soap handy all the days of your married life.

Jacoby On Bridge By Oswald Jacoby

The first rule about a strength showing discard is to discard the highest card that you can spare, but never to waste a valuable card as a signal.

At this point all East had to do to insure a heart continuation was to play the three spot. West would not be sure that it was a come-on, but he would have no reason to try to find a better suit to lead. After all East had bid one heart.

DOROTHY COULTER of Kansas City, Mo., looks as if she may be doing a swimming exercise. Actually, the new Metropolitan Opera soprano is doing a "singing" exercise. The diaphragm exercise points out that there is more to singing than singing.

Movies Up In Air Over People

HOLLYWOOD —(NEA)— The wheels on the big intercontinental Boeing 707 TWA (This Wonderful Age) jet came up just as the Cinemascope screen came down. The world premiere of Inflight Motion Pictures was airborne—and let it be said we at least beat the Russians at putting Gina Lollobrigida into the jet streams enclosed in a can of film.

Los Angeles International Airport fopped in the distance and our eyes faded along with our ears. We were 29,000 feet over Santa Barbara, 100 miles to the north, before it became obvious that Gina loved Rock Hudson. Thirty minutes later, over San Francisco, we couldn't tell for sure about Rock. Seattle whizzed by and so did Bobby Darin in a jeep. After looking down 35,000 feet at Boise, Idaho, we looked up and Gina was giving Rock a bad time. Rock Springs, Wyo., proved Rock was on the right track, but there were complications to the romance over Salt Lake City. The first clue to the happy ending of "Come September" came over Las Vegas.

The showing of movies as the latest development in jet air travel was no experiment. Only July 19, Inflight Motion Picture service began on TWA's transcontinental jet flights. In August, the service will include TWA flights to London, Paris, Madrid and Rome.

Our preview of the system—a 16MM projector and 235-foot screen lowered from the plane's ceiling with individually adjusted sound earphones — was A.O.K. Perfect projection, sound and color. Movies may not be better than ever, but they are going higher than ever. David Flexer, president of Inflight, reports that 150 U.S. and foreign airline planes will be equipped, at \$25,000 each, by next spring.

Flexer, a film distributor and exhibitor of Memphis, Tenn., spent three years on perfection of the idea for Inflight. He preside movies leased to "flying theaters" eventually can gross from \$8 to \$10 million a year. The system is no break, however, for actors. The high-flying jet freed from heavy air friction, was of no help to Rock Hudson's pleasant but wooden acting style. We already can hear some agent greeting an actor client at the L.A. airport: Agent: "Any tense moments?" Actor: "Just when I bought my ticket in New York. For a moment I thought I might have to see one of my own movies."

"Come September," filmed in Italy with Hudson, Gina, Bobby Darin and Sandra Dee, might calling her name. Naturally, a few days later, she meets the guy and we're off on another weird adventure based, supposedly, on facts. 10 p. m. ABC. Jack Paar Show — Interesting trio on view tonight as actress Eddie Adams, comedy writer Abe Burrows and comic Jack E. Leonard. (Color). 11:15 p. m. NBC.

Popular Music Comes From Hymns

HOLLYWOOD, (UPI) — Recording star Sam Cooke, who started singing in his father's church in Chicago, thinks today's popular music is an outgrowth of gospel hymns. "The big difference between gospel songs and traditional hymns is the emphasis on a more rhythmic beat," Cooke said. "This same beat is carried into today's popular music."

Television Liston Dropped From Ratings

PROVIDENCE, R. I. (UPI) — Sonny Liston, top heavyweight contender, was dropped completely out of the National Boxing Association's ratings today and was replaced at the No. 1 position by Henry Cooper of England. Liston of Philadelphia was eliminated because of his indefinite suspension on July 15 by the Pennsylvania State Athletic Commission for two brushes with the law—an arrest for loitering and an arrest for stopping a woman's automobile while allegedly impersonating a policeman. Tony Petronella, chairman of the NBA rating committee, said, "Liston will be returned to the ratings if and when he is reinstated in Pennsylvania."

Cotton Purchase Down Over Year

WASHINGTON (UPI)—The Agriculture Department today estimated cotton consumption in the United States during the 1961-62 marketing year at 14.5 million bales, slightly less than in 1960-61. Larger mill consumption is expected, but exports probably will be smaller, the department said in a review of the cotton situation. Mill consumption during the 1961-62 season, beginning today, probably will be about 8.78 million bales compared with the estimated 8.2 million bales in this season. The department said an increase in mill consumption was indicated by rising consumer income and a moderate decline in the ratio of stocks to unfilled orders for cotton broadweave goods at mills during the past few months. Cotton experts in 1961-62 may fall about 850,000 bales below the fall about 850,000 bales below the estimated total of 6.6 million for this year, the department said. Early season estimates indicate production and consumption in the foreign free world in 1961-62 will be at about the 1960-61 levels.

Twins Purchase First Sacker

DETROIT (UPI) — The Minnesota Twins announced today they have purchased the contract of Joe Altobelli from Syracuse of the International League and optioned outfielder Dan Dobbek to the same Triple A club. Altobelli, 29, had trials with the Cleveland Indians in 1955 and in 1957. This year at Syracuse the left-handed first baseman and outfielder hit .269 in 91 games, had 9 homers and batted in 44 runs. The Twins intend to use him primarily as a pinch-hitter.

Sanford Man Serving As Visiting Teacher

JACKSON, Miss. — Genn J. Wimbish, of Sanford, Florida, is serving as visiting assistant professor of mathematics during the summer session at Millsaps College in Jackson. Wimbish, who received his Bachelor of Arts degree from Millsaps in 1937 and his Master of Arts degree from the University of Mississippi in 1938, is a member of the faculty at Louisiana College in Pineville, Louisiana. He was a graduate assistant at the University of Mississippi while pursuing his Master's degree studies.

Gloria Accardi Picks Off 4-6 Split

Split-converting highlighted the league play of the Thursday Night Mixed group this week: 15 players boosted their scores by picking up splits with their second ball, some of them very difficult. Gloria Accardi was the envy of the league when she made the all but impossible pick-up of the 4-6 split. Powell's is in first place and DeBary holds second, with Steinmeyer Roofing in third. Fourth place is held by Pryor's with Appleby's Union Park Pharmacy, Sanford Mig. and Piero's in order. Dot Powell led the league with a 557 and 10 other league members made scores over the 500 mark.

TREND ON THE ROCKS

Highlights TV Key Previews

Tuesday's top television show as previewed and selected by TV Key's staff of experts who attend rehearsals, watch screenings, and analyze scripts in New York and Hollywood: Rifleman. — "Miss Bertie." (Repeat) Agnes Moorehead plays a new type of bounty hunter—a lonely old lady-out to do a bad man a favor by turning him in and using the money to put herself in a nice home. It's played with a very light touch, but the basic idea is better than the result. 8 p. m. ABC. Playhouse 90. — "Target for Three." (Repeat) A good cast headed by Ricardo Montalban, George Scott and Pedro Armendariz, tangles with a tale (Vintage 1939) about rebels in a Latin American country out to murder a no-good president. Writer David Davidson's message, that neither side can qualify since victors and predecessors use the same slogans when in power, comes through in talky measure. Appropriate horrors committed by each illustrate his point. 9:30 p. m. CBS. Alcoa Presents. — "To Know The End." (Repeat) A lovely performance by a relative newcomer, Elen Willard, turns this vignette into an absorbing show. Miss Willard imagines she sees an English officer dying in battle and

Protests Hit ICC On Grain Rates

WASHINGTON (UPI) — The Southern Railway proposal to cut rates on grain shipped from the Midwest to Southeastern States has raised a storm of protest to the Interstate Commerce Commission.

The ICC has received some 70 protests from the barge lines, grain producers, millers and shippers on the rate reduction Southern proposes to put into effect Aug. 10.

They have asked the ICC to suspend and investigate the rate cut Southern offered on multiple

freight car shipments of grain from St. Louis, Louisville, Cincinnati and Memphis to 27 destinations in the chicken-raising areas of Alabama, Louisiana, Georgia, North Carolina, South Carolina and Tennessee.

The ICC board of suspension can either suspend the rates or permit them to go into effect. Normally, the board considers proposed freight rate changes a few days before their scheduled effective date.

Southern asked the ICC to sanction the rate reduction shortly after the collapse of the Wheeler

Dam navigation lock on the Tennessee River, which brought to a virtual halt the waterborne movement of feed grains from the Midwest to the Southeast.

The Louisville & Nashville Railroad has proposed similar cuts on large grain shipments and the Illinois Central has served notice it intends to follow suit.

The American Waterways Operators Ind. has protested to the ICC that barge lines carrying grain from the Midwest to Southeast points "would be faced with certain and inevitable destruction" if the rates go into effect.

It said the proposed rates would be a "violent disruption of the present rate structure" on which barge lines rely to compete effectively with the railroads in transporting grain over that route.

The Indianapolis Board of Trade, the Merchants Exchange of St. Louis, Ralston Purina, Allied Mills, farm organizations, truckers and numerous small independent millers and grain shippers also have voiced objections.

They argue that the small shipper would be at a great disadvantage because it would not af-

ford large enough shipments to take advantage of the multiple-car rates.

Southern Railway would use lightweight aluminum hopper cars capable of carrying loads of 80,000 pounds.

The reduced rates would apply to grain shipped in quantities of 5, 10 and 20 cars with the minimum weight of 100,000 pounds per car.

The waterways operators said that grain shipped from St. Louis in 20-car lots would cost \$2.50 per ton? A small dealer, paying a single car rate, would be charged \$8.50 per ton.

Local USDA Calls For Nominations

The local office of the U.S. Department of Agriculture has made public the following announcement:

"Public notice of the right to make nominations for petition membership on the county agricultural stabilization and conservation committee of the USDA, committee in Seminole County, Florida."

According to Homer Eblard, county office manager for ASC, USDA committee:

"and committee being comprised of the following members, Chairman, Charles S. Lee; Vice-Chairman, Fred A. Dyson and regular member, Henry Secumacher."

The committee wishes to announce the forthcoming mail election to determine membership of this committee which has supervisory of the various agricultural programs as prescribed by USDA.

Petitions signed by ten or more eligible voters nominating eligible persons for possible election to said committee will be included in list of nominees, if received no later than August 15th, if determined to be eligible.

Any such nominees if found eligible will be notified of same and given the right of appeal any time prior to August 15th, final date for competing state of nominees.

The present county committee may make such additional nominations as it determines desirable.

Any nominations as outlined above should be submitted to this office in the courthouse of Sanford by the above named date.

The committee states that this notice is being published in local paper and posted on the public billboard in the Seminole County courthouse.

Sanford Doctor Retires As ACL Surgeon

Dr. J. C. Buntin of Sanford, who has served as chief surgeon for the Atlantic Coast Line Railroad for the past five years was officially retired from his post Thursday with severance pay.

Prior to accepting the position as head of the ACL's hospital and medical service, Dr. Buntin was chief surgeon for the DuPont Company at their construction of the Savannah River Bomb Plant.

During this time, the doctor was able to carry out a long-held theory of saving fingers lost in accidents and was 90 percent successful in replacing fingers.

He attributes the success of the experiment to "patience, mainly" in instances where quick and final amputation would have been the normal case.

Dr. Buntin has written a published treatise on the "Traumatic Amputation of Fingers" and illustrated it with photographs of case histories. He carefully detailed explanations of methods and medicines used show how otherwise lost fingers can be saved.

A graduate of Northwestern University, Dr. Buntin is a Fellow of the American College of Surgeons and a Certified Fellow in the International College of Surgeons. He is a former president of the Association of American Physicians and Surgeons.

He is also a past Governor of the Rocky Mt. District of Kiwanis and a former International Chairman of Kiwanis.

Dr. Buntin operated a private hospital in August, Kansas for many years and was in private practice in Cheyenne, Wyoming. During WWI, he served with the famed 35th Division of the Kansas, Missouri National Guard.

Questioned as to his plans for the future, Dr. Buntin said, "I'm just going to hibernate here at Jo Sa Tishatchee and raise orchids."

Dr. Buntin and his wife, Sarah, live at Lemon Bluff with their daughter, Judy, 13, who will be a junior at Seminole High School next year. Their son Richard, 21, USN is stationed aboard the USS Essex.

President Steps In, Gets Sick

WEST PALM BEACH (UPI) — Gene Zeman, an incurably ill Korean War veteran, was back in West Palm Beach today with his expectant wife—thanks to the intervention of President John F. Kennedy.

Zeman, 38, is ill with a malady which has enlarged his spinal column, paralyzing him, and is spreading. Doctors at Mayo Clinic in Rochester, Minn., told his parents, "there is nothing more to be done."

Zeman and his family are almost destitute. The young veteran found himself unable to get home from Minnesota after diagnosis at the clinic.

Bob Stuart, a reporter for the Palm Beach Post who was familiar with the case, telephoned the president at his home in Hyannis Port, Mass., to speed Zeman's trip back here.

"After some time," Stuart said, "a man answered and said, 'could you hold the line for just a moment, Mr. Stuart?' and I said, 'yes Mr. President, I'll do that, I knew who it was right away. After that it was easy.'"

No Results

Bids for new furnishings for the Hopper Academy, Lyman, Hopper and Seminole High gyms were studied by the county school board Monday, with incomplete results at this time.

Bids for Hopper school room furniture were opened and it was decided to accept the lowest bid in each category, if they met the specifications.

Some confusion as to specifications on bleachers caused decisions on these items to be postponed for clarification.

Bids on furnishing tests for school children were accepted at \$1,613.60, approximately \$160 more than last year, due to the increase in the number of children.

German Girl New Exchange Student

Brown-haired, brown-eyed Doerte Demtroeder, 16 years old, is the new Kiwanis exchange student, who arrived in Sanford last week and is presently the guest of Dr. and Mrs. John Wilson and their daughter Bonnie, at their home on Silver Lake.

Doerte, the German spelling of Dorothy, will be a senior at Seminole High School this year, but the former Finnish exchange student, Peter Kurkiarvi, who graduated last year, will have to return to school for another year when she returns to Germany.

This is because of the difference in the educational standards here. In West Germany, Doerte lives with her mother, a retired lab secretary and her grandmother. Her hobbies are reading and "sometimes playing the piano."

There were 60 students in her city who applied for the exchange student program, of which nine were accepted. All came to the U.S. by plane, except Doerte, who traveled via ship.

Doerte has begun to get acquainted in Sanford through her attendance with the Wilsons at the First Presbyterian Church. With her excellent English and ready smile, she has already become a lovely addition to the community.

In September, she will go to stay with the family of Rear Adm. (ret.) Robert Jackson and his family at Lake Mary.

Laos Conference Shelves Foreign Troop Withdrawal

GENEVA (UPI) — The Communists vainly tried today to railroad through the 14-nation Laos conference a Soviet-proposed blanket call for unconditional withdrawal of all foreign troops from Laos.

After debate of an article in the Laotian neutrality declaration that foreshadowed critical East-West disputes in future negotiating, the conference shelved the issue.

It was the second article passed over in as many conference sessions. At Friday's meeting a sharp clash over SEATO showed no agreement could be reached on an article covering Laos' relationship with foreign alliances.

Some rightwing members of Macmillan's own Conservative party joined the opposition in jerking the announcement.

Macmillan's statement meant Britain might abandon her traditional policy of staying aloof from permanent European continental alliances.

Rightwingers fear British membership in the common market might harm Britain's traditional relationships with the commonwealth nations, hurt British agriculture and lead to surrender of some British sovereignty.

Court Test Nears On Redistricting

DELAND (UPI)—A court test of the congressional redistricting plan passed by the 1961 legislature appeared to be in the works today.

Arnold Lund, a Republican who made an unsuccessful race for congress against Rep. A. S. Herlong Jr. in 1956, filed a lawsuit in Volusia County Circuit Court last week challenging the constitutionality of the redistricting. Lund's suit seeks to stop county and state officials from spending any money to get ready for next year's congressional elections.

Lund said the legislature's plan ignored the constitutional provision that congressional districts "shall be as nearly equitable in population as practical." He cited the populations of the Fifth District, 377,421; the sixth, 660,315; and the ninth, 237,335, as evidence that the division of the new districts is inequitable.

Britain To Apply For Market Spot

LONDON (UPI) — Prime Minister Harold Macmillan today announced Britain is applying for membership in the six-nation European Common Market.

Opposition Labor party members interrupted his announcement with thunderous cries of "shame . . . shame . . . shame."

Some rightwing members of Macmillan's own Conservative party joined the opposition in jerking the announcement.

Macmillan's statement meant Britain might abandon her traditional policy of staying aloof from permanent European continental alliances.

Rightwingers fear British membership in the common market might harm Britain's traditional relationships with the commonwealth nations, hurt British agriculture and lead to surrender of some British sovereignty.

Polio Cases At Record Low

ATLANTA (UPI) — Polio cases, down 65 per cent last week from the previous week, continue "at a record low level," the U. S. Communicable Disease Center reported today.

The report said 11 polio cases, six of them paralytic, were reported during the week ending July 22. Twenty-eight cases were recorded the previous week.

NUTS ON SHELLING

NEW YORK (UPI) — A shift in consumer buying has placed a great deal of emphasis on shelled nuts. It seems no one cares to shell nuts. Look, for example, what's happened to almonds. Currently 90 per cent of the almond crop is shelled before it goes to market. Twenty years ago, reports the California Foods Research Institute, the opposite was true, with only 10 per cent shelled.

EDUCATIONAL IDEAL

SANTA BARBARA, Calif. (UPI) — The ideal university would provide for every student to live alone, believes Samuel B. Gould, chancellor at the University of California, Santa Barbara. This would guarantee that after all of the student's gregarious urges were fulfilled, there would be a place to which he could retire and be alone with his thoughts, his books and his dreams," he said. This would allow creative ideas to be pursued without interruption, he added.

Two Scouts Obtain High 'Life' Ranking

The rank of Life Scout was obtained recently by two members of Boy Scout Troop 501, sponsored by the Holy Cross Episcopal Church.

The two Scouts are Dick Bruce, son of Mrs. Camilla Bruce and Billy Miller, son of Mr. and Mrs. William Miller.

Sixteen year old Dick has been a Scout for five years and passes up all other activities in favor of his Scout work and the pleasures of "scouting" that he receives from scouting.

Besides his newly earned Life Scout Badge, Dick belongs to the Order of the Arrow, a fraternity of honor campers, who are voted into the Order by their fellow Scouts.

He is assistant junior Scoutmaster of Troop 501 and a member of the newly formed Sea Scout group.

Billy Miller, 13-years-old, wears his badges, stars and patches proudly and he also is a member of the Order of the Arrow as well as being former Patrol Leader of the Flaming Arrow Patrol.

Billy has been in Scouts five years and has worked hard to earn a whole chest full of badges.

These two Scouts received their coveted Life Scout badges at a recent Court of Honor held at Silver Lake.

Other Scouts who received awards and earned badges were the following:

Advanced to First Class Scout, Tommy Palmer.

Advanced to Second Class Scout, Jimmy Higginbotham, Kerry Gonzalez, Mason Wharton Jr., Mike Andrews, Peter Barlow, Jim Miller and Billy Norwood.

Besides advancement, the following boys earned merit badges toward their Eagle Rank:

Dick Bruce: Citizenship in the Nation, Life Saving, Nature, Public Health, Reading, Rowing, Safety and Wildlife Management, Soil and Water Conservation.

Mike Andrews: Swimming.

Fred Bryant: Citizenship - Nation, Masonry, Public Health, Safety, Swimming.

Philip Elmore: Citizenship-Nation, Forestry, Nature, Public Health.

Charles Gay: Reading.

Bobby Henderson: Cycling, Forestry, Life Saving, Nature, Soil and Water Conservation, Wild Life Management.

Steve Higgins: Citizenship-Nation, Life Saving, Masonry, Nature, Public Health, Safety, Soil and Water Conservation, Wildlife Management.

Peter Kurch: Cooking, First Aid Pets, Reading.

Daryl McLain: Canoeing, Citizenship, Life Saving, Masonry, Nature, Pioneering, Public Health, Conservation, Safety, Swimming, Wildlife Management.

Billy Miller: Citizenship-Community, Citizenship - Nation, Life Saving, Masonry, Nature, Public Health, Safety, Soil and Water Conservation, Wildlife Management.

Dan Milner: Citizenship-Nation, Cycling, Safety, Life Saving, Nature.

Tommy Palmer; Bird Study, Forestry, Nature. Mark Raborn; Nature Chip Sharon, Scout Life Guard, Forestry, Rowing.

DICK BRUCE

HILL MILLER

Advanced to Second Class Scout, Jimmy Higginbotham, Kerry Gonzalez, Mason Wharton Jr., Mike Andrews, Peter Barlow, Jim Miller and Billy Norwood.

Besides advancement, the following boys earned merit badges toward their Eagle Rank:

Dick Bruce: Citizenship in the Nation, Life Saving, Nature, Public Health, Reading, Rowing, Safety and Wildlife Management, Soil and Water Conservation.

Mike Andrews: Swimming.

Fred Bryant: Citizenship - Nation, Masonry, Public Health, Safety, Swimming.

Philip Elmore: Citizenship-Nation, Forestry, Nature, Public Health.

Billy Miller: Citizenship-Community, Citizenship - Nation, Life Saving, Masonry, Nature, Public Health, Safety, Soil and Water Conservation, Wildlife Management.

Dan Milner: Citizenship-Nation, Cycling, Safety, Life Saving, Nature.

Danger Seen For Cotton Trade

CHARLOTTE, N. C. (UPI)—The American Cotton Manufacturers Institute predicts that a 25 cent differential increase between domestic and foreign prices for American-grown upland cotton will "further complicate the already difficult American position."

L. G. Hardman Jr. of Commerce, Ga., chairman of ACMI's cotton committee, said Monday the jump from 6 to 8 1/2 cents per pound would endanger further the American cotton in the international trade of cotton and cotton products.

Hardman is a former president of ACMI and is president of Harmony Grove Mills, Inc. He said the increase in price would push up by \$2.50 the price per bale.

The differential is paid by the United States to encourage foreign purchases of government - supported American cotton, which is priced higher than foreign commodities because of the price-support program.

Hardman said the domestic industry would find itself at a great disadvantage because of the higher price. He said that the differential program has helped reduce stocks of old cotton but at the same time, placed American plants in an unfair competitive position.

Mother of Mrs. J. A. Galloway Dies In Alabama

Mrs. Julia White Hall, 71, mother of Mrs. J. A. Galloway, died Saturday at her home in Albertville, Ala.

She was a former resident of Maitland and Winter Park and a frequent visitor to Sanford.

Mr. and Mrs. Galloway left Sunday to attend the funeral services which were held today.

18 Youngsters Led To Safety

WAYLAND, Mass. (UPI) — Two YMCA camp counselors led 18 small boys to safety early today when flames swept a building of Camp Chicopee here.

No one was injured in the fire which ruined the camp, maintained by the Newton chapter of the YMCA.

The blaze, which started in the kitchen and spread rapidly through the building, was discovered by counselor Steven Brown, 21. He alerted his fellow counselor, Bruce Dewire, 21, and the pair awoke the youngsters who ranged between 8 and 10 years old.

U.S. Soldier Keeps Promise

MOUNT GILEAD, N. C. (UPI) — Seventeen years ago an American officer lost his way during the Battle of the Bulge and was befriended by a Belgian farmer.

The farmer is dead now, but today his two children are visiting the United States as guests of the former officer, their first trip over 100 miles from their home.

Howard Dorsett became lost while leading an ammunition convoy in 1944 and ended up in Huy, Belgium.

A local farmer, Victor Marchal, gave him directions and offered to let him use his farm as headquarters.

"I promised Marchal if I got through alive I would do something for him," Dorsett said.

After the war, the two kept up a correspondence until the farmer died in 1955. The correspondence continued with others in the family.

Last week, Jules, 19, and Juliette 18, children of the farmer, arrived in the United States for a visit and a whirlwind tour of the East Coast.

Church Schedules Regular Meeting

The regular monthly meeting of the Holy Name Society of All Souls Catholic Church will be held at 8 p. m. today in the Church Social Hall.

All members are urged to attend.

Gets Okay

TALLAHASSEE (UPI) — The State Cabinet authorized Secretary of State Tom Adams today to spend up to \$1,500 on a study leading to remodeling of the heating and air conditioning system in the Capitol Building.

A Free Trip!

People who shop in downtown Sanford Friday night during the new evening hours may win a free trip to Nassau, at the drawing to be held just after 9 p. m.

These tickets will not be available during the usual daytime shopping hours—they will be given only to shoppers in the stores from 5:30 until 9 p. m. It is not necessary to make a purchase to get a ticket.

A three-day shipboard cruise to Nassau for two people, sailing from Miami on a luxurious cruise ship, will be the prize drawn at the platform which will be set up at First St. and Magnolia.

Shoppers are advised to watch Thursday's Sanford Herald for a big list of bargains and sales featured by the Downtown Merchants for their Friday Night Specials.

BRIEFS

Talked Out

KINGSTON, Ont. (UPI)—A psychiatrist Tuesday night talked two convicts into releasing five hostages held at knife-point 20 hours.

Hail Storm

FORT MYERS (UPI)—Surprised Fort Myers residents talked today about the hail that fell on their city Tuesday afternoon.

Appeal Set

TALLAHASSEE (UPI)—A circuit court ruling forbidding Negroes to picket a St. Petersburg store will be appealed to the state Supreme Court.

Cuban Bill

WASHINGTON (UPI)—Rep. Paul G. Rogers, (D-Fla.), introduced a bill today that would outlaw interstate movements of goods going to or coming from Cuba.

August Motto

LOS ANGELES (UPI)—The Let's Have Better Mottoes Association today selected as the winning motto for August: "All I want is an unfair advantage."

Series Of Meets

WASHINGTON (UPI)—Republican leaders will hold a series of regional conferences this fall to light the fuse for their 1962 political campaign, GOP National Chairman William E. Miller announced today.

All-Time High

NEW YORK (UPI)—Spurred on by congressional blessing for increased defense spending, stocks on the New York Exchange jumped to an all-time high Tuesday, adding \$3.8 billion in value.

Dry July

FORT PIERCE (UPI)—Fort Pierce recorded its driest July in more than 30 years last month, Harry Gahn, superintendent of the city's water plant said Tuesday. Gahn said only 1.25 inches of rain fell last month, the least recorded in statistics dating to 1927.

A Soft Fall

SAN JOSE, Calif. (UPI)—A neighbor Tuesday phoned Mrs. Lolma Franco saying she had just seen Mrs. Franco's son, Leo, 2, fall from a second-floor window ledge and land on dirt. Mrs. Franco rushed to the door and was met by her son—uninjured.

Dramatic Appeal

MIAMI (UPI)—About 700 persons forced to take refuge in Havana's Latin American embassies have issued a dramatic appeal hoping to bring pressure on the Castro government to permit them to leave the "Communist hell" of Cuba.

Webb Marries

RENO, Nev. (UPI)—Financier and sportsman Del E. Webb and Toni Ince, Las Vegas military buyer, were wed here Tuesday and took off for the Southwest on their honeymoon. It was the second marriage for both Webb, 62, and his bride, 40.

Fall Kills Infant

ENGLEWOOD CLIFFS, N. J. (UPI)—A 16-day-old boy was killed Tuesday when his mother tripped while walking down a flight of steps and he fell head first to the concrete floor of a basement. The infant, Paul Adamo, son of Mr. and Mrs. Lee Adamo, was dead on arrival at a hospital.

Federal Jobs Rise

WASHINGTON (UPI)—Sen. Harry F. Byrd, (D-Va.), reported today a net increase of 37,007 civilian employees in the executive departments last fiscal year. The June 30 total was 2,419,618 compared with 2,382,614 a year ago. Byrd heads the Joint Committee on Reduction of Non-essential Federal Expenditures.

Nominations Set By Civic Group At Bear Lake

New officers of the Bear Lake Manor Civic Betterment Assn., Inc., will be nominated at a meeting of the group Thursday. Members are scheduled to meet at 8 p. m. at the home of Mr. and Mrs. Harry Reeves, 1221 Lake Asher Cr., Bear Lake.

School Board Sets Special Meet To Review Budget

The County School Board will meet in special session next week to review the 1961-62 school budget in light of new figures certified to the County Commission Tuesday on non-exempt property by the Tax Assessor. Supt. of Schools R. T. Milwee said today. Tuesday, Mary Earle Walker submitted 1961 tax roll estimates of \$182,703,368 — an increase of \$3 million on taxable property.

Last week the school board told a delegation made up of representatives from the Chamber of Commerce and from the city and county that it would review the budget if an increase in non-exempt property valuations was shown. The tentative school board budget had been set at \$5,605,868 and a levy of 5 mills, up one mill, the general operating budget was set at \$3,994,101. Milwee today said that last year's school board budget was worked out on the basis of \$175,800,000 on non-exempt property. "This year's budget was likewise worked out with the same figure," he added. "Now that the value of non-exempt property has increased by \$7 million, the board will study the budget again." Milwee stressed.

MEMBERS OF the Citizens Committee on courthouse needs were briefed by the County Commission Tuesday night. Seated left to right, Richard Hanks, J. O. Gregory, Chairman J. H. Van Hoy. Second row, left to right, John Williams, H. B. Pope, Roy Britt, William Bush Jr., Ford Cavanaugh, Fred Williams, Andrew Carraway, also on the committee, was not at the meeting. (Herald Photo)

Contractors Disapprove Specifications For Roof

Sanford roofing and area contractors refused to go along with specifications for re-roofing the courthouse as drawn up by Architect Hal Harris and the County Commission, in special session Tuesday night, agreed to allow the contractors to submit their own specifications so long as a water proof roof for the facility is guaranteed for the next 10 years. The board also agreed to have Harris get "some contractors from Orlando" to submit bids on his specifications. The commission set Aug. 15 to open bids on the re-roofing job. At bid opening last week, not a single bid was submitted on the roofing job. Bill Evans of Evans Roofing and spokesman for the contractors said that although "we have faith in Harris, we are afraid to gamble on the products and applications of the specifications." Another contractor said he thought that the specifications were "too complicated." County Commission Chairman

Kennedy Backs Up Stand Opposing Red China In UN

WASHINGTON (UPI)—President Kennedy today reaffirmed the U. S. alliance with Nationalist China and American determination to oppose admission of Communist China to the United Nations. Kennedy's formal assurance was contained in a joint communique he issued with Nationalist Vice President Chen Cheng after three days of talks here. The communique offered no clues to what decisions, if any, were reached on tactics the United States and the Republic of China will use in next month's United Nations showdown on Red China's membership bid.

However, officials of both governments privately acknowledged failure to agree on the related issue of admission of Communist Outer Mongolia to the world body. The communique called the talks on Chinese representation at the United Nations "candid and comprehensive" and said the entire series of meetings was marked by "a spirit of understanding and mutual interest consonant with the deep and lasting friendship between the two countries."

Two Squadrons Leave For Training

The large formations of A3D aircraft flying over Sanford on Monday and Tuesday of this week denoted the departures of two Heavy Attack Squadrons. On Monday Heavy Attack Squadron 11, led by their commanding officer, Cdr. G. Doen, departed for Whidbey Island, Washington. They will operate from the deck of the new aircraft carrier Kitty Hawk.

Convict Nabbed

CHICAGO (UPI)—FBI agents today arrested escaped convict William Schuettle, one of the nation's 10 "most wanted" men, and he congratulated his captors. "You fellows sure do a good job," Schuettle said.

Okay Nears Of Missile, Planes Boost

WASHINGTON (UPI)—The House was expected today to complete congressional action on President Kennedy's request for almost \$1 billion worth of extra missiles and warplanes. The bill, approved by the Senate last Friday, is the second part of Kennedy's rush defense buildup to deal with the Berlin crisis. The President signed Tuesday a resolution authorizing him to call up as many as 250,000 reservists for a year's active duty if necessary. Immediately after he signed the bill, the Air Force selected 25,000 men in 71 Air National Guard and Air Force Reserve units for possible recall to active duty. Authorities, however, doubted that any of the alerted units would be called up before October. The order affected 25,000 Air

National Guardsmen and 3,000 Air Reservists in 29 states and the District of Columbia. The units concerned have 650 fighter planes and 100 transports. Chairman Carl Vinson (D-Ga.) of the House Armed Services Committee, said the additional weapons provided in the legislation before the House would bolster U. S. military power greatly. Approval by a roll-call vote was expected this afternoon. The authorization measure then would be sent to the White House for Kennedy's signature. The bill includes \$41.6 million to repair the fire damage which occurred to the carrier Constellation at the Brooklyn Navy Yard last December. Vinson said the ship will be ready to join the fleet early next year. He said the legislation also would help to make major im-

MISS DORTHEA DENTROEDER is the guest of the Sanford Kiwanis Club under their International Exchange Program. She arrived in Sanford from West Germany and is staying at the home of Dr. and Mrs. John Wilson at Silver Lake. She will be a member of the Senior class at Seminole High School.

UN 'Advisor' Shoots Himself

MIAMI (UPI)—Alberto de Obarrio, 65, advisor to Panama's delegation at the United Nations and former Panamanian ambassador to Cuba, shot himself in the head with a pistol early today. Obarrio, a career diplomat, was sped to Jackson Memorial Hospital where he underwent surgery for four hours. His condition was described as critical. Police said Obarrio shot himself in the right temple shortly after midnight in his suite at a downtown hotel. His wife, Mariah, a native of Dayton, Ohio, was in the suite but did not witness the shooting, police said. He left no note. Obarrio had lived in the hotel about five months, since leaving Cuba. He was recalled after Cuba withdrew its ambassador from Panama. The Panamanian embassy in Havana now is in the hands of a charge d'affaires. Obarrio, ex-ambassador to Peru, went to New York as advisor to Panama's U.N. delegation when Fidel Castro took power in Cuba.

Van Hoy Named Chairman Of Group Studying Facility

Former County Commissioner J. H. Van Hoy was elected chairman of the newly organized Citizens Committee to study courthouse needs at an initial briefing of the group Tuesday night. The group, formed by the County Commission two weeks ago, will "get down to business" next Tuesday night at its first meeting, Van Hoy said. The organization was briefed by Commission Chairman J. C. Hutchinson who gave the committee data supplied by Architect James Gamble Rogers on courthouse needs.

Air Force Call Up Expected Soon

By United Press International
Air Force National Guardsmen and reservists facing a possible call-up within weeks rallied solidly today behind the administration's first troop-level move to bolster U. S. strength in the Berlin crisis. Commanders reported top readiness and a Massachusetts general said any problems would be "not military but personal."

'Border Crossers' Hit By East Germans

BERLIN (UPI)—The Communists today opened an angry campaign against the thousands of East Germans who work in West Berlin. Many of the 33,000 so-called "border crossers" failed to report for work today. Reports reaching here said hundreds were pulled off commuter trains and buses and told they must find jobs in the West. Pleafards denouncing them as "traitors" who sold their labor to the "militarists" were posted in their neighborhoods. Some were evicted from their homes for refusing to give up their Western jobs. Others were ordered to report to police stations and explain why they worked in the West. Communist-sponsored resolutions passed in factories demand-

Zoning Board Decisions Overrode

The County Commission in special session Tuesday night overrode two decisions by the zoning board and denied requests for changing classification on two pieces of property near Altamonte Springs. In both cases residents in the area protested any zoning change. The first public hearing was in relation to a piece of property that the zoning board agreed to rezone from C1 to C2 — which, according to about six residents, would mean a lower classification on their property. Both areas in question border SR 496 near Wynore Rd. Residents protested that they wanted to maintain their high standard of zoning. In the second public hearing, on property in the same area, the Zoning Board agreed to rezone from A-1 Agricultural to C2 Commercial. A resident of the area, E. C. Nagle, said that at a Zoning Board hearing he was told that

Viet Nam Orders Military Buildup

SAIGON, South Viet Nam (UPI)—The government today ordered the mobilization of all men between the ages of 25 and 33 in a move to build up South Viet Nam's armed forces against increasing Communist terrorism. The mobilization order came shortly after the Communist Viet Cong rebels made one of their boldest moves in the heart of Saigon.

Evans Defends Bryant's Plan

ST. PETERSBURG BEACH (UPI)—John Evans, press aide to Gov. Farris Bryant, today defended the administration's plans to extend Florida's hotbed turnpike from Fort Pierce to Sumter County. He called the verbal battle between Congressman William Cramer of St. Petersburg and Bryant "the interstate saga, or toll-booths at 20 paces." Addressing the Gopher Coffee Club, Evans said Cramer's attacks on Bryant's plans to connect the toll pike to Interstate 75 in Sumter County were the result of a "misguided" feeling it would take traffic from the west coast, or of "partisan political reasons." "He has carefully and cleverly disguised his attack in the guise of concern over a loss to Florida of interstate mileage and federal matching monies," Evans said.
