

THE FIVE occupants of this 1972 auto were all taken to Seminole Memorial Hospital following an accident at U. S. 17-92 and Woodson Blvd. last night. Harvey J. Van Dusen, 35, of 115 Grove Lane in Sanford was the driver with his wife, Nancy, 36, daughter, Ann Marie, 15, and sons, Phillip M., 16, and Paul, six-years-old the passengers. Ann Marie suffered head and facial lacerations. The driver of the other vehicle, Hugh Champion of Bessmer, Ala., was charged with failure to yield to oncoming traffic while making a left turn. Investigating Trooper M. E. (Ernie) Leggett reported \$2,500 damage to Champion's 1972 Chevrolet and \$2,000 damage to this car. Leggett was assisted by Trooper D. S. (Dun) Lawrence and the sheriff's department.

Drainage Problem Resolved

NORTH ORLANDO—Village Council has approved by straw vote, a two- to three-acre holding pond which is deemed to be a resolution of the drainage problem in the Meadowlark subdivision.

Councilman Charles Rowell broke the tie vote on the matter, although at first he was understood the motion and the vote went the other way.

Noland Reed, projects director for Florida Land Company, said Council is being requested only to approve the concept.

Some opposition has been previously voiced by council to open drainage ditches initially proposed by the developers, Jordan-Alaxatos Enterprises. Reed admitted that these were unfeasible, and that every effort was being made to conform to the village policy. However, he said, the cost to pipe the entire drainage area is prohibitive. Reed then cited the alternative measure of providing an excavated holding pond, which would be created in a natural trough. Reed said the pond engineer, said the holding pond concept had received the approval of City Engineer B. C. Conklin, who termed it a "satisfactory engineering concept."

Conklin said the pond would be located in the vicinity of houses, schools and type of buffer. Mike Alaxatos assured Council all the pond would have the necessary protection, but Kelly was adamant that he is concerned about whether the lake bottom contained muck.

Fox was in favor of tabling the matter until the village could get a more detailed opinion from Conklin, saying he is not against the pond per se, but wanted more information upon the location of houses, etc.

Coed-Picket Dies In Truck Mishap

BELLE GLADE (AP) — An 18-year-old college girl who was helping striking Talisman Sugar Corporation workers man a picket line near here was struck and killed today by a company truck, a union spokesman said. The victim was identified as Nan Freeman, a freshman at New College in Sarasota, Fla.

Judy Petersen, an attorney for Cesar Chavez' United Farm Workers Organization Committee (UFWOC), said Miss Freeman, of Wakefield, Mass., was thrown under the wheels of a Talisman truck which brushed against three pickets standing at the entrance to the sugar mill.

"It was an accident, but it was an accident that was bound to happen," said Miss Petersen. "Any intelligent human being in charge of that operation should have known it was going to happen."

A spokesman for Glades General Hospital here confirmed that Miss Freeman was dead on arrival at the hospital. The Florida Highway Patrol confirmed it is investigating the incident.

A spokesman for the sugar company was not available for comment.

Miss Petersen said the victim and another coed from New College were helping a striking worker distribute information to arriving truck drivers when the accident occurred.

The UFWOC spokesman said the three pickets were talking to a driver who had stopped his truck at the entrance when another truck approached.

The first truck was waved ahead so the second vehicle would not block traffic on U.S. 27 in front of the sugar mill.

"Suddenly they realized that the first truck was not going to clear the guard rail," Miss Petersen said. "The boy threw one girl clear but as he turned to get Nan, she was caught by the truck and thrown under the wheels."

She said Miss Freeman had joined the picket line only for the day.

Headlines Inside THE HERALD

ANNAPOLIS, Md. — Midshipmen are unhappy about the appointment of two teen-aged girls to the Naval Academy. (Page 3)

WASHINGTON—Sen. Edward Q. Brooke says the United States soon will offer to withdraw all U.S. troops from Vietnam in exchange for American prisoners of war. A State Department source says Brooke "appears to be on sound ground." (Page 3)

WEATHER — Yesterday's high 83 low 59. Partly cloudy this afternoon through Wednesday. Chance of showers Wednesday. Highs 75 to 83 and low tonight 57 to 62.

LIABILITIES — If he can't do a creditable job with the world's biggest city, then how can he expect us to believe that he'd do any better (worse?) trying to cope with the national problems?

On the Cape's Space Industry... he said, "It's too high on the priority list... I could hire all of those engineers to mow and put them to work on ecology in New York City."

How long has this Cape lay-off been in progress... two or three years? Why then didn't he "hire all of those engineers for NYC? Seems to me if the problem were that simple to solve, then it should have been cleared by now!

And on drugs... Lindsay's position that "marijuana should be removed from a misdemeanor charge, but to continue the fight on the hard stuff."

Sorry, there is no way I could accept that theory.

Especially when New York City has over 200,000 hard-core users and is identified as the "worst" drug city in the United States... then how can Mayor Lindsay place himself in a position of crusader in the cure of the national drug problem?

Seems to me you've got to clean up your own backyard before you offer advice to your neighbor...

State Engineers Investigating Pollution Suspect Faces Charge

By JANE CASSELLBERY

An investigation into several complaints that massive amounts of oil and detergents were being dumped into a drainage canal which flows into Lake Monroe resulted in legal action being taken against at least one of the offenders by the State Department of Pollution Control.

At the request of Sidney Vihlen Jr., county commissioner, Alex Senkevich and E. L. Davenport, regional engineer and engineer, respectively, with the state department, traced the source of the pollution of the Farmers' Market and goes west, dumping into Mills Creek, which flows for a half mile before dumping into Lake Monroe.

Excessive amounts of oil, debris, and detergents were found in the water. S. M. Richards Jr., city of Sanford utilities director, was called to verify the sources of storm drainage in the area that outfall into the canal to make sure pollution was not coming from other sources east of Francis Avenue.

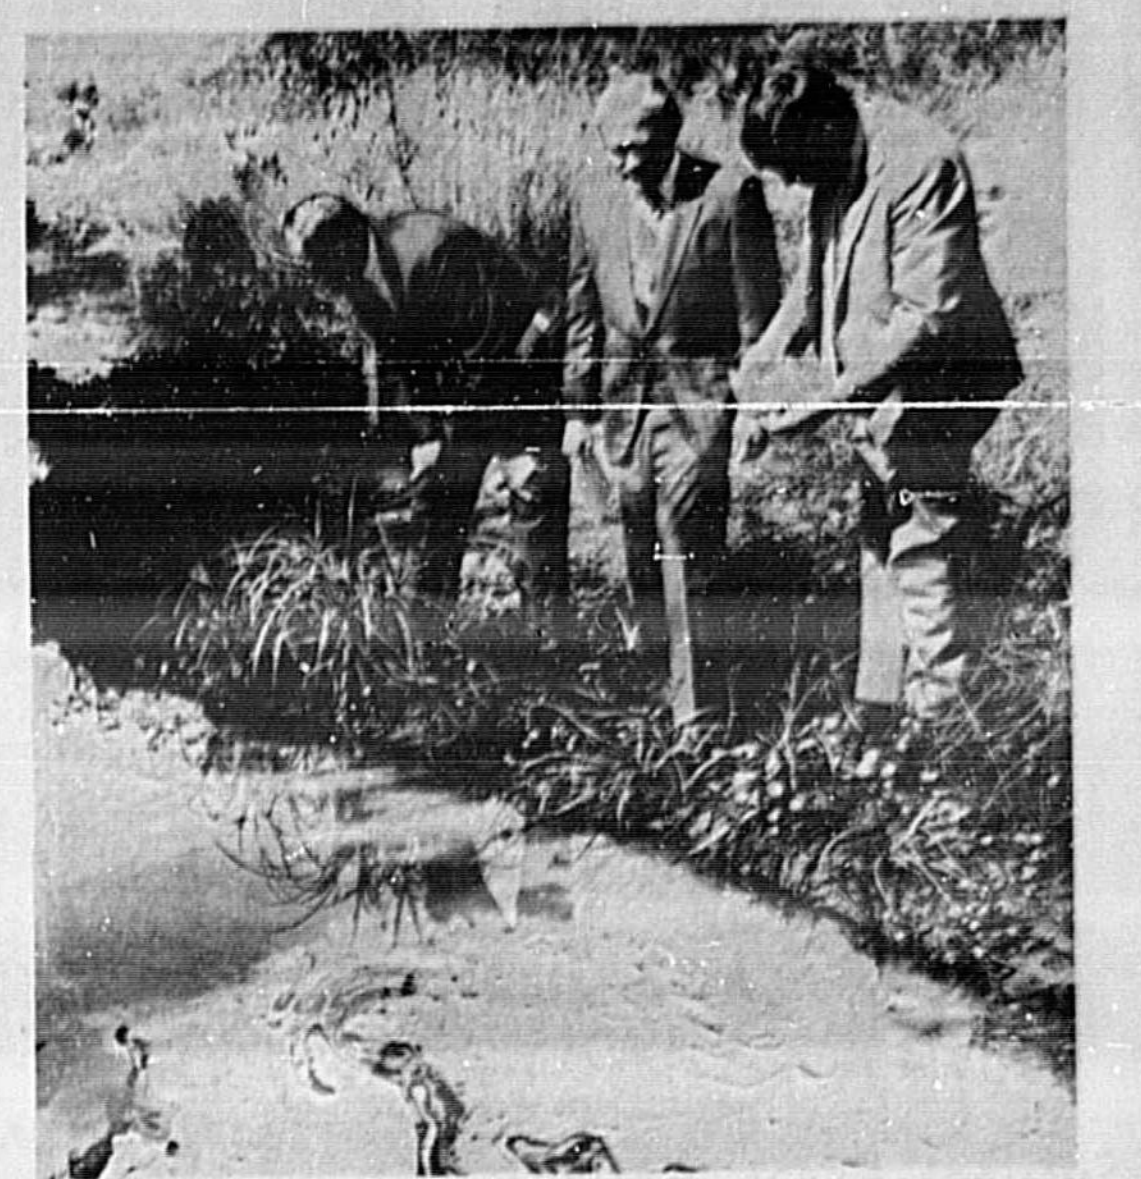

Source of the pollution was determined to be Village Rest Truck Terminal at 1500 French Avenue, operated by "Red" Jones, and Driver's Texaco Service Station, operated by Leonard Davis, at 1450 French Avenue.

Various oils and lubricants and detergents were found being washed by the truck terminal into a hand dug ditch over the bank of the canal. According to Vihlen and Davenport, Jones showed little interest in correcting the situation. Senkevich is turning the case over to the legal department for prosecution under the clean water regulations.

Abatement fines can run \$5,000 a day, Davenport stated.

Driver's Texaco was found to have a truck wash drain and underground piping system that corralled all soapy wash water into the canal. It was determined a minor source of the problem. It developed that Driver as lessor has no liability or responsibility as the Texaco Oil Company leases the station property from the state. Senkevich will require Texaco to install a holding tank for the wash water outfall.

(Continued on Page 2 Col. 1)

Construction Fee On City's Agenda

By BILL SCOTT

Sanford City Commissioners are expected to play host to a number of area developers at tonight's 8 p.m. public hearing to consider subdivision amendments requiring developers to provide underground wiring, street lights, concrete light poles and establishing a water-pollution control fee and capital improvement fee.

Commission is mulling charging developers a total \$400 for water pollution and capital improvement fees for each house to be constructed inside the city limits.

These costs would be necessary to allow the city to provide services to areas heavily annexed and continue a city-wide capital improvement program such as the construction of the new police-security complex, now underway.

Strong opposition to the \$400 total charges are expected to be voiced by developers before any action is taken at tonight's session.

Regarding the proposed security complex, a presentation is scheduled tonight by Guttman, Dragash and Mats, architectural firm designing the police complex.

Schematics for the project also are expected to be discussed by the Commission.

Robert Petre, attorney for two Sanford men opposing annexation by the city, also has opportunity to protest being taken into Sanford.

Yesterday's asparagus, tomatoes, leftover fish and Tommy's old sneakers. Tomorrow: clean landfill.

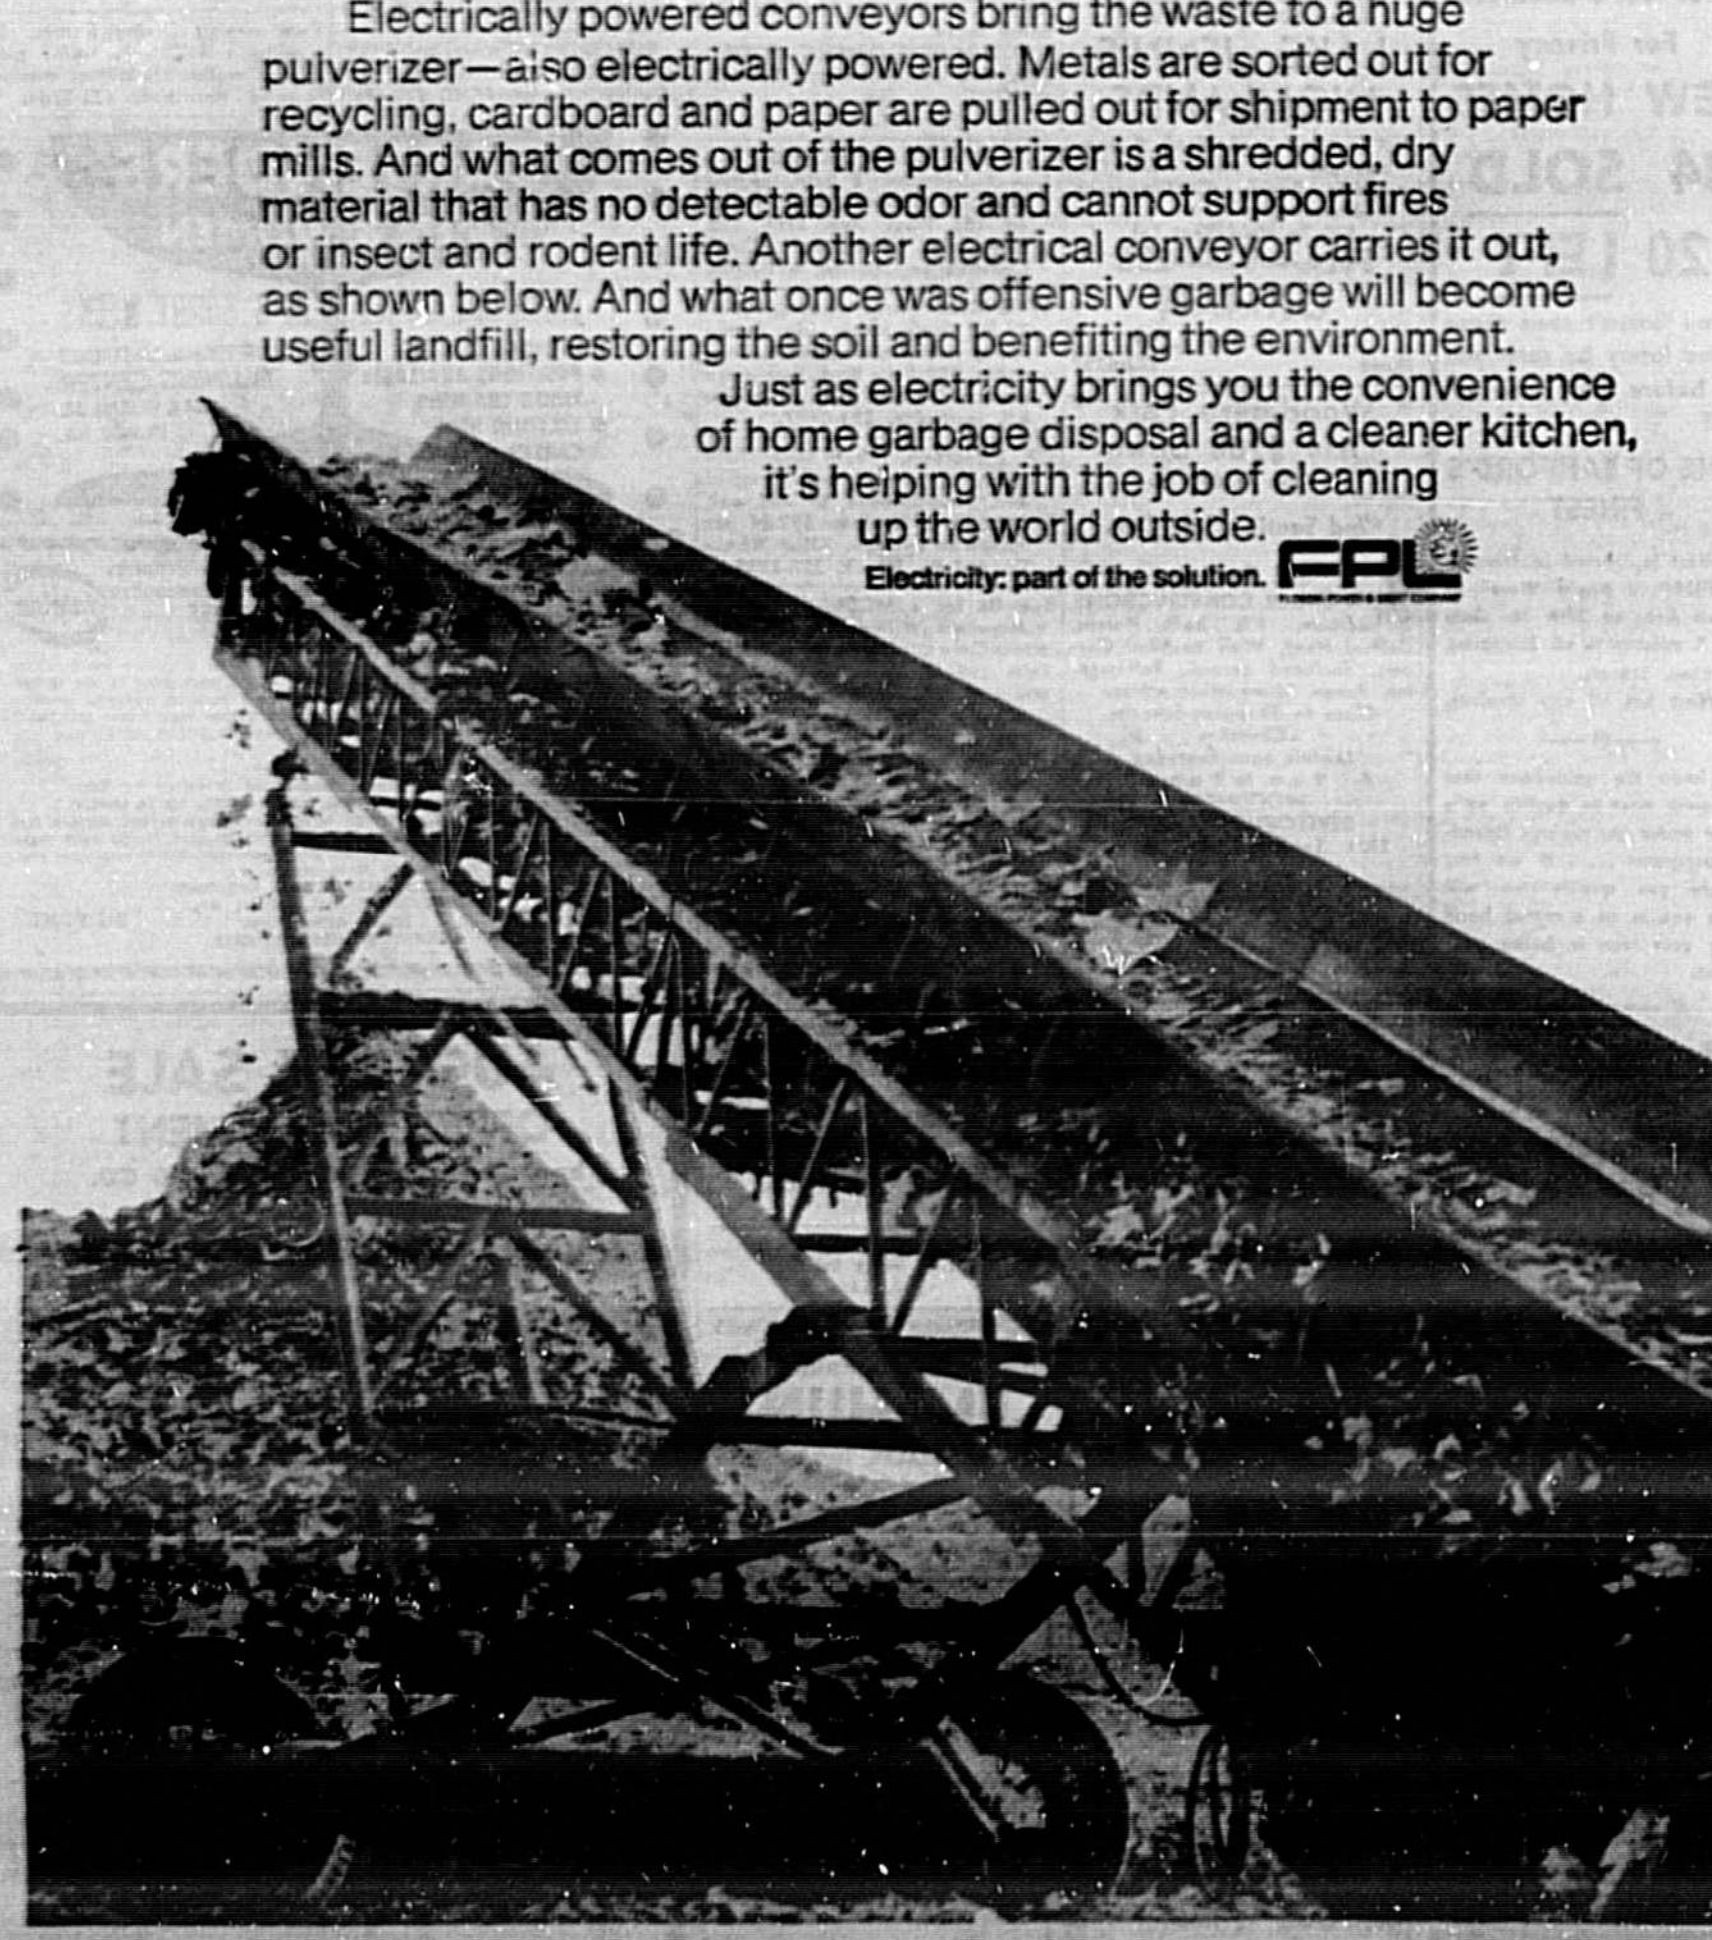

For a world seeking to handle its huge volumes of garbage without harming the environment, imagination is creating new solutions. With the help of electricity.

One example is the growing pile of clean, odor-free material pictured below. This is the end product after 1700 tons of garbage a week are processed at the Solid Waste Reduction Center in Pompano, Florida.

Electrically powered conveyors bring the waste to a huge pulverizer—also electrically powered. Metals are sorted out for recycling, cardboard and paper are pulled out for shipment to paper mills. And what comes out of the pulverizer is a shredded, dry material that has no detectable odor and cannot support fires or insect and rodent life. Another electrical conveyor carries it out, as shown below. And what once was offensive garbage will become useful landfill, restoring the soil and benefiting the environment.

Just as electricity brings you the convenience of home garbage disposal and a cleaner kitchen, it's helping with the job of cleaning up the world outside.

Electricity: part of the solution. **FPL**

Theft Suspects Plead Innocent To Charges

By MARION BETHEA

Three of the defendants charged in a county-wide theft ring, whose arraignments have been continued for appointment of counsel, entered not guilty pleas to all charges this morning before Circuit Judge Dominick Salfi.

Robert Morris has been appointed to defend Richard Goodall, charged on 15 counts. William Hutchison at arraignments, due to Morris being in Orange County Circuit court. Roger Berry has been appointed to defend Kenneth Forster, charged in 15 counts. He is, was absent and the defendant was represented by Vernon Mize.

Judge Salfi noted that trial date has not been set in any of the pending cases due to the complexity of defendants and charges.

The third defendant, Aubrey Taylor, was absent initially and the court became concerned since Taylor is in custody. His appointed counsel, William Kirk Jr., told the court that Taylor was "in jail at 9 p.m." Monday.

Another interesting item in the court was appearance of Sammie Johnson, charged with carrying a concealed firearm and failure to appear at arraignments.

Johnson told the court he had an attorney but did not recall his name. Arraignment was deferred to later in the docket so that Johnson could refresh his memory. However, after arraignments and the jail cases had been concluded, Johnson still did not remember.

Judge Salfi asked if the defendant saw his attorney in the courtroom and Johnson yawned and stretched and said he didn't know. Judge Salfi contended that he could not fashion how the defendant could make arrangements with the attorney if he did not know his name and, as Johnson stated, did not give him any money.

Judge Salfi continued the arraignment until next Tuesday and requested Assistant Public Defender Gerald Rutherford to ascertain if the defendant needed assistance. Rutherford will report his findings to the court.

New Building Fee Pondered By City

By BILL SCOTT

Sanford City Commission Monday night placed a moratorium on issuing certifications of occupancy for any construction started after yesterday with a new building permit.

The Commission meeting at a public hearing with area developers, including J. Bralby Odham, William W. Austin, Donald Howe and others, instructed W. C. Hutchison, city attorney, to draw an ordinance assessing \$200 capital improvement fee and \$200 pollution fee to be payable with the issuance of occupancy certificates but later rescinded that action on advice of Hutchison, who indicated the motion as passed should be changed or be subject to legal attack.

On a motion by Gordon Meyer, the Commission moved to instruct City Manager W. E. Knowles and Engineer Mack Lazebny to come up with costs figures on city providing sewer, water and drainage, instead of capital improvements and water pollution, names formerly given to the \$450 fee.

Commission also instructed Hutchison to draft an ordinance based on the costs to be provided by Knowles and Lazebny. Mayor Lee P. Moore, who cast the lone vote against the \$450 fee said another Commission workshop session would be needed after the figures are ready in two weeks.

Hutchison advised that an ordinance prepared by him would be read twice before passage, thereby giving developers a second chance to be heard.

A. A. McClanahan requested letters be sent to the developers advising them when the matter again would be taken up.

SANFORD JAIL schematics were unveiled Monday night by architects, from left, John Dragash and Richard Mats for the city commission. The new jail is expected to be ready for use by April, 1978. (Bill Scott Photo)

Anti-Pollution Action Requested By County

By ANN RILEY

WINTER SPRINGS—County Commission Chairman Greg Drummond said today that the Commission will be requesting the Southern State Utilities Company, which serves residents of this unincorporated development, to correct any adverse conditions that may have occurred as a result of recent water pollution problems.

Residents had expressed concern about possible damage to appliances, such as hot water heaters, air conditioners and washers, filters and strainers cleaned.

In addition to a request to take corrective measures at the Winter Springs facility, Southern State was requested to inspect its other plants in the unincorporated areas of Seminole County to insure there is no repetition.

As previously reported, Southern State took steps last week to flush the line and isolate the source of pollution. Residents were told that the water again was bacteriologically safe for drinking. Results of samples taken at random will be known Thursday. The company is still working to correct the problem.

Arthur Deane, manager of the Southern State Orlando office, said today, "We will do whatever possible to rectify any situation. We would like to maintain our good relationship with the people and the county."

Nixon On TV Tonite

WASHINGTON (AP)—Amid growing indications President Nixon is preparing to offer a date for total withdrawal of all U.S. troops in exchange for release of American prisoners of war, the White House announced the chief executive will make a nationally televised and radio broadcast foreign policy statement tonight.

(Earlier story on page 3.)

Presidential press secretary Ronald Ziegler said Nixon will deliver the statement from his oval office at 8:30 p.m. Ziegler refused to say what specific area of foreign policy would be covered.

Thanks...

Wish we could say more, but this is the quickest way to express our sincere appreciation to everyone that made our Grand Opening at Economy Toyota of Sanford a complete success...

A special thank you goes to the following for their contribution to this affair. Rev. G. Blair McGarvey, John Krider of Sanford Chamber of Commerce, County Commissioner Sidney Vihlen Jr., and City Commissioners Gordon Meyer, Julian Stenstrom and John Morris. If you missed the opening please stop by and say hello anytime.

Editorial Comment

'Red Ink' Budget Makes It No. Four For Nixon

"Facts are stubborn things," said John Adams in 1770, "and whatever may be our wishes, our inclinations, or the dictates of our passions, they cannot alter the state of facts and evidence."

Nixon administration to the imposition of a 90-day freeze of wages-prices-rents which is still melting and still raising economic questions which the red ink budget will do nothing to actually improve.

Of course it will be pointed to with pride by the GOPsters who have everything to gain if Nixon wins the re-election that goes to any president who has not made an unforgivable mess of his first four years in the White House.

This is why the words of Patriot Adams are worth printing and keeping in mind all through these next few months when "wishes" and "inclinations" and "passions" will attempt to "alter the state of facts and evidence."

Today, however, it is a smoothly beguiling profession which reaches a peak in a presidential campaign especially when the incumbent president is a candidate.

Several candidates for the Democratic presidential nomination sit. Of course it will be pointed to with pride by the GOPsters who have everything to gain if Nixon wins the re-election that goes to any president who has not made an unforgivable mess of his first four years in the White House.

Today, however, it is a smoothly beguiling profession which reaches a peak in a presidential campaign especially when the incumbent president is a candidate.

Today, however, it is a smoothly beguiling profession which reaches a peak in a presidential campaign especially when the incumbent president is a candidate.

Demo Reforms

Reforms which the Democratic Party is instituting in an effort to achieve "balance" in the 1972 national convention have been getting all the limelight.

There were, statistically in the 1968 party convention, only 13 per cent women delegates, only 6.5 per cent black delegates and only 15 state delegations were there delegates under 30 years of age.

Whatever the statistics of the 1968 Democratic gathering indicate, and whatever the forms will accomplish, the Republicans should not be overconfident in the statistics. And what about the comparative figures for the GOP look like?

It would seem that Democrats are in the glare of public attention with their reforms for the makeup of next year's national convention while the Republicans have the bigger problem of mix and balance.

Grime Boomerang

A man handed a female hotel clerk in Sydney, Australia, a \$20 bill, asked for change and then pointed what appeared to be a gun at her and demanded all the money in the cash drawer.

GETTING IN ON THE ACT

AGNEW WAS HERE

AGNEW WAS HERE

Point Of View

By DON FREEMAN, Copy Editor. "I think it would be nice," said Andy Williams, "to be the first international television and recording star."

Always get your sights high and that's what Andy has in mind, this surprisingly effortless performer, as smooth as glass, a singer with a full-throated musical voice and a hallmark of strong professionalism.

It was a stinging blow, a season ago, when his NBC series was dropped. He doesn't miss the weekly grind but he admits that the cancellation bruised his ego.

Still, there are the specials, such as his last Christmas show, which was out-rated only by that blockbuster "All in the Family."

And there's the Andy Williams San Diego Open golf tournament which Andy himself always helps out at the microphone.

Very difficult to sing a ballad in German, said Andy, commenting with a few cultural passages. "Japanese is good, which is a lot of open vowels. French is nice and melodic."

On that Christmas special, Andy sang the theme from "Love Story" in five different languages: Spanish, English, Japanese, French, German — and right there he had a clue to his global aspirations. English is the only language he knows but he learned the words phonetically in the other languages.

"Very difficult to sing a ballad in German," said Andy, commenting with a few cultural passages. "Japanese is good, which is a lot of open vowels. French is nice and melodic."

Space Age Report

Skylab - Shuttle System Debate

By FRANK MACOMBER, Military-Aerospace Writer, Copley News Service

The old argument pitting man against his mechanical robot in space is being revived, as advocates of both sides vied to see what each could achieve during explorations of the moon.

Now it is cranking up again as new space adventures—manned and unmanned—appear on the horizon.

While all the evidence is not in, America's Apollo astronauts, their sophisticated measuring instruments, their soil diggers and their observations have returned a treasure of valuable information to earth and uncovered hitherto untold lunar secrets, with still more to come during the Apollo 16 and 17 missions this year.

On the other side of the ledger, the Russian Lunokhod I robot carter spent 10 months and 17 days functioning flawlessly on the moon's surface.

After it touched down on the moon Nov. 17, 1970, Lunokhod performed a remarkable list of performances. It crawled about 6.5 miles, mapped 95,000 square yards of lunar surface, took 200 300-second pictures, snapped 20,000 other pictures, tested the density of the moon's soil at 500 points and conducted chemical analysis at 25 points. All this

information was relayed back to earth, picked up by stations which "watched the road" for Lunokhod I via television cameras and guided it accordingly.

Russian scientists claim Lunokhod I's performance proved the wisdom of sending a machine to do a man's work, and many American scientists agree. So do some space engineers.

Dr. Kirill Pavlovich Frenskiy, a leading Russian space scientist, and two colleagues recently came to this country and showed their American counterparts surprisingly sharp photos taken by Lunokhod I's cameras in the lunar Sea of Rain.

Dr. Frenskiy's claim, however, is that the photos have a "very great" value in exploring the moon, the planets beyond and even the universe.

Even the most optimistic astronaut admits that someday America will lose astronauts just as Russia did if we continue to send men into the hostile void of space.

The intramural debate over the pros and cons of manned space flight versus robot missions cropped up during the 1968 annual Aerospace Sciences Meeting of the American Institute of Aeronautics and Astronautics at San Diego, Calif.

On opposite sides of the fence were Apollo 15 astronaut James B. Irwin and Dr. Harold C. Urey, Nobel laureate, professor emeritus of chemistry, University of California, San Diego, and one of the Apollo moon soil analysts.

Urey, who has very good pictures, said that they quite capably with what you would expect if those places, then Tokyo can surely feel more secure than in 1971.

On the issue of Taiwan, there could be further misleading in U.S. circles of Japanese intentions, as disclosed in an American columnist's recent interview with Foreign Minister Fukuda.

Fukuda says Japan is ready to wipe out its peace treaty with Taiwan, as a necessary step in "normalizing" its relations with Korea are growing.

But Fukuda's words require careful study and elaboration. He also said Japan would not abrogate that treaty until Peking actually has begun normalizing talks. The Chinese have created an impasse by saying they won't start talking until the treaty is killed.

Japan's fresh taste of U.S. reluctance to help underwrite a reliance could only undermine a sentiment of being "left out" of the suburbs.

Those who hold these jobs and live in the suburbs surrounding have better opportunities and living conditions, have good schools, and are doing their best to keep out poor people, blacks especially.

The result is the number of blacks moving into suburbs has barely risen 0.5 percent, while blacks in the city were rising from 18 to 24 percent, with the accompanying lack of public service taxes to care for that added population in the inner cities.

It comes down for one thing to communitarianism that adopts a planning guide and provides a means of making a priority to those groups on application grants. Flight criteria must be made more housing.

This matter is of immense significance. Even a military stronger Japan can't easily play a loose defense role in Asia. In the aftermath of World

War Over Finally For Him

AGANA, Guam (AP) — A man who told officials he is a former Japanese army sergeant, was arrested here for a crime he committed in the jungle since World War II.

"If he's going to go any more, he should go to the moon," said a local official. "I've never heard of a man who has been in the jungle since World War II and is still here."

Williamson said that was the point of his arrest. He was kept in a cell for 21 days before being released.

At Mel Dekle's Gulf 24-Hour Auto Service

By DONNA ESTES
 Twenty-four hour a day service is waiting for customers at Mel Dekle's Gulf Station located at 2518 French Avenue at Santa Barbara Drive. An unusually large inventory of Gulf products is always in stock at the station operated by Dekle for the past 15 years at the same spot.
 There are tires, batteries and all of the accessories needed for just about any make or model of car.
 Dekle also has a station at the Sanford Airport for those wishing the same fine service there.
 Available on the Dekle Gulf premises on French Avenue is also a King Car Rental Service. There is an inventory of 20 trucks of all sizes and 20 King cars ranging from the economy to luxury models and the costs of rental are "competitive."
 Whether it is a stop for gas and a clean windshield or a problem requiring closer inspection, Dekle and his staff of highly skilled employees are ready and able to supply the service necessary.
 Dekle stresses quick, efficient and courteous service. Prominently displayed in the TV lounge area which has been set up for the convenience of customers who choose to wait for their cars to be serviced, is a sign reading "Prompt greetings make happy customers."
 Mel Dekle has the reputation for quality of service and personal integrity which has made him one of Sanford's most respected businessmen.
 Full service is extended from 7 a.m. to 6 p.m. daily. From 6 p.m. until 7 a.m., service includes gas and oil and minor problems. All service jobs include the parts for the job. It is not necessary for the parts to be bought elsewhere and brought into the station.
 Dekle's Gulf at both locations offer well-managed and well-staffed service. The locations are convenient. The service is excellent.

MEL DEKLE and his efficient staff at Dekle's Gulf Service are ready to solve your car problems. The French Avenue station is open 24 hours daily. (Donna Estes Photo)

Visit The Yarn Barn Hand Skills Are Returning

By DONNA ESTES
 Hand-made articles again are being given the appreciation they deserve and the Yarn Barn, 210 North 17-92, Casselberry, is right in step offering all the items necessary to make beautiful shawls, ponchos, no-repeat, embroidery and crewel.
 The old arts of knitting, crocheting, rug hooking and needlepoint are no longer just the style of grandmothers, but new mothers, teenagers and women are also finding the satisfaction that comes with making their own things.
 While some are creating as hobbies, others find it relaxing and a very economical way of obtaining clothing and accessories they desire.
 Mrs. Kay Salmon, owner and manager of the Yarn Barn, has been asked to set up classes in crocheting, her specialty, and she is making preparations for these classes currently. To find out when they will be held those interested are urged to visit the shop and discuss the matter with Kay.
 Bargello is the newest type needlepoint with an endless variety of pretty things that can be created from handbags to footstools, pillows, you name it. Mrs. Salmon has discussed the interest evidenced to her by customers wishing to learn this skill. Mrs. Martin Schussell, 146 Hobson Street, Longwood, is considering setting up a Bargello class and additional information on this may also be obtained at the Yarn Barn.
 The newest items on stock at the Yarn Barn are a variety of fringes, creative crocheting, embroidery, rug hooking, quilting, and crocheting needs, embroidery threads and hooks, a large variety of yarns and many novelty yarns.
 Among the articles being made from materials from the Yarn Barn are afghans, attractive shawls, ponchos, handbags, shopping bags, wall hangings, flowers, vests, belts and rugs.
 One of the nice things about this sort of hobby is not only that it's useful and enjoyable but it doesn't require your undivided attention at all times. The Yarn Barn located on 17-92 about one-mile north of SR 436, opened its doors to business on July 17.
 Selection of synthetic yarns include single, two, three and four ply yarns. Tweeds are suitable for purses, wall hanging and flowers and Mrs. Salmon suggests some of the nylon yarn for ponchos, vests, belts and

ITEMS AVAILABLE and pretty things that can be made from the materials at the Yarn Barn are displayed by Mrs. Kay Salmon, owner of the shop, around an antique hat rack which has been in her family for years. Yarn Barn is located at 210 N. 17-92, Casselberry. (Donna Estes Photo)

Values At Shoe Tree Adjustment Sale Underway

By DONNA ESTES
 A fantastic storewide "business adjustment sale" with unheard of values and discounts up to 60 per cent is underway at Shoe Tree in Seminole Plaza, Casselberry.
 Shoe Tree in Seminole Plaza, one of a mini-chain of stores owned by Dr. Harrison Taylor, renowned lecturer and formerly head of the WorldWide Date Company organization, caters to the entire family with footwear for persons from infancy through maturity.
 Included in the store is a tremendous stock of men's and ladies' boots. And another specialty is current styles for school girls. A lot of "funny looking" shoes, including the multi-colors and chunky heels are in stock.
 Dr. Taylor's 15-year-old daughter, Melody, a student at Edgewater High School has become friends among her circle of friends for her extensive shoe wardrobe. She tries out all the teenager shoes in stock and has become quite a fashion plate.
 Shoe Tree has operated in Seminole Plaza at the same location for the past four years serving as manager. Well-known shoes featured are ones manufactured by General Shoe Corporation commonly known as Genesco. Best known brands are National-Vogue, and Charm

Step in ladies' shoes and Fortune, Douglas and Sandy McGee in men's shoes. Brands of boots include Acme, Wrangler, Cedar Crest, Dan Dino and Frye.
 The store is open 9 a.m. to 9 p.m. Monday through Saturday and 1 p.m. to 6 p.m. Sundays. Convenient parking is provided in the ample Seminole Plaza parking area.
 Dr. Harrison said the new Spring styles in shoes are varied with much emphasis put on pastel colors for women. Men's shoes are also more colorful with many two-tone shades and higher heels coming in.
 Shoe Tree's already reasonable prices have been slashed to give as much as 60 per cent discount during this special "business adjustment sale." Now is the time to buy the new shoes Johnny has needed for school. And the "funny" ones Mary has been asking for. Don't forget the boots for big brother and Mom, now is your chance to get two or three pairs of shoes for one pair elsewhere.
 Dr. Taylor has taught in all levels of the public schools—elementary, junior high, high school and college. He holds A. B., M. A. and L.L.D. degrees.

Concert Features Folksingers

THE THREE MMM Company folksingers were presented Friday night at Sanford Civic Center by Seminole Junior College Student Government Association under the auspices of Seminole Mutual Concert Association. The concert included ballads, love songs, spirituals and a music hall songs plus some of the better contemporary compositions and audience participation. In absentia was Jackie McGowan, who is still hospitalized as the result of an automobile accident. Upper photo shows, from left, French-born Sonia Malkine, Woodstock, N.Y.; Thelma Bolton of White Springs, program director of Florida Folk Festival; and Barbara Muller, a member of the music faculty of Seminole Junior College. Faculty wives of Seminole Junior College entertained at a reception at Friday's concert. Among those serving Seminole Mutual Concert patrons were lower photo, from left, Mrs. William J. Renner, Mrs. Burt H. Perinchief, Mrs. Bill Elwood, Mrs. Mack Blythe. Also at the concert, an art exhibit was presented by SJC students Drawing I Class under the instruction of Grady Kinsey. (Don Vincent Photos)

Judy Roberson, Andrew J. Ford To Marry

Mr. and Mrs. Claude N. Roberson Sr. of Route 2, Sanford, are announcing the engagement and approaching marriage of their daughter, Miss Judy Ann Roberson, to Andrew Joseph Ford, son of Mrs. Edna Dixon of Orlando, and Andrew J. Ford, Holyoke, Mass.

Miss Roberson is the granddaughter of Mrs. Estelle E. Balow of Jacksonville and the late Mr. and Mrs. Claud L. Roberson of Scrven, Ga.

Born in Portsmouth, Va., the bride-elect is a 1974 graduate of Seminole High School where she was a member of the band, Spanish Club and Girl Scouts. She was graduated from Southern College, Orlando, in 1971. She is presently employed as a computer programmer.

Mr. Ford is the grandson of Mr. and Mrs. Sam Stubbs, East Wintecree, Wash., and Mr. and Mrs. J. M. Ford of Dierks, Ark.

He was born at Fort Walton Beach, is a graduate of Holyoke High School and served a tour of duty with U.S. Marine Corps. Mr. Ford is a 1971 graduate of Southern College and is employed as a computer operator.

The wedding will be an event of Feb. 5, at 7:30 p.m., at Grace United Methodist Church, Sanford.

MISS JUDY ANN ROBERSON (Bob Orwig Photo)

Music History Sparks Zeta Xi Meet

The first meeting of the new year of Zeta Xi Chapter of Beta Sigma Phi was held at the home of Betty Jack, president. Marge Belton, program chairman, introduced Bert Perinchief, music instructor at the Seminole Jr. College, who presented the members with his program on "The Difference Between Absolute and Program Music."

Mr. Perinchief presented as part of his program, records demonstrating absolute and program music. Absolute music has been listed to hours more of the music and the history of music. Opera was just touched upon and if Mr. Perinchief's schedule will permit the chapter will have him back to extend further on this form of music.

An important point in appreciating music is that one cannot not really appreciate the music on hearing it only once. Heavy or classical musical compositions, as the lay person is wont to classify music, should be heard many times over before an opinion for or against that type of music is made.

A fascinating informative and enjoyable evening was had by all. The members expressed their desire for evening classes at SJC for those wishing to further investigate this most interesting subject.

Rev. J. Randall Farris Marks 92nd Birthday

Rev. J. Randall Farris, a former Sanford resident who now lives at 1300 Canterbury Rd., Winter Park, celebrated his 92nd birthday, Jan. 19.

A group of Sanford friends journeyed over to his home to help him celebrate the event. Those attending were Mr. and Mrs. Belt Purvis, Mrs. Beula Thornton and Mrs. Marvelyn Grime. Mrs. Grime baked a birthday cake and they served the cream and cake during the afternoon visit.

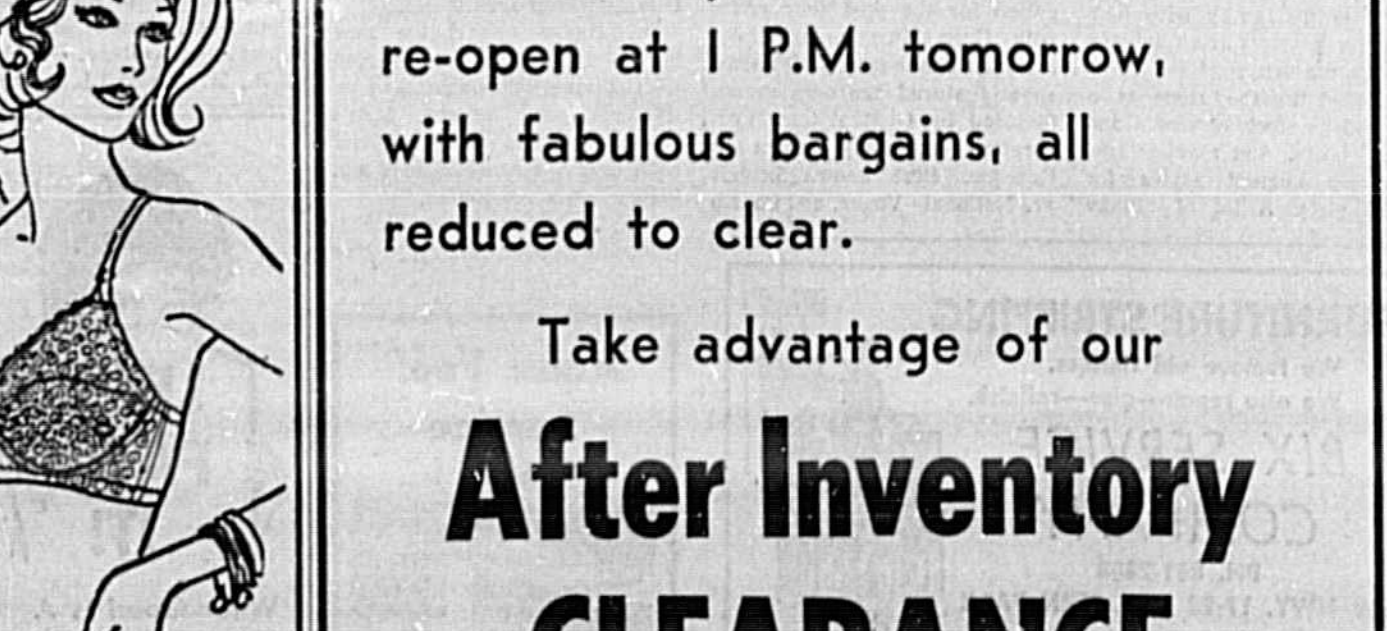

Rev. Farris was pastor of The First Christian Church when he lived in Sanford. He is still active, teaches a Sunday School class at Central Christian Church, Orlando and manages his own home with very little assistance.

College Grads Needed To Form AAUW Branch

All university and college graduates from DeBary, Sanford and Deltona, who are interested in the organization of a branch of the American Association of University Women, are asked to meet at Deltona Inn, Saturday, Jan. 29, at 2 p.m.

For more information call Frances Stitt, 688-4515.

Dear Abby: By Abigail Van Buren

DEAR ABBY: I would like your opinion on a statement my boyfriend has made to me. Let me preface by saying that our relationship is very serious, and we are considering marriage.

We were discussing marriage and children, and I asked him if he would ever change a baby's diaper. He replied, "Absolutely not. Just the thought of it is revolting!"

Abby, I am not saying that this particular task would be shared equally between us, but I would like to think that if I were not feeling well, or happened to be away for a few hours, my husband would assume the job if necessary. Don't tell your son the reason I would like to think that if I were not feeling well, or happened to be away for a few hours, my husband would assume the job if necessary.

How do you feel about this?

NAMELESS, PLEASE

DEAR NAMELESS: I think there should be some "changes" made before you have children. And for goodness' sake, should be your fiancée's attitude.

DEAR ABBY: I have been married for 33 years. My husband is 62 and I am 58. Recently my husband lost his job because he had an affair with a young married woman who worked where he worked.

My question: Should I write and tell our son the truth about his father? Our son lives in another state but will be coming home soon, and I'm afraid somebody might tell him. This is a small town and you know how people talk, and I'd rather have him hear it from me than from a stranger.

Also, the young woman my husband had the affair with is still working there. Her husband is employed and I am not, and I am too old to start looking for a job. Do you think that's fair?

DEAR UNHAPPY: No, if your husband was fired because of the affair, the woman should have been fired also. Don't tell your son the reason for his father's dismissal. He may not hear about it if he does, tell him the truth.

DEAR ABBY: I've been a saleslady in the same store for 26 years, so you know I'm no kid. I've sold neckwear, blouses, costume jewelry and purses over the years.

My pet peeve is the "looker." When I notice a customer is interested in something, I approach her with a smile and in a pleasant tone of voice. I say, "May I help you, Madame?"

Nine times out of ten, she will drop whatever she was looking at and say, "No, thanks, I was just looking." Then she walks away.

I suppose I should be used to it by now, but it still burns me. Why do women do this?

DEAR MISS B: Because "I'm trying to be nice" is the excuse she makes up for her mind, the salesperson interrupts her silent "should-I-or-shouldn't-I" debate, and Madame becomes belligerent. She's afraid she'll be talked into a sale she may later regret. A better approach would be, "If you find something you like, I'll be glad to help you."

Remember, all buyers were "lookers" first.

CONFIDENTIAL TO CEDEN GATE GIRL: The man who is forever talking about what a great man he is with the ladies is usually doing what he does best. Talking.

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 60700, Los Angeles, Cal. 90060. For a personal reply enclose stamped, addressed envelope.

For Abby's booklet, "How to Have a Lovely Wedding," send \$1 to Abby, Box 60700, Los Angeles, Cal. 90060.

Horoscope Forecast

WEDNESDAY, JAN. 26, 1972

GENERAL TENDENCIES: The day is by far the best time now. You would be wise to use this extra energy that has been released to put in effect the various projects you have in mind. They can prove successful. However, tonight is a time to refuse to take chances, or to get yourself in a pickle.

ARIES (Mar. 21 to Apr. 19): Contact those individuals who have been helpful in whatever sphere you are having trouble. Then handle your correspondence wisely, shop, etc. Avoid whatever may tax your nerves in any way.

TAURUS (Apr. 20 to May 20): You had better contact experts in whatever is of a monetary nature and get their advice for your own problems and solve them wisely. Do whatever will add to value of property. Do not waste any time foolishly.

GEMINI (May 21 to June 21): Wedge in a little social fun with good friends between work routines and come to a far better agreement for the future. Take those treatments you need to improve your health. Stay with your budget.

MOON CHILDREN (June 22 to July 21): You are able to collect data you need secretly now, so get busy and handle those behind-the-scenes matters. Avoid the public eye as much as you can, but plan to improve business affairs. Relax at home in p.m.

LEO (July 22 to Aug. 21): You want to enjoy some social jangle, so get busy on the telephone early. Talk over some problem you have with a good friend. Handle personal affairs in p.m.

VIRGO (Aug. 22 to Sept. 22): Discuss with higher-ups what they expect of you and do what most to please them, have real understanding between you. Pay that bill and improve your credit rating. Evening fine for health improvement rest.

LIBRA (Sept. 23 to Oct. 22): Get out of that mess to Oct. 22. Let the public eye see the time to go into new outlets that make you more successful and happy person. Talk over with some new associates ways to handle your affairs better. Study data in p.m.

SCORPIO (Oct. 23 to Nov. 21): Get busy and clear up all sorts of desk work, such as matters of a personal nature, government obligations, etc. Have more time in the future for bigger and better things. Discussions with mate yield good results also.

SAGITTARIUS (Nov. 22 to Dec. 21): If you first ask partners for their ideas, you can get excellent results. Give attention to that important civic matter during the daytime. A sure manner is necessary.

CAPRICORN (Dec. 22 to Jan. 20): You are able to delve right into all that work in front of you and get it done with speed and skill. Gain the approval and respect of others. Take some helpful treatment in p.m., after a good day's work.

AQUARIUS (Jan. 21 to Feb. 19): Do some entertaining of good friends and enjoy the day. What it is that male expects of you, so that you can agree to whatever is fair. Using creative talents is easy today, tonight. Do so.

PISCES (Feb. 20 to Mar. 20): If you listen to the desires of family, you know how to improve the harmony that exists there now. Get your important business handled quickly. Not a good p.m. for doing any entertaining to guests of a magnitude we cannot even imagine.

"There has grand personality will abound and expand under the sunshine of God's eternal love and care."

Highlights TV Time Previews

7:30-8:30 CBS "The Glen Campbell Show" Barbara Eden sings a sultry version of "What Ever Lola Wants" to heat up the night's activities, and also joins Glen for "In a Little Spanish Town."

8:30-9:30 CBS "Hawaii Five-O" "Skinshead" A beautiful soldier stands accused of assaulting and raping a native girl. It's all too pat for McGarrett. Barbara and Glen sing "Let's Go to the Movies." In his solo spot, Glen mixes old and new for "My Sweet Lord," old favorite "Penny's From Heaven" and "Foot Me."

9:30-10:30 NBC "The Search for the Nile" Thanks to the man was willing to live with a conviction, although really innocent of rape.

8:30-10 ABC "Movie of the Week" "Women in Chains" Lita Lupino, Jessica Walter, Lita Nettleton and Bellotti Montgomery star in a familiar plot about prison brutality and vicious. They run into the disgraced and cruel matron, played by Ida Lupino, and one of them is killed. Pretty vicious stuff for pretty gals.

9:30-10:30 CBS "I'm a Fan" A lot of trivia made very entertaining by Dick Van Dyke and Carol Channing with a proficient cast of supporting performers. It's a mesh of original music and sketches spoofing sports fanatics and, as you can imagine, the weekend football TV addicts, take a laughing.

9:30-10:30 ABC "James Garner as Nichols" "Sleight of Hand" Inscrutable Nichols teams with some shady characters in a get-rich-quick scheme involving what turns out to be a phony gold mine deal. When several townspeople are killed, Nichols has to reverse himself.

10:11 ABC "Marcus Welby, M.D." "All the Pretty People" A disease of muscle deterioration abruptly terminates the career of top tennis player Rick Melnick, played by Nico Manouris. His career ended, will he ever play comes off new hope in a related career.

8:30-9:30 CBS "Hawaii Five-O" "Skinshead" A beautiful soldier stands accused of assaulting and raping a native girl. It's all too pat for McGarrett. Barbara and Glen sing "Let's Go to the Movies." In his solo spot, Glen mixes old and new for "My Sweet Lord," old favorite "Penny's From Heaven" and "Foot Me."

SANFORD-ORLANDO KENNEL CLUB
10 Miles north of Orlando between

Jacoby On Bridge

South was mighty upset about playing in three no-trump when there was a club club slam.

He wanted to know why North hadn't gone to four no-trump over his bid of three. North, a rubber bridge player, said there wasn't much difference between making five no-trump with 150 for ace and a club slam. Later North explained why he had given up the idea of a slam after his partner bid two and three no-trump. His remarks should be worthwhile: "Yes, I did suspect that we could make a slam in clubs or diamonds but I know my partner too well to fall into the trap. South is one of those players who feels he can produce mir-

Worry Clinic

By GEORGE W. CRANE Ph. D., M. D.

CASE S-58: W. Erskine Gallant Sr. died recently, aged 82. He started as a retail store clerk in the great city of St. Petersburg, Fla.

And he had often been entertained by the Gallants in their Anderson home during the past 33 years.

Since I spent five years as a salesman; then later taught the courses at Northwestern University and George Washington University on "Sales and Advertising Psychology," I doubly admired Mr. Gallant.

For he had also pioneered the listing of prices of his merchandising on the tags attached thereto.

Most of you readers may not be able to remember that some 50 years ago, prices were concealed by various code numbers.

So you had to ask the clerk how much a dress or pair of shoes really cost.

And the merchants of those days might vary the price, depending on whether you were wealthy or a poor man.

But Mr. Gallant, like Henry Ford in the automotive realm, offered quality merchandise at a standard price for everybody.

He was also a devout contributor to hospitals, YMCA, and other worthy organizations.

For our "Worry enterprise" system has thus sponsored as a "fringe benefit" far more colleges, hospitals, churches and other charitable organizations than Socialistic Russia and Red China, combined.

Erskine Gallant, thus epitomizes the wonderful advantages that America has offered every ambitious boy who mixes elbow grease and good character with diligence in duty.

And he certainly proved the value of regular newspaper ads including color, which he pioneered!

For he ran a daily display advertisement (one quarter to a full page), seven days per week, for 44 consecutive years in the Anderson newspapers and attributed the booming success of his chain of large stores to this form of educational print publicity.

Editor J. B. Hall concluded his superbly useful of this great merchant-prince:

"We don't know what Erskine Gallant will be doing in heaven, but his talents will then have full play to a magnitude we cannot even imagine.

"There has grand personality will abound and expand under the sunshine of God's eternal love and care."

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs which you send for one of his booklets.)

Green Thumb

ROSE CIRCLE

Mrs. Donald Norton and Mrs. Marie Williams were hostesses, Jan. 14, at Sanford Garden Center to the January meeting of Rose Circle of Sanford Garden Club.

S. Carleton Rogers of Winter Park presented an interesting commentary of "Ethnoopy in E-zers."

During the business session which was presided over by Mrs. Mildred Babcock, circle chairman, Mrs. Olive Hunt was named to take care of Garden Center grounds and to choose the February Garden of the Month.

Circle members were asked to bring two plants for a flower show at high time a plant sale will be held.

At the general business and luncheon meeting, on Feb. 17, Joy Postle will be guest speaker on "Glamour in the Everglades." Election of officers will be held at this meeting. The incoming president will attend the state convention in Sarasota this Spring.

Mrs. Charles Holzer gave a World Gardening report.

It was announced that two teachers' instruction books were presented to the teachers' libraries at Hopper and Idyllwild Elementary schools.

Knit Wits Projects To Continue

During 1971, the Knit Wits Club of Chulohota made and delivered 24 sheets, each made like a pillow case and requiring four yards of material each, with ninety six yards all total, for Mrs. Russel's Home for the Atypical children in Orlando.

In addition they made and delivered for Christmas, stuffed toys, hand made yo-yo dolls, several jump suits for night wear and candy.

The club has elected to work for the same cause for the year of 1972, making the sheets for the home.

They also serve the Seminole Convalescing and Nursing Home in Sanford, making approximately 26 dozen cookies through the year of 1972 and have been visiting the patients for several years, reading to them and writing letters for them.

Crabs Have Mercury

AUSTIN, Tex. (AP) — Excessive mercury is still being found in blue crabs taken from Lavaca Bay, and the Texas Health Department says that blue crab from that area should not be eaten until further notice.

The department says, however, that crabs from the bay are "perfectly safe to eat" if they have been taken from approved harvest areas.

Officials here are checking mercury pollution since 1968 and have noted a "steady and consistent reduction in mercury densities found in oysters taken from Lavaca Bay."

Father Berrigan Trial Judge Threatens Secrecy

By LEE LINDER
Associated Press Writer
HARRISBURG, Pa. (AP) — The judge at the conspiracy trial of the Rev. Philip Berrigan and six other antiwar activists has threatened to bar newsmen from the jury selection process and impose secrecy on the proceedings. "I'm not telling the news media what to do," U.S. District Court Judge R. Dixon Herndon said Monday as the jury names, questions and responses

Sanfordite Hurt In Game Affray

By GARY TAYLOR
APOFKA — A Sanford girl was taken to Mercy Hospital and other Seminole High students reportedly suffered slight injuries as the result of an affray following the Seminole-Apopka basketball game last night at Apopka Memorial High School.

Apopka police were called to the school at 9:32 p.m. Officer John Cooper reported finding a girl on the ground in front of the school when he arrived and an ambulance was called.

Mercy Hospital officials reported Phyllis Palmer was treated and released at the emergency room. Witnesses reported she was jumped by several youths, while the police report states she was attacked by a girl, though the police are checking into the matter of how many people actually attacked her.

Apopka police are in the process of piecing together information and sorting fact from rumor. Police officials reported they plan to interview several witnesses from both schools.

"We will find out who is responsible and they will be punished," promised Wesley Aman, assistant principal at Apopka. Seminole High principal Jack Redding was in contact with Aman this morning in an attempt to learn all the facts of the incident.

Both school and police officials in Apopka verified that a reserve policeman had been on duty but, according to Aman, he "apparently already left before the incident happened."

A Seminole High cheerleader, who reportedly saw the incident, stated that one youth was holding a gun. Police officials could not confirm this.

In another report of violence centering around an Orlando basketball game last night, several Seminole High School players and a manager were attacked by angry fans as they were on their way to the dressing room following an Evans 65-61 win.

The fight lasted nearly 10 minutes and the Evans team had to be escorted from the school by the police.

Headlines Inside THE HERALD

STATEWIDE — Families of Florida servicemen being held captive in North Vietnam's prisons find little new hope in President Nixon's peace proposal, with one woman calling the address "a lot of rhetoric." (Page 12A)

SAIGON, Indochina — Sharp fighting erupts in the Mekong Delta region as 200 North Vietnamese, 31 enemy and one American killed. (Page 5A)

MESA, Ariz. — Former Sen. Carl T. Hayden of Arizona, who served in Congress longer than any other man, dies at 94. (Page 5A)

WEATHER — Yesterday's high 84 low 59. Partly cloudy today and Thursday. High mostly mid to upper 70s. Low tonight 55 to 62.

Askew To Speak At Jaycee Dinner

By JANE CASSELLBERRY
Gov. and Mrs. Reubin Askew will be honored guests at the Distinguished Service Awards banquet to be held jointly by the Sanford Seminole, South Seminole and Oviedo Jaycees Friday at 8 p.m. at the Sanford Civic Center.

Prior to the banquet a reception free to the public will be held 7:15-7:45 p.m. at the Holiday Inn.

Speaking in addition to the Governor will be the national vice president of the United States Jaycees, Robert Hattaway, of Altamonte Springs; State Sen. Wilbur G. Gault, who will be master of ceremonies.

Overall chairman of the all-county function, the first of this kind here, is Warren Brown, of the South Seminole club.

Each of the three clubs will be presenting a Distinguished Service Award to an outstanding citizen of their particular area.

Current issues of TRAINS... The Magazine of Railroading, has the back cover page (full color) devoted to Auto Train and General Electric. Part of the copy states: "Relaxed and rarin' to go, this train ferries families and their cars between Washington, D. C. and Sanford, Florida."

By Longwood Mayor Brown Zoning Variance Clampdown Seen

LONGWOOD — In a short discussion with members of the city's planning and zoning board Tuesday night, Mayor Kenneth Brown told the advisory body in no uncertain terms that he will refuse to execute plans for property containing variances of the city's subdivision ordinance.

"If you recommend a plat with several variances, I will not sign it," the mayor declared, making it clear he will stand behind it.

The mayor said he meant no criticism of past actions by the board. "That's before and this is now," he said.

At the same time, Councilman William Klosky, an advocate of parks and recreation development, told the board he wants the permissive section of the subdivision ordinance enforced which permits the city to require donation of lands for public use.

Klosky suggested the board set five per cent as the amount of land to be dedicated in new developments for city use. "And I do not want any holes in the wall, subdivisions or property next to railroad tracks," Klosky said.

Councilman Dick Crenshaw urged the board to look into the possibility of revising the residential zoning requirements upward and to consider rezoning in commercial zoning so that it will not be a "taboo item."

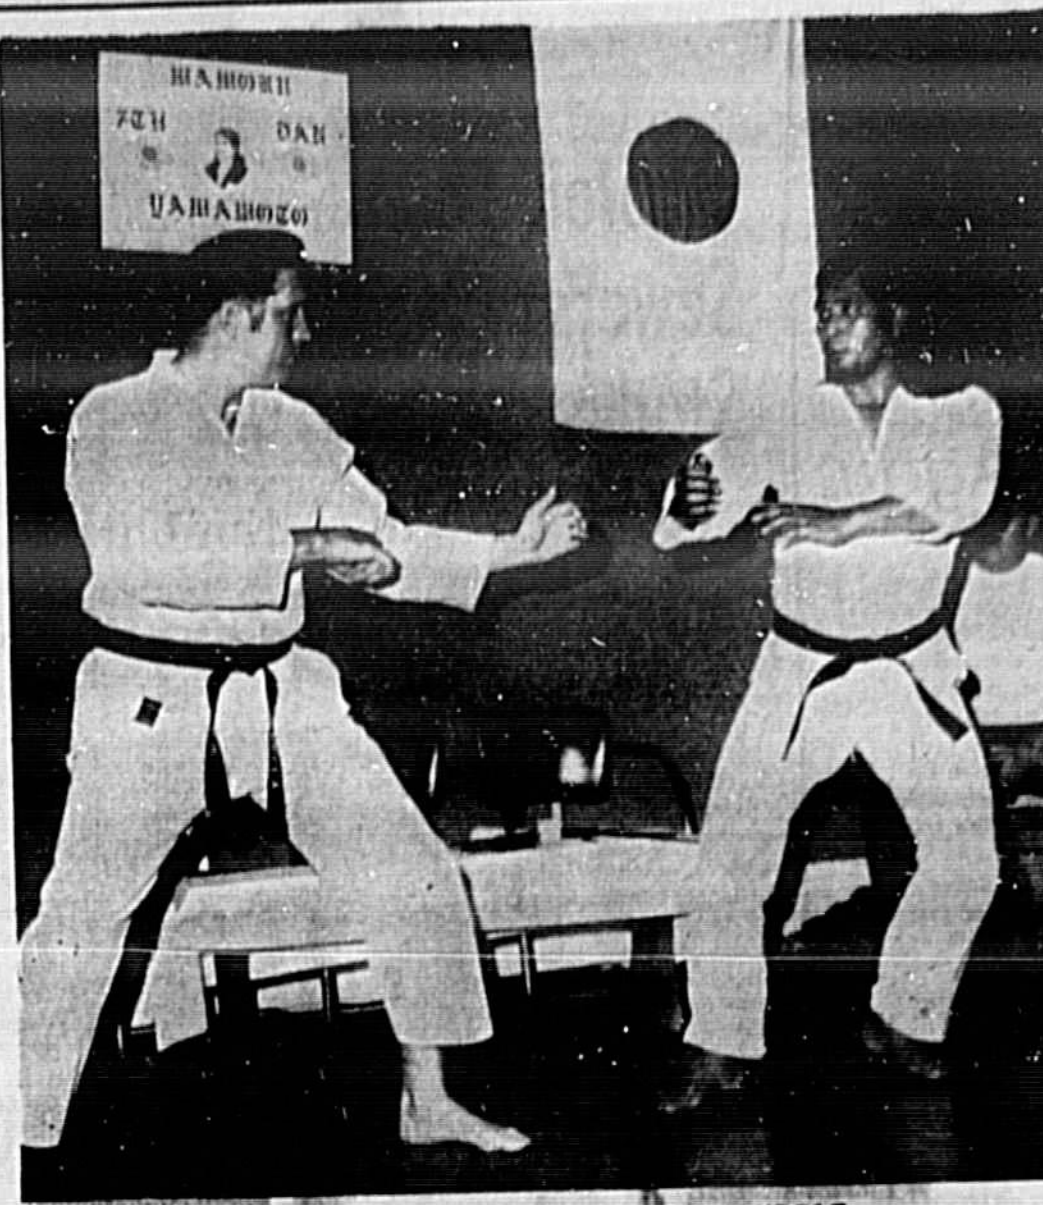

Council also recommended to the voters that they meet twice monthly.

Hanoi's Reply: 'Nothing New' President Nixon's Peace Proposal 'Not The Way To End The War'

HONG KONG (AP) — Radio Hanoi indicated today that President Nixon's Vietnam peace proposals are not acceptable because they do not abandon the Vietnamization program and do not withdraw all U.S. troops from the country.

Although the North Vietnamese radio did not reject the proposals, it said they were "nothing new."

The broadcast said Nixon's plan for South Vietnamese elections was "nothing but a repeat of the election farce of Oct. 3, 1971, in which Nixon's plan would maintain Thieu in power until the election and then withdraw the troops. It means that Nixon will allow the election. It is a farce since the U.S. POW, but would be anything but another continuation of the U.S. war of aggression, aggression through Vietnamization and maintenance of the force clique of Nguyen Van Thieu's plan unacceptable.

DON'T GET CAUGHT IN THE MIDDLE
Fred Kelly, 30, local Karate instructor, puts on a demonstration with Yamamoto, head mark of the school of Yoshukan Karate of which Kelly's school is a branch. Orlando Mike Foster, top black belt man in Yoshukan school in this country, was also on hand for the demonstration and the night, along with Kelly, will judge local students for belts Thursday afternoon. Yamamoto holds the eighth-degree black belt while Kelly is the holder of a third degree black belt. (Don Vincent Photo)

\$80 Million In Building Is Outlined

ALTAMONTE SPRINGS — Another motel with 300 rooms is in the planning stages for construction at the northwest corner of State Road 435 and E-4, Mayor Lawrence Swofford informed City Council Tuesday night.

Swofford said a Ramada Inn and related facilities to cost some \$40 million is planned for the 90 acres across from the planned Holiday Inn. He also said the Holiday Inn and related facilities will cost in the neighborhood of \$40 million.

The Ramada Inn plans will require annexation of another 20 acres to the city.

In other business, Council heard a presentation from Gene Cooper of Seacoast Construction Company requesting planned Development (PD) zoning for an eight-acre tract north of the present city limits on Palm Springs Road, Cooper said he wishes to build a group of pad-type cluster homes on the tract. Maximum density would be eight units per acre, he said.

The land developer pointed out that the two-bedroom homes in the \$200 to \$250 price range will have 1,200 square feet of living area each and will cover approximately 22 per cent of the land, leaving the remainder an open space and green area.

Cooper said his interest in coming into the city is the sewer service available and because the city does not have plans for the development zoning for the area, less than 20 to 25 acre in size.

The request was referred to the planning and zoning board for study and recommendation.

The developer said his plan would provide a good buffer area between apartments in the city and residential areas in the county.

No action was taken on a petition for annexation of two commercial establishments currently under construction on SR 438 — a gas station and a convenience store — due to a request for annexation for four lots and homes with remaining to commercial from residential.

Council decided to view the properties concerned. The annual appropriation of \$1,000 to the South Seminole Community Library was approved. Restriction on use of the funds to purchase of books has been the policy of the past in the city making the appropriation for about three months.

Students Report 'Enticer'

"The friendly stranger" who plagues county school children by trying to entice them into his automobile is back.

There were two reports of "his" activities at school areas near Midway Elementary and Lyman South schools Tuesday, according to county detectives.

Sgt. Johnny Wright Jr. reported Leroy Hampton, Midway School principal, said several 14 grade students had been approached by a man driving a white Volkswagen in two separate incidents occurring in the past several days.

They described the man as weighing 170-180 pounds, approximately six feet tall and in his early 30s.

One child said the "stranger" offered candy to entice him into his car and when that didn't work, offered money.

When the children started to leave, the man chased them across an open field in an effort to catch them but was unsuccessful, they said.

A 15-year-old South Seminole girl reported to Deputy Harold Taylor she was approached at a bus stop Tuesday by a man who tried to persuade her to enter his car but she declined.

Altamonte Growth Pictured To 1975

By DONNA ESTES
ALTAMONTE SPRINGS — Seminole County will have a population of between 150,000 to 180,000 persons by 1975 and this is a conservative estimate which does not take into account the spurt in growth in the Sanford area.

Richard Wetherill, former director of the research division of the East Central Florida Regional Planning Council and currently a principal in the newly formed Florida Research Institute, informed the City Council of these projections last night.

Wetherill said that planning for Oviedo County and involved in the county planning for the areas surrounding Disney World are to meet with Mayor Lawrence Swofford later this week to gather data in order to make a proposal on costs to hire a planner. The planner when hired is to prepare a new comprehensive zoning ordinance and land use plan for the city.

Wetherill said the estimate of growth in Seminole did not take into account the homes being built presently in Sanford which the population of any area section in any 30-day period.

Mayor Lawrence Swofford said the city wishes to have a plan for development to square the city to an area encompassing five miles by three miles. Wetherill said a comprehensive plan "prepared from scratch" would cost between \$10,000 and \$12,000. But Swofford said the city already has considerable data on hand and the plan will not have to be done from scratch.

ROOM additions

Gregory Lumber has a complete selection of Lumber, Plywood, Paneling, Doors, Fencing and Paint to help you get the jump on that room addition you've been planning for this Spring. Whatever your need visit our yard today.
