

# Kiwanis Club To Sponsor Fed-Tavares Tilt Here Oct. 10

Proceeds Will Go For Aid To Children; Harry Byrd Bolts Seminole Eleven

**By KENT CHELAIN**  
 Tavares prep game on the Kiwanis Club benefit football at the Memorial Stadium, it was announced tonight by Dr. L. T. Doss, director of the Kiwanis Athletic Committee, and Celery Fed Principal Herman E. Morris.

All the net proceeds from the game will go for the Kiwanis underprivileged children's fund. It has become an annual classic for the Kiwanis Club to sponsor a grid game in recent years. The Seminole High Grid team will play here on the schedule this fall as a result of the addition of the Tavares tilt. Arrangements for the contest were spearheaded by Dr. Doss and his committee, Chairman Committee, including K. Goff, J. C. Davis, and Rupert Strickland.

"We are going to make this the biggest game ever staged by the Kiwanis Club," Dr. Doss declared in making the announcement. The Tavares encounter will be the third game on the Celery Fed slate and the Kiwanis are hoping for good weather to insure its success.

Principal Morris and Co-coach Fred Ganas both commended the Kiwanis Club for their successful efforts in securing the extra game.

Said Ganas, "We have been trying all season to schedule a tilt for that Oct. 10 open date, since we feel it is essential not to have a two-week rest so early in the season. The Kiwanis Club must be congratulated for getting the game for us."

Meanwhile, the Celery Fed gridiron hops received a severe blow this week when it was learned that the only returning star, Harry Byrd, had jumped the team and left Sanford.

Ganas said that he hadn't heard from Byrd and didn't know whether the flashy defensive backman would return to the team or not. "Byrd's loss really hurts," Ganas said, "It will cut down the number of returners on the squad to seven and we are inexperienced without having to lose another veteran."

Ganas was a bit more pleased in commenting on yesterday's first scrimmage. He is happy over the team's spirit and enthusiasm. "They are hitting hard and seem to be improving, but we are still going to lack the necessary requisite of experienced players."

**Ellen Betts Rolls 201 Bowling Score**

Ellen Betts, ace Sanford golfer, paced Powell's Office Supply to a double win over Mimkins in the Women's Bowling League last night at the Sanford Bowling Alley. Miss Betts sprayed the pins for the high individual game of 201 and the high series of 464 pins.

Cubans kept pace with Powell's by sweeping a two-game set from Favorites. The Women's Bowling league still has some openings for a few more players.

**WOMEN'S BOWLING STANDINGS**

| W         | L | Pct.   |
|-----------|---|--------|
| Powell's  | 2 | 0.1429 |
| Cubans    | 0 | 1.0000 |
| Mimkins   | 0 | 2.0000 |
| Favorites | 0 | 2.0000 |

**Sauer - Doby Are Top Sluggers In Majors**

NEW YORK (AP)—Outfielders Larry Doby of the Cleveland Indians and Hank Sauer of the Chicago Cubs appeared to have their league slugging races sewed up today.

With less than three weeks of the season remaining, slugging averages compiled by the Associated Press disclose that Doby, with 234 total bases in 465 times at bat, tops the American League with a .545 mark while Sauer, with an identical .535 ratio, heads the National League. The husky Chicago slugger shows 284 total bases in 513 trips.

Included among Doby's 130 hits are 23 doubles, eight triples and 50 home runs, the most in the American League. Sauer, who leads his loop in circuit walkops

## Tribe's 'Big Three' May Face Eastern Clubs' 8 Tilts In Row

Al Lopez Will Break Tradition To Win Flag For Indians During September

**By KENT CHELAIN**  
 CLEVELAND (AP)—The close American League pennant race is forcing Cleveland Manager Al Lopez to part with the tradition pitcher should get three days of rest before he starts.

There is a strong chance the Eastern clubs who play eight games here in nine days starting tonight, may see one of the Indians' "Big Three"—Mike Garcia, Ernie Wynn and Bob Lemon—in the mound to start all eight games.

Before the Easterners leave, Lopez hopes to have made up the two games which the Tribe lost to the New York Yankees. Wynn hurled tonight against the Philadelphia Athletics, and Lemon and Garcia will follow him, Lopez says today.

"In thinking of coming back with Wynn Friday (against Boston) otherwise it will be Steve Gromek. We'll see what happens. If Wynn pitches Friday, Garcia and Lemon also will come back after only two days' rest."

The Big Three all favor the idea of more work and have been pushing Lopez to start them whenever the customary every fourth game.

Each of the trio is within a game or two of the 20 victory circle, and with Wynn starts against the remaining 16 games severely could mix.

With three fine hurlers not only willing but strong and capable enough to divide the load, Lopez well might use them almost exclusively for the remaining 16 games.

In the last 16 games, the Big Three handled 11- all but one of them from start to finish. They won nine and lost two.

## Injuries To Key Ends Crippled Gators' Offensive

GAINESVILLE (AP)—The Florida Gator end situation — both offensive and defensive — became suddenly critical over the weekend with two crippling injuries and today the search was on in earnest for flankers.

Defensive regular Owen Thomas, suffering a broken collar bone, may not be back for this season, and Charlie Manning, promising sophomore offensive wingman, will be out a month or more with a shoulder injury.

"We're really in bad shape at the end now," Coach Bob Woodruff said, "and don't have any experience at all to draw on. We've just got to turn to sophomores and freshmen."

He is looking first at Jerry Blyk, a sophomore and former halfback. Thomas becomes the second regular end to be knocked out of action. The first came in mid-August when first string offensive flanker Bobby Knight was called in the service draft.

Coach Woodruff also took a long look at his passers Monday and didn't appear too well pleased with development to date.

"They're not hitting the receiver yet like they must if we are to do any good against the schedule we play," he said.

"We've got a lot of work to do on the passing game before we'll be ready for the first ball game."

**Chillicothe Convicts End Sitdown Strike**

CHILICOTHE, O.—A mass sit-down strike by 800 convicts at the Federal Reformatory for Men ended early today after more than nine hours of destruction and defiance.

Three inmates were wounded, none seriously, before guards, state highway patrolmen and deputy sheriffs quelled the uprising.

John J. Galvin, associate warden, said the men refused to go to the men's area (finishing their work for the day) they were allowed the prison yard for several hours, then fed three dormitories.

Prisoners wrecked furniture, broke windows, threw bedclothing into the yard and set fire to the mattresses at nightfall. They screamed in protest when about 300 convicts were in and returned to their cells at mid-evening, and fought among themselves all during the demonstration.

Galvin said he heard the "usual" complaints about prison food but said he did not know the reason for the sit-down strike.

**BOAT-A-CADE**  
 KISSIMMEE (AP)—The annual boat-a-CADE for outdoor boats down Central Florida streams will be held Oct. 22-23.

This year's tour will take the boats from Kissimmee to Stuart on the East Coast. The boats will travel down lakes and the Kissimmee River to Lake Okechobee and to the coast by the Cross State Canal.

Boatmen camp out along the route. Past boat-a-CADEs have ended at Lake Okechobee.

## World Series Is Slated To Start In N. L. Stadium

NEW YORK (AP)—The National and American League pennant races end on schedule Sept. 28 with no ties, the 1952 World Series will open in the home park of the National League champions Wednesday, Oct. 1.

That much was decided Monday at a meeting of club owners with Ford C. Frick, baseball commissioner.

In event of a tie in the National League necessitating a play-off, the first game of the series would not be played until Oct. 2. A tie in the American League would not affect the start of the series Oct. 1.

The first two games will be played in the National League Park, the next three in the home park of the American League champions, and the sixth and seventh, if necessary, back in the National grounds.

All games will start at 1 p. m. local time, and if darkness intervenes, lights will be turned on. Frick was to confer in Washington today with Office of Price Stabilization officials about prices of series tickets, with a possibility they might come higher.

In recent years they have been 18 for box seats, \$6 for reserved, \$3 for bleachers, and \$4 for standing room.

**Appleby's 181 Avg. Leads City Bowlers**

Tomorrow night three teams in the City Bowling League will be trying to break the deadlock for first place at the Sanford Bowling Alley. Ace Glass, Florida Power and Light and Celery City Printing are currently tied for the top spot with 2-1 records.

Harold Appleby is the individual pace setter with a 181 average. Appleby, Post Office, has the most pins with 513 and the highest individual game of 202. He is followed by Celery City's Pete Eitel with a 175 percentage and Hank Kretzer, also of Celery City, ranks a close third with a 170 average.

**CITY BOWLING LEAGUE**

**BARTOLOVICH**  
 MIAMI (AP)—The University of Miami Hurricanes will be minus the services of senior tackle Joe Bartolovich Strubbers, O., this season.

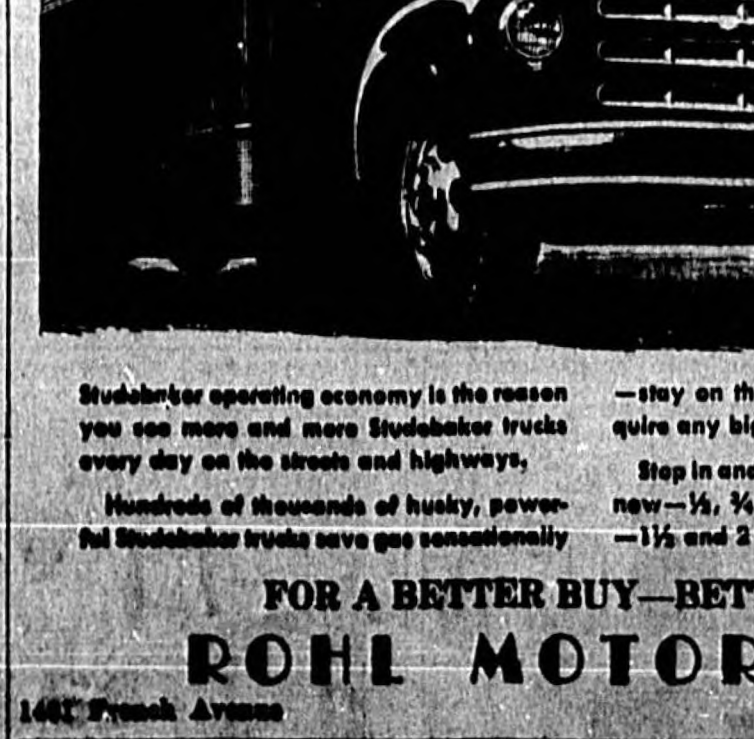

Bartolovich, regular defensive tackle, was injured last season and missed the Gator Bowl game. He missed spring practice but reported again this fall. Doctors have advised him to give up the game.

Coach Andy Gustafson said Monday.

Meanwhile, the varsity offensive team will carry the load in today's workout, Gustafson said. He sent the defensive squads through a scrimmage yesterday.

**Get a Studebaker truck and cut down on operating costs**

Studebaker design helps you to save on gas and upkeep

Studebaker operating economy is the reason you see more and more Studebaker trucks every day on the streets and highways.

Stay on the job consistently— seldom require any big outlay for serious repairs.

Step in and check up on a Studebaker truck now— 1/2, 3/4 and 1 ton pick-ups and trucks.

Hundreds of thousands of husky, powerful Studebaker trucks save gas consistently.

1 1/2 and 2 ton models for better hauling.

## Paul Byant Is Still Hunting For Babe Parilli's Successor

Not often does a quarterback come along like Vito (Babe) Parilli, the ham-handed ball-bouncing wizard who sparked Kentucky's offense for three seasons.

It's a tough job in try to fill his shoes, and Wildcat Coach Paul Bryant still hasn't selected his first string T operator.

In one-two position for the job are Herbie Hunt, who understudied Parilli last year, and a freshman, Dick Shatto Hunt was slowed by illness last week, but Bryant was pleased after his first scrimmage Monday.

"Herbie moved the ball consistently well," he commented. "This is the first time that my quarterback has operated as he should."

Tennessee's coach, Bob Neyland is having trouble selecting a replacement for Doug Atkins, whom he shifted from defensive right end to tackle. Mack Franklin, a 190 pound junior, has the inside track but is getting a lot of competition from three sophomores, Ed Nickla, Ronald Guss and Bill Taylor.

Fullbacks Herman Howard, Charles Hataway and Ray Mercer ran effectively at Auburn in the first workout unmarred by an injury. Passing chores were handled by Joe Davis and Dudley Spence. Left Tackle Bill Furrhough and Left End Bill McMurtry are forgotten.

their side of the line into one of the strongest in the conference.

"Worst workout of the season" was Vanderbilt Coach Bill Edwards comment after a drill on pass offense and defense. The one bright spot in the Commodore camp was the performance of freshman Bill Krietemeyer. He got off some accurate passes and is a likely starter at quarterback when Vandy opens against Georgia Sept. 20.

The running of Backs Charles Earnest, Robert Clemens, Duke Coney and Howard Kelly is improving at Georgia and Coach Wally Butts is feeling better about the loss of Fullback John Hurvar.

"Earnest might give us a break-away runner at fullback," said Butts. "Clemens is a big boy with speed and balance — quite a prospect. Kelly has shown us some power, too, and Coney has speed."

Georgia Tech took things easy Monday, but the players were warned that rough scrimmages are on tap. Yellow Jacket Coach Bobby Dodd announced he doesn't plan to use little Jake Rudolph to make many punt returns this season. He said Rudolph is too valuable as a tackle and pass defender to risk injury as a punt receiver.

**WEDNESDAY, SEPT. 10, 1952**

**TODAY'S BIBLE VERSE**

We have seen this happen to proud but evil people in our day. The whole remnant of these will scatter unto all the winds.—Ezekiel 5:10

Governor Kennon of Louisiana has announced that he will not do it even with his tongue in his cheek. To hell with it. He is going to vote for General Eisenhower.

"Mrs. America" fainted when she was informed that she was the most beautiful married woman in America. What was the matter? Hadn't her husband ever told her?

If you were making \$2,000 a year in 1940, you should be getting \$4,189 to be as well off as you were then. If you were making \$4,000 then, you need \$9,118 now. If you were making \$10,000 then, you need \$25,542 now. How you doin', Bud?

Housing units in Florida increased 370,633 during the decade of the recent '40s. Over 90,000 of these were in Dade county (Miami) alone, over 17,000 in Orange county. In recent years Florida has enjoyed an almost unbelievable growth.

Charges have been filed against former Orlando police chief Maxie Bennett for repeated public intoxication. Sanford can be thankful to have a police chief who has always conducted himself with dignity and decorum throughout his nearly thirty years of public service.

Florida's most famous herpetologist, that genius of snake culture and milker of venomous reptiles, Ross Allen of Silver Springs was struck by a rattlesnake from behind the other day. Which just goes to show that if you don't want to get bitten, you shouldn't run around with rattlesnakes.

Is America getting to be a nation of old folks? The Federal Security Administration reveals that in 1900 only one American in 25 was 65 years of age or older. Today one in 12 is. During the past half a century the population of the country has doubled, but the number of those over 65 has quadrupled.

The Navy saved \$1,500,000 the other day by shifting crews on two aircraft carriers which were being transferred, one from the Atlantic to the Pacific, the other from the Pacific to the Atlantic. By shifting crews the expense of transporting dependents and household effects across the continent was saved.

Sanford City Commissioners are asked by a delegation of Negro citizens to provide some 2,000 Negro children with a recreational park where ultimately a swimming pool could be erected. This is one more of those vitally necessary projects which the commissioners must take cognizance of and include in their planning for the future. The request of the Negro delegation is a reasonable one.

Three teen-age youths were killed in West Florida the other night returning from a drive-in theater when a Chevrolet coupe was speeding on the wrong side of the road crashed into them. He died too. If the teen-age driver of the other car had been more experienced, he would have known that the fool who drives on the wrong side of the street has to be crushed too. It does not help that it was his fault.

What is sometimes called the "art of housewifery" may be another way of saying "labor saving devices" or "advance in modern housewifery." It sounds silly to think of a housewife as "labor saving" but it is true. A housewife who uses automatic pan washers which take the place of her hands, or if she uses a vacuum cleaner, she saves money.

Money, interest and credits are the life of the bank. Cold storage food is the life of the grocer. The life of the doctor is his patients. The life of the lawyer is his cases. The life of the politician is his constituents. The life of the businessman is his customers. The life of the housewife is her household.

It is a common saying that "the life of the housewife is a long one." This is true, for a housewife who is efficient and economical can save a great deal of money and time. She can make her household run smoothly and happily. She can be a true helpmeet to her husband. She can be a true blessing to her family.

### Party Changes

Republicans promise the voters they will rectify the mistakes of the Democrats and check the trend toward socialism which they claim has been increasing since 1932. The Democrats, in turn, warn that the Republicans would like to nullify most of the social legislation of the last twenty years and they implore the voters, "Don't let them take it away."

Despite the stand of both parties it is not likely that the election in November will see any change in the social legislation already passed. General Eisenhower, for instance, has spoken out in favor of higher Social Security benefits. It seems unlikely that a Republican victor would effect changes in workmen's benefit laws or in legislation already in effect for aiding the blind. Nor would wise Republican leadership abandon the public power projects already in operation.

At various times all these measures have been tagged as socialist schemes but they are now accomplished and a new administration would have to accept them with as much good grace as possible.

The Democrats, who have initiated most of these measures, may be at a period in their philosophy where they are willing to pause and consolidate the gains they believe they have made. Perhaps the election of Governor Stevenson would turn the Democrats into more conservative channels.

There are likely to be changes in government whichever party wins. But with present standard bearers, both intelligent moderates, there are likely to be even more significant changes within the parties themselves.

### Flight To Freedom

Perhaps Russian moves to bar travel of her citizens in western centers of capitalism are based on sound thinking after all. When some of these communists-by-birth see what life is like on the other side of the curtain, they are too likely to make up their minds to stay where they are and enjoy capitalist corruption.

A late report of such a heresy in communist ranks comes from Stockholm saying nine of the Hungarian Olympic Team members have disappeared, presumably into some of the western capitalist legations in the Finnish capital. And after Red terms made such good marks, too! They seemed content enough. No complaints were noted from iron-curtain teams. But apparently enough of the impression of a free world was made to arouse the curiosity of the nine men. They took the big step and burnt the last remaining bridge.

Most Americans cannot possibly realize what a wide step they made. They can never go back unless they are willing to suffer jail sentences and disgrace. While they live, even in the free world, they must always walk in fear of retribution. Perhaps they remember the warning in a Red newspaper shortly after the Berlin anti-Communist worker was kidnapped. It said in so many words that no one would be safe anywhere who opposed the Communists.

Somewhere the nine are in hiding wondering, hoping for the best.

### Kings And Superkings

Cigaretts have been getting longer. King-size cigarettes, well known for years, were often the product, under different names, of leading manufacturers. Now one of the so-called Big Five is selling a long cigaret under the regular name of its product.

If competition works as it often does, the other four will follow suit. All will then be on an equality and will have increased their expenses without gaining on their rivals. They may of course pass the added cost on to the consumers, who are trained to expect this sort of thing.

Will the next move be to lengthen the cigaret still further? No one acquainted with advertising would be surprised to read one day, "The New Cigaret That Gives More For Your Money, Super-Kings." Then would follow Colosals, The World's Largest Cigaret, and so on perhaps indefinitely.

### Battle Of Blends Is Not Over Liquor But Over Fabrics

**By SAM DAWSON**  
NEW YORK (AP)—The battle of the blends is bursting out all over today.

It's not blends of whiskey for whoopee, as you may think, but of natural and synthetic fibers for clothing.

But either could get customers just as befuddled in the months ahead.

When they enter a clothing store they may be confronted with a bewildering variety of combinations of fibers; those that come from sheep and plants and those that come from oil, coal and lime, natural gas and hydrocarbons, from wood and grain, and from air.

Each blend — or each fabric from fiber in its pure state (whether from sheep or corn)—will offer you different values in wear, price, and special qualities like holding the crease in dry or wet weather and washability. Also to be considered is what state the garment will return from a trip to the cleaners, or whether it will develop static and cling to your body.

Old line textile mills that a few years ago made nothing but cotton or wool goods are offering new blends this fall.

Don't sell wool and cotton short, however. There'll still be plenty of stores. Millions will go on buying them. And they are highly prized in the trade for mixtures with the softness of wool and the strength of cotton. The old American Woolen Co., for example, may be causing a stir today by announcing it will offer mixtures of wool and cotton, of wool and nylon, and of wool and vicara. But it stresses that it will go right on making all-wool fabrics, too.

The high price of many of the synthetic has held them back. Although their growth has been spectacular — up 233 per cent since 1938, leaving out the years, rayon and acetate, the production of the so-called miracle fibers (nylon, dacron, orlon, dynel, acrilan and the rest) hit 210 million pounds last year, a gain of 45 per cent in a year. It is expected to top 300 million pounds this year and 400 million in 1953.

If the price of the newer synthetics — now ranging roughly from \$1.40 to \$1.90 a pound—comes down with increased production, man-made fiber enthusiasts predict that demand may call for output of 750 million pounds by 1960.

### Hill Taken By ROK Troops In Vicious Bayonet Onslaught

**By ROBERT B. TUCKMAN**  
SEOUL, Korea (AP)—Battle-hardened South Korean infantrymen recaptured Capitol Hill in a wild night bayonet charge and then threw back counterattacking Chinese at daybreak today.

A U. S. Eighth Army staff officer said "the ROKs (Republic of Korea troops) are on that hill to stay."

In five days of vicious close-in fighting for the Central Front hill, troops of the crack Capitol Division have killed or wounded at least 2,300 Chinese, the Eighth Army estimated. That is nearly the equivalent of a Red regiment.

Fighting for the hill has produced the heaviest Communist artillery barrage of the war.

Gen. James A. Van Fleet, Eighth Army commander, said at the front the shelling amazed him and "indicates they (Reds) have enough supplies and ammunition at the front."

The U. S. Fifth Air Force said fighter-bomber pilots lay waste to Communist supply trucks, the highest score since early June.

Fifth Air Force pilots helped inflict Chinese deaths before the fight up the slopes of Capitol Hill.

The Air Force said 70 individual flights were made over the hill by fighter bombers, raking the Communist lines with incendiary bombs and flaming jelled gasoline.

U. N. artillery then took over and pounded the hill crest and Red fighter routes with a murderous barrage.

South Korean infantrymen attacked at 7:35 p. m. The going was tough despite the air attacks and the thunderous U. N. artillery barrage. The Reds sent shells screaming against the advancing Koreans.

Sturdy Korean riflemen inched their way up the rocky slope and set the hill on fire with hand grenades. The Chinese regrouped for a counterattack but artillery chopped up three companies as they moved for an assault. Another company that charged was beaten back.

The Eighth Army estimated the Chinese suffered 2,000 casualties yesterday. An estimated 1,100 Reds were listed as casualties by the Eighth Army in earlier fighting for the hill.

The fighting for the hill began Saturday when the Chinese seized the post in a quick thrust and beat back five Korean counterattacks.

There were only sporadic small arms fire exchanges on the front, the Eighth Army said.

**POLITICAL STORM**  
BATON ROUGE, La. (AP)—Louisiana's political storm swirled with new intensity today with the disclosure that some Democratic leaders are considering whether to help Republicans win this state.

Several officials said the Democratic State Central Committee is being sounded out on a proposal to make technical changes in the ballot form to make it easier for Democrats to vote for the GOP presidential nominee.

The leaders asked not to be identified. They gave no hint about how early leaders would receive the proposal.

### Brighter Outlook For Citrus Is Seen For Coming Season

LAKELAND (AP)—Florida citrus growers were told Tuesday they can look for an outstandingly brighter season in grapefruit and a good one in oranges.

The Federal Citrus Marketing Agreement Committee made the forecast in a report on their policies for the season about to start.

Processors were pictured as ready to use more oranges, grapefruit and tangerines because their stocks left from last season are small and canned and concentrated juices are becoming more popular.

Grapefruit quality is up and production is down a little, the committee reported. That and Texas' poor prospects were the basis of the prediction for an outstandingly brighter season.

The forecast is for a slightly larger crop of Florida oranges of good quality and size. The tangerine crop is expected to be the same.

Canners and concentrators are expected to use 30 per cent of the early and midseason oranges, 32 per cent of valencias, 75 per cent of temples, 26 per cent of seeded grapefruit and 28 per cent of seedless.

Prospects were also seen as good in California, poor in Texas and fair in Arizona. Production of competing fruit was reported 10 per cent below last year and six per cent below the national average.

The committee, which set regulations for fresh Florida citrus to move into interstate channels, also elected officers.

A. V. Saurman, Clearwater, who recently retired as general manager of Florida Citrus Mutual, was elected chairman of the Growers Administrative Committee. G. A. Seidel, Gotha, was named vice chairman and Glenn Brown, Mt. Dora, secretary.

Jules Bragin, Clearwater, was elected chairman of the Shippers Advisory Committee. Charles Stewart, Auburndale, was named vice chairman and John H. Bynum, Titusville, secretary.

Frank Seymour was renamed manager of the growers group and assistant secretary of both committees.

**TO ACCLAIM PRINCE**  
TOKYO (AP)—Emperor Hirohito will crown Prince Akihito as heir apparent and announce his coming of age at state rites in mid-November.

### Eleanor Holm Is Granted Divorce From Billy Rose

NEW YORK (AP)—Billy Rose today bowed out of the furious, year-long mud-slinging battle with his wife, Eleanor Holm. He gave her a separation and left it up to a State Supreme Court judge to set the alimony.

After withdrawing his divorce action, in which he charged the 38-year-old former swimming star wife with adultery, the little showman said with a wry grin: "A man has no chance of winning in a fight with a girl."

At first he attributed the remark to Justice James B. McCallister, the dapper judge who granted Eleanor her separation. Later he admitted he was still writing his own script but that was the substance of what the judge had said in a fatherly talk in chambers.

"I think Eleanor is the luckiest girl in New York and Judge McCallister intervened in the interests of reasonableness and decency," Rose said. "I apologize for nothing I have done and I withdraw nothing I have said."

Then he concluded: "Our marriage has never been a one-way street."

Eleanor's attorney, Louis Nizer, said in her behalf: "I consider Mr. Rose's withdrawal and abandonment of all charges with an apology a complete vindication of me and of all those who were unjustly charged by him."

Rose was asked if he would face a criminal libel action brought against him in California by the widow of band leader Ben Bernie. "I most certainly expect to face those charges in California," he snapped. "And when I do, a lot of people had better start running."

The California action was just one more chapter in the squabble between the Roses. It grew out of an affidavit Rose obtained from a former maid of Mrs. Bernie to back up his divorce action.

When Rose and his attorneys emerged from the judge's chambers after a conference, he was smiling broadly. But he quickly put his hands to his face and his features resumed a dour expression.

### Texas Demos

(Continued From Page One)  
dual Democratic columns on the November ballot.

The States Righters wanted a slate of electors for Eisenhower carrying the "Texas Democratic" label and another for Stevenson in the "National Democratic" column.

Shivers insisted he did not want to be a party to ballot tampering, that he States Rights plan was neither morally nor legally right and that it would split the vote.

The plan was hatched by delegations from such big cities as Houston, Dallas and Ft. Worth. It was pushed by East Texans to whom the administration's race policies are poison.

It was buried under a 2-1 vote. The leaders threw in the towel after an unfinished roll call showed how firmly Shivers held control.

Shivers prevailed by giving the

SEE FIRST FEDERAL FIRST

FIRST FEDERAL SAVINGS and Loan Association

LIBERAL DIVIDENDS ON SAVINGS

5% Current Dividend FIRST FEDERAL SAVINGS & LOAN ASSOCIATION 110 West First Street

loyal Democrat faction all it had in fighting for — Stevenson's approval of a resolution giving other Democrats a free hand to campaign and vote for Eisenhower.

It was an unique alliance in Texas' colorful political history. The convention's final action in going overboard for the Republican presidential nominee was something that had never happened before in a Texas Democratic session.

What's the MOST SURPRISING THING about this BUICK?

WE'LL tell you the answer to that one — it's the figures on the price tag. For some reason, lots of people just can't believe they can buy a Buick at a price so close to "the low-priced three."

Maybe it's because a Buick seems so much better and bigger. Maybe it's because they think Buick has so much more power and room — which is true. Maybe it's because so many distinguished people own Buicks — which is also a fact. But the fact remains — if you can afford a new car, you can own a Buick — so let's see what you get.

You get the thrilling power of a Fireball 8 Engine, that's a gas-saving high-compression value-in-head — as much power as you can get in cars costing \$300 to \$400 more. You get as much room as you'll get in cars costing hundreds of dollars more.

LOCAL DELIVERED PRICE FOR THE NEW 1952 BUICK SPECIAL \$2485

NICHOLSON BUICK CO.

## Social Calendar

**WEDNESDAY**  
The Prayer Meeting Service at the First Baptist Church will begin at 8:00 p.m. The annual business meeting will be held at 8:00 p.m. Refreshments will be served by the Woman's Missionary Society after the service.

**THURSDAY**  
The Seminole Association of Baptist Training Unions will hold a mass meeting at the First Baptist Church in Sanford beginning at 8:00 p.m.

The Royal Ambassadors will meet at the First Baptist Church at 7:00 p.m.

The T.E.L. Class of the First Baptist Church will meet in the Educational Building at 3:00 p.m. with Mrs. J. A. Cunningham and her group as hostesses.

Seminole Rebekah Lodge No. 43 will meet at 8:00 p.m. Obligation night will be observed with Mrs. Virginia Anderson in charge. All members are urged to be present.

**MONDAY**  
The Woman's Missionary Union of the First Baptist Church will meet at 2:00 p. m. at the church for a program on state missions.

The Women of the Presbyterian Church will hold an inspirational meeting at 8:00 p.m. to be preceded with a Prayer Band at 2:30 p.m. Guest speaker for the inspirational meeting will be Toyoko Kagawa, a Japanese who has been trained for missionary work.

**TUESDAY**  
The Woman's Missionary Union of the First Baptist Church will meet at 2:00 p. m. at the church for a program on state missions.

The Unity "Truth" Class will meet at the Valdez Hotel at 7:45 p.m. "The Sermon on the Mount" by Emmett Fox will be studied.

## Marijane Eubanks Honored At Shower

Miss Marijane Eubanks was honored on Monday evening at 8:00 o'clock with a kitchen shower given by Mrs. John Keeling at the home of her parents, Mr. and Mrs. Fred Ford at 1124 Park Avenue. The room was attractively decorated with lovely arrangements of hibiscus in varied shades with greenery. In the center of the dining table was placed a luxurious table and groom.

During the evening an appropriate contest was enjoyed with a prize being won by Miss Yvonne Eubanks. The hostess was assisted in receiving a sweet center by Miss Joyce Norris.

Those enjoying the evening with Miss Eubanks were her mother, Mrs. R. H. Eubanks, Mrs. M. J. Lodge Jr., Mrs. Donald Flannery, Mrs. Robert Reeves, Mrs. Kenneth Hickson, Mrs. Coleman Yates, Mrs. Elmer Knight, Mrs. Wilmer Stapleton, and the Misses Young and Emma Jean Eubanks. Ethel Williams, Joyce Norris, Peggy Howell, Thelma Poston, Ruth McNeil, Janette Strawder, Phyllis Wyatt, Denise Stevens and Shirley Muehlend.

## Personals

Mr. and Mrs. Bill Pell have returned from a vacation spent in Georgia.

Mrs. M. C. Stone has left for New York City to purchase fall merchandise for the Purcell Company.

Miss Ann Lovell arrived this morning from a trip to New England and New York where she spent about six weeks.

Mr. and Mrs. Irving Feinberg are on Richard plan to leave on Friday for Tallahassee to visit his mother, Mrs. H. Feinberg.

Mr. and Mrs. P. H. Fensie and daughter, Martha Jean, have returned from Norfolk, O. to spend some time with her parents, Mr. and Mrs. J. B. Cogburn.

Mrs. Sue Stevenson has returned from a three month vacation spent in South Carolina and on a tour of the New England States.

Mr. and Mrs. W. S. Thurston and guest, Dr. S. T. Vann of Alton, N. C., returned yesterday from Daytona Beach where they spent about two weeks.

Mr. and Mrs. Harold Johnson, who are improving following an automobile accident, have been removed from the local hospital to the home of Mrs. Johnson's parents, Mr. and Mrs. W. D. Strickland.

Mrs. Evelyn Wight has returned to her home in Moxley after spending the weekend with her sister and brother-in-law, Mr. and Mrs. L. H. McLeod, in Orlando at Father's Day.

## St. Monica Meets With Mrs. Williams

Mrs. Robert W. Williams was hostess last night for the regular meeting of St. Monica Chapter of Holy Cross Episcopal Church. The group met at her home at 1929 Park Avenue at 8:00 o'clock. During the meeting the Rev. H. Lyttleton Zimmerman spoke on the division of the chapter for the growth of the church. Refreshments were served at the conclusion of the meeting by the hostess assisted by her sister, Mrs. L. R. Johnson.

Those attending were Rev. and Mrs. Zimmerman, Mrs. R. F. Whitner Jr., Mrs. W. M. Phillips, Mrs. C. P. Dutton, Mrs. R. F. Sykes Jr., Miss Carol Stone, Mrs. Donald Jones, Mrs. E. D. Bishop Jr., Mrs. Charles Volundich, Mrs. Walter McWeather, Mrs. Gordon Hudley, Mrs. Cecil Carlton, Mrs. H. R. Moore, Mrs. Frances Brown, Miss Barbara Hartsch, Mrs. A. B. Dughey, Mrs. Eleanor Young, Mrs. E. McMarney, Mrs. Johnson and Mrs. Williams.

and the public is invited to attend.

## SEMINOLE III BY BEVERLY GRAY

Heading the list this week-end for back to school events will be a dance, sponsored by the Key Club at the Colony Gate Friday night. Something extra special about this dance, that it's called a "Shipwreck Dance", which seems to be a new idea that the Key Club got hold of. All the girls are supposed to wear shorts, to tie in with the informal theme.

Another attraction Friday night will be the floor show, which has been planned and worked on for a long time now. There'll be a group song, juicy as always, sung by Janice Reed, Joan Wright, and Ann Rabun. There will also be a mystery talent which has been kept a deep dark secret and be- lieve it or not, they're called the Sub-Mistral! As an extra hint, they've never before performed on an S.H.S. stage. So keep this Friday night free for the "Shipwreck Dance". Let's have a record crowd down at the Grand! It'll be only fifty cents stag or drag. Mark the 12th for the "Shipwreck Dance".

Something new at S. H. S. is the activity period which begins at 10:30 and lasts for 20 minutes. This has been planned in order that we might have home room periods and opportunities to go to clubs and class meetings without getting out of classes.

Also new is the detention hours before and after school. Teachers, misbehaving, and all of these wonderful things are excellent reasons for spending 60 minutes in detention hall. Oh, well, nothing like discipline, I always say!

Awfully glad to have the new instructors with us this year, and hope they will like S. H. S. too. Mr. Baldwin is teaching freshmen and sophomores Lit. and English, along with a senior class of speech. Added to the Football Staff is a new coach, Mr. Scott and a new Advisor for the Gleeery. Feel along with his other studies, to Mr. Nichols from Monroe.

Football season will begin Sept. 20 with a home game against Easton. Without saying this will be a record breaker in attendance! Here's hoping we can have the best team yet. It will depend upon our support on attendance, cheering, and interest, whether or not we will. They can't do it all by themselves! This year let us really get behind them. Remember Sept. 20 as a gala night.

Congrats to George Patterson on being elected editor of the Rally this year!

That's all for now. Be seen ya Friday night.

## Baptist Circle Meetings

Circle No. 1 of the Woman's Missionary Union of the First Baptist Church met on Monday at 11:30 a.m. in the Glendon classroom with Mrs. John L. Miller presiding. The program was opened with a prayer by Mrs. Miller after which a card of thanks was read from Mrs. Subino Mrs. H. L. Johnson led the devotional and a gift was presented to Mrs. Miller from the circle.

The treasurer's report was given by Mrs. C. L. Park and Mrs. Frank L. Woodruff Jr. reported on community missions. The meeting was dismissed after a prayer by Mrs. A. J. Walker. At 12:00 p.m. Circle No. 1 joined the other circles for a luncheon and program meeting.

Those attending were Mrs. Miller, Mrs. Johnson, Mrs. Park, Mrs. Woodruff, Mrs. Walker, Mrs. H. L. Newman, Mrs. W. L. Stouffer, Mrs. John Fox, Mrs. Kathleen May, Mrs. P. H. Anderson, Mrs. G. D. Hinson, Mrs. Louis White, Mrs. P. F. Campbell, Mrs. B. F. Cook and Mrs. J. B. Harland, a visitor.

Mrs. Vella Williams conducted the meeting of Circle No. 2 in the T. E. L. classroom opening with the devotional based on the subject "Like Bright Mirrors". Two new members were welcomed in the circle.

Those attending were Mrs. James Simmons and Mrs. Martha Marshall, new members also Mrs. Williams, Mrs. H. W. Wright, Mrs. P. Wade, Mrs. W. C. Bule, Mrs. Lillian Vickery, Mrs. J. A. Cunningham, Mrs. Ben Newsome, Mrs. J. T. Kewley, Mrs. W. P. Brock, Mrs. Mrs. W. C. Levin, Mrs. O. C. Gibbs, Mrs. Emily Garrison and Mrs. L. H. Harvey.

The meeting of Circle No. 3 was led by Mrs. J. A. Strang, chairman, who was presided with Mrs. J. E. Stone and Mrs. Bradley Odham told of the circle's session at Cecil Grove, stationed in Santiago, Chile.

A party was planned for Monday afternoon at the home of a church member, Mrs. E. J. Smith, who was presided with Mrs. J. E. Stone and Mrs. Bradley Odham. The following were present at the meeting: Mrs. Odham, Mrs. J. E. Stone, Mrs. W. C. Bule, Mrs. Lillian Vickery, Mrs. J. A. Cunningham, Mrs. Ben Newsome, Mrs. J. T. Kewley, Mrs. W. P. Brock, Mrs. Mrs. W. C. Levin, Mrs. O. C. Gibbs, Mrs. Emily Garrison and Mrs. L. H. Harvey.

## Catholic Women Hold First Fall Meeting

Members of the Catholic Women's Club held their first fall meeting on Monday evening at the Sanford Yacht Club. The meeting was opened with a prayer by the president Mrs. J. L. Hurt, Sr. About 40 members were present.

During the meeting six new members were welcomed into the club and the minutes were read by Mrs. Dorothy Corral and approved. Reports were heard from committees: Mrs. Jack Rutzen and Mrs. Henry Wight were appointed. Members of the USO committee upon the resignation of Mrs. F. E. Roundhill. This committee serves at the USO on the 20th and 21st of each month.

Extensive plans were announced for a delicious turkey supper to be sponsored at the Sanford Woman's Club on Sept. 25. Composing the committee are Mrs. Sadie Duval, leader, Mrs. Ann Amund, Mrs. J. Devencker and Mrs. F. Hubbard. The public is invited to attend the dinner.

Plans were also made on the progress of the club's new project, the sponsoring of All Soul's Catholic library which is now complete. Mrs. H. J. Nelson, Mrs. W. L. Childers, Mrs. M. A. Callaway, Mrs. H. W. Taylor, Mrs. R. D. Harrison, Mrs. W. L. Harvey, Mrs. A. B. Wilkinson and Mrs. Entzinger.

## Mrs. Bacot Ellerbe Is Bridge Hostess

Mrs. Bacot Ellerbe was hostess for the regular meeting of her bridge club held on Monday night at 8:00 o'clock at her home on West Eighteenth Street. A novel arrangement of philodendron and cinnams were used with Chinese figurines in decorating the dining table. Floral arrangements and roses decorated the other rooms of the Ellerbe home.

Several progressions of bridge were enjoyed with a prize for high score being won by Mrs. Irving Lottberg. Delicious refreshments were served.

## Former No. 2 Revenue Man Of US Indicted

### Daniel Bolich Charged With Evading His Income Taxes For Period Of 1946-50

WASHINGTON (AP) — Daniel A. Bolich, formerly the government's No. 2 tax collector, was indicted today on charges of evading income taxes. The Justice Department announced the indictment, by a grand jury in Brooklyn.

City Gen. McGranery said the grand jury had returned a five-count indictment against Bolich, covering the years 1946-50 inclusive.

Bolich was the second ranking official of the Internal Revenue Bureau before he retired. Congressional investigators have also been looking into his activities.

The grand jury will continue its investigation, McGranery said.

Bolich, if convicted on all five counts, could face a maximum penalty of 25 years in prison and a fine of \$50,000, or both. However, convictions seldom result in the maximum punishment.

Bolich stepped out as assistant revenue commissioner in the midst of a House subcommittee's investigation of tax scandals.

Bolich figured importantly in the investigation.

The testimony brought out other interesting things. Bolich once lived for 18 months in a hotel room paid for by Henry Grunewald, Washington mystery man. Grunewald, who refused to answer questions of House investigators, twice appeared before the grand jury in Brooklyn which returned the indictment.

## Pickets Jeer Worker At Struck Aircraft Plant

AT THE GATE OF THE LOCKHEED AIRCRAFT PLANT, Burbank, Calif., striking workers jeer an employee driving his car through the picket line. More than 25,000 workers, members of the International Association of Machinists, AFL, have halted production at six of Lockheed's major plants. Unaffected Army bombers (bottom) stand deserted after strikers walked out. The strike climaxed ten weeks of negotiations.

## Truman Pays His Respects To U.S. Press

### Contents Stevenson Was Correct In Declaring Nation Has "One-Party" Press

By ARTHUR L. EDSON  
WASHINGTON (AP) — President Truman said today Adlai Stevenson is right in saying the country has a one-party press.

And Dwight D. Eisenhower is wrong, he said, in declaring the people are primarily interested in a change of administration at Washington.

What people are most concerned about is peace, the President told his news conference. He added that Eisenhower is running as the Republican candidate for President on a course that calls for an "isolationist congress" that wouldn't bring peace.

Stevenson has said his campaign as the Democratic candidate runs into a situation in which most newspapers are pro-Republican. That's right, Truman said, adding that it doesn't seem to make much difference because the Democrats won anyway.

The President said it was the same way in 1948 when he said only 10.3 per cent of the daily newspapers supported the Democratic Party.

A reporter mentioned to the President that Stevenson had pointed out that although the newspapers may support the Republicans editorially most of them are treating the political issues fairly in their news columns.

Truman agreed with this and added: "The fairness has been in evidence since Gov. Stevenson's remarks."

At the same time, Truman refused to comment on Sen. McCarthy's victory in the Republican Wisconsin senatorial primaries Tuesday.

Said he had no comment on the Democratic bolt threatened in Texas, but said he would have a lot of stories that would interest the reporters during his political trip through the West in October.

Passed up a chance to give his opinion on Eisenhower's support of Soviet Jewry in Indiana.

Stated that if this country elects a Republican Congress it will be an "isolationist Congress," and this would not bring peace.

When a reporter asked if the words "isolationist Congress" could be put in quotes, the President never quoted specifically at the conference unless he gives his permission, he said it was all right with him.

He said in reply to a question that he thinks Eisenhower was wrong when he said Wednesday the Democrats are restoring the country to a one-party press.

Truman said he doesn't think that's true, he said he thinks it's peace that's the issue, not the party and that's what he's been working most steadily for the past seven years.

But mostly today's conference dealt with the situation in the West and the way they handle political news.

The President opened the conference by reading a statement in which he pointed out that Eisenhower had first broken in as a player back in 1913. In those days, players played for the love of the sport," Mr. Kennedy said.

"Today, players are pampered and slobbered for enormous money without being tried. Why, today anyone can be a player. You don't have to judge a player's ability now, you just have to have the biggest bankroll to outbid the other suits for the youngsters."

"This is one of the reasons I got out of baseball. Last year, as head of the Detroit farm system, I spent \$700,000 of the club's money. I cannot feel right spending anyone's money for players I am not reasonably sure will make the grade."

Mr. Kennedy, who joined the New York Yankees farm system when it was in its infancy, possessed many great major league stars such as Spud Chandler, Charlie Keller, Bob Feller, George McQuinn and many others while he was at Newark from 1933 to 1941.

## Peace Not "Change" Is Desire Of People, Declares President

### Brands HST Regime An 'Octopus'

GOOP PRESIDENTIAL NOMINEE Gen. Dwight D. Eisenhower poses with Mayor Jimmy Rhodes of Columbus, who introduced him to a gathering of GOP leaders from Maryland, Pennsylvania and Ohio, who met at Cleveland to discuss competing to name Eisenhower for the 1952 Administration. A "democratic octopus" note part of Eisenhower's upper tooth in the top row of the photo stopped off while the General was spending Sunday in Miami.

## Truman Says Eisenhower Contention Would Result In Isolation Congress

By The Associated Press  
President Truman said today that the change Dwight D. Eisenhower is demanding would bring peace to the American people. What it will bring, he said, is an isolationist Congress.

Truman got into politics at his weekly news conference. Eisenhower was on New York drafting speeches for a Midwest tour and Gov. Adlai E. Stevenson, the Democratic nominee, was getting ready to make two major speeches in Los Angeles later today.

A statement by Eisenhower while on a tour of the West to Washington Wednesday set off the President's news conference remarks.

Eisenhower said that peace is the big issue of the times and then turned to a discussion of the crowd, which turned out to see him during his campaign. There is "one thing that seems to me to underlie all of this extraordinary enthusiasm—the desire for a change."

In asking the President for comment, a reporter said that Eisenhower had stated that he knew the temper of the people and that the people were interested in a change that is peace.

Truman and there is nothing in which the people are more interested than peace. And he said that if Eisenhower gets the change he says that won't bring peace.

Reporters were authorized to put questions around the words, "isolationist Congress." Normally direct quotation of the President's news conference remarks is not permitted.

Meanwhile Stevenson worked out a deal with the Republican Party and has views on social security laws.

The Democratic presidential candidate today said from San Francisco yesterday making eight hot dog stops and eight quick lunches along the way.

The speech followed President Truman's order for the stop to resume of the old country's top of Republican reports and news.

Stevenson's speech was broadcast on radio and television. He said he was "not a candidate for the White House" but that he was "a candidate for the White House."

Stevenson's speech was broadcast on radio and television. He said he was "not a candidate for the White House" but that he was "a candidate for the White House."

## Parents Protest Overloading Of School Busses

### Violation Of Parking Ordinances At Schools Also Hit

A number of mothers, members of the Parent Teachers Association, appeared this morning before the County School Board to protest overloading of school busses, and violation by parents of school bus parking zones at the South Side Primary School.

Mrs. F. D. Scott, one of the mothers, declared that overcrowding of school busses endangers the lives of children, and pointed out that one bus, No. 30, taking children to the east side of Sanford, including the new Wynwood subdivision, had 106 children on it.

Supt. T. W. Lawton assured her that the matter is being taken care of and that another bus had been added to the route, starting morning in picking up children on the east side.

Mrs. Scott admitted that the situation had been a great deal better in the past, but that the second bus was added. She advised against picking up children for rides who do not belong on the particular school busses.

Mrs. Irving Feinberg asked that action be taken against parents who motor to the South Side Primary School for their children and who violate the no parking zones established for the safety of students, especially those about or on bicycles. She declared that motorists had even broken through barriers established for the purpose.

She stated that she had brought the matter to the attention of the police and the City Commission, who had done all they could to help, but that the traffic laws are still being violated.

Mrs. J. C. Mitchell, principal of the South Side School, also declared that parents coming for their children, park on the wrong side of the street near the school.

Mr. Lawton suggested that the PTA group write notes to the mother of each child at the school, explaining what the situation is, point out the hazard, and ask their co-operation in obeying the parking laws.

Dr. Frank Quillman of the County Health Unit pointed out that while local schools and busses may be overcrowded, there are outlying schools such as in Lake Moore and Paola that are not so congested, and suggested that pupils living in those areas go to school in their own districts, rather than to Sanford primary school.

Supt. Lawton compared such possible action to stirring up a hornet nest with a stick, and said that the parent had gotten into trouble every year for 30 years trying to carry out such a course.

W. A. Patrick, member of the County Board, said:

The Herald wishes to correct a date in yesterday's Merchants Association story. The Prairie Lake Theater will stage its benefit night for Alhambra Springs on Oct. 18, not Oct. 9 as reported yesterday.

## Stetson Provides Scholarship For Hero's Daughter

### Modern Players Are 'Banned', Kennedy Tells Local J.C.C.

In recognition of the heroism of a former Stetson University law student, the late Lt. J. H. "Bob" Stetson, who was killed in action early last September, while on a Naval flying mission in Korea, J. C. Kennedy, University president, announced Tuesday the award of a four-year scholarship to Stetson to little Patricia Merz, Lt. Merz's daughter.

Patricia, who will be three years old in November, is now living with her mother and mother-in-law in Ocala, Sheriff and Mrs. P. A. Merz, grandparents of Patricia, were much pleased to receive the following letter from Stetson:

"My dear Mr. and Mrs. Merz: I have read with a great deal of pride of the action of the United States Navy conferring upon 'Bob' the Distinguished Flying Cross. I was particularly interested in the citation of the events upon which this award was made.

"I have a little that I can say to you, my friends, except that at Stetson are proud of this distinguished record which has been made by your son. As an expression of how we feel about Bob, I want you to know that the Faculty Committee on Scholarships has voted a 4-year scholarship to Patricia.

"While 1952 may seem a long time off, it will come quicker than you realize, and I want you to know that at that time we will be looking for Patricia here on the campus to carry on the tradition of her fine father.

"You're very truly,  
J. C. Kennedy  
President"

It was following his release from active duty in the Navy that Lt. Merz attended Stetson University law school for two years, and also served as a deputy sheriff under his father before being recalled to active duty.

## Teams In Minors Need Aid, Says Ex-Big Leaguer

### Modern Players Are 'Banned', Kennedy Tells Local J.C.C.

"Baseball is a big business and an individual or group of individuals can operate a minor league team without the assistance of a major league club," Ray Kennedy, former Major League player and executive, declared today in a speech before the Junior Chamber of Commerce at the Young Men's Club.

"It belongs to our minor league city to act now to make an agreement with a major league club, since you probably have seen the Major League players' strike in their farm systems," Mr. Kennedy added, "next spring may be too late."

The baseball veteran of San Diego, who retired from the major league pastime the first of the year and who recently purchased a home and business in Sanford, said that he had been in the city for its athletic facilities both in his business and social contacts.

"Baseball has changed greatly since I first broke in as a player back in 1913. In those days, players played for the love of the sport," Mr. Kennedy said.

"Today, players are pampered and slobbered for enormous money without being tried. Why, today anyone can be a player. You don't have to judge a player's ability now, you just have to have the biggest bankroll to outbid the other suits for the youngsters."

"This is one of the reasons I got out of baseball. Last year, as head of the Detroit farm system, I spent \$700,000 of the club's money. I cannot feel right spending anyone's money for players I am not reasonably sure will make the grade."

Mr. Kennedy, who joined the New York Yankees farm system when it was in its infancy, possessed many great major league stars such as Spud Chandler, Charlie Keller, Bob Feller, George McQuinn and many others while he was at Newark from 1933 to 1941.

## Drivers Licenses Issued In Oviedo

### Ingram's Death Ends Notable Navy Career

Judge Douglas Stetson visited Oviedo yesterday and issued 301 driver licenses.

This, according to Mrs. H. P. Fowler, clerk in his office, brought the total last night to 2,804 issued.

On the basis of the more than 11,000 driver licenses issued in this county last September, more than 8,000 motorists have yet to receive them during the 15 remaining days of registration.

The three clerks receiving registrations were not occupied at all times today, and Judge Stetson urged that those who wait until the last days will have to stand in line as during last year.

## Work To Begin Soon On Sanlando Road

### Movie 'Time Table'

Work may start on the new Longwood-Sanlando Springs Road either in December or January, County Commissioner G. E. Fouracre, announced today following his trip to Tallahassee, where he presented right-of-way deeds for the two and a half mile road to the State Road Department.

He said he was made on the road job in November, he stated and added that the Road Department had approved the deeds covering the right-of-way.

Action was deferred by the Department, he said, on the South Oviedo road project, pending further consideration of right-of-way deeds which were in instances only 45 feet wide. By comparison, said Mr. Fouracre, the Longwood-Sanlando Springs right of way is 80 feet wide or more.

## Franchise Granted F & L By Live Oak

LIVE OAK, (AP)—The City Commission yesterday granted the license Power and Light Co. a 30-year franchise.

The company has been furnishing power to Live Oak heretofore but without franchise.

H. Gilmore, commission president, said the company would give Live Oak 6 per cent of the gross sales yearly and that this would mean \$100,000 for city improvements over the 30-year span.

## Charges Dropped

JACKSONVILLE (AP)—Extortion charges against Mrs. C. M. Flanagan, wife of a police captain, in connection with a "baby-sitting" case have been dropped.

County Solicitor Frank Cannon said the reason was the receipt of witness, Rebecca Cobb, had not been taken. Miss Cobb charged that she was forcibly held in Mrs. Flanagan's nursing home with her about her when she was driving there on an illegitimate business. Flanagan denied the charge, saying the woman department had been trying to get something for her for 10 days. The operation of her home is entirely legal.

| Tallahassee  | 82  | 68      |

## Insurance Pays Off

BARTOW (AP)—The citrus crop insurance plan which the federal government is sponsoring experimentally in Polk County has paid off for the first time. Under this set up, it is difficult for those who run on the Democratic ticket for Congress.

Truman said he doesn't expect his statement about newspapers supporting the Republicans will cause any switch by them. That's because, he said, newspapers have become big business and traditionally big business has been Republican.

After he finished reading his prepared statement, Truman pointed out that when he ran for the Senate in Missouri he never had the support of the metropolitan press and won anyway.

He said this pointed to the small amount of political influence that papers wield, and added he thinks this is a good thing for the country.

When he was asked if he didn't think most papers tried to be fair in their news columns Truman said yes, that some first class newspapers were fair. But he said some other newspapers weren't. He refused to name them, though Truman told a reporter who asked him that he, the reporter, knew who they were as well as he did.

## Ingram's Death Ends Notable Navy Career

SAN DIEGO, Calif. (AP)—Retired Adm. Jonas Howard Ingram, commander of Allied forces in the South Atlantic during most of World War II, died last night at the age of 65.

The admiral suffered a heart attack last month while serving as superintendent of summer schools at Culver Military Academy, Culver, Ind. He suffered a second attack Tuesday night.

Adm. Ingram, Medal of Honor winner for service at Vera Cruz in 1914, also had a distinguished career in athletic sports, playing football at Annapolis and became head football coach at the Naval Academy in 1914 and held that job three years.

He retired from the Navy in 1917 after 44 years' service.

Survivors are his widow, Mrs. Joan Ingram; a son, William of Los Angeles; and a daughter, Mrs. Mary E. Hays, Quinsbury, Va.

## Compton Gives His Explanation Of Expense Item

### Governor's Secretary Says Notation On Trip Was Error

TALLAHASSEE (AP)—Local county press secretary J. W. Warren gave reporters this explanation of discrepancies in his expense account for May.

"Office records show that I had been away from the office for the period of May 12 but the office records did not show specifically where I had been on those dates."

"I erroneously made out my expense account for those days to cover a trip to Miami."

Gasoline vouchers showed a sum total of \$11.08 on Guthrie, Ky., and Evansville, Ind., May 9 and 10, and \$1.00 on Palaski, Tenn., and Helena, Ala. May 11.

Previously Compton had refused to answer newsmen's questions about discrepancies in his accounts. But Wednesday he called a news conference and distributed a statement which gave his explanation.

Compton said he had gone to Tennessee to check a tip that a "numbers syndicate" there was trying to get started in Pinellas County. He said he reported his findings to Pinellas County officials on his return.

However, Pinellas County Sheriff Todd Tucker said he did not know Compton, had no correspondence with him and had heard nothing of an investigation made by Compton or anyone else in Tennessee, which involved Pinellas County law enforcement.

Chief Criminal Deputy John Siers and constables said they had received no word of any report from Compton.

The St. Petersburg Times quoted Compton as telling the paper over the telephone: "I'd like to tell you (name of the county official) in check with him first because he may not want any information released."

John Kilgore, capital correspondent for the Miami Herald, who first uncovered the discrepancies, was not invited to Compton's news conference.

Compton also referred to a vacation trip he took to Mexico in a state-owned car in June. He said he got the impression from a conversation he had with the governor that it was all right to use a state car.

He inspected two tourist welcome stations in Texas, he said, because Warren wanted him to. When the state car broke down, Compton said he flew back to Tallahassee from Lake Charles, La., because the governor told him "You've got to be here. Get a plane."

Compton said he used a state travel voucher to cover the plane fare, but that he used his own money to pay a \$92 repair bill on the state car.

## Suit Is Filed To Force Paving Of Highway No. 1

### Action Taken As Governor Orders Meeting Of Tollpike Body

TALLAHASSEE (AP)—A Volusia county resident today filed suit to compel the State Road Department to fund Lane 1 Highway No. 1 from Jacksonville to Miami before it undertakes any other road construction.

The suit was filed by Harry Pack, Altondale, who said he is president of the Florida 1 Highway No. 1 Association.

He was represented by Joseph Gendry, Daytona Beach lawyer, who has pending a personal and \$10 million dollars damages from the State Road Department because the highway has not been developed.

They went before Circuit Judge Hugh Taylor at Quincy and asked for an immediate order. The order set the case for hearing on Sept. 30.

Pack's suit seeks to compel the road department to proceed immediately with completion of right of way and construction of construction contracts for funding the road along its proposed route before more money is spent on any other roads in the state.

The suit was filed as Gov. Warren called in order the first meeting of the Citizens Advisory Committee he has appointed to look further into feasibility of a 25-Miami toll highway that has aroused the protest of interested Florida 1 Highway No. 1.

The road department this week ordered two more surveys of the turnpike proposal.

It agreed to pay up to \$20,000 to the New York firm of Parsons Brinckerhoff, Hall and MacDonald for a further engineering study. That is the firm which recently recommended, after a \$90,000 study, that the East Coast turnpike with a log in the West coast be under construction immediately.

The road board also authorized a \$30,000 new traffic survey on the proposed route by the New York firm of Cowles and Colpitts.

## Work To Begin Soon On Sanlando Road

### Movie 'Time Table'

Work may start on the new Longwood-Sanlando Springs Road either in December or January, County Commissioner G. E. Fouracre, announced today following his trip to Tallahassee, where he presented right-of-way deeds for the two and a half mile road to the State Road Department.

He said he was made on the road job in November, he stated and added that the Road Department had approved the deeds covering the right-of-way.

Action was deferred by the Department, he said, on the South Oviedo road project, pending further consideration of right-of-way deeds which were in instances only 45 feet wide. By comparison, said Mr. Fouracre, the Longwood-Sanlando Springs right of way is 80 feet wide or more.

## Franchise Granted F & L By Live Oak

LIVE OAK, (AP)—The City Commission yesterday granted the license Power and Light Co. a 30-year franchise.

The company has been furnishing power to Live Oak heretofore but without franchise.

H. Gilmore, commission president, said the company would give Live Oak 6 per cent of the gross sales yearly and that this would mean \$100,000 for city improvements over the 30-year span.

## Charges Dropped

JACKSONVILLE (AP)—Extortion charges against Mrs. C. M. Flanagan, wife of a police captain, in connection with a "baby-sitting" case have been dropped.

County Solicitor Frank Cannon said the reason was the receipt of witness, Rebecca Cobb, had not been taken. Miss Cobb charged that she was forcibly held in Mrs. Flanagan's nursing home with her about her when she was driving there on an illegitimate business. Flanagan denied the charge, saying the woman department had been trying to get something for her for 10 days. The operation of her home is entirely legal.

## The Weather

| High         | Low | Precep. |

## Insurance Pays Off

BARTOW (AP)—The citrus crop insurance plan which the federal government is sponsoring experimentally in Polk County has paid off for the first time. Under this set up, it is difficult for those who run on the Democratic ticket for Congress.

Truman said he doesn't expect his statement about newspapers supporting the Republicans will cause any switch by them. That's because, he said, newspapers have become big business and traditionally big business has been Republican.

After he finished reading his prepared statement, Truman pointed out that when he ran for the Senate in Missouri he never had the support of the metropolitan press and won anyway.

He said this pointed to the small amount of political influence that papers wield, and added he thinks this is a good thing for the country.

When he was asked if he didn't think most papers tried to be fair in their news columns Truman said yes, that some first class newspapers were fair. But he said some other newspapers weren't. He refused to name them, though Truman told a reporter who asked him that he, the reporter, knew who they were as well as he did.

## Ingram's Death Ends Notable Navy Career

SAN DIEGO, Calif. (AP)—Retired Adm. Jonas Howard Ingram, commander of Allied forces in the South Atlantic during most of World War II, died last night at the age of 65.

The admiral suffered a heart attack last month while serving as superintendent of summer schools at Culver Military Academy, Culver, Ind. He suffered a second attack Tuesday night.

Adm. Ingram, Medal of Honor winner for service at Vera Cruz in 1914, also had a distinguished career in athletic sports, playing football at Annapolis and became head football coach at the Naval Academy in 1914 and held that job three years.

He retired from the Navy in 1917 after 44 years' service.

Survivors are his widow, Mrs. Joan Ingram; a son, William of Los Angeles; and a daughter, Mrs. Mary E. Hays, Quinsbury, Va.

## Work To Begin Soon On Sanlando Road

Work may start on the new Longwood-Sanlando Springs Road either in December or January, County Commissioner G. E. Fouracre, announced today following his trip to Tallahassee, where he presented right-of-way deeds for the two and a half mile road to the State Road Department.

He said he was made on the road job in November, he stated and added that the Road Department had approved the deeds covering the right-of-way.

Action was deferred by the Department, he said, on the South Oviedo road project, pending further consideration of right-of-way deeds which were in instances only 45 feet wide. By comparison, said Mr. Fouracre, the Longwood-Sanlando Springs right of way is 80 feet wide or more.
