By Linda Smithson  
Oviedo High student Eugene Shull brought home the top winning prize in the senior division of physical science from the Regional Science Fair held recently in Eustis. Bill Hein, the school's other senior division entrant, won honorable mention in biochemistry.

Shull's telescope lens-ginding exhibit also won the Bill Clements special award in recognition of time and effort spent on the project and entitles him to enter state and national competition. Hein's entry was a model of a DNA molecule.

Beth Gore and Larry Neely, also of Oviedo, completed the Seminole County representation with their junior entry exhibits on "Electricity in the Community" and "The Color of Music."

Shull, Hein and Neely, who attended the awards banquet held March 15 in Tavares, were accompanied by Mr. and Mrs. Foye Shull, Mr. and Mrs. Ralph Neely and Mrs. James Palmer, Oviedo High science teacher.

Guest speaker for the banquet was Jack Larks from the Air Force Missile Test Center at Cape Canaveral.

## Bear Lake Club To Learn Resuscitation

By Shirley Westworth  
A representative of the Seminole County Chapter, American Red Cross, will be the guest of Bear Lake Home Demonstration Club members Tuesday night to discuss and explain proper methods of resuscitation. Visual demonstration will be presented using the chapter's "Annie," a life-sized dummy made especially for the purpose.

The meeting will be held at 8 p.m. at the home of Mrs. Russell Loomis on Bear Lake Rd.

Also on the evening's program will be a demonstration on "Proper Ironing Methods," presented by Mrs. W. G. Carpenter, a member of the club.

## Moose Lodge To Have Film Programs

Showing of color and sound movies covering all phases of the sports world are being arranged by program chairman Lew Luster for weekly meetings of Sanford Moose Lodge 1851, Governor Otis Sjoblom announced today.

## Five Make Dean's List

Names of five area residents were included in a Florida State University announcement of the deans' list for the first trimester today. They are George M. Harriett Jr., Sanford; Paula Kay Andrews and Richard A. Miller, Altamonte Springs; Lucy L. Moon, Longwood, and Pamela F. Fetrow, Maitland.

To make the deans' list students must have carried 12 or more trimester hours of work and must have made a grade average of 3.0 (B) or higher.

First Sgt. Albie L. Osborne, son of Mr. and Mrs. Edgar Osborne, 401 Orange Avenue, is assigned to the Third Marine Air Wing, a Pacific Marine unit which is participating in a major amphibious exercise being held off the coast of Southern California.

## Club Recreation Site To Go Up For Sale

Bear Lake Community Club build its own sanctuary. The "pig in the poke" prize went to M. Giore and Mrs. Raymond Jackson received the door prize of a Dutch Amaryllis plant in full bloom which was donated by Mrs. J. N. Antrim.

Guests introduced were Mrs. Earl Strassburg and daughter, Irma. Refreshments were served at the close of the meeting by Mrs. Tinsley, Mrs. C. C. Jones and Mrs. John Kirk, hostesses for the month.

He went on to point out that the Community Club has spent much time and effort on improving the site which also is used by the Bear Lake Little League as a playing field and which now stands to lose its charter if it loses the field. Gibbons stated that no specified date for sale of the property has been set at this time and that the Community Club will have first option when a sale is in the offing.

In other business of the meeting which was held at the club heard the Seminole County legislative candidates, a nominating committee was elected to consist of John Neel, chairman, and Mrs. Raymond Finney, G. W. Bunnell, Richard Ostrander and Mrs. Alan Wentworth.

Mrs. L. C. Tinsley, representing the Bear Lake Presbyterian Chapel, issued invitation to all interested persons to join the congregation which hopes soon to have sufficient membership to

Dear Abby: By Abigail Van Buren

DEAR ABBY: I went steady with Harry for almost a year. Around Christmas I started knitting him a sweater...

Should I point this out to her mother (my brother's wife) or would this be meddling?

DEAR AUNT: By all means talk to the child's mother. (And, if possible, be sure her father is present, too.)

DEAR ABBY: Tell that woman who can't watch TV during the day because her husband takes a tube to buy a tube she can use until just before he gets home...

DEAR HURT: Certainly not. Keep the sweater and give him the needles.

DEAR ABBY: I have a niece who is in the fifth grade. Her marks are very poor, but it doesn't seem to bother her...

DEAR WATCHER: And what if he puts his hand on the TV set and it's still warm?

CONFIDENTIAL TO B.J.: Why is he hunting so frantically for a state where no blood test is required before marriage?

What's on your mind? For a personal reply, send a self-addressed, stamped envelope to Abby, Box 8365, Beverly Hills, Calif.

mond bid might not shut out West, but this one did. South played three diamonds and made it since he had to lose only one trick in each suit.

When do you use a bust two-diamond response instead of three diamonds? When you don't feel like risking a three diamond bid.

Thus, when I play straight Stayman my immediate responses of two diamonds, hearts and spades and three clubs and diamonds are all bad hands.

We The Women: By Ruth Millett

Think twice before you—Pass along a bit of gossip, even if you know for a fact that it is true.

Make a fuss about service. (Sure you aren't just throwing your weight around?)

Monopolize the conversation when you are in a group. (Are you really that fascinating?)

Tell your troubles to anyone who will listen. (Others have troubles, too, remember.)

Tell a white lie just to save face. (Chances are you will be found out—and then, won't your face be red?)

Refuse to let a friend do you a favor. (Friendships are nourished not only by favors given, but by favors gratefully accepted.)

Run yourself down. (Sure you aren't just begging for compliments and reassurance?)

Offer unsought advice. (The fact your advice hasn't been sought may indicate it isn't wanted.)

Tell one of your favorite anecdotes. (Sure you haven't told it to the same persons before? If it's a favorite story, you probably have.)

Put another person in his place. (For this you will never be forgiven.)

Complain about how unfriendly you've found a new town or neighborhood. (Give others time to take you in. How about your own friendliness?)

Make any kind of promise without fully intending to keep it, whether it is convenient or not. (Broken promises can't be mended.)

Low-rate any member of your family or any of your in-laws. (That's the worst kind of disloyalty.)

Moore's Death: One In Million

LOS ANGELES (UPI)—Reaction was immediate and vehement following the death Monday of boxer Davey Moore despite a coroner's report that the principal cause was a "one in a million accident."

The 29-year-old fighter died of injuries suffered when his head snapped against the bottom ring strand on a 10th round knockdown in his featherweight championship bout with Sugar Ramos Thursday.

Demands for bans on professional boxing were made throughout the world, including the Vatican Radio and legislators in California, Connecticut, New York and the U. S. House of Representatives.

No reservations will be accepted after Thursday, Mrs. Pearsall said, and winners will be awarded master points and trophies.

Those wishing reservations are asked to contact Phil DeBerard at 620 Tuxedo Ave., Deland. Those who need partners are to contact Mrs. Albert Besom, 421 N. Kentucky Ave., Deland.

There will be free parking on the campus, and the dinner and coffee breaks are free, also.

Entry fees are \$4 per player and reservations must be paid for in advance.

Highlights

7:00-8:00 p. m. NBC Gary Cooper—The Tall American. Of all the dozens of film biographies on TV this season none has approached the distinction of this production in all its aspects.

7:30-8:30 p. m. ABC, Columbia "The Quiet Warrior." Lt. Gill Hanley's (Rick Jason) leave in London is abruptly interrupted when he is ordered to parachute into France and rescue an important scientist (Halle Berry).

8:00-9:30 p. m. NBC, Empire. "Hidden Asset." (color). Although the story is based on a torturous business proposition, there is plenty of lively action to make it exciting as well as thoughtful.

8:30-10 p. m. CBS, The Jack Benny Program. Devices of Gilbert and Sullivan may take exception to this program in which Jack offers a condensed and comical version of "The Mikado."

8:30-9:30 p. m. CBS, The Red Skeleton Hour. Amanda Blake, Kitty of "Gunsmoke," effectively turns comedienne for as the wicker Jansins, who threatens to wrest away Sheriff Deadeye's (Red Skelton) job. A rather funny, thoroughly slapstick, sketch is this, in which singer Bobby Hynd plays a newsboy passed off by Deadeye as Billy the Kid. In his singing spot, Hynd sings three tunes, best of which is "Ciao Ciao Bambino."

### Dean Rich Takes International School Post

Dean John Oliver Rich, Dean of Admissions at Rollins College has accepted a post as executive director of the International School Assn. with headquarters in Geneva, Switzerland, and his resignation is effective August 31st.

He will participate in the international conference sponsored jointly by UNESCO and the International Schools Assn. in Paris, France, April 1st to 3rd.

Theme of the conference will be Mutual Appreciation of the Cultural Values of East and West, with particular consideration of how cultures affect one another in international schools.

Last summer Dean Rich completed a survey of independent multi-national schools in Europe, the results of which will appear in a "Guide to Boarding Schools Abroad" to be published in April. Conference participants will include ministers of education from such countries as Tanganyika, Denmark, Afghanistan, France, Switzerland, Italy, and Germany.

### Water Rationing By June, Kiwanians Told

City Manager W. E. Knowles took a look in the crystal ball Monday and predicted that between June and August Sanford will have water rationing.

Knowles, speaking to members of the Rotary Club said that extensive work must be done to provide wells, treatment, supplies and storage to meet the steadily increasing demand for water.

The same crystal ball also revealed several other predictions for the next ten years, which the city manager outlined for Rotarians including continued condemnation and tearing down of old, hazardous buildings in the city; annexation and extension of the city limits to the southwest and west; continuous street resurfacing; a third and fourth fire station; a change in the looks of the downtown shopping area and more municipal parking lots.

He predicted that a marina would be built on the waterfront; and industrial growth will take place to the south and then to the west.

Knowles said that a new library is a very present need, and added that the Sanford library has less than one volume per person. Minimum standards decree at least two books per capita and predicted that the future will bring county-city coordinated services in order to provide more money per capita for books.

A new city charter is going to be needed, Knowles said, as the old one continues to get more and more out of date. It must be overhauled and re-written in a well-thought-out study and not as a political necessity.

With tongue in cheek, Knowles predicted that the sewage treatment plant, now under construction would be finished "sometime in the next ten years."

Properly re-appraisal is an important part of the future of the city if owners of vacant property are to carry their fair share of the tax burden, Knowles said.

City property which is valued at \$100 a front foot is only taxed at \$10 to \$15 a front foot because it is vacant and unimproved, he said.

"A new form of merchandising is taking place," he said. "Downtown Sanford will give way to business offices and service establishments as the convenience of shopping centers continue to lure customers to their modern layouts."

The octet, when full grown inches in length, stands 16 to 18 inches high at the shoulders and weighs between 25 and 35 pounds.

### Hutto Service Held Monday

Graveside funeral services for the late G. Hutto, three months old daughter of Mr. and Mrs. Alvin G. Hutto, 257 Longdale Dr., Longwood, who died last Friday, were held Monday afternoon at Oaklawn Cemetery in Sanford. Rev. Ralph Taylor officiated.

Survivors other than her parents are a brother, David Lee, and grandparents, Mrs. Inez Hutto of Pascaqua, Miss., and Mr. and Mrs. Clarence Mueller of Columbia, Ill.

### Missionary Is Guest Of PTC

The program for last Tuesday night's meeting of the Enterprise PTC was given by G. Carlson, returned missionary from Peru and now a resident of Enterprise, who showed slides and gave a most interesting address on past experiences.

An excellent attendance was recorded for the meeting with the room count going to Mrs. Harquin's room.

Gray Spanish moss, seen gracefully swaying from Cypress trees in picturesque Caribbean gardens, is not Spanish, is not moss, is not a parasite and is not worthless. Once widely used in bridles, saddle blankets and horse collars, today it is used for furniture padding, air-conditioning filters and other items. It is vermin-proof.

# We Are Growing

Don't sell Seminole County short! The county is bursting at the seams. Especially in the south part. They yak at each other. Yes and no . . . on ideas. But that is the good part.

If no difference of opinion, then everything becomes stagnant. We know of a southwest county . . . Charlotte, to be exact. Nothing really happened there until Muckle Bros. opened up Port Charlotte. Punta Gorda, the county seat, became alive. Northern Republicans took over Port Charlotte and Charlotte County. The place is alive today.

We are beginning to get the same situation here today. Seminole residents may not realize it but South Seminole is taking on a "Republican look."

Just as Jan Fortune told the Jays

cees last week . . . a two-party system may bring Seminole County alive.

But don't sell Seminole County short!

Things are "cooking" here. There's the promotion to try to get the new university here. There's the promotion to try to get a canal from Sanford to the ocean. There's a promotion for a new multi-million dollar plant. There's ideas above and over the \$2.5 million announced for Sanford Naval Air Station.

The Herald is sitting on many off-the-record ideas to promote Seminole County. We are bound to secrecy until such time as the matters may be announced publically.

We can only say . . . Seminole County is a-bursting at the seams. Don't sell Seminole County short! We are growing! Growing!

# Antarctic: Man Tamer

Psychologists long ago concluded that selfishness is one of the most natural and inevitable aspects of human life. Few of us can manage to be more than occasionally selfless.

Genuine altruism, humility, self-control—all attributes admirably exhibited by some people, but not nearly enough—provide the only personal checks on self-expression. The law and the moral code and other factors, of course, supply external curbs.

From time to time we are quite sensibly advised to put ourselves in some sort of perspective by noting that the little fragment of time we call recorded history is hardly more than a flyspeck on the backdrop of the earth's long span and the measureless eons of the universe.

Yet for most humans this is an almost impossible exercise in imagination.

There is an alternative, if only Antarctica can be opened some day to tourists. For the awesome, primitive, brutal grandeur of that white continent can take the self-importance out of anybody.

This is a place where summer temperatures seldom go above freezing and where winter readings, aver-

aging 50 to 80 below, occasionally plummet to 125 below.

Winds funneled through glacial passes called "hell holes" rage up to 200 miles an hour. Most of the land lies depressed beneath an ice sheet 7,000 feet thick. Except for a rare patch of lichens or a few venture-some birds, there is no life.

The cold seas ringing the continent bear a menacing burden of great icebergs—now and then 50 miles long—broken from great ice shelves at the continent's edge. Their crashing collisions fill the air with an unearthly roar.

In Antarctica you are in the presence of nature at its most commanding. You may also witness, in the view of many scientists, a kind of preview of the "ice death" predicted for this planet as it slowly chills under a gradually expiring sun.

One can find comfort in the prospect that this fate may be billions of years away. Nevertheless, Antarctica's overpowering presence is a marvelous cure for the inflated ego.

There are a great many people thus afflicted, walking the streets of the world, who deserve to be on the first regular flight south.

# Worry Clinic

**CASE O-492:** Larry E., aged 11, is the dejected and rejected boy mentioned yesterday.

His busy dad never took time to play catch with Larry nor to pitch to him so Larry could learn how to make a base hit.

So when baseball teams were chosen for sandlot games, Larry was always omitted.

For he was called "butterfingers" and taunted with always striking out.

Larry thus suffered deeply from such rejection by his

playmates. And this is a very dangerous mood to develop in any children.

Fortunately, Larry lived in Ft. Wayne, Indiana, so I referred him to Mr. Mac (Dale W. McMillen, Sr.) who has organized the most unique baseball league in the world.

Mr. Mac is well past 80 years of age but he liked sports in college and all does, for he is as alert and active as a 50-year-old.

So he took great interest in the Little League Baseball organization.

However, he saw that many

be 50% or more of boys were not able to make the teams in the Little League.

They were dejected and unhappy at being rejected.

So Mr. Mac developed his Wildcat Baseball League wherein "Everybody makes the team."

His Wildcat League includes boys between 8 1/2 and 13 years of age.

The youngsters 8 1/2 to 11 on the Kitty teams. Those 11 to 12 are members of the Kats.

The older boys then make up the Tiger teams.

Larry changed overnight from a crestfallen, whipped type of personality into a zestful, delightful boy, for he was on a team.

Meanwhile, I managed to contact Larry's dad through a mutual friend.

And then I tactfully tried to show him that right now the biggest problem in Larry's life is to become socially accepted.

His dad had been so pre-occupied with big law cases that he had brushed aside all of Larry's requests to "play catch."

So Larry had obtained no baseball drill at home in his backyard. That's why his comrades would not pick him for their teams, since he was awkward and a "butterfingers."

Every neighborhood all over America should thus adopt Mr. Mac's Wildcat Baseball League motto—"Everybody makes the team."

For it is criminal to make a child feel rejected when his deficiency is really due to thoughtlessness of our adult generation.

You parents should thus remember that your BIGGEST job in life, after your children arrive, is to help stabilize them emotionally and train them to become happy, self-reliant members of our human society.

That involves giving them some of your personal attention till they learn how to swim and ride a bicycle, play baseball and tennis, etc.

For those are major worries of youngsters. At their age such problems are just as complex and even more critical than winning a law case or making a sale or curing a sick patient or even delivering a good sermon.

# To The Editor

To The Editor:

"Losers Protest Election"—a quote from The Sanford Herald!

Perhaps it will be said that as the wife of the write-in candidate who received 15 votes I am just another "loser" seeking publicity. Let me say that I was asked to make a statement and I am offering it simply as an American citizen.

This election has received a great deal of attention. It has made all of our citizens stop to THINK, WONDER, and ASK QUESTIONS, and I believe they will continue to do so. Only when all of our people become aware of how great and how precious is the privilege of voting will we have better government. Here in North Orlando our people are becoming aware. How then can any of us be "losers."

"Election Rigged," another quote from The Sanford Herald. It would seem that the shout went up only after the results were announced. Please let it be known that this is not true! Please get all the facts. I do not believe the election was "rigged" if that means that election officials tampered with the ballots in any way. That would be the worst possible accusation I could think of. I do say that my rights and privileges as a voter were tampered with and this I

protest loud and clear.

When I was at the polls there was a sign by the ballot box informing the voters that if they voted for a "write-in candidate" their ballot would be thrown out. I also heard election officials telling this to voters. I believe this was wrong. I told Mrs. Fairburn and Mrs. Salter, in a mannerly way, that I thought this was wrong and that I interpreted their words and the sign as an attempt to tell me how to vote. I was then informed by Mrs. Fairburn that the intelligent people of the village would interpret it otherwise. I interpreted those words as an insult.

Mrs. Salter has stated that she is a German-born American citizen and that she is proud to live in this country. Of this I am well aware. I have always thought of Mrs. Salter as one of our most dedicated citizens. She above anyone else should be thankful that she now lives in a country where one may vote as one pleases, where an election may be contested, and where a person like herself may call her fellow citizens fools in print without fear.

I am an American-born American citizen and very proud of it. I would never deliberately use my right to freedom of speech to hurt anyone. My only wish is to stand up for my rights as an American citizen. When I

moved to North Orlando I did not think I would be forfeiting my American citizenship.

Margaret G. Burke

## Matter Of Fact

Vaudeville is a term of French origin. In the 19th century a workman from the valley (vau) of Vire in Normandy composed a series of satirical ballads which came to be known as vaux de vire. By the middle of the 17th century any political or "curious" lyric set to a popular tune was designated as vaudeville. These became popular at street fairs as a means of circumventing the theatrical monopoly of the state theater, the Comedie Française.

While Yemen has been a member of the organization since 1947, Bunche was the first UN official ever to visit it.

He found strange things. He was welcomed at Taiz airport by a throng of thousands, chewing narcotic leaves. Animal spirits, mob psychology and the exhilarating green leaves produced such a frenzy that Bunche and his escorts were in personal danger. It took three hours for his officially-protected car to make a normal half-hour trip from the airport to the city.

Later, Bunche was greeted by a contingent of some 70 sheikhs, each of whom exercised absolute authority over his own band of nomads.

The sheikhs, carrying long rifles with bandoliers along over their robes, worked themselves up to an angry bedlam.

It developed they wanted the UN man of peace to lead them into battle against a nearby British position.

Capt. James Cox was killed by a native Hawaiian.

# Mid-East Sore Spot

By Bruce W. Munn

UNITED NATIONS, N. Y. (UPI)—The ancient country of Yemen is the Middle East's current sore thumb.

Its 4.5 million people live in a 73,000-square-mile wedge at the tip of the Arabian peninsula whose arid climate and desert wastes afford a skimpy living.

Last year, a revolution overthrew the imam who headed its patriarchal government and replaced him with a republican government.

The imam's supporters died hard. Help came to them in their nomadic fastenings from neighboring Saudi Arabia. Britain which controls the adjacent Aden protectorates, is accused of opposing the republican revolutionaries by force. The United Arab Republic bolstered the new government with a military contingent whose strength, by the admission of Cairo Chief Gamal Abdel Nasser, is 25,000 men.

Halph J. Bunche, the U.N. under-secretary who was the architect of the uneasy, 12-year-old Palestine truce agreement, was sent to Yemen earlier this month by Secre-

# Political Notebook

WASHINGTON — (NEA)—The Wall Street Journal which, to borrow and corrupt the slogan of another great newspaper, knows all the news that's fit to print about business, has just come up with a discovery. It has learned that the Great Depression of 30 years ago was actually a period of economic growth.

"Between 1933 and 1940," says a Journal editorial, "the Gross National Product practically doubled and the national income more than doubled."

It should be made clear at once there is no advocacy here of depressions as a source of economic growth.

The moral of the piece is that private capitalism and the free enterprise system have an enormous resiliency which should make it impossible for anyone to feel pessimistic about America's future.

Few people will disagree or want to argue about that.

The Journal's editorial writer uses the point to refute modern economists now proposing extreme measures to speed up the country's lagging economic growth.

Such measures were rather freely bandied about by the professors at the American Bankers Association's recent Washington conference on economic growth, and they need challenging.

The phenomenon of business recovery from depression to which the business paper has referred has, however, set Washington economists to looking up the figures.

Gross national product—a figure that represents value of total production—was \$56 billion in 1933 and \$100 billion in 1940.

That missed being exactly double by \$12 billion.

GNP actually doubled in 1941, when it reached \$123 billion, passing the \$104 billion of 1929, the year of the crash.

There are some other fac-

force, or 18 million out of 90 million people.

In spite of all the government spending in eight years (it added up to more than \$60 billion, \$4 billion more than the increase in GNP) and in spite of the growth which private sectors of the economy experienced in the same period, unemployment in 1940 was still 14.6 per cent, or 8 million out of a 56 million labor force.

Even the most liberal government economists would oppose a 250 per cent increase in federal spending or a 90 per cent increase in the national debt today.

That big a jolt isn't necessary, either to speed up the country's growth rate or to cut unemployment below four million (5.8 per cent of the current labor force of 73 million).

One reason it isn't necessary is that there are a lot of forces operating in the economy today which were just beginning in 1933-40.

Unemployment insurance and social security, for example, contribute more than \$20 billion. This is double the whole federal budget of 1940.

And there are few people who would want to go back to those good old days, even if it was a period of growth, as the editorial writer says.

# Club Holds Luncheon Meeting And Hears Program On Marble Jewelry

NEW MEMBERS AND A GUEST at the monthly Welcome Wagon luncheon meeting are Mrs. A. F. Reno, seated and back row from left, Mrs. DeWitt Mathews, Mrs. C. A. Anderson Jr. and Mrs. C. D. O'Leary. Mrs. Anderson presented the program on making jewelry from marbles. (Herald Photo)

Members of the Sanford Welcome Wagon Club met at the Capri for the monthly luncheon meeting. Guest speaker was Mrs. C. A. Anderson, who demonstrated the art of making jewelry from marbles, a fascinating hobby. The group gathered for cards from 1 a. m. to noon. Other guests welcomed to the meeting were Mrs. Luther Miles, president of the South Seminole Welcome Wagon Club and Mrs. Harold Gulick, of Meadville, Pa., who is visiting Mrs. C. H. Heers. Mrs. Miles invited the Sanford group to the South Seminole meeting on March 28 at the Casaiberry Club House. A style show of fashions from Carole's Dress Shop will be presented in addition to luncheon and card games. Reservations may be made with Mrs. Harold Rowland, Sanford. Mrs. R. K. Horton, vice president, presided at the business session, in the absence of the president, Mrs. Don Cahill. Plans for assisting with the Semi-Centennial were discussed. The next meeting will be the third Wednesday in April, at the Capri. All newcomers to the Sanford area are invited to attend.

# Zeta Xi Chapter Names Mrs. Winsa As President

Mrs. Joe Corley Sr., Mrs. Joe Corley Jr and Mrs. Robert Reaves were co-hostesses for a recent meeting of the Zeta Xi Chapter of Beta Sigma Phi at the home of Mrs. Corley Sr. The ways and means chairman announced that tickets will be on sale March 29 and 30 in front of the Winn Dixie and Food Fair groceries for the Easter wardrobe project. Winner will receive a \$25 gift certificate, donated by Yowell's. Main item of the agenda was election of new officers. They were Mrs. Robert Winsa, president; Mrs. Fred Wilson, vice president; Mrs. Richard Butler, secretary; Mrs. Ernie Morris, corresponding secretary, and Mrs. Phillip Boyd, treasurer. The group voted to give a \$20 gift certificate to the local family assisted by the chapter, as an Easter gift. Founders Day, on April 30 will be observed with a luncheon. During the social hour refreshments were served by the hostesses and a demonstration of jewelry presented by Mrs. Thomas Russell, a pusher. Others attending the meeting were Mmes. Jim Lyons, Gary Hudgins, Leon Swain, H. W. Wilkerson, Osborne Dorminey, L. J. Linckugel, Jack Ludwig, Richard Bradley, Bob Morris and Miss Mildred Twiner.

# Anniversary Celebrated At Neighborhood Party

MR. AND MRS. HENRY DAMANN

Mr. and Mrs. Henry Damann, Villen Road, recently celebrated their 50th wedding anniversary. They were honored by a group of friends with a fish fry and party at the home of Mr. and Mrs. Harley Starnes. Co-hostesses were Mrs. James A. Via and Mrs. Randall Starnes. The couple was greeted by neighbors and friends and a huge cake decorated with lilacs-of-the-valley and topped with the numerals 50 and two candles. The cake along with numerous tokens of friendship was presented to the honored couple. Mrs. Damann, the former Miss Anna Paugel of Neenah, Wis., and Mr. Damann were married on March 19, 1913, in Medford, Wis. Before his retirement, he was employed by the Kohler Co. in Kohler, Wis. They have lived in Sanford since 1958. They have two daughters, Mrs. Betty Erimann of Sheboygan Falls, Wis., and Mrs. Grace Fisher of Sheboygan, Wis., and one daughter dead. They also have seven grandchildren and 13 great grandchildren.

# Garden Gate

By Mrs. C. M. Flowers  
Jacaranda Circle  
Following a freeze we usually criticize ourselves for planting so many plants that we know will not survive a freeze. I'm doing that now, and making notes as I survey my damage. First I will prune and cultivate all the plants that are affected by the cold to some extent, then the plants that are not affected by the cold will be re-set where I have frozen plants. These will be the types to work with hereafter. Poinsettias will always be a favorite and I will always have them in a plentiful way, for they grow fast without much care. Night amounts of fertilizer and pinching are the principal things to do for the best results. A few years ago I brought a few nasturtium plants from North Carolina, the seeds cold has made them more beautiful than they have ever been before, almost as red as they become in the states north of us. The birds never leave my berries, but I love them for the foliage. When new plants shoot up I transplant them and some day may have enough for a hedge. Give more attention to bulbous flowers for they come through fine. They are lovely during the hot months. Pentas is a marvelous shrubby plant for sun or shade, in white, several shades of pink, red, variegated, orchid and lavender, since it grows so fast. Plan on planting it this spring. Hydrangeas are sprouting, so start working with them. They need an abundance of water during the months when their big leaves and flowers are in active growth. They need some cool weather, so they should be beautiful this year. They need a semi-shaded location. Blue Plumbago doesn't look like we ever had a freeze, it is so easy to grow, and so crisp and cool looking during the hot months. Plan to give it more attention hereafter. Periwinkles (white is my favorite) grow fast. It is well to encourage them too. Ardisias are beautiful now. When little seedlings appear beneath the mother plants, you can dig them up and plant them in some shady place. Loquats from my back garden, they are so glossy and shiny all during the winter months, we should also encourage them. They give us our earliest fruit in the spring, besides lovely color. I had so many lovely hibiscus that look dead now, should any sprout from the roots I will be happy and perhaps add more as I can, for there is nothing more satisfactory for color during the summer. Doing all this, we will not have time to worry over all the lovely plants lost by the freeze. Virginia, with 747,810 inhabitants, was the most populous state when the first U. S. census was taken in 1790.

# Auxiliary Holds Festival

By Mrs. Adam Muller  
The auxiliary to the DeBarry Volunteer Fire Department held a strawberry and ice cream festival and fashion show recently at the Fire Recreation Hall. Background music was presented during the show by Mrs. M. Dungan, and Mrs. H. Jacobson was narrator. Fashions from the Ro-Jay shop in Sanford were presented by various models. During intermission, Mrs. P. Burnett and Mrs. Adam Muller sang "Alice Blue Gown" with Mrs. Dungan at the piano. Models were Mmes. William Gray, M. West, Myron Acardi, Henry Lohof, J. Moore, M. Phillips, M. Tomczek, and Edward Healy.

# Mrs. Bailey Honored By Eastern Star

At a recent meeting Mrs. Joy Bailey was honored for 49 years of service and membership in Seminole Chapter 2, Order of Eastern Star. She became a member in 1914 and in 1920 served the Chapter as Worthy Matron. She was presented with a 49-year certificate and a gift by Worthy Matron, Mrs. Charles Cole, and a cake by Worthy Patron, J. E. Blackman. A poem, entitled "To Light Our Way" was read by the worthy matron as the organist played "In the Beautiful Garden of Prayer." To the tune of "Love's Old Sweet Song" the star point officers were conducted by the marshal to Mrs. Bailey where they each spoke a wish for her and placed flowers on a styrofoam star which was then presented to her. Mrs. J. W. Turner, substituting as chaplain, expressed wishes to Mrs. Bailey and remarked that she had served some of those years with her, having been initiated into Eastern Star in Tampa and transferring to Sanford in 1919. The worthy matron presented her a gift and a 44-year certificate. March birthday honorees were, Mrs. Floyd Albow, Mrs. Hamilton of DeBarry, and Mrs. H. E. Peurifoy. They contributed to the Halo fund and were presented ceramic "Praying Hands" plaques.

Attractive plaques were made by fifth grade children at Pinecrest School Monday using dried arrangements of natural vegetation and shells, under the direction of members of the Driftwood Garden Circle.

The dried materials, which included pine needles, bark, acorns, wild wheat, pine cones, dried grasses and shells were arranged in various shapes to represent flowers or other objects on redwood plaques.

## Milk Commission Nears End?

TALLAHASSEE (UPI) — Florida's controversial Milk Commission may be abolished during the upcoming session of the Legislature.

This was the growing feeling in certain quarters of the state. There have been suggestions ranging from abolition to placing the commission under federal control.

Two weeks ago, Gov. Farris Bryant said abolition of the commission "would give me no quills at all." And Secretary of State Tom Adams recommended that the agency's powers be transferred to the State Department of Agriculture. He suggested that the state then could set up a system of controls somewhat like the federal system.
