Secret Talks Of FDR With Browder Bared

Ex-Commie Newsman Tells Senate Group Need For Tighter Immigration Acts

WASHINGTON, Sept. 14.—(AP)—A former Communist newsman told senators today that Earl Browder, one-time head of the Communist Party in the United States, held secret meetings in the White House with the late President Roosevelt in 1944.

The testimony was given by Howard Rushmore, a reporter on the New York Journal American, to a Senate Judiciary Subcommittee.

Rushmore is a former member of the staff of the Daily Worker, official Communist Party organ in this country.

He said his information on the White House meetings came from Benjamin Gilroy, whom he identified as a Communist Party official.

The subcommittee is holding hearings on a bill by Senator McCarran (D-Nev.) to arm the government with new powers to block the entry of subversive aliens and to throw out any who are here.

Rushmore also told the committee that former Secretary of State Cordell Hull and Mrs. Roosevelt, the wife of the late President, intervened to allow Browder's wife to enter this country after she had been ordered deported.

Rushmore said that deportation action was started against Mrs. Browder in 1940 but that the case more or less dropped out of sight because of the war.

In 1944, he said, she went to Canada and remained in the United States from there. He said she originally had come into this country "legally" in 1937 by using another woman's passport obtained from the Moscow consular office.

After her reentry from Canada, Rushmore said, "State Department and immigration officials to the effect that they were ordering her deportation, they were ordered by such people as Cordell Hull and Mrs. Roosevelt to permit her entry."

Records show that the 1940 deportation order against the Russian-born Mrs. Browder was dropped. After her 1944 trip to Canada.

HOUSING PROJECT

WASHINGTON, Sept. 14.—(AP)—The Public Housing Authority approved today an application of the Miami, Fla., Housing Authority for 1,500 housing units.

Five hundred are to be built in the next year and 1,000 in the year following. The local agency also asked for a \$60,000 loan, still to be approved to pay for planning.

ALLIED BANDIT HELD

MOULTREE, Ga., Sept. 14.—(AP)—A 34-year-old North Carolina man was found by officers on his way taken into custody early today as he lay asleep in a rural church.

Police Chief J. Floyd Addison said Harry Russell of Charlotte, N. C., was found by officers on his way taken into custody early today as he lay asleep in a rural church.

British Deny Plans To Cut Money Value

Officials Resent At- tacks By Foreign- ers On Her Social Welfare Program

LONDON, Sept. 14.—(AP)—The British Treasury stood firm today on past declarations by its chief, Sir Stafford Cripps, that Britain has no intention of devaluing the pound sterling.

A spokesman made this clear in commenting on a report published by the New York Times that the pound might be devalued this week.

The spokesman told a reporter: "The story is not new. I can only refer to past pronouncements of the cabinet by the Chancellor of the Exchequer."

Cripps has told Parliament the Labor government has "not the slightest intention of devaluing the pound."

Months of currency devaluation in Britain and elsewhere in Europe received after the heads of the International Monetary Fund and World Bank yesterday urged dollar-hold countries to take such a step.

In connection with the Treasury spokesman's comment, financial observers noted that no government would announce its intention to devalue its currency until it had first made it clear to the world that the country's financial structure and open the way to a possible devaluation.

British government officials appeared not to be surprised by the statements made in Washington by Cripps' director of the International Monetary Fund, and Eugene R. Black, American president of the World Bank.

But officials did seem worried that the stabilizing effect on sterling as a result of the Washington conference would be nullified.

In London today General Chiang Kai-shek, Nationalist central China commander, called for more American aid. The quicker aid comes, the less will be needed," he said.

As he spoke the Communists were massing their forces in Kwang province for an all-out drive on Canton, 110 miles away.

Generalissimo Chiang Kai-shek reported he had gone to Szechwan to check on the situation.

WASHINGTON, Sept. 14.—(AP)—Secretary of State Acheson said today he and British Foreign Minister Bevin are agreed that the need for a Japanese peace treaty is urgent and that the United States will cooperate in making the treaty.

The Secretary of State met with reporters not before going into his second session of public talks with Bevin. The first session was held yesterday and concerned the Pacific area. It produced a joint statement indicating that British and American anti-Communist policies would be stepped along largely parallel lines.

Foreign policy seemed to assume the pattern.

The two nations will proceed slowly and cautiously on the question of recognition of the Chinese Communist regime which is fast gaining ground in the Far East.

Nationalism will be encouraged and aid to non-Communist Asia will be continued.

Washington officials will be using the visit to hold the line on the anti-Communist front.

American officials said little about dealing with Communist China today, but with an important financial note in the Far East.

House Votes Against Cut In Expenditures

Republicans Win Election Victory In Pennsylvania

PHILADELPHIA, Sept. 14.—(AP)—House members in Democratic strength today voted the 29th Pennsylvania congressional seat back in the Republican fold.

Near unanimity, Rep. P. Taylor, the Republican, defeated the Democrat, James H. Duff, who had been elected in the 1942 election.

And Taylor, without mentioning the name of Democrat, called for more money to be spent on the war effort.

Moves Indicate For First Time More Strength For Taxes Than For Economy

PHILADELPHIA, Sept. 14.—(AP)—With Administration leaders snapping the whip, the House today voted against a spending cut and moved the limited sales tax bill to the right hand.

Members of the subcommittee "economic bill" were unable to raise their voices enough to stop a series of House moves that indicated for the first time that there might be more movement for taxing than for any drastic reduction in expenditures.

Atlanta Judge Is Brought To Trial For Murder Try

Intriguing Tale Of Sex And Violence Unfolds In Court

ATLANTA, Sept. 14.—(AP)—An intriguing tale of sex and violence with highlights reaching into New York and Florida is unfolding in the trial of an Atlanta judge on charges of attempted murder.

The case pits Judge Robert Carpenter against his estranged wife, Mrs. Helen Carpenter, and his one-time friend and business associate, Attorney John Lockwood.

Carpenter, a Fulton county (Atlanta) civil court judge, is charged with attempting to murder Lockwood after a pre-down automobile chase July 27. The attorney was wounded in the face.

When the trial opened yesterday, Assistant Solicitor General (Judge) Debus told the court:

"We will prove that Judge Carpenter made an assault with intent to murder upon Mr. Lockwood."

Lockwood was the first prosecution witness. He testified Carpenter once told him he wanted to "have all the women he could get his hands on."

Three years ago, he added, he saw the judge and a woman together in a room at the Governor Clinton Hotel in New York. Lockwood said the woman "did not look like the woman I had known."

Defense Attorney Ella Barrett subsequently questioned Lockwood closely on his relations with Carpenter's wife, who had sued the judge for divorce prior to the trial. Mrs. Carpenter also had filed a \$100,000 alienation of affections suit against Mrs. Estelle Manful, who was named in the divorce suit.

Lockwood testified that Mrs. Carpenter had been "very beautiful."

Mrs. Sally Mern Williams, president of the Business and Professional Women's Club, called upon the pilot club to lend its assistance to the Police department.

She stated that Seminole County at the present time has a Foundation for Infants (the Paralytic) \$1050, and urged everyone to be as generous as possible in their contributions.

There were 28 members present and guests included: Mrs. Margarette Graham, John L. Galloway, Joel S. Field, M. L. Hart, Sr., E. H. Lane, Bert Peterson, J. P. Hall, M. C. Stone and Verne G. Messenger.

AIRLINER MERGE

NEW YORK, Sept. 14.—(AP)—Pan-American Airways and American Overseas Airlines announced yesterday their merger will be carried out in cash—no stock.

Under the revised agreement, Pan American will pay \$17,450,000 for Overseas' assets, and will assume all liabilities of Overseas at the date the sale finally is made.

BASTOGNE HERO

WASHINGTON, Sept. 14.—(AP)—General Anthony G. Saffers, who said "Nuts" to a German demand for surrender at Bastogne, was tapped today to be chief of the Army Chemical Corps.

If the Senate approves, McArthur will succeed Maj. General Alvan C. Walt who was suspended from the job last July after his name cropped up in the Senate's "five star" investigation.

Walt, 46, was reported to active duty in the Pacific but immediately was discharged.

Divorces Decline

Divorce in the United States numbered 420,000 in 1948, a decline of one seventh from the 1947 total, and one third fewer than the all-time high of 626,000 in 1946, according to the Metropolitan Life Insurance Company.

The figures, based upon data obtained through inquiries to state, county, and court offices, include annulments, for New York State, dissolutions by Enoch Arden decree.

The divorce rate for 1948 was 2.9 per 1,000 population, as compared with 3.4 in 1947 and 4.4 in 1946. The highest rates were recorded in Nevada, Florida, Idaho, Texas, Oklahoma, Arizona, and Arkansas.

The present decline in divorce will undoubtedly continue in the near future, the metropolitan forecast. "This does not mean that the long-term upward trend has been reversed; it seems more likely that the decline is temporary, similar to the pattern after previous postwar booms in divorce."

Medical Mission

Germany, formerly the fountainhead of medical learning, during war's hiatus lost many of its medical schools with their trained people, hospitals, and the materials and textbooks necessary for the study of medicine and its allied arts.

Modern textbooks were furnished to take the place of antiquated books. Lack of a blood-bank at the hospital in Munich impelled the members of the mission to work with the military government and local health authorities to provide one.

Proper health facilities and expert care of the sick are especially important for a people whose vitality is low from malnutrition, who in most cases are living in sub-standard housing. Outside help is necessary through the long pull to achieve normal conditions.

THE NATION TODAY

By HOWARD W. WARD (For James Marlow)

WASHINGTON, Sept. 14—(AP)—Phillip Murray's prompt acceptance of the fact finding board recommendations for ending the steel dispute, was, in a way, a tribute to 73-year-old Cyrus S. Ching, head of the government's Conciliation Service.

It was Ching who argued leaders of the steel industry into co-operating with the board when it was named by President Truman last July 23. Ching assured the President that the union would call off its threatened strike for 60 days if the industry would agree to place the crucial wage-pension dispute before that board.

Murray and the steel workers' party committee, expressing their most earnest hope, the board refused to recommend a wage boost, said they would settle for the \$100 monthly pension system and liberalized social insurance program proposed by the union.

That left it up to the steel companies, and gave the union a head start in winning public acclaim for averting a strike that could have thrown the national economy out of gear.

Ching was well-aware of the size of the stakes as he played for time and peace in steel. Just around the corner are almost equally vital wage-pension struggles in the auto and coal mining industries.

John Lewis and his United Mine Workers resume talks with the bituminous coal operators this week in the field and White Sulphur Springs, W. Va. Whether the negotiations will be unimpeded or whether the steel bargaining came first, he'll probably now ask for a wholop pension-welfare royalty and a shorter work week without loss of pay.

Shuttlecock Walter P. Reuther, head of the CIO Auto Workers, and Chevrolet while Murray steered his course through the rocky fact-finding hearings in New York.

These hearings, some industry representatives held the government board would be biased in favor of the union. Some of that sentiment was directed at Ching, who was accused of favoring industrial relations boss of U. S. Rubber Co. He had suggested the fact-finding board in the first place.

But the board's recommendations, rejecting any wage boost at this time on the grounds that cost of living had leveled off, was a bitter rebuff to some of these industrialists.

When Murray yielded, Ching had won half his battle, at least, and he could only hope that industry would quickly follow.

LONGEST PERFORMANCE IN HISTORY

Desperate Town Finds Polio Help On Own Doorstep

NEW YORK, Sept. 14—(Special)—Sometimes you can search the countryside to find that holy happiness, lies on your own doorstep.

It was like that in La Crosse, Wis. This summer when polio cases went into a sudden upward spiral, facilities for the severely stricken at St. Francis Hospital, where stricken children from six nearby counties were being brought in at the alarming rate of three a day.

The National Foundation for Infantile Paralysis, through its state representative, telegraphed the American Physical Therapy Association at once. Physical therapists, paid by the National Foundation, are recruited for the nation through the Association with its registry of 3,000 names.

Calls were pouring in an endless stream into APTA headquarters, Boise, Detroit, Grand Rapids, Saginaw, Oklahoma City, Sioux Falls, and other cities. Requests were filled overnight. Sometimes as many as 62 calls and telegrams were involved in finding one physical therapist free to go on emergency duty.

Recruitment and payment of physical therapists and nurses is a major part of the epidemic service with March of Dimes funds, according to Dr. Robert Naville, director of orthopedic services for the National Foundation. By July 27th this year, 74 physical therapists and 110 nurses were recruited at a cost of \$250,000.

The National Foundation has contributed substantially to the increased number of professional workers in both fields through scholarships and fellowships awarded as part of its comprehensive \$10,000,000 educational program during the last eleven years.

"Next we launched our \$1,267,000 physical therapy program in 1948, the National Foundation has awarded 1,166 of these scholarships increasing the nation's total supply of physical therapists by 25 percent," he said.

Americans May Have To Practice Austerity Also To Help British

By SAM DAWSON

NEW YORK, Sept. 14—(AP)—American industrialists, exporters and farmers are going to be asked to practice a little austerity of their own. Uncle Sam is going to step aside a little in the world's great trading market. He is deliberately making room for John Bull.

The British are to have a little easier in selling their goods in competition with ours. They are going to buy less of ours. And we are going to buy more of theirs. This deliberate step—which will probably mean a further cut in industrial products and of grain and oil—is being taken to help the British through their current dollar crisis.

The aim is political as well as philanthropic. It is part of the cold war. It is also, perhaps, good business for us in the long-run—certainly a British collapse would not be good business for the world.

1. American shipping companies may lose trade. At present half of Marshall Plan shipments must go in U. S. ships. Washington agrees to reconsider this.

2. Americans may pay more for rubber. Our present law requires that manufacturers use 200,000 tons a year of synthetic rubber, now selling at 18 1/2 cents a pound. This has forced British natural rubber down to 18 cents. Now Washington agrees to lower these requirements. Tire makers are expected to buy more natural rubber from Britain, who is in a position to push up the price.

3. Britain is to be allowed to discriminate against American goods in the sterling area. Some American industrialists may find it hard to go on selling their products there. Britain will go even further along her path of buying as little from us as she can.

4. We agree to try to lower our tariff walls. Congress is willing if this means British goods can compete more freely in the country with domestic goods.

BFL&E Votes To Merge Union With Rail Engineers

Final Decision To Be Made After Returns From Engineer Poll

PITTSBURGH, Sept. 14—(AP)—Incorporation of virtually all engineers, firemen and hostlers employed on American railroads in a single union is a step closer to reality today.

President D. B. Robertson of the Brotherhood of Locomotive Firemen and Engineers told Pennsylvania members of his union gathered here that the BFL&E membership had given a 90 per cent approval to plans for a merger with Engineers.

The two unions are the oldest and largest of the Railroad Brotherhoods. Both are independent. Robertson said he is awaiting word of results of a similar mail referendum among members of the BFL&E.

If the proposal gets their approval, Robertson said a convention will be called for combining the membership and resources of the two organizations.

Plans for the merger were originally drafted in 1947. The BFL&E poll was completed last month. The engineers will complete their vote on the proposal tomorrow and begin counting the ballots next week at their headquarters in Cleveland. Considerable opposition to the merger plan has been voiced within the engineers' union, and several BFL&E officials have privately expressed doubts that it would be approved.

The firemen have about 110,000 members and the engineers about 80,000, with some duplication of membership.

is that the democracies have to stick together, help each other even if it means a few less dollars for Americans for a time.

Uncle Sam is in a position that he wanted to be ruthless, to run British traders off the seas, to undercut them, to sink their pound. He doesn't aim to. On the contrary, he's out to help them some more, and, as usual, it's going to cost you.

little ahead of consumption. Our stockpiles will help the British keep it high. The American tire industry, helpmate of the housewife, will feel that one.

5. And finally, our great market in Canada will be affected. Canada's finance minister has reneged his warning: "If Canada is not able to receive payment for her exports to Britain, she is forced to cut down her purchases from the United States." But he adds they hope they won't have to tighten their belts any more. They already restrict our goods. They hope that if Marshall Plan dollars pay for Canadian wheat for Britain, they'll have enough dollars to go on buying from us on the same restricted basis.

Washington stresses that this whole business is not only a necessity, if Britain isn't to founder, but the best possible defense measure for this country. The point

SEMINOLE HIGH NEWS

By JIMMY POWELL

Hi there everyone! Well it's the second week of school at good old Seminole High School, and things are really popping! You won't even recognize S.H.S. since she's had her face lifted!

All the halls have been refurbished and they glisten like a new penny. The music room has been brightened with a new ceiling throughout, and a new ceiling has been installed. The auditorium, too, is now completed and looks swell. The color scheme used in the auditorium gives it the effect of being much larger than she is. H. E. Morris, our school principal, said, and I quote "that with the completion of our new athletic building, which will be constructed directly behind the main building, the sum of money spent on the school repairs will total somewhat less than the neighborhood of \$100,000! So you can readily see how nice our school looks this season.

The student enrollment this year is 501 students. Seminole High has an exceptionally large freshman class this year. You can tell by the number of freshmen in both first and second lunch periods. In fact, all the classes seem to be somewhat larger than previously. As for the amount of school spirit shown up at S.H.S. this year — it's great! Things seem to be running smoothly because of all the cooperation shown by all.

The "Bally" or rather Balmagundy, the school yearbook, has already started to work and has some good plans for this year's book. Editor Chief Doris Pettit said it will be the best edition of the "Bally" ever published. All the different clubs and organizations are busy at work on plans for a big school year.

With the football season there will be a large number of dances and other activities in store this season. Friday night plans have been made for a big school dance to be held at the Tourist Center. It's sponsored by the Seminole High Student Council which is the school governing body.

Dances have already been set in advance as to the dates of all the year's big shindigs such as the May Day Ball, and the Junior-Senior Prom. The Junior-Senior Prom will be held at the beautiful Mayfair Inn overlooking Lake Monroe. The May Day Ball is slated to be held this year at the City Armory. This is just an idea as to what is being done in planning the year's entertainment program.

Did ya' know it's just about time for our football season to get rolling? The Celery Feds started their Spring training in August and are still going strong. Head Football Coach Carl Kettler is really working hard to get the Celery Fed grid in shape for that first big game with Gainesville Sept. 23 which will be held in Gainesville. The first four games will be held away from home this season.

With all the pep and enthusiasm shown by the team, it's rather difficult to determine our first games with little trouble.

The Junior Class is hot to all the football games and excitement around S.H.S. they've got some big ones coming up!

And for fans around the school, the girls don't dress in sloppy, old style any more. They are much more neat with attractive dresses and ballerina shoes.

As for the boys, well it's rather difficult to determine our first games with little trouble.

Thinking of music, the Glee Club is shaping up fine. The looks of things Miss White, who is Glee Club instructor, has quite a bit of talent in her organization this year. While we see on the stage—the band is well on its way toward a big year. The band will play a big part in the football season. The faculty has added back one new member this year, Mr. Gatchel.

This is just a small sum of all the new and exciting things going on at Seminole High. Drop around and pay a visit and see it while it's being done. And you too will agree it's a great year at S.H.S.

Tourist Club Makes Plans For Activities

Plans for activities of the Tourist Club for the winter months were discussed at a meeting of the officers and committee chairmen held on Monday at the Tourist Center, John M. Senkark, Jr., president of the Tourist Club, presided over the meeting.

A membership drive will begin on Oct. 1 and fees were set at \$2.00 per person. By-laws will be presented to the group at an early date.

At the request of Edward Higgins, Chamber of Commerce secretary, Mrs. A. C. Starke was appointed to aid in checking the need for games, table equipment and book books for the entertainment of winter visitors.

Mrs. Mable Brown was appointed to check the pantry supplies used in the Tourist Club and aid in selecting a pattern of dishes for use after the civic clubs remove their dishes.

Announcement was made that A. Van Ness, shuffleboard chairman, would have the courts and equipment in order for the opening of the season and Mr. Higgins informed the group that the Chamber of Commerce would replace worn cues.

Mr. Senkark expressed his appreciation for the splendid work of committees and the interest of those present each week. Mrs. W. E. Smith, publicity chairman, told of her activities in the Chamber of Commerce in the field of advertising to bring winter tourists to Sanford and urged local residents to participate in the tourist activities.

Beta Sigma Phi To Have Local Chapter
Mrs. William H. Alexander of Miami, field executive of Beta Sigma Phi sorority, is in Sanford to form a local chapter of the organization. Mrs. Alexander returned about three months ago from Cuba where she founded the first Latin American chapter in Havana and plans to return in the near future to Caracas, Venezuela to organize another chapter.

Mrs. Alexander, who is staying at the Valdes Hotel is a graduate of Berea College at Gainesville, Ga., and studied at Georgia State College for Women at Milledgeville and the University of Georgia in Athens. During World War II she was a civil air patrol pilot stationed at Atlanta.

Thomas Home Scene Of Circle 6 Meeting

Mrs. R. T. Thomas was hostess for the regular meeting of Circle No. 6 of the First Baptist Church which met on Monday at her home, 203 Maple Avenue. Mrs. W. D. Gardner gave the devotional and Mrs. John W. Abraham talked to a group on mission stewardship.

Following the business meeting delicious refreshments were served by Mrs. Thomas assisted by Mrs. C. C. Anderson and Mrs. Homer I. Osborne. Those attending were Mrs. A. K. Rosenthal, Mrs. C. A. Anderson, Mrs. Abraham, Mrs. Gardner, Mrs. C. C. Collins, Mrs. E. W. Biggers, Mrs. Thomas, Mrs. Picas P. Campbell, Mrs. B. Newsome.

Mrs. Cunningham Is Hostess To Circle

Circle No. 5 of the First Baptist Church met on Monday at the home of Mrs. J. A. Cunningham on Myrtle Avenue at 3:30 P. M. The meeting was presided over by Mrs. H. E. Turner with Mrs. B. F. McWhorter conducting the Bible study. A lesson in stewardship was taught by Mrs. J. R. Ashley.

A secretary-treasurers report was given by Mrs. H. M. Pearce. Mrs. Turner, retiring president, was presented with a gift of Posaria and the group voted to donate the remaining portion of the circle treasury to the church building fund.

Refreshments were served at the conclusion of the meeting. Those attending were Mrs. Turner, Mrs. McWhorter, Mrs. Ashley, Mrs. S. C. Graham, Mrs. Pearce, Mrs. O. G. Noller, Mrs. J. F. Holtslaw, Mrs. J. T. Newby, Mrs. J. T. Hardy, and the hostess, Mrs. Cunningham.

Poached fish fillets are improved if mixed pickling spices are used in the cooking water—about one tablespoon of the spices for about two pounds of fillets. Tie the mixed spices into a small cheesecloth bag for easy removal.

Personals

Mrs. E. C. Moore is expected to arrive this week from Luzerne, Pa. where she has spent several weeks.

Mr. and Mrs. Harold Herbst were dinner guests of Mr. and Mrs. John E. Bonnett on Friday.

Richard McNab left Sunday for Gainesville where he has entered his freshman year at the University of Florida.

Friends of Wally Phillips Jr. will be glad to learn that he is recuperating nicely from a tonsillitis operation performed on Friday.

Steve Hodgkin, Buddy Carter and Alan Rozon have left for Cayuga Military Institute in Hanover, N. C.

Mr. and Mrs. W. C. Hill have returned to their home in Sanford from Clayton, Ga. where they spent several weeks.

Friends of Mrs. Belle Minshew will be glad to learn that she is able to return to her position with Ann's Miraculous Beauty Salon after an illness of several weeks.

Mrs. I. L. Talbot has returned to her home from the Fenwick Lighthouse Memorial Hospital where she has spent the past several days.

Mr. and Mrs. John E. Bonnett spent last Sunday with Mrs. Bonnett's brother and family, Herman J. Beneke, near Titusville. While there they enjoyed a boat trip on Hannans Creek.

Mr. and Mrs. Frank Lieske have returned to their home at 601 Palmetto Avenue from Pittsburgh, Pa. where they spent the past three months. Mr. Lieske underwent an operation for rheumatoid arthritis while there.

Herman Koloff arrived recently by plane from Buffalo, N. Y. to visit his sister, Mrs. King Almon at Osteen. Mr. Koloff and Mrs. Almon enjoyed luncheon Tuesday with their aunt, Mrs. John E. Bonnett at 711 Mellowville Avenue.

able to be cast as comedians, singers as dramatic heavies.

"When a role does require an actress to portray a pianist, the director picks a girl who can't even play," said Diana.

"Of course," she added. "Parts calling for a pianist don't come along every day. With a singer it's different. An actress with a voice can just open her mouth and sing, in almost any kind of role. But you can't sing a piano willy nilly."

Diana still plays professionally between film roles. Her third album of records is finished, but release this fall. And she still hopes for more movies in which she plays.

Unlike some performers who make a terrific production of their keyboard melodramas when the cameras are rolling, Diana says she can't act and play simultaneously.

"I have to concentrate on playing the director will ask me to look up at the camera and smile, and to let the sound department fix the musical mistakes. Later he can't do that. It takes me to make mistakes, and when I do I'll invariably look down at the keyboard."

Diana is currently working in "Rogues of Sherwood Forest," a new picture.

Golf Association To Meet On Thursday

The Sanford Women's Golf Association will hold its opening fall meeting on Thursday with a luncheon at the Twilight Grill. Members of the organization may play golf either in the morning or in the afternoon, as during the last season.

The first luncheon will not be held at the Seminole Country Club because of the reorganization which is now taking place. It was announced, luncheon will be served at 12:00 o'clock and Mrs. Price Hensel will conduct a short business session after welcoming members.

All members and prospective members are now being contacted. Mrs. W. G. Fleming, publicity director, said this morning adding that all who are interested in joining the organization are asked to contact Mrs. Earl Higginbotham or Miss Helen Cabbas.

Hollywood

BY JACK THOMAS (For Job Thomas)

HOLLYWOOD, Sept. 14—(AP)—Television will have to struggle along without Jack Benny for a while. He has decided to stick with radio until TV attracts a larger audience.

St. Augustine Is Leading Palatka By Big Margin

PALATKA, Sept. 14.—(AP)—Al Heiner allowed the Palatka Azaleas but four hits here last night to rack up an 8-0 shutout to take the second game of the final series in the FSL playoff.

For the St. Augustine Saints the big blows were terrific home runs by Claude Shoemaker and Pete Pichan in the sixth inning. Pichan's four baser came with a mate aboard.

The Saints posted two runs in the third on three hits and a double steal. The last three came on an equal number of singles and an error in the ninth.

Lefty Mayer was the only Azalea to get two hits with Tony Mazurek and Reggie Corrales getting the other two local safes.

SAN MATEO, Calif., Sept. 14.—(AP)—Ezzard Charles is signed and sealed, but not delivered, to defend his NIA heavyweight boxing championship at San Francisco's Cow Palace Oct. 14.

The signing was done before 19,371 fans at the opening of Bay Meadows' 41 day horse racing meet. For Charles it was by proxy. He declined to fly out from an Atlanta exhibition to keep the date.

Joe Louis, retired world heavyweight king, signed for the international boxing club which holds Charles' contract. Paul's managers signed because did Pat Valentino of San Francisco, who gets the shot at Charles' crown.

Records Show Dogs At Volusia Track Faster Than In '48

With the first elimination race for the Volusia Derby scheduled for next Saturday night records at the Volusia County Kennel Club show that the greyhounds running in Daytona Beach this season are much faster than the 1948 pack for all track records have been knocked higher.

The experts predict that even faster time will be chalked up before the season terminates with the running of the Volusia Derby, Thursday night, Sept. 22.

Kayrock holds the record now for the bench course having covered the marathon route in 40 seconds flat. The 1948 record was 40.2 established by Never Out when he won the Derby last September. Real Huntsman holds this season's futurity record of 28.2 seconds.

Last year the record was 28.2 seconds established by Eaglebeaver. This year both Dolphin and Old's Galway accounted for the fastest time over the 5-16 mile route, namely 31.1 seconds. In 1948 Packard and Rolling Boy held a record of 31.1 jointly.

Women Golf Champs Worried By Novice

ARDMORE, Pa., Sept. 14.—(AP)—The best method of selecting a winner in the 40th annual U. S. Women's Amateur Golf Championship today but surviving veterans are more than a little worried about the entry in the competition.

She's 16-year-old M. R. To no Hauer, national junior golf champion from Los Angeles, Calif., who pitted her youth against the experience of six-time champion, Mrs. Edwin H. Vero yesterday and emerged a 4 and 8 winner over the rain-soaked Merion Golf Club course.

The petite Californian, who was playing with dolls while Mrs. Vero was busy winning titles slouched over sloppy fairways and water hazards to post a seven over par 43 for the front nine. She finished by scoring birdsie threes on the seventh and eighth holes and a par three on the ninth.

The best Mrs. Vero could do over the six holes played on the back nine of the 6,015 yard course was to cut the margin to two down.

The most surprising development in yesterday's second round play was the elimination of Frances Stephens of Southport, England, by Mrs. Julius A. Page, 1937 amateur queen from Greensboro, N. C.

Dorothy Kirby, Atlanta, twice a runnerup in this tournament, led one up going into the 18th hole. She landed in a water-filled trap just off the green and only a spectacular wedge shot enabled her to halve the hole and win over

Victory Famine Is Reported Over For Tennessee's Vols

KNOXVILLE, Tenn., Sept. 14.—(AP)—September football forecasts have a habit of becoming nightmares in November, but here's one to remember—the victory famine is over at the University of Tennessee.

The Volunteers are going to be an improved team over those that staggered through the last two seasons with nine triumphs, nine losses and two standoffs.

One look at this erstwhile South-eastern Conference power in its daily practice drills and you can easily see why. Coach Bob Neyland has assembled the biggest, angriest, best collection of sophomores in Tennessee football history. The newcomers have even the usually reticent Neyland talking.

The credit and determination of this squad is as good as any I have ever seen," says Neyland, who is beginning his 18th campaign at Tennessee.

Interpreted, that means the old head on the 14-man squad apparently is fired up with that all-important will to win. The sophomores always display plenty of dash.

Tuke Jim Vurgin, 195-pound senior guard, as exhibit A. Vurgin turned in some sensational performances in 1945 as a freshman, but he was just another line-man the last two seasons.

It may be that stiff sophomore coming to out these and other veterans in a fired up with that all-important will to win. The sophomores always display plenty of dash.

However, the 37 sophomores looking to out these and other veterans in a fired up with that all-important will to win. The sophomores always display plenty of dash.

Hal Gruber Picked By Sports Writers For All Star Manager

GAINESVILLE, Sept. 14.—(AP)—Sports writers in the eight Florida State League cities see pretty well down the line with the fans. The official all-star team for the Class D loop was picked today by the scribes and had but one change over the club selected in mid-season by the fans in their balloting for the club to play in the annual all-star game.

The lone switch placed Palatka's Herb McLeod, the circuit's third best hitter with a season mark of .349, in the outfield with Gainesville's Al Pirtle and Jim Rivera, the loop's top and second hitters, respectively.

McLeod replaced Daytona's Lou Bevil, who won the fans selection for the third outfield post as well as righthanded pitcher and most popular player in the league.

The sports writers named Bevil as the all-star utility player, a position the fans voted Daytona's Eddie Lichens.

Elsewhere it was right down the line.

The official team named included:

First base—Laverne Mayer, Palatka.
Second base—Blitz Mott, Palatka.
Shortstop—Gus Montalano, Daytona.
Third base—Jim Jones, Sanford.
Catcher—Ray Dunne, DeLand.
Left handed pitcher—Larry Barry, Sanford.
Right handed pitcher—Stan Karpinski, St. Augustine.
Outfield—Al Pirtle, Gainesville.
Outfield—Jim Rivera, Gainesville.
Outfield—Herb McLeod, Tallahassee.
Utility—Lou Bevil, Daytona.
Manager—Hal Gruber, Sanford.

Sports Roundup

NEW YORK, Sept. 14.—(AP)—The Boston baseball story apparently was summed up in a newspaper headline the other day: "Dark Says He'll Be A Better Shortstop in 1950." The Braves already are out of it and Boston experts aren't counting much on the Red Sox slim remaining chances. It's wait till next year again... and next year, according to one informant, Billy Southworth will be back as Braves' manager but most of his team won't be back... The question is: when Lou Perini & Co. will get replacements for the unhappy veterans... Roundabout report from California says the Yankees have bought Jackie Jensen, former U. of California fullback, and infielder Billy Martin from Oakland for a big price... Speaking of Jensen, the Santa Clara football team invited Barbara Jensen, the swimming champ, to rule over the football festival, assistant Coach Herb Meister recalled that Jackie did last fall and said: "It's a good idea to have a Jensen on our side this year."

ONE-MINUTE SPORTS PAGE

Yogi Berra and Charley Silvers of the Yankees turned up at Yale's scrimmage Monday, Coach Herman Hickman remarked: "I don't recognize anybody who can't block or tackle"... At that rate, Herman can't recognize his own team.

THE HARDIN-SIMMONS football schedule calls for games against Echols, Bearcats, Wilcats, Lobos, Cougars, Lions, Buffaloes and Tigers, a regular who so... A Texas observer, wondering how Southern Methodist Doak Walker will fare without Gil Johnson to pass for him, adds: "I wouldn't say Walker couldn't be president until I'd seen him run for it..." Don Laclair, Rhode Island half-back, worked last summer as a grave digger, Allen Furubush, New Hampshire tackle, was grass cutter in a cemetery... No doubt when they clash in October, they'll try to knock each other for a ghou.

STRIKING THOUGHT

Jack Lavette, the stout scout of football fame, blames this one on his mother, who is a rabid Giants baseball fan, although she seldom sees a game... When the Giants bought catcher Walker Cooper for \$175,000 when all the news stories were stressing their need for pitchers, Mrs. Lavette exclaimed in disgust: "They pay \$175,000 for Cooper. You'd think they should know he can't do them a bit of good until after the

Garden Officials Given Till Oct. 1 To Decide

NEW YORK, Sept. 14.—(AP)—Officials of Madison Square Garden Corporation have been given until Oct. 1 to join with the city in construction of a new convention hall and sports area at Columbus Circle.

The time limit was revealed last night by City Construction Coordinator Robert Moses.

He said that if the garden management decides not to take part in the project—known as the new Madison Square Garden—the design will undergo important changes.

Moses declared the project will be carried through, in any event. Moses told of uncertainty about the present Garden management's participating in the new structure after Mayor William O'Dwyer said yesterday that the city has prepared preliminary plans for erection of a New York City convention hall.

Vicksburg Set To Take Pensacola Fliers

VICKSBURG, Miss., Sept. 14.—(AP)—The giant-killing Vicksburg Billies set the stage last night to kill off the champion Pensacola Fliers and win the Southeastern League playoffs this.

That is, one stage is set if the Billies are of a mind to repeat their first-round performance.

In the preliminaries, the Billies, fourth-place finishers in regular season play, let the second-slot Marianna Millers win the first three games. Then they took the next four.

Pensacola swept the first three games of the current finals. Last night's 8-3 victory was Vicksburg's first.

Truman Names Judge Minton To High Court

Former Senator And FDR Ace In Court- Packing Fight Given Supreme Court Job

WASHINGTON, Sept. 15.—(AP)—Sherman Minton of Indiana, who battled in vain for the 1937 Reorganization plan to put younger blood on the Supreme Court, today was chosen by President Truman to serve on that bench.

Minton, in 1937 a Democratic, pro-New Deal senator, now is a judge of the seventh U. S. Circuit court of appeals. That court has headquarters at Chicago and embraces the states of Indiana, Illinois and Wisconsin.
