FRIDAY, JULY 10, 1942.

BIBLE VERSE FOR TODAY

**IF YOU DO NOT GROW IN
STRENGTH YOU WILL CERTAINLY
DETERIORATE; Add to your
virtue, and to virtuous knowledge,
and to temperance patience,
and to patience godliness; II
Peter 1:5, 6.**

**REMEMBER IN YOUTH AND
YOU WILL NOT FORGET IN
OLD AGE:** Remember now thy
youth in the days of thy youth,
when the evil days come not, nor
the years of the night when thou
shalt say I have no pleasure in
them. Ecclesiastes 12:1.

God Cares For Me
The way I may not
Always see;
But this I know:
God cares for me.
It matters not
What seems to be,
Since this is true:
God cares for me.—Exchange.

Givel
Give, give, give, give!
Give of your substance, freely give
Give to the sick, give to the poor,
Give to the stranger at your door.

Give from the fullness of your
heart,
Give a kind thought, give a fresh
start.
Give to the sorrowful, weary and
worn,
Give a new lift to someone for-
lorn.

Give a good gift of sweet sur-
prise,
Give to bring luster to someone's
life without stint, give of your
best,
Give of your treasure, give with
a zest.

Give to the lonely, give to the
blind,
Give with a generous hand and
kind.
Give to bring respite from daily
trials,
Give to brighten some shut-in
life.

Give of your counsel, give of
your praise,
Give to make this the brightest
time of day,
Give of your peace and good will
to men,
Give and still give, again and
again.

Give of your faith in God our
Creator, make giving your daily
ritual,
Give to the utmost, though thanks
be few,
Christ gave all for you.

Give, which economizes on
expenses by cutting out that
which will wake up after
you're over without any busi-

ness, and be fighting for the
country, the soldiers, the sailors
and the right now it is
not right to fight for him.

Give a new song it is
the soldiers' salvation, elements
homewards after effort. It is "The
Song of Freedom."

I have felt sorry for the
soldiers in tanks under
the sun of the Egyptian
desert, but right now it is
the soldiers who settled upon

the sand dunes, who are fighting for the
country, the soldiers, the sailors
and the right now it is
not right to fight for him.

Give a new song it is
the soldiers' salvation, elements
homewards after effort. It is "The
Song of Freedom."

I have felt sorry for the
soldiers in tanks under
the sun of the Egyptian
desert, but right now it is
the soldiers who settled upon

Ever-Changing War Implements

One thing this war has shown is that dependence upon the absolute effectiveness of accepted types of military equipment is a mistake. The Germans proved the tank to be the supreme offensive weapon on the ground, and most all military authorities accepted this as so, but in North Africa, where the British held tank supremacy, General Rommel introduced a field gun that knocked out tanks with the ease of a skeet shooter breaking clay pigeons.

Before it was proved otherwise, the airplane was believed to be the answer to the submarine and few persons doubted that any Nazi U-boat would ever dare come within range of our extensive air patrol. But the submarines have come and gotten away with more depredations than were ever thought possible. It seems the new German subs can crash dive in a matter of a very few seconds, that they have greater speed, and their construction permits them to descend to levels where depth charges cannot have effect.

Bombing planes were only a short while ago considered to be "duck soup" for fighter planes and the big sky argosies were never supposed to venture out in daylight without a big escort of fighter protection. Our latest bombing planes not only go out in daylight but they even make fast fighter planes keep their distance and blast them out of the sky when they come within range.

The current discovery is that aerial torpedoes and bombs have made the battleship obsolete. We have a hunch that if we persist in this belief too long some of our enemies will bring out a ship that will be immune to attack from the air, and then, after some tragic experience, we will have to revise our concept again of the relative merits of the two fighting arms.

All of this goes to show that there can be no static dependence on any one type of military weapon. The airplane at present seems to be the all-important fighting implement, but remember, the nation that invents an anti-aircraft gun that doesn't miss will have relegated the airplane to the importance of an old infantry musket in the matter of winning wars.

WHAT ABOUT YOUR SOLDIER?

By MRS. ERNEST MOUSHOLDER

Grieg is the master of storms
in music.

Today thunder rolled overhead
in crashing rhythm and we won-
dered if Grieg might not have
composed a special thunder song
for the unseen organist of the
skies.

But the clouds wereullen and
gave us back no answer.

Life is like that. We can question
the clouds, but we have to
live to learn the answers.

Sometimes the storm of per-
sonalities and events does not
leave the din of them
daring fear and worry, one was
persisting, "Why?" "WHY should
this come to me?" "WHY should
I be so blessed?" "WHY this im-
pulse before me?"

We'll never know 'why'.

But as storms pass from the
sky, so they pass from human
affairs.

If we hide in a closet from a
thunder storm, the storm may
have passed before we realize
it is gone. Then we see how
much sunshine we have missed
because we were cowering in
the dark!

So if we cringe and hide from
the storms of living, we may not
be out to greet that "other sun"
when it shines once more seren-
ely on our castle.

It is even so with nations.
The storm looks frightening
just now, but it will pass and
there will be again bright sun-
shine over America. This will
be a bright sunshines over
England, over China, over France,
over Norway, over all the little
nations now so desolated by this
Hitler storm. God bless these
various peoples and you loyal
soldiers who are giving your
lives if need be in the effort
to release that sun.

We are indebted to a little
mother for such nice comments
on the other day. She had
news of two sons with Uncle
Sam and she deserved the news
for this column "because," she
said, "My boys would feel hurt
if they were left out of this
Friday group which included all
of their 'buddies'."

And do you all remember "May
Dickens"? Surely most of us do,
and shall be here soon, too, to
see us all and we shall be hap-
py to see her. Mrs. Dickens is
the aunt of one of our favorite
boys who have joined the Fighting
Forces—Russell R. Wallace
and his brother A. B. Wallace.

"Aunt May,"

Sam, the older brother, went
through High School in Chester,
Pa. and later went into business
there. In Jan., 1940 he volunteered
in the Air Corps, was sent to
Tampa where he was placed in
Headquarters at Drew Field where
he reached the rank of Staff Sergeant.
Plenty good, we may
say! But after Pearl Harbor
Sam did not want to go in
there and take a red wheel on
those days and he wanted to
get out. He was given a chance
in May to be sent to Drew Field,
Texas. He is now in Drew
Field, Texas (remember Germany?)
and last week made his first solo
flight. Dear boy, go to it. You've
got the real spirit! We want your
accurate address, please somebody
by next week.

"A." Wallace, Sam's brother,
tried twice to get into the Air
Corps, but was turned down
both times. He is now in
the Army and is serving in
the Signal Corps.

Sam's wife, Mrs. Sam, who wrote
us, is a widow, but she is
very good.

We have news of two sets of
brothers to lead off with this
week, and will take them in the
order in which they seem to be.
First, we always have a
brother who has been in
the service, and this week
we have a brother who has
been in the service.

Sam, the older brother, is in
the Air Corps, and he is in
the Signal Corps.

Sam, the younger brother, is in
the Army and is serving in
the Signal Corps.

Sam, the younger brother, is in
the Army and is serving in
the Signal Corps.

Sam, the younger brother, is in
the Army and is serving in
the Signal Corps.

Department and sent to Proving
Grounds, Illinois. He has now
finished that course and is back
at Camp Sutton. His address is:
A. P. (41), Wallace, Co., "P" 2nd
Av., 2024 Ordinance Reg., Camp
Sutton, N.C. Incidentally, "Al"
was home for the Fourth. Wasn't
that nice? Complete surprise to
the folks! May all be well for
you, too, little friends!

You soldiers getting your in-
creased pay out there?

Well, remember the "open letter"
we addressed to Washington through
this column? A letter asking for a quick decision.
Well, we got a copy to Sen.
Pepper, LaFollette, Pepper, Andrews,
and Joe Hendricks.

Well, sir, we want to tell you
that the busiest man of all, Sen.
Pepper, took time out to write
us the nice note of ap-
preciation you could read. He
spoke of you boys out there
and your service and said he was
thankful that the issue was not
further prolonged. His letter was
so very kind, we think that we
are instinctively right. "Well, there
is a man who will stand by our
boys no matter what happens!"

Thank you Senator Pepper.
How strange is the mystery of
night! It is not yet three in the
morning, but little creatures are
stirring. In the distance we
hear a cock crowing, but he's
much too early. The night is
very still, but not far away
the piper is piping overhead.
A friend plays, but it sounds to us
that we must all learn to ignore
friendly or enemy planes.
And for some reason, few people
realize the necessity of this
very important service. If you
are asked to help at an observ-
atory, please, if you possibly
can, comply with that request!

Do you all remember "Bob
Wilkinson, the boy?" Both
Bob is with the Navy and now

Bob has volunteered in the Army
Air Corps. Bob graduated here
with the class of '40 as we re-
call. Anyhow, he's another little
kid and we had a little laugh
when we asked John Ivey if he
had any statement to make about
Bob leaving him for the Army.
John was very serious. "Well,"

he said, "You might say that it's
about a boy washing 3500 pieces of china
one day, besides scrubbing, peeling
potatoes, setting the tables
and a few other things! Well,
I don't know—maybe he
dreamed all that. What would
you think if you didn't dream
about a boy washing 3500 pieces of china
one day?"

Bob is with the Navy and now

Social And Personal Activities

MRS. LOURINE BEAL, Society Editor

Telephone 148

Personals

Mrs. C. L. McCross of Jacksonville has returned to her home after visiting with her mother, Mrs. J. C. Aycock.

Dr. and Mrs. E. D. Brownlee have returned from Calhoun, Ga., where they were called by the serious illness of their nephew.

Mrs. Freda Garrick of Orlando is visiting for a few days with her brother-in-law and sister, Mr. and Mrs. W. C. Wilson.

Mrs. B. F. McWhorter left this afternoon for Eatonton, Ga., where she was called because of the death of her brother.

Friends of Mrs. W. C. Wilson will be glad to learn that she is able to be out again after being ill with influenza for the past three weeks.

Mr. and Mrs. Ford Harrison of Lakeland are spending a vacation at the guests of Mr. Harrison's

Take It Or Leave It

We read where the undertaker had started up business in a Scotch community and in order to get the public to furnish the first funeral free of cost, and the next day three Scotchmen committed suicide. Our business is growing because we treat every customer in a manner that they won't have to apologize if they speak a good word for us; we want boosters.

bedded; R. L. Perkins Clothing Store, First Street. (You know—the Jet-set-down store?) Let the kids 'out front' know, Brack, soon as you can. Any of our boys are welcome to any space you want in this column to reach each other at any time. Here's to you, Brack!

Remember the lovely, white-haired lady in the County Judge's office? The lady who has issued so many hunting, fishing, marriage and automobile licenses to you at home and 'out there'? Remember her friendliness, her smile, her genuine interest? She's got it! She's an asset to that office, get it?

Well, she sends a greeting to all you soldiers.

Pirates Smash Phils In Late Inning Rally

PITTSBURGH, July 10. (AP)—The Philadelphia Phils fell apart in the ninth before an Army's 107,000-plus crowd of 29,483 fans last night after a magnificent nine inning pitching duel, and lost to the Pittsburgh Pirates 9-6.

The Pirate deluge came in the eighth after Rube (Rube) Melvin, starting Philadelphia hurler, had been taken out for a pinch hitter. Melvin had performed his task well, the score one a single by Pete Cosentino, leading Vince DiMaggio home from second with the Pirates' first run.

Grapefruit Loop To Operate Next Spring

JACKSONVILLE, July 10.—

Florida's famous "grapefruit league" will swing into operation next Spring. This assurance was given by Frank W. Shell, chairman of the sports committee of the Florida State Chamber of Commerce and special representative of Governor Hobart and the State Hotel Commission at the mid-summer major leagues meeting in New York.

But then, that lady whom we all love is just simply built of "soldier material". We know, we know 'from way back', for you see, boys, that white-haired lady is our very own Mother!

And we had had any news of ours missing Seminole boys and we had to answer, "No, Mother." But, Everybody, let's not forget them. Let us hold them close! Did you write your boy today or send him a package? Good-night.

Germans Pursue Soviets On Broad Front In South Russia

Battle Of Don Takes Grave Turn As Invaders Make Deepest Penetration

(By Associated Press) Russia's battle of the Don valley took a grave new turn today as Egypt and China reported Allied successes. The Germans pointed a threatening spearhead toward the industrial center of Stalingrad in the deepest Nazi penetration of Soviet soil, driving 170 miles in a week to the vicinity of Boguchar, throwing tanks and planes by the hundreds and men by the thousands into the two-way thrust.

The Germans are reported to have driven the Soviets on a head first in the south and claimed 30,000 Reds have been captured since Saturday, southeast of Rostov. Berlin indicated strong Russian resistance is being encountered north and north of Voronezh.

Only in the Voronezh sector at the upper end of the 200-mile Don front were the Russians giving ground slowly. But the Russians admitted that the Germans in their great 100-mile offensive were hammering at the gates of that city, too, which is a key point on the Moscow-Rostov highway.

The Kantemirovka-Losichansk breakthrough definitely threatened to split the central and southern Red armies and appeared to be the prelude to fighting for the rich Caucasus oil region.

The Red Army was reported fighting a savage delaying action and taking an enormous toll of Germans and their machine guns.

But the mounting critical fact here was that the Germans fast were putting into effect the most concentrated drive that

the Germans or Stalingrad's satellite, Volga River link,

the Caucasus with Central

Huge two-ton bombs are shown being readied for U. S. bombers at an American air base. These missiles, similar to those used recently by the R.A.F. on Germany with devastating results, have been turned out in mass production for months by the U. S. Ordnance Department. They will soon find their way to Axis targets.

Final Report On Rubber Drive Reveals It Was Huge Success

Drive To Gather Scrap Metal In Seminole Starts

Issuing a final report on the scrap rubber collection drive, S. D. Highleyman, committee chairman, reported today the Seminole County campaign was a huge success. This figure is about 11,200 pounds per capita and the county is nearly four times the county quota of 2,600,000 pounds.

"We want to thank sincerely every person and organization who aided in the collection of the vital scrap that is needed to help lick the Japs and Germans," Mr. Highleyman said. "A lot of hard work was expended in the drive and the co-operation was splendid."

Kessler and Hill, 501, Sanford, Avenue, have been selected to sell for all scrap metal that the public can or will donate. "Citizens are asked to sell their scrap to help win the war rather than to make money," Mr. Dawson stated. "The scrap iron collection campaign will be continued throughout the usual market channels and a ceiling metal price has been fixed so dealers get only a fair price for their services in getting this metal on its way to where it will help most."

"Check your premises carefully, get back to us a dozen bombs might be made from your useless metal. Sell everything not needed and keep the steel mills humming," he added. Telephone number 9142 may be called and the metal will be picked up, he said.

12,500,000 Are Said Engaged In Direct War Work

WASHINGTON, July 13. (AP)—Chairman Paul V. McNutt of the War Manpower Commission reported today that 12,500,000 persons are now actively engaged in direct war work, and expected 5,000,000 more would be needed in the next six months.

"General labor shortages are apparent in many war industry centers," he said, adding that increased employment of women and other persons not now in the labor force will be necessary to meet the demands for war work during the next year and a half."

Total employment in the United States now is over 50,000,000, surpassing the boom days of early 1929. Nevertheless, the last report of the War Projects Administration estimated that 2,000,000 persons still were unemployed, the greater part of them not possessing skills needed in the war production lines.

Conversely, recently appropriated over \$600,000,000 to give vocational training to 1,000,000 persons during the next 18 months.

Planned Corporation Taxes Said Too Stiff

WASHINGTON, July 13. (AP)—A majority of the House Ways and Means Committee asserted today that proposed corporation taxes in the new \$4,250,000,000 revenue bill were so severe, one committee man "a groanful burden" and a back-breaking bur-

den." Senator (D-Va.) made the statement in his opposition to the measure before the Senate.

Senate Chairman (D-N.C.) and (D-Ga.) and (D-Tenn.) finally agreed to accept the bill after the House committee from which it originated recommended a compromise.
