

Raiding Preachers Clamp Down On Whiskey, Strip Tease Artists

OKLAHOMA CITY, Jan. 15. — (AP) — Bootleggers and the night club "take it off" shimmy ladies—these are the folks a growing group of Oklahoma county preachers should be in business.

Preachers from the public already have touched five whiskey stills—two of them last night—in constitutionally dry Oklahoma.

Now they say, the strippers will get a generous helping of their wrath. Their clothing, they add, isn't in the proper proportion to the skin which shows.

A trio of preachers got together with a constable last night. Failed a couple of run-runners, and had a look in on some night club.

More than twice that many did the raiding Monday afternoon. And about that same number did last night's rerun.

In all, about 310 pints of the hard stuff have been seized.

The girls-girls shows came in for some real frowns yesterday.

The raids have been in the city and the county. The scorned shows are in both places, too.

Said the Rev. George Stone, pastor of the First Baptist Church in nearby Bethany: "Talk about sex crimes, it's no

COLORED NEWS

FIRST BETHANY M. B. CHURCH
Sunday School was opened at 9:45 A.M. with Dean A. Knox superintendent and his teachers in charge. The subject of the lesson was "Fellowship in the Early Church," and was taught by the teachers. The attendance was very good with 65 present, but we are still asking for more students. The lesson was reviewed by beloved Pastor, Rev. J. B. Barnes.

At 11:00 A.M. morning worship began with Deacon M. Black in charge of the devotion and Choir No. 1 rendering the song services. The Pastor delivered the morning message from the theme "The Church Needs Workers," Text found, St. Matt. 10: 37-38. These are some of the high points: First, to be a worker in God's Church one must first love the Church sincerely and to do this it requires the New Birth, St. John 3: 3-7, 2 Cor. 5: 17. Second, we must love our neighbors as ourselves, Matt. 22: 37-39. Third, we must love God above everything in the world, St. Matt. 22: 37. Fourth, we must live and be witnesses for Jesus Christ, in this present world, St. Matt. 5: 13-15. Visiting friends who worshipped with us are: Sister Susie Thompson, Jacksonville; Sister White, Jacksonville; Sister Ethel Young, Canton; Brother J. M. Knowles, Allou Chapel, A.M.E. Church. Visitors are always welcome at First Bethany Missionary Baptist Church, the Pastor and members are always friendly.

At 6:00 P.M. the church was opened with the president, Deacon D. Jones and his partners in charge. The subject of the lesson "The Noble Layman Seeking the Cause," The lesson was well studied and was enjoyed by all. Sister Dorothy Roundtree had charge of the program that was enjoyed by all. The following person gave some very fine addresses: Sister Sallie Fields, Sister Jean Toney, Sister Mary Coleman, Deacon A. Knox, Deacon C. C. Coleman, Reading Sister Leola Knox and Sister Marvin Hawkins. Diet, Sister Betty Roundtree and Sister Marie Coleman. Solo, Sister Mary Lee Glenn, Master. Vann also gave a very fine solo. If you would like to have a good time in God's House, come out to First Bethany Missionary Baptist Church, B.Y.P.U. every Sunday, 6:00 P.M.

Evangelical Services
Monday night—7:30 P.M.—Unit Board No. 1 meeting in the basement.

QUESTIONS IN TOWN

Mr. Amos J. Mott of Houston, Texas, and Oklahoma City, and Mr. P. H. Johnson of Houston, Texas, brother and sister of Rev. J. B. Barnes, pastor of the First Baptist Church in Bethany, are in town.

DeBary News

By FREELAND FARRAND

The DeBary Civic Association held its first regular meeting of 1950 on Tuesday, Jan. 10. Louis K. Eichhorn, temporary chairman, took the chair and the meeting was opened with an invocation given by Vincent E. Valentine, the Chairman of a large committee representing the association by Mrs. Harold Young.

The officers for 1950 were elected: President, L. Dale Donahue; Vice-president, Mrs. Vincent E. Valentine; Treasurer, Miss Mahle Lindgren; Recording Secretary, Louis K. Eichhorn; Corresponding Secretary, Vincent E. Valentine; Chairman, Edward Wagner, Sentinel.

Chairman of the Board, Gus Rappich. Members of the Board of Directors, Mr. Anthony O'Connell, Louis G. Eichhorn, Mrs. Harold Young and Mr. Joseph Christ-berger.

The chair was then turned over to the president, Mr. L. Dale Donahue. Mimeographed copies of the by-laws and membership cards were given to each member.

Committee reports were given by the following: William Hoyer, Action Committee; Harry Wheeler, Finance Committee; Mrs. L. Dale Donahue, Welcome Committee; Mrs. Gus Rappich, Entertainment Committee; Harold Young, Committee on By-Laws; Membership Committee, Mrs. Wm. Hoyer, Mrs. Carl Vollrath, Mrs. Anthony O'Connell and Mrs. Gus Rappich.

Miss Mahle Lindgren, secretary, read the minutes of the previous meeting. Committee reports were read and discussed by the members, after which plans for the future were taken up.

Nine new members were welcomed. After the meeting was adjourned, refreshments were served by the ladies of the group.

Mr. Fred Spiro, president of plantation estates, Inc. and Mrs. Spiro are enjoying a few days vacation at Plantation Estates.

Mrs. Ray Peck returned home on Monday after spending the holidays with her parents in Connecticut.

Mrs. Alexander Anther and son left Monday for her home in Lucretia Beach, Va., after visiting with her parents, Mr. and Mrs. Vincent E. Valentine of Medina Road, St. Johns.

St. Agnes, daughter of the Medical Corps in the Army Air Force at Langley Field, Va., is enroute to Alaska for an indefinite period.

Mr. and Mrs. George Newton of Fall River, Mass., and wife, who spent the winter with her brother and sister-in-law, Mr. and Mrs. Robert Newton, of Astoria, Ore.

Mr. and Mrs. W. C. Harvey McMillan and Mrs. Harvey and Mr. McMillan returned to their home on High Bank Road after spending high days with Mrs. McMillan's cousin, Mr. and Mrs. Henry Zoff of Clearwater.

Mr. Frank Turner of Narbonne and his wife, and daughter of Palmira Road spent Monday at Silver Spring.

Mr. George Dennis of the Dairy Drive returned home Tuesday after spending several days in New York on business.

Mr. and Mrs. Anthony O'Connell and Mrs. Joseph Christ-berger and son, an auto road spent Thursday in Mt. Orono visiting with friends.

Friends will be glad to learn that Mr. Earl Van Ness of Narbonne Road is up and about again after a rather lengthy illness.

Mr. William West of Anglen Road has returned home from the hospital in Jacksonville and is convalescing nicely.

Mr. and Mrs. Robert M. Brown of High Bank Road left Thursday afternoon for Orlando where they will spend several days.

Mrs. Beth Benton of West Second Street returned last week after spending a month with her sister in Montrose, N. Y.

Mr. and Mrs. Walter Taylor of Hickory Road returned home by early this week after spending the holidays in Canada accompanied by his mother and aunt who will spend the winter in St. Petersburg.

James A. Romney accompanied by Mrs. and Mrs. Julius Stock and daughter, Linda, of Brooklyn, N. Y., returned to his home on Columbus Road late last week after spending five weeks in New York visiting with his daughter and relatives.

Mrs. Stock is a niece of Mr. Romney and will visit with him for three months. Mr. Stock will return home early next month.

Major and Mrs. Maxwell of Glass Road and Mr. and Mrs. Walter Anderson of Ramoth, Conn., who are staying at Stages the winter were guests of Mr. and Mrs. Joseph Duncan of DeBary Drive this week. Mr. Anderson is a kindred kinsman from the High Standard Mfg. Co. of Ramoth, Conn.

Mrs. George Wagner served a splendid lunch at the "Seaside" last night at the DeBary Club.

Wednesday evening the Glass Club met at the DeBary Ramoth home. Mr. James Patterson directed the choir and Mrs. Clifford Leonard accompanied on the piano.

In Britain, promised reported that we'll read them three and four and you'll read them and get some and you'll read them and get some and you'll read them and get some.

\$1 Million Theft

Along with the million in cash the gangsters grabbed \$500,000 in jewelry.

Under cars raced through the city and outlying districts during the night running down a number of tips that proved worthless.

Shortly after the holdup, police nabbed a master key and a five-passenger black Cadillac sedan thought to be the getaway car. They lost it in the city's West Park district.

Police believed the car, bearing numbers registered to a head of Providence, R. I. The plates (Mass. 188,833) were stolen in Boston last week, police said.

"It's very obvious," Fallon said, "that these men used a master key to open a house door." The gunmen went through six locked doors before reaching the vault where they stole the money.

While husky patrolmen scoured the city's waterways for a description of the holdupmen along the eastern seaboard.

Eleven men were taken to headquarters for questioning. No charges were placed against them.

Shotgun-armed squadmen roared into Foxboro, a town between Boston and Providence, on a tip that four men were hiding out there.

The holdupmen were Navy-type peajackets.

"This job was definitely pulled by somebody who knew every inch of the company's layout," Fallon told reporters.

"It's a tough job to pin down descriptions of holdupmen," the superintendent added.

Of last night's holdup, police varied. The best indicated that all were about five feet, nine inches, weighing approximately 180 pounds.

Big-wheeled, seventh grade, seven-tooled shoes. The purpose of these was to kill off sound as the desperados headed into the building.

No descriptions were obtained of the men, who waited outside the garage to steer the getaway.

All police divisions commanders were ordered to pick up every man, woman and child who looked like a robber, along with all known holdupmen.

Some of these were expected to appear in today's police lineup.

Floods, Fires

Some 400 volunteer workers remained on duty during the night filling and plugging holes at larger points.

Besides the 8,000 persons forced from their homes in southeast Missouri, other thousands have been made temporarily homeless in Illinois, Indiana, Kentucky, Arkansas and Tennessee by the floodwaters from rivers in the lower Mississippi and Ohio valleys.

In Colorado Springs, fires flared up again today in the downtown area south of here where a whirlwind swept brush fire left two soldiers dead and three missing.

The blaze, started early yesterday, leaped over more than 50 square miles, where winds of hurricane force. It burned much of the east face of Cheyenne Mountain, since the palatial homes in the Broadmoor district and ran across powder dry prairies nearby to the south end of the reservation.

It was brought under control after a shift in the wind last night. But fresh winds from the east today were starting up old fires, most of them along state highway 115 and the south end of Cheyenne Mountain.

Wary firefighters sped to the scene of each new blaze and quickly brought most of them under control.

Sprawling Camp Carson, wartime home of 30,000 troops, was considered "out of danger" by post officers barring a sudden shift and upsurge of the wind, A few of the new fires were burning on the south end of the reservation.

One soldier was killed while fighting the fire in the Carson building yesterday. Another died while running to the hospital, 10 of them on the critical list.

A check of personnel during the night showed three missing. A search of the area was started for their bodies or those of any others who might have been trapped.

Truman-Congress

Senator Fulbright (D-Ark), directing strategy for the repeal bill, said he has no expectations that he can pass quickly by a top-heavy majority.

Meanwhile the Senate House Atomic Energy Committee is asking whether the hydrogen bomb is too terrible to make, whether man is finally on the threshold of his own destruction.

The committee today hears how development of an atomic energy engine is coming along, but this will be reported in secret. Later some details may be made public.

From the White House comes the news that President Truman's new tax recommendations to Congress now may be delayed until the first of next week.

That was the word today from Presidential Secretary Charles G. Ross. There was an explanation of what has been holding up the tax message.

In his case of the union message when Congress reconvened this month, Mr. Truman said the tax proposals would be ready soon. Since then the White House has been postponing their presentation every few days.

Admiral and President Truman have taken the position that Formosa is Chinese territory and Jackson said he will not stand on quibbling over "lawless" words.

Ferguson also has complained that former Vice President Henry A. Wallace is the author of American "peace" proposals.

From Wallace he says that if he had been followed, the U. S. would be better off.

From Wallace he says that if he had been followed, the U. S. would be better off.

Chinese War

It is correct in saying that Formosa is still Japanese territory and should be defended as such.

There is no doubt it was an inside job and was probably planned for years—even with the detailed search of the island.

Ferguson has said that the United States should defend Formosa and in fact has a duty to do so because the island would be a strategic point.

Russian's Lawyer Asks Grand Jury Investigate FBI

NEW YORK, Jan. 15. — (AP) — A defense lawyer in the Coplon-Gulitch espionage case has asked for a grand jury investigation of possible activities by the FBI.

His client, the late, convicted spy, had been a member of the Communist Party of the United States.

Pomerantz is counsel for Valentin A. Gulitch, Russian engineer who faces trial with Judith Coplon, former Department of Justice employee.

Gulitch, who continues today his pre-trial hearings in the case, made no ruling on Pomerantz's request that a special grand jury consider the possibility of indicting FBI agents. Neither did the judge comment on the lawyer's move.

Pomerantz indicated he believed FBI agents committed perjury, broke the law in their admitted wiretapping of the defendants' telephones, and criminally destroyed wiretap records.

The lawyers told the judge that at least four instances where FBI agents broke the law had been revealed at the pre-trial hearings. Without itemizing the instances, he said the latest of them developed yesterday.

Earlier yesterday, FBI Inspector Howard H. Fletcher admitted he erred in previous testimony. The lawyer said he had asked the judge to order Fletcher to produce records of wiretaps on Miss Coplon's phone.

Pomerantz confronted Fletcher yesterday with a memorandum in which he had suggested destruction of records. Fletcher said he had suggested the destruction of records.

Fletcher replied: "I must have been in error at that time."

Meanwhile, the evidence was all in today in the pre-trial trial of former State Department official Alger Hiss.

Summing-up arguments begin tomorrow, and are expected to wind up in time for the case to go to the jury late Friday.

The trial was in adjournment today, as government and defense attorneys readied their final speeches to the jury of eight men and four women.

It will be the second time that the fate of Hiss will be weighed against the accusations of ex-Communist spy courier Whitaker Chambers.

Chambers, the chief government witness, claims Hiss gave him U. S. secrets for delivery to pre-war Russian agents. Hiss was indicted for perjury when he denied this to a federal grand jury.

Suitor Killed

Albert Schneider, Seladone drew a pistol and jammed it against the neck of a neighbor.

He then jumped up and knocked Seladone's hand down. Two shots were wild. A third struck Mrs. Sweet in the side.

Evelyn and her mother ran to the street in a neighborly way. Mrs. Sweet has been separated from her husband for 10 years.

Police reported.

Harry Vaughn

Man like Morgan could continue his nefarious activities in dealing with government officials. This is particularly true because several of his dubious activities of recent years have received attention in the public press and because in 1945 he was caught by the customs officers in smuggling essential oil used in the manufacture of perfume into this country.

George Barr's Empire School Is Re-Opened

115 Students Welcomed By Mayor And Group Of Sanford Civic Leaders

George Barr, National League umpire, re-opened his school of umpiring yesterday afternoon in roomy quarters at the former Marine barracks at the Municipal Airport, gave a pep talk to more than 115 students, and in turn was greeted warmly by Mayor Andrew Caraway and other citizens, and was presented with floral tributes, while the students in turn were given 120 bags of oranges. Dick McLaulin served as master of ceremonies.

Touched by the gifts of baskets of red roses and glad from the Elks Club and J. D. McNeill, and the 120 bags of oranges given by Harry Tooke, Umpire Barr declared that the people of Sanford are the most friendly group he has ever come in contact with.

The George Barr Umpire School needs some more coal bags and magazines. Anyone having any of these articles is requested to leave them at the Herald office where they will be turned over to Mr. Barr.

He singled out former Mayor Robert Williams for special attention and expressed thanks for the three baseball fields provided for his use at the Airport during Mr. Williams' administration.

In a pep talk to students, Umpire Barr cautioned them against drinking or gambling, whistling at girls on the street and urged them to go to church on Sunday. Umpires are bound to have trouble.

Kiwanis Marks 35th Year Of Civic Service

Members of the Sanford Kiwanis Club yesterday joined with fellow members throughout the nation, Canada and elsewhere in celebrating the 35th anniversary of Kiwanis International.

The program was largely devoted to listening to a radio recording devoted to the celebration and made available over Station WTRR by Marion Harmon, J. L. Hull, and the club's portion of the program and led also in singing.

President Ralph Smith left his half finished dinner to leave for the radio station for a brief talk in which he reaffirmed the principle of service to which Kiwanis is devoted, told of support of churches, youth organizations and aid to underprivileged children by the club, and predicted that 1950 goals for service will be achieved.

The recorded broadcast told of the founding of Kiwanis in 1915, of major events of this and other periods through the two world wars, and gave popular songs of the periods and many states and Canada. Friendship of the United States and Canada was stressed.

Guests were H. G. Gardner, ACL auditor of Wilmington, N. C.; W. Doran; William Platt, Arcadia attorney, and Rudolph Decker of Elmira, N. Y.

McCroy's Sponsors Yo-Yo Contest

C. L. Redding, manager of McCroy's today invited all Yo-Yo enthusiasts to enter a Yo-Yo contest to be conducted at his store by Harry Morris, one of the world's greatest yo-yo players. The contest will begin Friday at 4:00 P. M. and will continue through Saturday.

Mr. Redding plans to visit the schools to give free instruction on the intricacies of Yo-Yoing. Mr. Redding offers free engraving every afternoon on the back of the book on Yo-Yo's purchased at the store.

FLIER KILLED AT CHEPNEY CHIEFLY, Jan. 19. (AP)—

Johnny Mann, California flier who crashed a non-stop glider record for light plane, just west from Van Nuys, Calif., to Jacksonville, was killed with another California in a plane crash near here last night.

The record flight was made in connection with the All American Air Maneuvers at Miami which ended Sunday.

The flier was flying over the area of the Miami airport when he crashed into a field near a highway.

Vaughan Critic

Senator McCarthy (R-Wis.) today urged that President Truman

appoint a special committee to investigate the military side, or order him to shed his Army uniform. President Truman on past occasions has stood by Vaughan when his old friend was being criticized.

Louis Denfeld Retires After Unification Row

Former Commander Of Navy Quits As Matthews Rapped

HOSTON, Jan. 19. (AP)—Admiral Louis A. Denfeld announced today he had submitted a request for retirement after more than 40 years Naval service. Admiral Denfeld had been removed as Chief of Naval Operations after stormy hearings in Washington on unification of the armed services.

He said he had asked that his retirement become effective March 1.

WASHINGTON, Jan. 19. (AP)—Senator Tydings (D-Md.) sought today to quell a heated Senate flap over the ouster of Admiral Louis A. Denfeld with a promise of all the facts—no matter where they hit.

The chairman of the Senate Armed Services Committee after Denfeld's resignation as Chief of Naval Operations. Mr. Tydings sharply criticized Secretary of the Navy Matthews for testifying that Denfeld was fired by President Truman before he had been legally commissioned for his second term as top uniformed officer in the Navy.

The Wisconsin Senator waved before the Senators a photograph which he said was a copy of Denfeld's commission, signed by "Francis P. Matthews and Harry S. Truman" and good until 1951.

He expressed doubt that there is a vacancy in Denfeld's old job.

Tydings then withdrew his request for prompt Senate action on the nomination of Admiral Forrest P. Sherman to succeed Denfeld.

At his home in Westboro, Mass., Denfeld said the commission for his second term is "in my possession."

The New York Times reported this morning it has learned authoritatively that Denfeld will resign from the Navy.

But the Admiral was non-committal. "I'm not going to say anything until I report in at the first Naval district," today, he said.

He has been on leave since the time he was ordered to resign.

James Yates In Hurt In Auto Accident

James Yates, 54, Glensville, was treated last night for contusions on the head following an automobile accident in which his 1939 Ford rammed into the back of a 1936 Plymouth on Park Avenue at the Ninth Street intersection. After treatment by Dr. C. L. Parr at Parnell-Laughton Memorial Hospital, Mr. Yates was sent home last night.

The front end of the Ford was smashed by the impact and damage is estimated at close to \$200. The Plymouth was driven by Dan "Fryer" Fryer, colored, who was not injured and whose car had no major damage. Yates was taken to the hospital by Marion Harmon, WTRR announcer and manager, who lives at 418 Park Avenue.

The accident occurred at 11:14 P. M. on the intersection of Park Avenue and Ninth Street, where the cars were traveling in opposite directions.

Farmers May Receive Social Security Funds

Proposal To Add Nine Million To Social Security Rolls Includes Hired Hands

WASHINGTON, Jan. 19.—The administration today asked Senators to raise by 9,600,000 the number of workers the House had voted to put under social security.

Arthur J. Altmeyer, Social Security Administrator, proposed this additional coverage above the 10,700,000 added by the House. Some 35,000,000 workers now are covered.

He testified before the Senate Finance Committee on the bill voted last year by the House.

The administration urged that old age and survivors insurance be extended to these groups not covered by the House-passed bill: 5,000,000 self-employed farmers, 2,000,000 hired agricultural workers, 1,500,000 non-farm self-employed persons, and 900,000 in domestic service.

Senator Milkin (R-Colo.) asked how many persons 65 and older now can earn monthly and still receive benefits.

Up to \$15 at present, Altmeyer said, although the House bill would raise this to \$50 monthly for those 65 to 75 years old and remove the earnings limit after a person reaches 75 years.

Elsewhere, Congressmen plan to raise the retirement age to 70.

Nationalists See Shanghai Blockade As Big Success

BAKING SUCCESS, Jan. 19. (AP)—Russia disrupted United Nations atomic talks today by walking out of a secret session in Geneva.

The Chinese Nationalists declared today that the blockade of Shanghai is a big success and a step toward the unification of the country.

TAIPEI, Formosa, Jan. 19. (AP)—The Chinese Nationalists declared today that the blockade of Shanghai is a big success and a step toward the unification of the country.

James Horrell To Run Against Pepper

ORLANDO, Jan. 19. (AP)—Former State Rep. James G. Horrell today announced his candidacy for the United States Senate post held by Claude Pepper.

His entry marks the race a four-man affair. Other opponents of Pepper in the May Democratic primary are U. S. Rep. George Smathers, of Miami, and J. Natiff Yearwood, of Fort Meade.

Doctor's Statements Start Investigation

NEW YORK, Jan. 19. (AP)—Authorities have started an investigation of a New York doctor who says he sometimes has left potentially fatal doses of morphine within reach of insurable, pain-wracked patients.

The doctor, Abraham L. Goldwater, has been a practicing physician here for 48 years.

The district attorney's office said yesterday it had asked Dr. Thomas A. Connolly, chief medical examiner, to look into cases in which Dr. Goldwater's patients died.

"Bear in mind," the district attorney's spokesman said, "that Dr. Goldwater has stated that he does not know of any patients dying because of his leaving the morphine tablets."

BOY SAILOR SQUENTED
DUNDEE, Scotland, Jan. 19. (AP)—A 11-year-old boy who made a solo voyage 300 miles into the North Sea was sent to a reform school today on a charge of stealing the boat.

The boy, Johnny Oulter, and the 26-ton fishing vessel Girl Jean, disappeared today on the second day of a 300-mile voyage from Amoy, China, to Dundee, Scotland.

'Hap' Arnold, Creator Of U. S. Air Power, Buried In Arlington Grave

WASHINGTON, Jan. 19. (AP)—General of the Air Force Henry H. Arnold, whose four careers spanned the creation of American airpower, came to his final resting place today in Arlington National Cemetery.

President Truman headed the list of national leaders expressing America's respect and sorrow.

The Air Force, which Arnold commanded in World War II, called in more than 100 of its fighters farwelled to the dead chief.

Arnold will have another man who wore five stars for a near neighbor at Arlington. Close by in the knoll is the grave of General of the Armies John J. Pershing.

Arnold, 63 years old, died last Sunday of an ailment that started plaguing him during the strenuous war years and finally impelled his retirement in 1945—a heart ailment. Death occurred Sunday at his Sanoma, Calif., ranch home. His body was flown here for a military funeral and a burial ceremony reserved for the nation's great.

Negro Boy Shoots, Kills 3 Year Old In Fit Of Anger

A 7-year-old Negro boy shot and killed a 3-year-old white boy in a fit of anger today, police reported.

The dead infant is Eddie Bass, son of Mattie Lee and Garfield Bass, who are employed at a Walker celery farm. An older son, Garfield Bass, Jr., witnessed the shooting, and his neighbors who rushed to the scene that his mother and father had left at 7:00 o'clock to go to work on the farm, taking with them two babies to leave at neighbors.

Garfield, and his 7-year-old brother, Johnnie, had been directed to dress little Eddie and take him also to the neighbors for keeping before they left for school. Eddie refused to keep his clothes on, and Johnnie loaded it with bullet taken from a bureau drawer, shot and killed little Eddie and then attempted to shoot Garfield who at length succeeded in wresting the rifle away from him.

The older boy then tried in vain to minister aid to his brother. Among the neighbors who reported the shooting to Chief of Police George Kelley was Rosa Craig, Negro midwife. The home is located in the Johnson Hill section of Orinda.

WOMAN FOUND DROWNED
JACKSONVILLE BEACH, Jan. 19.—(AP)—The body of an unidentified woman was found on the beach at the water's edge here early today and patrolman J. H. Britts said she apparently had drowned.

She was about 40 years old, weighed 180 pounds, wore a brown skirt and blue-green blouse, had brown eyes and black dyed hair. Britts said he could find no marks of violence. About 80 persons viewed the body at Giddens funeral home during the morning in an attempt to identify her.

SLUM CLEARANCE FUNDS
WASHINGTON, Jan. 19. (AP)—Reservations totaling more than \$5,000,000 were announced today for the first six cities filing applications for federal aid in the billion-dollar slum clearance and urban redevelopment program.

The cities and the amounts reserved for them are Nashville, Tenn., \$1,500,000; Dallas, Tex., \$1,500,000; San Francisco, Calif., \$1,500,000; Jacksonville, Fla., \$1,000,000; Albany, Ga., \$1,000,000; and Portland, Me., \$1,000,000.

LANDS QUALIFIES
TALLAHASSEE, Jan. 19. (AP)—Republican Carl K. Landes of Orlando qualified today as a candidate for the fifth district congressional seat now held by Rep. A. S. Hopkins, Jr., (D-Fla.).

William R. Davenport of Washington qualified to run for the state Senate from the second district. The position now is held by Senator Philip D. Seal of Pennsylvania.

Edgar Hoover Heads Boston Robbery Case

Chief Of FBI Personally Directs Investigation Of Boston's \$1 Million Hold-Up

BOSTON, Jan. 19. (AP)—The nation's top cop investigator, J. Edgar Hoover, head of the FBI, today took over investigation of the nation's biggest cash robbery Tuesday night's million dollar snatch from an express company, the Boston Traveler reported.

The Traveler said it was advised by Louis Nichols, the FBI director's assistant, that Hoover is personally directing investigation of the robbery, in which \$1,000,000 in cash and \$500,000 in checks were taken from the express company.

"Hoover is issuing the orders in this case," the newspaper said "it is being reviewed personally by the director, who is pursuing all logical leads." The Traveler quoted Nichols as saying:

Police scouring the city for apparently non-existent clues to the gun gang who robbed Bank's line in the company's north and amount of \$1,000,000 in cash and \$500,000 in checks. They were found through investigation of an informant's tip, even while the informant's story that he drove the holdup car was being discredited.

The funeral ceremony in Arlington, Mass., was held today. In addition to the President, Vice President Barkley, the cabinet, the justice of the Supreme Court, the diplomatic corps of ambassadors, the leaders of Congress with whom Arnold worked to build the United States Army Air Force into its mighty wartime power.

Asked to name also were the great generals and admirals who with Arnold framed the overall strategy and fought the battles. (Continued on Page 10)

High School Band To Start Series Of Winter Concerts

The 61 member Seminole High School Band will play the first of a series of concerts tomorrow night at 8:00 o'clock at the Seminole High School Auditorium in a 50-minute program led by the band director, J. H. Black, high school bandmaster.

An overflow crowd of members of the senior division and on Feb. 23, the day prior to the big band festival at Ocala a second evening concert will be given here. The third local concert will be on the evening of Mar. 21 and the fourth, Apr. 23 at 8:00 P. M., said Mr. Black.

Initial number of the program tomorrow night will be a string quartet dedicated to Florida by the noted composer, Henry Fillmore and entitled, "Men of Florida March."

An overture, "Tributes," and "Strawpolling," in the style made popular by Andre Kostelanetz, will follow.

For the benefit of devotees of slow swing, the well known "Louis Blues" by W. C. Handy will be presented in a special arrangement. "Light Trolley Overture," and popular tunes will wind up the program.

The band has volunteered to appear in a number of parades and celebrations during the past year, including the Armistice Day parade, the annual parade, and preparation now cordially invites the public to attend its concerts.

Mental Patient In Hospital Fire, Insane

DAVENPORT, Ia., Jan. 19. (AP)—Mrs. Elvora Epperly, 22, accused of setting the Mercy Hospital fire in which 41 persons were killed Jan. 7, is to be committed to a mental hospital.

The Scott County sanity commission ruled yesterday the attractive young woman of Rock Island, Ill., is insane.

County attorney Clark O. Filseth, who filed a charge of "murder in the perpetration of arson" against Mrs. Epperly said she would not be brought to trial. He said she admitted starting the fire. However, he said all evidence against her would be submitted to the county grand jury. Filseth said any indictment, the grand jury returns should be activated if she is found sane in the future.

PLENTY GOOD MEDICINE!
MOBILE, Ala., Jan. 19.—(AP)—A North American Bohawek Indian was arrested at Pensacola for illegal entry into the United States.

Leo Lickers, 21, admitted to immigration authorities that he slipped into this country from Canada Dec. 11. He said he was ready to take his medicine.

The Immigration Service checked further in Washington. It found it didn't have any authority to hold him.

Under a treaty signed between the United States and Great Britain in 1858, American and Canadian Indians are allowed to cross the northern border freely.

Truman Shrugs Off Byrnes, Coal Row; Hits Rules Change

Violence Flares In Coal Fields; Shortage Critical

WASHINGTON, Jan. 19.—(AP)—President Truman said today his former Secretary of state, James F. Byrnes, is a free agent who can do as he damn pleases.

That was his reply to a news conference question as to whether he had any comment on Byrnes' announcement that he will seek the Democratic nomination for Governor of South Carolina. Byrnes' latest has authorized the "far deal" program Mr. Truman is pushing.

From Mr. Truman these expressions:

There is no emergency yet in the coal mining situation. When there is one he will proclaim it and act.

He cannot comment on whether production of a hydrogen bomb is under consideration.

He suggested a proposed change in House rules that would restore the old process of the rules committee to handle legislation.

The question of whether to send another personal Presidential ambassador to the Vatican is under study. Marvin Taylor, assigned secretary from that post.

There will be no change in the status of the military aid, Maj. General Harry Vaughan, who was appointed by a Senate investigating committee yesterday for accepting seven deep fencers as a gift from a private company.

He thinks Missouri politicians are in general in agreement on a Democratic senatorial candidate. He reaffirmed his support for Emory Allison but said he doesn't know whether that means other candidates might withdraw from the primary.

He isn't mixing in primaries in other states. But he hopes after the primary that the people of Connecticut will vote for Frank B. Rowley.

South's Giant Newsprint Plant Starts Production

BIRMINGHAM, Ala., Jan. 19.—(AP)—A \$20,000,000 plant, once on a list of southern newspaper publishers, today is producing the first new domestic source of newsprint in more than a decade.

The Coosa River Newsprint Company's huge plant, which employs 1,000 men, is producing 400,000 tons a year at peak production.

Block in the company is held by 125 newspapers throughout the nation, and 119 newspapers have contracts for purchase of its products.

The plant was designed, built and will be operated by the Kimberly-Clark Corp. of Norwalk, Wis. It is located on 10 acres which were donated by the large child-labor industry works during World War II.

The company has a 40-year lease on an 18,000,000 power plant at the Coosa River, and also has a lease on the water filter plant used in powder-making operations.

The plant, about 40 miles south of Birmingham, will employ about 60 full-time workers, together with another 1,500 part-time and seasonal workers in woods operations. Pine will be used from the river valleys in the area.

A. G. Wakeman is executive vice president and general manager of the company. Donald Comer of Birmingham is chairman of the board of directors, and Edward L. Lybort of Birmingham is president.

About 4,000,000 tons of newsprint were used in the United States in 1949. Of this about 7 per cent came from Canada. Thus, at peak production, the Coosa plant would turn out about 3 per cent of U. S. requirements. U. S. mills produced 850,000 tons of newsprint during 1949. This would make the new plant's peak output about 11 per cent of production in the United States.

THURSDAY, JAN. 16, 1950

TODAY'S BIBLE VERSE

Isaiah caught a magnificent vision... Other prophecies now being fulfilled...

The battleship Misouri, stuck on a mudbank in Chesapeake Bay, has been called "the biggest sick-in-the-mud in the world"

Fire losses last year for the entire United States are estimated at \$667,536,000. That seems like a lot of money...

We are glad to see that Senator Pepper has changed his mind about never speaking to George Smathers again...

Florida cities netted a total of \$843,661 on the new cigarette tax for the month of November...

President Campbell of Florida State University speaking in Tampa the other night explained what is meant by Americanism...

Minister of the gospel ever preached a better sermon to his congregation than George Barr did...

On News Suppression

The refusal of the Supreme Court to review the Maryland news suppression case is disappointing. The case arises from a rule of the Baltimore county courts forbidding publication of certain types of crime news...

In an opinion appended to the announcement of the action, Justice Felix Frankfurter took pains to point out that the refusal to hear the appeal implies neither approval nor disapproval of the order of the Maryland Appellate Court...

The Court does not give explanations of refusal to review cases, but presumably it found not enough of a constitutional question involved to bring the case within its jurisdiction...

The attempt to suppress crime news was based on the premise that a fair trial for the accused might be hampered. An accused is entitled to a fair trial, and it does happen sometimes that pre-trial publicity makes it hard, even impossible, to obtain an unprejudiced jury...

Salisburys Of Britain

"There'll always be a Salisbury." The British Conservatives must feel that, or they might not have made the present Marquis of Salisbury leader of their party in the House of Lords...

The present Lord Salisbury, like his father, fails to come up to the really great modern member of the family, that Marquis who was prime minister for thirteen years before he retired voluntarily in 1902...

The Cecils, this being the family name of the holders of the marquisate of Salisbury, have been conscientious and conservative men. If they have a fault, it is that of being too far removed from knowledge of the ordinary man...

Atomic Control

The question of the control of the atomic bomb is one of vital importance in all discussion of the possibility of a permanent peace.

Clear insight into the matter would show, however, that it is not essentially the bomb which needs control, but the men who wield the power which defines its use.

The genuine, sincere wish for the abolition of force and the use of peaceful methods of settling disputes must be felt by all peoples and by their representatives.

Chinese War

Chinese warplanes dropped 200,000 leaflets over the area, proclaiming it a danger zone because of the danger of atomic attack.

The danger zone includes the Lukchow Peninsula, which extends out toward the Nationalist controlled Hainan Island, where yesterday the Nationalist commander announced that his planes and the Chinese Navy had smashed a Communist invasion fleet...

State Department officials checking on Communist broadcasts and Communist propaganda in the United States is planning to take over Formosa—forcibly, if necessary.

Mississippi River Flood Threat Eases

CHARLESTON, Mo., Jan. 15.—(AP)—The rampaging Mississippi River today inched slowly toward a truce, easing somewhat its threat along a 181-mile stretch downstream.

Some 12,000 persons in three states already had fled their lowland homes. Freezing weather added discomfort to flood warriers and to the few hundred refugees living in tents.

But the flooding river stood at 65.5 feet at Cairo, Ill., today and the weather bureau predicted a crest of 66.5 late tonight. The U. S. Engineers said this meant the Birds Point-New Madrid floodway, where 12,000 persons live, probably would not be flooded unless the river goes higher.

During the night a group of engineers at Wyatt, Mo., held an emergency meeting and rushed two truckloads of workers to construct a weak section of levee protecting the floodway. Some seepage had developed.

report in it, Wallace urged this country to work for a coalition government in China and predicted that China's leaders probably would emerge in a revolution. He was critical of Chiang Kai-Shek, the Nationalist leader.

Editor Injured In Freak Explosion Of Coffee, Brandy

DETROIT, Jan. 15.—(AP)—Certain favorite reading matter of Detroiters wasn't available today. And at the same time the Detroit Free Press was forced to cover a story which it wished had never happened.

Neither the Free Press' "Good Morning" column nor its "Tuffy The Dogster" was in print, a circumstance which was nothing less than remarkable.

For years they have been daily features. But the man who writes them both, editorial director Malcolm W. (Bing) Binney, 66, was flat on his back and helpless in a hospital bed.

Binney was critically burned in a freak incident at a banquet Tuesday night. A coffee and brandy mixture, known as "Cafe Diablo" ("Devil's Coffee"), blew up.

Grace Hospital reported early today that Binney's condition remained critical. He had been placed in an oxygen tent.

To be cooped up like that must be especially tough for a bluff, hearty man like "Bing."

The veteran editor-columnist, noted for his sharp wit and pungent comment, has never missed a day at thumping his typewriter if he could help it.

He was burned badly about his face, neck, hands and chest. He also had inhaled flame. Visitors have not been permitted him at the hospital.

Two others who were seriously burned, reporter's wife Joseph A. Gillis and James Massaroni, were reported resting well at receiving hospital.

The three, along with five others, were injured at the annual Gourmets' dinner of the AFL's cooks and musicians unions. Massaroni, cooks union official, was helping pour brandy when the

U.S. Issues Rebuke To Caribbeans For Warlike Attitude

HAVANA, Cuba, Jan. 15.—(AP)—The United States has sent out a diplomatically worded appeal to Caribbean nations to please quit quarrelling.

The appeal came out of the conference in Havana, a condensed version of a speech to the conference yesterday by Robert Butler, Ambassador to Cuba, whose embassy is host to the annual meeting.

Butler said the organization of American states had machinery to settle disputes, and that this machinery ought to be understood and used fully in time to prevent misunderstandings and conflicts.

Haiti recently charged the Dominican Republic with a plot to overthrow the Haitian government. The Dominican government replied that Haiti, Guatemala and some other Caribbean countries had for many months kept plots going to overthrow the Dominican president Rafael Trujillo.

Trujillo asked and got blank check authority from his congress to declare war on nations which plot against him.

The thing could be serious because Trujillo has the finest air force and navy in this area, and a well-trained, finely-equipped army.

Butler said misunderstandings "should not be difficult to settle providing the parties earnestly desire it and are willing to discuss their differences fully and frankly among themselves. The O. A. S., he said, "can and should set an example to the rest of the world." The O. A. S. is now investigating the Dominican-Haitian controversy.

Trujillo exploded, throwing fire across the table.

Sanford Forum

Rolland L. Dean, Editor, Sanford Herald, Sanford, Florida

Dear Mr. Dean:

At a recent City Commission meeting and discussion concerning the proposed Memorial Stadium, Ernest F. Housholder made a significant statement. He said that the stadium would not involve any tax money whatsoever. Maintenance of the structure would be accomplished with stadium income and still not involve any tax money, except the ticket tax and that would be paid only by those who enjoy the facility.

The local football field, if our memory serves us correctly, has been condemned annually since the war. This past season one game had to be transferred to Gainesville because needed repairs had not been made on the stands in time. This deprived local fans and high school students from seeing the game. The lights at the local football field are antiquated. It has been pointed out by Architect Elton J. Moughton, Sr., that the state school board says no funds will be expended for stadium until the urgent need for classroom has been met, for both white and colored schools. This will take approximately ten years according to an estimate. By that time the high school field will be a thing of the past and Croona would still be without facilities until that time.

Another deplorable situation is that the present high school field offers no accommodation for colored football fans despite the fact that this area has an unusually large number of colored sports fans.

We believe the people of Sanford should realize that in the future of professional baseball would be seriously jeopardized since no organization would provide baseball without accommodations for spectators. Should the stadium not become a reality what will the future hold for Seminole football activities? Will fans stand on the sidelines as they once did? What will the present young man

turing generation think of those of us who refused to take advantage of our opportunities?

We will not say that a stadium would prevent such things as that 17-year-old Negro youth stealing from a land-Morrison. Neither can you say it would not. Our young colored generation needs to be provided facilities for wholesome and constructive recreation. The stadium would help provide that activity.

Will Sanford progress, or will it recede? That question will be for the voters to decide March 7. For years Sanford people have scored non-progressive attitudes of city administrations. Now that we have a progressive administration let us look beyond the end of our noses and lend our support to the task of determining future progressive policies of city government and making city improvement become realities.

Most sincerely yours, Arthur Beckwith, Jr., and Julian Hestrom

Social Calendar

THURSDAY
Seminole Lodge No. 2, E. O. E. 3, will meet at 8:00 P. M. at the Myrtle Avenue Club.

FRIDAY
A fellowship supper will be held at the Herndon Avenue Chapel at 7:30 P. M.

Miss Fannie R. Munson will present Little Miss Ellen Vihlen in a piano recital at 7:30 P. M. in the Studio at 505 Myrtle Avenue.

Mrs. Oscar Price, music instructor for Seminole County schools, will present a musical program at the Tourist Center.

The incoming officers of Seminole Republican Lodge No. 43 will meet in the Odd Fellows Hall at 8:00 P. M. for rehearsal. All new officers are requested to be present.

SATURDAY
The Tourist Club will hold its weekly party under the direction of Tom Vernon. Refreshments will be served.

SUNDAY
The Tourist Club will sponsor an amateur night at 8:00 P. M. They invited all persons or groups to participate.

The Herndon Avenue Circle will meet at the Chapel at 2:00 P. M.

Civic Department Hears E. B. Stowe

E. B. Stowe, landscape architect, was the guest speaker for the regular meeting of the Civic Department of the Sanford Woman's Club held on Wednesday at 8:00 P. M. About 40 members were present for the luncheon and meeting.

Mrs. Stowe had as his subject "Beautification in Sanford" and he stressed simply as being an important part of landscaping. He stated that Sanford is fortunate in having good climate, soil and native oak trees to aid in beautification plans. He complimented the Woman's Club and Garden Club for work done towards beautifying Sanford but urged the use of more trees.

"People reflect the beauty of their own," said Mr. Stowe and added that Sanforitians have a great opportunity for creating beauty in the many parks and cemeteries. He suggested that plans be formulated for more beautification of school grounds and the lakefront drive from the Sand Shell to the bridge on the Lake Front Boulevard. In concluding he urged that live oaks and cabbage palmettos be planted on the drive overlooking the lake because they are native to this section.

The business meeting was conducted by Mrs. C. B. Dawson, chairman, and election of officers for the new year took place. Serving as chairman will be Mrs. William Russell; Mrs. E. G. Kilpatrick, vice chairman; Mrs. R. L. Hill, secretary; Mrs. Ben Wade, finance chairman; Mrs. John Melick, membership chairman and Mrs. Roy Tills, program chairman.

Mrs. Russell told of the annual hospital benefit bridge and campaign party to be held on Feb. 14 at the club house. Mrs. H. W. Rucker, sewing chairman for the Red Cross, spoke on the work being done by the Red Cross and the need of persons in this county for more aid. She asked the women to make layettes for needy families after which many members of the Civic Department volunteered for this work. Mrs. Hazel told of the Audubon Society in Sanford.

Personals

Rev. and Mrs. Moffat Plaxco of Louisville, Ky., spent several days here with Mrs. Lavinia's sister, Mrs. L. L. Woodruff, Sr.

Friends of Mrs. A. O. vonHerbille will regret to learn that she is confined to Fernald-Laughton Memorial Hospital.

Mrs. P. P. Campbell is slowly improving after an illness of three weeks at her home on Sanford Avenue.

Friends of Miss Maude Jenkins will regret to learn that she is confined to Fernald-Laughton Memorial Hospital because of illness.

Miss Mary Helen Fite has arrived from Emory University in Atlanta to be with her parents, Mr. and Mrs. K. W. Fite at their home on Celery Avenue.

Mr. and Mrs. William E. Kuder plan to leave this weekend for Atlanta, Ga. where they will attend the Southeastern Gift Show in the Atlanta Auditorium.

Dr. Henry McLaughlin plans to attend the Florida Optometric Association's mid-winter Congress of Optometry at the Florida Hotel in Tampa Jan. 22-23-24.

Mr. and Mrs. G. H. Carlton announce the marriage of their daughter, Mary Elizabeth, to Lucy R. Webb, Jr. of Valdosta, Ga. The marriage was an event of Jan. 12 in Lakeland, Ga. Mr. and Mrs. Webb are now residing at 615 Park Avenue.

Sherwood Davall has returned to his home at Hainesport, Md. after visiting in Sanford with his cousins, Mr. and Mrs. Robert Billheimer, for several days. Mr. and Mrs. Billheimer have also had as their guests during the past week George Umblicus and Helen Ruggles, both of Escambia, Cal.

Mrs. C. E. Carlton To Serve As President

Mrs. C. E. Carlton was elected chairman of the American Home Department of the Sanford Woman's Club at a meeting held at 8:00 P. M. at the club house on Tuesday. Officers elected to serve for the coming year with Mrs. Carlton are Mrs. R. W. Williams, vice chairman; Mrs. George Williams, secretary; Mrs. E. J. Moughton, Jr., finance; Mrs. J. W. Altman, membership chairman; and Mrs. J. L. Lee, program chairman.

Mrs. C. W. Johnson was welcomed into the group as a new member and Mrs. J. L. Lee announced that a household is asked to bring a household item to the February meeting as a prize will be awarded for the best idea.

Following the meeting Mrs. S. G. Harriman entertained the group by conducting games. Refreshments were served at the conclusion of the business meeting by hostesses Mrs. Roy Green, Mrs. H. L. Zimmerman, Mrs. William Stempier, Miss Carol Stone and Miss Elise Hattisohn.

Leon McAllister and Shirley Temple pictured with the king of tarts in Warner Bros. "The Story of Seabiscuit." Showing on the Ritz Theatre screen on Thursday and Friday.

Hollywood

HOLLYWOOD, Jan. 13—Mr. and Mrs. Glenn Ford may soon join the ranks of wife-husband film teams.

Mrs. Ford is tapster Eleanor Powell, who recently made a stab at a movie comeback by appearing in a musical. Now the couple is actively considering a screen teaming. Both are more or less free-lancers and can direct their film destinies.

Ford is also considering the reporter's role in "Born Yesterday." He realizes the part is less flashy than the other two, but he will be played by Frederick Crawford and Judy Holiday. But he may play it if Columbia will meet his terms.

Diane Dume is glowing over her work in "Come Share My Love." She says, "I'm a woman who has beautiful clothes on the screen and so do I. They'll notice clothes and comment on them, even if the picture wasn't too impressive."

She added that the picture's dresses are "really shorter than I like. But since the picture won't be released until the new short skirts are in vogue, I don't want to be caught with my skirts down."

Montgomery Clift is believed to be touring the country somewhere where he got credit cards on the transportation system's and "skipped town. There's little danger that he will be recognized. His head was shaved for final scenes in "A Place in the Sun."

Robert Mitchell hopes for a Western after he finishes "Whisper Rose for Julie" and "Saddle With a Gun" (with Jane Russell). He has been receiving letters from fans who have seen his old Westerns on television. Mitchell, who was puffing on a large cigar, remarked that his new year resolutions are to give up smoking and drinking.

Betty Hutton writes from San Valley that she and Ted Riskin may head for Florida after she has enough skiing. "Ticket demand has already begun here for 'South Pacific,' which doesn't open until May. It will stay eight weeks but the number of tickets will be limited to each customer. Producer Walter Wanger is back setting up the Gage picture, which he says he will make 'Some years.' He reports that his 'Joan of Arc' is the biggest seller in Europe. Evidently the publicity hasn't hurt Ingrid Bergman there. Pat O'Brien plays his fourth picture in "Bank Challenge" in Mexico. Robert Rossen's company is flying in Robert City for locations of "The Brave Bull." Republic

Story And Quiz Held At Auxiliary Meet

An interesting program composed of an illustrated story and posed quiz was presented on Tuesday at a meeting of the American Legion Auxiliary at the Legion Hut. The program followed a covered dish supper at 6:30 P. M.

The program was under the direction of Mrs. S. J. Nix, president of the Sanford Story League, who presented Mrs. Fred Robb. Mrs. Robb related a story which was illustrated with dancers, Sally Chase, Mrs. A. B. Duxbury and Nancy, Sally and Judy Robb.

The musical quiz was conducted by Harry Westey. Decorating the rooms were lovely arrangements of red berries and greenery over 60 fourths and about 10 Auxiliary members were present.

To make a rich and delectable creamed custard, cover a can of condensed milk with water and boil for three hours, adding more hot water if necessary to keep the can covered. Then put the can in the refrigerator until it is well chilled. Open at both ends and shake the custard. Serve slices of the rich custard confection on rounds of sponge cake with a spoonful of whipped cream for each portion.

Reheat ready bought doughnuts before serving and accompany them with hot spiced cider for an evening snack. Or split the doughnuts, sprinkle the halves with cinnamon and sugar, and put under the broiler until lightly browned.

For a really de luxe chicken or turkey salad add celery and toasted almonds to the poultry cubes and moisten with mayonnaise. That has been seasoned with lemon juice, celery salt, and a little onion juice. Serve on salad greens and garnish with a tiny bunch of grapes.

Hester Yates has been calling on the "Jet Pilot" set at RKO to see John Wayne. Guess he's figuring out how to split profits on "Two Girls."

Both Roman has crushed the top 10 list in fan mail at Warner. With only three released pictures, Doris Day leads the list. The latest "Sherry's" The Sunset Strip night where Mickey Cohen and party were blasted with shot guns is making a comeback as the Beauville.

Past Matrons Hold Initiation Dinner

The Past Matrons Club of Seminole Lodge No. 2, Order of the Eastern Star, held its annual initiation and banquet dinner at the Masonic Hall on Monday at 8:30 P. M. with the Junior Past Matron, Mrs. Edson Galt, and the Past Matrons as guests.

The banquet hall was beautifully decorated with red, white and greenery, and each guest received a memento of the occasion.

The business session was held at 8:00 P. M. with Mrs. Joe Corley, president, presiding. An initiation ceremony was conducted for Mrs. Galt and was followed with routine business.

Those attending the banquet were Mr. and Mrs. Turner, Mr. and Mrs. E. Hodes Wright, Mrs. Edson Galt, Mrs. Corley, Mrs. John Courter, Mrs. G. W. Bailey, Mrs. Frank Crosby, Mrs. Stuart Dutton, Mrs. A. D. Shumaker, Mrs. L. M. Tyre, Mrs. Ed Routh, Mrs. L. H. Brown, Mrs. R. C. French, Mrs. Jack Hurry, Robert Williams, Leslie T. Sheppard and John Galt.

Ellen Vihlen To Present Recital

Ellen Vihlen, nine year old daughter of Mr. and Mrs. Eric Vihlen, will be presented by the Fannie R. Munson Piano School in a recital, Friday evening at 7:30 P. M. in the studio at 505 Myrtle Avenue.

Little Miss Vihlen, who is now in the fourth grade in school, began piano study at the early age of six. Miss Munson said she is the first pupil at this age who has studied under her, to qualify in credits and ability to give her own recital.

Ellen has taken an active part in music in school, radio, and other musical events. Frances Johnson, Linda Barnhill, Irma Jean Conroy, Marcella Loecheit, Shirley Morgan, and Dottie Williams, will assist with several groups of songs under the able direction of Mrs. Claude D. Donahay.

Cecilian Music Club members and friends of Mr. and Mrs. Eric Vihlen are extended a cordial invitation. The entire program will be as follows:

- "Victory March" Leoita Billwell
- "Spanish Rose" Maxwell Eckstein, Ellen Vihlen
- "The Keeper" Chorus
- English Folk song "Minuet in G" Beethoven Ellen Vihlen
- "The Frog Went A'croaking" Appala-hien Mountain song Chorus
- "Pansy" Milo Deyo Ellen Vihlen
- "The Skaters Waltz" Emilia Waldtaufel Chorus
- "Nola" Felix Arndt Ellen Vihlen.

Mrs. Pope, Marshall Azalea Hostesses

Mrs. Fred Pope and Mrs. W. M. Marshall were hostesses for the monthly meeting of the Azalea Circle of the Sanford Garden Club on Friday night at the Pope home. Mrs. E. C. Harper, president, presided over the meeting and election of officers was held.

Mrs. Roy Tills was elected as the new chairman; Mrs. J. P. Collier, vice chairman; and Mrs. John Clark, secretary-treasurer. Delegates were voted upon to attend the annual convention in West Palm Beach and are Mrs. Harper and Mrs. L. E. Spencer with alternates being Mrs. W. R. Jennings and Mrs. Roy Tills.

Following the business meeting Mrs. Spencer talked to the group on the glorious lily after which refreshments were served. Those present were Mrs. W. E. Varn, Mrs. J. M. Hays, Mrs. C. L. Redding, Mrs. Henry McLaughlin, Jr., Mrs. J. P. Collier, Mrs. J. M. May, Mrs. Marshall, Mrs. Pope, Mrs. Tills, Mrs. J. A. Young, Mrs. Henry Russell, Mrs. P. H. Lansing, Mrs. Al Hunt, Mrs. J. L. Clark, Mrs. O. P. Harriman, Mrs. Spencer, Miss Millie Kirkhoff, Mrs. E. A. Monforton, Mrs. Harper, Mrs. W. P. Florida, Mrs. W. B. Wray, Mrs. Jennings and Mrs. Bill Tyre.

In treating poultry use unadorned fat to rub on the skin. Salt is likely to make the bird's skin blister, also be enjoyed during the evening.

Swain Home Scene Of Ware Class Meet

Mr. and Mrs. L. M. Swain, Mrs. Carl Thompson and Mrs. J. R. Henshaw entertained members of the R. W. Ware Bible Class of the First Methodist Church on Tuesday night at the Swain home, 614 West Twentieth Street.

President P. H. Wyatt presided over the meeting with the devotional being conducted by Mrs. R. U. Hutchinson. Reports were heard from the various committee chairmen and plans were made for a study course on Methodist Doctrine to begin on the first Sunday in February.

The class voted to hold the next meeting at McKinley Hall on Feb. 21 at 7:00 P. M. to begin with a covered dish supper. Refreshments were served at the conclusion of the meeting to Mr. and Mrs. R. U. Hutchinson, Mr. and Mrs. P. H. Wyatt, Mr. and Mrs. W. W. Tyre, Mr. and Mrs. Spauld, Mrs. Carl Thompson, Mrs. J. W. Angelo, Mrs. J. H. Hutchinson, Mrs. A. E. Moran, Miss Norine Norwood and R. W. Ware.

BANCE PLANS MADE

The Sanford Business and Professional Women's Club will sponsor a dance on Saturday night at the Flight Deck at the Sanford Municipal Airport at 8:00 P. M. Canasta and other games may also be enjoyed during the evening.

Why not invest in: An ESSENTIAL COMPANY in a SOUND and GROWING State!

FLORIDA POWER & LIGHT COMPANY renders vital electric service to a very large part of the state of Florida -- including most of the fastest-growing areas in this fast-growing state. As a result, the Company has more than doubled the generating capacity of its power plants since the war... and it still growing rapidly. You can share in Florida's growth and prosperity by becoming an owner of its largest electric utility. Here are the details:

Check these facts about FLORIDA POWER & LIGHT COMPANY:

1. Electric Revenues of FLORIDA POWER & LIGHT COMPANY are up 47% over 1933 -- twice the gain of the Electric industry as a whole. Yet the price per KWH for residential customers is less than half what it was in 1933.
2. The Company's business has been well sustained even in times of general economic depression. For example, in 1938 when the revenues of the Electric industry declined, FLORIDA POWER & LIGHT COMPANY increased 6 1/2%.
3. A large proportion of the Company's plants and equipment are new. Generating capacity of the Company's power plants has been more than doubled since the end of the war.
4. The Company's capital structure has been importantly improved in recent years.
5. Earnings for the 12 months ended Nov. 30, 1949 were equivalent to \$1.14 per share of Common Stock.
6. Dividends of \$1.20 per share paid in 1949 represented only 55% of net earnings.
7. At prevailing market prices the stock provides a yield of about 5 1/2% based on a \$1.20 dividend rate.

We have prepared a study of FLORIDA POWER & LIGHT COMPANY Common Stock, and will be pleased to send you a copy. If you wish additional details, see your own banker or investment dealer, or call

Florida Youth Stars At Center For Kentucky 5

Foot Center Averages 15 Points A Tilt In 2nd Year

ATLANTA, Jan. 18 (AP)—It's a fine thing that Bill Spivey of Kentucky is peace loving on a basketball court...

Sports In Brief

LOS ANGELES—Sammy Sneed defeated Ben Hogan in an 18-hole playoff for the Los Angeles open golf title, 12 strokes to 75.

BLANCK—Bob Feller signed his 1950 contract with the Cleveland Indians for a reported \$40,000.

NEW YORK—Tommy Howard, New York Yankee outfielder-first baseman, signed his 1950 contract for a reported \$40,000.

MIAMI—Missal (\$47,700) won the Florida state tennis title with a 6-1 victory over Ed Williams.

NEW ORLEANS—Yogi Berra won the Gentilly handicap at Fat Grounds.

ARCADIA, Calif.—Old Kirkport (\$31,700) won the multi-city trial handicap at Santa Ana.

PINEHURST, N. C.—The football rules committee decided to keep the free substitution rule and gave other team free time-outs in each half for additional substitutions.

Rule Changes To Give Teams More Free Timeouts

PINEHURST, N. C., Jan. 18 (AP)—College football, 1950 version will be changed drastically as far as the man in the stands is concerned, but coaches and players will note some differences in the fall.

The football rules committee of the National Collegiate Athletic Association came up with two rather important changes and several lesser ones last night as it concluded three days of deliberations.

Substitution and offensive blocking were the two topics receiving the most attention, in following the leads of the coaches' association which last week recommended both changes, the committee indicated that it believes the two-point style of play is more than a passing fancy.

In addition it moved to curb the illegal use of elbows.

The number of free timeouts allowed a team was raised from four to five for each half.

In addition, free timeouts are now available to substitutions from the bench. Such changes may be made without penalty while the clock is running, until a team's allotted five free timeouts are exhausted. This will permit insertion into lineups of specialists, such as kickers, which last year called for a five-yard penalty.

Under the new offensive block rule if a hand or forearm is used in blocking an opponent it will be kept below the shoulder of the man blocked and in contact with the blocker's body throughout the block. Such changes will happen when the man opposing the blocker charges in low affording the small target below the shoulders remains to be seen.

Other action saw the elimination of provisions regarding the fair catch, flying block and flying tackle which the committee said have fallen to disuse in the past few years. While the rule seems technically to legalize flying block and flying tackle the committee showed no concern in that that style of play is obsolete.

The previously little noticed man holding the ball for a point after touchdown rule came in for attention and protection. If he is unsuccessful his team will be given another kick. If he is successful the point is made and the offending team will be penalized 15 yards on the next kick-off.

Gator Tennis Squad Seen As Ace Conference Threat

GAINESVILLE, Jan. 19 (SPECIAL)—Although several Florida athletic teams are expected to more than hold their own in intercollegiate competition this spring...

Council Harry Fogelman, former Duke star on the courts, has brought the tennis squad into southern prominence in two years, and this season the Gators are expected to be a major threat.

The time man Gator net squad is strong all the way down the line with several top notch players being named to the upper three of the brackets.

Leading the Gators in top seed is Ted Prior, West Palm Beach, who was named to the Florida Tennis Team last year.

Behind Prior are such stalwarts as Jim Wilson, Orlando, Leon Wilson, Lake Wales, and Bert Wilson, Lake Wales.

Wilson was the Florida champion in the recent Florida Public Courts Tourney held in Jacksonville.

The Gators are expected to be a major threat in the Southeastern Conference this year.

Ted Williams Is Highest Paid Major League Baseball Player

NEW YORK, Jan. 18 (AP)—The popular baseball argument who draws the biggest paycheck, Williams, Dimaggio or Feller?

It's Williams, the Boston Red Sox's fly hawk, is almost sure to stand out by himself as the highest paid employee on the major league diamonds.

Cleveland's hot Feller, his one-time fireball now just lukewarm, took a reported \$20,000 salary increase yesterday.

The New York Yankees' slugger, a contract for \$15,000, is expected to face a \$20,000 season-long tax headache.

This would move these two baseball capitalists from the Ruthman pay brackets, leaving Williams with the No. 1 income tax headache.

The Boston outfielder received \$100,000 for his efforts last season, according to reliable reports, and there is no reason to believe he won't take an equally large package this year from Tom Yawkey's millions.

He led the American League in almost every offensive department, losing the batting championship by the margin of a scratch single.

Williams led in some runs, 33; runs scored, 130; total bases, 308; and two-base hits, 67. These give him strong talking points when pay-talks begin.

Meanwhile, Feller, the onetime \$30,000-a-year mound wonder, won 15 and lost 11 games and pitched 147 1/3 innings.

He pitched 147 1/3 innings, pitched 147 1/3 innings, pitched 147 1/3 innings.

He pitched 147 1/3 innings, pitched 147 1/3 innings, pitched 147 1/3 innings.

Judith Coplon To Stand Trial On Spy Charge

Trial To Begin Tuesday For Ex-Government Employee, Russian Boy Friend

NEW YORK, Jan. 20.—(AP)—Federal Judge Sylvester J. Ryan ruled today that Judith Coplon and Valentin A. Gubichev must stand trial on spy conspiracy charges. The ruling came after six weeks of hearings through which the brunette ex-government girl and the Soviet engineer sought to get the indictment against them dismissed. Ryan denied defense motions to throw out the charge on the ground that the government's case depended solely on witness evidence. The judge ordered that the trial begin next Tuesday.

Draft Defended As 'Scare' Move Against Soviets

Defense Head Calls For Extension Of Selective Service

WASHINGTON, Jan. 20.—(AP)—Defense Secretary Johnson asserted today that the Draft Act was "one of the decisive factors in stopping the spread of Communism in Europe."

Speaking for extension of the law now due to expire next June, Johnson told the House Armed Services Committee: "Termination of selective service could well be interpreted abroad as an indication that this country does not consider the international situation as serious as previous arguments in favor of the foreign military aid program and the North Atlantic pact indicated."

He suggested also that failure to extend the draft law might seriously undermine the position of U. S. military establishments in other countries to the North Atlantic Pact. Those countries have their own draft laws.

Johnson said the United States ambassador to Moscow had reported the passage of the peace-time draft act in 1948 "came as a thunderous shock to the men of the Politburo." He credited it with boosting morale of the free nations of Europe, and helping lead Italy to vote down Communism in 1948.

Hot Rod Tag Game Ends In Shooting

SAN FRANCISCO, Jan. 20.—(AP)—A San Bruno, Calif., youth was shot and critically wounded last night after a hot rod game of automobile tag on a lonely stretch of the coast highway south of here.

Victim of the shooting was Fred H. Schoene, 20. At San Mateo Community Hospital doctors said Schoene had been shot in the groin, shoulder and arm, and twice in the legs.

Two eye witnesses to the shooting said the gun wielders were two boys about 17 or 18 years of age who forced Schoene's car to the side of the highway near Sharp Park, five miles south of San Francisco. Police threw up road blockades in an effort to intercept the pair. Chief Deputy Sheriff Walter Moore of San Mateo County said he was not satisfied as to the cause of the shooting. Automobile tag consists of rival drivers—sometimes involving several cars—trying to force one another off the road.

ALLERGIC NEWSPAPERMAN PARADISE, Calif., Jan. 20.—(AP)—Allergy, Schmalberg, says newspaper editor Frederick U. Runyon, what to do?

Runyon, who works for the Pasadena Independent in Huntington Memorial Hospital for treatment of asthma.

He is allergic, doctors have told him, to blue grass, oak, dogwood, and printer's ink and gasoline.

Negroes May Attend Florida Universities

State Supreme Court To Rule On Board Of Control's Plan

TALLAHASSEE, Jan. 20.—(AP)—The State of Florida is prepared to offer instruction temporarily to Negroes at its white colleges if the Supreme Court rules present arrangements for their education are not equal.

The plan was disclosed for the first time today in a board of control resolution of Dec. 21 attached to the board's answer to a suit by five Negroes who seek to force their admission to the university of Florida.

The Negroes' attorney promptly responded with a petition to the Supreme Court for an immediate order requiring their admission.

The board of control proposal would have the Negroes enroll at Florida A. and M. College for Negroes, which would arrange for their instruction at white colleges temporarily until adequate facilities for their courses are established at FAMC.

The resolution authorizes establishment of the courses sought by the Negroes as soon as possible at the Negro college.

If, however, the supreme court should rule such efforts do not meet the requirements of equal educational opportunities for Negroes, Florida A. and M. college is authorized to enroll the applicants and arrange for their instruction at white colleges.

Zone Board Reports On Building Rule

The City Zoning Board, acting last night on a City Commission request that efforts be made to see if any R-1A residential area could be modified to permit construction of smaller homes, reported that the Franklin Terrace area near French Avenue and Twenty-fifth Street is the only area under consideration where the floor area can be reduced.

City Manager Clifford McKibbin said the City Commission has set a hearing on Feb. 2 to hear the R-1A status, but recommended that the Board be allowed to make up the 1,000 square feet required for area of homes to be built in this section.

The Board turned down a request for section of a filling station at Mellonville Avenue and Rosella Drive.

FIRE DAMAGE
Fire of undetermined origin caused considerable damage to the stock and contents of the Tire and Repair Shop operated by Milton Reel at Thirteenth Street and Cleander Avenue at 1:10 o'clock, Fire Chief M. N. Cleveland reported. Patrolman Jack Hickson and Max Bann discovered the blaze and turned in the alarm.

HORRIBLE MISTAKE
HULL, England, Jan. 20.—(AP)—Seaman James Pearson is doubly sorry. He was fined 1 pound (16.01) yesterday for stealing a four-and-a-half-gallon beer barrel. He told the policeman who arrested him: "I made a horrible mistake. It was empty."

U.S. Delivers Warning Blast At Bulgaria

State Department To Break Diplomatic Relations If Recall Note Stands

WASHINGTON, Jan. 20.—(AP)—The United States threatened today to break diplomatic relations with Bulgaria unless that Communist country withdraws its demand for the recall of American Minister Donald R. Heath from Sofia.

A Bulgarian note replying to the Bulgarian recall request was ordered delivered to the Bulgarian government in Sofia. It was also handed to Dr. Peter Voutov, ranking Bulgarian diplomat here.

The note described the demand for Heath's recall as simply the latest of a "series of indignities and restrictions" which have made it virtually impossible for the U. S. diplomatic mission in Sofia to carry on its duties.

The American note added: "Accordingly, unless the Bulgarian government withdraws its note of January 19 and demonstrates a willingness to observe established international standards of conduct, the United States Government must conclude that the Bulgarian government does not desire to maintain normal relations."

In these circumstances, the United States government will be obliged to withdraw the United States diplomatic mission from Bulgaria and ask for the recall of the Bulgarian diplomatic mission from the United States.

Meanwhile a big majority of the United Nations is expected at the next General Assembly to repeal the ban under which members governments have withdrawn ambassadors or top flight ministers from France Spain.

This was the view of many United Nations delegates after Secretary of State Dean Acheson announced that night the United States has changed its mind and would support such a proposal to return ambassadors to Madrid.

A U. N. repealer of previous debarment orders of ministers in Madrid is likely to come before the next assembly scheduled for next fall or earlier if there is a special spring session.

A French position would not affect a resolution of the first U. N. assembly in London barring France from membership in the United Nations. Spain never has applied to the U. N. and any application from France is certain to run into the Soviet Russian veto in the Security Council.

In Fontainebleau, meanwhile, Madame Chiang Kai-Shek said today the "Continued on Page Six"

Kurlander Wins Over Visiting Tennis Pro

Sanford tennis fans last night witnessed the second of a two-day exhibition match held at the Mayfair Inn courts with Pro Hub Kurlander as the host to visiting players.

Eddie Copeland, former Rollins coach and present instructor at the Daytona Beach club, lost to Kurlander 4-6, 6-4, 10-8 in a hard fought match that brought out a gallery of nearly 100 enthusiastic fans, mostly from the Mayfair Inn visitors.

Charles Morrison, local tennis player and well known umpire officiated at the match.

Mayor Lew Arnold To Run For Legislature

Mayor H. G. (Lew) Arnold of Longwood announced today that he will be a candidate for the State Legislature in Group No. 2, subject to the Democratic Primary.

Mr. Arnold added that he reserves the right to withdraw at any time if promised support from his friends throughout Seminole County fails to materialize.

Mayor Arnold was elected to his present office in Longwood on a write-in vote on Dec. 7, 1948 after serving six years as chairman of the City Council. He came to Longwood from Akron, Ohio, in 1944, and is a citrus grower and real estate broker. He is also president of the Seminole County Citrus Growers Association and organized the Haldeman Brush Co. which he recently sold.

PHIENT GOES TO MOSCOW
MOSCOW, Jan. 20.—(AP)—The Rev. Louis Robert Brassard, Roman Catholic priest from Massachusetts, arrived here today to take up his duties as priest to American Catholics in the Soviet capital.

Father Brassard, 35, who was a teacher at the Assumptionist College in Worcester, Mass., will assume his post at once. He will officiate at Moscow's Church of St. Louis of the French.

Truman Wins First Round Of House Civil Rights Battle

As 'Big Mo' Ran Aground In Hampton Roads

ONLY U. S. BATTLESHIP NOW IN SERVICE The mighty Missouri battleship, a world bank in Hampton Roads near Norfolk, Va., at a point known as "Hampton Roads." When logs which were stacked to the water's edge and could not get far off, she decided to sail for an Army change to New York. The battleship on which Japanese surrenders terms were signed, was a floating crane when it was captured. (International)

Theory Of Hydrogen Bomb Is A Simple Process Of Fusing Atoms

NEW YORK, Jan. 20.—(AP)—A hydrogen bomb is merely a lot of hydrogen gas which explodes by the simple process of fusing hydrogen atoms together to form helium gas.

In this fusion a lot of energy is given off. The amount is seven times greater than the energy from a typical fission of the splitting of an A-bomb. The hydrogen bomb is about 1000 times stronger than an A-bomb because of possibly less trouble in handling the materials.

To produce this explosion you need temperature and pressure of millions of degrees and conditions such as exist in the sun. An A-bomb gives you both heat and pressure, but you need both to get off a hydrogen bomb.

The trouble is that the heat and pressure that hydrogen does not get to the sun and has to make the heat. But the change is not directly hydrogen into helium. The hydrogen first changes into helium and then down the scale to helium is the final product.

That process may take a long time to launch an explosion. It would also require many times more carbon in the bomb than hydrogen. There is no evidence that it is faster than the hydrogen bomb.

On the other hand, the prospect for success rest on a number of facts. One is that security may be better than that of the A-bomb. This means possible short cuts to be discovered. It is a fact that

Florida's Warm Weather Retards Crop Growth

ORLANDO, Jan. 20.—(AP)—The U. S. Department of Agriculture today reported that the weather and very light frosts were setting back some truck crops.

Some recovery has been made, however, in the Pompano section, the report said, but production will continue on a curtailed basis for several weeks.

Potato and tomato crops in Florida were reported as generally fair to good although slightly behind normal schedule.

In the Everglades, harvesting of celery, cabbage and potatoes is active and winter potato digging has begun at Fort Myers. Manatee section tomato harvest continues active but the crop is suffering from lack of rain.

Growing conditions have been generally satisfactory in central Florida with active harvesting now of celery and cabbage in the Sanford area.

Production of strawberries around Plant City should reach production peak around the first of February; planting of cabbage and potatoes in the Highlands area is nearing completion and cabbage harvesting is under way.

Farm operations are active either preparing or planting crops for spring harvest, the report said.

Warren Terry Entertains Club With Light Opera

NEW YORK, Jan. 20.—(AP)—Warren Terry, a leading actor in the realm of Light Opera and Musical Comedy for many years, entertained a group of club members before an enthusiastic gathering at the Seaside Dinner Club.

Mr. Terry, who has been a member of the club since 1948, was accompanied by Robert LeBaron, chairman of the Military Finance Committee of the Atomic Commission.

Mr. Terry, who has been a member of the club since 1948, was accompanied by Robert LeBaron, chairman of the Military Finance Committee of the Atomic Commission.

Administration Backers Defeat South's Democrats And GOP In House Rules Vote

WASHINGTON, Jan. 20.—(AP)—The House Administration today lost an effort by Republicans and southern Democrats to change the House rules and gain control of the legislative process there.

The bill, all in all, against changing the rules was 216-183.

There were 100 votes in the House when the bill was introduced.

Before the vote a top Republican and a top Democrat agreed that the bill was a "whether or not" matter. The bill would succeed if it passed.

Rep. Lee Allen (R-Mo.) put it that way.

Speaker Rayburn (D-Tex.) said Allen had put it that way correctly and should be.

When the election in 1948, Rayburn said.

Meanwhile the joint Senate-House subcommittee got an advisory report today from the national top military leaders on the hydrogen bomb.

General Hoyt H. H. Bradley, Chairman of the Joint Chiefs of Staff, gave it to the committee in an hour and a half meeting behind closed doors in a secluded Capitol room.

He was accompanied by Robert LeBaron, chairman of the Military Finance Committee of the Atomic Commission.

Senator M. W. DeLoach (D-Calif.), joint committee chairman, told reporters after the meeting: "General Bradley and Mr. LeBaron discussed with the committee some matters pertaining to our national defense, in which, of course, atomic matters were discussed."

Mr. DeLoach would neither confirm nor deny that the hydrogen bomb had kicked up a sharp new controversy in military administration circles, was discussed. Experimental work on the weapon is being reported to be under way.

The decision whether the United States should build more ahead of the hydrogen bomb, which has been left up to President Truman, he left the door open on the question yesterday when he said the bomb was "a race that is being run."

Mr. DeLoach would neither confirm nor deny that the hydrogen bomb had kicked up a sharp new controversy in military administration circles, was discussed. Experimental work on the weapon is being reported to be under way.
