NUMBER 14

TABERT CASE IS SUBJECT OF RIGID INVESTIGATION AT STATE CAPITAL TODAY

EXTENSION OF INQUIRY IS SUPPORTED BY SENATOR KNABB MANY QUESTIONED

Will Be Made Special Order of Business Next Wednesday

(By The Associated Press) TALLAHASSEE, April 14.—A senate committee yesterday reported unfavorably a measure looking to the abolition of the practice of whipping convicts. Such a reform has a better chance in the house, however, Representative Davis, of Leon, yesterday having tacked onto a committee bill doing away with convict leasing, an amendment to abolish corporal punishment. The committee bill, 350 copies of which were ordered printed, will be considered in the house under a special order of business.

TALLAHASSEE, April 14.—The lowly convict, who has been the subject of investigation because of alleged cruel treatment administered in private convict camps of the state, had his inning in the lower house of the state legislature today during discussion of the death of Martin Tabert. Tabert, a native of Munich, N. D., is alleged to have died under the lash of a convict camp boss in Dixie county.

Treadbare clothing, splashed with swamp muck, distorted and misshapen shoes, other garments belonging to the convict's garb were cast upon the floor of the lower house, and a whip used for flogging prisoners was passed from one member to another for examination.

A stirring scene was enacted as the house moved to make a special order of business for next Wednesday for the consideration of measures looking into the abolition of the convict lease system and to prohibit corporal punishment.

In the meantime, the joint investigating committee named to investigate the conviction, leasing and death of Tabert as requested by a resolution adopted by the North Dakota legislature, recessed in the middle of an examination of Sheriff J. R. Jones, of Leon county, after having been in session less than one hour. It was announced later that the committee would get down to business Tuesday morning.

Fireworks were looked for in the senate today over the house concurrent resolution seeking to broaden the scope of the investigating committee so as to make it a state-wide inquiry into county camps. The resolution went into the unfinished business hopper when Senator H. H. Lindsey of Bonifay, sought to amend the resolution in order that the committee be empowered to investigate alleged cruelties at convict camps controlled by the state and not be confined to county camps only.

The upper house recessed until over the week-end before Senator Lindsey's amendment could be drawn up. The house resolution was aimed at an investigation of a camp said to be the property of Senator T. J. Knabb and located at Macleenny.

To show that he welcomed an investigation Senator Knabb bounced to his feet and moved the adoption of the resolution.

Representative Nathan Mayo, chairman of the house convict committee, stirred the house into action when he produced convict paraphernalia, including the whipping strap which he said was four feet long and two and a quarter inches wide, weighing a pound.

The last was the center of attraction. As explained by Mr. Mayo, it was loaded at the handle end and he said that he did not think such an instrument could inflict serious injury. He added, however, that he had been informed that it was a frequent practice to treat the strap with syrup and oil and drag it in the sand to give it more "effectiveness." The representative said that he understood that the flogging instrument

THANK GOODNESS IT'S OVER AT LAST MATHILDE DID IT

SHE'S CAPTURED HER ELDERLY SWISS RIDING MASTER AND ALL IS SERENE

(By The Associated Press) LONDON, April 14.—It was confirmed today at the registry office of Lewisham, an outer suburb of London, that Miss Mathilde McCormick, daughter of Harold F. McCormick, of Chicago, was married there to Max Oser, Swiss cavalry officer, Thursday.

CHICAGO, April 14.—Mathilde McCormick, the eighteen year old daughter of Harold F. McCormick and Edith Rockefeller McCormick, and heiress to the McCormick and Rockefeller millions, was married secretly to Major Max Oser, 46-year-old Swiss riding master at the registry office at Lewisham, a suburb of London, at 11:30 o'clock Thursday morning, according to a copyrighted London dispatch published by the Chicago Tribune. Although the whereabouts of the couple was not known, it was believed they departed immediately after the ceremony to spend the honeymoon in Scotland.

Mrs. Harriet Gove, of Sanford was taken to the Florida Sanitarium and Hospital at Orlando Wednesday night where she will undergo a surgical operation.

used in whipping Tabert at the camp of the Putnam Lumber Company, at Clara, Fla., weighed seven and a half pounds.

Tabert, it is charged, was whipped so severely by Walter Higginbotham, the boss, that it produced death. Higginbotham is now under a first degree murder indictment. Turning his attention from the strap, the convict committee chairman displayed a pair of rugged shoes and a striped object that resembled convict breeches. Holding these aloft, he moved that the rules be waived and the measure seeking the abolition of the lease system and corporal punishment be passed at this time.

The bill provides that no more convicts be leased to private firms but that in small counties when the number of convicts is insufficient to maintain a camp, convicts could be leased if so desired.

It was after Mr. Mayo waved the tattered garment, the legs of which were cut off at the knees and in shreds, and termed by him a "good bathing suit," that the house decided to take action on the bill next Wednesday.

"Let's go at it right, while we are at it," exclaimed Mr. Davis. "Most of the other states in the Union, and even Georgia, has discontinued corporal punishment," he declared.

The representative from Leon county related that these states based their action on the constitution of the United States which cites that "no cruel, or inhuman punishment shall be inflicted for any cause," he said. In order that it might start at the beginning of the Tabert case, the joint legislative committee called on Sheriff Jones, who was responsible for taking Tabert into custody while he was riding a freight train through this city fourteen months ago, which led to his conviction, leasing and death as charged in the North Dakota assembly's resolution.

The officer informed the committee that he remembered the arrest of Tabert, his conviction after he had entered a plea of guilty and his sentence of \$25 or three months. He said further that the county commissioners of Leon county had entered into a contract with the Putnam Lumber Company to lease county convicts and that the county received \$20 per head for each prisoner sentenced to serve three months. The last the sheriff saw of Tabert, according to his testimony, was when "I received a receipt for him from the sheriff of Taylor county."

LARGE FINANCING COMPANY WILL OPERATE IN THIS CITY AND MAKE LOANS SANFORD REAL ESTATE

Many Thousands of Dollars Will Be Loaned and Business Will Be Handled Thru Maxwell & Britt

Through the efforts of Maxwell and Britt, one of the largest Mortgage Companies in the United States will operate in Sanford and make loans to the Sanford people on Sanford real estate. This company sent their representative from the North to look the situation over in Sanford and after spending several days here he was convinced that, although Sanford was not as large as most of the cities in which they operate, was an exceptionally good town, progressive in a steady substantial manner and was worthy of his company's consideration, and for that reason invested authority in Maxwell and Britt to accept applications for loans in amounts from \$500.00 to \$10,000.00.

One of the biggest hold backs to Sanford has been lack of capital at a reasonable rate of interest in which a man could purchase and own his own home, or borrow money on the home he already owns in which to make further improvements. The decision of this company to loan money in Sanford will go far towards relieving this situation, as they have

placed no limit to the amount, as they have millions behind them, and are in position to take care of every good piece of business submitted to them. This money can be borrowed for a term of three to eight years and paid back on the easy monthly payment plan. The firm of Maxwell and Britt are to be congratulated upon their successful efforts in getting this company to place their resources at the disposal of the Sanford people, and thereby filling a long felt want. It is just such moves as this that will bring new money to Sanford and it also shows that the financial interests of the country are recognizing Sanford's wonderful possibilities and that with the aid of this foreign capital it will be but a few years before we have that 25,000 population that the Herald has been predicting for some time past.

If you have a good proposition and need the money, see either Dick Maxwell or Charlie Britt at once as they, with the help of your security, will be able to assist you in putting it over.

MAY PROCEED TO DIRECT GOVERNMENT OPERATION OF MERCHANT MARINE

President and Shipping Board Agree as to All Details

(By The Associated Press) WASHINGTON, April 14.—The decision was reached by President Harding and members of the Shipping Board at a two-hour conference here today to proceed at once to the consolidation of the boards of foreign trade lines and to then offer lines and ships for sale under authorization of the Merchant Marine act of 1920, conditioned on a suitable guaranty of maintained service. The program further provides that if the government finds itself unable to sell ships and lines without justifiable sacrifice the policy then will be to proceed to direct government operation. The whole policy, as set forth in a White House statement after the conference, is declared to be built upon the basic principle that the administration is determined the United States should have a merchant marine.

ARRAIGNMENT OF CATHOLIC PRIEST IS POSTPONED

WILL INQUIRE INTO SANITY OF THE ACCUSED MAN

(By The Associated Press) KALAMAZOO, Mich., April 14.—Arraignment of Father Charles Dillon, charged with the murder Thursday night of his superior, Rev. Father Henry O'Neill, pastor of St. Augustine parish, was postponed yesterday in circuit court until Monday.

Postponement was granted at the request of counsel for Father Dillon, although the priest had made known his willingness to enter a plea of guilty to a charge of first degree murder. It was indicated that alienists might inquire into the sanity of the accused man.

Father Dillon, a member of the Carthusian fathers' order and formerly a missionary of the church in many countries, declared yesterday that he wants to go at once to Jackson or Marquette (where the state prisons are located), and insisted he is perfectly sane. He remains calm and manifests no sign of remorse because of his deed.

Father McCullough, the only eyewitness of the shooting, made a statement to officers yesterday.

"When we were seated at the dinner last night," he said, "Father Dillon appeared morose. Finally he burst out, addressing Father O'Neill: 'You'd like to get me out of here, wouldn't you?' 'Father O'Neill replied, 'you are under no compulsion. You may stay as long as you wish or if you prefer, you may go.'"

The Herald for first class job work.

JACKSONVILLE MEN ARRESTED IN CINCINNATI

ALLEGED TO HAVE HAD MORE BOOZE THAN THE LAW ALLOWS.

(By The Associated Press) CINCINNATI, April 14.—G. A. Brown, farmer, and E. A. Strauss, cigar dealer of Jacksonville, were arraigned in United States district court here charged with having possessed, transported liquor in violation of the Volstead act. The men were arrested by prohibition agents last night, who confiscated five barrels of whiskey labeled hardware and consigned to a Cincinnati electrical firm from the E. S. Electrical Company, of Jacksonville.

FORMER PUGILIST KILLED BY OFFICER AT FORT PIERCE

(By The Associated Press) MIAMI, April 14.—Nels Danielson, a former pugilist, died at a hospital in Fort Pierce this morning as a result of wounds received when he was shot yesterday by Sheriff Merritt, who declared that Danielson attempted to draw a gun when being arrested on a liquor charge. Danielson denied the offered resistance.

400 Dead Result Tidal Wave Storm

(By The Associated Press) TOKIO, April 14.—Four hundred persons, including a large number of fishermen, are missing as a result of a tidal wave storm on the East Coast of Korea, according to advices received by the Navy Department. The total number of lives lost is not known, but is believed to be large.

OLD CONFEDERATE VETS ARE ON WAY HOME FROM MEET

THIRTY-THIRD ANNUAL REUNION ONE OF THE GREATEST IN HISTORY.

(By The Associated Press) NEW ORLEANS, April 14.—Trains departing early today, many of them running in several sections, were emptying New Orleans of the great throng of gray clad veterans and visitors who attended the thirty-third annual reunion here of the United Confederate veterans, which came to a close yesterday with the veterans' parade. Many old soldiers declared the reunion, especially the parade, one of the greatest in the history of the organization.

INDICT TWO IN ESCAPE OF MAIL ROBBER

MEN WILL BE TRIED NEXT MONDAY AT ATHENS, GEORGIA

(By The Associated Press) ATHENS, Ga., April 14.—Federal authorities announced late yesterday that they plan to bring Dominick Didato and Abe Silverstein from New York immediately and place them on trial in the United States court here Monday, April 23rd, on the charge of having aided Gerald Chapman, the million dollar mail robber, to escape from the Athens hospital, April 4. Authorities said these were the only ones indicted by the federal grand jury here in connection with the escape.

The indictments were returned on Thursday and the two men were arrested in New York late yesterday. They were traced from Athens to New York the night Chapman disappeared from the hospital.

Chapman is believed by authorities they said, to be still in or near Athens and that his capture will be effected soon.

Chapman was wounded in being recaptured after getting away from the Atlanta federal penitentiary where he was serving a sentence of twenty-five years for engineering a million-dollar mail robbery in New York. He was under treatment in Athens when he escaped from the hospital.

NEW YORK, April 14.—Dominick Didato and Abe Silverstein were arrested by agents of the department of justice late yesterday on charges of having aided Gerald Chapman, million-dollar mail robber, to escape from the hospital at Athens, Ga., on April 4th.

31 TRUE BILLS ARE FOUND AGAINST KLAN MEMBERS OF MOOREHOUSE IS REPORT

POLICE DISCOVER PLOTS TO WRECK LIFE, PROPERTY

FORMER MINISTER OF HOME AFFAIRS CAPTURED NEAR CLONMEL

(By The Associated Press) LONDON, April 14.—Documents revealing plots involving the destruction of life and property in London are reported to have come into the possession of Scotland Yard as a result of last night's raid on the residences or resorts of Irish men and women suspected of being Republican supporters. Among the plans said to have been revealed were plots to attack London's lighting power sources, efforts to release Irish prisoners from London prisons and projected attempts on lives of high police officials.

DUBLIN, April 14.—Irish free state troops this morning captured Austin Stack, former Republican minister of home affairs, according to an Exchange telegraph report. Stack was hiding in a ditch in the mountains near Clonmel, in the district where Liam Lynch was captured recently, the advices state.

House of David Begins Action to Justify its Existence

(By The Associated Press) DETROIT, April 14.—Grand jury investigation into conditions at the Israelite House of David colony at Benton Harbor, are to be instituted by the state it was announced here, to begin probably April 23.

LANSING, Mich., April 14.—The Israelite House of David yesterday launched three attacks in as many cities of the state against the forces seeking to drive it out of Michigan.

The religious sect, aroused to militancy, struck blows in federal and state courts and through its legal representatives at Benton Harbor, exhorting those who have been leading the fight against it. In circuit court here the colony asked that the state's quo warranto proceedings filed recently to compel the cult to show cause why it should not be forced to discontinue operations in Michigan be dismissed.

At Grand Rapids the colony in United States District Court, a motion asking that the suit brought against the colony by John Hansell and heard recently be re-opened.

The colony set up the claim that additional sensational testimony favorable to the defendant had been uncovered.

At Benton Harbor H. T. Dewhirst member of the colony and the cult's chief counsel in a formal statement asked if the public "believes we are rubes, just born yesterday." The statement was prompted by efforts of certain state legislators to bring about appointment of a receivership for the House of David.

The colony asked that the state's quo warranto proceedings be quashed on the grounds: That Ingham circuit court is without jurisdiction; that such an action does not embrace the subject of individual morality of members of stockholders of a corporation, and that no overt acts of immorality are set forth in the state's bill.

April 21 was set as the date for hearing arguments on the motion.

Wants Information About Sugar Deals

(By The Associated Press) NEW YORK, April 14.—All members of the New York Coffee and Sugar Exchange have received a form letter from the United States attorney's office, asking for record of all their customers and their firm's transactions in raw and refined sugar from January 1 to April 1.

STATE WILL FILE ACCUSATIONS AT BASTROP

To Many Prominent Residents of the Louisiana Parish

(By The Associated Press) NEW ORLEANS, April 14.—Thirty-one bills of information charging more than a dozen citizens of Morehouse parish with various crimes as a result of the activities of masked bands in the parish last year were drawn today by Attorney-General A. V. Coco and delivered to District Attorney David I. Garrett to be filed at Bastrop, according to the New Orleans Picayune.

Persons named in the bills, the newspaper declares, included Capt. J. K. Skipworth, exalted cyclops of the Morehouse parish Ku Klux Klan, his son Oliver, Dr. B. M. McKoin, former mayor of Mer Rouge, E. N. "Newt" Gray and T. Jeff Burnett, former Morehouse deputy sheriff.

Burnett, Oliver, Skipworth and Gray were named by witnesses at the open hearing in Bastrop in January as having been recognized as members of the band which on August 21 kidnaped Watt Daniel and T. F. Richard, who were not heard of again until December 22, when two bodies which rose to the surface of Lake LaFayette were identified as theirs. Captain Skipworth was declared by one witness to have been seen conversing with a masked man later on the highway on which the abductors and their prisoners disappeared.

The bills will charge conspiracy to commit murder, kidnaping, assault with deadly weapons on the public highway, assault with intent to commit murder and damaging or destroying telephone lines.

Tam O'Shanter Band Will Render Concert Next Tuesday Night

The famous Ladies' Band of this city, familiarly known as the Tam O'Shanter Band, will render the regular bi-monthly concert in Central Park Tuesday night at 8 o'clock. This is the regular night for the Municipal Band but Bandmaster Ball having conquered other worlds during the past two months with his ladies band wants to bring them home for one night and let the home people see how good they are since being heard in concert here right after they were organized.

Aside from the regular concert there will be some pleasing specialties arranged especially for the occasion. Dainty and sprightly little Eva Grace Wagner will give some of her dances on a specially arranged platform and the Navy Twins will appear in special pieces and there will be one of the best programs heard here in many days. The ladies' band and the Municipal band will give a joint concert here later in the season that will be a knockout and will bring the people for many miles around to hear it. Tuesday's night's concert will be one of the best of the season and the following program will be rendered:

March—Tam O'Shanter.....E. R. Ball  
Overture—The Conquest.....Von Tilser  
Grecian Dance by Eva Grace Wagner, accompanied by Mrs. Wagner.  
Song and Dance Schottische—Dance of the Imps .....Wiegand  
Instrumental Duet .....Selected  
Johnny and Bernard Schirard  
Serenade—Evening Twilight.....K. King  
Barytone Solo .....Selected  
Miss Helen Witte, Band Accompt.  
Vocal Solo—Miss Eva Grace Wagner in her latest Song Hits of 1923, accompanied by Mrs. Wagner.  
Patrol Comique—The Hen Roost  
Goddigit Ladies

Faith will not die while seed catalogs are printed.—Philadelphia Evening Public Ledger.

## SOCIAL CALENDAR

Friday—Mother's Club meets at the home of Mrs. W. Morton Thigpen on Magnolia Avenue at 3:30 p. m.  
Friday—Miss Esther Miller will entertain the members of the Bon Ton Bridge Club at 2:00 p. m.

Saturday—Mrs. W. J. Thigpen will entertain honoring Little Miss Katherine Thigpen whose birthday anniversary it is.

Saturday—Mrs. S. E. Barrett will entertain the members of the Duplicate Bridge Club.

Saturday—Recital at the Studio of Mrs. Fannie S. Munson on Myrtle Avenue at 3:30 p. m.

Monday—Mrs. E. M. Galloway will entertain at bridge at 3 o'clock.

Tuesday—Duplicate bridge at Parish House at 3:00 p. m. under auspices of Woman's Guild.

Mrs. A. M. De Forrest left Wednesday for Washington, D. C., where she will attend the National Congress of the D. A. R.

Miss Virginia Stelle, Librarian of the Tampa Free Municipal Library, was in the city yesterday calling at the home of Mrs. Arthur D. Key.

Mr. L. J. Breen of Atlanta, Ga., representing the Library Bureau of New York City paid several calls in this city yesterday.

Rev. Fr. Blach, Rector of Zion Church, Douglaston, L. I., N. Y., who has been a visitor in this city for a few days, left yesterday for his home.

R. T. Thrasher left yesterday for Tampa where he will spend a few days with his sister, Mrs. F. S. Daiger at her home in Hyde Park.

Miss Ruba Williams spent the day yesterday at Daytona Beach as the guest of Miss Fern Ward.

Mrs. Harry Parworth left yesterday for her home in New York after spending some time here with her father, M. F. Robinson. She was accompanied as far as Jacksonville by Mr. Robinson.

Mrs. Deltrich, Mrs. E. J. Taylor, and Mrs. Lonnie McMullen were a congenial party motoring to Orlando yesterday, where they spent the day very pleasantly, combining business and pleasure.

Mrs. Arthur D. Key, Mrs. W. D. Holden and Mr. Peck attended today the State Library Association meeting in DeLand. Others from Sanford were unable to go.

Mrs. Margaret Barnes and Mrs. T. A. Neal of Orlando were among the out of town guests attending the bridge party given yesterday by Mrs. Ernest McCowan Galloway.

Mr. and Mrs. Carl Oltrogger of Jacksonville and Mr. and Mrs. Homer Franklin of Indianapolis, Ind., spent several days here the first part of the week as the guests of Mrs. Oltrogger's sister, Mrs. S. E. Barrett, en route to St. Petersburg.

Mrs. E. P. Morse, Mrs. Fred Daiger, Mrs. L. N. Hansell and Mrs. Stemper motored to Orlando yesterday where they represented the local Parent-Teachers' Association at the State Convention which was held at the Angebilt hotel.

Mr. and Mrs. Francis C. McMahon have been spending a couple of days in DeLand assisting Mrs. Kenefick, musical director of Stetson University to put on a musical drama, being presented tonight by the Stetson students.

## DINNER PARTY.

Mrs. F. D. Melbride entertained with a turkey dinner in honor of her husband's birthday anniversary, April 12th.

Covers were laid for eight. The table and dining room were attractively decorated with pink candles and vases of pink carnations with asparagus fern.

Marking the places were cards and carnation favors carrying out the color motif.

During the last course a beautiful white cake, topped with pink candles, was presented the guest of honor.

## LOVELY BRIDGE PARTY.

Exquisite in every detail was the bridge party given yesterday afternoon by Mrs. Ernest McCowan Galloway at her lovely country home, there being fifteen tables of players.

The lower floor of this spacious home were opened en suite and converted into a veritable bower with quantities of spring flowers. In the living room fragrant pink Radiance

roses and larkspur were artistically used, while in the sun parlor a profusion of snap dragons and poppies were effectively used. The south porch was bright with baskets and vases of Amarillias.

The tallies were fascinating designs, and the hours passed all too quickly in the interesting game of bridge played and when scores were counted the prizes for high score, silk lingerie, was awarded Mrs. S. Yountz. Second prize, a cut glass cheese dish, went to Mrs. J. G. Sharon. The consolation, a Guest Room bouquet, was won by Mrs. A. F. McAllister. The ones holding high scores at each table were presented dainty pencils topped with roses.

At the conclusion of the card game, the hostess, assisted by Mrs. R. A. Newman, Mrs. W. E. Watson, Mrs. S. Paleston, Mrs. Raymond Key and Mrs. Deane Turner, served a delicious salad course and coffee. While refreshments were being served Mrs. W. H. Colclough sang a delightful group of songs, accompanied by Mrs. R. R. Deas.

The afternoon was one of special enjoyment for the guests and the cordial hospitality of the hostess was reflected in every detail.

Among the out-of-town guests were Miss Minnie Decker, Mrs. W. S. Taylor, Mrs. J. D. Jordan, Mrs. W. A. Allen, Mrs. S. W. Johnson, Mrs. A. H. Woodall, Mrs. Litchfield Colter and Mrs. E. L. Powe of DeLand, and Mrs. Margaret Barnes and Mrs. T. A. Neal of Orlando.

## B. S. A.

The Brotherhood of Saint Andrew baseball team played yesterday afternoon against the "Meade Troop" of Boy Scouts of Oviedo. It was a great game in all ways. The score rolled up 14 to 5 in favor of the B. S. A.

After the game, the Brotherhood chapter entertained their Oviedo visitors to a supper in the Parish House, thirty-five strong. Then bowling and other games were played until our visitors left for their home. The B. S. A. is to play their return game in Oviedo next Thursday afternoon.

On Saturday, the Junior B. S. A. plays the Lake Monroe team, and on Saturday week, the Senior B. S. A. plays the Senior DeLand team.

## MISSIONARY SOCIETY.

A business meeting of the Woman's Missionary Society of the Methodist church, was held Wednesday night, after prayer meeting and reports from conference committees were heard, and details concerning the con-

ference worked out, so everything is in good shape.

The chairman of entertainment made a good report and has surely done excellent work. But has to solicit homes for 24 yet. Now, Methodist, if you are so situated you cannot have delegates in your home put at least one to a hotel or boarding house; if you cannot do that much get some one to go halves and place one. Everyone can help a little and enjoy the conference that much more for having a part in this our Lord's work in your church.

## PARENT-TEACHERS ASSOCIATION CONVENTION.

The third annual convention of the Florida Parent-Teachers association closed at the Angebilt hotel last evening after a day's busy session. A business meeting took place during the morning, the time being devoted exclusively to reports from various committees and from several associations in the state organization. Mrs. F. E. Godfrey of Orlando, president, presided.

Tampa ways chosen as the next meeting place of the state convention. No election of officers took place, the present officers serving for two years.

Among the business of importance transacted during the day was the endorsement of the Towner-Sterling bill, which was recently endorsed also by the National Association of Parent Teachers organizations. The bill which is now before congress, asks for the appointment of a secretary of education in the president's cabinet, also federal aid in stimulating an interest in the total abolishment of illiteracy in all states and other educational measures.

Four very interesting addresses were delivered during the afternoon. Mrs. F. B. Godfrey spoke of the starting and financing of a School Lunch Room" which has been done in all local schools and proving to be of a great benefit to the young students; Mrs. M. L. A. Alstetter spoke of "The Work of the Opportunity Room" a class devoted to pupils of low mentality or those unable to keep up with their studies with others of mental deficiency; Mrs. F. N. Watkins had a very interesting talk on "What is the Matter With the Parent-Teachers Association?" and Dr. Ingham of Winter Park spoke splendidly on "What the Parent-Teachers' Association Can Do for Florida Schools as seen by a Newcomer."

Last evening Dr. O. L. Woodley of Mohaw, Fla., delivered an address in which he told of concrete things the association can do for the schools of the state. He made many very valuable suggestions, helpful to both parents and teachers, and all those interested in the education of America's boys and girls. His address was followed by informal discussions.

There has been a splendid attendance from many cities in the state, delegates attending from Tampa, Tavares, Bartow, Lakeland, DeLand, Daytona, West Palm Beach and many other points.—Orlando Sentinel.

Foreign Advertising Representative: THE AMERICAN PRESS ASSOCIATION

The Sanford Herald is committed to a ticket of Ford for President and Haines for Vice-President. Let us forget, Mr. Haines is a resident of Florida and a former New York Congressman.—Tampa Tribune.

HAINES FOR VICE-PRESIDENT.

"The reputation of Mr. Haines stands not alone upon what his devotion to principle and fidelity to associations have made for him, but it is based upon the corner stone of the impression that he has created in a granary which neither time nor space can destroy, that is the hearts of his associates in the 53rd Congress."—Congressman W. H. Crane, Texas.

The merchants of several neighboring towns are beginning the summer Thursday half-holidays this week. Some of the Mount Dora business men talked of it but decided it would be better to wait a few weeks. At this season there is more real touring in Florida than during the actual winter months, and impressions are made on every visitor. Driving into a town in the mid-week and finding the stores closed is inconvenient to them and the impression is not a good one. While the half holidays are pleasant, and the relaxation they afford is desirable, especially during the summer months, summer is not here yet, and it seems to the 'Topic' poor business policy to close the business houses for the holiday just at the time when a special effort should be made to attract those who are going through as transients and give them special accommodation, rather than inconvenience them.—Mount Dora Topic.

HAVE YOUR FUN, BOYS, HAVE YOUR FUN.

"There's only one way to stop a tremendous development in Florida," said Judge Kenesaw Mountain Landis, Wednesday morning at the Madison Hotel. "How is that?" asked the reporter. "Stretch a line of militiamen across the northern border of the state with orders to shoot everybody who comes in," was the reply. "Why," continued the supreme arbitrator of baseball, "you Florida people cannot realize what you have never seen because many of you have never seen the north. You don't know how utterly desirable your state is. Florida is going ahead by gigantic strides. I don't see any other possibility. My short stay here has been utterly delightful."—Jacksonville Journal.

—And Landis hasn't seen Miami.—Metropolis.

—And Landis hasn't seen Orlando, either.—Morning Sentinel.

All right fellows, have your fun, but if Landis had seen the Clermont hill and lake section, his line of militiamen would be fuller of holes than the Hindenburg line was November 11, 1919.—Clermont Press.

Yes, hugh yourself to death, boys, but if Landis ever sees Sanford he will quit baseball altogether and settle down to a life of luxury and ease while his dollars invested in Sanford property grow into five dollar gold pieces.

ATTRACTING CAPITAL.

The Tribune is pleased to note the action of the Manatee River Kiwanis Club in asking the Legislature to submit a constitutional amendment prohibiting the levying of inheritance or income taxes by this state.

The Tribune has spoken at length on this important subject, but it is well to keep it continuously before the eyes of the Legislature.

Capital is Florida's greatest need. Capital, applied to the development of natural resources, has made Florida what it is today. This has been largely outside capital.

Outside capital has built our railroads, our big hotels, our terminals, many of our great business buildings, our street railways and other public utilities, and by the taxes it pays on its realty holdings, has made possible the building of our highways, bridges, public edifices, schools and colleges.

We must continue to invite and attract this outside capital. Without it, our growth will be halted and our future hazardous.

If every dollar of outside capital now being spent or about to be spent in Florida should be held up or withdrawn, the state would be in a pitiable condition.

Every resident of the state would see the difference in very short order. It would be fatal to our progress, disastrous to our prosperity.

Capital is coming to Florida partly because Florida offers exceptional opportunities for good investment and affords natural resources and attractions which appeal to the men who possess it or control the pining of it; and partly, in fact largely, because Florida has not placed upon invested capital the unnecessary and burdensome tax levies which prevail in other states.

Florida has been, of recent years, conservative; it has not espoused or embraced the crazy and calamitous theories of present-day reformers. It has kept such ideas out of its statute books. It must continue to keep them out.

Putting into the Constitution, whence it cannot be easily removed, a provision preventing the Legislature from imposing inheritance and income taxes, will be a wonderful thing for Florida.

There is no telling when a Legislature will go crazy. There is no telling when one already crazy will be elected.

These dread possibilities should be foreseen and safeguards provided. The amendment favored by the Manatee Kiwanis and which has been advocated by the Tribune and by leading, sound-minded citizens, is the safeguard required.

The people of Florida will overwhelmingly adopt such an amendment.

It is up to the Legislature to submit.—Tampa Tribune.

CO-OPERATION IS THE LIFE BLOOD OF THE GROWER.

Co-operation is the life blood of the grower of fruits and vegetables and especially is this true of Florida. We have said it for years and we say it again that without the proper kind of co-operation the growers of this state will never get their just dues. They can scrape along and make a living and some years they will be allowed to make more than a living just to keep them in good spirits but they will never be allowed to get what is coming to them. With the proper kind of co-operation they could demand what is coming to them and get it and the state has not yet arrived at the proper kind of solution that will give the truck growers at least the right kind of co-operative marketing. Sanford knows it and has known it and Sanford knows it better now than it ever knew it before. President Ross of the Citrus Exchange before the meeting of the Bankers' Association at St. Petersburg the other day said:

"The well nigh universal depression and distress of American agriculture which has existed for the last few years was under serious consideration by a gathering at Washington a year ago last January, called by the president of the United States in the hope that a remedy might be found. The conclusion arrived at was that the ills of agriculture were largely due to lack of organization among farmers, especially the lack of any organization for commodity marketing. The remedy suggested, after full consideration, was co-operative commodity marketing; and since that meeting, in less than a year and a half, millions of American producers of foodstuffs have organized for co-operative commodity marketing. I need only call your attention to one nearby result, known to you all, no doubt; and that is the improved condition of the cotton industry under co-operative marketing into which all of the growers have entered.

"A few days ago I had the pleasure of hearing your distinguished president say some very pleasant and complimentary things about Polk county. He was speaking of our roads and

general prosperity. He had the goodness to allude to what he called her vision and foresight in taking the lead in Florida in building a county-wide system of good roads, so that travelers can cross that county in four directions on smooth, hard-surfaced roads, and within the county one may travel from every town to every other town on velvet highways.

"That was all true, but I wish to suggest that the vision, the foresight and the financial ability to do all this had its initiative in co-operative marketing. The people had the habit of co-operative enterprise, with the result that we have twenty-four co-operative associations of citrus growers have even been able to intervene between the growers and the consumers of Polk county fruit with an unnecessary profit, which is always subtracted from the grower's profit and is with equal certainty added to the consumer's cost, without benefit to anybody but the speculator himself.

"I am 100 per cent behind your committee which is seeking to get a 'blue sky law' to get rid of the parasites which infest and prey on our body industrial.

"The 'blue sky law' will not reach the kinsmen of this other class, who with equal damage live upon the lifeblood of the citrus growers. The only remedy is to strengthen co-operative marketing, and the Florida Citrus Exchange. To this righteous end I invite the good will and assistance of the bankers of Florida."

FLORIDA'S FUTURE

That Florida will become one of the greatest "specialty" development states in the country is the opinion of Dr. Albert Shaw, president of the Review of Reviews Publishing Company, who is visiting in Florida this winter.

In commenting on the prediction made lately by Roger Babson, well-known statistician Dr. Shaw said:

"I have known Roger Babson for some years, and know him to be a man of keenest foresight and vision. His judgments are most expert and I would not hesitate to back anything he might say along such lines. As a reliable source of information, he is known the country over, and his views are worthy of most sound consideration.

"Personally, I see wonderful prospects for the entire state. Florida will become one of the greatest 'specialty' development states in the country. Her natural resources and her great development strides in recent years point infallibly toward this.

"Our country at present is developing along natural lines. There is no longer the great flood of immigrants amounting to almost one million before the war. We are advancing in a natural way. On account of our great strides in checking disease, especially in the case of children, our death rate is lower, and we have a tremendous natural increase in population. We no longer populate the west with immigrants, the west is now made.

"The present task is to make-over the east. The cities and towns are establishing along permanent lines, and next in attention comes the rural districts, which must develop through special lines.

"In this Florida has a tremendous advantage. Citrus, truck, gardening, horticultural and agricultural products, the soil and the climate all go to make this an ideal produce raising section. And now that the 'tick' is soon to be under control, Florida should leap to the foreground as a cattle raising section. Conditions today are entirely in favor of Florida as a 'specialty' development state, even more so than any other locality. The tremendous increase in population in the East in late years and the corresponding increase for marketing the products of this state all point to great activity in this part of the country.

Other things are the attraction of Florida to outside capital. People are no longer afraid to invest here as was the case years ago, when everything was undeveloped and insecure. Today every inducement is offered the investor.

"Concerning Mr. Babson's statement that Florida will surpass all southern states in development if the proper impetus is given to business, it is easily seen. Cotton, tobacco and the agricultural products of the northern states have a great many more difficulties to combat than the products of Florida. Up north there is no chance of standardizing products as in the case down here. The citrus exchange is one of the greatest boons to this section, and its unmatched climate. If the apple growers of New York state had an exchange worked out along the same lines, the increase in business would be prodigious.

"Taking it all in all however, I do not think you can beat the combination of soil and climate which Florida boasts. It is certainly a handicap to the other producers."

For quick results try a want ad.

IMMEDIATE OUTLOOK BEST IN YEARS SAYS BABSON

WELLESLEY HILLS, Mass., April 14.—Roger W. Babson is very optimistic on the immediate outlook. Since returning from his inspection trip, he has been going through the mass of reports and figures which accumulated on his desk during his absence. These statistics are even more encouraging than he had anticipated.

"American business has certainly waked up!" according to the statistician. "The Babson chart showed nearly 4,000,000 men out of employment a year ago. Today it shows practically no unemployment. Where the blast furnaces were then being banked—new furnaces are now being started and premiums are being paid for prompt steel deliveries. The copper industry is showing activity for the first time for several years and many of the miners have been given a wage increase of 50 cents a day. Building is still booming and the 1923 figures will exceed any previous year, notwithstanding the big volume of 1922.

"The most remarkable change in sentiment I find right at home here in New England. A year ago the mills were cutting wages and great numbers of workers were out on a strike. Today the mills are working overtime and the largest concerns are advancing wages. Of course, this is an unhealthy sign for the long pull because it is due only to the artificial barrier on immigration. On the other hand, increased wages are a great temporary stimulus to trade. The purchasing power of many cities is simply the total of these cities' payrolls. Increasing wages in New England's mills of 12 1/2%, increases the purchasing power of the communities to almost a corresponding amount. This means that these manufacturing centers will—during 1923—be the best places to send salesmen, because most wage workers spend all they get. Moreover, such salesmen should be sent to those cities at once, because the present boom cannot be long lived. It is not based on a firm foundation. Many of these men now getting an increase in their wages will be out of work before 1924 is ended.

"While coming north last week from my winter home at Mountain Lake in the beautiful ridge lake section of Florida, I saw cotton being planted in Georgia. It is evident that the South is very happy with the present price of cotton and that a larger acreage will be planted in 1923. Corn planting has started in the Southwest. Winter wheat, doubtless, was killed to some extent last month in Illinois, Indiana, Missouri and Kentucky; but these fields will soon be replanted; for even the farmer is feeling better than he has felt for some years in spite of the fact that he is not yet out of the woods. His great difficulty was that the price of what he had to sell went down so much more than the price of what he had to buy.

What the farmer wants is higher produce prices or lower merchandise prices. Now to have merchandise prices go up still higher in 1923, as everything indicates will be the case, the farmers must get higher prices for their 1923 crops or else there surely will be another collapse in 1924. We cannot get good business by disregarding either the multiplication table or the ten commandments.

"The Ruhr invasion is also helping spring business over here in America. For the first time in history—except during the great world war—we are shipping coke to France and Germany. Japan, which had ordered great amounts of steel from Ruhr mills, is now turning to the United States. Europe, which last year had turned again to production, is now busy playing politics and watching the exhibition of a war pageant staged in the Ruhr valley. While Europe is indulging in this luxury, she must eat and live. Hence, France and Germany are again buying goods in America, as the export figures to be issued shortly by the Department of Commerce, will clearly show. How long this situation will last, no one can tell; but it is helping us here in the United States.

"Spring business is also being increased by the belief that congress will not be in session again until December and then for only a short session. Whatever the motives of our politicians may be, the fact remains that they are a great drag on the prosperity of America. Under our present system of government the only reason we have any prosperity is because of our tremendous natural resources. Our forests, mines, fertile fields, and other great gifts of God enables us to afford to indulge in factional legislation and political log-rolling as a pastime. Hence, when we cease this selfish game for nine months, business almost always piles up. Certainly this is one of the chief causes for optimism today.

"I am very hopeful for immediate

business," concluded Mr. Babson, "as the robins come back and the trees leaf out business will be good, and all of us prosperous. I only add—let us be sure not to abuse this prosperity, or the Babson chart, which now stands at 4% above normal, will quickly drop back."

FROM OTHER SANCTUMS

WILL ALL THE PEOPLE JOIN IN CHOOSING A PRESIDENT.

If newspaper publicity were the only requisite for the nomination and election of the next president of the United States, Henry Ford would be paged right now. Thousands of papers and magazines throughout the country are busily engaged in discussing the Ford possibilities, some expressing strong, non-partisan approval and others condemning the agitation as a bit of foolishness. A study of the two classes reveals that the papers either favoring Henry Ford or leaning in that direction, represent an important element of the thinking portion of our nation. It is to be expected that the hide-bound political sheet and those newspapers owned and controlled by Wall Street either directly or indirectly, are putting up a howl while in a few instances there are substantial publications that doubt the wisdom of breaking away from the old, established custom of recognition of party lines as being of paramount importance.

In any event, and viewed from any angle, the suggested candidacy of Henry Ford is proving the most intensely interesting political incident since the days of Theodore Roosevelt. Commenting on the situation, the Eustis Lake Region says:

"Henry Ford says he has spent fifty years building up a job which suits him, and if the people of the United States attempt to draft him into running for the presidency they will have to draft pretty hard. Fawceny, as the Englishman would say, the people of this country drafting a man to run for president. And yet such a spectacle is not impossible—not even impossible. If there ever was a time when the country needs and demands a man at the head of the affairs of this government combining honesty, executive ability and business acumen, that time is the present. And it is possible that after the expiration of the current presidential term the need for such a man will be greater than ever. The people of the country are taking more interest, not in politics, but in government, than ever before. Time was when 95 per cent of the voters cast their ballots just as they were directed by the politicians. Some of them knew they were being dictated to by party bosses, while a great many did not. But times have changed. The average man is doing more thinking for himself than ever before. They read more than formerly and make a study of the signs of the times. The terms Democrat and Republican do not mean as much to them as they once did. The party yoke is beginning to gall their necks and the party lash is becoming a thing to be resented and despised. The fact that about 85 cents out of every dollar paid in taxes to this government goes for wars, past and future, is awakening them to a realization of what the world is eventually coming to if a halt is not called. The people are looking for a Moses, and when they believe they have found him the call to leadership will come in such stentorian blasts that it cannot be disregarded."—Lakeland Star-Telegram.

THE SWEETNESS OF REVENGE

The people's place is always that of forgetting and forgiving. Through all time this has been true. Tyrants, masters, demagogues, and teachers have imposed on the people, taught ridiculous notions, carried the will of the masses for a day or two. Then they have passed and the people have forgiven them for their folly and foolish words. Afterwards the people have forgotten them.

The people continually are being imposed on. The credulity of the people is amazing. The people will believe anything. They are like young mockingbirds, will open their mouths and swallow without objection anything that is put in them. Then ask for more! Now there are some things that the people of Florida are swallowing that will make them ridiculous. The supposed leaders are cramming these

AN INDEX

TO CHARACTER

There could be no better index to character than a savings pass-book.

This will serve you well at all times and under all circumstances.

THE PEOPLES BANK of Sanford is ready and anxious to help you to help yourself. An interest-bearing account is your best recommendation.

PEOPLES BANK OF SANFORD

Sanford, Florida

things down the gullible throat of the public. And the people of Florida are asking for more.

The first is that the state will never be divided. We do not say that it ought not to be divided. Sometimes we think that it should. But it never will be. In the first place, north Florida will have sufficient representation in the legislature to stop the measure. It doesn't take much of a vote to block it. But if it should happen that the matter got as far as congress, a few votes in the senate will doom the proposition. It doesn't take much of a vote there, either, and the Republicans will never consent to the division of Florida because it will mean two more votes in the senate. If Florida should become a Republican state like California, then the Democrat would block division for the same reason.

Florida will remain one state for all time. The people will do well to forget this palaver and forgive the foolish leaders who have taught such hopeless doctrines.

Another gullible morsel that has been thrown out to the people and which has been gobbled up without thought is that the Republicans are the enemies of the state; keep them out! Never was there a more foolish doctrine. Now the News is Democratic. Has always been. It was rocked in a Democratic cradle, paddled with a Democratic paddle by vigorous Democratic hands. If the Republicans were to steal all the Democratic principles, the News would still be Democratic because the News knows that the Republicans would warp and distort those principles sooner or later so that the Democrats would not know them.

All the same, while the News will never be Republican, it is plain enough that the state would be better off if there were a lively Republican organization in Florida. A live one, we say. We do not care to have the Republicans strong enough to swamp the Democrats, but we would like to see them strong enough to put up a good scrap at every election. Scrap enough to compel the Democrats to put out their best men in every election and work like blazes to get their men into office. This would be a salutary thing for the whole state. The national government would take more interest in Florida, which ever party happened to be in power. The whole country would watch with interest every political happening here. As it is, the national government pays no attention to this state because it knows that it will remain Democratic. The country knows 10 years in advance that Florida will have a Democratic governor and Democratic senators. What's the use?

We repeat, we would like to see the Republicans put up good men at every election. And then get gloriously swamped!—DeLand News.

McKinnon-Markwood Company will open their new clothing store soon in the Brumley-Puleston building. 12-14c

DR. TUPPER LEAVES FOR PHILADELPHIA NEXT WEEK

Dr. Kerr Boyce Tupper, who has been spending some time at Altamonte Springs, expects to leave for his home in Philadelphia next week. The world is indebted to the state of Georgia for a large number of great preachers. Dr. Tupper is one of them. Born in Georgia, and receiving his early education in that state, he was for fifteen years pastor of one of the large churches in Philadelphia. For the past several years he has spent the winters in Florida; the Baptists of Sanford are fortunate in having him supply their pulpit while Dr. King is absent. He will preach at the Baptist church next Sunday morning and evening.

The Daily Herald, 10c per week.

FORD ANNOUNCES WEEKLY PURCHASE PLAN FOR BUYERS

The announcement made by the Ford Motor Company of a "weekly purchase plan," designed to aid purchasers of Ford motor cars and trucks, comprises one of the most sensational and interesting moves ever made by an automobile manufacturer. It is another step in Henry Ford's plan to "build a car for the multitude."

Briefly explained, it is a system whereby a small saving effected each week and laid aside in a savings bank will, in the course of a comparatively short while, enable the individual to purchase outright a Ford car. Patterned after the Christmas Savings clubs in vogue all over the country, it has advantages which make it all the more desirable where a motor car is the objective.

The idea of the Ford weekly purchase plan originated with a high official of the Ford Motor Company. During the Atlanta automobile show this official visited Atlanta and explained the idea to several prominent bankers at a luncheon. So enthusiastic was the reception given that the idea was concretized into fact and the campaign is being launched all over the country simultaneously.

Over \$190,000,000 was saved in the United States last year through the Christmas savings clubs. Statistics show that there are over 20,000,000 people in the country with earning capacities ranging between \$1,000 and \$2,000 who do not own automobiles. It is a safe assertion that of that number a large majority would become motor car owners if a purchase plan could be arranged so that the purchase price would not be so heavily felt. Automobile manufacturers and dealers have long sensed the evil of buying automobiles on credit and have sought avenues of escape from this dangerous side of the business. The Ford weekly purchase plan is an admirable solution of the problem from the standpoint of every one concerned.

It is also promoting a sense of possibility, in that it teaches the individual the possibility of saving—a factor which is generally recognized to be the basis of wealth generally. Under this plan the individual draws interest on the money deposited, which means that the automobile costs less to the purchaser. Amounts as low as \$5 will be accepted as the initial payment in starting an account.

Production is being increased in the great Ford works in Detroit with a corresponding increase in every factory branch and assembly plant over the country. The immense resources behind the Ford Motor Company have enabled them to work wonders in the matters of manufacturing. All this combined with the exploitation of a new idea—simple in its conception and admirable in its operation—means another field of activity opened for the motor car.

The Ford dealers in Sanford and throughout the country, are enthusiastic over the idea. This holds a wonderful opportunity for the individual, and the reception which will be accorded by the public is virtually guaranteed. It is indeed a four-square proposition.

Five Persons Drowned Off Delaware Capes

(By The Associated Press) LEWES, Del., April 14.—Three persons were drowned and two died of exposure as the result of the foundering of the tug Jupiter and two coal barges in a gale off the Delaware capes early today. One of the drowned was the wife of the captain of the barge Boward.

For quick results try a want ad.

MEXICO'S POTENTIAL WEALTH

Country's Resources, Known to Be Great, Are to Be Subject of Thorough Investigation.

In the state of Coahuila, Mexico, a wild plant is found growing, the leaves of which have long been used in boilers of engines to prevent the foaming of the water. Some years ago the manufacture of a boiler-compound of these leaves was carried on successfully, but the turbulent times caused the industry to be abandoned. It has been proposed that Mexico, instead of shipping its hides to the United States to be tanned and manufactured into leather, shall utilize the hides of its cattle and other animals at home. At present the leather industry is mostly carried on by crude processes of tanning and manufacturing, notwithstanding the fact that there exists in the country an inexhaustible supply of wild vegetation from which tannic acid for the manufacture of leather may be obtained at low cost.

It is to obtain some definite idea of the resources of Mexico in the matter of wild plants and shrubs and the products of forest trees, that the government now has under consideration plans for a careful and thorough survey of these native products of the soil. In connection with this investigation a laboratory will be instituted where chemical analysis of specimens of plant life may be made with the view of discovering whether or not they may be made of commercial value.

MAKE WAR ON 'BABY TALK'

Cincinnati School Authorities Have Issued Special Appeal to Women's Clubs of the City.

An appeal has been made by the school authorities of Cincinnati to the mothers of that city to enlist in a war against 'baby talk,' and its effects on their children, and a special speaker has been appointed to carry this cause to the mothers' clubs. While much of the talk with which fond mothers beguile their babies may sound very foolish to others, it seems to sound good to the baby, and while the claim that it makes stutters and causes other defects of speech will bear comparison with much other talk heard by children.

While good speech is important, the matter is of more importance than the manner—in fact, good matter naturally tends to good matter in speech. It is at least quite as important that parents, fathers as well as mothers, are careful to select the right subject matter for talk before and to their children as that baby talk be eliminated. Try, as they may, the teachers are likely to have a hard time anyway to convince many mothers that baby talk is not the proper language in which to address the baby; both as to subject matter and method of speech.—Pittsburgh Dispatch.

ARMIES OF WOMEN WARRIORS

Amazons, According to Ancient Writers, Were Fierce Fighters—Some Records of Their Deeds.

According to ancient writers, the Amazons were a nation of female warriors, who allowed no men to live among them, but marched to battle under command of their queen. They held occasional intercourse with the men of neighboring states. If boys were born to them, they either sent them to their fathers or killed them. But the girls were brought up for war, and their breasts were burned off that they might not be prevented from bending the bow. From this custom they received the name of Amazons, which is 'breastless.'

The Asiatic Amazons are said to have at one time subdued the whole of Asia, and to have built Smyrna, the city recently captured and burned by the Turks, and other cities.

Other nations of Amazons mentioned by the ancients were the Scythian Amazons, who in aftertimes married among the neighboring Scythians, and the African Amazons, who subdued the Gorgons and Atlantis, marched through Egypt and Arabia, and founded their capital on the Lake Tritonis, but were annihilated by Hercules.

What is Earth Like Inside? Old ideas in regard to the high heat on the unknown inside of the earth may have to be revised, if the inconclusive evidence adduced by temperature tests in 107 deep wells in the United States by Dr. C. E. Van Orstrand, physical geologist of the United States Geological Survey, should be confirmed by later investigations. According to this expert, the steady increase in temperature, so great that a miner could not live at a depth of one mile, appears to be less rapid a little beyond that depth. Combined with the fact that mathematicians have not yet found the law of distribution of temperature from the surface to the center of the earth, this makes uncertain the estimation of some scientists that the heat at the center is as high as 180,000 degrees Fahrenheit. Observations at a depth of about 7,500 feet have been taken, but Dr. Van Orstrand has not been able to carry his investigations further.—Science Service.

Population on Farms. The total farm population, which in the last census for the first time was enumerated separately from the rural population as a whole and therefore has no comparative figure in the preceding census, amounts to 61 per cent of the rural population, which includes residents of incorporated cities and villages having fewer than 2,500 inhabitants, unincorporated hamlets, mining regions, and other areas not devoted to agriculture. Thus, while the rural population constitutes nearly one-half of the country's total, only about three-tenths of its inhabitants are living on farms.

Early Irish Monastery. The site of one of the earliest Christian monasteries in Ireland has been found at Mahee Island, Strangford Lough, near Belfast. The ruins have been identified as those of Nendrum monastery, mentioned in Muirchú's 'Life of St. Patrick,' written before 900 A. D.

Extensive excavations have been carried out and valuable material, including some stones with writing, the exact meaning of which has not yet been ascertained, have been unearthed. Some of the writings are believed to be of Danish origin.

Simplicity. Mrs. Casey was calling upon Mrs. Callahan, and soon the talk turned to the daughter of the latter, who had but recently returned from school in another town. 'There's a plain girl for ye,' said Mrs. Callahan, 'absolutely no airs, in spite of the fact that she has been at a finishing school. Nothing stuck up about Mary. She's unassuming to everybody and never keeps a girl waiting. No, Mrs. Casey, she just runs down, don't de plume as she is!'—Exchange.

LEAGUE OF NATIONS FAILS TO FUNCTION, SAYS SENATOR BORAH

BALTIMORE, April 13.—Senator Borah of Idaho, replying here tonight to the recent League of Nations speeches of Lord Robert Cecil, declared his conviction that no peace league can 'function for peace' until war has been outlawed as an institution.

The present League, said the irreconcilable leader, not only had failed to make war a crime, but had been dominated by governments which had convinced the American people they do not 'want peace upon any terms compatible with equality and justice.' He added that the proper field for dissemination of the gospel of peace was the old world and not the new.

'It may seem harsh,' said Senator Borah, who spoke at a banquet of the American Paper and Pulp Association, 'to say that the governments of Europe do not want peace upon terms compatible with equality and justice between the nations. The record is there and anyone can read it. It is easily read, for it is written in blood. Let us recur to recent history—pass by the more distant past—and speak only of events since the war.

'Against the persistent efforts of the American representatives, the Versailles treaty was made an instrument of war—of dismemberment, misery and war. Upon three different occasions the two leading nations of the world financed an invasion of Russia in violation of every precept of peace and in the face of solemn pledges in favor of the people of territorial integrity. Greece was united to war and Turkey was nursed into power—arms and money were furnished by outside governments with no other apparent object in view than that of material gain and dominance.

'When two courses were open relative to reparation, one of arbitration and adjustment, either through the League or of a special conference of friendly powers, the other course, that of force and war, was chosen in disregard of all consequences to peace and in defiance of the dictates of humanity. And tonight, the awful orgy of hate, of destruction and crime proceeds on its bloody way, and not a foreign office in all Christendom is willing to record even a moral protest.'

Daily Fashion Hint

SMART AND DISTINCTIVE FROCKS

The new cotton fabrics feature a material called crepe Cleopatra, which means that the figures are in Egyptian designs and colorings. It may be used for a model similar to the one featured at the left. The skirt, built with two tiers, is attached to a long-waisted underbody, and the slip-on blouse has kimono sleeves lengthened with deep sections of plain crepe. In medium size the dress requires 3 yards 36-inch figured and 3/4 yard 36-inch plain material.

The next model is of the slip-on type. It may be developed in plain voile or any of the cotton crepes with flowers or funny little Chinese characters that make them so fascinating. The skirt is stitched with three bands to simulate tucks, each band, like the sleeves, being outlined with braid. Medium size requires 3 yards 36-inch material. First Model: Fictorial Review Dress No. 1464. Sizes, 34 to 44 inches bust. Price 35 cents. Second Model: Dress No. 1471. Sizes, 34 to 46 inches bust. Price, 35 cents.

Think of the coming flood or foreign noblemen to marry the widows enjoying bootlegacies.—Wall Street Journal.

Vastly Different. A member of an athletic club, after swimming the length of the large tank in the basement of the institution, came out puffing and blowing, apparently exhausted.

'You don't manage your breathing right,' said the swimming instructor, 'it ought not to tire you so. As for the upper part of your body, including your arms, you use exactly the same muscles, and in very much the same way, in swimming as in sawing wood.' 'No, sir,' gasped the swimmer. 'When it comes to sawing wood, I use the muscles of some other man.'—Exchange.

EARLY HISTORY OF DETROIT

Interesting Now to Read of Forts Erected for Protection of Citizens Against Indians.

For nearly twenty years following the American occupation of Detroit in 1760 the Indians of the Saginaw valley harassed the citizens by threatening attacks upon the town, and by stealing their cattle from the public common through which Washington boulevard was afterward surveyed. Fort Shelby, which then centered about the present site of the post office, did not intimidate the Indians from invasions of the common, so a circular earthwork fort was constructed just east of where High and Park boulevard now converge for additional protection. The work was performed by soldiers from the fort during the year 1806-7.

When finished this fort inclosed a circular space of half an acre. The walls were two feet high, with an inside parapet half way up. It was surrounded by a broad ditch about six feet deep, which the swampy ground kept filled with water. For several years a small detail of soldiers went out from Fort Shelby to this post to stand guard against cattle thieves, but nothing ever happened, so the inhabitants called it Fort Nonsense. Years later Rev. George Duffield, D. D., bought the land and built his residence on the Woodward avenue front. Streets were laid out on each side of this lot. That on the south side was named George street and that on the North, Duffield street. The old fort was razed and graded level. For some reason George street was renamed High street.—Detroit News.

SNOW HOUSE NEEDS CARE

Constant Changes Necessary in Roof to Keep Interior Heat as It Should Be.

The Eskimo makes constant changes in the thickness of the roof of his snow house, or igloo, to keep its interior heat uniform.

Vilhjalmur Stefansson, the Arctic explorer, tells about a snow hut built at 50 degrees below zero. Each block of snow used in its construction was necessarily of the same temperature and contained what might be wrongly termed a great deal of 'latent cold.' To neutralize this cold it was necessary to keep the inside of the hut for a considerable time at a temperature of 90 degrees Fahrenheit.

Snow is so nearly a non-conductor of heat that, once the 'latent cold' had been neutralized, the heat of human bodies alone kept the temperature well above the freezing point, even when a hole in the roof was open for ventilation. Sometimes when the heat rose too high the roof would begin to melt. Then the roof had to be shaved on the outside anywhere from two to four inches thinner so that the cold from the outside would penetrate the snow blocks.

Used Up. A naval officer in Washington who has had much experience in the Arctic exploring line was once giving an account of his stay amid ice fields.

'We certainly would have traveled much farther,' he explained, 'had not our dogs given out at a critical moment.'

'But,' exclaimed a woman who had been listening very intently, 'I thought that the Eskimo dogs were perfectly tireless creatures.'

The officer's face wore a whitely gloomy expression as he replied: 'I speak in a culinary sense, madam.'—Philadelphia Ledger.

Vastly Different. A member of an athletic club, after swimming the length of the large tank in the basement of the institution, came out puffing and blowing, apparently exhausted.

'You don't manage your breathing right,' said the swimming instructor, 'it ought not to tire you so. As for the upper part of your body, including your arms, you use exactly the same muscles, and in very much the same way, in swimming as in sawing wood.' 'No, sir,' gasped the swimmer. 'When it comes to sawing wood, I use the muscles of some other man.'—Exchange.

Buffaloes Multiply Fast. According to a recent census buffaloes at the Federal game park at Wainwright, Alberta, have increased in such numbers that the government officials state that the vast tract of land set aside for their use is insufficient to accommodate them. An order has gone forth that a number of the older animals are to be slaughtered and carcasses are to be sold to northern trading companies to be converted into pemmican, which is considered a great delicacy in the vicinity of the Arctic. The Dominion government will retain the hides.

Counter for Golfers. An instrument designed to keep an accurate account of the strokes made between holes, and worn like a wrist watch, is a novel appliance for the golf enthusiast, and is described with illustration in the Popular Mechanics Magazine. On the dial of the instrument is a small pointer which is moved after each stroke.

Fair Enough. 'I'm surprised to see such an eminent lawyer defending a bootlegger.' 'Turn about is fair play.' 'Eh?' 'He was the bootlegger's client. Now the bootlegger is his client.'—Birmingham Age-Herald.

House, Mobley's Drug Store and Daily Herald on sale at Joe's Smoke

SANFORD HIGH SCHOOL NOTES

HIGH SCHOOL NOTES

An interesting visitor to our chapel exercises on Thursday morning was Mr. Beatty, of the Presbyterian church, who is carrying on mission work among the Cubans in Tampa. His splendid talk made us realize the great necessity for the school boys and girls of America to 'wake up' to the fact that we must study with all our might and gain all that we possibly can from our education, for Mr. Beatty pointed out to us that if the rising generation of school children does not do this, we cannot expect America to hold her same position in the world.

The entertainment on Thursday night for the benefit of our High School orchestra, was a great success and the auditorium was packed. The orchestra, making its first appearance opened the program with two numbers and played again at intervals during the evening. We are justly proud of our fine orchestra, and greatly appreciate the help of the Sanford people in making it a success. A detailed writeup of the play appeared in Friday's Daily Herald.

Sanford High was represented at the Florida High School track meet this year by Jim Stone and Gale McAlexander, and the usual good standing of our school was kept up, Gale winning second place in the discus-throwing contest.

Proofs are coming in rapidly for 'Salmagundi' and orders are being taken. The price is still one dollar and will remain at that until May 6th. Meade Baker is the circulation manager and Alice Runyan is his assistant.

Mr. Cooper and his agriculture boys are still busy with their farming. Mr. Cooper intends to be here all during the summer to help the boys and farmers in practical work during that time. He will make it a point then to visit all the farms of the community.

OCALA DEFEATS TARS, 5-1

OCALA, April 14.—The Ocala ball club won the opening game of the season here Thursday afternoon, taking the Rollins College nine into camp to the tune of 5 to 1.

Pels Sell Shaner to Cleveland Americans

NEW ORLEANS, April 14.—Outfielder B. Shaner was sold to the Cleveland American League team on Thursday by the New Orleans club. Shaner came to the Pelicans from the Danville (Va.) club of the Piedmont League where he hit .34 last season.

Richards and Voshell Win in Tennis Doubles

PINE HURST, N. C. April 14.—Vincent Richards and S. Howard Voshell won their way through the semifinals in the men's doubles in Thursday's play of the North and South tennis championship tournament. They will meet Raymond Bidwell and Josiah Wheelwright in the finals Friday.

Richards and Miss Cerres Baker won the semi-final round in the mixed doubles.

After a hard fight, Miss Helen Gillean and Miss Marion Chapman won the semi-final round in the women's doubles from Mrs. De Forrest Candee and Miss Lillian Scharman.

Sisler Operation May Be Postponed

ST. LOUIS, April 14.—Whether George Sisler will undergo an operation for sinus affection today is contingent on the condition of his tonsils, it was announced yesterday.

The star ball player is suffering a slight attack of tonsillitis, and this may necessitate postponement of the operation until early next week. The operation is said to be a necessary part of the attempt to correct a defect in Sisler's vision. Regardless of the success of the operation, Sisler will not be able to play ball before June first at the earliest, it was stated.

FIGURE IT OUT for yourself—if you spend money as fast as you earn, you have NOTHING left! If you save a little out of each week's wages it keeps adding up steadily. Isn't a Bank Account at Our Savings Department and 4% Interest the logical thing for you? We cordially invite your account. First National Bank A COMMUNITY BUILDER F. P. FOSTER, President R. F. WHITNER, Cashier

The Christian Science Society OF SANFORD, FLORIDA Invites You and Your Friends to a Free Lecture on Christian Science By Mr. Paul Stark Seeley, C. S. B. of Portland, Oregon Sunday, April 15th, 1923, 3 p. m. Princess Theatre

Oakland 6 advertisement with image of the car and text: '15,000 Miles! Oakland's special steel alloy (non-burning) valves function perfectly for at least 15,000 miles without grinding! Average valves need grinding every 5,000 miles! 15,000 Miles! For 15 months, Oakland's engine has carried a written 15,000 mile guarantee against excess oil in the combustion chamber—proof of superior construction! 40,000 Miles! Oakland's costly, patented, bronze-backed crankshaft bearings, accurately fitted, require no attention short of 40,000 miles. Connecting rod bearings give similar service. The Inside Reason for Oakland's Success—Known Mileage After all, the success of a car depends upon the success of its engine. If ever a manufacturer set about deliberately to build the finest light-six engine that could be built—Oakland did it! It built an engine so good that it can give you a definite gauge for estimating the minimum number of miles the essential parts will deliver—free from trouble or expense! Come in and see for yourself that Oakland gives more for the dollar. KENT VULC. WORKS Oak Avenue and Third Street SANFORD, FLORIDA \$995

#### FOR THE MOVIE FAN

Marion Davies again tonight.  
She is some class in "When Knights-wood Was in Flower."  
This picture more than pleased a large audience last night, and from the advance dope, there will be one crowded house tonight.  
Seeing the picture tonight free will be all the ministers of Sanford. All the ministers are invited and will be the guests of the house.  
Watch for next week's program and don't forget that Jackie Coogan will be here Monday and Tuesday in "Oliver Twist."

And the rest of the week's program will be just as good. Don't miss any of it.  
Has Important Mission.  
Maj. Leon Fraser of New York, is going on an European tour in behalf of the veterans' bureau, to make a survey of foreign beneficiaries of the government's war-compensations law. He is also to complete arrangements with European nations for reciprocal treatment by the allied governments of disabled veterans.

#### KING GETS TWO BEST OUT OF THREE OVER ROSS—COLLIE BIGGERS AND LONDOS A DRAW

The wrestling bout between the two champions, Ross and King, was all that was predicted for it and this bout kept the ardent fans on their toes from start to finish. Long before the time for the preliminaries the fans began to gather around the ring at the Park Avenue Garage, all with the expectations of seeing something good, and needless to state, they got their money's worth.  
Collie Biggers and Young Londos fought to a draw in the preliminaries and many of the spectators felt that they had received their money's worth in this one exhibition alone.  
The big event of the evening went to King. He threw Ross for the first fall with the aid of his head scissors, while Ross came back and threw him on the second go round, using the Japanese spin. King got the third fall and the match.  
This affair was put on with the idea, in addition to giving Sanford something good in the way of athletics, to make some money for the American Legion, but the boys in charge were forced to pay a city license, and with the other expenses, the management went in the hole, despite the good attendance.

#### BULL DOGS PILE 20 RUNS AND WIN OVER DAYTONA

DAYTONA, April 14.—It was either on account of it being Friday, the 13th, or just too much Bulldog, but whatever it was, Daytona found themselves snowed under a 20 to 5 score here yesterday. The score by innings and batteries were as follows:  
Daytona 200 020 010—5 11 7  
Orlando 420 034 052—20 22 2  
For Daytona: Cusack, Kohn, Farrington, Blood and Munn. For Orlando, Wolf and Francis.

LAKELAND, April 14.—Rain ended the game here yesterday between Lakeland and St. Pete, with the locals on the long end for a 5 to 1 score:  
St. Pete 100 10—1 3 4  
Lakeland 200 3x—5 7 1  
For Lakeland: Craig and Smith; Bradenton, Ollinger and Murphy.

#### FARMERS LOST TO BROTHERHOOD

Another bowling contest in the Sanford League that was very much of an abbreviated nature, only two men bowling for each team, went to the Brotherhood by the close majority of six pins. It is expected that next week will find more interest in the league and each team with a full attendance. The standing now is:  
Won Lost Pct.  
Merchants 1 0 1.000  
Congregational 1 0 1.000  
Brotherhood 1 0 1.000  
Men's Club .000  
Farmers .000

#### ORLANDO HIGH EASY FOR CELERY FEDS, WIN 11 TO 6

Friday, the 13th, has no menace to Sanford High School, for on that date last fall the football team defeated Deland 12 to 6; and yesterday they hopped on the offerings of one Elliott in the th and 4th innings and defeated Orlando 11 to 6. Though the prospects of winning were rather gloomy the first few innings, the old Sanford fighting spirit brought in runs with a few counters to spare.  
To begin with, Mutt Moyer began to give free passes to first (three in number), a hit and an error did the rest of the damage; and three runs crossed the pan for Orlando.  
Peck, of Sanford, was first up and hit a hot liner to left field, where it bounced off of Thompson's hand. Peck reached third. He came in on a grounder to second.  
Orlando scored two in the second on two hits and an error and one in the fourth on a double by Joe Tinker, jr., a wild heave by M. Moyer and an interfered ball (picked up by a spectator).  
Elliott blew up in the fourth, Sanford getting two hits and two free passes, Elliott contributing a wild heave and two errors by Orlando brought Sanford within striking distance of Orlando. It was in this inning that Vic McLaughlin hit a liner that went for three bases.  
Both teams settled down after the fourth and until the last half of the eighth with one down, Orlando blew up completely and Sanford crossed the plate six times before the inning was over.  
Mutt Moyer is due credit for his ability to keep cool at all times and to work himself out of a hole. His team-mates played consistent ball behind him and out-classed Orlando in every way. J. Tinker was Orlando's best man and he played a great game.

The box score follows:  
Sanford

Matthew Woll, Herbert Hoover, Owen D. Young  
The time to guard against the recurrence of a business depression like that which threw 4,000,000 Americans out of work in 1921 is during just such periods of business expansion as the country now experiences, according to the report of the committee on Unemployment and Business Cycles appointed by Herbert Hoover, Secretary of Commerce, in his capacity as Chairman of the President's Conference on Unemployment.  
After four months of exhaustive study, the committee, headed by Owen D. Young, president of the General Electric Company, has reported to Secretary Hoover that unless the individual business man informs himself constantly as to the true state of supply and demand in his particular commodity line he inevitably will be led to over-buying again at high prices, and that means a dangerous and costly slump, draining the dollars earned in "good times."  
General measures recommended to aid the business man in safeguarding himself from inflation include control of credit expansion by banks and the Federal Reserve system, control of private construction during peaks of building, avoidance of competition with private business during boom times by control of governmental construction, and perhaps the institution of unemployment reserve funds.  
The committee's report asks for comment by business men on the findings it has made public. It way to a safer future for the pocket-book of every citizen of the United States.

1917... Effective Use of Panels

To have or not to have a panel is a question with but one answer during a season when the smartest frocks are featuring these details. A handsome model like the above may be carried out in brown, black or dark blue satin crepe. The buckle at the front of the narrow belt is a brilliant affair and may be made of metal, flowers or ribbon. Medium size requires 4 1/2 yards 40-inch material.

Pictorial Review Dress No. 1417. Sizes, 34 to 52 inches bust. Price, 35 cents.

Sealed proposals will be received by the City Commission of Sanford, Florida, at their office in the City Hall, at or before 3 p. m. April 23, 1923, for grading, draining and paving the following streets, to-wit:

Second Street from Oak to French, 3635 sq. yards.

Third Street from Sanford to Magnolia and from Oak to Avocado, 10,371 sq. yards.

Avocado Avenue from First Street to Third Street, 1268 sq. yards.

Fifth Street from Magnolia to Myrtle, 2229 sq. yds.

Ninth Street from Cypress to Park, 2732 sq. yds.

Thirteenth Street from Sanford to French, 6679 sq. yds.

Central Street from Sanford to French, 6367 sq. yds.

Palmetto Avenue from Central to Hughey, 1493 sq. yds.

Palmetto Avenue from Commercial St. to Lake Monroe, 1935 sq. yds.

Oak Avenue from Tenth St. to Thirteenth St., 3454 sq. yds.

Laurel Avenue from Sixth St. to Thirteenth St., 4460 sq. yds.

Bids will be received on the following types of pavement: Sheet Asphalt, Asphalt Concrete, Asphalt Block and Vitriified Brick.

Proposal to be presented in a sealed envelope, endorsed on the outside "Bid for Paving," Sanford, Florida, and the name of the bidder or bidders.

Each proposal must be accompanied by a certified check, made payable at sight, to the order of the City Auditor & Clerk, of Sanford, Florida, for 3 per cent of the amount of their bid.

The successful bidder or bidders will be required to give a bond equal to 50 per cent of his or their bid, and such bond to be executed by a surety company licensed to do business in the State of Florida, said bond to be approved by the City Commission.

Copies of the plans and specifications may be seen at the office of the City Manager, or at the office of Fred T. Williams, Engineer. Specifications may be obtained at either office on deposit of \$10.00 which will be returned if a bid is made.

The City Commissioners reserve the right to reject any, or all bids, or to accept any bid they deem to be for the best interest of the city.

W. B. WILLIAMS, City Manager.

IN THE CIRCUIT COURT, SEVENTH JUDICIAL CIRCUIT IN AND FOR THE COUNTY OF SEMINOLE, FLORIDA, IN CHANCERY.

ALBIRIE PHOTODUPLICATION WORKS, A Corporation, Complainant, vs. L. W. WALLACE and ESTELLA WALLACE, his wife, JOHN PETERSEN, and W. W. WALLACE of Charlotte, N. C., Defendants.

NOTICE TO NON-RESIDENTS: You are hereby notified and ordered to appear before the Circuit Court of the County of Seminole, Florida, on the 15th day of May, 1923, before the Hon. J. D. Robinson, Judge of said Court, to answer to the bill of complaint filed herein against yourself and others, wherein the following described property is to be sold, to-wit:

Lot 100 (53) and 101 (53) Block "D" of Brown's subdivision of Block Hammock, according to plat thereof duly recorded in the Public Records of Seminole County, Florida, in Book of Plats 1 at page 32.

And fail not, as said bill will be taken on confessed and you are to be followed by a Final Decree.

It is further ordered that this Notice be published in the Sanford Herald once each week for four consecutive weeks.

WITNESS My hand and the seal of said court this 23rd day of March, A. D. 1923.

J. A. DOUGLASS, Clerk Circuit Court, Seminole County, Florida.

George G. Harting, Solicitor for Complainant.

NOTICE OF INTENTION TO APPLY FOR LETTERS PATENT

Notice is hereby given, that the undersigned inventor, with advice of the Governor of the State of Florida, on the 23rd day of April, A. D. 1923, for Letters Patent, incorporating the FRANKS FLOUDA AND GEORGIA FOOD CONSERVATION COMPANY, INC., under the following proposed Charter:

ROBT. CAMPBELL, M. V. BOYER, F. C. JOHNSON, MILTON PLEDGER.

ARTICLES OF INCORPORATION

The name of this Corporation shall be the FRANKS FLOUDA AND GEORGIA FOOD CONSERVATION COMPANY, INC., and its home office and principal place of business shall be at Ft. Alta, in the County of Seminole, State of Florida, with the right to establish branch offices at any other place or places that may be for the best interests of the Corporation.

ARTICLE II. The general nature of the business to be transacted by said Corporation, shall be:

To carry on the business of Importers, Exporters, Manufacturers, Merchants, Packers, Canners, Bottlers and Wholesale and Retail Dealers and Traders in all kinds of food, produce and any or all edible or drinkable or sanitary food products in all their varied forms, and in any or all part of the world, in pursuance and in fulfillment of the privileges of the Corporation. It shall be lawful to purchase, construct or acquire, in any lawful manner and to hold, own, mortgage, pledge, sell, lease, transfer, or in any manner dispose of and to deal and trade in real estate, goods, wares and every class and description and in any part of the world. To acquire and to sell, rights and property and to undertake the whole or any part of the assets or liabilities of any person, firm, partnership or corporation to buy for association in cash, the stock of this Company, bonds or otherwise, to hold or in any manner dispose of the whole or any part of any business so acquired, and to exercise all the powers necessary or convenient in and about the conduct and management of such business. To guarantee, purchase, hold, sell, assign, transfer, mortgage, pledge or otherwise dispose of the shares of the capital stock of or any bonds, securities or evidences of indebtedness created by any other State, Country, Nation or Government, and while owner of said stock may exercise all the rights, powers and privileges of ownership, including the rights to vote thereon, to the same extent as natural persons might or could do. To conduct business in any of the States, Territories, Colonies or Dependencies of the United States of America, in the District of Columbia and in any and all foreign Countries; to have one or more offices therein and therein to hold, purchase, mortgage and convey real and personal property without limit as to amount, and therein to hold the meetings with stockholders, stockholders and Directors of this Corporation. To do any or all of the things herein set forth to the same extent as natural persons might or could do, and in any part of the world, as principals, agents, contractors, trustees or otherwise, and to employ such persons and to employ them in general, to carry on any other business in connection therewith not forbidden by the laws of the State of Florida and the State of Georgia, and with all the powers conferred upon corporations by the laws of the State of Florida.

ARTICLE III. The amount of the Capital stock of this Corporation shall be Two Hundred Fifty Thousand (\$250,000.00) Dollars, to be divided into Ten Thousand (10,000) shares of the par value of Twenty-five (\$25.00) Dollars each, with the privilege of increasing the capital stock to One Million (\$1,000,000.00) Dollars, upon resolution of the Board of Directors. That the capital stock in said corporation shall be paid for in cash, in full, or by notes or in a just valuation to be agreed upon by the Board of Directors, of said Corporation, at a meeting called for that purpose.

ARTICLE IV. The term for which this Corporation shall exist shall be perpetual.

ARTICLE V. The business of said Corporation shall be conducted by the following officers: A President, a First Vice-President, a Second Vice-President, a Secretary, a Treasurer, and such other officers as may be determined by the Board of Directors, and such other officers shall be created from time to time by the Board of Directors, and a Board of Directors, consisting of not less than five (5), nor more than (9) members. That until the first stockholders' meeting, the following named persons shall be the officers and Directors of said Corporation: Robert Campbell, President; M. V. Boyer, 1st Vice-President; Lucile Johnson, 2nd Vice-President; Milton Pledger, Secretary; J. D. Robinson, Treasurer; and Robert Campbell, Virginia Hudson, P. C. Johnson, N. M. Bowen, A. J. Branton, Milton Pledger.

ARTICLE VI. The annual meeting of the stockholders of said Corporation for the purpose of electing officers and such other business as shall properly come before them, shall be held on the 1st day of February, of each and every year, but that there may be special stockholders' meetings called from time to time, as deemed advisable by the majority of the stockholders.

ARTICLE VII. The highest amount of indebtedness that this Corporation shall at any one time contract or incur, shall not exceed a sum equal to its total authorized capital stock.

ARTICLE VIII. The names and residences of the subscribers to the capital stock, together with the amount subscribed by them respectively, are as follows: Robt. Campbell, 200; M. V. Boyer, 100; Lucile Johnson, 100; P. C. Johnson, 100; Virginia Hudson, 100; J. D. Robinson, 100; A. J. Branton, 100; N. M. Bowen, 100; Milton Pledger, 100.

STATE OF FLORIDA, COUNTY OF SEMINOLE. Before me, the undersigned authority, on this day personally came Robt. Campbell, M. V. Boyer, P. C. Johnson, Virginia Hudson, Lucile Johnson, J. D. Robinson, A. J. Branton, N. M. Bowen, and Milton Pledger, and they acknowledged before me that they executed the above and foregoing instrument for the uses and purposes therein expressed. WITNESS My hand and official seal of office, on this 13th day of April, A. D. 1923.

ELIAS F. DAVIS, Notary Public, State at Large. My commission expires May 17, 1923.

CHURCHES

CHRISTIAN SCIENCE SERVICE SUNDAY, APRIL 15, 1923

Subject: "ARE SIN, DISEASE, AND DEATH REAL?"

Church Service 10:45 a. m. Services will be held in the Palm Room of the Valdez Hotel.

FREE LECTURE ON CHRISTIAN SCIENCE

Mr. Paul Stark Seelye, C. S. B. of Portland, Oregon SUNDAY, 3:00 P. M. at Princess Theatre. All are WELCOME.

THE SCRAP IRON CLASS

The Scrap Iron class had a fine meeting last Sunday with sixty-three present, including some new members. President Forest Lake, who had returned from Tallahassee for a few days, was present and made a good talk. He said he had been asked many questions about the class while in Tallahassee and they plan to organize a class there. The local class is proud that its fame has spread so far and that Scrap Iron classes may be organized elsewhere. Let's have another big crowd tomorrow morning at the Princess Theatre, 9:50 a. m. Be on time!

HOLY CROSS CHURCH

Church services for the 2nd Sunday after Easter, will be:

7:30 a. m.—Low celebration, 9:45 a. m.—Sunday School, 11:00 a. m.—Mattins and Sermon, 8:00 p. m.—Vespers.

The Rector will be at Christ Church, Longwood for the Vesper service at 8 p. m.

Special music at the Parish church. On Sunday the extra soloist will be Miss Edith L. Hubbard, of New York City.

FIRST BAPTIST CHURCH

Sunday school at 9:30 a. m. Preaching at 11:00 a. m. and 8:00 p. m. by Dr. Kerr Boyce Tupper. Morning subject, "The Most Beautiful Portrait of Jesus."

Evening subject: "The Supreme Test of Christianity."

Special music has been arranged for both services. The senior, intermediate and junior B. Y. P. U.'s meet at 7:00 p. m.

A cordial welcome awaits you at all of these services.

PRESBYTERIAN CHURCH

The Sunday congregations are growing rather than falling off as the winter declines. The last two Sundays have brought some of the best congregations of the winter.

The services tomorrow will be as follows:

9:45 a. m.—Sunday School, 11 a. m.—Preaching, 2 p. m.—Junior C. E., 3 p. m.—Intermediate C. E., 7 p. m.—Senior C. E., 8 p. m.—Preaching service.

The Session of the church will meet after both morning and evening services to receive members. We will welcome visitors and strangers to all these services.

FIRST METHODIST CHURCH

W. J. Carpenter, Pastor. The pastor will preach at both services on Sunday.

The subject of the morning sermon will be "The Value of Testimony, or the Power of a Witnessing Church."

At night the subject will be "The Most Talked of Subject in the World."

We shall have the organization of a Young Peoples' Department in our Sunday school on Sunday morning. A splendid superintendent has been appointed for this work. We want our young men and young ladies to be present to start this department in great style.

The night service will begin at 7:45 instead of 7:30.

CONGREGATIONAL CHURCH

At the morning preaching hour the pastor will continue the general subject of "Building a Life." Last Sunday the specific subject was "The Foundation." Tomorrow it will be "Adding Virtue." The term virtue, has changed its meaning, and in the text does not mean what we commonly understand it to mean now. This sermon will help you on your way to better things.

Our Bible school meets at 9:45 a. m. We shall be pleased to meet every member of the men's class.

At night we will have two large rolls of very beautiful pictures, showing the beautiful "Isle of Mist" and its splendid surroundings. Also, "Beauty Spots at Home."

Mr. Buchans will give a short message between reels. A warm welcome awaits all at this friendly church.

Christian Endeavor meets at 7 p. m. in the Men's Club room in the parsonage. Come!

STOP COUGH FOLLOWING FLU

Stop cough resulting from Flu, Grippe, Whooping Cough, Asthma and Bronchitis with Foley's Honey and Tar.

The Flu left me with a severe cough which was quickly relieved with Foley's Honey and Tar. writes Mrs. K. D. Drake, Childs, Md. A few cents worth of Foley's Honey and Tar will offset serious diseases by checking your coughs and colds, saving you many dollars. Contains no opiates—ingredients printed on wrapper. Insist upon Foley's. Refuse substitutes. Sold everywhere.—Adv.

A. F. FALCK, Manager

ALL SOULS CHURCH

Mass at 10:30 a. m. Sermon and "Benediction."

KERR BOYCE TUPPER AT BAPTIST CHURCH TOMORROW

The Herald has just been advised that Dr. Kerr Boyce Tupper, of Philadelphia, but now wintering in Altamonte Springs, will preach at the Baptist church again tomorrow. Dr. Tupper preached at the Baptist church last Sunday and his two sermons on that occasion were well received by large audiences.

The subjects for his sermons at tomorrow's services have not been given out, but this is not necessary as wherever and whenever Dr. Tupper preaches his audience can be assured of a sermon well worth while. This is the last opportunity Sanford folks will have to hear Dr. Tupper for this season, but it is hoped that he can be induced to come here next winter and give a series of lectures for which he is famous.

The Daily Herald, 15c per week.

Adrenalin "Brings Baby to Life" in New York Hospital

NEW YORK, April 14.—An infant supposedly born dead was "brought to life" by the injection into its heart of several drops of adrenalin Monday, officials of the Brownville and East New York hospital of Brooklyn announced today.

The child, son of Mrs. Rose Servin, according to hospital attaches, apparently was dead at birth. A careful examination, however, indicated a faint heart action and doctors immediately attempted to establish respiration.

Two hours work had been unsuccessful when the physicians decided to resort to adrenalin. The effect was instantaneous, it was said, and a few minutes later a lusty infant was presented to Mrs. Servin, who previously had been told her child was dead.
