

HOOVER URGES REDUCTION OF U.S. EXPENSES

Surprise Message To Congress Calls For Complete National Economy Program

WASHINGTON, Apr. 4.—(A.P.)—In a surprise special message to Congress President Hoover today called for appointment of delegates from both the Senate and House to work with him in framing a "complete national program of economy."

The President declared a further reduction of federal expenditures for the next year is an absolute necessity. He asserted, however, that the various agencies in Congress are working toward this end and he has the necessary unity of action.

With the scene of the tax battle shifting this week to the Senate, administration and Congressional leaders are digging deeply into the question of wholesale government re-organization as a means of lopping off \$300,000,000 in expenditures.

It is conceded by the House leadership and by Secretary Mills that about this sum in reduced appropriations is necessary to help the new revenue raising bill just passed by the House to balance the 1933 budget.

The Treasury head says complete government re-organization is the only way \$200,000,000 can be taken from the appropriations for next year. Congressional leaders are divided on whether such drastic steps are necessary.

The problem will come to a head this week. Senate Democrats will meet to declare a policy on the fiscal legislation. The Republican will await the program to be submitted Wednesday by Mr. Mills at the opening of hearings on the tax measure.

Both Republican and Democratic spokesmen will insist upon a balanced budget for next year. A bipartisan coalition similar to that which put it through the House is lining up behind the general provisions of the tax bill as it came to the Senate.

But whether to find the added \$200,000,000 by new taxes, by indiscriminate slashing of the appropriation measures or by general governmental re-organization is still in question.

The Senate Independents are considering a drive to boost the higher tax rates. The House bill provides a maximum rate of 40 percent on income over \$100,000. A minimum rate of 45 or 50 percent is being discussed.

Today the Senate Appropriations Committee will meet in an attempt to fill the Senate's order for a 10 percent cut in the bills providing funds for next year's operations of the Interior, State, Justice, Commerce and Labor Departments.

Millard Smith To Come To Sanford Friday Mornings

According to information received today from Circuit Judge Millard B. Smith, of Titusville, beginning Friday, Apr. 15, he will come to Sanford every Friday morning to hear chancery matters and other arguments, and to attend to all judicial matters which may properly come before him.

Judge Smith also announced that he will be prepared to remain in Sanford on Saturdays if the legal business warrants.

The new circuit judge has just concluded his term of court in Broward county, and is prepared to begin the Spring term of court in Seminole County on May 24.

He had originally intended to come to Sanford on Apr. 8, to hear chancery matters, but on account of the State Bar Association meeting in Hollywood, which he had been invited to attend, it became necessary to postpone coming to Sanford until the following week.

Fosdick Kin Kills Two Children, Self

MONTCLAIR, New Jersey, Apr. 4.—(A.P.)—Mrs. Raymond Fosdick, sister-in-law of Rev. Harry Emerson Fosdick, shot and killed her two small children and herself at her home today. She had been nervous, police learned, and was under the care of a physician. Her husband, a lawyer and brother of the New York pastor, was not at home. The two children were Susanne, 15, and Elizabeth, 12. Fosdick was under secretary general of the League of Nations. He is a trustee of the Rockefeller Foundation and Princeton University.

RUSSIA'S GREAT AUTO FACTORY IS FORCED TO CLOSE

Plant Which Was To Rival Ford Runs In- to Operation J a m

MOSCOW, Apr. 4.—(A.P.)—The wheels of the \$119,000,000 automobile plant at Nizhni-Novgorod—Russia's challenge to Detroit—have ground to a jolting stop barely three months after they began to hum.

This was admitted yesterday by the powerful executive committee of the communist party in a proclamation demanding drastic reforms in leadership so that production may be resumed by Apr. 15.

The giant project was set in motion Jan. 1 with the ultimate idea of putting every Russian behind a steering wheel, and it came to grief because there were "too many fingers in the pie."

Sunday's proclamation minced no words in insulating matters to be set right speedily. Drastic charges were decreed in the party organization at the plant in an effort to overcome the difficulty. The secretary of the regional party committee at Nizhni-Novgorod was ordered dismissed. The plant's foundry and assembly plants were ordered discharged.

The regional party committee was told to establish immediately personal responsibility for operation. (Continued on Page Two)

Trial Of Sensational Honolulu Case Begins

HONOLULU, Apr. 4.—(A.P.)—While police stood guard, the trial of the most sensational criminal case in the history of Honolulu opened in the judicial building today. It was from this building that Joseph Kahahawai, young Hawaiian, was lured by a fake court summons Jan. 8. Friends never saw him alive again. His body, shot through the chest was found in the car of Mrs. Gracita Fortesca, society woman, who with her son-in-law, Lieutenant Thomas Masie and E. J. Lord, naval man, are on trial for second degree murder.

Kahahawai is alleged to have assaulted Masie's wife. Attorneys said the first week of the trial may be consumed with the selection of a jury. Clarence Harrow, noted criminal lawyer, heads the defense counsel.

2 Moscow Students Admit Slaying Guilt

MOSCOW, Apr. 4.—(A.P.)—Two former students of Moscow University admitted their guilt when they went on trial today for the attempted assassination of Dr. Fritz von Twardowski, German embassy counselor, a month ago. Judas Stern insisted he alone was responsible for the pistol attack on the counselor in a Moscow street and said his purpose was to endanger Soviet relations with their western neighbors. He denied Japan figured in the conspiracy but admitted he conspired the Far East with his companion and co-defendant Ser Gel Vassiliev. The trial is expected to result in the death sentence.

Agricultural Authorities Will Be Speakers At Meeting In Longwood

From all indications, some of the most representative agricultural authorities in Florida will be in Seminole County next week, acting as guest speakers at an agricultural and citrus meeting at Longwood, Friday, Apr. 8.

Nathan Mayo, commissioner of agriculture for Florida, will be present to speak at the picnic lunch at noon and P. W. Risher, dairy and poultry marketing specialist of the Florida State Marketing Bureau, Jacksonville; Miss Mary E. Keown, district home demonstration agent, DeLand; Dr. D. C. Gilles, poultry service veterinarian of the Florida State Livestock Sanitary Board, Tallahassee; N. E. Mehrhoff, extension poultryman of the University of Florida; Harold Mowry, associate agriculturist at the university, and others, will be heard in brief lectures during the morning and afternoon sessions devoted to the discussion of poultry and bulbs in Seminole County.

Featuring the observance of Longwood Day, will be the introduction and public recognition of

PLANS TO NAME KEYNOTER SET BY DEMOCRATS

Committee Consider- ing Selection With Shouse And Barkley In The Open For Job

CHICAGO, Apr. 4.—(A.P.)—The Democratic committee on arrangements for a national convention met today to consummate plans and select the keynoter for the nominating convention opening June 27. Senator Barkley, Kentucky; J. J. Shouse, Kansas, chairman of the party's executive committee were two candidates in the open for the keynoter.

Shouse presided at the meeting attended by a score of national committeemen and women. Their recommendation to the national committee itself on the choice of a keynoter is regarded as tantamount to the final choice.

Looking beyond the national conventions, nine prominent Democrats joined yesterday in forecasting certain victory in the presidential election in 16 states, "excellent prospects" in 18 others, "fair prospects" in 11, and "least probable, but possible," victory in four.

The forecast was in the form of a shaded map of the nation which was printed on the reverse side of yellow "Victory-grains" appealing to more than 100,000 Democrats to contribute to the \$1,500,000 "victory" drive of the Democratic National Committee.

Democrats all over the nation were asked to contribute to insure success at the polls in November and to send in "news from your state" for the Jefferson Day state party here Apr. 13, when the party chiefs will "take stock" of the situation in each state.

Signers of the "Victory-grains" included John N. Garner, Sen. J. Hamilton Lewis, former Sen. James A. Reed, Gov. Albert C. Ritchie, Sen. Gov. T. Robinson, Franklin D. Roosevelt, Alfred E. Smith and Gov. George White. Many of these will be speakers at the Apr. 14 rally.

The 15 states listed in the forecast as "sure" to be carried by the Democrats in November included the solid South and Maryland. (Continued on Page Three)

Lehmann To Proclaim City In Jacksonville

Karl Lehmann, secretary of the Seminole County Chamber of Commerce, left for Jacksonville last night to supervise personally the construction of the large exhibit of Seminole County products to be displayed in the lobby of the Atlantic National Bank in that city until Wednesday.

He will also be in attendance at the booth, and will be heard as guest speaker before the Jacksonville Rotary, Kiwanis, Civitan, and Exchange clubs, where Sanford celery will be served as Mr. Lehmann tells the members of the Chamber in this section.

Mr. Lehmann took with him several crates of choice county celery, donated by the Sanford-Orlando Truck Growers Inc., Wheeler and Morgan, of Orlando, and the Standard Growers Exchange.

VIOLENCE BREAKS OUT IN GERMANY AS VOTING NEARS

Berlin, Apr. 4.—(A.P.)—Germany's second presidential election campaign in less than a month was in full swing today with three dead and scores wounded. Hundreds were under arrest shortly after the opening gun was fired. Voters will decide in the run-off Apr. 10 between President Paul von Hindenburg, Adolf Hitler, and Ernst Thaelmann. Hindenburg is conceded to be an excellent position for another victory.

Adolf Hitler, the Nazi leader, and foremost opponent of the president in the final election on Apr. 10, mounted a rostrum at Leipzig immediately after noon and declared to law and order before an audience of 50,000.

Speaking from the president, Adam Siegelwald, minister of labor in Chancellor Brüning's cabinet, spoke at Breslau, declaring that the actions of the Nazis belied their words when they sought to obtain power legally.

Disorders occurred in Berlin, in the Berlin suburb of Wittenau and at Chemnitz.

The worst disorders came in Berlin proper where a group of communists was called together in Genshagen Street by police who attempted to disperse them. One communist was shot in the chest and four were arrested. In the northern section of the city four Nazis were injured in a fight with communists. Seven Nazis were arrested in Unter den Linden as they shouted, "Hitl, Hitl!" (Continued on Page Four)

HERALD STRAW VOTE BEGINS IN TODAY'S ISSUE

Poll Seeks To Reveal Sanford Sentiment As To Presidency And Governorship

The Sanford Herald's first straw vote on Sanford's choice for the presidency of the United States and the governor of Florida gets under way this afternoon with the publication of a ballot on the front page of this paper.

The ballot, to be marked by all men or women in this county who are over twenty-one years of age, will be carried in The Herald daily for the entire week. It should be mailed or brought to the Herald office before midnight Saturday, Apr. 9, when the straw vote closes. No person is entitled to more than one vote in this contest.

First releases of the standings of any candidate for either office will be made in The Herald from time to time, while the final standing will be carried in next Monday's Herald.

Readers of The Herald are invited to indicate their preference for both offices, and it is the hope of this newspaper that the publicity resulting from this contest may see the awakening of public interest in the coming elections.

The ballots carry the names of the men who are at present under discussion as presidential or gubernatorial timber. Balloters may, however, vote for any other man they wish by merely filing in the blank space furnished for such an emergency.

With newspapers today carrying story after story concerning the activities of Roosevelt, Murray, Smith, Hoover, Garner, all presidential possibilities, and Martin, Hardee, Eberhardt, Durrance, Caldwell, Howey, and Hammond, among the gubernatorial candidates, it should be interesting to note the reaction they, men and their records inspire in the mind of the Seminole County voter.

The more important thought connected with the straw vote is that every loyal citizen should take particular pains to acquaint himself with the qualifications of any and all persons seeking office during the next few months.

POWERFUL AERIAL BEACON PLACED IN OPERATION AT MUNICIPAL AIR FIELD

One of the most powerful beacons marking the air route between Atlanta, Daytona Beach, and St. Petersburg has been in operation at the Sanford Municipal Airport since early last week.

Its construction was completed under the supervision of P. O. Enburg, official of the Department of Commerce, Airways Division, who has been in Sanford for some weeks. Seminole County Chamber of Commerce officials quote Mr. Enburg as being highly complimentary in his reference to the excellence of facilities at the 17-acre field, that the hangars are adequate, and that the men in the air have every needed service within quick reach.

As the result of the construction and operation of the beacon, the night air mail service has been set back two hours, giving South and Central Florida users of this type of service, an opportunity to have their mail sent north and west upon the close of a day's business.

The northbound air mail now leaves Orlando at 7:15 o'clock, passes over Sanford about a mile east of the airport at 7:30 o'clock, and arrives in Daytona in ample time to make connections with the New York plane.

The beacon is the standard type now in use throughout America. It is operated automatically by an electric clock which through a switch starting and stopping the beacon, thereby

eliminating the necessity of a regular attendant. The clock is so arranged that it responds to seasonal changes, and the beacon is lighted at within a minute of official sunset each night, and is turned off at sunrise.

It has a candlepower of 1,000,000; can be seen for at least 200 miles when a plane is about 2000 feet in the air, and it revolves six times each minute. The beacon is at the top of a 62-foot steel tower, together with two 100 lights which indicate to the pilot flying near that he is on his course. There are two bulbs in the light, one of which automatically goes into operation if the other burns out.

While there is to be no regular attendant at the light, Fred Jones, filling station operator at Ginder, who has recently been appointed as manager of the port, will act as caretaker and call Department of Commerce troubleshooters in the event the light becomes inoperative.

The Texas Co. also announces the completion of the latest in electric gasoline vending machines, installed in a concrete pit just north of the municipal hangar. This pit contains a 550 gallon tank holding regulation high-test aviation gasoline. The top of the apparatus is level with the ground, and airplanes desiring Texaco gasoline need only drive within a foot of the pit, to be serviced from a long hose, on a reel.

Four Men Killed As Their Plane Falls

DULUTH, Apr. 4.—(A.P.)—Four men, enroute to Detroit to compete in the national aircraft show, were killed today in an airplane crash near here. They were Harb Fuller, pilot, S. E. Kervinen, T. J. Somero, and his brother, William Somero, all of Ely. Fuller was apparently blinded when he flew into a heavy snowstorm. The plane fell on a farm and all were instantly killed.

SENATE AMAZED AT REVELATIONS ABOUT ALCAPONE

Under-Cover Affairs Of Gangster Being Probed By Congress

WASHINGTON, Apr. 4.—(A.P.)—The astonishing narrative before a Senate committee by the man who prosecuted Al Capone of the gangster's under-cover workings is being given a thorough going-over in Congress.

Not only might the testimony of District Attorney George E. O. Johnson of Chicago have a decisive effect upon the nomination of Judge James H. Wilkerson of Chicago to the circuit court, but ramifications with a view of breaking gangland's power are being discussed.

Judge Wilkerson, in connection with whom nomination Johnson was summoned, sentenced Capone to 10 years in the penitentiary. In an interview, he overthrew an agreement by Johnson, upon which the prosecutor said he consulted Attorney General Mitchell, to recommend a 2 1/2 year term if Capone would plead guilty. President Hoover nominated Wilkerson as an endorsement of his vigor.

Since then, strong opposition to the nominee has arisen from organized labor because of past defections of the jurist. It has been met by support to Wilkerson by Chicago anti-crime workers, some of whom have charged that even this opposition was inspired by Capone in his attempt to control Chicago public officers.

Hearings on the nomination were drawing to a close when it was decided to call Johnson. The subcommittee considering the nomination is expected to decide soon upon its report, with the attitude of Chairman Borah one of the deciding factors. He has given no indication yet of his attitude.

Johnson's inside story of the government's long battle to put Capone and his gang in jail held those who heard his testimony fascinated.

He said the "unbelievable arrogance" of Capone in making the terms of the agreement public, after Wilkerson had first approved it, led to the upset.

Most amazing was the prosecutor's description of intimidation of witnesses and of the profits reaped by the gangsters.

4-POWER MEET WILL DISCUSS EUROPE'S ILLS

Whole Range Of Euro- pean Crisis Slated For Consideration At Coming Parley

LONDON, Apr. 4.—(A.P.)—Premier MacDonald after a preliminary conversation with Premier Tardieu of France last night announced that the four-power conference on Wednesday will include the whole range of the European crisis, including disarmament, debts and reparations.

Originally the four-power conversations among Great Britain, France, Germany and Italy, were proposed by MacDonald to tackle primarily the financial structures affecting the five Danubian states, Austria, Hungary, Czechoslovakia, Yugoslavia and Rumania.

After a preliminary conversation with Tardieu, however, the prime minister said the Wednesday discussions will include the disarmament situation at Geneva, and the approaching Lausanne conference on reparations. This decision came after the two statesmen had talked together for an hour and a quarter.

Thus will a new avenue be opened up for dealing with Europe's relations to the United States, including what will happen. (Continued on Page Four)

Funeral Services For Captain Elder Are Held Today

Captain P. M. Elder, 72, postmaster at Sanford for two terms under President Woodrow Wilson and a resident of Sanford for the past 48 years, died at his home, 513 Oak Avenue, late yesterday afternoon. He had been in poor health for several months.

Funeral services were held from the home this afternoon at 3:00 o'clock, with the Rev. F. M. Marler, of the First Christian Church, assisted by Rev. E. D. Houshale, of the First Presbyterian Church and Rev. Carroll Warner, of the First Methodist Church.

Burial was in Lakeview Cemetery, where the Masons had charge of burial ceremonies. The pallbearers were W. C. Hill, T. C. Hixon, Morris Spencer, G. W. Spencer, George Harden, and M. L. Wright.

Captain Elder was born at Waukesha, Wis., on Dec. 25, 1859, and came to Florida in 1884 to become employed with a telegraph company assisting in running lines between Sanford and Tampa, and the adjoining territory. He remained with this company for about a year, and joined the old South Florida railroad line as a conductor. During his railroad career he was senior conductor of the Sanford division.

He left this service about 22 years ago, when the South Florida line was absorbed by the Atlantic Coast Line Railroad.

For several years he was a merchant in this city, later disposing of his business to become interested in the development of the land surrounding the settlement now known as Elder Springs, south of the city.

Captain Elder is survived by his widow, Mrs. Alice H. Elder, whom he married in 1890; three children, Mrs. Frank Akers, Jr., Atlanta, Mrs. R. A. Goodspeed, and Miss Alice Elder, Sanford; four grandchildren, and a sister, Mrs. T. C. Flannigan, Auburn, Ga.

UPSALA AND GRAPEVILLE

Mrs. LUBELLE BALLINGER

The mother of Mrs. J. P. Stevens was an all day guest at her home on Friday.

H. G. Landquist assisted our old neighbors, Mr. and Mrs. Volie Williams, move from their city residence out in the country near Lake Golden.

Mrs. Ballinger had a card from Mrs. Jennings saying they were in Columbia, S. C. on Monday. They left here at 4 A. M. Sunday enroute to New Jersey. They will stop to see relatives in the Carolinas.

Roland Denton Landquist, who has been very ill for five weeks with the whooping cough, was able to return to school this week. His little brother, Charles, also had it but not so badly. They are children of Mr. and Mrs. H. G. Landquist.

Rev. Albertson, an old friend of Mr. Swops, called to see him telling him of the illness of a sister, Mrs. King, in Deland, who has been keeping the children of Mr. Swops. Mr. and Mrs. Alvin Swanson took him over to see them Wednesday and he was a supper guest later at their home.

We hope to have with us next Sunday for services, Rev. Kirk, an old friend and pastor of Rev. J. S. Clark, who will visit him at his home this month, coming from St. Petersburg. All who can hear him will count it a great privilege.

Clark and Jack Podmore were Easter guests at the home of Rev. Clark.

The Easter service was enjoyed by all attending. The church and the little children and dainty trimmed baskets of flowers, representing Spring and the new life with the Easter music was inspiring. A good program was also given in Ginderholm. Rev. Clark gave an earnest spiritual message.

The twins, Alice and Alvin, of Mr. and Mrs. E. F. Lundquist, were christened in the Methodist Church in Sanford.

The little son of Mr. and Mrs. John Robinson was christened at the Salvation Army in Sanford.

BASEBALL CLUB SEEKS PRACTICE GAME ON SUNDAY

Manager Barnes Says Players Progressing Very Rapidly

Manager Joe Barnes and his baseball hopefuls have progressed so well during the past four days, that they are now casting about seeking an exhibition game to be played at Menicpal Park next Sunday afternoon. Wires have been sent to Winter Park, Orlando, Kissimmee, and Palatka, in the hope of securing one of those teams.

Since last Wednesday afternoon, nearly 20 players have been on the field every day, working out under the strict attention of Manager Barnes, who has already dropped scores of hints tending to improve the play of various players. Several of last year's players, including Cal Dennis, Roy Harrison, John Edward Higgins, have reported for workouts, and with a number of newcomers, including Spot Lockett, Homer Tillis, Walter Beach, and many others, have given Manager Barnes a confident feeling that he will be able to put a creditable team in the field from the start.

Chill winds kept the attendance down yesterday, and several players were absent today, but Manager Barnes said those present through the usual limbering up exercises. Barring practice was featured, with Manager Barnes leading the way in pulling out long drives to the vicinity of the flagpole. A brisk run around the park concluded the afternoon's workout.

With two games scheduled to be played in this vicinity tomorrow, Manager Barnes and his players will probably be in attendance, gathering notes on the class of competition they will meet this season. At Winter Park, Manager Joe Gifford will send the Parkers against the New Smyrna Crackers, while at Deland, the pennant-winning Ocoee Indians will play a game against Manager Senola's Reds. Both games start at 3:30 o'clock.

Joe Ludwig, president of the Sanford Baseball Club, this morning announced that his team of 18 workers now canvassing the city in an effort to sell season tickets for the 10 home games to be played during the first half of the split season, is meeting with continued success. The sale will continue until next Sunday, when all unsold tickets will be destroyed, and persons witnessing games must pay the regular admission fee.

Better Times are Coming!

DON'T BE DISCOURAGED!

DON'T
BE
DISCOURAGED!

Don't lose the will to win... don't join the pessimists who see naught but disaster ahead—

During a previous depression, the government had to issue paper "Clearing House Certificates" as a substitute for money. Conditions were just as bad, only we have forgotten.

Prosperity has always followed bad times—this is one of the laws of business cycles.

Now is the time to substitute the word "Reconstruction" for "depression."

Don't be discouraged. Lead a hand to reestablish confidence.

America will see this through and emerge victorious.

Better times are coming!
