

## BOARD OF GOVERNORS HELD IMPORTANT MEETING YESTERDAY AT VALDEZ

### Pledged Their Support To Raise Money for Roads

### COUNTY TO ASSIST MONEY TO BE RAISED FOR TITUSVILLE-GENEVA BRIDGE AND THE OSCEOLA ROAD

At the regular weekly luncheon of the Board of Governors of the Sanford Chamber of Commerce held Friday in the Valdez Hotel, the members of the Board unanimously voted to have the organization assume the responsibility and guarantee the raising, through popular subscription, of an amount necessary to assure the building of that portion of the Titusville-Geneva road in Seminole county and also the road to Osceola, generally known as the Bridgeland road.

The details of these projects had been worked out at an informal meeting of business men held the previous day. At this meeting it was brought out by one of the County Commissioners present, that there was not sufficient money available in the County Road and Bridge Fund to proceed with its part of a joint program in which the Commissioners of Seminole, Volusia and Brevard counties had agreed to spend in their respective counties whatever money was necessary to put this road in good shape. Volusia county has guaranteed to build the bridge located at the head of Lake Harney and for which purpose has appropriated \$3,000.00. After the many years of agitation on the part of Seminole county to improve this road, it is now squarely up to the county commissioners to put up this money or witness the project falling through. The same is true of the road to Osceola, its importance has been admitted and our county commissioners have reached an agreement to accelerate the improvement to this road.

With this in mind it was suggested that a fund be raised through popular subscription to be used in conjunction with available funds in the hands of the County Commissioners which will permit them to proceed with the work on the Titusville road, to which they are committed, and also assure the much needed relief to the people of Osceola.

The final opinion of those present at this informal meeting, was to the effect that the Chamber of Commerce, through its organization, was best qualified to undertake the securing of the necessary funds for the purposes outlined. Accordingly, the suggestion as made at the informal meeting was formally conveyed to the Board of Governors, and, as previously assigned, unanimously agreed to.

The matter was referred to the Good Roads Committee of the Chamber for execution. Speed being the essence of this proposition, the members of this committee held a meeting immediately after the luncheon and tentative plans were drafted to raise this money. The committee will have their plans completed to permit them to start out the early part of next week.

The opportunity is now presented to consummate a pet project of the merchants of Sanford in bringing a rich trade territory into quicker communication with Sanford. The Trade Extension Committee, at the time of their visit to Osceola, assured the people of that section that the influence of the Sanford Chamber of Commerce would be expended in having a passable road built between Osceola and Sanford. At the time a number of the Sanford merchants expressed themselves as being willing to defray a portion of any expense necessary to put this road in shape, realizing that any amount contributed for such a purpose would find its way back into the cash registers of the merchants in Sanford.

The improvement of the Titusville road is almost of equal importance as the Osceola road, as it means the saving of a great many miles to and from the East Coast and will be the means of bringing a great many tourists to Sanford by this route.

It is admittedly unfortunate that lack of county funds makes necessary the raising of this money by popular subscription, but exigencies of this

### Taking Testimony In Rawlins Case— Treasurer on Stand

#### Was With Hickman When He Was Killed

(By The Associated Press)  
JACKSONVILLE, Oct. 15.—Taking of testimony in the Rawlins trial began today. The former county physician, Stinton and Elbert Harrison, treasurer of the Palace Theatre were the first witnesses. Stinton performed the autopsy upon the body of Hickman and Harrison was with the theatre manager when Rawlins shot and killed him.

Just before the noon recess the state announced it had completed its case and announced that Rawlins would take the stand this afternoon in his own behalf. It had been hoped to complete the trial today but indications are the case would not go to the jury before Monday.

## DIFFERENCES BETWEEN RAILROADS

### HARDING ASSUMES ACTIVE LEADERSHIP TO SETTLE GRIEVANCES

(By The Associated Press)  
WASHINGTON, Oct. 15.—President Harding today assumed active leadership in the government's effort to settle the differences between the railroads and their employees and designated as best available agencies to avert serious labor complications the public group of railroad labor board and membership of interstate commerce commission. After a brief session with the public group at the White House this morning, the conferees went to the Interstate Commerce Commission where the public group, President Harding and Commissioners conferred. The president later returned to the White House leaving the labor members in conference with the commission.

The Good Roads Committee is out to raise \$1,500.00. Salesmen of phony stock raised \$70,000.00 in the county last year. The money raised will be spent under the supervision of the county commissioners and the county engineer. The proposition as submitted to the business men of the county is endorsed by both the Sanford Chamber of Commerce and the Commissioners of Seminole county. The entire amount should be raised in a week and work started immediately thereafter.

The city brought identical suits against the Tribune and Daily News, claiming the papers had printed false statements regarding Chicago's financial stand and thereby injured the city's credit.

## WAGE REDUCTIONS ON THE RAILWAYS WILL BRING STRIKE

### BROTHERHOODS CONSIDERING CHALLENGE OF RAILWAY OFFICIALS TODAY

(By The Associated Press)  
CHICAGO, Oct. 15.—Sixteen railroad unions have taken secret strike vote and authorized their officers to order a walk-out if deemed advisable. Although sixteen will act independently of four big brotherhoods a joint meeting was called for this afternoon. One high union official announced the date was set for the strike but declining to reveal it. October thirty is reported as the day. The brotherhoods also have selected a list of ten roads of which strike will be effective the first day, the same officials said. It is understood the strike will be ordered on additional units of ten roads every forty-eight hours until the roads either give in or the walk out becomes nation-wide.

## To Bring Out the Natural Beauty of This Part of City

## TO BUILD PAVILION

### AND PLACE WHERE VISITORS CAN ENJOY THE ADVANTAGES OF LAKE MONROE

Few people in this city realize the scope of the activities of the Chamber of Commerce in their constant efforts to make Sanford the biggest and best city in South Central Florida. The "ship by water" campaign inaugurated by the Sanford Chamber of Commerce is only one of the many big stunts started and pulled off by the live wire members of the board. Among the many constructive plans of the Chamber of Commerce is the planning of a City Beautiful as well as a City Substantial and under the chairmanship of Deane Turner the "City Planning Committee" has inaugurated a very ambitious program and one that will be carried out. It is nothing more or less than the beautifying of the lake front—the prettiest spot in the city—and the spot that has been badly neglected in the past. The committee in the report of the chairman at the board of governors meeting yesterday gave out the information that they were to build a pavilion at the foot of Park avenue—a place where the visitors can rest and enjoy the lake and a place where the people landing in boats can be accommodated, something needed here for many years.

Also a boulevard to be built on the lake front from Park avenue to Palmetto avenue joining up with these two avenues with a White Way and beautified with palms and flowers and shrubbery and made into one of the most beautiful drives in this part of the city. The city commissioners, the Woman's Club and other organizations have agreed to lend their aid to the City Planning Committee and this work will be finished in time for the advent of the winter visitors. The boat basin is also in the province of this committee and they hope to have in the next twelve months a lake front that will not only be a thing of beauty but will fill a long felt want in making the lake front what it should be—the most beautiful part of Sanford.

The Lakefront Improvement Co., who are the owners of the lake front property, have promised the use of the streets on the lake front for this great work and will assist the movement in every way. It means much to their property and they are working hand in hand with the City Planning Committee of the Chamber of Commerce to beautify the entire lake front.

## HAYNES TO CLEAN HOUSE.

WASHINGTON, Oct. 15.—Prohibition Commissioner Haynes in a statement last night announced his determination to "correct weaknesses" in the various state prohibition enforcement corps. The department, he said, would use every effort to weed out enforcement officials whether high or low who did not appear to be in sympathy with his law enforcement policy. The commissioner's statement was made after he had reached a decision to have a "thorough house-cleaning" in the Pennsylvania organization.

UNEMPLOYMENT CONFERENCE  
DO NOT AGREE ON  
RELIEF STEPS.

WASHINGTON, Oct. 14.—The national conference on unemployment, after creating a standing committee with authority to reconvene the national conference at any time, concluded its deliberations today and adjourned sine die.

Washington, Oct. 14.—Divergent views as to the necessary steps for relief of unemployment were presented at the National Unemployment conference today by its manufacturers' committee. Majority members, through James A. Campbell, of Youngstown, Ohio, committee chairman, recommended several sweeping measures including repeal of the Adamson eight-hour railroad law and a denunciation of any group seeking in its own interests "to resist economic adjustment."

Minority members, through Samuel Gompers, president of the American Federation of Labor, in another report, strongly emphasized that "there must be adopted no policy of wage reduction."

The two reports were among a number from various sub-committees considered today by the conference at what was expected to be its final session. Conference officials explained that the reports were not to be taken as recommendations of the conference, but as expression of opinion by various groups. The majority manufacturers' committee report was signed by Chairman Campbell, William M. Butler, of Boston; T. E. Edgerton, of Nashville; A. L. Humphrey, of Pittsburgh; Thomas P. Himan, of Palham, Ga.; W. H. Stackhouse, of Springfield, O., and John A. Penton, of Cleveland. It recommended:

"Prompt enactment of legislation pending in congress for funding the obligations incurred by the railroads during federal control; expedition of payment of government obligations to the railroads growing out of rental obligations; transfer of the functions now performed by the railroad labor board to the interstate commerce commission; repeal of the Adamson eight hour law; prompt enactment by congress of a law free from ambiguity providing for a substantial downward revision of taxes; prompt enactment of a satisfactory tariff bill embracing such rates of duty as may properly safeguard the prosperity of employer and employe, and that "every element in our citizenship should frankly set its face against a group whether in agriculture, business, labor or transportation, that selfishly undertakes to resist necessary economic adjustment in any narrow endeavor to protect its personal interests at the expense of their permanent betterment of our national life."

EIGHTY ORDERED FROM PUTNAM AND VOLUSIA.

(By The Associated Press)  
OCALA, Oct. 14.—The state road department has ordered eighty convicts from Putnam and Volusia counties to be transferred to Marion county for work on the state road No. 2. Convicts will be installed in a camp between Wierdale and the station, and be brought here as soon as the camp is built.

Seventy thousand dollars will be spent by the commissioners of the city of West Palm Beach in putting in an up-to-date sanitary sewerage system.

### Conference to Seek a Cut in Freights Oct. 27

Fruit and vegetable shippers from all over Florida will meet in Orlando Thursday, October 27, with executives of the railroads in an effort to have the railroads agree to reduce the freight rates on Florida fruit and vegetables that are claimed to be too high.

Letters notifying growers and shippers throughout the state are now being sent out in order that they will have a strong representation at the conference. The railroads have agreed to go into the situation and the shippers have hopes of an agreement looking to a speedy revision of the present rates.

According to a statement issued by the traffic department of Chase & Co., car lot distributors of citrus fruits and vegetables, Jacksonville, the present rates are too high and the growers are looking to the railroads to reduce them and give them some relief from the present burden of high transportation charges with which it says that every fruit and vegetable grower in Florida is handicapped.

### MEXICAN BANDITS BREAK OUT AGAIN

(By The Associated Press)  
MEXICO CITY, Oct. 14.—Fifty armed men under the leadership of Rebel Captain Castillo, yesterday held up a passenger train from Vera Cruz to Mexico City seven miles from Puebla, robbed the passengers and escaped with considerable booty. The bandits escaped after forcing the passengers to walk to Signoret. Shots were exchanged and three persons killed. Whether the dead were bandits or passengers was not stated in the first news of the holdup received here.

### EDITOR M'CREARY DEAD.

GAINESVILLE, Oct. 14.—Henry H. McCreary, publisher of the Gainesville Daily News, and who served continuously for twenty years in the state legislature, died at his home here today from pneumonia. He had been in ill health for the past nine months and was confined to his bed a large part of the time. He was sixty years old.

Mr. McCreary was born at Southport, N. C., Dec. 28, 1861, but came to this state when five years old. He came of distinguished ancestry on both sides of the family. His mother, Mrs. Mary Hamilton McCreary, was related to the Hamiltons of Maryland, which family gave a governor to the state. His father, William T. McCreary, was a cousin of Senator McCreary of Kentucky. The father, a carpenter by trade, was of a wandering spirit and traveled around the world six times.

Mr. McCreary obtained his education in the public schools of his state, supplemented by night study, and later he took a course at the University of Kentucky.

He entered the newspaper field in 1881 with the establishment of the Alachua Advocate at Gainesville. From this paper grew the Gainesville Daily Sun, which he published until 1918, when he sold it to its present owner. In 1919, he began publishing the Gainesville Daily News.

He first went to the house of representatives in 1894, thence to serve in the legislature unbrokenly for twenty years, he having served a second term in the house before he went to the senate for four terms.

He leaves a widow and two children Mrs. A. M. Edwards and Elmer White McCreary, both of Gainesville.

### SOUTHEASTERN LINES ORDERED TO CUT RATES TO MISSISSIPPI POINTS.

WASHINGTON, Oct. 13.—Railroad freight rates proposed by the southeastern roads last June to apply between points on the south Atlantic coast and the Mississippi river, were set aside by the Interstate Commerce Commission today and new schedules ordered installed before November 28th.

The commission ordered the roads to fix the new rates on a basis of \$2 for first-class freight from Virginia and Carolina points to Memphis and grouped destinations; to Winona, Miss., and grouped destination at \$2.10, and to New Orleans and Vicksburg at \$2.18. Related rates were ordered changed to conform.

The commission said the roads should preserve a differential favoring the southern ports of fourteen cents under Baltimore; twenty-five cents under Philadelphia and New York, and thirty-three cents under Boston.

The readjustment of the class rates in the territory became necessary following decisions of the Interstate Commerce Commission that water competition at certain Mississippi and Ohio river points was no longer a factor and that long haul rates could no longer be sustained at lower figures than short haul rates.

### ANNOUNCEMENT LUNCHEON

Entertaining with her usual charming and gracious manner, Mrs. George DeCottes was the hostess at a luncheon Friday at her home on Magnolia avenue, with Miss Norma Herndon as the charming honor guest.

The house was artistically decorated, quantities of pink and white cut flowers being used about the various rooms, the shaded lights casting a soft glow over the scene, with beautiful effect.

The table was beautiful in its appointment, the color motif, pink and white being featured. The centerpiece was an arrangement of pink vire and dainty white flowers in a low silver bowl. Silver compotes filled with mints were placed at intervals and silver candle sticks holding unshaded pink tapers were placed at either corner of the table.

At each plate were little baskets from, the handles were hung tiny wedding bells and to each were fastened a miniature bouquet of pink roses, these baskets were filled with salted almonds. The place cards were hand painted daisies, the names being concealed in the center of each. The bride's chair was marked with a cunning little Kewpie bride, daintily attired in pink and white tulle, holding a miniature airplane was suspended with pink and white tulle from the chandelier, it was white with tiny pink hearts pierced with arrows, as the guests were seated small white hearts fluttered from it, these contained the announcement of the engagement of Miss Norma Herndon to Lieut. Albert Bivins.

During the afternoon a very interesting game of bridge was played. The tally cards were heart shaped with the initials of the bride and groom-elet in gold old English letters. Mrs. Ben Caswell making high score was awarded a pretty piece of lingerie. In cutting for the consolation, Miss May Thrasher was the fortunate one and was also given lingerie. Miss Herndon was the recipient of a lovely piece of lingerie.

Miss Herndon is a most charming and popular girl, and the announcement of her approaching marriage will be received with much cordial interest among her host of friends.

Mrs. DeCottes was assisted in entertaining by Mrs. George Bishop and Mrs. B. W. Herndon. The honoree, Miss Herndon, was lovely in a gown of black canton crepe combined with American beauty georgette worn with a chic hat of black trimmed with ostrich.

The entire afternoon was one of exceptional enjoyment for the guests who were: Miss Norma Herndon, Mrs. B. W. Herndon, Miss Marjorie Clay, Miss Esther Miller, Miss May Thrasher, Mrs. Ben Caswell, Miss Adelaide Higgins, Miss Daphne Wim-bish and Mrs. C. R. Kirtley.

This was one of a series of delightful pre-nuptial parties with which Miss Herndon is to be honored.

Miss Olive Dinkle, of Longwood, spent the morning here shopping.

Mr. and Mrs. A. A. Rogers, of Jamestown, N. J., who are spending the winter at their winter home at Daytona Beach, are visiting here today as the guests of their cousin Kent Rossiter, at his home on Celery avenue.

The above is the subject to be delivered by Dr. George Hyman, pastor of the Baptist Temple, Sunday night. The speaker has been a resident of Sanford eight years today. He has been an encourager to every move to advancement of the city.

At one time he was asked to serve as secretary of the Board of Trade in connection with his pastoral work. For three years he was one of the Board of Governors. When the business men's luncheons were held he was the preacher member of the club.

Today his interest and enthusiasm is greater than ever before. He is pastor of the Baptist Temple with a membership of 580, and property valued at \$78,000 He is president of the Temple Institutions, Inc., which organization owns the Temple Club for Young Women, and are making plans for a club for young men. He is president of the Board of Trustees for the Sanford Temple schools, which will open doors November 1st. Just recently he has been elected a director in a live organization of business men in Sanford.

He has a right to speak on "The Greater Sanford Plus?" Go to the Baptist Temple Sunday night.

### SILVER TEA

A very interesting event of last evening was the Silver Tea given by the members of the Epworth League of the Methodist church at the church parlors.

Golden rod and yellow daisies were used in charming profusion, in decorating the rooms, baskets of these lovely flowers were effectively placed forming a pretty background for the bright young faces of the hostesses.

A very enjoyable musical program was rendered and candy was sold thru-out the evening. Late in the evening hot chocolate and sandwiches were served by members of the League.

The League parties are always delightful affairs and this one was particularly so.

If the bravest are the tenderest, the steers that are carved into restaurant steaks are darned cowards.

ELECTION RULES AND POLL TAX AND REGISTRATION.

All those who are eligible to vote and have never registered in the city should do so at once. The men who are not registered and all those who expect to sign petitions should register before the 18th of October in order to sign the petitions officially. Women do not have to pay poll tax according to a ruling of the legislature that states they pay their first poll tax in 1922. There have been so many inquiries at the Herald office that this statement is given to the public at large in order that all who wish to vote and who wish to sign the petitions can be governed accordingly. For any other information see City Clerk Phillips, at the city hall. But be sure you are registered now in the city. 171-tp.

NOTICE

Will the person who was seen last night removing spotlight and a rain coat together with a valise containing insurance papers, from a car in front of the Star Theatre, return same to 709 East Second street and save trouble. No questions will be asked. 173-8tp

LOCK OF GRAT MAN'S HAIR

Old Watch Has Long Held Interesting Relic of the Mighty Emperor Napoleon.

A new Napoleon souvenir has just come to light at Viareggio, Italy, new a fashionable seaside resort not far from Naples, and its history is interesting. A short time after her brother's death at Longwood, St. Helena, Princess Pauline, favorite sister of Napoleon I, sent a souvenir of the great warrior and emperor to one of her intimate friends, Professor Pacini, a musician, who wrote the musical work "Sapho." But she sent it in a gold watch carefully pressed between the watch's outer and inner covers, explains a writer in the New York World. As the hair was so well hidden from view the princess wrote to the musician telling him of the treasure that was inside. The letter, still preserved by his granddaughter, Francesca Franchi, born Pacini, is a long one, and for some reason or other the family, like the original recipient of the gift, never bothered about the words, "The lock of my dear brother's hair is between the two covers of the watch," and only treasure the watch and the letter because both came from Princess Pauline. So, great was Signora Franchi's surprise when, on taking the watch to the watchmaker, she discovered a glossy lock of hair between the two covers. The letter from Pauline was carefully reread and the words telling of the lock of hair now become the most important part of it, giving proof that the hair is a hitherto undiscovered relic of Napoleon. Several offers have been made for the relic and the letter which explains it, but Signora Franchi says she will not part with it except the Italian government buys it for one of the national museums.

CHEAPEST HOLIDAY IN PARIS

Week in French Capital May Be Passed Quite Agreeably on Sum of Twenty-Five Dollars.

Do you know that it is possible to spend a week's holiday in Paris for \$25? It sounds impossible, but it can be done, says a writer in London Tit-Bits. The \$25 does not include traveling expenses, for these vary according to starting point, route and so on. If a modest hotel is chosen the charge is about 20 francs a night. The tourist should adopt the French habit of having rolls and coffee for breakfast and this should cost him about 40 centimes a day. Luncheon should be taken at one of the numerous cheap restaurants, where it can be obtained for 5 or 6 francs. It should be noted that there is a small charge for cloth, plates, etc. Two francs is ample for tea and the evening meal should be similar to luncheon. The correct time for it is between 6:45 and 8:30. Sundry fares should not amount to more than 15 francs. Altogether it should cost 185 francs for food, lodging and sundry fares. There are about 230 francs in \$25, and so there remain 45 francs for sight-seeing and extras. This should be ample, for many of the most interesting places in Paris, such as the Bois de Boulogne, the boulevards, the world-famed picture galleries and Notre Dame, that can be seen for nothing. The electric light and ice company at DeLand will spend \$75,000 in improving the Station end of their plant. TRY A DAILY HERALD WANT AD.

The Grant memorial, located in the Botanic gardens, Washington, is now practically completed. Dedication exercises to have been held this fall have been postponed until next year owing to unfinished approaches to the monument, the completion of which involves the removal of many buildings in the gardens.

MR. JOHNSON FINDS WALLET

Indianapolis Attorney Wakes Up When He Hears Gleeeful Giggles From Weeds on Roadside.

Emsley W. Johnson, attorney, was taking a spin in his car on a country road southeast of Indianapolis the other evening when, approaching a little town, he saw a large, plump, leather purse lying between the wheel tracks. Mr. Johnson thrilled with the ancient pleasure of discovery. He stopped the car, and climbed out, wondering silently who had dropped the wallet, and how many green or yellow crinkly ones were in it. He looked around as he alighted, and saw that the roadway was walled on either side with a pigmy forest of ironweeds, ragweeds, horseweeds and Jimson, forming a jungle that crowded in as if to close the highway. Walking back to the spot where the purse had been, the attorney rubbed his eyes. No purse was there; instead, there was a wide welt in the dust as if some object had been dragged diagonally across the right-of-way. The same moment a broadside of gleeeful giggles burst from the weed jungle, left and right. Mr. Johnson did not pause. He did not even speak. He smiled slightly as he clambered into his automobile. For Mr. Johnson himself was once a boy.—Indianapolis News.

Changed Father's Text.

"We will take as our text this morning," announced the absent-minded clergyman, consulting his memorandum, "the sixth and seventh verses of the 31st chapter of Proverbs." Never suspecting that his vivacious son and heir had found the memorandum in his study on the previous night and, knowing that his papa had composed a sermon celebrating the increased severity of dry law enforcement, and diabolically changed the chapter and verse numerals to indicate a very different text, the absent-minded clergyman turned to the place and read aloud these words of Solomon: "Give strong drink unto him that is ready to perish, and wine unto those that be of heavy hearts." "Let him drink and forget his past poverty, and remember his misery no more."—New York Sun.

Never Heard of Sunny Side Up.

Irvin S. Cobb, on a recent southern tour stopped for dinner at a tiny railway restaurant in a Mississippi village. "Well, uncle, what's the bill-of-fare?" he asked the aged colored man who came from the kitchen to look after him. "De bill o'-fare," said the old man, "am ham, eggs, corn bread and coffee." "Then I'll have ham, eggs, corn bread and coffee, uncle," said Mr. Cobb. The old waiter bowed and shuffled out. But a moment later he put his head through the doorway again. "Boss," he said, "how ye gwine have dem eggs—biled or lookin' at yet?"—Detroit Free Press.

Spies Everywhere.

"How is the patient progressing?" "Doing as well as could be expected." "Able to receive visitors yet?" "Come around in about three days." "Thanks, I certainly will." Overhearing this conversation you would naturally suppose that somebody was recovering from a serious complaint. As a matter of fact, citizens who engage in home brewing can't be too careful about discussing it on a street corner.—Birmingham Age-Herald.

Benefits of Dark Food.

A party of picknickers, after a long, dusty walk reached the parking place where they spread out their luncheon. As they were setting the table, one young woman exclaimed: "Ain't I glad I brought a chocolate cake. It doesn't show dirt."—Milwaukee Journal.

HEAD STUFFED FROM CATARRH OR A COLD

Says Cream Applied in Nostrils Opens Air Passage Right Up.

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more hawking, snuffing, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears. Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly. It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.—Adv. The man who knows too little doesn't get to the discard much ahead of the chap who thinks he knows it all.

die of the week filled with advertising. So many new firms are going to Orlando and starting up in business...

SHIPPERS, PRODUCERS AND EXPORTANT FREIGHT RATES

Fruit and vegetable shippers and growers throughout the state should make it their business to attend the conference in Orlando October 27...

The railroads have agreed with the shippers to discuss the situation, and while it is hardly likely they will reduce rates just to please the growers...

It is up to the shippers and growers to emphasize the railroad officials with their determination, and if the railroads fail to heed, they need not expect sympathy when the reaction turns to other means of transportation...

Railroads like conferences, for they compile figures and statistics and dumfounded protesters with barrages of figures, but always without reference to watered stock.

"DAD" HAS GONE.

How I have thought and dreaded during the long weeks of his continuous suffering the time when I would have to sit down and try to pen a few lines of remembrance to him and now I pray to God that he will give me the power to do him justice and make me to take his place and be the man he would have me to be.

Few boys learn to know their father as I knew "my Dad," few of them are kept by his side as long as God granted I should stay by the side of mine. When a more child I decided his work should be mine and we have been side by side ever since.

Since entering into business for myself "Dad" has always been my advisor. Many an article I have penned, when in a temper, that has been submitted to him for his O. K., only to receive the blue pencil in its entirety with a little note at the bottom, "When mad, think to yourself, keep your mouth shut, and if you must write, don't ever print it until the next day."

Now he is gone. The people of Alachua county have lost one of their best and truest friends and our family has lost one of the most devoted and truest "Dads" God ever granted a family should have.

Now he is gone. The people of Alachua county have lost one of their best and truest friends and our family has lost one of the most devoted and truest "Dads" God ever granted a family should have.

PRICES MUST EQUALIZE.

The only thing that can end unemployment is employment. The only thing that can provide employment is widespread buying by the public.

The bureau of labor statistics says that wholesale prices are above 1913 prices in these percentages: House furnishings 130, building materials 98, cloths and clothing 79, fuel and lighting 82, metals and metal products 20, food 52 farm products 18.

until all prices seek the same level in comparison with pre-war prices. That will necessitate equal lowering of costs in all industries. Will it come? Yes, the only question is how soon?

STATE CALLED LAND OF FISH BY OFFICIALS.

TALLAHASSEE, Oct. 15.—With 650 species of fish in her waters and 3,000 miles of territory in which they live, Florida should be known as the "Land of Fish" instead of flowers...

"History says the first man to use an umbrella was openly mobbed on the streets. This reminds the writer of the unpopularity of the present laws for the protection of fish and shellfish in Florida when enacted eight years ago.

"Florida is taking first rank now as a canner of sea foods. Great shrimp canning factories are operated at Fernandina and Apalachicola, while the latter leads in oyster canneries.

"Large companies have been formed for the extensive cultivation of oysters and planting is being carried on at these privately owned oyster farms on a large scale and the shell fish department planted thousands of barrels of live oysters on the public reefs of the state this year which will be of suitable growth to market during the present oyster season, which began October 1.

"Roed mullet are appearing in market now and soon vast schools of them will be running on the coast of Florida. No fish is more popular than the mullet, as it is generally known as the 'poor man's fish.'

FLORIDA, THE QUEEN

Of all the forty-eight states in this great nation, There are many that have a wide reputation, But the greatest of the great, Is that grand old state, called Florida.

When in the far-off Northern states The sunshine steals away, And the winter winds begin to blow, and the sky gets bleak and gray All the tourists pack their duds in the good old flivver, And head for the land beyond the Suwanee river.

And here they find a sunny clime, And scenes that are most sublime. Trees of orange and lemon and lime. Hunting and fishing grounds on every hand, And far-stretching timber lands. Ask any of the tourists and they'll tell you too, That Florida's a great state through and through, That Florida's the queen.

We see no reason for sitting in a two-by-four cubby hole every day grinding out copy for this little rag of freedom when a ball player can get over \$5,000 for eight days work aside from his regular salary envelope.

Dispatches say that the railroad workers will strike on October 30th unless certain conditions are met by the railway officials. It will be as good a time as any we suppose if they are just compelled to strike and nothing else will do them.

With Pope convicted of murder and Rawlins, the actual slayer of Hickman, ready to get the same dose in Jacksonville, the people will have greater respect for the courts. There has been too much evading of the laws to suit the people in the past and they will demand speedy trials for murderers in the future or else—?

The Florida Shell Fish Commission says that mullet are sold by the fishermen for two cents a pound, the wholesalers sell it for five cents and if it costs the ultimate consumer any more than fifteen cents it is profiteering. Well, rather, we should certainly say so after counting up the difference on our fingers, yes. In the land of plenty we starve for fish for the same reason.

One day the government is knocking off the soldiers from the army and the next day wet get some wonderful tales about the joys of living in the barracks under Uncle Sam, published by the recruiting service—about \$100 worth that they want published free. We are just wondering if Uncle Sam will not either have to open the army again or give some other kind of employment to the many ex-service men who are said to be out of employment, yes.

Florida is now staging an oil boom and wells are being sunk along with the money of the promoters. We are glad to see this. It means that at least the money that has been going to Texas and other states will now be thrown into home wells and at least part of it will remain in Florida. There is probably as much oil in Florida as there is in many of the Texas wells that never materialized. Now if some enterprising gent will discover gold in Florida there will never be any need for the investors to send any of their money out of the state upon any pretext whatever.

We note with a great deal of eclat, aplomb and gusto, that the government is continuing its fight against the European corn borer. We were just a little afraid that the government was about to quit fighting the European corn borer and go to dredging the St. Johns river, but now that we have just seen the agricultural report right from Washington, we are assured that no work will be done on the St. Johns river until the European corn borer, the European immigrant cottie and the Russian louse have been exterminated. But then, if Congressmen Sears can get the summer rates to Florida without hurting the feelings of the railroads, why worry about our river?

Orlando is some town. We'd say she is. The Sentinel and the Reporter-Star think nothing of coming out with from 24 to 32 pages in the mid-

Summary of the Floating Small Talks Succinctly Arranged for Herald Readers

THE WEATHER

For Florida: Unsettled weather tonight and Sunday; probably showers.

SANFORD'S TEMPERATURE

We shot the old bulb to the lowest depths yesterday and again we say it did not seem so cool but the rain was probably responsible for the change in the atmosphere. It was glorious rain and if it will come once a week or so for some time it will be the greatest thing that has ever happened in Florida.

Table with 2 columns: Temperature/Condition and Value. Includes 5:40 A. M. OCTOBER 15, Maximum 75, Minimum 66, Range 71, Barometer 30.07, Rain 2.02, N. W., rain.

Jacksonville was represented here yesterday by R. B. Fender.

TAKEN UP—One red Jersey sow and five pigs. Owner can get same by calling and paying damages and feed. W. N. Culp, east side, Celery Ave., Sanford, Fla. 174-2tc

Mr. and Mrs. H. A. Neel, of Okeechobee City, will visit in Sanford today and we are hoping that Harry will be able to remain awhile with the Herald Printing Co., after his six weeks vacation on the Okeechobee News. He is making the trip in his car and fairs are entertained that he and the car are in the Everglades muck, somewhere.

Mrs. A. L. Mowen and children, of Hagerstown, Md., have arrived in the city to be the guests of their parents, Mr. and Mrs. G. Bassett Smith. Mr. Mowen who is an expert auto mechanic will arrive later in his car and he will either locate here or in New Smyrna.

FREE INSTRUCTION IN SEVERAL TRADES ARE TO BE GIVEN.

The night vocational school to start here soon will open with classes for the instruction of carpenters, machinists and the allied trades.

The interest that tradesmen all over the country have taken in similar vocational classes has been highly satisfactory. Last year over sixty classes were held in Florida and mechanics claim that much benefit was derived from them. It is predicted that many Sanford men will enroll. Only men 16 years of age and older and who are at work in the above trades will be permitted to attend. The instruction is free.

The following courses are to be given first: Blueprint Reading and Mechanical Drawing. This course will be open to machinists, mechanics in the A. C. L. Shops, sheet metal workers and anyone who is working at a trade in which it is an advantage to know to read and make machine drawings and sketches.

Blueprint Reading and Architectural Drawing. This course is for carpenters, masons, plumbers and those in trades where it is desirable to know how to read blueprints of house construction and make drawings and sketches of same.

Helpers and apprentices will be admitted to all classes. Men interested should watch the Herald for announcements of places and dates of meetings.

MRS. O. L. TAYLOR JOINS QUALITY SHOP FORCES.

The many friends of Mrs. O. L. Taylor, for many years a resident of Sanford, but who has been living in Indianapolis and other points in the north for some time, will be glad to learn that she will again become a resident of this city and has decided to join forces with the Quality Shop. Mrs. Taylor has made a study of the millinery and ready to wear business in some of the largest cities in the middle west and expects to make it her profession. The Quality Shop will put out the "Taylor Made" hats from this time forward, and they will be the very latest things in the milliner's art. The Taylor made hats will be a specialty with this well known establishment and they will add many other new features in keeping with the march of time. Read their advertisement in this issue of the Herald.

GAINESVILLE HERE TO PLAY SANFORD TODAY.

Gainesville high school boys are here in full flower today, having arrived last night, and they are ready to make the greatest attempt of their young careers to drag the Sanford boy's football pennant in the mud of Rose Court field today. The game will start at 3:30 today, and should be a very interesting one, as the teams are said to be very evenly matched, although the Gainesville boys have had more practice than Sanford on account of the school opening earlier than Sanford. The account of the game will be given in Monday's Daily Herald.

CLYDE LINE EXCURSIONISTS TAKE IN SANFORD BY AUTO

The last of the summer excursion trips of the Clyde Line Steamship Company was made this week and on Wednesday the trippers visited Sanford on the St. Johns river trip and were taken to Orlando and other points and then back to DeLand Landing where they caught the boat. They were all well pleased with all they saw of this part of the state and one of them who had an "alligator voice" persisted in singing songs about Florida. Among the excursionists were: E. A. Morrison, Georgia; D. W. Murray, Rockaway, N. Y.; C. M. Miller, Boston; R. B. Fender, Jacksonville; J. J. Cruise, New York; Mr. and Mrs. Albert W. Graw, Collingwood, N. Y.; W. H. Morgan, Camden, N. J.; H. C. Beck, New York; Misao Nakano, N. Y.; Miss Josephine Dreacher, Jacksonville; Miss Madeline Randall, New York; Joseph Bouguen, New York.

A Velour Hat for one man in a million \$7.50. There are sixty million men in this country and there are only five dozen of these hats. It's one hat in a million both territorially and truthfully speaking. It's a new shape—a new value standard. Come, don't turn this down without at least a look, for when they are gone your only chance of getting one will be in a check room—BY MISTAKE. A NEW SHIPMENT OF SNAPPY FALL CAPS. EDITORS ARE LUCKY, YES.

A member of Circle 3, of the Methodist church, invited the editor to the Harvest Moon Party to be given at the home of T. W. Williams on Monday night. In the invitation was a cute little poem that was written by one of the ladies and it is good enough to reproduce and give the ladies some extra advertising and we regret that the Water Traffic League will take us to Leesburg that night and we will not be able to "see the show." The poem follows:

"I wish I were an editor, I really do, indeed. It seems to me that editors Get everything they need. They get the biggest and the best Of everything that grows. They get in free to circuses And other kinds of shows.
