Harold E. Stassen proposed today a joint discussion of American foreign policy with General MacArthur by means of a radio hookup.

Republican convention candidates pledged to Stassen and MacArthur are entered in the Wisconsin delegate election Apr. 6.

Stassen currently is making a personal campaign in the state in behalf of his delegates.

Stassen suggested that arrangements be made for MacArthur to speak over a direct wire from Tokyo with the former Wisconsin governor speaking from a radio station at Madison, Wis.

Stassen made his request in a telegram to Philip F. LaFollette, former Wisconsin governor who is a MacArthur candidate for delegate-at-large.

General MacArthur says he decided to announce his availability for public office after threats of pressure against him by the American Communist Party.

Green beans are in good demand at the Market at \$2.50 to \$2.75 a hamper. Peppers are bringing \$2.25 to \$2.50.

The Market area yesterday was crowded with big trucks from all parts of the eastern seaboard north to Virginia, Alabama and Tennessee.

Cancer Talk Series Given By Pilot Club

A series of talks on Cancer Education entitled "Hope for Tomorrow," sponsored by the Pilot Club of Sanford of which Mrs. J. S. Field is president, and also county commander of the Seminole County Division of the American Cancer Society, are being given by various members of the Pilot Club.

Facts about the trend of the disease of cancer, the death rate which is second only to all types of heart disease, are being given in radio broadcasts scheduled through the courtesy of Station WTRR. The first program was presented by Mrs. Field last night. Others taking part include: Wednesday, Mar. 24, Mrs. Anne MacNeill.

Thursday, Mar. 25, Mrs. M. C. Stone and Mrs. E. H. Jones.

Friday, Mar. 26, Mrs. Field, Mr. and Mrs. W. E. Holleyhead.

Monday, Mar. 29, Mrs. B. E. Chapman.

Wednesday, Mar. 31, Mrs. R. C. Maxwell.

Thursday, Apr. 1, Mrs. Felice West.

development. It has been sweeping up on the state for more than a year.

The water shortage began with subnormal rainfall a year ago. It became critical this year when a dry January and February heralded the most severe winter drought in 70 years.

appear to be losing their fight to prevent chaos in Palestine. Many observers said the situation deteriorated even in the past 24 hours.

Three principal cities—Jerusalem, Haifa and Tel Aviv—are virtually battlegrounds.

Sheik Hसन Bey Salameh, the man assigned by the Arabs to conquer all-Jewish Tel Aviv, has declared he is ready to do it as soon as the British leave. He has headquarters in all-Arab Jaffa, neighboring Tel Aviv.

be overridden with votes to spare. In the House debate, Rep. Doughton (D-N.C.) expressed hope a veto, if there is one, will be overridden.

Doughton was for many years (when Democrats controlled Congress) head of the tax-writing Ways and Means Committee. The present bill was written by his successor in that job, Rep. Knutson (R-Minn.).

The Senate vote on the bill last Monday was 78 to 11. But some Democrats in both House and Senate who voted for the bill might switch and vote to uphold a veto.

The House originally voted last February for a \$6,600,000,000 tax cut. The Senate trimmed that down. One purpose was to try to win enough votes to seat a veto.

As finally sent to the White House, the bill cuts taxes 12.6 per cent for those with the smallest incomes on which taxes must be paid. The cut ranges down to 5 per cent on the biggest incomes.

Under the bill all tax withholdings from wages and salaries would be reduced on May 1. But the tax cut would be figured from Jan. 1. Taxpayers would get refunds next year on over-payments between Jan. 1 and May 1.

Other main things the bill would do:

- 1. Increase individual exemptions from \$500 to \$600.
2. Apply to all states the community property principle where husbands and wives may split the family income for tax reporting purposes, getting lower rates.
3. Provide special exemptions for elderly persons and for the blind.

The House vote came after a debate marked by arguments from some Democrats that America's stop-Communism program will require expenditure of new billions to build up military strength, and a tax cut may throw the Treasury again into red ink.

Pilot Club

## Military Men Ask Draft Of Men 19 To 25

### Forrestal Seeks Increase of 349,500 Officers And Men For Armed Forces

WASHINGTON, Mar. 25 (AP)—The nation's top military leaders asked Congress today for an immediate expansion of the Armed Services and the drafting of men 19 to 25 years of age.

Secretary of Defense Forrestal grimly outlined the recent turn of world events in urging steps to make United States military might match that of Communist Russia. Forrestal said the odds still favor peace and the free nations of the world.

But he asked Congress to approve immediately:

1. An increase in the present authorized strength of Army, Navy, Marine and Air Force manpower by 349,500 officers and men.

2. Another \$3,000,000,000 in cash and contract authority for the Armed Services to cover this expansion. This presumably would be in addition to \$11,000,000,000 already in the budget.
3. Drafting by Selective Service of men from 19 to 25 years inclusive. He said this would provide 1,355,000 men but added that only about 220,000 probably (Continued on Page Three)

## New Tourist Court Is Open For Guests On Lake Boulevard

Colonial Tourist Court, the first of its type to face Seminole Boulevard and Lake Monroe, was opened Saturday for guests by Mr. and Mrs. Carl Mynes, who live immediately west of the court.

The court includes four attractive duplex units which face a patio. Being within the shade and shrubbery have been planted by A. F. Ramsey, florist.

Considerable excavation of land in the rear by means of a bulldozer was necessary in order to build up the area occupied by the buildings which include an office for registration. This created a scenic lake in the rear, covering two and a half acres to a depth of five feet. It is fed by artesian wells, and Mr. Mynes plans to stock it with fish.

The buildings were designed from Mr. Mynes' plans by Elton Moulton, architect, and were erected by Paul Campbell, contractor. They are of frame construction with red roofs and grey cedar shingle siding with cement finished porches on the sides facing the patio. Within the city limits they have city water, sewer outlets and electric lights. Rooms are large and tastefully furnished. Pink and green is the color scheme, with alternate rooms having pink walls and green furniture and green walls and pink furniture. Flooring is of asphalt tile, and bathrooms including showers, and finished with glazed tile.

Plumbing is by Hodges, electric work by Batten Electrical Co. Windows have Seminole Venetian blinds. Glass work is by the Seneker Paint and Glass Co.

Mr. and Mrs. Mynes came here from Huntington, W. Va. four and a half years ago. They have two young daughters.

## Title Data For New Bridge Is Studied

Title data for the new Highway 46 bridge over the St. Johns river, located south of Sanford, are now in the hands of State Road Department at Tallahassee, Chamber of Commerce Manager Edward Higgins announced this morning.

The proposed bridge, he said, will be about 200 feet south of the present Geneva Bridge which can be used continually until the new bridge is finished. Titles obtained include those of Volusia county owned land between the present bridges.

Work is also proceeding on obtaining of title to land between Sanford to Lake Jessup for the lake front route of the highway which will pass through Indian Mound Village, said Mr. Higgins.

## Senators Seeks "Marshall Plan" Adoption For American Schools

WASHINGTON, Mar. 25 (AP)—Senator Hill (D-Ma) today called for adoption of a "Marshall Plan" for American education. Speaking for a bill to provide \$300,000,000 in federal aid to states, Hill said in a speech prepared for the Senate:

"The foreign aid program, the need for increased military preparedness in the tensions of the hour—these will cost the United States billions of dollars. They are necessary steps to protect America and safeguard Democracy.

"But it is foolish to attempt to save Democracy abroad if we let Democracy break down at home. Yet that is what we are doing in our neglect of the public school system—the foundation stone in the structure of American Democracy.

"We need a Marshall Plan here at home for American education." Hill said in a speech prepared for the Senate. It would provide the more wealthy states with at least \$5 and the poorer states up to \$22 for each school age child, every year starting July 1, 1949. A similar bill has been pending since last year before the House Education Committee.

Hill said in his speech: "We are told (by opponents of the measure) that the federal government, with its public debt and its commitments under the Marshall Plan, cannot afford to help the state school systems.

"This is less than candid. We have swallowed the camel and gag at the gnat."

## Salvation Army Leader Speaks At Kiwanis Luncheon

Interest and work of Kiwanis and other civic organizations including Rotary, Lions and Pilots, was highly commended yesterday by Brigadier Ernest Pickering, Salvation Army head of operations in Georgia, Florida and South Carolina in a talk to Kiwanians at the Tourist Center yesterday. He was introduced by Capt. Byrd Hudson.

He declared that if the work of all of these organizations for underprivileged children could be added up, the result would be impressive. One word sums up all of this work, he said, and that word is "Others."

"I regret to state that our minds and hearts were made heavy when because of the disbelief of a little boy, the teaching of religion was ruled out of the schools," he declared.

He traced the sources of juvenile delinquency from broken homes, but declared that all of these did not come from hovels. (Continued on Page Three)

## Arthur Godfrey Is Expected To Visit Sanford Next Week

Arthur Godfrey, noted CBS commentator, now spending a few days vacationing in Miami, will return by plane to New York, but expects to be in Central Florida next week, and plans to visit Sanford, he announced on his program this morning.

The Chamber of Commerce will keep in touch with the situation, said Manager Edward Higgins, and suitable plans will be made for a delegation to meet Mr. Godfrey and his staff as soon as definite information as to when he will be here is received.

## MacArthur For President Campaign Runs Into Political Difficulties

By ASSOCIATED PRESS  
MacArthur-for-President supporters stepped up their Western campaign today but ran into a fumble and a fight. National headquarters in Washington first announced that the general, if elected, will allot at least four cabinet posts to the West.

Later this was revised to say that such a geographical allocation had only been "recommended." The new version did not say by whom.

## House Passes Extension Of Rent Control

### Measure Revises Provision Which Would Strip Federal Authorities' Control

WASHINGTON, Mar. 25 (AP)—Congress today legislation keeping rent controls for another year. Voice vote approval by the Senate completed congressional action on the measure. It came into effect a few hours after the House passed, 230 to 95, a compromise of differing measures originally passed by the Senate and House.

WASHINGTON, Mar. 25 (AP)—A compromise one-year continuation of rent control was voted by the House today. The Senate is expected to follow suit and send the legislation to President Truman by nightfall.

Without the legislation the present controls, affecting about 13,000,000 dwelling places and 50,000,000 persons, would end a week from today.

The compromise written by a Senate House Conference Committee after the two chambers had passed differing bills, modifies the "local option" feature of the House version by giving a special federal rent the last word on rent boards whenever local boards and federal officials disagree.

As passed by the House, prior to drafting of the compromise late yesterday, the bill would have given the local boards—nominated by the governors of the various states—absolute authority to raise rents of decedent areas (Continued on Page Five)

## Redding Made Head Of Salvation Army Advisory Board

C. L. Redding, manager of the McGeorge Store, was elected president of the Salvation Army Advisory Board at a meeting at the local Post yesterday afternoon. It was reported today by E. Hasky Wright, secretary. Mr. Redding, vice president during the past year, presided in the absence of O. P. Herndon whom he succeeds as president.

Other officers elected were: R. F. Moulton as vice-president, W. E. Hasky Wright as treasurer and O. C. McBride for another term as secretary.

Present were T. W. Lawton, E. Hasky Wright, E. F. Moulton, Fred Wilson, Herman E. Morris and Ralph A. Smith.

The divisional commander, Brigadier Ernest Pickering and Major William Devoto of Jacksonville and Captain Byrd of Orlando were welcomed.

John Duran, negro, was convicted Tuesday by a jury in Circuit Court of unlawfully trapping quail in Sanford on game reserved land on Nov. 17, 1947. He was arrested by W. W. Ware who was then serving as game warden. Judge R. W. Ware fined the negro \$50 and costs, according to G. A. Speer, county prosecuting attorney.

## Merchants Group Had Barbecue Last Night

Sanford baseball players headed by Hal Gruber, Fuller Warren of Jacksonville, candidate for governor, and Judge Sidney Herlong of Tavares, candidate for the House of Representatives in Washington, were among the many guests at the Sanford Merchants Association at their barbecue at the Elks Club grounds last evening.

In addition, practically all candidates for local offices were present. W. E. Hathaway prepared the barbecue meat in such a manner as to earn the praise of all present, and Fuller mentioned it in his downtown address last evening. The barbecue sauce was reported to have been just right. Andrew Stine had charge of arrangements for the Merchants' Association.

## ARMS CONFISCATED

MANILA, Mar. 25 (AP)—The Administration reported today it had confiscated firearms and ammunition valued at \$3,000,000 in the past two years in its peace and order campaign.

Mariano Roque, undersecretary of interior, said the firearms totaled 230,000.

## Notice Served On Russians By Marshall

### American Prestige Is Thrown Behind Gen Clay's Fight To Remain In Berlin

LONDON, Mar. 25 (AP)—Britain rejected today Russia's protest against the United States-British-French negotiations for rebuilding Western Germany's economy. A firm note to the Soviet government and Great Britain wished "firmly to repudiate accusations" made by Russia that the negotiations violated the Potsdam agreement. The note blamed Russia for the breakdown of four-power cooperation for rebuilding Germany's economic unity.

WASHINGTON, Mar. 25 (AP)—Secretary of State Marshall served notice today that the United States will not cooperate in the Allied Control Council for Germany as "aimed against the unification of Germany."

He did this with a news conference statement which also threw the full weight of American prestige behind General Lucius D. Clay's fight to keep Allied machinery in Germany running and behind Clay's determination to remain in Berlin.

Endorsed completely Clay's "Stop Russia" political policy which denies the Russian-sponsored German Peoples Congress the right to operate in the American zone of Germany.

Marshall said the Communist-backed Peoples Congress "has no legitimate claim to represent the people as a whole and it is practicing a cruel deception on the German people in seeking to impose itself as a substitute for genuine unity."

Marshall is leaving for the Inter-American meeting at Bogota, Colombia, this week end. He made clear that he will hold himself in readiness to fly back to Washington if the world situation requires.

## Clay Not Nervous In Military Situation

FRANKFURT, Germany, Mar. 25 (AP)—General Lucius D. Clay said today he is "not the least bit nervous" about the military situation in Germany.

"I am not expecting any commutation to break out tomorrow or the next day by any means," the U. S. military governor told a news conference.

Clay said he has no fear that the Russians will close the borders of Eastern Germany on the supply highway from the British and American zones to Berlin.

A German newspaper said the German people are afraid they will be overrun by Russian troops. Clay replied:

"People everywhere are afraid of war. Nobody as an individual wants war. Let us hope from that fact alone there will be no war."

## BACK TO WORK

ROME, Mar. 25 (AP)—Striking printers went back to work today and set the news that Italy is willing to negotiate with Yugoslavia over Trieste.

A foreign ministry spokesman said negotiations could be considered only in the spirit of the American, British and French note proposing return of the 400 square-mile Free Territory to Italy.

## PLANES TO RUSSIA

WASHINGTON, Mar. 25 (AP)—Senator Maybank (D-SC) today called on Attorney General Clark today to prosecute the persons who permitted shipment of airplane engines to Russia.

"To my utter amazement I have read of the shipments of airplane motors and other materials to Russia which may eventually be used against us," Maybank said in a letter to Clark.

## COMMUNIST POWER

WASHINGTON, Mar. 25 (AP)—Rep. Goodlett (D-Tx) said today the New York Communist Party can swing a presidential election's outcome under the present election system.

## Candidates For Governor Putting Their Campaign Slogans In Rhyme

Florida candidates are having a time putting their campaign slogans in rhyme.

Many of the major candidates with some leading themselves to a campaign jingle have taken advantage of that type of stick-in-the-mud publicity.

Supporters of Dan McAty, candidate for governor, proclaim "Dan's The Man." Some of his campaign workers even have tee shirts with slogan boldly stamped across them.

W. A. Simons, also seeking the governorship, invites Floridians to "Join Hands With Shands."

Richard W. Levin of Palatka, candidate for attorney general, thinks it would be nice for the voters to start "Serving With Levin."

Richard Mack of Coral Gables, campaigning for return to the State Railroad Commission, employs the crisp request: "Put Mack Back."

Comptroller C. M. Goff, also seeking a return to office, has a lengthy jingle that reads: "Vote For C. M. Goff on the 4th of May."

Not everyone uses poetry, of course.

Ed Fraser of MacLennan, seeking the comptroller ship, uses the tried political phrase: "The People's Choice." He was elected to the position for which he now is running but the Supreme Court ruled he was ineligible under the Constitution at that time.

Fuller Warren, Jacksonville candidate for governor, addressed a large crowd in downtown Sanford last night in the interest of his candidacy for governor. He said he is most optimistic over the outlook for his election.

## Warren Denies He Said He Favored Appeasing Russia

Candidate Would Go Up To That Point In Avoiding War

Fuller Warren, candidate for governor, denied last night that he was in favor of appeasement of Russia, or that he had stated at a Sanford Rotary dinner two years ago that he would seek to avoid war with Russia by appealing her, as charged in Gainesville Monday night by another candidate, Dick Cooper of Deland.

Without mentioning Cooper's name, Mr. Warren accused the candidate who made the charge of misquoting and un-American tactics and said, "Anyone who attempts to mislead the voters by telling lies is admitting that he is trying to avoid the real issues and doesn't want to measure up to the qualifications of a governor."

"Two years ago, in September," Mr. Warren explained, "I spoke to the Sanford Rotary Club and reminded them that one of their fine principles was the establishment of peace throughout the world."

"I told them that we ought to do everything possible to keep this country from having war with Russia, even UP TO THE POINT OF APPEASEMENT."

"When someone says—up to the waters' edge, they don't mean into the water, or when someone else says, 'Up to the fence, they don't mean over the fence,' so when I said, 'Up to the point of appeasement, I didn't mean—Appeasement.'"

Outlining his qualifications for governor, Mr. Warren said that (Continued on Page Five)

LONDON, Mar. 25 (AP)—The British Foreign Office wished the United States luck today in its proposal for a Jewish-Arab truce in Palestine—but without much optimism.

"That's the policy we have been advocating for a long time without success," a spokesman said.

LAKE SUCCESS, Mar. 25 (AP)—Arab and Jewish spokesmen stood their ground today in their comments on President Truman's call for a truce. Arab spokesman of the United Nations, said it was his opinion that the Arabs would be ready to avoid any move to disturb the peace if the Jews will agree to abandon partition and find another solution of the Palestine problem. A spokesman for Dr. Abba Hillel Silver, chairman of the American section of the Jewish Agency for Palestine, reminded newsmen that Silver told the Security Council the partition of Palestine is the "irreducible minimum" the Jews will accept.

WASHINGTON, Mar. 25 (AP)—President Truman today called for an immediate truce between Arabs and Jews in Palestine.

He also urged anew a temporary United Nations trusteeship for the Holy Land. Further, he promised to look on any U. N. effort to present ill-considered and said the sending of troops might not be necessary, but that bridge would be crossed when it is reached.

## Dr. Pope Duncan To Make Address At Sunrise Service

Dr. Pope Duncan of Station Park will make the address in commemoration of the resurrection of Jesus Christ at sunrise Easter services at the Municipal Bandshell at 6:00 o'clock, Sunday morning. It is the first of a series of sunrise services to be given by the Presbyterian Church.

The Municipal Bandshell Band led by E. O. Black will initiate the service with the playing of "Lullaby Song."

Following worship will be led by the Rev. Joseph C. Greys of the Church of God. The congregation will sing "Christ the Lord Is Risen Today." Invocation will be by Mrs. Edith Tamblin. A novel assembly from the High School will sing, "Beneath the Cross of Jesus."

The sunrise reading will be by the Rev. Douglas Charles. "Christ Anointed" will be sung by the High School mixed ensemble. Dr. Duncan's address will follow.

"Tragedy" by James Fulton will be played by the band. Dr. Duncan's address will follow. The program is under direction of the Rev. J. E. McKinley of the First Methodist Church.

## NO TAKERS

CHICAGO, Mar. 25 (AP)—A lot of high priced fresh meat cuts are going begging this week in the nation's butcher shops, sources in the wholesale meat trade reported today.

They attributed this condition to buyer resistance to high prices, heavy sales of Easter hams and poultry and fairly good receipts of meat animals, despite the strike of CIO meat handlers.

### Attlee Says Purge Of Reds Justified By Threat Of War

#### Order Is Limited To Exclusion Of Distrusted Workers

LONDON, Mar. 25 (AP)—Prime Minister Attlee said today a possibility of war justified Britain's purge of Communists from security posts in the government.

"I might be accused of many things but I cannot be accused of ever trusting the Communist Party," Attlee told the House of Commons. He spoke in reply to a speech by Communist member Willie Gallacher.

"There are secrets of defense," the Prime Minister said. "As long as there is a possibility of war, we must have defenses and those secrets must be preserved."

The security order, announced last week, also applies to Fascists. "It is limited to excluding from secret work those who cannot be trusted—there will be no general purge; no general witch hunt," Attlee said.

"Communists do not accept the obligations of loyalty and of ordinary moral dealings which enable us to deal with one another in our daily business," he added. Gallacher said the security order was "instigated by American multi-millionaires."

"The U. S. wants Britain to be a forward base for an attack by American monopoly capitalists on Europe and Russia," he continued. "If we cannot the royal family will go to Ottawa (Canadian capital) and the people left to perish, and by the time it is finished this Britain will be a mass of radioactive mud."

### Kiwanis Luncheon

Reverting back to his own heyhead when his father was a pioneer Salvation Army worker in the slums of New York, he recalled the conditions that homeless boys lived in.

Telling of seeing a 12 year old mother in a hospital with her baby while the man responsible went free he declared: "If the Supreme Court wants to do something beside rule the Bible out of schools, let them do something about this."

Tracing the rise of crime in the nation, he declared that 80 percent of these are done by persons under 25 years of age. In 1946, he stated, 1,695,000 persons in this country were involved or affected by crime. In one age group, prostitution showed a 376 percent increase, he said.

"I am always glad to hear of Boy Scout troop training," declared Brigadier Pickering. It helps much to cut down the percentage of crime."

President W. A. Morrison announced that the large baseball signs ordered by Ed Lane, had been painted on sidewalks in front of Touchton and in front of the Sanford Atlantic National Bank.

### Palestine Issue

(Continued from page two) statement to a news conference in which he said trusteeship is not proposed as a substitute for the partition plan. He termed it "an effort to fill the vacuum soon to be created by the termination of the (British) mandate on May 15."

He said he still favors the partition ultimately, but peace must first be assured.

There has been enough killing in the last 10 years, he said. Unless order is restored, he added, fighting might break out in the entire Middle East which "could lead to consequences of the gravest sort involving the peace of this nation and the world."

Other subjects discussed at the conference:

Partition—The President said he is not upset over what he called "a rising revolt" in the Democratic Party. He said he is still cheerful and flatly predicted the Democrats will win in November.

He said he was correctly quoted to the effect that he is in the race to the end, regardless of the political consequences. Asked whether he believed protesting Democrats will be walking back into the fold by November, he smiled and replied: "Let's wait and see. They will be given a chance to walk back."

Defense—He is getting a program ready to send Congress shortly. He said no estimate had reached him yet as to the cost. And he could not say now whether it would affect tax legislation.

He said he will recommend on taxes when the \$1,800,000,000 tax cutting bill reaches him.

Exports to Russia—A reporter asked for comment on Republican protests against current exports to Russia. Mr. Truman said most of the goods going there now were ordered as far back as two years ago. He said Russia is still a friendly nation and the Commerce Department is handling the situation.

Western Europe—Asked if his message to Congress last week meant he favored the proposal for an economic union of Western Europe, he replied: The message speaks for itself; there were no wessel words in it.

Coal Strike—He said he is pursuing legal steps set out by law. When his emergency board reports he will take whatever further steps are necessary.

Daylight saving—He said he has not thought about this as a fuel saving measure, but added in the past daylight saving has been a lot of honey. He said it has upset the calendar by making an hour's difference between cities adjoining each other. If it is put on a national basis, he will favor it.

Pan American conference—He said he will be unable to go to the meeting of South American nations at Bogota, Colombia.

European recovery—He said he had not asked William Clayton, former assistant secretary of state, to administer the ERP plan.

These bear the names of 16 New York Giants Farm teams. Guests were Major William Devote of the Salvation Army, William Cagle of the Key Club and William Kirehbuff.

### Draft Urged

(Continued from page two) would be taken. He estimated 500,000 probably would volunteer.

4. A permanent system of Universal Military Training would become fully effective within three years. Forrestal said this would provide some 850,000 men each year with basic training.

Forrestal said some of the details of the expanded Armed Services program must be presented later, behind closed doors.

"Because of the world situation as it exists today, there is certain detailed information which we cannot safely disclose in open session," Forrestal said.

The current strength of the Armed Services is 1,292,000. Forrestal indicated in his testimony before the Senate Armed Services Committee that war veterans will not be included in the draft plans.

He said the 19-25 year age group includes a total of 2,000,000 male non-veterans.

Exemptions and deferments would reduce that number to 1,500,000, the Secretary said. He did not immediately explain the basis for exemptions and deferments but senators have said they would exclude married men.

Forrestal said the 349,500 increase in the regular Armed Forces would be divided this way:

The Army, by 240,000, from 642,000 to 782,000;

The Navy, by 61,000, from 207,000 to 268,000;

The Marine Corps, by 11,000, from 81,000 to 92,000;

The Air Force, by 55,500, from 361,500 to 407,000.

"This would require an additional \$2,500,000,000 outlay, he said, which soon will be asked of Congress.

Biggest items in this were listed as: \$775,000,000 for aircraft procurement, research and development for the Air Force and Naval aviation.

About \$700,000,000 for military personnel costs.

He said the costs of UMT already are covered in the budget, and include an appropriation of \$500,000,000.

BIBLE VERSE TODAY

MAN DOES NOT GO FAR WITHOUT THE HELP OF CIVILIZED SOCIETY AND THE TREASURES OF CIVILIZATION BUILT BY OTHERS AND GOD'S RAIN AND SUNSHINE AND SOIL AND MINERALS.—De. 8:17: And thou say in thine heart, My power and might and mine hand hath gotten me this wealth.

Senator Holland has added his voice against the discrimination being practiced by the federal government against the South. He notes that New Mexico and Arizona have state laws prohibiting Indians from voting, yet the federal anti-poll tax legislation is aimed only at the South.

A representative from Virginia points out to Congress that if the federal government can prescribe the rules for voting, if it can eliminate the poll tax in those few remaining states where the poll tax is still legal, it can also prescribe other rules for voting. If it can increase the number of voters, it can decrease the number of voters. If it can say you don't have to pay \$1 a year tax for the privilege, it can say you do have to pay a \$100 a year tax, or a \$1,000 a year tax. That is probably what the founding fathers had in mind when they reserved the voting requirements to the individual states.

The Herald's sports editor wants to know why the swimming pool cannot be built in time for use by local children this summer. He quotes Dr. Quillman's warning against swimming in lakes and streams not approved by public health authorities. Swimming pools must comply with state sanitary and health regulations in order to continue operation. By proper regulation and supervision they can be kept free from contamination and the danger from drowning minimized. The City has the money in the bank to build a swimming pool. Why not put it to use so the kids can have some good clean water some fun this summer?

Just where President Truman stands with relation to the South may be ascertained to some extent by noting that Senator Hill of Alabama, staunch New Dealer and supporter of the late President Roosevelt, who even continued to support President Truman after his civil rights pronouncement, now says he will not vote for him. "The situation in Alabama and the South", he declares, "makes it clear that there cannot be party unity with President Truman as the nominee of the party. . . I shall work for the nomination of a man who will insure the unity of the Democratic party." Senator Hill has heard from his constituents.

The Seminole County Chamber of Commerce has launched its annual membership drive with the hope of bringing in a number of new members from among those business concerns and new residents of our community who have come here within the last two or three years, a number of whom, we are told, have not yet joined the Chamber of Commerce. This trade organization has an ambitious program for next year designed to attract many new winter residents to our city and county and to provide them with entertainment after they get here. But the amount of work which can be done along this line naturally depends on the amount of funds which the organization has to spend. So send your contributions in today.

Military Strength

A poll of senators, conducted by the Associated Press, finds that more than half of the members of the upper house are not ready to commit themselves on the wisdom of a universal military training program or a temporary revival of the draft, the two national defense measures recommended to the Congress by President Truman.

Among those senators who were ready to state their position, sentiment was overwhelmingly in favor of the temporary draft, and rather strongly in favor of a universal training program. Those who would not take a stand indicated that they wanted time to think, that they wanted more facts to think about.

It is probable that the Department of Defense could provide detailed figures on numbers of men now in the services and their present disposition, the commitments to be filled, and the numbers of men which might be needed to meet various contingencies. Many guesses can be made as to what contingencies might arise. But the cold-over-all fact remains that the armed forces for some time have been unable to fill their needs from voluntary enlistments and now are some 400,000 men short of their authorized strength.

It seems unwise under any world conditions to permit the military services to be continuously below authorized strength, and it is hard to understand why members of Congress should hesitate to provide whatever machinery may be necessary to maintain that authorized level, which was fixed by Congress itself. To fail to do so is an obvious sign of national weakness.

Fewer Newspapers In The Nation

Left-wingers and theorists — this including the newspaper investigation committee headed by Dr. Hutchins — have lifted a cry for the need of more newspapers in the nation, especially in the larger cities served by one newspaper or one ownership. Very naturally they have offered no practical plan for increasing the number of publications since such committees never have a great deal in the way of constructive advice.

The simple answer to this agitation is that newspapers, like any other private business must make a profit in order to exist. The vast majority of newspapers are regarded by their owners and publishers as public trusts and are run for the best interest of the public; but at the same time few are owned by philanthropists who can take huge losses merely to keep going.

An exception is Marshall Field III, who inherited all his money from his grandfather, the founder of the great mercantile empire, and has never had to worry about profits or making a living. He has thrown millions in the radical tabloid PM in New York, and likewise took a great loss here with the Chicago Sun. Even in his case it has proved there must be an end to all "good things" and last year PM started soliciting and carrying advertising in an effort to break even, while more recently Field has purchased the Chicago Times and will combine the Sun with the Times as a tabloid, further reducing his losses.

In connection with this necessity for a newspaper to at least break even, the current bulletin of the American Newspaper Publishers Association reveals 34 newspapers suspended in 1947, most of them due to rising costs that made publication unprofitable. Thirty-two hardy souls started new newspapers so the net loss was but two, but the newcomers face tough sledding.

The report shows 22 papers were suspended outright, in three other cases the two papers in the community were merged and one dropped, nine changed from daily to weekly or semi-weekly. —The Lufkin (Tex.) Daily News

MacArthur Bid

(Continued from Page One) to circulate petitions today to get the required signatures. Chairman Allen H. Worcester said 53 party leaders, including former Governor Frank P. Merriam had agreed to run as MacArthur delegates to the GOP national convention in Philadelphia.

But Joseph Choate, chairman of the "MacArthur for President Club of California," said his group "opposes any step designed to place General MacArthur in competition with any 'favorite son' in a primary."

The California Republican Party organization is supporting Governor Earl Warren, also an avowed candidate.

Meanwhile friends of another general—Dwight D. Eisenhower—said he would not be available for nomination on any ticket. Some Democrats have been plumping for him to replace President Truman in the party.

## Matches Played At Seminole Golf Club

Instead of the weekly playing meeting, the Sanford Women's Golf Association continued with the playing of the championship matches yesterday afternoon with a large crowd of local women present. In the championship flight yesterday Mrs. John Stuck defeated Mrs. John Eick and Mrs. Dorothy Powell won over Mrs. Cleo Terwilliger, Jr. Within the next few days Miss Powell will play against Mrs. Stuck for the women's championship.

In the first flight Mrs. T. P. McDaniel was defeated by Mrs. Harold Kastner. This afternoon a match between Mrs. Earl Higginbotham and Miss Frances Mahoney was played with the same result. Mrs. Mahoney was unable to play Mrs. Kastner.

For the second flight Mrs. W. G. Fleming is slated to compete against Mrs. E. C. Hayman. Clyde Terwilliger, club pro, stated this morning that Mrs. R. Williams had won the silver bowl as the low medalist winner and that silver trays will be awarded to all winners.

## Poll Tax Bill

Stennis came after Pepper and the committee to approve the bill. Their discussion was something of a curtain raiser to what is in store on the Senate floor if and when the bill comes up for debate. Observers expect it to be approved in the Republican-dominated rules committee. A subcommittee of three already has unanimously recommended it.

Pepper said Congress can also limit the poll tax, as applied to federal elections, as an "unreasonable" limitation on the right to vote.

Stennis said the right to vote is a right conferred by the Constitution to qualified voters, with states having the right to fix qualifications for their voters. "No," returned Pepper, "it is a right conferred by the Constitution and while it may be limited by the state, a state may impose no limitation or qualification deemed unreasonable by Congress."

Stennis asked Pepper if, under the bill, states could keep poll taxes as a requirement for voting in state elections.

Pepper said most likely they could.

"Then," asked Stennis, "wouldn't we have two sets of qualifications for voters, where the Constitution says there shall be only one?"

Pepper said (1) he didn't agree with that interpretation of the Constitution and (2) that if two sets did exist and a state imposed such a burden on its voters, it would be up to the state, not the federal government, to remove the conflicting set of qualifications.

## Ponder Home Scene Of Club Meeting

Mrs. J. A. Ponder entertained members of her desert-bridge club on Tuesday afternoon at her home on West Sixteenth Street. Lovely arrangements of spring flowers were used in decorating the rooms of the Ponder home.

Prior to the progressions of bridge a delicious desert course was served by the hostess. After the scores were added the high prize was awarded to Mrs. Harold Muse, second Mrs. M. J. Malouin Higgins and consolation was won by Mrs. Charles Ward.

Those enjoying the afternoon were Mrs. Roy Green, Mrs. Higgins, Mrs. Ward, Mrs. Earl Higginbotham, Mrs. Moore, Mrs. Roy Frank Symon, Jr., Mrs. H. R. Frankham, Jr., and Mrs. George Yates of Durham, N. C.

## Magazine Describes Sanford Drug Store

Cosmetics Magazine has devoted a full page of its March issue to illustrations and description of the formal opening of the Tauchton Drug Store of Sanford on Oct. 30. Two interior and one exterior scene is shown. The article is titled "Sanford Gets a Beauty."

"From 4:00 to 8:00 P. M. Sanfordites gathered like ants around a honey pot to see their town's prettiest drug store," it states.

"W. V. Bittling, manager, thoughtfully provided for the ladies, cigars for the men and ice cream for the kiddies. The cosmetics department, managed by Mrs. Bittling, glamorized the occasion with favors of powdered perfumes."

"Mrs. Bittling has managed the department for the past 10 years and palpable proof of her success lies in the fact that three capable saleswomen now help her to take care of a tremendous volume of business." Grace Gray, Jewel Chapman and Jean Holloway are imbued with a competitive, although friendly spirit; each gets her share of the business and contributes heavily to the department's success.

## P. V. Draa Elected Townsend Chairman

P. V. Draa was unanimously elected chairman of the Fifth District, Townsend Council, at the all day meeting of the group held Sunday at the Tourist Center with Wayne B. Albers, state representative of the fifth district council.

The following were elected to serve on the district council board: P. V. Draa, Buddy Hays, Charles H. Nutting, T. S. Kinsey, Mrs. L. E. Beck, Harry C. Wood, Mrs. Beat W. Kellogg, A. E. Hanton, Rev. J. A. Logan, Mrs. Emma E. Harris, Mrs. Maggie Goodsmith, and Fred Hirst.

Mr. Albers reported that he had sent letters to all candidates in the state of which there were about 400, asking each candidate to answer two questions covering the liberalizing of the qualifications and the payment of maximum amounts under the existing social security laws.

A rousing vote of thanks was given to the Sanford Club members for the dinner which was served to 145 persons present at the noon hour.

Following the dinner the meeting was presided by Rev. J. A. Logan of Geneva. The oath of office was given by Mr. Albers to the 12 council members elected.

The group voted to adopt two resolutions prepared by Mr. Albers to be sent to the House of Representatives and Senate for approval.

Candidates for local and state office, present addresses and the group as follows: Lex Green of Starke, candidate for State Railroad Commissioner; Virgil Connor of Apopka, candidate for Congress; M. J. Moss, Orlando, candidate for Congress; E. C. (Ned) Smith, Jr., of Sanford, candidate for Tax Collector, Seminole County; and Judge J. G. Shanon, candidate for Seminole County Judge.

Announcement was made of the meeting scheduled to be held at the Band Shell in Daytona Beach Apr. 30 when the Hon. Robert C. Townsend will be the guest speaker.

The next council meeting will be held Apr. 11 at Orlovista. Following the Townsend pledge, the meeting adjourned at 4:00 P. M. Clubs represented were Sanford, Orlando, St. Cloud, Daytona Beach, Cassadaga and Orlovista.

## Warren Denies

Warren denied that he had represented both a small rural area, and a large metropolitan district in the state legislature, and was thoroughly familiar with the problems of both. He added that he had long made government one of his hobbies, just as other men make a hobby of fishing or hunting, and had thoroughly equipped himself to serve in the governor's office.

He stressed the financial difficulties of cities and counties and promised to work out a solution for their problems. He also took a strong stand against the sales tax and said that it would add three cents to the cost of every dollar's worth of goods.

"My objection as governor," he added, "will make absolutely certain that you will not be saddled with a vicious unnecessary general sales tax during the next four years."

"This insupportable tax is almost literally at the pocketbook of those least able to pay it," Warren asserted. "It hits our poor and our middle class people at a time when most of them already are having a desperate struggle to make ends meet. That is why I give you my flat promise to fight my general sales tax bill in the legislature and to veto it if the legislature passes it over my protest."

Warren said the sales tax was 18 cents a gallon "would only encourage greater extravagance in our state government."

"Passage of a sales tax also would help somebody build up a tremendous political machine," he warned. "All of you know that it takes a small army of inspectors and collectors to collect this tax."

# 'Bobo' Drills With Millers

## Two Umps From '47 State League Group Are On Sally Staff

COLUMBIA, S. C., Mar. 25 (AP)—Only two hold-overs from 1947 are on the list of umpires for the coming season announced today by Earl Blue, president of the South Atlantic (Sally) Baseball League. They are Frank W. Prince, Sandersville, Ga., and John R. Parks, Richland, Ga., both of whom have been in the league since it resumed operation in 1946 after the war.

Newcomers to the staff for 1948 will be Joseph Haslett of Suffolk, Va., and Joe Prada of East St. Louis, Ill., both of whom worked in the Piedmont League last season; Kerry Davis and Edward Roell, both of Eustis, Fla., who came from the Florida State League; Lawrence C. Carter, Montgomery, Ala., from the Southeastern League; Cecil E. Crane of Melbourne, Fla., who officiated in the Western Association last season, and William G. McDonald of St. Louis, Mo., from the Western International League.

Only member of the 1943 staff without previous professional experience will be Bert Maxwell of Jacksonville, Fla., a former Sally League outfielder. Maxwell is a protégé of Red Jones, American League umpire who started his professional career in the Sally.

The \$230 payoff on Calumet's Citation in the Everglades handicap at Hialeah this year was the lowest straight mutual return in the track's history.

A new high for dead heats was set this year at the Hialeah horse race meeting when there were five for first, one for second and three for third during the 40 days.

## Newsome Is Given Once Over By Carl Hubble For New York Giants Team

By ARTHUR BECKWITH, JR. Herald Sports Editor

As the result of a workout yesterday morning in the Minneapolis Millers camp, Manager Mel Ott of the New York Giants may get one of the much needed hurries to assist the Giants in their pennant drive during the 1948 season.

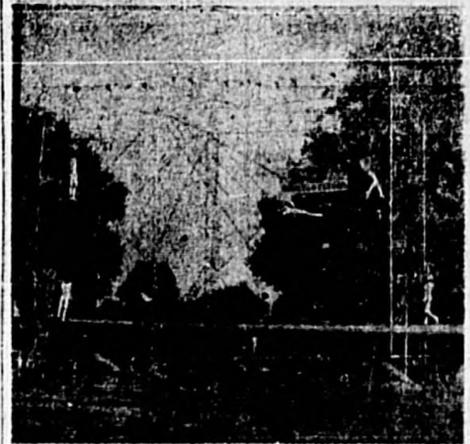

Big 'Bobo' Newsome, a much traveled righthander, donned a uniform and showed Carl Hubble and Manager Frank Shellenback of the Millers that he has not lost his pitching ability by taking a turn on the hill for batting practice and entering the season just as a rookie would have done.

Pitching has been one of the big questions in Ott's mind, and should the Giants get the services of the fabulous Newsome, would insure their chances of being one of the top contenders for the National League flag.

Newsome was not the chubby Bobo of a couple of years ago, but he was a new Newsome. He showed ability on the mound and has trimmed his waistline down to a "pre-war" size.

It is possible that Hubble, director of the Giants Farm Clubs organization, will meet with Manager Ott in Phoenix, Ariz., in the near future to talk over the possibility of signing the giant righthander.

Newsome came over to the Millers camp from Orlando and was wearing a Washington Senators uniform in the practice.

The featured free attraction at the Seminole County fair in Sanford next week will be Bob Fishers' Fearless Flyers. Twelve high class shows, twelve new modern thrill rides, and a kiddieland for the tiny tots are to be found on the Royal Crown Shows at the fairgrounds opposite Ball Park.

## Three Top Rated Hounds Enter 9th Race This Evening

A three-star feature event will highlight tonight's greyhound racing program at the Sanford-Orlando Kennel Club when the top ranking trio of canine sensations match strides in the ninth contest.

Heading the list will be Kolaka, winner of his last five starts in a row, and an eight-time winner for the season, both track records for this year's running.

Next in order will be his litter sister, Nellie Gray, who holds several decisions over Kolaka while the third entry in this star-studded field will be Harryrot, always a stout contender.

Rounding out the "hot box" classic will be Chuck Life, Doc Selter, Rube Harbor, Heavy Heels, and Daddy's Girl.

The feature will be run over five-eighths of a mile course. The complete card of 10 events will begin at 8 P. M.

## Ben Hogan Reports That All is Well In Pro Golf Ranks

FORT WORTH, Tex., Mar. 25 (AP)—Ben Hogan reports that all is serene in the ranks of the golf professionals. The game's little giant belittles the importance of the tournament tiffs that recently got the golfers more headlines than their winnings.

Hogan is home to give an all-night putter a rest. Since he knows what made it all his confident cure.

Regarding golf's troubles, elated with the Heavy Hams—Norman Von Nida fistcliffs and the inauguration of a czar at the lower Rio Grande Valley Open at Harlingen, Tex., last month, Hogan said:

"In a competitive game with livelihood the stakes, tempers are bound to flare now and then. Recently, however, not a punch has been thrown, he says. Even George Snelitzer, the tournament chairman who now is the law with the touring golfers, hasn't penalized anybody for anything.

"The misbehaving putter is quite aggravating to golfers' nite. If his game had soured generally, Hogan would know it was time for more practice, or perhaps a rest or an altered diet. But nothing seems to cure those jitters, on the greens.

## Millers Trim Bears In 7 To 5 Contest

The Minneapolis Millers are still undefeated in the minor leagues 'Grapefruit League' play as the result of tripping the Newark Bears at the Municipal Park yesterday afternoon by a 7 to 5 margin.

Dutch Meyer, former Major League star, pounded a ball over the left center field wall to spark the attack on the Bears. Mike Colombo was resting on the key-stone sack at the time of the blow.

The next home exhibition game for the Millers will be played Sunday with Kansas City.

## Women Invited To Home Laundry School

The women of Sanford are invited to attend the school on home laundering which will be held in the Woman's Club tomorrow at 2:30 P. M. under the sponsorship of the Pilot Club.

Mrs. Frances Hall, factory trained in modern laundry practices, will conduct the school and discuss soap detergents, conditioning water for home laundering, new fabrics and various types of soils and stains and related topics. She will demonstrate home laundering practices with the Bend's automatic washer, dryer and ironer.

Open to the public free of charge, the school is being put on under the auspices of Randall Electric Co.

## Deranged Veteran Takes Own Life In Siege With Police

BOSTON, Mar. 25 (AP)—A man described by police as a deranged Army Air Force veteran barricaded himself in a hotel room early today and in an hour-long, shot punctuated siege held off 50 policemen before taking his own life.

Police surrounded the Beacon Hill Hotel after the man called police headquarters and said: "My name is John Silva. I'm wanted for murder in San Francisco. Come and get me. I've got enough ammunition to last a week. Nobody's going to take me alive."

Shortly after he died at city hospital he was identified by his father as Harold Benedict, 29, of Somerville, Mass. He served four years in China and India during World War II.

Police said he had no police record either here or in California. He had been under treatment at Bedford Veterans Hospital recently for a mental upset.

## Training Camp Notes

SARASOTA, Mar. 25 (AP)—Outfielder Hank Sauer, whose timely hitting has been missed by the Cincinnati Reds since he was sidelined three days ago with an ankle injury, has been sent back to the training quarters in Tampa for an X-ray.

Manager Johnny Neun said he was disturbed because Sauer's left ankle, badly swollen, was not responding to treatment.

BRAENTON, Mar. 25 (AP)—Eddie Stanley, peddler to the Boston Braves by the Brooklyn Dodgers, is scheduled to get into the Braves' lineup Saturday.

SARASOTA, Mar. 25 (AP)—Tex Hughson's question-mark pitching arm gets its first test today when the Boston Red Sox entertain the Cincinnati Reds.

Hughson will have a makeshift Sox lineup behind him. "Red Williams, Vern Stephens, Dom DiMaggio and Bobby Doerr are out with minor ailments."

SAN FRANCISCO, Mar. 25 (AP)—The weather on the west coast is proving so disagreeable that Manager Mel Ott is sending some of his New York Giants back to Phoenix, Ariz., to complete their training.

With more rain in prospect, Ott put six players and Coach Red Kress on a plane last night.

OUT OF TOUCH

FREDERICKSBURG, Va., Mar. 25—National Park service officials here have received a letter from an Australian who apparently is unaware the South rejoined the union.

His letter, seeking information on Southern generals, was addressed to: "The superintendent, Fredericksburg & Spotsylvania county, national military park, Fredericksburg, Va., U.S.A. (Confederate States of America)."

## THE WEATHER

LAKELAND, Mar. 25 (AP)—The Federal State Frost Warning Service forecast for peninsular Florida tonight and Friday was partly cloudy and slightly warmer with the outlook partly cloudy and warm through Sunday.

 The Sanford Herald,  
 Sanford, Florida.  
 Mr. Gordon Denn, Business Manager:  
 Dear Mr. Denn:

The young Cocker Spaniel found by us March 17th and advertised in the Herald Classifieds yesterday turned out to be the property of Mrs. V. G. Hasty, 2512 Myrtle Avenue, Telephone 1045-J.

Mrs. Hasty saw the ad at once, called us on the phone and came over and got him about 6:00 P. M.

Sincerely,  
 B. H. Guthrie  
 P. S. Pretty good ad for the Herald. This is a very valuable dog.

## Aid To China Explained By Senate Group

### Debate On Half Billion Dollar Loan To China Expected To Start Wednesday

WASHINGTON, Mar. 26 (AP)—The Senate Foreign Relations Committee said today the \$463,000,000 aid program it proposes for China is intended to give that country "opportunity to undertake a vigorous program of self-help."

America "cannot underwrite the destiny of China," the committee said in a report to the Senate. The \$463,000,000 is proposed for a 12 month aid program. Senate debate is due to start next Wednesday.

The House is considering a \$6,205,000,000 "single package" foreign aid bill. It includes \$570,000,000 for China for 15 months.

When the House gets back to work on the measure after an over-Easter recess, one of the big issues will be whether to put in a ban against an American shipment to Russia. Rep. Colmer (D-Miss) asks it.

In its report on the Senate measure, the Foreign Relations Committee endorsed the idea of assistance for China, but it said: "Under the present circumstances, it is not possible to develop a practical, effective, long term program for China's economic recovery, predicated on outside assistance from the United States. We cannot underwrite the destiny of China."

The report said also that the United States "should not be put in the position of being held responsible for the conduct of the Chinese government and its policies."

## U. S. Treasury's Surplus Goes Over 7 Billion Dollars

WASHINGTON, Mar. 25 (AP)—The government's budget surplus moved above \$7,000,000,000 today for the first time in its history.

It reached \$7,163,995,868.17, a gain of \$4,000,000,000 in less than 12 months. Responsibility for the flood of income tax collections.

The treasury still hasn't completed counting money received before the income tax deadline Mar. 15.

The surplus reported by the Treasury covers the period through Mar. 24. It is reported almost \$300,000,000 of the \$7,482,610,986 surplus President Truman has estimated for the end of the fiscal year June 30.

Government revenues totalling \$2,838,324,000 are nearly 100,000,000 above the time last fiscal year. Spending at \$25,672,228,000 is almost \$2,100,000,000 below this time last year.

The surplus measures the excess of government income over spending. It swung above \$3,000,000,000 on Jan. 29. It was \$4,000,000,000 on Feb. 19, \$5,000,000,000 on Mar. 18, and \$6,000,000,000 on Mar. 18.

## Crew Of Sailing Boat Is Rescued

BOSTON, Mar. 26 (AP)—The crew of the sailing schooner Teaser, numbering 21, was reported safe today on tiny St. Paul's Island, in Cabot Strait, northeast of Nova Scotia. The crew abandoned the Teaser yesterday as she was crushed in an ice pack and sank.

News of the safety of the men was relayed to the Coast Guard here from the schooner's skipper, Captain Joseph Barry.

The Coast Guard also said a Canadian air force plane had sighted the crew of the sailing schooner Monica Walters, also crushed in the ice in the same area, proceeding over the heavy ice toward St. Paul's Island, and only a quarter of a mile away.

Last word from the Monica Walters was that water was over the engine, the Coast Guard said.

## Aid To Japan

TOKYO, Mar. 26 (AP)—Undersecretary of the Army William Draper said today there is a "possibility" Japan might be drawn into the economic orbit of a Communist-controlled Asia.

He declined to say, however, whether the Communist threat was among the reasons for the proposed stimulation of American aid for Japan's economic recovery.

Draper told a news conference that the \$180,000,000 economic program for Japan, now before Congress, was "developed basically on the basis of the program as the European Recovery Program, but not on the same scale."

AND THEY that went before and they that followed cried, saying, Hosanna. Blessed is He that cometh in the name of the Lord.—St. Mark 11:9

## Arab Guns Guard Way Of Sorrows Where Christ Walked With Cross

JERUSALEM, Mar. 26 (AP)—Arab guns guarded the way of sorrows today—the path Christ is believed to have walked to His crucifixion. Gun snouts poked out of battle positions in the Old City as crowds stood in prayer at each station of Christ's journey to Calvary.

Most of them were Christian Arabs, praying with the Arab prelate of Jerusalem, Mgr. Mamour Jallad.

Europeans who entered the city through Jaffa Gate where battle between Arabs and Jews has been deadly, did so under the watchful eyes of Arab sentries. They wanted to make sure none was Jewish.

## UN Soldiers For Palestine Urged By Jewish Agency

LONDON, Mar. 26 (AP)—The Jewish Agency for Palestine urged the United Nations today to rush troops to Jerusalem to prevent the Holy City from becoming a battleground when the British relinquish control.

The Agency suggested that some 10,000 Danish and Norwegian troops now cooperating with Allied occupation forces in northern Germany could be sent to the planned "international city of Jerusalem." But a spokesman in Jerusalem added:

"We are not wedded to the idea of using these particular troops. It is not our responsibility, but for the United Nations to determine which troops should be sent here."

## Railroad Brotherhood Leaders To Begin Wage Talks On Monday

CLEVELAND, Mar. 26 (AP)—Executives of two Railroad Brotherhoods will convene here Monday to talk about a new wage demand. What they decide may depend a great deal on weekend developments in the wage case of three other Brotherhoods.

All five are "operating" unions, composed of the men who run the trains. Last fall they asked the nation's railroads for wage boosts of 30 percent, the minimum money increase to be \$3 a day.

Two organizations, the trainmen and the conductors, finally accepted an hourly increase of 18 1/2 cents, dating from Nov. 1. In the complicated wage formula which apply on the railroads, that worked out to about one-fifth of what the 30 percent demand would have cost, according to the carriers.

The Brotherhood of Railroad Trainmen represents about 216,000 workers and the Order of Railway Conductors about 40,000. There was a precedent for the raise of 18 1/2 cents an hour. Last September, an arbitration board awarded that amount to about 1,000,000 non-operating employees, such as clerks, telegraphers and shop workers. At that time, the railroads estimated their annual payroll went up \$488,840,000. But three of the operating

## Board Plans Open Hearings In Coal Strike

### Fast Schedule Is Arranged For Early Report To President On All Facts

WASHINGTON, Mar. 26 (AP)—The Coal Strike Inquiry Board decided today to hold open hearings on the miners' pension dispute. It planned a fast schedule so as to speed a report to President Truman.

John L. Lewis and the coal operators were summoned to the first public meeting at 2:30 P. M. today. The board elected Judge Sherman Minton as chairman. Minton said the three-man board intends to work steadily through the Easter holidays to speed its final report.

All the board has power to do is determine what are the facts in the dispute and report to the President. But such a report is necessary under the Taft-Hartley Labor Law before the government can turn to the courts and seek an order for the coal miners to stop their strike.

The mine strike threatened slowly to paralyze American industry. Mr. Truman asked the board to report by Apr. 5 on "causes and circumstances" of the dispute which led to a nationwide mine walkout. The President, after hearing the board's report, can request an injunction to end the walkout.

The fact finding board in the nationwide strike of the CIO United Packinghouse Workers Union ended its investigation yesterday in Chicago. It now will prepare its report.

## Seminole County Veterans' Council Proposed At Meet

Members from all of the Veterans' organizations in Seminole County which include the four Legion posts, the local VFW post, the DAV chapter and the local USWV, have been invited to participate in a proposed Seminole County Veterans' Council. Sam Martina, temporary chairman, announced today. Delegates plus representatives from the county veterans' post attended the meeting last evening and laid the groundwork for the proposed veterans' council.

Mr. Martina, who has been active in this work in New Orleans, will serve as temporary chairman until the contributing organizations can ratify the proposed council. Mr. Wright and Douglas Stenstrom represented VFW Post 3282. J. R. Lyles represented the color Roosevelt Camp No. 13 of the USWV. John Kider and Mr. Martina represented DAV Chapter No. 30. Mr. Sauls and J. Q. Galloway represented the Camille.

## Rotary Speaker

The Rt. Rev. Henry I. Louttit, Suffragan Bishop of the Diocese of South Florida, will be the guest speaker for the weekly meeting of the Rotary Club to be held on Monday at the Tourist Center. It was announced this morning by Rev. Mark T. Carpenter, rector of the Holy Cross Episcopal Church of this city.

## Reds On Palestine

MOSCOW, Mar. 26 (AP)—Reds said today America's shift on Palestine proves the United States is "on the road of violation of its international obligations."

"In spite of the fact the decision on Palestine partition was accepted with the participation of American representatives of the United Nations, this does not prevent them from destroying their own decision when it's a matter of the narrow, selfish interests of American monopolies," the Soviet navy paper commented.

It claimed the U. S. change of heart was motivated by American oil interests.

## Strong Union Is Called For By Hap Arnold

### Wartime Air Chief Insists Russians Respect Force Only; Air Power Needed

SONOMA, Calif., Mar. 26 (AP)—General H. H. (Hap) Arnold today called for a union of democracies strongly backed by air, sea and land power to stop Communism's world advance.

"Some nations respect only force and power. Russia is just such a nation," Arnold wrote in his weekly column in the Sonoma Index-Tribune. The wartime chief of the Air Forces retired to a ranch here.

"Get a union of Democratic nations with the common purpose of stopping the advance of Communism and if that union were backed by the mightiest air force in the world, by armies and navies that matched the Russian army and navy, and with superior equipment, then were such a federation to say to Russia: 'There is the line over which you shall not step,' she would then understand what we meant for we would be talking her language."

Arnold began his column with: "Personally I do not believe war is just around the corner, nor do I believe Russia wants war; nor do I believe Russia is ready for war."

"I do believe that Russia will go just as far as she can—short of war."

The general said democracies are always the most optimistic of all forms of government—"Nothing bothers them until it hurts. We are much in that situation right now."

Arnold said Russia "undoubtedly has carefully prepared plans for her aggressive tactics, plans for taking over continental Europe."

## Lions Select Team For Donkey Games

The Lions team for the "Donkey Basketball" games at Seminole High School Auditorium Tuesday evening was today announced by Vice President Richard Deas at the meeting of the Tourist Center. Proceeds of the games will be given to the benefit of the high school band. Jack Morrison will serve as Lion cheer leader.

The games will start at 7:30 o'clock and the players will be mounted on donkeys, which should result in a lot of fun. The following Lions will play: Al Skinner, A. L. Esterson, Richard Deas, Harry Robson, H. LeFils and Henry Witte.

A motion picture showing the work done to restore the physically handicapped and blind to useful employment was shown by Clarke Kettle, district supervisor and Ralph K. Hood, rehabilitation counselor of the Vocational Rehabilitation Service of the State Department of Education. The movie was advised to how refer disabled persons to this service. Discharged veterans with non-service connected disabilities are eligible for this service, it was announced.

### ICC Re-Affirms '47 Order Merging FEC, Coast Line

JACKSONVILLE, Mar. 26 (AP)—The long fight between the Atlantic Coast Line Railroad and the Florida DuPont interests for control of the Florida East Coast Railway appeared headed back to the federal courts today. Indication that the DuPonts expect to continue the fight in the courts came from Ed Hall, DuPont trustee, who said when advised of the ICC decision: "We are satisfied that under all laws and the American way of life, the property belongs to us and we anticipate our views will be sustained by the courts."

WASHINGTON, Mar. 26 (AP)—The Interstate Commerce Commission today affirmed a 1947 order for merger of the Florida East Coast Railway Company with the Atlantic Coastline Railroad.

On a 6 to 5 division, it refused to set aside its findings of April 8, 1947, that a reorganization for Florida East Coast could best be carried out by consolidating it with ACL.

The St. Joe Paper Company and other interests had challenged that finding. The paper company is a major holder of Florida East Coast bonds. It sought to obtain control of the road to permit independent operating.

## Shipping Holiday On Celery Voted For Next Week

Celery growers and shippers throughout Florida have voted practically unanimously for a three day holiday in cutting and shipping of celery next week in order to ease the over-supply and bolster low prices, it was reported this morning by the Florida Growers Association.

The only exception was two small growers and shippers and it is expected that these will report favorably for the shipping holiday some time today, it was reported.

Andrew Duda, head of the celery division of the Florida Growers Association, polled the growers and shippers of the state to set a date for the shipping holiday.

The holiday, if put into effect, will start at midnight, Saturday and will continue until midnight Wednesday, Mar. 31.

Restriction of normal shipments of 1,000 more cars of celery a year to Canada, due to lack of American dollars in Canada, is reported by growers to have been one of the factors that caused the celery market to drop to an all time low.

E. E. Paulson of the Federal-State Market News Service reported this noon that the celery market has picked up slightly. Yesterday, the only prices quoted were on golden and Pascal themes and four, and were from \$1.25 to \$1.60 FOB.

## Reds Pledge Support To Control Council

BERLIN, Mar. 26 (AP)—The Soviet military administration announced today it is ready to support four-power control machinery in Germany in certain circumstances. It still declined, however, to call a new council meeting which would get the wheels started again.

Lieut. General G. S. Lukjantschenko, Soviet Chief of Staff, said in an official statement the Russians are ready to support the Control Council "insofar as the Council through its activity is still able to contribute to the earliest accomplishment of the aims laid down in the Potsdam agreement."

"But," he added, "the Soviet delegation is categorically opposed to the use of the Control Council which is a cover for unilateral actions of occupation powers in the western zones of Germany."

## Stolen Paintings

HAMBURG, Germany, Mar. 26 (AP)—Fifty paintings recovered from the loot of Joachim von Ribbentrop, Nazi foreign minister, will be returned to France next month. A British military officer said most of the works came from the Rothschild collection. They include paintings by Corot, Courbet and Monet.

## Rev. J. E. McKinley Speaks To Jaycees Weekly Meeting On Easter's Meaning

Rev. J. E. McKinley, speaking on "The Meaning of Easter" at the weekly meeting of the Seminole County Junior Chamber of Commerce at the Tourist Center yesterday, told those present, "To me the meaning of Easter is the assurance that the thing called death is not the end of a man, but another experience in life, and we go right along on living."

"At the end, nothing else matters except whether Easter shall be a reality for us. The making of a man is his assignment of the priorities in his life. We are more than a beast of the field, and more than animals with physical appetites," he declared.

"We are creatures of the earth put here for a time for preparation. The earth cannot continue to keep us. We are bigger than this earth. We should do something about this thing called life."

Dr. C. L. Persons reminded everyone to go to church on Easter Sunday and to continue to go to the church of their choice every Sunday during the coming year.

President Bralley Odham told the group of the donkey basketball game to be held on Easter Sunday and to continue to go to the Seminole High School next Tuesday night as a benefit for the

## House Pledges Investigation Into Missing War Surplus Behind Iron Curtain

WASHINGTON, Mar. 26 (AP)—President Truman today slapped tight controls on exports of airplanes and airplane parts, classifying them with other war materials.

The White House made public a presidential proclamation restricting, effective Apr. 15, the list of things which cannot be shipped from this country except under special license.

It designated as munitions such things as small arms and machine guns and fire control equipment and range finders as well as aircraft.

Congress members have been clamoring for tightened export controls since it was disclosed earlier this week that some airplane engines, sold by the government as war surplus, were eventually sent to Russia by private buyers.

Mr. Truman's action means no one can lawfully export airplanes or airplane parts without getting specific government permission.

He acted under a 1939 law. This gives him authority to proclaim on recommendation of the national munitions control board, articles "which shall be considered arms, ammunition and implements of war."

Such articles come under export controls.

At the Capitol, an early House investigation was promised into the disappearance of U. S. war supplies "behind the iron curtain."

Chairman Ripley (R-Okla.) of a House Expenditures Subcommittee, said disclosure of recent shipment of U. S. warplane engines to Russia and Poland emphasizing the need for checking on the fate of war surplus U. S. surplus abroad.

"If the traders over there are as unscrupulous as some of ours have

## Life Of King Mihai Reported Threatened

WASHINGTON, Mar. 26 (AP)—The State Department said today it has received reports of rumors for a plot against the life of King Mihai of Romania. It is "taking measures" to protect him against assassination, it said.

Officials declined to say where the reports came from, or what protective steps have been taken. The 25-year-old deposed king is visiting here.

FBI headquarters replied with a "no comment" when asked about security precautions for Mihai. It said all such questions must go to the State Department.

King Mihai and his mother, Queen Helen, have been staying at the Shoreham Hotel here. Mihai is to leave here today for Detroit.

## Congress May Not Override Tax Veto

WASHINGTON, Mar. 26 (AP)—Senator O'Mahoney, (D-Wyo.) said today he is "not sure" Congress would override a presidential veto of the \$1,000,000,000 tax reduction bill.

Talking to reporters after a White House call, O'Mahoney said he regarded a veto as certain although he had not discussed the matter with President Truman.

"I'm not venturing to be a prophet, but I'm not so sure that the Senate would sustain a veto," O'Mahoney said.

"The Republicans have been slowly—but reluctantly—following the President's leadership. Reluctantly the Republicans are seeing the virtue of what the President is trying to do."

Mr. Truman has been opposed to a cut in income taxes unless the lost revenue is made up through revival of the excess profits taxes on corporations.

## 13 Persons Killed In Oklahoma Tornado

OKLAHOMA CITY, Mar. 26 (AP)—At least 13 persons were killed by a tornado which skipped across central and eastern Oklahoma last night.

The storm hit mainly in farm communities. No big city was struck. The twister dipped near Wetumka, 75 miles east of Oklahoma City; near Eufaula, 40 miles east of Wetumka; Boynton, near Muskogee; Checotah, near Eufaula and Sallisaw, near the Arkansas border.

The Oklahoma highway patrol listed seven dead near Wetumka; one near Eufaula; three at the farm community of Lenna, near Checotah and two at McClannahan mountain community three miles north of Sallisaw which is 20 miles west of Fort Smith, Ark.

## Lehman Improves

H. J. Lehman, manager of the Sanford State Farmers Market, returned to his home Wednesday from Orange Memorial Hospital in Orlando, where he was operated upon. His condition is reported to be very favorable, but he will be confined to home for some time.

## Personal Property

Appraisal of real and personal property now being carried out by the J. M. Clemmishaw Co. of Cleveland, Ohio, does not include the valuing of personal property in homes but personal property in businesses, said Gordon Bradley, city clerk, this morning.

The City still wants residents to make a return to the city on personal property in homes, he added.
