

Big Season Expected For Oranges

LAKELAND (UPI)—Florida Citrus Mutual has predicted a big season for fresh oranges. General Manager Robert S. Rutledge estimated fresh orange shipments would go up 20 per cent regardless of the crop size, which he figured at between 86 and 92 million boxes.

Last season's crop totalled 86 million boxes.

Rutledge also said fresh orange exports would more than double this year because of relaxed restrictions on artificially colored fruit in foreign markets.

He said fresh fruit channels would use 18,800,000 boxes if the total crop is 86 million boxes, and 21,875,000 boxes if the total crop reaches 92 million boxes.

The Mutual official forecast exports of 350,000 boxes based on the 86 million box crop and 650,000 boxes if the crop is 92 million boxes.

Mutual reported Saturday that groves in the citrus belt were in good condition despite heavy rain all summer.

The cooperative said in its first crop condition report of the new season, "More growers are finding a better total crop of early oranges than was expected a few months ago."

WASHINGTON (UPI)—Organized labor is moving rapidly to comply fully with the new union reform law but finds many of its provisions "puzzling," an informal survey indicated today.

The corruption-tainted Teamsters seem to have taken the lead in making sure they conform to requirements of the statute which labor leaders have described as a "killer."

Penalties for violation of the act—jail terms and fines up to \$10,000—are spurring efforts by union officials to get prompt compliance.

To Analyze Law
Attorneys of several AFL-CIO unions said, however, that they still don't know what the law requires of their organizations. For that reason, labor lawyers plan-

CHECKING EPIDEMIC—Dr. Martin Goldfield, coordinator of the New Jersey virology program, is shown in his Trenton laboratory as he injects a white mouse with specimen from a person believed to have died from encephalitis. The test will determine if it is the eastern equine type, which already has claimed eighteen lives in South Jersey counties.

Legal Notice

IN THE CIRCUIT COURT OF THE NINTH JUDICIAL CIRCUIT IN AND FOR SEMINOLE COUNTY, FLORIDA.

IN CHANCERY 10082.
SUIT TO QUIET TITLE
BERTHA M. LONG, Plaintiff,
vs.
G. EDGAR RUSSELL and
RUSSELL, his wife, Defendants,
NOTICE TO DEFENDANTS
TO: G. EDGAR RUSSELL and
RUSSELL, his wife, if they are living, and if they are dead, their unknown heirs, devisees, spouses, grantors, sponsors, grantees, creditors, licensees, trustees, and assigns, and all of the parties having or claiming to have any right, title and/or interest in and to the property hereinafter described, said land situate, lying and being in Seminole County, Florida, to-wit:

Lot 14, Block 48 of MANLAW'S TRAIL SUBDIVISION BEAUTIFUL OHLAND SECTION, according to the Plat thereof recorded in Plat Book 2, Page 48 of the Public Records of Seminole County, Florida.

YOU ARE HEREBY NOTIFIED that the Plaintiff herein has instituted a suit against you in the Circuit Court of the Ninth Judicial Circuit, in and for Seminole County, Florida, and being in Seminole County, Florida, as hereinabove more particularly set out. You are hereby required to file your answer with the Clerk of the Circuit Court, in and for Seminole County, Florida, and serve a copy thereof upon Winderweide & Hunter, 224 Park Avenue South, Winter Park, Florida, Attorneys for the Plaintiff in the above action, on or before the 2nd day of November, 1959, else a Decree Pro Confesso will be entered against you.

IT IS ORDERED that this be published in the SANFORD HERALD, a newspaper published in Seminole County, Florida, once each week for four consecutive weeks.

WITNESS the hand of the Clerk of the Circuit Court, Seminole County, Florida, this 21st day of September, 1959.

D. P. HERRON,
Clerk of the Circuit Court,
Seminole County, Florida.

AFTERMATH OF GASOLINE TANK BLAST-FIRE—Nine persons who had been sleeping in the house at right were injured when a giant two-million-gallon gasoline tank exploded and burned in the Esso Standard oil refinery yard at Charleston, S. C. The holocaust was only about three miles from Charleston's downtown area that was badly battered by Hurricane Gracie.

Organized Labor Moving To Comply With Puzzling Union Reform Bill

WASHINGTON (UPI)—Organized labor is moving rapidly to comply fully with the new union reform law but finds many of its provisions "puzzling," an informal survey indicated today.

The corruption-tainted Teamsters seem to have taken the lead in making sure they conform to requirements of the statute which labor leaders have described as a "killer."

Penalties for violation of the act—jail terms and fines up to \$10,000—are spurring efforts by union officials to get prompt compliance.

To Analyze Law
Attorneys of several AFL-CIO unions said, however, that they still don't know what the law requires of their organizations. For that reason, labor lawyers plan-

ned to analyze it further at meetings this week.

Top government officials, recognizing the need to answer unions' queries on how they plan to enforce and administer the act, have been wrestling with its provisions, too.

Stuart Rothman, general counsel of the National Labor Relations Board, has announced that he will hold a series of talks with representatives of labor and management after this month to try to answer "many questions raised by the new law."

Board To Decide Miami Integrated School's Future

MIAMI (UPI)—The Dade County School Board is expected to decide Wednesday the future of Miami's integrated Orchard Villa Elementary School.

The decision could be to end the token experiment by turning the school into an all-white or an all-Negro school, or to abandon it by admitting more Negroes.

The school has a capacity of 400 pupils but has been operating with only a handful of whites and four Negroes since the school term began. The current enrollment is 14 whites.

Some board members are reported to be in favor of admitting additional Negro pupils from the predominantly Negro neighborhood. So far, more than 100 Negroes have asked admission to Orchard Villa.

However, some observers predict that if large numbers of Negroes are admitted, white students at Orchard Villa will transfer to other all-white schools.

The school board also has on its agenda Wednesday the final assignment of the county's 150,000 pupils, all technically attending schools on a temporary assignment basis. Among them are eight Negroes who have asked to be assigned to all-white schools and are expected to be turned down.

Poison from a honeybee's sting is as powerful, drop for drop, as rattlesnake venom, says the National Geographic Society.

HAPPINESS THROUGH HEALTH
BY DR. F. LEO KERWIN

Are you aiding your enemy?

Time is your worst enemy when it comes to matters concerning your health. Time can convert a curable cancer into a fatal growth. The passing of only a day or two can make the difference between a sore throat and a far advanced diphtheria. A very short time can transform a functional heart condition into serious organic heart disease.

—Every minute that passes after the beginning of disease increases the odds which the doctor must fight. There are numerous methods of diagnosis and treatment available today that were unknown a few years ago. Yet well equipped as he is, with all these newer methods of fighting disease, your doctor is often handicapped by his worst enemy, time. Your spine does much more than help hold you upright, its most valuable function is the protection of a vital part of your nerve system. That is why even a slight spine failure is to be most carefully guarded against. When there is any degree of spine failure the result is that some body tissues are being deprived of the necessary nerve control or influence they need to function normally.

Are you or anyone in your family aiding your worst enemy, Time, by saying, "I'll wait and see how I feel tomorrow." For tomorrow or next week or next month, Time may have piled up tragic obstacles to your recovery.

Are you a Chiropractic Case?

One of a series of articles published in the public interest to explain and illustrate the practice of scientific Chiropractic, written by Dr. F. Leo Kerwin whose office is located at 201 S. French Ave. and his telephone number is FAirfax 2-7442.

The Sanford Herald

VOL. XLIX United Press Licensed Wire Established 1908 TUESDAY, OCTOBER 6, 1959 SANFORD, FLORIDA NO. 535

Juvenile Judge Denies Kid Glove Handling Here

Seminole County Juvenile Judge Alexander today denied a previously published report that county juvenile offenders are "simply given a stern talking to" when they appear in juvenile court.

Judge Alexander said that many times driver licenses are revoked on many occasions and one juvenile had even been retained because he failed to comply with a county order.

"I have records to back this statement up," Judge Alexander emphasized.

Judge Alexander added also that several parents of juveniles have been fined in county court following a juvenile case.

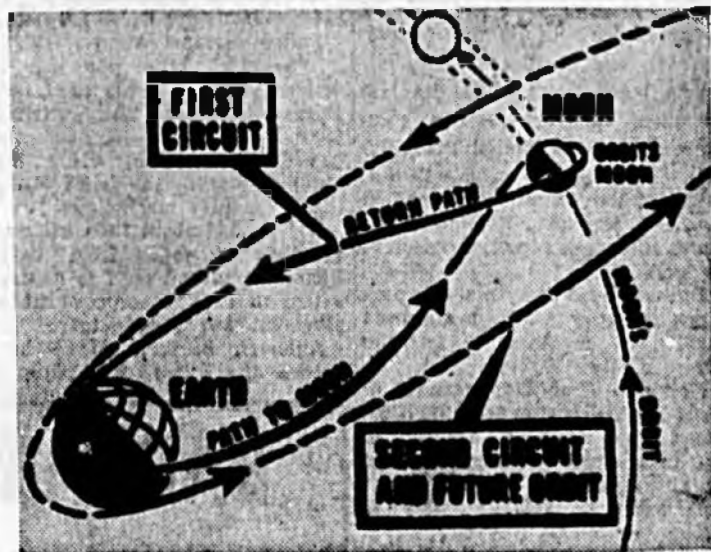

Judge Alexander's statement today came on the heels of the city commission meeting last week when the group agreed to investigate parental responsibility for law breaking by juveniles.

During the meeting, Commissioner Robert Brown was quoted

saying that right now young offenders are simply given a stern talking to by the juvenile judge.

At the commission's meeting last week, the group authorized attorney William Hutchison to work on the parental responsibility law covering all crimes by juveniles.

Judge Alexander noted today that the most flagrant crime was driving violations and that his court was doing everything in its power to bring the problem under control.

MAP OF Russia's new moon rocket orbiting to circle the moon.

Lunik Supposed To Make U-Turn Around Moon

MOSCOW (UPI)—The Soviet Union's Lunik III makes a "lazy U-turn" around the moon today to give mankind its first look at the side of the moon that is turned forever away from the earth.

If all mathematical computations were correct the moon rocket would pass the moon 4,300 miles off in a swooping curve that would take it slowly behind the moon and bring it back to the earth in 2 1/2 days.

A Tass dispatch said the "automatic interplanetary station" for the first time will photograph the reverse and so far unexplored side of the moon's now one-third dark because of the moon's own rotation.

The "pictures" will be radiated back to the earth. Soviet scientists already have used interplanetary radio for the first time to trigger a radio transmitter aboard the space vehicle.

The Russians announced the moon rocket left the earth's atmosphere at the "second cosmic speed"—about 25,000 miles an hour. The constant pull of earth's gravitation slowed the satellite to a cosmic crawl as it neared the moon.

Were the rocket traveling too fast it would about into space.

Were it traveling too slow it would fall onto the moon. If the calculations are just right its momentum will swing it around the moon and back toward the earth.

Should other calculations succeed the space vehicle would pick up so much speed from the earth's field of gravity it would go around the moon and earth in a cigar-shaped orbit.

The rocket's fate was far from certain, Tass quoted Dr. Alexander Volkov of Estonia as suggesting that after returning from the moon the rocket might become a satellite of the earth.

Two Are Injured In Auto Accident

Mrs. Chenman F. Nicely of Sanford suffered a fractured left arm and other injuries in a two-car collision at 13th St. and Park Ave. yesterday, police reported.

The driver of the other vehicle, C. C. Dodson received a possible neck injury as a result of the accident.

Man Takes Out Anger On World Series Fans

Milwaukee and Chicago and they went over his equipment checking all parts — at exorbitant prices. Everything worked — but no World Series pictures.

Finally, somebody decided to check out the micro — way relay tower at Lathrop. Some of the equipment there was taken apart before the scoring pad was found. Meanwhile, Sunday's game was washed out, because the equipment could not be reassembled and readjusted in time.

"It had to be a TV engineer," said Borgen. "Nobody else would have known how to do it or just where to place that pad."

Everybody thought of Harold William Lindgren, the discharged engineer.

State police were called in and questioned Harold at his home. He admitted everything.

Detective Sgt. Anthony Spratto, of the Marquette post state police, asked Borgen why he put the scoring pad in the tower.

"So they couldn't get the series," said Lindgren.

"What happened when you inserted the pad?"

"It attenuated the incoming signal so it was unusable."

"Why did he do it?" "Strictly spite on my part," said Lindgren. "I was mad at the chief engineer for firing me."

But what charges to place against Lindgren. Could be malicious destruction of public property—that is, if a television picture signal is public property.

Sgt. Spratto said there might be another charge of violating a section of the Public Acts of 1948. He said it says something in there about disrupting communications.

Steelworker Boss Sees Possibility Of Settlement

PITTSBURGH (UPI)—United Steelworkers President David J. McDonald said today after a meeting with his Wage Policy Committee that it "certainly is" possible a settlement of the 84-day steel strike can be negotiated voluntarily.

"We have asked for a meeting of the responsible heads of these 12 companies," he said. "We have not received a reply. But this is only noon."

McDonald said the Wage Policy Committee was still standing and would meet again tomorrow at 9 a. m. est.

McDonald said "the strikers will not accept the 'sweetheart contract' offered by the industry," he declared. "We want a fair contract. We shall remain on strike until justice is done."

McDonald was asked to describe the situation.

"Very grave," he said.

McDonald went before the Wage Policy Committee, predominantly made up of rank-and-file members to get recommendations on how to break the contract stalemate.

Paving Problem To Be Settled

Complaints from Pineda St. residents this morning brought an agreement between the county commission and Fralley Concrete Co. representative, G. E. Warren to pave the 1200 foot street off route 427 south of Longwood.

Pineda St. is being ruined by Fralley concrete trucks which make ruts in the road, said Mrs. R. J. Prescott, a Three Pines Subdivision resident.

"We have quite a problem down there. Everybody realizes it," said commissioner Lawrence Swofford. Highland St. which is parallel and adjacent to Pineda cannot be used by Fralley because the street was legally closed in 1956. Swofford explained. Payment will eliminate the holes in the road, commission Chairman John Kridler told the Pineda residents.

Fralley will supply the paving materials, the county will contribute the labor, and Portland Cement Co. will supply the concrete testing services.

'Play House Navy' To Meet Tomorrow

Members of "Play House Navy" will meet tomorrow at 7:30 p. m. in the conference room of Building 2 at the Naval Air Station.

Anyone interested in the amateur theatrical is invited to attend. For further information call FA 2-2409.

News Briefs

Students Poisoned

AMMAN, Jordan (UPI)—Police investigated today the food poisoning of nearly 100 students at the Amman Industrial School Monday.

Floods Kills 20

NICOSIA, Cyprus (UPI)—Twenty persons have been drowned in rain-triggered floods in the coastal town of Derna Libya since Friday, it was reported Monday.

Winds Up Visit

CAIRO, U. A. R. (UPI)—Premier Ne Win of Burma wound up an official visit today by playing host at dinner to President Gamal Abdel Nasser of the United Arab Republic.

Typhoon Victims

YOKOSUKA, Japan (UPI)—Crew members of the aircraft carrier Midway have pledged a donation of \$3000 for the relief of victims of Typhoon Vera, a U. S. Navy announcement said today.

Train Kills 15

VIENNA (UPI)—Fifteen persons were killed and 14 seriously injured when a train hit a bus at a crossing near Svaym Martin in the Slovakian Province of Czechoslovakia Sunday, the Bratislava Radio reported Monday.

Fruit Shipments

WINTER HAVEN (UPI)—Daily carloadings in boxes from the Citrus-Vegetable Inspection Division: By rail, 18,793 grapefruit, 521 oranges; by boat, 3,241 grapefruit, 268 oranges; by truck, 59,823 grapefruit, 14,870 oranges. Total, 81,857 grapefruit, 15,547 oranges for a shipping total of 107,214 boxes.

Oilier Repairs

NORFOLK, Va. (UPI)—The stricken oiler, Paucateuck, part of the Atlantic fleet stationed here, was under repair today following a collision Sunday with the carrier Franklin Delano Roosevelt. The two vessels collided during a refueling operation some 300 miles east of here. Damage to both vessels was slight.

Water Crisis

FRANKFURT, Germany (UPI)—Officials today expressed concern over the nine-week drought which has hit hard at industry and threatened a major crisis in Düsseldorf. The water shortage has forced some industries to reduce working hours and others to close down completely. Water rationing already was in effect in some sections of West Germany.

Snow-Battered Families Saved

WESTCLIFFE, Colo. (UPI)—Stranded ranch families in the snow-battered Wet Mountain Valley of south-central Colorado have been supplied with food and fuel and were reported safe today, but the massive job to rescue thousands of head of cattle continued.

An estimated 5,000 cattle already have been saved from death in the smothering snow. Warm, thawing weather saw some cattle break out of the snow traps themselves.

Road crews worked through five and six foot drifts again today, however, to reach about 6,000 head still marooned by last week's storm.

Rescue units from Ft. Carson, Colo., reported fuel and supplies had been airlifted to all the known hardship ranch families. But many roads leading to ranches south and west of Westcliffe remained blocked.

British Elections Planned Thursday

LONDON (UPI)—Both major contenders in Britain's neck-and-neck campaign sought today to woo the undecided voters who will hold the balance of power in Thursday's parliamentary election.

A poll published by the liberal News Chronicle showed the Conservatives and Laborites tied, with 37.5 per cent each of the voters who have made up their minds.

The pollsters found that 20.5 per cent of the people they talked to don't know how they'll vote, a 2 per cent increase in a week.

Jaycees To Meet At Fire Station

In observance of Fire Prevention Week the Sanford Jaycees will hold their weekly meeting at the fire house Thursday at noon, Stuart Stetson, committee chairman announced today.

Stetson reported also that youngsters in the Sanford area are invited to a free cowboy movie at the Ritz Theater at 10 a. m. Saturday.

Research Group To Be Realigned

CAPE CANAVERAL (UPI)—Plans were underway today for reorganization of the Air Research and Development Command in an effort to hasten translation of technology into useful military systems, officials announced today.

Ike Uses Taft-Hartley Act To End Dock Strike

PLANNING the residential area solicitation for the United Fund are, from left, Capt. Marcella Reynolds of the Salvation Army, Mrs. Clifford McKibbin, chairman of the residential division, and Clifford McKibbin, president of United Fund. They attended a meeting this morning of all workers in the residential division and representatives of the agencies included in UF activities.

Invokes Law Paving Way For Talks

PALM SPRINGS, Calif. (UPI)—President Eisenhower today invoked the Taft-Hartley law in the East Coast dock strike, taking the opening step in use of the labor-management law by creating a fact-finding board to report back to him by Oct. 10.

Eisenhower, acting on advice and reports for Secretary of Labor James P. Mitchell, signed an executive order creating "the board of inquiry to investigate the East Coast port tie-up which started last Wednesday."

This was the first step leading toward the injunctive process which, if followed, would force an 80-day cooling off period in the work stoppage.

In New York, a spokesman for the striking International Longshoremen's Assn. said "We don't like it, but I guess the men will have to go back to work. The men feel we could win a strike, but we aren't going to break any laws, I can tell you that. Whatever the law expects of us, we'll do."

Eisenhower at the same time indicated strongly that his patience with steel strike negotiations is wearing thin and that he might invoke the same law in an effort to get the nation's steel mills into production again.

Through his press secretary, James C. Hagerty, the President expressed a "highly positive feeling toward the new breakdown in steel strike negotiations."

"This seems to be getting down more and more to a trial of strength between two groups and with the American people the greatest losers," Hagerty said.

"I might add," Hagerty continued, "that the President has no intention of seeing the American public being the greatest loser."

Under the executive order, the President found that the dock strike, if permitted to continue, would "impair the national health and safety and affect the flow and utilization of necessary perishable products, including food, for heavily populated coastal areas."

The board of inquiry must report back to Eisenhower no later than next Saturday. The board report will not consist of recommendations for future action, but recite the current facts of the strike.

After receiving the board report, Eisenhower can ask the attorney general to seek an injunction in federal district court forcing an 80-day halt in the dock strike. Or, Eisenhower can decide that the board report does not present sufficient evidence for following the injunctive process.

Key negotiations in New York between the International Longshoremen's Assn., were broken off last Thursday when the strike began.

County, Schools To Use Same Machines Nov. 3

The Seminole County commission agreed this morning to joint use of voting machines with the county school board in the Nov. 3 reappointment and school trustees and millage elections.

A proposal to use the same machines, clerks and inspectors for both elections was made by School Supt. R. T. Milwee. Cost of the

Youngster Killed In Gun Accident

NEW YORK (UPI)—A 12-year-old boy is dead today because he opened his father's bureau drawer in search of money for a soda.

Robert McQueen and a 13-year-old friend found no nickels or dimes, but a greater treasure—a .32 caliber automatic and a clip of bullets.

Police said the boys put the clip into the gun and removed it. The bullet remained in the chamber, however. As they handled the gun, it discharged, hitting young McQueen in the mouth.

His companion was charged with juvenile delinquency. The dead boy's father, Russell McQueen, 42, was charged with violation of the state arms law.

Quiz Show Fixed, Contestant Says

WASHINGTON (UPI)—A big money winner from the now defunct TV quiz show "21" testified today he was given the answers to all questions prior to his appearance in a nationally-televised contest with Charles Van Doren.

Herbert Stempel, 32, graduate student at New York University, said producers of the show supplied him in advance with all the questions and answers and coached him on the acting gestures he used on the show.

Stempel was the first witness as a House commerce subcommittee opened a four-day investigation of charges that some big name television quiz shows have been rigged.

Before questioning Stempel, the subcommittee turned out the lights

Negro Fund Drive To Open Thursday

The United Fund Drive for all Negro citizens of Seminole County will be launched Thursday 4 p. m. in the Crooms Academy lunchroom.

All club and organization presidents, workers from last year's United Fund Drive, and interested citizens are urged to attend.

Elsie Knight Circle Host To Federation

Members of the Elsie Knight Circle of the First Baptist Church were hostesses for the annual meeting and installation of officers for the federation of business women's circles held in the educational building of the First Baptist Church Thursday evening.

Mrs. C. A. Anderson, retiring president presided. Members of the Federation include Daytona Beach, New Smyrna, D. Land and Sanford.

Supper was served from long tables in a T-shape, which were decorated to carry out a Halloween theme. Black cats were placed at intervals along the tables and sprays of pyracantha berries and fern centered the tables.

Personals

Debbie Brown, daughter of Mr. and Mrs. R. L. Brown is home and recuperating nicely from surgery.

Mrs. J. N. Thompson of Oviedo, is recuperating from her recent illness at the Serepta Rest Home on Silver Lake.

Mr. and Mrs. A. J. Walker left Sunday by train for a sight-seeing vacation including Washington, D. C., Buffalo, N. Y. and Niagara Falls. They expect to return home Oct. 14.

Mrs. Donald Love of Orlando, spent the week with her parents, Mr. and Mrs. Cauthen Hutchison at their home on Park Ave.

Mrs. J. C. Andrews, 608 N. Lake Ave., Apopka, a former resident of Sanford, entered Orange Memorial Hospital Monday for surgery.

Mr. and Mrs. Frank Jernigan, of Sheffield, Ala. spent the week end with Mr. and Mrs. E. M. Swaim. Mr. Jernigan an employee of T. V. A. in the division of finance department is a brother of Mrs. Swaim.

Mrs. Margaret Dillard, VFW auxiliary district 8 chaplain; attended the installation services of auxiliary 5213 in Gunnell last week.

Among out of town guests attending the Kinlaw-Punch wedding Saturday were Mr. and Mrs. Robert P. Punch, San Lorenzo, Calif.; Mr. and Mrs. C. Marter, Long Beach, Calif.; Mr. and Mrs. Ray Punch and daughter, Linda Lee, Decatur, Ga.; Mrs. Rufus Colvard and son William of West Jefferson, N. C.;

MISS CAROL GRENIER Student Plans Nurses Career

Miss Carol Grenier, daughter of Mrs. Ruth Chaffee, has entered nurses training at St. Luke Hospital in Spokane, Wash.

While attending Seminole High School, Carol was a member of the Tri Hi Y, the Thespians, the Fleur de Lis club, future nurses, pep and students clubs and was a member of the Sally staff during her senior year.

She is a member of the Presbyterian Church and while in Sanford assisted in the nursery on Sunday mornings during the worship hour. She is an expert at water skiing and swimming.

Her family moved to Missoula, Mont. immediately following her graduation this spring and she worked during the summer as a nurses aid at the hospital in Missoula.

Mrs. C. R. Bone High At Bridge

The Sanford Duplicate Bridge Club featured individual play at the session this week end. Winners were Mrs. Charles Bone, first; Mrs. J. E. Baker, second; Charles Bone, third and Mrs. T. W. Owens, fourth.

There will be another game Thursday at the Community Center 16th and Magnolia. Play will begin promptly at 8 p. m.

Garden Run Planned By Azalea Circle

Members of the Azalea circle of the Sanford Garden Club will meet Thursday at 9:45 a. m. at the home of Mrs. O. P. Herndon, 1800 Sanford Ave.

Promptly at 10 o'clock the group will leave for a Garden Run in Daytona Beach.

UNMOLDING

If you grease the molds in which you make gelatin they will un-mold easier.

BPW Club Tonight Meets

The Business and Professional Women's Club will meet tonight at the home of Mrs. Nezzie Cameron, 1214 Ave. Supper will be served at 6:30 p. m. followed by the business session.

Church Calendar WEDNESDAY

Girl Scout Troop 233 will meet at 3:15 p. m. in the P.W.B. Youth building. Senior High Choir meets at 6 p. m. for supper and rehearsal.

Pinecrest Baptist Church Sunday School supper and meeting 6:30 p. m. R. A. Meeting 7 p. m. followed by prayer meeting at 8. First Baptist Church Prayer Meeting 7:30 p. m. Sunday School Workers Council 8:15 p. m. CYF of First Christian Church meets at 4:30 p. m. for a bowling party.

Home Club Meets Thursday

The Sanford Home Demonstration Club will meet Thursday at 2 p. m. at the H. D. Club house on 23rd St. Miss Lucy Nowlin, service representative of Florida Power and Light Co. will present the program on "Lights in the home".

Woodrose Circle Meets Thursday

The Woodrose Circle of the Sanford Garden Club meets Thursday at the home of Mrs. Ernest McCorkle, 105 Oakland Dr., Sunland Estates, at 2:30 p. m.

Palm Circle Meets In DeBary Thursday

The first meeting of the 1958-1960 season of Palm Circle, Sanford Garden Club, will be held in the home of Mrs. Arne Erickson, Alta Vista, DeBary, Thursday morning, at 9:30 o'clock.

"Year Round Color in the Garden" will be the topic of an address by Mr. A. T. Coith, superintendent of parks, in Orlando. The speaker will be introduced by Mrs. Helen DeWit, Circle horticulture Chairman. Presiding at the meeting will be Mrs. A. D. Rountree, circle president, and Mrs. Einar T. Tideman will be co-hostess. Horticulture chairmen of the various Circles in the Sanford Garden Club have been invited to this meeting.

ENJOYING A SWIM in the pool at the Woodall home are Mrs. Donald Flamm, at left, Mrs. George Wells, Mrs. A. W. Woodall, Mrs. J. P. Wilson and Mrs. Douglas Stenstrom.

Nuptial Breakfast Held At Holy Cross

Mrs. W. W. Warner was hostess to the Communion Breakfast, following the Punch-Kinlaw Nuptial Communion at Holy Cross Church Saturday at 8 a. m. She was assisted in serving by Mrs. L. V. McLaulin.

The breakfast table was covered with a white Italian cut work linen cloth and centered with a single white candle in a crystal candelabrum.

An attractive arrangement of white pintas placed behind a white Madonna and Child, further enhanced the beauty of the room. Those attending were the bridal couple, Miss Janice Kinlaw and Thomas Russell Punch; Mrs. E. G. Kinlaw, Cocoa Beach; Miss Barbara Kirkland, Douglas, Ga.; Henry McLaulin III, of Jacksonville; Carl Rosenbusch Jr. of Washington, D. C.

The groom-elect's parents and grandparents, Mr. and Mrs. Robert P. Punch, San Lorenzo, Calif. and Mr. and Mrs. C. Macbee of Long Beach, Calif.; Mrs. L. V. McLaulin, Miss Kinlaw's godmothers, Mrs. Warner and Mrs. Henry McLaulin and the Rev. John W. Thomas.

TANGY MELON

Give new tang to chilled honeydew melon by sprinkling with confectioners' sugar and ginger, using ¼ teaspoon of ginger to each tablespoonful of sugar.

Committee Enjoys Luncheon

Mrs. A. W. Woodall and Mrs. Donald Flamm entertained officers of the American Home Department and the Teachers Banquet Committee of The Sanford Woman's Club with a swim party and luncheon at Mrs. Woodall's home on 18th St.

Flowers and fruit were tastefully arranged in milk glass china and placed throughout the home. Luncheon consisting of assorted meats, fruit salad with cream, a mixed relish tray, variety of breads, coconut macaroons, and iced tea was served.

Enjoying the pool-side luncheon were Mrs. George Wells, president of the club, Mrs. Ralph Austin Smith, parliamentarian, Mrs. Donald Flamm, chairman of the American Home Department, Mrs. A. W. Woodall, chairman of the teachers banquet, Mrs. Jimmy Wright, Mrs. Douglas Stenstrom, Mrs. Jack Stammer, Mrs. John K. White, Mrs. Herman Stanley, Mrs. George Dabbs, Mrs. Paul Collins, and Mrs. J. P. Wilson.

Judge Starts Drive For Better Jail

The Seminole County Jail has got to go and the county judge said last week that he has "not been as boisterous in requesting an early solution to the problem as I am now about to become . . ."

Judge Wilson Alexander wrote a letter to the county commissioners in which he told them "I have finally and definitely arrived at the decision that the need for proper and adequate facilities for the mentally ill, juvenile delinquents and criminal persons in Seminole County is entitled to top priority."

The judge was referring to priority in budgeting funds for mental county facilities. He asked that "immediate plans be laid" for answering the need for a better jail.

His request followed closely another report by R. P. McLondon, state prison inspector, in which the jail was called "an obsolete building with inadequate facilities and serious deterioration."

The inspector has threatened previously to condemn the jail.

Judge Alexander told the commission since he has "had no my conscience for approximately two years the entering of persons placing the mentally ill, the juvenile delinquents and the criminal in grossly inadequate jail facilities, I hope you will be understanding in my now getting off to an early start in urging that immediate plans be laid for answering this dire need, to avoid the injustices and inhumanities that result from such facilities as we have for these unfortunate people among us."

The judge said "I am prepared" to wage a vigorous campaign to get priority for a better jail.

He has the right idea, of course. And he is right that the mental cases, youngsters in trouble and some others shouldn't be thrown together with criminals, even temporarily.

Youth Complimented

Coach Jim Pigott of the Seminole High School football team told the Kiwanis Club that he doesn't consider winning the most important factor in sports.

He admitted that the players he coaches make some mistakes in playing the game, but praised them for their attitude and conduct. "A boy's first responsibility is to get an education," Pigott said. "If he goof in class work, he may goof elsewhere."

Pigott told the Kiwanians of a high compliment the football squad received after losing a game at Daytona Beach. The manager of the restaurant where the team ate told the coach that "they're the finest group of boys we've ever served."

That's creating a good impression for the boys, the home town and their coach.

Disease Toll Up In Jersey Area

TRENTON, N. J. (UPI) — The State Health Department said Monday that the death Sunday night of a 18-year-old boy had been listed tentatively as a new fatality in New Jersey's outbreak of eastern equine encephalitis.

Health Commissioner Roscoe P. Kandle said the death in Atlantic County raised the number of suspected cases to 29. There have been 19 deaths.

The boy, whose identity was not disclosed, was a resident of Lordsburg.

Kandle said the number of "presumptively confirmed" cases remained at 11. The commissioner again stated his conviction that the incidence of the disease was declining.

The outbreak of the rare disease hit a peak about Sept. 10 and has been declining steadily since then, according to the department.

The virus is carried in birds. A certain type of mosquito which feeds on the birds can infect with it any human it bites. There is no known cure or proved vaccine.

Assignment Washington

BY ED KOTERBA
 GETTYSBURG, PA. — The frustration and confusion in the ranks of the press corps covering Nikita Khrushchev may probably best be told in this district. This is the situation you have here: A reporters bar is headquartered in Gettysburg for the week and to try to keep in close touch with events taking place in another state!

WASHINGTON (UPI) — A Senate subcommittee plans to study whether the United States needs a super cabinet secretary for national security to help America "out-think, out-plan and out-perform" Russia in the cold war.

The study will be headed by Sen. Henry M. Jackson (D-Wash.), who already has called for the government to overhaul its national security organization.

Jackson said Soviet Premier Nikita Khrushchev's recent U.S. visit "underscored Moscow's master plan to beat us in a long-term, relentless, across-the-board competition—economics, political, cultural and military."

Declaring that the Soviet threat transcended any political party administration, Jackson said "The issue is this: How can we best organize our government to generate the sustained national effort needed to win?"

He wrapped up a detailed story on the National Institute of Health in Bethesda, Md., which Khrushchev was to tour. All he needed was the lead. And then Khrushchev canceled the visit.

But toward the end of the Red leader's visit, press secretary Hagerty learned how to keep one jump ahead of Khrushchev and two jumps in front of newsmen.

He issued two sets of plans — always an alternate in case the Russian got new leads, like when Khrushchev decided at the last minute that he would helicopter, after all, to Camp David.

Rarely in his White House briefings did a reporter catch the press secretary with his answers down. But May Craig, TV personality and Maine newswoman, almost succeeded.

When Hagerty answered queries on the physical qualities of Aspen Lodge, May wondered whether there would be an American interpreter in the lodge with the two pairs of leaders, come bedtime.

"No, Jim said. And Mrs. Craig asked what happens if Khrushchev gets up in the middle of the night and starts looking for, uh, a bar of soap."

Everybody guffawed. Hagerty got the hint. Andrei Gromyko, who speaks a bit of English, would act as interpreter in that case. And, anyway, to answer May's tactful question directly, the press secretary acknowledged that there was a washroom, complete with all facilities, in each of the four bedrooms.

As soon as Premier Khrushchev got out of the country, I hope they sent Hagerty someplace to collapse for a few weeks.

Flies Home
 NEW YORK (UPI) — Italian Premier Antonio Segni flew back to Rome today after expressing the conviction that his five-day U.S. visit has brought "even closer economic and political relations" between Italy and the United States.

The Army has adopted a new mouth-to-mouth respiration tube for use in drowning accidents. It will eventually be made available to the public.

Washington Calling

BY MARQUE CHILES
 WASHINGTON — Scratch a diplomat in this town today and you are very likely to find a pessimist. For a side on Khrushchev's brooding adventure in personal diplomacy in his meeting with Premier Khrushchev has left much of the diplomatic corps puzzled and gloomy over the future.

One reason may be a professional distrust of person-to-person encounters at the highest level and the uncertainty of the verbal agreements that come out of such encounters. They fly in the face of the canons of diplomacy, which demand that agreements be tied up in precise, lawyer-like language.

But more than professional jealousy is back of the mood of skepticism and doubt reflected by many diplomats with whom this reporter has talked. They are almost all in agreement that the Khrushchev visit was necessary and even desirable. It was an inevitable development growing out of the crisis over Berlin.

What troubles them is the prospect that the Soviets will in the end get their way with the West yielding on Berlin and other major issues. The visit, interpreted in many parts of the world as a concession, will be followed by other concessions to the unremitting pressure of communism over the years.

This is by no means, however, a unanimous opinion. What is striking is the way the pessimists and the optimists divide over the future in the era of a better atmosphere (about which almost no one disagrees) that has now been opened up. Here are the two perspectives — the viewers with alarm and the viewers with at least moderate hope.

The Pessimists:
 In the long higgly-haggle of negotiation over months and years the West will in effect yield on Berlin. Some form of the Communist "free city" will be established and the rights of the West Berliners will be whittled away. The effect will be to weaken the North Atlantic Alliance and encourage the spread of neutralism. On disarmament, the sweeping Khrushchev proposal before the United Nations will be seen for what it really was — a propaganda gesture. When it comes to actual negotiation for disarming in the 10-nation committee the old tactics of stalling on minor points of inspection and control will prevail. Ultimate failure will be blamed on the West and the Russian people will be told they cannot have the consumer goods promised them because the Western powers refuse to disarm.

The prestige of Khrushchev has been greatly enhanced by the visit. This is particularly true in Asia where the Soviet Premier's triumphal tour is put on top of the spunk and the lunis to show that the West is no longer invulnerable. European diplomats cite a speech by Philippine Ambassador Carlos P. Romulo who told an audience in New York that the United States was today seriously challenged by the Soviet Union.

Communist parties both in Europe and in Asia have been emboldened by the reception of Khrushchev in the United States to demand respectability and acceptance. In Indonesia when President Sukarno was criticized for addressing a Communist rally he replied that if Eisenhower could receive Khrushchev surely he could speak to representatives of the Communist party in his own country.

The Optimists:
 With patient negotiation a new formula will be found for West Berlin, thereby ending a situation which both sides agree is "abnormal." It will insure the freedom of the West Berliners and even more important it will underwrite the access of civilian traffic to and from the city which is not now covered by any agreement.

Progress will be slow in disarmament, since the new 10-nation committee will have to review what has been done before and since both the Russian and the British proposals put before the U. N. before the end of the year an agreement to stop nuclear tests with inspection and control should be reached. In any event, neither side will start testing again.

But most hopeful of all are the various projects now in process of being carried out for closer cooperation between the United States and the Soviet Union. In the peacetime uses of atomic energy, in medicine and in other fields, these projects have been given a great impetus by the Khrushchev visit. As this knitting together takes place political agreements on the tough issues are bound to come or later to come.

Seawall Damage
 POMPANO BEACH (UPI) — Officials today placed a \$35,000 tag on damage to seawalls and other property caused by pounding seas that followed the path of Hurricane Grace.

In addition to destruction of seawalls and groins at two ocean-front motels, 18 feet of beach was washed away.

One of the victims of the waves was a 45-degree sloping seawall which had been described as "indestructible" by erosion experts.

"Kremlin" is the Russian word for citadel.

Seminoles Prep For Ketterlinus

Coaches Jim Pigott and Dave Laude began adjusting the Sanford Seminoles lineup yesterday in an effort to be ready for Ketterlinus of St. Augustine this Friday night. The Seminoles will be without the Services of speedy half-back John Lovelace as they travel to the ancient city to try to do something no other Sanford team has ever done.

Lovelace, who possesses some of the best speed in the OBC, was shaken up on the second play of the Apopka game last Friday night and the doctor has advised that he sit it out for a week. His injury could well have spelled the difference of the contest last Friday night in the 13-12 defeat the Apopka Darters handed the Seminoles. Up until the injury Lovelace had been running very well and he is expected to be back in the starting lineup two weeks from now.

In an effort to fill the gap left by Lovelace the Seminoles coaches have shifted senior Jimmy Gracey from his offensive end position to the halfback spot. Gracey, who has played in a football game until this year, was the leading man on the track squad last season and could very well be a big gun this Friday night. He has done a tremendous job at the offensive end spot up until now and he should prove to be very capable of taking over as a ball carrier with his fine speed.

With Gracey moving to the halfback spot Alex McKibbin has been shifted from his defensive linebacker spot to left end. McKibbin has worked at the quarterback spot on offense and has a good pair of hands so he should be capable to take over in the pass catching department. Up to this point the youngster has been one of the standouts in the fine Seminoles defensive attack.

With the exception of these changes the Seminoles coaches will probably go along with the same offensive unit. The defensive unit, which has been very effective to this point, could possibly have several changes before the opening kickoff Friday night.

The Seminoles will be working a great deal this week on their pass.

LSU's 1st Place Lead In Poll Cut

NEW YORK (UPI)—Northwestern, victor over Iowa in one of Saturday's top football games, cut Louisiana State's first-place margin to six points today in United Press International's major college ratings.

The wave of weekend upsets jolted Army, Clemson, Notre Dame and Ohio State out of the top 20. Georgia Tech, Tennessee and Purdue moved into the select group.

Release Two

CLEVELAND (UPI)—Granny Hamner and Elmo Valo, a pair of veterans acquired by the Cleveland Indians to help in their abortive drive for the American League pennant, have been given their unconditional releases.

Painters Break League Record In Bowling Play

Burnett Painters of the Sanford City Bowling League captured three games from the Celery City Printing Company and established a new league high for the season with a 904 scratch single set and 2315 three game series.

This was the first time this year that a team has won all three games against an opposing team which had all its members. The Painters were unfortunate in coming up against the Painters when they finally got hot, but "that's the way the ball rolls".

The Painters had three men with a 300 series, the highest being Dick Richards' 201-561. In the Painters' high game, Richards, with the highest average on the team, beat his average only to find out that he was low for the team on that game!

In other league action, Harry's Liquors took three games from handicapped New York Life Insurance, bowling with only four men. George Neils led the Liquorsmen with a 310-311, while Doc Ring led the Insurance men with a 345. Mather of Sanford, the league leaders, had four men rolling in the 300's to take two games from Gene's Seminoles Cleaners and Laundry. Ed Callan finally broke out of his slump to lead the Furnituremen with his 336, while Bill Kasee rolled a 527 for the Cleaners.

Match-of-the-week this Wednesday will feature "top dog" Mather of Sanford against third place Harry's Liquors on the left pair of lanes. The right pair will have Gene's Seminoles Cleaners and Laundry rolling against Celery City Printing Company while Burnett will try to extend its win string against New York Life Insurance on the middle pair of lanes.

Averages for the league after the week's action are: Richards and 1/2r at 170; De Palma, Gilstrap and Fox at 168; Kasee, 166; Stetler, 165; Steele and Cook at 163; Ring, Von Herbulis, Kenia, and Ferguson at 161. Also, Swann and Best at 158; Huhn, Fessold, and Piver at 157; Herbst, 155; Burton and Kanner at 153; Burnett, 152, and Callan at 151. Also, Hartwick and Kretzer at 149; Proctor, 148; Percy and Estridge at 146; Brown and Dukar at 145; Kirchhoff, 144; Seymour, 141; Maloney, 140; Perry, 138, and Shelbenberger at 124.

Anderson OK

WEST POINT, N. Y. (UPI)—All American halfback Bob Anderson of Army may be able to play football again in a couple of weeks.

When the fleet back injured his knee during last Saturday's game against Illinois, it was feared he would be out for the rest of the season. However, a closer examination Monday revealed he had not injured the knee as badly as it had been first announced.

Weather Cloudy

LOS ANGELES (UPI)—The weatherman forecast considerable high cloudiness for today's fifth game of the World Series in the Coliseum and predicted a high of about 82 degrees.

Bums Try To Wrap-Up World Series Today

DRINKING ON JOB — Al Smith, White Sox left fielder, gets doused with a cup of beer dropped by a careless fan reaching for a long drive. The ball went into the stands, giving Charley Neen a home run in the 7th inning of the third World Series game in Chicago.

LOS ANGELES (UPI)—Chicago's 20-90 White Sox, who haven't been going far enough around the bases, faced sudden death in the World Series today as a long-disappointing kid from Brooklyn went out in an attempt to administer the coup de grace.

Twenty-three-year-old Sandy Koufax, a fast-balling left hander, will attempt to compensate for a \$25,000 bonus and a mere 28-27 record over the past five years by trying to close out the series for the Los Angeles Dodgers.

But the White Sox, undaunted by the fact that they trailed three games to one, promised to unchain the runners they have been stranding on the bases with frustrating frequency and pull themselves back into contention behind the fast ball hurling of big Bob Shaw.

"We've still got a helluva chance," asserted Chisox Manager Al Lopez, faced in addition with a second World Series mauling on the heels of his four straight 1934 losses to the Giants when he was managing Cleveland. Ignoring the fact that he now is 1-7 in World Series play, Lopez added: "We haven't done anything the easy way all year and we can't expect it now."

Yet, without unshackling those baserunners, his task looked virtually hopeless. For in two record attendance games in the Coliseum the White Sox have stranded a killing total of 20 base runners.

Nine men left on base contributed to their ruin Monday as they fell, 3 to 4, before an eighth-inning home run by veteran Gil Hodges — adding to the saga of those old Brooklyn heroes who went West with the franchise two years ago.

The Dodgers had rolled up a four-run lead with a third-inning barrage of five straight hits when routed Early Wynn, the burly righthander who treated them as scornfully in that opening 11-0 rout at Chicago. Compounding his dismissal were two White Sox errors and a passed ball.

Meanwhile the White Sox—playing before a second straight record series crowd of 92,530—left two on in the first inning when Sherm Lollar rapped into a double play, one on in the second and third, and two more aboard byth in the fourth and sixth innings. Then, finally, they cracked through in the seventh to tie it up at 4-4 when Ted Kuszewski knuckled in one run and Lollar got himself even for that first inning double play smash by spanning a three-run homer over the screen in left field.

LOS ANGELES (UPI)—The Los Angeles Dodgers are trying to wrap up the World Series today by winning Game 5 against the Chicago White Sox.

The Dodgers are leading the series 3-1. They have won three of their last four games.

The White Sox are trying to win Game 5 to force a Game 6.

The game is expected to be a close one.

Sanford JV's Play New Smyrna Beach Here Tomorrow

The Sanford Junior Varsity will open its home season here tomorrow night against New Smyrna in Memorial stadium with kickoff time at 7:30. The youngsters opened their season last week with Leesburg with the game ending in a 7-0 defeat.

Coaches Bud Loyer and Dick Silvers are plagued with the same experience that the varsity coaches are faced with but they were very pleased with the showing their youngsters made last week. They battled it down to the wire last week with the defense looking especially good.

Although the JV's were unable to push a score last week several of the young ball carriers were very impressive. Quarterback Jim Terwilliger will be handling the signal calling and passing tomorrow night. Big Bill Phagan will be running at the fullback spot and is expected to be one of the standouts on offense. Butch Riser will also be sharing some of the fullback duties.

The Seminoles coaches have two offensive units that they will be using as the different situations arise. Bubba Davis and Gary Davidson will be running from the left halfback spots and Tommy Hinson and Bobby Bowen will be running from the right halfback spot.

In the starting offensive line, Bennett and James Jones will be at the ends, Mark Whitehead and Ward Waters at the tackles, Joe and Vic Welch at the guards and big Johnny Phillips at center.

Drop Two

DETROIT (UPI)—Rookie guards Lowery Stephen of Austin College Tex. and Jack Quiggle of Michigan State were released by the Detroit Pistons of the National Basketball Association Monday, leaving the club with 12 players, one over the Oct. 18 season-opening limit.

Piece Of Moon Needed Rather Than TV Photo

WASHINGTON (UPI) — Scientists would rather have a genuine, polished piece of moon rock than any TV photo of the moon's other side.

Such a moon chunk might well confirm what many scientists believe—that the earth often has been peppered with bits of lunar matter some of which are even now on display in natural history museums as meteorites.

Lake Mary Scouts Receive Awards

Lake Mary Boy Scout Troop 242 received 25 merit badges, Star, First Class and Second Class ratings at the troop's court of honor.

The court on Crystal Lake Blvd. was presided over by a judge, the honor was bestowed by H. J. Spence Jr. who sat at the entrance of the newly completed building, V.A.S. Cdr. Norman Melton of V.A.S. spoke on what scouting had meant to him.

Donald J. G. "Slim" Gallego supervised preparation of a hot and bushy dinner and the troop dance team presented Indian dances.

After Rev. John Piley of the Lake Mary Community Church opened the court of honor, Star rank was awarded to Robert Martin, Steve White and Dale Alexander. First Class went to Randall Olson, Robert Stutzman, Robert Lee, John Stutzman, Robert Best and William Blakemore. Second Class rank was awarded to John Blakemore, Danny Tills, Jim Wiederhold, Tom Wiederhold and David Scott. Merit badges were awarded to Kenneth Demers, the two Blakemores, Alexander, the two Bests, Chase, Lee, the Stutzmans, Howell, Richard Scott, David Scott, Tills, Jim Wiederhold, Martin, and Willis.

Penal Tour Continues

BELLE GLADE (UPI) — Members of the Legislature's Prison Committee planned to visit the prison farm here today on their statewide tour of Florida's sprawling penal system.

The legislators, who inspected Apalachee Correctional Institution Monday were due to arrive here at 9 a. m. This afternoon they will go to Avon Park where they will spend the night.

The week-long tour opened amid reports that inmates at the Apalachee institution near Chattahoochee planned some sort of demonstration. However, either the reports were unfounded or the 130 youthful inmates changed their minds.

The inmate prisoners, some only 18 years old, were curious but orderly as the legislators and accompanying newsmen inspected the 7,000-acre institution for first offenders and ate in the prison dining room.

Only white first offenders under age 25 go to Apalachee although some 200 Negroes who work the farm are housed at a nearby unit. Prisoners work only with whistles and walkie-talkies to call for help if needed.

Promote Peace, Rotarians Urged

International understanding and world peace would be a good goal for Rotary International to promote this year, Rotary District 600 Governor Everett Summers told Standard Rotarians yesterday.

Rotary has the "service above self" idea in common with all world religions, Summers said at the Civic Center luncheon.

The Rotary student exchange program helps many young people understand the people they visit in foreign lands, and helps them to be good will ambassadors, Summers said. Since 1947 Rotary has sent 1,200 students to visit in foreign countries, and spend weekends at the homes of Rotarians in those lands. Cost to each student abroad this year will be \$200.00.

Missionary Group Meets Wednesday

Colored slides of the African mission fields will be shown at the monthly meeting of the Missionary Society of The First Church of the Nazarene Wednesday night. The public is invited to attend this meeting to be held at the church located at Second and Maple in Sanford. The meeting will begin at 7:30 p. m.

Preceding the showing of the slides, a covered dish supper will be served in the church annex at 6:15.

Toughest Driver in Town!

Careful Percy McFidget—who would believe that he's harder on his car than anybody in town? Why, he never goes over 35 or takes a trip over 10 miles! Actually this kind of driving is very hard on a car engine because the engine seldom gets "warmed up" sufficiently. The oil tends to be sluggish. Sludge forms in the crankcase. The way is open for dangerous wear and corrosion.

But there's something you can do about this, to protect your motor. If you have to do a lot of start-and-stop driving at low speeds, as most of us do, use Trop-Artic Motor Oil. It flows fast... resists sludge formation... helps your car run better, longer. Get Trop-Artic Motor Oil at any station where you see the Phillips 66 Shield.

Red Tide Leaves Thousands Of Fish Dead At Gulf Coast

ST. PETERSBURG, Fla. (UPI) - Conservation experts said thousands of fish killed by the red tide would wash ashore on Sanibel Island today.

It would be the first heavy concentration of dead fish to come ashore in the latest red tide outbreak.

A reconnaissance plane checked waters off Florida's central gulf coast Sunday and reported several patches of dead fish floating in the rust-colored water of the red tide.

However, Dr. Robert F. Hutton, head biologist at the Marine Laboratory here, said the situation had not changed much since the outbreak was discovered last Thursday.

"The main difference is that the winds and tide are taking the fish to different places," Hutton said.

The heaviest concentration of rotting fish was spotted just offshore along the southern end of Sanibel Island.

A few fish reported on beaches near Sarasota and Longboat Key Saturday was quickly gathered up by work crews.

All Hope Gone For Quick Steel Negotiations

Union Boss Sends Wage Policy Committee Home

PITTSBURGH (UPI) — United Steelworkers President David J. McDonald today sent home the union's powerful Wage Policy Committee, virtually ending all chances of a quick negotiation settlement of the 85-day steel strike.

Nation's Economy Set Back

WASHINGTON (UPI) — Government economists said today the steel strike stopped the nation's overall economic growth in the past three months and even may have caused a small setback.

They tentatively estimated that the total output of goods and services in July, August and September remained at the \$484,500,000 annual rate posted in the previous three months. But some late figures on inventories may show that the economy actually slid backward from the April-May-June level.

These calculations were more pessimistic than earlier forecasts made on the assumption that the steel strike would not last more than two months. This is the 85th day of the strike.

The economists refrained from guessing how the economy might perform in the last three months of this year, other than to say it definitely would be set back.

Earlier confidence that steel and steel-using industries could make up for the strike with brisk October-November-December activity was missing. Some officials said that if President Eisenhower used the Taft-Hartley Act to send the 500,000 striking steel workers back to work for 90 days, the overall damage would be kept down.

Others said that even with use of the Taft-Hartley law some of the lost production could not be made up until early 1950.

A national production rate of 500 billion dollars a year, once considered an outside possibility for the close of this year, now appeared delayed at least until 1950.

Commerce Secretary Frederick H. Muller said in a New York speech the high rate would be achieved early next year "unless the effects of the prolonged steel strike upset the apple cart." Some economists said the 500-billion-dollar rate would not be reached before March.

Others pointed out that most of the production lost by the steel strike quickly would be made up. Many industries, especially steel and autos, have excess capacity and can step up production for a while.

High School Farm Foreman Dies Here

Roger C. Edwards, 59, farm foreman of the Seminole High School farm died at 10:30 this morning at his home on the farm.

Mr. Edwards was a native of Sanford and was farm foreman for 20 years.

Survivors include his wife, one daughter, Mrs. Katherine Mitchell of Sanford; one son, George Edwards stationed with the U. S. Navy at Key West; one brother, Bernard Edwards of Sanford; three sisters, seven grandchildren and several nephews and nieces.

Funeral services will be held at 2:30 p. m. Saturday at the Brisson Funeral Home.

LAKE MARY Boy Scouts held their court of honor recently and dedicated the new scout hut. E. D. Spidell, left, presents the key to the new hut to scout leader Don Coleman while officials Hank Demers and Tom Albest look on.

County-Wide Fund Drive Canvass Gets Underway

The Seminole County United Fund house-to-house canvass began yesterday with a kick-off meeting of the residential division at the U.S.O.

Campaign Chairman A. B. Peterson Jr. urged all canvassers to do their utmost to make the solicitation a success. This morning the local fund received a \$100 check from All Souls Catholic Church.

Sanford has been divided into 15 solicitation sections, with United Fund agency or local organization representatives heading the canvass in each section.

Section leaders include Mrs. Mary D. Knox for the Red Cross; Mrs. F. D. Scott, Girl Scouts; Thomas Albert, Boy Scouts; Mrs. Sydney Ives, Family Counseling Service.

Capt. Marcella Reynolds and Miss Hill, Salvation Army; Pastor Ernest Bolck with C.P.O. wives in charge of solicitation for the USO.

Rev. Thomas O'Steen for the Mental Health Association; Mrs. Raymond Ball of the Pilo; Club; Mrs. H. G. Carothers of the Doe; Mrs. Lloyd Swain of Beta Sigma Phi; and Mrs. John Dickey, Epistol Sigma Alpha. The Jaycee Wives and the Woman's Club are also to be represented in the solicitation.

House-to-house canvassers for the Family Counseling Service include: Mrs. O. L. Barks, Mrs. D. Stenstrom, Mrs. L. Munson, Mrs. B. Katz, Mrs. John Morgan, Mrs. William L. Kirk, Mrs. A. W. Epps, Mrs. Herman Jacobson, Mrs. Ralph T. Cowan, Mrs. Howard Monteith, Mrs. J. N. Truluck, Mrs. Roy Williams, Mrs. George Sims, Mrs. John Jewel, Mrs. Harry Weir, Mrs. R. K. Bunker Sr.

For Epistol Sigma Alpha: Mrs. I. E. Estridge, Mrs. John Higgins Jr., Mrs. David Danner Jr., Mrs. John Dickey, Mrs. Jack Schirrad, Mrs. William Howard, Mrs. Robert Harvey, Mrs. J. Butler, Mrs. Kirby Fife Jr., Miss Jeanette Kinlaw, Mrs. V. Metz Jr., Miss Dorothy Metz, Miss Barbara Flynn, Miss Nancy Smith, Miss Patty Walker, Miss Sylvia Price, Mrs. Jeri Lumberston, Mrs. James Delrine.

C.P.O. wives include Mrs. Margaret Stone, chairman, Mrs. Charlotte Aeder, Mrs. Mary Charlene Jones, First Reserve Auxiliary representatives are Mrs. Marie Flint, chairman; Mrs. Laby White, Mrs. Marie Sundvall, Mrs. Mavis Vidular, Mrs. Doris Holcomb, Mrs. Barbara Drayton, Mrs. Donna Ottinger, Mrs. Marie Marshall and Mrs. Catherine Cox.

Sanford Negro Is Bound Over On Murder Count

James Davis, a Negro of 1105 Locust Ave. was bound over in circuit court this morning on a charge of first degree murder.

Justice of the Peace Hugh Duncan bound Davis over after a 10 a. m. hearing. The Sanford Negro was arrested Saturday on suspicion of murdering Honorine Bacon, who was found unconscious at her 416 1/2 Fifth St. home last Sept. 11.

The Negro died at a Gainesville Hospital Friday from an acute duodenal stress ulcer caused by a blow on the head, according to hospital authorities.

Davis will be tried when the circuit court sessions begin in November.

Rabbit Breeders To Meet Friday

The Central Florida Rabbit Breeders Association will hold its regular monthly meeting Friday at the Orange County Agricultural Center, Michigan and Bumby streets, Orlando. Anyone interested in rabbit breeding is invited to the 7:30 p. m. meeting, says Mrs. O. W. Barber, association publicity chairman.

Department Store Here Broken Into

The H & A Department Store on Sanford Ave. and Fourth St. was broken into at approximately 2 a. m. yesterday, Police report.

About three dozen small size shirts were taken according to city police reports. The glass was broken in the store's southwest door. Sanford Police are working on the case. Chief Roy Williams said this morning.

Railway Bridges

WUPPERTAL, Germany (UPI) — A federal railway spokesman today announced that West Germany has rebuilt 3,120 of the 3,320 railway bridges destroyed during World War II.

Mario Lanza Dies Of Heart Attack

ROME (UPI) — Hollywood singer and actor Mario Lanza died in a Rome clinic today of a heart attack. He was 38.

Lanza, whose mighty voice transformed him from a piano-mover into a Hollywood star, had been suffering for some time from heart trouble and the complication of phlebitis in the right leg. Lanza was born in Philadelphia. His real name was Alfred Arnold Cocca and he early showed a passionate interest in music.

Lanza lived on and off in Italy where his booming voice and fondness for Italian opera endeared him to the people. The portly singer often was compared to the great Enrico Caruso in his vocal virtuosity. He had a tempestuous career in the United States. Critics said he had lost his voice, but he came back time after time in concerts and recordings to show that he still could sing.

During World War II Lanza served with the U. S. Army's special services branch, entertaining troops as a singer. He appeared in the armed forces productions "On The Beach" and "Winged Victory." In 1946 Lanza became soloist at Grant Park in Chicago and at in 1947, at the Hollywood Bowl. These appearances led to a movie contract with Metro-Goldwyn-Mayer in 1947, and he made his home in Hollywood.

Among his pictures were "That Midnight Kiss" in 1946, "The Toast of New Orleans" in 1950, "The Great Caruso" in 1951, which he played the part of the famous Italian singer in 1951, "Because You're Mine" in 1952, "Student Prince" in 1954 and "Serenade" in 1954. MGM fired Lanza in 1953 because of "temperament" and his fortunes dipped. He tried to make a comeback on television in the fall of 1954 but he had become so weak from dieting that his voice had to be dubbed into the show from old records. In the spring of 1955 he was hospitalized in Las Vegas with what was described as "laryngitis and upper respiratory infection" which caused him to miss an appearance at the New Frontier Hotel.

News Briefs

Heart Attack

OCALA (UPI) — Marion County Sheriff T. L. McGehee was in serious condition at a local hospital today after suffering a heart attack.

Red Proposal

UNITED NATIONS (UPI) — Russia's proposals for a scientific conference on outer space raised hopes today that the Soviets might end the boycott of United Nations efforts to set up space controls.

New Storm

NEW ORLEANS (UPI) — A reconnaissance plane buffeted by winds up to 40 miles an hour found a tropical depression—the next thing to a tropical storm—in the Gulf of Mexico today and forecasters called it Irene.

Murder Attempt

LONDON (UPI) — Baghdad Radio today reported an attempt to assassinate Iraqi Premier Abdul Karim Kassem.

Claims Lie

WASHINGTON (UPI) — The publicity agent for the now-defunct television quiz show "21" testified today he was advised by a lawyer to lie to New York authorities investigating charges that the show was rigged.

To Decide Issue

MIAMI (UPI) — The Dade County School Board may decide today whether or not to end Florida's first experiment in token school integration. The school board was scheduled to determine at a 3 p. m. EST meeting the future of Miami's Orchard Villa Elementary School.

Back-To-Work

WASHINGTON (UPI) — A presidential fact-finding board held a 90-minute hearing on the duck strike today and prepared to move quickly to pave the way for an 80-day back-to-work injunction. Chairman Guy Farmer said the board expected to submit its report Thursday to President Eisenhower on the facts it uncovered at today's hearing which was the first government move under the Taft-Hartley law to end the seven-day strike.

Chamber To Honor Chase & Company

Chase and Company, one of Sanford's oldest firms, will be honored by the Seminole County Chamber of Commerce at the next quarterly directors' meeting on October 20th. Chamber members and others who attend the dinner meeting scheduled for 7 p. m. at the civic center, will pay tribute to the founders of this firm which celebrates its 75th anniversary this year.

Denies Split

HOLLYWOOD (UPI) — Actress Lorraine Day said Tuesday night there is "absolutely no truth" to a report she and former baseball manager Leo Durocher were splitting up. The denial the "ideal" Day-Durocher marriage was on the rocks followed published reports of a breakup. Mrs. Durocher flatly denied any split.

BRIDGES THROWS WEIGHT BEHIND NIXON—Sen. Styles Bridges (right) attends a reception in Concord, N. H., with Vice President Richard M. Nixon, who was visiting the Granite State to estimate primary chances. The New Hampshire primary on April 5th is considered a major stepping stone to the Republican Presidential nomination. Bridges (R-N. H.), in introducing Nixon, indicated strong support for the Vice President. (UPI Telephoto)

Children Society Names Logan As New President

Philip H. Logan was elected president of the crippled children's society of Seminole County for 1959-1960 at its first fall meeting last night.

He will be associated with the law firm of Gordon V. Frederick. He attended Stetson University, and is a graduate of the university of North Carolina Law School. He is a member of Holy Cross Episcopal Church and lives in Sunland Estates with his wife and young daughter.

Equalization Meet Set Next Month

The first step in bringing the Seminole County 1959 tax roll up to date will get started early next month, John Krider, county commission chairman reported this morning.

Krider said that an equalization meeting will be held in November in an effort to help determine the assessment rolls.

Polio Program To Be Held Here

The Sanford Seminole County Junior Chamber of Commerce will sponsor a county-wide polio inoculation program Oct. 24.

The object will be to give complete inoculation to every resident of the county with an emphasis on school children.

The shots will be given at the new Jaycee building on French Ave. starting at 9 a. m.

They Should Know Better

ORELAND, Pa. (UPI) — The "boys" at the Oreland Volunteer Fire Company found out today you just can't chuck the ladies' auxiliary without running into a court battle.

The all-male membership of the fire company gave the 35 women in the auxiliary the heave-ho last July. A source close to the company said the ouster was an "act taken by a corporation."

Mrs. Mary H. Bunting, auxiliary president, said she knew of no reason of the order to disband. "They just don't want us," she said "They want the building to themselves."

The executive board of the company ordered members of the auxiliary barred from the firehouse and instructed them to turn over \$600 in cash and \$300 in government bonds reported in their treasury. Tuesday, the drummed out women drummed up action of their own.

Seminole County Jail Action Is Slated Soon

The Seminole County Commission plans to meet the "disgraceful" jail situation here "head-on" in the very near future, it was announced today.

Proper action to see that Seminole County gets a new jail will be taken as soon as the tax roll is determined. One official called the present jail a disgrace and said "I wouldn't even allow my hogs to stay in that bullpen."

Commission chairman John Krider had disclosed yesterday during the board meeting that R. F. McLendon, state prison inspector cited obsolete and inadequate facilities at the jail.

The report disclosed that "serious deterioration" is in evidence throughout the building, poor security and sanitation. Cost estimated for the new jail and courthouse project were received by the commission August 18 with alternate construction proposals ranging from \$700,000 to \$2,000,000.

However, the county's uncertain financial status brought on by the still overdue tax roll for 1959 had clouded the prospects for a new jail.

Juvenile Judge George Alexander recently termed the facilities at the jail as inadequate and urged the commission to take proper action.

Krider reported this morning that the commission has received letters from "just about every civic organization in the county" urging the need for better jail facilities.

Seminole Census Takers Appointed

Census takers for the Seminole County area in the 1959 Census of Agriculture have been appointed and started an intensive training course program today in Daytona Beach.

The program is under the direction of Kenneth W. Zen with courses to be given at the Seabreeze Recreation Center.

Census takers named today are William A. Ludwig, Sanford; Raymond S. Smith, Bunnell; Mildred T. Pouvey, South Ponte Vedra Beach; William G. Reinhardt, St. Augustine; Dorothy L. Stewart, Elkton; Joseph Hayden, Maitland; John H. East, Lake Mary; William H. Graessle, Chulutoa; Katherine Ladd, Geneva; Wallace Johnson, Pierson; Margaret B. Dobson, Barberville; Margaret McClure, DeLeon Springs; Hugh C. Ellison, DeLund; Frank S. Stephenson, Daytona Beach; Russell E. Haney, Port Orange and Joseph L. Herling, DeBary.

The training course will cover the use of the census questionnaire, census definitions, interviewing and map reading.

Emphasis will be placed on the importance of locating every farm and obtaining accurate information.

All legionnaires, their guests and prospective members are invited. The actual drive to run from Oct. 12 to Nov. 11 has 100 per cent membership for each of the 21 sixth district posts as its goal. H. G. Johnson is on the membership committee for Sanford's Campbell-Lossing Post 52.

Legion To Join In Members Drive

Sanford's American Legion Post 52 will join 21 other sixth district posts in a membership drive kick off dance Saturday at the Leesburg Armory.

All legionnaires, their guests and prospective members are invited. The actual drive to run from Oct. 12 to Nov. 11 has 100 per cent membership for each of the 21 sixth district posts as its goal. H. G. Johnson is on the membership committee for Sanford's Campbell-Lossing Post 52.

Interest Lagging In County Vote Registrations

Seminole County Supervisor of Registration Mrs. Camille Bruce reported today that there has not been sufficient interest shown to merit taking the voting enrollment books into the county in the future.

Fifty-five persons were registered in Altamonte Springs, and 29 enrolled in Fern Park last week. New voters registered during September, the only month when enrollment is taken every day of the week, totaled 720. That makes 12,305 Seminole County residents who can vote on the reapportionment bill Nov. 2.

Of this 720, there were 649 persons who registered as freeholders. Only freeholders can vote in the school millage and trustee elections Nov. 3. Registered Seminole County freeholders, or owners of real property now number 10,514.
